Intercultural Educational Programs

The OIPS plans and coordinates programs which foster international understanding and cultural exchange, both on our campuses and within our surrounding communities. Some of the programs offered are: the Global Partner Zone program, yearly symposiums on different countries, weekly International Conversation Hours, the International Club, International Education Week, the International Festival, the Global Ambassadors Program, the Cross-Cultural Friendships Program, and the International Extended Families Program. Participation in these programs and events are open to both international and U.S. students, as well as the local community.

Center for Teaching Excellence (CTE)

The Center for Teaching Excellence (CTE), which is located on the second floor in Cone Hall, offers Graduate Teaching Enhancement Programs that are designed to help Georgia Southern graduate Teaching Assistants (TAs) develop and refine their teaching skills. All graduate TA2s involved in face-to-face instruction must have completed training, which consists of centralized training offered by the Center for Teaching Excellence (CTE) or decentralized training within the academic program. Decentralized training must have prior approval from the College of Graduate Studies, CTE, and the Office of the Provost. TA2s may also be required to participate in additional in-service training within their College or Department, as determined by their program. Centralized TA2 training in CTE consists of the Orientation to Teaching portion of the program, consisting of three 3-hour seminars conducted prior to the beginning of each semester.

In addition to the basic orientation, two different university teaching certification programs are offered to interested participants. All programs are coordinated by the Center for Teaching Excellence, with administrative support from the College of Graduate Studies. All TAs are further invited to individually consult with CTE staff regarding their teaching related questions.
