Curriculum and Instruction - Accomplished Teaching M.Ed. (Online)

Degree Requirements: 36 Credit Hours

(Collaborative Degree with Valdosta State University and Columbus State University)

Certificate Upgrade Information: This program adds the new field of Curriculum and Instruction to a Professional certificate. This is an advanced professional program which can only be added to a level four or higher renewable Professional certificate in any field. The educator can apply and be admitted to the program with an Induction certificate; however, in order to add the new field and receive a certificate upgrade, the candidate must hold a level four or higher renewable Professional certificate.

The educator who is in possession of a level four or higher renewable Professional certificate will qualify for a level 5 Georgia certificate upgrade with a new Field program upon successful completion of all program requirements, achieving a passing score on the required GACE Content Assessments for Curriculum and Instruction, and applying for and successfully adding Curriculum and Instruction to the educator’s GaPSC certificate.

This program is approved by the Georgia Professional Standards Commission as a program leading to certification in Curriculum and Instruction. Completing the program will prepare candidates for certification, but candidates should consult with program faculty, the College of Education Graduate Academic Services Center, or the Georgia Professional Standards commission regarding current certification rules upon entering the program.
