

# Accelerated Bachelor's to Master's

---

---

The Accelerated Bachelor's Master's (ABM) program provides qualified undergraduate students the opportunity to begin graduate studies in their senior year and to simultaneously satisfy some remaining requirements for the bachelor's degree.

A student must apply and be admitted into this program in the semester preceding the beginning of the ABM program. Students must have completed at least 24 hours of coursework in the discipline or related field of the Master's degree to be eligible. Prospective students should consult the program of study for admission deadlines and admission requirements.

A student may use up to 9 credit hours of graduate-level courses offered within a single degree program in meeting the requirements of both a bachelor's degree and a master's degree. However, there must be at least 150 unique hours between the two programs.

An undergraduate student enrolled in graduate classes is limited to six semester hours of graduate course work per term.

*\*\*Admission to an Accelerated Bachelor 's Master's degree program is different than Senior Privilege. Please refer to the policy on Senior Privilege (<http://catalog.georgiasouthern.edu/undergraduate/academic-resources/academic-policies/graduate-credit-seniors-senior-privilege>) for more information.*
