Information Technology M.S.I.T. (Non-Thesis)

Degree Requirements: 30 Credit Hours

Admission Requirements

Regular

1. Admissions to the MSIT program are competitive. Meeting the admission requirements does not guarantee admission to the program.
2. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.
3. An undergraduate degree or the equivalent in Information Technology, Computer Science/Engineering, or Information Systems, or a closely related field of study.
4. A 3.00 (4.0 scale) cumulative grade point average (GPA) or higher on courses in undergraduate work, or equivalent.
5. International students must meet College of Graduate Studies English Proficiency requirements.
6. In addition to the above requirements, admission to the Master of Science in Information Technology also requires:
   (a) two years of work experience in the IT field if the undergraduate degree is not in information technology, information systems, computer science/engineering or a closely related field; and
   (b) a competitive score on the GRE or GMAT exam. The GRE or GMAT exam may be waived if the applicant has three or more years of work experience in IT or a closely related field.

Provisional

A student may be granted provisional admission based upon the recommendation of the Master of Science in Information Technology Graduate Program Coordinator or Department Chair.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.
