Graduate Program Approval and Unit Accreditation

The College of Education offers graduate programs to prepare its students for work in public education, in community agencies, and in higher education. Programs are developed in collaboration with departments across the campus and with professionals in the field of education. Each program has been approved by the Georgia Professional Standards Commission, the National Council for Accreditation of Teacher Education, and the Southern Association of Colleges and Schools; the counselor education program is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP); and the school psychology program has National Association of School Psychologists (NASP) approval-full (national recognition).
