This course examines the intersection of public administration and the law, giving particular attention to U.S. Supreme Court decisions pertaining to the constitutional and statutory authority of agencies, rulemaking, policy enforcement, administrative transparency, judicial deference, judicial review, and the law of public employment. Extensive attention will be given to both the relationship between courts and modern administrators and the ways in which elements of administrative law and the practice of public administration can be integrated.

PBAD 7134 Advanced Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides the key insights and skills necessary to manage and lead in public service organizations. It focuses on contemporary practices of public and nonprofit management such as cross-sector collaborations, networks, negotiations, and other technical skills needed to lead in the twenty-first century.

PBAD 7230 Budgeting in Public Service Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines both the politics and techniques used in formulating and implementing budgets by governmental and nonprofit organizations. It provides a bridge between budgeting theory and practice and its relationship to the administrative processes of control, management, and planning. Attention is also given to understanding the complexities of designing a tax system that conforms to principles of good tax policy.

PBAD 7232 Financial Management in Public Service Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides a theoretical and practical introduction to financial analysis and management in public service organizations. Topics include processes, tools and methods used in financial planning and control of public and nonprofit organizations, including cost estimation, strategies for long-term and short-term investing, and financial statement analysis utilizing critical performance indicators.

PBAD 7233 Information Technology for Public Service Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides a guide to the electronic delivery of government information and services and the management of information technology in the public sector. Topics include the digital divide, information security, privacy, transparency and accountability issues, and evaluation of government's use of social media in the provision of service to citizens.

PBAD 7235 Leadership of Public Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the extensive literature on successful leadership broadly and its existence within and application to public service organizations more specifically. Particular attention is given to identifying strong leadership practices and distilling principles of exemplary leadership. This include emphasis on conceptual, technical, and human skills.

PBAD 7330 Intergovernmental Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the interaction between the federal, state, and local levels of government in the United States. Special attention is given to the constitutional and fiscal relationships between these levels of government and the historical evolution of the nature of the relationships. The concept of federalism and its relationship to effective intergovernmental relations is also examined.

PBAD 7331 Local Government Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the political and administrative processes of municipalities, counties, and other units of local government in the United States. Special focus is placed on the role and responsibilities of the city/county manager, enhancing manager-council effectiveness, managing citizen engagement, and implementing innovative service delivery strategies.

PBAD 7333 Diversity in Public Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the ways in which differences in demographic characteristics affect the work of public and nonprofit managers and explains how gender, race, nationality, religion, and other cultural diversity dimensions influence organizational behaviors and outcomes. Special attention is given to representative bureaucracy and implementing culturally competent strategies to address the challenges of serving an increasingly diverse public.

PBAD 7335 Urban Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the problems confronting public managers in large municipalities and the unique responsibilities of urban governments. Special attention will be paid to policy areas such as transportation, housing, social welfare, public safety, and infrastructure management.
PBAD 7336 Comparative Public Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines public administration through two differing viewpoints—domestic and international. Special attention is paid to the unique problems and circumstances surrounding domestic and international governments and how they relate to and differ from each other.

PBAD 7337 Environmental Management and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of environmental and natural resource management in the United States. Particular attention is paid to the topics of federalism and cooperation. Issues of regional importance are also covered, including water quality and availability, regulation and monitoring compliance, sustainable growth, and management within overlapping jurisdictions.

PBAD 7338 Managing Economic Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the strategies, tools, and techniques used by local, state, and national governments to generate economic growth in and revitalization of economically-depressed areas as well as maintaining economic growth in stable areas.

PBAD 7339 Community Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the history and theory behind the practice of community organizing, civic engagement, and public participation. Provides students with practical and effective community organization skills and civic engagement strategies.

PBAD 7430 Public Human Resource Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the functions, policies, and techniques of human resource management in public and nonprofit organizations.

PBAD 7431 Organizational Behavior
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines human behavior in organizations, with a focus on practical application of theories related to the management of individuals and groups within public service organizations.

PBAD 7432 Nonprofit Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the management of nonprofit organizations, with a focus on areas of management most different from the public sector, such as legal requirements, ethics, board governance, strategic management, and financial management.

PBAD 7530 Research Methods For Public Service Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines quantitative techniques for public administration. Emphasis will be placed on understanding and using techniques appropriate to categorical analysis and the simple linear model. Students will also be exposed to research design, measurement, and the use of computer program packages appropriate to the public and nonprofit sectors.

PBAD 7531 Public Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the design and implementation of policy and program evaluation in public and nonprofit organizations. Special attention is given to developing logic models, selecting appropriate research designs, and monitoring agency operations through performance measurement. The mechanics of benefit and cost effectiveness analysis are examined. Various evaluation methods are used in assessing the efficiencies and effectiveness of programs. 
Prerequisite(s): A minimum grade of “B” in PBAD 7530.

PBAD 7532 Public Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines how public policy is developed, implemented, and evaluated with special attention being given to policy formulation, analysis, and interpretation.

PBAD 7533 Geographic Information Systems and Public Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the practice of urban, regional, and state planning with focus on the use of geographic information system (GIS) applications for state and local decision-making. Includes an introduction to the scope, theories, and politics of planning.

PBAD 7631 Foundations of Public Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course surveys the field of public administration and explores the historical foundations and theories of public administration as well as the diverse political, social, and economic contexts within which they exist.

PBAD 7638 Capstone Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In this course, students will prepare to sit for the comprehensive examination by undergoing a review of the major theories underlying the field of Public Administration. This course also addresses issues related to a student's professional development.

PBAD 7651 Organization Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the theoretical basis of organization development (OD) and demonstrates how OD technologies can be applied to public and nonprofit organizations for improving organizational quality and performance.

PBAD 7652 Board Governance and Executive Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an introduction to the fundamentals of governance, trusteeship, and executive leadership in nonprofit organizations. The course critically examines the principal models, processes, and practices used in governing nonprofit organizations and the relationships between the governing boards and executive leaders of such organizations.

PBAD 7653 Foundations of the Nonprofit Sector
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course surveys the history, scope and role of the nonprofit sector. Special attention is given to the economic, political and philanthropic theories of the nonprofit sector.

PBAD 7654 Strategic Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the principal models, processes, and practices used in strategic management, familiarizing students with an essential management skill. The course focuses on the key internal and external factors that drive strategic management decisions within nonprofit and governmental organizations, including leadership, external resources, and stakeholder involvement.

PBAD 7655 Resource Development and Grant Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the tools, techniques, and strategies associated with the principles of successful fundraising for nonprofit organizations. The class also introduces students to the fundamentals of grant writing.

PBAD 7656 International Non-Governmental Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces international nonprofit/non-governmental organizations and explores contemporary challenges these organizations face including issues of accountability, governance, effectiveness, and fundraising.
PBAD 7657 Theory and Practice of Philanthropy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines the theoretical framework for institutional philanthropy in the United States. The course explores the strategies, tools, and techniques for the role strategic philanthropy in both programming and policy making. Provides students with insight into the work of philanthropy.

PBAD 7730 Internship in Public Administration  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
This course requires students to intern in a professional capacity with a public service organization. The internship requires a minimum of 300 hours working in the organization and as approved by the MPA internship coordinator.

PBAD 7731 Local Government Practicum  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides students experience conducting research and policy analysis for local government. Projects are proposed by municipalities within Georgia and students are allowed to choose projects aligned with their interests. Students work individually, or in pairs on larger projects, under the direction of the course instructor. This course expands research skills, enriches understanding of local government policy processes, and exposes participants to issues they are likely to face when employed in local government.

PBAD 7890 Directed Reading  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
A structured set of readings and assignments mutually designed by the student and the instructor on a specific area of public administration.

PBAD 8131 Survey of Public Administration for the In-Career Professional  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is a required component of the Certificate in Public and Nonprofit Management. This course serves to provide in-career professionals with an introduction to the literature in the field of Public Administration, supplementing existing practical experience with a theoretical foundation. Practitioners’ experiences will be utilized to underscore political and legal constraints faced in public management and the important distinction between the public, nonprofit, and private sectors.

PBAD 8132 Theory and Practice of Public and Nonprofit Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides insights and skills necessary to manage and lead in public service organizations. It focuses on contemporary practices of public and nonprofit management such as cross-sector collaborations, networks, negotiations, and other technical skills needed to lead in the twenty-first century.  
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBAD 8133 Human Resource Management for the In-Career Professional  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides in-career professionals with an examination of the functions of human resource management and the challenges it faces in American government and society.  
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBAD 8134 Ethics of Administration for the In-Career Professional  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course focuses on the experiences, approaches, and strategies employed by in-career professionals when confronting and solving problems. An emphasis is placed on accountability and responsibility of public and nonprofit managers for maintaining appropriate behavior and ethical decision making.  
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBAD 8135 Theory and Practice of Public and Nonprofit Budgeting  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides in-career professionals with exposure to the techniques used in formulating and implementing budgets in the public and nonprofit sectors. Attention is also given to the principles of good tax policy and to financial management issues in public organizations.  
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBHS Public History  
PBHS 7710 Internship in Public History  
1-3 Credit Hours. 0-3 Lecture Hours. 0-3 Lab Hours.  
Individually designed project involving off-campus study and research in an appropriate agency, requiring at least one term for completion, during which time the student is under the joint supervision of the sponsoring agency and a faculty supervisor. Graded on a S or U basis.

PBIS Positive Behav Interventi Supp  
PBIS 8130 Administration in Positive Behavior Interventions and Supports  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Designed to develop the skills necessary to organize, supervise, equip, staff and provide specialized leadership and services for school wide implementation of Positive Behavior Intervention and Supports.

PBIS 8131 Critical Issues in Positive Behavior and Supports  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Candidates will identify and address a series of critical issues in Positive Behavior Interventions and support from the standpoint of how such issues impact on the practice of discipline in their classroom, school, and system. Historical and current research will be reviewed as they relate to identified issues. Discussions of methods for addressing such issues within the context of the public schools will be a major focus of the course.

PBIS 8839 Data Methods in Positive Behavior Intervention and Support  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Designed to provide an in-depth study of the methodology involved in collecting, reviewing, and decision making using various school data platforms. Provides students with a foundation of skills which will allow them to conduct data-driven decisions in PBIS. In addition, a major goal of this course is to facilitate the development of critical thinking skills which will enable candidates to make reflective decisions based upon the data provided in their schools and districts.

PEAT Physical Edu, Ath Train  
PET 3460 Eval And Treat Of Upper Bod In  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Injury assessment procedures for the vertebral column, abdomen and thorax.

PEBC Physical Edu Activities  
PEBC 1000 Beginning Weight Training  
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.  
Mechanical principles and techniques necessary for the understanding of weight training programs.  
Cross Listing(s): KINS 1418.

PEBC 1001 Basic Boot Camp  
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.  
Based on military-style of training, offers a variety of beginning exercises to increase cardiovascular efficiency, increase strength, and flexibility. Class may be indoors or outdoors.
PEBC 1005 Intermediate Boot Camp
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Based on military-style of training, offers a variety of beginning exercises to increase cardiovascular efficiency, increase strength, and flexibility. Class may be indoors or outdoors.
Prerequisite(s): A minimum grade of "C" in PEBC 1001.

PEBC 1010 Lifetime Fitness Training
1 Credit Hour. 1 Lecture Hour. 1-18 Lab Hours.
Basic fitness and wellness concepts and applications to everyday life. Participation in an individualized fitness program.

PEBC 1011 Advanced Boot Camp
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Based on military-style of training, offers a variety of beginning exercises to increase cardiovascular efficiency, increase strength, and flexibility. Class may be indoors or outdoors.
Prerequisite(s): A minimum grade of "C" in PEBC 1005.

PEBC 1020 Aerobic Dance
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Combination of exercise and dance steps to improve cardiovascular endurance, muscular endurance, strength, and flexibility.
Cross Listing(s): KINS 1110.

PEBC 1050 Intermediate Weight Training
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Principles of muscular strength and muscular endurance fitness associated with resistance training. This course will provide students with the skills necessary to develop an effective intermediate weight training program.
Prerequisite(s): PEBC 1000.

PEBC 1070 Intermediate Weight Training
1 Credit Hour. 1 Lecture Hour. 1-18 Lab Hours.
Instruction in two of the following sports: basketball, volleyball, soccer and/or softball.

PEBC 1080 Bowling
1 Credit Hour. 0 Lecture Hours. 1-18 Lab Hours.
Basic skills in bowling. Minimum of three games required per class period at student’s expense. Must provide own transportation.
Cross Listing(s): KINS 1115.

PEBC 1090 Archery
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Basic skills in archery for recreation. Students must provide own arm and finger guards.

PEBC 1100 Tumbling And Stunts
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.
Fundamentals and practice in beginning tumbling and gymnastic apparatus.
Cross Listing(s): KINS 1416.

PEBC 1200 Yoga For Beginners
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Introduction and practice in yoga positions to improve strength, flexibility, body alignment, and breathing techniques.

PEBC 1201 Intermediate Yoga
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Advanced instruction in yoga positions to improve strength, flexibility, body alignment, and breathing techniques.
Prerequisite(s): PEBC 1200.

PEBC 1250 Pilates
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Pilates mat exercises to strengthen the core, improve posture, and increase flexibility.

PEBC 1300 Walk, Jog, Run
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
The principles of cardio respiratory fitness associated with walking, jogging, and running will be taught in this course along with the principles of flexibility fitness associated with static and dynamic stretching for the prevention of walking and jogging injuries. This course will provide students with basic cardio respiratory skills to develop an effective beginning walking, jogging or running program. This course is open to all levels of fitness.
Cross Listing(s): KINS 1311.

PEBC 1301 Basic Swimming Skills
1 Credit Hour. 0 Lecture Hours. 1-18 Lab Hours.
Fundamental skills and strokes for the student with little to no swim experience. Principles of water safety are included.
Cross Listing(s): KINS 1412.

PEBC 1302 Intermediate Swimming
1 Credit Hour. 0 Lecture Hours. 1-18 Lab Hours.
Basic swimming competence is required. Four basic strokes (free, back, breast, fly) related aquatic skills, endurance, and principles of safety in, on and around the water are taught.
Prerequisite(s): PEBC 1301.
Cross Listing(s): KINS 2412.

PEBC 1310 Water Safety Instructor
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Methods of teaching infant and pre-school aquatics, the seven levels of "learn to swim program," as well as community water safety, ICT, and safety training for swim coaches. Must be at least 17 years old and have level VI swim skills.

PEBC 1350 Beginning Scuba
1 Credit Hour. 0 Lecture Hours. 1-18 Lab Hours.
Fundamentals of scuba diving including dive equipment and techniques. Optional: dive trip required to secure PADI certification. Additional fee is required; contact department secretary for fee estimate. Must provide own transportation for each class meeting.
Cross Listing(s): KINS 1318.

PEBC 1380 Water Aerobics & Exercise
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Principles of cardiorespiratory fitness, flexibility, and resistance training associated with the dynamics of aquatics.

PEBC 1390 Lifeguard Training
2 Credit Hours. 1 Lecture Hour. 1-18 Lab Hours.
Recognizing and preventing injuries, rescue skills, CPR/AED/first aid, and pool health, sanitation, and management.

PEBC 1400 Safety First Aid And Cpr
1 Credit Hour. 1 Lecture Hour. 1-18 Lab Hours.
The American Red Cross course in "First Aid/CPR/AED for the Workplace, Schools, and the Community." Knowledge and skills necessary to recognize and provide basic care for injuries and sudden illnesses until advanced medical personnel arrive. Administrative fee paid to American Red Cross for proof of certification.

PEBC 1401 Elementary Tennis
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Basic rules, skills, strategies, and practice for singles and doubles. Students must provide own racket and one can of new tennis balls.
Cross Listing(s): KINS 1415.

PEBC 1402 Intermediate Tennis
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Advanced instruction in skills and strategy in tennis. Student must provide own racket and one can of new tennis balls.
Cross Listing(s): KINS 2415.

PEBC 1450 Badminton
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Basic rules, skills, strategies, and practice for singles and doubles.
Cross Listing(s): KINS 1112 and KINS 2112.
PECI Physical Edu, Curr & Ins

PECI 5070G Theo/Meth Of Strnght & Cond
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
The efficacy of methods and models of sports training in activities requiring intensive strength and conditioning programs.

PECI 7000 Global Sport History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course studies the development of sport across a number of cultures and explores its impact on societies. This course will assist the physical educator to predict future trends.

PECI 7100 Cultural Aspects Of Sports
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the role of sport and physical activity in society with emphasis on its relationship to cultural diversity and issues, both historical and contemporary. Emphasis is placed on issues which affect the teacher, student/athlete, coach, administrator, and sports fan.

PECI 7200 Movement Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of fundamental movement concepts and skill themes with an emphasis on promoting desirable self-concepts and realistic self-images in young children.

PECI 7300 Physical Activity In Youth
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth examination of the personal, social, and environmental determinants of physical activity patterns that explain the rising obesity rates and related health issues in youth.

PECI 7400 Adaptive Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will assist the physical educator in curriculum and development that will promote participation and learning outcomes for students with disabilities in general physical education classes and sports with necessary accommodations and modifications. Curriculum and program development, legislative considerations, and various instructional strategies will be presented.

PECI 7500 Instr Strat/Design Hlt/Phys Ed
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Investigates the specific foundation of teaching methods, content, organization, and evaluation of health and physical education programs in schools. This course will examine interdisciplinary teaching models that can be used as guides for organizing content, collaborating with others, and creating meaningful activities that impact student learning.

PECI 7600 Oper/Mang Phys Ed & Sport Prog
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Planning, designing, and managing sports events, facilities, and programs.

PECI 8000 Theory/Meth-Strength & Cond
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
The efficacy of methods and models of sports training in activities requiring intensive strength and conditioning programs.

PECI 8800 Perform Eval & Exercise Trng
3 Credit Hours. 1 Lecture Hour. 4 Lab Hours.

PEEC Physical Education Elec

PEEC 3010 Intramural & Rec Programs
3 Credit Hours. 3 Lecture Hours. 1-18 Lab Hours.
Preparation in organization and administration of intramural and recreational activities for grade schools, colleges and community programs. A field experience is required.
PEEC 3100 Outdoor Lifetime Activities
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Instruction in techniques, safety practices, rules, strategies, and equipment necessary for instruction in outdoor activities. Field trips to allow student participation in select activities. Student must provide his/her own transportation for each field trip. Additional fees may be required.

PEEC 3120 Coaching Football
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Instruction and practice in fundamental skills and team play, emphasizing methods and drills. Minimum of two games must be scouted at students’ expense.

PEEC 3130 Coaching Basketball
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Instruction and practice in fundamental skills and team play, emphasizing methods and drills. Minimum of two games must be scouted at students’ expense.

PEEC 3140 Coaching Baseball
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Instruction and practice in fundamental skills and team play, emphasizing methods and drills. Minimum of two games must be scouted at students’ expense.

PEEC 3150 Coaching Volleyball
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Rules and fundamental skills of volleyball, with individual development and application of coaching methods.

PEEC 3170 Coaching Soccer
2 Credit Hours. 2 Lecture Hours. 0-18 Lab Hours.
Instruction and practice in the fundamental skills and team play, emphasizing methods and drills. Minimum of two games must be scouted at the student’s expense.

PEEC 3180 Officiating Team Sports
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Rules, mechanics and ethics involved in officiating a variety of team sports. Students must provide their own equipment appropriate to the sports and own transportation for off-campus assignment.

PEEC 3200 Health & Phys Ed Eleme School
2 Credit Hours. 2 Lecture Hours. 1-18 Lab Hours.
Theory and current practice in the teaching of health and physical education at the elementary school level. A field experience is required. Cross Listing(s): HLTH 3530.

PEEC 4130 Research Methods In Phys Ed
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Research methods in health and physical education.

PEHM Phys Edu/Health Major

PEHM 2100 Athl Hlt:Prvttn/Recg/Care Inj
3 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
Survey of the athletic health care system, legal liability associated with sports, techniques for preventing, recognizing, minimizing, and managing sports-related injuries and conditions. Instruction and certification in American Red Cross First Aid, CPR and AED. A certification fee is required. Lab experiences are required.

PEHM 2500 Foundations Of Physical Edu
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Survey of historical foundations, interrelationships of health and physical education and the development of current progressive programs including the uses and availability of technology.

PEHM 3000 Current Health Educ Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Discussion of wellness, nutrition, exercise. disease, lifestyle and consumer issues, and aging.

PEHM 3050 Theory & Techniques Of Dance
2 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
History, background, teaching techniques, and evolution of the various forms of dance including square, folk, social, and modern. Field experiences required.

PEHM 3060 Recreational Games
2 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Instruction in recreational games and activities in diverse settings and with diverse populations. Includes knowledge, attitudes, and skills for wiser use of the outdoors and natural resources. Field experiences required.

PEHM 3090 Basic Games Dance & Ryth Act
2 Credit Hours. 2 Lecture Hours. 0-18 Lab Hours.
Instruction in recreational, dance and rhythmic activities for P-12 diverse populations. A field experience is required.

PEHM 3200 Motor Development & Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theories and Principles of motor development, learning, and control as they relate to the acquisition of fundamental locomotion and manipulative skills.

PEHM 3283 Kinesiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An interdisciplinary approach to the science of movement. Topics include functional anatomy and applied principles of biomechanical analysis of movement-based sports activities.

PEHM 3300 Technique Team Sports Instrctn
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analysis, demonstration, and application of basic skills and techniques necessary for instruction in soccer, softball, field hockey, football, volleyball, basketball, and team handball.

PEHM 3350 Class Mgmt Prac Hlth/Phys Edu
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Theory and best practices of class management as related to the characteristics of learners and effective pedagogy in health and physical education programs.

PEHM 3390 Exercise Physiology
3 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
Response of the anatomy of major body organ systems to exercise, with laboratory procedures in exercise physiology.

PEHM 3700 Techniques In Ind & Dual Sport
3 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
Analysis, demonstration, and application of basic skills and techniques necessary for instruction in individual and dual sports, including tennis, badminton, pickleball, golf, bowling, and gymnastics/tumbling.

PEHM 3780 Substance Abuse Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Detailed background information on the categories of drugs, chemical misuse, abuse, prevention, treatment, along with curriculum and age-appropriate teaching strategies.

PEHM 4000 Measure & Eval In Hlth And Pe
2 Credit Hours. 2 Lecture Hours. 1-12 Lab Hours.
Information related to fitness principles and theories, along with methodology utilized in fitness assessment and testing. Directed field experiences may be required.

PEHM 4090 Health Education Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In depth information on substance use (drugs, chemical misuse, abuse, prevention and treatment), topics relating to healthy relationships, sexual behavior (abstinence, comprehensive education, sexually transmitted diseases, pregnancy, and parenthood), and techniques utilized for conflict resolution.
PEHM 4100 Adaptive Physical Edu
2 Credit Hours. 2 Lecture Hours. 0-18 Lab Hours.
Instruction in methods for adapting physical education instruction to meet the needs of students with disabilities. A field experience is required.

PEHM 4333 Principles Of Coaching
2 Credit Hours. 2 Lecture Hours. 0-18 Lab Hours.
Examination of the various aspects of coaching athletes in contemporary society by researching current findings and other related factors affecting performance. Specific attention given to the problems, problems, and understanding of management of athletic contests. A field experience is required.

PEHM 4701 Elem Sch Hlth/Pe Curr & Meth
4 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
Theory and current practice in the teaching of elementary physical education for the developing child, including developing appropriate curriculum design, methods, and assessment. A field experience is required.

Prerequisite(s): A minimum grade of "C" in PEHM 3200.

PEHM 4702 Mid/Secdary Pe Currclm/Methd
4 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
Curriculum development and methods of teaching physical education in the middle and secondary schools.

Prerequisite(s): A minimum grade of "C" in PEHM 3300.
Corequisite(s): PEHM 3700.

PEHM 4703 Health Ed Curriculum & Methds
4 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
Methods of teaching health in P-12 schools addressing curriculum requirements.

Prerequisite(s): A minimum grade of "C" in PEHM 3000 and PEHM 4090.

PEHM 4710 Physical Education Practicum I
6 Credit Hours. 0 Lecture Hours. 6 Lab Hours.
On site experience in an assigned work site.

PEHM 4800 Internship ll - Tchr Of Record
12 Credit Hours. 0 Lecture Hours. 1-18 Lab Hours.
Supervised field-based teaching experience for candidates who hold a health/physical education teaching position in a school setting.

PEHM 4900 Internship Recreation & Coach
12 Credit Hours. 3 Lecture Hours. 9 Lab Hours.
Students are placed in selected schools for one semester as full-time student staff members. No additional credit hours may be earned while student teaching. Classroom experiences and other staff responsibilities are jointly supervised by the university staff, supervising teachers and principals in the selected schools. Open to transient students only with permission of the Director of Professional Laboratory Experiences at Armstrong and of the college from which the student comes.

PHIL Philosophy

PHIL 2010 Introduction to Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic themes, problems, and representative figures in philosophy, and may address issues such as religion, ethics, reality, and ways of knowing.

PHIL 2020 Critical Thinking
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to the concepts and skills necessary for identifying, evaluating, and constructing good arguments. Topics will include strategies that are used to strengthen or weaken an argument, spot fallacious ways of reasoning, and identify hidden assumptions. The course also studies the basic elements of deductive reasoning.

PHIL 2030 Introduction to Ethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the most influential moral philosophies, such as those originating in Aristotle, Kant, and Mill. Moral theories may be applied to the analysis of a range of contemporary moral issues in a variety of areas such as technology, environmental relations, or medicine.

PHIL 3030 Selected Topics in Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on a special topic or theme as chosen by the instructor. May be repeated for additional credit when topics change.

PHIL 3100 Ancient Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphasis on the Pre-Socratics, Plato, and Aristotle. May also address thinkers such as the Stoics, Epicureans, Skeptics, and Neo-Platonists.

PHIL 3120 Medieval Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Major thinkers from Europe, North Africa, and the Middle East, including notable figures such as Augustine, Aquinas Ibn Sina, and Maimonides.

PHIL 3121 The Rise of Science in Religious Contexts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the growth of proto-scientific thought in the religious cultures of medieval Europe, North Africa, and the Middle East. Notable figures whose work is explored include Augustine, Ibn Sina, Maimonides; the early scientific work of Grosseteste, Peregrinus, and Burdian; among others, is also explored. Course may include Reacting to the Past component.

PHIL 3130 Early Modern Philosophy: Rationalism and Empiricism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The modern rationalist tradition and its rival empirical tradition, with emphasis on Descartes, Spinoza, Leibniz, Hobbes, Locke, Berkeley, and Hume.

Prerequisite(s): Completion of ENGL 1101.

PHIL 3140 Nineteenth Century Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of nineteenth century thinkers and their ideas regarding the nature of reality, knowledge, truth, God, society, and humanity. Possible representative figures are: Kant, Hegel, Marx, Schopenhauer, James, Keirkegaard, and Nietzsche in addition to others.

PHIL 3150 Contemporary Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Twentieth century schools and trends in philosophy as exhibited by such figures as Heidegger, Whitehead, Moore, Wittgenstein, Sartre, and Ayer.

Prerequisite(s): Completion of ENGL 1101.

PHIL 3170 Postmodernism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the philosophical response to the modernist philosophical tradition that led to significant changes in Western discourse on politics, aesthetics, and science.

PHIL 3200 Technology, Society and Human Values
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A philosophical exploration of the formative impact of technology on the character of modern culture and human values. The study of competing descriptions and definitions of technology as well as questions regarding effective human control of technology, the moral neutrality of technology, and the effects of technology on conceptual paradigms, language, politics, economics, sciences, education, art, and religion.

Prerequisite(s): Completion of ENGL 1101.
PHIL 3230 Modern Political Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course in modern political thought is concerned with the differentiation of politics as an activity distinct from, and independent of, religion. Political thinkers in the modern period are distinguished by their turn to scientific and other modern modes of rationality as foundations for the analysis of politics. Central concerns include delineating the rights and powers of the individual and establishing a secular basis for a just society.
Cross Listing(s): POLS 3230.

PHIL 3232 Philosophy of Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of major topics in the philosophy of law, all of which concern the relationship of law to morality and justice-including the nature of law in general; the importance of the rule of law and of limiting the rule of law; and some theory and practice of criminal law.
Cross Listing(s): POLS 3232.

PHIL 3330 Philosophy of Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A critical study of philosophical theories about the nature of art drawing from both traditional and contemporary thinkers. Topics include defining and evaluating art, describing the creative process, the significance of art in society, censorship, the connection between art and politics, and the relationship between art and commercialism.

PHIL 3332 Contemporary Moral Problems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course in applied ethics which provides a philosophic discussion of the most salient ethical problems of the day. Typically the course will cover such topics as abortion, animal rights, euthanasia, capital punishment, and suicide.

PHIL 3334 Environmental Ethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the moral relations between human beings and their natural environment. The course examines theories of valuing nature, applies ethical analysis to environmental problems, and explores the underlying causes of environmental degradation. Prerequisite(s): PHIL 2010.

PHIL 3531 Theory of Knowledge
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the main theories concerning the nature of knowledge and belief. Topics will include problems of scepticism, the reliability of perception and memory, and the sources of justification.

PHIL 3532 Metaphysics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the main theories concerning the nature of reality. Topics will include what things exist, the nature of space, time, matter, self, freedom, infinity, and God.

PHIL 3635 Existentialism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the existentialist movement in philosophy from its origins to the present, showing how and why the movement began, what its authors advocate, and how it has been assessed by contemporary critics. Readings will include selections from Kierkegaard, Jaspers, Heidegger, Sartre, and others.

PHIL 4130 Feminist Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the main topics in Feminist Philosophy to include the adversary method and the ‘maleness’ of philosophy; dualities of mind and body, male and female, self and other; women’s ways of knowing; caring and maternal thinking; and ecofeminism. Feminist philosophy addresses these ideals and assumptions in the western philosophic traditions that have oppressed women and other subordinate groups.
Cross Listing(s): WGST 4130.

PHIL 4233 Symbolic Logic
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamentals of propositional and predicate logic. Emphasis will be placed on construction of proofs in formal systems.

PHIL 4433 The Irish Philosophical Tradition
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the history of Irish Philosophy, from the Irish Augustine, a seventh-century monk, to contemporary philosophers working in Ireland today. Special emphasis is placed on the Irish contribution to Empiricism in the work of Robert Boyle, William Molyneux, and George Berkeley.

PHIL 4434 Focus on the Philosopher
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The work of a great philosopher warrants a more detailed study than a survey course can allow. This advanced course is a detailed, semester-long study of the work of an important philosopher. The philosophers covered may vary from semester to semester, and from instructor to instructor.

PHIL 4532 Philosophy of Emotions
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to help students understand the nature of emotions, and to enable students to become better equipped to understand their own emotions. Students will study and critically evaluate the major contemporary theories of emotion as well as historical accounts of emotion.

PHIL 4533 Philosophy of Mind
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the most important questions in the philosophy of mind. The course will ask what minds are, whether statements about minds can be replaced by or reduced to statements about brains, what consciousness is, and whether there can be artificial intelligence.

PHIL 4534 Philosophy of Film
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Investigates philosophical issues via the medium of film. Topics may include philosophical issues represented in film, the cinematic experience, as well as the effectiveness of film as a philosophical medium.

PHIL 4632 Philosophy of Religion
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Major problems arising in the encounter between philosophy and religious belief (reason and faith). Emphasis varies among topics such as the nature and validity of religious experience and belief, the problem of evil, the meaning and status of religious language, and arguments regarding God’s existence.

PHIL 4800 Independent Study
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Offered on demand. The student, with the advice and permission of the supervising professor, selects the topic and submits a prospectus for department approval before the semester in which the course is to be taken. Transient students may take this course only with permission of the department head.

PHIL 5030 Selected Topics in Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on a special topic or theme as chosen by the instructor. May be repeated for additional credit when topics change.
Cross Listing(s): PHIL 5030G.

PHIL 5030G Selected Topics in Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on a special topic or theme as chosen by the instructor. May be repeated for additional credit when topics change. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): PHIL 5030.
PHIL 6030 Selected Topics in Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Foci on a special topic or theme as chosen by the instructor. May be repeated for additional credit when topics change. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

PHIL 7100 Professional & Applied Ethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Training in professional ethics in the workplace. Emphasis on specific ethical issues and dilemmas that arise in particular professional contexts; ethical theory, including central notions such as social justice, merit, individual liberty, freedom of communication, privacy informed consent, confidentiality, utility, the work ethic and collective responsibility and logical reasoning, including logical fallacies.

PHLD Public Health Leadership

PHLD 9130 Public Health Research Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides theoretical and applied concepts, techniques, procedures, and technologies used in scientific inquiry and reporting for applied health services delivery, systems, health administrative and managerial research.

PHLD 9131 Leadership Foundations and Strategies for Health Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the role of leaders in improving health organizations and the relationship between situational leadership strategy, organizational culture, communication, and performance. Theoretical foundations, strategies and processes of leadership are explored and synthesized through critical thinking, self and group assessment.

PHLD 9133 Health Organization Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the delivery and exchange of messages within health organizations. Contexts will include conflict, negotiating, networks, channel selection, knowledge management, risk communication and public relations.

PHLD 9231 Health Informatics and Decision Making
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the fundamental concepts of managing information as an asset in public health and healthcare delivery contexts. Emphasis will be placed on converting data into information and converting information into decision support models.

PHLD 9331 Health Policy, Regulation and Ethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the policy, legal and ethical issues found in the healthcare system, and investigates the healthcare professional as decision-maker, leader and moral agent.
Prerequisite(s): A minimum grade of "B" in PUBH 8134.

PHLD 9333 Health Organization Strategic and Contingency Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the concepts, processes, and integration of management information systems, financial, human resource, and marketing plans into an organizational strategic planning system with emphasis on contingency planning as a major context and application.

PHLD 9334 Financial Management of Public Health Organizations and Programs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the structure and functioning of the finance components of the Public Health System using Federal Basis Generally Accepted Accounting Principles (FGAAP). It will provide Dr.P.H. students with the theory, concepts, and tools necessary to make better decisions regarding the acquisition and deployment of resources, and promoting the financial well-being of public health organizations. The course will discuss the following topics: financial goals; time value analysis; financial risk and return, debt and equity financing; capital decisions; cost of capital; capital investment decisions; business valuation; and leasing decisions. Students will apply the material learned in real world (case) settings and, in the process, gain an appreciation of the value of spreadsheets in financial decisions.

PHSC Physical Sc

PHSC 1211 Physical Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamental concepts, laws, and theories of physics. For non-science majors interested in a quantitative survey of the physics underlying the world, including motion, energy, electricity, and astronomy.
Prerequisite(s): Prior or concurrent enrollment in MATH 1111 or MATH 1001.

PHSC 1211L Physical Science Laboratory
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.
Laboratory investigations of the fundamental concepts, laws, and theories of physics.
Prerequisite(s): Prior or concurrent enrollment in PHSC 1211.

PTHF Physical Therapy

PTHF 7101 Func/Struc Aspects Movement I
5 Credit Hours. 4 Lecture Hours. 4 Lab Hours.
Gross anatomy, physiology, pathophysiology and kinesiology.

PTHF 7111 Intro To Pathophysiology I
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Basic histopathology, pathophysiology, pharmacology, imaging and selected medical and surgical interventions of the cardiovascular and pulmonary systems.

PTHF 7131 Fnd Pt Exam Eval Intrventn 1
6 Credit Hours. 5 Lecture Hours. 4 Lab Hours.
Fundamental patient care skills including basic examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation for patients with cardiovascular and pulmonary dysfunction and an introduction to therapeutic modalities.

PTHF 7161 Phys Therapy Practice Issues I
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Discussions of professional socialization, cultural issues in health care, legal and ethical aspects of health care, psychosocial aspects of illness, quantitative terminology in clinical practice and clinical documentation.

PTHF 7181 Clinical Practicum I
1 Credit Hour. 0 Lecture Hours. 4 Lab Hours.
Preparation for and exposure to healthcare settings related to acute care through didactic, laboratory and half-day, on-site observational experiences.

PTHF 7202 Func/Struc Aspects Movement 2
6 Credit Hours. 4 Lecture Hours. 4 Lab Hours.
Gross anatomy, physiology, kinesiology, and imaging of the musculoskeletal system.
Prerequisite(s): A minimum grade of "B" in PTHF 7101.
PHTH 7212 Intro Pathophysiology 2
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Histopathology, pathophysiology, pharmacology, imaging and selected surgical interventions of the musculoskeletal system. Prerequisite(s): A minimum grade of "B" in PHTH 7111.

PHTH 7232 Fnd Pt Exam Eval Intervention 2
8 Credit Hours. 6 Lecture Hours. 8 Lab Hours.
Fundamental patient care skills including basic examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation for patients with musculoskeletal dysfunction.
Prerequisite(s): A minimum grade of "B" in PHTH 7131.

PHTH 7262 Phys Ther Practice Issue 2
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Discussions of methods and approaches to physical therapy research, ethics, jurisprudence and related professional topics.
Prerequisite(s): A minimum grade of "B" in PHTH 7181.

PHTH 7282 Clinical Practicum II
1 Credit Hour. 0 Lecture Hours. 4 Lab Hours.
Exposure to health care settings through half-day, on-site observational experiences.

PHTH 7303 Func/Struct Aspects Movement 3
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
The kinesiology of gait and the anatomy, physiology, and imaging of the nervous system.
Prerequisite(s): A minimum grade of "B" in PHTH 7202.

PHTH 7313 Intro Pathophysiology 3
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
The pathophysiology of the neuromuscular and integumentary systems.
Prerequisite(s): A minimum grade of "B" in PHTH 7212.

PHTH 7333 Adv Exam Eval Intervention 3
8 Credit Hours. 8 Lecture Hours. 0 Lab Hours.
Fundamental patient care skills including basic examination, evaluation, diagnosis, prognosis, outcomes and documentation of gait deviations and for patients with neuromuscular and integumentary dysfunction.
Prerequisite(s): A minimum grade of "B" in PHTH 7232.

PHTH 7363 Phys Ther Practice Issues 3
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Discussions of legislative issues in health care, clinical outcomes research, and evidence based practice.
Prerequisite(s): A minimum grade of "B" in PHTH 7262.

PHTH 7383 Clinical Practicum 3
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
A one-week full-time clinical exposure to patient care in a physical therapy setting, which may include specialty clinics, long-term care facilities, hospitals, and school systems.
Prerequisite(s): A minimum grade of "B" in PHTH 7282.

PHTH 7390 Phys Ther Case Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Simulated clinical experiences with the management of specific cases from referral to discharge.
Prerequisite(s): A minimum grade of "B" in PHTH 7232.

PHTH 7502 Clinical Medicine 2
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on metabolic disorders, autoimmune diseases, and the clinical perspective of the aging individual with an emphasis on geriatric disorders, including orthopedic, neurologic, and cardiopulmonary disorders and amputation.

PHTH 7532 Adv Exam Eval Intrvnt Pt 2
8 Credit Hours. 6 Lecture Hours. 8 Lab Hours.
Advanced techniques in evaluating, assessing, designing and implementing appropriate treatment strategies for the middle aged and elderly adults with neurological, musculoskeletal, cardiopulmonary and medical conditions. Problem-solving case studies approach for linkage to other courses this term.

PHTH 7682 Sprvsd Clinical Educ II-Mcg
10 Credit Hours. 0 Lecture Hours. 40 Lab Hours.
Ten week full-time clinical field experience in general, acute care, rehabilitation, or other specialty settings. Demonstration of the ability to integrate information from all didactic and clinical components of the curriculum in patients with all physical therapy diagnoses, including multiple diagnoses.
Prerequisite(s): A minimum grade of "B" in PHTH 7532.

PHTH 8400 Critical Inquiry In Phys Ther
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Design of research proposals in preparation for Physical Therapy Project 1, 2, 3 and 4.
Prerequisite(s): A minimum grade of "B" in PHTH 7363.

PHTH 8481 Supervised Clinical Educ I
8 Credit Hours. 0 Lecture Hours. 32 Lab Hours.
Eight weeks of full-time clinical affiliation in general care settings providing an opportunity for students to practice in the clinical setting the skills learned in all preceding courses.
Prerequisite(s): A minimum grade of "B" in PHTH 7333.

PHTH 8491 Clinical Educ Synthesis I
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Small group discussions integrating didactic and clinical learning experiences using case studies based on clinical experiences in Supervised Clinical Education I.
Prerequisite(s): A minimum grade of "B" in PHTH 7333.

PHTH 8501 Clinical Medicine I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the pathophysiology, medical differential diagnosis and pharmacological and surgical treatment of medical diseases and disorders.
Prerequisite(s): A minimum grade of "B" in PHTH 8481.

PHTH 8531 Adv Exam Eval Intrvnt 1
8 Credit Hours. 6 Lecture Hours. 4 Lab Hours.
Advanced patient care skills including examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation from a lifespan perspective including orthotics, spinal cord injury and advanced care of patients with stroke and other neurological conditions.
Prerequisite(s): A minimum grade of "B" in PHTH 8481.

PHTH 8561 Implmt Life Concpts Phy Ther I
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Discussion of clinical implications and healthcare issues from a lifespan approach.
Prerequisite(s): A minimum grade of "B" in PHTH 8481.

PHTH 8602 Clinical Medicine 2
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the pathophysiology, medical differential diagnosis and pharmacological and surgical treatment of medical diseases and disorders.
Prerequisite(s): A minimum grade of "B" in PHTH 8501.

PHTH 8632 Adv Exam Eval & Intervention 2
8 Credit Hours. 6 Lecture Hours. 4 Lab Hours.
Advanced patient care skills including examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation in selected physical therapy patient care areas including an introduction to sports medicine.
Prerequisite(s): A minimum grade of "B" in PHTH 8531.
PHTH 8662 Immunol Of Lifespan Concepts 2
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Continued discussion of clinical perspectives and healthcare issues form a
lifespan perspective.
Prerequisite(s): A minimum grade of "B" in PHTH 8661.

PHTH 9703 Clinical Medicine 3
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continued study of the pathophysiology, medical differential diagnosis
and pharmacological and surgical treatment of medical diseases and
disorders.
Prerequisite(s): A minimum grade of "B" in PHTH 8602.

PHTH 9733 Adv Exam Eval & Intervention 3
6 Credit Hours. 6 Lecture Hours. 4 Lab Hours.
Advanced patient care skills including examination, evaluation, diagnosis,
prognosis, intervention, outcomes and documentation for the pediatric
client.
Prerequisite(s): A minimum grade of "B" in PHTH 8632.

PHTH 9763 Immunol Of Lifespan Concepts 3
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Continued discussion of clinical perspectives and healthcare issues form a
lifespan perspective.
Prerequisite(s): A minimum grade of "B" in PHTH 8662.

PHTH 9804 Clinical Medicine 4
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Integration of the medical concepts in the examination and treatment of
medically complex patients.
Prerequisite(s): A minimum grade of "B" in PHTH 9703.

PHTH 9834 Adv Exam Eval Intervntn lv
2 Credit Hours. 1 Lecture Hour. 2 Lab Hours.
Integration of patient care skills including examination, evaluation,
diagnosis, prognosis, intervention, outcomes and documentation for the
management of medically complex patients.
Prerequisite(s): A minimum grade of "B" in PHTH 9733.

PHTH 9882 Supervised Clinical Educ 2
10 Credit Hours. 0 Lecture Hours. 40 Lab Hours.
Eleven-week full-time clinical field experience with demonstration of the
ability to independently evaluate and treat complex patients as would be
appropriate for a new graduate working at the facility.
Prerequisite(s): A minimum grade of "B" or better in MATH 1111 or
MATH 1112.

PHTH 9900 Leadership & Management In Pt
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the practical application of management strategies specific
to physical therapy settings, including finance, personnel management,
quality assurance, and accreditation/licensure processes with an emphasis
on hospital, private practice, rehabilitation and home care settings.
Prerequisite(s): Satisfactory completion of PHTH 9882.

PHTH 9901 Physical Therapy Project 1
1 Credit Hour. 1-99 Lecture Hours. 1-99 Lab Hours.
Conducting a research project as part of the project advisor’s ongoing
research activities.
Prerequisite(s): A minimum grade of "B" in PHTH 8400.

PHTH 9902 Physical Therapy Project 2
1 Credit Hour. 99 Lecture Hours. 99 Lab Hours.
Continuation of a research project as part of the project advisor’s ongoing
research activities.
Prerequisite(s): Satisfactory completion of PHTH 9901.

PHTH 9903 Physical Therapy Project 3
1 Credit Hour. 99 Lecture Hours. 99 Lab Hours.
Continuation of a research project as part of the project advisor’s ongoing
research activities.
Prerequisite(s): Satisfactory completion of PHTH 9902.

PHTH 9904 Physical Therapy Project 4
1 Credit Hour. 1-99 Lecture Hours. 1-99 Lab Hours.
Completion of a research project as part of the project advisor’s ongoing
research activities.
Prerequisite(s): Satisfactory completion of PHTH 9903.

PHTH 9983 Supervised Clinical Educ 3
10 Credit Hours. 0 Lecture Hours. 40 Lab Hours.
Eleven-week full-time clinical field experience with demonstration of the
ability to independently evaluate and treat complex patients as would be
appropriate for a new graduate working at the facility.
Prerequisite(s): Satisfactory completion of PHTH 9882.

PHTH 9992 Clinical Educ Synthesis 2
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Research, writing, presentation and discussion of case studies based on
clinical experiences in Supervised Clinical Education 2 and 3.
Prerequisite(s): Satisfactory completion of PHTH 9882.
PHYS 2212K Principles of Physics II
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
An introductory course which will include electrostatics, electric current and circuits, and electromagnetism, and may also include optics and modern physics. Elementary calculus will be used. Laboratory exercises supplement the lecture material.
Prerequisite(s): A minimum grade of "C" in PHYS 2211K.

PHYS 3130 Sound Waves and Acoustics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the production, transformation, reflection, absorption, and general effects of vibration and sound.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 3131 Optics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Geometric, physical, and quantum optics in which the general principles of wave optics and several optical devices are studied. Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

Cross Listing(s): ASTR 3131.

PHYS 3149 Methods of Theoretical Physics
4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
Presents a discussion of methods for solving the equations that arise in all of the major areas of physics.
Prerequisite(s): Prior or concurrent enrollment in MATH 3230 and a minimum grade of "C" in PHYS 2212K.

PHYS 3520 Problem Solving in Physics
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Improves the ability of Physics majors to rapidly consolidate and interrelate knowledge of their physics courses by familiarization with the techniques of rapid characterization and solution of problems and by in-class practice of rapid problem-solving.
Prerequisite(s): PHYS 3537.

PHYS 3536 Modern Physics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Historical development of modern physics including topics on special theory of relativity, early models of the atom, atomic radiations and interaction of electrons with matter.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 3537 Modern Physics II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A continuation of modern physics topics including atomic and molecular physics and nuclear physics.

Prerequisite(s): PHYS 3536.

PHYS 3539 Introduction to Biophysics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The physics of living organisms with emphasis on physical support, movement, sensory perception and the physical properties of plant and animal processors at the molecular and organismic levels of organization. Permission of instructor required.

PHYS 3542 Analog Electronics
4 Credit Hours. 2 Lecture Hours. 6 Lab Hours.
A course in intermediate electronics with emphasis on topics of interest to students in physics. Discusses electronic instruments, transducers, diodes and power supplies. Amplifier behavior, the operational amplifier and wave shaping circuits are covered in detail. Discrete electronic devices are also discussed.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 3543 Digital Electronics
4 Credit Hours. 2 Lecture Hours. 6 Lab Hours.
Prepresents the concepts and application of digital electronics. Digital logic concepts and techniques are presented. Flip-flops and counting circuits are studied extensively resulting in a discussion of digital instrument development. The principles of operation, general architecture and some applications of the microprocessor (the Intel 8085) are discussed.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 3558 Introduction to General Relativity
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the metric description of different spacetimes that describe flat and various curved geometries so as to derive the laws of mechanics for planets, stars, black holes, etc. The course also introduces a very simple model of the expanding universe and briefly introduces cosmology.
Prerequisite(s): PHYS 3537.

Cross Listing(s): ASTR 3558.

PHYS 3790 Teaching Internship in Physics
1-2 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The internship allows students to investigate teaching practices in physics. The student will participate in an introductory workshop immediately prior to the start of the semester, intern in a PHYS 1113 and/or PHYS 1114 laboratory, and meet with the faculty mentor one hour each week throughout the semester. 1 credit hour per laboratory section in which the student interns.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 3790A Teaching Internship in Physics
2-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The student will participate in an introductory workshop immediately prior to the start of the semester, intern in a PHYS 1113 and/or PHYS 1114 laboratory, and meet with the faculty mentor one hour each week throughout the semester. 1 credit hour per laboratory section in which the student interns.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 4131 Quantum Optics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Involves theories related to laser spectroscopy, nonlinear optics, laser pulse propagation, laser cooling and various effects in laser spectroscopy related to quantum interference.
Prerequisite(s): A minimum grade of "C" in PHYS 3536.

PHYS 4232 Properties of Materials
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the properties of semiconductors, magnetic materials and superconductors. Particular emphasis will be placed on semiconductors with regard to developing an understanding of light emitting diodes, diode lasers and quantum well devices.

PHYS 4232A Principles of Lasers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the basic principles of laser oscillation, construction and operation of the most common laser systems, based on the rate equation and laser cavity theory. This course also provides practical experience in the use of many laser systems and in laser radiation safety.

Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 4421 Advanced Physics Lab I
2 Credit Hours. 0 Lecture Hours. 6 Lab Hours.
A laboratory course where the student will learn classical laboratory techniques, computer data acquisition, statistical analysis of data and proper reporting of results.

Prerequisite(s): A minimum grade of "C" in PHYS 2212K.

PHYS 4421A Advanced Physics Lab II
2 Credit Hours. 0 Lecture Hours. 6 Lab Hours.
This is a laboratory course where students will learn how to critically read scientific literature, develop a research proposal, conduct experimental physics research, and present a research project.

Prerequisite(s): PHYS 4421.

PHYS 4790 Internship in Physics
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The internship allows physics majors to work in a professional setting related to their chosen concentration. Students can earn between one and six credits for internships approved by their academic advisor and the Physics Internship Director. Students must complete a minimum of 5 hours of on-site work per week for each credit hour earned. Students must maintain contact with the Physics Internship Director through the course of the internship work, and must give an oral presentation at the end of the semester. Internship credits can be used for elective credit only and may not substitute for specific degree requirements. Requires permission of Physics Internship Director.
PHYS 5090 Selected Topics in Physics
2-5 Credit Hours. 0-5 Lecture Hours. 0-6 Lab Hours.
A course allowing for investigation of selected topics in Physics; it will be
taught on a one-time basis. Lecture only course can be for two, three, or
five credit hours. For laboratory courses, one credit hour will be given for
every three hours spent working in lab.
Prerequisite(s): A minimum grade of "C" in PHYS 1112K or PHYS
2212K.
Cross Listing(s): ASTR 5090, ASTR 5090G, PHYS 5090G.

PHYS 5090G Selected Topics in Physics
2-4 Credit Hours. 0-5 Lecture Hours. 0-6 Lab Hours.
A course allowing for investigation of selected topics in Physics; it will be
taught on a one-time basis. Lecture only course can be for two, three, or
five credit hours. For laboratory courses, one credit hour will be given for
every three hours spent working in lab. Graduate students will be given an
extra assignment determined by the instructor that undergraduates will not
be required to do.
Prerequisite(s): A minimum grade of "C" in PHYS 1112K or PHYS
2212K. Cross Listing(s): ASTR 5090, ASTR 5090G, PHYS 5090.

PHYS 5151 Classical Mechanics
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
Provides physics majors and student of applied mathematics and
engineering with the fundamentals of analytical mechanics.
Prerequisite(s): Prior or concurrent enrollment in MATH 3230 and a
minimum grade of "C" in PHYS 2212K.

Cross Listing(s): PHYS 5151G.

PHYS 5151G Classical Mechanics
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
Provides physics majors and students of applied mathematics and
engineering with the fundamentals of analytical mechanics. Graduate
students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K and completion of MATH 3230.

Cross Listing(s): PHYS 5151.

PHYS 5152 Classical E and M Theory
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
Provides physics majors and students of applied mathematics and
engineering with the fundamentals of electromagnetic field theory.
Prerequisite(s): PHYS 5151.

Cross Listing(s): PHYS 5152G.

PHYS 5152G Classical E and M Theory
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
Provides physics majors and students of applied mathematics and
engineering with the fundamentals of electromagnetic field theory. Graduate
students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Completion of PHYS 5151.

Cross Listing(s): PHYS 5152.

PHYS 5530 Thermal Physics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course in classical thermodynamics and kinetic theory.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K; and completion of MATH 2243.
Cross Listing(s): PHYS 5530G.

PHYS 5530G Thermal Physics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course in classical thermodynamics and kinetic theory. Graduate
students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in PHYS 2212K and completion of MATH 2243.
Cross Listing(s): PHYS 5530.

PHYS 5536 Studies in Physics for Secondary Teachers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to acquaint the student with some of the problems encountered in
high school physics presentations.
Prerequisite(s): MATH 1113.
Cross Listing(s): PHYS 5536G.

PHYS 5536G Studies in Physics for Secondary Teachers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to acquaint the student with some of the problems encountered in
high school physics presentations. Graduate students will be given an
extra assignment determined by the instructor that undergraduates will not
be required to do.
Prerequisite(s): Completion of MATH 1113.
Cross Listing(s): PHYS 5536.

PHYS 5557 Quantum Mechanics
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
A study of the basic postulates of quantum mechanics with solutions
to Schrodinger's wave equation for simple applications: the techniques of
calculating position, energy and momentum with operators and the
elements of perturbation theory with application to atomic spectra.
Prerequisite(s): PHYS 3536, PHYS 3537, and MATH 3230.
Cross Listing(s): PHYS 5557G.

PHYS 5557G Quantum Mechanics
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
A study of the basic postulates of quantum mechanics with solutions
to Schrodinger's wave equation for simple applications: the techniques of
calculating position, energy and momentum with operators and the
elements of perturbation theory with application to atomic spectra. Graduate
students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Completion of PHYS 3536, PHYS 3537, and MATH 3230.
Cross Listing(s): PHYS 5557.

PHYS 5590 Physics Research Experience
1-4 Credit Hours. 0,3 Lecture Hours. 0 Lab Hours.
An independent physics research experience in which a student will
investigate a research question under the direction of a faculty member.
Students will be expected to maintain a laboratory notebook, prepare a
written summary of the research, and give an oral presentation at the end of the experience. Permission of instructor is required. Cross Listing(s):
PHYS 5890G, ASTR 5890, ASTR 5890G.

PHYS 5890G Physics Research Experience
1-4 Credit Hours. 0-3 Lecture Hours. 0 Lab Hours.
An independent physics research experience in which a student will
investigate a research question under the direction of a faculty member.
Students will be expected to maintain a laboratory notebook, prepare a
written summary of the research, and give an oral presentation at the end of
the experience. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Permission of instructor required.
Cross Listing(s): ASTR 5890, ASTR 5890G, PHYS 5890.

PHYS 6131 Solid State Materials
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the physical and chemical properties of solids. Topics may include:
periodic structure, symmetry of crystals, diffraction, reciprocal
lattice, chemical bonding, lattice dynamics, phonons, thermal properties,
and free electron gas. Bloch theorem, band structure, nearly free electron
approximation, tight binding method, Fermi surface, semiconductors, electrons, holes, impurities, optical properties, excitons, and magnetism will be introduced.
Prerequisite(s): A minimum grade of "C" in MATH 2242.
PHYS 6132 Applied Optics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course offers an introduction to laboratory optics, optical principles, and optical devices and systems. The course covers a wide range of topics, including: polarization properties of light, reflection and refraction, coherence and interference, Fraunhofer and Fresnel diffraction, holography, imaging and transforming properties of lenses, spatial filtering, and two-lens coherent optical processor. In addition, this course covers: optical properties of materials, lasers, electro-optic, acousto-optic and liquid-crystal light modulators, optical detectors, optical waveguides and fiber-optic communication systems. Students engage in extensive oral and written communication exercises.
Prerequisite(s): A minimum grade of "C" in MATH 2242.

PHYS 6133 Photonics, Plasmonics and Metamaterials
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course offers an introduction into theory and models related to photonics and electronics of photonic crystals, plasmonic metal nanostructures, metal-dielectric metamaterials and metasurfaces, localized scatterers and emitters. Students will improve their overall understanding of how these methods and models apply to practical systems related to spectroscopy, imaging, excitation and control over condensed, chemical and biological nano- and microstructures. The course covers a broad range of topics including: dielectric properties of materials in relation to their electronic structure, propagation and emission of radiation in strongly inhomogeneous and anisotropic materials, introduction into plasmonics, properties of photonic crystals and metamaterials, Mie theory of light scattering and near-fields at micro and nanoparticles, optical forces and tweezers, energy and momentum transfer in light-matter interactions and others.

PHYS 6231 Thin-Film Coating
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will cover the physics and chemistry of thin film coating. Topics covered will include thermal, optical, electric, and mechanical properties of multilayer metallic coatings and coating manufacturing techniques. Special topics will be given by experts from local coating industry.
Prerequisite(s): A minimum grade of "C" in PHYS 6237.

PHYS 6237 Applied Quantum Mechanics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to review Schrodinger's theory of quantum mechanics for application in modern devices and systems. Topics covered include quantum statistics, multi-electron atoms, molecules, one and two dimension system, and neon particle system. Calculation techniques introduced are matrix diagonalization, perturbation theory, variational method, time-dependent perturbation theory to apply to optical absorption, and nonlinear optical properties of materials.

PHYS 6730 Master of Science in Physical Science Internship
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is the required internship for the Masters of Science in Physics Science degree. Students will apply their skills and knowledge to a current participating sponsor.

PHYS 7090 Selected Topics in Physics
1-6 Credit Hours. 0-6 Lecture Hours. 0-6 Lab Hours.
A course allowing for investigation of selected topics in Physics.

PHYS 7330 Principles and Practice of Pre-clinical Drug Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces key issues and aspects of developing a new small molecule or biological drug, with focus on the guidelines from regulatory agencies on the data required for the Investigational New Drug (IND) application. Major issues in Pharmacology, Toxicology, Safety Pharmacology, Pharmacokinetics and Chemistry, Manufacturing and Control (CMC) sections of the IND submission process are described. Practices of laboratory animal efficacy models, pharmacokinetics models, toxicology study protocols, master batch record generation and the concepts of Good Laboratory Practice (GLP)/Good Manufacturing Practices (GMP) will be covered, with particular emphasis on the Code of Federal Regulations Title 21 part 58, 210 and 211.
Prerequisite(s): A minimum grade of "C" in CHEM 5333.

PHYS 7630 Graduate Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will consist of formal seminars and informal sessions on current topics of interest to the program as presented by visiting lecturers, local researchers, and students. All MS-APS students must attend a set number of seminars each term they are enrolled in the program. Thesis track students in their final semester will prepare a comprehensive presentation on their thesis research as well as submit a report reviewing the topics covered during the seminar series.

PHYS 7999 Thesis
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Results of an individual, independent research project will be presented as a thesis in partial fulfillment of the Master of Science in Physical Science degree. The thesis requires defense of the design, execution, analysis, and interpretation of the research project.

POLS Political Science

POLS 1101 American Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Surveys government and politics, with additional attention to the government and the Constitution of Georgia. Topics include the constitutional structure of American government, the role of non-governmental institutions such as interest groups and mass media, the role of governmental institutions such as Congress and the Presidency, the operation of major political process such as elections and policy making, and the interaction between institutions and processes. Satisfies the Georgia Constitution and U.S. Constitution requirements.

POLS 1150 World Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Comparative political systems with emphasis on the variety of world politics. Differences in government structure, policy, and political traditions. Democratization, modernization, nationalism, the future of the nation state, the end of the Cold War, and the potential of developing nations.

POLS 1200 Ethics/Morals In Government
2-3 Credit Hours. 2-3 Lecture Hours. 0 Lab Hours.
Ethics of citizenship, policy-making, and governance. Classical and modern theories of justice, with emphasis on collective goods and individual rights. Three credit option requires student research on distributive justice and public policy.

POLS 2101 Introduction to Political Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the concepts that are considered in the systematic study of politics, such as justice, equality, regimes, and democracy. This course will examine the concepts and approaches by which political scientists explore politics theoretically and in applied settings. Required of all majors and minors in political science.
Prerequisite(s): A minimum grade of "C" in POLS 1101.
POLS 2130 Introduction to Political Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is part of a two-course foundation for Political Science majors. In Introduction to Political Science, students were introduced to the who, what, when, where, and why of Political Science. In this course, students will learn the how; in other words, how Political Scientists use the concepts, tools, and approaches available to them to understand the political world. Students will learn the tools of research design and both qualitative and quantitative techniques that are actively used in the discipline. Additionally, students will learn how the writing process unfolds from puzzle to final manuscript and presentation. The final goal of this course is to create an original, independent research design that can be completed in an upper-level Political Science course for presentation at a professional conference and/or publication in a professional journal. Required of all majors in political science. Prerequisite(s): A minimum grade of "C" in POLS 2101.

POLS 3101 Moot Court I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Legal argumentation and decision making including writing briefs, research, and forensic skills.
Prerequisite(s): POLS 1101 or permission of the instructor.

POLS 3102 Moot Court II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A continuation of Moot Court I, for those ready for a second semester of moot court study and competition.
Prerequisite(s): A minimum grade of "B" in POLS 3101.

POLS 3132 Asian Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the diversities across and within South, Southeast, and East Asia. It analyzes the following key themes: nationalism, colonialism, regime change, economic development, civil society and social movements, political conflict, and ethno-religious pluralism.
Cross Listing(s): INTS 3132.

POLS 3133 Latin American Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the major domestic and international factors in comparative Latin American political systems. Special attention and detail is given to the challenges of development and democratization.
Cross Listing(s): LAST 3133.

POLS 3134 Middle East Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines political change and economic development of the Middle East in the last century, focusing on colonialism, radical Islam, oil politics, Arab nationalism, the Arab-Israeli conflict, and the U.S. role in the Middle East.
Cross Listing(s): INTS 3134.

POLS 3135 Legislative Behavior
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The ability of elected bodies whether they are local, state, regional, or national to represent the preferences of their constituents is linked to the ability of elected officials, their staffs, and the executive agency administrators to manage change in an arena of inadequate information. This course will examine decision making, agenda setting, elections, and institutional arrangements with a particular concern for the mechanisms legislatures have for processing information. Students will become familiar with the three contemporary approaches to the study of legislatures: historical, behavioral, and formal.

POLS 3136 The Presidency
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analysis of the political, constitutional, behavioral, symbolic and policy roles of the President. Attention is also paid to the linkages between the Presidency and the other government and political institutions.

POLS 3137 Judicial Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In this course, students analyze and evaluate judicial politics by examining the actors, institutions, processes, and procedures that contribute to the formulation, administration, and adjudication of the law.
Prerequisite(s): A minimum grade of "C" in POLS 1101.

POLS 3138 Constitutional Law: Government Powers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the constitutional development of the national government through landmark Supreme Court decisions. Topics include: judicial power, separation of power, federalism, and interstate commerce.

POLS 3139 Constitutional Law: Civil Liberties and Civil Rights
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the study of the Bill of Rights through landmark Supreme Court decisions. Topics include freedom of speech, press, and religion, the right to privacy, rights of the accused, search and seizure law, and equal protection of the law.

POLS 3230 Modern Political Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course in modern political thought is concerned with the differentiation of politics as an activity distinct from, and independent of, religion. Political thinkers in the modern period are distinguished by their turn to scientific and other modern modes of rationality as foundations for the analysis of politics. Central concerns include delineating the rights of powers of the individual and establishing a secular basis for a just society.
Cross Listing(s): PHIL 3230.

POLS 3231 Environmental Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines important topics in United States environmental protection policy-making. It does so within the institutional context of American politics, including the congressional, presidential, administrative, judicial, intergovernmental, and constituency components of decisions relating to environmental protection. These decisions will be examined using the focus of the regionally important aspects of environmental quality such as water, air, and land resources.

POLS 3232 Philosophy of Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of major topics in the philosophy of law, all of which concern the relationship of law to morality and justice-including the nature of law in general; the importance of the rule of law and of limiting the rule of law; and some theory and practice of criminal law. Cross Listing(s): PHIL 3232.

POLS 3233 Politics and The Media
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive overview of the institutions and processes of the media in American politics. Emphasis is given to the history and role of the mass media in the United States and to the use of the media in covering news events as well as in political campaigns.

POLS 3234 Introduction to the European Union
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will introduce students to the history, institutions, policies, and cultures of the European Union and its member states.
Cross Listing(s): EURO 3234, INTS 3234.

POLS 3235 Women and Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the relationship of women to political life and to political theory-building. Focuses on political socialization, behavior, and institutional impact based on gender, using a comparative cross-national approach.
POLS 3236 International Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the basic concepts of international relations, including those of war and peace, power, foreign policy, international organization, markets, demography, ecology, and the impact of information technology. Students will be provided with the necessary concepts, theories, and methods used in the discipline including quantitative analysis in order to gain a better understanding of the nature and problems of international relations.
Prerequisite(s): POLS 1101 or POLS 2101.
Cross Listing(s): INTS 3236.

POLS 3237 African American Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A basic appreciation of the nature, processes, structures, and functions of African American politics in the domestic and international arena and how they differ from dominant assumptions, theories, approaches, and models of American politics. Focus is on how to seek and maintain empowerment.

POLS 3239 Human Rights in International Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore the vulnerability of various political minorities to human rights abuses at the global level and provide an assessment of the roles of states, international organizations, and non-governmental organizations in human rights issues. Cross Listing(s): INTS 3239.

POLS 3330 State and Local Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the forms of organizations, the functions, and the operations of the 50 state governments. Special attention will be given to the growing problems in the urban areas such as the interplay of politics, pressure groups, and community power structures.

POLS 3331 Introduction to Bureaucratic Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the socio-political impacts of modern bureaucracies, how modern bureaucracy has emerged as a "fourth branch" of federal government (including historical development), and its ability to influence policy making with particular emphasis on implementation.

POLS 3332 Political Parties and Elections
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive overview of the institutions and processes that connect the public to government institutions. Course emphasis is given to the history and structure of the political parties in the United States and the electoral process and voting at and below the presidential level.

POLS 3333 Southern Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the changing political conditions and trends within the eleven states of the American South since WWII. Students will examine the events which led to the unique political environment one encounters in the South. The primary focus will be on the political environment, but also on social, cultural, and economic variables as they relate to the political system.

POLS 3334 Film and Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Considers how the art of film has contributed to an understanding of major twentieth-century political events and thoughts. Topics include war, nationalism, authoritarianism, the Cold War, presidential politics and campaigning, populism and the ethos of democracy in classic and contemporary film.

POLS 3335 Ethnicity and Nationalism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines ethnicity and nationalism in comparative perspective. It discusses a wide variety of social and political phenomena including identity, language, violence, religion, class, gender and colonialism. Ethnic groups in almost every multiethnic country continue to compete with one another over issues of economic equity, political decentralization, power-sharing, language, educational policies and cultural rights. This course explores why and how power and passion of these groups are created by comparing ethnic conflicts across the globe and analyzes the following factors - language, religion, race, historical memories, values, territory, customs, symbols, myths and other cultural attributes.

POLS 3336 Ancient Political Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines political themes from the Ancient Greeks to the Renaissance.

POLS 3338 Language and Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A critical examination of language as a problem-solving device and tool for understanding argument and legal contestation. Delineation of individual rights, institutional authority and legal jurisdiction with emphasis on language and legal power. Analysis of the sociology of language and law within the concepts of human rights and socio-political entitlements. Prerequisite(s): A minimum grade of "C" in ENGL 1102.

POLS 3340 Pol & Ideol/Contemporary Euro
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Interaction between political institutions and ideas in contemporary Europe.

POLS 3350 Classics Of Political Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selected texts in political theory, ancient, and modern.

POLS 3420 Pol Of Underdev: Afr & Lat Am
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

POLS 3431 African Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines salient themes and background of contemporary African political systems. The emphasis will be on government and politics of modern Africa bearing on the emergence of post-colonial states and regional and global ramifications.

POLS 3433 Survey of Comparative Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to the basic concepts of comparative politics, including those of democratization, regime transition, electoral politics, political parties, ethnic conflict, and economic development. Students will be provided with the necessary concepts, theories, and methods used in the discipline including quantitative and qualitative analysis in order to gain a better understanding of the nature and problems of comparative politics.

POLS 3438 Gender and the Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on legal issues related to gender, and considers judicial decisions that have helped shape policies related to issues such as reproductive rights, employment discrimination, family law, Title IX, and sexual harassment. Prerequisites(s): A minimum grade of "C" in POLS 1101.
POLS 3480 Governments Of Western Europe 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Comparison of the major Western European governments, emphasizing the forces impacting political stability in Parliamentary systems.
Prerequisite(s): A minimum grade of "C" in POLS 2100.

POLS 3530 Global Environmental Politics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the politics of environmental issues from local, national, and international perspectives including public perception, competing ideologies, the nature of the political process, the courts, the media, and political institutions.

POLS 3532 Political and Social Aspects of Law 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Law as a dynamic societal institution. Sources and functions of both civil and criminal law and operation of the legal process viewed from the perspectives of jurisprudence, political science, and sociology.
Prerequisite(s): POLS 1101.

POLS 3551 Introduction to United Nations 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In this course, students will be introduced to the concepts of international organizations and the part that they play today in international politics. Specifically, we will examine the United Nations, its structure and function, its failures and successes, and what the future holds for this organization.
Cross Listing(s): INTS 3551.

POLS 4031 Selected Topics in Political Science 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course allows various contemporary topics within Political Science to be examined.

POLS 4130 American Political Thought 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines political themes and thinkers from the Colonial to the Contemporary period.

POLS 4131 Introduction to Public Affairs 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the policy process in the American political system focusing on the analysis, formulation, implementation, and evaluation of public policies. Specific policy areas such as welfare, information technology, education, health, and foreign policy are examined.
Prerequisite(s): POLS 1101.

POLS 4132 U.S. Foreign Policy 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides basic information and understanding of the key elements and actions involved in the formulation and execution of U.S. foreign policy. Special attention is given to the impact of U.S. foreign policy on the international system.
Cross Listing(s): INTS 4132.

POLS 4133 International Political Economy 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the interplay between international politics and international economics or business or the process of international wealth acquisition and transfer. Emphasis will be on the dynamics that give rise to asymmetric distributions: who gets what, when and how among different players in the global economy.

POLS 4134 International Law and Diplomacy 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the body of literature, concepts, and historical perspectives of international law and diplomacy as related to the critical problems of the Post-Cold War era. Focuses on the legal, oral, and strategic dimensions of several past, present, and proposed means of conflict resolution.

POLS 4135 International Organizations 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A theoretical and analytical study of the organization, powers, and problems of global and regional international organizations.
Cross Listing(s): INTS 4135.

POLS 4136 Politics of the Global North 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on examination of the cultural, social, and political factors that contribute to the structure, function, and problems of contemporary nation-states in the Global North.
Prerequisite(s): POLS 1101 or POLS 2101.
Cross Listing(s): INTS 4136.

POLS 4137 Politics of the Global South 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of government and politics in the major developing countries of Latin America, Africa, and Asia. Historical, cultural, religious, and economic factors influencing the political systems of these countries are also studied. Cross Listing(s): INTS 4137.

POLS 4138 International Terrorism 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to explore the political, religious, economic, and social issues which pervade the global environment. Key issues to be addressed include different forms of terrorism, conflict resolution, and at the state level reunification issues. Emphasizes the critical, and perhaps, decisive and controlling impact which terrorist groups level on policy changes.
Cross Listing(s): INTS 4138.

POLS 4139 Contemporary Political Thought 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theorists since the onset of the twentieth century have questioned the scientific foundations of modern political ideas and institutions. Issues to be discussed may include the nature and limits liberalism, the rise of mass politics, the benefits and dangers of modern technology, and the emergence of multiculturalism and feminism.

POLS 4190 Environmental Laws and Regulations 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to hazardous waste regulations, solid waste management programs, the Clean Air Act, OSHA regulations, the Clean Water Act, environmental audits, remediation technology, and issues relating to the impact of environmental laws on society.

POLS 4210 Politics of Public Policy 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students with the analytical tools to assess the role of politics in policy making. Approaches policy making process as a multi-level analysis of interrelated government institutions and facilitates student processing and evaluation of complex political information embedded in the theory and practice of public policy formation.

POLS 4220 Politics of Economic Inequality 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores the relationship between economic inequality and political voice, institutional governance, and public policy. It considers the causes of economic inequality, historical struggles in political development, and the socio-economic context of economic inequality all within a theoretical framework of equality and inequality.

POLS 4238 International Conflict 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the causes of international conflict, including theories about alliances, power, bargaining, arms races, conventional and nuclear deterrence, and nuclear weapon proliferation.

POLS 4239 Politics and the Military 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the major theories of civil-military relations and how these relations play out in modern politics. Topics covered include: civilian control of the military, military intervention in politics, the military in the developing world, and the experiences of minorities in the military.

POLS 4240 Asian Regional Security 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Applies international relations theory and conceptual frameworks to a broad discussion of regional policy with a focus on the changing role of China.
POLS 4270 Intelligence & National Security Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the roles played by the president, the National Security Council, the Cabinet Departments of State, Defense, and Homeland Security, and the intelligence community in the national security/defense policy-making process.

POLS 4300 Religion & Political Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Religious traditions of Judaism, Christianity, and Islam as sources of political ideas.

POLS 4330 Liberalism and the Modern State
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Historical and conceptual development in the theory and practice of liberal democracy from the 17th century to the present.

POLS 4410 Asia and the United States
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
How the U.S. and Asian countries grapple with key issues facing the world today such as trade, security, and environment.

POLS 4438 Legal Reasoning and Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces rule-based reasoning in writing legal documents. Students read and analyze precedents and statutes, use them as a basis for their argument, and translate written arguments into oral arguments. The persuasive writing style is emphasized. Prerequisite(s): A minimum grade of "C" in POLS 1101.

POLS 4440 Immigration Law and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analyzes the evolution of U.S. immigration law and policy, and current controversies in the field. Explores the intersection of immigration policy with fundamental principles of sovereignty, national security, equality and human rights.

POLS 4460 Politics of East Asia
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Primer on the history, nationalism, political institutions, maritime disputes and economic development of Southeast and East Asia. Offers a comprehensive and integrated introduction to the present problems and issues of the region.

POLS 4490 Russian Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Political change in the former Soviet Union with emphasis on the new direction of the political, economic, and social transformation of the regime. Comparison of tsarist autocracy, Soviet totalitarianism, and the contemporary Russian political system. Prerequisite(s): A minimum grade of "C" in POLS 1150 or POLS 2100 or POLS 2200 or POLS 2290.

POLS 4491 How to Win a Political Campaign
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will address fundamental elements of campaign operations from candidate suitability to voter mobilization as a practice. The goal of the course is simply to provide relevant real-world training for students to engage in meaningful political engagement in the electoral process.

POLS 4510 National Security of the Developing South
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the role, behavior and perspective of Developing South states in the international system, including ethnic conflicts, war, and their search for stability within a chaotic world. Prerequisite(s): POLS 1150 or INTS 2130.

POLS 4520 Comparative Judicial Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Comparative survey of judicial procedures in political systems of the Global North and the Global South.

POLS 4530 Marxism, Socialism, and Democracy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Readings in Marxist and other socialist texts as well as critiques of socialism. Examination of communist regimes, revolutions, and social democratic governments. Evaluation of significance for contemporary democratic theory and practice.

POLS 4534 Feminist Political Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines how conceptions of gender have informed notions of political agency, community, and identity. This course foregrounds the role of gender relations in redefining the nature and significance of politics.

POLS 4550 Insurgency and Civil War
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the forms of organized movement aimed at the overthrow of a government through the use of violence. A survey of the measurements taken by a government to defeat insurgency and/or to resolve civil war.

POLS 4560 Comparative Foreign Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of various theories of state type and foreign policy behavior and evaluation of such theories in foreign policy analysis.

POLS 4570 Politics and Security in Southwest Asia
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth understanding of the political and security challenges confronting Southwest Asia (Pakistan, Afghanistan, India) and how these challenges affect global security.

POLS 4580 Violent Non-State Actors
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the different types of VNSAs and how they challenge the nation-state.

POLS 4581 Model United Nations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prepares students for Georgia Southern’s participation in the National Model United Nations Conference in New York City in the spring of each year. Students learn the structure, function and organization of the United Nations as well as in-depth knowledge of the particular country that they will be representing in New York. Emphasis is placed on learning parliamentary procedure and diplomatic skills as part of the research conducted for becoming an advocate of the country being represented. Prerequisite(s): A minimum grade of "C" in INTS 3551 or POLS 3551.

POLS 4582 Model United Nations II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for students in the second year of their participation on Georgia Southern University’s National Model United Nations (NMUN) delegation. In addition to studying a different country and region of the world which requires students to learn the history, culture, and foreign policies of their assigned country, NMUN students also research and write on topics in different United Nations committees. Second-year delegates also take on added responsibility to plan, coordinate, and execute three Georgia Southern-sponsored Model United Nations conferences. Emphasis is placed on learning the intricacies and nuances of parliamentary procedure as it applies to both the Middle School and High School conferences conducted by Georgia Southern University. Prerequisite(s): A minimum grade of "C" in INTS 3551 or POLS 3551.

POLS 4583 Theories Of Justice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A consideration of the primary theories of justice formulated through history. Examines and evaluates the theoretical foundations of conceptions of justice from a variety of perspectives. Prerequisite(s): CRJU 1100 or POLS 1101.
POLS 4791 Field Internship in Political Science
3-12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The internship is designed to give students practical experience in a government-qualified agency and/or environment.
Prerequisite(s): POLS 1101 and POLS 2101; departmental approval required.

POLS 4890 Independent Study in Political Science
1-12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides opportunity to work one-on-one with an instructor to tailor a subject of interest to the student.

POLS 5630 Seminar in American Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic focus on major themes and issues in American public policy and their roots in American politics.
Prerequisite(s): A minimum grade of "C" in POLS 2101 and POLS 2130.
Cross Listing(s): POLS 5630G.

POLS 5630G Seminar in American Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic focus on major themes and issues in American public policy and their roots in American politics. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the instructor.
Cross Listing(s): POLS 5630.

POLS 5631 Seminar in Political Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A seminar focusing on selected theoretical topics. Emphasis will be placed on normative theory and the history of political thought.
Prerequisite(s): A minimum grade of "C" in POLS 2101 and POLS 2130.
Cross Listing(s): POLS 5631G.

POLS 5631G Seminar in Political Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A seminar focusing on selected theoretical topics. Emphasis will be placed on normative theory and the history of political thought. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by instructor. Cross Listing(s): POLS 5631.

POLS 5632 Seminar in International Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to familiarize students with the theories which guide the conduct and analysis of international relations. These theories are examined in both their classical and contemporary context and used to evaluate and assess international relations' phenomena.
Prerequisite(s): A minimum grade of "C" in POLS 2101 an POLS 2130. Cross Listing(s): POLS 5633G.

POLS 5633 Seminar in International Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to familiarize students with the theories which guide the conduct and analysis of international relations. These theories are examined in both their classical and contemporary context and used to evaluate and assess international relations' phenomena, such as international conflict, international trade and finance, and international human rights. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the instructor. Cross Listing(s): POLS 5633, INTS 5633, INTS 5633G.

POLS 5634 Seminar in Comparative Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of the comparative method and theory building in comparative politics focusing on the macro-structural, rational choice, cultural and statist approaches. Furthermore, it analyzes various themes within Comparative Politics: political culture, regimes and regime transitions, elections and party systems, ethnicity and nationalism, political mobilization, revolution, civil wars and insurgencies. The topical focus is substantiated with relevant case studies, case comparisons and cross-case analysis to explore the diversity of the field and political processes across the world.
Prerequisite(s): A minimum grade of "C" in POLS 2101 and POLS 2130.
Cross Listing(s): POLS 5634G, INTS 5634, INTS 5634G.

POLS 5634G Seminar in Comparative Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of the comparative method and theory building in comparative politics focusing on the macro-structural, rational choice, cultural and statist approaches. Furthermore, it analyzes various themes within Comparative Politics: political culture, regimes and regime transitions, elections and party systems, ethnicity and nationalism, political mobilization, revolution, civil wars and insurgencies. The topical focus is substantiated with relevant case studies, case comparisons and cross-case analysis to explore the diversity of the field and political processes across the world. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the instructor. Cross Listing(s): POLS 5634, INTS 5634, INTS 5634G.

POLS 5635 Seminar in International Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analytical study of the organization, powers, and problems of global and regional international organizations.
Prerequisite(s): A minimum grade of "C" in POLS 2101 and POLS 2130.
Cross Listing(s): POLS 5635G, INTS 5635, INTS 5635G.

POLS 5635G Seminar in International Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analytical study of the organization, powers, and problems of global and regional international organizations. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the course instructor. Cross Listing(s): POLS 5635, INTS 5635, INTS 5635G.

POLS 6638 Proseminar in Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the foundations and controversies in social scientific research.
Cross Listing(s): ANTH 6638, SOCI 6638.

POLS 7030 Selected Topics in Political Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An opportunity for instructors to teach special topics within the discipline.

POLS 7130 Ethics in Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on experiences, approaches, and strategies for confronting and solving problems, accountability and responsibility of public officials for appropriate behavior, and ethical decision-making.

POLS 7131 Constitutional Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the political and social context in which Constitutional Law is made and interpreted, the legal reasoning that undergirds Constitutional lawmaking, and the impact on public administration in the U.S.

POLS 7132 Administrative Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Development, present status, and trends in American Administrative Law. Explores administrative actions by focusing on the legal authority and responsibilities of private parties relative to such agencies.
POLS 7133 Public Law & Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the legal framework in which public managers must operate in the 21st century. Particular attention is given to understanding the implications of constitutional law on administrative behavior and decisions and on administrative laws designed to ensure due process and equal treatment for all citizens. The interrelationship of law and ethics for public managers is also examined.

POLS 7231 U.S. Foreign Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to familiarize students with the principles underlying and the process undertaken in the formulation and execution of United States foreign policy. Special attention is given to the role of the United States in the post-World War II period.

POLS 7232 Comparative Foreign Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth comparative study of the foreign policy of the United States, the European Union, Russia, the People's Republic of China, Japan, and other significant actors in global politics, emphasizing comparative methodology and theoretical framework.

POLS 7234 International Political Economy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the politics of international economic relations. Systemic and domestic explanations of international economic policy will be applied in various issue areas such as international wealth acquisition and transfer, strategies and the politics of development, trade, investment, exchange rates, debt, aid, and relief assistance. The dynamics that give rise to asymmetric wealth distributions and hegemonic transmutations will be given emphasis.

POLS 7330 Intergovernmental Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the interaction between the federal, state, and local levels of government in the United States. Special attention is given to the constitutional and fiscal relationships between these levels of government and the historical evolution of the nature of the relationships.

POLS 7332 State Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic study of the growing role of the states in the development and administration of domestic social policy in the United States. Special attention is given to the capacity building in state government and the devolution of power to the states. Specific policy areas in state government including education, crime control, and economic development are examined in-depth.

POLS 7337 Environmental Politics and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of environmental and natural resource management in the United States. Particular attention will be paid to issues of regional importance, including water quality and availability, regulation and monitoring compliance, sustainable growth, and management within overlapping jurisdictions.

POLS 7436 Qualitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analysis and practice of qualitative methodology in social science. Topics may include participant observation, ethnographic methods, interviews, case studies, content analysis, archival research and other innovative techniques.

POLS 7532 Public Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic study of how public policy is developed, implemented, and evaluated. Attention is given to the skills of policy analysis, as well as, the social problems and cultural interpretations that lead to public policy. Illustrations from domestic policy in the United States are supplemented with insights from other nations.

POLS 7630 Seminar in American Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A graduate introduction to the basic structures, processes, and patterns of behavior of American national government, emphasizing the interfacing of politics, economics, and public policy.

POLS 7631 Seminar in Empirical Political Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the prominent theoretical approaches used in empirical political inquiry. The philosophies of the social sciences and the construction of political explanation provide the foundation for embarking on original research necessary for the thesis stages of the program.

POLS 7632 Seminar in Comparative Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic review of the empirical and theoretical literature concerning the structure, function, and problems of contemporary governments in developed and developing countries.

Prerequisite(s): Completion of POLS 1101.

POLS 7638 Social Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

POLS 7860 Internship in Political Science
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The internship allows students pursuing their M.A. degree to work in a professional setting relating to their chosen concentration in Political Science. Students will be required to complete a final paper detailing the experience of their internship, and defend their paper and experiences before a faculty committee.

POLS 7890 Directed Reading
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A structured, individualized research focus to be mutually designed by instructor and student.

POLS 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A major research project structured jointly by the student and instructor.

PRCA Public Relations

PRCA 3030 Selected Topics in Public Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Offers varied courses in specialized areas of the field of Public Relations. Prerequisite(s): PRCA 3330 or departmental approval required.

PRCA 3100 Introduction to Public Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the history, theories, and principles of public relations, and the role and practice of public relations in various organizational contexts. Prerequisite(s): COMM 2332.

PRCA 3330 Public Relations Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In this course, students examine writing techniques employed in media management programs including the strategic design and development of multimedia messages and message dissemination. Prerequisite(s): A minimum grade of "C" in MJJ 2331 and PRCA 3100.

PRCA 3331 Corporate Public Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the role of public relations within a corporation and its responsibilities in developing and maintaining external and internal relations. Prerequisite(s): PRCA 3100.
PRCA 3332 Public Relations Event Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Provides students with the opportunity to learn and implement planning techniques and strategies unique to events. Special emphasis will be placed on non-profit creation of an event to meet organizational goals.  
Prerequisite(s): A minimum grade of "C" in PRCA 3330.

PRCA 3333 International Public Relations  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduces the performance of public relations in international contexts. Consideration will be given to the political, economic, social, and historical contexts affecting public relations practices. Special emphasis will be placed on the interaction between government and public relations.  
Prerequisite(s): PRCA 3100.

PRCA 3334 Social Media and Public Relations  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Provides students the opportunity to learn about and create specialized organizational print and online publications such as brochures and newsletters. Prerequisite(s): PRCA 3100 and PRCA 3330.

PRCA 3335 Nonprofit PR  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines the philosophical and theoretical foundations of public relations and volunteerism in the non-profit sector. Strategic communication strategies, including media relations, are explored as they relate to both internal and external publics, including the unique legal and public relations ethical issues impacting nonprofits.  
Prerequisite(s): PRCA 3100.

PRCA 3339 Public Relations and Publications  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Provides students the opportunity to learn about and create specialized organizational print and online publications such as brochures and newsletters. Prerequisite(s): PRCA 3100 and PRCA 3330.

PRCA 3711 Public Relations Practicum  
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.  
Provides limited practical experience in public relations projects in either an academic or a professional setting. A maximum of four hours may be applied toward a degree. Prerequisite(s): PRCA 3330.

PRCA 4330 Public Relations Research  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Explores the role of public opinion in public relations. Students will gather, analyze and use qualitative and quantitative audience research as part of a public relations program. Prerequisite(s): PRCA 3100.

PRCA 4331 Public Relations Firms  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Reviews the evolution and management of public relations firms, and principals involved in counseling clients. Prerequisite(s): PRCA 3330.

PRCA 4332 Public Relations Crisis Communication  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Provides understanding of how crises affect an organization's public relations efforts. Students will learn strategies for anticipating crises and developing communications responses.  
Prerequisite(s): PRCA 3330.

PRCA 4333 Senior Seminar in Public Relations  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines ethical issues and current topics in the practice of public relations. Prerequisite(s): PRCA 3100 or PRCA 3330 or PRCA 4330.

PRCA 4339 Public Relations Campaign Strategies  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An advanced course in which students analyze cases and apply principles, processes, and theories of public relations to the execution of campaigns. Prerequisite(s): PRCA 3100, PRCA 3330, PRCA 4330.

PRCA 4711 Public Relations Practicum  
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.  
Provides limited practical experience in public relations projects in either an academic or a professional setting. A maximum of four hours may be applied toward a degree. Prerequisite(s): PRCA 3330.

PRCA 4791 Public Relations Internship  
3-12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisite(s): PRCA 3330.

PRCA 4792 Public Relations Internship  
3 Credit Hours. 0 Lecture Hours. 15 Lab Hours.  
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisite(s): PRCA 3100, PRCA 3330.

PRCA 4793 Public Relations Internship  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisite(s): PRCA 3100, PRCA 3330.

PRCA 4794 Public Relations Internship  
3 Credit Hours. 0 Lecture Hours. 15 Lab Hours.  
Provides practical experience in a professional public relations setting with public relations practitioner supervision. May be taken only by public relations majors. Prerequisite(s): PRCA 3100, PRCA 3330.

PRCA 4831 Directed Study in Public Relations  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Offers students opportunities to design and conduct independent research and/or projects in specialized public relations areas. May be taken only once. Prerequisite(s): PRCA 3100 and departmental approval required.

PSYC Psychology

PSYC 1101 Introduction to Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An overview of the fundamental subfields of Psychology, with an emphasis on applying the scientific method to study behavior and cognition in human and non-human animals.

PSYC 2099 Selected Topics  
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.  
Scheduled on an irregular basis to explore special areas in psychology not offered in the regular curriculum and will carry a subtitle. Prerequisite(s): PSYC 1101.

PSYC 2101 Careers, Ethics and Professionalism  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An overview of various careers in psychology. Students are introduced to the requirements of an assortment of positions, concepts related to the development of professional and personal competencies, and the ethics and values associated with the discipline as a whole. Prerequisite(s): PSYC 1101.

PSYC 2010 Human Growth And Development  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A survey of lifespan development with focus on physical, emotional, cognitive, and social development. Understandings of growth and development applied to classroom teaching and learning. Not for psychology majors. Prerequisite(s): PSYC 1101.
PSYC 2231 Research and Analysis I  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Students are introduced to basic statistics and research methods used in psychology, including central tendency, variance, descriptive, correlation, t-tests and statistical software.  
Prerequisite(s): A minimum grade of "C" in all of the following: PSYC 1101 and MATH 1101 or MATH 1111 or MATH 1112 or MATH 1113 or MATH 1232 or MATH 1441.  

PSYC 2300 Global Persp In Devlp Tech  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Exploration of physical, cognitive, and social development from a multicultural viewpoint. Emphasis on cross-cultural research applied to human development across the lifespan.  
Prerequisite(s): ENGL 1101.  

PSYC 3040 Fund Of Counsel And Psychother  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A survey of personality theories and the behavior changing techniques arising from them. Emphasis on learning theory and environmental influences.  
Prerequisite(s): A minimum grade of "C" in PSYC 101.  

PSYC 3050 Special Topics in Diversity  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Designed to examine how different cultural factors influence the scientific study of psychological processes and behavior, with an emphasis on identifying social challenges, applying psychological principles to promote social change, and recognizing potential for prejudice and discrimination in oneself and others.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3095 Drugs and Behavior  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An advanced exploration of the various factors involved in drug effects and abuse. Focus on laboratory methodology (with humans and non-humans) to examine drugs of abuse and some pharmacological treatments for neurological and psychiatric disorders.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3101 Abnormal Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Designed to provide an introduction to the concepts of "normal" and "abnormal" behavior, the traditional categories of psychological disorders, and the etiology and treatment of these disorders.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3102 Cognitive Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Explores the major theories of, and the methods for studying, mental processes. Major topics include perception, attention, memory, and decision making.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3103 Lifespan Development  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines psychological theories, research and application of psychology as these relate to a comprehensive overview of developmental processes from conception through older adulthood.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101 or SOCI 2130.  

PSYC 3104 Principles of Learning  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduces the basic principles and the scientific study of learning in human and nonhuman animals.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3105 Physiological Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A survey of the structure and function of the nervous system and its relationship to behavior, including coverage of the techniques and methods used to examine physiological processes.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3106 Social Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Studies the social determinants of human behavior and surveys current theories and findings in such major content areas as social cognition, attitudes, social influence, interpersonal attraction, prosocial behavior, aggression, prejudice, and group processes.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3141 Research and Analysis II  
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.  
Students are introduced to intermediate statistics and research methods used in psychology, including experimental control, validity, descriptive and inferential statistics. Lab component will focus on data collection methods and statistical analyses using statistical software.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101 and PSYC 2231.  

PSYC 3170 Human Resource Development Skills  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to theoretical and applied intervention principles of human resources development for public and private settings.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3230 Psychology of Adjustment  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Studies the factors that promote psychological adjustment with emphasis on self-help techniques.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3231 Psychology of Religion  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An introduction to the literature of the psychology of religion, including the functions of religiousness, types of religious experiences, religious motivation, and the relationship between religion and mental health.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101. C.  

PSYC 3232 Psychology of Gender  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines biological and environmental determinants of gender, as well as, the role of gender in cognitive functioning, personality, physical and mental health, interpersonal relationships, and work life.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3233 Industrial/Organizational Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to psychological study of behavior in the workplace, including application of psychology to such areas as personnel testing, job performance and employee morale.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3235 Behavior Modification  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An introductory survey of the application of learning principles and procedures used in the establishment, maintenance, and modification of complex human behavior in clinical situations, as well as the natural environment with particular attention given to ethical issues associated with the use of behavior change techniques.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.  

PSYC 3236 Psychology of Substance Abuse  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An intensive and critical analysis of the normative and deviant use of various substances with emphasis placed on substance use, misuse, and abuse within a framework integrating the psychological, social, and biological aspects of substance use throughout history, including stimulant, depressant, hallucinogenic, and psychotherapeutic drugs.  
Prerequisite(s): A minimum grade of "C" in PSYC 1101.
PSYC 3237 Psychology of Human Sexuality
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on sexual motivation, attraction and love, sexual orientation, sexual techniques, sexual morals and politics, paraphilia, erotic, sexual dysfunctions and therapy, and the place of sexuality in the experience of being human, with secondary attention given to sexual anatomy and physiology, and contraception.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3331 Child Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines psychological theories, research and application of psychology as these relate to developmental processes from childhood through adolescence.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3332 Adolescent Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines psychological theories, research and application of psychology as these relate to developmental processes in adolescence.
Prerequisite(s): A minimum grade of "C" in PSYC 1101 or SOCI 2130.

PSYC 3335 Personality Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Surveys research findings on selected aspects of personality, as well as determinants and development of personality, research methods, and personality assessments.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3337 Psychological Tests and Measurements
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of psychological assessment with emphasis on the construction and use of psychological tests.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3338 Leadership and Group Dynamics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of the social psychological approach to leadership development and the role of the leader in influencing group dynamics. Emphasis on the application of research findings in social psychology to the development of leadership skills.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3339 Older Adult Developmental Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines psychological theories, research and application of psychology as these relate to developmental processes in older adulthood.
Prerequisite(s): A minimum grade of "C" in PSYC 1101 or SOCI 2130.

PSYC 3400 Introduction to Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the variables and processes responsible for conditioning and learning in humans and non humans. Application of principles and real-world examples. In the B.S. degree it counts as an elective only.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3410 Introduction to Behavior Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction and overview of basic concepts and principles of behavior analysis. Variables and processes responsible for conditioning and learning in human and non-human organisms will be discussed.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3420 Principles of Behavior Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced examination of the concepts and principles of behavior analysis and how they can be applied to make socially meaningful changes in behavior. Specific procedures to increase desirable behavior and decrease unwanted behaviors are highlighted, with a focus on human behavior.
Prerequisite(s): A minimum grade of "C" in PSYC 3410 or PSYC 3400.

PSYC 3430 Behavior Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Overview of assessment and measurement techniques, with a focus on how to select, define, and measure behavior. A variety of assessment procedures (e.g., indirect and direct functional behavior assessments, preference assessments, etc.) will be covered to identify variables that establish and maintain undesirable behaviors. Single subject research designs will be discussed in relation to the evaluation of specific behavior assessment and change procedures.
Prerequisite(s): A minimum grade of "C" in PSYC 3410.

PSYC 3440 Behavior Change Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to advanced behavior change techniques and considerations. Topics will include procedures to establish new, strategies to prevent and reduce undesirable behaviors, advanced behavior change systems, and how to select, plan for, and monitor behavior change procedures to increase or decrease target behaviors in a variety of settings.
Prerequisite(s): A minimum grade of "C" in PSYC 3430.

PSYC 3500 Cognitive Neuroscience I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the neural basis of cognition with an emphasis on the nervous system, attention, sensation and perception, and methodology, including principles and applications derived from basic research.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 3510 Cognitive Neuroscience II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A continuation of Cognitive Neuroscience I. This course examines the neural basis of cognition with an emphasis on learning and memory, language, and control processes, including principles and applications derived from basic research.

PSYC 3534 Psychology of Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction focusing on the psychological mechanisms underlying the acquisition and use of language from cognitive and social psychological perspectives.
Prerequisite(s): A minimum grade or "C" in PSYC 1101 or LING 3533 or LING 3630.
Cross Listing(s): LING 3534.

PSYC 3729 Service Learning in Psychology
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Student-arranged and instructor-approved service with a sponsoring organization providing a qualified supervisor. Instructor will establish criteria, including minimum hours of service, for successful completion of the course.
Prerequisite(s): A minimum grade of "C" in PSYC 1101 or instructor permission.

PSYC 3900 Research Experience
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students work with a faculty member on his/her research to gain experience on a research project.
Prerequisite(s): A minimum grade of "C" in PSYC 1101 and instructor permission.

PSYC 4060 Behavior Modification
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Research based methods of generating behavioral change, their empirical foundations and their applications in clinical, educational, and social settings.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.
PSYC 4090 Learning and Behavior
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A continuation of Learning and Behavior I. A more in-depth exploration of classical and operant conditioning with the requirement of conducting experiments with non-human animals to illustrate concepts and principles surveyed in Learning and Behavior I. Students collect and analyze data to write research reports. Laboratory component with rotating emphasis (depending on instructor): cognitive, behavioral, and biological.
Prerequisite(s): A minimum grade of "C" in PSYC 3400 or PSYC 3410.

PSYC 4091 Learning and Behavior Lab
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Conduct behavioral experiments with nonhuman animals. Collect and analyze data and write research reports.
Prerequisite(s): A minimum grade of "C" in PSYC 3400 or PSYC 3410.

PSYC 4099 Selected Topics
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
Scheduled on an irregular basis to explore special areas in psychology not offered in the regular curriculum and will carry a subtitle.
Prerequisite(s): A minimum grade of "C" in PSYC 1101 or instructor permission.

PSYC 4102 Clinical Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Application of psychological theories to the understanding and treatment of behavioral problems and disorders, including the history of clinical psychology, educational and training requirements, and specialized areas of practice.
Prerequisite(s): A minimum grade of "C" in PSYC 3101.

PSYC 4110 Senior Seminar
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Reading and discussion group concentrating on selected contemporary issues in psychology, ethics, and careers. Open only to psychology majors.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 4131 Research and Analysis III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students are introduced to advanced statistics and research methods used in psychology, including power, statistical errors, and analysis of variance.
Prerequisite(s): A minimum grade of "C" in PSYC 3141.

PSYC 4132 Research and Analysis III Lab
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.
Develop and conduct a required, original research project. Students apply statistical procedures to analyze data and compose an empirical article that conforms to APA standards.
Prerequisite(s): A minimum grade in "C" or prior or concurrent enrollment in PSYC 4131.

PSYC 4143 Senior Research
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
Students design, execute, write up, and present an original empirical research project.
Prerequisite(s): A minimum grade of "A" in PSYC 3141 or a minimum grade of "C" in PSYC 4131 or permission of instructor.

PSYC 4150 Health Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Surveys the application of psychological principles in the treatment and prevention of health related problems.
Prerequisite(s): A minimum grade of "C" in PSYC 1101.

PSYC 4170 Women and Mental Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A review of current research and theory related to women's mental health, including psychological phenomena and disorders prevalent at higher rates among women and a discussion of biopsychosocial factors influencing gender differences in mental health and illness.
Prerequisite(s): A minimum grade of "C" in PSYC 3101.
PSYC 4740 Classroom Leadership Practicum
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the scholarship of teaching psychology. Student provides academic support and mentoring. The course instructor will establish responsibilities and performance criteria, which may include, but are not limited to, mentoring, leading or co-leading class discussions, planning and delivering course presentations under supervision, and assisting with the development of class and out-of-class activities. Scholarly paper that integrates the literature on the teaching of psychology with actual experience is required.
Prerequisite(s): Completion of PSYC 1101, permission of instructor and department head, and a grade of "A" in course of which the student will serve as student leader.

PSYC 4790 Senior Internship
3-9 Credit Hours. 0-99 Lecture Hours. 0-99 Lab Hours.
Through both classroom and field work, students gain practical experience through volunteer field work in a setting related to psychology. Special permission is required for course registration.
Prerequisite(s): Instructor permission.

PSYC 4791 Practicum in Behavior Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Supervised experiences at a predetermined site promoting the application of behavior analysis to unique populations and settings. Consists of a weekly seminar to promote further application and understanding of behavioral concepts and principles.
Prerequisite(s): Permission of instructor.

PSYC 4832 Directed Empirical Review
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Consists of in-depth investigation of an area within psychology not normally covered in the curriculum.
Prerequisite(s): PSYC 1101 or permission of instructor.

PSYC 4841 Directed Research Project
4 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Under the supervision of a faculty member, the individual student completes all phases of a research project in an area of the student's interest.
Prerequisite(s): PSYC 4131 or permission of instructor.

PSYC 5010G Special Topics In Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

PSYC 5020G Special Topics In Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

PSYC 5030G Selected Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Scheduled on an irregular basis to explore special areas in psychology not offered in the regular curriculum and will carry a subtitle.
Cross Listing(s): PSYC 5030.

PSYC 5060 Basic Behavior Principles and Behavior Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic principles of behavior analysis, the definition and characteristics of applied behavioral analysis, and behavior change procedures, including positive and negative reinforcement, schedules of reinforcement, and antecedent intervention.
Prerequisite(s): A minimum grade of "C" in PSYC 3400.

PSYC 5060G Basic Behavior Principles and Behavior Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic principles of behavior analysis, the definition and characteristics of applied behavioral analysis, and behavior change procedures, including positive and negative reinforcement, schedules of reinforcement, punishment, imitation, shaping and chaining, extinction, differential reinforcement, and antecedent interventions. Essential material for this course is covered in PSYC 3400 (Introduction to Learning) or PSYC 4090 (Learning and Behavior) and 4091 (Learning and Behavior Laboratory).
Prerequisite(s): Acceptance to graduate studies or baccalaureate degree in psychology.
Cross Listing(s): PSYC 5060.

PSYC 5061 Advanced Behavioral Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Measurement of behavior, displaying and interpreting behavioral data, experimental evaluation of interventions, selecting intervention outcomes and strategies, behavioral assessment, and ethical considerations. Includes selecting and defining target behaviors, examination of single-subject experimental designs, planning and evaluating behavior analysis research, functional behavior assessment, and a practicum experience.
Prerequisite(s): A minimum grade of "C" in PSYC 5060.
Cross Listing(s): PSYC 5061G.

PSYC 5061G Advanced Behavioral Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Measurement of behavior, displaying and interpreting behavioral data, experimental evaluation of interventions, selecting intervention outcomes and strategies, behavioral assessment, and ethical considerations. Includes selecting and defining target behaviors, examination of single-subject experimental designs, planning and evaluating behavior analysis research, functional behavior assessment, and a practicum experience. Includes the graduate studies or baccalaureate degree in psychology.
Cross Listing(s): PSYC 5061.

PSYC 5062 Advanced Behavior Change Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Seminar course in which students design, implement, and behavior change programs to practice selection of intervention outcomes and strategies, behavioral measurement and assessment, use behavior change procedures and systems support. Includes a comprehensive survey of recent literature on applied behavior analysis in clinical, educational, vocational, and social settings and examination of ethical issues surrounding behavior change programs.
Prerequisite(s): A minimum grade of "C" in PSYC 5061.
Cross Listing(s): PSYC 5062G.

PSYC 5062G Advanced Behavior Change Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Seminar course in which students design, implement, and behavior change programs to practice selection of intervention outcomes and strategies, behavioral measurement and assessment, use behavior change procedures and systems support. Includes a comprehensive survey of recent literature on applied behavior analysis in clinical, educational, vocational, and social settings and examination of ethical issues surrounding behavior change programs. Prior or concurrent enrollment in PSYC 5061 or 5061G and acceptance to graduate studies or a baccalaureate degree in psychology.
Cross Listing(s): PSYC 5062.

PSYC 5100G Women & Mental Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A review of current research and theory related to women's mental health, including psychological phenomena and disorders prevalent at higher rates among women and a discussion of biopsychosocial factors influencing gender differences in mental health and illness.
PSYC 5232G Psychology and Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the interdisciplinary study of psychological research and scholarship.
Prerequisite(s): Completion of PSYC 1101.
Cross Listing(s): PSYC 5232.

PSYC 5431G Evolutionary Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of methods and theories of the new field of evolutionary psychology emphasizing how human behavior and cognition develop from an interaction of life experiences with inherited interests, tendencies, and abilities that have been shaped by natural selection.
Prerequisite(s): Completion of PSYC 1101.
Cross Listing(s): PSYC 5431.

PSYC 6100 Directed Scholarly Activities in Psychology
1-6 Credit Hours. 1-6 Lecture Hours. 1-6 Lab Hours.
Scholarly project supervised by a psychology department faculty member qualified in the student's area of interest. Credit will vary depending on the work to be completed. Course my be repeated up to a total of six (6) credit hours. Student must be enrolled in a graduate program.
Prerequisite(s): Permission of the student's academic advisor, the supervising instructor, and the head of the psychology department.

PSYC 6150 Conflict Resolution
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Discussion of social processes of conflict between parties (individuals or groups) and advanced techniques for collaborative resolutions with special emphasis on mediation processes.

PSYC 6300 Leadership and Group Dynamics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of the social psychological approach to leadership development and the role of the leader in influencing group dynamics. Emphasis on the application of research findings in social psychology to the development of leadership skills.

PSYC 7030 Selected Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Scheduled on an irregular basis to explore several areas in psychology not offered in the regular curriculum and will carry a subtitle.

PSYC 7111 Supervision
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
Students will receive feedback and consultation designed to encourage maturation of psychotherapy skills and competencies, including therapist-client transactions, self-reflective skills, and report writing.

PSYC 7130 Statistics for Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Covers the logic of statistical inference, fundamental principles of analysis of variance, complex analysis of variance designs, as well as selected regression, multivariate and non-parametric procedures with emphasis upon the application of these methods in psychological research.

PSYC 7131 Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves examining research techniques for answering questions in psychological science. Content is specific to research design in the social sciences, including topics related to reliability, validity, and advanced statistical analyses. This course emphasizes the development, application, and evaluation of research design in psychological science.
Prerequisite(s): Completion of PSYC 7130.

PSYC 7132 Advanced Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the science of behavior and the mechanisms of learning that account for the behavior of human and nonhuman animals. Course focuses on the mechanisms and interpretations of classical and operant conditioning.

PSYC 7133 Affective and Cognitive Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of contemporary cognitive psychology research and theory. Classic and recent theoretical approaches will be covered. The course also covers emotion and affect within the context of cognitive models, research, and theory.

PSYC 7134 Physiological Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a graduate level survey of the nervous system with emphases on functional relationships between the nervous system and behavior and on the techniques and methods used to examine the physiological bases for human and nonhuman animal behavior.

PSYC 7136 Geropsychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will cover psychological aspects of aging in relation to both theory and practice. Students will become familiar with aging related changes in mental and physical functioning, common disorders, public policy regarding age-related issues, and successful aging.

PSYC 7231 Assessment I: Psychometric Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is the first in a series and provides theoretical grounding for psychological assessment. Topics to be covered include statistical properties of tests; test development, construction, and analysis; types of tests; and legal issues in testing.

PSYC 7232 Foundations of Psychotherapy I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced examination of several of the major therapy systems, comparing them, contrasting them, and looking for the bases of meaningful integration. Systems examined include: humanistic, existential, and postmodern. Also examined will be research in psychotherapy.
Corequisite(s): PSYC 7237.

PSYC 7233 Ethics and Professional Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to provide the clinician in training with a clear understanding of the legal and ethical responsibilities incurred when working with clients in a clinical capacity. Lectures and class discussion will cover specific legal and ethical principles and the application of those principles in clinical settings. Topics related to professionalism will also be covered.

PSYC 7234 Assessment II: Intellectual Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is the second of the assessment series and provides an introduction and the beginning of skill development in assessing persons’ intellectual abilities, academic achievement, and cognitive strengths and weaknesses. Prerequisite(s) A minimum grade of "B" in PSYC 7231.

PSYC 7235 Group & Family Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides the clinician in training with an overview of the concepts and various theories of group and family psychotherapy.
Prerequisite(s): A minimum grade of "B" in PSYC 7433.

PSYC 7236 Neuropsychology and Neuropsychological Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course serves as an introduction to the anatomical, empirical, and clinical aspects of neuropsychology, with an emphasis on clinical assessment.

PSYC 7237 Psychotherapy Skills I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice and practical application of the theories covered in PSYC 7232. Corequisite(s): PSYC 7232.

PSYC 7238 Child Psychotherapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The general goal of this course is to provide graduate students, who are therapists in training, with a comprehensive overview of the theories and concepts of child psychotherapy.
Prerequisite(s): A minimum grade of "B" in PSYC 7237.
PSYC 7239 Psychopathology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on descriptions, hypothesized etiologies, and treatment modalities of major classes of mental disorders as classified by the Diagnostic and Statistical Manual of the American Psychiatric Association.

PSYC 7331 Advanced Developmental Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the major themes, theories, and research in developmental psychology.

PSYC 7332 Advanced Social Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the major themes, theories, and research in social psychology.

PSYC 7333 Psychotherapy Skills II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The purpose of this course is to practice skills with some of the basic interventions associated with the learning-based theories and to integrate these interventions with some of the practices learned in the first skills course.
Prerequisite(s): A minimum grade of "B" in PSYC 7232.
Corequisite(s): PSYC 7433.

PSYC 7334 Couples and Family Psychotherapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will learn the theory and practice associated with couple and family psychotherapy, including basic principles of systems theory, common factors and effective practice strategies in couple and family therapy, unique features of interrupting dysfunctional patterns of close relationships, and characteristics of healthy couples and families.

PSYC 7335 Assessment III: Personality Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the third course in the assessment series and focuses on measurement of personality constructs, attributes, and unique characteristics that organize and define an individual.

PSYC 7336 Clinical Health Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will learn practical information and guidance on how to apply clinical health psychology research and techniques to make decisions and modify patients' behavior. Students will learn about the interaction of physical health with the individual's cognitive, emotional, behavioral, and social functions. Students will learn specific skills related to clinical health psychology.

PSYC 7390 Development of Original Research
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides students with opportunity to develop an original research idea and implement it.

PSYC 7433 Foundations & Skills II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The focus of this course is to continue to study and practice of the major therapy systems, comparing them, contrasting them and looking for the bases of meaningful integration. Learning-based theories are emphasized in this course.
Prerequisite(s): A minimum grade of "B" in PSYC 7232.

PSYC 7490 Advanced Directed Study
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A directed study at the graduate level providing an examination and analysis of current literature pertaining to selected content areas in psychology.

PSYC 7531 Advanced Personality Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an in-depth investigation into recent advances in personality theory, measurement, and empirical work.

PSYC 7610 Research Seminar
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course focuses on the professional issues in the field of psychology, which includes: working in an academic environment; maintaining ethics when conducting psychological research; and developing communication and technical skills that will facilitate professional activities within the domain of experimental psychology.

PSYC 7631 Seminar in Teaching Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Seminar in Teaching Psychology involves lecture, discussion, activities and homework designed to explore how to effectively teach psychology classes at the university level. Using readings from books and journals, along with personal experience, the class will discuss and apply issues such as how to plan effective lectures, test writing and grading, demonstrations, leading discussions, handling controversial issues, dealing with disruptive students, seeking out opportunities for experiential learning, and so on.

PSYC 7633 Psychotherapy Skills III: Child and Family Interventions
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the development of therapy skills and practices associated exclusively with children and families.

PSYC 7730 Practicum I
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The general goal of Practicum I and II is to provide graduate students, who are therapists in training, with additional support and training while they are engaged in field work at various mental health settings. (These settings may include both on-campus and off-campus programs such as the GS Psychology Clinic, GS Counseling Center, Regents Center for Learning Disorders, outpatient community mental health centers, inpatient psychiatric/correctional/residential treatment facilities). Prerequisite(s): A minimum grade of "B" in PSYC 7233, PSYC 7234, PSYC 7237, PSYC 7239.

PSYC 7731 Practicum II
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Continuation of Practicum I.
Prerequisite(s): A minimum grade of "B" in PSYC 7730.

PSYC 7733 Combined Practicum Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course allows students in the first and second year of practicum into a peer supervision group focused on clinical practice, case management, and deepening of psychotherapeutic skills and techniques. Students will be engaged in field work at community mental health agencies during this course. In addition, faculty instructors will choose a relevant theme for seminar discussions for the semester.

PSYC 7810 Research Experience
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Student works with a faculty member on a research project in progress, obtaining experience and skills to enhance the student's understanding of the research process.

PSYC 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students will complete a research project and must follow the scientific standards and best practices associated with question development, writing, research design, statistical analysis, and interpretation of data.

PSYC 9130 Professional Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines current issues in professional psychology. It also prepares students for pre-doctoral internship, post-doctoral work, licensure, and independent practice.
PSYC 9131 Supervision and Consultation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore professional consultation and clinical supervision, focusing on developing knowledge and skills related to the construction, dissemination and implementation of specialized programming for small and large systems; students also will learn theories, techniques and processes that will help them become more effective clinical supervisors.

PSYC 9230 Diversity Issues in Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will learn about the social-psychological diversity in rural areas; the scientific literature on the impact of diversity on mental health; and the role of cultural identity development and social justice on psychotherapy assessment, consultation, and service delivery in rural areas.

PSYC 9235 History and Systems of Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the development of experimental and clinical psychology with an emphasis on relating the development to current issues in psychology.

PSYC 9330 Rural Mental Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will learn about the current state of rural mental health, unique challenges in working in rural areas, ethical and professional considerations, and research-driven recommendations for working with specific populations in rural communities.

PSYC 9331 Psychopharmacology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to give the clinician in training a foundation in the use of medications to treat mental disorders. Prerequisite(s): A minimum grade of "B" in PSYC 7236 and PSYC 7239.

PSYC 9711 Pre-Doctoral Internship I
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
The pre-doctoral internship is a sequence of three courses designed to ensure on-going contact with the university during the required year of practice prior to graduation. The internship agency is responsible, and holds full authority, for course content, assessment, and grade.

PSYC 9712 Pre-Doctoral Internship II
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
The pre-doctoral internship is a sequence of three courses designed to ensure on-going contact with the university during the required year of practice prior to graduation. The internship agency is responsible, and holds full authority, for course content, assessment, and grade. Prerequisite(s): Satisfactory completion of PSYC 9711.

PSYC 9713 Pre-Doctoral Internship III
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
The pre-doctoral internship is a sequence of three courses designed to ensure on-going contact with the university during the required year of practice prior to graduation. The internship agency is responsible, and holds full authority, for course content, assessment, and grade. Prerequisite(s): Satisfactory completion of PSYC 9711 and PSYC 9712.

PSYG 9731 Rural Practicum
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course provides supervised experience in psychological assessment and psychotherapy in rural settings. Students will be placed in rural clinical sites. May be repeated for a maximum of 12 hours.

PSYG 9999 Dissertation
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students are provided support and direction in completing the doctoral dissertation. The course provides guidance from both the dissertation supervising chair and the dissertation committee. Students will complete a quantitative project and must follow the scientific standards and best practices associated with question development, writing, statistical analysis, and interpretation of data.

PSYG Psychology-GOML

PSYG 5610 Nature/Needs Talented/Gifted
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

PSYG 6600 Meth & Matls Child Talented
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course covering the development of curriculum content and teaching materials for students identified as talented and gifted. Considerable time will be spent on organizing learning experiences and utilizing a variety of teaching methods.

PSYG 6620 Cur Child Talented and Gifted
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides a study of curriculum models, the types of curriculum needed for the Talented and Gifted, guidelines for developing curricular patterns which include subject or skill, core, interest, process, experiential bases of operations, and modular designs of community involvement. The course requirements include the development of curriculum of learning activities which will have greatest applicability and usability within the local school system.

PSYG 7600 Assessment Talented/Gifted
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to tests unique to assessing the developmental level and the potential achievement of children with talents and gifts. Emphasis is placed on the use of these tests in planning and selecting curricular programs and activities.

PUBH Public Health

PUBH 2131 Introduction to Community and Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the student to the core functions of public health with an emphasis on community health programs and current trends of population health. Exposes the student to the role of community health practice in maximizing the health status of all populations. Course will include an overview of the organizational structure of federal, state, and local health-related agencies and examine the interrelationship of political, social, cultural and economic dimensions of community based population health activities.

PUBH 3130 Substance Use and Abuse
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores legal and illegal drug use in modern society. Issues related to the social, cultural, political and economic impact of drug use will be discussed. The emphasis in the course will be on prevention, treatment and effective education techniques for various practice settings and target populations. Prerequisite(s): A minimum grade of "C" in HLTH 1520. Cross Listing(s): PUBH 3130H.

PUBH 3131 Chronic Diseases: A Modern Epidemic
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Chronic conditions (e.g. diabetes, cardiovascular disease, renal disease, obesity) are currently responsible for sixty percent of the global burden of disease and the World Health Organization predicts this to rise to eighty percent by the year 2020. This is one of the greatest challenges facing health care systems throughout the world and it places long-term health and economic demands on health care systems as the population ages. This course will provide students with the opportunity to study specific issues related to chronic disease epidemiology and management and their links to practice. Prerequisite(s): A minimum grade of "C" in KINS 2531 and KINS 2511.
PUBH 3132 Health Care Systems and Advocacy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to the background and development of administrative settings for health care delivery in the United States by exploring trends and issues based on current health and medical care programs and practices and analyzing the current organizational structure of medical care services in the United States. Topics to be examined include the medical care process, factors affecting supply and distribution of health professionals and health facilities, health care costs, and financing of care through health insurance and governmental programs. Students will also learn health advocacy skills to plan community based interventions.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 3136 Principles of Environmental Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines health issues, scientific understanding of causes, and possible future approaches to control the major environmental health problems in industrialized and developing countries. Topics include how the body reacts to environmental pollutants; physical, chemical, and biological agents of environmental contamination; vectors for dissemination (air, water, soil); solid and hazardous waste; susceptible populations; biomarkers and risk analysis; the scientific basis for policy decisions; and emerging global environmental health problems.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 3138 Multicultural and Social Determinants of Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the characteristics, causes, and effects of health disparities in the U.S. Health Care System. It also provides students with a foundation to develop the knowledge, attitudes, and skills to become culturally competent health educators. The course explores how health education and promotion is shaped by the cultural, social and economic contexts in which individuals function.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 3231 Epidemiology and Biostatistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the student to the principles and practice of epidemiology and biostatistics. Students will be exposed to the historical development of epidemiology, concepts of causality, definitions of health and disease, and sources of community health data. Current principles and practices in the cause, prevention and control of diseases in various community settings will be emphasized.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 3232 Foundations of Health Education and Promotion Practice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides junior and senior level majors with a colloquium to discuss current issues and topics in health promotion and education including philosophical foundations and principles underlying the field of health promotion and education practice, the Certified Health Education Specialist Competencies, organizations, scientific foundations, and employment potential. Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 3330 Modifying Health Behaviors
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the major theoretical models used in public health practice for modifying health behavior. The efficacy of interventions in relation to current practices in public health, best practices and applications of theory-driven health behavior change are studied within the context of community-based settings. The focus of the class is to identify the critical factors necessary to create health behavior change in order to address the current Healthy People goals and objectives.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 3331 Stress Theory and Management in Health Promotion
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores issues related to the etiology of stress and stressors with emphasis on environmental, organizational, interpersonal and individual patterns of stress in various health promotion settings. Competency in the active management of stress and mobilizing support in health settings will be evaluated.
Prerequisite(s): A minimum grade of "C" in HLTH 1520.

PUBH 3430 Sexuality Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores contemporary issues in human sexuality and prepares future health professionals to conduct sexuality education with diverse populations in a variety of settings (i.e., school, community, or worksite). Content is intended to help students increase their knowledge of sexuality, improve their ability to educate and promote sexual health and develop skills to increase their comfort level in discussing human sexuality.
Prerequisite(s): A minimum grade of "C" in HLTH 1520.

PUBH 3431 Introduction to Global Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the broad and growing field of global health. The course will discuss how health and illness is defined and explore the biological, cultural, social, and political forces that influence health at the global level. This is a survey course that will explore such topics as: comparative health systems, social determinants of health, health services and quality, healthcare policy, key stakeholders, and major global health initiatives. Throughout the course, an emphasis is placed on global health ethics and issues of social justice.
Prerequisite(s): Sophomore standing.

PUBH 3432 Introduction to Global Health Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the range of cultural and policy approaches different countries take to health, healthcare access, and related population-level health interventions. As part of this course, students will compare different healthcare systems from selected countries.
Prerequisite(s): Sophomore standing and a minimum grade of "C" in PUBH 3431.

PUBH 3531 Consumer Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course prepares individuals to make intelligent decisions regarding the purchasing and use of health products and services that have a direct effect on their health. Allows students to explore the relationships among consumerism, health and education. Students will investigate consumerism, marketing and advertising as foundational aspects of consumer health. In addition, students will survey a variety of health related products and services to determine the implications and consequences of their use.
Prerequisite(s): A minimum grade of "C" in HLTH 1520.

PUBH 3611 Health Honors Thesis Seminar I
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This is a seminar course that prepares students to complete a senior honors thesis proposal.

PUBH 3612 Hlth Honors Thesis Seminar II
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This is a seminar course that prepares students to complete a senior honors thesis proposal.

PUBH 4090 Selected Topics in Public Health
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in a public health topic not generally offered by the College.

PUBH 4099 Selected Topics in Public Health
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course provides the student with in-depth study of selected topics in public health.
PUBH 4132 Health Education and Promotion Program Planning I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to the theory and application of community-based program planning and evaluation. The first of a two-course sequence, the focus will be on the development of a health promotion programs plan designed to apply course content to a real-life health issue. Concepts in community assessment, organization, and mobilization for the purpose of addressing identified public health concerns will serve as the foundation for the planning process.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.
Corequisite(s): PUBH 4134.

PUBH 4133 Health Education and Promotion Program Planning II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to additional theory and application of community-based program planning and evaluation. The second of a two-course sequence, the focus will be on program implementation, evaluation, and reporting of the health promotion plan developed during the prior semester. Students will gain first-hand experience in conducting an evaluation of community health education program.
Prerequisite(s): A minimum grade of "C" in PUBH 4132.

PUBH 4134 Research Methods and Evaluation in Health Education and Promotion
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the student to research methods used in health education and promotion. Examines the rationale and procedure to evaluate health education/promotion programs. Focuses on several topics including: research design, methods of program evaluation, planning research and evaluation, the politics and ethics of evaluation, measurement, sampling logistics, data analysis and the development of a student project.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.
Corequisite(s): PUBH 4132.

PUBH 4195 International Studies Abroad in Public Health
3-9 Credit Hours. 3-9 Lecture Hours. 0 Lab Hours.
This course offers students the opportunity to examine public health practices in a foreign country through travel abroad. Classroom instruction will be combined with on-site experiences to provide a realistic learning experience.

PUBH 4230 Global Maternal and Child Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore promotion and education efforts designed to improve the health, well-being, and quality of life for women and children globally. A review of the historical and contemporary maternal and child health trends and issues in the United States and throughout the world will be examined. Identifying the determinants of health and illness including the biological, behavioral, socio-economic, demographic, cultural and health care systems influences on maternal and child health will be central to the course.
Prerequisite(s): Sophomore standing and a minimum grade of "C" in PUBH 2131 or PUBH 3431.

PUBH 4231 Health Aspects of Aging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the aging process from a health education perspective. Students will become acquainted with the process of and problems associated with aging in order to effectively manage this important public health issue. Knowledge and understanding of biological, psychological, and sociological aspects of aging as related to health and wellness will also be addressed.
Prerequisite(s): A minimum grade of "C" in HLTH 1520.

PUBH 4232 Global Environmental Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students with an overview of global environmental health challenges in 21st century. Regional and global impact of environmental health hazards will be compared at the systems level. Current topics in global environmental health will target new challenges faced under the changing climate and emerging diseases. International environmental health policies will be compared with local practices.
Prerequisite(s): Sophomore standing and a minimum grade of "C" in PUBH 3431.

PUBH 4233 Topics in Global Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will introduce students to the field of epidemiology as applied in a global context. Students will be introduced to basic concepts of epidemiology as well as an overview of topics across the discipline. Special emphasis will be made on health issues in the low and middle income countries, and case studies will be used as examples to illustrate concepts and topics of epidemiology.
Prerequisite(s): Sophomore standing and a minimum grade of "C" in PUBH 3431.

PUBH 4234 International Development in Health (Poverty, Social Justice and Global Health)
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will describe key cultural, social, and economic issues and methods in global health, and thus provide essential background for other core courses. The course is interdisciplinary, emphasizing the fields of anthropology, sociology, public health, global health, and critical global health studies. This course explores aspects of health inequalities and demonstrates how the sources of health inequalities (including globalization, the impact of social, economic, and political systems, the local and global economy, transnational organizations, culture, race, class, gender, and sexuality) are rooted in injustices that create and sustain the conditions that lead to disparities in health status and health care both domestically and globally.
Prerequisite(s): Sophomore standing and a minimum grade of "C" in PUBH 3431.

PUBH 4330 Promotional Strategies for Health Programs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the application of social marketing and communication theory to the development of strategies to enhance health education and promotion programs.
Prerequisite(s): A minimum grade of "C" in PUBH 2131.

PUBH 4611 Hlth Honors Thesis Seminar III
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
In a seminar setting, students will continue writing and revising their thesis. This course provides the student with the opportunity to revise manuscript proposal based upon previous work in Honors Thesis Seminar I and II. Students will be guided through primary data collection and analysis. Students will also complete writing the first draft of the Research Manuscript adhering to current APA style manual.

PUBH 4612 Hlth Honors Thesis Seminar IV
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Students will complete an Honors Research thesis and successfully defend their original research project to their Research Director and Research Committee. Revisions to the Honors thesis will be based upon feedback from the oral defense. To demonstrate proficiency in oral research presentation, students will present their original research at the Honor's Research Symposium and Phi Kappa Phi Research Symposium. Finally, students will be required to submit the final Research Manuscript for publication in a professional format.

PUBH 4798 Internship in Public Health
12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course provides the senior level Public Health majors with a practical experience in an appropriate practice setting. Students must complete all course work in the Public Health major prior to enrolling in this course.
PUBH 4890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

PUBH 5520 Introduction to Public Health
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course is designed to give students a foundation in the core functions of population-based public health (assessment, policy development and assurance). In addition, this course will examine the 10 essential services of public health within these core functions. Defining effective public health practice and providing knowledge about the technical, social, and political parameters related to public health research and practice are goals for this class. Students will gain an understanding of public health as a broad area of work that applies the benefits of current biomedical, environmental, social, and behavioral knowledge in ways that maximize the health status of all populations.

Cross Listing(s): PUBH 5520G.

PUBH 5520G Introduction to Public Health
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course is designed to give students a foundation in the core functions of the population-based public health (assessment, policy development and assurance). In addition, this course will examine the 10 essential services of public health within these core functions. Defining effective public health practice and providing knowledge about the technical, social, and political parameters related to public health research and practice are goals for this class. Students will gain an understanding of public health as a broad area of work that applies the benefits of current biomedical, environmental, social, and behavioral knowledge in ways that maximize the health status of all populations.

Cross Listing(s): PUBH 5520.

PUBH 6532 Environmental Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of specific environmental conditions and factors that contribute to the development of health problems in communities. Health effects, policy issues, intervention strategies and control programs for community environmental health protection are discussed.

PUBH 6533 Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an introduction to many important topics in epidemiology for public health practice, including but not limited to the evolution of the discipline, causal concepts in the natural history of disease, critical features of infectious and chronic diseases, elements of public health screening, basic measures used in epidemiology, design of epidemiologic investigations, consideration of random error and systematic bias, calculation and interpretation of confidence intervals and p values, discussion of confounding and interaction, criteria for evaluation of cause and effect relationships and the implications for ethical public health practice. Students are expected to gain a foundation for the application of epidemiologic methods for exploration of the causes and conditions that influence the origin, propagation, mitigation, and prevention of diseases in population health.

PUBH 6534 Health Policy and Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course provides a comprehensive introduction and overview to public health management and administration. The course context is based on managerial decision making and the practical knowledge, tools, processes and strategies required by organizational management. This course overviews the basics of administration, including public health law, human resources management, budgeting and financing, health information management, performance measurement and improvement, ethics, leadership, communication, media relations, and legislative relations in public health; introduced as processes are strategic planning, program development and evaluation, budget preparation, and constituency building for collaboration. Emerging areas of public health policy and management are also discussed as contexts to apply practical knowledge, tools and strategies.

PUBH 6535 Social and Behavioral Sciences and Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with the history and current applications of social and behavioral sciences as they are applied to public health practice and research. It explores social and behavioral science models, theories, and approaches that inform public health, and their philosophical roots. The course also examines social and behavioral determinants of health equity across the ecological spectrum. Emphasis is placed on critical thinking skills to help students synthesize and utilize information in research and practice. An important contribution of this course is the emphasis on recognizing the contributions of social and behavioral science research and practice to enhanced public health.

PUBH 6541 Biostatistics
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
This course examines statistics in public health and related health sciences, including sampling, probability, basic discrete and continuous distributions, descriptive statistics, hypotheses testing, confidence intervals, categorical data analysis, regression, and correlation. Emphasis will be on the development of critical thinking skills and health data analysis applications with computer software.

Cross Listing(s): BIOS 6541.

PUBH 7090 Selected Topics in Public Health
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in a public health topic not generally offered by the department.

PUBH 7131 Continuous Quality Improvement
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will use Statistical Process Control and Quality Improvement (QI) techniques to address the pressing need for the adoption of quality improvement methods and techniques in public health today. The course also includes an overview of health quality initiatives in general and the progress of QI in public health systems.

PUBH 7132 Scientific Basis of Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the scientific basis of 21st century disease processes including a survey of the origins, natural history, factors influencing individual and community risk. Clinical symptoms of diseases impacting humans, both acute and chronic, as well as epidemiologic trends will be also be discussed. Students will obtain an understanding of scientific mechanisms associated with the disease processes with particular focus on using this information in health-related professions and public health decision-making. As such, emphasis will be placed on the understanding and application of proposing community-based solutions designed to break the cycle of disease.

PUBH 7530 Integrated Capstone Experience
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course serves as a culminating experience designed to promote refinement of the hard and soft skills necessary for the public health workforce. Throughout the semester, students acquire skills in the integration of basic public health concepts and refine the application of discipline specific knowledge. This course relies on a case-based format that promotes problem solving and critical thinking in the context of real world public health problems.

PUBH 7790 Practicum in Public Health
1-4 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Permits the student to receive practical experience in a selected public health-related setting.
Prerequisite(s): Permission of instructor.

PUBH 7890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.
PUBH 7991 Public Health Capstone Research Project
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Requires the completion of an independent research project in the preferred field requiring the defense of the design, methods, analysis, and interpretation of the data. MPH Students may register for more than 3 credits of PUBH 7991 while working on their Capstone Research Project, but only 3 credits of PUBH 7991 may be applied toward the degree requirements. Excess PUBH 7991 credits cannot be used for electives or required coursework. Extra (greater than 3) credits of PUBH 7991 will simply increase the number of credits the student earns to more than 45.

PUBH 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Requires the completion of an independent research project in the preferred field requiring the defense of the design, methods, analysis and interpretation of the data.

PUBH 8132 Environmental and Occupational Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to reinforce basic concepts of environmental and occupational health. Students will be exposed to the current impact of potential environmental and occupational health and safety hazards. Students will also be exposed to current concepts associated with environmental and occupational regulatory standards, assessment protocols, sampling and monitoring techniques, and remediation strategies.

PUBH 8133 Epidemiologic Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced epidemiology class designed to reinforce epidemiological concepts, as well as build a foundation for epidemiologic research in public health practice. Specific course content includes observational and experimental epidemiologic research methods. Emphasis will also be placed on appropriate analytic techniques necessary for biostatistical inference.

PUBH 8134 Health Economics, Policy and the Political Process
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Foundational economic and specific health economic theory, trends, market issues, and applications are presented to include health insurance and payment theory, processes, and applications. Comparison between rational and irrational theory is explored. Evolution of health policy, considering past, current and future major legislation and executive directives, are explored within the political process.

PUBH 8136 Theoretical Perspectives of the Social and Behavioral Sciences in Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore social and behavioral science theories, models, and approaches that inform public health research and practice, as well as their philosophical foundations. With emphasis on an ecological perspective, students will apply relevant theories to understanding community health issues and to developing interventions. The course also examines social and behavioral determinants of health equity across the ecological spectrum. In this course students will gain an enhanced understanding of the contributions of the social and behavioral sciences to Public Health.

PUBH 9130 Sampling Methodology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on study design and sampling methods as well as data analysis of small and large, national and local health surveys and vital statistics in order to gain experience describing data using effective graphical and numerical methods. Students will use statistical software (SAS) to analyze data originating from various national surveys such as the National Crime Victimization Survey, National Survey of Drug Use and Health, National Assessment of Educational Progress, Behavioral Risk Factor Surveillance System, an NHANES. Students will be introduced to sampling design, methods of data collection, nonresponse, writing and evaluating questions and answers in surveys, survey interviews, processing survey data and principles and practices related to ethical research.

Prerequisite(s): A minimum grade of "B" in PUBH 6541 or equivalent.

PUBH 9132 Public Health Perspectives in Community-Based and Translational Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will familiarize students with concepts, issues, and skills relevant to translational research approaches in public health, particularly as it relates to how research is applied across all public health concentrations (epidemiology, behavioral health sciences, management and policy, biostatistics, and environmental health). Emphasis will be placed on utilizing qualitative, quantitative, and mixed methods approaches within an ecological theoretical framework. Students will gain an understanding of the Community-Based Participatory Research (CBPR) approach, as well as issues related to the ethics of community-based research. Students will learn advocacy skills to catalyze community-level intervention and structural change based on research findings.

PUBH 9134 Professionalism and Ethics in Public Health Practice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores critical issues related to the professional development of public health practitioners and ethical responsibilities necessary to assume leadership roles in the field. Leadership roles include, but are not limited to, recognizing the ecological complexities of factors influencing quality of life for individuals and health status of communities. Students will focus on professional attributes, skills, styles, and strategies required to advance public health goals. In addition, students will examine ethics associated with professionalism, research and public health practice.

PUBH 9135 Public Health, Funding and Grantsmanship
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will review the major sources of funding for public health programs, including public and private sources, and the components of successful funding proposals. Students will gain experience in writing funding proposals and creating program budgets. Students will learn appropriate techniques to planning and writing research grants for large-scale and small-scale community projects. As a part of this process, students will learn effective means of locating and soliciting funding agencies responsible for financing public health activity.

PUBH 9630 Public Health Doctoral Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to give doctoral candidates the opportunity to determine and refine their dissertation research topics including identifying potential dissertation committee members particularly the chair.

PUBH 9790 Doctoral Preceptorship in Public Health
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The doctoral preceptorship/field experience consists of 300 hours of field experience under the joint direction of a public health faculty member and a qualified specialist working in selected areas of public health. A written report specifying activities, products, and outcomes of the experience is required upon completion of the preceptorship.
Supervised clinical practice in performing radiographic procedures. 5 Credit Hours.

RADR 4101 Radiography Clinical Education I
3 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Supervised clinical practice in performing radiographic procedures.
Prerequisite(s): A minimum grade of "C" in RADR 3001.

RADR 4103 Radiography Clinical Education III
6-9 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Supervised clinical practice in performing radiographic procedures.
Prerequisite(s): A minimum grade of "C" in RADR 4101.

RADR 4200 Radiography Synthesis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A discussion of general and advanced theoretical concepts of Radiography.
Prerequisite(s): A minimum grade of "C" in RADR 3003 and RADR 4102.

RADS Radiologic Sciences

RADS 2000 Terminology Of Imag & Rad Sci
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Exploration of medical terms related to Radiologic Sciences. Also includes terminology and track specific content related to radiologic sciences.
Prerequisite(s): ENGL 1101.

RADS 2050L Quality Assurance Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3000 Intro To Radiologic Sciences
2 Credit Hours. 2 Lecture Hours. 1 Lab Hour.
Professional organizations, specialties, accreditation, certification, licensure, professional development, ethics legal issues, radiation protection methodology, and elementary imaging concepts. Open only to majors in radiologic technologies-BS.

RADS 3000L Intro To Rad Science Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3050 Patient Care And Interaction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Open only to majors in radiological sciences. Physical and psychological needs of the family and patient. patient transfer techniques, interaction with the terminally ill, vital signs, administration of injections and pharmaceuticals, I.V. and tube maintenance, urinary catheterization, acquisition and interpretation of EKG’s, emergency medical situations, infectious disease processes and universal precautions.
Corequisite(s): RADS 3050L.

RADS 3050L Patient Care Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 3050.

RADS 3060L Prin Of Image Form/Eval Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3071 Imaging & Radiation Proc I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Procedures in involving the chest, abdomen, bony thorax, and visceral organs requiring the use of contrast media including spatial relationships, pathology, equipment manipulation and quality evaluation of radiographic examinations.
Corequisite(s): RADS 3071L.

RADS 3071L Procedures I Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 3071.

RADS 3072 Imaging & Rad Procedures II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Procedures involving extremities, shoulder girdle, and pelvic girdle, including spatial relationships, pathology, equipment manipulation, and quality evaluation of radiographic examinations.
Prerequisite(s): A minimum grade of "C" in RADS 3071.
Corequisite(s): RADS 3072L.
RADS 3072L Radiographic Procedures II Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 3072.

RADS 3073 Imaging & Rad Procedures III
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Procedures involving vertebral column, and cranium, including spatial relationships, pathology, equipment manipulation and quality evaluation of radiographic examinations.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3072.
Corequisite(s): RADS 3073L.

RADS 3073L Procedures III Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 3073.

RADS 3074 Imaging & Rad Procedures IV
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Procedures involving reproductive organs and facial bones including spatial relationships, pathology, equipment manipulation, and quality evaluation of radiographic examinations.
Prerequisite(s): A minimum grade of "C" in RADS 3073.
Corequisite(s): RADS 3074L.

RADS 3074L Imaging & Rad Procedures IV Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3074.

RADS 3080 Professional Interactions
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
A seminar focused on professional interactions in Radiologic Sciences.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3000.

RADS 3090 Intro To Radiation Physics
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
Mechanics, electromagnetic physics and nuclear physics as they relate to the medical setting.
Prerequisite(s): A minimum grade of "C" in all of the following: MATH 1111 or MATH 1113 or MATH 1161 and prior or concurrent enrollment in RADS 3000.

RADS 3090S Radiation Physics Seminar
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3100 Medical Communication Skills
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Open only to majors in radiological sciences. Content is designed to expand the knowledge base and skills necessary for the practitioner to communicate effectively. Open only to majors in radiological sciences.

RADS 3100L Medical Comm Skills Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3100.

RADS 3112 Intro To Computed Tomography
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
An overview of Computed Tomography technology, computer reconstructions algorithms, and clinical application.

RADS 3150 Radiobiology & Rad Protection
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Biological, chemical, and physical effects of radiation. Emphasis on radiation measurement and exposure reduction to minimize somatic and genetic effects. Performance of radiation surveys and radiobiologic research.
Prerequisite(s): A minimum grade of "C" in RADS 3000.
Corequisite(s): RADS 3150L.

RADS 3150L Radiobiology & Protection Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3161 Radiography Clinical Ed I
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing radiographic procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3050 and RADS 3071.

RADS 3162 Radiography Clinical Ed II
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing radiographic procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3072 and RADS 3161.

RADS 3190 Prin Of Radiation Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An Introduction to the history and practice of radiation therapy with an emphasis on patient care, radiation protection, treatment preparation, and treatment delivery.
Corequisite(s): RADS 3000.

RADS 3195 Radiation Therapy Procedures
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to principles of patient and treatment with emphasis upon radiation therapy equipment operation and utilization.
Corequisite(s): RADS 3000 and RADS 3195L.

RADS 3195L Rad Therapy Procedures Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 3195.

RADS 3200 Imaging Pathology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of human pathology as demonstrated by radiologic imaging. Includes ultrasound, CT, MRI, nuclear medicine and radiographic images of cancer, vascular diseases, trauma anomalies and other disease processes.
Prerequisite(s): BIOL 2082 and a minimum grade of "C" in RADS 3000.

RADS 3301 Radiation Therapy Clinic Edu I
2 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
A supervised clinical experience in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RADS 3195.

RADS 3302 Radiation Therapy Clinic Ed II
2 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
A supervised clinical experience in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RADS 3301.

RADS 3450 Leadership In Healthcare
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course introduces leadership concepts, focusing on the contemporary theories of leadership. Instructional areas include servant leadership, moral roots of responsible leadership, and effectiveness. A course component will include a leadership service learning practicum.

RADS 3450L Leadership In Healthcare Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3451 Leadership Practicum
1 Credit Hour. 0 Lecture Hours. 1 Lab Hours.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3450.

RADS 3455 Introduction To Bioethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introductory course that focuses on biotechnology and health care ethical issues.
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

RADS 3499 Found In Nuclear Medicine
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Introduction to the concepts, terminology and practices related to nuclear medicine.
Corequisite(s): RADS 3501.
RADS 3501 Prin & Prac Of Nuclear Med I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the theory and principles of nuclear medicine. Basic principles involved in imaging and diagnosis.

RADS 3501L Prin Of Nuclear Med Lab I
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3502 Prin & Prac Of Nuclear Med II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
a continuation of the basic principles involved in imaging and diagnosis. Topics include non-imaging in vivo and in-vitro procedures and radionuclide therapy.
Prerequisite(s): A minimum grade of "C" in RADS 3501.

RADS 3502L Prin Of Nuclear Med Lab II
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3503 Prin & Prac Of Nuclear Med III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
a continuation of the basic principles involved in imaging and diagnoses with an introduction to advanced theory in nuclear medicine.
Prerequisite(s): A minimum grade of "C" in RADS 3502 and RADS 3520.

RADS 3503L Prin & Prac Of Nuc Med III Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 3505L Prin Of Nuclear Cardiology Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3510 Nuclear Med Instrumentation
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Principles of radiation detection equipment and instrumentation employed in nuclear medicine procedures. Topics include detection systems, QC/ QA, collimation, tomography, and computer applications.
Prerequisite(s): A minimum grade of "C" in RADS 3501.

RADS 3520 Radio-Pharmacy & Radiochem
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Radionuclide production, mechanisms of radionuclide localization, preparation and use of radiopharmaceuticals, quality control of radiopharmaceuticals, and governmental regulations.
Prerequisite(s): A minimum grade of "C" in and prior or concurrent enrollment RADS 3501.

RADS 3520L Radio-Pharm & Radiochem Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3531 Nuclear Med Clinical Edu I
2 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing nuclear medicine procedure.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3502 and RADS 3520.

RADS 3532 Nuclear Med Clinical Edu II
4 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Supervised clinical practice in performing nuclear medicine procedures.
Prerequisite(s): A minimum grade of "C" in RADS 3531 and RADS 3503 and RADS 3520.

RADS 3600 Introduction To Sonography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to specialties, theoretical concepts, standards and practices related to diagnostic medical sonography.
Corequisite(s): RADS 3600L.

RADS 3600L Intro To Sonography Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3600.

RADS 3601 Sonographic Theory I
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
Theoretical sonographic concepts of abdominal, gynecological, and obstetrical procedures.

RADS 3601L Sonographic Theory Lab I
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3602 Sonographic Theory II
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
Continuation of sonographic Theory I. Includes invasive procedures and advanced scanning techniques.
Prerequisite(s): A minimum grade of "C" in RADS 3601.

RADS 3602L Sonographic Theory Lab II
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3603 Sonographic Theory III
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
Continuation of Sonographic Theory II.

RADS 3603L Sonographic Theory III Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3604 Sonographic Theory IV
4 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continuation of Sonographic Theory III to include advanced topics.
Prerequisite(s): A minimum grade of "C" in RADS 3603.
Corequisite(s): RADS 3604L.

RADS 3604L Sonographic Theory IV Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 3604.

RADS 3631 Sonography Clinical Ed I
2 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Supervised clinical practice in performing Sonographic procedures.
Prerequisite(s): A minimum grade of "C" in RADS 3601 and RADS 3050 and RADS 3600.

RADS 3632 Sonography Clinical Ed II
3 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Supervised clinical practice in performing Sonographic procedures.
Prerequisite(s): A minimum grade of "C" in RADS 3631 and RADS 3602.

RADS 3651 Sonographic Physics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An Introduction to ultrasound instrumentation, propagation principles and interactions.
Prerequisite(s): A minimum grade of "C" in PHYS 1111L or PHSC 1211 and PHSC 1211L or PHYS 1111K.
Corequisite(s): RADS 3561L.

RADS 3651L Sonographic Physics I Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3651.

RADS 3652 Sonographic Physics II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continuation of RADS 3651 to include Doppler Physics.
Prerequisite(s): A minimum grade of "C" in RADS 3651.
Corequisite(s): RADS 3652L.

RADS 3652L Sonographic Physics II Lab
0 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Corequisite(s): RADS 3652.

RADS 3750 Advanced Patient Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Indications and contraindications for diagnostic and therapeutic cardiovascular procedures and an analysis of treatment modalities.
Prerequisite(s): A minimum grade of "C" in RADS 3050 and RADS 3761.

RADS 3750L Advanced Patient Care Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 3761 Cardiovascular Clinical Edu
2 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Prerequisite(s): A minimum grade of "C" in all of the following: RADS 3771 and prior or concurrent enrollment in RADS 3772 and RADS 3150 and RADS 3775.
RADS 3762 Cardio Clinical Education II
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Prerequisite(s): A minimum grade of "C" in all of the following: RADS 3761 and prior or concurrent enrollment in RADS 4751 and RADS 4752.

RADS 3771 Intro Cardiovasc Interv Sci
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
An introduction to the concepts of and techniques involved in the diagnosis of cardiac and vascular disease.
Corequisite(s): RADS 3771L.

RADS 3771L Intro Cardiovasc Interv Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3771.

RADS 3772 Cardiovascular Imaging & Equip
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
The operation and clinical application of equipment, devices and technology utilized in the diagnosis of cardiac and vascular disease.
Prerequisite(s): A minimum grade of "C" in RADS 3771.
Corequisite(s): RADS 3772L.

RADS 3772L Cardiovascular Imaging & Equip Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3772.

RADS 3775 Adv Patient Care & Monitoring
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
Indications for diagnostic and therapeutic cardiovascular procedures and analysis of treatment modalities. Caring for the cardiovascular procedural patient, pre, intra, and post procedure are emphasized.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3772 and RADS 3050 and RADS 3090.
Corequisite(s): RADS 3775L.

RADS 3775L Adv Patient Care & Mon Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Corequisite(s): RADS 3775.

RADS 3900 Special Topics In Rad Science
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
Supervised independent study.

RADS 4050 Quality Mgmt In Radiography
2 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Equipment testing, analysis of quality control data and quality assurance data, federal government guidelines and introduction to Total Quality Management(TQM) concepts and procedures.
Prerequisite(s): A minimum grade of "C" in RADS 3090.
Corequisite(s): RADS 4050L.

RADS 4050L Qual Mgmt In Radiography Lab
0 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Corequisite(s): RADS 4050.

RADS 4090 Radiographic Physics
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
Interaction of radiation with matter, formation of photographic and electronic images, and the physics of nuclear magnetic image and computed tomography.
Prerequisite(s): A minimum grade of "C" in RADS 3090.

RADS 4111 Adv Imaging In Mri
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instrumentation, operation, and clinical uses of Magnetic Resonance Imaging.
Prerequisite(s): A minimum grade of "C" in RADS 3090.

RADS 4112 Advanced Imaging In Ct
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instrumentation, operation, and clinical uses of computerized tomography.
Prerequisite(s): A minimum grade of "C" in RADS 3090 and RADS 3112.

RADS 4113 Advanced Imaging In Mammo
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instrumentation, operation, and clinical uses of mammography.
Prerequisite(s): A minimum grade of "C" in RADS 4090.

RADS 4114 Advanced Imaging In Cvit
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instrumentation, operation, and clinical uses of cardiovascular interventional radiology.
Prerequisite(s): A minimum grade of "C" in RADS 4090.

RADS 4163 Radiography Clinical Ed Iii
1-3 Credit Hours. 0 Lecture Hours. 1-3 Lab Hours.
Supervised clinical practice in performing radiographic procedures.
Prerequisite(s): A minimum grade of "C" in RADS 3162.

RADS 4164 Radiography Clinical Ed Iv
5 Credit Hours. 0 Lecture Hours. 24 Lab Hours.
Supervised clinical practice in performing radiographic procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4163.

RADS 4164S Radiography Synthesis
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of theoretical concepts of radiography as they relate to practice.

RADS 4165S Clin Ed V--Radiography Seminar
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.

RADS 4171 Magnetic Resonance Clinical Ed
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing magnetic resonance imaging procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4111.

RADS 4172 Computed Tomography Clinic Ed
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing computed tomography procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4112.

RADS 4173 Mammography Clinical Ed
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing mammography procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4113.

RADS 4174 Cardio Intervention Clinic Ed
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical practice in performing cardiovascular interventional procedures.
Prerequisite(s): A minimum grade of "C" in RADS 4114.

RADS 4175 Advanced Clinical Education
1-6 Credit Hours. 0 Lecture Hours. 1-15 Lab Hours.
A clinical experience in the advanced area of magnetic resonance imaging or computerized tomography or mammography or cardiovascular interventional radiology. Offered on demand and may be repeated for credit.

RADS 4176 Specialized Clinical Education
1-6 Credit Hours. 0 Lecture Hours. 1-15 Lab Hours.
Supervised clinical practice in performing specialized imaging procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4175.

RADS 4201 Radiation Oncology I
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
An introduction to carcinogenesis and treatment of neoplasia Emphasis is placed upon basic neoplastic processes.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3190.
RADS 4202 Radiation Oncology II
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
A study of neoplastic disease and treatment interventions related to the head and neck, lymphoreticular, skeletal, integumentary, endocrine, and central nervous systems.
Prerequisite(s): A minimum grade of "C" in RADS 4201.

RADS 4240 Radiation Therapy Physics
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
A detailed analysis of radiation production, nuclear transformations, and interactions with matter. Discussions regarding radiation detectors, instrumentation, and radiation safety are included.
Prerequisite(s): A minimum grade of "C" in RADS 3090.

RADS 4260 Treatment Planning
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
A study of principles used to plan and deliver radiation treatments. Discussions regarding dose absorption, dose and isodose distributions with the corresponding biological effects, contouring, beam filtration, planning protocols brachytherapy, and emerging technologies are included.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4240.
Corequisite(s): RADS 4260L.

RADS 4260L Treatment Planning Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RADS 4260.

RADS 4280 Quality Mgmt Radiation Therapy
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
An examination of quality management principles used to ensure safe and efficient treatment delivery. Regulatory agencies, equipment safety, testing procedures, records, billing management are discussed.
Prerequisite(s): A minimum grade of "C" in RADS 4240.

RADS 4303 Radiation Therap Clinic Ed iii
3 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
Supervised clinical experience in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RADS 3302.

RADS 4304 Radiation Therapy Clinic Ed iv
3 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
Supervised clinical experience in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RADS 4303.

RADS 4305 Radiation Therapy Clinical Ed
4 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
Capstone clinical education course in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RADS 4304.

RADS 4307 Radiation Therapy Synthesis
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of theoretical concepts of radiation therapy as they relate to practice.
Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4280 and RADS 4260 and prior or concurrent enrollment in RADS 4304 and RADS 4305.

RADS 4308 Radiation Therapy Seminar
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of theoretical concepts of radiation therapy.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4305 and RADS 4307.

RADS 4410 Cross Sectional Anatomy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Open only to majors in the radiologic sciences. Three dimensional anatomical relationships of cross section anatomy slices and images produced by imaging modalities in the radiologic sciences. Emphasis on computed tomography and magnetic resonance imaging.

RADS 4415 Radiography Synthesis
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of theoretical concepts of radiography as they relate to practice.
Prerequisite(s): A minimum grade of "C" in all of the following: RADS 3073 and RADS 3150 and RADS 4090 and prior or concurrent enrollment in RADS 4163.

RADS 4420 Senior Radiography Seminar
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of theoretical concepts of radiography
Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4415 and RADS 4050 and prior or concurrent enrollment in RADS 4164.

RADS 4430 Professional Practice Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Open only to majors in radiologic sciences. Examination of major trends and issues affecting present day radiation and imaging sciences.

RADS 4440H Thesis In Radiologic Sciences
3 Credit Hours. 0 Lecture Hours. 3 Lab Hours.
A research project under the supervision of a radiologic science faculty committee. The project must include a thesis and oral presentation. This course will substitute for RADS4430. Open only to majors in radiologic sciences.

RADS 4450 Radiologic Sciences Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Management, leadership, health care financing and total quality concepts specific to radiologic sciences.

RADS 4451 Management Practicum
3 Credit Hours. 1-15 Lecture Hours. 1-15 Lab Hours.
Practical off-campus experience in the area of health care management.
Prerequisite(s): A minimum grade of "C" in RADS 4450.

RADS 4512 Ct In Practice Of Nuclear Med
4 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instrumentation, operation, and clinical uses of computed tomography as it relates to the practice of nuclear medicine.
Prerequisite(s): A minimum grade of "C" in RADS 3112.
Corequisite(s): RADS 4512L and RADS 4533.

RADS 4512L Ct In Pract Of Nuclear Med Lab
0 Credit Hours. 0 Lecture Hours. 15 Lab Hours.
Corequisite(s): RADS 4512.

RADS 4533 Nuclear Med Clinical Edu iii
4 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Supervised clinical practice in performing nuclear medicine procedures.
Prerequisite(s): A minimum grade of "C" in RADS 3532.

RADS 4534 Nuclear Med Clinical Edu iv
2 Credit Hours. 0 Lecture Hours. 8 Lab Hours.
Supervised clinical practice in performing nuclear medicine procedures.
Prerequisite(s): A minimum grade of "C" in RADS 4533.
Corequisite(s): RADS 4535.

RADS 4535 Nuclear Med Clinical Edu V
2 Credit Hours. 0 Lecture Hours. 8 Lab Hours.
Supervised clinical practice in performing nuclear medicine procedures.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 4535.

RADS 4540 Nuclear Medicine Physics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics include decay modes, half-life, radiation interactions, radiation measurements and instrumentation.
Prerequisite(s): A minimum grade of "C" in RADS 3090 and RADS 3503 and RADS 3499.
Corequisite(s): RADS 4540L.
RADS 4540L Nuclear Medicine Physics Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.
Decay models, half-life, radiation interactions, and radiation measurement as applied to nuclear medicine imaging.
Prerequisite(s): A minimum grade of "C" in RADS 3090.
Corequisite(s): RADS 4540.

RADS 4561 Nuclear Medicine Synthesis
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
A discussion of theoretical concepts of nuclear medicine. Prerequisite(s): A minimum grade of "C" in all of the following: RADS 3503 and RADS 3150 and RADS 4540 and prior or concurrent enrollment in RADS 4535.

RADS 4562 Nuclear Medicine Seminar
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
A discussion of advanced theoretical concepts of nuclear medicine. Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4570 and prior or concurrent enrollment in RADS 4635 and RADS 4561.

RADS 4570 Introduction To Pet
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The principles of positron emission topography. Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4540 and prior or concurrent enrollment in RADS 3532.

RADS 4570L Introduction To Pet Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RADS 4571 Nuclear Medicine Practicum I
1 Credit Hour. 0 Lecture Hours. 1-12 Lab Hours.
Clinical practice in routine nuclear medicine procedures. Prerequisite(s): A minimum grade of "C" in RADS 3520.
Corequisite(s): RADS 3503 and RADS 4540.

RADS 4572 Nuclear Medicine Practicum II
1 Credit Hour. 0 Lecture Hours. 1-12 Lab Hours.
Continuation of practice in routine nuclear medicine procedures. Prerequisite(s): A minimum grade of "C" in RADS 4571.

RADS 4573 Advances In Nuclear Medicine
4 Credit Hours. 3 Lecture Hours. 20 Lab Hours.
Explores the role of positron emission tomography and other advances in nuclear medicine. Students are required to perform a practicum in these areas.
Prerequisite(s): A minimum grade of "C" in RADS 4572.

RADS 4574 Nuclear Medicine Inquiry
4 Credit Hours. 3 Lecture Hours. 20 Lab Hours.
Synthesis of information and skills in nuclear medicine technology. This is a required practicum for students in nuclear medicine.
Prerequisite(s): A minimum grade of "C" in RADS 4573.

RADS 4633 Sonography Clinical Ed III
3 Credit Hours. 0 Lecture Hours. 19 Lab Hours.
Supervised clinical practice in performing sonographic procedures. Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RADS 3632 and RADS 3603.

RADS 4634 Sonography Clinical Ed IV
3 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
Supervised clinical practice in performing Sonographic procedures. Prerequisite(s): A minimum grade of "C" in RADS 4633.

RADS 4635 Sonography Clinical Ed V
3 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
Supervised clinical practice in performing Sonographic procedures. Prerequisite(s): A minimum grade of "C" in RADS 4634.

RADS 4661 Sonography Synthesis
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
A discussion of theoretical concepts of Sonography. Prerequisite(s): A minimum grade of "C" in RADS 3603 and RADS 3652 and RADS 4663.
Corequisite(s): RADS 4634.

RADS 4662 Sonography Seminar
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
A discussion of advanced theoretical concepts of Sonography. Prerequisite(s): A minimum grade of "C" in RADS 4661 and RADS 4634.
Corequisite(s): RADS 4635.

RADS 4671 Intro To Vascular Sonography
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Introduction to the principles of Vascular Sonography. Prerequisite(s): A minimum grade of "C" in RADS 4634.
Corequisite(s): RADS 4635.

RADS 4671L Intro To Vas Sonography Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 4750 Pt. Assessment And Monitoring
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Prerequisite(s): A minimum grade of "C" in RADS 3750 and RADS 3772.
Corequisite(s): RADS 4750L.

RADS 4750L Pt. Assessment And Monitoring Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RADS 4751 Emergency Care
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Common cardiovascular emergencies and the optimal use of adjunctive pharmacology in addition to other therapies. Prerequisite(s): RADS 4750 and RADS 4763.

RADS 4751L Emergency Care Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Common cardiovascular emergencies and the optimal use of adjunctive pharmacology in addition to other therapies.

RADS 4752 Physio. Monitoring And Record.
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of electrical and mechanical cardiac function. Prerequisite(s): RADS 4751 and RADS 4763.

RADS 4763 Cardiovasc Clinical Ed. III
3 Credit Hours. 0 Lecture Hours. 24 Lab Hours.
Supervised clinical experience in cardiovascular/ interventional procedures. Prerequisite(s): RADS 3750 and RADS 3762.

RADS 4764 Cardiovasc. Clinical Ed. IV
4 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
Supervised clinical experience in cardiovascular/ interventional procedures. Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4751 and prior or concurrent enrollment in RADS 4763.

RADS 4765 Cardiovasc Clinical Ed V
4 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
This course provides an opportunity for competency mastery of cardiovascular procedures in the clinical environment. Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4764 and prior or concurrent enrollment in RADS 4752.

RADS 4771 Cardiovascular Synthesis
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of theoretical concepts in cardiovascular interventional technology as they relate to practice. Prerequisite(s): A minimum grade of "C" in all of the following: RADS 4764 and prior or concurrent enrollment in RADS 4765.

RADS 4772 Cardiovascular Seminar
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.
Discussion of advanced theoretical concepts in cardiovascular interventional technology as they relate to practice. A minimum grade of "C" in all of the following: RADS 4771 and prior or concurrent enrollment in RADS 4765.
RDSC 4773 Fluoroscopy and Cross-Functional Imaging
6 Credit Hours. 1 Lecture Hour. 0 Lab Hours.
Synthesis of knowledge and skills utilizing fluoroscopy in the practice of cardiovascular imaging. A minimum grade of "C" in RADS 3090 and RADS 3762.

RDSC 4773L Fluoroscopy and Cross-Functional Imaging Lab
0 Credit Hours. 0 Lecture Hours. 16 Lab Hours.
Corequisite(s): RDSC 4773.

RDSC 4800 Research Methods in Radiologic Sciences
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Application of quantitative and qualitative approaches to research issues specific to the Radiologic Sciences. Topics covered include development of research questions, study design, methodology, data collection and analysis.
Prerequisite(s): A minimum grade of "C" in HLPR 2000 and completion of MATH 2200 or MATH 1401.

RDSC 6000 Foundations of Radiologic Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an overview of Radiologic Science modalities. It will emphasize the inter-professional relationships among the disciplines of Radiologic Sciences.

RDSC 6005 Emerging Trends in Radiologic Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines emerging trends in Radiologic Sciences. Topics include current issues related to technological advances, radiation protection and professional practice issues.

RDSC 6010 Principles of Accreditation Concepts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of accreditation with emphasis on issues relevant to medical and educational institutions. Topics include institutional and programmatic accreditation pertinent to Radiologic Sciences.

RDSC 6020 Fundamental Administration Topics in Radiologic Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will delve into the administrative requirements for Radiologic and imaging administrators. Content includes management theories, legislative requirements pertaining to the healthcare environment and leadership concepts.

RDSC 6030 Picture Archiving and Communication Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics for this course include a study of the process involved in capturing, archiving, processing and displaying of medical images and related information.

RDSC 6040 Global Health Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to global health. Includes the evaluation of case studies illustrating how global health issues are best understood from multiple perspectives. Topics may include global health ethics, global health policies, gender and health and health and human rights.

RDSC Radiologic Science

RDSC 3001 Radiologic Sciences I
5 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
An introduction to professional organization, specialties, accreditation, certification, licensure, professional development, ethics, and legal issues. Topics include mechanics, electromagnetic physics, nuclear physics, x-ray production, introduction to digital imaging processes, fluoroscopy, sonographic or radiologic physical principles and instrumentation, and nuclear decay as they relate to the medical setting.

RDSC 3002 Radiologic Sciences II
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
Biological, chemical, and physical effects of radiation and radiation measurement and safety. A survey of human pathology including cancer, vascular diseases, trauma, anomalies and other disease processes as demonstrated by radiologic imaging. Includes 2D and 3D cross sectional images of ultrasound, CT, MRI, Nuclear Medicine and Radiography.
Prerequisite(s): A minimum grade of "C" in RSDC 3001.

RDSC 3060 Principles of Image Formation and Evaluation
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Open only to majors in radiologic sciences. Factors controlling radiographic image production and image quality. Topics include geometric and photographic properties, image quality evaluation, and image display.

RDSC 3060L Principles of Image Formation and Evaluation Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

RDSC 4100 Advanced Imaging Modalities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instrumentation, operation, and clinical uses of MRI or CT or Mammography or Sonography.
Prerequisite(s): A minimum grade of "C" in RADR 4101 or CVIS 4101 or NUCM 4101 or RTHR 4101 or SONO 14101 and RADR 4102 or CVIS 4102 or NUCM 4102 or RTHR 4102 or SONO 4102.

READ Reading

READ 0099A Academic Reading
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.

READ 0099B Academic Reading
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.

READ 0099C Academic Reading
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.

READ 2230 Cognition and Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines cognition and language and the relationships between the two systems. The course presents language as a special form of thinking and communication and as a complex, living, changing system. The course explores relevant theories of cognitive and language development and traces development from infancy to adolescence. The course emphasizes practices that promote specific language and cognitive competencies and explores their utilization in various contexts and with learners representing language diversity.

READ 3231 Early Language and Literacy Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the philosophical foundations and language and literacy of the environments that support learning. Candidates explore the diverse experiences of young children and the impact of those experiences on literacy learning.

READ 3330 Content Literacy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Addresses the development of reading and writing skills needed by students in grades 4-12. Instructional strategies focus on application of literacy skills in content subjects.

READ 4090 Selected Topics in Reading
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Designed to provide specialized course work to meet the needs of students. Attention will be directed toward a wide range of topics as they relate to reading education. Repeatable up to 6 credit hours.
GEORGIA SOUTHERN UNIVERSITY

READ 4131 The Teaching of Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of the basic program of reading instruction for the developmentally average child with special emphasis on adjustments and adaptations for students with special needs. Considers the stages of a child's reading development, as well as teaching and assessment techniques. Includes activities that foster the development of reading strategies, integration of the use of technology in literacy instruction, familiarity with current reading resources, and familiarity with approaches and models of instruction. Prerequisite(s): A minimum grade of "C" in READ 2230.

READ 4232 New Literacies and Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the intersections between new technology-based literacies and school-based literacies. We will also examine how recent innovations in technology education have affected our definitions of literacy, both in- and outside of school, and discuss both the positive and negative effects of ?new literacies? on educational contexts. Students will be expected to actively participate in this learning community and create technology-based lessons that they can use as professional literacy educators. Prerequisite(s): A minimum grade of "C" in READ 2230.

READ 4233 Literacy Assessment and Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines literacy difficulties encountered by children in the classroom. It emphasizes the diagnostic approach to instruction which utilizes multiple indicators of literacy performance. Using literacy data from individual cases, students practice problem solving strategies as they relate to classroom situations. Students assess literacy performance, analyze data, plan instruction, and report findings. Prerequisite(s): ELEM 3233 or READ 4131.

READ 6030A Directed Study in Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

READ 6131 Literacy Instruction and Diagnosis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide a foundation of multiple approaches to reading instruction, strategies for teaching readers at the elementary level along with learning assessment techniques for analyzing P-5 student literacy data. Candidates learn how to plan instruction based on student assessment results and research-based literacy practices. Included are ways to embed technology into literacy instruction for diverse learners.

READ 7090 Selected Topics in Reading
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Topics in Reading is designed to serve dual purposes. 1) It allows the department to respond to specific needs of area schools and 2) it allows the department to respond to current issues and trends in reading education with topical courses. Prerequisite(s): Permission of instructor.

READ 7131 Approaches to Literacy Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the major theories underlying reading and the teaching of reading. It fosters the development of strategic readers, an understanding of current reading research, integration of technology into literacy education, and familiarity with approaches to and models of instruction. The course considers the stages of an individual's reading development, as well as effective teaching strategies, assessment techniques, and organization for instruction.

READ 7132 Linking Literacy Assessment with Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the diagnosis and remediation of reading difficulties in P-16 context. Emphasis include understanding and applying a variety of assessment techniques and making informed decisions based on literacy assessment data. Field experience required.

READ 7230 Issues and Trends in Literacy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This class is designed to investigate the current issues and trends in reading instruction across levels P-16. Emphasis will be on the critical analysis of research literature that is related to the current practices and trends in the teaching of reading. Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7234 The Role of the Literacy Leader in Today's Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course describes the role of the literacy coach in today's schools from pre-K to high school. This course is designed to assist coaches in providing leadership for a school's entire reading/literacy program by providing professional development for teachers and acting as a liaison between instructional personnel and administrators. Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7330 Literacy in the Content Areas
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the interdisciplinary development of reading skills needed by students in grades P-16. Instructional strategies and methods are presented and designed to help students transfer literacy skills into content areas.

READ 7431 Digital Literacies in the 21st Century
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the intersections between new technology-based literacies and school-based literacies. We will also examine how recent innovations in technology education have affected our definitions of literacy, both in- and outside of school, and discuss both the positive and negative effects of digital literacies on educational contexts. Students will be expected to actively participate in this learning community and create technology-based lessons that they can use as professional literacy educators. Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7432 Teaching Literacy with English Learners
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the language, reading, and writing instructional needs of English language learners (emergent bilinguals). This includes exploring second language acquisition, the historical contexts surrounding the education of language minority students, and the ways in which mainstream classroom teachers can actively engage English learners in academic literacy activities. The course is grounded in sociocultural theory and builds upon P-16 students' first language as a resource. Field experience required. Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7433 Teaching Writers Through Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course explores the connections between the teaching of reading and writing. It helps candidates understand literacy related research for effective the teaching and assessing writing for P-16 students. Candidates will have opportunities to practice strategies to make themselves more confident readers and writers while learning to become effective teachers of readers and writers.

READ 7630 Teaching the Literature of Social Reflection
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course defines literature in broad terms and literature will be represented through fiction, poetry, essay, art, music and film. The selections are all based on the following questions: How does one live a life? What kind of life? And for what purpose? This course is about the stories told through any media about the world around us that lead us to broad social reflection. We feel that literature/art has the capacity to change our lives and our perspectives on the lives of others.
RECR 8130 Linking Literacy Assessment with Instruction II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Involves a continued in-depth study of the administration and interpretation of literacy and literacy-related diagnostic strategies and of corrective and remedial strategies appropriate to the needs determined through diagnosis. Focus is on individuals experiencing substantial literacy difficulties in P-12 settings. This course includes a required field-based component. Prerequisite(s): READ 7132.

RECR 8230 Organization and Supervision of Reading Programs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study is made of a balanced reading program and the relationship of the reading program to the total curriculum. Prerequisite(S): READ 7131.

RECR 8530 Critical Issues in Literacy Education with Diverse Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the contemporary critical approaches to literacy education research in a diverse society and globalizing world. This course will examine literacy and its impact on linguistically, socially, and culturally diverse students from a sociocultural and critical perspective.

RECR 8630 Critical Readings in Reading/Literacy Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

RECR 8734 Capstone in Literacy Instruction
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This is a capstone experience where candidates demonstrate the skills, knowledge, and dispositions necessary to serve as classroom, school, or district literacy experts in diverse settings focusing on P-16 students. A total of 60 hours in the field is required. Adaptations may apply. Prerequisite: READ 7131, READ 7132, READ 7330, and Permission of Advisor.

RECR 8839 Field Project in Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to enable students to design, organize, and report an instructional improvement research project implemented in reading. Prerequisite(s): EDUR 8434.

RECR 8890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
The Directed Individual Study provides an opportunity for a student to pursue an area of interest not covered by any existing courses in a guided, independent format. The student is responsible for defining an area of study, course objectives, activities and assessment procedures and identifying a graduate faculty member in the Reading Program who will supervise the study. Prerequisite(s): Permission of Instructor.

RECR Recreation

RECR 1530 Introduction to Recreation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Historical examination of the leisure services profession; sociological, economic, psychological, political, and technological considerations for the delivery of leisure and recreation services in contemporary society.

RECR 2131 Introduction to Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will expose students to the historical and philosophical underpinnings of the recreational therapy profession. Additionally, significant class time will be spent exploring a variety of counseling techniques, leadership styles, and recreational therapy settings.

RECR 2136 Disability, Health, and Rehabilitation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide students with the opportunity to explore multiple disability types and their respective settings, societal and personal attitudes regarding disabilities, inclusion, and adaptive and assistive technologies.

RECR 2530 Leadership and Programming in Leisure Services
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides a basic understanding of the practice and theory of recreation program development and leadership in various service settings. Covers the process of recreation programming, principles of leadership, meeting the needs of a diversity of participants, and the implementation of programs and activities.

RECR 3135 Program Planning in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will address issues related to the development of comprehensive and individual program plans. Students will have the opportunity to develop specific program plans, complete activity analyses, and engage with clients in the recreational therapy facility of their choosing.

RECR 3137 Facilitating Experiences in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will address topics including experiential learning and debriefing, with specific focus placed on how to debrief therapeutic activities to address client improvement. Significant class time will be spent engaging in activities designed to help students master class concepts. Additionally, class time will be spent at the Georgia Southern Challenge Course.

RECR 3230 Adventure Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to recreational, educational, developmental, and therapeutic adventure programming. Emphasis is placed on theoretical foundations, outdoor skill development, trip planning & logistics, leadership, risk management, and effective experiential teaching methods. A three day field experience is required.

RECR 3235 Outdoor Recreation Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the history, philosophy, policies, and laws associated with natural and cultural resource management, and to ecological and heritage preservation concepts as applied in the field of outdoor recreation management.

RECR 3236 Planning Recreation Areas and Facilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic understanding of the principles and procedures for planning, designing, and operating recreation and park areas and facilities. Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 3335 Tourism Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamental understanding of the dynamics and components to tourism and the tourism industry from the historical and applied perspectives.

RECR 3336 Heritage Tourism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the managerial issues and promotional techniques required for the effective operation of heritage-based tourism and leisure service entities.

RECR 3337 International Tourism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the student to the field of international tourism from the social, scientific and applied perspectives, including such concepts as: tourists motivation, foreign exchange, migration, deviant practices associated with international tourism, and the phenomena of tourist-host relations.
RECR 3430 Conference and Event Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of principles and practices specific to meetings and events, such as conferences, conventions, festivals, and workshops. Principles and practices related to site selection, transportation, food and beverage, exhibits, special program features, social functions, and evaluations will be addressed.

RECR 3530 Attraction and Tourism Management Field School
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Utilizes an intensive one-week field school methodology and provides students with an exposure to, and understanding of, the various attractions and infrastructure that compromise a working tourism system. Students will explore and understand a variety of managerial issues pertinent to the operation of specific attractions within the tourism system.
Prerequisite(s): A minimum grade of "C" in RECR 3335 or Permission of instructor available for qualified non-majors.

RECR 4130 Assessment in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on the importance and process of conducting individual assessments within recreational therapy. Class time will be spent understanding the foundational principles of assessments, and students will practice implementing and developing standardized and non-standardized assessment tools.
Prerequisite(s): A minimum grade of "C" in RECR 2131.

RECR 4135 Intervention Techniques in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide students with the ability to implement various intervention techniques in recreational therapy. Students will demonstrate the ability to conduct activity and task analyses along with facilitating intervention techniques for a variety of populations.

RECR 4136 Documentation and Evaluation in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will expose students to multiple means of documentation, evaluation of client progress and programs, utilization of assessment results, and the importance of evidence-based practice.
Prerequisite(s): Minimum grade of "C" in RECR 2131 and RECR 2136 or Permission of Instructor.

RECR 4230 Environmental Education and Interpretation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides students with foundational knowledge and skills in the areas of environmental education and interpretation, as applied in natural and cultural resource management settings. Strategies for promoting quality visitor experiences and protecting park resources will be addressed.
Prerequisite(s): A minimum grade of "C" in RECR 1530 or Permission of Instructor.

RECR 4235 Healthcare Administration in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on issues related to the administration and management of recreational therapy services in a variety of settings. Topics covered will include: managed care, reimbursement, ethical decision making, standards of practice, supervision of volunteers and interns, and related legislation.
Prerequisite(s): Minimum grade of "C" in RECR 2131 and RECR 2136 or Permission of Instructor.

RECR 4430 Financial and Legal Dimensions of Recreation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A basic understanding of techniques of financing and budgeting, and a knowledge of legal, legislative, and risk management concepts as they relate to recreation service delivery.
Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 4435 Managing Recreation Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An understanding of organizational behavior, human resources management, ethical principles, and professional issues as they impact the delivery of recreation services.
Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 4530 Marketing Recreation Services
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An understanding of marketing techniques and strategies as they apply to the delivery of recreation services, including knowledge of public relations and promotion strategies.
Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 4530S Marketing Recreation Services
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An understanding of marketing techniques and strategies as they apply to the delivery of recreation services, including knowledge of public relations and promotion strategies.
Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 4536 Evaluation and Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A basic understanding of research and evaluation methods, design, analysis, interpretation, and report writing, and the ability to conduct, present, evaluate, and utilize research on recreation.
Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 4630 Professional Development in Recreation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prepares students for the recreation internship program and subsequent professional employment. Topics include professionalism in recreation and leisure services, development of internship goals, identification of potential internship sites, preparation of cover letters and resumes, interviewing techniques, and selection of the internship site. Students will have the opportunity to interact with recent GSU graduates and professionals within the recreation and leisure services profession.
Prerequisite(s): A minimum grade of "C" in RECR 1530 and RECR 2530.

RECR 4730 Professional Advancement in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to prepare recreational therapy students for the transition from education to practice. In-class discussions include current trends and issues in the field, preparation for the NCTRC certification exam, and researching and preparing for a clinical education experience meeting NCTRC requirements.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RECR 2131 and RECR 3135 or permission of instructor.

RECR 4735 Fieldwork in Recreational Therapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide students with the opportunity to engage with and observe Recreational Therapists in real-world settings. Class time will be dedicated to preparation for field work; however, the majority of the course will require fieldwork under the supervision of a Certified Therapeutic Recreation Specialist.
Prerequisite(s): Minimum grade of "C" in RECR 3137 and RECR 4130 or Permission of Instructor.

RECR 4790 Internship
12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A 12-15 week supervised work experience related to student's emphasis area which allows application of classroom knowledge and theory to practice.
Prerequisite(s): Total Institution GPA of 2.0 or better, completion of all university core curriculum and major degree requirements, 200 approved experience hours, and permission of Recreation emphasis area faculty.
RECR 4830 Selected Topics in Recreation  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Provides the student with the opportunity to study contemporary topics and issues relevant to recreation and sport administration.

RECR 6230 Financial Management in Recreation Organizations  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Provides in-depth understanding of budgeting and financial management within recreation organizations; students will apply intermediate and advanced computer skills using contemporary software applications common in recreation settings.

RECR 7230 Research Methods in Recreation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Students will develop an understanding of research design, program evaluation, and data analysis as applied in recreation and leisure service organizations. The goal of the course is to produce informed consumers of research-based information and to provide students the opportunity to prepare for advanced graduate study.

RECR 7235 Issues and Trends in Recreation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Course investigates current and anticipated issues in the recreation field with an emphasis on problem-solving, decision making, and policy formation in administrative settings.

RECR 7236 History and Philosophy of Recreation and Leisure  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A critical inquiry into the history and philosophy of recreation and leisure with an emphasis on theoretical foundations applicable in contemporary society.

RECR 7237 Recreation Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An overview of recreation management with an emphasis on organizational behavior, human resource management, and legal principles applicable in recreation and leisure service organizations.

RECR 7790 Internship  
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
This nine credit hour course provides the opportunity for a full-time, 600 hour professional work experience in an approved recreation setting. Requires completion of a capstone project with dissemination of outcomes in written and verbal formats.

RECR 7830 Directed Individual Study  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Provides the opportunity for students to pursue independent research or participate in faculty sponsored projects.

RECR 7999 Thesis  
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Students conduct an independent research project on a topic applicable to recreation and leisure services; requires development of a research proposal, data collection and analysis, and dissemination of results in written and verbal formats.

RELI Religion  
RELI 2100 World Religions  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Survey of the major religious traditions of the world.

RELI 4000 Special Topics/Religious Stu  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Subjects are announced when offered. Includes religious studies abroad field experience and research as arranged and approved by program coordinator. May be repeated for additional credit when topics change.  
Prerequisite(s): Completion of RELI 2100.

RELS Religious Studies  
RELS 2100 World Religions  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Survey of the major religious traditions of the world.

RELS 2130 Introduction to Religious Studies  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to definitions, perspectives, and methods used in religious studies, as well as, to the varieties of religious issues and expressions.

RELS 3030 Selected Topics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Selected Topics in Religious Studies.

RELS 3134 Introduction to Asian Religions  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is an introduction to the religious traditions of Asia. Traditions covered include Hinduism, Buddhism, Jainism, Sikhism, Islam, Daoism, and Confucianism.

RELS 3135 Introduction to Hinduism  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is an in-depth exploration of the Hindu traditions, and the beliefs, rituals, and cultural expressions of those who practice them.

RELS 3136 Introduction to Islam  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is an in-depth exploration of Islam around the world, and the beliefs, rituals, and cultural expressions of those who practice it.

RELS 3137 Introduction to Christianity  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will introduce students to the academic study of diverse social, intellectual, and political movements that have been classified as Christian.

RELS 3138 Introduction to Buddhism  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is an introduction to the wide range of Asian Buddhist ideas and practices, including Theravada, Mahayana, and Tantric Buddhism's interaction with indigenous traditions.

RELS 3139 History of Religion in the U.S.  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A survey and analysis of the major religious patterns in the United States with special attention given to belief systems, institutional forms, social composition, and historical development.  
Cross Listing(s): HIST 3139.

RELS 3233 The Early Church  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
How did Christianity turn from an illegal, persecuted cult into the official religion of the Roman empire? The course will focus on the first five hundred years of the Christian church: its development, doctrine, and especially its relationship with the ancient civilizations of the Mediterranean world (Greece, Rome, and the Near East). Cross Listing(s): HIST 3233.

RELS 3234 Asian Religious Philosophy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is a study of Asian religious philosophy based on reading and analysis of primary texts (in translation). Through close investigation of philosophical texts, the course will explore ideas about ethics, truth, and the nature of reality.
RELS 3235 Religion, Sex, and Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the complex and varied constructions of gender and sex in different religious texts, practices, and institutions. While an essential part of the course will take the form of lectures, a major component will consist of discussion and co-inquiry.

RELS 3238 The Hebrew Prophets
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on a detailed and careful reading of the text of the book of Genesis, with two primary aims in mind: 1) an understanding of the narratives, within the historical context and more importantly the theological nexus of the narrative; and 2) the implications and applications for contemporary society and the issues we face.

RELS 3250 The Muslim World to Tamerlane
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the rise of Islam in the seventh century and of the various Muslim societies that arose prior to the fifteenth century from the Iberian Peninsula to South Asia. Cross Listing(s): HIST 3250, INTS 3250.

RELS 3251 The Muslim World Since Genghis Khan
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the global reach of Islam since the thirteenth century. The focus is on how Muslim societies have dealt with the precipitous decline in their well-being since their pinnacle of influence in the seventeenth century. Cross Listing(s): HIST 3251, INTS 3251.

RELS 3330 Introduction to the Hebrew Bible
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce the student to the fundamental ideas, themes, and trajectories in the Hebrew Bible. We shall examine the various historical, cultural, and religious contexts of the Hebrew Bible as far as this is possible, and seek to broaden our understanding of the various claims of the text, and in turn to stimulate questions and reflections on contemporary relevance. Close attention will be paid to the reading and interpretation of the text.

RELS 3334 Christian Europe 450-1750
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The major theme of this course is the development of various Christian traditions in Europe from the early middle ages to the Enlightenment. Topics include the spread of Christianity, formation of distinct Christian churches, and the many wars fought in the name of Christianity. Cross Listing(s): HIST 3334.

RELS 3335 Introduction to the New Testament
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the fundamental ideas, themes, and trajectories represented in New Testament texts. We shall examine the historical, cultural, and religious contexts of the New Testament and broaden our understanding of the various claims of its texts. We shall also question and reflect upon the New Testament's contemporary relevance. Close attention will be paid to the texts.

RELS 3430 Religion and Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the production of religion and politics from a global perspective. Students will learn about political theories of religion as well as consider the intersection of religion and politics in different national and international contexts.

RELS 4336 Science and Religion
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the interactions between science and religion from ancient times to the present. Cross Listing(s): HIST 4336.

RELS 4890 Seminar in Religious Studies
1-9 Credit Hours. 1-9 Lecture Hours. 0 Lab Hours.
Seminar in Religious Studies.

RESP 3110 Medical Terminology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The language of medicine/health care: word construction, definitions, spelling, abbreviations, symbols and information technology systems. Develop ability to comprehend and discuss medical records and professional journals. Develop effective written and oral communication skills.

RESP 3110 Patient Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A problem solving approach to evaluation and treatment of patients with cardiopulmonary disease. History taking, physical examination, radiographs, ECG, lab tests, spirometry, and blood gas analysis.

RESP 3120 Respiratory Care Equipment
3 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Theory of operation, application, and evaluation of equipment used in respiratory care. Lab emphasis on selection, trouble shooting, quality control, and asepsis. Corequisite(s): RESP 3110 and RESP 3120L.

RESP 3120L Respiratory Care Equip Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RESP 3110, RESP 3120, RESP 3151C.

RESP 3151C Clinical Practicum I
1 Credit Hour. 0 Lecture Hours. 6 Lab Hours.
Preclinical skills development, orientation to the hospital environment, and introduction to electronic information systems. Corequisite(s): RESP 3110.

RESP 3210 Clinical Pharmacology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Principles of pharmacology including pharmacokinetics, dynamics, drug interactions, and toxicology emphasizing drug groups used in treatment of cardiopulmonary disease.
RESP 3220 Respiratory Care Fundamentals
3 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Development and implementation of the care plan; evaluation of patient response to therapy with laboratory experience and extensive use of therapeutic protocols and decision making algorithms.
Prerequisite(s): A minimum grade of "C" in RESP 3110.

RESP 3220L Respiratory Care Fund Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RESP 3220.

RESP 3230 Diagnostic Procedures
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A problem solving approach to evaluation and diagnosis of cardiopulmonary disease with emphasis on procedural protocols, analysis of results, and application to the care plan.
Prerequisite(s): A minimum grade of "C" in RESP 3110.

RESP 3230L Diagnostic Procedures Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Corequisite(s): RESP 3230.

RESP 3252C Clinical Practicum II
3 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Application of therapeutic protocols, assessment of patient response to therapy and modifications of the care plan based on patient response outside of the critical care environment.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in RESP 3110.

RESP 3315 Princ Of Mech Ventilation
3 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Student focus on the operating principles of ventilators used in critical care. Laboratory experience in pneumatics and electronic circuits, setting the control panel, phasing the respiratory cycle, ventilator modes, alarms and troubleshooting will be emphasized.
Prerequisite(s): A minimum grade of "C" in RESP 3210.

RESP 3315L Princ Of Mech Ventilation Lab
0 Credit Hours. 0 Lecture Hours. 3 Lab Hours.
Corequisite(s): RESP 3315.

RESP 3325 Managing Ventilator Patient
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Introduces students to indications for vent support, initiating and monitoring the ventilator-dependent patient, recognizing acute respiratory distress and managing adverse response.
Prerequisite(s): A minimum grade of "C" in RESP 3310.

RESP 3353C Clinical Practicum III
3 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Care of the ventilator-dependent patient in the critical care environment. Patient assessment, airway care, trend monitoring, calibration, and set up of life support systems. CAI used to develop critical thinking skills.
Prerequisite(s): A minimum grade of "C" in RESP 3310.

RESP 3400 Cardiopulmonary Anat & Phys
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphasis on cardiopulmonary disease resulting from the most commonly seen illnesses in the region, microbiologically mediated disease (including agents, etiology, and issues related to bioterror), trauma, and lifestyle issues such as both indoor and outdoor air quality, sleep disordered breathing, and obesity.

RESP 3700 Intro Adv Practice Resp Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This transitional course is designed to allow students who are entering the program to learn the essentials of scholarly inquiry as they conduct basic research in respiratory therapy.

RESP 4110 Advanced Ventilatory Support
3 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Case oriented approach to management of the ventilator dependant patient. Laboratory experience in patient assessment and modification of the care plan based on patient response.
Prerequisite(s): A minimum grade of "C" in RESP 3400.
Corequisite(s): RESP 4110L.

RESP 4110L Adv Vent Support Lab
0 Credit Hours. 0 Lecture Hours. 3 Lab Hours.
Corequisite(s): RESP 4110.

RESP 4120 Cardiopulmonary Critical Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphasis on cardiopulmonary disease resulting from the most commonly seen illnesses in the region, microbiologically mediated disease (including agents, etiology, and issues related to bioterror), trauma, and lifestyle issues such as both indoor and outdoor air quality, sleep disordered breathing, and obesity.
Prerequisite(s): A minimum grade of "C" in RESP 3400.

RESP 4130 Perinatal Care
4 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Care of the pediatric and neonatal patient in the critical care environment. Laboratory experience in patient assessment, initiation and modification of the care plan based on patient response.
Prerequisite(s): A minimum grade of "C" in RESP 3400.

RESP 4130L Perinatal Care Lab
0 Credit Hours. 0 Lecture Hours. 3 Lab Hours.
Corequisite(s): RESP 4110.

RESP 4140 Cardiopulmonary Medicine
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A problem-solving approach to the pathophysiology and medical management of cardiopulmonary problems encountered in the hospital setting.

RESP 4154C Clinical Practicum IV
3 Credit Hours. 0 Lecture Hours. 18 Lab Hours.
Advanced monitoring of the CP and CV system in the adult ICU environment. Home/subacute care rotation will emphasize core of the chronically ill patient. Introduction to the role of the RCP in pediatric/neonatal ICU.
Prerequisite(s): A minimum grade of "C" in RESP 3400.

RESP 4215 Prof Issues In Resp Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A senior capstone course with emphasis on the economics of health care, fundamental principles of management and leadership, applied research and legal issues.
Prerequisite(s): A minimum grade of "C" in RESP 3400.

RESP 4265C Clinical Internship
12 Credit Hours. 0 Lecture Hours. 36 Lab Hours.
A preceptor-based clinical capstone course designed to facilitate independent practice of respiratory care and transition into the workforce. Students must pass a comprehensive, summative clinical evaluation and earn the CRT credential to earn a passing grade. Evenings, nights, and weekend scheduling will be required. Application and interview required.
Prerequisite(s): A minimum grade of "C" in RESP 3400.

RESP 4700 Preceptorship Cardiopul Care
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
A preceptor-based clinical capstone course designed to facilitate independent practice of respiratory care and transition into the workforce. Specialized training as preceptor for asthma education or sleep disorders specialty credential is encouraged.
Prerequisite(s): A minimum grade of "C" in RESP 3400.
RHAB Rehabilitation Sciences

RHAB 1000 Introduction to Rehabilitation Sciences
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Description of the different rehabilitative professions and exploration of the rehabilitation sciences major.

RHAB 4000 Appl Of Research To Rehab Prof
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Application of quantitative and qualitative approaches to research issues specific to the rehabilitative professions.
Prerequisite(s): MATH 2200 and a minimum grade of "C" in HLPR 2000 or permission of instructor.

RHAB 4100 Neuroscience for the Rehabilitation Professions
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic neuroanatomy, neurophysiology and neuropharmacology in the context of rehabilitation.

RHAB 4111 Pathophys For Rehab Prof I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to general pathophysiological processes including inflammation and immunity and the pathophysiology of the musculoskeletal, neuromuscular and integumentary systems. Will include description of conditions, medical interventions and application to rehabilitation. Prerequisite(s): A minimum grade of "C" in BIOL 2082 or permission of instructor.

RHAB 4112 Pathophys For Rehab Prof II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to pathophysiology of the cardiovascular, pulmonary, renal and endocrine systems. Will include description of conditions, medical interventions and application to rehabilitation. Prerequisite(s): A minimum grade of "C" in BIOL 2082 or permission of instruction.

RHAB 4900 Topics in Rehabilitation Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for upper-level Rehabilitation Science majors and upper-level Neuroscience minors. Specific interdisciplinary neuroscience topics will be included.

RHAB 4901 Directed Study Rehab Sciences
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Individualized instruction in an area of interest in Rehabilitation Science.

RHAB 4902 Directed Study Rehab Sci II
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Individualized instruction in an area of interest in rehabilitation sciences.

RHAB 4903 Directed Study Rehab Sci III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

RHAB 4904 Directed Study Rehab Sci IV
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.

RTHR Radiation Therapy

RTHR 3001 Radiation Therapy I
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
An introduction to the history and practice of radiation therapy with an emphasis on patient care, radiation protection, treatment preparation, and treatment delivery associated with the study of neoplastic disease and treatment interventions.
Corequisite(s): RDSC 3001.

RTHR 3002 Radiation Therapy II
6 Credit Hours. 5 Lecture Hours. 0 Lab Hours.
Radiation production, nuclear transformations, and interactions with matter including radiation detectors, instrumentation, and radiation safety. Includes radiation therapy equipment operation and utilization for simulation and treatment along with an examination of quality management principles used to ensure safe and efficient treatment delivery. Regulatory agencies, equipment safety, testing procedures, and importance of documentation are highlighted.
Prerequisite(s): A minimum grade of "C" in RTHR 3001.
Corequisite(s): RDSC 3002.

RTHR 3002L Radiation Therapy II Lab
0 Credit Hours. 0 Lecture Hours. 3 Lab Hours.

RTHR 3003 Radiation Therapy III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the principles used to plan and deliver radiation treatments. Dose absorption, dose and isodose distributions, contouring, hand calculations, brachytherapy, and emerging technologies are included.
Prerequisite(s): A minimum grade of "C" in RTHR 3002.

RTHR 3003L Radiation Therapy III Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

RTHR 3100 Introduction to Radiation Therapy Clinical Education
1 Credit Hour. 1 Lecture Hour. 0-18 Lab Hours.
Overview of the clinical setting, administrative structures, legal/compliance requirements, and required documentation.
Prerequisite(s): A minimum grade of "C" in RTHR 3001.
Corequisite(s): RTHR 3002.

RTHR 4101 Radiation Therapy Clinical Education I
5 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
A supervised clinical experience in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RTHR 3100 and DDTS 3001.

RTHR 4102 Radiation Therapy Clinical Education II
6 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Supervised clinical experience in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RTHR 4101.

RTHR 4103 Radiation Therapy Clinical Education III
9 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Capstone clinical education course in the application and delivery of radiation therapy.
Prerequisite(s): A minimum grade of "C" in RHR 4102.

RTHR 4200 Radiation Therapy Synthesis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Discussion of theoretical concepts of radiation therapy as they relate to practice.
Prerequisite(s): A minimum grade of "C" in RTHR 3003 and RTHR 4102.

SABR Study Abroad

SABR 2960 Study Abroad
1-15 Credit Hours. 1-15 Lecture Hours. 1-15 Lab Hours.
Offered as part of a study abroad program. Instruction related to countries visited and the academic discipline of the instructor.

RLC Residential Life Communities

RLC 1000 Academic and Professional Success in an RLC
0 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is designed for students living in the Lab Living-Learning Community (LLC). Course provides these LLC students with opportunities to learn about COSM-specific academic expectations, teaches students how to find involvement opportunities, discusses how to become involved in campus research, and allows students the opportunity to learn about new advances in fields of science and mathematics.
SABR 3351 Study Abroad in Rome & Athens
3-9 Credit Hours. 3-9 Lecture Hours. 0 Lab Hours.
An 8-9 week summer semester's residence and study in Rome and Athens in conjunction with the Studies Abroad Program of the University System of Georgia. Through visits to monuments, museums, and classical ruins, and on excursions to Crete, Delphi, Ostia, Tivoli, Tarquinia, and Frascati, the student experiences life in the ancient world.
Prerequisite(s): LATN 1002.

SABR 3352 Study Abroad in Rome & Athens
3-9 Credit Hours. 3-9 Lecture Hours. 0 Lab Hours.
An 8-9 week summer term residence and study in Rome and Athens in conjunction with the Studies Abroad Program of the University System of Georgia. Through visits to monuments, museums, and classical ruins, and on excursions to Crete, Delphi, Ostia, Tivoli, Tarquinia, and Frascati, the student experiences life in the ancient world.
Prerequisite(s): LATN 1002.

SABR 3353 Study Abroad in Rome & Athens
3-9 Credit Hours. 3-9 Lecture Hours. 0 Lab Hours.
An 8-9 week summer term residence and study in Rome and Athens in conjunction with the Studies Abroad Program of the University System of Georgia. Through visits to monuments, museums, and classical ruins, and on excursions to Crete, Delphi, Ostia, Tivoli, Tarquinia, and Frascati, the student experiences life in the ancient world.
Prerequisite(s): LATN 1002.

SCED Secondary Education

SCED 3121 Planning and Instruction for Secondary Educators
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course is designed to assist teacher candidates in understanding curriculum design, instructional planning and teaching practices in the secondary school and in reflecting on best practices in secondary instruction. Emphasis is placed on planning, presentation, and assessment skills, as well as developing strategies for working with the diverse student populations present in schools. Candidates will design lesson plans focusing on the selection of appropriate learning objectives related to specific knowledge, skills, and dispositions in one's teaching field; selection of interactive learning activities and resources—including multiple technologies; and the use of appropriate assessments of student learning.
Prerequisite(s): Admission to the Teacher Education Program.
Corequisite(s): SCED 3721.

SCED 3237 Methods of Teaching Science in Secondary Schools
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This course is designed to assist students in understanding the purpose of science in the secondary school curriculum and becoming familiar with the trends in science instruction. Skills are developed in using classroom laboratory and field trip experiences in planning and evaluating science instruction. Major emphasis is placed on planning and presentation skills and on developing strategies to facilitate working with the diverse student populations present in the public schools.
Prerequisite(s): A minimum grade of "C" in SCED 4137 and SCED 4732. Corequisite(s): SCED 4231 and SCED 4739.

SCED 3337 Methods of Teaching Language Arts in Secondary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of methods and materials appropriate in teaching composition, literature, and oral expression in the secondary school English program. Emphasis will be placed on the writing process, teaching grammar through writing, and literature for grades 6-12.
Prerequisite(s): A minimum grade of "C" in SCED 4137 and SCED 4732. Corequisite(s): SCED 4231 and 4739.

SCED 3437 Methods of Teaching Social Science in Secondary Schools
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
A study of the social sciences in the secondary schools with emphasis on curriculum issues, planning social science instruction, methods and materials appropriate for older adolescents and topical issues in teaching social sciences.
Prerequisite(s): A minimum grade of "C" in SCED 4137 and SCED 4732. Corequisite(s): SCED 4231 and SCED 4739.

SCED 3537 Methods of Teaching Mathematics in Secondary School
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
A study of teaching methods and materials, curriculum, and trends in secondary school mathematics.
Prerequisite(s): A minimum grade of "C" in SCED 4731 and SCED 4732. Corequisite(s): SCED 4231 and SCED 4739.

SCED 3721 Secondary School Practicum I
2 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A supervised introductory teaching experience in grades 6-12. Candidates will observe, assist, plan, and teach in the specific teaching field and grade level for which they are being certified. Emphasis is placed on observation and participation in various aspects of classroom life and the unique needs of adolescent learners.
Prerequisite(s): Admission to the Teacher Education Program.
Corequisite(s): SCED 3121.

SCED 4137 Instructional Assessment for Diverse Learners
3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
The goal for this course is for teacher candidates to learn specific teaching strategies and approaches to curriculum and assessment that meet the needs of diverse learners. Candidates will learn how to design learning opportunities and assessments that are aligned with the strengths and needs of students with diverse ability levels as well as culturally and linguistically diverse students. Candidates will also learn how to use assessment data to inform instruction.
Prerequisite(s): A minimum grade of "C" in SCED 3121 and SCED 3721. Corequisite(s): SCED 4732.

SCED 4231 Content Specific Pedagogy for Secondary Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Teaching and evaluation of content-specific academic language through writing strategies and interdisciplinary instruction. Special attention will be given to engaging and enhancing the writing needs of diverse adolescent learners, as well as evaluating the effectiveness of instruction.
Prerequisite(s): A minimum grade of "C" in SCED 4137 and SCED 4732. Corequisite(s): SCED 4739.

SCED 4632 Student Teaching Seminar in Secondary Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This seminar course provides a forum for discussion and examination of critical issues related to students’ teaching responsibilities and transition to first-year teaching in Grades 6 – 12 classrooms.
Prerequisite(s): Completion of the teaching field and professional education courses and admission to the Student Teaching Program.
Corequisite(s): SCED 5799.

SCED 4732 Secondary School Practicum II
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A supervised teaching experience in grades 6-12. Candidates will observe, assist, plan, and teach in the specific teaching field and grade level for which they are being certified. In collaboration with the classroom teacher, candidates will plan and teach lessons that specifically address academic language, content, and pedagogy in their assigned content area.
Prerequisite(s): A minimum grade of "C" in SCED 3121 and SCED 3721. Corequisite(s): SCED 4137.
SCED 4739 Student Teaching Residency I
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This supervised practicum is a field-based teaching experience in a secondary school classroom. The goals for this course are for teacher candidates to (1) apply teaching and assessment strategies to support diverse learners in various classroom settings (2) meaningfully and effectively utilize instructional technology to support student learning, and (3) thoughtfully reflect on instructional practices to successfully impact student learning.
Prerequisite(s): A minimum grade of "C" in SCED 4137 and SCED 4732.
Corequisite(s): SCED 4231 and content course.

SCED 5100G Understng Rdr & Rdg Process
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphases include major theories underlying reading and the teaching of reading, current topics and issues in the literacy field, variety of teaching strategies, and an introduction to past and present literacy scholars and their contributions to the teaching of reading. This is the first of three courses that will lead to a Reading Endorsement Certificate.

SCED 5450G Economic Education For Tchrs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of basic microeconomic and macroeconomic concepts, methodology, resources for incorporating economics in the school curriculum, and teaching material development at the appropriate grade levels.

SCED 5799 Student Teaching in Secondary Education
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A period of guided teaching during which the candidate, under the direction of a clinical supervisor, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities. Prerequisite(s): Admission to the Student Teaching Program.
Cross Listing(s): SCED 5799G.

SCED 5799G Student Teaching in Secondary Education
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A period of guided teaching during which the candidate, under the direction of a clinical supervisor, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities.
Corequisite(s): MSED 7635. Cross Listing(s): SCED 5799.

SCED 6340 Content Methods In Engl Educ
3 Credit Hours. 0 Lecture Hours. 1-12 Lab Hours.
Course prepares candidates to teach English language arts at the secondary level to diverse learners using best practices. A field experience is required.

SCED 6350 Content Methods In Math Educ
3 Credit Hours. 3 Lecture Hours. 1-12 Lab Hours.
Course prepares candidates to teach mathematics at the secondary level to diverse learners using best practices. A field experience is required.

SCED 6360 Content Methods For Hist Educ
3 Credit Hours. 3 Lecture Hours. 1-12 Lab Hours.
Course prepares candidates to teach history at the secondary level to diverse learners using best practices. A field experience is required.

SCED 6370 Content Methods In Sci Educ
3 Credit Hours. 3 Lecture Hours. 1-12 Lab Hours.
Course prepares candidates to teach science at the secondary level to diverse learners using best practices. A field experience is required.

SCED 6738 Supervised Practicum in Secondary Education
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A supervised teaching experience in grades 6-12. Candidates will plan and teach in one's specific teaching field(s) and grade levels for which they are being certified. Emphasis is placed on instructional planning, effective instruction, classroom management, and student evaluation.
Prerequisite(s): A minimum grade of "C" in MSED 6120 and admission to Teacher Education Program. Corequisite(s): MSED 6131.

SCED 6739 M.A.T. Internship I: Secondary
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This supervised practicum course is designed for M.A.T. candidates who are employed full time in an approved teaching position. It provides a supervised teaching experience in an appropriate grade level and school setting for the candidate's teaching field. Candidates will plan and teach in the specific teaching field(s) and grade levels for which one is being certified. Emphasis is placed on instructional planning, classroom management, and student evaluation.
Prerequisite(s): A minimum grade of "C" in MSED 6120; admission to Teacher Education Program.
Corequisite(s): MSED 6131; candidates must hold a valid non-renewable teaching certificate and be currently employed in grades 6-12 and teaching in the teaching field(s) for which one is being certified.

SCED 6799 Supervised Internship: Secondary
3-12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A fifteen-week supervised teaching experience in the specific teaching field and grade levels for which one is being certified. Candidates seeking initial certification in one of the secondary education teaching fields will complete the internship in order to be eligible for initial certification.
Prerequisite(s): A minimum grade of "C" in MSED 6131; candidates must hold a valid non-renewable teaching certificate and be currently employed in grades 6-12 and teaching in the teaching field(s) for which one is being certified.

SCIE Science

SCIE 1000 Introduction to Scientific Inquiry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the methods of science. Traces the evolution of scientific thought from the perspectives of physics, chemistry and biology. Focuses on major concepts in the natural sciences through a quantitative approach.

SCIE 1212 Chemical Environment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamental concepts, laws, and theories of chemistry applied to the environment. For non-science majors interested in a quantitative survey of environmental issues.
Prerequisite(s): Prior or concurrent enrollment in MATH 1001 or MATH 1111.

SCIE 1212L Chemical Environment Laboratory
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.
Laboratory investigations of environmental chemistry.
Corequisite(s): SCIE 1212.

SEAC Valdosta State Franchise

SEAC 5050 Assistive Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

SEAC 5140 Collaborative Roles in Educ
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

SEAC 5500 Char of Student w Low Inci Dis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

SEAC 5510 Curric Stdnts Low Inci Disa
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
SEAC 5520 Assessment for Students with Low Incidence Disabilities
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

SEAC 5530 Systematic Instruction-Low Incidence Disabilities
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

SEAC 6010 Int Instr: Individ Ed Program
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The theoretical and practical basis of curriculum design for individuals with disabilities throughout the life cycle. Individualized Education Plan development and program planning that incorporates student access to the general education curriculum are components of this course.

SEGC Valdosta State Franchise

SEGC 5140 Collaborative Roles in Education
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

SEGC 6000 Integration of Instruction and Management
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Identification and implementation of management and instructional strategies that have demonstrated effectiveness. Through applied projects focused on K-12 student learning, students will demonstrate the ability to evaluate intervention efficacy.

SEGC 6020 Intgr Inst: Assessment & Learn
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Formal assessment, processes, and classroom assessments techniques unique to evaluating the developmental level and potential achievement of children with exceptionalities. Emphasis is on the use of these tools in planning and selecting curricular programs and activities.

SEGC 6040 Tech Sup Plan Youth with Disab
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to computers and related hardware and software as they related to the individualized education program and needs of individuals who require intermittent or limited support. The course emphasizes classroom applications and technology in support of the needs of students with disabilities.

SEGC 6050 Language & L D
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the foundation and sequence of language and communication development, characteristics of language and communication disorders and differences, and selected evidence-based classroom intervention strategies.

SEGC 6100 Read & Apply Res in Spec ED
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Culminating course experience in which students will select and post evidence from class assignments and write personal reflections in LiveText portfolio describing how the assignments have contributed to their development as teachers.

SERD GOML Valdosta

SERD 6030 Teaching Children to Read
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to methods of teaching children to read, with an emphasis on balanced reading instruction. Major topics include building a literacy foundation, oral language development, phonemic awareness, phonics, fluency, vocabulary, comprehension, and guided reading instruction.

SERD 6040 Read Diag, Rem & Mgmt EE Reade
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Effective diagnosis, remediation, and management of varying reading competences in emergent and early readers, categorized from Tiers 1 through 3 on the Georgia Response to Instruction pyramid.

SERD 6070 Reading Research and Instructi
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Research-based practices and theoretical underpinnings of reading and writing, as they relate to the practical applications of teaching across aspects of literacy.

SLPA Speech/Language Path

SLPA 1220 Intro Communication Disorders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Types, characteristics, etiologies, and treatment methodologies of various communication disorders in children and adults.

SLPA 2230 Anat/Phys Speech/Hearing Mech
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Anatomy and physiology of areas of respiration, phonation, articulation, cerebration/nervous system and audition; functional correlates to the communication process. Field experiences required.

SLPA 2230L Anat/Phys Of Spc/Hrg Mech Lab
0 Credit Hours. 0 Lecture Hours. 1 Lab Hour.

SLPA 2250 Phonetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
International Phonetic Alphabet(IPA) in speech-language pathology. IPA transcription of connected speech (normal and disordered), important characteristics of regional/ cultural dialects.

SLPA 3150 Normal Speech/Lang Develop
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
Phonological, morphological, semantic, syntactic, and pragmatic growth. Observation practicum required.

SLPA 3410 Intro To Audiology
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
Introduction to etiology, characteristics, assessment, and rehabilitation of individuals with hearing impairments. Directed observation.

Cross Listing(s): CSDS 3410.

SLPA 4180L Dir. Obs. Spe/Lang Path
0 Credit Hours. 0 Lecture Hours. 3 Lab Hours.

SLPA 4210 Senior Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Contemporary issues, principles, and practices specific to speech-language pathology.

SLPA 4350 Speech Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Physiological production, acoustics, physics of speech, analysis of speech, and technology-related instrumentation available to assess the parameters of speech production.

SLPA 4500 Intro Research Spe/Lang Path
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to scientific methodology and its application to the field of communication disorders.

SMED Sports Medicine

SMED 5015 Assessment and Evaluation of Musculoskeletal Injuries
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamental skills of athletic training assessment and evaluation including basic examination, acute care, and documentation for patients with athletically related injuries or illnesses. Emphasis placed on musculoskeletal disorders. Case studies will link the material presented in this course with other courses taught concurrently.

Prerequisite(s): A minimum grade of “C” in SMED 3005.

Cross Listing(s): SMED 5015G.

SMED 5015G Assess/Eval Injury & Illness I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Cross Listing(s): SMED 5015.
SMED 5050 Pharmacology of Sports Medicine Injury and Illness
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Basic understanding of pharmacology and the drugs commonly used in physical medicine and exercise.
Cross Listing(s): SMED 5050G.

SMED 5050G Pharm Of Spts Med & Illnes
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Basic understanding of pharmacology and the drugs commonly used in physical medicine and exercise.
Cross Listing(s): SMED 5050.

SMED 5055 Pathophysiology of Sports Medicine Injury and Illness
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines mechanisms responsible for disease processes and subsequent care of illness associated with the participation in physical activity.
Prerequisite(s): A minimum grade of "B" in BIOL 2081 and BIOL 2082.
Cross Listing(s): SMED 5055G.

SMED 5055G Path Of Spts Med Inj & Ill
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines mechanisms responsible for disease processes and subsequent care of illness associated with the participation in physical activity.
Cross Listing(s): SMED 5055.

SMED 5065 Movement and Posture Assessment and Exercise
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Techniques to identify impaired movement patterns and altered tissue adaptations. Corrective exercise strategies, including inhibitory, stretching and activation techniques and program design will be emphasized.
Prerequisite(s): A minimum grade of "C" in SMED 5015.
Cross Listing(s): SMED 5065G.

SMED 5065G Movement/Posture Assmnt & Exer
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Techniques to identify impaired movement patterns and altered tissue adaptations. Corrective exercise strategies, including inhibitory, stretching and activation techniques and program design will be emphasized.
Prerequisite(s): A minimum grade of "C" in SMED 5015G.
Cross Listing(s): SMED 5065.

SMED 5090 Nutritional Issues in Sports Medicine
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Impact of various nutritional regimens on performance and recovery in athletics.
Cross Listing(s): SMED 5090G.

SMED 5090G Nutritional Issues/Sprts Med
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Impact of various nutritional regimens on performance and recovery in athletics.
Cross Listing(s): SMED 5090.

SMED 5555 Physical Activity in Disease Prevention/Treatment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Effects of physical activity on health enhancement and maintenance. Bioenergetics, physical assessment methods, equipment, and exercise prescription.
Prerequisite(s): HSCC 3100.
Cross Listing(s): SMED 5555G.

SMED 5555G Phys Actvty Disease Prev/Treat
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Effects of physical activity on health enhancement and maintenance. Bioenergetics, physical assessment methods, equipment, and exercise prescription.
Cross Listing(s): SMED 5555.

SMED 5600 Health Weight Management and Body Composition
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of research and applications for methods of improving body composition with a focus on optimal health and physical performance. Students will investigate effective strategies for long-term changes in body fatness and lean body mass.
Cross Listing(s): SMED 5600G.

SMED 5600G Healthy Wght Mgmt & Body Comp
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of research and applications for methods of improving body composition with a focus on optimal health and physical performance. Students will investigate effective strategies for long-term changes in body fatness and lean body mass.
Cross Listing(s): SMED 5600.

SMED 5940 Internship in Strength and Conditioning
1-3 Credit Hours. 1-4 Lecture Hours. 1-15 Lab Hours.
Supervised instruction in strength and conditioning techniques.
Cross Listing(s): SMED 5940.

SMED 5940G Internship Strength & Conditio
1-3 Credit Hours. 1-4 Lecture Hours. 1-15 Lab Hours.
Supervised instruction in strength and conditioning techniques.
Cross Listing(s): SMED 5940G.

SMED 5945 Internship in Sports Medicine I
1-3 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.
On-site clinical experiences closely supervised by university faculty and facility instructors in the well/health promotion, adult fitness or cardiac rehabilitation settings; weekly seminars will address current clinical issues in the selected population. May be taken for repeat credit.
Cross Listing(s): SMED 5945.

SMED 5945G Internship In Sprts Med I
1-3 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.
On-site clinical experiences closely supervised by university faculty and facility instructors in the wellness/health promotion, adult fitness or cardiac rehabilitation settings; weekly seminars will address current clinical issues in the selected populations. May be taken for repeat credit.
Cross Listing(s): SMED 5945G.

SMED 6005 Research Methods in Sports Medicine
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Methods of quantitative scientific inquiry and interpretation of research in sports medicine. In addition to promoting the skills to become critical consumers of research products; this course is designed to assist students in developing their research project required for degree completion.

SMED 6030 Evidence-Based Research in Strength & Conditioning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of research design, statistical methodology, and the application of such investigations in the field of strength and conditioning. The focus is on the student's ability to access, appropriately interpret, and apply research findings in practice.

SMED 6060 Exercise Physiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Acute and chronic physiological and biochemical responses of the human body when subjected to exercise.

SMED 6080 Performance Evaluation and Exercise Testing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of laboratory and field-based techniques, using biomedical instrumentation, for assessment of physiological responses. Effective appraisal and exercise prescription in various populations is emphasized.
Prerequisite(s): A minimum grade of "C" in SMED 6060.

SMED 6090 Sport and Exercise Nutrition
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers in detail the advanced biochemistry of nutrition and its application to health, physical activity, and athletic performance. The course emphasizes the critical evaluation of peer-reviewed research in this area.
SMED 6400 Fundamentals of Biomechanics and Human Movement 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The principles of classical mechanics applied to the study of human motion, physical activity and exercise.

SMED 6605 Physical Activity and Aging Across the Lifespan 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The contribution of human movement to the well-being and quality of life of aging populations. Principles, practices, and programs for seniors related to the concept of wellness. The myths, needs and movement potential of aging persons will be evaluated.

SMED 7010 Inj Prev/Risk Mgmt In Spts Med 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of methods and techniques used for the purposes of injury prevention and risk management. An epidemiological perspective will be used throughout the course. Case studies will be used throughout the course.

SMED 7050 Drug & Ergogenic Aids/Spts Med 3 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Efficacy and safety of drugs and performance-enhancing supplements in athletics.

SMED 7060 Advanced Exercise Physiology 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continuation of SMED 6060. Further exploration into the acute and chronic muscular, cardiovascular, respiratory, and biochemical responses of the human body to exercise. Additionally, exercise and physical activity in altered environments will be explored.
Prerequisite(s): A minimum grade of "B" in SMED 6060.

SMED 7070 Theory and Method of Strength & Conditioning 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The efficacy of methods and models of sports training in activities requiring intensive strength and conditioning programs.

SMED 7075 Program Design and Advanced Training Techniques 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced course examining principles of program design, current concepts regarding periodized training and the physiological adaptations in response to power, plyometrics, speed and agility training. Practical mastery as well as theoretical understanding will be required.
Prerequisite(s): A minimum grade of "C" in SMED 7070.

SMED 7080 Applied Sport Science 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course emphasizes an evidenced based approach to athlete monitoring and development through an examination of the techniques, technologies and analysis used in sport science settings.
Prerequisite(s): A minimum grade of "B" in SMED 6060.

SMED 7085 Tactical Strength and Conditioning 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Principals of strength and conditioning program design as they related to decreasing injury risk and increasing longevity and effectiveness of tactical athletes.
Prerequisite(s): A minimum grade of "B" in SMED 7070.

SMED 7225 Internship in Sports Medicine 1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
May be taken for repeat credit. On-site clinical experiences closely supervised by university faculty and facility instructors in the wellness/health promotion, adult fitness or cardiac rehabilitation settings: weekly seminars will address current clinical issues in the selected population.

SMED 7400 Biomech Anal/Hum Mv & Musc Inj 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Mechanical principles and qualitative movement analysis applied to understanding mechanism, treatment, and prevention of musculoskeletal injury. Application of biomechanical principles to integrate joint mechanics with a systems approach to prevent injury and optimize human performance. Case studies will be used throughout the course.

SMED 7450 Neuromechanical Aspects of Human Movement 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The concepts, terms, and methods of investigating biomechanics, neuroscience/neuromechanics, motor control and movement disorders in the human movement system. Practical applications will enable students to optimize their teaching of motor skills in rehabilitation and coaching settings.
Prerequisite(s): A minimum grade of "B" in SMED 6400.

SMED 7500 Special Topics in Sports Medicine 1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
Special assignments, agreed to by an advisor, used to provide a unique experience in an educational setting consistent with the student's professional objectives and program focus.

SMED 7505 Organizational Leadership in Sports Medicine 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Knowledge, skills, and values required to develop, lead, administer, and manage a health care facility and associated venues providing sports medicine services. Case studies will be used throughout the course.

SMED 7515 Cardiopulmonary Pathophysiology, Exercise and Rehabilitation 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The physiology and disease process specific to the cardiovascular system. Exercise and rehabilitative mechanisms will be discussed. Case studies will be used throughout the course.

SMED 7520 Psychosocial Issues in Sports Medicine 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Psychological and sociological factors impacting the various aspects of sports medicine and physical activity.

SMED 7700 Self-Directed Student Research in Sports Medicine 1-3 Credit Hours. 1-4 Lecture Hours. 1-12 Lab Hours.
Students conduct studies relating to their professional interest and responsibilities under the direction of a graduate faculty advisor.

SMED 7994 Thesis/Professional Project in Sports Medicine I 1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
Planning and conducting an original research project as a group project or an individual thesis, supervised by the student's thesis committee or project advisor.

SMED 7995 Thesis/Professional Project in Sports Medicine II 1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
Completing and presenting an original research project as a group project or an individual thesis, supervised by the student's thesis committee or project advisor.
Prerequisite(s): Satisfactory completion of SMED 7994.

SMGT Sport Management

SMGT 2130 Introduction to Sport Management 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the meaning of sport management in terms of its scope, foundations, issues and future trends. Examines the job responsibilities and competencies required of sport managers in a variety of sports, or sport-related organizations. Also provides the student with an overview of the different facets and career opportunities available in the field of sport management.

SMGT 2230 Social Issues of Sport 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Helps the student understand the social aspect of sport. Specifically, examines such topics as how social phenomena affect sport participation and behavior, and how the dynamic nature and diverse parameters of society affect the sport industry.
SMGT 3130 Fan Behavior in Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores the social and psychological aspects of sport fandom, with emphasis given to fan identity, sport hero worship, sport spectator aggression, spectator riots, psychological attachment to teams and sports, and sociological implications of fan behavior in society.

SMGT 3230 Economics of Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines major economic issues in the sport industry and introduces the methodology of economics that can be used to analyze these issues. 
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 3236 Financial Management of Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the fundamental concepts and theories of finance applicable to the field of sport management.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 3237 International Sport Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth examination of the nature and role of sport in contrasting cultures and the matters of sport governance that cross national boundaries as well as the possibilities of formulating reform measures in sport policy and practice around the world.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, COMM 2332, ECON 2105, STAT 2231.

SMGT 3238 Management of Sport Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the student to the operation of actual sport enterprises.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110 and CISM 1120 or CISM 1130.

SMGT 3330 Sport Promotion and Marketing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the application of marketing principles and practices to the sport industry.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, MKTG 3131, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 4090 Selected Topics in Sport Management
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides a student with in-depth of selected topics in Sport Management.
Prerequisite(s): Permission of instructor.

SMGT 4330 Facility and Event Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Addresses the principles and procedures involved in sports facility and event management. Special emphasis will be given to sports event planning, production, and evaluation.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 4336 Sport Business Operations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Teaches the student to use modern computerized programs used in the operations of the sport industry and the policies and procedures that govern their use.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 4337 Legal Aspects of Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Helps the student understand the legal aspects of negligence, intentional torts, the essentials of contracts, and elements of constitutional law as they apply to the sport industry. Helps the student understand risk management in the sport industry.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 4338 Sport Policy Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Helps the student understand the modern administrative issues in the administration of sport related businesses. The course will focus on many of the most demanding legal concerns of running sport businesses.
Prerequisite(s): A minimum grade of "C" in SMGT 2130, SMGT 2230, ACCT 2030, ECON 2105, STAT 2231 and either CISM 1110, CISM 1120, CISM 1130.

SMGT 4630 Baseball and American Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide students with an overview of the history of baseball in America, and relate the historical events and phenomena to American culture. Course work will relate class topics to historical and contemporary social, cultural, economic, and political issues. Course content will consist of lectures, readings, class discussion, video and other presentations.

SMGT 4735 Sport Management Internship
12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The student is involved with an organization in a full-time (40 hours per week) capacity where he/she has the opportunity to work in either a sport industry setting, or one which is commensurate with typical, entry-level sport industry functions and roles. The internship opportunity must be approved by the Undergraduate Internship Director, and allows the Senior student to apply the Sport Management curriculum in a work environment. Students must have a 2.25 Overall GPA to enroll and must have successfully completed all courses (exceptions made ONLY if student lacks ONE course and ONLY with approval of student’s advisor) on the program of study for the B.S. in Sport Management. Students who do not meet the 2.25 requirement may complete twelve hours of GUIDED electives with the approval of their advisor.

SMGT 4899 Directed Individual Study
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides the student with the opportunity to investigate an area of interest under the direction of a faculty mentor.
Prerequisite(s): Permission of instructor.

SMGT 6030 Selected Topics in Sport Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides students with the opportunity to study contemporary topics and issues relevant to the sport management profession.
Cross Listing(s): SMGT 6030S.

SMGT 6131 Management of Personnel in Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a study of people at work and the accompanying attitudes, behaviors, and skills that employees exhibit during the work process. The goal of the course is first for students to understand and recognize specific workplace behaviors/attitudes and second, for students to learn various approaches to managing these behaviors/attitudes. Additionally, special attention is given to the management of volunteers in the sport industry.

SMGT 6132 Current Trends in Sport Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides insight into the past, current, and future trends in the field of sport administration. Emphasis will be placed on comprehension, assessment and problem resolution. Administrative theory and function, as well as cultural, social, legal and economic factors; and professional practices and applications within the field of sport administration are analyzed and applied to current issues and trends in the industry.
SMGT 6133 Consumer Behavior in Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Sport spectating is an extremely popular activity in the United States and little is known about the theoretical nuances that determine spectator behavior in sport. This course is intended to provide students with comprehensive coverage of sport spectator consumer behavior. Various models and paradigms relevant to sport spectator consumption behavior will be examined.

SMGT 6134 Sport Sponsorship
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course contains a detailed consideration of the relationship between sports and corporate sponsorship programs. The course focuses on alignment marketing issues, strategic communication through sponsorship programs, sponsor value, and sponsorship evaluation.

SMGT 6135 Revenue Generation in Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course exposes students to a broad range of topics related to Revenue Generation in the Sport Industry mostly centered around ticket sales and fundraising. Students will learn various approaches to ticket sales strategies in professional sports, the process of a sales call, specific types of inventory in professional and collegiate sport, and strategies for successful fundraising in collegiate athletics.

SMGT 6330 Social and Ethical Issues of Sport and Leisure
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the student to a variety of sociological principles and implications that relate to human organization and human interaction within the realm of leisure and sport. Leisure and sport are pervasive influences in American culture and in much of the developed world. It is important to understand the evolution of the leisure ethic in our society, how sport has become so important and how an individual is socialized through the forum of sport. The class will investigate the interrelationships between society, sport, popular culture and the value systems attributed to the involvement in these areas.

SMGT 6335 Sport Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to develop a futuristic understanding of the management of sport related businesses. The exponential change in the world of sport requires an understanding of successful past and present practices and the foreseeability of change. Emphasis in this class will be on strategic planning for change, NCAA change in organization and mandates, the current and future legal environment in sport including changes in "standards of care", and the managerial implications for keeping up with the changing nature of sport participants and the associated coaching changes needed to be effective.

SMGT 6337 Sport Facility and Event Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Helps the student understand contemporary sport facilities and event management. Important aspects of the class include event risk management, event planning and operations, facilities management, facility planning and development, and negotiating with promoters, independent contractors and those involved in privatization.

SMGT 7330 Research and Analysis in Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course offers an operational understanding of research, evaluation methods, and statistical applications in the sport industry. Students taking this course should be able to design and conduct research in sport organizations that generates trustworthy data and adequately addresses a business question.

SMGT 7335 Sport Law and Risk Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an advanced understanding of legal proceedings, legal research, negligence, and risk management. Through actual experiences of advanced legal research, moot courts, and the development of a risk management plan for an actual sport business students will develop a deeper understanding of the current status of negligence as it applies to the sport industry and the development of a risk plan to reduce operational risks.

SMGT 7337 Sport Marketing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the unique nature of marketing sport both as a participatory and spectator event. Emphasis is upon understanding the synergy of marketing, sport and society. Consideration is given to marketing collegiate and professional sport.

SMGT 7339 Financial and Strategic Management in Sport
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Traditional and innovative revenue acquisition methods available to sport organizations will be examined. Particularly, the thorough financial analysis of two sport organizations competing in the same segment of the sport industry. The second half of the course focuses on macro management strategies. Content includes low-cost provider, differentiation and niche strategies and the analysis of Porter's 5 Forces Model of sustaining competitive advantage.

SMGT 7790 Sport Management Internship
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Allows the student to apply the knowledge and skills acquired in class and to receive practical experience in selected sport industry settings.

SMGT 7830 Directed Individual Study
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides an opportunity to pursue an independent sport management research project or to work with a faculty member as part of a research team.

SMGT 7899 Directed Independent Study of Sport Management
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
An independent or directed study supervised by a member of the graduate faculty of the Sport Management program.

SMGT 7999 Thesis
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
Opportunity to conduct an independent research project in the preferred field of sport management, requiring the development of a thesis proposal, the execution of appropriate research, the analysis of results, and the development of a written product.

SOAR Student Orientation & Registra

SOAR 1000 Pre-Orientation
0 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

SOCI Sociology

SOCI 1101 Introduction to Sociology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the discipline of sociology. Topics include sociological theory, methods, and selected substantive areas.

SOCI 2000 Global Sociology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploring the global world through a sociological lens. Topics include: globalization, global inequalities, international conflict, social institutions, and world-wide environmental crises.
SOCI 2130 Introduction to Gerontology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is a comprehensive introduction to the field of gerontology meant to assist students in the application of an aging perspective for any discipline or major. The course includes a focus on the social, psychological, biological, policy, and humanities perspective of the aging experience.

SOCI 2232 Introduction to Social Services
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce students to the field of social services, including the history of the profession and its knowledge, skill and value base. Students will gain an understanding of various careers within social services and the settings in which they are practiced. They will gain an understanding of micro, mezzo, and macro type agencies.

SOCI 2434 Social Data Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will teach students the skills to make them better consumers of data related to social issues. Students will learn to perform univariate and bivariate analyses using a data analysis program, and will learn to write and read research reports.

SOCI 3094 Selected Topics in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
This course covers various substantive topics, theoretical issues, or sociological problems not otherwise offered in the sociology curriculum. Possibility to repeat with different topics.

SOCI 3135 Aging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the impact of an aging population upon society and the effects of the socially-defined experience of aging upon the individual. Special attention is given to economic factors, retirement, lifestyle options, health, death, and widowhood.

SOCI 3231 Practice Skills
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the knowledge, skill and value base for working in the social services. The emphasis is on preparation for practice in social services settings.
Prerequisite(s): SOCI 2232.

SOCI 3232 Human Behavior and the Social Environment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers theories of human development across the lifespan through various perspectives and within different cultural and sociological contexts.

SOCI 3233 Aging Programs and Policies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with current programs and policies for older adults. Familiarity with these programs and policies requires an understanding of the social policy process and the role of norms, values and beliefs in that process. The course will move from an understanding of demographic trends to an understanding of policy development for the aging community and then focus on the programs that exist to support our aging society at the local, state and federal levels.

SOCI 3235 Race and Ethnicity
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of the major concepts and theories in the study of racial and ethnic relations in the United States. The situations and experiences of various racial and ethnic groups are considered.
Prerequisite(s): SOCI 1101.
Cross Listing(s): AAST 3235.

SOCI 3250 Sociology of Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the organization and role of educational institutions in contemporary society, including contributions to both social mobility and the preservation of the prevailing social order.

SOCI 3330 Exploring Popular Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of popular culture using mass media, technology, and language to explore a given era. Comparisons of lifestyles, gender roles, attitudes towards various groups, and the national and regional mood of the times.

SOCI 3333 Deviance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Nature of deviance, social behavior that departs from that regarded as normal or socially acceptable within a society or the social context, with a focus on sociological deviance. Deviance is revealed as complex social processes, cultural arrangements, and cultural adaptations.

SOCI 3335 Social Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Discussion of theories and causes of social change in contemporary or historical perspective.

SOCI 3336 Social Problems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Sociological examination of contemporary social problems with an emphasis on their causes, consequences, and possible solutions.

SOCI 3338 Sociology of the Life Course
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course uses sociological theories, perspectives, and conceptual frameworks to analyze aging-related social issues. It examines the social forces that shape the diverse experiences of aging for individuals throughout the life course. Emphasis is placed on structural issues such as age stratification, the life course, and societal aging as a force in social change.

SOCI 3339 Sociology of Sexuality
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the social construction of sexuality, including social influences upon sexual scripts and normative ideas regarding human sexuality.

SOCI 3431 Sociological Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to sociological theory from the classical to the contemporary. Major theoretical fields, theorists, and issues are covered. Required of all Sociology majors.
Prerequisite(s): SOCI 1101.

SOCI 3434 Methods of Social Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will cover both quantitative and qualitative research designs in sociological research. Required of all Sociology majors.
Prerequisite(s): SOCI 1101.

SOCI 3435 Environmental Sociology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the interconnectedness of human societies and the natural environment and explores contemporary (and often controversial) environmental issues.

SOCI 3451 Service Learning and Civic Engagement
3 Credit Hours. 3 Lecture Hours. 0-18 Lab Hours.
An experiential learning course that connects sociological concepts and theories to community service. Includes field experiences.

SOCI 3490 Comparative Societies, Politics and Institutions
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
On-site examination of society and social institutions of other countries. Course intended for study abroad programs only.

SOCI 3510 Gender, Violence And Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the family as an institution that may produce violent individuals. Correlates of family violence, theoretical explanations, impact on public policy, effects on victims and society.
SOCI 3520 Sociology of Tourism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Sociological examination of tourism and the tourism industry. Emphasis on the social construction of cultural significance and meaning, from historical sites and monuments to theme parks and vacation destinations, from the collective and social memory to the impact of tourism on development, and culture.

SOCI 3531 Introduction to LGBT Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the questions, topics, and theories which characterize the field of Lesbian, Gay, Bisexual and Transgender (LGBT) Studies.

SOCI 3600 Media And Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of media's impact on society and the social construction of reality.

SOCI 3700 Sociology of Tourism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Sociological examination of tourism and the tourism industry. Emphasis on the social construction of cultural significance and meaning, from historical sites and monuments to theme parks and vacation destinations, from the collective and social memory to the impact of tourism on development, and culture.

SOCI 4131 Sociology of Terrorism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
International and domestic terrorism undertaken for political purposes in liberal states. Primary focus on state-sponsored international terrorism, American domestic revolutionary terrorism, and the dilemmas of counter-terrorism in a democracy.

SOCI 4132 Sociology of Community
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on community life in the United States. Community is viewed as a social entity and an arena of social interaction. Urban, rural, and alternative communities in the U.S. are investigated to uncover their patterns of interaction and organization.

SOCI 4133 Sociology of Religion
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves the sociological study of religion focusing on the human (especially social) aspects of religious belief and practice. Various religious groups will be examined to identify how they organize their collective religious expressions.

SOCI 4134 Sociology of Childhood
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on childhood as a social phenomenon. Childhood is viewed as a social construction, and particular attention is paid to the cultural context in which childhood has flourished, the role of children's culture in society, and social problems that are associated with childhood.

SOCI 4135 Death and Dying
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines sociocultural dimensions of death, dying, bereavement, grief, and mourning, including cross-cultural comparisons and social patterns in historical perspective.

SOCI 4137 Social Movements
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the sociological study of social movements and extra institutional political conduct. Key theories and research methods used will be reviewed.

SOCI 4138 Sociology of the Family
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course investigates the various links between families and the larger society and how family life is impacted by broad political, economic, and technological changes. The course will also examine the internal dynamics of family life such as intimacy, marriage, and parent/child relationships.

SOCI 4139 Medical Sociology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the field of medical sociology. Topics covered include social and cultural factors related to health and illness, health disparities, sociological models of health and illness, the sick role, chronic illness, physician patient relationship, historical and emerging health care policies, and the social organization of health care institutions, medical careers, and health care.

SOCI 4231 Child Welfare and Family Services
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Comprehensive study of current philosophy and practice in the various fields of child welfare, including family income maintenance programs, child protective service, adoption, foster care, institutional placement of children, home based services, family preservation, early childbearing, guardianship and custody, the family and the courts, and child advocacy.

SOCI 4232 Social Welfare Policy and Services
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analysis of American social welfare policy. Covers programs and policies under public, voluntary, and proprietary auspices in the areas of income maintenance, mental health and substance abuse, health care, child welfare, nutrition, housing, and employment.

SOCI 4332 Sociology of Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the social construction of gender and gender inequality in society.

SOCI 4334 Organizations, Work, and Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines organizations with an emphasis on the workplace. The course will explore relations within and between organizations using both classical and contemporary sociological and organizational theories. The course will examine how technology and the increasingly global economy influence these relations.

SOCI 4335 Self and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores the relationship between the self and society (the individual and the social milieu) using social psychological and/or symbolic interactionist perspectives. Content includes origins of the self and how it is shaped by society, formation of norms, identity management, socialization, interpersonal influence, and role behavior.

SOCI 4338 Sport, Culture, and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines sport as a social institution, focusing on cultural values related to sport, stratification within and among sports, and issues of power and inequality pertaining to sport.
Cross Listing(s): WGST 4338.

SOCI 4431 Inequality
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the sociological approaches and theories of stratification and structured inequality, and analyzes the causes and consequences of economic, political, and social inequality.

SOCI 4433 Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores what it means to live in a society in which accountability is a thematic issue and policy and program benefits which accrue from well-designed evaluations, and proposals. Evaluation research and grant development issues, including basic design and use considerations are discussed.

SOCI 4450 Sociology of Nationalism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Various theories of nationalism and their social, historical, economic, and cultural contexts. Cultural, ethnic, and national identity and conflict are the focus. Ethnic, religious, civic, economic, and anti-colonial nationalism are examined in a global perspective.
SOCI 4630 Senior Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A capstone course which involves original student research. The scope, theme, and requirements of the research will be determined by the instructor. Required of all senior majors.
Prerequisite(s): SOCI 2434 and SOCI 3431 and SOCI 3434.

SOCI 4790 Internship
3-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is an educational placement to provide qualified students the ability to apply classroom knowledge in a professional setting, which is appropriate for their academic background and career objectives. Internships provide students with learning experiences in order to enhance their academic preparation and increase their professional skills. Students complete tasks at their internship site in addition to course assignments relating their internship experience to academic research/knowledge and previous coursework.
Prerequisite(s): Sociology major and SOCI 1101 and departmental approval.

SOCI 4810 Independent Study
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A directed study on a pre-approved topic in a field of special interest taken under the supervision of a faculty member.
Prerequisite(s): Department approval.

SOCI 4900 Directed Individual Research
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Directed research on a pre-approved topic in a field of special interest, taken under supervision of a faculty member.
Prerequisite(s): Department approval.

SOCI 6135 Race and Ethnicity
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the major concepts and theories in the study of racial and ethnic relations in the United States. The situations and experiences of various racial and ethnic groups are considered.

SOCI 6136 Death and Dying
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines sociocultural dimensions of death, dying, bereavement, grief, and mourning, including cross-cultural comparisons and social patterns in historical perspective.

SOCI 6139 Sociology of Health Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analyzes health and illness from a sociological perspective. Attention will be given to health care institutions, roles, beliefs, and practices as well as newly emerging roles.

SOCI 6138 Seminar in Social Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines sociological approaches to and theories of change and analyzes causes and consequences of long-term structural transformation.

SOCI 6133 Seminar in Social Stratification
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines sociological approaches to and theories of change and analyzes causes and consequences of long-term structural transformation.

SOCI 6132 Seminar in Social Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines theories of social organization and their application at both the micro and macro levels of analysis in groups, organizations, and societies.

SOCI 6131 Seminar in Self and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the social construction of gender and gender inequality in society.

SOCI 6137 Social Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

SOCI 6638 Proseminar in Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the foundations and controversies in social scientific research.

SOCI 6639 Critical Think & Meth Of App Res
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines concepts and methods used in social science research with particular emphasis on the philosophy of science; presuppositions; aims and history of procedures and methods; research techniques; sources; bibliography and presentation and publication of investigative results.

SOCI 6433 Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores what it means to live in a society in which accountability is a thematic issue and policy and program benefits which accrue from well-designed evaluations, and proposals. Evaluation research and grant development issues, including basic design and use considerations are discussed.

SOCI 6434 Qualitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the role of theory, research design, sampling, measurement and instrumentation, data collection, and ethical issues related to social scientific research.
SOCI 7435 Seminar on the Rural South
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the lifeways, traditions, and social organization of rural society in the American South. Uses the dynamics of class, race and gender to understand the social structure and legacies of rural southern communities.

SOCI 7436 Qualitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analysis and practice of qualitative methodology in social science. Topics may include participant observation, ethnographic methods, interviews, case studies, content analysis, archival research and other innovative techniques.

SOCI 7437 Statistics for Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the techniques and statistics necessary to design and interpret quantitative social scientific research.

SOCI 7638 Social Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

SOCI 7790 Practicum
1-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Designed as an educational placement to give graduate students a practical experience in a vocationally-appropriate setting.

SOCI 7891 Independent Study in Sociology
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent examination of graduate course topics offered in the sociology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies.

SOCI 7892 Directed Research in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Participation in an independent or group research project. More than three hours of credit for directed research may be earned, but only three hours may be applied to the completion of minimum hours required for the M.A. in Social Science degree.

SOCI 7990 Applied Monograph
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
A document of thesis quality and rigor which presents research and systematic observations from a practicum or field internship experience of no less than one semester. As a substitute for the traditional thesis, this option must be approved by the sociology graduate faculty of the Department of Sociology and Anthropology.

SOCI 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Research thesis.

SOCI 8891 Independent Study in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Independent examination of graduate course topic offered in the sociology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies. Designed for graduate students beyond the master's level.

SOCI 8892 Directed Research in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Participation in an independent or group research project. Designed for students participating in programs of study beyond the master’s level.

SONO Sonography

SONO 3001 Sonographic Principles, Theory, and Physics I
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
This course is the introduction to sonography specialties, sonographic instrumentation, propagation principles and interactions, the theoretical concepts and scanning techniques of adult and pediatric abdominal, gynecological, and obstetrical content and exam procedures, and the standards and practices related to diagnostic medical sonography.

SONO 3001L Sono Prin, Theory, & Phy I Lab
0 Credit Hours. 0 Lecture Hours. 2 Lab Hours.

SONO 3002 Sonographic Principles, Theory, and Physics II
5 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
This course is a continuation of Sonographic Principles, Theory, and Physics I. It includes advanced topics to sonographic instrumentation, propagation principles and interactions. It also includes concepts and intermediate scanning techniques pertaining to invasive procedures, the adult and pediatric abdomen, small parts, obstetrics and gynecology.

Prerequisite(s): A minimum grade of "C" in SONO 3001.
Corequisite(s): RDSC 3002.

SONO 3002L Sono Prin, Theo, & Phys II Lab
0 Credit Hours. 0 Lecture Hours. 3 Lab Hours.

SONO 3003 Sonographic Principles, Theory, and Physics III
6 Credit Hours. 4 Lecture Hours. 6 Lab Hours.
This course is continuation of Sonographic Principles, Theory, and Physics II to include advanced concepts related to scanning techniques, invasive procedures, the adult and pediatric abdomen, small parts, obstetrics and gynecology and other sonography specialties.

Prerequisite(s): A minimum grade of "C" in SONO 3002.

SONO 3100 Introduction to Sonography Clinical Education
1 Credit Hour. 1 Lecture Hour. 0-18 Lab Hours.
Overview of the clinical setting, administrative structures, legal/compliance requirements, and required documentation.

Prerequisite(s): A minimum grade of "C" in SONO 3001.
Corequisite(s): SONO 3002.

SONO 4101 Sonography Clinical Education I
6 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Supervised clinical practice in performing Sonographic procedures.

Prerequisite(s): A minimum grade of "C" in SONO 3100 and DDTS 3001.

SONO 4102 Sonography Clinical Education II
6 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Supervised clinical practice in performing Sonographic procedures. A minimum grade of "C" in SONO 4101.

SONO 4103 Sonography Clinical Education III
6 Credit Hours. 0 Lecture Hours. 0-18 Lab Hours.
Supervised clinical practice in performing Sonographic procedures.

Prerequisite(s): A minimum grade of "C" in SONO 4102.

SONO 4200 Sonography Synthesis
3 Credit Hours. 3 Lecture Hours. 5 Lab Hours.
A capstone course to include advanced concepts related to scanning techniques, invasive procedures, the adult and pediatric abdomen, small parts, obstetrics and gynecology and other sonography specialties.

Prerequisite(s): A minimum grade of "C" in SONO 3003 and SONO 4102.

SPAN Spanish

SPAN 1001 Elementary Spanish I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to listening, speaking, reading, and writing in Spanish and to the culture of Spanish-speaking regions.
SPAN 1002 Elementary Spanish II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continued listening, speaking, reading and writing, in Spanish with further study of the culture of Spanish-speaking regions.

SPAN 1060 Accelerated Elementary Spanish
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
An accelerated introduction to listening, speaking, reading, and writing in Spanish and to the culture of Spanish-speaking regions. Completes the elementary levels of Spanish in one semester.

SPAN 2001 Intermediate Spanish I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Building upon communication skills (understanding, speaking, reading, and writing Spanish) and cultural understanding, developed at the elementary level.
Prerequisite(s): A minimum grade of "C" in SPAN 1002 or SPAN 1060.

SPAN 2002 Intermediate Spanish II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continued building upon proficiency skills (speaking, writing, listening, and reading) and cultural understanding. Focus on development of the ability to create with the language, to resolve simple situations, and to ask and answer questions. After completing this course, successful students should be prepared to function minimally in a Spanish-speaking environment and to take SPAN upper-division courses.
Prerequisite(s): A minimum grade of "C" in SPAN 2001.

SPAN 2050 Spanish For Health Care Sys
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Skills to communicate with Spanish-speaking patients in a wide variety of clinical situations.
Prerequisite(s): A minimum grade of "C" in SPAN 2001.

SPAN 2060 Accelerated Intermediate Spanish
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
Accelerated intermediate Spanish with continued work on listening, speaking, reading, and writing in Spanish and the culture of Spanish-speaking regions. Completes the intermediate levels of Spanish in one semester.
Prerequisite(s): A minimum grade of "C" in SPAN 1002 or SPAN 1060.

SPAN 2030 Selected Topics in Spanish
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Selected topics in Spanish.
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.

SPAN 3031 Spanish Conversation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Conversational Spanish to develop greater oral proficiency and awareness of Hispanic culture. Review of grammar and syntax through guided essays.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3032 Spanish Composition
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continuation of Spanish 3031.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3050 Advanced Grammar & Syntax
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced grammar and syntax, exercises, essays, and translations.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3060 Adv Gram/Syn-Heritage Speaker
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Grammar and syntax for native speakers.

SPAN 3111 Civilization/Culture Of Spain
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Civilization and culture of Spain from the pre-Roman era to the present.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3120 Civilization/Culture Lat Amer
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Civilization and culture from the pre-Columbian era to the present.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3130 Applied Speaking Skills I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides practice in listening, speaking, writing, and reading skills with emphasis on oral communication at the intermediate level of proficiency, based on the ACTFL guidelines. Focus is placed on the development of narration, description, summary, comparison, and explanation in all major time frames within specific communicative contexts in paragraph-length discourse.
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.

SPAN 3131 Critical Reading and Writing I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides practice in reading, writing, and oral skills with emphasis on reading comprehension and written communication at the intermediate level of proficiency, based on the ACTFL guidelines. Focus is placed on the development of narration, description, summary, comparison, and explanation in all major time frames within specific communicative contexts in paragraph-length discourse.
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.

SPAN 3132 Spanish Phonetics and Phonology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A detailed analysis both in theory and in practice of Spanish speech patterns, vowels, consonants, and intonation.
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.

SPAN 3195 Studies Abroad: Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course in oral and written communications in Spanish using materials and resources available in the foreign country.
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.

SPAN 3200 Intro To Hispanic Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analysis of Hispanic poetry, prose, and drama.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3210 Survey Span Peninsular Lit I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analytical methods and approaches to the literary tradition in Spain from the jarchas to the Enlightenment, while including medieval and golden age literature.
Prerequisite(s): A minimum grade of "C" in SPAN 2002.

SPAN 3220 Survey Span Peninsular Lit II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prerequisite: SPAN 3200 Analytical methods and approaches to the literary tradition in Spain from the Enlightenment to the present. Focus on romanticism, the generation of 1898, the generation of 1927, and post-civil war literature.

SPAN 3231 Survey of Spanish American Literature I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analytical methods and approaches to the literary tradition in Spanish America through representative samples of indigenous works, Chronicles of the Indies, the baroque, romanticism, and modernism.

SPAN 3240 Survey Span Amer Literature Ii
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prerequisite: SPAN 3240 Analytical methods and approaches to the literary tradition in Spanish America from the Mexican Revolution to the present.

SPAN 3295 Studies Abroad: Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of selected works of literature in Spanish which are appropriate for building on language skills or which are related thematically to the country or culture visited.
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.
SPAN 3335 Conversation, Composition, Culture: South America
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on improving linguistic and cultural proficiency within the context of Spanish American cultural content. Course content varies; may include film, music, art, literature, history, etc. Emphasis will be placed on helping students achieve consistency with paragraph formation, narration, detailed description, and resolving a situation with a complication. The linguistic goal of the course is to help students approach the point at which they can communicate at ease with a native speaker of Spanish who is unaccustomed to speaking with non-Spanish speakers.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3336 Conversation, Composition, Culture: Mexico and Central America
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on improving linguistic and cultural proficiency within the context of Mexican cultural content. Course content varies; may include film, music, art, literature, history, etc. Emphasis will be placed on helping students achieve consistency with paragraph formation, narration, detailed description, and resolving a situation with a complication. The linguistic goal of the course is to help students approach the point at which they can communicate at ease with a native speaker of Spanish who is unaccustomed to speaking with non-Spanish speakers.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3337 Conversation, Composition, Culture: The Caribbean
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on improving linguistic and cultural proficiency within the context of Caribbean cultural content. Course content varies; may include film, music, art, literature, history, etc. Emphasis will be placed on helping students achieve consistency with paragraph formation, narration, detailed description, and resolving a situation with a complication. The linguistic goal of the course is to help students approach the point at which they can communicate at ease with a native speaker of Spanish who is unaccustomed to speaking with non-Spanish speakers.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3338 Conversation, Composition, Culture: Spain
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on improving linguistic and cultural proficiency within the context of Peninsular cultural content (Spain). Course content varies; may include film, music, art, literature, history, etc. Emphasis will be placed on helping students achieve consistency with paragraph formation, narration, detailed description, and resolving a situation with a complication. The linguistic goal of the course is to help students approach the point at which they can communicate at ease with a native speaker of Spanish who is unaccustomed to speaking with non-Spanish speakers.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3339 Conversation, Composition, Culture: Latino USA
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on improving linguistic and cultural proficiency within the context of US Latino cultural content. Course content varies; may include film, music, art, literature, history, etc. Emphasis will be placed on helping students achieve consistency with paragraph formation, narration, detailed description, and resolving a situation with a complication. The linguistic goal of the course is to help students approach the point at which they can communicate at ease with a native speaker of Spanish who is unaccustomed to speaking with non-Spanish speakers.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3395 Studies Abroad: Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students become familiar with the culture of the country in which they are staying by examining selected historical, geographical, and artistic features and discussing aspects of the lifestyles of the country.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3530 Introduction to Spanish for the Professions
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course incorporates authentic cultural materials and situational practice as students explore a wide range of advanced-level Spanish content and discourse related to professions.
Prerequisite(s): A minimum grade of “C” in SPAN 2002 or SPAN 2060.

SPAN 3532 Business Spanish
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Language skills and techniques needed to work in business settings with an introduction to the variety of careers available to bilingual persons in business.
Prerequisite(s): A minimum grade of “C” in SPAN 3050 or SPAN 3060.

SPAN 4010 Special Genre
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Hispanic literature: subject announced when course offered. May be repeated for additional credit when topics change.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.

SPAN 4020 Special Author
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Hispanic literature: subject announced when course offered. May be repeated for additional credit when topics change.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.

SPAN 4030 Special Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Hispanic literature: subject announced when course offered. Thematic studies such as the picaresque and the anti-hero. May be repeated for additional credit when topics change.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.

SPAN 4040 Advanced Spanish for Health Care Professionals
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Skills and techniques needed to work as a translator/interpreter in the health care field, with an introduction to the variety of careers available to bilingual health care professionals.
Prerequisite(s): A minimum grade of “C” in SPAN 2050.

SPAN 4060 Contemp Spanish American Novel
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analytical methods and approaches toward understanding the twentieth-century novel and its impact on world literature. Discussion of magical realism, marvelous realism, the testimonial novel, and the novel of the dictator.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.

SPAN 4070 Contemp Span Peninsular Novel
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analytical methods and approaches toward understanding the novel and its impact on world literature. Discussion of realism, naturalism, the generation of 1898, and the effects of Franco’s dictatorship on contemporary literature.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.

SPAN 4080 Spanish Peninsular Theater
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analytical methods and approaches toward understanding the development of a national drama from the auto de fe, the golden age honor plays, Romanticism and don Juanismo, the esperpento, as well as works confronting Franco’s dictatorship.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.

SPAN 4090 Spanish American Theater
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analytical methods and approaches toward understanding the development of drama ranging from imitative models that upheld authority through that of social protest and revolution to bring about change throughout Spanish America.
Prerequisite(s): A minimum grade of “C” in SPAN 3200.
SPAN 495 Study Abroad Selected Topics  
1-12 Credit Hours. 1-12 Lecture Hours. 0 Lab Hours.  
Selected topics for Independent Study Abroad in Spanish-speaking countries.  
Prerequisite(s): Departmental approval.

SPAN 4100 Spanish Peninsular Poetry  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Analytical methods and approaches toward understanding Spanish poetry including the jarchas, the medieval epic, la cuaderna via, the golden age, the romancero, etc.  
Prerequisite(s): A minimum grade of "C" in SPAN 3200.

SPAN 4110 Spanish American Poetry  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Analytical methods and approaches toward understanding Spanish American poetry including the baroque, neo-classical, romanticism, modernism, the avant-garde, and contemporary trends.  
Prerequisite(s): A minimum grade of "C" in SPAN 3200.

SPAN 4120 Spanish for Police and Probation Officers  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Language skills and techniques needed to work in law enforcement or as a probation officer, with an introduction to the variety of careers available to bilingual law enforcement professionals.  
Prerequisite(s): A minimum grade of "C" in SPAN 3050 or SPAN 3060 or SPAN 3031 or SPAN 3032.

SPAN 4130 Applied Speaking Skills II  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course builds on listening, speaking, writing, and reading skills with an emphasis on oral communication at the advanced level of proficiency, based on the ACTFL guidelines. Students will focus on speaking and the acquisition of advanced grammatical concepts appropriate for more complex communicative tasks, including stating and supporting opinions, hypothesizing, and speaking in the abstract in linked-paragraph discourse.

SPAN 4131 Critical Reading & Writing II  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course builds on writing, reading, and oral skills with emphasis on reading comprehension and written communication at the advanced level of proficiency, based on the ACTFL guidelines. Students will focus on the acquisition of advanced grammatical concepts appropriate for the production and comprehension of more complex texts. This course targets communicative tasks such as stating and supporting opinions, hypothesizing, and writing in the abstract, all in linked-paragraph discourse.  
Prerequisite(s): A minimum grade of "C" in SPAN 3131 & SPAN 3132.

SPAN 4132 Introduction to Hispanic Linguistics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
What is language? How do languages function? How is human language different from other communication systems? Focusing on Spanish, this course also explores language acquisition, language contact and bilingualism.  
Prerequisite(s): A minimum grade of "C" in SPAN 3131 & SPAN 3132.

SPAN 4195 Studies Abroad: Advanced Language  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The practice of Spanish language and study of the supporting grammatical structures using materials and resources available in the foreign country.  
Prerequisite(s): Departmental approval.

SPAN 4231 Spanish American Life, Literature, and Thought  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An exploration of the life, literature, and thought of Spanish America, with focus on building advanced-level proficiency in writing, listening, reading, and speaking.  
Prerequisite(s): A minimum grade of "C" in SPAN 3131 and SPAN 3132.

SPAN 4233 Peninsular Life, Literature, and Thought  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An exploration of the life, literature, and thought of Spain, with focus on building advanced-level proficiency in writing, listening, reading, and speaking.  
Prerequisite(s): A minimum grade of "C" in SPAN 3131 and SPAN 3132.

SPAN 4295 Studies Abroad: Advanced Literature  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An intensive study of literary works thematically related to the country or culture visited by the student.  
Prerequisite(s): Departmental approval.

SPAN 4395 Studies Abroad: Advanced Civilization  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study at the advanced level of the land, culture, civilization, monuments, and artistic achievements of the country in which the student is studying.  
Prerequisite(s): Departmental approval.

SPAN 4500 Advanced Spanish for the Professions  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course incorporates authentic cultural materials and situational practice as students explore a wide-range of advanced-level Spanish content and discourse related to professions.  
Prerequisite(s): A minimum grade of "C" in SPAN 3131 and SPAN 3132.

SPAN 4530 Foundations of Translation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is an introduction to the field of translation. It focuses on comparative study of characteristic modes of expression and introduction to the theoretical aspects and practical techniques of translation, using documents from a variety of sources.  
Prerequisite(s): A minimum grade of "C" in SPAN 3131 and SPAN 3132.

SPAN 4535 Transatlantic Studies  
3 Credit Hours. 45 Lecture Hours. 0 Lab Hours.  
In this course, proficiency skills (speaking, listening, writing, reading) are refined as depth and nuance are added to the understanding of Hispanic history, literature, culture, and contemporary events through an in-depth study of a particular topic that spans the Spanish-speaking world temporally and geographically.

SPAN 4890 Directed Study in Spanish  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Concentrated study of a topic in Spanish literature, culture, society, thought or language. May be repeated for credit provided a new topic is studied.  
Prerequisite(s): Departmental approval.

SPAN 5030 Selected Topics in Spanish  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Selected topics in Spanish.  
Prerequisite(s): Permission of instructor.  
Cross Listing(s): SPAN 5030G.

SPAN 5030G Selected Topics in Spanish  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Selected topics in Spanish. Graduate students will be assigned extra work that undergraduates will not be required to do.  
Prerequisite(s): A minimum grade of "C" in SPAN 4131 or permission of instructor.  
Cross Listing(s): SPAN 5030.

SPAN 5090 Selected Topics in Spanish  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Prerequisite(s): Permission of instructor.  
Cross Listing(s): SPAN 5090G.

SPAN 5090G Selected Topics in Spanish  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Prerequisite(s): A minimum grade of "C" in SPAN 2002 or SPAN 2060.  
Cross Listing(s): SPAN 5090.
SPAN 5230 Studies in Hispanic History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of superior-level Spanish-proficiency skills through the examination of the history of the Spanish-speaking world. Course repeatable for credit with advisor approval.
Prerequisite(s): A minimum grade of "C" in SPAN 4131 or permission of instructor.
Cross Listing(s): SPAN 5230G.

SPAN 5230G Studies in Hispanic History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the examination of the history of the Spanish-speaking world. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students. Course repeatable for credit with advisor approval.
Prerequisite(s): A minimum grade of "C" in one 4000-level Spanish course or permission of instructor.
Cross Listing(s): SPAN 5230.

SPAN 5232 Studies in Hispanic Societies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of superior-level Spanish-proficiency skills through the examination of the societies of the Spanish-speaking world, with particular focus on the various minority groups. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students. Course repeatable for credit with advisor approval.
Cross Listing(s): SPAN 5232G.

SPAN 5232G Studies in Hispanic Societies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the examination of the societies of the Spanish-speaking world, with particular focus on the minority groups. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students. Course repeatable for credit with advisor approval.
Prerequisite(s): A minimum grade of "C" in SPAN 4131.
Cross Listing(s): SPAN 5232.

SPAN 5234 Studies in Hispanic Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of superior-level Spanish-proficiency skills through the examination of the literatures of the Spanish-speaking world. Situates works in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.
Prerequisite(s): A minimum grade of "C" in SPAN 4131.
Cross Listing(s): SPAN 5234G.

SPAN 5234G Studies in Hispanic Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the examination of the literatures of the Spanish-speaking world. Situates works in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students. Course repeatable for credit with advisor approval.
Cross Listing(s): SPAN 5234.

SPAN 5331 Latinos in the U.S.
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with significant cultural, historical, and social contributions of Latinos in the United States. Emphasis will be placed on the diversity within the Latino community and the contributions of Latino literature.
Prerequisite(s): A minimum grade of "C" in SPAN 4131 or permission of instructor.
Cross Listing(s): SPAN 5331G.

SPAN 5331G Latinos in the U.S.
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with significant cultural, historical, and social contributions of Latinos in the United States. Emphasis will be placed on the diversity within the Latino community and the contributions of Latino literature. Graduate students will be assigned extra work that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in one 4000-level Spanish course or permission of instructor.
Cross Listing(s): SPAN 5331.

SPAN 5332 Studies in Hispanic Film
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through study of the films of the Spanish-speaking world. Situates works in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.
Prerequisite(s): A minimum grade of "C" in SPAN 4131.
Cross Listing(s): SPAN 5332G.

SPAN 5332G Studies in Hispanic Film
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through study of the films of the Spanish-speaking world. Situates works in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students. Course repeatable for credit with advisor approval.
Cross Listing(s): SPAN 5332.

SPAN 5442 Content and Methods Spanish Education
3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
Methods, contents, and materials focusing on the teaching of foreign languages for P-12. Directed field experience involved with opportunity for presentation of instructional models in the classroom.
Cross Listing(s): SPAN 5442G.

SPAN 5442G Content & Methods Span Ed
3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.

SPAN 6132 Hispanic Linguistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores Spanish linguistics and establishes the basis for future application of linguistic principles. The course begins with an exploration of the sound system of Spanish and its theoretical representation. Building on this, the discussion continues with topics in Spanish morphology such as word formation and verbal inflection. This is followed by issues in syntax and semantics that are analyzed both in isolation and in terms of their relationship to each other. The goal of this course is to provide students with a level of knowledge that enables them to make connections between the structure of Spanish and relevant issues in contemporary Hispanic linguistics, such as language variation, bilingualism, and Spanish in the United States.

SPAN 6230 Early Modern Hispanic Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through detailed analysis of the Spanish-speaking world prior to the disintegration of the Spanish Empire. Situates content studied in its cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.

SPAN 6231 18th- and 19th-Century Hispanic Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through detailed analysis of the Spanish-speaking world of the eighteenth and nineteenth centuries. Situates content studied in its cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.
SPAN 6237 20th- and 21st-Century Hispanic Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through detailed analysis of the Spanish-speaking world of the twentieth and twenty-first centuries. Situates content studied in its cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.

SPAN 7090 Selected Topics in Spanish
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Selected Topics in Spanish.

SPAN 7091 Seminar in Spanish
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Seminar in Spanish.

SPAN 7130 Studies in Spanish Pedagogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the study of the history and practice of Spanish pedagogy. Emphasis placed on learning how to help Spanish-language learners become functionally proficient in Spanish. Opportunities provided for hands-on experience. Course repeatable for credit with advisor approval.

SPAN 7131 Studies in Spanish Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through theoretical and pragmatic analysis of various branches of linguistics, with special attention to practical applications. Topics may include semantics, stylistics, morphology, phonology, dialectology, sociolinguistics, etc. Course repeatable for credit with advisor approval.

SPAN 7195 Studies Abroad: Language
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Studies oral and written features of the Spanish within a Spanish-speaking country, using native materials and resources.

SPAN 7232 Studies in Hispanic Authors
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the study of the life, works, and criticism of a particular Hispanic author. Course repeatable for credit with advisor approval.

SPAN 7233 Periods, Genres, Themes
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the study of a particular period, genre, or theme of importance in Hispanic life, art, and literature. Course repeatable for credit with advisor approval.

SPAN 7234 Spanish Masterpieces
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the study of a Spanish masterpiece situated within both its historical moment and its critical aftermath. Works might include such titles as Don Quijote, Cien años de soledad, La Regenta, etc. Course repeatable for credit with advisor approval.

SPAN 7395 Studies Abroad: Culture
1-12 Credit Hours. 1-12 Lecture Hours. 0 Lab Hours.
Studies literature, culture, and/or civilization within a Spanish-speaking country, using native materials and resources.

SPAN 8790 Directed Study in Spanish
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent Study under faculty supervision.

SPED 3003 Devel Lang & Commun Skills
3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
Teaches a variety of strategies for developing and facilitating language and communication skills in terms of appropriate use of phonology, morphology, semantics, syntax, and pragmatics. Covers cultural and dialectical aspects of language. Includes practicum.

SPED 3130 Characteristics of Learners with Disabilities
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course provides a review of the etiology, diagnosis, characteristics, and philosophical and educational implications of the full range of students with special needs who demonstrate a need for additional educational services in order to achieve full potential. Considerable emphasis will be placed on the delivery of educational services and social issues related to Mild Disabilities. Together with the listed co-requisites, this course is designed to meet the requirements of House Bill 671. Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): SPED 3131, SPED 3134.

SPED 3131 Assessment in Special Education
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course is designed to provide a overview of a variety of assessment techniques, including observations, teacher-made test, criterion referenced assessments, and standardized evaluation tools for use in identifying and developing programs for individuals with special learning needs. Special emphasis will be placed on interpreting assessment results for instructional planning. Prerequisite(s): Admission to Teacher Education Program.
Corequisite(s): SPED 3134.

SPED 3133 Methodologies of Inclusive P-5 Settings
3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
This course is designed to examine: (a) research-based methods for curriculum and instruction in an inclusive classroom, (b) differentiated instruction, (c) instructional curricular adaptations, and (d) collaboration for individuals with age-level learning abilities as well as those individuals with mild disabilities, preschool through grade 5. This course includes a field component.
Corequisite(s): SPED 3131, SPED 3134, SPED 3331.

SPED 3134 Special Education Procedures
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Designed to provide knowledge about litigation and legislation affecting Special Education and the procedures associated with pre-referral, assessment, placement, and instruction of children with special needs. The development of eligibility reports, Individual Education Plans, and Transition Plans are included in course content. Prerequisite(s): Admission to Teacher Education Program. Corequisite(s): SPED 3131.

SPED 3231 Classroom Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to initiate the preservice teacher in the basic procedures for classroom management with an emphasis on developing teacher candidates’ abilities to meet the needs of a diverse population, including English Language Learners and students with disabilities in the P-5 and/or 6-12 classroom. Emphasis is placed on the understanding and development of skills in the following areas: Positive Behavior Intervention and Supports (PBIS), data-based behavioral management, including several theoretical paradigms and research-based effective instructional management. Prerequisite(s): A minimum grade of “C” in SPED 4733. Corequisite(s): SPED 4734.
SPED 3331 Introduction to Special Education for Elementary Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to examine: (a) the characteristics of students with disabilities, (b) the educational and legal implications for working with students with disabilities and other special learning needs, (c) collaborating with other professionals to meet the needs of all students, (d) strategies for successful inclusion, and (e) instructional and curricular adaptations. Prerequisite(s): Admission to Teacher Education Program and a minimum grade of "C" and prior or concurrent enrollment in ELEM 3131.

SPED 3332 Introduction to SPED in Middle and Secondary Grades
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to examine the etiology, diagnosis, characteristics, effective teaching strategies, and philosophical, educational, and legal implications of the full range of students who demonstrate a need for additional educational services in order to achieve full potential. Prerequisite(s): Admission to Teacher Education Program and a minimum grade of "C" and prior or concurrent enrollment in MGED 3731.

SPED 3333 Introduction to Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to examine the etiology, diagnosis, characteristics, effective teaching strategies, and philosophical, educational, and legal implications of the full range of students who demonstrate a need for additional educational services in order to achieve full potential. Prerequisite(s): Admission to Teacher Education Program.

SPED 3631 Inclusive Practices
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to focus on best practices for educating P-12 students with diverse learning needs in the general education classroom. Candidates will investigate significant legal and historical considerations related to inclusion, pedagogical and curricular issues, collaboration, best instructional practices, and current trends. This course includes a field component. Corequisite(s): SPED 3231, SPED 4733, SPED 4734.

SPED 4090 Special Education Special Topics
3-12 Credit Hours. 3-12 Lecture Hours. 0 Lab Hours.
Designed to provide additional specialized field-based experience or remedial coursework as needed to meet the needs of preservice teachers. Attention will be focused on providing opportunities for strengthening skills necessary to special education teachers. Prerequisite(s): Approval of advisor, instructor, and department chair.

SPED 4230 Instructional and Behavior Management Methods, P-5
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide preservice candidates with practical methods for planning and managing group and individualized instruction in all curricular areas for individuals with mild disabilities, preschool through grade 5. It includes review, demonstration, and preparation of programs, methods, and materials for such instruction in both general and special education classrooms. The course is part of the Special Education Block experience and includes a field component.
Corequisite(s): SPED 4733.

SPED 4231 Instructional and Behavior Management Methods, 6-12
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide preservice candidates with practical methods for planning and managing group and individualized instruction in all curricular areas for individuals with mild disabilities, grades 6 through 12. It includes review, demonstration, and preparation of programs, methods, and materials for such instruction in both regular and special education classrooms. Instruction in methods for transitioning is one of the primary foci of this course. The course is part of the Special Education Block experience.
Prerequisite(s): A minimum grade of "C" in SPED 4230 and SPED 4733. Corequisite(s): SPED 3231, SPED 4734.

SPED 4430 Family, Community and Professional Collaboration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This seminar is designed to provide preservice teachers with knowledge of effective communication skills and to present models of consultation and collaboration for use in family, community, and professional relationships. The models are applied to working with families, teachers and other community professionals involved in the provision of services to students with disabilities. Corequisite(s): SPED 5799.

SPED 4632 Special Education Student Teaching Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In the Special Education Student Teaching Seminar course, students will analyze issues related to diverse school populations, classroom/behavior management, technology integration, and school law. Special emphasis will be placed on instructional settings, strategies, and services for diverse populations and school law in the public schools. Prerequisite(s): A minimum grade of "C" in SPED 3231 and SPED 4231 and SPED 4734. Corequisite(s): SPED 5799.

SPED 4733 SPED P-5 Practicum
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This practicum course will provide an opportunity for preservice candidates to work within diverse P-5 classrooms to practice instructional and classroom management skills. In addition to special education classrooms, students may be placed in inclusionary settings and/or classrooms for students identified as being "at-risk" learners. The course is part of the Special Education Block experience. Prerequisite(s): A minimum grade of "C" in READ 4131. Corequisite(s): SPED 4230.

SPED 4734 SPED 6-12 Practicum
3 Credit Hours. 0 Lecture Hours. 20 Lab Hours.
This practicum course will provide an opportunity for preservice candidates to work within diverse classrooms, grades 6 through 12, to practice instructional and classroom management skills. In addition to special education classrooms, students may be placed in inclusionary settings and/or classrooms for students identified as being "at-risk" learners. The course is part of the Special Education Block experience. Prerequisite(s): A minimum grade of "C" in SPED 3722 and READ 4131. Corequisite(s): SPED 3231, SPED 4231.

SPED 4740 Internship I
3 Credit Hours. 1 Lecture Hours. 1-12 Lab Hours.
Directed field experience with students with disabilities. Prerequisite(s): MATH 2200 or MATH 1401.

SPED 5030 Infants, Toddlers with Disabilities Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide the teacher candidate with the knowledge, skills, and dispositions necessary to be effective professionals in providing inclusive, culturally competent and family directed early intervention (EI) services for families, infants, and toddlers with disabilities and those at-risk for developmental delays. Course content will focus on curricular approaches in EI, specific intervention strategies, individual family service plan (IFSP) development, and curriculum planning issues. In addition, assistive technology will be included in the scope of intervention strategies and supports. Course requirements include 45 hours of field experience. Prerequisite(s): A minimum grade of "C" in SPED 3331 and CHFD 3131.

SPED 5031 PreK and Kindergarteners with Disabilities Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide teacher candidates with the practical skills and techniques for working with preschool children with disabilities and their families with respect to cultural and linguistic differences in a variety of settings. Content includes curriculum models, intervention strategies, service delivery models, technology applications and design of family-directed, culturally sensitive individual education plans (IEP). Course requirements include 45 hours of field experience. Prerequisite(s): A minimum grade of "C" in SPED 3331 and CHFD 3131.
SPED 5799 Student Teaching in Special Education
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Student teaching is a period of guided teaching practice. Under the direction of a clinical supervisor, candidates gradually assume increasing responsibility for classroom instruction and management. During this experience, candidates are expected to engage directly in many of the activities which constitute the wide range of a teacher's responsibility. Corequisite(s): SPED 4632. Cross Listing(s): SPED 5799G.

SPED 6130 Introduction to Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to examine the etiology, incidence, diagnosis, characteristics and philosophical and educational implications of the full range of students who demonstrate a need for additional educational services in order to achieve full potential. It is a prerequisite to Master's level coursework in Special Education and meets the educational requirements mandated by H.B. 671.

SPED 6230 Assessment and Procedures in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with prerequisite skills in procedures, and assessment in Special Education. More specifically, this course provides a review of a variety of assessment techniques, including observations, teacher-made tests, criterion referenced assessments, curriculum-based assessment, and standardized evaluation tools for program planning purposes for individuals with special learning needs. In addition, this course provides knowledge about legislative requirements and the procedures associated with assessment, placement, and instruction of students with disabilities. Prerequisite(s): A minimum grade of "C" in SPED 6130.

SPED 6231 Special Education Laws and Procedures
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides knowledge about legislative requirements and the procedures associated with assessment, placement, and instruction of children with special needs. Individual Education Plans, eligibility reports, and transition plans are designed within the current legal and legislative context of special education. Prerequisite(s): A minimum grade of "C" in SPED 6130.

SPED 6330 Classroom Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with prerequisite skills in classroom management and procedures. More specifically, this course provides an overview of basic procedures for instructional and behavior management of students with disabilities. In addition, this course provides knowledge about legislative requirements and the procedures associated with instructional and behavioral management. Also included in this course is a review of a variety of assessment techniques including observation, interviews, and other informal assessment techniques for use with individuals with disabilities. Prerequisite(s): A minimum grade of "C" in SPED 6130.

SPED 6766 Student Teaching: SPED
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Student teaching is a period of guided teaching practice. Under the direction of a clinical supervisor, candidates gradually assume increasing responsibility for classroom instruction and management. During this experience, candidates are expected to engage directly in many of the activities which constitute the wide range of a teacher's responsibility. Prerequisite(s): SPED 7632.

SPED 7090 Selected Topics in Special Education
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Designed to promote specialized training in new and/or emerging topics related to the preparation of practitioners in the field of special education. Attention will be given to a range of special needs as they reach special significance in local systems. Prerequisite(s): Permission of instructor.

SPED 7133 Collaboration Across the Life Span
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth examination of the issues confronted by individuals with disabilities and their families across the life span is provided. The consultative and collaborative skills necessary to work with students with disabilities, parents, student services personnel, and community agencies across the life span are taught. Emphasis is placed on planning and implementing transitions at all stages.

SPED 7136 Language Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides a review of the types and causes of language problems found in exceptional child populations. Provides instruction and demonstration in diagnostic and developmental/remedial techniques in the area of speech/language.

SPED 7448 Augmentative and Alternative Communication for Students with Multiple/Severe Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of devices and systems used to meet the communication needs of students with multiple and severe disabilities.

SPED 7630 Seminar in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Requires students to address a series of topics central to current research and practice in Special education as they relate to a specific area of disability. Students will be required to prepare for and lead class discussion on a topic of their choice. Prerequisite(s): Completion of 30 hours in MED program.

SPED 7631 Perspectives on Mild Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with a review of the characteristics of students with mild disabilities and the implications for their education and development. In addition, graduate students will reflect on the inter- and intra- individual differences which define the uniqueness of students with mild disabilities. Course content will integrate legal and social issues related to the instruction of students with mild disabilities.

SPED 7632 Methods for Mild Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with skills in social and learning methods for students with mild disabilities. More specifically, this course provides an overview of basic methodology for academic and social instruction for students with disabilities. In addition, this course provides knowledge about the identification and implementation of a variety of teaching methodologies appropriate for learners with mild disabilities. Prerequisite(s): A minimum grade of "C" in SPED 7631.

SPED 7633 Introduction to Augmentative Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to Augmentative Language and is designed to develop conversational signing skills at the beginning level. Candidates will develop expressive and receptive sign skills, and learn the manual alphabet, numbers, and sign vocabulary. Other topics include grammar, history, fingerspelling, terminology, and Deaf culture.

SPED 7634 Characteristics and Assessment of Low Incidence Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide the graduate candidate with an introduction to the characteristics and assessment of students with moderate to severe disabilities in low incidence categories including mental retardation, sensory impairments, physical disabilities, multiple disabilities, chronic health impairments, autism, and traumatic brain injury. Historical and philosophical perspectives of programs related to students with moderate to severe disabilities using a life-span approach will be explored. Positive behavioral support strategies will be introduced. Developmentally appropriate formal and informal assessment will be addressed. In addition, this course will include reflection on multicultural, diversity, technology, employment and community living issues facing this population of individuals with disabilities.
SPED 7635 Methods for Low Incidence Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide students with practical techniques of structuring group and individualized instruction in all curriculum areas for individuals with moderate to severe disabilities. It includes review, demonstration, and preparation of programs, methods, and materials for such instruction, with special emphasis on application of the diagnostic-prescriptive process.
Prerequisite(s): A minimum grade of "C" in SPED 7634.

SPED 7736 Internship in SPED General Curriculum
3 Credit Hours. 0 Lecture Hours. 10 Lab Hours.
This field-based internship involves the implementation of prescriptive methods for teaching students with disabilities at the mild level working on the general curriculum. Interns must complete 150 contact hours in a P-12 classroom serving students with the categorical focus identified in the student's program of study.
Corequisite(s): SPED 7632.

SPED 7766 Internship in Special Education
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This field-based internship involves the implementation of prescriptive methods for teaching students with mild disabilities. Interns must complete contact hours in a P-12 classroom serving students with mild disabilities. Prerequisite(s): A minimum grade of "B" in SPED 7632 and SPED 7635.

SPED 8130 Administration in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to develop the skills necessary to organize, house, equip, staff, supervise, and provide specialized educational environments and services for children with disabilities.

SPED 8131 Critical Issues in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will identify and address a series of critical issues in special education from the standpoint of how such issues impact on the practice of education in their classroom, school, and system. Historical and current research will be reviewed as they relate to identified issues. Discussions of methods for addressing such issues within the context of the public schools will be a major focus of the course.

SPED 8410 Career Development and Transition Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on understanding legal and procedural issues in interventions at the systems level of transition, including the following: identification of exemplary transition practices, issues in transition policies, dropout prevention issues, the vocational service system, ecological transition models, inclusive transition models of transition, self-determination and family involvement models, and continuous evaluation and improvement of transition services.

SPED 8411 Vocational Assessment of Special Education Students
3 Credit Hours. 3 Lecture Hours. 1-35 Lab Hours.
Provides students with the knowledge and skills to select, administer, and interpret instruments which sample vocational interests, aptitudes, and development. Emphasis is placed on the evaluation of students with disabilities and others at-risk of school failure. Field-based experience required.

SPED 8412 Interagency Planning and Service for Transition to Adulthood
3 Credit Hours. 3 Lecture Hours. 1-35 Lab Hours.
Emphasis is placed on theory and practice related to interagency collaboration, systems change efforts in transition services, and state-of-the-art practices regarding supporting individuals with disabilities in community employment, living, socialization, community participation, and other areas of adult life. Covers specific federal and state mandates concerning transition planning and collaboration with agencies in the community for assisting students as they move through the P-12 educational experience and on to post-secondary education and/or training.
Prerequisite(s): A minimum grade of "B" in SPED 8410 and SPED 8411.

SPED 8413 Community Based Instruction
3 Credit Hours. 3 Lecture Hours. 1-35 Lab Hours.
The course explores the use of appropriate community environments, methods for linking community based instruction, and methodology for preparing students with multiple and severe disabilities for adulthood. Emphasis is placed upon theory and practice related to career development, job development, facilitating natural supports on the job, job partnerships, and school and community vocational training models.
Prerequisite(s): A minimum grade of "B" in SPED 8410 and SPED 8411.

SPED 8531 Nature and Needs of Students with Autism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with an examination of the psychological, communicative, social, and behavioral characteristics of individuals who have been diagnosed with autism. Focus on history, trends and practices, identification, and services will also be included.

SPED 8532 Implementing Evidence Based Practices in Teaching Students with Autism Spectrum Disorder
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with methods and strategies for planning and instructing utilizing evidence-based practices for students with autism spectrum disorders (ASD). More specifically, this course provides an overview of basic methodology for specialized instruction with an emphasis on using applied behavior analysis to teach academic, functional life skills, adaptive behavior, communication, and social skills for students with ASD. In addition, this course will include functional behavior assessment and positive behavior support as foundations for implementing appropriate behavioral interventions.

SPED 8533 Assessment and Procedures for Students with Autism Spectrum Disorder
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with assessment and instructional procedures for working with individuals with autism spectrum disorder. Screening, diagnostic tools, educational assessments, ongoing progress monitoring, and program evaluation will be reviewed. The role of family in regards to the assessment process will also be discussed. In addition, transition planning will be highlighted. Field experience is embedded into the course through observation and assessment of individuals with ASD and interviews with family members.

SPED 8838 Qualitative/Applied Behavioral Analysis Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to provide an in-depth study of the methodology involved in qualitative and ABA research. Provides students with a foundation of skills which will allow them to conduct research independently. In addition, a major goal of this course is to facilitate the development of critical thinking skills which will enable students to make reflective decisions within their professional domain.
Prerequisite(s): A minimum grade of "C" in EDUR 8131.

SPED 8890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
The student will propose and carry out an applied or theoretical project in Special Education.
Prerequisite(s): Permission of program faculty.

SSCI Social Science

SSCI 2960 Foreign Language And Culture
1-15 Credit Hours. 0-15 Lecture Hours. 0 Lab Hours.
Offered as part of a study abroad or global studies program. Instruction in language and/or culture of a foreign country or people.

STAT Statistics
STAT 2231 Introduction to Statistics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Measures of central tendency and dispersion; probability distributions; inferences concerning means and proportions; goodness of fit; correlation; linear regression. Prerequisite(s): A minimum grade of "C" or better in MATH 1001 or higher.

STAT 2232 Introduction to Statistics II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A continuation of STAT 2231. The focus is on inferential procedures to compare the same characteristic between two or more populations and inferential procedures to investigate the relationship between two or more variables from the same population. Topics include tests of association, regression, correlation, and analysis of variance. The statistical software package SPSS is used. Prerequisite(s): A minimum grade of "C" in STAT 2231 or MATH 1401.

STAT 3130 Applied Statistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introductory course in applied statistics for students in the natural sciences, social sciences, health and professional studies, technology, and business. The material covered will provide an introduction to statistical concepts and terminology while focusing on descriptive and inferential methods of data analysis. Both parametric and nonparametric methods are presented for the analysis of central tendency, variability, proportions, and categorical data. Topics covered also include regression and correlation. Prerequisite(s): MATH 1111.

STAT 3211 Probability & Statistics App I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Data collection, organization and description; probability, random variables; discrete and continuous probability distributions; Central Limit Theorem; point and interval tests of hypotheses; simple linear regression and correlation. Prerequisite(s): A minimum grade of "C" in MATH 2160 and STAT 3211.

STAT 3231 Mathematical Statistics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Probability, properties of discrete and random variables, joint and conditional distributions, expectation, and transformations. Prerequisite(s): A minimum grade of "C" in MATH 2160 and STAT 3211.

STAT 3222 Probability & Statistics App II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Sampling techniques, multiple linear regression, nonparametric statistics, and MANOVA. Prerequisite(s): A minimum grade of "C" in MATH 2160 and STAT 3211.

STAT 3240 Experimental Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Completely randomized and randomized block designs, incomplete block designs, fixed, random, and mixed effect models, split plot designs, nested experiments, analysis of covariance, and factorial experiments. Prerequisite(s): A minimum grade of "C" in STAT 3211 or STAT 3231.

STAT 4090 Selected Topics in Statistics
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Specialized study in a selected area of Statistics. Prerequisite(s): Permission of instructor required.

STAT 4890 Directed Study in Statistics
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Directed study under faculty supervision. Well-prepared statistics students may be permitted to enroll in an independent study upon the recommendation of a Statistics faculty member. Prerequisite(s): Permission of instructor and Department Chair required.

STAT 5130 Sampling and Survey Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the design and analysis of sample surveys suitable for students in business, social sciences, and biological sciences in addition to the mathematical sciences. Comparison of simple random sampling, stratified, systemic, cluster and multistage sampling. Emphasis on appropriate sample type and estimation of parameters. Prerequisite(s): A minimum grade of "C" in STAT 2231 or MATH 1401. Cross Listing(s): STAT 5130G.

STAT 5130G Sampling and Survey Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the design and analysis of sample surveys suitable for students in business, social sciences, and biological sciences in addition to the mathematical sciences. Comparison of simple random sampling, stratified, systemic, cluster and multistage sampling. Emphasis on appropriate sample type and estimation of parameters. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require a higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor. Prerequisite(s): A minimum grade of "C" in STAT 2231. Cross Listing(s): STAT 5130.

STAT 5330 Introduction to Mathematical Statistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introductory course intended to present a solid foundation in statistical theory, and, at the same time, to provide an indication of the relevance and importance of the theory in solving practical problems in the real world. Topics include, moments and moment-generating functions, point and interval estimation, test of statistical hypothesis, contingency tables and goodness-of-fit, nonparametric methods, and introduction to linear models. Prerequisite(s): A minimum grade of "C" in MATH 3337. Cross Listing(s): STAT 5330G.

STAT 5330G Introduction to Mathematical Statistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introductory course intended to present a solid foundation in statistical theory, and, at the same time, to provide an indication of the relevance and importance of the theory in solving practical problems in the real world. Topics include, moments and moment-generating functions, point and interval estimation, test of statistical hypothesis, contingency tables and goodness-of-fit, nonparametric methods, and introduction to linear models. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor. Prerequisite(s): A minimum grade of "C" in MATH 3337. Cross Listing(s): STAT 5330.

STAT 5531G Introduction to Mathematical Statistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the first of a two course sequence in applied statistics. The material covered will provide an introduction to statistical concepts and terminology while focusing on descriptive and inferential methods of data analysis. Topics include descriptive statistics, parameter estimation, tests of significance, confidence intervals, analysis of variance, simple linear regression and correlation, and resampling methods including bootstrapping. Both parametric and nonparametric methods are presented for the analysis of central tendency, variability, proportions and categorical data. Prerequisite(s): A minimum grade of "C" in MATH 3337. Cross Listing(s): STAT 5531G.
STAT 5531G Statistical Methods I 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the first of a two course sequence in applied statistics. The material covered will provide an introduction to statistical concepts and terminology while focusing on descriptive and inferential methods of data analysis. Topics include descriptive statistics, parameter estimation, tests of significance, confidence intervals, analysis of variance, simple linear regression and correlation, and resampling methods including bootstrapping. Both parametric and nonparametric methods are presented for the analysis of central tendency, variability, proportions and categorical data. Graduate students will be required to complete advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor. Prerequisite(s): A minimum grade of "C" in MATH 3337. Cross Listing(s): STAT 5531.

STAT 5532 Statistical Methods II 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the second of a two course sequence in applied statistics. The material covered will provide an introduction to the ideas of linear models and experimental design while focusing on methods of data analysis using regression and analysis of variance. Topics include multiple regression analysis, analysis of variance with multiple classification, analysis of covariance, repeated measures analysis of variance, multiple comparison techniques, and diagnostic procedures and transformations. Suitable for students in business administration, economics, and the social, health and biological sciences. Prerequisite(s): A minimum grade of "C" in STAT 5531. Cross Listing(s): STAT 5532G.

STAT 5532G Statistical Methods II 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the second of a two course sequence in applied statistics. The material covered will provide an introduction to the ideas of linear models and experimental design while focusing on methods of data analysis using regression and analysis of variance. Topics include multiple regression analysis, analysis of variance with multiple classification, analysis of covariance, repeated measures analysis of variance, multiple comparison techniques, and diagnostic procedures and transformations. Suitable for students in business administration, economics, and the social, health and biological sciences. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor. Prerequisite(s): A minimum grade of "C" in STAT 5531. Cross Listing(s): STAT 5532.

STAT 7090 Selected Topics in Statistics 1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Selected study in a selected area of Statistics. Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7130 Applied Multivariate Statistical Analysis 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Estimating and inference from the multivariate normal distribution, Hotelling’s T^2, multivariate analysis of variance, multivariate regression, multivariate experimental design, principle component analysis, factor analysis, discriminate analysis and cluster analysis. Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7132 Applied Nonparametric Statistics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Review of probability and statistical inference; binomial, quantile and sign tests; contingency tables; methods based on ranks. Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7134 Applied Regression Analysis 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Simple and multiple linear regression, model selection, residual analysis, influence diagnostics, transformation of data to fit assumptions, multicollinearity and an introduction to nonlinear regression. Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7135 Analysis of Discrete Data 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of discrete univariate and multivariate distributions and generating functions, two-way and higher dimensional contingency tables, chi-squared and other goodness-of-fit tests, Cochran-Mantel-Hanzel procedure, binary and multinomial response models, log-linear models, theoretical foundations for the generalized linear models, mixed generalized linear models, longitudinal and spatial data analysis. Prerequisite(s): Completion of STAT 7321 and STAT 5531, with a minimum grade of "C".

STAT 7231 Design of Experiments I 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Various statistically designed experiments are introduced including randomized blocks designs, Latin squares, incomplete block designs, factorial and fractional factorial designs with and without confounding and nested designs. Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7232 Design of Experiments II 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Response surface methodology is introduced. First- and second-order models and designs are studied which includes determining optimum conditions and methods of estimating response surfaces. Multiresponse experiments, nonlinear response surface models, and mixture designs are also studied. Prerequisite(s): Completion of STAT 7231.

STAT 7234 Statistical Process Control 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Philosophy of statistical process control is studied along with SPC techniques of control charts, process-capability, designed experiments and acceptance sampling. Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7331 Mathematical Statistics I 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Random variables, density functions, mathematical expectation, discrete and continuous distributions, moments and moment-generating functions and limiting distributions. Prerequisite(s): Completion of MATH 2242 and MATH 3337.

STAT 7332 Mathematical Statistics II 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Rigorous introduction/development of interval estimation, test of significance, comparison of "k" means, randomized block design, multiple comparison procedures, nonparametric test and linear regression. The general linear model will be introduced. Prerequisite(s): Completion of STAT 7331.

STAT 7430 Actuarial Mathematics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Survival distributions and life tables, life insurance, life annuities, net premiums, multiple life functions, multiple decrement models, valuation theory for pension plans, collective risk models, population theory and theory of pension funding. Prerequisite(s): Completion of STAT 7331.

STAT 7432 Applied Stochastic Processes 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Poisson process, renewal theory, Markov chains, Brownian motion, random walks and Martingales and stochastic order relations. Prerequisite(s): A minimum grade of "C" in STAT 7331.
STAT 7434 Applied Time Series Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic ideas of stochastic model building techniques with applications are discussed. Properties of the autocorrelation function and the spectrum of stationary processes are investigated. Models studied include the linear stationary ARMA and linear non-stationary ARIMA models along with forecasting models. Prerequisite(s): Completion of STAT 7331.

STAT 7436 Reliability Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Probabilistic models for the reliability of coherent systems, statistical models for lifetimes of components and repairable systems, including the nonhomogeneous Poisson process, reliability estimation and prediction, MIL standards and accelerated life testing. Prerequisite(s): Completion of STAT 7331.

STAT 7530 Statistical Computing I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic computer organization and computer arithmetic are investigated. Programming languages and statistical software packages are explored. Methods for approximating cumulative distribution function and percentage points of a probability distribution are studied including nonparametric procedures. Multiple comparison procedures are also examined. Random number generation and statistical tests for testing random number generators are explored. Prerequisite(s): Completion of STAT 7331.

STAT 7532 Statistical Computing II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Various computational methods in linear algebra as applied to such statistical methods as multiple linear regression, designed experiments, multivariate analysis and the general linear model. Further topics include computational methods for unconstrained optimization, nonlinear regression and model fitting based on criteria other than least squares. Prerequisite(s): Completion of STAT 5532 or STAT 5532G and STAT 7331.

STAT 7610 Graduate Seminar
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Students will research topics related to their major/concentration, under supervision of one or more faculty members. Each student will present results on topics of interest to the class on new developments in mathematical sciences, or on his/her research project. Faculty members also may present lectures for the benefit of the students. Course may be repeated up to a maximum of 3 credit hours to be counted toward the M.S. in Mathematics. Cross Listing(s): MATH 7610.

STAT 7890 Directed Study in Statistics
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Directed study under faculty supervision. Prerequisite(s): Permission of instructor and Department Chair.

STAT 7895 Research
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Graduate students will conduct a program of independent research under the direction of a thesis advisor or an advisory committee on a topic in Statistics. Results of the research will be presented as a thesis in MATH 7999 for partial fulfillment of the requirement of the Master of Science Degree in Mathematics with an emphasis in Statistics.

STAT 7899 Research Project in Statistics
1-6 Credit Hours. 1-6 Lecture Hours. 0-4 Lab Hours.
Research project addressed toward a real world problem. Prerequisite(s): Permission of project advisor and Department Chair required.

SUST Sustainability
SUST 4730 Practicum in Environmental Sustainability
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A practicum for the completion of the Concentration in Environmental Sustainability. Students will work with a faculty mentor to develop and implement sustainability projects in their field of expertise on campus or in the community. Projects will be presented to the public at the end of the semester in a Sustainability Symposium. The course is offered through the Center for Sustainability at Georgia Southern.

TCGT General Technology
TCGT 1530 Global Sustainability and Innovation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to the pivotal role of our ability to apply scientific principles, appropriate and advancing technologies, and best practices in establishing a sustainable global environment. The course involves active discussion of global environmental and sustainability issues such as pollution, conservation, and climate change.

TCGT 4090 Selected Topics in Technology
1-3 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.
Scheduled on an infrequent basis to explore special areas in technology and will carry a subtitle. Keeps with established policies for offering a structured course on an infrequent basis. It will allow faculty to offer a course on a trial basis for possible approval at a later date.

TCLD Teach Cult Ling Div Stdnt
TCLD 7334 Language Policy and Politics in Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the intersection of ideologies and politics of language with language education planning, policy, and implementation. The course will present a wide array of historical, international, and national perspectives on language policies, politics, and education and guide students to apply those perspectives to understand contemporary state, community, school, and classroom realities and possibilities. Prerequisite(s): A minimum grade of “C” in the following: ESED 5234 or ESED 5234G, ESED 5233 or ESED 5233G, ESED 5235 or ESED 5235G.

TCLD 7336 Globalization, Immigration, and Teaching ELLs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine how immigration patterns have contributed to the diversification of students in the United States, particularly in the Southeastern United States, the challenges posed by this changing student body, and best practices in teaching and learning within this environment. Prerequisite(s): A minimum grade of “C” in the following: ESED 5234 or ESED 5234G, ESED 5233 or ESED 5233G, ESED 5235 or ESED 5235G.

TCGT 7330 Global Sustainability and Innovation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine how immigration patterns have contributed to the diversification of students in the United States, particularly the Southeastern United States, the challenges posed by this changing student body, and best practices in teaching and learning within this environment. Prerequisite(s): A minimum grade of “C” in the following: ESED 5234 or ESED 5234G, ESED 5233 or ESED 5233G, ESED 5235 or ESED 5235G.

TCGT 7338 Special Education-ELL Interface & Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide an overview of assessment, best practices, and education as they relate to culturally and linguistically diverse students with and without disabilities. Emphasis is placed on assessment issues as they relate to English Language Learners. Prerequisite(s): A minimum grade of “C” in the following: ESED 5234 or ESED 5234G, ESED 5233 or ESED 5233G, ESED 5235 or ESED 5235G.
TCM 1131 Building Materials and Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The materials, systems and methods of construction. Topics include material properties, selection and application criteria and construction processes. Covers divisions 3-9 & 31 of the CSI Master format.

TCM 1231 Introduction to Construction Management
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course presents an introduction to the construction management profession and the construction industry that it serves. It includes an overview of industry sectors, professional organizations, and the industry's impact on the economy. The basics of the construction process and delivery systems will be discussed. Students will be introduced to software that is part of the construction manager's day-to-day role. A thorough understanding of the construction management curriculum and the various courses will be provided.

TCM 1232 Construction Graphics
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course is a study of construction drawings and specifications. It exposes students to fundamental graphical communication knowledge and print-reading skills. Students will also learn necessary modeling techniques to create basic construction models and generate construction drawings using the most cutting-edge Building Information Modeling (BIM) tools. Topics include print reading, sketching and drafting techniques for the presentation of floor plans, elevations, sections and building components using BIM software.

Prerequisite(s): A minimum grade of "C" in TCM 1231 and MATH 1112 or MATH 1113 or MATH 1441.

TCM 2233 Construction Surveying
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Introduction to the equipment and techniques used for construction surveying, including measurement of distances, horizontal and vertical angles, and differences in elevation. Emphasis is placed on accuracy of measurements, precise operation of instruments, completeness in laboratory exercises, and accurate field notes.

Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133 and MATH 1112 or MATH 1113 or prior or concurrent enrollment in MATH 1441.

Cross Listing(s): CENG 2231.

TCM 2234 Mechanical and Electrical Equipment and Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course includes a study of mechanical and electrical equipment and systems as related to the construction industry. The course is composed of three basic parts. Part one addresses available energy sources, thermoflow and ventilation characteristics, air handling systems, and mechanical codes. Part two addresses domestic water and waste systems, fire sprinklers and stand pipe systems and plumbing codes. Part three addresses electrical power, lighting and communication systems and electrical codes.

Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133 and PHYS 1111 or PHYS 2211 or permission of instructor.

TCM 2235 Introduction to Structures
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course introduces students to the theory of structural analysis and design and its application to construction. Topics include analysis of coplanar force systems, analysis of trusses and frames, friction, centroids and moment of inertia, stresses and strains, properties of materials, bending, shear, deflections in beams, combined stresses and analysis of columns.

Prerequisite(s): A minimum grade of "C" in PHYS 1111 or PHYS 2211.

TCM 2333 Building Information Modeling for Construction Management
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Introduction to Building Information Modeling (BIM). This course highlights the merits of BIM in promoting productivity and profitability in the construction industry. Topics include the history of information modeling technology and its impacts on construction industry; major BIM software applications and basic modeling techniques; application of BIM authoring and analysis skills for construction projects. The course emphasizes hands-on modeling skills and the utilization of BIM technology to solve construction project problems.

Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133 and MATH 1112 or MATH 1113 or prior or concurrent enrollment in MATH 1441.

TCM 2430 Construction Safety
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course includes a study of safe construction practices. Topics include workers' compensation insurance, OSHA regulations, construction disasters, safe construction training and planning, and the hidden costs of accidents. Students are highly encouraged to obtain the OSHA 30-hour safety card as part of this course.

TCM 3231 Steel Structures
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course explores the means and methods used in the construction of structural systems with a primary focus on steel structures. The course presents topics on the fundamental material properties and strengths of structural steels and on the purposes of different structural elements (beams, columns, shear and moment connections, splices, braces, composite slabs, gusset plates, bolts, anchor rods, shear studs, welds, stiffeners, etc.). The course additionally presents a description of the design methods in steel structures and construction of various structural systems.

Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133 and TCM 2235 or TCM 2240.

TCM 3232 Concrete and Masonry Structures
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course discusses the means and methods used in the construction of structural systems with emphasis on concrete and masonry structures. The course presents topics on the fundamental properties and characteristics of concrete, concrete mix, strengths, design and construction of concrete formwork, concrete reinforcing, placing, testing, masonry materials and construction of various structural systems.

Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133 and TCM 2235.
TCM 3330 Quantity Estimating
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Construction estimating with emphasis on quantity take-off and specifications, including techniques of interpreting a visualizing construction drawings.
Prerequisite(s): A minimum grade of "C" in TCM 1131 and prior or concurrent enrollment in TCM 3231 or TCM 3232 or approval of the instructor.

TCM 3331 Construction Finance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the long-term contract methods for recognizing revenue and their impact on construction company financial statements. The course also covers the analysis of construction company financial statements and their use in developing budgets, project cash needs, pricing construction projects, and forecasting the impact of business decisions on profit. The project cost control and the contract delivery methods are also discussed, along with ethical guidelines for professional conduct and code of ethics.
Prerequisite(s): A minimum grade of "C" in ECON 2105 and ACCT 2030.

TCM 3332 Construction Equipment Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The various aspects of heavy equipment management and ownership. Topics include equipment acquisition and disposition options, production costs and productivity, cost analysis and control, management staffing and responsibilities, selected topics in maintenance, depreciation and economic life.
Prerequisite(s): A minimum grade of "C" in MATH 1112, MATH 1113, MATH 1441.
Cross Listing(s): TCM 3332S.

TCM 3333 Building Codes
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course includes a study of codes applicable to the construction industry with emphasis on the Standard Building Code. An introduction to construction related federal regulations with an emphasis on labor related issues; construction labor unions and the collective bargaining process.
Prerequisite(s): A minimum grade of "C" in TCM 1231.

TCM 3890 Special Problems in Construction
1-4 Credit Hours. 1-4 Lecture Hours. 0-4 Lab Hours.
Individualized study in the area of building construction and contracting not otherwise available in the student's program.
Prerequisite(s): Permission of instructor 6 weeks prior to term course will be taken.

TCM 4090 Selected Topics in Construction
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Scheduled on an infrequent basis to allow the exploration of undergraduate topics within building construction and contracting. Course shall carry a subtitle for topic identification.
Prerequisite(s): Permission of instructor.

TCM 4432 Construction Administration
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Terms, documents and operations inherent in building construction management. Topics include business ownership, company organization, project bidding/negotiating methods, construction contracts, bonds, insurance and accounting.
Prerequisite(s): A minimum grade of "C" in TCM 3331 and Junior status.

TCM 4434 Soils and Foundations
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
The site development construction process with an emphasis on soils as a construction material. Topics include soils investigation, testing, classification, engineering properties and modification techniques, excavation equipment, construction dewatering, slope stability and support, layout and grade staking, sediment and erosion control, foundations, underground utilities and pavements.
Prerequisite(s): A minimum grade of "C" in TCM 3332 and TCM 2233 or CENG 2231.

TCM 4518 Introduction to Senior Project
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Introduction to Senior Project is the first component of the senior project series of two courses dedicated to the successful completion of a final project deliverable. This first course introduces students to contemporary construction management considerations and professional practice in a global, economic, environmental, and societal context. This course prepares students to function on multi-disciplinary teams while completing preliminary tasks required for a larger capstone project. Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in COMM 1110 and STAT 2231 or BUSA 3131 and Senior Standing and Approval of Department Chair.

TCM 4530 Senior Project
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course includes an exercise in project management, including estimating and scheduling from construction documents of a project. The assigned project includes developing a fictitious organization, production of a project estimate and schedule and preparing a construction bid and other construction documentation.
Prerequisite(s): A minimum grade of "C" in TCM 4518 TCM 5431 and TCM 5433.

TCM 4710 Construction Internship
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
This course is designed for students to receive practical work experience with an approved construction employer. A minimum of 400 documented contact hours of employment with the selected construction employer are required.
Corequisite(s): COOP 4090F.

TCM 4730 Experiential Learning in Construction Management - COOP
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course provides an opportunity for Construction Management students to participate in experiential, Cooperative Education, and receive practical work experience with a pre-approved construction management employer. A minimum total of 400 documented contact hours of employment per work assignment with the selected construction employer are required for course credit.
Prerequisite(s): Completion of TCM 2233.

TCM 5330 Green Building and Sustainable Construction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a study of advanced topics in green construction beginning with the philosophy behind sustainability related technology and its implementation. The course provides a thorough expansion on LEED (Leadership in Energy and Environmental Design) core concepts including construction and design for sustainable sites, water efficiency, energy & atmosphere, materials & resources, indoor environmental quality and innovation and design. The course also examines sustainable construction methodologies and their associated environmental impacts.
Prerequisite(s): A minimum grade of "C" in TCM 1131, TCM 2234 or permission of instructor.
Cross Listing(s): TCM 5330G.
TCM 5330G Green Building and Sustainable Construction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a study of advanced topics in green construction beginning with the philosophy behind sustainability related technology and its implementation. The course provides a thorough expansion on LEED (Leadership in Energy and Environmental Design) core concepts including construction and design for sustainable sites, water efficiency, energy & atmosphere, materials & resources, indoor environmental quality and innovation and design. The course also examines sustainable construction methodologies and their associated environmental impacts. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in TCM 1131 and TCM 2234 or permission of instructor.
Cross Listing(s): TCM 5330.

TCM 5333 Building Information Modeling
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course is an introduction to building information modeling (BIM). It highlights the strength of BIM in promoting productivity and profitability in civil engineering and construction. Topics include the history of information modeling technology and its impacts on civil engineering and construction; popular software applications and basic modeling techniques; and implementation of BIM authoring and analysis tools for project delivery. Emphasis is placed on hands-on modeling techniques, and problem-solving using modern BIM technologies.
Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133.
Cross Listing(s): TCM 5333G.

TCM 5333G Building Information Modeling
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course is an introduction to building information modeling (BIM). It highlights the strength of BIM in promoting productivity and profitability in civil engineering and construction. Topics include the history of information modeling technology and its impacts on civil engineering and construction; popular software applications and basic modeling techniques; and implementation of BIM authoring and analysis tools for project delivery. Emphasis is placed on hands-on modeling techniques, and problem-solving using modern BIM technologies. Graduate students will be required to complete additional advanced level study beyond the scope of the undergraduate requirements of the course, demonstrating a higher level of mastery of the subject matter and including additional deliverables as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133.
Cross Listing(s): TCM 5333.

TCM 5431 Construction Cost Estimating
3 Credit Hours. 0.3 Lecture Hours. 0.1 Lab Hours.
This course includes methods and procedures for estimating costs of construction projects. Topics include types and purposes of estimates, direct and indirect costs, labor and equipment cost analysis, the CSI Masterformat, approximate estimates, and computerized estimating methods.
Prerequisite(s): A minimum grade of "C" in TCM 3330, TCM 3331 or permission of instructor.
Cross Listing(s): TCM 5431G.

TCM 5431G Construction Cost Estimating
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
This course includes methods and procedures for estimating costs of construction projects. Topics include types and purposes of estimates, direct and indirect costs, labor and equipment cost analysis, the CSI Masterformat, approximate estimates, and computerized estimating methods. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in TCM 3330 and TCM 3331 or permission of instructor.
Cross Listing(s): TCM 5431.

TCM 5433 Proj Planning/Scheduling
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course covers the fundamentals and techniques of planning and scheduling for construction projects. Topics include bar charts, Critical Path Method using both arrow and node networks, precedence networks, cost-time trade-offs, PERT, resource leveling, updating schedules during construction, project control, earned value method, lean construction principles and practices, and computerized scheduling techniques.
Prerequisite(s): A minimum grade of "C" in TCM 1231 and STAT 2231 or BUSA 3131 or permission of instructor.
Cross Listing(s): TCM 5433G, TCM 5431G.

TCM 5433G Project Planning and Scheduling
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course covers the fundamentals and techniques of planning and scheduling for construction projects. Topics include bar charts, Critical Path Method using both arrow and node networks, precedence networks, cost-time trade-offs, PERT, resource leveling, updating schedules during construction, project control, earned value method, lean construction principles and practices, and computerized scheduling techniques. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in TCM 1231 and STAT 2231 or BUSA 3131 or permission of instructor.
Cross Listing(s): TCM 5433.

TFG Technology-Fort Gordon

TFG 7531 Telecommunication Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide students the ability to design a secure voice and data network for subscribers. A systems approach will be used to study telecommunications networks for the understanding of the function of individual components and subsystems. Attention will be given to the theory of different existing and emerging technologies. Students will receive an overview of public and private telecommunications systems, fundamentals of traffic engineering, switching, transmission, and signaling. Emphasis will be placed on the function of discrete components as well as complete systems.

TFG 7532 Network Operations and Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the management tools and software applications needed to manage the variety of local and wide area networks. The course will address data communication devices, telecommunication devices, simple network management protocol, remote monitoring, telecommunication management, and network operation and security.
TFG 7533 Network Security
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an in-depth study of network security. Students will gain a respect for the threats and vulnerabilities facing U.S. voice and data networks and learn how networks are protected through organizational policy, software application, methodologies, and equipment. Topics discussed are: cryptography, Public Key Infrastructure (PKI), Internet Protocol Security (IPSEC), IP and bulk encryption, firewalls, intrusion detection systems, Certification and accreditation processes.

TFG 7534 Network Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines a structured, systematic, top-down process to design telecommunications networks. Some specific objectives are: students will understand the structured network design process, the logical and physical design process for access, distribution and core networks and the planning processes for host/network security and management.

TGET Engineering Tech - Grad
TGET 7134 Construction Planning and Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of the process of developing capital construction projects from the point of conception through the preliminary planning and budgeting to final design, contract or selection, and finished construction of the desired end product.

THEA Theatre
THEA 1100 Theatre Appreciation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introductory study of theatre as an art form and practical act, this course provides students with a foundation for the understanding and analysis of the theatrical event.

THEA 2300 Script Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course develops the artistic and analytic processes of stage design. Students will develop skills in conceptualizing and both visually and verbally communicating theatrical designs.
Prerequisite(s): A minimum grade of "C" in THEA 2300 or permission of instructor.

THEA 2332 Stagecraft
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Systematic introduction to the fundamentals of technical theatre. The course relies heavily on hands-on instruction with the tools, techniques and materials used in mounting a stage production.

THEA 2333 Acting I: Fundamentals of Acting
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Acting I: Fundamentals of Acting; Change the catalog Description to: "Includes history of actor training, the influence of Stanislavsky, the playing of objectives, character development, and rehearsal discipline. Student work includes performance of scenes and monologues from contemporary drama.

THEA 2410 Oral Interpretation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Oral interpretation of poetry, prose and drama. Methods of literary analysis and vocal techniques needed to communicate an author's mood and meaning.

THEA 2711 Theatre Practicum
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.
Provides students with practical experiences in the production process. Students work onstage or backstage in a faculty-approved capacity and obtain practical industry knowledge.

THEA 3030 Selected Topics in Theatre
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Offers varied courses in specialized areas in the field of theatre. Repeatable for credit.

THEA 3131 Stage Makeup
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Offers students an introduction to make-up materials and techniques of application, including aging, wounds, prosthetics, and other types of make-up. Techniques will be applied to student-designed projects.
Prerequisite(s): A minimum grade of "C" in THEA 2300 or Permission of Instructor.

THEA 3200 Stage Design Concepts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Stage Design Concepts. Updated course description: This course develops the artistic and analytic processes of stage design. Students will develop skills in conceptualizing and both visually and verbally communicating theatrical designs.
Prerequisite(s): A minimum grade of "C" in THEA 2300 and THEA 2332 or permission of instructor.

THEA 3230 Voice for the Stage
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Introduces students to fundamental vocal training techniques; including breath control and projection, alignment, articulation, scansion, and use of the International Phonetic Alphabet. Prerequisite(s): A minimum grade of "C" in THEA 2333 or Permission of Instructor.

THEA 3231 Movement for the Actor
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course introduces students to various movement techniques. These techniques are intended to enhance the individual's ability to inhabit the physicality of the character. Each time the course is offered, it will pursue a specific technique or combination of techniques that will be determined by the instructor of the class. These may include: Stage Combat, Commedia, Neutral Mask, Growtowsky, Drozin, Suzuki, Laban and Viewpoints. May be repeated once for credit.
Prerequisite(s): A minimum grade of "C" in THEA 2333; or Permission of Instructor.

THEA 3233 Audition and the Business of Acting
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Designed to develop audition skills needed for graduate school and professional auditions. Topics will include monologue selection and preparation, cold readings, sight reading, and scene preparation. In addition, students will learn about headshots, resumes, unions, and the business side of the theatre profession.
Prerequisite(s): A minimum grade of "C" in THEA 2333.

THEA 3234 Acting for the Screen
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Students will learn acting for screen performance techniques with particular focus on film acting. Auditioning, screen tests, and casting will also be discussed. Students will perform in a minimum of two scenes for video. Prerequisite(s): A minimum grade of "C" in THEA 2333 or permission of instructor.

THEA 3330 Acting: Scene Study
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Broadens student understanding of the craft of acting, with emphasis placed on character study and development of performance skills.
Prerequisite(s): A minimum grade of "C" in THEA 2333; or Permission of Instructor.

THEA 3332 African American Theatre
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Investigates the contributions of black playwrights, actors, and directors to American theatre.
Cross Listing(s): AAST 3332.
THEA 3333 Irish Theatre
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course critically interrogates Ireland's native and diasporic theatre, from the Restoration period through the present. It examines the national-theatre movement, especially the Abbey Theatre, and it assesses other Irish theatre companies, as well as Irish playwrights, directors, and actors.

THEA 3336 Theatre Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides students with an introductory study of the principles and practices of theatrical management including budget planning, box office, publicity, royalties and other aspects of management. Provides a systematic examination of the role of the theatre stage manager. 
Prerequisite(s): A minimum grade of "C" in THEA 3336 or permission of Instructor.

THEA 3337 Play Directing
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course instructs students and allows practice in staging techniques, textual analysis, conceptualization, communication with actors and designers, issues in casting, and rehearsal techniques as applied to directing for the theatre. 
Prerequisite(s): A minimum grade of "C" in THEA 2300 and THEA 2333.

THEA 3338 Rehearsal and Performance
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
This course will enable a student to receive credit for intensive participation in a theatrical production over the course of a 4-to-7 week period. The student will participate in a number of different activities: acting, set design and construction, costume design and construction, lighting design and implementation, publicity, stage management, property design and construction, house management, and others.

THEA 3500 Musical Theatre Voice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamental vocal training and introduction to the musical theatre repertoire. 
Prerequisite(s): A minimum grade of "C" in THEA 2300 or permission of Instructor.

THEA 3501 Musical Theatre Voice II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continues vocal training and development of musical theatre repertoire. 
Prerequisite(s): A minimum grade of "C" in THEA 2333 and THEA 3500 or permission of instructor.

THEA 3503 Creative Dramatics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of the various elements which make up a dramatic event, such as improvisational-based acting and story telling. 
Prerequisite(s): A minimum grade of "C" in THEA 2333 or permission of instructor.

THEA 3504 Musical Theatre Dance Choreography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study and practice of musical theatre choreography, including historical survey of musical theatre and methodology of staging dances. The class will cover the styles of prominent musical theatre choreographers. 
Prerequisite(s): A minimum grade of "C" in THEA 2333 or permission of instructor.

THEA 3505 Theatre Dance Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Development of physical proficiency in the performance of basic theatre dance concepts. 
Prerequisite(s): A minimum grade of "C" in THEA 2333 or permission of instructor.

THEA 3506 Theatre Management II: Marketing the Arts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Emphasis is on audience analysis and development. Publicity, promotions, and marketing tools examined. 
Prerequisite(s): A minimum grade of "C" in THEA 3336 or permission of Instructor.

THEA 3509 Play Production
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prerequisite(s): A minimum grade of "C" in THEA 1100 or THEA 2300 or permission of Instructor.

THEA 3510 Film And Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Relationship between film and literature with special emphasis on the adaptation of literature into film. 
Prerequisite(s): ENGL 2100.

THEA 3711 Practicum: Professional Development
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
This course is designed to guide upper-division theatre majors in refining their focus(es) in theatre practice (acting, directing, design/technology, dramaturgy, or another area). This course will emphasize preparation of portfolios appropriate to the student's area of focus. In addition, students will identify and pursue graduate, internship, and/or professional opportunities. 
Prerequisite(s): A minimum grade of "C" in THEA 2711 or permission of Instructor.

THEA 3760 Scene Painting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the principles of scene painting, emphasizing the fundamentals of professional techniques standard to professional industry. Topics include faux treatments such as wood graining and stonework.

THEA 3850 Problems in Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of unique approaches to scenic design. Environmental spaces, drop productions, designing for the round to be covered. 
Prerequisite(s): A minimum grade of "C" in THEA 2332.

THEA 4030 Children's Theatre Tour
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of production elements and practical experience in producing, performing, and touring children's theatre. Elements include script selection and editing, adaptation to match audience age, etc. 
Prerequisite(s): A minimum grade of "C" in THEA 2410 or THEA 2333 or THEA 3503.

THEA 4040 Stagecraft II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of unique material and techniques in execution of scenic designs.

THEA 4330 Theatre History I: Origins to 1700
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course surveys the development of theatrical practice and dramatic literature from its origins to around 1700. The history of acting, directing, stage design, production methods, and the physical spaces of theatre will be addressed, in addition to the examination of representative play texts. This course will include the study of ritual and Non-Western theatrical genres. 
Prerequisite(s): A minimum grade of "C" in THEA 2300 or Permission of Instructor.
THEA 4331 Theatre History II: 1700 to Contemporary 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course surveys the development of theatrical practice and dramatic literature from 1700 to emerging 21st century patterns. The history of acting, directing, stage design, production methods, and the physical spaces of theatre will be addressed, in addition to the examination of representative play texts.
Prerequisite(s): A minimum grade of "C" in THEA 2300 or Permission of Instructor.

THEA 4332 Children’s Theatre and Storytelling 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines play theory, storytelling, and creative drama techniques for the staging of plays with and for children.

THEA 4333 Acting Styles 3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Specialized study of the techniques needed to perform in a particular style of theatre or in the work of a particular playwright. Topics may include Shakespeare and verse drama, Brecht and Epic theatre, Restoration Comedy and theatre of the Absurd. May be repeated once for credit.
Prerequisite(s): A minimum grade of "C" in THEA 2333; or Permission of Instructor.

THEA 4334 Drama in Performance 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the relationship between the play in performance and the dramatic text, with special attention to historical and social contexts that influence the text in production.

THEA 4335 Scene Design 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphasizes interpretation of plays through visual images and the creation of physical spaces for performances. Includes computer assisted design technologies, scale model making, perspective drawing and rendering of the set.
Prerequisite(s): A minimum grade of "C" in THEA 2300 and THEA 3200; or permission of Instructor.

THEA 4336 Lighting Design 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theory and practice of lighting for a variety of stages including proscenium, thrust, and arena stage production. A practical study of the equipment and the aesthetics of lighting for the theatre. Prerequisite(s): A minimum grade of "C" in THEA 2300 and THEA 3200.

THEA 4337 Costume Design 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students with an in-depth survey of the theory and practice of costume design. The course relies on textual analysis to create character through clothing, introduces students to the aesthetic principles of costume design, develops basic figure drawings and color media skills, and applies those skills and principles via the creation of costume renderings.
Prerequisite(s): A minimum grade of "C" in THEA 2332 and THEA 1250.

THEA 4338 Seminar: World Theatre 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on a specific genre, historical period, or style of theatre from around the world, based on the expertise of the faculty. Course topics include: People’s Theatre, Russian Theatre, Asian Theatre, Classical Greek and Roman Theatre, Neo-classical Theatre. Repeatable for credit.
Prerequisite(s): A minimum grade of "C" in THEA 2300 OR Permission of Instructor.

THEA 4430 Acting for the Screen II: Advanced Techniques 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A continuation of techniques and methods used in camera acting.

THEA 4500 Advanced Lighting Design 3 Credit Hours. 0 Lecture Hours. 3 Lab Hours.
Advanced study in lighting design, focusing on the development of standard industry paperwork including light plots and supporting paperwork such as magic sheets.
Prerequisite(s): A minimum grade of "C" in THEA 2300 and THEA 3200 and THEA 4336 or permission of instructor.

THEA 4501 Stagecraft II 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of unique material and techniques expected of trained production technicians.
Prerequisite(s): A minimum grade of "C" in THEA 2332 and THEA 3200 or permission of instructor.

THEA 4503 Stage Managers and Designers Lab 2 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Practical experience in stage management, set, light or costume design. Course repeatable to a maximum of six (6) credit hours.

THEA 4505 Acting IV: Shakespearean Styles 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Characterization and styles of acting for Shakespearean performances. Emphasis on development of performance skills.
Prerequisite(s): A minimum grade of "C" in THEA 2333 or Permission of instructor.

THEA 4711 Practicum: Capstone 1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.
Students identify and pursue post-graduation, early-career opportunities.
Prerequisite(s): A minimum grade of "C" in THEA 3711 or permission of Instructor.

THEA 4750 Internship 1-12 Credit Hours. 0-12 Lecture Hours. 0-12 Lab Hours.
Offered by specific arrangement. Student prepares an individually designed project involving off-campus work/study research. Only three (3) credit hours count as a major elective.
Prerequisite(s): permission of instructor.

THEA 4831 Directed Study in Theatre 3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Permits students to conduct in-depth study of issues associated with theatre. This course cannot be used to replace existing courses in the catalog. Must be approved by the department chair and the instructor.

THEA 4980 Directing Lab 2 Credit Hours. 0 Lecture Hours. 2 Lab Hours.
Hands on experience of directing duties for mounting full-length stage production from script selection through to public performance.
Prerequisite(s): A minimum grade of "C" in THEA 3337.

THEA 5530 Playwriting 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves the study, analysis, and practice in the art and craft of writing plays for the stage. Undergraduates complete a one act play while graduate students complete a first draft for a full length play.
Prerequisite(s): A minimum grade of "C" in THEA 2300 or Permission of Instructor.
Cross Listing(s): THEA 5530G.

THEA 5530G Playwriting 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves the study, analysis, and practice in the art and craft of writing plays for the stage. Undergraduates complete a one act play while graduate students complete a first draft for a full length play.
Prerequisite(s): A minimum grade of "C" in THEA 2300 or permission of instructor.
Cross Listing(s): THEA 5530.
TMAE 5550 Playwriting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves the study, analysis, and practice in the art and craft of writing plays for the stage. Undergraduates complete a one act play while graduate students complete a first draft for a full length play.
Prerequisite(s): A minimum grade of "C" in THEA 2300 or Permission from Instructor.

TMAE Applied Engineering

TMAE 5131 Essentials of Applied Mechanical Engineering
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This is a course for students with no mechanical engineering experience. The principles of engineering mechanics are developed from a work/energy point of view. Survey topics include the fundamentals of mechanics, elastic behavior of materials, stress-strain relationships and measurements, elasticity theory, stability, dynamics, and vibration theory.
Prerequisite(s): Permission of Instructor.
Cross Listing(s): TMAE 5131G.

TMAE 5131G Essentials of Applied Mechanical Engineering
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This is a course for students with no mechanical engineering experience. The principles of engineering mechanics are developed from a work/energy point of view. Survey topics include the fundamentals of mechanics, elastic behavior of materials, stress-strain relationships and measurements, elasticity theory, stability, dynamics, and vibration theory. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): Permission of department (should not be taken by graduate students with a B.S. in Mechanical Engineering).
Cross Listing(s): TMAE 5131.

TMAE 5132 Essentials of Applied Electrical Engineering
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This is a course for students with no electrical engineering experience. Survey topics include electrical energy sources, DC circuits, resistive networks, network theorems, inductance, capacitance, natural and step responses of RL, RC, and RLC circuit, sinusoidal steady state analysis. Three-phase circuits, computer circuit analysis, non-linear, active components such as diodes, transistors (both bipolar and MOSFET), and operational amplifiers.
Prerequisite(s): Permission of Instructor.
Cross Listing(s): TMAE 5132G.

TMAE 5132G Essentials of Applied Electrical Engineering
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This is a course for students with no electrical engineering experience. Survey topics include electrical energy sources, DC circuits, resistive networks, network theorems, inductance, capacitance, natural and step responses of RL, RC, and RLC circuit, sinusoidal steady state analysis. Three-phase circuits, computer circuit analysis, non-linear, active components such as diodes, transistors (both bipolar and MOSFET), and operational amplifiers. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): Permission of department (should not be taken by graduate students with a B.S. in Electrical Engineering).
Cross Listing(s): TMAE 5132.

TMAE 5133 Production Planning and Facilities Design
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
The methods used to plan and control the efficient and effective use of equipment, tooling, people, materials, and other resources to manufacture products. This will lead to the examination of the fundamental theories, practices, and methods for the design of manufacturing and service facilities to enable productive flow of goods and services. Emphasis is placed on practical exercises utilizing spreadsheet and CAD software that culminates in a semester project.
Prerequisite(s): MENG 3333 or Permission of Instructor. Cross Listing(s): TMAE 5133G.

TMAE 5133G Production Planning and Facilities Design
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
The methods used to plan and control the efficient and effective use of equipment, tooling, people, materials, and other resources to manufacture products. This will lead to the examination of the fundamental theories, practices, and methods for the design of manufacturing and service facilities to enable productive flow of goods and services. Emphasis is placed on practical exercises utilizing spreadsheet and CAD software that culminates in a semester project. Graduate students will be required to complete a case study, or research project not required of undergraduate students. Prerequisite(s): MENG 3333 or permission of department.
Cross Listing(s): TMAE 5133.

TMAE 5134 Lean World Class Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive study of Lean Manufacturing Engineering technology and systems. Topics include key customer-focused, waste-reducing elements of Just-In-Time Production, Total Quality Control, Total Productive Maintenance, and Total Employee Involvement. Traditional manufacturing methods are contrasted with modern lean methods and the tools that facilitate their implementation. Students will study real world examples including quick-change tool designs, kanban systems, and factory layout conversions.
Prerequisite(s): A minimum grade of "C" in MENG 3333 or MFGE 3531. Cross Listing(s): TMAE 5134G.

TMAE 5134G Lean World Class Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive study of Lean Manufacturing Engineering technology and systems. Topics include key customer-focused, waste-reducing elements of Just-In-Time Production, Total Quality Control, Total Productive Maintenance, and Total Employee Involvement. Traditional manufacturing methods are contrasted with modern lean methods and the tools that facilitate their implementation. Students will study real world examples including quick-change tool designs, kanban systems, and factory layout conversions. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor. Prerequisite(s): A minimum grade of "C" in MENG 3333 and MFGE 3531 or permission of department. Cross Listing(s): TMAE 5134.

TMAE 5139 Renewable Energy
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
The design, operation, and environmental and socio-economic impact of renewable energy systems will be presented with an engineering emphasis. Additionally, cycle evaluation and analysis of the renewable energy systems, the efficiency and power output of renewable energy systems, their benefits and costs will be determined. Prerequisite(s): A minimum grade of "C" in MENG 3233, ENGR 3431, ENGR 3235 or permission of instructor. Cross Listing(s): TMAE 5139G, MENG 5139, MENG 5139G.
TMAE 5139G Renewable Energy
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
The design, operation, and environmental and socio-economic impact of renewable energy systems will be presented with an engineering emphasis. Additionally, cycle evaluation and analysis of the renewable energy systems, the efficiency and power output of renewable energy systems, their benefits and costs will be determined. Graduate students will be required to complete an additional design project that involves a class presentation with a more advanced technical analysis. Prerequisite(s): A minimum grade of "C" in MENG 3233 and ENGR 3431 and ENGR 3235 or permission of department. Cross Listing(s): TMAE 5139, MENG 5139, MENG 5139G.

TMAE 5890 Selected Topics in Applied Engineering
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas in applied engineering.
Prerequisite(s): Permission of Instructor.
Cross Listing(s): TMAE 5890G.

TMAE 5890G Selected Topics in Applied Engineering
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas in applied engineering. Graduate students will be required to complete a case study or research project not required of undergraduate students.
Prerequisite(s): Permission of department.
Cross Listing(s): TMAE 5890.

TMAE 7136 Mechatronics I
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This course is designed to build a working familiarity with the electronics and techniques needed in the design and control of electro-mechanical systems. The topics in this course include integrated use of mechanical, electrical, and computer systems for control of machines and devices, system modeling, sensors and actuators, basic electronics design, signal processing, grounding, and interfacing techniques. Prerequisite(s): TMAE 5131 or TMAE 5132 or permission of department. Cross Listing(s): MENG 7136.

TMAE 7137 Mechatronics II
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This course is designed to provide further fundamental information to understand the fusion of mechanical engineering, electrical engineering, and computer data acquisition/programming and their relationship to the field of Mechatronics. This course emphasizes the interfacing of microcomputers with sensors and actuators, hybrid (analog/digital) design, digital logic and analog circuitry, micro-computer architecture, assembly language programming, signal conditioning, filters, analog-to-digital and digital-to-analog conversion, and the interface of data acquisition systems with the control process.
Prerequisite(s): A minimum grade of "C" in TMAE 7136 or permission of department.
Cross Listing(s): MENG 7138.

TMAE 7237 Mathematical Control Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
State-space techniques from modern control system theory. Topics include realization theory for MIMO systems, state-space techniques for feedback control, closed loop observer design, and state-space techniques in optimal control. Prerequisite(s): A minimum grade of "C" in MATH 3230 and MATH 5336G.

TMAE 7330 Advanced Electromagnetics
Advanced Electromagnetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces fundamental concepts of wave propagation, polarization, radiation from sources, guided waves, transmission lines, smith charts, and numerical calculation techniques such as Finite-Difference Time-Domain (FDTD) method. The course includes research project activities.
Prerequisite(s): A minimum grade of "C" in EENG 3230 or Permission of Instructor.

TMAE 7331 Advanced Digital Signal Processing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course discusses advanced topics in digital signal processing such as implementation of discrete-time systems, design of FIR/IIR digital filters, sampling and reconstruction of signals, multi-rate digital signal processing, linear prediction and optimum linear filters, and power spectrum estimation.
Prerequisite(s): A minimum grade of "C" in ENGR 2341 or Permission of Instructor.

TMAE 7332 Digital Control Systems
Digital Control Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An understanding of the elements of digital control theory will be developed. Students will be introduced to discrete system modeling, sampled data systems, z-transforms, state-space system representation and discrete control designs. Advance topics include Neural Networks and Fuzzy Logic application to control and the use of software tools that can be used to design and analyze this kind of systems. Students will also develop practical applications of digital control systems. Prerequisite(s): A minimum grade of "C" in EENG 5431 or MENG 5536 or Permission of Instructor.

TMAE 7430 Industrial Case Study Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The systems approach and case study format are utilized for the resolution of current technical management problems of various industries. Problem solving methods are presented, discussed, and utilized in student activities.

TMAE 7431 Advanced Quality Control
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of modern philosophies, methodologies, and technologies for quality control and improvement with emphasis on total quality management, statistical process control, quality improvement methods, and acceptance sampling.

TMAE 7432 Advanced Engineering Economy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Consideration of probability and risk effects on estimates, selection of the minimum, attractive rate of return, capital rationing among competing projects, and economic analysis in government.

TMAE 7433 Facilities Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An organized approach for planning a facility that achieves facilities location and design objectives, including how the activity's tangible assets best support achieving the activity's objectives. It is a composite of facilities location and facilities design with the approach based on the engineering design process. Techniques can be applied equally for non-manufacturing applications.

TMAE 7434 Product Lifecycle Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide a holistic overview of the product lifecycle starting with idea conceptualization and ending with environment conscious product disposal. The cradle to grave design concept will be emphasized throughout this course. A related area of emphasis will be product demand forecasting and facilities design. Several aspects such as design review, Quality Function Deployment, trend extrapolation, statistical techniques, product functionality and usability will also be included. Prerequisite(s): A minimum grade of "C" in TMAE 7431.

TMAE 7435 Manufacturing Systems Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces fundamental concepts of wave propagation, polarization, radiation from sources, guided waves, transmission lines, smith charts, and numerical calculation techniques such as Finite-Difference Time-Domain (FDTD) method. The course includes research project activities.
Prerequisite(s): A minimum grade of "C" in EENG 3230 or Permission of Instructor.

TMAE 7436 Manufacturing Systems Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the analysis of manufacturing systems, systems analysis and problem solving in manufacturing. The tools of systems analysis will be used to formulate the real problems of manufacturing, identify where computer systems can help, and solve challenging manufacturing systems problems.
TMAE 7530 Research in Applied Engineering
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of modern research methods and their application to the preparation of the thesis and technical reports. Cross Listing(s): MENG 7530.

TMAE 7531 Technical Management and Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study in the application of modern technical management and leadership principles in the Engineering and Information Technology disciplines. The course focuses on the process of obtaining, deploying, and utilizing a variety of essential resources that contribute to the effective and efficient operation of technical organizations in dynamic and competitive environments.

TMAE 7532 Global Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the developments in engineering, technology, and industry worldwide and the effects upon international relations.

TMAE 7890 Selected Topics in Applied Engineering
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas of applied engineering. Cross Listing(s): TMAE 7890.

TMAE 7891 Independent Study
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent study is available for students to undertake individualized experimentation, research, study related to applied engineering, or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study. Cross Listing(s): MENG 7891.

TMAE 7895 Special Problems in Applied Engineering
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Individual and specialized study in the areas of applied engineering not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study. Cross Listing(s): MENG 7895.

TMAE 7990 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course focuses on the preparation and completion of the thesis.

TMAE 7999 Research in Applied Engineering
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of modern research methods and their application to the preparation of the thesis and technical reports. Cross Listing(s): MENG 7530.

TMFG 5133 Automated Manufacturing Systems
3 Credit Hours. 0.2 Lecture Hours. 0.3 Lab Hours.
Computer Integrated Manufacturing (CIM) concentrating on advanced computer numerical control machining, and the interface of robotics systems in manufacturing. Experiences using programming techniques, production equipment simulations and rapid prototyping are emphasized. Prerequisite(s): ENGR 1133. Cross Listing(s): TMFG 5133G.

TMFG 5133G Automated Manufacturing Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Computer Integrated Manufacturing (CIM) concentrating on advanced computer numerical control machining, and the interface of robotics systems in manufacturing. Experiences using programming techniques, production equipment simulations and rapid prototyping are emphasized. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite(s): ENGR 1133. Cross Listing(s): TMFG 5133.

TMFG 5230 International Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of opportunities, issues, and problems involved in manufacturing products for import and export, and in dealing with global suppliers of materials, parts, and assemblies. Focus is on those aspects unique to the management of technical operations, such as ISO (International Organization for Standardization) quality standards, scheduling, and technology transfer. Additional topics may include transportation, customs documentation, global trends and trade policies, and cultural issues. Cross Listing(s): TMFG 5230G.

TMFG 5230G International Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of opportunities, issues, and problems involved in manufacturing products for import and export, and in dealing with global suppliers of materials, parts, and assemblies. Focus is on those aspects unique to the management of technical operations, such as ISO (International Organization for Standardization) quality standards, scheduling, and technology transfer. Additional topics may include transportation, customs documentation, global trends and trade policies, and cultural issues. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TMFG 5230.

TMFG 5233 Manufacturing Applications in Information Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A senior level seminar emphasizing the application of commercially available software to solve manufacturing production problems. Topics include Theory of Constraints, Failure Mode and Effect Analysis, Flow Charting, and Project Management. Cross Listing(s): TMFG 5233G.

TMFG 5233G Manufacturing Applications in Information Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A senior level seminar emphasizing the application of commercially available software to solve manufacturing production problems. Topics include Theory of Constraints, Failure Mode and Effect Analysis, Flow Charting, and Project Management. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TMFG 5233.

TSEC Safety and Environ Compl

TSEC 5331 Occupational Safety
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The technical aspects of developing and implementing occupational safety programs in manufacturing industries. Emphasis on hazard identification and control. Topics include: OSHA compliance, accident investigation, fire protection, machine guarding, noise abatement, and electrical safety. Cross Listing(s): TSEC 5331G.

TSEC 5331G Occupational Safety
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The technical aspects of developing and implementing occupational safety programs in manufacturing industries. Emphasis on hazard identification and control. Topics include: OSHA compliance, accident investigation, fire protection, machine guarding, noise abatement, and electrical safety. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TSEC 5331.

TSEC 5332 Ergonomics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The human machine interface in manufacturing industries as it relates to the well-being of workers and efficiency of production systems. The application of human factors from both physiological and psychological perspectives are examined. Emphasis is placed on regulatory compliance. Cross Listing(s): TSEC 5332G.
TSEC 5332G Ergonomics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The human machine interface in manufacturing industries as it relates to the well-being of workers and efficiency of production systems. The application of human factors from both physiological and psychological perspectives are examined. Emphasis is placed on regulatory compliance. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TSEC 5332.

TSEC 5333 Industrial Hygiene and Ergonomics
3 Credit Hours. 0.3 Lecture Hours. 0.1 Lab Hours.
A study of the techniques used by health and safety professionals to anticipate, recognize, evaluate, and control those environmental factors or stresses arising in or from the workplace that adversely affect an employees’ health, comfort, and performance. Ergonomic tool and work area design and work procedures are emphasized. Regulatory agencies, compliance, and program management issues are discussed. Cross Listing(s): TSEC 5333G.

TSEC 5333G Industrial Hygiene and Ergonomics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the techniques used by health and safety professionals to anticipate, recognize, evaluate, and control those environmental factors or stresses arising in or from the workplace that adversely affect an employees’ health, comfort, and performance. Ergonomic tool and work area design and work procedures are emphasized. Regulatory agencies, compliance, and program management issues are discussed. Graduate students are required to complete an advanced level assignment in addition to all undergraduate course requirements. Cross Listing(s): TSEC 5333.

TSEC 5334 Hazardous Waste Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of hazardous waste substances as they are created by various industries and their proper management by combining planning, organizing, and controlling techniques with a knowledge of generating, storing, transporting, treating, recycling and disposing of hazardous materials. Issues of environmental impact, regulatory compliance, ethics, and program management are discussed from a technical management perspective. Cross Listing(s): TSEC 5334G.

TSEC 5334G Hazardous Waste Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of hazardous waste substances as they are created by various industries and their proper management by combining planning, organizing, and controlling techniques with a knowledge of generating, storing, transporting, treating, recycling and disposing of hazardous materials. Issues of environmental impact, regulatory compliance, ethics, and program management are discussed from a technical management perspective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TSEC 5334.

TSEC 5335 Systems Safety in Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the application of systems safety concepts to manufacturing and production systems. Emphasis is placed on the critical analysis of systems through modeling and the development of control strategies to reduce the frequency and severity of industrial accidents. Cross Listing(s): TSEC 5335G.

TSEC 5335G Systems Safety in Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the application of systems safety concepts to manufacturing and production systems. Emphasis is placed on the critical analysis of systems through modeling and the development of control strategies to reduce the frequency and severity of industrial accidents. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TSEC 5335.

TSEC 5336 Environmental Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course designed to provide an introduction and overview (for those without legal or specific scientific training) of the system through which our nation attempts to preserve the environment. The U.S. legal system, national, and international environmental policy is reviewed. Emphasis is placed on the control of air quality, water quality, toxic substances, and hazardous releases as it relates to environmental regulation of industry. Cross Listing(s): TSEC 5336G.

TSEC 5336G Environmental Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course designed to provide an introduction and overview (for those without legal or specific scientific training) of the system through which our nation attempts to preserve the environment. The U.S. legal system, national, and international environmental policy is reviewed. Emphasis is placed on the control of air quality, water quality, toxic substances, and hazardous releases as it relates to environmental regulation of industry. Graduate students will be required to complete an additional project or assignment in addition to the undergraduate course requirements. Cross Listing(s): TSEC 5336.

TSLE North Georgia-Franchise

TSLE 7250 Applied Linguistics for the Bilingual/ESL Teacher
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students receive an overview of the principles of language structure, the processes of first and second acquisition, and the issues involved in assessing language proficiency with special attention paid to the application of linguistic knowledge to the multilingual school setting. Restricted to Georgia On My Line students.

TSLE 7260 Cultural Issues for Bilingual/ESL Teacher
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students examine the concept of culture and study cultural influences and the uses of culture in the education of children. Special attention is paid to the application of linguistic and cultural knowledge to the multilingual and multicultural school setting. Restricted to Georgia On My Line students.

TSLE 7440 Meth & Mat for Bil/Eng ESL Tch
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

WBIT Web BSIT

WBIT 1100 Introduction to Information Technology
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is an introductory course in information technology. Topics include foundation in hardware, software, data, and an overview of the information technology in organizations. Additional topics include structured programming techniques, systems development, database design and networking, with an emphasis on appropriate business ethics, interpersonal skills and team building.

WBIT 1310 Programming and Problem Solving I
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course helps students to develop basic problem-solving skills using the Java programming language. Students are introduced to fundamentals of Java programming language with emphasis on primitive data types, control structures, methods, arrays, classes, objects, abstraction, inheritance and polymorphism. Students learn basic techniques of good programming style, design, coding, debugging, and documentation. Students are able to create programs to solve basic practical problems. Prerequisite(s): A minimum grade of “C” in WBIT 1100.
WBIT 2000 The Enterprise and IT
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course will look at the structure and management of an information technology infrastructure. From the management aspect the course will touch on principles and practices of managing both people and technology to support an organization. The course will emphasize how to make an information technology infrastructure effective, efficient, and productive. The management of hardware, software, data, networks and other supporting IT functions will be studied.
Prerequisite(s): A minimum grade of "C" in WBIT 1100.

WBIT 2300 Discrete Mathematics for IT
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Discrete (as opposed to continuous) mathematics is of direct importance to the fields of Computer Science and Information Technology. This branch of mathematics includes studying areas such as set theory, logic, relations, graph theory, and analysis of algorithms. This course is intended to provide students with an understanding of these areas and their use in the fields of Computer Science and Information Technology.
Prerequisite(s): A minimum grade of "C" in MATH 1113 or MATH 1232 or MATH 1441.

WBIT 2311 Programming and Problem Solving II
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The emphasis of this course is on advanced programming techniques in Java including GUI's, software reuse through component libraries, recursion, event-driven programming, database processing, file processing, and exception handling. Students are able to create event-driven, graphical programs or text-based programs solving practical problems incorporating databases and external files.
Prerequisite(s): A minimum grade of "C" in WBIT 1310 and WBIT 2300.

WBIT 3010 Technical Communication
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course covers workplace communication at the intermediate level. Topics include audience analysis, research proposal and report writing, document and visual design, editing and presentation design.
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WBIT 3110 Systems Analysis and Design
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course introduces the fundamental principles of the design and analysis of IT applications. In this course, students will learn to apply the tools and techniques commonly used by systems analysts to build and document IT applications. Classical and structured tools for describing data flow, data structure, process flow, file design, input and output design, and program specification will be studied, as will object-oriented techniques.
Prerequisite(s): A minimum grade of "C" in WBIT 1310 and WBIT 2000.

WBIT 3111 Information Technology Project Management
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Project management techniques and tools as applied to information systems projects including resource and personnel management and allocation, product testing, scheduling, and project management software. Students will study examples of both successful and unsuccessful projects and apply lessons learned to a class project.
Prerequisite(s): A minimum grade of "C" in WBIT 3110 and WBIT 3010 and STAT 2231.

WBIT 3200 Database Design, Development and Deployment
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This is an advanced course in database design, development and deployment. Course emphasizes database design drawing distinctions between data modeling and process modeling using various modeling techniques including Entity-Relationship Modeling, Object Modeling and Data Flow Diagramming; database development using the relational model, normalization, and SQL; database deployment including control mechanisms, forms, reports, menus and web interfaces. Additional topics include procedures, functions, packages and triggers. Students will design, create and process a database to demonstrate competency in the course content.
Prerequisite(s): A minimum grade of "C" in WBIT 2311.

WBIT 3400 Introduction to Multimedia
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course covers the basic design principles and tools for creating and editing digital media elements. Examples of these elements include graphics, animation, audio, video, virtual space and simulation.

WBIT 3410 Web Applications Development
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The course provides a survey of techniques and tools for developing basic web pages for delivery of text and graphic information; focus on page markup languages, client-side scripting, page design principles, page layout techniques, markup language syntax, and page styling methods.
Prerequisite(s): A minimum grade of "C" in WBIT 1100.

WBIT 3500 Architecture and Operating Systems
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course introduces students to the architectures of computer systems and the operating systems that run on them. It explores and gives experience with some common computer designs and operating systems. Topics include basic computer architecture, instruction set architecture, memory, memory management, processes, and file systems.
Prerequisite(s): A minimum grade of "C" in WBIT 1310.

WBIT 3510 Data Communications and Networking
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course covers computer network and communications concepts, principles, components, and practices; coverage of common networking standards, topologies, architectures, and protocols; design and operational issues surrounding network planning, configuration, monitoring, troubleshooting, and management.
Prerequisite(s): A minimum grade of "C" in WBIT 3500.

WBIT 3600 Introduction to E-Commerce
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The emphasis of this course is on basic principles and practices of E-business and E-commerce. Topics include infrastructures and applications of Ecommerce, E-Tailing, E-Marketing, advertisement, B2B, B2C, C2C, E-Government, M-Commerce, E-Learning, electronic payment systems, security, and legal issues. Students also learn to build simple dynamic Ecommerce sites using server-side scripting.
Prerequisite(s): A minimum grade of "C" in WBIT 3110 and WBIT 3410.

WBIT 4020 Professional Practices and Ethics
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course covers historical, social, economic, and legal considerations of information technology. It includes studies of professional codes of ethical conduct, philosophy of ethics, risk analysis, liability, responsibility, security, privacy, intellectual property, the internet, and various laws that affect an information technology infrastructure. Prerequisite(s): Senior standing.
WBIT 4030 Senior Project
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A capstone course for WebBSIT majors. Students will be expected to
to complete a final team or individual project. The project may be an
approved industry internship or a project developed and designed by
faculty of the WebBSIT. Students will apply skills and knowledge from
previous WebBSIT courses in project management, system design and
development, digital media development, e-commerce, database design,
and system integration.
Prerequisite(s): Senior standing.

WBIT 4112 Systems Acquisition, Integration and Implementation
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Most IT applications used by organizations are configured from
components that have been purchased from third-party vendors.
This includes both hardware components and, increasingly, software
components. In this course, students will study the component acquisition
process, and methods and techniques for integrating these components
into an existing IT infrastructure. Prerequisite(s): A minimum grade of “C”
in WBIT 3110 and WBIT 3200 and WBIT 4520.

WBIT 4120 Human-Computer Interaction
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The emphasis of this course is on fundamentals of human-machine
interfaces, both cognitive and physical. Learning styles and effects
of short-term memory on cognition and reaction will affect hardware
and software development. Students will design a prototype interface.
Prerequisite(s): A minimum grade of “C” in WBIT 2311 and WBIT 3400.

WBIT 4520 Information Security
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is an introduction to information assurance and security
in computing. Topics include computer, network (distributed) system
and cyber security, digital assets protection, data backup and disaster
recovery, encryption, cryptography, computer virus, firewalls, terrorism
and cyber crimes, legal, ethical and professional issues, risk management,
information security design, implementation and maintenance.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of
“C” in WBIT 3510.

WBIT 4601 Customer Relationship Management
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The application of IT applications has allowed many organizations to
collect large amounts of data on their clients and to use such data to
improve the relationships with their customers. In this course, students will
study customer relationship management systems, including the reasons
for their emergence, the functionalities that they provide and the issues
one would have to face to successfully introduce a Customer Relationship
Management System into an organization. Prerequisite(s): A minimum grade
of “C” in WBIT 3200 and WBIT 3600.

WBIT 4602 IT Research Seminar
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students will participate in research and discussion on a current or
emerging topic in the discipline of Information Technology. A term paper
on the topic (or related subtopic) is required. A designated faculty member
from the Consortium will select the topic in advance based on his/her
expertise and lead the seminar.
Prerequisite(s): A minimum grade of “C” in WBIT 3111 and WBIT 3200
and WBIT 3600 and WBIT 4120.

WBIT 4610 IT Policy and Law
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course will focus on the legal implications of conducting business in
the information technology age. Topics will include current understanding
of Internet contracts, copyright, trademark and patent law. Further, this
course will examine cutting-edge cases relating to security, e-commerce,
and emerging ethical issues and trends. Prerequisite(s): A minimum grade
of “C” in WBIT 3600.

WBUS 7839 Special Topics in Business
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is designed to offer students an opportunity to pursue studies
at a level or on topics not covered in existing graduate courses. The scope
and nature of the material is determined in consultation with the faculty
sponsor.

WGSS Womens Gender Sexuality

WGSS 2100 Introduction to Women’s, Gender, and Sexuality Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Interdisciplinary approach to introduce contemporary issues and historical,
social, and theoretical contexts of women’s, gender, and sexuality studies.

WGSS 2200 Gender In Global Contexts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Interdisciplinary examination of global gender, race, class, and sexualities
across cultural boundaries within social, historical, and theoretical
contexts.
Prerequisite(s): ENGL 1101.

WGSS 3510 Gender, Violence And Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of gender-based violence domestically and internationally.
Students will analyze the political and cultural structures that perpetuate
gendered violence, and explore how gendered violence intersects with
race, class, and sexuality. Prerequisite(s): SOCI 1101 or WGSS 2100.
Crosslisting(s): SOCI 3510.

WGSS 4700 WGSS Internship
3 Credit Hours. 0 Lecture Hours. 1-18 Lab Hours.
Individually designed project involving off campus study and research with
an appropriate agency. Project may be completed in one semester, during
which time the student will be under joint supervision of the sponsoring
agency and the faculty supervisor. Upon completion of the internship
the student will present a multi-modal presentation reflecting on the
experience. Limited to WGSS majors.
Prerequisite(s): WGSS 2100 and WGSS 2200 and Area C.

WGSS 4900 WGSS Junior/Senior Seminar
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
Advanced critical analysis methodology, and reflection on their course of
study. Final research project required. Course required for WGSS majors.
Prerequisite(s): WGSS 2100 and WGSS 2200 and Area C.

WGSS 5000 Topics in Women’s, Gender, and Sexuality Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Special topics in WGSS. May be
Cross Listing(s): selected upper-level courses in the university curriculum
when content of those courses addresses issues related to WGSS. May
be repeated for credit with different topics.
Prerequisite(s): WGSS 2100 or WGSS 2200 and Area C or permission of
instructor.

WGSS 5500 Topics in Women’s Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the basic themes of leadership through the lens of
intersectionality. The course will address styles of leadership, globalization
and women’s roles, under representation, the gender gap, and the roles of
gender, race, sexualities, and class.
Prerequisite(s): WGSS 2100 or WGSS 2200 and Area C.

WGSS 5600 Sociology of Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the social construction of gender and gender inequality in
society. Prerequisite(s): SOCI 1101 or POLS 1105 or WGSS 2200.
Crosslisting(s): SOCI 6635.
WGSS 5700 Perspectives in Feminist Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An historical and contemporary examination of feminist theories from an interdisciplinary and global perspective.
Prerequisite(s): WGSS 2100 or WGSS 2200 and Area C.

WGST Women and Gender Studies

WGST 3137 Topics in U.S. Women's History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the experiences of women in the United States from colonial times to the present within the overall framework of American history. Explores the impact of major historical events on women; the contributions of women to the social, political, cultural and economic development of the US; and the changing roles of women within the family and the workplace. Topic varies. May be repeated for credit.

WGST 3330 Roman Women
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the role of women in the ancient Roman world. Emphasis on their influence within the political, economic, social, religious, and intellectual life of Rome. Examination of the Roman world through the eyes of ancient Roman women from different historical periods and social status.

WGST 3333 Communication and Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the literature of gender and communication. Considers how men's and women's self-perceptions and resulting communication patterns evolve as a function of cultural influences.

WGST 4090 Independent Study in Women's and Gender Studies
1-4 Credit Hours. 1-4 Lecture Hours. 0 Lab Hours.
Independent Study in Women's and Gender Studies. The opportunity to design and conduct independent research and/or projects under the direction of a WGST faculty member in a specialized area of Women's and Gender Studies.

WGST 4130 Feminist Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the main topics in Feminist Philosophy to include the adversary method and the 'maleness' of philosophy; dualities of mind and body, male and female, self and other; women's ways of knowing; caring and maternal thinking; and ecofeminism. Feminist philosophy addresses these ideals and assumptions in the western philosophic traditions that have oppressed women and other subordinate groups.
Cross Listing(s): PHIL 4130.

WGST 4331 Gender, Media, and Representation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the implicit gender messages that are communicated through mass media. Focuses on the representation of gender in the media and how media both reflects and creates cultural values and ideals pertaining to gender.
Prerequisite(s): COMM 2332.
Cross Listing(s): COMM 4331.

WGST 4335 Women and Gender in Europe
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An Intellectual History course focusing on the debate over women's nature, women's roles, and the notion of "woman". Although the "woman question" has a history spanning the entire modern period, this course will examine the period 1848-1950 when many of the classic texts appeared.
Cross Listing(s): HIST 4335, SOCI 4332.

WGST 4338 Sport, Culture, and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines sport as a social institution, focusing on cultural values related to sport, stratification within and among sports, and issues of power and inequality pertaining to sport.
Prerequisite(s): SOCI 1101.
Cross Listing(s): SOCI 4338.

WGST 4530 Revelation and Revolution
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores issues of gender, spirituality, and power within the context of African history.
Cross Listing(s): AAST 4530 and HIST 4530.

WGST 5131 Sex, Violence, and Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Uses feminist theories of gender, sexuality, and patriarchal culture to explore the relationship between public and private violence. Placing private violence in a global perspective, this course critiques the gender stakes of economies of domination and exploitation, the war system, and ideologies of family and nation. Cross Listing(s): WGST 5131G.

WGST 5131G Sex, Violence, and Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Uses feminist theories of gender, sexuality, and patriarchal culture to explore the relationship between public and private violence. Placing private violence in a global perspective, this course critiques the gender stakes of economies of domination and exploitation, the war system, and ideologies of family and nation. Cross Listing(s): WGST 5131.

WGST 5633 Writing the Body
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Writing the Body explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative. Prerequisite(s): A minimum grade of "C" in ENGL 1101 or WRIT 1101 and ENGL 1102. Cross Listing(s): WGST 5633G.

WGST 5633G Writing the Body
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Writing the Body explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative. Graduate students will be given additional assignments not required of undergraduate students. Cross Listing(s): WGST 5633.

WGST 7431 Independent Study in Women's and Gender Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Individually designed topics that vary according to the instructor. Prerequisite(s): Permission of instructor.

WLST Web Legal Studies

WLST 7130 Legal and Ethical Issues in Business
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A survey of the legal and ethical rules which govern the managerial decision making process, particularly focusing on constitutional “Commerce Clause” interpretation, contract and agency principles, administrative agency regulations, and evolving ethical issues which influence the application of the law. The course is set in domestic law, but includes operational legal aspects of the international market place. Prerequisite(s): A minimum grade of "C" in LSTD 2106 or LSTD 6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.
WACM 7332 Advanced Tax Planning
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course covers advanced tax topics such as tax-free exchanges, including like-kind exchanges, involuntary conversions, exchanges pursuant to corporate reorganizations, mergers and acquisitions, as well as deferred compensation. Prerequisite(s): A minimum grade of "C" in ACCT 7330 and admission to the WebMAcc program or permission of the School of Accountancy director.

WACM 7334 Tax Research
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Application of research techniques to income tax and other tax planning; case studies and reports. This course provides the student with the opportunity to analyze, critique, and do practical tax research. Emphasis is placed on research methodology rather than on technical or legal knowledge of the tax law. Prerequisite(s): A minimum grade of "C" in ACCT 7330 and admission to the WebMAcc program or permission of the School of Accountancy director.

WACM 7430 Seminar in Auditing
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Advanced topics in independent, internal, and governmental auditing. Prerequisite(s): A minimum grade of "C" in ACCT 4430 and admission to the WebMAcc program or permission of the School of Accountancy director.

WACM 7431 Auditing Practice
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Practical and theoretical components are considered related to auditing topics including auditing in the computer environment, conduction auditing research, and report writing. Prerequisite(s): A minimum grade of "C" in ACCT 7430 and admission to the WebMAcc program or permission of the School of Accountancy director.

WACM 7530 Seminar in Accounting Information Systems
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Develops an understanding and appreciation for the design, analysis, development and implementation of computer-based accounting information systems with an emphasis of control and management issues of this accounting function. Practical application will be examined throughout computer projects and systems' cases. Prerequisite(s): A minimum grade of "C" in ACCT 7330 and admission to the WebMAcc program or permission of the School of Accountancy director.

WACM 7634 Fraudulent Financial Reporting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Training in financial statement fraud is needed due to the technical nature of accounting and reporting standards. This course demonstrates how financial statement analysis can be used to uncover fraudulent financial reporting. In addition, the most common methods for "cooking the books" will be examined along with strategies for detecting and investigating such schemes. Prerequisite(s): A minimum grade of "C" in ACCT 4130 and admission to the WebMAcc program or permission of the School of Accountancy director.

WACM 7636 Business Valuation
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This class focuses on determining the fair values of individual tangible and intangible assets as well as the overall value of a business and includes calculating fair values for financial reporting. The three valuation approaches (Market Approach, Income Approach, and Asset Approach) are covered in depth along with the professional standards, developing the cost of capital, and applying valuation adjustments (discounts and premiums). Prerequisite(s): Admission to the WebMAcc program or permission of the School of Accountancy Director.
WMAC 7839 Special Topics in Accounting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in existing graduate courses. The scope and nature of the material is determined in consultation with the faculty sponsor. Prerequisite(s): Admission to the WebMAcc program or permission of the School of Accountancy Director.

WMBA Web MBA

WMBA 1000Z WMBA Course Receiving Section
99 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

WMBA 6000 Human Behavior in Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of existing theories and models of human behavior in organizations. Using readings, cases, discussion, and guest speakers, the course explains the importance of leadership, motivation, power and influence in organizational life. Special emphasis is placed on leadership for change. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6010 Managerial Accounting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of management accounting and control information. This course shows how to make pricing and product mix decisions, how to improve existing activities and processes, how to measure performance in decentralized operating units, how to align organizational activities with long-term strategic objectives, both in a domestic and international setting. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6020 Managerial Communications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to meet the needs of the practicing manager. Included are the communications carried out by managers in organizations and the organizational and human variables which influence these communications. Included is the management of information systems. Communication styles of managers from different cultures are discussed.

WMBA 6030 Global and International Business
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course presents fundamental considerations for managers of international trade operations. This course is designed to provide graduate level skills in the management functions of global strategic planning, international organizing, leading expatriates and diverse cultures, and controlling the global organization. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6040 Managerial Decision Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to expose students to the types of decision making situations they will face as managers. It will introduce students to advanced quantitative concepts and state-of-the-art techniques. By the end of the course students will be expected to be able to analyze a problem statement, develop alternative solution procedures, and select the one that most successful solutions to business problems require the ability to integrate concepts from non-quantitative fields with the quantitative results. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6050 Strategic Marketing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A strategy planning approach to marketing management from conception and application perspectives. Focus is on the strategic decision-making process supported by self-analysis and external analysis. Legal, ethical and international aspects are also considered. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6060 Managerial Finance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6070 Entrepreneurship-New Venture Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the business formation process which focuses on the creativity, risk-taking, and planning associated with new ventures. The course will provide information on the entrepreneurial process starting with idea generation, idea development, feasibility analysis, resource identification, and concluding with the development of a coherent business plan. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6080 Management Information Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on information technology and systems from a general management perspective. Topics of discussion include the management of the systems development process, the organizational cycle of information, technology planning, evaluation, selection, and strategic uses of information technology. Prerequisite(s): Students must be enrolled in online MBA program.

WMBA 6090 Information Technology Management (ERP)
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to enable the manager to effectively explore and evaluate new technologies in an applied business environment. The course focuses on the evaluation, selection, implementation process, and use of advanced ERP systems, i.e. SAP R/3. This course will concentrate on the managerial, not the technical aspects, of information technology management. The use of relevant readings and cases are used to apply the concepts and techniques presented in the course. The course will offer the rewards for the successful implementation. Prerequisite(s): Minimum grade of "C" in WMBA 6080.

WMBA 6100 Operations and Supply Chain Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide an understanding of the production/operations function within an organization. It will focus on the types of decisions to be made at various organizational levels and where appropriate, on particular models and quantitative techniques that can be useful in making those decisions. Emphasis will be placed on how those decisions are interrelated and on their strategic implications for the firm. Finally, it will consider how the operations function fits in with other functional areas of the firm. Prerequisite(s): Student must be enrolled in online MBA program.

WMBA 6110 Business Strategy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on global strategic management and encourages the analysis and development of business strategies within a global environment. Prerequisite(s): A minimum grade of "C" in WMBA 6010 and WMBA 6050 and WMBA 6060.

WRIT Writing

WRIT 1101 English Composition for Non-native Speakers
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
For students whose native language is not English. Concentrates on developing the student's skills in thinking, reading and writing. Emphasis is placed on the reading and understanding of prose selections and on the writing of clear, logical, well-constructed essays that are relatively free from serious grammatical faults. Includes a research paper. Credit for this course will be accepted in lieu of credit for ENGL 1101. Upon completion of this course, the student will enroll in ENGL 1102. Cross Listing(s): ENGL 1101.
WRIT 2090 Selected Topics in Writing and Linguistics  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Introduces students to one or more topics preliminary to study of more  
specialized areas of Writing and Linguistics. Cross Listing(s): LING 2090.

WRIT 2130 Technical Communication  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Teaches students to improve written, oral and visual communication by  
requiring assignments relevant to their proposed professions. The focus  
is on the type of communication required by the scientific and engineering  
discourse communities.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 2131 Applied Creative Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Investigates the applications of creative writing in media and forums  
including music, advertisements, radio, television, and popular culture.  
Students identify elements of craft in creative writing and practice applying  
these elements in their own creative writing.

WRIT 2133 Forms in Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to analyzing and writing in multiple genres, with a focus on  
understanding writing as a social activity shaped by audience, context,  
purpose, and genre conventions.  
Prerequisite(s): A minimum grade of "C" in ENGL 1101 and ENGL 1102  
or WRIT 1101.

WRIT 2135 Reading as a Writer  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Focuses on engagement with the craft of writing. Students will read  
broadly in a range of genres and subgenres in order to practice close  
reading on the sentence level to discover and appreciate the intricacies  
involved in a writer's artistic and aesthetic choices.

WRIT 2230 Careers in Writing and Linguistics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course focuses on the broad employment opportunities available in  
the field of writing and linguistics, provides students with an understanding  
of their realistic options, and presents criteria for planning a focused job  
search in the field. This course situates an individual career search in  
a larger framework that addresses the economic, cultural, and social  
changes that have resulted in major shifts in the field.

WRIT 2250 Writing GLBTQ Identity  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A survey course exploring and composing queer texts in a variety of  
genres through the lens of critical theory. This course introduces a range  
of theories such as gender, queerness, disability, power, and race as  
means to challenge norms in reading, writing, and analyzing texts, as  
well as to investigate and queer traditional classroom practices and  
 hierarchies.

WRIT 2290 Creativity for Writers  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A survey course on artistic creativity focusing specifically on writers and  
writing, designed to explore what creativity is, how it works, how it affects  
us and our culture, and how we can best nurture it. The course will explore  
creative processes and artistic principles as understood by experts and  
as experienced by celebrated writers. Students will put into practice  
fundamental creative processes, applying and synthesizing theories and  
principles acquired during the course.  
Prerequisite(s): A minimum grade of "C" in ENGL 1101.

WRIT 2350 Freelance Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An introduction to the scope of freelance writing including review of  
industry terminology, identification of commercial opportunities for  
publishation, strategies for querying and pitching, and preparation of  
commercially viable manuscripts for publication.  
Prerequisite(s): A minimum grade of "C" in ENGL 2100.

WRIT 2430 Essential Grammar for Successful Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Offers study and analysis of grammar, punctuation, and rules of writing  
used in both academics and the professions. Challenges students to  
understand the evolving and situational nature of language, and how its  
grammatical structures vary and change.  
Cross Listing(s): LING 2430.

WRIT 2450 Writing for Social Media  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to emerging theory and practices relevant to social media.

WRIT 2533 Writers on Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines the lived experience of working writers and their motivations  
for writing, while exploring their diverse composing practices and studying  
how writers write. Through selected memoirs and other readings, students  
will investigate how writers use their writing to shape meaning and identity  
and how scholars study writing processes.

WRIT 2535 Writing and Place  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines the relationship between language and location by  
analyzing print and visual rhetoric’s of social and natural environments.  
Students explore such environments by focusing on travel writing, Eco  
composition, or globalization and writing.

WRIT 3030 Selected Topics in Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Offers varied courses in specialized areas of the field of writing.

WRIT 3100 Writing Autobiography  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines how writers compose their lives and construct  
social identities often against personal, societal, and cultural obstacles.  
Specifically we will examine elements such as trauma, memory, place,  
borders, ethnicity, and how they function in autobiographical works,  
including those by authors sometimes marginalized based on sexual  
orientation, race, gender, ethnicity, mental illness, disability, or socio-  
economics. Students will learn methods such as multimodal archival  
research in order to understand how research informs autobiography.  
They will also write in various genres to explore their lives as related to  
these contexts. Writing workshop and seminar format.  
Prerequisite: Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3130 Creative Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop course focusing on the writing of poetry and  
prose, emphasizing close analysis of poetic and narrative forms with  
the purpose of encouraging students to develop their creative writing  
abilities and their awareness of creative writing techniques and strategies.  
Students read and discuss creative writing by established writers, evaluate  
the work of their peers, and produce a portfolio of instructor-assigned and  
self-generated creative writing pieces.  
Prerequisite(s): A minimum grade of "C" in ENGL 1101 or WRIT 1101.

WRIT 3131 Teaching Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An introduction to the theory and practice of teaching writing and writing  
processes, including designing writing assignments, pre-writing and  
revision strategies, as well as evaluating student writing.  
Prerequisite(s): ENGL 2111 or ENGL 2112 or permission of the  
instructor.

WRIT 3133 Tutoring Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Focuses on the theory and practice of tutoring writing in writing centers  
and other educational settings. Course topics include tutoring ethics,  
effective tutoring strategies, analyzing student texts, addressing  
disciplinary discourses and conventions, and recognizing diverse student  
needs.  
Prerequisite(s): A minimum grade of "B" in ENGL 1101 or WRIT 1101.
WRIT 3140 Writing for Young Readers  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop focusing on writing for children and young adults. Students read and discuss theoretical as well as creative texts, write in multiple forms (such as poetry, fiction, creative nonfiction, and multimodal), and produce a portfolio of instructor-assigned and self-generated creative writing pieces.  
Prerequisite(s): A minimum grade of "C" in ENGL 1101.

WRIT 3220 Introduction to Professional and Technical Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Surveys the field of P&T, its various activities, and potential career paths.  
Prerequisite(s): A minimum grade of "C" In ENGL 1102.

WRIT 3230 Writing in the Workplace  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Writing practices and genres that support business processes and management communication, such as marketing and promotional writing, client-customer communication, and business to business communication.  
Prerequisite(s): A minimum grade of "C" In ENGL 1102.

WRIT 3232 Information Design  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course focuses on user-centered strategies for creating and analyzing visual documents and artifacts to enhance engagement, comprehension, and ethical representation of complex data.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3233 Technical and Professional Editing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The manipulation of documents, project management, and contemporary production processes are also introduced.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3234 Research Methods for Writers  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to quantitative and qualitative research methods for writers, including surveys, interviews, experiments, questionnaires, and field research.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3310 Digital Storytelling  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Theory and practice of applying narratives through digital tools. May include interactive fiction, game design, user experience and other modalities.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3320 Introduction to Usability and User Experience  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to theories, practices and applications of user research, including user-centered design, participatory design, and user experience.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3430 Linguistics and Grammar for Teachers  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course aims to introduce the pedagogy of English grammar, and is grounded in real pedagogical examples. Through lecture, workshops, and projects about writing, students will develop strategies for teaching grammar and usage in order to effectively teach basic grammatical, mechanical, and usage concepts.  
Prerequisite(s): A minimum grade of "C" In ENGL 1102.  
Cross Listing(s): LING 3430.

WRIT 3433 Comic Book Writing in American Culture  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Investigates multiple dimensions of and models for comic book writing as it traces the medium's history, development of new genres, and narrative conventions since its origins in the 1930s. Teaches the comic book's use of iconography, cultural tropes, and cognitive closure in the construction of sequential narratives.  
Prerequisite(s): A minimum grade of "C" in ENGL 1101 or WRIT 1101 and ENGL 1102.

WRIT 3435 Writing and Healing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduces students to the physical, intellectual, and spiritual benefits of writing personal/cultural stories in classrooms, community groups, websites, and public memorials. By analyzing current theories and their own and each other's narratives, students learn the connections between writing and health, silence and sickness.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3460 Travel and Tourism Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to travel writing, the rhetoric of tourism, and the forms of writing relevant to contemporary tourism.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 3490 Writing the Southern Experience  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop focused on exploring and articulating what it means to live in, or be from, the American South. The course covers a variety of genres, including but not limited to creative nonfiction, fiction, poetry, and hybrid forms. Students read and discuss creative writing by established writers, evaluate the work of their peers, and produce a portfolio of instructor-assigned and self-generated creative writing pieces.  
Prerequisite(s): A minimum grade of "C" in ENGL 1101.

WRIT 3531 Introduction to Writing Studies  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduces students to the field of writing studies and contemporary issues in the areas of literacy, composition, and rhetoric, with special attention to the ways in which culture shapes and is shaped by writing.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 4130 Creative Nonfiction Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop exploring the wide variety of creative nonfiction forms. Students read and discuss creative nonfiction by established creative nonfiction writers, evaluate the work of their peers, and produce a portfolio of instructor-assigned and self-generated creative nonfiction pieces.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 4231 Screenwriting  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A lecture and workshop-based course that focuses on the basic components necessary to write successful scripts for film, television, the web or other digital mediums. By learning the tenets of the form, and mastering the ins-and-outs of the structure of screenplays, aspiring screenwriters gain the tools to make their visual narratives come alive. Course work includes an introduction to formatting, plotting, and exposure to successful scripts and films that employ those facets. Includes a workshop component in which students' scripts will be reviewed and given feedback by instructor and peers.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102 and WRIT 3130.

WRIT 4300 Applied Rhetoric of Science and Technology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Theory and practice with popular audience genres and arguments in and about science and technology, including rhetorical strategies for ethical representation and dissemination of scientific knowledge to public audiences. Intended for both majors and non-majors.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

**Prerequisites:**
- A minimum grade of "C" in ENGL 1102.
- A minimum grade of "C" in WRIT 3130 or WRIT 4231, or WRIT 5231 or WRIT 5231G.

**Cross Listing(s):**
- WRIT 5030G.
- WRIT 5100 Writing for New Media.
- WRIT 5130 Modern English Grammar.
- WRIT 5130G Modern English Grammar.
- WRIT 5231 Advanced Screenwriting.
- WRIT 5231G Advanced Screenwriting.

**Course Descriptions:**
- This course provides direction on how to find, research and write proposals to secure grants.
- A creative writing workshop in which students review and practice the fundamentals of poetry writing, such as use of imagery, figurative language, and sound effects; and also learn and practice more complex aspects of poetry writing, such as writing in specific forms and genres. Students read and discuss poetry by established poets, evaluate the work of their peers, and produce a portfolio of instructor-assigned and self-generated poems.
- A creative writing workshop in which students review and practice the fundamentals of fiction writing, including narrative structures, character development, and other aspects of craft. Students read and discuss fiction by established writers, evaluate their work and the work of their peers, and produce a portfolio of instructor-assigned and self-generated fiction pieces.
- A seminar on particular topics in rhetoric and composition, the teaching of writing, English as a Second Language, linguistics, and creative writing not covered by other seminars.
- A study of the system of rules of word formation and sentence construction that we unconsciously employ in our daily use of the English language.
- A study of the system of rules of word formation and sentence construction that we unconsciously employ in our daily use of the English language. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
- A seminar on particular topics in rhetoric and composition, the teaching of writing, English as a Second Language, linguistics, and creative writing not covered by other courses. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
- Within a workshop and critique setting, students will work through the stages of feature screenplay writing. The course will focus on more advanced techniques, structure, and development of character and plot in long format through feature writing assignments. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.
- A seminar on particular topics in rhetoric and composition, the teaching of writing, English as a Second Language, linguistics, and creative writing not covered by other seminars. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
- Within a workshop and critique setting, students will work through the stages of feature screenplay writing. The course will focus on more advanced techniques, structure, and development of character and plot in long format through feature writing assignments. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.
WRIT 5250 Advanced Technical Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A required course for all Writing and Linguistics majors in the professional and technical communication area, this course offers study in technical communication topics relevant to the profession, such as usability, freelancing, document analysis, ethics, medical writing, or rhetoric of science and technology. Prerequisite(s): A minimum grade of "C" in ENGL 1102. Cross Listing(s): WRIT 5250G.

WRIT 5250G Technical Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A required course for all Writing and Linguistics majors in the professional and technical communication area. This course offers study in technical communication topics relevant to the profession, such as usability, freelancing, document analysis, ethics, medical writing, or rhetoric of science and technology. Graduate students will complete an additional assignment determined by the instructor. Cross Listing(s): WRIT 5250.

WRIT 5330 Rhetoric
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Rhetoric from Aristotle to the present, with emphasis on rhetorical analysis of texts and other forms of discourse. Prerequisite(s): A minimum grade of "C" in ENGL 1102.
Cross Listing(s): WRIT 5330G.

WRIT 5330G History of English Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Rhetoric from Aristotle to the present, with emphasis on rhetorical analysis of texts and other forms of discourse. Cross Listing(s): WRIT 5330.

WRIT 5340 History of English Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the English language from linguistic, social, and historical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite(s): A minimum grade of "C" in ENGL 1102.
Cross Listing(s): WRIT 5340G, LING 5330, LING 5330G.

WRIT 5340G History of English Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the English language from linguistic, social, and historical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Prerequisite: A minimum grade of "C" in ENGL 1102. Cross Listing(s): WRIT 5340, LING 5330G.

WRIT 5430 Advanced Poetry Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A creative writing workshop which focuses primarily on the students' own poems. The course deepens and expands the poetry writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss poetry by established writers, evaluate their work and the work of their peers and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor. Prerequisite(s): A minimum grade of "C" in WRIT 2133 or WRIT 3130, or permission of instructor. Cross Listing(s): WRIT 5430G.

WRIT 5430G Advanced Poetry Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A creative writing workshop which focuses primarily on the students' own poems. The course deepens and expands the poetry writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss poetry by established writers, evaluate their work and the work of their peers and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor. Prerequisite(s): A minimum grade of "C" in WRIT 3130, or permission of instructor. Cross Listing(s): WRIT 5430.
WRIT 5531 Advanced Creative Nonfiction Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop which focuses primarily on the students' own creative nonfiction. The course deepens and expands the writing skills and knowledge learned in undergraduate expository writing courses. Students read and discuss creative nonfiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.  
Prerequisite(s): A minimum grade of "C" in WRIT 3130, or permission of instructor.  
Cross Listing(s): WRIT 5531G.

WRIT 5532 Writing Flash Prose  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop in which students study and write short prose forms such as the short-short story, brief creative nonfiction, and prose poetry.  
Prerequisite(s): A minimum grade of "C" in WRIT 2131 or WRIT 2133 or WRIT 3130.  
Cross Listing(s): WRIT 5532G.

WRIT 5532G Writing Flash Prose  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop in which students study and write short prose forms such as the short-short story, brief creative nonfiction, and prose poetry. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): A minimum grade of "C" in WRIT 3130, or permission of instructor.  
Cross Listing(s): WRIT 5532.

WRIT 5533 Writing the Body  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.  
Cross Listing(s): WRIT 5533G, WGST 5633, WGST 5633G.

WRIT 5533G Writing the Body  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Writing the Body explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative. Graduate students will be given additional assignments not required of undergraduate students.  
Cross Listing(s): WRIT 5533.

WRIT 5540 Advanced Technical Editing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course presents advanced techniques for editing technical publications including all levels of editing, document management, and collaboration with writers.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.  
Cross Listing(s): WRIT 5540G.

WRIT 5540G Advanced Technical Editing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course presents advanced techniques for editing technical publications including all levels of editing, document management, and collaboration with writers.  
Cross Listing(s): WRIT 5540.

WRIT 5550 Publication Design  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Techniques for preparing documents from development to publication.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.  
Cross Listing(s): WRIT 5550G.

WRIT 5550G Publication Design  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Techniques for preparing documents from development to publication.  
Cross Listing(s): WRIT 5550.

WRIT 5560 Advanced Fiction Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop which focuses primarily on the students' own fiction. The course deepens and expands the fiction writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss fiction by established writers, evaluate their work and the work of their peers, and produce a portfolio.  
Prerequisite(s): A minimum grade of "C" in WRIT 3130, or permission of instructor.  
Cross Listing(s): WRIT 5560G.

WRIT 5560G Advanced Fiction Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop which focuses primarily on the students' own fiction. The course deepens and expands the fiction writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss fiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.  
Prerequisite(s): A minimum grade of "C" in WRIT 3130, or permission of instructor.  
Cross Listing(s): WRIT 5560.

WRIT 5580 Technologies of Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Analyzes the meanings and implications of the new technologies on reading and writing as well as explores the relationship between a culture's technologies of writing and cultural narratives of identity, subjectivity, and agency.  
Prerequisite(s): A minimum grade of "C" in ENGL 1102.  
Cross Listing(s): WRIT 5580G.

WRIT 5580G Technologies of Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Analyzes the meanings and implications of the new technologies on reading and writing as well as explores the relationship between a culture's technologies of writing and cultural narratives of identity, subjectivity, and agency. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Cross Listing(s): WRIT 5580.
WRIT 5590 Cultural Rhetorics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores some of the many facets of cultural rhetorics, focusing on the theoretical bases for analyses of power and meaning in production, texts, and reception. It includes anti-racist, feminist, queer, or social frameworks, as well as applied multimodal and genre theories.
Prerequisite(s): A minimum grade of "C" in ENGL 1102.
Cross Listing(s): WRIT 5590G.

WRIT 5590G Cultural Rhetorics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This graduate level course explores some of the many facets of cultural rhetorics, focusing on the theoretical bases for analyses of power and meaning in production, texts, and reception. It includes anti-racist, feminist, queer, or social frameworks, as well as applied multimodal and genre theories. Prerequisite(s): Graduate status or permission of instructor.
Cross Listing(s): WRIT 5590.

WRIT 5930 Technical Writing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A required course for all Writing and Linguistics majors in the professional and technical communication area, this course offers study in technical communication topics relevant to the profession, such as usability, freelancing, document analysis, ethics, medical writing, or rhetoric of science and technology.
Prerequisite(s): A minimum grade of "C" in ENGL 1102.

WRIT 6030 Selected Topics in Writing and Linguistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This graduate level course will cover special topics related to writing, rhetoric, technical communication, and visual rhetoric. Topics may include science writing, environmental rhetorics, information design, multimodal writing, digital authoring and publishing, and risk communication.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 6110 Managing Digital Documents
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will offer students the opportunity to shape text for different multimedia environments, from traditional websites to the constraints of smart phone applications. Students will explore the writing challenges at stake in the midst of existing (and changing) online publication venues and digital social networking framings. Prerequisite(s): Graduate status or permission of instructor.

WRIT 6133 Usability and User Experience
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on usability research methods and testing, and theories of usability in professional and technical writing. Students will be introduced to user-centered design, participatory design, and user experience approaches to user research and usability practices.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 7100 Professional Communication Strategies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced professional communication strategies employed by leaders in business, industry, education, and health professions, including strategies to improve and refine workplace communication processes, practices, and workflows.

WRIT 7110 Professional Communication Strategies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced professional communication strategies employed by leaders in business, industry, education, and health professions, including strategies to improve and refine workplace communication processes, practices, and workflows.

WRIT 7120 Rhetorics of Health and Medicine
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines how rhetoric shapes thinking and decision-making about health and medicine, with particular emphasis on how rhetorical theories can inform the design of effective communication in these contexts. Prerequisite(s): Graduate status or permission of instructor.

Academic Success Center

The Academic Success Center (ASC) is dedicated to providing academic support for all students by fostering positive academic mindset, knowledge of resources, and belonging within the university community. Towards this purpose, the ASC offers student-centered services in tutoring, mentoring, testing, success coaching, consultations, and workshops. While the ASC is available for all students, services are also focused on the needs of adult-learners, first generation students, students on academic intervention, and students in the Learning Support program.

For more information about the ASC, call (912) 478-5371 or check the Center’s website at http://georgiasouthern.edu/asc. The Statesboro Campus office is located in Henderson Library, Suite 1303. The Armstrong Campus office will be based out of the Student Success Center building until a permanent space is ready.

The ASC is part of the Division of Academic Affairs and reports to the Office of the Provost.

Academic Intervention

Undergraduate students who are on academic intervention, per university policy, are required to create and implement an Academic Improvement Plan under the guidance of an assigned Success Coach. Success Coaches meet with students one-on-one and in a group setting through a 0-credit hour course – GSU 1000: Academic Improvement Coaching. See the Academic Intervention Policy (p. 256) for more information.

Mentor Program

Based on the Statesboro Campus, this program welcomes any first or second year student to join at any point in the semester. Peer Mentors and mentees meet weekly to discuss a variety of topics, including goal setting, major and career exploration, establishing good habits for academic achievement and personal wellness, and access to tools and resources, and social connections to the campus community.

Learn more about the Mentor Program at the ASC website at http://georgiasouthern.edu/asc.

Tutoring Services

On the Statesboro Campus, free tutoring is available by appointment and walk-in for a variety of math, science and humanities courses. Online tutoring by appointment is available for all three campuses; tutoring on the Armstrong Campus is coming soon. The tutors are recommended by professors in their subject areas and are trained, supervised, and evaluated by the ASC staff. The Center has a full-time coordinator and faculty consultants from the Academic Success Center who work with tutors in implementation of the program.

Check for tutoring schedules and other information on the website at http://academics.georgiasouthern.edu/success/tutoring/.

Tutoring on the Armstrong and Liberty Campuses is offered by other departments. The ASC website does provide information about tutoring offered by other units as the information is made available.

Testing Office

Another component of the Academic Success Center is the Office of Testing Services with locations on the Statesboro and Armstrong (Savannah) Campuses. The Office of Testing Services provides services to students, non-students and community members within the surrounding communities. Both testing offices administer examinations including ACCUPLACER, CLEP Exams, DSST Exams, Georgia Assessments for the Certification of Educators (GACE), Graduate Record Exam – Subject Test (GRE-Subject), HESI A2-Nursing entrance exam, Institutional ACT Exam (ACT-Residual), E-Core exams, Legislative Exemption Exams, American Council for Exercise Exams (ACE), BOC Athletic Training Exam, and the Miller Analogies Test (MAT).

Contact

Persons interested in further information concerning dates, times, cost, eligibility and sign-up procedures can contact the Statesboro Campus Testing Office at (912) 478-5415, located at Cone Hall Room 2004, or by email at testing@georgiasouthern.edu. Contact the Armstrong Campus Testing Office at (912) 344-2582, located in the Memorial College Center Building, room 206B, or email testingsav@georgiasouthern.edu. The informational webpage for both Testing Offices is at http://academics.georgiasouthern.edu/success/testing/.

FORAM Sustainable Aquaponics Research Center

The FORAM Sustainable Aquaponics Research Center (SARC) is a joint venture between Georgia Southern University and the FORAM Foundation. Our aquaponics system is located in an approximately 4100 square foot greenhouse that supports student and faculty research in areas of Biology, Chemistry, Economics and Engineering.

Mission

To conduct cutting-edge research, and to develop technologies and best practices that improve the sustainability and profitability of soilless farming techniques.

The SARC facility is a state of the art system designed to research the economic and biological sustainability of aquaponics systems. SARC has four independent recirculating systems, each containing 900 gallon tanks capable of holding over 100 mature tilapia (1-2 lbs/each) and 224 square foot runways for growing plants. This proprietary system was uniquely built...
to conduct controlled scientific research. This allows the center to develop targeted experiments with the goal of improving the economic viability of large-scale aquaponics as a means of sustainable food growth requiring less resources and space.

http://cosm.georgiasouthern.edu/sarc/

James H. Oliver, Jr., Institute for Coastal Plain Science

The Institute for Coastal Plain Science facilitates studies focused on the fertile world of Georgia’s Coastal Plain, which covers the southern and southeastern half of the state. This environmental region provides researchers with a living laboratory, where forests, rivers, marshes, swamps and beaches abound with life.

The mission of the ICPS is two-fold: 1) to promote, in coordination with public and private partnerships, interdisciplinary research and education directed toward understanding the physical and biological resources occurring in the region and their sustainable use and management, and 2) to enhance curation of the extensive natural history collections and promote their use as research and education tools. In fulfilling its mission the ICPS partners with diverse entities such as the Nature Conservancy, Skidaway Institute of Oceanography, Gray’s Reef National Marine Sanctuary and the University of Georgia Marine Extension Service, which provides collaborative opportunities for researchers and students.

Applied Coastal Research Laboratory (ACRL) (http://cosm.georgiasouthern.edu/icps/acrl)

The ICPS partners with the ACRL, a field laboratory located on Skidaway Island near Savannah, Georgia. The ACRL provides laboratory space and logistical support to research teams. Our logistical support includes access to nearby research sites (including hammocks, marshes and barrier islands); access to coastal/offshore research via large and small research boats; geophysical and ecological field sampling/monitoring equipment; and a full array of Geographic Information Systems (GIS) capabilities. The ACRL also works to gain grant funding for faculty and student research and collaborates with state and local agencies, and non-profit foundations.

U.S. National Tick Collection (USNTC) (https://cosm.georgiasouthern.edu/usntc)

The ICPS is also home to the USNTC. With over 125,000 accessioned lots, over one million specimens, their associated data, and an extensive library (reprints, monographs, and books), the USNTC is one of the largest curated tick collections in the world, if not the largest.

Military and Veteran Affairs

Georgia Southern University recognizes that military-affiliated students often face challenging obstacles in the pursuit of a college degree. As part of the University’s ongoing commitment to provide educational opportunities to the military population, in the Fall of 2013 Southern created the office of Military and Veterans Affairs. The office provides a comprehensive military and veteran-friendly education support program that engages military-affiliated students from admissions to career placement to help them pursue and achieve their academic and professional goals.

Military Resource Center

In collaboration with a variety of University departments and organizations, the Military Resource Center (MRC) provides assistance, connection, camaraderie, coordinated services, and resources to ensure that all military connected students are afforded the greatest opportunities for success. Members of our military community will experience individually-tailored support of the highest quality through the MRC. Students can get information about the application and admissions process, education benefits, and prior learning assessments to determine credit for military training. MRCs provide access to computers, a resource library, peer-to-peer mentoring and tutoring programs, referrals to other campus and community resources, and information about the Student Veterans of America Chapters at each campus. The Centers at Armstrong and Statesboro have lounges known as “The Eagles Nest” that provide a designated space for military-affiliated students to network, study, and relax. The lounges include a kitchenette and social space that has couches, books, magazines, a television, movies and video game consoles. The MRC at the Statesboro Campus is located in the Russell Student Union and the Center at the Armstrong Campus can be found in the Pirate Athletic Center.

Office of Career and Professional Development

The Office of Career and Professional Development (OCPD) is committed to providing Georgia Southern University students and alumni with a broad range of personalized services to prepare them for professional success. As career advisors, the OCPD staff assists students with choosing majors, identifying career options, gaining related work experience, awarding non-credit "tuition free" co-op/internship hours, and providing guidance in their full-time professional job search strategies through three distinct areas: Career Advisement, Experiential Education and Course Instruction, and Professional Employment. The Career Advisement phase is designed to assist students in identifying academic majors and career options. Strategies include one-on-one or group career advising, career assessments, investigation of careers through a comprehensive collection of on-line information, as well as through our Major and Career Exploration Centers located on our Statesboro and Armstrong campuses. Opportunities for Experiential Education are developed through the outreach efforts of the Employer Relations team who proactively engage employer partners to create internship and co-op opportunities. Students are prepared for these experiences through mock interview training, résumé/cover letter critique assistance, and structured academic courses that focus on Emotional Intelligence development and professionalism in the workplace. Professional employment opportunities are available through the Eagle Career Net online job board and are open to all Georgia Southern University active students and alumni.

Experiential learning provides a valuable opportunity for students to acquire relevant work experience that will increase their marketability upon graduation. Internships and co-ops provide an opportunity for students to evaluate whether their chosen career path or field of study is a good fit for them, develop their professional skills, and apply their academic knowledge while obtaining valuable real world experience in their field. The Office of Career and Professional Development at Georgia Southern University is committed to actively recruiting and promoting internship and co-op opportunities for all students and provides a centralized contact for all academic and non-academic related issues associated with experiential learning for all colleges and majors.

Our professional staff advises and assists students in developing professional skills during their academic career so that they may complete an effective job search campaign prior to graduation. Workshops, class presentations, individual career advisement appointments, along with resources provided on the OCPD website, help prepare students in the areas of effective job search and networking strategies, cover letter and résumé development, interviewing techniques, negotiation strategies, and making the transition from college to the world of work. Our department attracts a variety of industries and organizations to recruit Georgia Southern University students and alumni through résumé referrals, on-campus interviewing, and by allowing employers to post
positions on Eagle Career Net. By participating in on-campus recruiting opportunities, students are able to network with potential employers from all industries to inquire about full-time employment upon graduation.

For more information, please visit the Office of Career and Professional Development website at http://students.georgiasouthern.edu/career or call (912) 478-5197.

Office of Institutional Effectiveness

The mission of the Office of Institutional Effectiveness (OIE) is to support Georgia Southern University’s pursuit of academic distinction in teaching, scholarship, and service in a student-centered environment by providing leadership for assessment, institutional effectiveness, planning, and accreditation activities to all academic, student support, and administrative units and programs. Guided by a dedication to a culture of systematic self-reflection, evidence-based decision-making, and improvement, the Office of Institutional Effectiveness fosters engagement in assessment practices that accurately and comprehensively reflect all academic, administrative, and student support units’ primary functions. Additional information is available at OIE’s website at http://academics.georgiasouthern.edu/vpie/index.php.

Office of Research Services and Sponsored Programs

The Office of Research Services and Sponsored Programs (ORSSP) supports the Georgia Southern University faculty, staff and students in the acquisition, performance and administration of projects and programs funded from sources outside the University. ORSSP is a full-service research administration office, providing cradle-to-grave support for sponsored activity:

1. Pre-award services include: identification and dissemination of funding opportunities; proposal editing services; project budget development; assistance with sponsor forms and submission requirements; routing of proposals for institutional approval; and contract and award negotiation.

2. Post-award management services include: award acceptance on behalf of the institution; materials transfer, data use and contract negotiations; assistance to faculty in managing project budgets; submission of formal requests for award modification and extension; and project close-out.

In addition, the ORSSP Office of Research Integrity (ORI) serves as the administrative home for research compliance, providing support and guidance to the Institutional Review Board for the Protection of Human Subjects (IRB), the Institutional Animal Care and Use Committee (IACUC), and the Institutional Biosafety Committee (IBC). The ORI also administers the university processes for reviewing financial conflict of interest, and other areas of compliance as needed.

The ORSSP provides support for the Faculty Research Committee, a Faculty Senate committee which awards competitive internal research awards on an annual basis and selects recipients of the Faculty Excellence in Research awards.

The Georgia Southern University Research and Service Foundation (GSURSF) is a nonprofit partner organization that assists, supports, and furthers the research, service, and educational missions of Georgia Southern University. The Foundation functions in cooperation with the University to simplify business processes and other interactions between the private sector and the University. The Foundation manages intellectual property resources for the discovery, development and commercialization of new ideas and technologies. The GSURSF receives all incoming external awards and assigns the performance of sponsored research projects and service delivery programs to the University.

If you have any questions, call the Office of Research Services and Sponsored Programs at (912) 478-5465.

Printing & Postal Services

Printing and Postal Services is a University owned and operated facility located in the Main Dining Commons on the Statesboro campus and in the Annex 2 Bldg. on the Armstrong campus. These facilities provide mail pick up, delivery, posting and boxing, and window services for faculty, staff and students. The second half of our task list is to print course packs, class required name badges, printed projects and any printed materials required by the campus community.

On the Statesboro Campus all student mailboxes are located in the Main Dining Commons. Post office boxes will be made available to all students living in University Housing. Once these boxes are assigned, the remaining post office boxes will be made available to other students on a first come, first served basis for one full academic year for a $20.00 fee. Non University Housing students must go to the P.O. Box Store at http://auxiliary.georgiasouthern.edu/printingandpostal/postal-services/ or the lobby counter in the Main Dining Commons to purchase their box. After purchasing a box, the student will be assigned a box for the current year. The box can be accessed with three easy steps. First, log into my.georgiasouthern.edu and click on WINGS. Next, click on the “Personal Information” tab, then “View P.O. Box combination”. Both the P.O. Box number and the combination will be found on this page, as well as instructions on how to open the box.

On the Armstrong campus all residential students have mailboxes in their residence halls.

Forwarding addresses should be left for students who will be:

• graduating
• withdrawing
• leaving for a semester
• completing a voluntary cancellation form

If you forward your mail, your first class mail and periodicals will be forwarded to your forwarding address. Forwarding addresses can be updated on WINGS.

If no forwarding address is on file, mail will be returned to sender.

If you have any questions, call the Georgia Southern Printing and Postal Services at (912) 478-5697 on the Statesboro Campus and (912) 344-2820 on the Armstrong Campus. Visit our website at http://auxiliary.georgiasouthern.edu/printingandpostal/postal-services/.

Regents Center for Learning Disorders

The Regents Center for Learning Disorders (RCLD) at Georgia Southern University is one of three centers in Georgia established by the Board of Regents to provide assessments, resources, and research related to students with learning disorders. The Center serves students from GSU and seven additional institutions in the southern area of the state. Students with a history and/or those perceived as having learning disorders, ADHD, or psychological disorders may be referred by the enrolling institution’s student accessibility office for a comprehensive assessment, feedback on appropriate academic accommodations, and recommendations for optimal educational achievement. Additionally, student access offices at any of the institutions served may consult with the Center regarding disability documentation and assessments performed by other professionals.
Georgia Southern University students should first contact the Student Accessibility Resource Center on their campus (Statesboro: (912) 478-1566, Savannah & Liberty: (912) 344-2572), while students at other institutions should contact their own office for student accessibility for a referral to the RCLD. In addition to providing comprehensive evaluations for students, the RCLD collaborates with other institutions on statewide policy development, provides programs and services for student access professionals and their students, and provides clinical training and research opportunities for graduate students in psychology and related programs at Georgia Southern. For further information please call (912) 478-0100, or visit http://academics.georgiasouthern.edu/rclld/.

Student Accessibility Resource Center

The Student Accessibility Resource Center (SARC) strives to assure equal access to all aspects of the college experience for students with disabilities through reasonable accommodations. A unit of Student Affairs, the Student Accessibility Resource Center supports both the SA mission and the university’s strategic plan by promoting and contributing to a university community centered on student learning and success. The SARC office staff is responsible for the coordination of all services for students with disabilities. Students with disabilities must meet all admission and academic standards. Services are provided to students at no cost. The disability categories we serve are: acquired brain injury, attention deficit disorder (ADD or AD/HD), autism spectrum disorder, communication disorders, hearing impairment, learning disabilities, mobility impairment, psychological disorders, systemic medical disabilities and visual impairment.

Students initiate services by completing the Voluntary Declaration of Disability (VDD) form (https://students.georgiasouthern.edu/sarc/steps-for-receiving-services) located under the Receiving Services tab on our website. The VDD is returned to our office and the student meets with a SARC staff member and provides documentation of the disability. Academic accommodations are determined on an individual basis using USG guidelines which can be found in the Academic and Student Affairs Handbook (https://www.usg.edu/academic_affairs_handbook/section3C793/#pappendix_e_specific_documentation_guidelines). Once documentation of the disability is approved, SARC will provide students with accommodation letters to share with their professors.

SARC is located on the second floor of Cone Hall on the Statesboro campus and the phone number is (912) 478-1566. SARC is located on the second floor of the Memorial College Center on the Savannah campus and serves Savannah and Liberty students; the phone number is (912) 344-2572. Our video phone number is (912) 225-9877.

Student Union Facilities and Event Services

The mission of Student Union Facilities and Event Services is to complement the educational mission of the University by providing an environment where students, faculty, staff, and guests can gather to participate and learn in an atmosphere that fosters a sense of community. Each of these spaces provides facilities, services, and support to programs that enhance the quality of out-of-class experiences.

Statesboro Campus

The Russell Union is located on the Statesboro campus and provides a multitude of event planning resources including facility reservations, audio visual services, and event consultation. The Russell Union also houses the following departments: The Office of the Dean of Students, The Office of Multicultural Affairs, Fraternity and Sorority Life, Office of Student Conduct, Military and Veteran Student Center, Russell Union Operations, Student Government Association, and the Office of Leadership and Community Engagement. Included in the 110,000 square foot Russell Union facility is a 600-seat ballroom, a 444- seat movie theatre/auditorium, wireless internet, 14 meeting rooms, two computer labs, Chick-fil-A, Starbucks, Gus Mart and Union Delli, an information center, a catering kitchen, and several areas throughout the building to study, relax, and exchange thoughts and ideas with faculty, staff, and fellow students. The Williams Center's Office of Student Activities and the Student Organization Resource Center is a resource for students, organizations, and advisors with helpful information on organizational development, event planning resources, and full-time staff to support your co-curricular needs. The Williams Center includes a Multi-purpose Room that holds over 400 people, 26-seat conference room, and multiple meeting and work spaces available to students, faculty, and staff. The Offices of Student Media, Career Services, and First Year Experience also reside within the Williams Center building.

Armstrong Campus

The Student Union on the Armstrong campus provides eating, gathering, and meeting space for the Armstrong campus community. A 650-seat ballroom as well as a 200-seat theater are available for presentations, events, and other gatherings. The facility also boasts a 5,700 sq. feet of bookstore, 300-seat food court style dining area along with a convenience store, ample and varied lounge spaces both indoor and outdoor, and meeting space. The Student Union houses the following departments: Student Government Association, Eagle Dining, Dean of Students Office, Student Activities, and other Student Affairs units aimed at getting students involved and supported.

The University Writing Center

The University Writing Center is open to all Georgia Southern students who want feedback on their writing or advice about how to become better writers. Staffed by graduate students and undergraduate peer tutors, the Writing Center offers one-on-one conferences to students working on writing projects for any course at any stage of the writing process. The Writing Center is not a remedial service, but an important resource for all student writers at all levels of ability. Tutors in the Writing Center can help writers to understand assignments, brainstorm ideas, organize information, and develop editing strategies. While the Writing Center staff will not proofread papers or do any of the actual writing for the students they work with, they will teach students effective ways to use evidence and detail, to anticipate and meet audience needs, and to streamline the structure of their arguments. Citation formats, document preparation, grammatical correctness, and stylistic fluency will also provide a focus for many writing center conferences.

Resources

- Individual, one-on-one conferences on writing projects
- Handouts on writing strategies and grammatical issues
- Handbooks, dictionaries, thesauruses, style guides
- Online assistance and conference appointments

Tutors are available to give short presentations about the Writing Center and its services in any class at any time during the semester.

Location and Hours

The University Writing Center is located on the second floor of the Henderson Library next to the Information Desk and Learning Commons. One hour and half hour conferences are available from Monday through Thursday, 9:00 a.m. - 7:00 p.m., and Friday, 10:00 a.m. - 3:00 p.m. Some Sunday hours are also available but vary by semester; check the appointment schedule for details. Appointments can be made on a walk-in basis or online at http://georgiasouthern.mywconline.com. For more information about the Writing Center, please call (912) 478-1413, visit the
Visual Art Exhibitions and Permanent Collections

Gallery programming in the Betty Foy Sanders Department of Art offers students and the community multiple galleries to view contemporary and traditional art in Statesboro and Savannah.

On the Statesboro Campus, the Center for Art and Theatre houses two contemporary art galleries. These galleries feature both solo and group exhibitions by world-renowned artists working in a range of media, from traditional paintings to multi-media installations, as well as exhibitions that highlight outstanding work by Georgia Southern art and design students.

The Center for Art and Theatre also houses the department’s permanent collections. The Betty Foy Sanders Georgia Artists Collection features artworks created by artists born or based in Georgia, created using materials found in Georgia, or themed around the state itself. The collection has been curated by Betty Foy Sanders since she established it in 1968, and is on permanent display in the Georgia Artists Collection Gallery. The Smith Callaway Banks Southern Folk Art Collection features folk art of varying genres and media from around the southeastern United States. This collection also is on permanent display, and was donated to the Department by Bulloch County historian Smith Callaway Banks in 2007.

Nestled between the Center for Art & Theatre and the Visual Arts Building, a sculpture garden offers visitors the opportunity to enjoy changing exhibitions of three-dimensional works of art created by students and alumni of the Betty Foy Sanders Department of Art.

On the Armstrong Campus, the Fine Arts Gallery occupies a central position in Fine Arts Hall. The gallery hosts 10 exhibitions each academic year, showcasing work by students, faculty, alumni, and visiting artists.

All galleries and collections are open Monday through Friday, 9 a.m. to 5 p.m., and nights and weekends by appointment. Exhibits are free to the public. Guided tours are available through the Betty Foy Sanders Department of Art, (912) 478-ARTS.
Policies

Equal Opportunity Policy Statement

It continues to be the policy of Georgia Southern University to implement affirmative action and equal opportunity to all employees, students, and applicants for employment or admission without regard to race, color, gender, sexual orientation, gender identity or expression, national origin, religion, age, veteran status, political affiliation, or disability. This policy extends to participation in any of Georgia Southern’s programs. Questions regarding this policy of nondiscrimination should be directed to:

Director of EEO and Title IX
P.O. Box 8035
Statesboro, GA 30460-8035
(912) 478-5136

Accommodations for Individuals With Disabilities

In compliance with the Americans with Disabilities Act (ADA), Georgia Southern University will honor requests for reasonable accommodations made by individuals with disabilities. Students must self disclose any disability for which an accommodation is being sought to the Student Accessibility Resource Center (SARC) before academic or other accommodations can be implemented. For additional information, please call the Director of EEO and Title IX at (912) 478-5136 / TDD (912) 478-0273 or the SARC Director at (912) 478-1566 / TDD (912) 478-0666. The TDD phone numbers are intended for individuals with hearing impairments.

Student Notification Policy

All Georgia Southern University students are provided with an e-mail address within 24 hours of student registration. E-mail addresses are the official means of communication between the University and the student. It is the student’s responsibility to check his/her e-mail each school day for administrative messages. Failure to respond to a University communication or failure to act on a University communication in a timely manner may result in consequences that cannot be appealed or reversed.

Academic Dishonesty

The University goal is to foster an intellectual atmosphere that produces educated, literate people. Because cheating and plagiarism are at odds with that goal, they shall not be tolerated in any form. Students are expected to adhere to the rules and regulations as set forth in the Student Code of Conduct. Therefore, all work submitted by a student must represent that student’s own ideas and effort; when the work does not, the student has engaged in academic dishonesty.

Academic Dishonesty Regulations

1. **Cheating** is (a) the use or attempted use of unauthorized materials, information, or study aids in any academic exercise; or (b) actions taken to gain unfair or undue advantage over others. Examples of cheating include (but are not limited to):
   a. Receiving, providing, and/or using unauthorized assistance or materials on any work required to be submitted for any course (including online services or social media to write papers).
   b. Alteration or insertion of any grade so as to obtain unearned academic credit.
   c. Fabricating information, research, and/or results such as taking, or attempting to take, an examination for another Student, alteration of legitimate research data, alteration or distortion of laboratory experiments, or deliberate distortion of another’s work or results.
   d. Collaborating with others on assignments without the faculty’s consent.
   e. Impeding the ability of Students to have fair access to materials assigned or suggested by the Faculty Member (e.g., removal or destruction of library or other source materials).
   f. Demonstrating any other forms of dishonest behavior.
2. **Classroom Copyright Infringement**
   a. Any recording and transmission of classroom lectures and discussions by Students without prior written permission from the class instructor, and without all Students in the class as well as the guest speaker(s) being informed that audio/video recording may occur (it is not a violation if Student has educational accommodations through the Student Accessibility Resource Center).
   b. Uploading any recordings of lectures and/or class presentations to publicly accessible web environments.

3. **Facilitation**
   a. Cooperating with and/or helping another Student to cheat such as instigating, encouraging, or abetting plagiarism or cheating and/or failing to report a known violation to the Office of Student Conduct.

4. **Plagiarism** is the offering of the words, ideas, computer data programs, or graphics of others as one's own in any academic exercise. Examples of plagiarism include (but are not limited to):
   a. The offering of another's work, whether verbatim or paraphrased, as original material without identifying the source(s) in an academic paper.
   b. Directly quoting the words of others without using quotation marks or indented format to identify them.
   c. Self-plagiarism: re-submitting work previously submitted without appropriate or accurate citation or credit and/or without explicit approval from the instructor.
   d. Use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

**NOTICE:**
The list above is intended only to provide general guidelines for recognizing and avoiding common types of academic dishonesty. It is in no way an exhaustive or comprehensive list of all the types of academic dishonesty. Suspected cases of academic dishonesty will be handled by the professor in consultation with the Office of Student Conduct. For more information about academic honesty, see the Student Code of Conduct which can be found on the Office of Student Conduct webpage at http://deanofstudents.georgiasouthern.edu/conduct.

### Accreditation

**Statesboro, Georgia 30460**  
**General Information:** (912) 478-5611  
http://www.georgiasouthern.edu/

Georgia Southern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters, specialists and doctorate degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 (http://www.sacscoc.org) for questions about the accreditation of Georgia Southern University.

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc. should be addressed directly to the institution and not to the SACSCOC office. The Commission should be contacted only if there is evidence that appears to support an institution's significant non-compliance with a SACSCOC accreditation requirement or standard.

### Auditing Courses

A student may audit a course by submitting a written request to the Office of the Registrar. Academic credit is not awarded for auditing a class. Students may not transfer from audit to credit status or from credit to audit status after the last day of Drop/Add. A grade of "V" (audit) is entered on the student’s record. The student will be responsible for all fees charged for the audited course.

### Awarding a "W" after Midterm for non-Academic Reasons

If a student wishes to withdraw from a course after the last day to withdraw without academic penalty, the course instructor must certify on the "Petition to Withdraw from a Specific Course" form all four of the conditions below and recommend withdrawal:

1. All work was up-to-date as of the last day to withdraw without academic penalty.
2. The work was of passing quality at the last day to withdraw without academic penalty.
3. Attendance was satisfactory up to the last day to withdraw without academic penalty.
4. The factors justifying withdrawal are essentially non-academic and developed after the last day to withdraw without academic penalty.

The instructor will be asked by the student to deliver the form to his/ her Department Chair. The Department Chair also must recommend the withdrawal. If the instructor and Department Chair approve the withdrawal, the form must be sent to the Dean. The instructor or the Department Chair may deliver the form to the Dean. The Dean will submit the petition to the Office of the Registrar if he/she approves and recommends the withdrawal. **Students who have met their six (6) maximum withdrawals will not be given the option to use this form to withdraw from any courses.**

### Class Attendance

University policy requires all students to attend the first class meeting of all classes for which they are registered. Instructors are required to report attendance for all students registered in their classes. Students who are verified as "Not Attending" the first class meeting of a course for which they are registered will be dropped from the course. This policy applies to all levels of courses and includes on campus, off campus, distance learning, two-way interactive video, and internet (online) classes. For online classes, students are usually required to make a discussion posting or send an email to the course instructor on the first day. It is the student’s responsibility to verify course drops and check that fees are adjusted. Students who have verifiable extenuating circumstances which prohibit them from attending the first day of classes must contact their instructor or complete the "First Day Exemption Request" form available online through the student’s MyGeorgiaSouthern account (https://my.georgiasouthern.edu/) to avoid being dropped from the course. In lieu of contacting the instructor or completion of the web form, students may also call the Office of the Registrar at (912) 478-5152.

Once completed, the "First Day Exemption Request" form is sent via email to both the Office of the Registrar and the instructor(s). A "First Day Exemption Request" form must be completed for each class that a student will not be able to attend on the first day for that particular class. The Office of the Registrar is only able to excuse an absence for the first day of class and an exception will be approved only for emergency reasons, such as serious illness (a note from Health Services or family physician will be required), the death of an immediate family member (a copy of the obituary will be required and an immediate family member is defined as one’s spouse, parents, grandparents, children, grandchildren, siblings and immediate in-laws), or military obligations (a copy of military orders will be required). Exceptions to attending the first day of class will not normally be made for any of the following reasons: wedding of the student, relative, or friend; part-time job or job interview; vacation; or convenience of travel schedule. Exceptions to these guidelines can be made, but should be based on a very compelling case.

If the absence is for one day and meets the above criteria the Office of the Registrar will approve the absence by holding the seat for the student and notifying the student and appropriate instructor(s) via email. Student documentation for the absence should be sent to the Office of the Registrar if he/she approves and recommends the withdrawal. If the instructor and Department Chair approve the withdrawal, the form must be sent to the Dean. The instructor or the Department Chair will submit the petition to the Office of the Registrar if he/she approves and recommends the withdrawal. **Students who have met their six (6) maximum withdrawals will not be given the option to use this form to withdraw from any courses.**

Students are expected to attend all classes. Each professor has the responsibility for setting specific policies concerning class attendance beyond the first class meeting, including whether they will accept excused absences and whether they will allow work missed to be made up. Professors should clearly state policies to each class and make clear what constitutes excessive absences. Departments may establish policies...
concerning class attendance provided there is unanimous agreement by faculty members within the department. The student is responsible for all material presented in class and for all announcements and assignments whether or not the student is in attendance. For Financial Aid reasons, attendance of all students will be officially verified before financial aid will be disbursed. Students who have been recorded as “Not Attending” may not receive their financial aid and will be dropped from the class roster. Students may check their attendance status via WINGS.

Students participating in authorized activities as an official representative of the University (i.e., athletic events, delegate to regional or national meetings or conferences, participation in university-sponsored performances) will not receive academic penalties and, in consultation with the instructor of record, will be given reasonable opportunities to complete assignments and exams or given compensatory assignment(s) if needed. The student must provide written confirmation from a faculty or staff advisor to the course instructor(s) at least 10 days prior to the date for which the student will be absent from the class. The student is responsible for all material presented in class and for all announcements and assignments. When possible, students are expected to complete these assignments before their absences. In the event of a disagreement regarding this policy, an appeal may be made by either the student or the instructor of record to the corresponding college dean.

Students whose military obligations require their absence from class for more than the first day may seek an exemption from the class attendance policy. Students will begin the process by logging onto their MyGeorgiaSouthern and click on the First Day Exemption Request listed under the Registration Information block. The student will then receive an email with information informing them that they must contact the appropriate college Associate Dean for which the particular class belongs to request an exemption from the class attendance policy. The Associate Dean will then work with the appropriate Department Chair and faculty to ensure that your instructor is contacted and made aware of your request for an exemption. Instructors will carefully consider your request and base his/her decision upon the course attendance policies and your ability to address any missed coursework upon your return. Additionally, the student will need to provide to the appropriate Associate Dean a copy of their military orders which can be delivered to them either in person or by email.

The University does not issue an excuse to students for class absences. In case of absences as a result of illness, representation of the University in athletic and other activities, or special situations, instructors may be informed of reasons for absences, but these are not excuses.

It is the policy of the University to permit students, faculty, and staff to observe those holidays set aside by their chosen religious faith. The faculty should be sensitive to the observance of these holidays so that students who choose to observe these holidays are not seriously disadvantaged. It is the responsibility of those who wish to be absent to make arrangements in advance with their instructors.

Course Withdrawal Policy

Students are allowed to withdraw (published on the University Calendar for each term) from a course up to and including the last day to withdraw without academic penalty. Withdrawing from a course requires either the submission of a withdrawal via WINGS or the submission of a paper “Course Withdrawal” form to the Registrar’s Office. Fees will not be reduced if a student withdraws from a course and grade of “W” will be recorded on their transcript.

Before withdrawing from a class, students should speak with their instructors, academic advisors, and financial aid counselors. While there can be good reasons for withdrawing from a course, a student should understand the consequences of withdrawing from a course in regards to their degree program, progress towards graduation, and financial aid.

Credit Hour Policy

Georgia Southern University’s Credit Hour Policy follows the Federal Definition and the policies in effect at our accrediting body, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) as well as at the University System of Georgia (USG).

Policy Statement

The Federal Definition

“A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than –

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately 15 weeks for one semester or trimester hour of credit, or 10 to 12 weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or
2. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credits.

SACSCOC Credit Hour Policy

http://www.sacscoc.org/

As part of its review of an institution seeking continuing accreditation, SACSCOC conducts reviews of an institution’s assignment of credit hours. Academic credit has provided the basis for measuring the amount of engaged learning time expected of a typical student enrolled not only in traditional classroom settings but also laboratories, studios, internships, and other experiential learning and distance and correspondence education. Students, institutions, employers, and others rely on the common currency of academic credit to support a wide range of activities, including the transfer of students from one institution to another. For several decades, the federal government has relied on credits as a measure of student academic engagement as a basis of awarding financial aid. The University System of Georgia’s definition of credit hours states, “The academic year shall consist of two (2) regular semesters, each not to be less than fifteen (15) calendar weeks in length excluding registration. ... A minimum of 750 minutes of instruction or equivalent is required for each semester credit hour.” (USG Policy Manual Section 3.4)

Georgia Southern University Credit Hour Policy

The Georgia Southern University Credit Hour Policy applies to all courses at all levels (undergraduate, graduate, and professional) that award academic credit on an official transcript regardless of the mode of delivery including, but not limited to, fully online, hybrid, lecture, seminar, laboratory, studio, directed study, or study abroad. The academic units are responsible for ensuring that credit hours are awarded only for work that meets the requirements outlined in this policy.

Lecture Courses

Traditional lecture-based courses that meet only in a face-to-face format must meet for 750 minutes for each semester credit hour, whether offered in a full-semester, half-semester, or 5-week format. When courses are offered in hybrid or fully online format, 750 engaged minutes are still required and expected for each hour of credit and course content and learning outcomes should be equivalent to those established in face-to-face sections of the same course.

Laboratory/Studio/Clinical Courses
Georgia Southern University will require 1500 engaged minutes for each semester credit hour. In the case of laboratory, studio, or clinical courses, most of these engaged minutes will be spent in the actual execution of the laboratory, studio, or clinical exercises. When the laboratory, studio, or clinical is offered in an online format, 1500 engaged minutes are still required for each hour of credit and course content and learning outcomes should be equivalent to those established in face-to-face sections of the same course.

Additionally, there is an expectation that students spend a minimum of two hours on course work outside of class for every hour spent in class. Out-of-course-work might include, but not be limited to, such assignments as course related readings, research activity, project development, written theme or research papers, preparation for examinations, participation in discussion boards or focused chat rooms.

**DegreeWorks**

DegreeWorks is a degree auditing system. It is a web-based program that provides easy access for students and advisors to track courses completed and plan for those still needed in preparation for registration and graduation. It allows for easier, more efficient advising and it assists advisors in tracking student and advisor meetings. DegreeWorks should be used to enhance face-to-face advisement meetings. Using DegreeWorks will help students and the University with planning needs. DegreeWorks functions can be used similarly for Undergraduate and Graduate students. Information is the same for both unless otherwise noted. [http://em.georgiasouthern.edu/registrar/students/degreeworks](http://em.georgiasouthern.edu/registrar/students/degreeworks).

**Grade Point Average**

The grade point average is the grade average on all work for which the student is enrolled excluding learning support and institutional credit. It is calculated by dividing the total number of grade points earned by the total number of credits attempted (GPA hours). The total institutional GPA is based only on the course work done at Georgia Southern University and does not include transfer course work. To calculate your GPA, go to the First-Year Experience website at [http://academics.georgiasouthern.edu/fye/academics-101/gpa-standing/](http://academics.georgiasouthern.edu/fye/academics-101/gpa-standing/) and click on “Calculating Your GPA.”

The total institutional GPA is used for determining a student’s academic standing. A student shall be in good academic standing unless he/she has been suspended or excluded from the University and not readmitted. An undergraduate student may repeat any course and the most recent grade should be equivalent to those established in face-to-face sections of the same course.

A GPA is computed for each level (undergraduate, masters, specialist, doctorate) of course work. For example, a student who has been enrolled as both an undergraduate and a masters student will have one GPA for all undergraduate course work and one GPA for masters course work.

**Institutional Testing Schedule 2018-2019**

(Dates are subject to change, please verify dates at [http://georgiasouthern.edu/asc/testing](http://georgiasouthern.edu/asc/testing))

**American College Test (ACT) - Residual/On-Campus**

[http://georgiasouthern.edu/asc/testing/act-residual](http://georgiasouthern.edu/asc/testing/act-residual)

The ACT-R is offered in both Statesboro and Savannah by group appointment or by private appointment. Learn more about the ACT-R concerning testing dates and registration at [georgiasouthern.edu/success/testing/act-residual](http://georgiasouthern.edu/success/testing/act-residual).

Testing is available by appointment Monday through Friday at 8:30 am. To schedule a private appointment in Statesboro or Savannah contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415. The ACT-Residual Exam is not administered from September 1 - October 31, each year.

**Miller Analogies Test (MAT)**

([http://georgiasouthern.edu/asc/testing/mat](http://georgiasouthern.edu/asc/testing/mat))

The MAT is offered is both Savannah and Statesboro. Learn more about the MAT concerning testing dates and registration at testing website ([https://academics.georgiasouthern.edu/success/testing/%20mat](https://academics.georgiasouthern.edu/success/testing/%20mat)).

Testing is also available by appointment Monday through Friday between 9:00 a.m. - 4:00 p.m. To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**HESI Admissions Assessment (A2)**

**Nursing Entrance Exam**

([http://georgiasouthern.edu/asc/testing/net](http://georgiasouthern.edu/asc/testing/net))

Offered in both Savannah and Statesboro by group appointments with registration information and testing dates listed on the website ([http://georgiasouthern.edu/success/testing/net](http://georgiasouthern.edu/success/testing/net)). Testing is available by private appointment Monday through Friday between 8:30 a.m. - 1:30 p.m. To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**College Level Examination Program (CLEP)**

([http://georgiasouthern.edu/asc/testing/clep](http://georgiasouthern.edu/asc/testing/clep))

Offered in both Statesboro and Savannah.

CLEP allows students to earn credit for certain courses by taking a CLEP exam. To learn more about CLEP Exams and which exams are accepted at Georgia Southern University, see the CLEP website ([http://clep.org](http://clep.org)). To schedule an appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**DSST**

([http://georgiasouthern.edu/asc/testing](http://georgiasouthern.edu/asc/testing))

DSST allows students to earn credit for certain courses by taking a DSST exam. To learn more about DSST Exams and which exams are accepted at Georgia Southern University, see: [http://georgiasouthern.edu/success/testing/dsst](http://georgiasouthern.edu/success/testing/dsst).

To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**Certiport Exam**

([http://georgiasouthern.edu/asc/testing/mso](http://georgiasouthern.edu/asc/testing/mso))

Offered by appointment in Statesboro Monday through Friday by calling (912) 478-5415. Exams that Georgia Southern University students are
specifically interested in taking include the Microsoft Office Specialist Certification and the Microsoft Technology Associate. Review the Certiport website (http://%20www.certiport.com), to learn more about additional certification exams.

TEAS
(http://eorgiasouthern.edu/success/testing/teas)

The TEAS - Allied Health Exam is only offered in Savannah. To learn more about registration and testing dates see the website at georgiasouthern.edu/success/testing/teas. For questions contact the Testing Office in Savannah at 912-344-2582 or mailto:testingsav@georgiasouthern.edu (testingsav@georgiasouthern.edu).

MAPP
(http://georgiasouthern.edu/success/testing/mapp)

The MAPP is only offered in Savannah. To learn more about registration and testing dates see the website at georgiasouthern.edu/success/testing/mapp. For questions contact the Testing Office in Savannah at 912-344-2582 or testingsav@georgiasouthern.edu.

Major Fields Test (MFT)
(http://georgiasouthern.edu/success/testing/mft)

The MFT is only offered in Savannah and Statesboro. To learn more about registration and testing dates see the website at georgiasouthern.edu/success/testing/mft. For questions contact the Testing Office in Savannah at 912-344-2582 or testingsav@georgiasouthern.edu or for Statesboro call 912-478-5415 or testing@georgiasouthern.edu.

Contact Information
Office of Testing Services
Savannah:
912-344-2582 or testingsav@georgiasouthern.edu

Statesboro:
912-478-5415 or testing@georgiasouthern.edu

Military Withdrawals

A student who is called to active duty to serve in the military while attending courses at Georgia Southern University is eligible to receive a Military Withdrawal. Students receiving this type of withdrawal are withdrawn as of the first day of University classes for the term. A 100% refund is issued. The student will receive "WM" grades for all courses that s/he enrolled in during the semester. The "WM" grades that are assigned will not affect the student's GPA. To process this type of withdrawal, the student needs to submit a "Withdrawal Form." The student will need to provide the Office of the Registrar with a copy of his/her orders stating the date and place of deployment assigned by the military. Military withdrawals are exempt from the Policy Limiting Individual Course Withdrawals.

Music Program

Each academic year, the Department of Music presents more than 100 public concerts, including performances in the Faculty Artist Series, Guest Artist Series, concerts by large and small ensembles, and student recitals. Most performances on the Statesboro Campus take place in the beautiful 287-seat Carol A. Carter Recital Hall in the Foy Building; most performances on the Armstrong Campus take place in the Fine Arts Auditorium in the Fine Arts Building.

The Department’s performing ensembles include the Georgia Southern Symphony, Southern Chorale, University Singers, Armstrong University Chorale, Armstrong Vocal Chamber Ensemble, Southern Pride Marching Band, Symphonic Wind Ensemble, Wind Symphony, Armstrong Wind Ensemble, Savannah Wind Symphony, Jazz Ensemble, and Georgia Southern Opera, as well as numerous chamber ensembles.

Individual students perform in graduation, junior, senior, and graduate solo recitals. Information about the Department of Music, including the Concert Calendar, is available from the departmental office (912) 478-5396 or the Department of Music web page at http://cah.georgiasouthern.edu/music/.

National Testing Schedule
2017-2018
(Dates are subject to change)

American College Test (ACT)
(http://www.actstudent.org)

The Office of Testing Services in Statesboro offers the National Saturday ACT Exam. To learn more about the testing dates and registration information visit the ACT website at actstudent.org.

Scholastic Aptitude Test (SAT)
(http://sat.collegeboard.org)

The Office of Testing Services in Statesboro offers the National Saturday SAT Exam. To learn more about the testing dates and registration information visit the SAT website at sat.collegeboard.org.

Graduate Record Exam (GRE) Subject Tests
(http://www.ets.org/gre)

The Office of Testing Services in Statesboro and Savannah offers the GRE-Subject Test. To learn more about the testing dates and registration information visit the GRE-Subject website at est.org/gre.

Law School Admission Test (LSAT)
(http://www.lsac.org)

The Office of Testing Services in Statesboro offers the LSAT Exam. To learn more about the testing dates and registration information visit the LSAC website at lsac.org.

American Council for Exercise Exams (ACE)
(http://acefitness.org)

Offered on the computer by appointment through Castle WorldWide in both Savannah and Statesboro. For registration information visit acefitness.org.

Georgia Assessments for the Certification of Educators (GACE)
(http://gace.ets.org)

The GACE is offered in both Savannah and Statesboro. To learn more about the GACE website for the testing dates and to register for the exam.
dates. The site number for Savannah is STN14607A and Statesboro STN14503A and STN13816A.

**HESI Admissions Assessment (A2) Nursing Entrance Exam**

(http://georgiasouthern.edu/asc/testing/net)

Offered in both Savannah and Statesboro by group appointments with registration information and testing dates listed on the website (http://georgiasouthern.edu/success/testing/net). Testing is available by private appointment Monday through Friday between 8:30 a.m. - 1:30 p.m. To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**Test of English as a Foreign Language (TOEFL)**

(http://www.ets.org/toefl)

See the TOEFL website (http://www.ets.org/toefl) for the testing dates and to register for the exam. The exam is only administered in Statesboro in the STN13816A.

**Board of Certification (BOC) Athletic Training Certification Exam**

(http://bocatc.org)

Offered on the computer during the national testing periods through CastleWorld Wide.

For more information concerning testing or registration for a test, check the Office of Testing Services web page at http://georgiasouthern.edu/asc/testing or call (912) 478-5415 or email testing@georgiasouthern.edu for Statesboro or (912) 344-2582 or testingsav@georgiasouthern.edu.

**Petition to Review/Change a Grade**

The evaluation of the quality of a student’s performance is the prerogative of the instructor. Nothing stated below is intended to place a limitation on this prerogative and the instructor will be involved in the review at each stage in the appeal process. All grade appeals should be viewed as confidential matters between the student, the instructor, and the appropriate administrators.

If a student does not understand the reason for a grade, it is the student’s responsibility to consult the instructor of the course about the grade. If after such consultation the student does not agree with the basis on which the grade was assigned, the student may initiate an appeal according to the procedures given below. The burden of proof will rest with the student. There are four stages of appeal available to a student and they must be followed sequentially. This policy applies to Fall, Spring, and Summer semesters.

Stage Two through Four must be completed during the semester immediately following the semester in which the grade was assigned unless an extension is authorized by the Provost. At the completion of each stage of the appeal, the student is to be notified of the decision in writing.

**Procedures**

**Stage One:** An appeal must be initiated within 14 working days after the first day of class of the semester which immediately follows the semester for which the grade was awarded. The student should petition the instructor in writing, giving salient reasons for the grade appeal. The student should retain a copy of the written appeal for personal records.

**Stage Two:** If the student is not satisfied after the review by the instructor, the student should consult the department chair and submit a copy of the written appeal. The department chair will attempt to resolve the grade appeal. The chair will meet with the instructor and may consult with other persons who have relevant information.

**Stage Three:** If all efforts to resolve the grade appeal at the departmental level are unsuccessful, the student may submit the written appeal to the dean of the appropriate college. The dean will examine the appeal and other pertinent materials submitted by the student. The dean will meet with the instructor and may also request from the instructor materials deemed relevant. In an attempt to resolve the grade appeal, the dean may interview the student, instructor, and others who may have pertinent information. If the dean determines the need for a review committee to examine the issue, the committee shall consist of:

- One faculty member from the department
- One faculty member from the college, but not from the department of the instructor
- One faculty member from another college
- Ex Officio: A staff member from Student Affairs and Enrollment Management recommended by the Vice President for Student Affairs and Enrollment Management

The committee, if appointed, will advise the dean regarding the grade under appeal. Whether the dean chooses to appoint a committee or not, the dean will render a final decision on the grade appeal at the college level.

**Stage Four:** If all efforts to resolve the grade appeal at the college level are unsuccessful, the student may submit the written appeal to the Provost. The Provost will examine the appeal and other pertinent materials submitted by the student. The Provost will meet with the instructor and also may request materials deemed relevant. In an attempt to resolve the grade appeal, the Provost may interview the student, instructor, and others who may have pertinent information.

If a committee was constituted at the college level, the Provost will review the process, the committee findings, and the decision of the dean and render a final University decision. If a committee was not appointed at the college level, the Provost has the option of appointing a review committee which will conform to the composition described in Stage Three. The committee, if appointed, will advise the Provost regarding the grade under appeal. Whether the Provost chooses to appoint a committee or not, the Provost will render a final University decision.

**Policy for Changing a Student’s Final Examination**

A change in a student’s final examination schedule will be approved only for emergency reasons, such as serious illness (a note from Health Services or family physician is required) or the death of an immediate family member (a letter or phone call from a parent, guardian, or physician is required). Letters and phone calls should be directed to the appropriate faculty member.

Final examination schedules will not normally be changed for any of the following reasons: wedding of the student, relative, or friend; part-time or full-time job or job interview; internship or field study; vacation; graduation of relative or friend; convenience of travel schedule; or only one final examination remaining at the end of the week. Exceptions to these guidelines can be made, but should be based on a very compelling case.
Using these guidelines, the student may submit a Request to Reschedule a Final Examination form to the instructor, who, with approval of the department chair, has authority to reschedule the final examination to a new time not conflicting with other regularly scheduled examinations or classes if he or she desires. This form is available on the Provost Office website (http://academics.georgiasouthern.edu/forms/) under the Forms section entitled Reschedule Final Exam Form.

Policy for Changing a Student’s Final Examination if There is a Conflict

A conflict is defined as three exams in a calendar day or two exams at the same time. Conflict Periods are scheduled at the stated times in the semester exam schedule, which can be accessed at: http://em.georgiasouthern.edu/registrar/students/classinformation/. To resolve a conflict in which a student has two examinations scheduled for the same period, the instructor of the lower numbered course shall reschedule the exam to another time mutually agreed on by the instructor and the student, or to one of the Conflict Periods.

To resolve a conflict in which a student has three examinations scheduled in one calendar day, the examination scheduled for the middle period shall be rescheduled to another time mutually agreed on by the instructor and the student, or to a Conflict Period on another day. It is incumbent upon the student to petition his/her professor no later than the last week of classes so that an alternative arrangement can reasonably be made. The form is available on the Provost Office website (http://academics.georgiasouthern.edu/forms/) under the Forms section entitled Reschedule Final Exam Form.

Policy for Dropping Courses

A student who drops a course before the drop/add period is over does not receive a grade in the course and the course does not appear on the academic transcript. Courses dropped for non-attendance or for non-payment will also not appear on the academic transcript.

Retroactive Withdrawal

A student who wishes to leave the University for nonacademic reasons is expected to withdraw during the current semester as described in the Withdrawal from the University section. Requests to withdraw after the semester is over are rare and considered only if the student was somehow unable to withdraw. For example, students who were hospitalized or incarcerated, asked to perform military service on short notice, or seriously debilitated by a physical or mental illness may be unable to withdraw during the semester in which they are enrolled. In such cases, students may submit a letter of appeal to the Associate Provost along with the appropriate documentation (medical records, court documents, etc.) during the next long-session semester after the grade is reported. Requests made after that time will not be considered. Retroactive withdrawals will not be considered if the student has completed all course requirements such as a final examination and/or a final project.

Student Conduct Code

The Student Conduct Code is the official University publication governing student conduct and behavior. It is the responsibility of each student to become familiar with the rules and regulations governing student life.

Student conduct procedures, appeal procedures, and disciplinary sanctions are found in the Student Conduct Code at http://students.georgiasouthern.edu/conduct. Georgia Southern University reserves the right to change the Student Conduct Code when it becomes necessary to ensure the orderly operation of the University. For additional information, call the Office of Student Conduct at (912) 478-0059 or visit the web at http://students.georgiasouthern.edu/conduct.

Transcripts

Any current or former student needing to order an academic transcript from Georgia Southern University’s Office of the Registrar will be required to use the following website:

https://www.credentials-inc.com/CGI-BIN/dvcgltppgm?ALUMTRO001572

Electronic and paper transcripts mailed first class will be a $10.00 charge. Visit the site below for pricing details.

https://www.credentials-inc.com/CGI-BIN/dvcgltppgm?ALUMTRO001572

All official transcripts requested by individuals through the website above are in compliance with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA) as Amended and in conformance with the prescribed ordering procedures of Georgia Southern University who has contracted with Credentials, Inc. of Northfield, IL for electronic and paper delivery of official transcripts via Credentials’ TranscriptsNetwork™. Authenticity of the relationship between Credentials Solutions and Georgia Southern University may be verified by visiting the Office of the Registrar’s website: http://em.georgiasouthern.edu/registrar/students/transcriptrequest/

University Advancement

The Division of University Advancement is responsible for building and maintaining relationships with campus and external constituencies of the University. The Division nurtures the financial support and goodwill of alumni, parents, friends, businesses, corporations and foundations on behalf of Georgia Southern’s mission.

The Office of Development identifies, cultivates, secures and stewards gifts for Georgia Southern’s programs. Fundraising programs include annual campus and community campaigns and major and planned gift solicitations. It also serves as liaison for the Georgia Southern University Foundation, a non-profit 501(c)(3) organization. The Foundation oversees private funds given to meet educational and institutional needs at the University not addressed by state appropriations.

The Office of Alumni Relations serves the University by establishing and cultivating lifelong relationships with alumni and friends that result in their participation in and contribution to the growth of the University. The Office of Alumni Relations fosters connections to the programs, services and networks that support innovation and economic growth, both within and outside the University — and throughout the state and region — and advocates for the University at federal, state and local levels as well as advises and educates faculty, staff and students regarding University diplomatic protocol and special event policies.

The Multimedia Development Center (The MDC) at Georgia Southern University is an award winning media center that develops video and interactive media to support the mission of the university.

The Office of Marketing and Communications tells the University’s story through a comprehensive effort to elicit public and private engagement and support of teaching, research and broad community outreach.

Withdrawal Hardship

In the event a student faces circumstances of extreme duress beyond his/her control, the student may request a hardship withdrawal from the university. Hardship withdrawals are not meant to be used for appealing academic matters (e.g. grades), but should be used when a student seeks
to withdraw from all classes and leave the university for the remainder of that semester. Grades must be posted before a student is eligible to apply for a hardship withdrawal.

Hardship withdrawals should fall into one of three categories: medical, personal, or financial. Students will be required to justify their withdrawal with documentation. In instances where a student's circumstances warrant only a partial withdrawal, documentation will be required to substantiate why this student is able to continue with some coursework but not all coursework. If the hardship withdrawal is granted, the student will receive "WH" grades for courses that he/she enrolled in during the semester.

**Hardship Withdrawal Documentation**

Personal Statement of Hardship: The written personal statement of hardship should explain how and/or why the non-academic emergency impacted studies. It is essential that the student provide accurate details about the circumstances surrounding the hardship, date(s) of the hardship event(s), and an account of how the event(s) specifically prevented the completion of coursework. In addition, the student will provide official documentation supporting his/her hardship. This documentation should be consistent with the student's personal statement, and all documentation will be verified prior to the rendering of any decision regarding the student's hardship withdrawal.

**Categories of Hardship and Documentation Requirements**

- **Medical** (e.g. physical or psychological emergencies): Students may petition for a hardship withdrawal from the University when significant physical or psychological impairments beyond the student's control interfere with the ability to meet academic requirements.
  - The student will supply a physician's report on office letterhead. This document will include the physician's name, address, phone number, nature of patient's illness or accident, dates of treatment, prognosis, and the reason they feel that the student can no longer complete his/her coursework. This document must be signed and dated. The student will also provide a copy of any other relevant medical documentation.
  - Medical withdrawals are exempt from the Policy Limiting Individual Course Withdrawals.

- **Personal** (e.g. severe medical illness within family, death in the family, arrests, etc.): The student will supply appropriate documentation that builds a case for hardship withdrawal due to personal issues. These documents may include but are not limited to death certificates, obituaries, police reports, or physician's letters. The student should obtain documents that contain contact information, are dated, and, if possible, are notarized.

**Withdrawing from the University**

To discontinue enrollment prior to the first day of University classes, a student should complete and submit a Voluntary Cancellation Form. Any student who wishes to withdraw from school during the semester must complete and submit an official Withdrawal Form. Failure to complete and submit an official Withdrawal Form will result in the assignment of failing grades in all courses for which the student registered. A withdrawal is not permitted after the last day of classes. Grades of "W" will be given for all courses if the withdrawal is before the last day to withdraw without academic penalty. Grades of "WF" will be given for all courses if the withdrawal is completed after the last day to withdraw. A "WF" grade is calculated in the GPA as an "F" grade. Students will not be able to withdraw from all of their classes via WINGS. WINGS prevents students from withdrawing from their last course over the web.

Before withdrawing from the university, students should speak with their instructors, academic advisors, and financial aid counselors. While there can be good reasons for withdrawing from the university, a student should understand the consequences in regards to their degree program, progress towards graduation, and financial aid.
Grading Systems

All institutions of the University System of Georgia shall be on a 4.0 grade point average system. The following grades are approved for use in institutions in the determination of the Grade Point Average (GPA):

<table>
<thead>
<tr>
<th>Symbols</th>
<th>Explanation</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4.0</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
<td>3.0</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
<td>2.0</td>

Symbols

I

An incomplete grade ("I") indicates that the student was doing satisfactory work but was unable to meet the full requirements of the course due to non-academic reasons. It is the student’s responsibility to contact the instructor to complete the remaining requirements of the course. The instructor is responsible for keeping a record of all "I" grades assigned and the justification as to why the professor assigned the student the "I" grade. An "I" should be removed during the following semester, but the instructor may allow the student up to one calendar year to remove the incomplete. The student must complete the requirements of the instructor who assigned the incomplete and should not re-register for the course. If the "I" is not satisfactorily removed by the end of the third semester (one calendar year), it will be changed to an "F" by the Office of the Registrar. For HOPE/Zell Miller scholarship recipients, "I" grades could affect HOPE/Zell Miller eligibility status when the grade for the incomplete is eventually submitted to the Office of the Registrar. Students who had been awarded HOPE/Zell Miller, but later became ineligible with the grade change, will have HOPE/Zell Miller awards canceled until the next checkpoint, and will be responsible for the repayment of any HOPE/Zell Miller funds received while not eligible. Incomplete grades may also affect Satisfactory Academic Progress (SAP) for federal financial aid eligibility. The complete SAP policy can be found at: http://em.georgiasouthern.edu/finaid/policies/satisfactory-academic-progress-sap/.

IP

This symbol indicates that credit has not been given in courses that require an "IP" continuation of work beyond the semester for which the student signed up for the course. The use of this symbol is approved for dissertation, thesis hours and project courses. With the exception of Learning Support courses, this symbol cannot be used for other courses. This symbol cannot be substituted for an "I".

K

This symbol indicates that a student was given credit for the course by examination (e.g., College Level Examination Program (CLEP), Advanced Placement (AP), International Baccalaureate (IB), and Proficiency). See “Credit by Examination” in the Admissions section of the catalog. K credit is only available to undergraduate students.

NR

This symbol indicates that a grade has not been reported for the course by the instructor. The student should contact his/her instructor for the grade.

S

This symbol indicates that satisfactory credit has been given for completion of degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. Also, this symbol is used for academic alerts and indicates that performance is equivalent to a “C” or better grade. Academic alerts will be submitted for all students enrolled in courses from Area A-E of the core curriculum and courses departments identify as appropriate for academic alerts. A “S” is not included in the computation of the GPA.

U

This symbol indicates unsatisfactory performance in an attempt to complete degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. A “U” is not included in the computation of the GPA.

V

This symbol indicates that a student was given permission to audit the course.

W

This symbol indicates one of the following: 1) A student was permitted to withdraw from a course without academic penalty. The “W” grade is assigned when a student withdraws before the last day to withdraw without academic penalty unless the student has reached his/her maximum of five withdrawals. If the student has reached his/her maximum five withdrawals, the student will have the choice to remain in the class and receive the grade he/she earns or proceed with the withdrawal and a "WF" will be assigned to the course by the Office of the Registrar (See "WF" grade description for more details); 2) A student was administratively withdrawn from his/her course(s) as a result of the student’s failure to complete all requirement for matriculation; 3) A student was administratively withdrawn from his/her course due to student conduct/judicial reasons. A “W” is not considered in computing the GPA.
WF  This symbol indicates one of the following: 1) A “WF” grade is an option for a student who is wanting to withdraw from a class and has met his/her maximum five withdrawals at Georgia Southern University. If the student has reached his/her maximum five withdrawals, the student will have the choice to remain in the class and receive the grade he/she earns or proceed with the withdrawal and a “WF” will be assigned to the course by the Office of the Registrar; 2) If a student withdraws from all classes after the last day to withdraw without academic penalty, it is recommended to the instructor that he or she assign a “W” if the student was passing at the time of withdrawal. If a student withdraws from all classes after the last day to withdraw without academic penalty and is failing, it is recommended that the instructor assign a “WF”. If a “W” or “WF” grade is not assigned by the instructor, a “WF” grade will be posted by the Office of the Registrar. “WF” grades are calculated in the student’s GPA as an “F” grade.

WH  In the event a student faces circumstances of extreme duress beyond his/her control, the student may request a Withdrawal Hardship from the university.

WM  A “WM” grade indicates that the student was called for active duty in the military and withdrew from all classes.

1 Please see "Withdrawal Hardship (p. 847)" for further information.
2 Please see "Military Withdrawals (p. 845)" for further information.

Faculty

This list includes full-time, regular and emeriti faculty for Fall 2017. The date enclosed in parentheses indicates the year the faculty member joined the staff of Georgia Southern University. The asterisk denotes Graduate College faculty (members and affiliates).

A

*CHERYL L. AASHEIM, Professor of Information Technology
B.S., University of Florida, 1991
M.S.T., University of Florida, 1993

*LISA L. ABBOTT, Associate Professor of Theatre
B.S., Colorado State University, 1988

*MARTHA L. ABELL, Dean, College of Science and Mathematics, and Professor of Mathematical Sciences
B.S., Mercer University, 1984
M.S., Georgia Institute of Technology, 1987
Ph.D., Georgia Institute of Technology, 1989 (1989)

CHRISTINA ABNEY, Instructor of Science Education
B.A., Concordia University, 1991
M.S.Ed., University of Nebraska-Kearney, 1999 (2017)

*MARIA M. ADAMOS, Associate Professor of Philosophy
B.A., Middlebury College, 1992
M.A., University of California-Santa Barbara, 1994
Ph.D., University of California-Santa Barbara, 2000 (2000)

JOSEPH V. ADAMS, Dean Emeritus, College of Arts and Sciences, and Professor Emeritus of Psychology
B.A., Tennessee Temple College
M.A., Baylor University
Ph.D., University of Alabama (1970)

*Laurie ADAMS, Associate Professor of Radiologic Sciences
B.S., University of Central Florida, 1987
M.S., University of North Florida, 1992
Ed.D., Georgia Southern University, 1998 (2009)

TRIP C. ADDISON, Vice President for University Advancement and External Affairs
B.S.Cons., Georgia Southern University, 2008
M.B.A., Georgia Southern University, 2009 (2015)

*OLUFUNKE ADEFOPE, Assistant Professor of Mathematics Education
B.A., Stony Brook University, State University of New York, 1998
M.A., Columbia University, 2003
Ph.D., Indiana University, 2012 (2012)

*SAMUEL O. ADEYEYE, Assistant Professor of Nutrition and Food Science
B.S., University of Ibadan, 1981
M.S., University of Ibadan, 1984
Ph.D., University of Ibadan, 1988

*ATIN ADHIKARI, Assistant Professor of Environmental Health Sciences
B.S., Visva Bharati University, 1991
M.S., Visva Bharati University, 1993
Ph.D., Jadavpur University, 2001 (2014)

*AMELIA ADKINS, Professor of Education and Chair, Department of Secondary, Adult, and Physical Education
B.A., Georgia Southern University, 1980
M.Ed., Georgia Southern University, 1992
Ph.D., University of North Carolina-Chapel Hill, 1997 (2017)

*EVANS AFRIYIE-GYAWU, Associate Professor of Environmental Health Sciences
B.S., Texas A&M University, 1998
M.P.H., Texas A&M University Health Sciences Center, 2000
Ph.D., Texas A&M University, 2004 (2008)

NEELAM AGGARWAL, Lecturer of Mathematical Sciences
B.A., St. Stephen's College, 1982
M.A., University of Delhi, 1984
M.Phil., University of Delhi, 1986 (2012)

ELEANOR F. AGNEW, Associate Professor Emerita of Writing and Linguistics
B.A., University of Vermont, 1970
M.A., University of Maine, 1981

*LAURA AGNIC, Associate Professor of Criminal Justice and Criminology
B.S., Virginia Tech, 2005
M.S., Virginia Tech, 2007

*MOHAMMAD ABDUL AHAD, Associate Professor of Electrical Engineering
B.S.E.E., Bangladesh University of Engineering and Technology, 1998
M.E., University of Tennessee, 2007
Ph.D., University of Tennessee, 2007 (2009)

*KARELLE SIMONE AIKEN, Associate Professor of Chemistry
B.A., Williams College, 2000
Ph.D., University of New Hampshire, 2005 (2007)

*METE AKCAOGLU, Assistant Professor of Instructional Technology
B.A., Bogazici University, 2003
M.A., Middle East Technical University, 2008
Ph.D., Michigan State University, 2013 (2014)

*AHMET AKTURK, Assistant Professor of History
B.S., Middle East Technical University, 2004
M.A., University of Arkansas, 2006
Ph.D., University of Arkansas, 2013 (2013)

OLADOTUM JOHN-PAUL ALAO, Limited-Term Instructor of Chemistry and Biochemistry
B.Pharm., University of Ibadan, 2011
M.S.A.P.S., Georgia Southern University, 2017 (2017)

*ROcio ALBA-FLORES, Associate Professor of Electrical Engineering
M.S., National Institute of Astrophysics, Optics, and Electronics, 1981
B.S., National Polytechnic Institute, 1982
M.S., Tulane University of Louisiana, 1998
Ph.D., Tulane University of Louisiana, 1999 (2008)

JUNE E. ALBERTO, Professor Emerita of Nursing
B.S.N., Spalding College, 1973
M.S.N., University of Kentucky, 1978
D.N.S., Indiana University, 1990 (1991)

*KATHY SEYMORE ALBERTSON, Associate Professor of Writing and Linguistics
B.A., Armstrong State College, 1988
M.A., Georgia Southern University, 1990
NATHANIEL C. ALEXANDER, Professor Emeritus of Teaching and Learning
B.S., Clemson Agricultural College, 1966
M.Ed., North Carolina State University, 1970
Ed.D., North Carolina State University, 1974 (1990)

MOYA LYNN ALFONSO, Associate Professor of Community Health Behavior and Education
B.A., University of South Florida, 1997
M.S.P.H., University of South Florida, 2000
Ph.D., University of South Florida, 2007 (2010)

MEHDI ALLAHYARI, Assistant Professor of Computer Science
B.S., University of Kashan, 2005
Ph.D., University of Georgia, 2016 (2017)

ANDREW A. ALLEN, Assistant Professor of Computer Sciences
B.S., Florida International University, 2005
M.S., Florida International University, 2009
Ph.D., Florida International University, 2011 (2011)

DEBORAH C. ALLEN, Associate Professor of Nursing
A.H.S., Trident Technical College, 1993
B.S.N., Liberty University, 1997
M.S.N., Old Dominion University, 1998
Ph.D., Hampton University, 2006 (2007)

MONIQUE CHRISTINE ALLER, Assistant Professor of Physics
B.A., Wellesley College, 1999
M.S., University of Michigan, 2001
Ph.D., University of Michigan, 2007 (2014)

DAVID C. ALLEY, Professor of Spanish
B.A., Macalester College, 1975
M.Ed., University of Georgia, 1981
Ed.D., University of Georgia, 1988 (1988)

WILLIAM T. ALLISON III, Professor of History
B.A., East Texas State University-Commerce, 1989
M.A., East Texas State University-Commerce, 1991
Ph.D., Bowling Green State University, 1995 (2008)

HEIDI M. ALTMAN, Associate Professor of Anthropology
B.A., Florida State University, 1987
M.A., Florida State University, 1990
M.A., Florida State University, 1996
Ph.D., University of California-Davis, 2002 (2005)

DRAGOS AMARIE, Assistant Professor of Physics
Dipl., Alexander Ioan Cuza University, 1999
M.S., Alexander Ioan Cuza University, 1999
M.S., Indiana University, 2003
Ph.D., Indiana University, 2009 (2014)

OLGA AMARIE, Associate Professor of French
B.A., A. Russo Balti State University, 1996
M.A., Alexander Ioan Cuza University, 1998
Ph.D., Indiana University, 2011 (2011)

ALLEN AMASON, Dean, College of Business Administration, and Professor of Management
B.B.A., Georgia Southern College, 1984
Ph.D., University of South Carolina, 1993 (2013)

ALLISON JEAN AMONETTE, Associate Professor of Chemistry
B.S., Western Kentucky University, 1992
M.S., The Ohio State University, 1995
Ph.D., The Ohio State University, 1998 (1998)

WILLIAM A. AMPONSAH, Assistant Professor of Economics
B.S., Berea College, 1984
M.S., University of Kentucky, 1986
Ph.D., The Ohio State University, 1991 (2006)

LORI E. AMY, Professor of Writing and Linguistics
B.A., University of Hawaii-Manoa, 1985
M.A., University of California-San Diego, 1987

TUYN AN, Assistant Professor of Mathematics
B.S., Xi-an University, 2004
M.A., New York University, 2009
Ph.D., Purdue University, 2017 (2017)

DONALD D. ANDERSON, Dean Emeritus, Community Services, and Registrar Emeritus
B.S., Georgia Southern College
M.A., Georgia Peabody College
Ed.D., Auburn University (1966)

DUSTIN ANDERSON, Associate Professor of Literature
B.A., Carson-Newman College, 2002
M.A., Florida State University, 2006
Ph.D., Florida State University, 2010 (2010)

GREGORY S. ANDERSON, Lecturer of Leadership and Director of First-Year Experience
B.A., Bridgewater State College, 1990
M.Ed., University of South Carolina-Columbia, 1993
Ed.S., Georgia Southern University, 2002 (1996)

KATHRYN ELAINE ANDERSON, Professor of Nursing
B.S.N., University of Wisconsin, 1969
M.S., University of Wisconsin-Stout, 1981
M.S., University of Wisconsin-Stout, 1983
M.S., University of Minnesota-Twin Cities, 1991

CAROL M. ANDREWS, Associate Professor of English
B.A., Furman University, 1972
M.A., Vanderbilt University, 1973
Ph.D., Vanderbilt University, 1984 (1988)

SYDNEY DANIELLE ANUSKIEWICZ, Limited-Term Instructor of Mathematical Sciences
B.S., Armstrong Atlantic State University, 2009
M.S., Texas A&M University, 2015 (2016)

DMITRY APANASKEVICH, Assistant Curator, U.S. National Tick Collection, and Associate Professor of Biology
B.B., St. Petersburg State University, 1998
M.B., St. Petersburg State University, 2000

BETTYE A. APENTENG, Assistant Professor of Health Policy and Management
B.S., University of Washington, 2008
Ph.D., University of Nebraska Medical Center, 2013 (2013)

JOHN A. ARD, Lecturer
B.A., Georgia Southern College, 1989
M.L.I.S., University of South Carolina, 2000 (2009)

OMID M. ARDAKANI, Assistant Professor of Economics
B.A., University of Yazd, 2006
M., University of Tehran, 2009

OLAVI ARENS, Professor of History
A.B., Harvard University, 1963
M.A., Columbia University, 1969
Ph.D., Columbia University, 1976 (1974)

JULIUS FELLOWS ARIAIL, University Librarian Emeritus and
Associate Professor Emeritus
A.B., Emory University, 1967
M.S., Florida State University, 1976
M.A., Georgia Southern College, 1980 (1976)

HARRY JOSEPH ARLING, Professor Emeritus of Music
B.M., Southern Illinois University, 1965
M.M., Southern Illinois University, 1965

DONALD J. ARMELO, Professor Emeritus of Art
B.S., Indiana State University, 1977
B.S., Indiana State University, 1978
M.S., Indiana State University, 1980
Ph.D., Southern Illinois University, 1995 (1996)

NANCY M. ARRINGTON, Associate Professor of Early Childhood
Education
A.S., Anderson College, 1977
B.A., Clemson University, 1978
M.Ed., Clemson University, 1986
Ph.D., Clemson University, 2010 (2010)

ASLI ASLAN, Assistant Professor of Environmental Health Sciences
B.S., Istanbul University, 1999
M.S., Istanbul University, 2002
Ph.D., Istanbul University, 2008 (2013)

YORIS AU, Associate Professor and Chair, Department of
Information Systems
B.Engr., Parahyangan Catholic University, 1987
M.B.A., University of Pittsburgh, 1993
Ph.D., University of Minnesota, 2005 (2017)

CRAIG AUMACK, Limited-Term Assistant Professor of Biology
B.A., University of California-Santa Barbara, 2000
B.S., University of California-Santa Barbara, 2000
M.S.M.S., University of Texas-Austin, 2003
Ph.D., University of Alabama-Birmingham, 2010 (2015)

BRITTANY BACOT, Instructor of Nursing
B.S.N., Armstrong Atlantic State University, 2009
M.S.N., University of South Alabama, 2012 (2017)

BEOM J. BAE, Assistant Professor of Communication Arts
B.Laws, Myongji University, 1997
M.P.A., Korea University, 1999
Ph.D., Florida State University, 2010 (2012)

FRANCINE B. BAFFA, Assistant Professor of Special Education
A.B., Cornell University, 1983
M.P.S., Manhattenville College, 1989
M.B.A., Iona College, 1993
M.Phil., Teachers College Columbia University, 2009
Ph.D., Teachers College Columbia University, 2009
M.S.W., New York University, 2015 (2017)

JENNIFER BROFFT BAILEY, Associate Professor of Biology
B.S., James Madison University, 1994
Ph.D., University of Georgia, 2002 (2007)

WILLIAM H. BAIRD, Professor of Physics
B.A., John Hopkins University, 1989
Ph.D., University of South Carolina-Columbia, 1999 (2005)

CHRISTOPHER BAKER, Professor of English
B.A., Saint Lawrence University, 1968
M.A., University of North Carolina-Chapel Hill, 1970
Ph.D., University of North Carolina-Chapel Hill, 1974 (1994)

RUTH LESSLEY BAKER, Information Services and Learning
Commons Librarian and Associate Professor
B.A., University of Arizona, 1979
M.A., Southern Methodist University, 1987
M.S., Drexel University, 1992 (2012)

KATHLEEN M. BALDWIN, Assistant Professor of Writing and
Linguistics
B.A., California Polytechnic State University, 2002
M.A., California Polytechnic State University, 2004
Ph.D., University of Massachusetts-Amherst, 2016 (2016)

ARDELLA PATRICIA BALL, Associate Professor Emerita of
Education
A.B., Fisk University
M.S., Atlanta University
Sc.D., Nova University (1968)

AMY BALLAGH, Interim Vice President of Student Affairs and
Enrollment Management
B.S.B., Georgia Southern University, 1994
M.S., Georgia Southern University, 1997
Ed.D., Georgia Southern University, 2006 (2010)

BARRY J. BALLECK, Associate Professor and Chair, Department of
Political Science and International Studies
B.A., Brigham Young University, 1987
M.A., Brigham Young University, 1989

MAHMOUD BANIASADI, Assistant Professor of Manufacturing
Engineering
B.S., Sharif University of Technology, 2004
M.S., Amirkabir University of Technology, 2010
Ph.D., University of Texas-Dallas, 2017 (2017)

ANTHONY G. BARILLA, Associate Professor of Economics
B.A., Eastern Illinois University, 1988
M.A., Eastern Illinois University, 1989
Ph.D., Kansas State University, 2002 (1999)

IOANNIS BARKOULAS, Professor of Finance
B.B.A., School of Economic and Commercial Sciences in Athens, 1983
M.B.A., West Texas State University, 1986

JANE BARNARD, Associate Professor Emerita of Mathematics
B.S., Georgia Southern College
M.S., Georgia Southern College
Ed.S., Georgia Southern College (1980)

ELIZABETH BARROW, Assistant Professor of Secondary/Middle
Grades Language Arts Education
B.A., University of North Carolina at Chapel Hill, 2001
M.A., East Carolina University, 2005
Ed.D., University of North Carolina at Chapel Hill, 2017 (2017)

ROBERT M. BARROW, Associate Professor Emeritus of History
A.B., University of North Carolina, 1959
A.M., College of William and Mary, 1960
Ph.D., University of Virginia, 1967 (1967)

SHARON M. BARRS, Instructor of Mathematical Sciences
B.S., University of South Carolina, 1990
M.S., University of South Carolina, 1992 (2007)

*JEAN E. BARTELS, Provost and Vice President Emerita for Academic Affairs and Professor Emerita of Nursing
B.S.N., Alverno College, 1981
M.S.N., Marquette University, 1983

MUNSHI M. BASIT, Limited-Term Assistant Professor of Mechanical Engineering
B.S., Bangladesh University of Engineering and Technology, 2004
M.Eng., Kongju National University, 2007
M.S., University of Nevada-Reno, 2010
Ph.D., Auburn University, 2015 (2017)

*ROBERT K. BATECHLOR, Professor of History
A.B., Cornell University, 1990
M.A., University of California-Los Angeles, 1992
Ph.D., University of California-Los Angeles, 1999 (2002)

CHARLOTTE BATES, Senior Lecturer of Medical Laboratory Science
B.S.B., Georgia Southern College, 1980
M.Ed., Georgia Southern College, 1987
B.S.M.T., Medical College of Georgia, 1991 (2008)

DOROTHY A. BATTLE, Professor Emerita of Curriculum, Foundations, and Reading
B.S.Ed., Winston Salem State College, 1970
M.Ed., University of Georgia, 1983
Ed.D., University of Georgia, 1987 (1990)

JAHAN B. BAYAT, Limited-Term Assistant Professor of Mechanical Engineering
B.S., University of Science and Technology, 1975
M.S., The Ohio State University, 1982
M.S., The Ohio State University, 1984
B.S., University of Pittsburgh, 1998
B.S., University of Pittsburgh, 1999
M.S., Florida State University, 2001
M.E., University of Florida, 2005

*LAUREN BAYLISS, Assistant Professor of Public Relations
B.A., Calvin College, 2008
M.A., Virginia Tech, 2012
Ph.D., University of Florida, 2017 (2017)

VISTA BEASLEY, Limited-Term Instructor of Health and Kinesiology
B.A., Emory University, 1998
M.S., Florida State University, 2013 (2017)

*LORENZA BEATI ZIEGLER, Curator, U.S. National Tick Collection, and Professor of Biology
M.D., University of Lausanne, 1987
Ph.D., University of Lausanne, 1990

*JASON S. BECK, Associate Professor of Economics
B.A., Bellarmine University, 2001
M.A., Miami University, 2003
M.S., University of Kentucky, 2009
Ph.D., University of Kentucky, 2009 (2009)

*SCOTT A. BECK, Professor of Teaching and Learning
A.B., Cornell University, 1988
M.Ed., University of North Carolina-Greensboro, 1994
Ph.D., University of Georgia, 2003 (2000)

JILL KATRICE BECKWORTH, Instructor of Nursing
B.B.A., Georgia Southern College, 1990

A.S.N., Armstrong Atlantic State University, 1996
B.S.N., Armstrong Atlantic State University, 2002
M.S.N., Armstrong Atlantic State University, 2002
D.N.P., Georgia Southern University, 2015 (2011)

*CHRISTINE N. BEDORE, Assistant Professor of Biology
B.S., Michigan State University, 2007
Ph.D., Florida Atlantic University, 2013 (2015)

JENNIFER BEIRNNEAU, Lecturer of Radiologic Sciences
B.S., University of Hartford, 1995

*KEITH BELCHER, Professor of Medical Laboratory Sciences
B.S.Ed., Georgia Southern College, 1974
M.S.T., Georgia Southern College, 1978
Ph.D., Augusta University, 1988
B.S.B., Auburn University, 2006 (2016)

WILLIAM L. BELFORD, Lecturer of English
B.A., Sewannee-University of the South, 1997
M.F.A., University of Alabama-Tuscaloosa, 2001
Ph.D., Florida State University, 2006 (2012)

DEBORAH A. BELL, Assistant Professor Emerita of Mathematical Sciences
A.S., Abraham Baldwin Agricultural College, 1969
B.S.Ed., University of Georgia, 1971
M.Ed., University of Georgia, 1974
Ed.S., Georgia Southern University, 1993
Ed.D., Georgia Southern University, 2003 (1986)

*ALLISON BELZER, Associate Professor of History
B.A., Vassar College, 1993
M.A., Emory University, 1999
Ph.D., Emory University, 2002 (2008)

KELLY BENHASE, Limited-Term Instructor of English
B.A., University of Virginia, 1980
M.Ed., University of Virginia, 1995 (2016)

*MICHAEL BENJAMIN, Associate Professor of History
A.B., Lincoln University, 1973
J.D., University of Pittsburgh, 1976
M.A., Drew University, 2004
M.Phil., Drew University, 2005
Ph.D., Drew University, 2007 (2010)

TANYA BENJAMIN-WILSON, Instructor of Nursing
A.A., University of West Florida, 1995
B.A., St. Leo University, 2003
B.S., Hampton University, 2005
M.P.H., Florida International University, 2009
D.H.S., Nova Southeastern University, 2013
M.S.N., Florida Atlantic University, 2015 (2017)

*CAROLE F. BENNETT, Assistant Professor of Nursing
B.S.N., University of South Carolina, 1969
M.S., University of South Carolina, 1973
Ph.D., University of South Carolina, 1997 (2013)

JACK BENNETT, Professor Emeritus of Instructional Media
B.S.Ed., Ball State Teachers College, 1966
M.A.Ed., Ball State University, 1969
Ed.D., Ball State University, 1972 (1981)

KATHERINE BENNETT, Professor Emerita of Criminal Justice
B.S., University of South Carolina-Spartanburg
M.C.J., University of South Carolina
Ph.D., Sam Houston State University (1997)
*MARY MALLARD BENNETT, Professor Emerita of Teaching and Learning
B.S., Georgia Southern College, 1979
M.Ed., Georgia Southern College, 1985
Ed.S., Georgia Southern University, 1990
Ed.D., Georgia Southern University, 2001 (1997)

SARA NEVILLE BENNETT, Professor Emerita of Biology
B.S., Georgia Southern College, 1964
B.S.Ed., Georgia Southern College, 1964
M.S., Georgia Southern College, 1967
Ph.D., University of Georgia, 1975 (1966)

*DONALD L. BERECZ, Senior Lecturer of Accounting
B.B.A., Western Illinois University, 1978

ANDREW MARK BERGER, Lecturer of Writing and Linguistics
B.A., Wittenberg University, 2005
M.A., Eastern Kentucky University, 2011 (2013)

JAMES J. BERGIN, Professor Emeritus of Leadership, Technology, and Human Development
B.A., Saint Mary of the Lake Seminary, 1967
M.Ed., Loyola University Chicago, 1971
Ed.D., College of William and Mary, 1974 (1992)

JOYCE BERGIN, Professor Emerita of Special Education
B.A., Virginia Polytechnic Institute and State University, 1970
M.Ed., College of William and Mary, 1974
M.L.S., Texas Women's University, 1985
Ed.D., East Texas State University, 1992 (1992)

*KELLY S. BERRY, Associate Professor of Theatre and Technical Director, Theatre
B.A., Coastal Carolina University, 1996

RENEE L. BERRY, Limited-Term Instructor of English
B.A., Elmira College, 1992
M.A., Binghamton University-State University of New York, 1996 (2014)

*MARY ESTELLE BESTER, Assistant Professor of Nursing
B.N., Stellenbosch University, 1985
M.N., Stellenbosch University, 1989
Ph.D., Stellenbosch University, 1995 (2017)

*RHONDA YVONNE BEVIS, Assistant Professor of Respiratory Therapy
A.A.S., Wallace State Community College, 1984
B.S., Troy State University, 1990
M.S., Georgia State University, 1997

*SROBANA BHATTACHARYA, Assistant Professor of Political Science and International Studies
B.A., Jadavpur University, 2001
M.A., Jawaharlal Nehru University, 2003
M.Phil., Jawaharlal Nehru University, 2006
Ph.D., Southern Illinois University, 2013 (2014)

*PRAKASHBHA R. BHOI, Assistant Professor of Mechanical Engineering
B.Engr., Birla Vishvvalearma Mahavidyalaya Vallabh Vidyanagar, 1999
M.T., Sardar Vallabhbhai National Institute of Technology, 2005
Ph.D., Oklahoma State University-Stillwater, 2014 (2017)

WILLIAM ALBERT BIEBUYCK, Limited-Term Assistant Professor of Political Science and International Studies
B.A., Beloit College, 2001
M.A., Western Washington University, 2004
Ph.D., Carleton University, 2014 (2015)

*SARAH BIELSKI, Assistant Professor of Art
B.F.A., Michigan State University, 1998
M.F.A., Stony Brook University, State University of New York, 2003 (2013)

*JAMES D. BIGLEY, Professor of Recreation
B.S., Slippery Rock State College, 1980
M.S., Slippery Rock State College, 1982
Ph.D., Texas A&M University, 1989 (1991)

GALE A. BISHOP, Professor Emeritus of Geology
B.S., South Dakota School of Mines and Technology, 1965
M.S., South Dakota School of Mines and Technology, 1967
Ph.D., University of Texas, 1971 (1971)

T. PARKER BISHOP, Professor Emeritus of Middle Grades and Secondary Education
B.S., Carson Newman College, 1959
M.S., Emory University, 1963
Ph.D., Clemson Agricultural College, 1968 (1967)

CHARLENE R. BLACK, Professor Emerita of Sociology and Dean Emerita of Enrollment Services
A.B., University of Georgia, 1964
M.A., University of Georgia, 1966
Ph.D., Vanderbilt University, 1969 (1971)

REBECCA HELEN BLACK, Clinical Instructor of Health and Kinesiology
B.S.H.E., Georgia Southern College, 1981
M.S., Medical College of Georgia, 1996 (2005)

CHRISTOPHER BLACKBURN, Limited-Term Instructor of English
A.A., East Georgia State College, 2013
B.A., Georgia Southern University, 2015
M.A., Georgia Southern University, 2017 (2016)

*BRENDA SIMS BLACKWELL, Professor and Chair, Department of Criminal Justice and Criminology
B.S., Northern Arizona University, 1989
M.A., University of Oklahoma, 1992
Ph.D., University of Oklahoma, 1995 (2014)

*HELEN WELLS BLAND, Professor of Health
B.S., Southern Illinois University, 1982
M.S., Southern Illinois University, 1984

HARLEY JOE BLANKENBAKER, Professor Emeritus of Health and Kinesiology
B.S., Ball State Teachers College, 1965
M.A., Appalachian State University, 1970
Ph.D., University of Maryland, 1973 (1973)

LINDA BLANKENBAKER, Assistant Professor Emerita of Recreation
B.S., Georgia Southern College, 1970
M.R.A., Georgia Southern College, 1971
Ed.S., Georgia Southern College, 1982 (1977)

VIRGINIE A. BLENEAU, Lecturer of French
B.A., University of Missouri, 2006
M.A., University of Missouri, 2008
Ph.D., University of Missouri, 2015 (2015)

ELLEN BLOSSMAN, Associate Professor Emerita of Spanish
B.A., Louisiana State University and A&M College, 1968
M.A., Louisiana State University and A&M College, 1971
*KWABENA BOAKYE, Assistant Professor of Quantitative Analysis  
B.S., Kwame Nkrumah University of Science and Technology, 2006  
M.S., University of Idaho, 2010  
Ph.D., University of North Texas, 2013 (2013)  

JESSICA P. BODILY, Lecturer of Psychology  
B.A., University of Kentucky, 2007  
M.S., University of Kentucky, 2010  
Ph.D., University of Kentucky, 2013 (2017)  

*KENT DELOS BODILY, Associate Professor of Psychology  
B.S., Utah State University, 2001  
M.S., Auburn University, 2004  
Ph.D., Auburn University, 2008 (2008)  

*CANDICE PIPPIN BODKIN, Assistant Professor of Public Administration  
B.A., University of Florida, 2005  
M.Ed., University of Florida, 2006  
M.P.A., North Carolina State University, 2012  
Ph.D., North Carolina State University, 2016 (2016)  

*YASAR BODUR, Professor of Elementary Education  
B.S., Gazi University, 1993  
M.S., Florida State University, 1998  
Ph.D., Florida State University, 2003 (2006)  

*KELLY SHANNON BOEHMER, Lecturer of Art  
B.F.A., Maryland Institute College of Art, 2003  

WILLIAM HAROLD BOLEN, Business Alumni Professor Emeritus and Chair Emeritus, Department of Marketing  
B.S., Georgia Southern College, 1964  
M.B.A., University of Arkansas, 1966  
Ph.D., University of Arkansas, 1972 (1966)  

*CYNTHIA BOLTON-GARY, Interim Dean, College of Education, and Professor of Childhood and Exceptional Student Education  
B.S.Ph., University of North Carolina-Chapel Hill, 1983  
M.Ed., University of North Carolina-Chapel Hill, 1989  
Ph.D., University of North Carolina-Chapel Hill, 1994 (2012)  

CHARLES WESLEY BONDS, Professor Emeritus of Reading  
B.S., Alabama State University, 1966  
M.Ed., Georgia Southern College, 1972  
Ed.S., Georgia Southern College, 1974  
Ed.D., University of Florida, 1979 (1973)  

MONIQUE BOS, Lecturer of Writing and Linguistics  
B.A., Calvin College, 1996  

*ADAM M. BOSSLER, Professor of Criminal Justice and Criminology  
B.S., Truman State University, 1998  
M.S., Illinois State University, 2000  
Ph.D., University of Missouri-St. Louis, 2006 (2008)  

WILLIAM J. BOSTWICK, Associate Professor Emeritus and Chair Emeritus, Department of Accounting  
B.I.E., Auburn University, 1969  
M.B.A., Georgia State University, 1972  
Ph.D., Georgia State University, 1980 (1980)  

*PAMELA G. BOURLAND-DAVIS, Professor and Chair, Department of Communication Arts  
B.S., Georgia Southern College, 1980  
M.S., Arkansas State University, 1982  
Ph.D., University of Georgia, 1995 (1981)  

*KELLY BOUTHILLET, Assistant Professor of Nursing  
B.S.N., Duquesne University, 2007  
M.S.N., Duquesne University, 2009  
D.N.P., Georgia College and State University, 2016 (2016)  

ROBERT BOXER, Professor Emeritus of Chemistry  
B.S., Brooklyn College, 1956  
Ph.D., Rutgers University, 1961 (1964)  

*TY W. BOYER, Associate Professor of Psychology  
B.S., Arizona State University, 2000  
M.A., University of Maryland, 2002  
Ph.D., University of Maryland, 2005 (2012)  

JOEL W. BOYTER, Limited-Term Instructor of Communication Arts  
A.S., Spokane Falls Community College, 1990  
B.S., Middle Tennessee State University, 1992  
M.M.A., University of South Carolina-Columbia, 2005 (2008)  

DAVID B. BRADLEY, Limited-Term Instructor of Geology and Geography  
B.S., University of West Georgia, 2001  
M.S., University of Kansas, 2004  

*JANET BRADSHAW, Assistant Professor of Communication Sciences and Disorders  
B.S.S.H.S., University of South Alabama, 2004  
M.C.D., Louisiana State University Health Sciences Center-New Orleans, 2007  

ROGER G. BRANCH, Professor Emeritus and Chair Emeritus, Department of Sociology and Anthropology  
A.B., University of Georgia, 1956  
B.D., Southeastern Baptist Theological Seminary, 1959  
Th.M., Southeastern Baptist Theological Seminary, 1961  
M.A., University of Georgia, 1969  
Ph.D., University of Georgia, 1970 (1970)  

PATRICIA BRANDT, Associate Professor Emerita of Early Childhood Education  
B.A., Houghton College  
M.S., California State University  
Ed.D., Florida Atlantic University (1995)  

LARRY WILLIAM BRANSON, Limited-Term Instructor of Criminal Justice  
B.S., Armstrong State College, 1981  
M.P.A., Georgia Southern University, 1997 (2017)  

*JAMES P. BRASELTON II, Assistant Professor of Mathematical Sciences  
B.S., Ohio University, 1987  
M.S., The Ohio State University, 1990 (1990)  

LORRAINE M. BRASELTON, Instructor of Mathematical Sciences  
B.A., University of Northern Iowa, 1984  
M.S., University of Illinois at Urbana-Champaign, 1988 (1990)  

*JAMES N. BRAWNER, Professor and Chair, Department of Mathematical Sciences  
B.A., Williams College, 1985  
Ph.D., University of North Carolina-Chapel Hill, 1992 (1997)  

*MICHAEL LEE BRAZ, Professor Emeritus of Music  
B.M., University of Miami, 1971  
M.M., University of Miami, 1972  
Ph.D., Florida State University, 1984 (1987)  

*DANIEL NAGIB BRECHT-HADDAD, Assistant Professor of Music and Associate Director of Bands/Director of Athletic Bands

B.S., University of Wyoming, 2007
M.A., University of Wyoming, 2010
Ph.D., University of Missouri, 2015 (2014)

*JEFFREY D. BURSON, Associate Professor of History
B.A., Concordia College, 1999
M.Phil., George Washington University, 2003
Ph.D., George Washington University, 2006 (2011)

MYKA MONAE BUSSEY-CAMPBELL, Instructor of Radiologic Sciences
A.S.R., Medical College of Georgia, 1996
B.S.R.S., Medical College of Georgia, 2001

FRANK A. BUTLER, Vice President and Dean Emeritus of Faculty and Professor Emeritus of Physics
B.S.E.S., University of Miami
Ph.D., Rensselaer Polytechnic Institute (1985)

*ELIZABETH C. BUTTERFIELD, Associate Professor of Philosophy
B.A., University of Louisville, 1997
M.A., Emory University, 2002
Ph.D., Emory University, 2004 (2006)

TERESA BUZO SALAS, Lecturer of Spanish
B.A., University of Seville, 2003
M.A., Georgia Southern University, 2012 (2012)

RICHARD J.D. BYKOWSKI, Limited-Term Assistant Professor of Geology and Geography
B.S., University of Oregon, 2007
M.S., University of Iowa, 2009
Ph.D., Indiana University, 2014 (2015)

*VIVIAN FLEMING BYNOE, Reference and Instruction Librarian and Assistant Professor of Library Science
B.S., University of North Carolina-Greensboro, 2003
M.L.I.S., Valdosta State University, 2010 (2016)
MIN CAI, Limited-Term Assistant Professor of Physics
B.S., Nanjing University, 2002
Ph.D., Iowa State University, 2011 (2015)

*TIMOTHY D. CAIRNEY, Associate Professor of Accounting
B.A., University of Richmond, 1976
M.B.A., Dalhousie University, 1980
Ph.D., Virginia Polytechnic Institute and State University, 1995 (2003)

*DAVID M. CALAMAS, Assistant Professor of Mechanical Engineering
B.S., Clemson University, 2010
M.S., University of Alabama, 2012
Ph.D., University of Alabama, 2013 (2013)

*DANIEL W. CALHOUN, Associate Professor of Educational Leadership
B.S.Ed., State University of New York at Geneseo, 1998
M.S., Western Illinois University, 2000
Ph.D., University of North Carolina-Greensboro, 2010 (2011)

SERKAN CALISKAN, Limited-Term Assistant Professor of Physics
B.S., Hacettepe University, 1997
M.S., Fatih University, 1999
Ph.D., Gebze Institute of Technology, 2003 (2017)

*CONSTANCE R. CAMPBELL, W.E. Carter Distinguished Chair in Business Administration and Professor of Management
B.A., Oklahoma Baptist University, 1981
M.S.Ed., University of Kentucky, 1983
Ph.D., Florida State University, 1992 (1992)

ESMA GIBSON CAMPBELL, Assistant Professor of Radiologic Sciences
A.A.S., Virginia Western Community College, 1976
B.H.S., Armstrong Atlantic State University, 1998
M.P.H., Armstrong Atlantic State University, 2005 (2007)

SHERRI MARIE CANNON, Lecturer of Biology
B.S., Armstrong Atlantic State University, 2007
M.S., Georgia Southern University, 2010 (2015)

*DAWN CANNON-RECH, Information Services Librarian and Assistant Professor
B.S., Bethel University, 1997
M.S., University of Tennessee-Knoxville, 2005 (2007)

BELKIS CAPELES, Executive Director of Continuing Education and Assistant Professor of Curriculum, Foundations, and Reading
B.A., Kent State University, 2003
M.L.S., Kent State University, 2004
Ph.D., Kent State University, 2012 (2014)

*CHRISTOPHER CAPLINGER, Director, Office of First-Year Experience, and Assistant Professor of History
B.A., Emory University, 1993
M.A., Vanderbilt University, 1995
Ph.D., Vanderbilt University, 2003 (2000)

*STEPHEN CARDEN, Assistant Professor of Mathematical Sciences
B.S., Trevecca Nazarene University, 2008
M.S., Clemson University, 2010
Ph.D., Clemson University, 2014 (2014)

*SHERI KAY CAREY, Assistant Professor of Nursing
B.S.N., Wright State University, 1993
M.S.N., Wright State University, 1999

D.N.P., Georgia Southern University, 2015 (2008)

RANDAL D. CARLSON, Professor Emeritus of Leadership, Technology, and Human Development
B.S., United States Air Force Academy, 1966
M.S., Purdue University, 1967

LILI CARNEGLIA, Limited-Term Instructor of Economics
B.A., University of Alabama-Tuscaloosa, 2017
M.A., University of Alabama-Tuscaloosa, 2017 (2017)

LON MELSON CARNES JR., Professor Emeritus of Finance
B.B.A., University of Georgia, 1954
M.B.A., Georgia State College, 1964

*SUZANNE R. CARPENTER, Associate Professor of Chemistry
B.S.Pharm., Auburn University, 1981

*ANDRES L. CARRANO, Associate Dean for Faculty and Research Programs, Allen E. Paulson College of Engineering and Information Technology, and Professor of Manufacturing Engineering
B., Universidad Catolica Andres Bello, 1993
M.S., North Carolina State University, 1997
Ph.D., North Carolina State University, 2000 (2017)

*MELISSA L. CARRION, Assistant Professor of Writing and Linguistics
B.A., Arizona State University, 2001
M.A., Arizona State University, 2005
Ph.D., Purdue University, 2014 (2014)

E. RUTH CARROLL, Associate Professor Emerita of Middle Grades and Secondary Education
B.S.Ed., Central State University, 1979
M.Ed., Central State University, 1981
Ed.D., Oklahoma State University, 1989 (1993)

GWENDOLYN DENISE CARROLL, Lecturer of Biology
B.S., Augusta State University, 1998
M.S., Mississippi State University, 2002
Ph.D., University of Georgia, 2009 (2009)

*JOHN MICHAEL CARROLL, Assistant Professor of Biology
B.S., Long Island University, 2004
Ph.D., Stony Brook University, State University of New York, 2012 (2015)

HARRISON S. CARTER, Provost and Vice President Emeritus of Academic Affairs and Professor Emeritus of Management
B.S., Georgia Southern College, 1966
M.S., U.S. International University, 1970
Ph.D., University of Georgia, 1974 (1975)

*PATRICIA W. CARTER, Professor of Art
B.A., Rutgers State University-Bruckswick, 1987
M.F.A., Rutgers State University-Bruckswick, 1989
M.Ed., Georgia Southern University, 1994 (1993)

JEAN PAUL CARTON, Professor Emeritus of French
Licence, Universite de Tours, 1971
Maîtrise, Universite de Tours, 1972
Ph.D., University of Utah, 1982 (1983)

CHRISTOPHER CARTRIGHT, Lecturer of English
B.A., Florida State University, 2009
M.F.A., Florida State University, 2012 (2014)

PAMELA C. CARTRIGHT, Lecturer of Radiologic Sciences
B.S.A.H., University of Alabama-Birmingham, 2000
M.A.E., University of Alabama-Birmingham, 2002 (2011)

*THOMAS L. CASE, Professor of Information Systems
A.B., Davidson College, 1974
M.S., University of Georgia, 1979
Ph.D., University of Georgia, 1982 (1981)

*SHELLI L. CASLER-FAILING, Assistant Professor of Secondary/ Middle Grades Mathematics Education
A.S., Hudson Valley Community College, 2005
B.S., University at Albany, State University of New York, 2006
M.S., University at Albany, State University of New York, 2008
Ph.D., University at Albany, State University of New York, 2017 (2017)

HOLLIS LANIER CATE, Professor Emeritus of English
A.B., Presbyterian College, 1951
M.Ed., University of Georgia, 1957
Ph.D., University of Georgia, 1962 (1967)

TOM CATO, Professor Emeritus of Art
B.A., Valdosta State College, 1973
M.Ed., Valdosta State College, 1978
Ed.D., University of Georgia, 1997 (1992)

*J. MICHELLE CAWTHERN, Associate Professor of Biology
B.S., Old Dominion University, 1981
M.S., Old Dominion University, 1984
Ph.D., Bowling Green State University, 1989 (1996)

HADIYE PINAR CELEBI, Limited-Term Instructor of Logistics and Supply Chain Management
B.S., University of Maryland-College Park, 2000

AMY ELIZABETH CHALL, Lecturer of Medical Laboratory Science
B.S., Austin Peay State University, 2009 (2016)

*WENDY L. CHAMBERS, Professor of Curriculum, Foundations, and Reading
B.S., Iowa State University of Science and Technology, 1985
M.S., University of Florida, 1990
Ph.D., University of Florida, 1993 (1993)

*GREGORY CHAMBLEE, Professor of Teaching and Learning
B.S.C.S., North Carolina State University, 1986
B.S.Ed., North Carolina State University, 1987
M.Ed., North Carolina State University, 1992
Ph.D., University of North Carolina at Chapel Hill, 1995 (1998)

*CHARLES W. CHAMP, Professor of Mathematical Sciences
A.A., Southern Baptist College, 1968
B.S., Arkansas State University, 1971
M.S., Arkansas State University, 1973
M.A., University of Missouri, 1982
Ph.D., University of Southwestern Louisiana, 1986 (1992)

LUCINDIA CHANCE, Professor Emerita of Leadership, Technology, and Human Development
B.S., Lambuth University, 1968
M.S., University of Tennessee-Martin, 1976
Ed.D., Memphis State University, 1985 (2001)

*CHARLES RAY CHANDLER, Professor of Biology
B.S., Old Dominion University, 1981
M.S., Old Dominion University, 1984
Ph.D., Bowling Green State University, 1989 (1995)

*SUNGKON CHANG, Associate Professor of Mathematical Sciences
B.S., Kangwon National University, 1998
Ph.D., University of Georgia, 2005 (2005)

* DANIEL E. CHAPMAN, Associate Professor of Curriculum Studies and Social Foundations
B.A., University of Pittsburgh, 1993
M.A., Columbia University, 1995

* STEVEN D. CHARLIER, Associate Professor of Management
B.S., College of William and Mary, 1993
M.I.M., University of Denver, 2000
Ph.D., University of Iowa, 2012 (2014)

* ARPITA CHATTERJEE, Assistant Professor of Mathematical Sciences
B.S., Visva Bharati University, 2004
M.S., Indian Institute of Technology, 2006
M.S., University of New Orlean, 2007
Ph.D., Northern Illinois University, 2012 (2012)

* LEI CHEN, Associate Professor and Interim Chair, Department of Information Technology
B.Engr., Nanjing University of Technology, 2000
Ph.D., Auburn University, 2007 (2015)

* YUNFENG CHEN, Assistant Professor of Civil Engineering and Construction Management
B., Harbin Institute of Technology, 2007
M.S., Harbin Institute of Technology, 2009
Ph.D., Purdue University, 2013 (2015)

* ZHAN CHEN, Assistant Professor of Mathematical Sciences
B.S., Xiamen University, 2001
M.S., Xiamen University, 2004
Ph.D., Michigan State University, 2011 (2014)

* CHARLES W. CHAMP, Professor Emeritus of Educational Psychology and Counseling
A.A., Armstrong College, 1959
B.S.Ed., Georgia Southern College, 1961
M.Ed., University of Georgia, 1966
Ed.S., Georgia Southern College, 1973
Ed.D., University of Mississippi, 1977 (1979)

* CHUNG-YEAN CHIANG, Assistant Professor of Operations Management
B.B.A., National Chi Nan University, 2001
M.B.A., Rutgers State University-Brunswick, 2004
Ph.D., University at Buffalo, State University of New York, 2011 (2012)

BETH A. CHILDRESS, Assistant Professor of Early Childhood Education
B.A., Temple University, 1964

* JUNGHUN CHOI, Assistant Professor of Mechanical Engineering
B.Engr., Kookmin University, 1997
M.S., Kookmin University, 1999

* JOANNE CHOPAK-FOSS, Associate Professor of Health Education and Program Director, Division of Undergraduate Health
B.S.P.E., University of Delaware, 1982
M.S., Pennsylvania State University, 1987
Ph.D., Pennsylvania State University, 1993 (1993)
WASIMUL QUADER CHOWDHURY, Limited-Term Assistant Professor of Biology  
B.S., University of Dhaka, 1984  
M.S., University of Dhaka, 1985  
Pharm.D., Osaka University, 1996 (2013)

*PHILIP C. CHRISTIAN, Assistant Professor of Public Administration  
B.S.B.A., Concord University, 1979  
M.P.A., Florida International University, 2010  
Ph.D., Florida International University, 2012 (2012)

ALICE GALLOWAY CHRISTMAS, Assistant Professor Emerita of Early Childhood Education  
B.S.Ed., University of Georgia, 1961  
M.Ed., University of Georgia, 1965  
Ed.D., University of Georgia, 1972 (1969)

CHARLES L. CHRISTMAS, Associate Professor Emeritus of Mathematics  
B.S., Oakland City College, 1951  
M.A., University of Georgia, 1962  
Ph.D., University of Georgia, 1966 (1969)

*LINDA A. CIONITTI, Professor of Music  
B.M., State University of New York at Potsdam, 1982  
M.M., Michigan State University, 1984  

JAMES B. CLAIBORNE, Professor Emeritus of Biology  
B.S., Florida State University, 1977  
Ph.D., University of Miami, 1981 (1983)

KENNETH F. CLARK, Professor Emeritus of Leadership, Technology, and Human Development  
B.S., Florida State University, 1971  
M.Ed., Florida Atlantic University, 1974  
Ed.S., Nova University, 1981  

*MAYA REYNOLDS CLARK, Associate Professor of Communication Sciences and Disorders  
B.A., University of Mississippi, 1997  
M.A., University of Memphis, 1999  
Ph.D., University of Texas-Austin, 2006 (2006)

CAMERON ROCKER CLEMENTS, Limited-Term Instructor of Writing and Linguistics  
B.S., Georgia Southern University, 2008  
M.A., Georgia Southern University, 2015 (2015)

*RICHARD CLEVELAND, Assistant Professor of Counselor Education  
B.A., Seattle Pacific University, 1999  
M.Ed., Seattle Pacific University, 2005  
Ph.D., Seattle Pacific University, 2014 (2014)

ROBERT CLARK CLOUSE III, Lecturer of Health and Kinesiology  
B.A., Marshall University, 2005  
M.S., Georgia Southern University, 2008 (2008)

*CAMERON COATES, Professor of Engineering Studies  
B.S.A.E., United States Naval Academy, 1993  
M.S., Georgia Institute of Technology, 1997  
Ph.D., Georgia Institute of Technology, 2001 (2002)

KAY GRETA COATES, Librarian Knowledge Architect and Lecturer  
A.S., Government Technical Institute, 1989  
B.S.S., University of Guyana, 1989  

PATRICK R. COBB, Professor Emeritus of Sport Science and Physical Education  
A.B., Atlantic Christian College, 1962  
M.A.Ed., Western Carolina College of Louisiana, 1969  
Ed.D., Northwestern State University, 1972 (1973)

KATELYN COGGINS, Limited-Term Instructor of Mathematical Sciences  
B.S., Georgia Southern University, 2014  
M.S., Georgia Southern University, 2016 (2016)

WILLIAM COGGINS, Limited-Term Instructor of Mathematics  
B.S., Georgia Southern University, 2013  
B.S.P., Georgia Southern University, 2013  
M.S., Georgia Southern University, 2015 (2015)

*ADRIENNE L. COHEN, Associate Professor of Sociology  
B.A., University of Massachusetts, 1986  
M.P.A., University of Vermont, 2006  
Ph.D., Miami University, 2011 (2011)

*RISA A. COHEN, Professor of Biology  
B.S., Tufts University, 1996  

JUSTINE B. COLEMAN, Lecturer of Health and Kinesiology  
B.S.H.S., Georgia Southern University, 2008  
M.S., Georgia Southern University, 2010 (2013)

MARTHA A. COLEMAN, Professor Emerita of Nursing  
B.S.N., Medical College of Georgia, 1960  
M.S.N., Emory University, 1967  
Ed.D., University of South Carolina, 1987 (1980)

*ALEXANDER COLLIER, Associate Professor of Biology  
B.S., Ohio University, 1993  
Ph.D., Kent State University, 2001 (2006)

*LINDA RUTH COLLINS, Assistant Professor of Spanish  
B.A., Southern University and A&M College, 1973  
M.A., University of Wisconsin-Milwaukee, 1975 (1979)

*JOSE CHECO COLON GAUD, Associate Professor of Biology  
B.S., University of Texas-El Paso, 2000  
M.S., Louisiana State University and A&M College, 2003  
Ph.D., Southern Illinois University, 2008 (2010)

*GAVIN COLQUITT, Associate Professor of Health and Physical Education  
B.S.Ed., Georgia State University, 2005  
M.Ed., Georgia State University, 2006  
Ed.D., Northcentral University, 2009 (2009)

*ASHLEY WALKER COLQUITT, Associate Professor of Health and Interim Director, College of Graduate Studies  
B.S., Northwestern State University of Louisiana, 2001  
M.Ed., Northwestern State University of Louisiana, 2003  
Ph.D., Texas Woman’s University, 2008 (2010)

*KATHLEEN M. COMERFORD, Professor of History  
B.A., Fordham University, 1988  
M.A., Fordham University, 1989  
Ph.D., University of Wisconsin, 1995 (1999)

*J. MATTHEW COMPTON, Academic Professional and Instructor of Anthropology  
B.A., Appalachian State University, 1998  
M.A., Appalachian State University, 2000  
Ph.D., University of Georgia, 2009 (2016)

*DIANA M. CONE, Interim Provost and Professor of Fashion Merchandising and Apparel Design  
B.S., University of Southern Mississippi, 1979  
M.S., University of Southern Mississippi, 1980
Ph.D., Florida State University, 1981 (1990)

*Bridget Conn, Assistant Professor of Art
B.F.A., Tulane University, 2000
M.F.A., University of Georgia, 2003 (2016)

Marian A. Conway, Assistant Professor Emerita of Nursing
B.S.N., Medical College of Georgia
M.S.N., Georgia College and State University (1986)

Kevin R. Cook, Senior Lecturer of Political Science and International Studies
A.B., University of Georgia, 1984

Anthony Carlton Cooke, Limited-Term Assistant Professor of Writing and Linguistics
B.A., University at Stony Brook, State University of New York, 2009
Ph.D., Emory University, 2015 (2017)

Thomas Cooksey, Assistant Professor Emeritus of English and Philosophy
B.A., University of California, 1974
M.A., California Polytechnic State University, 1976
Ph.D., University of Oregon, 1982 (1987)

Tony Cooper, Limited-Term Instructor of Special Education
B.S.Ed., Georgia Southern University, 1995

Jonathan Copeland, Professor Emeritus of Biology
B.A., Tufts University, 1968
M.A.T., Tufts University, 1991
Ph.D., Stony Brook University, State University of New York, 1975 (1991)

Claudia Cornejo Happel, Coordinator of Instructional Development and Assistant Professor
A.A., University of North Georgia, 2005
B.A., University of Georgia, 2007
M.A., University of Florida, 2009
Ph.D., The Ohio State University, 2014 (2014)

*Nedra Cossa, Assistant Professor of Reading
B.S., Longwood University, 2006
M.Ed., Lynchburg College, 2011
Ph.D., George Mason University, 2016 (2014)

Cynthia Costa, Senior Lecturer of Art
A.A., Joliet Junior College, 1997

Lisa A. Costello, Associate Professor of Writing and Linguistics
B.A., California State University-Long Beach, 1993
M.A., California State University-Long Beach, 2003

Robert Costomiris, Associate Professor of Literature
B.A., University of California-Berkeley, 1977
B.S., University of California-Davis, 1985
M.A., University of Washington, 1990
Ph.D., University of Washington, 1995 (1997)

Michael Cotrone, Lecturer of Biology
B.S., Long Island University-Brooklyn, 2007
M.S., Long Island University-Brooklyn, 2011 (2014)

Dooyce J. Cotten, Professor Emeritus of Kinesiology
B.S., Florida State University, 1961
M.S., Florida State University, 1963

Ed.D., Florida State University, 1965 (1966)

Ryan J. Couillou, Limited-Term Instructor of Psychology
B.S., University of Georgia, 2005
M.A., Western Carolina University, 2008
Ph.D., University of Georgia, 2012 (2017)

*Logan Cowan, Assistant Professor of Epidemiology
B.A., Brigham Young University, 2007
M.P.H., Brigham Young University, 2013
Ph.D., University of Minnesota, 2017 (2017)

Holly Cowart, Lecturer of Multimedia Journalism
B.A., University of Tennessee-Chattanooga, 2005
M.A., University of Tennessee-Chattanooga, 2011
Ph.D., University of Florida, 2017 (2017)

Christian Louis Cox, Assistant Professor of Biology
B.S., Iowa State University, 2005
M.S., University of Alabama, 2007
Ph.D., University of Texas-Arlington, 2012 (2015)

Daniel J. Cox, Professor and Chair, Department of Manufacturing Engineering
B.B.A., Georgia Southern College, 1978
M.B.A., Georgia State University, 1980
Ph.D., Florida State University, 1994 (2016)

George H. Cox Jr., Professor Emeritus of Political Science and Public Administration
B.S., University of Tennessee, 1969
M.A., George Peabody College for Teachers, 1972
Ph.D., Emory University, 1981 (1982)

Gina Kay Crabb, Lecturer of Nursing
B.S.N., Armstrong Atlantic State University, 1995
M.S., Philadelphia University, 1999
D.N.P., Georgia Regents University, 2015 (2009)

*Kathryn Crenshaw, Associate Professor of Biology
B.A., University of Rhode Island, 1992
Ph.D., Texas A&M University-College Station, 2001 (2003)

Kathleen M. Crawford, Instructor of Teaching and Learning
B.S.Ed., Georgia Southern University, 1997

Charlotte C. Crittenden, Assistant Professor Emerita of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1962
M.Ed., Georgia Southern College, 1963
Ph.D., University of Georgia, 1987 (1987)

Barry L. Crocker, Limited-Term Instructor of Information Systems
B.S., Virginia State University, 1994

Jamie Samuels Cromley, Lecturer of Community Health Behavior and Education
B.S., University of Georgia, 2011
M.P.H., University of Georgia, 2012 (2014)

Joseph F. Crosby, Professor of Health Sciences
A.A., South Georgia College, 1988
DEANNA S. CROSS, Professor Emerita of Nursing
B.S.N., University of Akron
M.S.N., Boston College
Ph.D., Boston College (1989)

*DORTHIE CROSS MOKDAD, Assistant Professor of Psychology
B.A., University of Arkansas-Fayetteville, 2006
M.A., Emory University, 2007
Ph.D., Emory University, 2014 (2016)

YVETTE NICOLE CRUZ, Limited-Term Instructor of Nursing
B.S.N., Widener University, 1997
M.S.N., Armstrong Atlantic State University, 2012 (2015)

ENCARNACION CRUZ JIMENEZ, Limited-Term Instructor of Spanish
License, Universidad de Sevilla, 2004
M.A., Universidad de Sevilla, 2006

*FRANCISCO CUBAS SUAZO, Assistant Professor of Civil Engineering and Construction Management
B.S., National University of Honduras, 2000
M.S., Virginia Tech, 2006
Ph.D., Virginia Tech, 2012 (2014)

*MICHAEL CUELLAR, Associate Professor of Information Systems
B.S.B., University of South Florida, 1976
M.S., Georgia State University, 2004
Ph.D., Georgia State University, 2009 (2013)

*DEAN C. CUMMINGS, Assistant Professor of Communication Arts
A.A.S., Rochester Institute of Technology, 1985
B.S., Rochester Institute of Technology, 1987
M.P.S., Syracuse University, 1989
Ph.D., University of Sheffield, 2013 (2015)

*BRETT W. CURRY, Professor of Political Science and International Studies
B.A., University of Missouri, 2000
M.A., The Ohio State University, 2003
Ph.D., The Ohio State University, 2005 (2006)

*CHRISTOPHER CURTIS, Interim Provost and Vice President for Academic Affairs and Professor of History
B.A., University of South Carolina-Columbia, 1986
M.A., Virginia Tech, 1997
M.A., Emory University, 2001
Ph.D., Emory University, 2002 (2013)

*FINBARR GREGORY CURTIS, Assistant Professor of Religious Studies
B.A., Columbia University, 1995
M.A., Vanderbilt University, 2000
Ph.D., University of California-Santa Barbara, 2007 (2013)

*CHRISTOPHER P. CUTLER, Professor of Biology
B.S., University of Birmingham, 1985

BILL CODY CUTTIN, Adjunct Assistant Professor of Military Science
Master Sergeant, U.S. Army (2017)

Michele Cutwa, Lecturer of Biology
B.S., Nazareth College, 1991
M.S., Florida Institute of Technology, 1997 (2009)

*Marc D. Cyr, Associate Professor of Literature
B.A., Western Washington State College, 1979

M.A., Western Washington State College, 1981

*DANIEL R. CZECH, Professor of Kinesiology
B.A., Denison University, 1995
M.S., Georgia Southern University, 1998
Ph.D., University of Tennessee, 2001 (2004)

*BECKY KOHLER DA CRUZ, Interim Associate Provost of Student Engagement and Success and Professor of Criminal Justice
B.A., Wright State University, 1992
J.D., University of Dayton, 1995
Ph.D., Capella University, 2008 (2003)

*JOSE DE ARIMATEIA DA CRUZ, Professor of Political Science
B.A., Wright State University, 1991
M.A., Miami University, 1992
Ph.D., Miami University, 2002
M.S., Armstrong Atlantic State University, 2012

Natalia da Roza, Professor Emerita of Music
B.S., Nazareth College, 1962
M.M., College of the Holy Names, 1964
D.M.A., North Texas State University, 1972 (1986)

*BO DAI, Assistant Professor of Marketing
B.A., Nanjing University of Technology, 2000
M.S., Auburn University, 2007
Ph.D., Auburn University, 2010
Ph.D., University of North Texas, 2015 (2015)

John H. Daily, Professor Emeritus of Political Science and Public Administration
B.A., Edinboro State College, 1965
M.A., Kent State University, 1968
Ph.D., Kent State University, 1973 (1971)

Janet Dale, Limited-Term Assistant Professor of Writing and Linguistics
B.A., University of Memphis, 2009
M.F.A., Georgia College and State University, 2013 (2013)

Phyllis S. Dallas, Associate Professor Emerita of Writing and Linguistics
B.S.Ed., Valdosta State College, 1973
M.A., Valdosta State College, 1975
Ph.D., Tulane University, 1991 (1988)

Evelyn Dandy, Professor Emerita of Early Childhood Education
B.S., Millersville State College
M.Ed., Temple University
Ph.D., University of South Carolina (1974)

*Joy W. Darley, Associate Professor Emerita of Mathematical Sciences
B.S.Ed., Georgia Southern College, 1982
M.Ed., Georgia Southern College, 1984
Ph.D., University of South Carolina, 2005 (2005)

James H. Darrell, Associate Professor Emeritus of Geology
B.A., Ohio Wesleyan University, 1964
M.S., University of Tennessee, 1966
SUSAN JONES DARRELL, Assistant Professor Emerita of Family and Consumer Sciences Education  
B.S., Georgia Southern College, 1960  
M.Ed., University of Georgia, 1968  
Ed.S., University of Georgia, 1978 (1968)

GARY E. DARTT, Professor Emeritus of Communication Arts  
B.S., Augustana College, 1964  
M.F.A., University of Minnesota, 1974 (1988)

WILLIAM J. DAUGHERTY, Professor Emeritus of Political Science  
B.A., University of California-Irvine, 1976  
Ph.D., Claremont Graduate School, 1979 (1996)

*MASOUD DAVARI, Assistant Professor of Electrical Engineering  
B.S., Isfahan University of Technology, 2007  
M.S., Amirkabir University of Technology, 2010  
Ph.D., University of Alberta, 2016 (2017)

JOHN W. DAVENPORT, Professor Emeritus of Mathematics and Computer Science  
B.S., Union University, 1960  
M.S., University of Mississippi, 1964  
M.S., University of South Carolina, 1987  
Ph.D., Texas Tech University, 1974 (1982)

LESLIE B. DAVENPORT, Professor Emeritus of Biology  
B.S., College of Charleston  
M.S., Virginia Polytechnic Institute and State University  
Ph.D., University of Georgia (1958)

*GEORGE J. DAVIES, Professor of Physical Therapy  
B.A., Trenton State College, 1969  
M.Ed., Trenton State College, 1972  
D.P.T., Massachusetts General Hospital Institute of Health Professions, 2004 (2004)

ELYNOR G. DAVIS, Professor Emerita of Economics  
B.B.A., Baylor University, 1954  
M.S., Baylor University, 1954  
Ph.D., Texas A&M University, 1978 (1979)

LISA JORDAN DAVIS, Instructor of Early Childhood/Special Education  
B.S.Ed., Georgia Southern College, 1984  
M.Ed., Georgia Southern College, 1989  
Ed.S., Georgia Southern University, 1995 (2010)

*NICOLE Y. DAVIS, Assistant Professor of Biochemistry  
B.S., Florida State University, 2002  
Ph.D., Wake Forest University, 2010 (2014)

*REBECCA S. DAVIS, Associate Professor of Justice Studies  
B.S., Georgia Southern College, 1987  
M.A., Georgia Southern College, 1989  
J.D., University of Georgia, 1992 (1994)

SARAH E. DAVIS, Lecturer of Health and Kinesiology  
B.S.Ed., Armstrong State University, 2006  
M.S., Armstrong State University, 2008 (2016)

*TRENTON J. DAVIS, Associate Professor of Public Administration and Director, Institute for Public and Nonprofit Studies  
B.S., Missouri State University, 2002  
M.P.A., Missouri State University, 2003  
Ph.D., Northern Illinois University, 2007 (2007)

*TYSON T. DAVIS, Limited-Term Instructor of Communication Arts  
B.S., Georgia Southern University, 1996  
M.P.A., Georgia Southern University, 2004 (2009)

RON G. DAVISON, Professor Emeritus of Leadership, Technology, and Human Development  
B.A., University at Buffalo, State University of New York, 1959  
Ed.M., University at Buffalo, State University of New York, 1964  

*Mohammad S. Davoud, Dean, Allen E. Paulson College of Engineering and Information Technology, and Professor of Mechanical Engineering  
B.S., Oklahoma State University, 1981  
M.S., Oklahoma State University, 1984  
Ph.D., University of South Carolina, 1999 (1988)

WILLIAM LOUIS DAWERS, Senior Lecturer of English  
A.B., Washington University, 1985  

*Sibel Sada Dazkir, Assistant Professor of Interior Design  
B.I.D., Middle East Technical University, 2006  
M.S., Oregon State University, 2010  
Ph.D., Oregon State University, 2013 (2013)

*Pradippta De, Assistant Professor of Computer Science  
B. Jadavpur University, 1999  
Ph.D., University of Stony Brook-State University of New York, 2007 (2016)

*Cleon E. Dean, Associate Professor of Physics  
B.S., Texas A&M University, 1980  
M.S., Texas A&M University, 1982  
Ph.D., Washington State University, 1989 (1992)

*William O. Deaver Jr., Professor of Spanish  
B.A., University of Virginia, 1982  
M.A., University of Virginia, 1987  
Ph.D., Florida State University, 1994 (1994)

*Sue Ellen DeChenne-Peters, Assistant Professor of Biology  
B.S., Washington State University, 1988  
M.S., Washington State University, 1992  
Ph.D., Oregon State University, 2010 (2017)

Geneva DeMars, Lecturer of Biology  
B.S., University of Virginia, 1997  
Ph.D., University of Georgia, 2010 (2010)

*Julia S. Dempsey, Assistant Professor Emerita of Nursing  
B.S.N., Medical College of Georgia, 1982  
M.S.N., Georgia Southern University, 1992  
Ph.D., Medical University of South Carolina, 2014 (1994)

John Francis Denitto, Professor Emeritus of Middle Grades and Secondary Education  
B.S.Ed., Georgia Teachers College, 1954  
M.Ed., Georgia Southern College, 1965  
Ed.S., Georgia Southern College, 1973  
Ed.D., University of Georgia, 1980 (1969)

*Lisa L. Denmark, Associate Professor of History  
B.A., Georgia Southern University, 1993  
M.A., Georgia Southern University, 1995  
Ph.D., University of South Carolina, 2004 (1998)

*Luther Trey Denton III, Professor of Marketing  
B.A., Emory University, 1982  
M.B.A., Emory University, 1986  
Ph.D., University of Georgia, 1991 (1992)

* Dawit Denu, Assistant Professor of Mathematical Sciences  
B.Ed., Alemaya University, 2005  
M.S., Addis Ababa University, 2009

B.S., Saint Petersburg State Polytechnical University, 2004
M.S., Saint Petersburg State Polytechnical University, 2006
M.S., Georgia State University, 2008
Ph.D., Georgia State University, 2010 (2011)

IRIS B. DURDEN, Serials Librarian Emerita and Associate Professor Emerita
B.S.Ed., Georgia Southern College, 1973
M.Ln., Emory University, 1978 (1978)

LANCE A. DURDEN, Professor of Biology
B.S., University of London, 1977

BETH A. DURODOYE, Professor and Chair, Department of Leadership, Technology, and Human Development
B.A., Marshall University, 1983
M.A., Marshall University, 1984

LISA DUSENBERRY, Assistant Professor of English
B.A., Colorado State University, 2005
M.A., University of Florida, 2007

JOHN N. DYER, Professor of Information Systems
B.S., University of Alabama, 1991
M.B.A., University of Alabama, 1993
M.S., University of Alabama, 1995
Ph.D., University of Alabama, 1997

M.M.I., Georgia College and State University, 2003 (2001)

JACQUELINE K. EASTMAN, Professor of Marketing
B.S.B.A., The Ohio State University, 1986
Ph.D., Florida State University, 1993 (2007)

KEVIN L. EASTMAN, Professor of Finance
B.S.B.A., Bucknell University, 1979
M.S.B.A., Bucknell University, 1980
M.A., University of Pennsylvania, 1983

SEAN M. EASTMAN, Associate Professor of Mathematical Sciences
B.A., University of Washington, 1992
M.S., Western Washington University, 1998
Ph.D., Colorado State University, 2005 (2005)

WILLIAM R. EATON III, Associate Professor of Philosophy
B.A., Western Illinois University, 1993
M.A., Southern Illinois University, 1997

CRYSTAL M. EDDS, Assistant Professor of Nursing
A.D.N., Kennesaw State University, 1997
M.S.N., Georgia State University, 2004
D.N.P., Georgia Southern University, 2012 (2010)

OLIVIA C. EDENFIELD, Professor of English
B.A., Georgia Southern College, 1982
M.A., University of Iowa, 1986
Ph.D., University of Georgia, 2002 (1986)

ANDREA MARIA EDER, Senior Lecturer of German
M.A., University of Alabama, 2001
M.A., Universitat Regensburg, 2002
Ph.D., Vanderbilt University, 2009 (2011)

BRADLEY C. EDWARDS, Senior Lecturer of Literature
B.A., University of Wisconsin, 1992
Ph.D., University of Georgia, 2005 (2006)

INNA N. EDWARDS, Limited-Term Instructor of Mathematical Sciences
B.S., Leningrad Institute of Shipbuilding, 1978
M.S., Leningrad Institute of Shipbuilding, 1978
M.S., Georgia Southern University, 2005 (2003)

MARK A. EDWARDS, Fuller E. Callaway Professor of Physics
B.S., Georgia Southern College, 1977
M.A., The Johns Hopkins University, 1979
Ph.D., The Johns Hopkins University, 1984 (1990)

VERNON O. EGGGER, Professor Emeritus of History
B.A., Baylor University, 1970
M.Div., Southern Baptist Theological Seminary, 1973
A.M., University of Michigan, 1977
Ph.D., University of Michigan, 1983 (1983)

EMILY E. EISENHART, Instructor of Community Health Behavior and Education
A.B.J., University of Georgia, 2007
M.A., Georgia Southern University, 2011 (2011)

HENRY A. EISENHART, Professor Emeritus of Recreation
B.U.S., University of New Mexico, 1970
M.A., University of New Mexico, 1973
Ph.D., University of New Mexico, 1979 (1991)

NANETTE EISENHART, Senior Lecturer of Latin
B.A., University of Oklahoma, 1981
M.A., University of Oklahoma, 1985 (1992)

*HEIDI A. EISENREICH, Assistant Professor of Mathematical Sciences
B.S., Carroll University, 2001
M.Ed., Cardinal Stritch University, 2006
M.A., Jacksonville University, 2015
Ph.D., University of Central Florida, 2016 (2016)

*LARISA ELISHA, Associate Professor of Music
B.M., Byelorussian State Conservatory, 1986
M.M., Byelorussian State Conservatory, 1989

*STEVEN ELISHA, Associate Professor of Music
B.A., Indiana University, 1983
M.M., Yale University, 1985
D.M.A., University of Kansas, 2007 (2011)

BOBBIE R. ELLAISSI, Associate Professor Emerita of Middle Grades and Secondary Education
B.A., Baylor University, 1957
M.Ed., University of Texas, 1961
Ph.D., University of Texas, 1978 (1974)

FRED CARROLL ELLENBURG, Professor Emeritus of Middle Grades and Secondary Education
A.B., Furman University, 1954
M.A., Appalachian State University, 1963
Ed.D., University of Tennessee, 1967 (1967)

AMIE L. ELLIS, Limited-Term Instructor of Logistics and Supply Chain Management
B.S., University at Buffalo, State University of New York, 1992
M.S., Kettering University, 1998 (2016)

*SCOTT C. ELLIS, Assistant Professor of Logistics and Supply Chain Management
B.S., GMI Engineering and Management Institute, 1993
M.S., Kettering University, 1999
Ph.D., University at Buffalo-State University of New York, 2007 (2016)

*KATRINA MICHELLE EMBREY, Assistant Professor of Nursing
B.S.N., Armstrong Atlantic State University, 1988
M.S.N., Incarnate Word College, 1993
D.N.S., Kennesaw State University, 2014 (2010)

*STEVEN T. ENGEL, Director, University Honors Program, and Associate Professor of Political Science
B.A., Michigan State University, 1990
M.A., Miami University, 1992
M.A., Bowling Green State University, 1993
Ph.D., Loyola University Chicago, 2000 (1999)

CICELYN ENGLISH, Limited-Term Instructor of English
B.A., University of Washington, 1998
M.A., California State University-Dominguez Hills, 2009 (2016)

*MARINA E. EREMEEEVA, Professor of Environmental Health Sciences
M.D., Moscow State Medical Institute, 1985
Ph.D., N.F. Gamaleya Research Institute of Epidemiology and Microbiology, 1990
Ph.D., Universite de la Mediterranee, 1996 (2011)

*HANS-GEORG ERNEY, Associate Professor of English
Ph.D., Emory University, 2006 (2006)

*VIRGINIA HUTTON ESTABROOK, Assistant Professor of Anthropology
B.A., Bryn Mawr College, 2000
M.A., University of Michigan, 2001
Ph.D., University of Michigan, 2009 (2015)

COLLEEN RAE VON HER EVANS, Academic Professional and Instructor of Biology
B.S., University of North Texas, 2010
M.S., University of North Texas, 2013 (2013)

*JUSTIN W. EVANS, Assistant Professor of Legal Studies
B.A., University of Texas-Austin, 2003
M.B.A., Indiana University Purdue University-Indianapolis, 2007
J.D., Indiana University Purdue University-Indianapolis, 2007 (2017)

KAREN EVANS, Limited-Term Instructor of Biology
B.S., Bucknell University, 1970
M.S., University of Pittsburgh, 1973
M.Ed., University of Pittsburgh, 1975
Ph.D., University of Pittsburgh, 2007 (2016)

*ROBERT GREGORY EVANS, Dean, Jiann-Ping Hsu College of Public Health, Interim Chair, Department of Health Policy and Management, and Professor of Public Health
B.A., Hofstra University, 1970
M.P.H., Saint Louis University, 1981
Ph.D., Saint Louis University, 1986 (2012)

FELIX EWERE, Limited-Term Assistant Professor of Mechanical Engineering
B.S., University of Lagos, 2005
M.S.E., University of Alabama-Huntsville, 2010
Ph.D., University of Alabama-Huntsville, 2015 (2017)

F

*MATHEW D. FALLIN, Professor of Music
B.M., Georgia Southern College, 1987
M.A., Louisiana Technical University, 1989

KATHERINE B. FALLON, Lecturer of Writing and Linguistics
B.A., Bryn Mawr College, 2003

*QUENTIN Q. FANG, Professor of Biology
B.S., Anhui Agricultural University, 1977
M.S., Anhui Agricultural University, 1983
Ph.D., Kansas State University, 1993 (1996)

*ROBERT FARBER, Professor and Chair, Department of Art
B.F.A., Ohio University, 1982
M.F.A., Western Michigan University, 1986 (2014)

NATHAN FARMER, Limited-Term Instructor of Mathematics
B.S.Mat., Georgia Southern University, 2009
M.S., Georgia Southern University, 2012 (2016)

*BRIAN K. FELTMAN, Associate Professor of History
B.A., Clemson University, 1999
M.A., Clemson University, 2002
Ph.D., The Ohio State University, 2010 (2012)

*R. W. FERNEKES, Information Services Librarian Emeritus and Associate Professor Emeritus
B.S., University of San Francisco, 1969
M.L.S., George Peabody College for Teachers, 1970
Ed.S., George Peabody College for Teachers, 1971
Ph.D., George Peabody College for Teachers, 1974 (2000)

COURTNEY D. FERRITER, Lecturer of Writing and Linguistics  
B.A., University of North Carolina at Chapel Hill, 2008  
M.A., Auburn University, 2012  
Ph.D., Auburn University, 2017 (2016)

BARBARA FERTIG, Professor Emerita of History  
B.S., Skidmore College, 1956  
Ph.D., George Washington University, 1993 (1992)

*BRENT FESKE, Associate Dean, College of Science and Technology, and Associate Professor of Chemistry  
B.S., Southern Louisiana University, 2000  
Ph.D., University of Florida, 2005 (2005)

*BRUCE FIELD, Professor and Chair, Department of Teaching and Learning  
B.S., East Carolina University, 1975  
M.A., East Carolina University, 1978  
Ph.D., College of William and Mary, 1994 (2014)

JOE J. FIGEL, Limited-Term Assistant Professor of Biology  
B.S., University of Washington, 2005  
M.S., Florida International University, 2008  
Ph.D., University of Central Florida, 2017 (2017)

JOHN FINDEIS, Assistant Professor Emeritus of Mathematics  
B.S., University of Illinois  
M.S., University of Illinois (1968)

*KARIN FISHER, Assistant Professor of Special Education  
B.S.B.A., University of Central Florida, 1992  
M.A., University of Central Florida, 2005  
Ph.D., University of Central Florida, 2016 (2016)

NADIA N. FLANIGAN, Lecturer of Human Ecology  
B.A., Wake Forest University, 2003  
M.A., University of North Florida, 2005  
Ph.D., Florida State University, 2011 (2011)

TERESA L. FLATEB, Associate Vice President for Institutional Effectiveness and Instructor of Curriculum, Foundations, and Reading  
B.A., Capital University, 1972  
M.Ed., University of South Florida, 1978  
Ph.D., University of South Florida, 1982 (2011)

*ANDREW FLATT, Assistant Professor of Health Sciences  
B.A., Wilfrid Laurier University, 2009  
M.S., California University of Pennsylvania, 2012  
Ph.D., University of Alabama, 2017 (2017)

*LESLIE B. FLETCHER, Professor of Accounting  
B.A., Duke University, 1973  
Ph.D., Louisiana State University and A&M College, 1993 (1993)

GORDON EARL FLOYD, Assistant Professor Emeritus of Sport Science and Physical Education  
B.S., University of Florida, 1963  
M.P.E., University of Florida, 1965  
Ed.S., Georgia Southern College, 1974 (1969)

*MATTHEW B. FLYNN, Assistant Professor of Sociology and Anthropology  
B.S.F.S., Georgetown University, 1996  
M.S., London School of Economics, 1999  
Ph.D., University of Texas-Austin, 2010 (2013)

*RICHARD M. FLYNN, Professor of Literature  
B.A., George Washington University, 1977  
M.A., American University, 1980  
M.Phil., George Washington University, 1984  
Ph.D., George Washington University, 1987 (1990)

LAUREN F. FORTENBERRY, Lecturer of Writing and Linguistics  
B.A., Virginia Tech, 2006  
M.A.E., Virginia Tech, 2008  

*RYAN C. FORTENBERRY, Assistant Professor of Chemistry  
B.S., Mississippi College, 2006  
M.S., Mississippi College, 2007  
Ph.D., Virginia Tech, 2012 (2013)

MICHAEL J. FOX, Limited-Term Instructor of Mathematics  
B.S., Middle Georgia State College, 2014  
M.S., Georgia Southern University, 2016 (2016)

*AUSTIN W. FRANCIS, Associate Professor of Biology  
B.S., Roger Williams College, 1993  
M.S., University of Rhode Island, 1996  

WILLIAM H. FRANCISCO, Assistant Professor Emeritus of Accounting  
B.S.B.A., University of Southern Mississippi, 1969  
M.S., University of Southern Mississippi, 1975 (1980)

SANDRA TINDOL FRANKLIN, Assistant Professor Emerita of Middle Grades and Secondary Education  
B.S.Ed., Georgia Southern College, 1959  
M.S.T., Georgia Southern College, 1967  
Ed.S., Georgia Southern College, 1975 (1960)

*SUSAN T. FRANKS, Associate Professor of Teaching and Learning  
B.A., Armstrong State College, 1976  
M.A.Ed., Virginia Polytechnic Institute and State University, 1983  
Ed.D., Virginia Polytechnic Institute and State University, 1992 (1996)

DOUGLAS R. FRAZIER, University Librarian and Assistant Professor of Library Science  
B.A., Western Washington State College, 1979  

CAROLYN M. FRENCH, Limited-Term Instructor of Information Technology  
B.S., American Sentinel University, 2012  
M.S., American Sentinel University, 2014 (2017)

FRANK E. FRENCH, Professor Emeritus of Biology  
B.S., Texas Technological College, 1957  
M.S., Iowa State College, 1958  
Ph.D., Iowa State College, 1962 (1969)

CYNTHIA J. FROST, Assistant Access Services Librarian Emerita and Assistant Professor Emerita  
B.A., Illinois Wesleyan University, 1975  

*KARIN FRY, Professor and Chair, Department of Literature and Philosophy  
B.A., University of Rhode Island, 1991  
M.A., Boston College, 1997  
Ph.D., University of Memphis, 2002 (2016)

*GEORGE YUZHU FU, Associate Professor of Civil Engineering  
B.E., Tianjin University, 1986  
M.E., Tianjin University, 1989  
Ph.D., University of Regina, 2002 (2008)
ANN FULLER, Assistant University Librarian, Head of Circulation and Interlibrary Loan Services, and Assistant Professor of Library Science
B.A., Armstrong Atlantic State University, 1988

*C. HAI FUNG, Assistant Professor of Epidemiology
B.A., University of Cambridge, 2003
M.S., University of London, 2005
Ph.D., Imperial College of London, 2009 (2013)

*HOWARD LESLIE FURR, Associate Professor of Hospitality Management
B.A., Louisiana State University and A&M College, 1974
Ph.D., Texas A&M University, 1987 (1996)

*RAYMOND GADDY, Assistant Professor of Art
B.A., University of Alabama-Birmingham, 1994
B.F.A., University of Alabama-Birmingham, 1997
M.F.A., University of Alabama-Tuscaloosa, 2000

*DELANA A. GAUDOSIK-NIVENS, Dean, College of Science and Technology, and Professor of Chemistry
B.S., University of Pittsburgh, 1993
Ph.D., University of South Carolina-Columbia, 1998 (2000)

*A. J. GALLARD, Goizueta Foundation Distinguished Chair in Education and Research Professor of Teaching and Learning
B.A., San Jose State University, 1977
M.A., San Jose State University, 1982
Ph.D., Michigan State University, 1990 (2012)

SANDRA L. GALLEMORE, Professor Emerita of Health and Kinesiology
B.S., Washington State University, 1964
M.S., Smith College, 1969
Ed.D., University of North Carolina-Greensboro, 1979 (1979)

ALEXANDER SEAN GAMBILL, Lecturer of Information Systems
B.S., Georgia Southern University, 2000
M.B.A., Mercer University, 2007
M.S.I.S., Kennesaw State University, 2010 (2015)

KATHY C. GAMBLE, Limited-Term Instructor of Nursing
B.S.N., Armstrong Atlantic State University, 1993
M.S.N., Armstrong Atlantic State University, 2005 (2016)

*WEINAN GAO, Assistant Professor of Electrical Engineering
B.S., Northeastern University, 2011
M.S., Northeastern University, 2013
Ph.D., New York University, 2017 (2017)

*MIGUEL GARCIA, Assistant Professor of Spanish
B.A., University of Stony Brook-State University of New York, 2009
M.A., University of Stony Brook-State University of New York, 2011
Ph.D., The Ohio State University, 2016 (2016)

*ADRIAN GARDINER, Associate Professor of Information Systems
B.B.A., Queensland University of Technology, 1988
M.F.M., University of Queensland, 1993
Ph.D., University of New South Wales, 2004 (2003)

*CHRISTOPHER GARLAND, Assistant Professor of Writing and Linguistics
B.A., University of Auckland, 2006
M.A., University of Auckland, 2008
M.A., University of Florida, 2009
Ph.D., University of Florida, 2014 (2017)

*JULIE GARNER, Professor of Early Childhood Education
B.A., Georgia Southern University, 1998
M.A., Georgia Southern University, 2001
Ed.D., Georgia Southern University, 2006 (2006)

*JESSICA GARNER, Interlibrary Loan Librarian and Assistant Professor
B.A., Georgia Southern University, 2006
M.L.I.S., Valdosta State University, 2009 (2016)

*MELISSA KAY GARNO, Professor of Nursing
B.S.N., Harding University, 1987
M.S.N., University of Central Arkansas, 1993
Ed.D., Georgia Southern University, 2003 (1998)

SHAMIA T. GARRETT, Academic Professional and Instructor of Public Health
B.S.H.S., Georgia Southern University, 2004
M.P.H., Georgia Southern University, 2007 (2014)

JUDITH GARRISON, Head, Reference and Instruction, and Assistant Professor of Library Science
B.G.S., Indiana State University, 2002
M.L.S., Indiana State University, 2003 (2011)

*APRIL W. GARRITY, Associate Professor of Communication Sciences and Disorders
B.A., Louisiana State University and A&M College, 1998
M.A., Louisiana State University and A&M College, 2000

GEORGE W. GASTON JR., Associate Professor Emeritus of Educational Foundations and Curriculum
A.B., University of Georgia, 1957
M.Ed., University of Georgia, 1963
Ed.D., Indiana University, 1968 (1967)

*DELENA BELL GATCH, Director of Academic Assessment, Office of Institutional Effectiveness, and Associate Professor of Physics
B.S., Georgia Southern University, 1995
Ph.D., University of Georgia, 2000 (2001)

*WORLANYO ERIC GATO, Assistant Professor of Chemistry
B.S., University of Cape Coast, 1999
M.S., University of Nottingham, 2002
Ph.D., Western Michigan University, 2007 (2013)

MELISSA F. GAYAN, Lecturer of History
B.A., University of North Carolina-Charlotte, 2000

*GRANT GEARHART, Assistant Professor of Spanish
B.A., Sewanee-University of the South, 2002
B.A., Sewanee-University of the South, 2003
M.A., University of North Carolina-Chapel Hill, 2009

*ROSE MARY GEE, Associate Professor of Nursing
B.S.C.J., Georgia Southern College, 1976
A.S.N., Armstrong State College, 1980
B.S.N., Medical College of Georgia, 1981
M.S.N., Medical College of Georgia, 1991
Ph.D., Emory University, 2005 (1995)

DAVID M. GEHLER, Limited-Term Instructor of English
B.A., University of Cincinnati, 1988
M.A., John Hopkins University, 1990

*JESSICA GARNER, Interlibrary Loan Librarian and Assistant Professor
B.A., Georgia Southern University, 2006
M.L.I.S., Valdosta State University, 2009 (2016)

*MELISSA KAY GARNO, Professor of Nursing
B.S.N., Harding University, 1987
M.S.N., University of Central Arkansas, 1993
Ed.D., Georgia Southern University, 2003 (1998)

SHAMIA T. GARRETT, Academic Professional and Instructor of Public Health
B.S.H.S., Georgia Southern University, 2004
M.P.H., Georgia Southern University, 2007 (2014)

JUDITH GARRISON, Head, Reference and Instruction, and Assistant Professor of Library Science
B.G.S., Indiana State University, 2002
M.L.S., Indiana State University, 2003 (2011)

B.A., Louisiana State University and A&M College, 1998
M.A., Louisiana State University and A&M College, 2000

GEORGE W. GASTON JR., Associate Professor Emeritus of Educational Foundations and Curriculum
A.B., University of Georgia, 1957
M.Ed., University of Georgia, 1963
Ed.D., Indiana University, 1968 (1967)

*DELENA BELL GATCH, Director of Academic Assessment, Office of Institutional Effectiveness, and Associate Professor of Physics
B.S., Georgia Southern University, 1995
Ph.D., University of Georgia, 2000 (2001)

*WORLANYO ERIC GATO, Assistant Professor of Chemistry
B.S., University of Cape Coast, 1999
M.S., University of Nottingham, 2002
Ph.D., Western Michigan University, 2007 (2013)

MELISSA F. GAYAN, Lecturer of History
B.A., University of North Carolina-Charlotte, 2000

*GRANT GEARHART, Assistant Professor of Spanish
B.A., Sewanee-University of the South, 2002
B.A., Sewanee-University of the South, 2003
M.A., University of North Carolina-Chapel Hill, 2009

*ROSE MARY GEE, Associate Professor of Nursing
B.S.C.J., Georgia Southern College, 1976
A.S.N., Armstrong State College, 1980
B.S.N., Medical College of Georgia, 1981
M.S.N., Medical College of Georgia, 1991
Ph.D., Emory University, 2005 (1995)

DAVID M. GEHLER, Limited-Term Instructor of English
B.A., University of Cincinnati, 1988
M.A., John Hopkins University, 1990

*JUAN M. GENDELMAN, Associate Professor of Music
B.A., University of La Plata, 2002
M.M., California State University-Northridge, 2004
D.M.A., University of Maryland, 2007 (2011)

*SOPHIE B. GEORGE, Professor of Biology
B.S., University of Sierra Leone, 1981

GINA GERMANI, Limited-Term Instructor of Communication Arts
B.A., University of Southern California, 1981
M.S., Syracuse University, 2008 (2015)

*CHRIS B. GEYERMAN, Associate Professor of Communication Arts
B.S., Utah State University, 1983
M.A., Eastern Illinois University, 1984

DEBANJANA GHOSH, Limited-Term Assistant Professor of Chemistry and Biochemistry
B.S., University of Calcutta, 2005
M.S., University of Delhi, 2008
Ph.D., Jadavpur University, 2012 (2015)

*JOSHUA D. GIBSON, Assistant Professor of Biology
B.S., Loyola University, 2004
M.S., Arizona State University, 2011
Ph.D., Arizona State University, 2013 (2018)

*CATHERINE GILBERT, Associate Professor and Director, School of Nursing
B.S.N., Ryerson University, 1989
M.S., University of Toronto, 1992

*TIMOTHY D. GILES, Associate Professor of Writing and Linguistics
B.A., East Carolina University, 1982
M.A., East Carolina University, 1986

SHARON ELAINE GILLIARD-SMITH, Assistant Professor of Radiologic Sciences
B.H.S., Armstrong Atlantic State University, 1996
M.H.S., Armstrong Atlantic State University, 1999 (2002)

PATRICIA INGLE GILLIS, Professor Emerita of English
A.B., Baylor University, 1951
M.A., Baylor University, 1952
Ph.D., University of Arkansas, 1965 (1971)

*CHRISTINA M. GIPSON, Assistant Professor of Sport Management
B.S., Methodist University, 2005
M.S., Georgia State University, 2007
Ph.D., Brunel University, 2012 (2014)

*BILLY RAY GLASCO JR, Special Collections Librarian and Assistant Professor
B.A., University of Mississippi, 2005
M.S., Florida State University, 2010 (2016)

*AMANDA GLAZE, Assistant Professor of Middle and Secondary Education
B.S., Jacksonville State University, 2004
M.S.Ed., Jacksonville State University, 2008
Ed.S., Jacksonville State University, 2009
Ph.D., University of Alabama-Tuscaloosa, 2013 (2016)

*DAVID B. GLEASON, Director, Institute for Coastal Plain Science, and Professor of Biology
B.S., Furman University, 1980
M.S., University of Houston, 1984
Ph.D., University of Houston, 1992 (1996)

*FRANK GLENN, Assistant Professor of Rehabilitation Sciences
B.S., University of Southern Mississippi, 1986
B.S., Virginia Commonwealth University, 1988
M.S., University of Oklahoma Health Sciences Center, 1998
Ph.D., University of Oklahoma Health Sciences Center, 2004 (2014)

*PRIYA THAMBURAJ GOESER, Professor of Engineering Studies
B.T., Indian Institute of Technology-Madras, 1997
Ph.D., University of Delaware, 2001 (2003)

*HAIJUN GONG, Assistant Professor of Manufacturing Engineering
B.Engr., Harbin University of Science and Technology, 2004
M.Engr., Harbin Institute of Technology, 2006
Ph.D., University of Louisville, 2013 (2015)

CARL W. GOODING, Professor Emeritus and Dean Emeritus, College of Business Administration
B.S., University of North Carolina, 1965
M.B.A., University of Georgia, 1972
Ph.D., University of Georgia, 1976 (1986)

*JOHN H. GOSHORN, Assistant Professor of Multimedia Film and Production
B.S., James Madison University, 2005

*LAURIE A. GOULD, Associate Professor of Justice Studies
B.S., University of Central Florida, 1999
M.S., University of Central Florida, 2001
Ph.D., University of Central Florida, 2008 (2011)

ROBERT BRIAN GRACIA, Adjunct Assistant Professor of Military Science
Captain, U.S. Army
B.B.A., University of Texas-San Antonio, 2006 (2013)

*ANNIE MARIE GRAF, Instructor of Nursing
B.S.N., Georgia Southern University, 1997
M.S.N., Walden University, 2008 (2009)

*BEVERLY L. GRAHAM, Associate Professor of Communication Arts
B.A., East Carolina University, 1986
M.A., East Carolina University, 1988

SHARON ELAINE GILLIARD-SMITH, Assistant Professor of Radiologic Sciences
B.H.S., Armstrong Atlantic State University, 1996
M.H.S., Armstrong Atlantic State University, 1999 (2002)

PATRICIA INGLE GILLIS, Professor Emerita of English
A.B., Baylor University, 1951
M.A., Baylor University, 1952
Ph.D., University of Arkansas, 1965 (1971)

*CHRISTINA M. GIPSON, Assistant Professor of Sport Management
B.S., Methodist University, 2005
M.S., Georgia State University, 2007
Ph.D., Brunel University, 2012 (2014)

*BILLY RAY GLASCO JR, Special Collections Librarian and Assistant Professor
B.A., University of Mississippi, 2005
M.S., Florida State University, 2010 (2016)

*AMANDA GLAZE, Assistant Professor of Middle and Secondary Education
B.S., Jacksonville State University, 2004
M.S.Ed., Jacksonville State University, 2008
Ed.S., Jacksonville State University, 2009
Ph.D., University of Alabama-Tuscaloosa, 2013 (2016)
C. DOUGLAS GRAVES, Professor Emeritus of Music
B.S.Ed., West Chester State College, 1960
M.M.E., Indiana University, 1965
Ph.D., Michigan State University, 1972 (1987)

STEPHEN GRAVES, Adjunct Assistant Professor of Military Science
Sergeant First Class, U.S. Army (2015)

* DANIEL A. GRAY, Limited-Term Instructor of Mathematical Sciences
B.S., Augusta State University, 2008
M.S., Georgia Southern University, 2010

*SARAH GRAY, Assistant Professor of Chemistry
B.A., Saint Mary's College of Maryland, 2004
Ph.D., University of Montana, 2010 (2013)

*RACHEL S. GREEN, Professor of Art
B.F.A., Middle Tennessee State University, 1982

ELISSA JO GREENE, Limited-Term Instructor of Nursing
B.S., University of Stony Brook-State University of New York, 1978
M.S.N., Georgia Southern University, 1994 (2016)

*KATY L. GREGG, Associate Professor of Child and Family Development
B.A., Clemson University, 2005
M.S., University of Georgia, 2008
Ph.D., University of Georgia, 2010 (2010)

*ARIKKA E. GREGORY, Professor of Music
B.A., University of Florida, 1994
M.M., Florida State University, 1996
D.M.A., University of Texas-Austin, 2002 (2007)

*STEPHEN GREIMAN, Assistant Professor of Biology
B.S., University of North Dakota, 2011
Ph.D., University of North Dakota, 2015 (2017)

*SARA GREMILLION, Associate Professor of Biology
B.A., North Carolina State University, 1986
M.S., Florida State University, 1985
Ph.D., University of North Carolina, 1995 (1992)

*BECKY GRIFFIN, Academic Professional, Instructor, and Clinical Coordinator of Nursing
A.S.N., Excelsior College, 1997
B.S.N., University of Phoenix, 2006
M.S.N., University of Phoenix, 2008 (2015)

*BRYAN W. GRIFFIN, Associate Professor of Curriculum, Foundations, and Reading
B.A., North Carolina State University, 1986
M.S., Florida State University, 1989
Ph.D., Florida State University, 1993 (1992)

*JULIA B. GRIFFIN, Associate Professor of Literature
B.A., University of Cambridge, 1985
M.Phil., University of Oxford, 1988

*MARLYNN M. GRIFFIN, Professor of Curriculum, Foundations, and Reading
B.S., Florida State University, 1984
M.S., Florida State University, 1985
M.S., Florida State University, 1989
Ph.D., Florida State University, 1992 (1992)

SARA J. GRIMES, Lecturer of Management
B.B.A., Georgia Southern University, 1995
M.B.A., Georgia Southern University, 1997 (1999)

JEFFREY A. GRIFFITT, Limited-Term Assistant Professor of Physics
B.S., Kent State University, 2006
M.S., Ball State University, 2008
Ph.D., University of Georgia, 2017 (2017)

RYAN AUGUST GROOM, Lecturer of Chemistry
B.S., Armstrong Atlantic State University, 2012
M.S., Florida State University, 2016
Ph.D., Florida State University, 2017 (2017)

MICHELLE DAWN GROOVER, Senior Lecturer of Public Relations
B.S., Milligan College, 1993
M.Ed., Georgia Southern University, 2005
Ph.D., Regent University, 2015 (2008)

JIMMIE GROSS, Professor Emeritus of History
B.A., Baylor University
B.D., Southern Theological Seminary
M.A., Auburn University
Ph.D., University of Georgia (1967)

*A XEL GROSSMANN, Associate Professor of Finance
B.Engr., University of Applied Sciences, 1999
M.B.A., University of Texas-Pan American, 2003
Ph.D., University of Texas-Pan American, 2007 (2013)

*JONATHAN A. GRUBB, Assistant Professor of Criminal Justice and Criminology
B.S., University of Tennessee, 2009
M.S., University of Tennessee, 2011
Ph.D., Sam Houston State University, 2015 (2016)

BRUCE GRUBE, President Emeritus and Professor Emeritus of Political Science
A.B., University of California Berkeley, 1964
Ph.D., University of Texas, 1975 (1999)

*KATHLEEN H. GRUBEN, Associate Professor of Marketing
B.B.A., Stephen F. Austin State University, 1992
M.B.A., Stephen F. Austin State University, 1994
Ph.D., University of North Texas, 1998 (1998)

*EMILY GRUNDSTAD-HALL, Assistant Professor of Music
B.M., Simpson College, 1999
M.M., Louisiana State University and A&M College, 2002
D.M.A., Louisiana State University and A&M College, 2009 (2011)

STEVE GUGGINO, Limited-Term Assistant Professor of Geology and Geography
A.A., Hillsborough Community College, 1998
B.S., University of South Florida, 2001
M.S., University of South Florida, 2004
Ph.D., Arizona State University, 2012 (2015)

*MICHELE GUIDONE, Assistant Professor of Biology
B.S., University of Connecticut, 2004
M.S., Southern Connecticut State University, 2007
Ph.D., University of Rhode Island, 2012 (2014)

*GARY GUILLET, Assistant Professor of Chemistry
B.S., University of Florida, 2003
Ph.D., University of Florida, 2010 (2013)

*VLADIMIR GURAU, Assistant Professor of Manufacturing Engineering
B.Engr., Polytechnic Institute of Bucharest, 1987
Ph.D., University of Miami, 1998 (2017)
ANTONIO PARTIDA GUTIERREZ de BLUME, Assistant Professor of Educational Research
B.A., University of Nevada-Las Vegas, 2004
M.S., University of Nevada-Las Vegas, 2008
Ph.D., University of Nevada-Las Vegas, 2012 (2014)

JOHN E. GUTKNECHT, Associate Professor Emeritus of Management
B.S., Tulane University, 1954

LORI L. GWINETT, Document Librarian and Associate Professor
B.A., State University of West Georgia, 1994

LESLIE M. HAAS, Head, Information Services Department, and Associate Professor
B.B.A., Boise State University, 1988
M.L.S., University of Arizona, 1989

MICHELLE A. HABERLAND, Professor of History
B.A., University of Florida, 1990
M.A., University of Florida, 1993
Ph.D., Tulane University, 2001 (2002)

AMY A. HACKNEY, Professor of Psychology
B.A., Indiana University, 1994
M.S., Saint Louis University, 2000
Ph.D., Saint Louis University, 2003 (2003)

PAUL T. HADAVAS, Associate Professor of Mathematical Sciences
B.S., Carnegie Mellon University, 1991
M.S., Clemson University, 1995
Ph.D., Clemson University, 2000 (2002)

RAMI J. HADDAD, Assistant Professor of Electrical Engineering
B.S., Applied Sciences University, 2004
M.S.E.E., University of Minnesota-Duluth, 2006
Ph.D., University of Akron, 2011 (2011)

MARY HADLEY, Associate Professor Emerita of Writing and Linguistics
B.A., University of Leeds, 1970
M.S., Southern Connecticut State University, 1987
M.S., Central Connecticut State University, 1992
Ph.D., University of Reading, 2000 (1994)

DANIEL V. HAGAN, Professor Emeritus of Biology
B.S.Ed., Georgia Southern College, 1968
M.S.T., Georgia Southern College, 1972
Ph.D., University of Georgia, 1979 (1980)

DEBRA HAGERTY, Associate Professor of Nursing
B.S.N., Case Western Reserve University, 1977
M.S.N., Case Western Reserve University, 1981
D.N.P., Oakland University, 2009 (2011)

STEPHANIE A. HAIRSTON, Assistant Professor of Accounting
B.S., Wake Forest University, 2008
M.S., Wake Forest University, 2009
Ph.D., University of Memphis, 2014 (2014)

DOMINIQUE HALABY, Director, Business Innovation Group, and Instructor of Economics
B.A., University of Texas, 1995
M.B.A., University of Texas-Pan American, 2000
D.P.A., Nova Southeastern University, 2006 (2011)

H. STEPHEN HALE, Professor Emeritus of Anthropology
B.A., University of Central Florida, 1974
M.A., Florida Atlantic University, 1976

ALICE H. HALL, Professor of Child and Family Development
B.S., Virginia Polytechnic Institute and State University, 1983
M.Ed., James Madison University, 1988
Ph.D., University of North Carolina-Greensboro, 1999 (1999)

MICHAEL R. HALL, Professor of History
B.A., Gettysburg College, 1983
M.A., Ohio University, 1989
Ph.D., Ohio University, 1996 (1997)

ANN BOWEN HALLOCK, Assistant Professor of Nursing
B.S.N., Armstrong Atlantic State University, 1979
M.H.S., Armstrong Atlantic State University, 1985
M.S.N., Armstrong Atlantic State University, 2000

ANN H. HAMILTON, Associate Dean Emerita of the Library and Professor Emerita
A.B., Alabama College, 1968
M.A., Mississippi State University, 1970
M.Ln., Emory University, 1971 (1992)

ELLEN K. HAMILTON, Assistant Professor of Nursing
B.S., West Virginia Wesleyan College, 1970
M.S.N., Marymount University, 1986
D.N.P., Duquesne University, 2012 (2012)

LYNDA S. HAMILTON, Professor Emerita of Legal Studies
A.B., Wesleyan College, 1965
M.A., Clemson University, 1967
J.D., University of Georgia, 1981 (1982)

FELIX GEORGE HAMZA-LUP, Associate Professor of Computer Science
B.S., Universitatea Tehnica din Cluj-Napoca, 1999
M.S., University of Central Florida, 2001
Ph.D., University of Central Florida, 2004 (2006)

HYO-JOO HAN, Associate Professor of Information Systems
B.Agr., Kyungpook National University, 1994
M.B.A., Pennsylvania State University, 1999
M.S., Pennsylvania State University, 2000

KYLE W. HANCOCK, Professor of Music
B.M.E., Baldwin-Wallace College, 1975
M.M., Cleveland Institute of Music, 1979

SARAH BLAIR HANCOCK, Lecturer of Music
B.A., University of California-Berkeley, 1989

CHRISTAN D. HANNA, Assistant Professor of Sport Management
B.B.A., Nazareth College, 1991
M.B.A., Western Michigan University, 1994
Ph.D., University of Louisville, 2016 (2016)

MARK DAVID HANNA, Professor of Operations Management
B.A., LeTourneau College, 1981
M.S., Clemson University, 1983
Ph.D., Clemson University, 1989 (2001)

ANDREW RASMUS HANSEN, Assistant Professor of Community Health Behavior and Education
B.S.Ed., Georgia Southern University, 1993
M.S., Georgia Southern University, 1995
Dr.P.H., Georgia Southern University, 2012 (2004)

JOHN HANSEN, Professor Emeritus of Mathematics
B.S., Troy State College
M.Ed., University of Georgia
Ed.D., University of Georgia (1967)

CHARLENE M. HANSON, Professor Emerita of Nursing
B.S., College at Oneonta, State University of New York, 1972
M.S., Syracuse University, 1979
Ed.D., University of Georgia, 1986 (1981)

JAMES HARBOUR, Associate Professor Emeritus of Theatre
B.F.A., Southern Oregon College, 1971

SARA-ELIZABETH HARDY, Assistant Professor Emerita of Mathematics
B.A., Georgia College, 1956
M.A., Florida State University, 1957 (1964)

PEGGY G. HARGIS, Professor Emerita of Sociology and Chair Emerita, Department of Sociology and Anthropology
B.A., University of Alaska-Anchorage, 1978
M.A., University of Alaska-Anchorage, 1979
Ph.D., University of Georgia, 1994 (1994)

SPENCER HARP, Lecturer of Mechanical Engineering
B.S.M.E.T., Georgia Southern University, 2009
M.S.A.E., Georgia Southern University, 2012 (2017)

*STEVEN HARPER, Professor and Chair, Department of Music
B.M., University of Louisville, 1987
M.M., Northwestern University, 1989
Ph.D., University of Texas-Austin, 1994 (2014)

HORACE W. HARRELL, Associate Professor Emeritus of Accounting
B.B.A., Georgia Southern College, 1969
M.B.A., University of Georgia, 1970
Ph.D., University of Georgia, 1976 (1972)

*BRANDON N. HARRIS, Associate Professor of Kinesiology
B.S., Truman State University, 2002
M.S., West Virginia University, 2005
M.A., West Virginia University, 2008
Ph.D., West Virginia University, 2008 (2011)

HENRY HARRIS, Professor Emeritus of Chemistry
B.S., Georgia Institute of Technology
Ph.D., Georgia Institute of Technology (1996)

*JAMES K. HARRIS, Associate Professor of Computer Sciences
B.S., University of Alabama, 1976
M.A., University of Alabama, 1977
Ph.D., University of Alabama, 1983
M.S., University of South Carolina, 1989 (2000)

JEFFREY WILLIAM HARRIS, Lecturer of Nursing
A.S.N., Indiana University-Kokomo, 1988
B.G.S., Indiana University-Kokomo, 1995
B.S.N., Indiana University-Kokomo, 2002
M.S.N., Indiana University-Purdue University, 2006 (2008)

*JOHN NOLAN HARRIS, Assistant Professor of Management
B.S., University of Alabama-Tuscaloosa, 2012
Ph.D., Florida State University, 2017 (2017)

KARL HARRIS, Assistant Professor Emeritus of English
B.A., Carson-Newman College

M.A., University of Tennessee (1971)

*KYMBERLY ANN HARRIS, Associate Professor of Teaching and Learning
B.A., University of Alabama-Huntsville, 1982
B.S.Ed., Athens State College, 1989
M.A., University of Alabama, 1998
Ph.D., University of Alabama, 2004 (2005)

*ROBERT LAWTON HARRIS, Professor of Music
B.M., College of the Pacific, 1964
M.M., University of the Pacific, 1976

GALE AILEEN HARRISON, Associate Professor Emerita of Political Science
B.A., Agnes Scott College, 1967
M.A., Vanderbilt University, 1970
Ph.D., Vanderbilt University, 1976 (1988)

*JOHN SCOTT HARRISON, Associate Professor of Biology
B.S., Brigham Young University, 1994
Ph.D., Texas A&M University, 2001 (2006)

*CHARLES I. HARTER, Professor of Accounting
B.S.B.A., University of Nebraska, 1981
M.S., University of Wyoming, 1985
Ph.D., University of Nebraska, 1991 (2006)

*ALAN W. HARVEY, Professor of Biology
B.S., Stanford University, 1981
Ph.D., University of Arizona, 1988 (1998)

*GREGORY W. HARWOOD, Professor of Music
B.A., Brigham Young University, 1978
M.A., Brigham Young University, 1980

*MATTHEW M. HASHIGUCHI, Assistant Professor of Communication Arts
B.A., The Ohio State University, 2007

SHAFAQ HASHMI, Professor Emeritus of Political Science
B.A., Osmania University, 1951
M.P.A., University of the Philippines, 1959
Ph.D., University of Kansas, 1964 (1989)

ZIA H. HASHMI, Professor Emeritus of Political Science and Director Emeritus, Center for International Studies
B.S., Osmania University, 1953
L.L.B., Aligarh University, 1957
M.A., Aligarh University, 1958
Ph.D., University of South Carolina, 1970 (1968)

*ALISON HATCH, Associate Professor of Sociology
B.A., University of Colorado-Boulder, 1999
Ph.D., University of Colorado-Boulder, 2009 (2010)

RICHARD J. HATHAWAY, Professor Emeritus of Mathematical Sciences
B.S., University of Georgia, 1979
Ph.D., Rice University, 1983 (1986)

KRISTEN D. HAWKINS, Limited-Term Instructor of Information Technology
B.S.I.T., Georgia Southern University, 2010
M.S.A.E., Georgia Southern University, 2012 (2012)

MARY F. HAZELDINE, Professor Emerita of Marketing
B.S., Oklahoma State University, 1971
M.A., Oklahoma State University, 1973
M.B.A., University of Texas-Arlington, 1981

*MING FANG HE, Professor of Curriculum, Foundations, and Reading
B.A., Wuhan Institute of Hydraulic and Electric Engineering, 1983
M.Ed., University of Toronto, 1992
Ph.D., University of Toronto, 1998 (1998)

*JAIMIE L. HEBERT, President and Professor of Mathematical Sciences
B.S., University of Louisiana-Lafayette, 1986
M.S., University of Louisiana-Lafayette, 1988
Ph.D., University of Louisiana-Lafayette, 2010 (2016)

*SAMAN HEDJAZI, Assistant Professor of Civil Engineering and Construction Management
B.S., Amirkabir University of Technology, 1997
M.S., Amirkabir University of Technology, 1999
Ph.D., Amirkabir University of Technology, 2005 (2017)

AMANDA JO HEDRICK, Lecturer of Writing and Linguistics
B.A., Christopher Newport University, 2007

SYNNOVE J. HEGGOY, Professor Emerita of Special Education
B.A., Vanderbilt University, 1965
M.Ed., University of Georgia, 1974
Ed.S., University of Georgia, 1978
Ph.D., University of Georgia, 1985 (1984)

*CLAYTON H. HELLER, Professor of Astronomy and Chair, Department of Physics
B.S., San Diego State University, 1984
M.S., San Diego State University, 1986
M.Phil., Yale University, 1991
Ph.D., Yale University, 1991 (2000)

*ALLEN C. HENDERSON, Professor of Music
B.M., Carson-Newman College, 1985
M.M., University of Tennessee, 1987

ANN STEPHENS HENDERSON, Limited-Term Instructor of Accounting
B.B.A., University of Tennessee, 1985

NANCY H. HENDERSON, Assistant Professor of Physical Therapy
B.A., Longwood University, 1998
M.P.T., Elon University, 2002
D.P.T., Elon University, 2004 (2009)

*CHRISTOPHER E. HENDRICKS, Professor and Interim Chair, Department of History
B.A., Wake Forest University, 1986
M.A., College of William and Mary, 1987
Ph.D., College of William and Mary, 1991 (1993)

*ELLEN HUDGINS HENDRIX, Assistant Professor of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1986
M.A., Georgia Southern University, 1990

*A.D.N., Florida State College, 1984
B.S.N., Armstrong Atlantic State University, 2005
M.S.N., Armstrong Atlantic State University, 2005
Ph.D., Georgia State University, 2012 (2013)

*BARBARA A. HENDRY, Associate Professor of Anthropology
B.A., Florida State University, 1972
M.A., Florida State University, 1983

JOHN W. HENRY, Associate Professor Emeritus of Management
B.S., Valdosta State College, 1969
B.B.A., Valdosta State College, 1985
M.B.A., Valdosta State College, 1978
Ph.D., Florida State University, 1992 (1985)

NICHOLAS L. HENRY, President Emeritus and Professor Emeritus of Public Administration
B.A., Centre College, 1965
M.A., Pennsylvania State University, 1967
M.P.A., Indiana University, 1970
Ph.D., Indiana University, 1971 (1987)

MARIA HELENA HERNANDEZ, Senior Lecturer in Spanish
B.A., Los Andes University, 1995
M.B.A., Georgia Southern University, 2000
M.Ed., Georgia Southern University, 2005 (2009)

NANCY A. HERRING, Associate Professor Emerita of Accounting
B.A., Southern Illinois University, 1969
M.A., Georgia Southern College, 1971
Ph.D., Georgia State University, 1983 (1982)

AREF AGHAEI HERVANI, Limited-Term Instructor of Economics
B.A., University of South Carolina, 1985
M.A., The Ohio State University, 1990
Ph.D., West Virginia University, 1997 (2017)

*SABRINA ANNE HESSINGER, Professor of Mathematical Sciences
B.S., Gannon University, 1990
Ph.D., North Carolina State University, 1996 (1997)

KEITH FREDERICK HICKMAN, Professor Emeritus and Head Emeritus, Department of Industrial Technology
B.S., Colorado State College, 1955
M.Ed., Colorado State College, 1959

*JOSE MANUEL HIDALGO, Professor of Spanish
B.A., University of Seville, 1999
M.A., University of Seville, 1999
M.A., Ohio University, 2003
Ph.D., University of Virginia, 2006 (2006)

*JAMES L. HIGDON, Professor of Physics
B.S.P., University of Texas, 1981
B.A., University of Texas, 1981
M.A., University of Texas, 1989
Ph.D., University of Texas, 1993 (2006)

*SARAH JANE UNGER HIGDON, Associate Professor of Astronomy
B.S., University of Leeds, 1986
M.A., University of Bradford, 1988
M.S., University of Manchester Institute of Science and Technology, 1990
Ph.D., University of Southampton, 1993 (2006)

HAELEY J. HIGGS, Lecturer of Communication Arts
B.A., Georgia Southern University, 2011
B.S., Georgia Southern University, 2011
M.A., Kent State University, 2014 (2014)
RICHARD L. HILDE, Associate Professor Emeritus of Marketing
B.S., Minot State College, 1965
M.B.A., Saint Mary's University, 1969
Ph.D., University of North Dakota, 1973 (1973)

DEBORAH TIMMONS HILL, Senior Lecturer of History
B.A., Georgia Southern University, 2002
M.T.S., Emory University, 2004 (2010)

DENNY E. HILL, Assistant Professor Emeritus of Sociology
A.A., Manatee Junior College, 1969
B.A., University of Florida, 1971
M.A., University of Florida, 1973 (1973)

*DONALD LeSEAN HILL, Assistant Professor of Writing and Linguistics
B.A., University of Georgia, 1995
M.A., University of Georgia, 1998
M.F.A., University of Houston, 2003 (2017)

*ELSIE T. HILL, Associate Professor of Art
B.F.A., Rhode Island School of Design, 1995

*JONATHAN CULLEN HILPERT, Associate Professor of Curriculum, Foundations, and Reading
B.A., Pepperdine University, 2000
M.A., Arizona State University, 2007
Ph.D., Arizona State University, 2008 (2012)

*JESSICA HINES, Professor of Art
A.A., Saint Louis Community College-Meramec, 1980
B.F.A., Washington University, 1982
M.F.A., University of Illinois at Urbana-Champaign, 1984 (1984)

*TODD JAMES HIZER, Associate Professor of Chemistry
B.S., Old Dominion University, 1980
Ph.D., University of South Carolina-Columbia, 1986 (1989)

*CHRISTINE MICHELLE HLADIK, Assistant Professor of Geography
B.S., Creighton University, 2002
M.S., Creighton University, 2004
Ph.D., University of Georgia, 2012 (2013)

*JOHN JOSEPH HOBÉ, Professor of Early Childhood Education and Chair, Department of Early Childhood and Exceptional Student Education
B.S.Ed., Bowling Green State University, 1968
M.A.Ed., California State University-Sacramento, 1989

*CHARLES B. HODGES, Associate Professor of Instructional Technology
B.S., Fairmont State University, 1990
M.S., West Virginia University, 1992
Ph.D., Virginia Polytechnic Institute and State University, 2005 (2009)

J. FRANK HODGES JR., Professor Emeritus of Finance and Insurance
B.S.I.M., Georgia Institute of Technology, 1954
M.B.A., Georgia State University, 1962
Ph.D., University of Georgia, 1973 (1980)

*JAY HODGSON, Associate Professor of Biology
B.S., Saint Norbert College, 1999
M.S., University of Wisconsin-Green Bay, 2002
Ph.D., University of Alabama-Tuscaloosa, 2009 (2009)

DONNA A. HODNICKI, Professor Emerita of Nursing
B.S.N., Medical College of Georgia, 1978
M.N., University of South Carolina, 1980

Ph.D., Medical College of Georgia, 1992 (1983)

*ABBEY HOEKZEMA, Assistant Professor of Communication Arts
B.A., Virginia Tech, 2011
B.S.B., Virginia Tech, 2011

JACQUELINE F. HOELL, Lecturer of Mathematical Sciences
B.S., Virginia Polytechnic Institute and State University, 1975
M.S., Virginia Polytechnic Institute and State University, 1978 (2012)

*ROBERT C. HOELL, Associate Professor and Chair, Department of Management
B.A., Virginia Polytechnic Institute and State University, 1985
M.S., Virginia Polytechnic Institute and State University, 1993
Ph.D., Virginia Polytechnic Institute and State University, 1998 (2000)

*JASON HOELSCHER, Assistant Professor of Art and Gallery Director
M.F.A., Pratt Institute, 2000 (2015)

LORRIE HOFFMAN, Professor Emerita of Mathematics
B.S., Western Illinois University, 1973
M.S., University of Illinois at Urbana-Champaign, 1975

STARR HOLLAND, Assistant Professor of Biology
B.S., Baldwin-Wallace College, 1983
M.S., Ohio University, 1986
M.S., University of Rochester, 1989
Ph.D., University of Rochester, 1991 (2008)

*W. BRADLEY HOLLEY, Assistant Professor of French
B.A., University of Northern Arizona, 2005
M.A., University of Alabama-Tuscaloosa, 2008
Ph.D., University of Alabama-Tuscaloosa, 2011 (2016)

*KAREN HOLLINGER, Professor of English
B.A., Loyola University of Chicago, 1972
M.A., Loyola University of Chicago, 1975
M.A., University of Illinois-Chicago, 1981
Ph.D., University of Illinois-Chicago, 1990 (1990)

*PATRICIA G. HOLT, Professor of Adult Education
B.S., Arkansas Technical University, 1987
M.Ed., University of Arkansas, 1993

*NICHOLAS S. HOLTZMAN, Assistant Professor of Psychology
B.A., Loyola University of New Orleans, 2004
A.M., Washington University-St. Louis, 2007
Ph.D., Washington University-St. Louis, 2011 (2013)

*JOHN HOM, Assistant Professor of Art Education
B.S., Nyack College, 1988
M.A., New York University, 1992
M.F.A., The Ohio State University, 2006
Ph.D., The Ohio State University, 2010 (2014)

JAMES M. HOOD, Assistant Professor Emeritus of Educational Psychology and Counseling
B.S.Ed., Georgia Southern College, 1959
M.Ed., University of Georgia, 1964
Ph.D., University of Alabama, 1972 (1968)

ADELE M. HOOLEY, Assistant Professor Emerita of English
B.S., Shippensburg State College, 1950
M.Ed., Georgia Southern College, 1966 (1967)

JUNE HOPKINS, Professor Emerita of History
CAROLINE M. HOPKINSON, Head, Archives and Special Collections, Reference Librarian, and Assistant Professor of Library Science
B.A., University of Wisconsin-Madison, 1987

ANGELA RYCKOWSKI HORNE, Professor of Art
B.F.A., Georgia Southern University, 2003
M.F.A., Georgia Southern University, 2005 (2005)

ALICE ANN HOSTICKA, Professor Emerita of Teaching and Learning
B.A., Antioch College, 1965
M.Ed., University of Pittsburgh, 1969
Ph.D., University of Pittsburgh, 1973 (1987)

anna Kay Hotchkiss, Instructor of Educational Foundations
B.S.Ed., Georgia Southern University, 1993
M.Ed., Georgia Southern University, 1996 (2010)

Thomas F. Howard, Associate Professor Emeritus of Geography
B.A., University of Chicago, 1967
M.A., University of Chicago, 1973
M.A., University of California-Berkeley, 1986
Ph.D., University of California-Berkeley, 1993 (2012)

*HELEN ELIZABETH HOWELLS, Professor of English and Chair, Department of Languages, Literature, and Philosophy
B.A., University of Notre Dame, 1994
M.A., University of Alabama-Tuscaloosa, 1996
Ph.D., University of North Carolina-Greensboro, 2001 (2001)

*CATHERINE SUZANN HOWERTER, Assistant Professor of Teaching and Learning
B.A., Carlow University, 2001
M.A., New York University, 2008
Ph.D., University of Nevada, 2013 (2013)

*YI HU, Assistant Professor of Mathematical Sciences
B., Tsinghua University, 2005
M., Chinese Academy of Sciences, 2008
Ph.D., University of Illinois at Urbana-Champaign, 2012 (2013)

Barbara Salter Hubbard, Senior Lecturer of Education
B.A.Ed., University of South Carolina-Columbia, 1975
Ed.S., Georgia Southern University, 2000
Ed.D., Georgia Southern University, 2003 (2008)

Anne Hudson, Professor Emerita of Mathematics
B.A., Hollins College
M.S., Tulane University
Ph.D., Tulane University (1971)

Sigmund Hudson, Professor Emeritus of Computer Science
A.B., Dartmouth College
M.S., Clarkson University
Ph.D., Tulane University (1985)

*LACEY D. HUFFLING, Assistant Professor of Teaching and Learning
B.S., Lee University, 2003
M.A.Ed., Wake Forest College, 2008

Martha Lynn Hughes, Senior Lecturer of French and Spanish
B.A., Vanderbilt University, 1971
M.A., New York University, 1975
Ph.D., University of South Carolina, 2008 (2005)

Heather M. Huling, Instructor of Teaching and Learning
B.S.Ed., Georgia Southern University, 2008
M.Ed., Georgia Southern University, 2012 (2015)

John B. Humma, Professor Emeritus of Literature
B.A., George Washington University, 1963
M.A., Southern Illinois University, 1965
Ph.D., Southern Illinois University, 1969 (1969)

*Patricia B. Humphrey, Professor Emerita of Mathematical Sciences
B.A., Fort Lewis College, 1977
M.A., University of New Mexico, 1978
Ph.D., University of Alaska-Fairbanks, 1995 (1997)

*Brandon B. Hunt, Professor of Counselor Education
B.S., James Madison University, 1983
M.Ed., University of Virginia, 1986
Ph.D., University of Virginia, 1992 (2014)

*TameraH N. Hunt, Assistant Professor of Athletic Training
B.S., University of Delaware, 2000
M.S., James Madison University, 2002
Ph.D., University of Georgia, 2006 (2015)

*Michael Owen Hurst, Associate Professor of Chemistry
B.S., University of Missouri-Kansas City, 1977
Ph.D., Iowa State University of Science and Technology, 1983 (1988)

*Duc V. Huynh, Assistant Professor of Mathematical Sciences
B.S., Armstrong Atlantic State University, 2006
M.S., University of Florida, 2010
Ph.D., University of Florida, 2014 (2014)

*Alina Iacob, Professor of Mathematical Sciences
B.S., University of Bucharest, 1992
Ph.D., University of Kentucky, 2005 (2007)

*Ionut Emil Iacob, Assistant Professor of Mathematical Sciences
B.S., Polytechnic University of Bucharest, 1993
M.S., University of Kentucky, 2002
Ph.D., University of Kentucky, 2007 (2007)

*Marcel Ilie, Assistant Professor of Mechanical Engineering
B.S., University of Politehnica, 1994
M.S., McGill-Concordia University, 2004
Ph.D., Carleton University, 2008 (2016)

*William S. Irby, Associate Professor of Biology
B.A., University of Oregon, 1979
M.S., North Carolina State University-Raleigh, 1983

*Chester Wood Jackson, Associate Professor of Geology
B.S., University of West Georgia, 2001
M.S., University of North Carolina-Wilmington, 2004
Ph.D., University of Georgia, 2010 (2010)

Mary H. Jackson, Associate Professor Emerita of Counselor Education
B.A., University of Texas, 1964
M.Ed., East Texas State University, 1968
MELISSA LEE JACKSON, Interlibrary Loan/Reference Librarian and Assistant Professor of Library Science
B.A., Florida State University, 1990
M.A., Florida State University, 1993

*ROBERT E. JACKSON, Assistant Professor of Accounting
A.A., Saint Petersburg Junior College, 1967
B.A., University of South Florida, 1969
M.A., University of South Florida, 1994
Ph.D., Kansas State University, 2001 (2004)

*SABA M. JALLOW, Associate Professor of Political Science and International Studies
B.S.Agr., West Virginia University, 1980
M.S., West Virginia University, 1981
M.S., West Virginia University, 1983
Ph.D., West Virginia University, 1992 (1989)

NATALIE LOUISE JAMES, Lecturer of Writing and Linguistics
B.A., Drury University, 2008
M.A., University of Delaware, 2013 (2014)

*DEBORAH JAMIESON, Associate Professor of Art History
B.A., University of North Florida, 1978
M.Ed., University of North Florida, 1986
M.A., University of Florida, 1998

*CAROL P. JAMISON, Professor of English
B.A., University of Montevallo, 1985
M.A., University of South Alabama, 1987
Ph.D., University of Georgia, 1993 (1993)

EBONEE JARRETT, Lecturer of Mathematical Sciences
B.S., Paine College, 1996
M.S., Texas Tech University, 2000 (2005)

*MICHAEL LEON JAYNES, Assistant Professor of Physics
B.A., Appalachian State Teachers College, 1974
M.S., University of North Carolina-Greensboro, 1976 (1976)

*CARLA S. JEFFREYS, Associate Professor of Music
B.M., Birmingham Southern College, 1998
M.M., University of Mississippi, 2000
D.M.A., University of South Carolina, 2007 (2010)

*MATTHEW T. JENKINS, Assistant Professor of Logistics and Supply Chain Management
A.A.S., Pellissippi State Community College, 2001
B.S.B.A., University of Tennessee-Knoxville, 2003
M.B.A., University of Tennessee-Knoxville, 2008
Ph.D., University of Tennessee-Knoxville, 2017 (2017)

STEPHEN J. JENKINS, Professor Emeritus of Curriculum, Foundations, and Reading
B.S., Ball State University, 1976
M.S.Ed., Indiana University, 1979
Ph.D., Indiana University, 1982 (1990)

KARLA JENNINGS, Limited-Term Instructor of Communications
B.S., Florida State University, 1990

*KEVIN JENNINGS, Assistant Professor of Criminal Justice
B.A., Texas State University, 2005
B.S.C.J., Texas State University, 2006
M.S.C.J., Texas State University, 2008
Ph.D., Texas State University, 2014 (2014)

*JOHN G. JENSEN, Professor of Art
B.S., University of Wisconsin-Stevens Point, 1978
M.F.A., University of Arizona, 1985 (1985)

LINDA JENSEN, Professor Emerita of Art
B.A.E., University of Mississippi
M.A.T., Memphis State University
M.F.A., Memphis State University (1985)

*LUCAS JOHN JENSEN, Assistant Professor of Leadership, Technology, and Human Development
B.A., Mississippi State University, 1997
M.Ed., University of Georgia, 2004
M.Ed., University of Georgia, 2009
Ph.D., University of Georgia, 2015 (2015)

*MYUNG G. JEONG, Assistant Professor of Civil Engineering
B.S., Sungkyunkwan University, 1998
M.S., Virginia Tech, 2005
Ph.D., Arizona State University, 2010 (2012)

FADYA M. JEROJEIS, Limited-Term Instructor of Health and Kinesiology
B.S., University of Mosul, 1995
M.S., University of Mosul, 2003
Ph.D., Michigan State University, 2016 (2017)

*DONGYU JIA, Assistant Professor of Biology
B.S., Chongqing University, 2007
Ph.D., Florida State University, 2015 (2017)

*DAVID S. JIANG, Assistant Professor of Management
B.S.B.A., Appalachian State University, 2009
M.B.A., Appalachian State University, 2011
Ph.D., University of Tennessee-Knoxville, 2016 (2016)

*HEATHER JOESTING, Assistant Professor of Biology
B.S., University of North Carolina-Wilmington, 2001
M.S., Ohio University, 2005
Ph.D., Wake Forest University, 2011 (2013)

*ABBY M. JOHNSON, Lecturer of General Studies
B.A., University of North Carolina-Greensboro, 2003
M.A., Georgia Southern University, 2006 (2008)

*CATHERINE Y. JOHNSON, Associate Professor of German
B.A., University of Michigan, 1986
M.A., University of Michigan, 1990
Ph.D., University of Michigan, 1994 (1994)

ERIC LOREN JOHNSON, Limited-Term Assistant Professor of Chemistry and Biochemistry
B.S., Centre College, 2010
Ph.D., University of Utah, 2016 (2016)

JANE G. JOHNSON, Head Acquisitions Librarian Emerita and Professor Emerita
A.B., Converse College, 1957
M.S., Louisiana State University and A&M College, 1968 (1977)

KENNETH H. JOHNSON, Associate Professor Emeritus of Accounting
B.A., Alabama Polytechnic Institute, 1962
B.S.B.A., Alabama Polytechnic Institute, 1978
M.B.A., Alabama Polytechnic Institute, 1981
Ph.D., Georgia State University, 1989 (1991)

MARK B. JOHNSON, Assistant Professor of Music
B.M.Ed., Murray State University, 1982
RICHARD B. JOHNSON, Associate Professor Emeritus of Communication Arts
B.A., Idaho State College, 1959
M.F.A., Ohio University, 1962

*WAYNE M. JOHNSON, Professor of Engineering Studies
B.S.M.E., Louisiana State University and A&M College, 1995
M.S.M.E., Georgia Institute of Technology, 1999
Ph.D., Georgia Institute of Technology, 2004 (2004)

GEORGE HEWETT JOINER JR., Professor Emeritus of History and Director Emeritus, Bell Honors Program
B.A., Emory University, 1963
M.A., Northwestern University, 1966
Ph.D., Northwestern University, 1971 (1968)

DONNA N. JONES, Assistant Professor Emerita of English
B.M., Stetson University, 1953

*JEFFERY JONES, Assistant Professor of Health Policy and Management
B.A., Appalachian State University, 1988
M.A., Appalachian State University, 1991
Ph.D., University of Kentucky, 2001 (2014)

*STEFANIE ANNE JONES, Associate Professor of Instructional Technology
B.A., University of North Carolina-Greensboro, 1975
M.L.N., Emory University, 1986
Ph.D., University of Georgia, 2008 (2009)

WARREN F. JONES JR., Professor Emeritus of Psychology and Dean Emeritus, College of Arts and Sciences
B.A., Union University, 1950
A.M., George Peabody College for Teachers, 1951
Ph.D., Vanderbilt University, 1953 (1972)

CAROL ANN JORDAN, Lecturer of Medical Laboratory Science
B.S., Georgia Southern College, 1981
B.S.M.T., Georgia Southern College, 1983
M.Ed., Armstrong State University, 2016 (2014)

*ERIN MICHELLE JORDAN, Instructor of Athletic Training
B.S., West Virginia University, 1995
M.S.K., Indiana University, 1996 (2007)

*VLADAN JOVANOVIC, Professor of Computer Sciences
B.S., University of Belgrade, 1975
M.S., University of Belgrade, 1982
Ph.D., University of Belgrade, 1983 (2001)

*A. BARRY JOYNER, Dean, College of Health and Human Sciences, and Professor of Kinesiology
B.S.Ed., Georgia Southern College, 1985
M.Ed., Auburn University, 1986
Ph.D., University of Georgia, 1992 (1992)

*JUNE B. JOYNER, Senior Lecturer of Writing
B.A., Georgia Southern University, 2000

K

*CHRISTOPHER ANTHONY KADLEC, Associate Professor of Information Technology
B.S., University of Mississippi, 1993
Ph.D., University of Georgia, 2008 (2007)

*YOUAKIM G. KALAANI, Associate Professor and Chair, Department of Electrical Engineering
A.A.S., Cuyahoga Community College, 1986
B.E.E., Cleveland State University, 1989
M.S.E.E., Cleveland State University, 1990
D.Engr., Cleveland State University, 1995 (2006)

*JEFFREY P. KALETA, Assistant Professor of Information Technology
B.S., University of Maine, 1996
M.S., Murray State University, 2010
Ph.D., University of Memphis, 2015 (2015)

*EMILY KANE, Assistant Professor of Biology
B.S., Long Island University, 2006
M.S., Texas A&M University, 2009
Ph.D., University of California-Riverside, 2014 (2017)

*KAMRAN KARDEL, Assistant Professor of Manufacturing Engineering
B., Iran University of Science and Technology, 2004
M., Mazandaran University of Science and Technology, 2008
M.S.T., Auburn University, 2013
Ph.D., Auburn University, 2016 (2016)

CONSTANTINE KARIOTIS, Associate Professor Emeritus of Mathematics
B.S., National and Capodistrian University, 1956
M.S., DePaul University, 1962
Ph.D., University of Illinois, 1966 (1969)

*JAMES KARNES, Associate Professor of Physical Therapy
B.S., University at Buffalo-State University of New York, 1986
Ph.D., University at Buffalo-State University of New York, 1993 (2016)

JOHN B. KARRH, Professor Emeritus of Civil Engineering Technology
B.S., University of Alabama, 1958
M.S., Stanford University, 1959
Ph.D., University of Alabama, 1970 (1988)

*ERIC J. KARTCHNER, Associate Professor and Chair, Department of Foreign Languages
B.A., Weber State University, 1989
M.A., University of Nevada, 1994
Ph.D., Indiana University, 1998 (2008)

*ANNE KATZ, Assistant Professor of Reading
A.B., Washington University in St. Louis, 2002
M.A., Teachers College Columbia University, 2005
Ph.D., Fordham University, 2012 (2012)

FRANK H. KATZ, Assistant Professor of Information Technology
B.A., University of Florida, 1977
M.S., Georgia State University, 1987 (2002)

TAHSEEN KAZI, Limited-Term Assistant Professor of Political Science and International Studies
B.S.P., Georgia Institute of Technology, 2001
M.S.I.A., Georgia Institute of Technology, 2004
Ph.D., The Ohio State University, 2014 (2016)

DREW N. KEANE, Lecturer of Writing and Linguistics
B.A., Johnson University, 2009
M.A., Georgia Southern University, 2011 (2011)

JOHN KEARNES, Associate Professor Emeritus of Political Science
B.A., Union College
M.A., Andrews University
Ph.D., University of Utah (1988)
*CASEY STEWART KECK, Assistant Professor of Communication Sciences and Disorders  
B.S., Michigan State University, 2001  
M.A., University of Cincinnati, 2009  
Ph.D., University of Cincinnati, 2016 (2016)

*HOWARD J. KEELEY, Assistant Professor of Literature  
A.A., Gainesville College, 1996  
A.B., University of Georgia, 1997  
M.A., Princeton University, 2000  

RICHARD ALLEN KEITHLEY, Assistant Professor Emeritus of Writing and Linguistics  
B.A., Vanderbilt University, 1965  
M.A., University of North Carolina at Chapel Hill, 1969 (1967)

CRAIG K. KELLOGG, Associate Professor Emeritus of Chemistry  
B.S., Georgia Institute of Technology, 1959  
Ph.D., Georgia Institute of Technology, 1963 (1966)

*JACQUE LYNN KELLY, Assistant Professor of Geology  
B.S., Northland College, 2004  
M.S., University of Wisconsin, 2006  
Ph.D., University of Hawaii-Manoa, 2012 (2012)

JANICE H. KENNEDY, Professor Emerita of Psychology  
B.S., Georgia State College, 1973  
M.A., Georgia State University, 1977  
Ph.D., Georgia State University, 1980 (1984)

*JOSHUA BENTON KENNEDY, Assistant Professor of Political Science and International Studies  
B.A., University of Tennessee, 2008  
M.A., University of Colorado-Boulder, 2010  
Ph.D., University of Colorado-Boulder, 2014 (2014)

*REBECCA M. KENNERLY, Associate Professor of Speech Communication  
B.S., Eastern Michigan University, 1996  
M.A., Eastern Michigan University, 1998  

RUSSELL L. KENT, Professor Emeritus of Management  
A.A.S., Regis College, 1977  
B.S., Florida State University, 1979  
M.B.A., University of South Alabama, 1983  
Ph.D., Florida State University, 1991 (1990)

*SCOTT N. KERSEY, Associate Professor of Mathematical Sciences  
B.S.E., Arizona State University, 1985  
M.S.E., Arizona State University, 1988  
M.A., University of Wisconsin, 1993  
Ph.D., University of Wisconsin, 1999 (2003)

*Diane Kessel, Lecturer of Music  
B.M., University of Illinois at Urbana-Champaign, 2009  
M.M., Western Michigan University, 2011 (2014)

MARY CLAIRE KETTLER, Assistant Professor Emerita of Fashion Merchandising and Apparel Design  
B.S., Louisiana Tech University, 1973  
M.S., Louisiana Tech University, 1974 (1974)

J. BERNARD KEYS, Fuller E. Callaway Professor Emeritus of Business  
B.S.B.A., Tennessee Technological University, 1960  
M.S., University of Tennessee, 1964  

*MUJIBURRAHMAN KHAN, Assistant Professor of Mechanical Engineering  
B.S.Engr., Bangladesh University of Engineering and Technology, 2001  
M.Engr., Bangladesh University of Engineering and Technology, 2003  
M.S., King’s College, 2004  
Ph.D., Florida Atlantic University, 2010 (2012)

DALE Z. KILHEFNER, Professor Emeritus of Mathematics  
B.S., Elizabethtown College  
M.Ed., Washington State College  
M.S., Purdue University  
Ph.D., Pennsylvania State University (1973)

JOSEPH I. KILLORIN, Professor Emeritus of Philosophy and Literature  
A.B., St. John’s College  
M.A., Columbia University  
Ph.D., Columbia University (1947)

*JACKIE HEE-YOUNG KIM, Associate Professor of Early Childhood Education  
B., Chonnam National University, 1989  
M.Ed., University of Houston, 1999  
Ed.D., University of Houston, 2005 (2008)

*JIN-WOO KIM, Associate Professor of Marketing  
B.B.A., Sogang University, 1994  
M.B.A., Sogang University, 1996  
Ph.D., University of Texas-Arlington, 2011 (2011)

JINTAE KIM, Limited-Term Assistant Professor of Economics  
B.S., Yonsei University, 1985  
M.A., Yonsei University, 1987  
Ph.D., Michigan State University, 2001  
M.S., Auburn University-Main Campus, 2014  
Ph.D., Auburn University-Main Campus, 2015 (2016)

*SEONGOHON KIM, Associate Professor of Construction Management  
B.Engr., Myongji University, 1996  
M.S., Iowa State University, 2004  
Ph.D., University of Kansas, 2008 (2009)

*SEUNGMO KIM, Assistant Professor of Electrical Engineering  
B.S., Korea Advanced Institute of Science and Technology, 2006  
M.S., Korea Advanced Institute of Science and Technology, 2008  
Ph.D., Virginia Tech, 2017 (2017)

*Yoon Hee Kim, Assistant Professor of Operations Management  
B.H.E., Sungkyunkwan University, 1996  
M.B.A., The Ohio State University, 2004  
Ph.D., University of Wisconsin-Madison, 2010 (2014)

*LINDA KIMSEY, Assistant Professor of Health Policy and Management  
B.S.B.A., University of Tennessee, 1986  
M.H.A., University of Kentucky, 2001  
Ph.D., University of Kentucky, 2009 (2015)

*AMANDA S. KING, Associate Professor of Economics  
B.A., Agnes Scott College, 1995  
M.A., Vanderbilt University, 1999  
Ph.D., Vanderbilt University, 2000 (2002)

*BARBARA M. KING, Lecturer of Criminal Justice and Criminology  
B.A., Pacific Lutheran University, 1994  

*JOHN T. KING, Associate Professor of Economics  
B.A., Western Kentucky University, 1996
M.A., Vanderbilt University, 2000
Ph.D., Vanderbilt University, 2001 (2002)

*TIMOTHY J. KINTZINGER, Lecturer of Music
B.S., Binghamton University, State University of New York, 1992
M.M., Binghamton University, State University of New York, 1995
D.M.A., University of Missouri-Kansas City, 2000 (2011)

PAUL RUSSELL KLEININGNA, Professor Emeritus of Psychology
B.A., University of Miami, 1964
M.S., University of Miami, 1967
Ph.D., University of Miami, 1970 (1970)

*JEFFREY J. KLIBERT, Associate Professor of Psychology
B.A., University of Southern Mississippi, 2002
M.S., University of South Alabama, 2004
Ph.D., Oklahoma State University, 2008 (2010)

STEVEN B. KNABLE, Adjunct Assistant Professor of Military Science
Major (Retired), U.S. Army

*THOMAS KURT KNOERL, Assistant Professor of History
B.A., University at Buffalo-State University of New York, 1987
M.A., East Carolina University, 1994
Ph.D., George Mason University, 2012 (2017)

*GREGORY T. KNOFCZYNSKI, Associate Professor of Statistics
B.S.A.S., South Dakota State University, 1991
M.S., South Dakota State University, 1993

VIRGINIA KNORR, Assistant Professor Emerita of Health and Physical Education
B.S., University of Tennessee-Chattanooga
M.S., University of Tennessee-Knoxville (1973)

*THOMAS R. KOBALLA, Dean, College of Education, and Professor of Teaching and Learning
B.S., East Carolina University, 1976
M.A.Ed., East Carolina University, 1978

REBECCA JANNET KOCERHA, Limited-Term Assistant Professor of Chemistry and Biochemistry
B.A., Indiana University, 1994
M.S., Indiana University Purdue University, 1996
Ph.D., University of Florida, 2005 (2013)

*BRIAN P. KOEHLER, Associate Dean of Students and Academic Programs, College of Science and Mathematics, and Associate Professor of Chemistry
B.S., Presbyterian College, 1992
Ph.D., University of Georgia, 1999 (1999)

NORIKO M. KOLBE, Lecturer of Japanese
B.A., Kyoto Women's University, 1987
M.M.E., University of Kansas, 2003
Ph.D., University of Kansas, 2011 (2014)

*AMANDA KONKLE, Assistant Professor of Film
B.A., Hanover College, 2004
M.A., Miami University, 2008
Ph.D., University of Kentucky, 2016 (2016)

KATHLEEN A. KOON, Associate Professor Emerita of Nursing
B.S.N., D'Youville College, 1965
M.S.N., Vanderbilt University, 1971
Ph.D., University of Virginia, 1991 (1991)

*ERMIAS G. KORICHO, Assistant Professor of Mechanical Engineering
B.Engr., Bahir Dar University, 2001
M.S., Addis Ababa University, 2004
Ph.D., Polytechnic of Turin, 2012 (2016)

*JENNIFER MARIE KOWALEWSKI, Associate Professor of Communication Arts
A.B., Ohio University, 1996
B.S.J., Ohio University, 1996
M.A., Ohio University, 2006
Ph.D., University of North Carolina at Chapel Hill, 2009 (2013)

*DOROTHEA PATRICIA KRAEGER, Assistant Professor of Public Administration
B.A., Sweet Briar College, 1985
J.D., Mercer University, 1988
Ph.D., Arizona State University, 2011

*JOHN ROBERT KRAFT, Professor and Chair, Department of Psychology
B.S., Northern Arizona University, 1991
M.A., University of New Hampshire, 1995
Ph.D., University of New Hampshire, 1999 (1999)

RICHARD ANDREW KRAUSS, Lecturer of Education
B.S., Fitchburg State College, 1978
M.Ed., Armstrong State College, 1986
Ed.S., Georgia Southern University, 2001 (2010)

WAYNE ALLAN KRISSINGER, Professor Emeritus of Biology
B.S., Georgia Southern College, 1964
M.S., Georgia Southern College, 1967
Ph.D., Medical College of Georgia, 1975 (1965)

*JERRI J. KROPP, Associate Professor of Child and Family Development
A.B., West Georgia College, 1976
M.S., University of Georgia, 1979
Ph.D., University of Georgia, 1983 (1993)

CLARA E. KRUG, Professor Emerita of French
B.A., Madison College, 1968
M.A., Michigan State University, 1970
Ph.D., Michigan State University, 1978 (1978)

*KERRY ANN KUENZI, Assistant Professor of Public Administration
B.A., University of Wisconsin-Green Bay, 2007
M.P.A., University of Colorado, 2010
Ph.D., University of Colorado, 2015 (2015)

RAJU R. KUMAL, Limited-Term Instructor of Chemistry and Biochemistry
B.S., Tribhuvan University, 2006
M.S., Tribhuvan University, 2008 (2017)

*GAUTAM KUNDU, Professor of Literature
B.A., University of Calcutta, 1965
M.A., University of Calcutta, 1968
M.Phil., Jadavpur University, 1978
M.A., Simon Fraser University, 1981
Ph.D., Oklahoma State University, 1987 (1991)

*HSIANG-JUI KUNG, Professor of Information Systems
B.S., Chinese Naval Academy, 1980
M.S., Northwestern University, 1990
Ph.D., Rensselaer Polytechnic Institute, 1997 (2001)
DOGA MURAT KURKCUOGLU, Limited-Term Assistant Professor of Physics  
B.S., Marmara University, 2008  
Ph.D., Georgia Institute of Technology, 2015 (2015)

*HORST KURZ, Associate Professor of German  
B.A., Universitat Augsburg, 1982  
M.A., The Ohio State University, 1986  
Ph.D., The Ohio State University, 1992 (1993)

JULIE C. KUYKENDALL, Limited-Term Instructor of Health and Kinesiology  
B.S., Georgia Southern University, 2003  
M.S., Georgia Southern University, 2006 (2007)

*ROBERT LEWIS LAKE, Associate Professor of Social Foundations  
B.A., Empire State College, State University of New York, 1998  
M.S., University at Albany, State University of New York, 2000  
Ed.D., Georgia Southern University, 2006 (2006)

*ENKELEIDA K. LAKURIQI, Senior Lecturer of Mathematical Sciences  
B.S., Temple University, 2001  
M.S., Rutgers University, 2003  
M.S., University of Pennsylvania, 2005  
Ph.D., University of Pennsylvania, 2012 (2012)

*JOSHUA LAMBERT, Associate Professor of Mathematical Sciences  
B.S., North Dakota State University-Fargo, 2004  
Ph.D., North Dakota State University-Fargo, 2009 (2009)

*ERIC JOHNATHAN LANDERS, Associate Professor of Special Education  
B.A., Lee University, 1998  
Ph.D., University of Florida, 2006 (2009)

*SHAINAZ MOULA LANDGE, Assistant Professor of Chemistry and Biochemistry  
B.S., University of Pune, 1998  
M.S., University of Pune, 2000  
Ph.D., University of Massachusetts-Boston, 2008 (2010)

BETTY LANE, Professor Emerita and Head Emerita, Division of Home Economics  
B.S., Georgia College, 1949  
M.Ed., University of Georgia, 1956  
Ph.D., Florida State University, 1962 (1953)

JOSEPH LANE, Professor Emeritus of Psychology  
B.S., University of Georgia  
M.S., University of Georgia  
Ph.D., University of Georgia (1970)

OSMOS LANE, Professor Emeritus of History  
B.A., LaGrange College, 1957  
M.A., Auburn University, 1959  
Ph.D., University of Georgia, 1965 (1965)

*JODY LEIGH LANGDON, Associate Professor of Health and Kinesiology  
B.S., University of Florida, 2003  
M.S., University of Florida, 2005  
Ph.D., University of South Carolina, 2010 (2010)

*DAVID W. LANGLEY, Assistant Professor of Music  
B.Mus., University of Georgia, 2001  
M.M.Ed., University of Georgia, 2003  
Ph.D., Georgia State University, 2014 (2014)

DORIS N. LANIER, Associate Professor Emerita of English  
B.A., Georgia Southern College, 1968  
M.A., Georgia Southern College, 1970  
Ed.S., Georgia Southern College, 1974 (1972)

NANCY J. LANIER, Associate Professor Emerita of Special Education  
A.B., Brenau College, 1949  
M.Ed., Georgia Southern College, 1973  
Ed.S., Georgia Southern College, 1976  
Ed.D., University of South Carolina, 1983 (1973)

*ENKELEIDA K. LANDGE, Assistant Professor Emerita of Mathematical Sciences  
B.S.Ed., Georgia Southern College, 1981  
M.S.T., Georgia Southern College, 1983  
Ph.D., University of Georgia, 1999 (1983)

MICHAEL LARISCY, Associate Professor Emeritus of Health and Physical Education  
B.S., Armstrong State College  
M.Ed., Georgia Southern College  
Ed.D., University of Georgia (1975)

*BRETT ALLEN LARSON, Professor of Biology  
B.S., University of Georgia, 1977  
Ph.D., University of Oregon, 1983 (1991)

*DEREK LARSON, Associate Professor of Art  
B.F.A., Indiana University, 2005  
M.F.A., Yale University, 2007 (2011)

*LINDSAY L. LARSON, Associate Professor of Marketing  
B.A., Vassar College, 2003  
M.S., Yale University, 2005  
M.Phil., Yale University, 2006  
Ph.D., Yale University, 2007 (2011)

*CHU SING LAU, Associate Dean, Zach S. Henderson Library, and Associate Professor  
B.A., National Taiwan University, 1982  
M.L.S., University of Maryland University College, 1990  
M.G.A., University of Maryland University College, 1997  
M.S., University of Maryland University College, 2010  
M.B.A., University of Maryland University College, 2012 (2016)

KAM FUI LAU, Associate Professor of Information Technology  
B.A., Sussex College of Technology, 1984  
M.B.A., University of Rhode Island, 1989  
M.S., University of Rhode Island, 1991  
Ph.D., University of Rhode Island, 1999 (2001)

DEWITT EARL LAVENDER, Associate Professor Emeritus and Chair Emeritus, Department of Mathematics and Computer Science  
B.S., University of Georgia, 1962  
M.A., University of Georgia, 1963  
Ph.D., University of Georgia, 1966 (1966)

*RAYMONA H. LAWRENCE, Assistant Professor of Community Health Behavior and Education  
B.S.K., Georgia Southern University, 2000  
M.P.H., Georgia Southern University, 2003  
Dr.P.H., Georgia Southern University, 2010 (2011)

JOHN J. LEAPTROTT, Associate Professor Emeritus of Management  
B.S.B.A., Oregon State University, 1972  
M.B.A., Nova Southeastern University, 1999  
Ph.D., Florida Atlantic University, 2005 (2005)

*ALISA GAY LECKIE, Assistant Professor of Teaching and Learning
B.A.Ed., University of Arizona, 1994
M.A., University of Arizona, 1998
Ph.D., University of Arizona, 2013 (2013)

*ALLISSA ANN LEE, Assistant Professor of Finance
B.B.A., Northeastern State University, 2002
M.S., Oklahoma State University, 2011
Ph.D., Oklahoma State University, 2012 (2013)

BRIDGETT H. LEE, Senior Lecturer of Mathematical Sciences
B.S.Ed., Georgia Southern University, 1994

*HYUN-WOO LEE, Assistant Professor of Sport Management
B.S., Yonsei University, 2008
M., Yonsei University, 2010
Ph.D., Florida State University, 2014 (2014)

*KNICOLE LEE, Assistant Professor of Nursing and Clinic Coordinator
A.S.N., South Georgia College, 1994
B.S., Valdosta State University, 2001
M.Ed., Georgia Southern University, 2003
M.S.N., Georgia Southern University, 2007
D.N.P., University of Alabama-Tuscaloosa, 2010 (2013)

MARTHA D. LEE, Lecturer of Writing and Linguistics
B.B.A., University of Georgia, 1995
M.A., Georgia Southern University, 2003 (2013)

ROCHELLE BORNETT LEE, Assistant Professor of Radiologic Sciences
B.A., Ottawa University, 1980

VALYA SOUDER LEE, Limited-Term Instructor of Secondary Education
B.A., Spelman College, 1980
M.Ed., West Georgia College, 1995
Ed.S., Troy State University, 1998
Ed.D., Argosy University, 2006 (2017)

*YONGKI LEE, Assistant Professor of Mathematics
B.S., Ajou University, 2004
M.S., Pohang University of Science and Technology, 2006
Ph.D., Iowa State University, 2014 (2017)

*YOUNGJOO LEE, Assistant Professor of Fashion Merchandising and Apparel Design
B.H.E., Chung-Ang University, 1991
M.H.E., Chung-Ang University, 1997
M.A., Fashion Institute of Technology, 2002
Ph.D., Chung-Ang University, 2007 (2015)

*LISSA M. LEEGE, Professor of Biology
B.A., Saint Olaf College, 1988
Ph.D., Michigan State University, 1997 (1998)

*ROBERT G. LEFAVI, Professor Chair, Department of Health Sciences
B.S., University of Florida, 1983
M.B.A., Nova University, 1986
Ph.D., Auburn University, 1991 (1993)

*CHRISTINA A. LEMON, Professor of Art
B.F.A., Radford College, 1990

*GORAN LESAJA, Professor of Mathematical Sciences
B.S., University of Zagreb, 1980
M.S., University of Zagreb, 1987
M.S., University of Iowa, 1994
Ph.D., University of Iowa, 1996 (1996)

*WILLIAM B. LEVERNIER, Professor of Economics
B.B.A., Gonzaga University, 1978
M.A., University of Tennessee, 1981
Ph.D., West Virginia University, 1988 (1989)

*JOHANNE M. LEWIS, Associate Professor of Biology
B.S., University of Guelph, 1999
M.S., Memorial University of Newfoundland, 2002
Ph.D., Memorial University of Newfoundland, 2008 (2010)

NIKIYA LEWIS, Instructor of Nursing
B.S.N., Georgia Southern University, 2006
M.S.N., Georgia Southern University, 2011 (2016)

*JINRONG LI, Assistant Professor of Writing and Linguistics
B.A., China Foreign Affairs University, 2002
M.A., Beijing Foreign Studies University, 2004
Ph.D., University of Massachusetts-Amherst, 1999 (2012)

*LI LI, Information Services Librarian and Associate Professor
B.A., Shanghai Teachers' University, 1986
M.L.S., University of Southern Mississippi, 1991
M.S., Nova Southeastern University, 2004 (2002)

*XIEZHANG LI, Professor of Mathematical Sciences
B.S., Shanghai Teachers' College, 1966
M.S., Shanghai Teachers' College, 1981
Ph.D., Kent State University, 1990 (1990)

*YONG DANIEL LIANG, Professor of Computer Science
B.S., Fudan University, 1983
M.S., Fudan University, 1986

*PIAN HUAN LIN, Associate Professor of Electrical Engineering
B.S., Hanyang University, 1999
M.S., University of Texas-Austin, 2004
Ph.D., University of Texas-Austin, 2007 (2011)

*MARTHA L. LIM, Associate Professor of History
B.A., Peking University, 1999
M.A., Peking University, 2002
M.A., University of Georgia, 2004
Ph.D., University of Georgia, 2010 (2014)

*MEIMEI LIN, Assistant Professor of Geography
B.S., Fujian Agricultural and Forestry University, 2006
M.N.S., Xiamen University, 2009
M.S., Miami University, 2012
Ph.D., Miami University, 2015 (2016)

*YI LIN, Associate Professor of Mathematical Sciences
B.S., Sichuan University, 1994
M.S., Schuan University, 1997
M.S., Cornell University, 2001
Ph.D., Cornell University, 2004 (2008)
*TRACY A. LINDERHOLM, Associate Dean of Graduate Education and Research, College of Education, and Professor of Curriculum, Foundations, and Reading  
B.S., University of Kansas, 1989  
M.A., California State University-Sacramento, 1996  
Ph.D., University of Minnesota, 2000 (2011)

PEGGY LINDSEY, Senior Lecturer of Writing and Linguistics  
B.A., The Ohio State University, 1986  
B.S.Ed., The Ohio State University, 1990  
M.A., University of Akron, 1995  
Ph.D., Auburn University, 2016 (2012)

CAROL SUSAN LINSKEY, Limited-Term Instructor of History  
B.A., Armstrong Atlantic State University, 1995  
M.A., Armstrong Atlantic State University, 2003  
Ph.D., Binghamton University-State University of New York, 2013 (2016)

*DELORES D. LISTON, Professor of Curriculum, Foundations, and Reading  
B.A., University of Oklahoma, 1983  
M.A., Florida State University, 1986  

BRUCE LITTLE, Professor Emeritus of Art  
B.F.A., Auburn University, 1976  
M.F.A., Auburn University, 1979  
Ed.D., University of Georgia, 1993 (1988)

*HAU-JIAN LIU, Assistant Professor of Physics  
B.S., San Diego State University, 2008  
M.S., Colorado State University, 2010  
Ph.D., Colorado State University, 2014 (2017)

*JUN LIU, Associate Professor of Quantitative Analysis  
B.Econ., Nankai University, 1993  
M.S.Man., Nankai University, 1999  
M.S., University of Illinois-Chicago, 2000  
Ph.D., University of Illinois-Chicago, 2005 (2005)

JOHN THOMAS LLOYD, Professor Emeritus of Literature  
B.A., Dartmouth College, 1973  
M.A., University of Wisconsin, 1978  

MARGARET A. LLOYD, Professor Emerita and Chair Emerita, Department of Psychology  
B.A., University of Denver, 1964  
M.S.Ed., Indiana University, 1966  
M.A., University of Arizona, 1972  
Ph.D., University of Arizona, 1973 (1988)

*JAMES M. LoBUE, Associate Professor of Chemistry  
B.A., Carleton College, 1978  
Ph.D., Wesleyan University, 1986 (1993)

NAN STEVENS LoBUE, Senior Lecturer of Writing and Linguistics  
B.A., Carleton College, 1978  
M.A.L.S., Wesleyan University, 1984 (1993)

*LAWRENCE LOCKER JR., Associate Professor of Psychology  
B.S., Fort Hays State University, 1995  
M.A., University of Kansas, 2001  
Ph.D., University of Kansas, 2005 (2005)

MARY JILL LOCKWOOD, Professor Emerita of Accounting  
B.A., University of Florida, 1969  
J.D., Emory University, 1974  
M.L.Tx., Emory University, 1979 (1984)

BRENDA LOGAN, Professor Emerita of Education  
B.S., Savannah State College, 1972  
M.A., University of Northern Colorado, 1978  

BRANDON D. LOPER, Limited-Term Instructor of Writing and Linguistics  
B.A., Clemson University, 2000  

HEATHER ANN LORDEN, Assistant Professor of Physical Therapy  
B.H.S., Armstrong Atlantic State University, 2005  
M.S., Armstrong Atlantic State University, 2006  
D.P.T., Augusta University, 2008 (2016)

BILL P. LOVEJOY, Professor Emeritus of Biology  
B.S., Muskingum College, 1951  
M.S., University of New Mexico, 1958  
Ph.D., Oregon State University, 1972 (1968)

*DAVID A. LOWDER, Assistant Professor and Head Systems Librarian  
A.B.J., University of South Carolina, 1977  

*ROBERT J. LOYD III, Professor of Special Education  
B.S.Ed., University of Missouri-Columbia, 1975  
M.Ed., University of Missouri-Columbia, 1980  
Ph.D., University of Missouri-Columbia, 1987 (1997)

*JACEK LUBECKI, Associate Professor of Political Science and International Studies  
M.A., University of Denver, 1993  
Ph.D., University of Denver, 2000 (2012)

*CHRISTINE G. LUDOWISE, Interim Vice Provost and Associate Professor of Criminal Justice and Criminology  
B.A., College of Wooster, 1991  
Ph.D., University of Tennessee, 1999 (1999)

*AMY E. LUNA, Academic Professional and Assistant Professor of Psychology  
B.A., Drury University, 2004  
M.S., Oklahoma State University, 2006  
Ph.D., Oklahoma State University, 2009 (2011)

JAMES WALTER LYNCH, Assistant Professor Emeritus of Mathematics  
B.A., University of Georgia, 1952  
M.A., University of Georgia, 1956 (1961)

*WILL E. LYNCH, Professor of Chemistry and Chair, Department of Chemistry and Physics  
B.A., Kalamazoo College, 1986  
Ph.D., Wayne State University, 1991 (1993)

CYNTHIA JANE LYNES, Limited-Term Instructor of Health and Physical Education  
B.S.Ed., Armstrong State College, 1978  
M.Ed., Armstrong State College, 1984  
Ed.S., Georgia Southern University, 1994  
Ed.D., Georgia Southern University, 2007 (2013)

M

*LI MA, Professor of Physics  
B.S., Changchun Institute of Optics and Fine Mechanics, 1982  
M.S., Chinese Academy of Sciences, 1985  
Ph.D., University of Georgia, 1993 (2000)
**Catherine E. MacGowan**, Assistant Professor of Chemistry  
B.S., University of Michigan-Dearborn, 1975  
M.S., University of Colorado-Boulder, 1987  
Ph.D., University of Akron, 1997 (1993)

**Marylou Machingura**, Assistant Professor of Biology  
B.S., Africa University, 1998  
M.S., Wageningen University, 2005  
Ph.D., Southern Illinois University-Carbondale, 2012 (2017)

**Alan W. Macekprang**, Associate Professor of Operations Management  
B.S., Arizona State University, 2004  
M.S., University of Rochester, 2005  
Ph.D., University of South Carolina, 2011 (2011)

**Ronald J. Mackinnon**, Associate Professor of Information Systems  
B.S., Saint Francis Xavier University, 1959  
Ed.D., Oklahoma State University, 1970  
M.B.A., University of Minnesota, 1974 (2001)

**Marcel M. Maghiar**, Associate Professor of Construction Management  
B.S.M.E., University of Polytechnics-Timisoara, 1997  
M.S., Arizona State University, 2007  
Ph.D., Arizona State University, 2011 (2011)

**Colton Robert Magnant**, Associate Professor of Mathematical Sciences  
B.S., Oglethorpe University, 2003  
M.S., Emory University, 2007  
Ph.D., Emory University, 2008 (2011)

**Zhuojun Magnant**, Senior Lecturer of Mathematical Sciences  
B.S., Nanjing University, 2002  
M.Engr., University of Tokyo, 2006  
Ph.D., Emory University, 2011 (2011)

**Robert E. Magnus**, Professor Emeritus of Criminal Justice  
B.G.E., University of Omaha  
M.Ed., Mississippi State University  
Ed.D., Mississippi State University (1973)

**Pamela L. Mahan**, Associate Professor of Nursing  
B.S., Ball State University, 1976  
M.A., Ball State University, 1979  
B.S., Ball State University, 1980  
Ph.D., University of Alabama-Birmingham, 2002 (2005)

**Santanu Majumdar**, Associate Professor of Art  
M.F.A., Louisiana State University and A&M College, 2009 (2011)

**Nancy L. Malcom**, Associate Professor of Sociology  
B.A., Miami University, 1994  
Ph.D., Vanderbilt University, 2000 (2000)

**Gustavo O. Maldonado**, Associate Professor of Construction Management  
B.S.C.E., National University of Cordoba, 1982  
M.S., Virginia Tech, 1987  

**Carolyn Mandes**, Assistant Professor Emerita of Education  
B.S.Ed., Georgia Teachers College, 1956  
M.Ed., Georgia Southern College, 1974  
Ed.S., Georgia Southern College, 1978 (1971)

**Nicholas Mangee**, Associate Professor of Economics  
B.A., Saint Lawrence University, 2006  
M.A., University of New Hampshire, 2007  
Ph.D., University of New Hampshire, 2011 (2011)

**Celine F. Manoosingh**, Assistant Professor of Civil Engineering and Construction Management  
B.S.C.E., University of South Florida, 2007  
M.S., University of South Florida, 2012  
Ph.D., University of South Florida, 2014 (2014)

**James E. Manring**, Professor Emeritus of Engineering Studies and Dean Emeritus, Allen E. Paulson College of Technology  
B.S., University of Florida, 1963  
M.E., University of Florida, 1966  
Ph.D., University of Florida, 1970 (1977)

**Keri Barksdale Mans**, Assistant Professor of Rehabilitation Sciences  
B.S., Mississippi State University, 2004  
Ph.D., University of Alabama-Birmingham, 2010 (2014)

**Robert Mans**, Assistant Professor of Biology  
B.S., University of Florida, 2005  
Ph.D., University of Alabama-Birmingham, 2011 (2014)

**Ashley Marranzino**, Limited-Term Instructor of Biology  
B.S., Regis University, 2013  
M.S., University of Rhode Island, 2016 (2017)

**Nandi Aliya Marshall**, Assistant Professor of Health Sciences  
B.A., Spelman College, 2004  
M.P.H., East Stroudsburg University, 2006  
Dr.P.H., Georgia Southern University, 2012 (2013)

**Clinton D. Martin**, Senior Lecturer of Construction Management  
B.S., University of Central Oklahoma, 2004  
M.S., University of Oklahoma, 2006 (2008)

**Grace Martin**, Professor Emerita of Psychology  
B.A., Armstrong State College  
M.S., Florida State University  
Ph.D., Florida State University (1980)

**Kimberly Martin Tecklenburg**, Limited-Term Instructor of Political Science  
B.A., Sweet Briar College, 2003  
M.A., University of Florida, 2007  

**Addie K. Martindale**, Assistant Professor of Fashion Merchandising and Apparel Design  
B.S., Mississippi State University, 2003  
M.S., Colorado State University, 2012  
Ph.D., Iowa State University, 2017 (2017)

**Valerie Candice Martinez**, Instructor of Nursing  
B.S.N., University of New Mexico, 2008  
D.N.P., Medical University of South Carolina, 2014 (2015)

**Doralina Martinez-Conde**, Associate Professor Emerita of Spanish  
B.A., Universidad Nacional Pedro Henriquez Urena, 1972  
M.A., The Ohio State University, 1984  
Ph.D., University of Massachusetts, 1994 (1991)

**Mary R. Marwitz**, Associate Professor Emerita of Writing and Linguistics  
B.S.Ed., Georgia Southern College, 1972  
M.A., Baylor University, 1982  
Ph.D., University of South Carolina, 1998 (1996)
*WILLIAM A. MAE, Assistant Professor of Health Policy and Management
B.A., Wright State University, 1989
M.A., West Virginia University, 1992
M.P.H., The Ohio State University, 2005
Dr.P.H., University of Kentucky, 2008 (2014)

*DOUGLAS MASINI, Professor of Respiratory Therapy and Chair, Department of Diagnostic and Therapeutic Sciences
A.A.S., University of Toledo, 1983
B.S., University at Albany-State University of New York, 1990
M.A., Tusculum College, 1997

*RICHARD L. MASON, Associate Professor of Music
B.A., West Virginia Wesleyan College, 1979
M.A., California State University-Northridge, 1981

*STEPHANIE L. MASON, Lecturer of Music
B.M., University of Alabama, 1990
M.M., Florida State University, 1992

*CAROLEE M. MASSEY, Associate Professor of Nursing
B.S., Medical College of Georgia, 1970
M.S.N., Medical College of Georgia, 1977
Ed.D., University of Georgia, 1989 (1976)

*SCOTT C. MATEER, Associate Professor and Interim Chair, Department of Biology
B.S., University of Nebraska-Omaha, 1989
Ph.D., University of Texas Southwestern Medical Center, 1998 (2005)

*ASHLEY LOREN MATHEWS, Lecturer of Biology
B.S., University of Miami, 2005
M.A., University of Miami, 2007
Ph.D., University of Florida, 2013 (2013)

KISHWAR MIRZA MAUR, Associate Professor Emerita of Biology
B.S., Women's College, 1954
B.Ed., Osmania University, 1955
M.S., Ohio University, 1961
Ph.D., University of Florida, 1967 (1967)

*TRENT W. MAURER, Professor of Child and Family Development
B.A., University of Notre Dame, 1998
M.S., University of Illinois at Urbana-Champaign, 1999
Ph.D., University of Illinois at Urbana-Champaign, 2003 (2003)

*ROBERT L. MAYES, Research Professor of Teaching and Learning
B.S.E., Emporia State University, 1979
M.S., Emporia State University, 1981
Ph.D., Kansas State University, 1989 (2011)

*TILICIA L. MAYO-GAMBLE, Assistant Professor of Community Health Behavior and Education
B.A., Butler University, 2006
M.A., Indiana University-Bloomington, 2010
M.P.H., Indiana University-Bloomington, 2012
Ph.D., Indiana University-Bloomington, 2015 (2017)

*RODNEY McADAMS, Associate Professor of Health Sciences
B.A., Kansas State Teachers College, 1973
M.A., University of Akron, 1975
Ph.D., University of Kansas, 1996 (2001)

*JULIANN SERGI McBRAER, Assistant Professor of Leadership, Technology, and Human Development
B.A., State University of New York College at Buffalo, 1995

A.A.S., Johnson & Wales University, 1996
M.Ed., Ohio University, 1999
Ed.S., Georgia Southern University, 2010
Ed.D., Georgia Southern University, 2013 (2015)

*LANCE D. McBRAYER, Associate Dean of Faculty and Research Programs, College of Science and Mathematics, and Professor of Biology
B.S., Berry College, 1993
M.A., College at Buffalo, State University of New York, 1996
Ph.D., Ohio University, 2002 (2005)

*LINDAANNAH HOLLIS McCALL, Associate Professor of Early Childhood Education
A.B., University of Georgia, 1962
M.Ed., Armstrong State College, 1983
Ed.S., Georgia Southern University, 1995
Ed.D., Georgia Southern University, 2002 (2007)

CHERIE L. McCANN, Instructor of Nursing
B.S.N., George Mason University, 1999
M.S.N., George Mason University, 2003 (2007)

*JIE GUO McCARDE, Assistant Professor of Management
B.S., University of International Business and Economics, 1989
M.B.A., University of Central Florida, 1998
Ph.D., University of Central Florida, 2007 (2016)

*NANCY McCARLEY, Associate Professor of Psychology
B.A., Mississippi State University, 1984
M.S., Mississippi State University, 1986
Ph.D., Mississippi State University, 1993 (2010)

*SARAH McCARROLL, Associate Professor of Theatre
A.F.A., Young Harris College, 1995
B.A., University of Missouri, 1997
M.F.A., University of Alabama, 2004
Ph.D., Indiana University, 2011 (2011)

WILLIAM W. McCARTNEY, Professor Emeritus of Management
B.I.M., Alabama Polytechnic Institute, 1964
M.B.A., Samford University, 1970

*STARLA McCOLLUM, Professor of Kinesiology
B.S., Winthrop College, 1982
M.S., Winthrop College, 1984
Ph.D., Virginia Polytechnic Institute and State University, 1997 (1999)

*KAREN M. McCURDY, Assistant Professor of Political Science and International Studies
B.A., University of Colorado-Boulder, 1979
M.A., University of Wisconsin, 1982
Ph.D., University of Wisconsin, 1989 (1995)

JAMES MICHAEL McDonald, Professor Emeritus of Management
B.S., Georgia Institute of Technology, 1971
M.Ed., University of Georgia, 1973
Ph.D., University of Georgia, 1976 (1987)

SHAUNELL CARTER McGE, Clinical Instructor of Radiologic Sciences
B.B.A., Savannah State University, 1995
B.S.R.S., Armstrong Atlantic State University, 2004
M.A.H., University of Phoenix, 2007 (2010)

*CATHERINE MICHELE DAVIS McGIBONY, Assistant Professor of Spanish
B.S., Georgia Southern University, 1993
Ph.D., University of Alabama, 1997 (2000)

*LETICIA L. McGrath, Assistant Professor of Spanish
B.A., Mobile College, 1993
M.A., Auburn University, 1995
Ph.D., University of Kentucky, 2000 (2000)

*MICHAEL JOSEPH McGRATH, Professor of Spanish
B.A., Georgia Southern College, 1988
M.A., Middlebury College, 1989
Ph.D., University of Kentucky, 1998 (2000)

*RICHARD D. McGRATH, Professor of Economics
B.A., Framingham State College, 1987
M.A., University of Virginia, 1989
Ph.D., University of Virginia, 1997 (1997)

*JULIE McGUIRE, Professor of Art
B.A., Illinois College, 1983
M.A., University of Arkansas, 1988
Ph.D., Indiana University, 2002 (1987)

WILLIAM D. McINTOSH, Professor Emeritus of Psychology
B.S., Fordham University, 1984
M.A., Duquesne University, 1985
Ph.D., University of Georgia, 1990 (1990)

*BRITTON A. MCKAY, Associate Professor of Accounting
B.S., Southern Illinois University, 2001
M.Acc., Southern Illinois University, 2003

*DENSON KELLY McLAIN, Professor Emeritus of Biology
B.S., Texas A&M University, 1976
M.S., University of Florida, 1978
Ph.D., Emory University, 1982 (1987)

JUDITH McLAUGHLIN, Professor Emeritus of Health
B.A., Berea College, 1966
M.S., The Ohio State University, 1971
Ph.D., Southern Illinois University, 1980 (1997)

THOMAS BRUCE McLEAN Sr., Associate Professor Emeritus of Mathematical Sciences
B.S.Ed., Ohio Northern University, 1963
M.A., Bowling Green State University, 1965
Ph.D., University of Kentucky, 1971 (1980)

*JAMES L. McMillan, Professor Emeritus of Health and Kinesiology
B.S.Ed., Georgia Southern College, 1981
M.S., Auburn University, 1984

*LAUREN McMillan, Reference and Instruction Librarian and Assistant Professor of Library Science
A.B., University of Georgia, 2005
M.L.I.S., University of South Carolina-Columbia, 2008 (2013)

*TIMOTHY R. McMillan III, Associate Professor of Mathematical Sciences
B.S., University of South Carolina-Columbia, 1979
Ph.D., University of Florida, 1990 (1990)

*EMERSON THOMAS McMULLEN, Associate Professor of History
B.S., Washington State University, 1964
M.S.E.A., Southern Methodist University, 1971
M.A., Indiana University, 1986
Ph.D., Indiana University, 1989 (1991)

*RYAN K. McNUTT, Assistant Professor of Anthropology
B.S., Middle Tennessee State University, 2006
M.Ltr., University of Glasgow, 2010
Ph.D., University of Glasgow, 2014 (2016)

GINNY STARLING McPHAIL, Limited-Term Instructor of Finance and Economics
B.B.A., Georgia Southern University, 1996
M.B.A., Georgia Southern University, 2000 (2009)

*MURALIDHAR MEDIDI, Professor and Chair, Department of Computer Sciences
B.Tech., Jawaharlal Nehru Technological University, 1983
M.Tech., Indian Institute of Technology, 1986
Ph.D., University of Central Florida, 1994 (2013)

WALDO E. MEEKS, Professor Emeritus of Industrial Technology
B.S., Georgia Southern College, 1972
M.T., Georgia Southern College, 1976
Ed.D., University of Tennessee, 1980 (1980)

WILLIAM L. MEGATHLIN, Professor Emeritus of Criminal Justice
B.A., Presbyterian College
M.Ed., University of Georgia
Ed.D., University of Georgia (1971)

AAKASH MEHTA, Lecturer of Biology
B.S., Long Island University-Brookville, 2009
M.S., Long Island University-Brookville, 2013 (2014)

*PETER J. MELLEN, Associate Professor of Theatre
B.A.C., Bowling Green State University, 1978
M.A., Bowling Green State University, 1980
Ph.D., Bowling Green State University, 1988 (1993)

*BRIDGET F. MELTON, Professor of Health and Kinesiology
B.A., Purdue University, 1997
M.S., Georgia Southern University, 2000
Ed.D., Georgia Southern University, 2005 (1998)

*TERI DENLEA MELTON, Associate Professor of Educational Leadership
B.A., University at Albany, State University of New York, 1974
M.S., Buffalo College, State University of New York, 2001
Ed.D., Lehigh University, 2004 (2008)

*ANNIE S. MENDENHALL, Assistant Professor of English
B.A., University of North Georgia, 2007
M.A., The Ohio State University, 2009
Ph.D., The Ohio State University, 2013 (2013)

*KATIE MERCER, Academic Professional and Instructor of Health Policy and Management
B.A., Georgia Regents University, 2003
M.P.H., Armstrong Atlantic State University, 2005
Dr.P.H., Georgia Southern University, 2014 (2012)

MIA MERLIN, Lecturer of Art
B.A., Hampshire College, 1992
M.F.A., Georgia State University, 2003 (2014)

*DOROTHEE MERTZ-WEIGEL, Associate Professor of French and Director, International Education
B.A., Otterbein College, 1998
M.A., The Ohio State University, 2000
Ph.D., The Ohio State University, 2005 (2007)

*CHERYL T. METREJEAN, Associate Professor of Accounting
B.S.B.A., University of Southwestern Louisiana, 1986
M.Acc., University of North Carolina at Chapel Hill, 1988
Ph.D., Texas A&M University, 1997 (2005)

*PAUL EDDIE METREJEAN, Associate Professor of Accounting
B.S.B.A., University of Southwestern Louisiana, 1989
M.T., University of Mississippi, 1997
Ph.D., University of Mississippi, 2004 (2005)

*GRZEGORZ J. MICHALSKI, Lecturer of Mathematical Sciences
B.S., University of Warsaw, 1986
M.S., University of Warsaw, 1986
Ph.D., University of Notre Dame, 1996 (1998)

*BRYAN L. MILLER, Associate Professor of Criminal Justice and Criminology
B.S., Virginia Polytechnic Institute and State University, 2004
M.S., Virginia Polytechnic Institute and State University, 2005

ROSE B. MILLIKAN, Assistant Professor Emerita of Mathematics
B.A., University of Arkansas, 1959
M.Ed., University of Arkansas, 1962
B.F.A., Georgia Southern College, 1987
Ed.S., Georgia Southern University, 1993 (1985)

LAURA A. MILNER, Associate Professor Emerita of Writing and Linguistics
B.A., University of Alabama, 1981
M.A.L.S., Wesleyan University, 1984

TIJUANA MILTON, Lecturer of Nursing
B.S.N., Norfolk State University, 2004
M.S., Western Governors University, 2013 (2016)

ANDI E. MINCER, Associate Professor of Physical Therapy
A.A., Pensacola Junior College, 1979
B.H.S., University of Florida, 1981
M.S., Georgia State University, 1990
Ed.D., Georgia Southern University, 2011 (1996)

*WEIHUA MING, Allen E. Paulson Distinguished Chair in Materials Science and Research Professor of Chemistry
B.S., Fudan University, 1993
Ph.D., Fudan University, 1998 (2011)

*GUSTAVO J. MOLINA, Associate Professor of Mechanical Engineering
B.S., National University of Cordoba, 1986
M.A.S.C., University of Ottawa, 1994
Ph.D., Virginia Polytechnic Institute and State University, 2000 (2000)

*KAZI MIRZA, Limited-Term Assistant Professor of Mechanical Engineering
B.S.M.E., Bangladesh University of Engineering and Technology, 2005
M.B.A., Institute of Business Administration University of Dhaka, 2008
M.M.E., Auburn University, 2016
Ph.D., Auburn University, 2016 (2017)

MARCUS MITCHELL, Lecturer of English
B.A., Illinois Wesleyan University, 2008
M.A., Case Western Reserve University, 2011 (2016)

*W. BEDE MITCHELL, Dean, Zach S. Henderson Library, and Associate Professor
B.A., University of Michigan, 1975
A.M.L.S., University of Michigan, 1977
Ed.D., Montana State University-Bozeman, 1989 (1999)

*ADITI MITRA, Limited-Term Instructor of Mathematics
A.S., University of Calcutta, 1988
B.S., University of Nevada, 1995
M.S., University of Nevada, 1999 (2012)

*ANIRUDDHA MITRA, Professor of Mechanical Engineering
B.S.M.E., Jadavpur University, 1985
M.S.M.E., Indian Institute of Science, 1987

MOHAMMADHI MOAZZAM, Lecturer of Electrical Engineering
B.S., Tehran University, 1987
M.Eng.S., University of New South Wales, 1993
Ph.D., University of New South Wales, 1998 (2015)

CLEON M. MOBLEY JR., Associate Professor Emeritus of Physics
B.S., Northern Illinois University, 1961
B.S., Oglethorpe College, 1963
M.S., University of Missouri-Rolla, 1966
Ph.D., The Union for Experimenting Colleges and Universities, 1967 (1967)

*EDWARD B. MONDOR, Associate Professor of Biology
B.S., Brandon University, 1993
M.S., University of Alberta, 1996
Ph.D., Simon Fraser University, 2001 (2006)

JUSTIN MONTEMARANO, Lecturer of Biology
B.S., Nazareth College, 2004
Ph.D., Kent State University, 2013 (2012)

BRANDI L. MOODY, Limited-Term Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2012
M.A., Georgia Southern University, 2015 (2014)

*JULIAN LOWELL MOONEY, Professor of Accounting
B.B.A., University of Georgia, 1978
M.Acc., University of Georgia, 1979
Ph.D., University of Georgia, 1989 (1989)

CHRISTINE JOHNSON MOORE, Lecturer of Respiratory Therapy
B.S., Armstrong Atlantic State University, 2006
M.Ed., Armstrong Atlantic State University, 2007

*DANELL COOPMAN MOORE, Instructor of Nursing
A.D.N., Georgia State College, 1976
B.S.N., Armstrong State College, 1980
M.Ed., Valdosta State College, 1991
M.S.N., Georgia Southern University, 1994 (2006)

*MICHAEL T. MOORE, Professor of Reading
B.Ed., Duquesne University, 1972
M.Ed., University of Pittsburgh, 1976

*SUE MULLINS MOORE, Professor Emerita of Anthropology
B.A., University of Florida, 1975
M.A., University of Florida, 1977

KATHY T. MORRIS, Assistant Professor of Nursing
A.S.N., Armstrong Atlantic State University, 1999
M.S.N., Armstrong Atlantic State University, 2001
Ed.D., Georgia Southern University, 2015 (2008)

*MARLA B. MORRIS, Professor of Curriculum, Foundations, and Reading
B.A., Tulane University, 1991
M.A., Loyola University-New Orleans, 1993
Ph.D., Louisiana State University and A&M College, 1999 (2000)

*TONY R. MORRIS, Associate Professor of English
B.A., University of North Carolina-Charlotte, 1996
M.A., University of North Carolina-Charlotte, 1998
Ph.D., Florida State University, 2002 (2006)

*HANS P. MORTENSEN, Associate Professor of Art
B.S., Rochester Institute of Technology, 1985
M.S., Rochester Institute of Technology, 1989 (1991)

*JEFFREY MICHAEL MORTIMORE, Discovery Services and Data Curation Librarian and Assistant Professor
B.A., University of North Carolina-Greensboro, 1998
M.T.S., Harvard Divinity School, 2002

CLEMENT CHARLTON MOSELEY, Professor Emeritus of History
B.S.Ed., Georgia Southern College, 1959
M.A., Georgia Southern College, 1965
Ph.D., University of Georgia, 1968 (1963)

JANET MOSS, Senior Lecturer of Quantitative Analysis
B.A., University of South Florida, 1983
M.B.A., Georgia State University, 1985 (2008)

*STEVEN E. MOSS, Professor of Quantitative Analysis
B.A., University of South Florida, 1982
M.B.A., Georgia State University, 1985
Ph.D., Georgia State University, 1994 (2000)

*MARGARET J. MOSSHOLDER, Assistant Professor of Nursing
A.A.S., Western Wisconsin Technical College, 1987
B.S.N., Viterbo College, 1992
M.S., Winona State University, 1994
Ph.D., Capella University, 2015 (2012)

*MARC E. MOUTLON, Professor of Art
B.A., Weber State University, 1985

*ISSAM MOUSSAOUI, Assistant Professor of Logistics and Supply Chain Management
B.S., Ecole Nationale de Commerce et de Gestion, 2007
M.Mgt., Toulouse Business School, 2011
M.B.A., University of Arkansas-Fayetteville, 2011
Ph.D., University of Arkansas-Fayetteville, 2017 (2017)

CHRISTY ANN MROCZEK, Senior Lecturer of English
B.A., Western Michigan University, 2002

*STEFAN MUELLER, Assistant Professor of Mathematical Sciences
M.A., University of Wisconsin, 2003
Ph.D., University of Wisconsin, 2008 (2015)

DEBORAH LYNN MULFORD, Lecturer of Nursing
B.S.N., Armstrong Atlantic State University, 1998
M.S.N., Armstrong Atlantic State University, 2004
Ph.D., Hampton University, 2016 (2007)

*LINDA G. MULLEN, Associate Professor of Marketing
B.A., Western Michigan University, 1976
M.B.A., Southern Illinois University, 1997

DONNA MULLENAX, Senior Lecturer of Physics and Astronomy
B.A., West Virginia University, 1996
B.S.S.Ed., West Virginia University, 1996
M.S., Clemson University, 1999 (1999)

LISA K. LUNSFORD MULLER, Limited-Term Instructor of Communication Arts
B.S., Georgia Southern University, 1998
J.D., University of Georgia, 2001 (2004)

LINDA S. MUNILLA, Professor Emerita of Marketing
B.S., West Virginia Institute of Technology, 1971
M.S.Ed., Virginia Polytechnic Institute and State University, 1976
Ed.D., Virginia Polytechnic Institute and State University, 1981 (1979)

*BARRY A. MUNKASY, Associate Professor of Kinesiology
B.S.E., Tulane University of Louisiana, 1985
M.S., Arizona State University, 1990
Ph.D., University of Southern California, 1999 (1998)

RICHARD MUNSON, Professor Emeritus of Mathematics
B.S., Houghton College
M.S., Rutgers University
Ph.D., Rutgers University (1972)

*JASON MURDOCK, Assistant Professor of Graphic Design
B.F.A., Indiana University Purdue University, 2003
M.F.A., Kent State University, 2016 (2017)

EUGENE C. MURKISON, Professor Emeritus of Management
B.S.A., University of Georgia, 1959
M.B.A., University of Rochester, 1970
Ph.D., University of Missouri, 1986 (1984)

*DENNIS DAILEY MURPHY, Professor of Criminal Justice, Social and Political Science
B.A., University of Florida, 1969
J.D., University of Florida, 1974
M.Ed., University of Florida, 1975

JONATHAN MURPHY, Lecturer Professor of Music
B.M., Georgia Southern University, 2007
M.Mus., University of Tennessee-Knoxville, 2010 (2016)

*THOMAS E. MURPHY, Associate Professor of Engineering
B.S.E.E., University of Notre Dame, 1988
M.Engr., University of Florida, 1992

*DAVID MURRAY, Professor of Music
B.M., Southwest Baptist University, 1993
M.M., University of Kentucky, 1995

*NICHOLAS MURRAY, Research Assistant Professor of Kinesiology
B.S., San Diego State University, 2009
M.A., San Diego State University, 2010
Ph.D., University of Texas-El Paso, 2014 (2014)

*JESSICA MUTCHEL, Assistant Professor of Athletic Training
B.S., University of Delaware, 2008
M.S.Ed., Old Dominion University, 2010
Ph.D., Old Dominion University, 2015 (2015)

*MARY ELIZABETH HARBEN MYERS, Associate Professor of Fashion Merchandising and Apparel Design and Interim Chair, School of Human Ecology
B.S., University of Georgia, 2001
M.S., University of Georgia, 2004
Ph.D., Auburn University, 2009 (2012)
*SOONKIE NAM, Assistant Professor of Civil Engineering and Construction Management  
B.E., Ajou University, 1996  
M.E., Ajou University, 1998  
M.S., Virginia Tech, 2005  

BEAULAH SUGANDHINI NARENDRAPURAPU, Lecturer of Chemistry  
B.S., Osmania University, 2006  
M.S., Indian Institute of Technology, 2008  
Ph.D., University of Georgia, 2013 (2013)

ALIREZA NARIMANNEZHAD, Limited-Term Assistant Professor of Mechanical Engineering  
B.S., Sharif University of Technology, 2005  
M.S., Sharif University of Technology, 2008  
Ph.D., Washington State University, 2015 (2017)

*SAEED NASSEH, Assistant Professor of Mathematical Sciences  
B.S., Sharif University of Technology, 2001  
M., University of Tehran, 2003  
Ph.D., North Dakota State University, 2013 (2014)

*KAREN Z. NAUFEL, Associate Professor Psychology  
B.A., University of Arkansas, 2002  
M.A., University of Arkansas, 2004  
Ph.D., University of Arkansas, 2007 (2007)

*SHAHNAM NAVAEE, Professor of Civil Engineering  
B.S., Louisiana State University and A&M College, 1980  
M.S., Louisiana State University and A&M College, 1983  
Ph.D., Clemson University, 1989 (1993)

*DZIYANA NAZARUK, Assistant Professor of Health Sciences  
B.L.S., Armstrong Atlantic State University, 2006  
M.S., Armstrong Atlantic State University, 2008  
M.P.H., Armstrong Atlantic State University, 2011  
Dr.P.H., Georgia Southern University, 2014 (2016)

CHRISTINA A. NDALUKA, Lecturer of Biology  
B.A., University of Colorado, 2000  
Ph.D., Colorado State University-Fort Collins, 2011 (2014)

BETTY MOORE NELSON, Instructor Emerita of Teaching and Learning  
A.S., Tidewater Community College, 1976  
B.S., Old Dominion University, 1977  
M.S.Ed., Old Dominion University, 1980 (1986)

CLAIRE T. NELSON, Limited-Term Assistant Professor of Writing and Linguistics  
M.F.A., Florida State University, 2014 (2015)

ERIC R. NELSON, Professor Emeritus of Writing  
B.A., Virginia Polytechnic Institute and State University, 1975  

ROBERT NORTON NELSON, Associate Professor Emeritus of Chemistry  
B.S., Brown University, 1963  
Ph.D., Massachusetts Institute of Technology, 1969 (1970)

*TRACI L. NESS, Associate Professor of Biology  
B.S., Eckerd College, 1995  

CAROL M. NESSMITH, Assistant Professor Emerita of Mathematics  
B.S., University of Georgia, 1968  
M.Ed., University of Georgia, 1969  
Ed.S., Georgia Southern University, 1992 (1978)

S. LLOYD NEWBERRY, Dean Emeritus, College of Education, and Professor Emeritus of Science Education  
B.S.Ed., University of Georgia  
M.Ed., University of Georgia  
Ed.D., University of Georgia (1968)

BOBBIE JO NEWELL, Instructor of Environmental Health Sciences  
B.S.Ed., Georgia Southern University, 2004  
M.Ed., Georgia Southern University, 2012 (2013)

*EMILY M. NEWELL, Assistant Professor of Sport Management  
B.A., Butler University, 2011  
M.A., The Ohio State University, 2013  
Ph.D., The Ohio State University, 2016 (2016)

*NICHOLAS D. NEWELL, Assistant Professor of Communication Arts  
B.A., Hanover College, 1998  
M.F.A., Harvard University, 2001 (2013)

APRIL C. NEWKIRK, Instructor of Early Childhood Education  
B.S.Ed., Georgia Southern University, 2004  
M.Ed., Georgia Southern University, 2008 (2010)

*SZE-MAN NGAI, Professor of Mathematical Sciences  
B.S., University of Hong Kong, 1987  
M.A., University of Pittsburgh, 1989  
Ph.D., University of Pittsburgh, 1995 (2000)

*HA NGUYEN, Assistant Professor of Mathematical Sciences  
A.A., Fullerton College, 2003  
B.S., University of California-Los Angeles, 2005  
M.S., Emory University, 2008  
Ph.D., Emory University, 2010 (2012)

BETSY H. NICHOLS, Associate Professor Emerita of Writing and Linguistics  
A.B., Alabama College, 1969  
M.A., University of Arkansas, 1971  
Ph.A., University of Arkansas, 1972 (1981)

JAMES R. NICHOLS, Professor Emeritus of Literature and Chair Emeritus, Department of English and Philosophy  
B.A., Union College, 1961  
M.A., University of North Carolina at Chapel Hill, 1966  
Ph.D., University of North Carolina at Chapel Hill, 1969 (1987)

*MICHAEL E. NIELSEN, Professor and Chair, Department of Psychology  
B.A., Southern Utah State College, 1986  
M.A., Northern Illinois University, 1990  
Ph.D., Northern Illinois University, 1992 (1993)

SHEILA E. NIELSEN, Lecturer of Writing and Linguistics  
B.S., Brigham Young University, 1994  
M.A., Georgia Southern University, 2015 (2014)

JOHN F. NOLEN JR., Vice President Emeritus of Student Affairs and Dean Emeritus of Students  
B.A., Furman University, 1960  
B.D., Southeastern Baptist Theological Seminary, 1963  
Ph.D., Florida State University, 1972 (1970)

PATRICIA A. NOONE, Lecturer of General Studies  
B.A., Augusta State University, 1997  
M.A., Georgia Southern University, 1999 (2012)

*ERIK S. NORDENHAUG, Associate Professor of Philosophy
B.A., Mercer University, 1985
M.A., Emory University, 1989
Ph.D., Emory University, 1994 (1995)

RICHARD NORDQUIST, Professor Emeritus of English
B.A., State University of New York
M.A., University of Leicester
Ph.D., University of Georgia (1980)

*WILLIAM I. NORTON JR., Associate Professor of Management
B.S., Georgia State University, 1979
M.B.A., Kennesaw State University, 1992
Ph.D., University of South Carolina, 1998 (2008)

*PATRICK J. NOVOTNY, Professor of Political Science and International Studies
B.S., Illinois State University, 1989
M.A., University of Wisconsin, 1990
Ph.D., University of Wisconsin, 1995 (1995)

*KWAKU NTI, Associate Professor of History
M.Phil., University of Ghana, 1998
M.A., Central Michigan University, 2005
Ph.D., Michigan State University, 2011 (2011)

VICKIE R. NYLANDER, Assistant Professor of Nursing
Dipl., Rockingham Community College, 2003
A.A.S., Rockingham Community College, 2010
B.S.N., University of Phoenix, 2013
M.S., American Sentinel University, 2015 (2017)

O

JANET L. O'BRIEN, Director Emerita, Academic Success Center
A.S., South Georgia College, 1980
B.S.Ed., Georgia Southern College, 1982

*GLENDA L. OGLETREE, Associate Professor of Early Childhood Education
B.S.Ed., Jacksonville State University, 1975
M.S.Ed., Jacksonville State University, 1977
Ph.D., University of Alabama, 2008 (2008)

*CONSTANTIN OGBLBIN, Associate Professor of Economics
Diploma, Kuban State University, 1978
K.E.N., Rostov State University, 1986
M.A., Kent State University, 1996
Ph.D., Kent State University, 1999 (2000)

HERBERT A. O'KEEFE JR., Professor Emeritus of Accounting
B.B.A., University of Georgia, 1962
M.Acc., University of Georgia, 1967
Ph.D., Georgia State University, 1974 (1978)

JAMES H. OLIVER JR., Fuller E. Callaway Professor Emeritus of Biology and Director Emeritus, Institute of Arthropodology and Parasitology
B.S.Ed., Georgia Teachers College, 1952
M.S., Florida State University, 1954
Ph.D., University of Kansas, 1962 (1969)

EDIE ANDERSON OLLIFF, Limited-Term Instructor of Accounting
B.B.A., Stetson University, 1986

MARGARET OLSN, Limited-Term Instructor of Nursing

*CHRISTINA M. OLSON, Assistant Professor of Writing and Linguistics
B.A., College at Fredonia, State University of New York, 2003
M.F.A., Minnesota State University, 2007 (2011)

JOSEPH O. OLSON JR., Professor Emeritus of Art
M.Ed., Temple University, 1956
M.F.A., Temple University, 1965
Ed.D., University of Georgia, 1970 (1969)

*BRODERICK O. OLUYEDE, Professor of Mathematical Sciences
B.S., University of Ilorin, 1981
M.S., Bowling Green State University, 1985
M.A., Bowling Green State University, 1987
Ph.D., Bowling Green State University, 1991 (2000)

*JOHN R. O'MALLEY JR., Director of the Regents Engineering Transfer and CoOp Programs, Allen E. Paulson College of Engineering and Information Technology, and Assistant Professor of Information Technology
B.S., Cornell University, 1979
M.S., Syracuse University, 1984
M.B.A., University of Baltimore, 1988
M.S., Virginia Tech, 1996
Ph.D., Virginia Tech, 2000 (2005)

*JOHNATHAN G. O'NEILL, Professor and Chair, Department of History
B.A., Colgate University, 1991
M.A., University of Maryland, 1994
Ph.D., University of Maryland, 2000 (2005)

*ONYILE B. ONYILE, Professor of Art
Diploma, Yaba College of Technology, 1976
B.F.A., Memphis Academy of the Arts, 1980
M.F.A., Memphis State University, 1982
Ph.D., Binghamton University, State University of New York, 2006 (1994)

*SAMUEL OPOKU, Assistant Professor of Health Policy and Management
B.S., Kwame Nkrumah University of Science and Technology, 2006
M.B.Ch.B., Kwame Nkrumah University of Science and Technology, 2009
Ph.D., University of Nebraska Medical Center, 2015 (2014)

*JEFFERY A. ORVIS, Professor of Chemistry
B.S., Oakland University, 1986
Ph.D., University of Tennessee, 1991 (1991)

JESSICA NEWTON ORVIS, Associate Professor of Chemistry
B.S., Vanderbilt University, 1986
M.S., University of Tennessee, 1989 (1992)

*TANESHA CLARICE OSBORNE, Senior Lecturer of Chemistry
B.B.A., Valdosta State University, 1990
M.S.A., Georgia Southwestern State University, 1992 (2010)

LEA PADGETT, Senior Lecturer of Chemistry
B.S., Clemson University, 2000
Ph.D., Clemson University, 2005 (2006)

FRED M. PAGE JR., Professor Emeritus of Education and Associate
Dean Emeritus, External Relations
B.S.Ed., Georgia Southern College, 1971
M.Ed., Georgia Southern College, 1973
Ed.S., Georgia Southern College, 1977
Ed.D., Mississippi State University, 1979 (1973)

JANE ALTMAN PAGE, Professor Emerita of Curriculum, Foundations, and Reading
B.S.Ed., Georgia Southern College, 1971
M.Ed., Georgia Southern College, 1974
Ed.S., Georgia Southern College, 1979
Ed.D., Mississippi State University, 1979 (1979)

ROGER NELSON PAJARI, Professor Emeritus of Political Science
B.S., University of Minnesota, 1964
M.A., University of Tennessee, 1968
Ph.D., University of Tennessee, 1973 (1970)

ELLiot PALEFSKY, Professor Emeritus of Psychology
B.S., University of Georgia, 1963
M.Ed., Temple University, 1965
Ed.D., University of South Carolina, 1986 (1971)

NATHAN S. PALMER, Senior Lecturer of Sociology
B.A., University of Nebraska-Lincoln, 2006
M.A., University of Nebraska-Lincoln, 2008
Ph.D., University of Nebraska-Lincoln, 2017 (2010)

*SUMMER S. PANNELL, Assistant Professor of Educational Leadership (P-12)
B.S.Ed., Delta State University, 2001
M.Ed., Union University, 2008
Ph.D., University of Mississippi, 2015 (2017)

JOHN L. PARCELS JR., Assistant Professor Emeritus of Philosophy
B.A., Drew University, 1965
M.A., Emory University, 1972 (1972)

*ANTHONY PARISH, Associate Professor of Health and Physical Education
B.A., University of Arkansas, 1991
M.A., Teachers College Columbia University, 2006
Ph.D., University of Arkansas, 2011 (2011)

*FAYTH M. PARKS, Associate Professor of Counselor Education
B.A., Upsala College, 1977
M.S., Upsala College, 1980
Ph.D., University of Illinois at Urbana-Champaign, 1996 (2002)

JOHN W. PARRISH JR., Professor Emeritus of Biology
B.S., Denison University, 1963
M.A., Bowling Green State University, 1970
Ph.D., Bowling Green State University, 1974 (1988)

LEO G. PARRISH JR., Professor Emeritus of Management
B.E.E., Georgia Institute of Technology, 1961
M.S.I.M., Georgia Institute of Technology, 1964
Ph.D., Georgia Institute of Technology, 1973 (1990)

MILDRED MOORE PATE, Assistant Professor Emerita of Writing and Linguistics
B.A., Claflin College, 1974
M.S.T., Georgia Southern College, 1976 (1985)

*STEVEN JOHN PATTERSON, Instructor of Health and Kinesiology
B.S., Vanguard University of Southern California, 1998
M.S., Palm Beach Atlantic University, 2002

Ed.D., Nova Southeastern University, 2016 (2012)

CHRIS WESLEY PAUL II, Professor Emeritus of Finance
B.S., Southwest Missouri State College, 1972
Ph.D., Texas A&M University, 1979 (2000)

TOM LEO PAUL, Professor Emeritus and Head Emeritus, Department
of Sport Science and Physical Education
B.S., Wisconsin State College-Oshkosh, 1951
M.S., University of Florida, 1961
Ed.D., Florida State University, 1965 (1969)

MARVIN GAY PAYNE, Professor Emeritus and Chair Emeritus,
Department of Physics
A.B., Berea College, 1958
Ph.D., University of Kentucky, 1965 (1991)

*KARL E. PEACE, Georgia Cancer Coalition Distinguished Cancer
Scientist and Professor of Biostatistics
B.S., Georgia Teachers College, 1963
M.S., Clemson University, 1964
Ph.D., Virginia Commonwealth University, 1976 (2000)

WALTER JAMES PEACH, Professor Emeritus of Special Education
B.S., Saint Louis University, 1963
Ed.M., Saint Louis University, 1965
Ph.D., Florida State University, 1968 (1969)

MARY DANIELLE PEACOCK, Lecturer of Nursing
B.S.N., University of Central Missouri, 2004
M.S.N., University of Missouri-Kansas City, 2010 (2015)

*THOMAS A. PEARSALL, Professor of Music
B.M., University of Kentucky, 1982
M.M., Bowling Green State University, 1984

*TIMOTHY A. PEARSON, Professor and Director, School of Accountancy
B.S.Ed., University of Wisconsin, 1979
M.Acc., University of Wisconsin, 1986
Ph.D., University of Wisconsin, 1990 (2012)

ARON P. PEASE, Lecturer of Writing and Linguistics
B.A., Central College, 1995
M.A., Bowling Green State University, 1999

ANGELA HAGAN PEDEN, Lecturer of Community Health Behavior and Education
B.S.; James Madison University, 1999
M.P.H., Georgia Southern University, 2009 (2012)

*JOHN PEDEN, Professor of Recreation
B.S., California State University-Chico, 1999
M.A., California State University-Chico, 2002
Ph.D., College of Environmental Science and Forestry, State University of New York, 2005 (2005)

*JOSEPH N. PELLEGRINO, Associate Professor of Literature
B.A., Duquesne University, 1981
M.A., Duquesne University, 1984
B.F.P.A., Saint Louis University, 1988
Ph.D., University of North Carolina at Chapel Hill, 1996 (2007)

*MICHAEL A. PEMBERTON, Professor of Writing and Linguistics
B.A., University of California-Los Angeles, 1975
M.A., California Polytechnic State University-San Luis Obispo, 1984
Ph.D., University of California-San Diego, 1990 (1999)

*JUANJUAN PENG, Associate Professor of History
*KELLIE O. PENIX, Lecturer of Health and Kinesiology
B.S.Ed., Georgia Southern University, 2008
M.S., Georgia Southern University, 2009
Dr.P.H., Georgia Southern University, 2014 (2012)

ALICIA REBECCA PEREZ, Limited-Term Instructor of Art
B.F.A., Armstrong Atlantic State University, 2009
M.F.A., Georgia Southern University, 2012 (2016)

CURTIS PERKINS, Adjunct Professor and Chair, Department of Military Science
Lieutenant Colonel, U.S. Army
B.S., South Carolina State University, 1999
M.A., Webster University, 2010

CHARLES H. PERRY, Professor Emeritus of Industrial Technology
B.S., Georgia Institute of Technology, 1964
M.Ed., University of Georgia, 1986
Ed.D., University of Georgia, 1990 (1990)

KRISTA PETROSI NO, Lecturer of Writing and Linguistics
B.A., Silver Lake College, 2003
M.A., John Carroll University, 2008
Ph.D., Bowling Green State University, 2012 (2016)

CELINE M. PFUND, Instructor of Nursing
A.A.S., College of DuPage, 1994
B.S.N., University of Pittsburgh, 2008
M.S.N., Robert Morris University, 2010 (2016)

*DANIEL DAVID PIOSKE, Assistant Professor of Religious Studies
B.A., Gustavus Adolphus College, 2004
M.Div., Princeton Theological Seminary, 2007
Ph.D., Princeton Theological Seminary, 2012 (2014)

*ALENA PIROK, Assistant Professor of History
B.A., Southern Illinois University, 2011
M.A., University of South Florida, 2013
Ph.D., University of South Florida, 2017 (2017)

*ROBERT C. PIRRO, Professor of Political Science and International Studies
A.B., Harvard University, 1986
M.A., University of California-Berkeley, 1989
Ph.D., University of California-Berkeley, 1996 (1997)

ELOISE PITT, Lecturer of General Studies
B.S., East Carolina University, 1988
M.A., Kentucky State University, 2007 (2014)

DANIEL PITTMAN, Professor Emeritus of Music
B.M.Ed., University of Southern Mississippi, 1970
M.M., University of Mississippi, 1974
D.M.A., Memphis State University, 1979 (1990)

*J. DIANE PHILLIPS, Assistant Professor of Interior Design
B.S.H.E., University of Georgia, 1976
M.H.E., University of Georgia, 1978 (1989)

*MELISSA SUZANNE PLEW, Senior Lecturer of Communication Studies
B.S., Indiana State University, 1981 (1984)

*ANGELA PINILLA-HERRERA, Assistant Professor of Spanish
B.A., Universidad de Los Andes, 1997
M.A., Arizona State University, 2006
Ph.D., University of Minnesota, 2012 (2012)

*DANIEL DAVID PIOSKE, Assistant Professor of Religious Studies
B.A., Gustavus Adolphus College, 2004
M.Div., Princeton Theological Seminary, 2007
Ph.D., Princeton Theological Seminary, 2012 (2014)

*ADENA PIROK, Assistant Professor of History
B.A., Southern Illinois University, 2011
M.A., University of South Florida, 2013
Ph.D., University of South Florida, 2017 (2017)

*ROBERT C. PIRRO, Professor of Political Science and International Studies
A.B., Harvard University, 1986
M.A., University of California-Berkeley, 1989
Ph.D., University of California-Berkeley, 1996 (1997)

*J. DIANE PHILLIPS, Assistant Professor of Interior Design
B.S., Georgia Institute of Technology, 1964
M.Ed., University of Georgia, 1986
Ed.D., University of Georgia, 1990 (1990)

*MARGARET ANNE PIERCE, Professor Emerita of Mathematics and Computer Science
B.A.Ed., University of North Carolina at Chapel Hill, 1965
M.Ed., University of Florida, 1974
M.S., University of South Carolina, 1987
Ph.D., University of Florida, 1977 (1985)

REINHARD E. PILTNER, Limited-Term Assistant Professor of Mathematics
M.S.C.E., Ruhr University Bochum, 1976

ALLEN L. PINGEL, Professor Emeritus of Biology
B.A., University of North Carolina
M.A.T., University of North Carolina
Ph.D., University of South Carolina (1969)

*SADEGH POOZESH, Limited-Term Assistant Professor of Mechanical Engineering
B.S., Isfahan University of Technology, 2010
M.S., Amirkabir University of Technology, 2012
Ph.D., University of Kentucky, 2015 (2017)

*CHAD POSICK, Assistant Professor of Criminal Justice and Criminology
A.S., Finger Lakes Community College, 2003
B.S., Rochester Institute of Technology, 2006
M.S., Rochester Institute of Technology, 2009
Ph.D., Northeastern University, 2013 (2013)

*AMY POTTER SCHMUTZ, Assistant Professor of Geography
B.S.J., University of Kansas, 2004
M.A., University of Kansas, 2006
Ph.D., Louisiana State University and A&M College, 2011 (2013)

CATHARINE POWELL, Associate Professor Emerita of Nursing
B.S.N., DePauw University
M.S., University of North Carolina
Ed.D., Indiana University (1991)

ANN E. PRATT, Professor Emerita of Biology
B.A., Clark University, 1975
M.S., University of Massachusetts, 1979

DELMA EUGENE PRESLEY, Professor Emeritus of English and Director Emeritus, Museum
A.B., Mercer University, 1961
B.D., Southern Baptist Seminary, 1964
Ph.D., Emory University, 1969 (1969)

BARRABETH AMIE PRICE, Professor Emerita of Decision Sciences
B.S., Grove City College, 1969
M.S., Virginia Polytechnic Institute and State University, 1971
Ph.D., Virginia Polytechnic Institute and State University, 1973 (1996)

LARRY E. PRICE, Professor Emeritus of Finance and Head Emeritus, Department of Finance and Economics
B.S.E.E., University of Arkansas, 1959
M.B.A., University of Arkansas, 1961
Ph.D., University of Arkansas, 1966 (1963)

MICHAEL PRICE, Professor Emeritus of History
B.A., Kansas State University
M.A., University of Georgia
Ed.D., University of Georgia (1993)

PATRICIA T. PRICE, Assistant Professor Emerita of Writing and Linguistics
B.S.Ed., University of Georgia, 1969
M.A., Georgia Southern College, 1977
Ed.D., Georgia Southern University, 2003 (1987)

*STEPHEN P. PRIMATIC, Professor of Music and Interim Chair, Department of Art, Music, and Theatre
B.M., Wilkes University, 1989
M.M., University of Miami, 1991
D.M.A., University of Georgia, 2004 (1997)

*TONY A. PRITCHARD, Professor of Pedagogy
B.S., Erskine College, 1994
M.S., Appalachian State University, 1997
Ed.D., West Virginia University, 2004 (2006)

*ELIZABETH R. PROSSER, Associate Professor of Reading Education
B.S.Ed., Georgia Southern University, 1991
M.Ed., Georgia Southern University, 1994
Ph.D., University of Georgia, 2006 (2006)

*MARY ALYSON PRUDE, Assistant Professor of Religious Studies
B.A., Pomona College, 1998
M.A., University of California-Santa Barbara, 2005
Ph.D., University of California-Santa Barbara, 2011 (2015)

GEORGE PRUDEN, Professor Emeritus of History
B.A., Wake Forest College
M.Ed., University of South Carolina
M.A., American University

Ph.D., American University (1982)

*KEVIN PSONAK, Senior Lecturer of Writing and Linguistics
A.B., Princeton University, 1996
M.A., University of Texas, 2005
Ph.D., University of Texas, 2012 (2012)

CHRISTOPHER JAMES PULLIAM, Adjunct Assistant Professor of Military Science
B.A., Ohio University, 1973
M.S., Seton Hall University, 1981
Ph.D., University of North Carolina at Chapel Hill, 1984 (1991)

*ROGER C. PURCELL, Assistant Professor and Interim Chair, Department of Civil Engineering and Construction Management
B.C.E., Georgia Institute of Technology, 1974
M.S.C.E., Georgia Institute of Technology, 1977
Ph.D., Georgia Institute of Technology, 2014 (2015)

TOMSYE DALE PURVIS, Associate Professor Emerita of Writing and Linguistics
B.A., Oklahoma Baptist University, 1968
M.A., University of Tennessee, 1970
Ph.D., University of Tennessee, 1976 (1981)

*BRANDON PEVEL QUILLIAN, Associate Professor of Chemistry
B.S., Armstrong Atlantic State University, 2003
Ph.D., University of Georgia, 2008 (2011)

LUZVIMINDA QUIRIMIT, Lecturer of Nursing
B.S.N., Far Eastern University, 1980
M.S.N., St. Paul University, 1997 (2008)

*RAFAEL LOPES QUIRINO, Associate Professor of Chemistry
B.S., Universidade de Brasilia, 2005
M.S., Universidade de Brasilia, 2006
Ph.D., Iowa State University, 2011 (2012)

SANDRA C. RABITSCH, Assistant Professor Emerita of English
B.S., Georgia Southern College, 1962
M.S.T., Georgia Southern College, 1969 (1968)

NICHOLAS CYRIL RADKO, Lecturer of Geology
B.S., University of Virginia, 2008
M.S., University of Georgia, 2011 (2013)

FRANK RADOVICH, Associate Professor Emeritus of Health and Kinesiology
B.S.B., Indiana University, 1960
M.S.Ed., Indiana University, 1964
H.S.D., Indiana University, 1980 (1962)

*SHARON G. RADZYMINSKI, Professor and Chair, School of Nursing
B.S.N., Saint John College of Cleveland, 1975
M.S.N., Loyola University Chicago, 1978
Ph.D., Case Western Reserve University, 2001
J.D., Cleveland State University, 2003 (2011)

JOHN A. RAFTER, Associate Professor Emeritus of Mathematics
B.S., University of Michigan, 1966
M.S., Michigan State University, 1968
Ph.D., Michigan State University, 1971 (1984)
**ROSALIND DOROTHY RAGANS**, Associate Professor Emerita of Art Education
B.A., City University of New York-Hunter College, 1955
M.Ed., Georgia Southern College, 1967
Ed.D., University of Georgia, 1971 (1964)

**JANE V. RAGO**, Assistant Professor of English
B.A., Antioch University, 1996
M.A., University of Chicago, 1999
Ph.D., West Virginia University, 2009 (2006)

**REGINA E. RAHIMI**, Associate Professor of Middle and Secondary Education
B.S., Armstrong Atlantic State University, 1993
M.Ed., Georgia Southern University, 1994
Ed.S., Georgia Southern University, 1996
Ed.D., Georgia Southern University, 2002 (2006)

**MOSFEQUR RAHMAN**, Associate Professor of Engineering Studies
B.S., Bangladesh University of Engineering and Technology, 1997
M.S., Bangladesh University of Engineering and Technology, 1999
M.S.E.S.M., University of Alabama, 2002
Ph.D., University of Alabama, 2005 (2006)

**DONALD RAKESTRAW**, Professor Emeritus of History
B.A., Jacksonville State University, 1975
M.A., Jacksonville State University, 1980
Ph.D., University of Alabama, 1991 (1988)

**RIA R. RAMOUTAR**, Lecturer of Chemistry
B.S., Claffin University, 2003
Ph.D., Clemson University, 2009 (2009)

**DELORES RAMSEY**, Assistant Professor Emerita of Health and Kinesiology
B.S.Ed., Georgia Southern College, 1961
M.Ed., Georgia Southern College, 1962
Ed.S., Georgia Southern College, 1973 (1963)

**CINDY HOUSE RANDALL**, Assistant Dean of Student and External Relations, College of Business Administration, and Assistant Professor of Quantitative Analysis
B.B.A., Georgia Southern College, 1978

**E. JAMES RANDALL**, Professor Emeritus of Marketing
B.A., University of South Florida, 1968
M.B.A., University of South Florida, 1973

**DOLORES E. RANGEL**, Professor of Spanish
B.A., Instituto Tecnologico y de Estudios Superiores de Monterrey, 1983
M.A., New Mexico State University, 1988
Ph.D., University of Buffalo, State University of New York, 1998 (2005)

**MARSHALL R. RANSOM**, Senior Lecturer of Mathematical Sciences
A.B., Brown University, 1972
M.S., Stetson University, 1977

**AMAR RASHEED**, Assistant Professor of Computer Science and Information Technology
B.S., University of Baghdad, 1999
M.S., Northeastern Illinois University, 2004
Ph.D., Texas A&M University-College Station, 2010 (2015)

**ELIZABETH R. RASNICK**, Assistant Professor of Information Technology
B.S., Longwood University, 1997
M.S., Old Dominion University, 2009
M.B.A., Old Dominion University, 2011
Ph.D., Old Dominion University, 2016 (2016)

**REBECCA RAYBURN-REEVES**, Assistant Professor of Psychology
B.S., Appalachian State University, 2004
M.A., University of North Carolina-Wilmington, 2007
Ph.D., University of Kentucky, 2011 (2016)

**DAN W. REA**, Professor of Curriculum, Foundations, and Reading
B.A., University of Missouri, 1969
M.A.T., Howard University, 1974
Ed.D., University of Massachusetts, 1983 (1991)

**JULIE K. REAGAN**, Assistant Professor of Health Policy and Management
A.A.S., Bee County College, 1979
B.S., Lamar University, 1990
J.D., University of Houston, 1993
M.P.H., University of Texas Health Sciences Center, 1995
Ph.D., University of Texas Health Sciences Center, 2010 (2014)

**JOYLYN REED**, Professor Emerita of Computer Science
B.S., Auburn University
M.S., Auburn University
M.S., University of Maryland
Ph.D., Auburn University (2001)

**DEBORAH H. REESE**, Associate Professor of English
B.A., University of Texas-Arlington, 1990
M.A., University of Texas-Arlington, 1996
Ph.D., University of Texas-Arlington, 1999 (1999)

**RANDALL REESE**, Professor Emeritus of Music
B.A., Baldwin-Wallace College, 1972
M.M., University of Michigan, 1974
D.M.A., University of South Carolina, 2001 (1976)

**LAURA B. REGASSA**, Professor of Biology
B.A., Marquette University, 1985
Ph.D., University of Wisconsin, 1993 (1999)

**JAMES S. REICHARD**, Professor of Geology and Interim Chair, Department of Geology and Geography
B.S., University of Toledo, 1981
M.S., University of Toledo, 1984
Ph.D., Purdue University, 1995 (1996)

**MICHELLE REIDEL**, Associate Professor of Middle Grades and Secondary Education
B.A., Eckerd College, 1990
M.A., Clark University, 1992

**AIMEE REIST**, Learning Commons Coordinator/Librarian and Assistant Professor of Library Science
B.A., Hampshire College, 1992
M.S., Florida State University, 1998
Ed.S., Florida State University, 2003 (2013)

**KENNETH G. RELYEA**, Professor Emeritus of Biology
B.A., Eckerd College, 1990
M.A., Clark University, 1992

**NANCY LAWSON REMELER**, Associate Professor of English and Director, Center for Teaching and Learning
B.S.Ed., University of Georgia, 1988
M.A., Georgia Southern University, 1992
Ph.D., University of Georgia, 2000 (2002)

**ROXIE REMLEY**, Professor Emerita of Art
A.B., George Peabody College for Teachers, 1949
M.A., George Peabody College for Teachers, 1949
M.F.A., Pratt Institute, 1962 (1950)

*YUCHUN REN, Assistant Professor of Mechanical Engineering
B.Engr., Dalian University of Technology, 1997
M.Engr., Dalian University of Technology, 2000
D.Engr., Tsinghua University, 2005 (2015)

JAMES F. REPPELLA, Dean Emeritus, College of Health Professions, and Professor Emeritus of Nursing
B.S.Ed., Temple University
M.S.N., University of Pennsylvania
Ph.D., University of Pittsburgh (1976)

JUDITH L. REPMAN, Professor Emerita of Leadership, Technology, and Human Development
B.A., Louisiana State University and A&M College, 1974
M.L.S., Louisiana State University and A&M College, 1976
Ph.D., Louisiana State University and A&M College, 1989 (1997)

*RAND W. RESSLER, Associate Dean for Academic Affairs, College of Business, and Professor of Economics
B.S., Auburn University, 1988
Ph.D., Auburn University, 1993 (2013)

WILLIAM MARTIN REYNOLDS, Associate Professor of Curriculum, Foundations, and Reading
B.A., Roberts Wesleyan College, 1975
M.S.Ed., State University of New York at Brockport, 1980
Ed.D., University of Rochester, 1986 (1997)

*PEJMAN REZAKHANI, Limited-Term Assistant Professor of Mechanical Engineering
B.S., Azad University, 2004
M.S., Kyungpook National University, 2012
Ph.D., University of Missouri, 2017 (2017)

DALLAS D. RHODES, Professor Emeritus of Geology and Chair Emeritus, Department of Geology and Geography
B.S., University of Missouri, 1969
M.A., Syracuse University, 1973
Ph.D., Syracuse University, 1973 (1998)

*FREDRICK J. RICH, Professor of Geology
B.S., University of Wisconsin, 1973
Ph.D., Pennsylvania State University, 1979 (1988)

*LEIGH ELIZABETH RICH, Professor of Public Health
B.A., University of Colorado-Denver, 1994
M.A., University of Arizona, 1997
Ph.D., University of Colorado-Denver, 2004 (2006)

DONNIE D. RICHARDS, Associate Professor Emeritus of Spanish and Chair Emeritus, Department of Foreign Languages
B.A., Texas Technological College, 1964
M.A., Texas Tech University, 1972
Ph.D., University of Kentucky, 1976 (1991)

M. VIRGINIA RICHARDS, Associate Professor Emerita of Family and Consumer Sciences Education
B.S.H.E., Texas Technological College, 1967
M.S.H.E., Texas Tech University, 1970
Ed.D., University of South Carolina, 1998 (1991)

EDWIN RICHARDSON, Assistant Professor Emeritus of English
B.A., University of South Florida
M.A., University of Maine (1989)

FRED A. RICHTER, Associate Professor Emeritus of Literature
B.A., Florida State University, 1964
Ph.D., Auburn University, 1971 (1969)

*CURTIS EUGENE RICKER, Dean, College of Liberal Arts and Social Sciences, and Professor of Writing and Linguistics
B.A., Brigham Young University, 1975
M.A., Brigham Young University, 1980

*BRYAN L. RIEMANN, Professor of Sports Medicine
B.S., West Chester University of Pennsylvania, 1995
M.A., University of North Carolina-Chapel Hill, 1997
Ph.D., University of Pittsburgh, 2000 (2006)

*AMY JO RIGGS, Associate Professor of Nutrition and Food Sciences
B.S., Indiana University, 1997
M.S., Ball State University, 2002
Ph.D., Auburn University, 2006 (2006)

REBECCA ELIZABETH RIGGS, Lecturer of Health and Kinesiology
B.S., Mercer University, 2007
M.S., Georgia Southern University, 2009 (2010)

DESIREE M. RILEY, Limited-Term Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2013
M.A., Georgia Southern University, 2016 (2015)

JEFFREY K. RILEY, Limited-Term Assistant Professor of Multimedia Journalism
B.A., University of Central Florida, 2010
M.S., Ohio University, 2011
Ph.D., University of Florida, 2014 (2017)

*EDWARD J. RINALDUCCI, Associate Professor of Sociology
B.S., Florida State University, 1991
M.S., Mississippi State University, 1994
Ph.D., Georgia State University, 2000 (1999)

*FERNANDO RIOS, Associate Professor of Electrical Engineering
B.S.C., National Polytechnic Institute, 1978
M.S., National Institute of Astrophysics, Optics, and Electronics, 1980
M.S., Tulane University, 1988
Ph.D., Tulane University, 2000 (2007)

*KENT ALLAN RITTSCHOF, Professor and Chair, Department of Curriculum, Foundations, and Reading
B.S., Arizona State University, 1988
M.A., Arizona State University, 1992
Ph.D., Arizona State University, 1994 (1994)

NICOLE RIVAS, Limited-Term Instructor of English
B.A., California State University-San Bernadino, 2012
M.F.A., University of Alabama, 2016 (2017)

YVONNE A. ROACH, Lecturer of Chemistry
B.S., Armstrong Atlantic State University, 1988
B.S.N., Armstrong Atlantic State University, 1995
M.Ed., Armstrong Atlantic State University, 2008 (2016)

*JUDITH F. ROBBINS, Associate Professor of Teaching and Learning
B.S., University of South Alabama, 1982
M.Ed., University of South Alabama, 1986
Ph.D., Florida State University, 1991 (1990)

ARNITA P. ROBERTS, Instructor of Nursing
B.S.N., Georgia Southern University, 1995
M.S.N., University of Phoenix, 2005 (2008)

*JAMES HENRY ROBERTS, Assistant Professor of Biology
B.S.F.R., University of Georgia, 2000
M.S., Virginia Tech, 2003
Ph.D., Virginia Tech, 2012 (2014)

*JONATHAN E. ROBERTS, Professor of Psychology and Director, Honors Program
B.A., University of North Carolina-Wilmington, 1995
M.S., Virginia Polytechnic Institute and State University, 1999
Ph.D., Virginia Polytechnic Institute and State University, 2001 (2001)

JOSEPH ROBERTS, Lecturer of Mathematical Sciences
B.S., Missouri State University, 2012
M.S., Missouri State University, 2015 (2015)

*LYNN T. ROBERTS, Assistant Professor of Health and Physical Education
B.S.Ed., Armstrong State College, 1983

*ROBBIE WATERS ROBICHAU, Assistant Professor of Public Administration
B.B.A., Lamar University, 2004
M.P.S.A., Texas A&M University, 2007
Ph.D., Arizona State University, 2013 (2013)

AUERLIA ROBINSON, Associate Professor Emerita of Education
B.A., Spelman College
M.A., Atlanta University
Ph.D., University of Oklahoma (1972)

CHRISTOPHER A. ROBINSON, Limited-Term Assistant Professor of Psychology
B.A., New College of the University of South Florida, 1997
Ph.D., University of Alabama-Birmingham, 2004 (2017)

*HARESH ROCHANI, Assistant Professor of Biostatistics
M.B.B.S., Maharaja Sayajirao University of Baroda, 2007
M.P.H., Georgia Southern University, 2010
Dr.P.H., Georgia Southern University, 2014 (2014)

*KARLA JAN ROCKER, Academic Services Professional
B.M., New Mexico State University, 1988
M.M., Arizona State University, 1991
D.M., Florida State University, 2002 (2011)

*PAUL A. RODELL, Professor of History
B.A., Northern Illinois University, 1968
M.A., University of Buffalo, State University of New York, 1982
Ph.D., University of Buffalo, State University of New York, 1992 (1992)

CHRISTOPHER D. RODRIGUEZ, Lecturer of Nursing
A.A., Armstrong Atlantic State University, 2013
B.S.N., Armstrong Atlantic State University, 2014 (2017)

ROCIO RODRIGUEZ, Limited-Term Instructor of Spanish
B.A., Georgia Southern University, 2007
M.A., Georgia Southern University, 2016
M.A.T., Georgia Southern University, 2016 (2017)

*CRAIG H. ROELL, Professor of History
A.A., University of Houston-Victoria, 1974
B.A., University of Houston, 1977
M.A., University of Texas-Austin, 1980
Ph.D., University of Texas-Austin, 1986 (1989)

LESLEY ROESSING, Senior Lecturer of Education
B.A., University of Pittsburgh, 1971
M.S., Saint Joseph's University, 1992 (2009)

*BAKER A. ROGERS, Assistant Professor of Sociology
B.S., Presbyterian College, 2007
M.S.W., Winthrop University, 2011

Ph.D., Mississippi State University, 2015 (2017)

*CAMILLE F. ROGERS, Associate Professor and Interim Chair, Department of Information Systems
B.B.A., Eastern New Mexico University, 1991
M.B.A., Eastern New Mexico University, 1993
Ed.D., Georgia Southern University, 2006 (1994)

GERALD WESLEY ROGERS, Limited-Term Instructor of Mathematics
B.S.Ed., Georgia Southern University, 1995
M.S., Georgia Southern University, 1997
Ed.D., Georgia Southern University, 2017 (1997)

JOHN THADDEUS ROGERS, Associate Professor Emeritus of Physics
B.S., United States Naval Academy, 1950
M.S., Virginia Polytechnic Institute, 1958
Ph.D., Virginia Polytechnic Institute, 1963 (1965)

*PETER DAVID ROGERS, Associate Professor of Civil Engineering and Construction Management
B.S., Colorado School of Mines, 1991
M.S., Colorado School of Mines, 1995
Ph.D., Colorado State University, 2006 (2012)

RICHARD L. ROGERS, Professor Emeritus and Chair Emeritus, Department of Psychology
B.A., University of Arkansas, 1966
M.A., University of Arkansas, 1968
Ph.D., University of Arkansas, 1971 (1970)

SARAH A. ROGERS, Limited-Term Instructor of Criminal Justice and Criminology
B.A., University of Alabama-Birmingham, 2011
M.S., Mississippi State University, 2015 (2017)

*JOELLE E. ROMANCHIK-CERPOVICZ, Associate Professor of Nutrition and Food Science
B.A., Glassboro State College, 1991
Ph.D., Drexel University, 1996 (1996)

*NERI ROMERO, Assistant Professor of Special Education
B.A., Loyola University Chicago, 1995
M.A.T., Tulane University, 1997
Ph.D., University of North Carolina at Chapel Hill, 2013 (2014)

BRIAN ROONEY, Lecturer of Biology
B.A., Trinity College Dublin, 2001
Ph.D., University of Texas Medical Branch-Galveston, 2010 (2014)

BARBARA ELLEN BROCK ROSS, Lecturer of Mathematical Sciences
B.S.Ed., Armstrong State College, 1989
M.Ed., Armstrong Atlantic State University, 1996
Ed.S., Georgia Southern University, 2003 (2016)

*SABRINA N. ROSS, Associate Professor of Curriculum Studies
B.A., University of North Carolina-Greensboro, 1995
M.S., University of North Carolina-Greensboro, 2001

*CHRISTIAN L. ROSSETTI, Assistant Professor of Logistics and Supply Chain Management
B.E., McGill University, 1999
M.S., Worcester Polytechnic Institute, 2001
Ph.D., Arizona State University, 2006 (2016)

*STEPHEN J. ROSSI, Associate Dean for Institutional Effectiveness and Curriculum, College of Health and Human Sciences, and Professor of Exercise Science
B.A., University of North Carolina-Wilmington, 1998
M.S., Appalachian State University, 2002
*DAVID C. ROSTAL, Professor of Biology
B.S., Pacific University, 1980
M.S., Portland State University, 1986
Ph.D., Texas A&M University, 1991 (1993)

*MARY BETH ROUSSEAU, Assistant Professor of Management
B.A., Michigan State University, 1982
M.S.F., Florida International University, 1987
Ph.D., University of Tennessee, 2013 (2013)

*NALANDA ROY, Assistant Professor of Political Science
B.A., Jadavpur University, 1999
M.A., Jadavpur University, 2001
M.Phil., Jadavpur University, 2004
M.A., University of Toledo, 2008
Ph.D., Rutgers University, 2013 (2013)

CLARA R. RUCKER, Limited-Term Instructor of Geology
B.S., University of Wisconsin-Madison, 2009
B.S., Georgia Southern University, 2014
M.S., University of Kentucky, 2017 (2017)

*JOSEPH S. RUHLAND, Associate Professor of Finance and Interim Chair, Department of Finance and Economics
B.B.A., University of Wisconsin, 1997
Ph.D., University of Georgia, 2006 (2006)

*MARCELDA TERESITA RUIZ-FUNES, Associate Professor of Spanish
B.A., Universidad Nacional de Cordoba, 1984
M.A.Ed., Virginia Tech, 1988

*ALISON M. RUSHING, Instructor of Nursing
A.D.N., Armstrong State College, 1976
B.S.N., Medical College of Georgia, 1978
M.S.N., Medical College of Georgia, 1979
Ph.D., Virginia Commonwealth University, 2005 (2005)

*EDWARD J. RUSHTON, Associate Professor of Art
B.A., University of Iowa, 1989
M.A., University of Iowa, 1993
M.F.A., University of Iowa, 1994 (2008)

ANASTASIA N. RUSINA, Lecturer of Physics
B.S., Saint Petersburg State Polytechnical University, 2004
M.S., Saint Petersburg State Polytechnical University, 2006
M.S., Georgia State University, 2008
Ph.D., Georgia State University, 2010 (2011)

*GREGORY A. RYAN, Assistant Professor of Exercise Science
B.S.Ed., Georgia Southwestern State University, 2008
M.S., Indiana University of Pennsylvania, 2009
Ph.D., University of Alabama-Tuscaloosa, 2012 (2016)

*REBECCA C. RYAN, Associate Professor of Psychology
B.A., Concord College, 2002
M.A., West Virginia University, 2004
Ph.D., West Virginia University, 2006 (2006)

S

*ASHRAF SAAD, Professor of Computer Science
B.S., Ain Shams University, 1988
M.S., Cranfield Institute of Technology, 1992
Ph.D., Vanderbilt University, 1996 (2006)

*YASSAMAN SAADATMAND, Professor and Chair, Department of Economics
B.S., NIIOC College of Accountancy and Finance, 1975
M.B.A., James Madison University, 1979

*MARIANA SAENZ-AYALA, Assistant Professor of Economics
B.S., Universidad de los Andes, 2003
M.S., West Texas A&M University, 2005
M.S., University of Nebraska-Lincoln, 2010
Ph.D., University of Nebraska-Lincoln, 2014 (2014)

*ARPITA SAHA, Assistant Professor of Chemistry
B.S., University of Calcutta, 2002
M.S., Indian Institute of Technology, 2004
Ph.D., University of Florida, 2011 (2012)

*SUBHRAJIT K. SAHA, Assistant Professor of Biology
B.S., Bidhan Chandra Krishi Vishvavidyalaya State Agricultural University, 2000
M.S., University of Florida, 2004
Ph.D., University of Florida, 2008 (2011)

SIRAJUS I. SALEKEEN, Limited-Term Assistant Professor of Mechanical Engineering
B.S., Bangladesh University of Engineering and Technology, 1986
M.S., Tuskegee University, 1992

CHRISTINA SALHI, Lecturer of Spanish
B.A., University of Louisville, 2001
M.A., University of Louisville, 2003
M.A.T., University of Louisville, 2005 (2013)

YOUSSEF SALHI, Lecturer of Arabic
B.A., University of Hassan II, 1998
M.A., University of Louisville, 2009 (2012)

*BISWANATH SAMANTA, Associate Professor of Mechanical Engineering
B.T., Indian Institute of Technology-Kha, 1981

*HANI M. SAMAWI, Professor of Biostatistics
B.S., Yarmouk University, 1981
M.Stat., Yarmouk University, 1986
M.S., University of Iowa, 1991
Ph.D., University of Iowa, 1994 (2006)

MAURICIO PENA SANCHEZ, Senior Lecturer of Spanish
Licenciatura, Universidad Autonoma de Queretaro, 2006
M.A., Western Michigan University, 2008 (2010)

FREDERICK KIRKLAND SANDERS, Professor Emeritus of Literature
B.A., Wofford College, 1958
M.A., Emory University, 1963
Ph.D., University of Georgia, 1971 (1969)

MARY SANDERS, Lecturer of History
B.A., Oklahoma Baptist University, 2007
M.A., University of Connecticut, 2009
Ph.D., Oklahoma State University, 2015 (2015)

ELIZABETH SARGENT, Limited-Term Assistant Professor of Biology
B.A., Roger Williams University, 2009
Ph.D., University of Southampton, 2014 (2017)

DONNA SAYE, Assistant Professor Emerita of Mathematics
B.S., Berry College, 1974
M.Ed., Georgia Southern College, 1977
Ed.S., Georgia Southern University, 1995
Ed.D., Georgia Southern University, 2002 (1988)
NEAL SAYE, Associate Professor Emeritus of Writing and Linguistics
B.S., Berry College, 1974
M.A., Georgia Southern College, 1978
Ed.D., Georgia Southern University, 2002 (1988)

ADEL ELSHAHAT LOTFY SAYEDAHMED, Assistant Professor of Electrical Engineering
B.E.E., Zagazig University, 1999
M.S., Zagazig University, 2004
Ph.D., The Ohio State University and Zagazig University, 2011 (2014)

JAMIE E. SCALERA, Assistant Professor of Political Science and International Studies
B.A., Stetson University, 2005
M.A., University of Florida, 2007
Ph.D., University of Illinois at Urbana-Champaign, 2012 (2012)

KATHLEEN ELLEN SCHAFFER, Assistant Professor of Physical Therapy
B.A., University of Virginia, 1980
M.B.A., College of William and Mary, 1990
M.S., Armstrong Atlantic State University, 2001

HANS-JORG SCHANZ, Associate Professor of Chemistry
M.S., Univerisiat Bayreuth, 1995

JOHN JEFFREY SCHENK, Assistant Professor of Biology
B.S., Oregon State University, 2003

XIZHEN D. SCHENK, Lecturer of Geology
B.S., Anhui Agricultural University, 2003
M.S., Southern Illinois University, 2006
Ph.D., Florida State University, 2012 (2015)

CANDY B. K. SCHILLE, Associate Professor of Literature
B.A., Boise State University, 1973
M.A., University of Washington, 1981
Ph.D., University of Washington, 1983 (1987)

JEFFREY C. SCHIMAN, Assistant Professor of Economics
B.A., Calvin College, 2009
M.A., University of Illinois-Chicago, 2012
Ph.D., University of Illinois-Chicago, 2016 (2016)

JARED SCHLIEPER, Associate Professor of Mathematical Sciences
B.S., University of Missouri-Columbia, 2000
M.S., University of Missouri-Columbia, 2004
Ph.D., University of Missouri-Columbia, 2008 (2008)

WILLIAM SCHMID, Associate Professor of Music
B.M., University of Dayton, 1979
M.M.Ed., North Texas State University, 1981

JOHN C. SCHMIDT, Professor Emeritus of Art
M.M., Ohio University, 1972 (1979)

JEFFREY M. SCHMUKI, Associate Professor of Art
B.F.A., Northern Arizona University, 1993

WARREN SCHOLLAERT, Associate Professor Emeritus of Education
B.A., Arizona State University
M.A., Roosevelt University
Ed.D., University of Georgia (1989)

JUDITH H. SCHOMBER, Professor Emerita of Spanish
B.A., Florida State University, 1969
M.A., Florida State University, 1971
Ph.D., Florida State University, 1975 (1976)

JOANNA SCHREIBER, Assistant Professor of Writing and Linguistics
B.S., Dakota State University, 2005
M.S., Michigan Technological University, 2007
Ph.D., Michigan Technological University, 2013 (2013)

AARON SCHREY, Assistant Professor of Biology
B.S., University of Evansville, 1999
M.S., Southern Illinois University-Carbondale, 2001

NATALIE M. SCHREY, Lecturer of Biology
B.S., McKendree University, 2000
M.S., Southern Illinois University-Carbondale, 2003 (2016)

MARTHA L. SCHRIVER, Professor Emerita of Teaching and Learning
B.S.Ed., Bowling Green State University, 1970
M.Ed., University of Toledo, 1988
Ph.D., University of Toledo, 1992 (1992)

APRIL M. SCHUETHS, Associate Professor of Sociology
B.A., University of Nebraska, 1997
M.S.W., University of Nebraska-Omaha, 2000
Ph.D., University of Nebraska, 2009 (2010)

GUY SCHUH, Limited-Term Assistant Professor of Philosophy
B.A., St. John's College, 2007
Ph.D., Boston University, 2017 (2017)

LUCINDA D. SCHULTZ, Professor Emerita of Music
B.S., Dickinson State College, 1974
M.M., Colorado State University, 1976

AMANDA ANNE SCHUMACHER, Lecturer of Writing and Linguistics
B.A., Luther College, 2004
M.A., Iowa State University, 2008
M.F.A., Minnesota State University-Mankato, 2011 (2011)

RACHEL DEBRA SCHWARTZ, Director, Centers for Teaching and Technology, and Associate Professor of Health Policy and Management
B.A., Hebrew University, 1984
M.F.A., Washington University in Saint Louis, 1995
Ph.D., Washington University in Saint Louis, 2002
M.S., Saint Louis University, 2008 (2012)

JESSICA S. SCHWIND, Assistant Professor of Epidemiology
B.S., Georgia Institute of Technology, 2005
M.P.H., New York Medical College, 2007
Ph.D., University of California-Davis, 2013 (2017)

ANGELITA LORRAINE SCOTT, Assistant Professor of Interior Design
B.S., University of Minnesota, 1999
M.S., University of Minnesota, 2014
Ph.D., University of Minnesota, 2015 (2015)

HEATHER C. SCOTT, Instructor of Science Education
B.S., University of Georgia, 1993
M.A., Texas Tech University, 1995
Ed.D., Georgia Southern University, 2013 (2007)

DAVID WILLIAM SEAMAN, Professor Emeritus of Foreign Languages
B.A., College of Wooster, 1962
A.M., Stanford University, 1964
Ph.D., Stanford University, 1970 (1992)

*PAMELA ZEIGLER SEARS, Professor of Theatre
B.A., University of South Carolina-Columbia, 1992

*JEFFERY SECREST, Associate Professor of Physics
B.S., University of Cincinnati, 1997
M.S., College of William and Mary, 2001
Ph.D., College of William and Mary, 2006 (2009)

*CHRISTIN SEIFERT, Assistant Professor of Fashion Merchandising and Apparel Design
B.Engr., Reutlingen University, 2008
M.S., Auburn University, 2011
Ph.D., Auburn University, 2017 (2017)

LAURA SEIFERT, Limited-Term Instructor of Anthropology
B.A., Syracuse University, 2000
M.A., East Carolina University, 2006 (2014)

TONYA RENE SELLARS, Lecturer of Nursing
B.S.N., Georgia Southern College, 1988
M.S.N., Georgia Southern University, 1996 (2010)

LEWIS R. SELVIDGE JR., Professor Emeritus of Technology
B.S., Southern Illinois University, 1962
M.S., Southern Illinois University, 1964 (1968)

*OMID SEMIARI, Assistant Professor of Electrical Engineering
B.S., University of Tehran, 2010
M.S., University of Tehran, 2012
Ph.D., Virginia Tech, 2017 (2017)

GERALD SEMINATORE, Limited-Term Assistant Professor of Music
B.A., Boston University, 1982
M.Mus., University of Cincinnati, 1991
D.M.A., University of Cincinnati, 2000 (2016)

*KERRIE M. SENDALL, Assistant Professor of Biology
B.S., California State University-San Marcos, 2004
M.S., California State University-San Marcos, 2006
Ph.D., University of Minnesota-Twin Cities, 2012 (2016)

MICHAEL ANTHONY SERGI, Lecturer of Health and Physical Education
B.S., Georgia Southern University, 2000
M.S.S.M., Armstrong Atlantic State University, 2007 (2012)

*BARBARA ANNE SERIANNI, Assistant Professor of Special Education
B.B.A., Florida Atlantic University, 1982
M.A., University of Central Florida, 2011
Ph.D., University of Central Florida, 2014 (2014)

DIANA MILLER SERRANO, Limited-Term Instructor of Spanish
B.A., Mount Saint Mary’s University, 1993
M.A., Georgetown University, 1997
Ph.D., University of Florida, 2004 (2016)

*JARED Y. SEXTON, Associate Professor of Writing and Linguistics
B.S., Indiana State University, 2005

ANTWON L. SHADE, Adjunct Assistant Professor of Military Science
Staff Sergeant, U.S. Army (2017)

*GULZAR HUSSAIN SHAH, Associate Professor and Chair, Department of Health Policy and Management
B.S., University of Punjab, 1984
M.S., University of Punjab, 1987
M.S.S., Utah State University, 1990
Ph.D., Utah State University, 1995 (2012)

*MOHAMMED ABID SHAIKH, Associate Professor of Chemistry
B.S., University of Pune, 1998
M.S., University of Pune, 2000
Ph.D., University of Massachusetts-Boston, 2007 (2010)

*NATHANIEL SHANK, Assistant Professor of Chemistry
B.S., Eastern Mennonite University, 2004
M.S., Carnegie Mellon University, 2009

*PADMINI SHANKAR, Professor of Nutrition and Food Science
B.S., University of Madras, 1984
M.S., University of Madras, 1988
M.S., University of Central Oklahoma, 1993
Ph.D., Texas Tech University, 1997 (1997)

*PEGGY SHANNON-BAKER, Assistant Professor of Educational Research
B.A., Wheaton College, 2007
M.A., University of Cincinnati, 2010
Ph.D., University of Cincinnati, 2015 (2017)

*YUANZHEN SHAO, Assistant Professor of Mathematics
B.S., Fudan University, 2007
M.S., New York University, 2010
Ph.D., Vanderbilt University, 2015 (2017)

*JUNAN SHEN, Professor of Civil Engineering
B.S., Southeast University, 1985
M.S., Southeast University, 1990
M.S., Chalmers University of Technology, 1997
Ph.D., Saga University, 2000 (2005)

*CHARLES DAVID SHEPHERD, Professor of Marketing
B.S., David Lipscomb College, 1976
M.B.A., University of Tennessee-Chattanooga, 1982
Ph.D., University of Tennessee, 1989 (2006)

RONALD E. SHIFFLER, Professor Emeritus of Quantitative Analysis and Dean Emeritus, College of Business Administration
B.S., University of North Carolina-Greensboro, 1970
M.S., Bucknell University, 1972
M.Stat., University of Florida, 1974

*HYUNJU SHIN, Assistant Professor of Marketing
B.B.A., Sookmyung Women’s University, 2007
M.S., University of Alabama, 2008
Ph.D., University of Alabama, 2013 (2015)

*MINCHUL SHIN, Assistant Professor of Mechanical Engineering
B.Engr., Kyungpook National University, 2005
M.S.B.M.E., University of Alabama, 2007
Ph.D., Tufts University, 2012 (2014)

CHARLES SHIPLEY, Professor Emeritus of Computer Science
B.A., University of North Dakota
M.A., University of Nebraska
M.S., Georgia Institute of Technology
Ph.D., University of Nebraska (1972)

GEORGE H. SHRIVER, Professor Emeritus of History
B.A., Stetson University, 1953
B.D., Southeastern Baptist Theological Seminary, 1956
Ph.D., Duke University, 1961 (1973)
NANCY SHUMAKER, Professor Emerita of Spanish
B.A., Swarthmore College, 1967
M.A., University of Georgia, 1973
Ph.D., University of Georgia, 1977 (1982)

DONALD WAYNE SIDA, Associate Professor Emeritus of Early Childhood Education
B.Ed., Chicago Teachers College, 1963
M.A., Roosevelt University, 1966
Ph.D., University of South Carolina, 1969 (1969)

SALMAN A. SIDDIOUI, Lecturer of Electrical Engineering
B.S., Florida State University, 2000
M.S., Florida State University, 2002
Ph.D., Florida State University, 2012 (2013)

CYNTHIA F. SIKES, Assistant Professor Emerita of Mathematics
B.A., Georgia College, 1971
M.S., Clemson University, 1973 (1980)

*DAVID SIKORA, Assistant Professor of Management
B.S., Cornell University, 1981
Ph.D., Florida State University, 2012 (2015)

DAVID L. SILBAUGH, Adjunct Assistant Professor of Military Science
Staff Sergeant, U.S. Army (2017)

*ANDREW V. SILLS, Professor of Mathematical Sciences
B.A., Rutgers University-New Brunswick, 1989
M.A., Pennsylvania State University, 1994
Ph.D., University of Kentucky, 2002 (2007)

*ERIC O. SILVA, Associate Professor of Sociology
A.A., Adirondack Community College, 1998
B.A., State University of New York at Oswego, 2000
M.A., University of Nevada-Las Vegas, 2002
Ph.D., University of California-Davis, 2009 (2010)

*BISHAL SILWAL, Assistant Professor of Mechanical Engineering
B.M.E., Tribhuvan University, 2004
M.S., St. Cloud State University, 2009
Ph.D., Utah State University, 2013 (2014)

*JACK RUSSELL SIMMONS, Professor of Philosophy
B.A., Louisiana State University and A&M College, 1987
M.A., Louisiana State University and A&M College, 1990
Ph.D., Tulane University, 1997 (2006)

EMMA SIMON, Dean Emerita, Graduate Studies, and Professor Emerita of Health Sciences
B.S., Armstrong State College
M.H.E., Medical College of Georgia
Ed.D., University of South Carolina (1974)

*JACOB V. SIMONS, Professor of Operations Management
B.S., United States Air Force Academy, 1977
M.A., Ball State University, 1980
M.S., Troy State University, 1982
Ph.D., University of Houston, 1989 (1997)

CAROL L.S. SIMONSON, Associate Professor Emerita of Nursing
B.S.N., Cornell University New York Hospital School of Nursing, 1960
M.Ed., University of Florida, 1963
Ph.D., University of New Mexico, 1990 (1992)

HOPE WALLACE SIMPRA, Assistant Professor of Fashion Merchandising and Apparel Design
B.A., Howard University, 2000

*ANASTATIA SIMS, Professor of History
B.A., University of Texas, 1974
M.A., University of North Carolina at Chapel Hill, 1976
Ph.D., University of North Carolina at Chapel Hill, 1985 (1987)

ROY JESSE SIMS, Professor Emeritus of Physical Education
B.S., David Lipscomb College
M.S., University of Tennessee
Ed.D., Louisiana State University and A&M College (1995)

THOMAS ALEXANDER SINGLETARY, Professor Emeritus of Electronics Technology
B.S.Ed., Georgia Southern College, 1959
M.S., Stout State College, 1960
Ed.D., University of Missouri, 1968 (1960)

*STEPHANIE R. SIPE, Professor of Legal Studies
B.A., Wake Forest University, 1987
J.D., University of Georgia, 1990
M.S.Ed., James Madison University, 2005 (2005)

*VINOTH KUMAR SITTARAMANE, Associate Professor of Biology
B.V.Sc., Pondicherry University, 2000
M.V.Sc., Indian Veterinary Research Institute, 2002
Ph.D., University of Missouri, 2008 (2012)

CHARLES A. SKEWIS, Head Acquisitions Librarian Emeritus and Assistant Professor Emeritus
A.A.S., Iowa Lakes Community College, 1975
B.S., University of Wisconsin-Platteville, 1977

*CATHY J. SKIDMORE HESS, Associate Professor of History
A.B., Mount Holyoke College, 1986
M.A., University of Wisconsin, 1988
Ph.D., University of Wisconsin, 1995 (1995)

*DANIEL SKIDMORE-HESS, Professor of Political Science and Chair, Department of Criminal Justice, Social and Political Science
B.A., Oberlin College, 1985
M.A., University of Wisconsin-Madison, 1987

*DEBRA G. SKINNER, Head, Collection and Resource Services, Catalog Librarian, and Associate Professor
B.A., Georgia Southern College, 1973
M.Ed., Georgia Southern College, 1978
M.S., Western Michigan University, 1982
Ph.D., Western Michigan University, 2002 (2003)

*VINOTH KUMAR SITTARAMANE, Associate Professor of Biology
B.V.Sc., Pondicherry University, 2000
M.V.Sc., Indian Veterinary Research Institute, 2002
Ph.D., University of Missouri, 2008 (2012)

CHARLES A. SKEWIS, Head Acquisitions Librarian Emeritus and Assistant Professor Emeritus
A.A.S., Iowa Lakes Community College, 1975
B.S., University of Wisconsin-Platteville, 1977

*DANIEL SKIDMORE-HESS, Professor of Political Science and Chair, Department of Criminal Justice, Social and Political Science
B.A., Oberlin College, 1985
M.A., University of Wisconsin-Madison, 1987

*DEBRA G. SKINNER, Head, Collection and Resource Services, Catalog Librarian, and Associate Professor
B.A., Georgia Southern College, 1973
M.Ed., Georgia Southern College, 1978
M.S., Western Michigan University, 1982
Ph.D., Western Michigan University, 2002 (2003)

*VINOTH KUMAR SITTARAMANE, Associate Professor of Biology
B.V.Sc., Pondicherry University, 2000
M.V.Sc., Indian Veterinary Research Institute, 2002
Ph.D., University of Missouri, 2008 (2012)

CHARLES A. SKEWIS, Head Acquisitions Librarian Emeritus and Assistant Professor Emeritus
A.A.S., Iowa Lakes Community College, 1975
B.S., University of Wisconsin-Platteville, 1977

*DANIEL SKIDMORE-HESS, Professor of Political Science and Chair, Department of Criminal Justice, Social and Political Science
B.A., Oberlin College, 1985
M.A., University of Wisconsin-Madison, 1987

*DEBRA G. SKINNER, Head, Collection and Resource Services, Catalog Librarian, and Associate Professor
B.A., Georgia Southern College, 1973
M.Ed., Georgia Southern College, 1978
M.S., Western Michigan University, 1982
Ph.D., Western Michigan University, 2002 (2003)

*VINOTH KUMAR SITTARAMANE, Associate Professor of Biology
B.V.Sc., Pondicherry University, 2000
M.V.Sc., Indian Veterinary Research Institute, 2002
Ph.D., University of Missouri, 2008 (2012)

CHARLES A. SKEWIS, Head Acquisitions Librarian Emeritus and Assistant Professor Emeritus
A.A.S., Iowa Lakes Community College, 1975
B.S., University of Wisconsin-Platteville, 1977
B.A., Albany State University, 2006  
M.S.Ed., Brooklyn College, 2008  
Ph.D., University of Minnesota, 2014 (2014)

CHRISTOPHER WILLIAM SMITH, Lecturer of General Studies  
B.A., University of Colorado, 2006  
B.A., University of Colorado, 2006  
M.A., University of Nebraska, 2009 (2014)

DANIELLE L. SMITH, Lecturer of History and Director, International Programs and Services  
B.A., Georgia Southern University, 2006  
M.A., Georgia Southern University, 2009 (2016)

EDWARD W.L. SMITH, Professor Emeritus of Psychology  
B.A., Drake University, 1963  
M.S., University of Kentucky, 1969 (1994)

FREDDIE SMITH JR., Professor and Head of Access Services  
A.B.J., University of Georgia, 1975  
M.S., Florida State University, 1976 (1986)

GINA B. SMITH, Limited-Term Instructor of Geology  
B.S., University of West Georgia, 2011  
M.S., University of Tennessee, 2014 (2017)

*GORDON N. SMITH, Director, MBA Programs, and Instructor of Information Systems  
B.S.C.E., Southern Methodist University, 1980  
M.S., Carnegie Mellon University, 1986  
Ph.D., Carnegie Mellon University, 1991  
B.A., University of Texas-Austin, 1995 (2012)

*JAMES M. SMITH, Professor of English  
B.A., Berry College, 1984  
M.A., Vanderbilt University, 1985  
Ph.D., Vanderbilt University, 1989 (1990)

JANEL JANICEK SMITH, Lecturer of Mathematical Sciences  
B.S., University of Pittsburgh, 2005  
M.A.T., University of Pittsburgh, 2006  
Ed.D., Georgia Southern University, 2013 (2015)

JOSHUA SMITH, Limited-Term Instructor of Psychology  
B.S., Northern Michigan University, 2003  
M.A., York University, 2010  
Ph.D., York University, 2018 (2017)

*KATHLYN M. SMITH, Associate Professor of Geology  
B.S., Purdue University, 2001  
M.S., Michigan State University, 2004  
Ph.D., University of Michigan, 2010 (2010)

KRISTI LYNN SMITH, Catalog/Metadata Librarian and Instructor of Library Science  
B.A., Georgia State University, 2003  
M.L.I.S., University of South Carolina-Columbia, 2011 (2016)

*LISA PURSLEY SMITH, Information Services Librarian and Associate Professor  
B.A., Brenau University, 1988  
M.L.S., University of Alabama, 1989  
B.S., Georgia Southern University, 1995  

*REED W. SMITH, Professor of Communication Arts  
B.S.Com., Ohio University, 1972  
M.A., Bowling Green State University, 1973  
Ph.D., Ohio University, 1993 (1994)

*SOLOMAN K. SMITH, Associate Professor of History  
B.A., College of William and Mary, 1998  
M.A., Virginia Commonwealth University, 2000  
Ph.D., University of Georgia, 2009 (2010)

SUE L. SMITH, Assistant Professor Emerita of Housing and Equipment  
B.S., Western Kentucky University, 1955  
M.A., Indiana State University, 1960 (1971)

TOM D. SMITH, Assistant Professor Emeritus of Sport Science and Physical Education  
B.S., Indiana State University, 1953  
M.S., Indiana State University, 1959  
M.S., Indiana University, 1971 (1971)

WILLIAM L. SMITH, Professor of Sociology  
B.A., Loras College, 1978  
M.A., Marquette University, 1980  
Ph.D., University of Notre Dame, 1984 (1994)

WILLIAM ROBERT SMITH, Associate Professor Emeritus of Economics  
B.S.Ed., Georgia Teachers College, 1949  
M.B.A., Georgia Southern College, 1972 (1973)

*RONALD L. SNARR, Assistant Professor of Health and Kinesiology  
B.S., Pennsylvania State University, 2005  
M.Ed., Auburn University-Montgomery, 2013  
Ph.D., University of Alabama-Tuscaloosa, 2017 (2017)

*LLOWELL DWIGHT SNEATHEN JR., Associate Professor of Accounting  
B.S.B.A., University of Arizona, 1996  
M.Acc., University of Arizona, 2000  
Ph.D., University of Arizona, 2001 (2005)

*DEAN ANDREW SNELLING, Assistant Professor of Manufacturing Engineering  
B.S.Engr., University of South Carolina-Columbia, 2008  
M.S., University of South Carolina-Columbia, 2011  
Ph.D., Virginia Tech, 2015 (2017)

ERICA KATHLEEN SNIPES, Lecturer of Physics  
B.S., Wittenberg University, 2009  
M.S., Auburn University-Main Campus, 2013 (2016)

*LINA BELL SOARES, Associate Professor of Teaching and Learning  
B.A., University of North Carolina-Greensboro, 1974  
M.S., National University, 1993  
Ph.D., University of North Carolina-Charlotte, 2009 (2009)

*VALENTIN A. SOLOIU, Allen E. Paulson Distinguished Chair in Renewable Energy and Professor of Mechanical and Electrical Energy  
Ph.D., Polytechnic University Bucharest, 1997 (2008)

JIMMY L. SOLOMON, Professor Emeritus of Mathematical Sciences  
B.S., University of Mississippi, 1964  
M.S., Mississippi State University, 1966  
Ph.D., Texas A&M University, 1972 (1995)

XIAOMEI SONG, Senior Research Associate, Office of Institutional Effectiveness, and Instructor of Curriculum, Foundations, and Reading  
B.S., Dongbei University of Finance and Economics, 1995  
M.A., Dalian Maritime University, 2001  
M.Ed., Queen's University-Kingston, 2004  
Ph.D., Queen's University-Kingston, 2014 (2014)
ABHA SOOD, Limited-Term Assistant Professor of Chemistry and Biochemistry
B.S., Panjab University, 2004
Ph.D., University of Massachusetts, 2012 (2014)

*CARL H. SORGEN, Assistant Professor of Educational Leadership in Higher Education
B.S., Ohio University, 1999
M.A., New York University, 2006
Ph.D., Pennsylvania State University, 2011 (2017)

ARTHUR G. SPARKS, Professor Emeritus and Chair Emeritus, Department of Mathematics and Computer Science
B.S.Ed., Georgia Southern College, 1960
M.Ed., University of Georgia, 1962
M.A., University of Florida, 1964
Ph.D., Clemson University, 1969 (1964)

JESSICA Y. SPEARMAN, Limited-Term Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2012
M.A., Georgia Southern University, 2014 (2013)

*KAREN SPEARS, Clinical Instructor and Dietetic Internship Program Director
B.S., University of Washington, 1982
M.S., Boston University, 1986
Ph.D., University of Washington, 2001 (2017)

LEON E. SPENCER, Professor Emeritus of Leadership, Technology, and Human Development
B.A., Park College, 1976
M.A., Ball State University, 1979
Ed.S., Ball State University, 1982
Ed.D., Ball State University, 1983 (1994)

*CURTIS R. SPROUL, Assistant Professor of Management
B.S., Pennsylvania State University, 2001
M.B.A., Waynesburg University, 2003
M.A., West Virginia University, 2012
Ph.D., West Virginia University, 2017 (2017)

PATRICK O. SPURGEON, Professor Emeritus of English
B.A., Emory and Henry College, 1952
M.A., University of Tennessee, 1958
Ph.D., University of Tennessee, 1963 (1966)

*LAURENCE D. STALCUP, Associate Professor Emeritus of Hospitality Management
B.S., Cornell University, 1977
M.P.S., Cornell University, 1980
Ph.D., Purdue University, 1997 (1997)

JACK STALLINGS, Associate Professor Emeritus of Kinesiology
B.S., Wake Forest College, 1955
M.Ed., University of North Carolina at Chapel Hill, 1956 (1975)

ROSE MARIE STALLWORTH CLARK, Associate Professor Emerita of Curriculum, Foundations, and Reading
B.S., Huntingdon College, 1965
M.Ed., Georgia Southern College, 1982
Ph.D., University of Georgia, 1996 (1981)

*LAURA A. STAMBAUGH, Associate Professor of Music
B.M., Ithaca College, 1994
M.M., Northwestern University, 2000
Ph.D., University of Washington, 2009 (2010)

THOMAS PATTON STEADMAN, Professor Emeritus of Art
B.S., East Tennessee State University, 1971
M.F.A., East Tennessee State University, 1973 (1973)

LAUREN MARIE STEFANIKA, Limited-Term Assistant Professor of Biology
B.A., Cornell University, 2003
Ph.D., University of Connecticut, 2012 (2014)

*ERYN M. STEHR, Assistant Professor of Mathematics Education
B.S., Utah State University, 2005
M.A., Minnesota State University, 2007
Ph.D., Michigan State University, 2017 (2017)

*JANICE N. STEIRN, Associate Professor of Psychology
A.B., West Virginia University, 1979
M.S., University of Georgia, 1982
Ph.D., University of Georgia, 1985 (1991)

JACQUELYN STEPHENS, Professor Emerita of Education
B.S., Savannah State College
M.S., Illinois State University
Ed.D., University of Oklahoma (1979)

*JAMES H. STEPHENS, Associate Professor of Health Policy and Management
B.S., Indiana University, 1972
M.H.A., Indiana University-Purdue, 1974

JAMES C. STEPHENS, Associate Professor Emeritus of Middle Grades and Secondary Education
B.S.Ed., Georgia Southern College, 1969
M.S.T., Georgia Southern College, 1972
Ed.S., Georgia Southern College, 1973
Ed.D., University of Georgia, 1998 (1990)

*ALMA DEL ROSARIO STEVENSON, Associate Professor of Reading Education
M.Ed., University of Texas-El Paso, 2005
Ph.D., New Mexico State University, 2011 (2011)

*AMANDA LYNN STEWART, Assistant Professor of Chemistry
B.S.Chem., Georgia Southern University, 2003
Ph.D., University of North Carolina at Chapel Hill, 2009 (2012)

CHARLENE K. STEWART, Assistant Professor Emerita of Middle Grades and Secondary Education
B.S.Ed., Texas Technological College, 1966

*ERROL G. STEWART, Assistant Professor of Accounting
B.S., University of the West Indies, 1978
M.S., University of the West Indies, 1981
Ph.D., Florida Atlantic University, 2012 (2012)

LEWIS M. STEWART, Assistant Professor Emeritus of Finance
B.S., Harding College, 1957

*STEVEN STEWART, Assistant Professor of Management
B.S.B.A., University of Florida, 1991
M.Div.Bl., Southwestern Baptist Theological Seminary, 1995
Ph.D., Florida Atlantic University, 2014 (2013)

*MAUREEN THERESE STOBB, Assistant Professor of Political Science and International Studies
B.A., College of New Jersey, 1998
J.D., University of Notre Dame, 2002
M.A., University of Texas-Dallas, 2012
Ph.D., University of Texas-Dallas, 2015 (2015)
*ALEXANDER M. STOKOLOS, Associate Professor of Mathematical Sciences
  B.S., Odessa National University, 1982
  M.S., Odessa National University, 1982
  Ph.D., University of Worclaw, 1998 (2009)

*DAVID R. STONE, Professor Emeritus of Mathematics
  B.S., Georgia Institute of Technology, 1964
  Ph.D., University of South Carolina, 1968 (1968)

JANET D. STONE, Associate Professor Emerita of History
  A.B., Randolph-Macon Women's College
  M.A., Purdue University
  Ph.D., Emory University (1975)

*JOHN WILLIAM STONE, Assistant Professor of Chemistry
  B.S., Armstrong Atlantic State University, 2002
  M.S., University of South Carolina, 2006
  Ph.D., University of South Carolina, 2008 (2013)

*MELANIE L. STONE, Assistant Professor of Broadcasting
  B.A., Old Dominion University, 1978
  M.S., Mississippi College, 1999
  Ph.D., University of Mississippi, 2005 (2005)

CEDRIC STRATTON, Professor Emeritus of Chemistry
  Ph.D., University of London (1965)

*BEVERLY A. STRAUSER, Instructor Emerita of Teaching and Learning
  B.S., University at Albany, State University of New York, 1985

*JAMES ALLAN STREATER, Associate Dean, College of Health Professions, and Professor of Health Sciences
  B.A., University of South Carolina-Columbia, 1971
  M.Ed., University of South Carolina-Columbia, 1974

JAMES F. STRICKLAND, Professor Emeritus of Mathematics Education
  B.S.Ed., University of Georgia, 1964
  M.Ed., University of Georgia, 1966
  Ed.D., University of Georgia, 1968 (1981)

ROBERT STROZIER, Professor Emeritus of English
  A.B., University of Georgia
  M.A., Florida State University
  Ph.D., Florida State University (1955)

GLORIA J. STUART, Lecturer of Accounting
  B.B.A., Georgia Southern University, 1998
  M.Acc., Georgia Southern University, 1999 (2004)

LISA MICHELLE STUEVE, Limited-Term Assistant Professor of the Institute for Interdisciplinary STEM Education
  B.B.A., Georgia State University, 1987
  M.Ed., University of Georgia, 1997
  Ed.S., University of Georgia, 1999
  Ed.D., University of Georgia, 2005 (2015)

*DIANA STURGES, Professor of Human Anatomy and Physiology
  M.D., State Medical University, 1997

*BRADLEY R. STURZ, Associate Professor of Psychology
  B.A., Auburn University, 2002
  M.S., Auburn University, 2004
  Ph.D., Auburn University, 2007 (2011)

*HONGJUN SU, Associate Professor of Computer Science
  B.S., Sichuan University, 1991
  M.S., Sichuan University, 1994
  Ph.D., University of Dayton, 2001 (2002)

*JORGE W. SUAZO, Associate Professor of Spanish
  B.A., University of Chile-Nuble Branch, 1979
  M.A., Ohio University, 1986
  Ph.D., The Ohio State University, 1996 (1993)

*STANLEY SUBOLESKI, Lecturer of Management
  B.S., Syracuse University, 1984
  M.S., University of Nevada-Las Vegas, 2006
  Ph.D., University of Nevada-Las Vegas, 2012 (2013)

JOHN SUCHOWER, Assistant Professor Emeritus of Drama
  B.A., Fairfield University
  M.A., University of Detroit (1969)

DONGMYUNG SUH, Limited-Term Assistant Professor of Mechanical Engineering
  B.S., Yonsei University, 1991
  M.S., Korea Advanced Institute of Science and Technology, 1993
  Ph.D., Binghamton University, State University of New York, 2011 (2017)

*KELLY SULLIVAN, Assistant Professor of Epidemiology
  B.A., University of West Florida, 1999
  M.S.P.H., University of South Florida, 2002
  Ph.D., University of South Florida, 2011 (2014)

LACE ANN SVEC, Senior Lecturer of Biology
  B.S., University of Oklahoma, 2003
  Ph.D., Michigan State University, 2009 (2009)

KIMBERLY R. SWANSON, Lecturer of Mathematical Sciences
  B.S., Marquette University, 1991

*JULIE ANN SWANSTROM, Assistant Professor of Philosophy
  B.A., University of Sioux Falls, 2005
  M.A., Fuller Theological Seminary, 2008
  Ph.D., Purdue University, 2013 (2013)

*THOMAS P. SWEENEY, Assistant Professor of Recreation and Tourism Management
  B.A.C., Bowling Green State University, 2007
  M.Ed., Bowling Green State University, 2009
  Ph.D., Middle Tennessee State University, 2015 (2016)

MATTHEW J. SYNO, Limited-Term Instructor of Health and Kinesiology
  B.S., Elon University, 2000
  M.S.Ed., Old Dominion University, 2004 (2014)

T

*MANOUCHEHR TABATABAEI, Associate Professor of Information Systems
  B.S., California State University-Hayward, 1984
  M.B.A., Golden Gate University, 1985

*MARIAN M. TABI, Professor of Nursing
  B.S., Mundelein College, 1988
  B.S.N., Pace University-Pleasantville, 1990
  M.S., University of Illinois-Chicago, 1994
  Ph.D., University of Illinois-Chicago, 1999 (1999)

*NELSON J. TACY, Lecturer of Mechanical Engineering
  B.S., Cornell University, 2000
  M.Engr., Rensselaer Polytechnic University, 2003
Ph.D., Rensselaer Polytechnic University, 2006 (2014)

*HELEN Mckenzie Taggart, Professor of Nursing
B.S., Armstrong College, 1978
M.S.N., Georgia Southern University, 1992
Ph.D., University at Alabama-Birmingham, 2000 (1992)

*NATHAN J. TAKAS, Academic Professional and Instructor of Chemistry
B.S., Youngstown State University, 2003
Ph.D., Duquesne University, 2008 (2015)

*CHANCHAL B. TAMRAKAR, Assistant Professor of Marketing
B.S.E., National Institute of Technology, 2003
M.B.A., Kathmandu University, 2006
M.B.A., University of Wisconsin-Madison, 2009
Ph.D., University of Iowa, 2016 (2016)

BARBARA G. TANENBAUM, Professor Emerita of Dental Hygiene
B.S., Medical College of Georgia, 1971
M.Ed., Armstrong State College, 1982
Ed.D., University of Georgia, 1988 (1972)

XIAO TANG, Limited-Term Instructor of Information Systems
B., Fudan University, 2006
Ph.D., University at Buffalo, State University of New York, 2015 (2015)

*YELENA N. LYTTLE TARASENKO, Associate Professor of Epidemiology
B.A., Vladimir State University, 2002
M.P.A., Southern Illinois University, 2004
M.P.H., University of Kentucky, 2009
Dr.P.H., University of Kentucky, 2011 (2012)

*JASON R. TATLOCK, Associate Professor of History
B.Th., Prairie Bible College, 1997
M.A., Jerusalem University College 1999
M.A., University of Michigan-Ann Arbor, 2001

JANNA C. Taulbee, Assistant Professor Emerita of Child and Family Development
B.S., Florida State University, 1968
M.Ed., Georgia State University, 1980
Ed.S., Georgia Southern College, 1986 (1985)

LARRY TAYLOR, Associate Professor Emeritus of Political Science and Public Administration
B.A., Morehouse College, 1964
M.A., Wayne State University, 1968
Ph.D., Wayne State University, 1974 (1984)

MATTHEW S. TAYLOR, Limited-Term Assistant Professor of Anthropology
B.A., Angelo State University, 1998
M.A., Texas Tech University, 2001
Ph.D., University at Albany, State University of New York, 2006 (2017)

*SHARON E. TAYLOR, Professor and Chair, Department of Mathematical Sciences
B.S.Ed., Southwest Texas State University, 1987
M.A., Sam Houston State University, 1989
Ph.D., Texas A&M University, 1993 (1996)

*H. CHRISTIAN TECKLENBURG, Assistant Professor of Political Science
B.A., University of South Carolina-Columbia, 2002
M.A., University of Florida, 2010

*STUART H. TEDDERS, Associate Dean, Jiann-Ping Hsu College of Public Health, and Professor of Epidemiology
B.S., Georgia Southern College, 1987
M.S., Clemson University, 1989
Ph.D., University of South Carolina, 1994 (2000)

*TIMOTHY M. TEETER, Associate Professor of History
A.B., Columbia University, 1976
M.A., Columbia University, 1980
M.Phil., Columbia University, 1983
Ph.D., Columbia University, 1989 (1991)

*JOSEPH TELFAIR, Professor and Chair, Department of Community Health Behavior and Education, Chair, Department of Environmental Health Sciences, and Karl E. Peace Chair of Public Health
B.A., California State University-Northridge, 1979
M.S.W., University of California-Berkeley, 1982
M.P.H., University of California-Berkeley, 1983
Dr.P.H., The Johns Hopkins University, 1992 (2013)

*ROBERT TERRY, Assistant Professor of English
B.A., University of Texas-Dallas, 2005
M.A., University of Louisville, 2008
Ph.D., University of Louisville, 2013 (2013)

*RUSSELL FRANK THACKSTON, Assistant Professor of Information Technology
B.B.A., Georgia Southern University, 1996
M.S., Georgia State University, 2006
Ph.D., Auburn University, 2013 (2013)

KELLY PARSONS THARP, Instructor of Educational Foundations
B.A., Harvard University, 1987
M.A.Ed., College of William and Mary, 1991

CHARLES S. THOMAS, Professor Emeritus of History
B.A., University of Tennessee, 1972
M.A., University of Tennessee, 1974
Ph.D., Vanderbilt University, 1983 (1983)

*DEBORAH M. THOMAS, Associate Dean of Undergraduate Teacher Education, College of Education, and Associate Professor of Teaching and Learning
B.S., Florida State University, 1976
M.S., Florida State University, 1979
Ph.D., Florida State University, 1991 (1991)

*KATHERINE THOMAS, Professor and Chair, School of Health and Kinesiology
B.S.P.E., University of Mississippi, 1971
M.A.Ed., University of Alabama-Birmingham, 1977
Ph.D., Louisiana State University and A&M College, 1981 (2016)

*MckINLEY THOMAS, Associate Professor of Health Sciences
B.A., Georgia College, 1988
M.Ed., Georgia College, 1989
Ed.D., University of Tennesee-Knoxville, 1995 (2015)

*MICHAEL L. THOMAS, Associate Professor and Chair, Department of Marketing
B.B.A., Saint Norbert College, 1986
M.B.A., Southern Illinois University, 1990

PAMELA SUE THOMASON, Professor Emerita of Recreation
B.A., Purdue University, 1968
M.S., Purdue University, 1971
Ph.D., Texas A&M University, 1980 (1973)
*ANNE W. THOMPSON, Interim Dean, College of Health Professions, and Associate Professor of Physical Therapy
B.S., College of William and Mary, 1977
M.S., Duke University, 1979
Ed.D., Georgia Southern University, 1998 (1994)

DONALD L. THOMPSON, Professor Emeritus and Head Emeritus, Department of Marketing
B.S., University of Pennsylvania Wharton School of Finance and Commerce, 1951
M.S., San Francisco State College, 1958
Ph.D., University of California-Berkeley, 1963 (1986)

*JOHN D. THOMPSON, Professor of Music
B.M., Belmont University, 1996
M.A., Middle Tennessee State University, 1999
Ph.D., University of California-Santa Barbara, 2006 (2007)

LINDA LITRELL THOMPSON, Instructor of Nursing
A.D.N., Shoreline Community College, 1980
B.S., University of LaVerne, 1987
M.S.N., University of Phoenix, 2004 (2012)

*TERRY W. THOMPSON, Assistant Professor of Writing and Linguistics
A.B., West Georgia College, 1977
M.A., West Georgia College, 1979

*REBECCA ANSLEY THOMPSON-ROGERS, Limited-Term Assistant Professor of Reading
B.S., Armstrong Atlantic State University, 1997
M.S.N., Armstrong Atlantic State University, 2009
D.N.P., Georgia Southern University, 2012 (2017)

*PAULA RENEE CRAFT TILLMAN, Assistant Professor of Health Sciences
B.S.N., Armstrong Atlantic State University, 1997
M.S.N., Armstrong Atlantic State University, 2009
D.N.P., Georgia Southern University, 2012 (2017)

ELWIN TILSON, Professor Emeritus of Radiologic Sciences
B.S., Arizona State University
M.S., San Francisco State University
Ed.D., University of Georgia (1982)

ROBERT G. TODD, Limited-Term Instructor of Communication Arts
B.S., Georgia Southern University, 2013
M.A., Valdosta State University, 2016 (2016)

*JAMES J. TODESCA, Associate Professor of History
B.A., Georgetown University, 1980
M.A., Catholic University of America, 1985
Ph.D., Fordham University, 1996 (1998)

COURTNEY L. TOLEDO, Instructor of Dual Certification (Special Education & Pre-K through Grade 5 Early Childhood Education)
B.S.Ed., Georgia Southern University, 2010
M.Ed., Georgia State University, 2016 (2017)

TIMOTHY TOLENTINO, Limited-Term Assistant Professor of Chemistry and Biochemistry
A.S., B.S., Central Michigan University, 2003
M.Ed., Texas Tech University, 2005
Ed.D., Rutgers State University, 2016 (2017)

*MICHAEL J. TOMA, Fuller E. Callaway Professor of Economics
B.S.B., Miami University, 1987
M.A., Miami University, 1989
Ph.D., George Mason University, 1996 (1997)

*WEITIAN TONG, Assistant Professor of Computer Science
B.S., Zhejiang University, 2010

*JENNIFER SWEENEY TOOKES, Assistant Professor of Anthropology
B.A., California State University-Northridge, 1999
M.A., California State University-Northridge, 2005
Ph.D., Emory University, 2013 (2016)

*ANA TORRES, Associate Professor of Spanish
B.A., Gardilaso dela Vega, 1985
B.A., Gardilaso dela Vega, 1987
M.A., Florida State University, 1993
Ph.D., Florida State University, 1999 (2001)

*CAREN J. TOWN, Professor of Literature
A.B., University of Alabama, 1979
M.A., University of Washington, 1983

*TIFFANIE PAIGE TOWNSEND, Associate Professor of Art
B.A., University of Tennessee, 1989
M.A., University of Georgia, 1996
Ph.D., University of Georgia, 2003 (2005)

SHARON K. TRACY, Professor Emerita of Political Science
B.A., Southern Illinois University, 1965
M.P.A., University of Nevada, 1978
D.P.A., University of Southern California, 1988 (1989)

KATHLEEN A. TREMBLAY, Assistant Professor of Nursing
Dipl., Peter Bent Brigham School of Nursing
B.S.N., Salem State University
M.S.N., Georgetown University, 2015 (2017)

MICHAEL TREVINO, Limited-Term Instructor of Health Sciences
B.S., California State University-Fullerton, 2007
M.S., California State University-Fullerton, 2010 (2017)

SUSAN B. TRIMBLE, Professor Emerita of Teaching and Learning
B.A., Lawrence University, 1967
M.S., Nova Southeastern University, 1990
Ed.S., Florida State University, 1993
Ed.D., Florida State University, 1995 (1996)

CHARLES H. TRUPE III, Associate Professor Emeritus of Geology
B.S., George Mason University, 1985
M.S., University of North Carolina at Chapel Hill, 1989
Ph.D., University of North Carolina at Chapel Hill, 1997 (1998)

*WEI TU, Professor of Geography
B.S., East China Normal University, 1992
M.S., East China Normal University, 1995
Ph.D., Texas A&M University, 2004 (2004)

LINDA J. TUCK, Assistant Professor of Nursing
B.A., College of St. Scholastica, 1973
M.Ed., Georgia Southwestern State University, 1980
M.S.N., Armstrong Atlantic State University, 1998
D.N.P., College of St. Scholastica, 2014 (2001)

*FELICITY M. TURNER, Assistant Professor of History
B.A., Monash University, 1994
M.A., LaTrobe University, 2003
Ph.D., Duke University, 2010 (2013)

WALTER TURNER, Limited-Term Instructor of Chemistry
B.S., Samford University, 2012
Ph.D., University of Georgia, 2017 (2017)

*RAY R. TYLER-HASHEMI, Professor of Computer Science
B.S., University of Tehran, 1973
M.S., University of Missouri-Columbia, 1979

*JEFFREY A. TYSINGER, Professor of School Psychology
B.A., Indiana University of Pennsylvania, 1993
M.S., University of Alaska-Anchorage, 1995
Ed.S., University of Memphis, 1997
Ph.D., University of Memphis, 2002 (2007)

*PERRI DAWN TYSINGER, Associate Professor of School Psychology
B.A., University of Memphis, 1997
M.S., University of Memphis, 1999
Ph.D., University of Memphis, 2002 (2010)

TONYA L. TYSON, Instructor of Nursing
B.S.N., Valdosta State University, 1989
M.S.N., Emory University, 2001 (2008)

UMASAKIYOSHI UCHIDA, Lecturer of Mathematical Sciences
B.S., North Georgia College and State University, 2006
M.S., Georgia Southern University, 2010 (2011)

MD. SALAH UDDIN, Limited-Term Assistant Professor of Mechanical Engineering
B.S.M.E., Bangladesh University of Engineering and Technology, 2011
M.S., University of North Texas, 2016
Ph.D., University of North Texas, 2016 (2017)

*ASLIHAN UNAL, Assistant Professor of Curriculum and Instruction
B.A., Pamukkale University, 1996
M.Ed., University of Missouri, 2002
Ph.D., Florida State University, 2006 (2013)

JANA MARIE UNDERWOOD, Lecturer of Education
B.S., Georgia Southern College, 1979
M.Ed., Georgia Southern College, 1985
Ed.D., Georgia Southern College, 2007 (2014)

*LAURA E. VALERI, Associate Professor of Writing
B.A., New York University, 1988
M.F.A., Florida International University, 2001

JOHN PIETERSON VAN DEUSEN, Professor Emeritus of Middle Grades and Secondary Education
B.A., Florida State University, 1952
M.A., Florida State University, 1956
Ed.D., Florida State University, 1961 (1969)

CLAUDE VICTOR VAN SANT, Lecturer of Geography
B.A., University of Georgia, 2004
B.A., University of Georgia, 2005
M.A., University of Georgia, 2009
Ph.D., University of Georgia, 2016 (2016)

*JOHN TOLAND VAN STAN, Associate Professor of Geography
B.S., University of Delaware, 2005
B.A., University of Delaware, 2006
M.S., The Johns Hopkins University, 2007
M.S., University of Delaware, 2009
Ph.D., University of Delaware, 2012 (2012)

*DARIN H. VAN TASSELL, Associate Professor of Political Science and International Studies
B.A., Georgia Southern College, 1989
M.A., University of South Carolina, 1992
Ph.D., University of South Carolina, 1995 (1994)

G. LANE VAN TASSELL, Professor Emeritus and Chair Emeritus, Department of Political Science
B.A., Brigham Young University, 1966
Ph.D., Claremont Graduate School and University Center, 1971 (1970)

*MICHAEL SCOTT VAN WAGENEN, Associate Professor of History
B.A., Brigham Young University, 1992
M.A., University of Texas-Brownsville, 1999
Ph.D., University of Utah, 2009 (2012)

*MARIEKE M. VAN WILLIGEN, Professor of Sociology and Chair, Department of Sociology and Anthropology
B.A., Ithaca College, 1988
M.A., The Ohio State University, 1993
Ph.D., The Ohio State University, 1997 (2015)

*ROBERT KELLY VANCE, Professor of Geology
B.S., University of Kentucky, 1978
M.S., University of Kentucky, 1985
Ph.D., New Mexico Institute of Mining and Technology, 1989 (1988)
EMILIO VAZQUEZ JR., Adjunct Assistant Professor
Sergeant First Class, U.S. Army ()

JORGE VILLA-VARGAS, Limited-Term Assistant Professor of
Physics
B.S., Universidad Nacional Autonoma de Mexico, 1998
M.S., Universidad Nacional Autonoma de Mexico, 2000
Ph.D., Universite de Provence (Aix-Marseille I), 2005 (2013)

*MARY A. VILLEPONTEAUX, Professor of Literature
B.A., College of Charleston, 1979
M.A., University of Sussex, 1981

STEPHANIE ELISE VINESS, Limited-Term Instructor of Health and
Kinesiology
A.S., College of Coastal Georgia, 2012
B.S.Ed., Georgia Southern University, 2014
M.S., Georgia Southern University, 2015 (2015)

*STEPHEN P. VIVES, Professor and Chair, Department of Biology
B.S., Oklahoma State University, 1980
M.S., Oklahoma State University, 1982
M.S., University of Wisconsin, 1986
Ph.D., University of Wisconsin, 1988 (1990)

*BRIAN L. VLCEK, Professor and Chair, Department of Mechanical
Engineering
B.S., Rensselaer Polytechnic Institute, 1988
M.S., Rensselaer Polytechnic Institute, 1989
Ph.D., Rensselaer Polytechnic Institute, 1991 (1997)

ARVARD O. VOGEL, Professor Emeritus of Graphic Arts Technology
and Printing Management
A.B.S., Snow College, 1951
A.B., Colorado State College-Greeley, 1957
A.M., Colorado State College-Greeley, 1957 (1967)

*ROBERT L. VOGEL, Professor and Chair, Department of
Biostatistics, and Chair, Department of Epidemiology
B.A., Hanover College, 1970
M.A., University of Louisville, 1978
Ph.D., Emory University, 1983 (2003)

W

*PATRICIA WACHHOLZ, Professor of Reading
B.A., Western Michigan University, 1970

PHILIS A. WAINFORD, Senior Lecturer of Information Technology
B.F.A., Rhode Island School of Design, 1971
M.T., Georgia Southern University, 2007 (2011)

*JANICE R. WALKER, Professor and Interim Chair, Department of
Writing and Linguistics
A.S., Kennesaw College, 1978
B.A., University of South Florida, 1994
M.A., University of South Florida, 1996
Ph.D., University of South Florida, 1999 (1999)

*DINA CAROL WALKER-DEVOS, Assistant Professor of Child
Development
B.S.H.E., North Carolina Central University, 1993
M.S., Miami University, 1995
M.A., North Carolina Central University, 2004
Ph.D., North Carolina State University, 2013 (2013)

*NANCY AMANDA WALL, Assistant Professor of Middle Grades
Education
A.B., Brown University, 1997
M.A.T., University of Massachusetts, 1999
Ph.D., University of North Carolina-Greensboro, 2013 (2013)

*RICHARD H. WALLACE, Professor of Chemistry
B.S., Armstrong State College, 1984
Ph.D., Clemson University, 1988 (1995)

*CLARE F. WALSH, Lecturer of Sociology
B.S.F.R.&C., University of Florida, 1982
M.S.Ed., University of Kansas, 1990
M.A., University of South Florida, 2007

LYNN WALSHAK, Head Government Documents Librarian Emerita
and Professor Emerita
B.S.Ed., Southwest Texas State University, 1968
M.L.S., North Texas State University, 1970 (1971)

CALVIN W. WALTON, Lecturer of Education
B.A., Oberlin College, 1987
M.Ed., Coppin State University, 1999
Ph.D., University of North Carolina-Charlotte, 2015 (2017)

PATRICIA M. WALTON, Assistant Professor Emerita of Interior
Design
B.S.H.E., University of Georgia, 1973

*DIVINE TITO FONGHA WANDUKU, Assistant Professor of Statistics
B.S., University of Buea, 2002
M.S., University of Buea, 2005
M.A., University of South Florida, 2012
Ph.D., University of South Florida, 2012 (2015)

*HAPSATOU WANE, Assistant Professor of English
B.A., Universite Gaston Berger du Senegal, 2005
M.A., University of Illinois at Urbana-Champaign, 2009
M.A., University of Illinois at Urbana-Champaign, 2012
Ph.D., University of Illinois at Urbana-Champaign, 2017 (2016)

*HONGJIE WANG, Associate Professor of History
B.A., Renmin University, 1998
M.A., Renmin University, 2001
M.A., Brown University, 2004
Ph.D., Brown University, 2008 (2008)

*HUA WANG, Professor of Mathematical Sciences
B.M., Wuhan University, 2000
Ph.D., University of South Carolina, 2005 (2008)

*KAI WANG, Assistant Professor of Computer Sciences
B.Engr., Tsinghua University, 2000
M.S., Indiana University, 2008
Ph.D., University of Tennessee, 2015 (2015)

*XIAO-JUN WANG, Professor of Physics
B.S., Jilin University, 1982
M.S., Chinese Academy of Sciences, 1985
M.S., Florida Institute of Technology, 1987
Ph.D., University of Georgia, 1992 (1995)

*XINFANG WANG, Associate Professor of Quantitative Analysis
B.S., Shanghai University, 1999
Ph.D., University of Cincinnati, 2007 (2008)

*TOMASZ WARCHOL, Associate Professor of Literature
B.A., Adam Mickiewicz University-Poznan, 1977
Ph.D., University of Massachusetts, 1984 (1984)

LARIE WARD, Limited-Term Assistant Professor of Mathematics
B.S., University of Central Florida, 2008
M.S., University of Florida, 2010
Ph.D., University of Florida, 2016 (2017)

SHERRY WARNOCK, Lecturer of Nursing
B.S.N., Armstrong State College, 1980
M.S.N., Armstrong Atlantic State University, 2003 (2009)

*Benjamin Safer Warsaw, Assistant Professor of Music
B.M., Eastman School of Music, 2005
M.M., Eastman School of Music, 2007
D.M.A., Boston University, 2011 (2013)

PAMELA C. WATKINS, Assistant Professor Emerita of Mathematics
B.S.Ed., Georgia Southern College, 1975
M.S.T., Georgia Southern College, 1978 (1977)

H. JAROLD WEATHERFORD, Professor Emeritus of German
B.A., University of Utah, 1963
M.A., University of Utah, 1970
Ph.D., University of Utah, 1972 (1972)

*John A. Weaver, Professor of Curriculum, Foundations, and Reading
B.A., Alderson-Broaddus College, 1986
M.A., Villanova University, 1988
Ph.D., University of Pittsburgh, 1994 (2001)

*Daniel G. Webster, Associate Professor of Psychology
B.S., University of Wisconsin, 1976
M.S., University of Florida, 1979

*Mitch Weiland, Associate Professor of Biochemistry
B.S., Viterbo College, 2003
Ph.D., University of South Carolina-Columbia, 2009 (2011)

David E. Weisenborn, Professor Emeritus of Economics
B.S., The Ohio State University, 1963
M.S., University of Florida, 1965
Ph.D., University of Florida, 1968 (1976)

*Mark R. Welford, Professor of Geography
B.S., Lanchester Polytechnic/Coventry University, 1986
M.S., University of Idaho, 1988
Ph.D., University of Illinois at Urbana Champaign, 1993 (1993)

*Teresa M. Welford, Associate Professor of Writing and Linguistics
B.A., Armstrong State College, 1979
M.A., University of Georgia, 1981
Ph.D., University of Essex, 2006 (1987)

Jay Norman Wells, Professor Emeritus of Mathematics
B.E.E., Georgia Institute of Technology, 1957
M.S., Clemson Agricultural College, 1962
Ph.D., Florida State University, 1968 (1962)

*Mary Rebecca Wells, Assistant Professor of Science Education
B.S., Georgia Southern University, 2002
M.S., Georgia Southern University, 2004
Ed.D., Georgia Southern University, 2015 (2014)

*Pamela C. Wells, Assistant Professor of Counselor Education
B.A., Plymouth State University, 1994
M.A., Ball State University, 1997
M.Ed., Plymouth State University, 2011

Ph.D., Idaho State University, 2014 (2014)

Robert A. Wells, Professor Emeritus of Management
B.S.Ed., University of Georgia, 1956
M.Ed., Georgia Southern College, 1969
Ed.D., University of Georgia, 1973 (1975)

*William H. Wells, Associate Professor of Finance
B.A., Jacksonville University, 1977
Ph.D., University of Mississippi, 1999 (2001)

John Welsh, Assistant Professor Emeritus of English
B.A., Davidson College
M.A., Vanderbilt University (1967)

*Jennifer Wernalik, Assistant Professor of Psychology
B.S., St. Ambrose University, 2005
M.A., Ball State University, 2013
Ph.D., Pennsylvania State University, 2017 (2017)

*Lara Wessel, Associate Professor of Political Science
B.A., Cardinal Stritch University, 2001
M.A., University of Wisconsin-Milwaukee, 2003
Ph.D., University of Wisconsin-Milwaukee, 2007 (2011)

Larry West, Adjunct Assistant Professor of Military Science
Captain, U.S. Army
B.A., Jacksonville State University, 2007 (2016)

Donald C. Whaley, Associate Professor Emeritus of Industrial Management
B.S., Georgia Teachers College, 1956

Maliece Whatley, Lecturer of Accounting
B.B.A., University of Georgia, 1982
M.Acc., University of Georgia, 1983 (2014)

*Patrick G. Wheaton, Assistant Professor of Communication Arts
B.A., University of Virginia, 1986
M.A., University of Georgia, 1993
Ph.D., University of Georgia, 2001 (1998)

*David M. Wheeler, Professor of English
A.B., University of Illinois at Urbana-Champaign, 1972
M.A., University of Chicago, 1973
Ph.D., University of Virginia, 1980 (2005)

*Timothy D. Whelan, Professor of Literature
B.A., Tennessee Temple University, 1977
M.A., University of Missouri-Kansas City, 1981
Ph.D., University of Maryland, 1989 (1989)

Mical Whitaker, Assistant Professor Emeritus of Communication Arts

Robert L. Whitaker, Vice President for Business and Finance
B.B.A., Morehead State University, 1991
M.B.A., Georgia Southern University, 1993 (2013)

Nancy A. White, Professor Emerita of History
B.A., Mount Holyoke College
M.A., American University
Ph.D., American University (1994)

Susan S. White, Assistant Professor Emerita of Special Education
B.S., Winthrop College
M.Ed., University of South Carolina (1974)

Virginia White, Assistant Professor Emerita of English
A.B., Vanderbilt University
M.A.T., Emory University
Ed.D., University of Georgia (1967)

**MORRIS WHITEN, Professor Emeritus of Physics**
B.S., University of Georgia
Ph.D., University of Georgia (1970)

*ELLEN V. WHITFORD, Professor of Education*
B.A., University of Delaware, 1968
M.Ed., Arcadia University, 1980
Ed.D., Rutgers University, 1989 (2006)

*CHRISTINE R. WHITLOCK, Professor of Chemistry*
B.A., Huntingdon College, 1989
Ph.D., University of Alabama, 1994 (1994)

**AMBERYS R. WHITTLE, Professor Emeritus of English**
B.A., University of North Carolina at Chapel Hill, 1961
M.A., University of North Carolina at Chapel Hill, 1965
Ph.D., University of North Carolina at Chapel Hill, 1968 (1983)

**RUTH ELLEN WHITWORTH, Academic Professional and Instructor of Biostatistics**
B.B.A., Abilene Christian University, 1984

*THARANGA D. WICKRAMARACHCHI, Assistant Professor of Mathematical Sciences*
B.S., University of Colombo, 2005
M.S., Clemson University, 2008
Ph.D., Clemson University, 2012 (2013)

*MICHAEL R. WIGGINS, Lecturer of Legal Studies*
B.F.A., Wichita State University, 1999
J.D., University of Arizona, 1994
M.B.A., University of Massachusetts, 2008 (2008)

**CHRISTOPHER LEE WILLIAMS, Lecturer of Engineering Studies and Computer Science**
A.S., Macon State College, 1999
B.S., Armstrong Atlantic State University, 2001
M.S., Armstrong Atlantic State University, 2004 (2015)

**DARBY WILLIAMS, Lecturer of Criminal Justice and Criminology**
A.A.S., Marymount Palos Verdes College, 1987
B.A., University of California-Santa Barbara, 1991
J.D., Western State University College of Law, 1995 (2017)

*DAVID A. WILLIAMS, Associate Dean for Students, Curriculum, and Advisement, Allen E. Paulson College of Engineering and Information Technology, and Associate Professor of Industrial Technology*
B.S., Appalachian State University, 1976
M.A., Appalachian State University, 1978
Ph.D., University of Maryland, 1987 (1990)

**ELIZABETH YVONN WILLIAMS, Lecturer of Education**
B.S.Ed., Armstrong State College, 1981
M.Ed., Armstrong State College, 1989
Ed.S., Georgia Southern University, 2000 (2010)

*JOSHUA LOUIS WILLIAMS, Assistant Professor of Psychology*
B.A., Purdue University, 2004
M.A., University of Tennessee-Knoxville, 2009
Ph.D., University of Tennessee-Knoxville, 2011 (2011)

**KITTY BURKE WILLIAMS, Assistant Professor Emerita of Accounting**
B.B.A., Georgia Southern College, 1971

**LEIGH ANN WILLIAMS, Lecturer of Writing and Linguistics**
B.A., Georgia Southern University, 1992
M.A., Georgia Southern University, 1995 (2011)

**SCOTT H. WILLIAMS, Professor Emeritus of Graphic Communications Management**
A.S., Miami Dade Junior College, 1969
B.S., Georgia Southern College, 1972
M.T., Georgia Southern College, 1974 (1987)

*SUSAN REBSTOCK WILLIAMS, Professor and Chair Emerita, Department of Information Technology*
B.S., Southwest Missouri State University, 1975
M.B.A., Southwest Missouri State University, 1985
Ph.D., Oklahoma State University, 1995 (1994)

**TIMMARIE WILLIAMS, Assistant Professor of Health Sciences**
B.A., Saint Edward’s University, 1996
M.S.G., Baylor University, 2000
Ph.D., University of North Texas, 2013 (2014)

*MECA R. WILLIAMS-JOHNSON, Professor of Educational Research*
B.S., Southern University and A&M College, 1997
M.S., Florida State University, 1998
Ph.D., University of Georgia, 2006 (2006)

**CHARLES HENRY WILSON, Assistant Professor of Coaching Education**
B.A., University of North Carolina-Wilmington, 1997
M.S., University of Tennessee, 2001
Ph.D., University of Tennessee, 2014 (2014)

*JANIE H. WILSON, Professor of Psychology*
B.S., College of Charleston, 1989
Ph.D., University of South Carolina, 1994 (1994)

**ROBIN LAINE WILSON, Limited-Term Instructor of Accounting**
B.A., Oglethorpe University, 2000
J.D., Florida State University, 2003 (2013)

*GREGORY S. WIMER, Professor of Health and Physical Education*
B.S., University of South Carolina-Columbia, 1985
M.S., University of South Carolina-Columbia, 1989
Ph.D., The Ohio State University, 1996 (1994)

**HAYDEN R. WIMMER, Assistant Professor of Information Technology**
B.S., York College of Pennsylvania, 1999
M.B.A., Pennsylvania State University, 2006
M.S., University of Maryland-Baltimore County, 2011
Ph.D., University of Maryland-Baltimore County, 2013 (2015)

**AMY SPILLMAN WINSKIE, Limited-Term Instructor of Mathematics**
B.S., University of North Carolina, 1996
M.Ed., Georgia Southern University, 2003 (2012)

*TERESA M. WINTERHALTER, Interim Dean, College of Liberal Arts, and Professor of English*
B.A., College at Brockport-State University of New York, 1979
M.A., College at Cortland-State University of New York, 1988
M.A., University of Rochester, 1991
Ph.D., University of Rochester, 1994 (1994)

**SPENCE L. WISE, Associate Professor Emeritus of Accounting**
B.B.A., Ohio University, 1963
**BRENT D. WOLFE, Professor of Therapeutic Recreation**  
B.S., Houghton College, 1996  
M.A., University of Georgia, 2001  
Ph.D., University of Georgia, 2004 (2007)

**WENDY L. WOLFE, Associate Professor of Psychology**  
B.A., University of North Carolina-Wilmington, 1994  
M.S., Syracuse University, 1998  
Ph.D., Syracuse University, 2001 (2006)

**DANETTE L. WOOD, Associate Professor Emerita of Nursing**  
A.S.N., Empire State College, State University of New York, 1985  
B.S.N., Empire State College, State University of New York, 1990  
M.S.N., Georgia Southern University, 1992  
Ed.D., Georgia Southern University, 1999 (1995)

**MALCOM JARED WOOD, Assistant Professor of Anthropology**  
B.S., Middle Tennessee State University, 2000  
Ph.D., University of Georgia, 2009 (2012)

**ARTHUR WOODRUM, Professor Emeritus of Physics**  
B.S., Georgia Institute of Technology, 1964  
M.S., Georgia Institute of Technology, 1966  
Ph.D., Georgia Institute of Technology, 1968 (1969)

**JAMES M. WOODS, Professor of History**  
B.A., University of Dallas, 1976  
M.A., Rice University, 1979  
Ph.D., Tulane University, 1983 (1988)

**SHELLEY BROWN WOODWARD, Instructor of Early Childhood Education**  
B.A., Georgia Southern University, 2001  
M.Ed., Georgia Southern University, 2004 (2010)

**PAMELA J. WORRELL-CARLISLE, Assistant Professor of Nursing**  
B.S., Ball State University, 1982  
M.A., Ball State University, 1983  
Ph.D., Indiana University, 1993 (2016)

**Haley Worst, Assistant Professor of Physical Therapy**  
B.S., University of North Georgia, 2002  
M.S., University of North Georgia, 2005  
D.P.T., Northeastern University, 2013 (2014)

**JOHN EDWARD WRIGHT, Assistant Professor of Theatre**  
B.A., Armstrong Atlantic State University, 2011  
M.F.A., University of Georgia, 2015 (2015)

**NANCY S. WRIGHT, Assistant Professor Emerita of English and Assistant Dean Emerita, College of Liberal Arts and Social Sciences**  
A.B., Emory University, 1964  
M.Ed., Georgia Southern College, 1980 (1979)

**Ji Wu, Associate Professor of Chemistry**  
A.S., Hefei University, 1994  
M.S., Anhui University, 2000  
Ph.D., Texas Christian University, 2007 (2012)

**TIEHANG WU, Associate Professor of Biology**  
B.Agr., Shanxi Agricultural University, 1986  
M.Agr., Nanjing Agricultural University, 1989  
Ph.D., Pennsylvania State University, 2002 (2011)

**YAN WU, Professor of Mathematical Sciences**  
B.S., Beijing Polytechnic University, 1992  
M.S., University of Akron, 1996  
Ph.D., University of Akron, 2000 (2000)

**ERNEST TILLMAN WYATT, Associate Professor Emeritus of Communication Arts**  
A.B.J., University of Georgia, 1967  
M.A., University of Georgia, 1975 (1975)

**GAIL G. WYNN, Assistant Professor of Biology**  
B.S., Oglethorpe University, 1959  
M.S., Louisiana State University and A&M College, 1962  
Ph.D., Louisiana State University and A&M College, 1968 (1992)

**SHAOWEN XU, Associate Professor of Mechanical Engineering**  
B.S., Huazhong University of Science and Technology, 1985  
M.S., Huazhong University of Science and Technology, 1991  
Ph.D., University of South Carolina, 2003 (2009)

**CANDACE THRESA YANCEY, Associate Professor of Psychology**  
B.S., University of Alabama, 1999  
M.A., University of Nebraska-Lincoln, 2002  
Ph.D., University of Nebraska-Lincoln, 2006 (2008)

**BILL Z. YANG, Professor of Economics**  
B.S., Wuhan University, 1982  
M.A., Queen's University-Kingston, 1987  
Ph.D., University of Iowa, 1993 (2000)

- International Students (p. 477)
- Other Outside Sources of Financial Aid (p. 478)
- Transfer Credit (p. 478)
Application Procedures

To apply for any Federal Title IV aid:

• Complete and submit an Application for Admission to attend Georgia Southern University.
• Complete a Free Application for Federal Student Aid (FAFSA) online at http://www.fafsa.ed.gov/, for EACH year of enrollment. Be sure to list Georgia Southern University’s federal school code, 001572, on the form.
• February 1 of each year is the preferred filing date for financial aid. Applicants not filing by this date may not have funds available by the Fall semester fee payment deadline, which is the first day of class.

More detailed information about financial aid programs can be obtained by viewing our website at http://em.georgiasouthern.edu/finaid or by emailing the Office of Financial Aid at finaid@georgiasouthern.edu.
Fees

- Business Regulations (p. 914)
- EAGLEXPRESS and Eagle Card Services (p. 914)
- Graduation Fee (p. 914)
- Late Registration Fee (p. 914)
- Parking and Transportation (p. 915)

- Technology Fee (p. 916)
- Textbooks and Supplies (p. 916)
- Transportation Fee (p. 916)
- Tuition and Fee Refunds (p. 916)
- University Fees (p. 916)

Business Regulations

The academic year is divided into two semesters of approximately 15 weeks each and a summer semester of approximately 12 weeks. Fees are charged and payable by the semester since each semester constitutes a separate unit of operation. A student may enroll at the beginning of any semester.

To ensure financial operation is in conformity with Board of Regents policies, fee payment regulations must be observed. All fees and charges are due and payable by the first official day of class for the semester for the University; charges incurred during the Drop/Add period are due immediately. Students are responsible for checking their account balance via WINGS at https://my.georgiasouthern.edu/ and ensuring fee payment by the published fee payment due dates. Fees and charges may be paid by cash, check, online by free webCheck or by MasterCard, American Express, Discover and Visa in the exact amount of the student’s invoice. Payment by credit card must be made via WINGS and is subject to a 2.85% processing fee. Nonpayment of all fees and charges by the first official day of class for the semester will result in cancellation of all classes. A student’s financial aid is not available to pay all fees by the designated due date, he/she must be prepared to pay tuition and fees then be reimbursed when financial aid is available. Should a student decide not to attend Georgia Southern University or cease to attend during the semester, he/she will continue to be fee liable until officially withdrawing from the University. (See refunds and withdrawals for more information.) PLEASE NOTE, NO INVOICES ARE MAILED: INVOICES ARE AVAILABLE ONLINE ONLY VIA WINGS AT THE ABOVE WEB ADDRESS.

Any amounts owed to the University that are not cleared when due will be subject to reasonable collection fees that could include collection agency fees, attorney fees, court costs and other charges necessary for the collection of the debt. In addition, a financial hold will be added to the account that will prevent any changes to current or future registration and access to transcripts.

The University reserves the right to make changes in its fees, which are regulated by the Georgia Board of Regents, at the beginning of any semester and without previous notice.

Students’ personal checks made out to CASH-Georgia Southern University, with proper student identification, may be cashed at the Cashier’s Office in Deal Hall or at The University Store in an amount not to exceed $50.00.

EAGLEXPRESS and Eagle Card Services

EAGLEXPRESS® is a premier declining balance system conveniently located on your Eagle Card that can be used at campus restaurants, stores, Printing and Postal Services, the University Store and Tech Corner. You can even use it to pay Parking and Transportation related expenses, at Health Services and at select off-campus restaurants and retail locations. Students, parents, faculty and staff can deposit funds into an EAGLEXPRESS® account with cash, money order, check, MasterCard, Visa or American Express to your eAccounts (https://georgiasouthern.sp.blackboard.com/eaccounts/AnonymousHome.aspx) additionally, you now have the option to add money to your account at the kiosk located in Dining Commons.

Mail checks or money orders to:

Eagle Card Services
P.O. Box 8079
Georgia Southern University
Statesboro, GA 30460-8079

You can also log into your eAccount to get a statement of your EAGLEXPRESS® account activity for the last 30 days. Money in your EAGLEXPRESS® account never expires and it can be used any time of the year both on and off campus. EAGLEXPRESS® is not a banking system and cash cannot be withdrawn from the account. Refunds will be issued by check after the end of each semester by written request only.

- EAGLEXPRESS cannot be used to purchase alcoholic beverages, tobacco, firearms, piercings, tattoos, tanning or gift cards.
- EAGLEXPRESS is accepted at 70+ locations throughout the Statesboro community.

You will find EAGLEXPRESS® is a great way to manage money needed to buy books, meals and other Georgia Southern goods and services.

Graduation Fee

A graduation fee of $35 for graduate and undergraduate students must be paid by the end of the semester in which the student completes requirements for graduation. This fee includes application processing, payment for diploma, and mailing fee; separate payment by the student to the vendor for graduation attire will be required for those participating in the ceremony. Any outstanding financial obligations to the University (Bursar’s Office, Parking, Health Services, Library, etc.) must be paid before a student can obtain a transcript.

A $75-150 late graduation fee will be assessed to graduate students who miss the posted deadline to apply for graduation for the semester they expect to graduate. The deadline for which no further late applications will be accepted or processed is posted in the university calendars.

Late Registration Fee

Undergraduate and graduate students who complete registration after the published registration day at the beginning of each semester will be charged a non-refundable late registration fee of $100.

The College of Graduate Studies Continuous Enrollment policy requires students to be enrolled continuously in those programs that require a thesis or dissertation. Should a student not register each semester as required by the continuous enrollment policy, the student will be required to register and pay tuition and fees for the missed semesters. Tuition and fee payment is due for the missed registration semesters at the beginning
Parking and Transportation

Your license plate will serve as your parking permit (no physical decals will be issued). Furthermore, backing in or pulling through parking spaces will not be permitted.

The Parking and Transportation department of Auxiliary Services at Georgia Southern University is here to help aid your parking and transit needs. Parking and Transportation is responsible for the implementation and enforcement of the University’s parking regulations, as well as the placement and maintenance of parking and traffic control devices. Visit GeorgiaSouthern.edu/parking for parking, permit and transit information, lot status and all updates.

Parking Permits

Your license plate will serve as your parking permit (no physical decals will be issued). Furthermore, backing in or pulling through parking spaces will not be permitted.

Parking permits are sold only to currently enrolled students, faculty and staff. Students should use their My.GeorgiaSouthern.edu account or visit the Parking and Transportation office located behind Dining Commons to purchase their permit. To purchase a permit online, simply log in to My.GeorgiaSouthern.edu and click on the “Parking Permits & Citations” link under “Auxiliary Services”.

Carpool Program

Transportation is one of the biggest contributors of greenhouse gas emissions. There are thousands of people driving to campus every day. Why not cut travel costs, reduce wear and tear on your vehicle, conserve energy and help fight air pollution by using carpools to commute to work or school? Parking and Transportation is proud to continue offering carpool parking at a reduced rate with the convenience of parking closer to your destination.

RAC and Stadium Parking

The RAC is permit parking between the hours of 8 am – 3 pm. You may park at the RAC with ANY current Georgia Southern University parking permit. For those attending classes or who wish to work out during these hours without a parking permit, you may park at the stadium and ride the bus to the RAC as a permit is not required to park at the stadium. Additionally, since it is not required to have a permit for Paulson Stadium, it is available for parking and riding the bus or walking to campus.

Parking Permit Pricing

Parking permits are sold on a first-come, first-served basis. Students with a lot preference should purchase their permits as early as possible.

Commuter Permit

$160/year (Statesboro), $50/year (Armstrong), Free (Liberty)
Permits are lot specific on the Statesboro Campus. Armstrong Campus students can parking in any available commuter lot. Please visit the parking website at GeorgiaSouthern.edu/parking for more details. Commuters can utilize 30-minute spaces around each campus. RAC parking on the Statesboro Campus is permitted to valid permit holders. Stadium parking is free.

Carpooling: $110/year (Statesboro)

Join a carpool today. Students will be able to share the cost of the permit and the expense of driving to campus. Carpools must have two or more members.

Residential Student Permits

Statesboro Campus: $160/year (Statesboro)
Armstrong Campus: included in your housing fees
Liberty Campus: n/a

All students who reside in Residence Halls on campus will be restricted to their assigned parking area.

Faculty and Staff

$100/year (Statesboro), Free (Armstrong & Liberty)
Faculty and Staff will park their vehicles in lots designated by Faculty and Staff parking signs.

Carpooling: $100/year (Statesboro), Free (Armstrong & Liberty)
Employees will share the cost of the permit and the expense of driving to campus. Carpools must have two or more members.

Motorcycle

$50 (Statesboro and Armstrong)
Motorcycle permits are required for all motor-driven cycles including motorcycles, scooters, minibikes motorbikes and mopeds being 2 or 3 wheeled with any engine size.

Other Parking Permits

Graduate Assistants who are assigned course teaching responsibility may be approved for the Graduate Assistant Parking Pass. The Graduate Assistant Parking Pass must be approved by the Graduate Dean.

Visitors parking on campus are asked to obtain a complimentary visitor’s pass by logging into the Parking and Transportation web portal at https://gsuparkingweb.georgiasouthern.edu/.

Transportation

Zipcar

Zipcar is available to all 18+ year old Georgia Southern University students, faculty and staff (Statesboro campus only). Zipcar is car-sharing, an alternative to bringing a car to school, that gives members 24/7 access to vehicles parked right on campus. Low hourly and daily rates include gas, insurance and 180 miles per day to go wherever you want to go! Members can reserve cars online or with a smartphone for as little as an hour or up to four days. Enjoy all the freedom of owning a car without any of the hassle. Find out more about how it works at http://www.zipcar.com/universities/georgia-southern-university.

Transit Service

Our transit service runs during classes, final exams, football game days and spring commencement to provide for convenient off-site parking (Statesboro Campus Only). The transit service does not run when classes are not in session, during holidays and between semesters. Buses run between 7 a.m. – 9 p.m., Monday – Thursday, and 7 a.m. - 6 p.m., Friday. From 4 - 9 p.m. a reduced number of buses run daily routes. Estimated time between buses on the reduced schedule is 15 minutes. The transit service is funded by a mandatory transportation fee charged each semester.

Paying Citations

Paying for citations is done through the Parking and Transportation Web. To access the portal, login to My.GeorgiaSouthern.edu (http://catalog.georgiasouthern.edu/admissions-aid/fees/parking-permits/)
My.Georgiasouthern.edu). Select the “Parking Permits & Citations” link under “Auxiliary Services.” Once logged in, you will be able to view permit information, contact information, registered vehicles and any outstanding balances.

**Hours**

Monday - Friday: 7:30 a.m. - 5 p.m. (Statesboro Campus)
Monday – Friday: 8 a.m. – 5 p.m (Armstrong Campus)
P.O. Box 8059 Statesboro, GA 30460
(P) 912.478.7275 (GSU,PARK) | (F) 912.478.1309
parking@georgiasouthern.edu
GeorgiaSouthern.edu/parking (http://catalog.georgiasouthern.edu/admissions-aid/fees/parking-permits/GeorgiaSouthern.edu/parking)
Twitter.com/@GSUParking

**Returned Check Procedure**

Checks (paper or electronic) returned for any reason will be handled in accordance with the state laws of Georgia and the Board of Regents of the University System of Georgia policies. Returned items will be assessed a service fee of $30.00, or 5% of the face value of the check, whichever is greater, and a hold will be placed on the student’s record. The University will notify the student (maker) of the returned item via certified mail detailing the payment options available.

Tuition/fee payments returned as unsuccessful are subject to administrative processes such as cancellation and/or administrative withdrawal.

After three checks (paper or electronic) have been returned, the student’s (maker’s) privilege of writing checks to the University will be suspended.

All amounts owed to the University that are not cleared when due will be subject to reasonable collection fees which could include collection agency fees, attorney fees, court costs and other charges necessary for the collection of the debt.

**Technology Fee**

A $100$\(^1\) per semester Technology Fee is charged to all Georgia Southern University students (excluding those enrolled in Graduate Online Degree Programs). This fee is used to develop and maintain student computer systems and laboratories. A Technology Fee Advisory Board, with student representation, makes decisions regarding the use of this fee.

\(^1\) Fees quoted are for Fall 2018 and Spring 2019.

**Textbooks and Supplies**

The University Store offers all required textbooks and basic supplies Georgia Southern University students need for their courses. By selling new textbooks, used textbooks and eBooks, as well as offering competitive pricing and rental programs, the University Store gives students multiple purchasing options. Depending on course selection, the average cost per semester is approximately $600. Accepted forms of payment are: cash, check, MasterCard, Visa, Discover, American Express, University Store gift cards and EAGLEXPRESS (http://%20auxiliary.georgiasouthern.edu/eaglexcard/eaglexpress). Students whose financial aid exceeds their tuition and fees, housing and meals are allowed to charge their required books and supplies at the University Store in the amount of the lesser of their excess financial aid or $600. Please contact the University Store for the bookstore financial aid availability each semester. These charges are then added to the student's bursar account and paid for out of the student's financial aid funds. The University Store offers a wide selection of course material options in store and online at GSUSStore.com (http://gsustore.com).

We offer multiple textbook purchasing options selling both new and used books and eBooks. We also offer book rentals that can save students up to 75% off of new book costs. Georgia Southern University faculty work directly with the store to ensure a complete selection of required materials, and unlike other stores and websites, we only sell the correct and complete editions of textbooks and course materials. For your convenience, books can be purchased via your WINGS account or via our website at GSUSStore.com (http://gsustore.com). Books and course materials may be purchased with financial aid - all you need is your Eagle ID. Our textbook buyback program, puts money back in your hands. If a book is required for a course during the following semester, the store will pay you up to 50% of the book's retail value.

**Transportation Fee**

A $55\(^1\) per semester Transportation Fee is charged to Georgia Southern University Statesboro students as part of their University Fees (See University Fees) (p. 916). This fee is used to fund Transit Services provided to students allowing them to park at Paulson Stadium and utilize the transit system on and around campus. For additional information, please call the Parking Office at (912) GSU-PARK (912-478-7275) or visit our web site at http://auxiliary.georgiasouthern.edu/parking/.

\(^1\) Fees quoted are for Fall 2018 and Spring 2019.

**Tuition and Fee Refunds**

Regulations of the Board of Regents of the University System of Georgia provide for tuition and mandatory fee refunds when formal withdrawal from the Institution is approved within a designated period following scheduled registration.

The refund percentage that a student receives is a calculation of the time remaining in the semester up through 60% of the semester; once 60% of a semester has expired, there is no refund for a withdrawal from school. The full term semester dates are used for the tuition refund calculation. The refund calculation is based on days enrolled in the semester divided by number of calendar days in the semester, including weekends and holidays but excluding breaks of five or more consecutive days. For example, if a semester has 112 days, and a student withdraws on day 49 of that semester, 43.8% of that semester has expired (49 days divided by 112 days). The student is eligible for a refund of 56.2% (100 percent minus 43.8 percent). For students receiving financial aid, please refer to section "Refunds for a Student Receiving Federal Title IV Financial Assistance".

Refunds due to formal withdrawal from school are not made after the midpoint in the semester.

Refunds are not made for classes dropped after the Drop/Add period. Additional fees due for certain PE classes (i.e.; scuba diving, golf) and for certain courses (i.e.; art, biology, chemistry, geography and geology, nutrition and food science, physics, public health, student teaching, and theater) are not refundable after Drop/Add. A refund of all semester tuition and other mandatory fees is made in the event of death of a student any time during an academic semester.

**University Fees**

Cultural, social and athletic activities, good health care and transportation services are important parts of the University’s program and a student’s educational environment. In order to provide these activities and services, a per semester University Fee of $1046.00\(^1\) is charged. All students must pay this fee unless they are registered for fewer than four credit hours or enrolled in all off-campus courses.

An Institution Fee of $290.00\(^1\) (which is included above) is assessed each semester to all students enrolled for that semester, regardless of class,
residency, or program of study. This is a mandatory fee set by the Board of Regents.

1  Fees quoted are for Fall 2018 and Spring 2019.
Financial Aid

Georgia Southern University offers a comprehensive program of financial aid for students who, without such aid, would be unable to continue their education. Through this program an eligible student may receive one or more types of financial aid: Grants, Loans, Scholarships, or Student Employment. Most financial aid at Georgia Southern University is awarded on the basis of a student’s academic progress and proven "financial need," defined as the difference between a family’s estimated resources and the total estimated expense of attending the University. Georgia Southern University uses the Free Application for Federal Student Aid (FAFSA) form provided by the U.S. Department of Education to measure a student’s financial aid eligibility. Contact the Office of Financial Aid at (912) 478-5413 for assistance. The Office of Financial Aid, part of the Division of Enrollment Management, is located on the second floor of Rosenwald Building on the Statesboro campus, and on the second floor of Victor Hall on the Armstrong campus. The fax number is (912) 478-7418.

Mailing address:
Office of Financial Aid
P.O. Box 8065
Georgia Southern University
Statesboro, Georgia 30460-8065
http://em.georgiasouthern.edu/finaid

Four types of financial aid:

1. Grants - Federal, state and privately funded grant programs are available.
2. Loans - Loan programs are available from federal, state, and private agencies.
3. Scholarships - Georgia Southern University offers a limited number of academic scholarships to its students.
4. Student Employment - Federally-funded College Work-Study Program, or Institutional Work Program.

• Grant Programs (p. 918)
• Loan Programs (p. 918)
• Other Financial Assistance (p. 920)
• Qualifying for Financial Aid (p. 921)
• Refunds for a Student Receiving Federal Title IV Financial Assistance (p. 921)

Grant Programs

(All grant program amounts are subject to change.)

State Grants

The Georgia Student Finance Commission administers state scholarships and student grant programs. For information contact:

Georgia Student Finance Commission
2082 East Exchange Place, Suite 200
Tucker, GA 30084
(800) 505-4732, or
http://www.Gafutures.org/

The Public Safety Memorial Grant is an award for children of Georgia law enforcement officers, firemen, and prison guards who have been permanently disabled or killed in the line of duty. The grant covers the cost of attendance minus other aid, but may not exceed $18,000 per award year.

Federal Grants

Federal Pell Grant

The Federal Pell Grant is the primary federal student aid program administered by the U.S. Department of Education. It is intended to be the first and basic component of an undergraduate student’s financial aid package. To be eligible, students:

• Must show financial need, an EFC between 0 and 5486.
• Must be enrolled in an approved undergraduate course of study and must not have a bachelor’s degree.
• Must be a U.S. citizen or an eligible non-citizen as defined in the instructions on the Free Application for Federal Student Aid (FAFSA).

The Federal Pell Grant may be received each academic year up to a maximum of 12 semesters. The maximum Federal Pell Grant for 2018/2019 is $6095 for eligible students. Award amounts are prorated based on the number of credit hours for which a student is enrolled. For additional information visit our website at http://em.georgiasouthern.edu/finaid.

Federal Supplemental Education Opportunity Grant (FSEOG)

The Federal Supplemental Education Opportunity Grant (FSEOG) is a federal program administered by the Office of Financial Aid to assist undergraduate students with financial need. For additional information visit our website at http://em.georgiasouthern.edu/finaid. To be eligible, students:

• Must show substantial financial need by using the FAFSA form.
• Must be eligible for Federal Pell Grant.
• Must be enrolled in an undergraduate course of study, and must not have a bachelor’s degree. The standard grant amount awarded is $600 per academic year. The federal funding for this program is limited; therefore, funds are depleted rapidly.

Teacher Education Assistance for College and Higher Education (TEACH)

This program provides grant assistance to juniors, seniors, and graduate students who have been accepted into the College of Education in specified “high-need” fields and who have a 3.25 GPA or better. Students who receive the TEACH Grant must fulfill a service obligation. If a student does not complete the service obligation, all TEACH Grant funds received will be converted to a Federal Direct Unsubsidized Loan.

Iraq and Afghanistan Service Grant (IASG)

Funds are awarded to students whose parent or guardian was a member of the U.S. Armed Forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11. To qualify, the student must be under the age of 24 or enrolled in college at least part-time at the time of the parent’s or guardian’s death. Students who qualify for the full Federal Pell Grant cannot receive the IASG. The award amount is equal to the amount of the maximum Pell Grant for the academic year, with a federal sequestration-required reduction of 6.9 percent.

Loan Programs

Federal Perkins Loan Program

The Federal Perkins Loan Program is a low-interest (5 percent) federal loan for undergraduate students with exceptional financial need. This program is administered by the Office of Financial Aid at Georgia Southern University. Student eligibility is based upon a predetermined awarding formula using limited available funds. The FAFSA must be completed. For
additional information visit our website at http://em.georgiasouthern.edu/finaid. Note: No new Perkins Loans will be awarded to any student after September 30, 2017.

Maximum Loan Amounts for Perkins

A student may be awarded up to $4,000 for each year of undergraduate study. The total amount allowed as an undergraduate is $20,000. However, the standard Perkins Loan awarded at Georgia Southern University is $2,000 per academic year; $1,000 per semester.

Repayment Obligation for Perkins Loan

Repayment begins 9 months after graduation, leaving school, or dropping below half-time enrollment. The student may be allowed up to 10 years to repay the loan. During the repayment period, five percent simple interest will be charged on the unpaid balance of the loan principal.

A Federal Perkins Loan is a serious legal obligation. Therefore, it is extremely important to understand the student borrower’s rights and responsibilities.

- Without exception, report any of the following changes to the Federal Perkins Loan Collections Office Georgia Southern University P.O. Box 8119 Statesboro, GA 30460 (912) 478-1264 or (912) 478-5411:
  a. If withdrawing from school;
  b. If transferring to another school;
  c. If dropping below half-time enrollment status;
  d. If name should change (because of marriage, for example);
  e. If student’s address or parents’ address changes;
  f. If joining military service, Peace Corps, or VISTA.
- When graduating or withdrawing from Georgia Southern University, an exit interview MUST be arranged by calling (912) 478-1264 or (912) 478-5411.
- The first monthly payment will be due nine months from ceasing to be at least a half-time student.
- The minimum monthly payment will be at least $40.
- The annual percentage rate of five percent will be the FINANCE CHARGE based on the unpaid balance and will begin to accrue nine months after ceasing to be enrolled as at least a half-time student.
- Cancellation will be granted for certain types of elementary or secondary school teaching; for military service in areas of hostilities; for full-time staff members in Head Start; and for permanent disability. The student also accepts the responsibility to inform the school of such status. In the event of death, family members should contact the school.
- If entering military service, Peace Corps, VISTA or comparable tax-exempt organization, becoming full-time active duty in the Commissioned Corps of the U.S. Public Health Service, while temporarily totally disabled, or returning to at least half-time study at an institution of higher education, the student may request that the payments on the Federal Perkins Loan be deferred.
- If the student fails to repay any loan as agreed, the total loan may become due and payable immediately, and legal action could be taken.
- The student must promptly answer any communication from Georgia Southern University regarding the loan.
- The student may repay at any time. Future interest payments will be reduced by making such payments. If a payment cannot be made on time, contact the Georgia Southern University Federal Perkins Loan Office at (912) 478-1264 or (912) 478-5411.
- The student’s loan history will be reported to a credit bureau at the time of disbursement.
- When the student signs the loan agreement, Georgia Southern University is authorized to contact any school the student may attend to obtain information concerning student status, year of study, dates of attendance, graduation, withdrawal, transfer to another school or current address.

Federal Direct Lending Program

Georgia Southern University participates in the Federal Direct Lending Program. Loan funding comes directly from the U.S. Department of Education to students through the Federal Direct Stafford Loan Program and to the parents through the Federal Direct PLUS (Parent Loan for Undergraduate Students) Program. When loans are due, borrowers will repay them directly to the federal government through the loan servicer. Additional information is available at https://studentaid.ed.gov/sa/.

The Federal Direct Stafford Loan Program provides low-interest, long-term loans through the University. Funding for these loans comes from the U.S. Department of Education. These loans may be subsidized or unsubsidized. Eligible students must be admitted and enrolled in good standing at least half-time in a program leading to a degree. Half-time is defined as 6 credit hours for undergraduates.

The amount students may borrow is determined by federal guidelines. The following are federal maximum amounts that students are allowed to borrow:

- Freshmen (those who have not completed 30 earned credit hours) - $5,500 yearly; maximum subsidized amount = $3,500 yearly
- Sophomores (30-59 earned credit hours) - $6,500 yearly; maximum subsidized amount = $4,500 yearly
- Juniors or Seniors (60+ earned credit hours) - $7,500 yearly; maximum subsidized amount = $5,500 yearly

Repayment normally begins six months following graduation or when dropping below half-time enrollment. Payments and the length of the repayment period depend upon the amount of the student’s indebtedness. Under special circumstances, repayment of a Federal Direct Stafford Loan that is not in default may be deferred or canceled. Repayment, deferment, and cancellations are handled by a federal loan servicer.

If the student is eligible for a Federal Direct Stafford Loan, one will be awarded (either subsidized or unsubsidized, or a combination of both) as part of the financial aid package. The student must then access their WINGS account to accept, deny, or reduce the loan(s). Please read the following paragraphs to learn the differences between the subsidized and unsubsidized Federal Direct Stafford Loans. First-time borrowers are required to complete entrance loan counseling and electronically sign a master promisory note. For additional information visit our website at http://em.georgiasouthern.edu/finaid.

Subsidized Federal Direct Stafford Loan

The amount of subsidized Federal Direct Stafford Loan a student may borrow is the difference between the cost of education (annual budget) and a student’s resources (family contribution, financial aid such as Federal College Work-Study, and any other assistance received from the school and outside resources including scholarships). However, a student may not borrow more than the federal maximum for his/her grade level.

If a student is eligible for a subsidized Federal Direct Stafford Loan, the government will pay the interest until graduation or until enrollment drops below half-time. The student will be assessed a loan origination fee, which is deducted from the loan proceeds but will not reduce the principal balance required to repay. For additional information visit our website at http://em.georgiasouthern.edu/finaid.
**Unsubsidized Federal Direct Stafford Loan**

The unsubsidized Federal Direct Stafford Loan can replace all or part of the family contribution. However, the amount of the loan may not be more than the difference between the cost of education and any financial assistance received from the school and any outside source (including the unsubsidized Federal Direct Stafford Loan).

The interest rate is variable but will not exceed 8.25 percent. Interest accrues on the unsubsidized Federal Direct Stafford Loan while the student is in school and during the six-month grace period before repayment begins. The student has the option of paying the interest monthly, quarterly, or having the interest added to the principal. The student will be assessed a loan origination fee, which is deducted from the loan proceeds but will not reduce the principal balance required to repay. For additional information visit our website at [http://em.georgiasouthern.edu/finaid](http://em.georgiasouthern.edu/finaid).

**Additional Unsubsidized Federal Direct Stafford Loan**

If the student is an independent undergraduate or a dependent student whose parents are denied for a PLUS Loan, the student may borrow an additional unsubsidized Stafford loan as follows: freshmen and sophomores may borrow a maximum of $4,000 per academic year; juniors and seniors may borrow a maximum of $5,000 per academic year, not to exceed the cost of education. For additional information visit our website at [http://em.georgiasouthern.edu/finaid](http://em.georgiasouthern.edu/finaid).

**Federal Direct Parent Loan for Undergraduate Students**

If a student is considered dependent, he/she may be eligible for a Federal Direct Parent Loan for Undergraduate Students (PLUS) to assist in covering the education expenses. This loan is funded by the U.S. Department of Education. The borrower will be the student's parent (or stepparent), and a credit check will be conducted on the applicant. The maximum PLUS loan amount for an academic year is determined by subtracting all financial aid (including Stafford loans) from the annual cost of attendance.

The interest rate on the Federal Direct PLUS is variable but will not exceed 10.5 percent. The parent borrower has the option to begin repayment on the PLUS loan either 60 days after the loan is fully disbursed or to wait until six months after the dependent student ceases to be enrolled at least half-time. A loan origination fee is deducted from each disbursement of a PLUS loan. These charges do not reduce the amount required to repay. PLUS applications are processed through [https://studentloans.gov](https://studentloans.gov). For additional information visit our website at [http://em.georgiasouthern.edu/finaid](http://em.georgiasouthern.edu/finaid).

**Georgia Student Access Loan (SAL)**

The Georgia Student Access Loan (SAL) is a limited resource loan program that is designed to assist undergraduate students who have a gap in meeting their educational costs. The program is also designed to provide interest rate and repayment incentives to those who complete their program of study within the designed program length, work in select public service sectors or STEM fields. To qualify, students must be Georgia residents and United States citizens or eligible non-citizens. Students must have first applied for and exhausted all other student financial aid programs including federal and state student loans, scholarship and grant programs. Students must complete a SAL application at [https://www.gafutures.org](https://www.gafutures.org), and are randomly selected to participate in the program.

The amount that students may borrow is determined by state guidelines. The minimum loan amount is $500. The maximum loan limit is $8,000 per year up to a maximum of $36,000 over a college lifetime. A non-refundable $50 origination fee is deducted from the first disbursement of each loan.

The interest rate is one percent (1%) for the life of the loan, and begins accruing at the time of the first disbursement. The borrower must fulfill the loan obligation, including repayment requirements, as specified in the Promissory Note to maintain the loan at a one percent (1%) interest rate.

Repayment is a maximum of fifteen (15) years with a minimum payment of $50.00 per month. For additional information and application procedures, refer to [https://www.gafutures.org](https://www.gafutures.org).

**Private/Alternative Loans**

A private/alternative loan is a non-federal education loan through a private lender usually in the student’s name that may require a co-signer. These loans are not subsidized and generally have different eligibility requirements, interest rates, repayment options and conditions. Because private/alternative loans vary, the Georgia Southern Financial Aid Office cannot provide the most accurate and useful information regarding these loans. We strongly suggest comparing interest rates, loan fees, and repayment options before applying.

**Other Financial Assistance**

The academic progress of students receiving federal financial assistance from the programs listed earlier in this narrative must be evaluated by the criteria outlined in this policy. These and other students receiving other types of financial assistance are evaluated based on requirements of the applicable financial assistance program.

**Athletes**

The Georgia Southern University Athletic Department administers student athletic scholarships. Student athletes who are eligible to receive institutional and/or Federal aid must comply with NCAA regulations. Student athletes interested in receiving financial aid in addition to their athletic scholarship must complete the appropriate application process.

**Co-op and Internship Program**

The Co-op and Internship program at Georgia Southern University encompasses both internship and cooperative education opportunities for students in all majors. Co-ops and Internships provide an opportunity for students to evaluate whether their chosen career path or field of study is a good fit for them, develop their professional skills, and apply their academic knowledge while obtaining valuable real world experience in their field. The Office of Career Services at Georgia Southern University is committed to actively recruiting and promoting Co-op and Internship opportunities for all students and provides a centralized contact for both academic and non-academic related issues associated with experiential learning for all Colleges and majors.

In order to participate in the Co-op and Internship program, students must be in good academic standing with the University and must agree to the requirements of the program which include signing a Code of Conduct and Waiver of Liability. Additionally, students must provide the Office of Career Services with an offer letter from their employer. The compensation package offered to the student is determined by the employer and board and lodging are the responsibility of the student. While participating in the Co-op and Internship program, students will be enrolled in non-academic, tuition-free COOP hours that will denote their experience on their student transcript. Students will be registered for the course through the Office of Career Services. Students and employers are required to submit evaluations at three identified points during their work term. Successful completion of the requirements will result in a pass or fail grade awarded to the student.
For more information about our Internship and Co-op program, please refer to the Student Internship & Co-op Handbook (http://students.georgiasouthern.edu/career/files/CoOpInternshipGuide.pdf), visit the Career Services website (http://students.georgiasouthern.edu/career), or call (912) 478-5197.

Veterans’ Assistance Programs

The U.S. Department of Veterans Affairs (DVA) provides educational benefits under several programs. Eligibility is determined by DVA. Veterans or dependents of certain veterans who wish to attend Georgia Southern University under any of the veterans’ benefits programs should contact the Veterans Coordinator located in the Office of the Registrar for assistance at (912) 478-5154 or the Veterans Administrative Assistant at (912) 478-8043 or email veterans@georgiasouthern.edu. The Veterans Coordinator is responsible for assisting veteran students with the processing of educational benefits. Students will be advised of procedural requirements and certification of enrollment will be verified to DVA.

Veterans who have service-connected disabilities and are eligible for disability compensation may qualify for Vocational Rehabilitation. Disabled veterans who think they qualify for this assistance are encouraged to contact the Department of Veterans Administration for further information.

Georgia Southern University encourages all veterans to take advantage of college credit that may be granted for military training, as well as the credit by examination programs. Veterans requesting college credit for military training must provide the Registrar’s Office with an official military transcript for evaluation.

The Office of the Registrar will evaluate transfer Credit for Military Service based on completion of basic military training. A form DD-214 should be furnished to the Office of the Registrar for evaluation. Two (2) credit hours will be allowed for Kinesiology PE Credit for active service less than one year. Four (4) credit hours will be allowed for Kinesiology PE Credit for one year or more active service. For more information please visit our web page at http://em.georgiasouthern.edu/registrar/students/veteranaffairs/.

Vocational Rehabilitation

The State of Georgia provides financial assistance (equal to tuition and other regular fees in the University) for residents of Georgia who have disabilities. For further information, call toll free (844) 367-4872, or view the web page http://gvs.georgia.gov/.

Qualifying for Financial Aid

To be eligible for federal and state programs, students must meet the following criteria:

- Demonstrate federal need (may not be required for some loan and institutional programs).
- Have a standard high school diploma, GED, or ATB (Ability to Benefit) on file.
- Be enrolled in a degree-seeking program.
- Only courses in the student’s program of study, per the DegreeWorks audit, will be eligible for financial aid.
- Not be in default or owe a repayment of Title IV funds.
- Have a valid Social Security number.
- Be a U.S. citizen or an eligible non-citizen with permanent residency status and an alien registration ID number (may not be required for some institutional programs).
- Be registered with the Selective Service (males between the ages of 18-25).
- Have not borrowed in excess of loan limits under the Title IV program.
- Must be maintaining satisfactory academic progress toward degree completion.
- Must have all requested documentation on file before disbursements can be made.

Note: Post Baccalaureate students who have a prior degree from Georgia Southern University are only eligible for financial aid if they are seeking a different degree. Students adding a major to an existing degree program, or just taking courses to improve GPA or for other reasons, are not eligible to receive federal financial aid.

Refunds for a Student Receiving Federal Title IV Financial Assistance

Students receiving Federal Title IV Financial Assistance who formally or unofficially withdraw from school are subject to Federal Return of Title IV Aid regulations as specified in the Higher Education Amendment of 1998. The calculation determines the aid earned by the student based on the days enrolled for the semester in relation to the total days in the semester. The aid considered not to be “earned” must be returned to the federal programs in the following order: Unsubsidized Federal Direct Stafford loans, Subsidized Federal Direct Stafford loans, Federal Perkins loans, Federal Direct PLUS loans received on behalf of the student, Federal Pell Grant, Teach Grant and Federal Supplemental Educational Opportunity Grant. Receipt of Federal Title IV Aid in excess of aid earned may be subject to repayment by the student if the student has withdrawn from school. The Office of Student Accounts notifies the student if a repayment is due. Failure to repay could result in loss of future Title IV Aid eligibility.

If a waiver or contract is treated as a payment of tuition and fees that have actually been charged to a student, then the waiver or contract is considered estimated financial assistance, and the full amount of the tuition and fees must be included in the return calculation.

Example: Student received Title IV aid as follows: $1,274.00 in Subsidized Federal Direct Stafford Loan and $782.00 in Pell Grant. The student had $844.00 in Institutional Charges. Student withdrew on day 25 of a semester having 112 days. The student has earned 22.3% (25 days divided by 112 days) of the Title IV aid which equals $458.49 (Loan of $1,274.00 plus grant of $782.00 times 22.3%). The student has unearned aid of $1,597.51 (Total aid received of $2,056.00 minus aid earned of $458.49) that must be returned to the federal programs. The Institution must return $656.00 ($844.00 Institutional charges times 77.7% unearned aid); all of this will be returned to the Subsidized Federal Direct Stafford Loan. The remaining $941.51 (unearned aid of $1,597.51 minus amount Institution returned of $656.00) must be returned by the student. The student must repay $618.00 ($1,274.00 received in loan minus $656.00 returned to loan by Institution) to the Subsidized Federal Direct Stafford Loan in accordance with the terms of the loan. The student must return $162.00 (remaining unearned aid of $941.51 minus $618.00 returned to loan fund by student equals $323.51 multiplied by 50% [students are required to return 50% of unearned grant funds]) to the Pell Grant Program.¹

¹ Copies of the complete refund policy for Federal financial assistance are available in the Office of Student Accounts located on the first floor of Deal Hall on the Statesboro Campus.
Tuition

- Bursar’s Office - Student Account (p. 922)
- Class Attendance Verification (p. 922)
- Drug Policy - Anti-Drug Abuse Act of 1988 (p. 922)
- In-State Tuition (p. 922)
- Out-of-State Tuition (p. 922)
- Repeated Coursework (p. 922)
- Satisfactory Academic Progress (SAP) Policy (p. 923)
- Tuition Classification (p. 925)

**Bursar’s Office - Student Account**

The Bursar’s Office provides financial services to students, faculty, and staff of the University. Operations are guided by two major criteria: customer service and requirements for completing financial transactions within the guidelines provided by Federal and State regulations, as well as GASB (Governmental Accounting Standards Board).

Mailing address:

Bursar’s Office, PO Box 8155, Statesboro, GA 30460-8155

http://businesssrvs.georgiasouthern.edu/bursar/

Phone number: 912-478-0999

**Class Attendance Verification**

In accordance with federal regulations, financial aid cannot be released to a student's account until the professors have verified class attendance. Class attendance will be taken by professors on the first day of each class for which a student is registered.

**Drug Policy - Anti-Drug Abuse Act of 1988**

It is the policy of Georgia Southern University and the Office of Financial Aid that when the University or the Office of Financial Aid is officially notified that a student, who is a recipient of a Federal Pell Grant, is convicted via a court of law of a drug offense during the period of enrollment covered by the Federal Pell Grant, and for which the student had previously certified he or she would be drug free, that individual’s violation of the certification statement must be reported to the U.S. Department of Education Office of Inspector General, in accordance with section 688.14 (g) of the Title IV Higher Education Act of 1965 and its amendments. Upon the final determination by the Office of the Inspector General, and the notification to Georgia Southern University, the Office of Financial Aid will implement the recommendations set forth in their findings, which may include the withholding of all further Title IV and institutional payments to the student. Until a final determination is made regarding fraud on the part of the student, the student will remain eligible for financial aid.

**In-State Tuition**

Tuition is charged to all students based on the number of credit hours for which the student is registered. In-state undergraduate students who register for 15 or more credit hours will be charged $2,665\(^1\) per credit hour; students registering for fewer than 15 credit hours will be charged $177.67\(^1\) per credit hour. More information on tuition is available on the Board of Regents of the University System of Georgia website at http://www.usg.edu/.

All undergraduate students who enroll in an online course will pay the online course rate of $195\(^1\) per credit hour. This rate will not apply to higher cost programs such as WebBSIT.

In-state graduate students registering for 12 or more credit hours (with the exception of Professional Programs, Distance Education, and Online Programs) will be charged $3,318 per semester; students registering for fewer than 12 credit hours will be charged $277\(^1\) per credit hour. Students enrolled in Professional Programs, Distance Education and Online Programs will be subject to additional tuition charges related to those programs. For more details please see http://businesssrvs.georgiasouthern.edu/bursar/office-of-student-accounts/tuition-and-fees/.

Graduate students who enroll in an Online Degree Program (degree is offered entirely online) will be charged based on their program's rate per credit hour. Please see Online Degree Programs (http://catalog.georgiasouthern.edu/undergraduate/university-programs/georgia-southern-university-online-degrees) for more information.

\(^1\) Fees quoted are for Fall 2018 and Spring 2019.

**Out-of-State Tuition**

Non-residents of Georgia are required to pay tuition at an out-of-state rate based on the number of credit hours for which the student is registered. Out-of-state undergraduate students who register for 15 or more credit hours will be charged $9,406\(^1\) per semester; students registering for fewer than 15 credit hours will be charged $627.07\(^1\) per credit hour. More information on tuition is available on the Board of Regents of the University System of Georgia website at http://www.usg.edu/.

All undergraduate students who enroll in an online course will pay the online course rate of $195\(^1\) per credit hour. This rate will not apply to higher cost programs such as WebBSIT.

Out-of-state graduate students registering for 12 or more credit hours (with the exception of Professional Programs, Distance Education, and Online Programs) will be charged $13,259\(^1\) per semester; students registering for fewer than 12 credit hours will be charged $1105\(^1\) per credit hour. Students enrolled in Professional Programs, Distance Education and Online Programs will be subject to additional tuition charges related to those programs. For more details please see http://businesssrvs.georgiasouthern.edu/bursar/office-of-student-accounts/tuition-and-fees/.

Graduate students who enroll in an Online Degree Program (degree is offered entirely online) will be charged based on their program's rate per credit hour.

\(^1\) Fees quoted are for Fall 2018 and Spring 2019.

**Repeated Coursework**

Federal regulations limit the number of times a student may repeat a course and receive Federal financial aid for that course:

- A student may receive aid when repeating a course for the first time (course was previously failed or passed first time).
- If a previously passed course is repeated a third time, the student may not receive financial aid for that course. Also, the course would not be counted towards full-time eligibility. Grants, loans, and scholarships can be affected if a student is not at full-time status.
A student may receive aid for a repeated course in which they have never received a passing grade for as many times as it takes to pass the course as long as they are meeting other financial aid eligibility requirements.

The federal regulations apply whether or not the student received aid for earlier enrollments in the course.

**Satisfactory Academic Progress (SAP) Policy**

**Requirement and Definition**

Federal and state regulations require the University to establish and apply reasonable satisfactory academic progress standards and to review applicable student records to ensure students receiving financial aid maintain satisfactory academic progress (SAP) in their selected course of study as set forth in this policy.

Students are notified of the SAP policy in the Georgia Southern University online Catalog, which is available at [http://em.georgiasouthern.edu/Registrar/resources/catalogs/](http://em.georgiasouthern.edu/Registrar/resources/catalogs/). In addition, the SAP policy is sent to students’ Georgia Southern email accounts. Further, copies of the SAP policy, the SAP Appeal Form, and a SAP calculator are available in the University’s Financial Aid Office and on our website (http://em.georgiasouthern.edu/finaid/policies/satisfactory-academic-progress-sap/).

The Office of Financial Aid is responsible for evaluating satisfactory academic progress of students receiving financial assistance from all federal and state programs, and certain alternative loan programs.

**Institutional SAP Policy**

Financial aid academic progress standards for students are evaluated on the basis of grade point average (GPA), credit hour completion (PACE), and maximum timeframe (MAX).

Financial aid standards of SAP for students will be checked at the end of each semester.

**1. Grade Point Average (GPA)**

**Undergraduate students (other than students who have been accepted into the Education Major):**

Undergraduate students will be evaluated at the end of each term on the basis of cumulative GPA. The cumulative GPA required to maintain SAP for the total number of attempted hours is 2.0.

**Undergraduate Education Majors:**

Undergraduate education majors will be evaluated at the end of each term on the basis of cumulative GPA. Under the University’s academic policy, students who have been accepted into one of the Bachelor of Science in Education programs (i.e., B.S. Ed. in Early Childhood Education, Health and Physical Education, Middle Grades Education, or Special Education) and have been formally declared an Education Major are required to maintain a cumulative GPA of at least 2.50 from the time of the formal declaration as an Education Major until graduation. As a result, the cumulative GPA required for education majors to maintain SAP at each evaluation is 2.50.

Under the University’s academic policy, students who have been accepted into the education major but do not maintain the required cumulative GPA of at least 2.50 may not continue as Education Majors. However, these students may choose to switch to another major in order to complete their degree. If an Education Major is determined not to be making SAP because he or she has not maintained the required 2.50 GPA, and he or she subsequently chooses to switch to another major, at the next SAP evaluation, the student’s GPA will be evaluated as compared to the requirement for the new major (i.e., 2.0). For purposes of that evaluation, all grades earned to date will be included in the GPA calculation.

**Note:** Students must apply and gain acceptance to the Bachelor of Science in Education programs (i.e., B.S. Ed. in Early Childhood Education, Health and Physical Education, Middle Grades Education, or Special Education). In order to be accepted into the Education programs, a student must satisfy several requirements, including having completed a minimum of 50 semester credit hours (including completion of certain specified coursework), and having earned a cumulative GPA of at least 2.50 (including all coursework completed at Georgia Southern and any transfer credit accepted by Georgia Southern).

**Post baccalaureate students:**

Post baccalaureate students will be evaluated at the end of each term on the basis of cumulative GPA. The cumulative GPA required to maintain SAP for the total number of attempted hours is 2.0.

**Graduate students:**

Graduate students will be evaluated at the end of each term. Students enrolled in master’s degree, specialist, and PhD programs must have a cumulative GPA of 3.0 or higher at the end of each term.

**Failure to maintain the required minimum cumulative GPA standards will result in the loss of eligibility to receive financial aid.**

**2. Credit Hour Completion (PACE of Progression)**

All students will be evaluated at the end of each term to determine if they are making satisfactory pace of progression in their academic program. PACE is calculated by dividing the cumulative number of hours the student has successfully completed (earned) by the cumulative number of hours the student has attempted. Undergraduate, post baccalaureate, and graduate students who enroll for full-time, three-quarter time or part-time course work throughout each academic year must complete (earn) at least 67% of all attempted hours registered for during each academic term.

**3. Maximum Time Frame (MAX)**

Students must progress through their educational programs at a rate that will allow the student to complete the program within the timeframe allowed for their program.

**Undergraduate:**

Undergraduate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. For example, students in a 4-year, 126-credit hour program who have attempted more than 189 semester credit hours will become ineligible to receive financial aid. Degree programs that require more than 126 hours for graduation will have the 189 hours maximum timeframe increased proportionally by the number of hours above 126 required to receive the degree. A student must have at least a 2.0 cumulative grade point average and be projected to receive his/her degree the term immediately after earning the 189 hour maximum (or proportionally increased maximum) to be considered making SAP.

**Post Baccalaureate:**

Post Baccalaureate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. Post Baccalaureate students must be enrolled in a bachelor's degree program in order to receive financial aid.
Satisfactory Academic Progress (SAP) Policy

Institutional SAP Status

Students not maintaining Satisfactory Academic Progress are notified of their SAP status and related consequences in writing by the Financial Aid Office. At the end of each SAP evaluation period, one of the following SAP statuses will be assigned:

Satisfactory: Student is making SAP, as measured by all of the following requirements: GPA, PACE, and/or MAX Time Frame. Student is eligible to continue receiving financial aid.

Financial Aid Warning: Student is not making SAP as measured by one or more of the following requirements: GPA, PACE, and/or MAX Time Frame. For the next term in which the student is enrolled, the student remains eligible to continue receiving financial aid. The student must make SAP at the time of the next SAP evaluation period, or the student will be deemed ineligible to receive financial aid and will be placed on Financial Aid Suspension (unless and until he or she appeals that determination successfully and is placed subsequently on Financial Aid Probation).

Financial Aid Suspension: Student is not making SAP based on one or more of the requirements (i.e., GPA, PACE and/or MAX Time Frame) after (1) being on Financial Aid Warning status for one term and failing to meet the required SAP standards, or (2) not satisfying the requirements of the academic plan developed for the student when he or she was placed on Financial Aid Probation. Financial aid eligibility is terminated until the student has achieved the required minimum standards to make SAP, or the student has obtained an approved appeal.

Financial Aid Probation: A student on Financial Aid Suspension has the right to appeal to have financial aid reinstated. If the appeal is approved, the student is placed on Financial Aid Probation. Students with approved SAP appeals are monitored by the Office of Financial Aid every term of enrollment to determine if they have achieved the goals of their academic plan. Failure to make progress as set out in the academic plan will result in the loss of eligibility to receive financial aid (i.e., Financial Aid Suspension).

Special Circumstances Affecting SAP Criteria

Learning Support Classes: The first 30 credit hours of learning support course work will be excluded from the calculation for maximum timeframe and from the calculation for the required percentage of credit hour completion. Learning support credit hours in excess of 30 credit hours will be included in both the calculation of maximum timeframe and the required percentage of credit hour completion. All grades earned through learning support course work will be included in the calculation of the cumulative GPA.

Dropped and Repeated Courses: (see below for complete withdrawals) All credit hours attempted during each term in which a student is enrolled and receives aid will count toward the maximum timeframe and minimum credit hours completion. A student is considered enrolled based on the number of credit hours registered after the drop/add period of each academic term. Students who drop courses during the drop/add period will not have those hours considered in determining total hours registered. Students who drop courses after the drop/add period will have those hours considered in determining total hours registered, which will count toward the maximum timeframe calculation.

Repeated courses will count in the calculation of attempted hours. All grades earned in repeated courses will be used to calculate the GPA for purposes of SAP.

Grades of A, B, C, D, or S represent satisfactory completion of a course. Grades of F, I, W, WF, U, or Audit represent unsatisfactory completion of a course. Grades of IP or V will not be included in the number of hours earned toward the completion of a degree.

Complete Withdrawal from School: A financial aid student who withdraws from school during the 100% refund period of any term, which runs through the first day of classes, will not have their registered hours included in the maximum timeframe calculation nor be required to meet the minimum credit hour completion percentage. However, any student withdrawing from school after the 100% refund period (after the first day of classes) will have their registered hours included in the maximum timeframe calculation and be required to meet the minimum credit hour completion percentage.

Effect of Grades on GPA:

Grades of A, B, C, D, F, or WF are included in determination of GPA for purposes of SAP. Grades of I, IP, K, NR, S, U, V, W, WT, W% or WM are not included in this calculation. Appeals will not be reviewed until "I" (incomplete) grades have been changed. For HOPE scholarship recipients, "I" grades could affect HOPE eligibility status when the grade for the incomplete is eventually submitted to the Office of the Registrar. Students who had been awarded HOPE, but later became ineligible with the grade change, will have HOPE awards canceled until the next checkpoint, and will be responsible for the repayment of any HOPE funds received while not eligible.

Transfer Credits:

Credits transferred from other institutions will count toward maximum timeframe, credit hour completion percentage, and the cumulative GPA calculation for SAP evaluation purposes.

Consortium Agreements:

Credit hours earned through consortium or contractual agreements (contracts with other higher education institutions) will count toward maximum time-frame, credit hour completion percentage, and cumulative GPA.

Reestablish Financial Aid Eligibility

A student seeking to reestablish eligibility of financial aid may do so by:

- achieving SAP standards towards their course of study, as set forth in this policy, at the time of a future SAP evaluation, or
- acquiring a successful appeal through the appeal process and being placed on Financial Aid Probation status.

SAP Appeal Process

Students who have been placed on Financial Aid Suspension due to failure to progress toward academic degree completion have a right to...
appeal to have their financial aid reinstated. The appeal process is as follows:

- Students must complete the Satisfactory Academic Progress (SAP) Financial Aid Appeal Form. Instructions on how to access the appeal form are found on the Georgia Southern University Financial Aid website under the Policies tab. **Deadlines to appeal for each semester are listed on the appeal form (5th day of each semester).**
- The completed SAP Appeal Form along with all appropriate documentation must be submitted online to the Office of Financial Aid as early as possible for review. The documentation submitted must include:
  a. A statement explaining the circumstance(s) which prevented the student from making satisfactory academic progress (e.g., serious injury, illness, or mental health condition of student or immediate family member; birth or adoption of a child; death of an immediate family member; divorce/separation; military service; personal difficulties; academic difficulties beyond the student’s control; or other circumstances related to exceeding maximum timeframe).
  b. Documentation that supports the student’s statement (e.g., physician’s statement, birth or death certificate, divorce decree, military papers, letter of support from someone aware of the student’s academic difficulties).
  c. Information about what has changed in the student’s situation that will allow the student to demonstrate satisfactory academic progress at the next evaluation.
  d. Confirmation that the student has met with the academic advisor to create an academic plan to succeed.

- Students completing the SAP appeal process are required to pay current term fees by the fee payment deadline. Questions regarding student fee payments should be directed to the Office of Student Accounts at (912) 417-0999.
- Notification of the appeal decision will be sent by mail to the address on file and/or by email to the student’s Georgia Southern email.

**Tuition Classification**

Regents’ Policies Governing Classification of Students for Tuition Purposes: Under the Constitution and the laws of Georgia, the Board of Regents of the University System of Georgia was created to govern, control, and manage a system of public institutions providing quality higher education for the Georgia citizens. The State, in turn, receives substantial benefit from individuals who are attending or who have attended these institutions through their contributions to the civic, political, economic and social advancement of the citizens of Georgia. Because of the overwhelming amount of financial support supplied by the citizens of Georgia, the determination of whether a student is a resident or a non-resident of Georgia is a significant matter. The tuition paid by in-state students covers about one-fourth of the total cost of their education in the state. State colleges and universities often assign out-of-state students a higher tuition rate in an attempt to achieve parity between those who have and those who have not contributed to the state’s economy recently. The courts consider the durational residency requirement (usually 12 consecutive months) imposed by most states to be a reasonable period during which the new resident can make tangible or intangible contributions to the state before attending state colleges as an in-state student. The term “resident” is confusing because it can refer to voter registration, driver’s license, automobile registration, income taxes and other matters. A student may be a resident of Georgia for some purposes, but not entitled to in-state tuition fees. Courts have consistently upheld the right of these institutions to charge out-of-state students higher rates. The courts have also upheld the institution’s right to adopt reasonable criteria for determining in-state status. Through the resident and non-resident fees, the taxpayers of Georgia are assured that they are not assuming the financial burden of educating non-permanent residents.

If a person has moved to the state of Georgia for the purpose of attending a Georgia educational institution, it is difficult for that person to prove his/her intent to become a legal resident of the state. (The American Heritage Dictionary of the English Language defines intent in the following manner: n. 1. That which is intended; aim; purpose.)

**Verification of Lawful Presence**

Each University System institution shall verify the lawful presence in the United States of every successfully admitted person applying for resident tuition status as defined in Section 7.3 of the University System of Georgia Board of Regents Policy Manual which can be found at http://www.usg.edu/policymanual/

Institutions may use a number of different methods to verify the lawful presence of their students. The methods include the following:

- A current ID or drivers’ license issued by the State of Georgia after January 1, 2008

A limited term license or a license issued for a period of two years or less is not acceptable.

- A certified U.S. birth certificate showing that the student was born in the U.S. or a U.S. Territory

A photo copy is not acceptable. You may obtain a certified copy through the Health Department in the county in which the student was born. (MUST BE PRESENTED IN PERSON)

- A U.S. Certificate of Birth Abroad issued by the department of state or a Consular Report of Birth Abroad.
- A U.S. Certificate of Naturalization or Certificate of Citizenship
- A current U.S. Passport
- A current Military ID (only valid for military personnel, not their dependents) (MUST BE PRESENTED IN PERSON)
- A current Permanent Resident Alien Card

The Office of Student Affairs of the University System of Georgia has developed a web page to provide students, parents, and high school counselors with information about the lawful presence requirement. This page can be accessed by going to http://www.usg.edu/student_affairs/students/verification_of_lawful_presence.

**Petition for Classification of Students for Tuition Purposes**

1. If a person is 18 years of age or older, he or she may register as an in-state student only upon showing that he or she has been a legal resident of Georgia for a period of at least 12 months immediately preceding the date of registration.

   **Exceptions:**
   a. A student who previously held residency status in the state of Georgia but moved from the state then returned to the state in 12 or fewer months.

2. A student must independently make an income of $12,060 to be considered for in-state residency approval. (For more details about this rule set by the BOR, visit this website http://aspe.hhs.gov/poverty/index.cfm). If the student is basing his/her petition on his/her parent, guardian or spouse, the income rule would apply to the person supporting the dependent student.

3. No emancipated minor or other person 18 years of age or older shall be deemed to have gained or acquired in-state status for tuition purposes while attending any educational institution in this state.
in the absence of a clear demonstration that he or she has in fact established legal residence in this state.

4. If a parent or legal guardian of a student changes his or her legal residence to another state following a period of legal residence in Georgia, the student may retain his or her classification as an in-state student as long as he or she remains continuously enrolled in the University System of Georgia, regardless of the status of his or her parent or legal guardian.

5. In the event that a legal resident of Georgia is appointed by a court as guardian of a nonresident minor, such minor will be considered as an in-state student providing the guardian can provide proof that he or she has been a resident of Georgia for the period of 12 months immediately preceding the date of the court appointment.

6. Aliens shall be classified as non-resident students, provided, however, that an alien who is living in this country under an immigration document permitting indefinite or permanent residence shall have the same privilege of qualifying for in-state tuition as a citizen of the United States upon proving 12-month residency period in Georgia.

Due to the requirement that a person prove his/her intent to become a legal resident of the state of Georgia, his/her petition may not be approved. The burden of proof is always on the student, and documentation is absolutely necessary to prove any claims. If his/her petition for legal residency for tuition purposes is denied, the student may appeal the decision to the Tuition Classification Committee.

SEMINER DEADLINES for submitting a Petition for Classification of Students for Tuition Purposes:
Fall Semester - August 1st
Spring Semester - November 1st
Summer Semester - April 1st

Student Responsibilities
1. Student Responsibility to Register under Proper Classification
   - The responsibility of being classified under the proper tuition classification belongs to the student. If there is any question of Tuition Classification his/her right to in-state tuition status, it is his/her obligation, within the deadlines set on the residency website, to raise the question with the administrative officials of the institution in which he/she is registering and have it officially determined. The burden always rests with the student to submit information and documents necessary to support his/her contention that he/she qualifies for a particular tuition classification under Regents' regulations.

2. Official Change of Tuition Status - Every student classified as a nonresident shall retain that status until he/she petitions for reclassification in the form prescribed by the institution and shall be officially reclassified in writing as an in-state student by the proper administrative officials. No more than one application may be filed for a given semester.

3. Reclassification - Every student who has been granted in-state tuition as a legal resident of Georgia shall be reclassified as an out-of-state student whenever he/she reports, or there have been found to exist, circumstances indicating a change in legal residence to another state.

Out-of-State Tuition Waivers
An institution may waive out-of-state tuition and assess in-state tuition for:

1. Academic Common Market. Students selected to participate in a program offered through the Academic Common Market (http://www.usg.edu/academics/academic_common_market).

2. Presidential. Presidential waivers are divided into three categories:
   (1) academic, (2) international, and (3) athletic. Students selected by the institutional president or an authorized representative, provided that the number of such waivers in effect does not exceed 2 percent of the equivalent full-time students enrolled at the institution in the fall term immediately preceding the term for which the out-of-state tuition is to be waived. Out-of-state students may apply by completing the Application for Scholarships and the University Honors Program found at http://GeorgiaSouthern.edu/admissions Scholarships. International students may apply on the International Admissions page at the following address: http://admissions.georgiasouthern.edu/wp-content/uploads/2012/05/IntDivScholarship.pdf. Student athletes should speak with their recruiting coach.

3. University System Employees and Dependents. Full-time employees of the University System, their spouses, and their dependent children.

4. Full-Time Public School Employees. Full-time employees in the public schools of Georgia or of the Technical College System of Georgia, their spouses, and their dependent children.

5. Career Consular Officials. Career consular officers, their spouses, and their dependent children who are citizens of the foreign nation that their consular office represents and who are stationed and living in Georgia under orders of their respective governments.

6. Military Personnel. Military personnel, their spouses, and their dependent children stationed in or assigned to Georgia and on active duty. The waiver can be retained by the military personnel, their spouses, and their dependent children if:
   a. The military sponsor is reassigned outside of Georgia, and the student remains continuously enrolled and the military sponsor remains on active military status;
   b. The military sponsor is reassigned out of state and the spouse and/or dependent children remain in Georgia and the sponsor remains on active military duty; or
   c. Active military personnel and his/her spouse and/or dependent children who are stationed in a state contiguous to the Georgia border and who live in Georgia.

7. Georgia National Guard and U.S. Military Reservists. Active members of the Georgia National Guard, stationed or assigned to Georgia or active members of a unit of the U.S. Military Reserves based in Georgia, and their spouses and their dependent children.

8. International and Domestic Exchange Program. Any student who enrolls in a University System institution as a participant in an international or domestic direct exchange program that provides reciprocal benefits to University System students.

9. Economic Advantage. As of the first day of classes for the term, an Economic Advantage waiver may be granted under the following conditions:
   a. U.S. Citizens, Permanent Residents, and Other Eligible Non-Citizens
      i. Dependent students providing clear and convincing evidence that the student's parent or U.S. court-appointed legal guardian relocated to the State of Georgia to accept full-time, self-sustaining employment. The relocation must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment on which the relocation was based must be held at the time the waiver is awarded.
      ii. Independent students providing clear and convincing evidence that they, or their spouse, relocated to the State of Georgia to accept full-time, self-sustaining employment. The relocation to the state must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment on which the relocation was based must be held at the time the waiver is awarded.
      iii. U.S. refugees, asylees, and other eligible non-citizens as defined by the federal Title IV regulations may be extended the same consideration for the Economic Advantage waiver as citizens and lawful permanent residents of the United States.
Waiver eligibility for the above qualifying students expires twelve (12) months from the date the waiver is awarded.

b. Non-Citizens

i. Non-citizen dependent students providing clear and convincing evidence that the student's parent or U.S. court-appointed legal guardian relocated to the State of Georgia to accept full-time, self-sustaining employment and entered the state in a valid, employment-authorized status. The relocation must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment upon which the relocation was based must be held at the time the waiver is awarded. Additionally, the non-citizen dependent student must provide clear evidence that the parent, or U.S. court-appointed legal guardian, is taking legally permissible steps to obtain lawful permanent resident status in the United States.

ii. Non-citizen independent students must provide clear and convincing evidence that they, or their spouse, relocated to the state of Georgia to accept full-time, self-sustaining employment and entered the state in a valid, employment-authorized status. The relocation must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment upon which the relocation was based must be held at the time the waiver is awarded. Additionally, non-citizen independent students must provide clear evidence that they, or their spouse, are taking legally permissible steps to obtain lawful permanent resident status in the United States.

Waiver eligibility for the above qualifying students may continue provided full-time, self-sustaining employment in Georgia and the employment-authorized status are maintained. Furthermore, there must be continued evidence of Georgia domicile and efforts to pursue an adjustment to United States lawful permanent resident status.

10. Recently Separated Military Service Personnel. Members of a uniformed military service of the United States who, within 3 years/36 months of separation from such service, enroll in an academic program and demonstrate an intent to become a permanent resident of Georgia. This waiver may also be granted to their spouses and dependent children. There is no limit to the number of terms a student may be awarded the Recently Separated Military Personnel waiver provided the student remains continuously enrolled.

11. Non-resident Student. As of the first day of classes for the term, a non-resident student can be considered for this waiver under the following conditions:

a. Student under 24
   If the parent, or U.S. court-appointed legal guardian has maintained domicile in Georgia for at least 12 consecutive months and the student can provide clear and legal evidence showing the relationship to the parent or U.S. court-appointed legal guardian has existed for at least 12 consecutive months immediately preceding the first day of classes for the term. Under Georgia code legal guardianship must be established prior to the student's 18th birthday.

b. Student 24 or Older
   If the student can provide clear and legal evidence showing relations to the spouse and the spouse has maintained domicile in Georgia for at least 12 consecutive months immediately preceding the first day of classes for the term. This waiver can remain in effect as long as the student remains continuously enrolled.

   If the parent, spouse, or U.S. court-appointed legal guardian of a continuously enrolled non-resident student establishes domicile in another state after having maintained domicile in the State of Georgia for the required period, the non-resident student may continue to receive this waiver as long as the student remains continuously enrolled in a public postsecondary educational institution in the state, regardless of the domicile of the parent, spouse or U.S. court-appointed legal guardian.

12. Vocational Rehabilitation Waiver. Students enrolled in a University System of Georgia institution based on a referral by the Vocational Rehabilitation Program of the Georgia Department of Labor.

13. Special Admission for Students Age 62 and Older. See Special Admission for Students Age 62 and Older (p. 267) in the Admissions section of the catalog.

14. Border State Residents Waiver. Undergraduate student residents of Florida, South Carolina, Tennessee, and Alabama who have a primary campus of Armstrong or Liberty may receive the Border State Residents Waiver. Continuous enrollment on the Armstrong or Liberty campuses are required to maintain the waiver.

15. Border County Resident Waiver. Undergraduate student residents of Jasper and Beaufort counties in South Carolina who have a primary campus of Armstrong or Liberty may receive the Border County Resident Waiver.

Special Institutional Fee Waiver

Special Institutional Fee Waiver for Active Duty U.S. Military Students

This fee waiver eliminates the Special Institutional Fee charged by University System of Georgia institutions. If approved to receive the waiver, the active duty military member will be awarded the waiver for three consecutive terms (one academic year).

Eligibility:

- Members of the United States Reserve Components serving on active duty or full-time training duty.
- Members of the Georgia National Guard who are employed full-time by the Georgia National Guard.
- Members of the Georgia National Guard who have been called into active service by the Governor of the State of Georgia.

Waiver of Mandatory Fees

Waiver of Mandatory Fees for U.S. Military Reserve and Georgia National Guard Combat Veterans

1. Eligibility. Eligible participants must be Georgia residents who are active members of the U.S. Military Reserves and/or the Georgia National Guard and were deployed overseas for active service in a location or locations designated by the U.S. Department of Defense as combat zones on or after September 11, 2001 and served for a consecutive period of 181 days, or who received full disability as a result of injuries received in such combat zone, or were evacuated from such combat zone due to severe injuries during any period of time while on active service. Additionally, eligible participants must meet the admissions requirements of the applicable USG institution and be accepted for admission.

2. Benefits. Eligible participants shall receive a waiver of all mandatory fees charged by USG institutions including, but not limited to, intercollegiate athletic fees, student health services fees, parking and transportation (where such fees are mandated for all students), technology fees, student activity fees, fees designated to support leases on facilities such as recreation centers, parking decks, student centers and similar facilities, and any other such mandatory fees for which all students are required to make payment. Students receiving this waiver shall be eligible to use the services and facilities these fees are used to provide. This benefit shall not apply to housing, food...
service, any other elective fees, special fees or other user fees and charges (e.g., application fees).

An institution may waive mandatory fees, excluding technology fees, for:

1. Students who reside or study at another institution.
2. Students enrolled in practicum experiences (e.g., student teachers) or internships located at least 50 miles from the institution.
3. Students enrolled in distance learning courses or programs who are not also enrolled in on-campus courses nor residing on campus. If a student is enrolled in courses from more than one institution during the same term, only the home institution will charge the approved technology fee to the student. Students who participate in distance education offerings as transient students will not be charged a technology fee by the transient institution. No separate technology fee shall be established for collaborative distance learning courses or programs.
4. Students enrolled at off-campus centers, except that the institution shall be authorized to charge select fees to these students for special services subject to approval by the Board of Regents.
Student Life

Georgia Southern University campuses are full of life — places where memories are made every day. They are comfortable sites of activity and interaction for both educational and personal growth offering a wide variety of facilities, services and organizations to the 27,000-plus students interested in exercising, maintaining their health, enjoying the outdoors, making new friends, building knowledge and sharing ideas.

Campus Recreation and Intramurals

Campus Recreation & Intramurals, an integral and active service of the diverse University community, supports and strengthens the mission of Georgia Southern University and the Division of Student Affairs by fostering a culture of engagement that is dedicated to nurturing the whole student through wellness. As a department, our purpose is to inspire self-discovery through sport, fitness, wellness and adventure. Through the provision of high-quality, safe and enriching programs and facilities in Fitness, Aquatics, Southern Adventures, Intramural Sports, Club Sports, Golf, Shooting Sports Education and Wellness, we strive to promote and develop healthy life-style choices that will contribute positively to the overall well-being of the students, faculty and staff at Georgia Southern.

Statesboro Campus

Anderson Recreational Park
2687 Bunny Akins Boulevard, Statesboro, GA 30458
Recreation Activity Center (RAC):
- Free Weight, Machine Weight, Cardio, Group Exercise, Mind/Body and Spinning rooms
- Wellness Center including a fitness assessment lab
- 8 Multiuse courts (basketball, volleyball, indoor soccer)
- 3 Racquetball courts
- 3 Multipurpose rooms for dance and martial arts
- Southern Adventures Center
- 45-foot climbing wall and bouldering cave
- Aquatics Center complete with 25yd x 25m lap pool, whirlpool, sauna, 1m and 3m diving boards and locker room facilities

Outdoor venues:
- Outside leisure pool and whirlpool
- Sand volleyball courts
- Band shell
- Multiplex and Club Sports fields (softball, soccer, flag football, lacrosse and rugby)
- Pavilion that can accommodate a variety of events
- Challenge Course featuring low, high and static elements

Georgia Southern University Golf Course at University Park
1031 Golf Club Road, Statesboro, GA 30458
- 18-hole golf course on 167 acres
- 30-station driving range
- Practice greens for chipping and putting
- 8,000 square foot clubhouse

Shooting Sports Education Center
3271 Old Register Road, Statesboro, GA 30458
- 30,000 square foot indoor archery center and firing range
- 16 lane, 25 meter firing range
- 16 lane, 25 meter archery center
- Storage facility for firearms and bows
- Training/seminar rooms
- 20 acre outdoor archery park

Armstrong Campus

Student Recreation Center
11935 Abercorn Street, Savannah, GA 31419
- 3,200 square foot multipurpose room for fitness classes and special events
- 2 athletic courts for basketball, volleyball and indoor soccer, as well as a cross-conditioning space
- 6,000 square foot fitness center, which includes: Woodway treadmills, elliptical machines, stationary bikes, recumbent bikes, motion trainers, rowing machines, heavy lifting power racks, a full complement of free weights and more

Recreation Fields
- 2 flag football fields
- Soccer fields

Tennis Complex
- 12 lighted tennis courts

The Aquatics Center provides the campus and surrounding community with a variety of recreational and educational programs designed to promote fun and safety on the water. We offer open swimming, diving, aqua aerobics, swim lessons, and lifesaving classes certified through the American Red Cross. Our facilities include an indoor pool that is handicap accessible, 1m and 3m diving boards, an outdoor leisure pool with basketball goals and a volleyball net, two whirlpools, a dry sauna and a locker room with showers.

Club Sports are unique student organizations in which the overall functions of the organization are student operated. Club Sports offer a way of finding others who share similar recreational interests, and may be organized for instructional, recreational and/or competitive purposes. We have clubs such as archery, baseball, disc golf, equestrian, firearms, fishing, lacrosse, tennis, track and field, ultimate frisbee and more. For a full listing, visit our Club Sport website (recreation.georgiasouthern.edu/club-sports)

The Fitness programs promote health and wellness in many ways. Group fitness includes Yoga, Pilates, resistance training and traditional aerobic classes that help participants improve their cardiorespiratory fitness while also building strength and endurance. Personal training and fitness assessments are available to assist in evaluating fitness levels and providing guidance to reach or maintain fitness and wellness goals, while lifestyle and weight management workshops provide education and support for creating a personal health strategy.

The Georgia Southern University Golf Course at University Park provides an 18-hole championship golf course and comprehensive practice facility that is open to students, faculty, staff and the community. Programs and clinics are scheduled throughout the year to help introduce the fundamentals and build the skills necessary to enjoy a lifetime of golf. For those seeking to take their game to the next level, personal instruction with one of our PGA professionals is available. Visit our pro shop in the clubhouse for unique attire, golf equipment, golf club repair/ regripping, club sizing and more. To learn more or schedule a tee time, visit GSUGolfCourse.com or call 912-GSU-GOLF.
Informal Recreation allows participants to engage in a variety of unstructured recreation activities such as basketball, volleyball, racquetball, walking or jogging. To support this mission, CRI also offers an equipment-lending program at no additional charge. Items available for checkout include: hand wraps, boxing gloves, racquetballs, racquets and basketballs.

Intramural Sports provide students, faculty, and staff the opportunity for competition and fun in a variety of team and individual sports activities. Divisions are available for men, women, and co-rec teams in a range of skill and competition levels. Participants can compete in flag football, dodge ball, basketball, indoor/outdoor soccer, swimming, softball, golf, tennis, ultimate frisbee, bowling, volleyball and sand volleyball.

Southern Adventures is the university community’s resource for adventure programming. Southern Adventures provides guided backpacking, sea kayaking, canoeing and cycling trips that range from weekend outings around the southeast, to extended travel around the globe. Their equipment rental center also provides all the gear necessary for embarking on your own adventures. The challenge course is designed to provide exciting, experiential opportunities that focus on leadership, communication, self-awareness and interpersonal skills. A 45-foot climbing wall and bouldering cave allow participants to experience the thrill of rock climbing indoors. Instructional clinics are offered throughout the year to learn kayaking, belaying, navigating and other hard skills necessary to confidently and safely enjoy outdoor recreation.

The Shooting Sports Education Center seeks to assist students, faculty, staff and the general public in developing the knowledge, skills and appreciation necessary to be a responsible hunter, archer or shooting sports enthusiast. Trained and certified staff provides instruction in the classroom and on the range to promote both competency and safe archery and firearms handling. The 30,000 square foot facility is open to the public and equipped to serve a variety of shooting sports interests through the 16 lane, 25 meter firing range, 16 lane, 25 meter archery center and two training/seminar rooms.

The University Wellness Program is focused upon enhancing staff, faculty and student wellness. It is a combination of existing, new and collaborative programming that addresses the seven dimensions of wellness: emotional, environmental, intellectual, occupational, physical, social and spiritual. Numerous wellness opportunities are offered throughout the year, with Wellness Week being the major event.

Participation in CRI programs is completely voluntary. It is strongly recommended that all participants consult a physician and/or have a physical exam prior to participation. Participants are also urged to secure adequate personal medical coverage. Additional CRI program information can be found on our website at GeorgiaSouthern.edu/cri (http://recreation.georgiasouthern.edu).
Counseling Center

The Counseling Center at Georgia Southern University is a place where students can go to receive services and participate in programs that are designed to help them handle day-to-day challenges and encourage their personal growth and development. The Counseling Center complements and facilitates the mission of the University by providing services ranging from individual, group, and relationship counseling to outreach programming, crisis intervention, and academic assistance. Students get the personal support they need in a welcoming and comfortable atmosphere. The Center’s staff includes professionally trained psychologists and counselors who are committed to helping students meet their personal and educational goals.

The Center offers individual counseling in areas such as self-esteem, depression, sexual identity, relationship conflicts, eating disorders, trauma and abuse issues, and family of origin concerns. Group counseling offers students the opportunity to interact with others who have similar concerns while developing more satisfying relationships. Relationship counseling offers students an opportunity to build communication skills and conflict resolution in romantic relationships.

Case management connects students with referral resources to meet their individual needs.

The Center’s staff offers drop-in workshops designed to provide students with additional opportunities for personal growth; including increasing emotional wisdom, improving sleep hygiene, and practicing mindful yoga. Online workshops and self-help resources are available on the Counseling Center website on a variety of topics for those who are interested in accessing skill building independently.

Staff also provides outreach presentations to academic classes and student organizations on various mental health topics, such as stress management, dating violence, acquaintance rape, interpersonal relationships, and communication skills. Please see the online outreach request form. In addition, the Counseling Center houses the Sexual Assault Response Team, the SAFE SPACE program, and QPR Gatekeeper Training.

Counselors are also available to assist faculty who desire consultation about a student. The number to call during regular business hours Monday-Friday, 8AM to 5PM, is (912) 478-5541 (Statesboro) or (912) 344-2529 (Armstrong), or after hours, 912-478-5234 (Statesboro) or 912-344-3333 (Armstrong).
Dining Plans

Eagle Dining Services offers students the ability to enjoy great food while on campus with their Eagle Dining Plan options. Students may register for a Dining Plan via the Housing Agreement on the web, at the Eagle Card Center in the Dining Commons Statesboro or at Armstrong on the corner of Science Drive and Burnett Boulevard, through the Eagle Dining Services website at http://eagledining.georgiasouthern.edu, or through their my.georgiasouthern.edu account. Dining Dollars are accepted at all dining locations on campus, c-store locations and concessions. Guest Passes may only be used at Dining Commons, Lakeside Dining Commons and The Galley Dining Commons. Descriptions of the Dining Plans are listed below.

### Dining Plans

<table>
<thead>
<tr>
<th>Plan</th>
<th>Description</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Eagle All Access Blue, 7-day all access to the Dining Commons (Lakeside DC or The Galley DC) $100 Dining Dollars Five (5) Guest Passes</td>
<td>$1725.00/semester</td>
</tr>
<tr>
<td>2</td>
<td>Eagle All Access Gold, 7-day all access to the Dining Commons (Lakeside DC or The Galley DC) $300 Dining Dollars Eight (8) Guest Passes</td>
<td>$1875.00/semester</td>
</tr>
</tbody>
</table>

Dining Dollars and Guest Passes expire at the end of the semester. The Rates quoted above are for Fall 2018 and Spring 2019. Please visit the Eagle Dining Services website for current Dining Plan pricing.

Freshmen living in campus housing are required to have a Dining Plan and information about this requirement is included on the University Housing contract. Please read and understand this information before signing your housing contract. Freshmen may choose either of the Eagle Dining Plans for the duration of their first two semesters on campus. Dining Dollars are accepted at all dining locations on campus, c-store locations and concessions. Guest Passes may only be used at Lakeside and the Dining Commons.

Beginning each semester, the Eagle Card Center offers students the ability to add Eaglexpress Packages to their invoice prior to the first financial aid disbursement. Descriptions of the Eaglexpress Packages are listed below. Students may register for one of the Eaglexpress Packages by stopping by the Eagle Card Center, through the Eaglexpress web portal at http://eaglecard.georgiasouthern.edu, or their my.georgiasouthern.edu account.

### Eaglexpress Packages

</tbody>
</table>

Dining Dollars expire at the end of the semester. The Rates quoted above are for Fall 2018 and Spring 2019. Please visit the Eagle Card Center website at http://eaglecard.georgiasouthern.edu for current Eaglexpress Package pricing.
Enrollment Management

The Division of Enrollment Management is responsible for the strategic planning and implementation of University-wide enrollment management services and programs which include recruitment, enrollment, and graduation. Consisting of Undergraduate Admissions, Financial Aid, the Registrar’s Office, and Institutional Research (formerly Strategic Research and Analysis), the departments within the division provide support services to promote student success from application to graduation.
Health Services

Georgia Southern University Health Services is a department of Auxiliary Services and the Division of Student Affairs and Enrollment Management. Health Services is also a member of the Southern College Health Association (SCHA) and is a recipient of Georgia Southern University's President's Staff Team Award for Excellence in Service to Students. Health Services is nationally accredited by the Accreditation Association for Ambulatory Health Care (AAAHC).

The Mission of Health Services is to meet or exceed the student patients' full range of needs and expectations that relate to the delivery of health care services — medical, counseling, educational, and wellness — while providing them with cost-effective, high quality care in an efficient manner with a focus on educating students on how to be knowledgeable healthcare consumers.

Health Services is available to Georgia Southern students for consultation, examination, diagnosis, and treatment of illnesses and injuries. Services and programs include primary care, women’s health care, immunizations, *allergy injections, travel medicine, *physical therapy, laboratory services, *radiology services, respiratory therapy, *retail pharmacy, *vision care, health education, disease prevention and wellness promotion programs/services. (* denotes services only available in Statesboro)

Health Services staff includes Physicians, Physician Assistants, Nurse Practitioners, Nurses, Radiology Technologists, Medical Laboratory Technologists, a Physical Therapist, an Optometrist, Pharmacist, Health Educators and Administrative staff.

Georgia Southern Health Services operates by advanced appointments. Appointments on the Statesboro campus are self-scheduled using the Online Student Health (OSH) Patient Portal after logging into your WINGS or mygeorgiasouthern page. For appointments at the Armstrong campus clinic, call 912-961-5726. Same day appointments are available on a limited basis at both locations.

The Statesboro Health Center is located on Plant Drive. Operating hours are 8:00a.m. to 5:00 p.m., Monday through Thursday, 9:00 a.m. - 5 p.m. on Friday. The Armstrong clinic is located at Compass point, 7000 Building. Operating hours are Monday through Friday, 9:00a.m – 5 p.m.

Students who become sick or injured when Health Services is closed should refer to our website for emergencies and after hour care. All expenses related to emergency and after hours care are the responsibility of the student.

An after hour and weekend Nurse Response Call Service is available for students by calling 1-855-779-7185. This service is staffed by experienced registered nurses who assist with after hour and weekend referrals to area medical providers, as well as assisting students with general health and wellness questions, concerns, and issues.

All Georgia Southern University students are eligible for Health Services. Students enrolled in four (4) or more credit hours prepay the health fee at the beginning of each semester when tuition and student fees are paid. This entitles those students to receive services throughout the semester for examination and treatment. Students taking less than four (4) credit hours or taking on-line courses may choose to pay the semester health fee at the Health Center to receive services. Please refer to our website at http://auxiliary.georgiasouthern.edu/healthservices/ for a list of services that are covered by the semester health fee. Additional discounted fees are charged for provider visits, medications, laboratory services, physical therapy, x-rays, vision care, immunizations and medical equipment. Health Services will file claims to your insurance plan as requested for services received at the Statesboro clinic only. A self-pay rate is available at both clinics.

Some students may have medical conditions that require referral to other healthcare providers or specialists for consultation and/or treatment. All expenses related to these services are the responsibility of the student.

A valid Georgia Southern University identification card is required to access services at University Health Services. Insured students should also present a current insurance card to the Health Services staff for services received at the Statesboro clinic.

Students are encouraged to maintain health insurance coverage in case of hospitalization. For those who are no longer covered by their parents' insurance plan, or who may elect to purchase additional insurance coverage, Health Services has arranged for a Student Accident and Sickness Insurance Plan. To get more information about the insurance plan, please visit our web site at http://auxiliary.georgiasouthern.edu/healthservices/ where you will find a link to the insurance company and their enrollment application form.

Health Services is proud to be among the outstanding student services offered by Georgia Southern University. Please feel free to contact us with your questions, comments, or suggestions at any time. Thank you for your interest in Health Services. We look forward to serving you. Please visit our web site for more information about the department, including public health updates by the Medical Director, at http://auxiliary.georgiasouthern.edu/healthservices/.

Immunization Requirements

The Board of Regents (BOR) of the University System of Georgia has established immunization requirements for all students.

All students are required to submit their immunization records, TB Screening Questionnaire and Medical history forms. These forms and directions for submittal of records can be accessed at our website, http://auxiliary.georgiasouthern.edu/healthservices/immunization/.

Students with religious objections or documented medical conditions that prohibit an immunization can receive an exemption from the immunization requirements. Students who have an approved exemption could be restricted from campus in the case of an outbreak of vaccine-preventable diseases, such as measles, mumps, rubella, or varicella.

Leadership & Community Engagement

Come visit the Office of Leadership & Community Engagement on the Statesboro Campus in Russell Union Suite 1056 or call us at (912) 478-1435. Students can find us on the Armstrong Campus in the Memorial College Center Room 207 or call us at (912) 344-2652. You can also visit our website at http://www.georgiasouthern.edu/LeadServe, or contact us via email at leader@georgiasouthern.edu.

The Office of Leadership & Community Engagement serves to advance the leadership potential and community engagement of Georgia Southern students. We utilize an integrated theoretical approach to learning, service, and leadership that empowers students to become active, global citizens who lead positive change. The Office also provides students with information and resources about the many opportunities available to invest their lives in the community. Volunteering is a powerful way for students to gain hands-on professional level experience while addressing existing social issues and community needs.

Some of the opportunities provided by the Office include:

- **Southern Leaders Program** - A nationally award winning, comprehensive leadership development program focused on personal leadership development, team building, community engagement, and creating positive change. Southern Leaders learn how to make a difference in their community through interactive leadership lessons, community service, challenging team projects, and unique leadership experiences. Upon completion of all program requirements, participants receive the prestigious Southern Leaders Graduate medallion and seal.

- **Serve912** - Our local service initiative. We engage with the community year-round through regularly scheduled volunteer trips, ongoing community service activities, and meeting local needs as part of the Director's Immediate Response Team (DIRT).

- **Community Liaisons Program** - A community engagement and service-learning program in which student leaders are placed in community agencies to help recruit and manage university volunteers and to assist with other needs of the agencies. Community Liaisons serve to strengthen partnerships between Georgia Southern and the local community.

- **Service-Learning Student Facilitators** - Students in this program learn the theory and practical skills of service-learning to work as peer educators with faculty to create and manage service-learning experiences within academic courses.

- **Southern Collegiate Leadership Conference** - This annual leadership conference hosts students from across the southeast who seek to advance their leadership skills. Students in leadership positions as well as those looking for opportunities to further develop their leadership practice are encouraged to attend.

- **Alternative Break Trips** - Offered in December, March, and May, these low-cost trips offer students the opportunity to spend their breaks investing their lives in service to others.

- **Nick Mamalakis Emerging Leaders Program** - An interactive leadership development program for Armstrong campus students.

- **Treasure Savannah** - A day of service for students in the local Savannah community.
Minority Advisement Program

The Minority Advisement Program (MAP) was established in 1986 to enhance the academic welfare of minority students in the University System of Georgia. The Minority Advisement Program is a peer mentor program designed to assist minority freshmen with their transition from high school to college and to facilitate a successful adjustment to Georgia Southern University. MAP is centered on minority first year students, but is open to any student seeking its services. With the assistance of peer leaders (MAP Sponsors), MAP tries to provide minority students with a wide variety of programs that assist them with the successful adjustment to Georgia Southern University academically and socially. Services include personal assistance to obtain resources available in areas such as academic advisement, financial aid, career counseling, tutoring, and campus orientation.

For more information about programs and services offered through the Minority Advisement Program, visit www.georgiasouthern.edu/multicultural or visit the Office of Multicultural Affairs on the 2nd floor of the Russell Union Room #2070. You may also contact us at (912) 478-5409 or by email at OMA@georgiasouthern.edu.
Office of Multicultural Affairs

The mission of the Office of Multicultural Affairs (OMA) supports Georgia Southern University’s greater mission to support cultural diversity. The department is designed to educate and celebrate the cultural and ethnic diversity of students, staff and the Georgia Southern community. This is accomplished by cultivating leaders who value civility, problem solving and heritage. The Office of Multicultural Affairs also promotes a fulfilling and comprehensive college experience which encourages social responsibility and personal well-being obtained through cultural opportunities both inside and outside the classroom. These include a series of support services, programs and activities that foster inclusion and pluralism.

In addition to facilitating diversity workshops in the classroom and for student organizations, the Office of Multicultural Affairs also organizes and promotes campus-wide diversity events which includes but is not limited to: lectures, conferences, trips and leadership workshops. The Office of Multicultural Affairs also collaborates with student organizations and faculty on cultural heritage month celebrations which include but are not limited to: Hispanic Heritage; Lesbian, Gay, Bisexual, Transgender & Questioning (LGBTQ) Awareness; Women’s History Month; Black History Month; Religious Awareness; and much more.

For more information about programs and services offered through the Office of Multicultural Affairs visit www.georgiasouthern.edu/multicultural or the office located on the 2nd floor of the Russell Union Room 2070. You may also contact us at (912) 478-5409 or by email at oma@georgiasouthern.edu.
Office of Student Conduct (Philosophy)

Georgia Southern University exists to provide an environment in which intellectual achievement, scholarship, and character development can flourish. The Georgia Southern community (Students, Faculty, and Staff) willingly shares the responsibility for sustaining a creative and productive atmosphere through adherence to the highest standards of personal and professional conduct. All who are privileged to be a part of Georgia Southern campus life must remain aware they are representatives of Georgia Southern University, whether they are on campus or elsewhere, and are therefore expected to avoid behavior that brings discredit or dishonor upon themselves or the University as an institution. Recognizing trust is the cornerstone of all human relations, Students will work to build and sustain the trust of their peers, the faculty, and staff by following both the letter and the spirit of the Code of Student Conduct. A Student-centered University embraces a campus climate in which civility and respect among members of the campus community is viewed vital to the overall ethical development of its Students.

The University is dedicated not only to learning and the advancement of knowledge, but also to the development of ethically sensitive and responsible persons. It seeks to achieve these goals through sound educational programs and policies governing Student conduct that encourage independence and maturity.

The student conduct process is not a court of law, and therefore do not follow prescribed legal or evidentiary standards. The student conduct process is also completely separate from any criminal proceeding and one will have no bearing on the other. Should a Student have a pending legal case, the University will move forward with the student conduct process.

The University may apply sanctions or take other appropriate action when the conduct of a Student interferes with the University’s (a) responsibility of ensuring the opportunity for attainment of educational objectives; or (b) responsibility of protecting property, keeping records, providing services, and sponsoring non-classroom activities such as lectures, concerts, athletic events, and social functions. Georgia Southern University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

Representatives from the Student Government Association will have an opportunity to provide input in the formation and evaluation of all policies, rules, and sanctions pertaining to Student Conduct.

The Office of Student Conduct utilizes Georgia Southern University email as its primary means of communication with Students. It is necessary for Students to check their University email daily and to promptly respond to any requests from the Office of Student Conduct or designee.
Once accepted for admission, all undergraduate students must attend Southern's Orientation, Advisement, and Registration (SOAR). SOAR is a mandatory program for all new incoming students (freshmen and transfers) to assist with their transition to University life. It provides academic advisement, an opportunity to register for classes, The Blue & White student handbook, and other resource materials. Parent and family members are invited and encouraged to attend SOAR. There is a fee for both students and guests to attend SOAR. Accepted students may complete an online orientation reservation, which can be found on the Office of New Student and Family Programs website, GeorgiaSouthern.edu/orientation (http://admissions.georgiasouthern.edu/orientation).

For fall semester enrollment, freshmen and transfers will select a SOAR session to attend during the months of June, July, and August. For more information about SOAR, contact the Office of New Student & Family Programs at (912) 478-SOAR, orientation@georgiasouthern.edu, or visit the website at GeorgiaSouthern.edu/orientation (http://admissions.georgiasouthern.edu/orientation).
Student Affairs

Dean of Students Office

Our team finds pleasure in interacting with students on campus, and we are enthusiastic about assisting the University in providing an environment that is conducive to learning and personal development. As a unit of the Division of Student Affairs, the Dean of Students Office upholds the values of the division by putting STUDENTS FIRST. We pride ourselves on service to students, and are committed to fostering the type of environment that is characterized by collegiality, civility, safety, free-expression, and respect, regardless of differences. The Dean of Students Office works collaboratively with other offices on campus to enhance the quality of student life.

Our Mission

The Dean of Students Office serves the University community through student-focused support, strategic partnerships, and institution-wide education. The office supports the vision of the division of Students Affairs by engaging students in experiences that transform lives and support the realization of their potential.

The office accomplishes its mission by assisting students with voluntary withdrawals, sending notifications to faculty in the event of extenuating circumstances, illness and/or injury and communicating with students through Messages from the Dean and Campus Alerts. The Dean of Students Office believes that it is essential that issues and challenges confronting students be identified. Through both the “Talk With the Dean” presentations and one-on-one appointments, the Dean of Students Office meets with students to discuss and identify student concerns so that the University may serve them more efficiently and effectively. For more information, please visit our website at http://students.georgiasouthern.edu/dean/.
Student Media

Students have the first and last word on news coverage and content of all George-Anne Media Group outlets.

On the Statesboro campus, we engage students through:

- The George-Anne Statesboro edition in print every Thursday during the fall and spring semesters.
- The George-Anne Daily email newsletter five days a week.
- Every Monday through Thursday evening, The George-Anne Studio video staff engages with students at the RAC, including live feeds via social media.
- Every Wednesday, The George-Anne Studio video staff produces “What’s Good, GSU” segments in the Russell Union atrium.
- The Reflector feature magazine once per semester.
- The Our House guide for new students every fall.
- On-campus events. These have included programming about sexual assault, spring break and various lifestyle topics.

On the Armstrong and Liberty campuses, we engage students through:

- The George-Anne Inkwell edition in print every Thursday during the fall and spring semesters.
Student Organizations

Part of each student’s education is the development of his or her talents outside of the classroom. Through offering a wide variety of activities with over 300 student organizations, Georgia Southern University promotes this growth. Current student organization classifications include academic, creative and performing arts, cultural, honorary, professional, service, social action/political, social fraternities & sororities, special interest, spiritual, and sports. Students are encouraged to log on to MyInvolvement via my.georgiasouthern.edu to gain more information about student organizations at Georgia Southern University or visit the Office of Student Activities (http://students.georgiasouthern.edu/student-activities) website.

The supervision and coordination of student activities and organizations, including the University Programming Board are the responsibility of the Office of Student Activities. At Georgia Southern University, student activities and organizations are regarded as an integral part of the total educational program. To be recognized on campus, organizations must contribute to the academic, recreational or cultural climate of the University. Therefore, the University reserves the right to officially recognize each student organization and requires that it function in accordance with its constitution and/or purpose. Procedures for establishing new organizations can be found in the Guide to Chartering a Student Organization, available at the Office of Student Activities website. Practices of the various student organizations shall not be contrary to stated policies of the University. All students and student organizations are responsible for their conduct and for familiarizing themselves with the standards and regulations of the University. For more information on student organizations contact the Office of Student Activities, Statesboro campus: (912) 478-7270 | Williams Center or Armstrong campus: (912) 344-2504 | Memorial College Center-Room 201.

Student Government Association

The Student Government Association is the central student government organization on campus. There are executive officers on each of the three campuses, all of whom fall under the leadership of the SGA President. Each officer is elected each Spring Semester by the student body.

Student Government represents the student body in all phases of student life at Georgia Southern University and facilitates communication among the administration, the faculty, and the student body. Individuals or organizations desiring input into the total life of the campus should enlist the services of the officers and senators. For additional information, call the Student Government Association at (912) 478-0655 on the Statesboro Campus or (912) 344-3534 or access their website at http://students.georgiasouthern.edu/SGA.

Office of Fraternity and Sorority Life

The Office of Fraternity and Sorority Life is an active part of student life on campus. Approximately 17 percent of full time undergraduate students are members of 30 fraternities and 20 sororities on both the Armstrong and Statesboro campuses. These organizations provide opportunities for members to develop and refine personal leadership skills, make new friends, participate in campus activities and athletics, contribute to local and national philanthropies, and improve their scholarship aptitude. For additional information, call the Office of Fraternity and Sorority Life at (912) 478-5185 or access their website at http://www.georgiasouthern.edu/fsl.

Student Media

We build community. We engage Georgia Southern students every day to provide information and promote reflection, conversation and action. We do this in print, in person and online with words, photography, video and advertising and marketing services. Our student-led media outlets operate under The George-Anne Media Group name. Students who participate in our program learn communication skills, critical thinking in a business environment, teamwork and leadership. They often go on to media careers, but the program is open to all majors and all career interests. Students have the first and last word on news coverage and content of all George-Anne Media Group outlets.

On the Statesboro campus, we engage students through:

- The George-Anne Statesboro edition in print every Thursday during the fall and spring semesters.
- Daily news articles at thegeorgeanne.com, daily features at reflectorgsu.com and daily videos at thecirclegsu.com, promoted via social media.
- The George-Anne Daily email newsletter five days a week.
- The George-Anne Studio video platform, including live feeds via social media.
- The Reflector feature magazine once per semester.
- The Our House guide for new students every fall.
- On-campus events. These have included programming about sexual assault, spring break and various lifestyle topics.

On the Armstrong and Liberty campuses, we engage students through:

- The George-Anne Inkwell edition in print every Thursday during the fall and spring semesters.

University Programming Board

University Programming Board is Georgia Southern University's student-led programming board that consists of Executive Officers and 60+ general members. This student organization provides programming that allows students to maintain a healthy balance between academic pursuits and social activities. The University Programming Board offers a diverse selection of popular entertainment, spirited events, and campus traditions throughout the year and supports the academic mission of Georgia Southern University by collaborating with various academic departments, organizations, and offices to provide programming based on a variety of topics and interests.

Major events produced by the University Programming Board during the fall semester include Beach Bash, a Fall Family Weekend Block Party and Homecoming. The Miss Georgia Southern University Scholarship Pageant, outdoor movies, and concerts are among the many programs coordinated during the spring semester. All events are open to Georgia Southern University students, faculty, and staff with their Eagle ID.

For more information about what programs are coming to campus, information about how to get involved, or a schedule of events, please contact the Office of Student Activities, Statesboro campus: Williams Center or Armstrong campus: Memorial College Center-Room 214, or visit the website at http://students.georgiasouthern.edu/student-activities/.
The University Store

The University Store is your one-stop shop for all things Georgia Southern whether it be products and services that support academic success or spirit merchandise! We sell licensed apparel, boutique clothing, home décor, and gift items in addition to textbooks and academic supplies. As the official campus store, we have everything you need to study, work, live and play in blue and white.

We offer multiple textbook purchasing options selling both new and used books and eBooks. We also offer book rentals that can save students up to 75% off of new book costs. Georgia Southern University faculty work directly with the store to ensure a complete selection of required materials, and unlike other stores and websites, we only sell the correct and complete editions of textbooks and course materials. For your convenience, books can be purchased via your WINGS account or via our website at GSUStore.com (http://gsustore.com/home.aspx). Books and course materials may be purchased with financial aid credit - all you need is your Eagle ID. Our textbook buyback program puts money back in your hands. If a book is required for a course during the following semester, the store will pay you up to 50% of the book's retail value.

In addition to textbooks, we have all of your basic school supplies like bookbags, binders, pens and pencils, scantrons, as well as class and major-specific supplies and items such as lab coats and glasses, sketch paper and portfolio holders. Financial aid credit can be used to purchase any of our supply items.

The University Store is owned and operated by Georgia Southern University. Unlike other bookstores and apparel retailers, our profits are reinvested into our campus providing financial support for facilities and programs benefiting students. So, when you shop with us, your purchases help directly support our campus.
