Satisfactory Academic Progress (SAP) Policy

Requirement and Definition
Federal and state regulations require the University to establish and apply reasonable satisfactory academic progress standards and to review applicable student records to ensure students receiving financial assistance under the programs authorized by Title IV of the Higher Education Act or Georgia state law are complying with these standards. Georgia Southern University students who wish to receive financial aid must maintain satisfactory academic progress (SAP) in their selected course of study as set forth in this policy.

Students are notified of the SAP policy in the Georgia Southern University online Catalog, which is available at http://em.georgiasouthern.edu/ registrar/resources/catalogs/. In addition, the SAP policy is sent to students’ Georgia Southern email accounts. Further, copies of the SAP policy, the SAP Appeal Form, and a SAP calculator are available in the University’s Financial Aid Office and on our website (http://em.georgiasouthern.edu/finaid/policies/satisfactory-academic-progress-sap).

The Office of Financial Aid is responsible for evaluating satisfactory academic progress of students receiving financial assistance from all federal and state programs, and certain alternative loan programs.

Institutional SAP Policy
Financial aid academic progress standards for students are evaluated on the basis of grade point average (GPA), credit hour completion (PACE), and maximum timeframe (MAX).

Financial aid standards of SAP for students will be checked at the end of each semester.

Georgia Southern University’s SAP policy requires maintaining academic standards based on the following three criteria:

1. Grade Point Average (GPA)
   Undergraduate students (other than students who have been accepted into the Education Major): Undergraduate students will be evaluated at the end of each term on the basis of cumulative GPA. The cumulative GPA required to maintain SAP for the total number of attempted hours is 2.0.

   Undergraduate Education Majors: Undergraduate education majors will be evaluated at the end of each term on the basis of cumulative GPA. Under the University’s academic policy, students who have been accepted into one of the Bachelor of Science in Education programs (i.e., B.S. Ed. in Early Childhood Education, Health and Physical Education, Middle Grades Education, or Special Education) and have been formally declared an Education Major are required to maintain a cumulative GPA of at least 2.50 from the time of the formal declaration as an Education Major until graduation. As a result, the cumulative GPA required for education majors to maintain SAP at each evaluation is 2.50.

   Under the University’s academic policy, students who have been accepted into the education major but do not maintain the required cumulative GPA of at least 2.50 may not continue as Education Majors. However, these students may choose to switch to another major in order to complete their degree. If an Education Major is determined not to be making SAP because he or she has not maintained the required 2.50 GPA, and he or she subsequently chooses to switch to another major, at the next SAP evaluation, the student’s GPA will be evaluated as compared to the requirement for the new major (i.e., 2.0). For purposes of that evaluation, all grades earned to date will be included in the GPA calculation.

   Note: Students must apply and gain acceptance to the Bachelor of Science in Education programs (i.e., B.S. Ed. in Early Childhood Education, Health and Physical Education, Middle Grades Education, or Special Education). In order to be accepted into the Education programs, a student must satisfy several requirements, including having completed a minimum of 50 semester credit hours (including completion of certain specified coursework), and having earned a cumulative GPA of at least 2.50 (including all coursework completed at Georgia Southern and any transfer credit accepted by Georgia Southern).

   Post baccalaureate students: Post baccalaureate students will be evaluated at the end of each term on the basis of cumulative GPA. The cumulative GPA required to maintain SAP for the total number of attempted hours is 2.0.

   Graduate students: Graduate students will be evaluated at the end of each term. Students enrolled in master’s degree, specialist, and PhD programs must have a cumulative GPA of 3.0 or higher at the end of each term.

   Failure to maintain the required minimum cumulative GPA standards will result in the loss of eligibility to receive financial aid.

2. Credit Hour Completion (PACE of Progression)
   All students will be evaluated at the end of each term to determine if they are making satisfactory pace of progression in their academic program. PACE is calculated by dividing the cumulative number of hours the student has successfully completed (earned) by the cumulative number of hours the student has attempted.

   Undergraduate, post baccalaureate, and graduate students who enroll for full-time, three-quarter time or part-time course work throughout each academic year must complete (earn) at least 67% of all attempted hours registered for during each academic term.

   Note: Students in a 4-year, 126-credit hour program who have attempted more than 189 semester credit hours will become ineligible to receive financial aid. Degree programs that require more than 126 hours for graduation will have the 189 hours maximum timeframe increased proportionally by the number of hours above 126 required to receive the degree. A student must have at least a 2.0 cumulative grade point average and be projected to receive his/her degree the term immediately after earning the 189 hour maximum (or proportionally increased maximum) to be considered making SAP.

   Post Baccalaureate: Post Baccalaureate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. For example, students in a 4-year, 126-credit hour program who have attempted more than 189 semester credit hours will become ineligible to receive financial aid. Degree programs that require more than 126 hours for graduation will have the 189 hours maximum timeframe increased proportionally by the number of hours above 126 required to receive the degree. A student must have at least a 2.0 cumulative grade point average and be projected to receive his/her degree the term immediately after earning the 189 hour maximum (or proportionally increased maximum) to be considered making SAP.

   Undergraduate: Undergraduate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. Post Baccalaureate students must be enrolled in a bachelor's degree program in order to receive financial aid. The degree program must be different than one already completed at Georgia Southern University. Post Baccalaureate students adding a major, taking courses to increase GPA, or not enrolled in a degree program are not eligible to receive financial aid.

   Graduate:
Graduate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. For example, students in a 60-credit graduate program who have attempted more than 90 semester credit hours will become ineligible to receive financial aid. Degree programs that require more than 60 hours for graduation will have the 90 hours maximum timeframe increased proportionally by the number of hours above 60 required to receive the degree. A graduate student must have at least a 3.0 cumulative GPA and be projected to receive his/her degree the term immediately after earning the 90 hour maximum (or proportionally increased maximum) to be considered making satisfactory progress.

**Institutional SAP Status**

Students not maintaining Satisfactory Academic Progress are notified of their SAP status and related consequences in writing by the Financial Aid Office. At the end of each SAP evaluation period, one of the following SAP statuses will be assigned:

**Satisfactory:**
Student is making SAP, as measured by all of the following requirements: GPA, PACE, and/or MAX Time Frame. Student is eligible to continue receiving financial aid.

**Financial Aid Warning:**
Student is not making SAP as measured by one or more of the following requirements: GPA, PACE, and/or MAX Time Frame. The student is placed on Financial Aid Probation status. The student has the right of appeal to have his/her financial aid reinstated, if the appeal is approved. The student is placed on Financial Aid Probation status. Students with approved SAP appeals are monitored by the Office of Financial Aid every term of enrollment to determine if they have achieved the goals of their academic plan. Failure to make progress as set out in the academic plan will result in the loss of eligibility to receive financial aid (i.e., Financial Aid Suspension).

**Financial Aid Suspension:**
A student on Financial Aid Suspension has the right to appeal to have financial aid reinstated. If the appeal is approved, the student is placed on Financial Aid Probation status. Students who drop courses after the drop/add period will have those hours not counted toward their SAP status and related consequences in writing by the Financial Aid Office. At the end of each SAP evaluation period, one of the following SAP statuses will be assigned:

**Special Circumstances Affecting SAP Criteria**

**Learning Support Classes:**
The first 30 credit hours of learning support course work will be excluded from the calculation for maximum timeframe and from the calculation for the required percentage of credit hour completion. Learning support credit hours in excess of 30 credit hours will be included in both the calculation of maximum timeframe and the required percentage of credit hour completion. All grades earned through learning support course work will be included in the calculation of the cumulative GPA.

**Dropped and Repeated Courses:** (see below for complete withdrawals)

All credit hours attempted during each term in which a student is enrolled and receives aid will count toward the maximum timeframe and minimum credit hours completion. A student is considered enrolled based on the number of credit hours registered after the drop/add period of each academic term. Students who drop courses during the drop/add period will not have those hours considered in determining total hours registered. Students who drop courses after the drop/add period will have those hours considered in determining total hours registered, which will count toward the maximum timeframe calculation.

Repeated courses will count in the calculation of attempted hours. All grades earned in repeated courses will be used to calculate the GPA for purposes of SAP.

Grades of A, B, C, D, or S represent satisfactory completion of a course. Grades of F, I, W, WF, U, or Audit represent unsatisfactory completion of a course. Grades of IP or V will not be included in the number of hours earned toward the completion of a degree.

**Complete Withdrawal from School:**
A financial aid student who withdraws from school during the 100% refund period of any term, which runs through the first day of classes, will not have their registered hours included in the maximum timeframe calculation nor be required to meet the minimum credit hour completion percentage. However, any student withdrawing from school after the 100% refund period (after the first day of classes) will have their registered hours included in the maximum timeframe calculation and be required to meet the minimum credit hour completion percentage.

**Effect of Grades on GPA:**
Grades of A, B, C, D, F, or WF are included in determination of GPA for purposes of SAP. Grades of I, IP, K, NR, S, U, V, W, WT, W% or WM are not included in this calculation. Appeals will not be reviewed until “I” (incomplete) grades have been changed. For HOPE scholarship recipients, “I” grades could affect HOPE eligibility status when the grade for the incomplete is eventually submitted to the Office of the Registrar. Students who had been awarded HOPE, but later became ineligible with the grade change, will have HOPE awards canceled until the next checkpoint, and will be responsible for the repayment of any HOPE funds received while not eligible.

**Transfer Credits:**
Credits transferred from other institutions will count toward maximum timeframe, credit hour completion percentage, and the cumulative GPA calculation for SAP evaluation purposes.

**Consortium Agreements:**
Credit hours earned through consortium or contractual agreements (contracts with other higher education institutions) will count toward maximum time-frame, credit hour completion percentage, and cumulative GPA.

**Reestablish Financial Aid Eligibility**
A student seeking to reestablish eligibility of financial aid may do so by:

- achieving SAP standards towards their course of study, as set forth in this policy, at the time of a future SAP evaluation, or
- acquiring a successful appeal through the appeal process and being placed on Financial Aid Probation status.

**SAP Appeal Process**
Students who have been placed on Financial Aid Suspension due to failure to progress toward academic degree completion have a right to appeal to have their financial aid reinstated. The appeal process is as follows:

- Students must complete the Satisfactory Academic Progress (SAP) Financial Aid Appeal Form. Instructions on how to access
the appeal form are found on the Georgia Southern University Financial Aid website under the Policies tab. **Deadlines to appeal for each semester are listed on the appeal form (5th day of each semester).**

- The completed SAP Appeal Form along with all appropriate documentation must be submitted online to the Office of Financial Aid as early as possible for review. The documentation submitted must include:
  
  a. A statement explaining the circumstance(s) which prevented the student from making satisfactory academic progress (e.g., serious injury, illness, or mental health condition of student or immediate family member; birth or adoption of a child; death of an immediate family member; divorce/separation; military service; personal difficulties; academic difficulties beyond the student's control; or other circumstances related to exceeding maximum timeframe).
  
  b. Documentation that supports the student’s statement (e.g., physician’s statement, birth or death certificate, divorce decree, military papers, letter of support from someone aware of the student’s academic difficulties).
  
  c. Information about what has changed in the student’s situation that will allow the student to demonstrate satisfactory academic progress at the next evaluation.
  
  d. Confirmation that the student has met with the academic advisor to create an academic plan to succeed.

- Students completing the SAP appeal process are required to pay current term fees by the fee payment deadline. Questions regarding student fee payments should be directed to the Office of Student Accounts at (912) 478-0999.

- Notification of the appeal decision will be sent by mail to the address on file and/or by email to the student's Georgia Southern email.
