GaPSC Requirements

Tier II of the Educational Leadership preparation program must be completed through an Ed.S. or Certification-only program. Admission is open to any individual who meets the Georgia Southern University and GaPSC requirements and providing that the candidate’s Local Unite of Administration (LUA) has entered into an agreement with Georgia Southern University that outlines the agreements related to Tier II Leadership preparation. Said agreement must state that the LUA and school agree to allow candidates to complete 750 hours of clinical practice (supervised field experiences) and provides supporting documents, as well as access to opportunities to lead and participate in leadership functions as appropriate for completion of leadership performances. Additional requirements are listed below; additionally, candidates must comply with any rule changes and/or additions instituted by the GaPSC affecting Educational Leadership certification.

All applicants must present passing scores on the Educational Leadership Georgia Assessments for the Certification of Educators (GACE), Test 301, Georgia’s state-approved education lender certification assessment program, prior to program enrollment.

All candidates must claim Georgia Southern University as their provider, which may be done by logging into your myPSC account (https://mypsc.gapsc.org/Home.aspx). This must be completed prior to signing up for the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370).

All candidates admitted to any GaPSC-approved Educational Leadership program for fall term 2016, must have completed (does not have to pass) the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370) prior to becoming enrolled. A candidate who completes this program entry requirement (Test 370) for Tier I, does not have to complete Test 370 for Tier II. Official documentation will be required.

All candidates completing any GaPSC-approved Educational Leadership program on or after July 1, 2016, must attempt the Georgia Ethics for Educational Leadership-Program Exit (Test 380) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.

Per the GaPSC Educator Preparation Rule 505-3-.77, the ETS Performance-Based Assessment for School Leaders will be used as a certification requirement for Educational Leadership Tier II.

It is important to note that admission to and completion of Tier II does not ensure employment in a leadership position. Under state law, completion of an approved Tier II Educational Leadership program will not lead to additional pay until employed by a local Unit of Administration (LUA) in a leadership position that requires Tier II certification.
