College of Education

Vision

We envision a College of Education that continues to grow in its national recognition for excellence and innovation in teaching, scholarship, and outreach; and becomes the choice for novice and experienced professionals desiring a high quality, flexible education to help them meet their individual intellectual and career goals.

Mission

The mission of the College of Education is to prepare students to teach, lead, counsel, and model life-long learning; engage in scholarship that provides new pathways to meet the needs of a dynamic, diverse society; and facilitate access to learning opportunities that are authentic, student-centered, and technology-rich.

Advisement

Students in M.A.T., M.Ed., Ed.S., and Ed.D. programs are assigned to faculty advisors or professional advisors in the Graduate Academic Services Center. Advisement takes place in the advisor’s office or by telephone, mail, or e-mail, as appropriate. Since the College’s programs are developed to enable students to meet the certification requirements of the Georgia Professional Standards Commission, it is critical that students meet with their advisors to plan their programs of study before the completion of 12 credit hours. Students should also consult their graduate advisor for information on any exit comprehensive assessment (if required) for the M.Ed. or Ed.S. program. Note: If seeking initial teaching certification as a non-degree or a M.A.T. candidate, a transcript evaluation should be completed by the College’s Graduate Academic Services Center. Once transcripts are evaluated, a faculty advisor will be assigned.
