The Master of Science in Applied Engineering (MSAE) degree program offered on the Statesboro Campus of Georgia Southern integrates state-of-the-art technology and interdisciplinary and conceptual science with hands-on, operational skills preparation. Graduates gain valuable knowledge and are placed in a unique position to make an immediate impact on their career and their employers. The Department of Electrical Engineering offers MSAE students a concentration in Electrical and Electronic Systems. Thesis or Non-thesis tracks are available within the program. Courses in the Electrical and Electronic Systems concentration include analytical math and experimental research in areas such as autonomous systems, optical communications, wireless power, micro antennas, and energy harvesting. Research conducted through the thesis or independent study project provides opportunity for individualized in-depth study within the concentration.

Programs

Master’s

- Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Non-Thesis [link]
- Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Thesis [link]
- Electrical Engineering M.S.E.E. (Non-Thesis) [link]
- Electrical Engineering M.S.E.E. (Thesis) [link]
