At a Glance

From www.georgiasouthern.edu/about

- Named “Military-Friendly” Gold school for the seventh year in a row in by Victory Media (http://militaryfriendly.com/schools/georgia-southern-university), publisher of G.I. Jobs, STEM Jobs and Military Spouse magazines
- Georgia Southern University has been included on the prestigious Green Ribbon Schools (https://www2.ed.gov/programs/green-ribbon-schools) list by the U.S. Department of Education
- For the eighth year in a row, Georgia Southern University was named one of the nation’s top eco-friendly campuses in The Princeton Review’s Guide to 399 Green Colleges
- Included in the “50 Best Nonprofit Colleges and Universities for Online Doctorates” by Nonprofit College Online (https://www.nonprofitcollegesonline.com/best-online-doctorates)
- For the second year in a row, Georgia Southern University has been recognized as a “Gold Level Campus” by Exercise is Medicine® on Campus (EIM®-OC) (https://www.exerciseismedicine.org/support_page.php?recognition-program) for the University’s diligence to make physical activities a standard on campus.
- Ranked number one in “Best Online Master’s in Educational Leadership Program” by OnlineMasters.com (https://www.onlinemasters.com/best-degree-programs/education/educational-leadership)
- Georgia Southern ranked in the top 5 percent of schools for gender diversity according to College Factual.
- Georgia Southern University is number two among “Most Affordable Colleges in Georgia” by College Affordability Guide.
- Georgia Southern’s Jiann-Ping Hsu College of Public Health was the first such facility in the University System of Georgia and is one of only 48 in the country to be accredited by the Council on Education for Public Health.
- The Allen E. Paulson College of Engineering and Computing is home to the first undergraduate Manufacturing Engineering program in the state of Georgia, one of only 20 such programs nationwide.
- Georgia Southern is one of only 14 schools in the country that have both the National Security Agency/Department of Homeland Security Center of Academic Excellence in Cyber Defense Education and the Department of Defense Cyber Crime Center designation as a Center of Digital Forensics Academic Excellence. Georgia Southern also maintains a Memorandum of Understanding with the U.S. Army Cyber Center of Excellence as an academic training partner for the U.S. Army Cyber workforce
- The Waters College of Health Professions is ranked number one in the “20 Most Affordable Online BSN Degrees” by College Choice, number two in the “10 Most Affordable Doctorate in Nurse Practitioner Online” and number two in the “10 Most Affordable Doctorate in Nurse Practitioner Online” by Grad School Hub.

Strategic Pillars

The University Strategic Plan goals, objectives and actions are designed around five structural themes—our Strategic Pillars:

Strategic Pillar 1: Student Success
Strategic Pillar 2: Teaching and Research
Strategic Pillar 3: Inclusive Excellence
Strategic Pillar 4: Operational Efficiency, Effectiveness and Sustainability

The academic credit programs of the University are administered by eight colleges: the College of Arts and Humanities, the College of Behavioral and Social Sciences, the Parker College of Business, the College of Education, the Waters College of Health Professions, the Allen E. Paulson College of Engineering and Computing, the Jiann-Ping Hsu College of Public Health, the College of Science and Mathematics, and the Jack N. Averitt College of Graduate Studies. Except for the College of Graduate Studies, each of these is subdivided into schools or departments. A dean directs each college, a director or chair each school, and a chair in each department. The following organizational structure provides for the degrees, fields of study, and courses set out in this catalog.

### I. College of Arts and Humanities
- Dr. Curtis Eugene Ricker, Dean
  - Betty Foy Sanders Department of Art
    - Mr. Jeff Garland, Chair
  - Department of Communication Arts
    - Dr. Pamela Bourland-Davis, Chair
  - Department of Foreign Languages
    - Dr. Eric J. Karchner, Chair
  - Department of History
    - Dr. Carol Engelhardt Herringer, Chair
  - Department of Literature
    - Dr. Beth Howells, Chair
  - Department of Music
    - Dr. Steven Harper, Chair
  - Department of Philosophy and Religious Studies
    - Dr. Karin Fry, Chair
  - Department of Writing and Linguistics
    - Dr. Russell Willerton, Chair

### II. College of Behavioral Health and Social Sciences
- Dr. Ryan Schroeder, Dean
  - Department of Criminal Justice and Criminology
    - Dr. Laura Agnich, Interim Chair
  - Department of Human Ecology
    - Dr. Beth Myers, Chair
  - Department of Psychology
    - Dr. Michael Nielson, Chair
  - Department of Public and Nonprofit Studies
    - Dr. Trent Davis, Chair
  - Department of Sociology and Anthropology
    - Dr. Marieke Van Willigen, Chair

### III. Parker College of Business
- Dr. Allen C. Amason, Dean
  - School of Accountancy
    - Dr. Timothy A. Pearson, Director
  - Department of Economics
    - Dr. Yassaman Saadatmand, Chair
  - Department of Finance
    - Dr. Joseph S. Ruhlman, Chair
  - Department of Information Systems
    - Dr. Yoris Au, Chair
  - Department of Logistics and Supply Chain Management
    - Dr. Gerard Burke, Chair
  - Department of Management
    - Dr. Steven D. Charlier, Chair
  - Department of Marketing
    - Dr. Michael L. Thomas, Chair

### IV. College of Education
- Dr. Amy Heaston, Interim Dean
  - Department of Curriculum, Foundations, and Reading
    - Dr. Kent Rittschof, Chair
  - Department of Elementary and Special Education
    - Dr. Yasar Bodur, Interim Chair
  - Department of Leadership, Technology, and Human Development
    - Dr. Beth Durodoye, Chair
  - Department of Middle Grades and Secondary Education
    - Dr. Amelia Adkins, Chair

### V. Allen E. Paulson College of Engineering and Computing
- Dr. Mohammad Davoud, Dean
  - Department of Civil Engineering and Construction Management
    - Dr. David William Scott, Chair
  - Department of Computer Sciences
    - Dr. Muralidhar Medidi, Chair
  - Department of Electrical and Computer Engineering
    - Dr. Youakim Kalaani, Chair
  - Department of Information Technology
    - Dr. Yiming Ji, Chair
  - Department of Manufacturing Engineering
    - Dr. Daniel J. Cox, Chair
  - Department of Mechanical Engineering
    - Dr. Brian Vlcek, Chair

### VI. Waters College of Health Professions
- Dr. Barry Joyner, Dean
  - Department of Diagnostic and Therapeutic Sciences
    - Dr. Douglas Masini, Chair
  - Department of Rehabilitation Sciences
    - Dr. Walter L. Jenkins, Chair
  - Department of Health Sciences and Kinesiology
    - Dr. John Dobson, Interim Chair
  - School of Nursing
    - Dr. Catherine Gilbert, Chair

### VII. Jiann-Ping Hsu College of Public Health
- Dr. Stuart Tedders, Interim Dean
  - Department of Biostatistics, Epidemiology and Environmental Health Sciences
    - Dr. Robert Vogel, Chair
  - Department of Health Policy and Community Health
    - Dr. Gulzar Shah, Chair

### VIII. College of Science and Mathematics
- Dr. Delana Nivens, Dean
  - Department of Biology
    - Dr. Stephen P. Vives, Chair
  - Department of Chemistry and Biochemistry
    - Dr. Will Lynch, Chair
  - Department of Geology and Geography
    - Dr. James Reichard, Chair
  - Department of Mathematical Sciences
    - Dr. Sabrina Hessinger, Interim Chair
  - Department of Military Science and Astronautics
    - Major Brian A. Montgomery, Chair

### IX. Jack N. Averitt College of Graduate Studies
- Dr. Clayton Heller, Chair
  - Department of Physics and Astronomy
    - Dr. Ashley D. Walker, Dean

Introduction

This section of the catalog offers an alphabetical listing of graduate courses offered at Georgia Southern University, along with the college in which that course is taught. Prerequisites, Corequisites, and Cross Listings are noted at the end of each description. Graduate courses, in general, begin with a 6, 7, 8, or 9. Courses numbered "5000" followed by a "G" are also graduate courses. (See “Course Numbering” below).

Course Numbering System

In general, the first digit of the course corresponds to the level of the class.

- 5: dual Undergraduate/Graduate
- 6: Lower Division Graduate
- 7-8: Upper Division Graduate
- 9: Doctoral Level Graduate

The second digit in the course number indicates the course type.

- 1-5: Traditional course format/Example: Lecture and Lab
- 6: Seminar
- 7: Internships and Practica
- 8: Independent Study
- 9: Research
- 0: Topics Courses

The fourth digit indicates the sequence of the course.

A 5000 course number followed by a “G” indicates a Graduate course.

College Abbreviations

- CAH: College of Arts and Humanities
- CBSS: College of Behavioral and Social Sciences
- COB: College of Business
- COE: College of Education
- CEC: Allen E. Paulson College of Engineering and Computing
- WCHP: Water's College of Health Professions
- COPH: Jann-Ping Hsu College of Public Health
- COSM: College of Science and Mathematics
- VPAA: Office of Vice President for Academic Affairs
- Interdisciplinary: Courses offered by more than one department and/or college

Course Prefixes

- AAST: Africana Studies
- ACCT: Accounting
- ANTH: Anthropology
- ART: Art
- ARTH: Art History
- BIOL: Biology
- BIOS: Biostatistics
- BUSA: Business Administration
- CHBE: Community Health: Behavior and Education
- CHEM: Chemistry
- CHFD: Child and Family Development
- CISM: Computer Information Systems
- COHE: Community Health Education
- COML: Comparative Literature
- CON: Counseling Education
- CSC: Computer Science
- ECED: Early Childhood Education
- ECON: Economics
- EDAT: Accomplished Teaching
- EDLD: Educational Leadership
- EDSC: Education Science
- EDUC: Curriculum
- EDUF: Educational Foundations
- EDUR: Educational Research
- EENG: Electrical Engineering
- EMBA: Executive MBA Consortium
- ENGL: English
- ENVH: Environmental Health Sciences
- EPID: Epidemiology
- ESED: Early Childhood-Secondary Education
- ESPY: School Psychology
- FINC: Finance
- FORL: Foreign Language
- FRCT: Curriculum Theory
- FREC: Early Childhood
- FREN: French
- FRER: Educational Research
- FRT: Instructional Technology
- FRLT: Educational Foundations
- FRMS: Middle and Secondary Education
- GCM: Graphic Communications Management
- GEOG: Geography
- GEOL: Geology
- HIST: History
- HLTH: Health
- HSPM: Health Services Policy Management
- INTS: International Studies
- IRSH: Irish Studies
- IT: Information Technology
- ITEC: Instructional Technology Education
- KINS: Kinesiology
- LAST: Latin American Studies
- LING: Linguistics
- LOGT: Logistics/Intermodal Transportation
- LSTD: Legal Studies
- MATH: Mathematics
- MENG: Mechanical Engineering
- MGED: Middle Grades Education
- MGMT: Management
- MKTG: Marketing
- MSED: Middle Grades and Secondary Education
- MUSA: Applied Music
- MUSC: Music

Directory Information

Georgia Southern has defined Directory Information to include the student’s name, affirmation of whether the student is currently enrolled, post office box, local telephone number, classification (freshman, sophomore, junior, senior, or graduate student), employment title and contact information, major, participation in activities, weight and height of members of athletic teams, dates of attendance, degrees and awards received, thesis/dissertation title and faculty mentor, photograph, and most recent educational institution attended. This information is considered public information and will be released to those requesting such information unless the student has specifically requested that the information in this category be restricted. Students who wish to prohibit the release of Directory Information may present a written request to the Registrar and such information will not be released; however, requests that Directory Information be withheld from a written publication must be received in sufficient time to prevent delay in processing that publication.

Annual Notice of Privacy Rights

Georgia Southern is subject to the Family Educational Rights and Privacy Act of 1974 (FERPA; USC 1232g) which is designed to protect the student’s rights with regard to educational records maintained by the institution. Under this Act, a student has the following rights:

1. The right to inspect and review education records maintained by this institution that pertain to the student within 45 days after the day the institution receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect.;

2. The right to request the amendment of the student’s education records that the student believes are inaccurate, misleading or a violation of privacy or other rights. A student who wishes to ask the institution to amend a record should write to the Office of the Registrar, clearly identifying the part(s) of the record the student wants changed, and specifying why the information should be changed.;

3. The right to provide written consent before the institution discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

Georgia Southern University discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by the institution in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the institution who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. Clinical preceptors/supervisors will be considered school officials when they are supervising a student's clinical education. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the institution. Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the institution to comply with the requirements of FERPA. The name and address of the office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202
The University is organized on the semester system with each of the two semesters (Fall and Spring) in the regular session extending over a period of approximately 15 weeks. The Summer semester extends over a period of approximately 9 weeks. Critical dates associated with the annual academic cycle are specified in the university academic calendar (http://em.georgiasouthern.edu/registrar/resources/calendars/). Consecutive fall and spring semesters constitute an academic year.

Georgia Southern University

History of Georgia Southern University

When First District Agricultural & Mechanical School’s inaugural academic year began in 1908, few could have foreseen a major American university growing out of four faculty members and 15 students in just a little more than one lifetime.

Now in its second century of service, Georgia Southern boasts 27,000-plus students, more than 2,000 faculty and staff, 141 programs of study at the bachelor’s, master’s and doctoral levels, and three vibrant campuses in Statesboro, Savannah and Hinesville.

Statesboro Campus

The Statesboro Campus was founded in 1906 as a school for teaching modern agricultural production techniques and homemaking skills to rural school children. The First District A&M School began within two decades to shift its emphasis to meet the growing need for teachers within the state. Its name and mission were changed in 1924 to Georgia Normal School as a training ground for educators, though it continued to accept “preparatory” or high school students. Five years later in 1929, full-fledged senior college status was granted as South Georgia Teachers College.

Ensuing decades saw additional name and mission changes: to Georgia Teachers College in 1939 and Georgia Southern College in 1959. Continued program and physical expansion, including one seven-year stretch, 1984-91 in which enrollment doubled from just over 6,000 to more than 12,000 students, led to a final transformation in 1990 – to Georgia Southern University.

Armstrong Campus and Liberty Campus

In 1935, Savannah Mayor Thomas Gamble founded the Armstrong Campus — then known as Armstrong Junior College — in order to help stimulate Savannah’s economy and advance opportunities for local youth who could not afford to attend college away from home. The school began with 175 students, and was located in the historic Armstrong House on Bull Street at the northern end of Forsyth Park. In 1966, after receiving four-year status and a 250-acre donation from The Mills B. Lane Foundation and Donald Livingston, Armstrong State College moved to its current location on Abercorn Extension in Savannah’s southside.

Throughout the next 30 years of growth, Armstrong added graduate programs in business and education, and became a Regional Health Professions Education Center. The institution’s growth culminated in 1996 with university status and a new name: Armstrong Atlantic State University. Just two years later, Armstrong collaborated with Georgia Southern and other USG institutions to create the Liberty Center in Hinesville in order to offer degree programs to the active duty and veteran military and their families in the area. Liberty County is the home of Fort Stewart, the largest military base east of the Mississippi.

Georgia Southern University Now

In 2018, Armstrong State University and Georgia Southern University consolidated, creating an institution that retained the Georgia Southern University name comprised of nine colleges on three campuses: the Statesboro Campus, the Armstrong Campus in Savannah and the Liberty Campus in Hinesville.

Just as in the days of First District A&M and Armstrong Junior College, Georgia Southern University eagerly pursues new avenues to meet the challenges of a changing world.

The growing demand for online learning has brought online bachelor’s degrees in business, nursing, and information technology. Master’s programs are offered online in nursing, business, accounting, economics, computer science, coaching, kinesiology, and a broad choice of education fields. A doctoral program in nursing is also available.

Athletic Excellence

Georgia Southern’s athletics programs have a long and storied history, rich with tradition born of success. The University has not only produced conference and national champions, but has parlayed private support into significantly enhanced facilities — crucial to the recruitment and retention of top athletes.

Intercollegiate athletic success — including six FCS (I-AA) National Championships in football — has had a powerfully positive effect on the University’s public persona and pride of faculty, staff and students. All sports compete at the NCAA’s highest level with football, formerly FCS, joining the FBS ranks in fall 2014.

A Regional Powerhouse

Georgia Southern is now the state’s largest and most comprehensive university south of Atlanta and is classified as a Doctoral/Research University by the Carnegie Foundation for the Advancement of Teaching. Emphasis on serving returning veterans has earned the University a “military-friendly” designation for the seventh year in a row by Victory Media, publisher of G.I. Jobs, STEM Jobs and Military Spouse magazines. Kiplinger has named Georgia Southern a “Top 100 Best Value,” and Forbes magazine named the University among America’s Best Midsize Employers for 2018.

It is an exciting time to be a part of Eagle Nation! We are forging our institution on the foundation of two dynamic, historic schools of higher learning. We are focused on student success. We are focused on hands-on learning. We are focused on close connections with faculty and students, and we are here because we want to make an impact on our communities, our region and our state.
How to Use This Catalog

The Georgia Southern University General Catalog is an information book and reference guide dealing with different aspects of the University - its policies, facilities, degree programs, course offerings, services, and faculty.

The statements set forth in this Catalog are for information purposes only and should not be construed as the basis of a contract between the students and this institution.

While the provisions of this Catalog will ordinarily be applied as stated, Georgia Southern University reserves the right to change any provision listed herein, including but not limited to academic requirements for graduation, without actual notice to individual students. Every effort will be made to keep students advised of such changes. Information on changes will be available in the Office of the Registrar. Ultimately, each student is responsible for keeping himself or herself apprised of current graduation requirements in his or her particular degree program. While academic advisors should be consulted regularly, students are responsible for the completion of their chosen degree programs.

If you have suggestions for improving this Catalog, please contact us at (912) 478-0064.
Intercollegiate Athletics

Intercollegiate athletics provide an opportunity for highly-skilled student-athletes to compete regionally and nationally at the NCAA Division I level. These activities are conducted under the control of the Georgia Southern University Athletics Committee and within the rules and regulations of the National Collegiate Athletic Association and the Sun Belt Conference. Intercollegiate athletics are an integral part of the total college experience and, as such, Georgia Southern sponsors programs for men in football, baseball, basketball, golf, soccer and tennis, and for women in basketball, volleyball, swimming and diving, softball, soccer, tennis, rifle, golf, cross-country, and indoor/outdoor track.

Georgia Southern student-athletes and teams have enjoyed national success as evidenced by six NCAA Football Championship Subdivision titles in addition to NCAA Tournament and NCAA Championship participation in men’s and women’s basketball, baseball, men’s golf, women’s soccer, softball, women’s tennis, outdoor track and volleyball. Georgia Southern University moved to the Football Bowl Subdivision (FBS) in 2014, captured the Sun Belt Conference championship in 2014 and won the GoDaddy Bowl, the first bowl game in program history, in 2015. Georgia Southern joined the Sun Belt Conference prior to the 2014-15 season and all 17 varsity programs compete in the league with the exception of women’s swimming and diving (Coastal Collegiate Sports Association) and women’s rifle (Southern Conference).

Outreach Facilities on the Georgia Southern Campus

- **Garden of the Coastal Plain**
  Centered on an early 20th century farmstead, the Garden offers visitors a unique view of the cultural and natural heritage of the Southeastern Coastal Plain, an area rich in unique and endangered plants. The Garden’s nearly 11 acre site, located in the middle of the growing city of Statesboro, includes walking woodland trails, Bland Cottage, Heritage Garden, Rose Arbor, Children’s Learning Garden, Camellia Garden, Native Plant Landscape Garden, Native Azalea Collection, and Bog Garden. The Garden is a research and educational resource for faculty and students and provides educational and cultural programs for the public. The Garden is also available for rentals such as photography sessions, weddings and receptions. The Garden’s grounds are open 9:30 a.m. to 7 p.m. Monday through Friday and 1 p.m. until 4 p.m. on Sunday. Buildings are open Monday through Friday, 9 a.m. to 5:30 p.m., and Sunday, 1 p.m. to 4 p.m. For more information, call the Garden office at (912) 871-1149, or visit the website at academics.georgiasouthern.edu/garden.

- **The Georgia Southern University Museum**
  Since 1982, the Georgia Southern University Museum has sought to preserve, exhibit, and interpret objects pertaining to the unique cultural heritage and natural history of this region. A world-class mosasaur specimen and Georgiacetus vogtlensis, the oldest fossil whale ever discovered in North America, are among the many exhibits reflecting Georgia’s prehistoric past. The museum also hosts a variety of changing exhibits and programs relevant to the University’s academic departments—often curated by faculty and students. The museum also presents several offsite exhibits on local and University history. The museum’s outreach program, Project SENSE, partners with the Institute for Interdisciplinary STEM Education to offer resources to teachers across south Georgia to teach hands-on science. The museum serves as a research and educational resource for faculty, staff, students, the general public, and schools in south Georgia. Opportunities exist for undergraduate and graduate student involvement in all aspects of the museum’s programs. The museum is open Tuesday through Friday from 9 a.m. to 5 p.m., and on Saturdays and Sundays from 2 to 5 p.m. The Museum’s exhibits in the Rosenwald Building will be closed for renovations during the 2018-19 academic year. Inquiries may be directed to the museum at (912) 478-5444. Visit the website at academics.georgiasouthern.edu/museum.

- **The Center for Wildlife Education and The Lamar Q Ball, Jr. Raptor Center**
  Since its opening in 1997, the Center for Wildlife Education & Lamar Q Ball Jr. Raptor Center has grown into one of the leading environmental education facilities in Georgia. At over 17 acres in size, the Center supports Georgia Southern University’s environmental education programs with a mission to provide wildlife encounters for school children and citizens of the region. The Center displays numerous species of eagles, hawks, falcons, owls, and vultures showcased in their natural habitats. Flighted raptor demonstrations and reptile programs are offered to the public on weekends and to scheduled groups on weekdays. The Center includes exhibits dedicated to Georgia’s wildlife, as well as a new exhibit, Under Attack, which brings attention to invasive species impacting Georgia. Built through private donations, the $3 million Center is supported operationally through state, private and public partnerships. The 12-acre expansion, the Wetland Preserve, opened in 2009 to educate visitors on wetland ecosystems and waterfowl and wading birds that are native to Georgia. Inquiries may be directed to the Center at (912) 478-0831. Visit the website at academics.georgiasouthern.edu/wildlife.

- **The Center for the Performing Arts**
  The Georgia Southern University Performing Arts Center is located in the Nessmith-Lane Conference Center. The 34,000 square foot facility houses an 825-seat theatre with state-of-the-art lighting and sound systems. Programming is booked to reflect the Center’s mission: “To present diverse, quality cultural experiences to the Georgia Southern University and regional communities through the performing arts. To support and enhance the University’s performing art departments. To promote the discovery, appreciation, and enrichment of the performing arts to all with accessibility to perform and train in a professional, state-of-the-art performing arts center.” The Main Stage Season includes national and international touring performing artists representing diverse genres such as music concerts, theatre, and dance, while the School Matinee Series brings quality theatrical and music performances to enhance local and regional school curriculums. Inquiries may be directed to the Box Office at (912) 478-7999 or to the Center’s administrative offices at (912) 478-0830. Visit the website at georgiasouthern.edu/pac.
Strategic Values and Priorities

At Georgia Southern University, our learner-centered culture prepares us to think, lead, teach, and serve. We value collaboration, academic excellence, discovery and innovation, integrity, openness and inclusion, and sustainability. We promote talent and economic development to enhance quality of life through scholarly pursuits, cultural enrichment, student life, and community engagement across distinctive campuses. Our success is measured by the global impact of our students, faculty, staff, and alumni.

We define our values as:

**Collaboration:** Georgia Southern University embraces shared governance, teamwork, and a cooperative spirit that shapes our engagement with students, faculty, staff and communities.

**Academic Excellence:** Georgia Southern University academically challenges students, providing them with the knowledge, experiences, and support they need to develop into productive and responsible citizens.

**Discovery and Innovation:** Georgia Southern University promotes environments and technologies that encourage and facilitate creative, problem-solving collaborations among students, faculty, staff, and community partners.

**Integrity:** Georgia Southern University creates a caring, respectful environment that is deeply committed to ethical decision-making in the spirit of collegiality.

**Openness and Inclusion:** Georgia Southern University values the diversity of all people, communities, and disciplines with an unwavering commitment to equity and inclusion.

**Sustainability:** Georgia Southern University is a conscientious steward of resources and supports the well-being of students, faculty, staff, and communities.
The Georgia Southern University Libraries

The GS Libraries support the University’s academic programs and the scholarly needs of students, faculty, and staff by providing information resources and high quality research services. The GS Libraries are a gateway to the Internet, electronic information resources, books, government documents, periodical articles, electronic books, audio-visual materials, and educational software.

The Libraries are also excellent locations for quiet or group study. For contact information, access to online resources and services, and full descriptions of the support we offer to faculty and students, visit library.georgiasouthern.edu, whether you are on the Statesboro, Armstrong, or Liberty campus.

Henderson Library, Statesboro Campus

The Henderson Library opened in 1975 after outgrowing the Rosenwald building. A $22.75 million expansion/renovation project began in summer 2004 and was completed in August 2008. This expansion added 101,000 square feet to the original building and included the first Automated Storage and Retrieval System in any library in the southeast. The total square footage of the building is 245,888.

The Library houses over 400 Internet-accessible personal computers, both Windows-compatible and Macintosh. Wireless access to the Internet and the campus network are offered if you wish to bring your own laptop or portable device. You can also borrow laptops, iPads and small portable whiteboards for use within the building at the checkout desk on second floor. We support a variety of standard and advanced software programs. Workshops on word processing, spreadsheets, HTML basics, and more are offered each semester.

Lane Library, Armstrong Campus

Named for Mills B. Lane, prominent Savannah-Atlanta Banker, philanthropist, and an early patron of the university, Lane Library was built in 1966 and substantially enlarged in 1975. The building was completely renovated in 2005-2006. Lane Library measures 50,000 sq. ft. and seats about 500. The space devoted to library services grew by about 25% with the 2013 opening of the Learning Commons in an adjacent renovated building. A $22.75 million expansion/renovation project began in summer 2004 and was completed in August 2008. This expansion added 101,000 square feet to the original building and included the first Automated Storage and Retrieval System in any library in the southeast. The total square footage of the building is 245,888.

The Library houses over 400 Internet-accessible personal computers, both Windows-compatible and Macintosh. Wireless access to the Internet and the campus network are offered if you wish to bring your own laptop or portable device. You can also borrow laptops, iPads and small portable whiteboards for use within the building at the checkout desk on second floor. We support a variety of standard and advanced software programs. Workshops on word processing, spreadsheets, HTML basics, and more are offered each semester.

Collections

The GS Libraries are a major academic resource for three campuses, with their extensive collections of scholarly books and journals, government publications, special book and manuscript collections, AV materials, and links to networked information resources in various electronic formats.

Currently, the Libraries’ collections contain over 898,300 volumes of printed books and bound periodicals, and 91,000 physical media. In addition to the extensive physical collections, the Libraries also provide access to a growing number of electronic resources which includes over 656,500 electronic books, 104,705 electronic journals and related resources, 119,400 digital media, and 320 databases that contain indexes, abstracts, full-text articles, and digital images. These electronic resources are easily accessible both on and off campus 24/7.

Both libraries house special collections that contain rare books, manuscript collections, and artifacts relating to the history of local areas and the University. The Lane Library’s special collections include the University Archives and the Florence Powell Minis Collection, which contains published materials on local history and culture and first editions by Conrad Alken and other Savannah writers.

The Zach S. Henderson Library’s Special Collections division houses rare books, manuscript collections, and artifacts relating to the history of the Statesboro region and Georgia Southern University. Special Collections has materials documenting the Civil War, World War II, southern railroads, early businesses, and local genealogy. Popular collections include: the Okefenokee Swamp Collection, the Bulloch County Historical Society Collection, and the Lucile Hodges Collection. Also available for research are the Marvin S. Pittman Collection and the Charles Holmes Herty Collection, to name only a few.

Services

Books and other materials held at Henderson Library in Statesboro and Lane Library at the Armstrong campus may be requested for delivery to patrons at the other campuses within one or two business days. In addition, books from other University System of Georgia Libraries can be requested free-of-charge through the GIL Express service. Through the state-sponsored GALILEO system and through locally selected resources, library users have online access to hundreds of databases, five million book titles, thousands of academic journals, and many forms of media. Most journal articles and books that are not otherwise available can be requested from other libraries in the United States and around the world via an interlibrary loan service.

A notable and unique resource is Digital Commons@Georgia Southern, an open access digital collection whose purpose is to collect and disseminate the intellectual and creative output of the University's faculty, staff, and students. Contributions come from all over the University and include theses/dissertations, conference proceedings, research publications, brochures, and newsletters.

The Library Liaison Program was created to provide better engagement with academic departments and their faculty and students across campuses. Liaison Librarians are available for one-on-one consultations, hold special seminars, teach library/Internet-use workshops, create subject guides for disciplines and courses, offer individualized research assistance, locate resources, and collaborate with researchers on data management plans (DMP’s) for grant proposals.

The Libraries offer extensive service hours during academic semesters, with some variation between facilities. The schedules vary for holidays and between terms, so check the Libraries web site for details:

http://library.georgiasouthern.edu/about/contact/.

The Libraries are open to other information networks and services throughout the world. Off-campus library services are supported through the online services described above and by local libraries. Off-campus faculty and students have access to online library resources via the Libraries’ web page using their MyGeorgiaSouthern credentials. Off-campus students may also request materials that are not available in full text online by using the Libraries’ online fulfillment service.

The Libraries’ administration actively seeks comments and suggestions concerning any aspect of its operations and collections. The Dean of the Libraries is available to meet with any member of the academic community to discuss the resources of the Libraries or its connections to other information networks and services throughout the world.

To contact the Libraries, please visit the Libraries' website at http://library.georgiasouthern.edu/about/contact/.
The University System of Georgia

The Board of Regents of the University System of Georgia was created in 1931 as part of a reorganization of Georgia’s state government. With this act, public higher education in Georgia was unified for the first time under a single governing and management authority. The Board oversees 26 higher education institutions including: four research universities, four comprehensive universities, nine state universities, and nine state colleges. The University System of Georgia also includes the Georgia Public Library System and the Georgia Archives.

The governor appoints members to the Board, who each serves seven years. Today the Board of Regents is composed of 19 members, five of whom are appointed from the state-at-large, and one from each of the 14 congressional districts. The Board elects a chancellor who serves as its chief executive officer and the chief administrative officer of the University System. The Chair, the Vice Chair, and other officers of the Board are elected by the members of the Board.

System Institutions

Research Universities

- Augusta University, Augusta
- Georgia Institute of Technology, Atlanta
- Georgia State University, Atlanta
- University of Georgia, Athens

Comprehensive Universities

- Georgia Southern University, Statesboro
- Kennesaw State University, Kennesaw
- University of West Georgia, Carrollton
- Valdosta State University, Valdosta

State Universities

- Albany State University, Albany
- Clayton State University, Morrow
- Columbus State University, Columbus
- Fort Valley State University, Fort Valley
- Georgia College and State University, Milledgeville
- Georgia Southwestern State University, Americus
- Middle Georgia State University, Macon
- Savannah State University, Savannah
- University of North Georgia, Dahlonega

State Colleges

- Abraham Baldwin Agricultural College, Tifton
- Atlanta Metropolitan State College, Atlanta
- College of Coastal Georgia, Brunswick
- Dalton State College, Dalton
- East Georgia State College, Swainsboro
- Georgia Gwinnett College, Lawrenceville
- Georgia Highlands College, Rome
- Gordon State College, Barnesville
- South Georgia State College, Douglas

University Housing

University Housing at Georgia Southern University operates twelve housing units providing a living-learning environment for approximately 6,400 students and offering a variety of facilities, services, and programs on the Statesboro and Armstrong campuses. Georgia Southern University strives to provide a positive environment conducive to the development and academic pursuits of its residents. Residence hall living provides social interaction and events to heighten a student’s sense of belonging, understanding of others, and how to live with others in a common space. Included in learning experiences are floor meetings, social events, programs on life skills, communication and conflict management, wellness topics that support academic success and understanding others, leadership positions in hall government, and a completion of a roommate agreement. These experiences provide students the opportunity to grow, achieve, find autonomy, and practice decision-making. With a staff of more than 250 full-time and student employees, University Housing is committed to assisting students in making a smooth transition to college life.

Applying for Campus Housing

Only students accepted for admission to Georgia Southern University may apply for campus housing. Housing information will be emailed to students using the email address on file with the Office of Admissions after notification of admission acceptance. The housing application is available online through the My.GeorgiaSouthern.edu portal.

Rates

Housing rates vary based on the type of facility. Once rates have been approved by the Board of Regents, a complete listing of housing fees will be provided to applicants or may be viewed at auxiliary.georgiasouthern.edu/housing/rates-2/.

Questions pertaining to student housing should be directed to:

University Housing
Post Office Box 8102
Georgia Southern University
Statesboro, GA 30460-8102
(912) 478-5406
FAX: (912) 478-1148
housing@georgiasouthern.edu
auxiliary.georgiasouthern.edu/housing

Communities in the Residence Halls

Living in a residence hall means being part of a residential community focused on your academic success at Georgia Southern University. Each of the residence halls offer different communities based upon the students living there, the nature of the building and sometimes the specialized programs or floors that are based around themes, academic programs or other learning initiatives. Each year, University Housing, in partnership with other campus offices, colleges, and faculty members, provides support to the students living in our residential communities in different ways. On campus housing is available on the Statesboro Campus and Armstrong Campus. Housing is not available on the Liberty Campus.

More information about the different community options each year is available on the housing website at auxiliary.georgiasouthern.edu/housing.

Questions pertaining to student housing should be directed to:

University Housing
Post Office Box 8102
Georgia Southern University Statesboro, GA 30460-8102
(912) 478-5406
FAX: (912) 478-1148
housing@georgiasouthern.edu
auxiliary.georgiasouthern.edu/housing

Occupancy Periods

Students may occupy their assigned space from the date designated as the official opening of campus housing to the date designated as the end of the semester. Campus housing is closed between academic sessions. Some housing units provide housing during the Winter Break as part of the housing fees. Please refer to the housing website for additional information.

Removal from Housing

Students can be removed from Housing for the following reasons: conduct and behavioral reasons, non-enrollment, nonpayment of tuition, University fees, housing, or contract meal charges.
University Mission

Georgia Southern University is a public comprehensive and Carnegie Doctoral/Research university offering associate, bachelors, masters, and doctoral degrees in nationally accredited programs in the liberal arts, sciences, and professional disciplines.

The University provides transformative learning opportunities to meet the needs of a diverse student population through its legacy of commitment to academic excellence and personal attention. Through the shared resources of its multiple locations, the University creates vibrant learning environments that foster an inclusive, student-centered culture of engagement designed to prepare students for lifelong service as scholars, leaders, and responsible stewards of their communities. The University enhances the quality of life and drives economic development in the Coastal Georgia region, the State of Georgia, and beyond by supporting collaborative efforts in technological innovation, scientific advancement, education, health services, artistic creativity, and cultural enrichment. Faculty, staff, and students embrace the values of integrity, civility, kindness, respect, sustainability, citizenship, and social responsibility in every facet of the University.
Graduate Catalog

Master's Programs

- Accounting M.Acc. (p. 103)
- Accounting WebM.Acc. (The Web-Based Master of Accounting) (p. 105)
- Adult Education M.Ed. (p. 143)
- Applied Economics M.S. (p. 108)
- Applied Engineering M.S.A.E. (Concentration in Advanced Manufacturing Engineering) (Thesis) (p. 190)
- Applied Engineering M.S.A.E. (Concentration in Civil Engineering and Construction) (Non-Thesis) (p. 171)
- Applied Engineering M.S.A.E. (Concentration in Civil Engineering and Construction) (Thesis) (p. 172)
- Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Non-Thesis (p. 179)
- Applied Engineering M.S.A.E. (Concentration in Information Technology) Non-Thesis (p. 184)
- Applied Engineering M.S.A.E. (Concentration in Information Technology) Thesis (p. 184)
- Applied Engineering M.S.A.E. (Concentration in Mechanical Engineering) Non-Thesis (p. 194)
- Applied Engineering M.S.A.E. (Concentration in Mechanical Engineering) Thesis (p. 195)
- Applied Engineering M.S.A.E. (Concentration in Mechatronics) Non-Thesis (p. 196)
- Applied Engineering M.S.A.E. (Concentration in Mechatronics) Thesis (p. 196)
- Applied Geography M.S. (Non-Thesis) (p. 255)
- Applied Geography M.S. (Thesis) (p. 256)
- Applied Physical Science M.S.A.P.S (Professional Science Master) (p. 250)
- Applied Physical Science M.S.A.P.S. (Non-Thesis) (p. 252)
- Applied Physical Science M.S.A.P.S. (Thesis) (p. 253)
- Art M.F.A. (Concentration in Graphic Design) (p. 71)
- Art M.F.A. (Concentration in Studio Art) (p. 72)
- Biology M.S. (Non-Thesis) (p. 248)
- Biology M.S. (Thesis) (p. 249)
- Business Administration M.B.A. (p. 108)
- Business Administration M.B.A. (Emphasis in Health Service Administration) (p. 110)
- Business Administration M.B.A. (Emphasis in Information Systems) (p. 110)
- Business Administration M.B.A. (The Georgia WebMBA) (p. 110)
- Civil Engineering M.S.C.E. (Non-Thesis) (p. 173)
- Civil Engineering M.S.C.E. (Thesis) (p. 174)

- Communication Sciences and Disorders M.S. (p. 217)
- Computer Science M.S. (Hybrid) (Non-Thesis) (p. 176)
- Computer Science M.S. (Hybrid) (Thesis) (p. 177)
- Counselor Education M.Ed. (p. 144)
- Criminal Justice and Criminology M.S. (Emphasis in Criminal Justice) (p. 90)
- Criminal Justice and Criminology M.S. (Emphasis in Criminology) (p. 91)
- Criminal Justice and Criminology M.S. (Emphasis in Cybercrime) (p. 92)
- Curriculum and Instruction - Accomplished Teaching M.Ed. (Online) (p. 129)
- Educational Leadership M.Ed.(Online) (p. 145)
- Electrical Engineering M.S.E.E. (Non-Thesis) (p. 181)
- Electrical Engineering M.S.E.E. (Thesis) (p. 182)
- Elementary Education (Grades P-5) M.Ed. (Online) (p. 130)
- English M.A. (Thesis) (p. 81)
- Evaluation, Assessment, Research, and Learning M.Ed. (Online) (p. 124)
- Higher Education Administration M.Ed. (p. 146)
- History M.A. (Concentration in Public History) (p. 78)
- History M.A. (Non-Thesis) (p. 79)
- History M.A. (Thesis) (p. 80)
- Information Technology M.S.I.T. (Non-Thesis) (p. 185)
- Instructional Technology M.Ed. (Georgia ONmyLINE) (p. 147)
- Kinesiology M.S. (Concentration in Athletic Training) (Thesis) (p. 208)
- Kinesiology M.S. (Concentration in Coaching) (Online) (p. 209)
- Kinesiology M.S. (Concentration in Exercise Science) (Thesis and Non-Thesis) (p. 209)
- Kinesiology M.S. (Concentration in Physical Education) (Online) (p. 210)
- Kinesiology M.S. (Concentration in Sport and Exercise Psychology) (Non-Thesis) (p. 211)
- Kinesiology M.S. (Concentration in Sport and Exercise Psychology) (Thesis) (p. 212)
- Master of Health Administration M.H.A. (p. 213)
- Mathematical Sciences M.S. (Concentration in Applied Mathematics) (p. 258)
- Mathematical Sciences M.S. (Concentration in Computational Science) (p. 259)
- Mathematical Sciences M.S. (Concentration in Pure Mathematics) (p. 259)
- Mathematical Sciences M.S. (Concentration in Statistics) (p. 260)
- Mechanical Engineering M.S.M.E. (Non-Thesis) (p. 197)
- Mechanical Engineering M.S.M.E. (Thesis) (p. 200)
- Middle Grades Education (Grades 4-8) M.Ed. (Online) (p. 155)
- Music M.M. (Concentration in Composition) (p. 83)
- Music M.M. (Concentration in Conducting) (p. 84)
- Music M.M. (Concentration in Music Education) (p. 84)
- Music M.M. (Concentration in Music Technology) (p. 85)
- Music M.M. (Concentration in Performance) (p. 86)
- Nursing M.S.N. (Online) (p. 229)
- Professional Communication and Leadership M.A. (p. 74)
- Psychology M.S. (p. 98)
- Public Administration M.P.A. (p. 99)
- Public Health M.P.H. (Concentration in Applied Public Health) (p. 235)
• Public Health M.P.H. (Concentration in Biostatistics) (p. 235)
• Public Health M.P.H. (Concentration in Community Health) (p. 238)
• Public Health M.P.H. (Concentration in Environmental Health Sciences) (p. 236)
• Public Health M.P.H. (Concentration in Epidemiology) (p. 236)
• Public Health M.P.H. (Concentration in Health Policy and Management) (p. 239)
• Reading Education M.Ed. (Online) (p. 124)
• Secondary Education (Grades 6-12) M.Ed. (Online) (p. 157)
• Social Science M.A. (p. 100)
• Spanish M.A. (p. 76)
• Special Education (Grades P-12) M.Ed. (Online) (p. 131)
• Sport Management M.S. (Online) (p. 213)
• Sports Medicine M.S.S.M. (Emphasis in Human Movement Science) (p. 215)
• Sports Medicine M.S.S.M. (Emphasis in Strength Conditioning) (p. 215)
• Teaching Culturally and Linguistically Diverse Students M.Ed. (p. 159)
• Teaching M.A.T. (Concentration in Elementary Education P-5) (Hybrid) (p. 132)
• Teaching M.A.T. (Concentration in Elementary Education P-5) (Online) (p. 133)
• Teaching M.A.T. (Concentration in Health and Physical Education P-12) (Online) (p. 160)
• Teaching M.A.T. (Concentration in Middle Grades Education Grades 4-8) (p. 161)
• Teaching M.A.T. (Concentration in Secondary Education Grades 6-12) (p. 162)
• Teaching M.A.T. (Concentration in Spanish Education P-12) (p. 164)
• Teaching M.A.T. (Concentration in Special Education P-12) (Hybrid) (p. 134)
• Teaching M.A.T. (Concentration in Special Education P-12) (Online) (p. 135)

Specialist (Ed.S.) Degree Programs
• Educational Leadership Ed.S. (p. 140)
• Elementary Education (Grades P-5) Ed.S. (Online) (p. 127)
• Instructional Technology Ed.S. (p. 141)
• Middle Grades Education (Grades 4-8) Ed.S. (Online) (p. 154)
• Reading Education (K-12) Ed.S. (Online) (p. 123)
• School Psychology Ed.S. (p. 142)
• Secondary Education (Grades 6-12) Ed.S. (Online) (p. 156)
• Special Education (Grades P-12) Ed.S. (Online) (p. 128)

Doctoral Programs
• Business Administration Ph.D (Logistics and Supply Chain Management) (p. 111)
• Clinical Psychology Psy.D. (p. 94)
• Curriculum Studies Ed.D. (p. 121)
• Doctor of Nursing Practice D.N.P. (Online) (p. 225)
• Doctor of Public Health (p. 239)
• Educational Leadership Ed.D. (p. 138)
• Physical Therapy D.P.T. (p. 220)
• Public Health Dr.P.H. (Concentration in Biostatistics) (p. 234)
• Public Health Dr.P.H. (Concentration in Community Health Behavior and Education) (p. 237)
• Public Health Dr.P.H. (Concentration in Epidemiology) (p. 235)
• Public Health Dr.P.H. (Concentration in Health Policy and Management) (p. 238)
• Public Health Dr.P.H. (Concentration in Public Health Leadership (Partially Online) (p. 238)

Certificates
• Adult Education Certificate (p. 148)
• Adult/Gerontology Acute Care Nurse Practitioner Post-MSN Certificate (p. 224)
• Adult/Gerontology Primary Care Nurse Practitioner Post-MSN Certificate (p. 225)
• Applied Economics Certificate (Online) (p. 107)
• Applied Research and Evaluation Certificate Program (Online) (p. 125)
• Applied Statistics Certificate (p. 257)
• Art Education Post-Baccalaureate Certification (p. 70)
• Certificate in Music Performance (p. 82)
• Certificate in Public and Nonprofit Management (p. 99)
• Certificate in Public Health (p. 233)
• Certificate in Public History (p. 77)
• Communication Sciences and Disorders Certificate (p. 217)
• Curriculum and Pedagogy for Social Justice Certificate (Online) (p. 125)
• Cybercrime Post-Baccalaureate Certificate (p. 93)
• Dietetic Internship Certificate Program (p. 207)
• Educational Leadership Tier I Certificate Program (Online) (p. 149)
• Educational Leadership Tier II Certificate Program (Online) (p. 150)
• Engineering and Manufacturing Management Certificate (p. 203)
• Enterprise Resources Planning (ERP) Certificate Program (Online) (p. 114)
• Family Nurse Practitioner Post-MSN Certificate (p. 227)
• Forensic Accounting Certificate (p. 115)
• Gerontology Graduate Certificate (p. 208)
• Graduate Certificate in Taxation (p. 116)
• Instructional Technology Certificate Program (Online) (p. 151)
• Occupational Safety and Environmental Compliance Certificate (p. 204)
• Professional Communication and Leadership Post-Baccalaureate Certificate (p. 75)
• Psychiatric Mental Health Nurse Practitioner Post-MSN Certificate (p. 230)
• Radiologic Sciences Post-Baccalaureate Certificate (p. 206)
• School Library Media Certificate Program (Online) (p. 151)
• Strength and Conditioning Graduate Certificate (p. 216)
• Teaching Culturally and Linguistically Diverse Students Certificate (Online) (p. 158)
• Teaching English to Speakers of Other Languages (TESOL)/Applied Linguistics Certificate (Online) (p. 88)

Endorsements
• Autism Endorsement (Online) (p. 136)
• English for Speakers of Other Languages (ESOL) Education Endorsement (Online) (p. 153)
• Gifted In-field Graduate Endorsement (Online) (p. 153)
• Online Teaching and Learning Endorsement (Online) (p. 152)
• Positive Behavior Intervention and Supports Endorsement (Online) (p. 137)
• Reading Endorsement: Classroom Teacher of Reading Program (Online) (p. 126)
• Special Education Transition Specialist Endorsement (Online) (p. 137)
• Teacher Leadership Endorsement (Online) (p. 152)
• Teacher Support and Coaching Endorsement (Online) (p. 158)

Statesboro Campus Programs

• Accounting M.Acc. (p. 103)
• Applied Engineering M.S.A.E. (Concentration in Advanced Manufacturing Engineering) (Non-Thesis) (p. 189)
• Applied Engineering M.S.A.E. (Concentration in Advanced Manufacturing Engineering) (Thesis) (p. 190)
• Applied Engineering M.S.A.E. (Concentration in Civil Engineering and Construction) (Non-Thesis) (p. 171)
• Applied Engineering M.S.A.E. (Concentration in Civil Engineering and Construction) (Thesis) (p. 172)
• Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Non-Thesis (p. 179)
• Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Thesis (p. 180)

Jack N. Averitt College of Graduate Studies

The Jack N. Averitt College of Graduate Studies is the only academic unit at Georgia Southern University whose sole concern and primary advocacy is graduate education. The Jack N. Averitt College of Graduate Studies provides institutional oversight for more than 100 graduate curricula programs established across eight academic colleges, with nearly 3200 registered graduate students each semester. These programs span the breadth of graduate education from practice-oriented master’s programs that prepare students for leadership roles in a wide variety of professional settings to research-focused doctoral programs that develop the next generation of scholars. The Jack N. Averitt College of Graduate Studies works closely with the Faculty Senate Graduate Committee, the deans, and graduate faculties of the eight academic colleges and external accrediting organizations to ensure excellence in all aspects of the graduate experience. The Jack N. Averitt College of Graduate Studies also helps the University maintain a culture of collegiality and ethical behavior through its dedication to fairness and integrity. In addition to the Colleges, several other departments or agencies within Georgia Southern University enhance the academic life of the University.

Message from the Dean

The mission of the Jack N. Averitt College of Graduate Studies is to develop, promote and sustain graduate programs of the highest quality at Georgia Southern University. The College of Graduate Studies seeks to support graduate students and graduate programs at the highest level, to provide a foundation for university graduate program growth and development, and to advance excellence in research and scholarly activities associated with graduate education.

The namesake of the College, Dr. Jack N. Averitt, was instrumental in inaugurating graduate education in South Georgia and served the Institution as a visionary faculty member and Dean from 1945 to 1979. Dr. Averitt organized Georgia Southern University's first graduate programs with off-campus centers and served as the first Graduate Dean from 1969 until his retirement. A Paul Harris Fellow and Rotary International Foundation Trustee, Dr. Averitt further broadened the University's horizons as Director of the campus Rotary Language Institute for international students. In 1998, the Graduate College was named the Jack N. Averitt College of Graduate Studies in honor of Dr. Averitt's many contributions to the Institution and to the development and support of graduate studies.

To this day, the Jack N. Averitt College of Graduate Studies proudly subscribes to the Rotary's core value of "Service Above Self," as the College continues to diligently serve the many faculty, staff, and students who encompass the graduate education enterprise at Georgia Southern, supporting more than 100 degree majors and programs offered to more than 3200 graduate students. Working independently and collaboratively, Georgia Southern graduate faculty members offer committed graduate student unlimited opportunities for development. The University's facilities provide outstanding opportunities for distinguished careers in the science and mathematics, public health, health and human sciences, nursing, engineering and information technology, the arts and social sciences, business, and education.

This Graduate Catalog provides an overview of the many academic colleges and graduate programs across campuses, as well as course descriptions. For additional information, we invite you to visit our web page at http://cogs.georgiasouthern.edu/, and encourage you to become well acquainted with your graduate program, the graduate program directors, and your mentors and advisors within your program.

Ashley Walker Colquitt, Ph.D.
Dean, Jack N. Averitt College of Graduate Studies

Georgia Southern University
Graduate Policies and Procedures

The general academic regulations of the university that apply to graduate degrees and certificate programs are developed by the Faculty Senate Graduate Committee and administered by the College of Graduate Studies (COGS). Under this general regulatory structure, each program is locally administered by an academic unit within one of the eight colleges of the university. Although an academic unit may develop local regulations for a specific program under its control, the local regulations must be consistent with the general regulations and are, therefore, subject to review and approval by the Faculty Senate Graduate Committee. It is the responsibility of the Graduate Faculty and each graduate student to become thoroughly familiar with all regulations that govern the graduate program in which they participate.

- Academic Common Market - Graduate (p. 52)
- Academic Intervention Policy (p. 52)
- Academic Standing Policy (p. 52)
- Border County Fee Waiver (p. 54)

- Registration Policies (p. 58)
- Reinstatement Appeal (p. 58)
- Theses and Dissertations (p. 58)

Academic Common Market - Graduate

Students from a number of states may be eligible for an out-of-state fee waiver based upon the Academic Common Market agreement that Georgia shares with these participating states (www.usg.edu/academics/academic_common_market (http://www.usg.edu/academics/academic_common_market)). If a student majors in disciplines at Georgia Southern University that are not available in their home states, they may be eligible for the waiver.

Academic Intervention Policy

A graduate student who is on probation with an academic program, or has just been reinstated, will be placed on academic intervention until the student is no longer on probation. While on academic intervention, the student must complete an Academic Improvement Plan (AIP) under guidance of an assigned university official. The AIP is developed by the student and university official and may include, but is not limited to, participation in workshops, assessments, and progress meetings. The student’s progress on the AIP will guide the academic program when making decisions on academic exclusion or appeal for reinstatement.

Questions regarding requirements for the AIP should be directed to the Academic Success Center (http://academics.georgiasouthern.edu/success).

Academic Standing Policy

Academic Performance

Every graduate student must meet all the academic performance requirements as set forth by the program and the College of Graduate Studies to be in good standing.

Graduate Required Academic Standing

Graduate students must maintain an institutional minimum cumulative graduate GPA of 3.0 or higher, with some programs having higher requirements, in the graduate program on all graduate work and in the Program of Study to graduate. Students should check with their program and/or program director to see if the program has different policies related to academic standing.

Graduate students are ineligible to graduate with grades of "I" or "IP" on their graduate academic record.

Choice of Graduate Catalog Requirements

A student enrolled in a graduate degree or certificate program may choose to meet the requirements for that program as defined in any annual edition of the graduate catalog in effect for the semester the student was admitted to and enrolled in the program. The program requirements so specified will be used to evaluate the Program of Study and in the final degree or certificate program audit.

Academic Requirements Adjustment - Should program academic requirements change after a student is admitted to and enrolls in the program, the student may opt to change to the new program requirements. However, the student may not mix old and new requirements.

Earning a Duplicate Degree

A student with a master’s, education specialist, or doctorate earned from GSU or another institution may earn the same degree in the same field or in a different field at Georgia Southern University. The rules governing transfer credit for the first degree will apply.

Right of Appeal

You have the right to appeal any academic policy or requirement if either of the following conditions is present:

- extenuating circumstances make it impossible for you to comply with the policy or requirement, or
- an undue hardship would result from a strict application of interpretation of the policy or requirement.
Please note, however, that extenuating circumstances must be beyond your control and that undue hardship must be a condition far more serious than simple inconvenience. Documentation will be required and the timeliness of the appeal will be taken into consideration.

To appeal an academic policy or regulation (except a change of grade appeal) the student must complete and submit the online web based appeal form at Graduate Student Academic Appeal (http://cogs.georgiasouthern.edu/student/academicappeal). Information regarding required documents to support an appeal for reinstatement is found at that website. A student may attach documents files to the appeal form. Applicants may track the status of their appeal through the online website.

**Academic Appeal Procedures**

The responsibility of the College of Graduate Studies is to review an academic appeal for procedural fairness and to maintain and protect the rights of the graduate students, graduate faculty, and institutional policy. Within the limits set by faculty and administrative policy, members of the graduate faculty and graduate administrators act in good faith within the area of their academic expertise, provided their decisions are consistent with general policies established by the College of Graduate Studies and the Graduate Committee or its representative bodies. Graduate programs may utilize their own program, department or college-level process to consider an appeal and other measures required to assess the circumstances of a student’s request for an appeal. In any event, the appeal process must not conflict with the College of Graduate Studies Policy on Academic Appeals.

Subject to these limitations, the College of Graduate Studies will assume that actions taken by the graduate faculty of the program or department concerning course requirements, graduation requirements, and similar matters are final and binding with all parties concerned. Only if it is found or determined by the College of Graduate Studies that the department, program, or academic college did not follow documented procedures, or that the student's appeal did not have a fair review, or that there is evidence on the part of the faculty which may be perceived to have materially affected the academic decision, will a decision imposed by the academic unit be subject to reversal by the College of Graduate Studies.

**Student Appeal Steps**

**Step 1**

Graduate students wishing to appeal must complete and submit their appeal online through the Graduate Student Academic Appeal (http://cogs.georgiasouthern.edu/student/academicappeal) portal. The appeal will be directed to the student’s graduate program director who must review and take action on the appeal by indicating his/her appeal decision at the appeal portal. In some instances, the appeal may then be forwarded to the Department Chair and then the Dean of the relevant College for review. Normally, the Program Director's decision will be reviewed by the Dean of Graduate Studies or his/her delegate acting on behalf of the Director. A favorable appeal decision by the Program Director will indicate approval of the appeal unless the decision is determined to be counter to COGS policy. If determined to be counter to COGS policy, the Dean of Graduate Studies will consult with the Program Director regarding the best action to be taken on the appeal. The student would then be informed of the appeal decision by the Dean of Graduate Studies. The student may review the Program Director’s appeal decision at the web Appeal Portal.

**Step 2**

If the Program Director's decision is not acceptable to the student, the student may choose to appeal the Program Director's decision to the Department Chairperson after notification of the Program Director’s appeal decision. The student's appeal to the Department Chair must contain:

1. an explanation specifying the points on which the student disagrees with the program director's decision; and
2. all evidence supporting the student's perspective.

The Department Chair's decision will be recorded on the web Appeal Portal.

**Step 3**

If the student does not accept the appeal decision by the Department Chair, the student may elect to appeal to the next appeal level. To do so, the student must direct the appeal to the Academic College Dean. The student's appeal to the Academic College Dean must contain:

1. an explanation specifying the points on which the student disagrees with the department chair’s decision; and
2. all evidence supporting the student's perspective.

The Academic College Dean will review the appeal submit his/her decision. The Academic College Dean may review the decisions of the Department Chair and the Program Director and/or discuss the appeal with the Department Chair and/or Program Director prior to rendering the decision.

**Step 4**

If the student does not accept the decision of the Academic College Dean, the student may appeal the decision to the Director of Graduate Studies. The student's appeal to the Dean of Graduate Studies must contain:

1. an explanation specifying the points on which the student disagrees with the Academic Dean’s decision; and
2. all evidence supporting the student's perspective.

The Dean of Graduate Studies may charge a subcommittee of the Graduate Committee (hereafter referred to as the Appeals Subcommittee) to review the student’s appeal. The Appeals Subcommittee will consist of a five (5) member ad hoc panel drawn from members of the Graduate Committee. The Graduate Student Organization member of the Graduate Committee shall be an ex-officio member of the Appeals Subcommittee. In accepting to serve as a member of the Appeals Subcommittee, each member of the subcommittee shall declare that no actual or perceived conflict of interest exists between the member and any party involved in the appeal.

The Appeals Subcommittee will convene within fifteen (15) working days of the request of the Dean of Graduate Studies. If the appeal is submitted to the Dean of Graduate Studies during the summer, the subcommittee’s review may, at the discretion of the Dean of Graduate Studies, be delayed until after the beginning of the academic year. The subcommittee will review all available documentation, written responses to prior decisions, and convene interviews with individuals, necessary to determine whether the action(s) being appealed by the student were arbitrary, capricious, or contrary to University policy. A recommendation will be made within fifteen (15) working days after the Appeals Subcommittee's review of the materials or following the conclusion of the Appeals Subcommittee meeting(s), whichever is later. This recommendation shall be transmitted to the Dean of Graduate Studies. The Dean of Graduate Studies shall render a decision following receipt of the Appeals Subcommittee recommendation. The decision of the Dean of Graduate Studies will be recorded in the web Appeals database for viewing by the student. The Dean of Graduate Studies may elect to forward notice of the decision to others who have been involved in the appeal process to this stage.

**Step 5**

If the student does not accept the decision of the Dean of Graduate Studies, the student may make a final appeal to the Provost and Vice
President for Academic Affairs (hereinafter Provost). The student's appeal to the Provost must contain:

1. an explanation specifying the points on which the student disagrees with the Appeals Subcommittee's decision (step 4 above); and
2. all evidence supporting student's perspective.

The Provost shall review all materials and documentation of the prior appeals and shall render a decision.

All appeal decisions and recommended actions by the Provost are considered actionable and final.

**Border County Fee Waiver**

Graduate students who are legal residents of an out-of-state county bordering a Georgia county in which the reporting institution or a Board-approved external center of the University System is located may apply for a waiver of non-resident (out-of-state) tuition assessment. Georgia Southern University graduate students who live in an out-of-state county that borders Chatham County in Georgia, (Jasper and Beaufort, SC) and attend classes at the Armstrong Campus in Savannah are eligible for this waiver. Also, if you are in the Ed.D. Educational Administration Program, you may apply for the Border County Waiver if you live in Aiken or Edgefield counties in South Carolina and you are attending the Augusta Center.

**Continuous Enrollment Requirements**

The College of Graduate Studies Continuous Enrollment policy states that: "All thesis or dissertation students who have registered at least once for courses titled thesis or dissertation must be continuously enrolled every semester thereafter, including the semester of graduation. Summer registration is not required unless summer is the graduation semester."

Check with your major advisor to see if your college has a different, or additional, continuous enrollment requirement(s) that apply.

- A grade of "IP" will be recorded for all dissertation credit hour work in progress, and will automatically be recorded each semester the student is enrolled.
- The grade of "S" or "U" must be recorded for all dissertation credit hour when completed.
- The advisor and/or major professor will report a final dissertation grade of "S" or "U". Any reported grade other than "S" or "U" will be changed to an "S" or "U" grade according to the following: REPORTED GRADE OF "A", "B", "C" = "S", "D", "F" = "U"
- Upon completion of the dissertation requirements, final grades for preceding semester(s) will be changed to the appropriate grade.

Should a student not register each semester as required by the continuous enrollment policy, the student will be required to register in thesis or dissertation credit and pay tuition and fees for the missed registration semesters at the beginning of the semester the student resumes his/her study providing the student is eligible to return and resume registration.

A student who has been approved for a medical or a non-medical leave of absence is not required to be registered while under the approved leave period.

**Correspondence Study**

Credit taken by correspondence study or for continuing education units (CEUs) or as experiential learning or extension credit are not permitted to be counted toward degree program requirements.

**Degree Requirements**

To be eligible to be awarded the degree, the student must successfully complete all degree requirements including the minimum number of credit hours required for the degree, successfully pass the comprehensive or terminal examination (if required), successfully defend the thesis (if required), have an approved program study on file in the College of Graduate Studies, must have applied for graduation by the graduation application deadline, and have satisfied all non-academic requirements cleared by the Office of the Registrar.

To be awarded a degree, the student

1. must not be on academic probation;
2. must defer to the individual program for cumulative graduate grade point average (GPA) requirements;
3. must have an approved program of study or DegreeWorks audit on file in the College of Graduate Studies;
4. must meet all the requirements of the College of Graduate Studies and the student's academic program area;
5. have no grades of "I" or "IP" on the graduate transcript; and
6. if enrolled in a program that requires a final comprehensive examination, exit assessment, thesis, and/or residency, satisfy requirements stipulated by the program.

**Master’s and Education Specialist Programs**

The time limit to complete a master's and/or Education Specialist degree is seven years. Courses counting toward the degree may not have been taken more than seven (7) years prior to the degree completion date.

**Doctoral Programs**

The time limit to complete a doctoral degree varies by program. Doctoral students should consult with their respective department/college regarding the time limit for their individual program.

**Enrollment in Dual Programs**

A graduate student at Georgia Southern University may be enrolled in more than one Master's or more than one Education Specialist program at the same time providing they have met all admission requirements for each program and have been recommended for admission in each program. All requirements for each program must be met. Students should consult with each program area to determine program requirements.

**Exclusion**

A graduate student will be denied continued enrollment at Georgia Southern University for any of the following reasons:

- failure to meet the conditions of academic probation;
- failure to meet the conditions of Provisional Admission;
- failure to meet specified academic requirements as set by the department offering the program;
- failure to comply with the Academic Dishonesty section of the Student Conduct Code; and/or
- non-degree admission to the same major from which the student was excluded is not permitted.
Full-Time/Half-Time Enrollment

Full-Time enrollment Fall/Spring Semester is nine (9) credit hours for all programs except:

<table>
<thead>
<tr>
<th>Program</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Master of Science in Nursing</td>
<td>5</td>
</tr>
<tr>
<td>Doctor of Nursing Practice</td>
<td>5</td>
</tr>
<tr>
<td>Doctor of Psychology</td>
<td>1 plus Full-Time Internship</td>
</tr>
<tr>
<td>Dietetic Internship Certificate</td>
<td>2 during NTFS 7790 Final Spring Semester</td>
</tr>
</tbody>
</table>

Full-Time enrollment for Summer Semester is six (6) credit hours for all programs except:

<table>
<thead>
<tr>
<th>Program</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Master of Science in Nursing</td>
<td>5</td>
</tr>
<tr>
<td>Doctor of Nursing Practice</td>

</tr>
<tr>
<td>Long Term</td>
<td>9</td>
</tr>
</tbody>
</table>

Simultaneous Enrollment in More Than One Graduate Program

A graduate student at Georgia Southern University may be enrolled in more than one Master’s or more than one Education Specialist program at the same time providing they have met all admission requirements for each program and have been recommended for admission in each program. All requirements for each program must be met. A student is permitted to count up to 9 credit hours from one previously earned master’s degree or education specialist degree, toward the requirements of the second Master’s or Education Specialist providing the courses are approved and recommended by the student's advisor for the second program.

Grade Requirements

Graded Work

For graduate credit hour, the grade in a course must be a minimum grade of “C.” To be awarded a graduate degree, the student:

1. must not be on probation;
2. must have a cumulative GPA of 3.0 or higher on all graduate course work attempted and on course work on the program of study;
3. must meet all the requirements of the College of Graduate Studies, the student’s academic program area, and the student’s supervisory committee; and
4. must be enrolled during the semester in which the degree requirements are completed if completing a thesis.

A student may not repeat any course for credit hour for which he/she has already received a minimum grade of “C” unless specifically permitted by the degree program department policy.

Satisfactory/Unsatisfactory Graded Work

Certain courses including thesis and internship credit hour may be graded on a satisfactory/unsatisfactory (S/U) basis. A grade of “S” indicates that credit hour has been given for completion of the credit hour and the credit hour may count toward degree requirements. A grade of “U” indicates unsatisfactory progress in the course and credit hour may not be counted toward degree requirements. Satisfactory/Unsatisfactory graded work is not computed in the grade point average.

In-Progress (IP) Grade

“IP” indicates that credit has not been given in courses that require an “IP” continuation of work beyond the semester for which the student signed up for the course. The use of these symbols is approved for dissertation and thesis credit and project courses. With the exception of Learning Support courses, these symbols cannot be used for other courses. These symbols cannot be substituted for an “T”.

Incomplete Policy

An incomplete grade (“I”) indicates that the student was doing satisfactory work but was unable to meet the full requirements of the course due to non-academic reasons. It is the student’s responsibility to contact the instructor to complete the remaining requirements of the course. The instructor is responsible for keeping a record of all “I” grades assigned and the justification as to why the professor assigned the student the “I” grade. An “I” should be removed during the following semester, but the instructor may allow the student up to one calendar year to remove the incomplete. The student must complete the requirements of the instructor who assigned the incomplete and should not re-register for the course. If the “I” is not satisfactorily removed by the end of the third semester (one calendar year), it will be changed to an “F” by the Office of the Registrar.

Graduate Academic Advisement

Philosophy

Georgia Southern University accepts the philosophy that faculty members should be involved in graduate student advisement whenever possible since they provide a necessary academic orientation to the process. It is important that the students have as much direct contact with faculty as possible, and advisement is a particularly individualized avenue of communication. Graduate students are assigned a graduate faculty advisor in their discipline area at the time of admission into a graduate program.

Definition of the Role of Graduate Advisors

Graduate advisors serve as resource persons, providing information about University graduate programs and institutional requirements. Advisors also serve as a link between students and the University community and refer them to areas of assistance. Advisors also mentor students in their development of self-direction and career pathways.
Guidance for Graduate Students

Upon acceptance in a graduate program, a graduate student will come under the guidance of an advisor who is assigned by the program at the time of admission. A thesis, supervisory, or dissertation committee will be established by the student in consultation with the advisor in those programs in which a thesis or dissertation is required. Proper guidance of graduate students is of primary importance and a major responsibility of the graduate advisors, graduate program directors, coordinators, and the graduate faculty.

Advisor

When the student is notified of admission to the College of Graduate Studies, a graduate faculty member in the student’s major field will be assigned as the advisor. A graduate student may request a change in advisor by contacting the Graduate Program Director of the program in writing. If the request is granted, the student will be notified in writing (email).

Graduate student advisors will assist in:

• helping the student plan a program of study in keeping with the student’s field and goals;
• approving course selection;
• reviewing and endorsing the Program of Study.

Students who are initially uncertain about their graduate program of study and graduate transient students may be advised by the College of Graduate Studies. International graduate students will be advised by a faculty advisor in their academic program. Graduate students with physical or developmental disabilities are encouraged to avail themselves of the services of the Student Disability Resource Center (SDRC).

Graduate Courses

All courses carrying graduate credit at Georgia Southern University numbered 5000G and above are open to graduate students. Courses 6000 through 9999 are open to graduate students ONLY. Courses numbered 9000-9999 and above are open to doctoral students ONLY. Graduate courses numbered 5000G-5999G may not be counted toward doctoral degree program requirements.

At least 50% of the courses applicable to earn a degree must be courses in which enrollment is restricted to graduate students.

A maximum of 6 credits earned in “Independent Study” may apply toward a graduate degree, with the approval of the advisor, provided the student is classified under Regular admission when the credits were taken.

Dual-Listed Courses

A graduate student enrolled in a 5000 level course with a “G” suffix must complete all work required of students earning undergraduate credit plus substantial work at the graduate level to earn graduate credit for the course. Graduate students must enroll in the course section with the “G” suffix. Graduate students enrolling in the course section without the “G” suffix will have enrolled in the undergraduate section and will not receive graduate credit for the course.

Repeating a Course

Graduate courses in which a grade of “D” or “F” was earned will not count toward degree requirements and must be repeated if required in the degree program. A graduate student may not repeat any course for credit for which he/she has already received a minimum grade of “C” unless specifically permitted by the degree program policy. All Georgia Southern University graduate grades and credits attempted count toward the institutional cumulative GPA. This includes repeated courses.

Graduate Final Comprehensive Examination

A final oral examination or a comprehensive written examination or both may be required for a degree. The examination will be administered after the student has completed the program of study and other requirements or in the semester in which the candidate intends to complete them. Examinations may take the form of a defense of the thesis, an interpretation of other scholarly work, a portfolio of the student’s work, or a test of the student’s understanding of the field. The academic unit determines the format of the examination and, along with the supervisory committee for programs requiring a thesis, is responsible for its administration. The Department Chair, Graduate Program Director, or major professor is responsible for reporting the results of the examination and/or thesis defense to the College of Graduate Studies on the Report on Comprehensive Examination/Thesis Defense Form. Normally, final oral examinations will be given on the Statesboro campus. Exceptions can be made if requested by the student, recommended by the supervisory committee, and approved by the Department Chair or Graduate Program Director, and the College of Graduate Studies. In the case of an examination in which the participants are not all in the same location, any technology used to conduct the examination must support simultaneous oral interaction between the student and all members of the examining committee. Copies of the questions for all final written examinations must be filed with the academic unit. In the case of a candidate writing a thesis, the examination cannot be scheduled until the thesis committee certifies that a satisfactory copy of the thesis has been presented. Final examinations must be scheduled by the academic calendar deadlines for examinations and/or theses defenses and final submissions for the semester during which graduation is expected.

Inactive Status

A student who does not enroll for one semester is considered inactive and must have their enrollment eligibility updated through the Graduate Admissions Office to be eligible to re-enroll in the same program in subsequent semesters. A student who does not matriculate for three or more consecutive semesters must re-apply to (and be accepted into) a graduate program before being considered for re-entry by the College of Graduate Studies. In order to be allowed to resume graduate studies, the student must meet all requirements for entry in force at the time of the new application. Inactive students who seek to regain active status will not, however, be required to recreate materials submitted with their original applications and held in their files by the College of Graduate Studies. If allowed to regain active status, the formerly inactive student will be subject to all requirements in force in his or her graduate program and in the College of Graduate Studies at the time the student returns to active status. Students re-accepted into the program and who are at the dissertation writing phase of their program will be required to pay for any and all missed semesters under the continuous enrollment policy.

Independent Study

A maximum of six (6) credits earned in “Independent Study” may apply toward a graduate degree, providing the student was classified under “Regular” admission at the time the Independent Study courses were taken and providing the student’s advisor recommends the courses as part of the program of study.
Internal Credit Sharing Between Graduate Degrees

A graduate student is permitted to count up to 9 credit hours from one previously earned Master's degree or Education Specialist degree, toward the requirements of the second Master's or Education Specialist degree providing the courses are approved and recommended by the student’s advisor for the second program.

**Non-course based credit might not be transferable based on individual program requirements.**

Non-Medical Leave of Absence

A graduate student may request a non-medical Leave of Absence from the degree program. To request a Leave of Absence, one must complete the General Policy Appeal Form (http://cogs.georgiasouthern.edu/students/forms/graduate-student-academic-appeal). A Leave of Absence may be granted for up to one year. Registration is not required during the approved Leave of Absence period and the time to Degree completion will be suspended during the approved Leave of Absence period.

Off-Campus Research

Thesis/Dissertation committees must take adequate steps to ensure appropriate guidance of off-campus research. As a minimal requirement, the student must submit to the committee a well-formulated research plan, including objectives and methodology, and the committee must review and approve the plan before the student departs for the research site and indicate approval on the program of study. In addition, the committee may require the following:

1. The major professor and/or a competent local authority who can reliably guide the student provide continuing on-site supervision.
2. The student provides the dissertation committee with frequent, periodic estimates of performance and progress. The committee may also require that these be authenticated by a competent local authority.
3. The major professor carries out local inspections of the student’s activities.

Regardless of the location at which the research is conducted, the thesis/dissertation defense will normally be given on the Statesboro campus. Exceptions can be made if requested by the student, recommended by the dissertation committee, and approved by the Graduate Program Director, School or Department Chair, and the College of Graduate Studies. In the case of a defense or examination in which the participants are not all in the same location, any technology used to conduct the examination must support simultaneous oral interaction between the student and all members of the committee. When unusual circumstances arise in the guidance of off-campus students, dissertation committees should consult with the College of Graduate Studies.

Research conducted outside an academic program cannot be accepted for credit as part of a program of study.

Prior Learning Assessment

Prior Learning Assessment Policy

Georgia Southern University graduate programs may offer students an opportunity to obtain select graduate credit by Prior Learning Assessment (PLA). For programs opting-in, PLA is the means by which university credit can be awarded for learning gains resulting from experiences outside of the traditional university milieu. A maximum of 9 credit hours may be earned via PLA, with the total number of PLA credit hours earned and credit hours transferred from another institution not to exceed 9 credit hours.

A student’s eligibility for PLA will be determined by the department chair in collaboration with the subject area program faculty and approved by the College of Graduate Studies. The department will determine the number of semester hours of graduate credit for which a student may request eligibility. A student may be deemed eligible for PLA before or within the first semester of admission to one of the University’s graduate programs. Note: Eligibility for PLA does not guarantee program admission. Program admission and eligibility for PLA are separate and distinct decisions.

Graduate credit earned by PLA will be considered resident credit. A grade of “B” or better on any and all assessments is required to receive graduate credit. Graduate credit earned by PLA will be noted as “K” on a student’s Georgia Southern University transcript. Program faculty will determine the appropriateness of accepting PLA for their individual degree programs. Program faculty may also specify courses to be excluded or included for possible PLA credit.

Prior Learning Assessment Procedures

The procedure for seeking PLA credit is as follows:

1. Student petitions the department chair of the subject area before or within the first semester of program admission for an opportunity to demonstrate competence in the learning outcomes associated with a particular course or set of courses listed in the University’s Graduate Catalog.
2. The department chair or his/her designee will provide guidance to the student regarding how competence must be demonstrated, the acceptable timeframe for demonstrating competence, and the process of review (previously determined by department chairs in conjunction with program faculty members).
3. The student submits evidence of competence in the form and within the timeframe acceptable to the faculty of the program from which credit is sought. The evidence appropriate for each course under consideration for PLA will be determined by program faculty. Options include but are not limited to portfolios, exams, digital badges, or other means consistent with the learning outcomes of the course or courses at the program discretion.
4. The program faculty members will determine acceptable dates of evidence submission for each course or set of courses for which credit is sought via PLA.
5. The student will receive notification of performance results within a timeframe established by the program.
6. Students may appeal PLA decisions by following the procedures established by the university grade appeal process.

Probation

A graduate student whose cumulative graduate grade point average falls below the minimum program requirement for academic good standing upon the completion of nine (9) credits will be placed on academic probation. If the cumulative GPA remains below that required for academic good standing after the completion of a maximum of nine (9) additional credits, the student will be excluded from the program and is ineligible to continue graduate work. In certain departments, a student will be excluded from the degree program upon earning more then two (2) grades of “C” or below. See Appeals Process (p. 52). Only credit earned in graduate courses at Georgia Southern University may be used to repair a GPA deficiency.

Removal from Academic Probation

A graduate student placed on academic probation will be reinstated to good standing providing the cumulative graduate GPA is raised to the program minimum requirement for academic good standing upon
completing a maximum of nine (9) credits following the effective probation semester.

**Program of Study**

Every degree seeking student who began the degree program prior to Fall 2010 must file with the College of Graduate Studies a Program of Study, a formal list of the courses the student intends to take to fulfill the requirements of the degree. The program of study should consist solely of courses directly related to the degree. Undergraduate courses may not be included on the Program of Study. Students in a degree program in which the requirements are the same as those under the 2010 - 2011 catalog should use DegreeWorks to document the degree completion. DegreeWorks approval is required by the Advisor as part of the requirements for graduation. A predefined note should be posted on the student's DegreeWorks audit stating approval.

The Program of Study must be submitted by the student and signed by the Advisor, and Graduate Program Director or Department Chair before being submitted to the College of Graduate Studies for final approval. The POS must be submitted to the College of Graduate Studies not later than the end of the semester proceeding the expected graduation semester. Subsequent changes in the program will be submitted on an Amended Program of Study form or by filing a revised Program of Study that is signed by all persons as stated above. A revised Program of Study must be approved by the College of Graduate Studies before graduation.

**Records**

**Student Records**

The Office of Graduate Admissions maintains a permanent file for each student who has applied for admission to the College of Graduate Studies. The file will contain the application for admission, official transcripts, test scores, and any correspondence related to that application. Georgia Southern University maintains copies of all files electronically. Original documents are scanned electronically and stored. Once any application document is scanned and indexed to the electronic file, the paper document is destroyed per the procedures approved by the university system.

The Registrar's Office maintains a file of your permanent transcript record and materials that document your transcript record. Your faculty advisor may maintain a file of advising records and correspondence.

In general, you have the right to review the documents that constitute your official record, and you have the right to request the copies of those documents. If you request copies, Georgia Southern University will provide them in a timely and efficient manner.

**Transcript Records**

The Registrar's Office makes every effort to ensure that transcript records are up-to-date and accurate. You have the right to appeal any information on your transcript that inaccurately reflects your academic history. However, information on a transcript is changed only in extraordinary or extreme circumstances.

If there is an error or omission on your transcript, send a detailed description of the error or omission, along with copies of the relevant documents, to

The Office of the Registrar
PO Box 8092
Georgia Southern University
Statesboro, Georgia 30460, U.S.A.

**Registration Policies**

After you have been admitted as a graduate student, you will be assigned an advisor who can assist you in selecting appropriate courses. Prior to course registration, all students should and are encouraged to communicate with their advisor.

Registration is held at the beginning of each semester, including summer. The early registration period for each semester is posted on the university academic calendar. Students are encouraged to register early.

All registration may be completed on-line through the MyGeorgiaSouthern (https://my.georgiasouthern.edu) portal on the Georgia Southern University home page. To register on-line, you must have current admission eligibility and must have a Registration Access Number (RAN) for each semester. Graduate students may access their RAN through their MyGeorgiaSouthern (https://my.georgiasouthern.edu) homepage.

Certain programs may not permit on-line registration or may require that the student contact his/her advisor prior to on-line registration.

**Registration and RANs**

Graduate students are allowed to register on Georgia Southern University's web system, WINGS (Web Interactive Network for Georgia Southern), each semester. In WINGS, the student will click on "Student", then "Registration", then click on "Check Your Registration Status, Time Slot and More."

Before any student at Georgia Southern University registers for classes on WINGS, he/she must have a RAN. Graduate students will get their RAN from their MyGeorgiaSouthern (https://my.georgiasouthern.edu) account. Graduate transient students will also get their RAN from their MyGeorgiaSouthern (https://my.georgiasouthern.edu) account.

**Registration for Continuing, New and Readmitted Students**

Early registration begins on the date stated in the academic calendar at the front of this catalog or the academic calendar at the College of Graduate Studies Website or the Georgia Southern University Office of the Registrar's Website.

To receive credit for a course, a student must be officially registered. Official registration includes registering and paying the appropriate tuition and fees.

**Reinstatement Appeal**

Students who are academically excluded from a degree program may appeal for reinstatement following exclusion. For detailed information regarding the graduate Academic Appeal procedures refer to the Academic Appeal (p. 52) procedures section of the Catalog. To appeal for reinstatement, the student must complete and submit the online web based Appeal Form. Information regarding required documents to support an appeal for reinstatement is found at the website. A student may attach document files to the appeal form. Applicants may track the status of their appeal through the online website. Students granted reinstatement will be placed on probation, regardless of GPA. Please refer to the Probation (p. 57) section of the catalog for more information on this academic standing.

**Theses and Dissertations**

A student completing a program in which a thesis or dissertation is required must undergo a process involving three primary steps on the way to satisfying the thesis or dissertation requirement. These steps must
come in proper order, and each subsequent step cannot be undertaken until the student has successfully completed the prior step.

1. The thesis or dissertation is defended by the student before the appropriate program committee.
2. The student makes any modification(s) that may be required by the committee and submits the revised thesis or dissertation to the chair (or Co-chairs) or the committee (or designee) for a final reading approval if required.
3. The student submits the thesis or dissertation to the College of Graduate Studies for format check in the required electronic Thesis and Dissertation (ETD) (URL) style via the ETD web site by the format submission deadline - http://em.georgiasouthern.edu/registrar/resources/calendars/.

Theses and dissertation students must submit the dissertation in electronic format. The Electronic Thesis and Dissertation (https://cogs.georgiasouthern.edu/etd-submission-links) policies and procedures are discussed in detail on the College of Graduate Studies Website.

Following a successful dissertation defense, the candidate must make any corrections or changes to the dissertation that are required by the defense committee. The student must submit the dissertation as an electronic file (ETD) required by the College of Graduate Studies for format review by the format review deadline - http://em.georgiasouthern.edu/registrar/resources/calendars/.

Once the format check process is complete, satisfactory documents are sent on to the committee for their revisions and approvals. If more discipline specific format corrections are to be made, the student must make the changes and submit the final corrected electronic version to the College of Graduate Studies by the final submission deadline as posted for the semester. The student should check with his/her dissertation chair and committee members to determine if the dissertation committee chooses to re-review the document before final electronic submission to the College of Graduate Studies.

**Thesis, Dissertation (Supervisory) Committees**

A supervisory or dissertation committee is composed of members of the graduate faculty who are approved by the College of Graduate Studies to serve on the committee and charged with the guidance of a student admitted to a specific graduate degree program. The committees consist of a Chair (or Co-Chairs) and must have a total of at least three members. The committee Chair must hold Graduate Faculty Member status. The Committee Chair (or Co-Chairs) must be endorsed by the academic department in which the degree is housed. The majority of the committee membership must hold appointments in the academic unit responsible for the program.

Appointment of a Thesis or Dissertation Committee is initiated by the academic unit by submitting the Application for Approval of Thesis Topic and Committee Membership Form for thesis students or the Dissertation Committee Membership Approval Form for doctoral students. The form must include a recommended committee membership based on a reasonable match between student and faculty academic interests. Once the College of Graduate Studies is satisfied with the recommended committee, he or she formally approves the committee and provides appropriate notifications. A change in committee membership can be made after initial appointment but only according to the policies and procedures developed by the academic unit and only with the approval of the College of Graduate Studies. The committee membership recommendation form must be submitted to the College of Graduate Studies within two (2) weeks of the academic unit committee recommendation.

**Graduate Programs and Requirements**

- Certificates and Endorsements (p. 59)
- Master's Programs (p. 60)
  - Accelerated Bachelor's to Master's (p. 60)
  - Foreign Language Requirement (p. 60)
  - Master's Degree Completion Check-List (p. 60)
- Thesis (p. 61)
- University System of Georgia Franchise Programs (p. 61)
- Education Specialist Programs (p. 62)
- Ed.S. Degree Completion Check List (p. 62)
- Doctoral Programs (p. 62)
  - Candidacy Examination (p. 62)
  - Dissertation (p. 62)
  - Doctoral Degree Completion Check-List (p. 63)
  - Doctoral Program Admission Requirements (p. 64)
- Doctoral Program Policies and Requirements (p. 64)

**Certificates and Endorsements**

**Certificate Programs**

A graduate certificate program is limited in scope relative to a graduate degree program but provides an opportunity for advanced study with a particular focus. Successful completion of a graduate certificate program is a structured academic accomplishment that leads to an official notation on the student transcript. A certificate program may be a stand alone accomplishment or may be embedded within a graduate degree program.

**Certificate Program Admission Requirements**

Certificate program admission requirements are set by the respective Certificate program academic unit. Applicants are required to submit all required application documents by the submission deadline. Graduate students who wish to complete an embedded certificate program are required to submit an additional certificate program application, however, no application fee will be charged.

**Certificate Credit Requirements**

Certificate program credit requirements depend upon the specific program. To receive credit or certificate program courses, a grade of "C" or better is required. A minimum cumulative grade point average of 3.0 is required in the certificate program.

**Simultaneous Enrollment in a Graduate Certificate and Degree Program**

Students admitted to a degree program in which the certificate program is embedded are permitted to complete the certificate program. If the certificate program requirements are met prior to the completion of the degree program, the student is eligible to be awarded the Certificate upon the successful completion of the certificate requirements.

**Endorsement Programs**

A graduate endorsement program is limited in scope relative to a graduate degree program but provides an opportunity for advanced study with a particular focus. Successful completion of a graduate endorsement program is a structured academic accomplishment that leads to an official notation on the student transcript. An endorsement program may be a stand alone accomplishment or may be embedded within a graduate degree program. Upon endorsement program completion, the endorsement may be added to a professional certificate in teaching,
service, and leadership fields through the Georgia Professional Standards Commission.

**Endorsement Program Admission Requirements**

Endorsement program admission requirements are set by the respective Endorsement program academic unit. Applicants are required to submit all required application documents by the submission deadline.

**Endorsement Credit Requirements**

Endorsement program credit requirements depend upon the specific program. To receive credit for an endorsement program course, a grade of "C" or better is required. A minimum cumulative grade point average of 3.0 is required in the endorsement program.

**Simultaneous Enrollment in a Graduate Endorsement and Degree Program**

Students admitted to a degree program in which the endorsement program is embedded are permitted to complete the endorsement program.

**Master's Programs**

Programs leading to a master's degree are very diverse and generally fall into three categories depending on overall emphasis and the nature of the study program.

- **Thesis option:** As part of a degree program, the student will complete a thesis for a minimum number of credit hours as determined by the program.
- **Non-Thesis Option:** The student's degree program will consist of courses and evidence of advanced work, such as term papers, objects of art, music or designs, as determined by the graduate faculty of the department or school.
- **Internship option:** Students in certain designated degree programs must complete a supervised internship.

Not all master's degree programs offer all these options and a student may not select a plan that has not been approved by the graduate faculty of the program in which he or she is enrolled.

Degree seeking students must demonstrate competency in their study area as determined by the academic program. Competency is demonstrated in one or more of the following ways:

1. pass a final comprehensive and/or oral examination,
2. present a satisfactory portfolio,
3. thesis defense, and/or
4. studio exhibition or recital.

- Accelerated Bachelor's to Master's (p. 60)
- Foreign Language Requirement (p. 60)
- Master's Degree Completion Check-List (p. 60)
- Thesis (p. 61)
- University System of Georgia Franchise Programs (p. 61)

**Accelerated Bachelor's to Master's**

The Accelerated Bachelor's Master's (ABM) program provides qualified undergraduate students the opportunity to begin graduate studies in their senior year and to simultaneously satisfy some remaining requirements for the bachelor's degree.

A student must apply and be admitted into this program in the semester preceding the beginning of the ABM program. Students must have completed at least 24 hours of coursework in the discipline or related field of the Master's degree to be eligible. Prospective students should consult the program of study for admission deadlines and admission requirements.

A student may use up to 9 credit hours of graduate-level courses offered within a single degree program in meeting the requirements of both a bachelor's degree and a master's degree. However, there must be at least 150 unique hours between the two programs.

An undergraduate student enrolled in graduate classes is limited to six semester hours of graduate course work per term.

"Admission to an Accelerated Bachelor's Master's degree program is different than Senior Privilege. Please refer to the policy on Senior Privilege (http://catalog.georgiasouthern.edu/undergraduate/academic-resources/academic-policies/graduate-credit-seniors-senior-privilege) for more information.

**Foreign Language Requirement**

The College of Graduate Studies has no requirement for a language other than English for the master's degree. Individual academic units may establish, with approval of the Faculty Senate Graduate Committee, language requirements for their degree programs and may define the level of competence needed to satisfy those requirements. A grade of "C" or better in the fourth level course of an approved foreign language or passing a foreign language examination administered by the Georgia Southern University Foreign Language Department will satisfy the foreign language requirement unless otherwise stated by the individual program policy. The foreign language must be approved by the student's advisor. Neither English nor the student's native language (if other than English) may be counted to meet the Foreign Language requirement.

**Master's Degree Completion Check-List**

Students need to complete the following items:

- Have satisfied the Foreign Language requirement if completing a master's program in which a Foreign Language is required.
- Have accumulated the required number of credits for the degree.
- Have successfully completed all program requirements.
- Have an approved Program of Study on file in the College of Graduate Studies or have completed the program under DegreeWorks.
- Have no grades of "I" or "IP" on the graduate transcript.
- Have a cumulative graduate GPA of at least 3.0.
- Be registered in at least one (1) credit hour if completing a degree program in which a thesis is being completed.
- Take and pass the comprehensive examination (or equivalent in your department) if required for your degree program by the deadline. Your advisor must submit the Report on Comprehensive Examination/Thesis Defense Form to the College of Graduate Studies by the deadline.
- Pass the thesis or internship defense by the deadline if completing a degree program in which a thesis or internship is required.
- Submit the electronic thesis for format review by the College of Graduate Studies by the deadline.
- Submit the final electronic version of the approved thesis to the College of Graduate Studies by the deadline.
- Complete the Institutional Review Board (IRB) termination notification through the Office of Research Services and Sponsored Programs by the deadline.
Thesis

Master's Thesis Committee

Following admission to a masters program, the student in a degree program that requires a thesis confers with the degree program coordinator of the academic program and selects an advisor, or "major professor," from among the graduate faculty who have permission from their department chair to direct a Masters thesis and who are willing to assume the responsibility. Master's thesis committees must be formulated by masters students in masters programs requiring a thesis. In some programs, the chair may be assigned to the student. The committee must consist of a minimum of three members of the Graduate faculty, including the student's major professor, who will serve as Chair of the committee. In some instances, a Co-chair may be part of the committee makeup.

Only faculty holding Member (Full) Graduate Faculty status may serve as the Master's Thesis Committee Chair. If there are more than three members on the committee, there must be greater than 50% GSU faculty representation. The committee may include not more than one voting non-Georgia Southern University faculty. This individual must hold Affiliate Graduate Faculty status at Georgia Southern University, be appointed to the graduate faculty, and be approved by the dean of the College of Graduate Studies. Adjunct faculty cannot serve on a Master's Thesis committee.

The student must submit the completed Application for Thesis Title and Committee Member Approval Form (http://cogs.georgiasouthern.edu/student/forms) to the College of Graduate Studies for committee approval and have the non-Georgia Southern committee member complete the online process (https://cogs.georgiasouthern.edu/cogs/externalcommittee members). The College of Graduate Studies gives final approval for non-Georgia Southern committee members. Changes in the Committee membership must be submitted on the Committee Member Change (http://cogs.georgiasouthern.edu/student/forms) form and be approved by the College of Graduate Studies.

All members of a student's dissertation committee participate as peers and have the responsibility for planning the program of study, advising the student, and ensuring that the student's master's program is of high quality.

Should some departments have Thesis Committee membership requirements that are more stringent than stated above, the department policy will be adhered to.

Thesis

Candidates who undertake a thesis should schedule their work to allow sufficient time for review by the major professor and the committee and for making any necessary revisions before proceeding to the final examination. With unanimous approval of the committee, a student majoring in Modern Languages may write a thesis in a language other than English, provided that the language is clearly appropriate to the subject matter. If the thesis requires the use of human subjects, animals, or biohazardous materials, the student is required to comply with University policies and procedures. The compliance policies and procedures can be found at http://research.georgiasouthern.edu/.

The candidate must provide a copy of the thesis (electronic or hard copy format) to each member of the committee and all members of the committee must certify that they have received acceptable copies of the thesis before a final defense can be scheduled. A copy of the thesis must also be available at the defense. Following a successful final defense, the candidate must submit an electronic copy of the thesis to the College of Graduate Studies Electronic Thesis and Dissertation site for format check by the semester stated deadline. Late submissions will not be accepted. When the format check has been completed, the electronic document is returned to the student. Once the student has made all format corrections and changes, the student should ask his/her major professor and committee if they wish to review the electronic document before the final corrected copy is submitted to the College of Graduate Studies. The student must make all corrections and the electronic document must be in final and acceptable form, incorporating any revisions required by the committee. Information regarding the ETD (http://academics.georgiasouthern.edu/etd) can be found on the COGS web site. The final corrected copy must be submitted and received by the final submission deadline stated in the university academic calendar.

Thesis Continuous Enrollment Requirements

The College of Graduate Studies Continuous Enrollment policy states that "All thesis students who have registered at least once for courses titled thesis or dissertation must be continuously enrolled every semester thereafter, including the semester of graduation. Summer registration is not required unless summer is the graduation semester." Check with your major advisor to see if your college has a different, or additional, continuous enrollment requirement(s) that apply.

- A grade of "IP" will be recorded for all thesis or dissertation credit hour work in progress and will automatically be recorded each semester the student is enrolled.
- The grade of "S" or "U" must be recorded for all theses or dissertation credit hours when completed.
- The advisor and/or major professor will report a final thesis or dissertation grade of "S" or "U." Any reported grade other than "S" or "U" will be changed to an "S" or "U" grade according to the following: REPORTED GRADE OF "A", "B", "C" = "S", "D", "F" = "U"
- Upon completion of the thesis, or dissertation requirements, final grades for preceding semesters will be changed to the appropriate grade.

Should a student not register each semester as required by the continuous enrollment policy, the student will be required to register and pay tuition and fees for the missed semesters. Tuition and fee payment is due for the missed registration semesters at the beginning of the semester the student resumes his/her study providing the student is eligible to return and resume registration.

A student who has been approved for a medical or a non-medical leave of absence is not required to be registered while under the approved leave period.

University System of Georgia Franchise Programs

Certain Master of Education degree programs are offered on-line through the University System of Georgia's Georgia ONmyLINE (http://www.georgiaonmyline.org).

Transfer Credits

All of the College of Education program involved in a USG franchise program may allow for additional graduate course credits to be transferred from other USG institutions involved in the respective franchise. The maximum number of transfer credits allowed will be identified by the specific program and will be published in program materials. The M.Ed. in Instructional Technology franchise program will allow up to 9 transfer credits with the advisor's approval. The M.Ed. in Curriculum and Instruction - Accomplished Teaching will allow up to 27 transfer credits including 18 credits of that program's required franchise courses with advisor's approval.
Franchise Programs Admission Requirements

Quick Admit

For quick admission to a USG Franchise Program, applicants must:

1. Complete and submit the “Georgia OnMyLine (http://www.georgiaonmyline.org)” admission application and pay the specified application fee.
2. Have completed bachelor’s degree requirements from a regionally accredited institution.
3. Possess a clear, renewable Georgia certification in teaching, service, or leadership field.
4. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

Quick Admit candidates will be evaluated at the end of the first 9 credits of study in terms of GPA and key assessments.

Regular

For Regular admission to a USG Franchise Program applicants must:

1. Complete and submit the “Georgia OnMyLine (http://www.georgiaonmyline.org)” admission application and pay the specified application fee.
2. Have completed bachelor’s degree requirements from a regionally accredited institution.
3. Present official score reports for the Miller Analogies Test (MAT) or the General Graduate Record Examination (GRE).
4. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

Collaborative Franchise Programs

Applicants for a USG Franchise Collaborative Program, such as the M.Ed. in Curriculum and Instruction - Accomplished Teaching, must apply for and be admitted to the cooperating university from which they choose to earn the degree.

Education Specialist Programs

The Education Specialist degree is offered only in a limited number of areas in the College of Education.

Ed.S. Degree Completion Check List

Students need to complete the following items.

- Have accumulated the required number of credit hours for the degree.
- Have successfully completed all program requirements.
- Have an approved Program of Study or approved DegreeWorks audit on file in the College of Graduate Studies.
- Have no grades of “I” or “IP” on your graduate transcript.
- Have a cumulative graduate GPA of at least 3.0.
- Take and pass the comprehensive examination (or equivalent in your department) if required for your degree program by the deadline. Your advisor must submit the Report on Comprehensive Examination/Thesis Defense Form to the College of Graduate Studies by the deadline.
- Complete the Institutional Review Board (IRB) termination notification through the Office of Research Services and Sponsored Programs by the deadline.

Doctoral Programs

The doctoral degree is the most advanced academic degree awarded by the university. It requires demonstration of expertise in a major field of study, a working understanding of one or more related disciplines, and expression of independent research or abilities leading to a significant contribution to knowledge. Georgia Southern University offers the Doctor of Education (Ed.D.), Doctor of Public Health (Dr.P.H.), Doctor of Psychology (Psy.D.), Doctor of Philosophy (Ph.D.), Doctor of Physical Therapy (D.P.T) and Doctor of Nursing Practice (D.N.P).

- Candidacy Examination (p. 62)
- Dissertation (p. 62)
- Doctoral Degree Completion Check-List (p. 63)
- Doctoral Program Admission Requirements (p. 64)
- Doctoral Program Policies and Requirements (p. 64)

Candidacy Examination

The student must be given a written candidacy/qualifying examination, which may be supplemented by an oral examination as prescribed by the program requirements. These are designed to test the student’s breadth and depth of knowledge in the proposed field of specialization, as well as the student’s ability to explore problems on the boundaries of knowledge. Satisfactory performance in the examination is an indication that the student is prepared to perform independent work toward the doctoral degree. The candidacy/qualifying examination must be taken no later than the last semester of course work or the following semester. Copies of the examination are filed with the academic unit and made available on request to any graduate faculty member for a period of two years from the date of examination. The results of the candidacy examination are reported to the College of Graduate Studies on the Candidacy Exam Report form that must be signed by members of the Candidacy Committee. If the student fails the candidacy/qualifying examination, only one retake of the Exam is permitted. The format of the examination and the structure of the candidacy committee may differ among doctoral programs, and in some programs, the candidacy committee will differ from the dissertation committee. Within one week following the completion and determination of the results of the candidacy/qualifying examination, including those of any oral portion, the candidacy committee must sign the ballot indicating that the candidacy examination has been completed. In case of failure of the first candidacy/qualifying examination, the candidacy committee may approve a second examination with no more than one dissenting vote. A second examination can be taken no sooner than three months following the initial failure. As with the first examination, the signed Candidacy Exam Report Form must be submitted to the College of Graduate Studies within one week of the determination of the results of the examination.

Dissertation

Dissertation Committee

An approved dissertation, unless otherwise stated by the degree program, is required of all candidates for the award of a doctorate degree. Its purpose is to demonstrate the candidate’s ability to conduct significant original research of a type appropriate to the academic discipline, to analyze the information obtained from the research, and to present the results in a form acceptable to the dissertation committee. A dissertation must be written in a form appropriate to the discipline.
When the student is admitted to candidacy and the Dissertation Committee Chair is satisfied with the completed dissertation, he/she will inform the candidate that the dissertation is ready to be read by all members of the Dissertation Committee. Per the preference of the Dissertation Committee, the student will then distribute dissertation copies in electronic file or hard copy format to the committee members. The candidate must provide a copy of the dissertation to each member of the final examining committee at least two weeks (in some programs three weeks) before the scheduled defense. The candidate, in consultation with the Committee Chair (Major Professor) and committee members, will then schedule the dissertation defense. The dissertation defense must be scheduled by the semester deadline stated in the university academic calendar to conduct the defense. The dissertation defense will be held in a forum open to the public.

The chairperson also has the right and the responsibility to evaluate the candidate's performance and to cast a vote. The Dissertation Committee has a variety of responsibilities in the final defense process.

- The chair (and/or the committee) informs the student they are ready to schedule the dissertation defense. Agreeing to the dissertation defense scheduling does not imply that the dissertation is approved.
- Once the defense is scheduled, the committee will thoroughly review the candidates dissertation to make an assessment of the total dissertation as to presentation, methodology, and reporting. It is best practice in the time between the confirmation of the defense date and the defense date, that committee members not engage in discussion around matters pertaining to the dissertation document. Questions about the students work should be saved for the oral defense so that the student can defend their work in this designated forum.
- The committee also agrees to hold a public, oral dissertation defense, after the dissertation is deemed acceptable in form, at which the candidate presents and defends the dissertation.
- All members of the examining committee (or substitutes appointed by the College of Graduate Studies) are expected to be present throughout the examination. At the conclusion of the dissertation defense, there can only be one dissenting vote of the examining committee including substitutes appointed by the College of Graduate Studies before the candidate is deemed to have passed. A refusal to vote by the chairperson or any other member of the examining committee shall be recorded as a negative vote. With the permission of the majority of the committee, a failed defense may be retaken only one time and scheduled no earlier than three months from the date of the failure. The defense must be given on the Statesboro campus.
- Following the defense, the committee will report the results (for both failed and passed) of this examination to the College of Graduate Studies.
- When the dissertation has been approved, the dissertation defense passed, and all other requirements have been met, the candidate is recommended to be awarded the degree by the College of Graduate Studies.

Following admission to a doctoral program, the student confers with the degree program coordinator of the academic program and selects an advisor, or "major professor," from among the graduate faculty who have permission from their department chair to direct dissertations and who are willing to assume the responsibility. Dissertation committees must be formulated by doctoral students in doctoral programs requiring dissertations. The dissertation committee must consist of a minimum of three members of the Graduate faculty, including the student’s major professor, who will serve as Chair of the committee.

Only faculty holding Member (Full) Graduate Faculty status may serve as the Dissertation Committee Chair. The committee may include not more than one voting non-Georgia Southern University faculty. This individual must hold Affiliate Graduate Faculty status at Georgia Southern University, be appointed to the graduate faculty, and be approved by the College of Graduate Studies.

The student must submit the completed Dissertation Committee Membership Approval Form (http://cogs.georgiasouthern.edu/student/forms) to the College of Graduate Studies for committee approval and have the non-Georgia Southern committee member complete the online process (https://w3.georgiasouthern.edu/cogs/externalcommitteemembers). The College of Graduate Studies gives final approval for non-Georgia Southern committee members. Changes in the Committee membership must be submitted on the Committee Member Change form and be approved by the graduate dean.

All members of a student's dissertation committee participate as peers and have the responsibility for planning the program of study, advising the student, and ensuring that the student's doctoral program is of high quality.

**Dissertation Continuous Enrollment Requirement**

The College of Graduate Studies Continuous Enrollment policy states that: "All thesis or dissertation students who have registered at least once for courses titled thesis or dissertation must be continuously enrolled every semester thereafter, including the semester of graduation. Summer registration is not required unless summer is the graduation semester." Check with your major advisor to see if your college has a different, or additional, continuous enrollment requirement(s) that apply.

- A grade of "IP" will be recorded for all dissertation credit hour work in progress, and will automatically be recorded each semester the student is enrolled.
- The grade of "S" or "U" must be recorded for all dissertation credit hour when completed.
- The advisor and/or major professor will report a final dissertation grade of "S" or "U." Any reported grade other than "S" or "U" will be changed to an "S" or "U" grade according to the following: REPORTED GRADE OF "A", "B", "C" = "S", "D", "F" = "U"
- Upon completion of the dissertation requirements, final grades for preceding semester(s) will be changed to the appropriate grade.

Should a student not register each semester as required by the continuous enrollment policy, the student will be required to register in thesis or dissertation credit and pay tuition and fees for the missed registration semesters at the beginning of the semester the student resumes his/her study providing the student is eligible to return and resume registration.

A student who has been approved for a medical or a non-medical leave of absence is not required to be registered while under the approved leave period.

**Doctoral Degree Completion Check-List**

The following are required of doctoral students for degree completion:

- satisfied the Foreign Language requirement if completing a doctoral program in which a Foreign Language is required;
- accumulated the required number of credit for the degree;
- successfully completed all program requirements;
- have an approved Program of Study on file in the College of Graduate Studies or have completed the program under DegreeWorks;
- have no grades of "I" or "IP" on your graduate transcript.
- have a cumulative graduate GPA of at least 3.0 or the cumulative GPA required by your program;
- be registered in at least one (1) credit if completing a degree program in which a thesis is being completed;
• take and pass the comprehensive examination (or equivalent in your department) if required for your degree program by the deadline;
• confirmed that your advisor has submitted the appropriate Final Dissertation Defense examination report form to the College of Graduate Studies by the deadline;
• passed the Dissertation defense by the deadline if completing a degree program in which a thesis or internship is required;
• submitted the electronic thesis for format review by the College of Graduate Studies by the deadline;
• submitted the final electronic version of the approved thesis to the College of Graduate Studies by the deadline; and
• completed the Institutional Review Board (IRB) termination notification through the Office of Research Services and Sponsored Programs by the deadline.

Doctoral Program Admission Requirements
To gain admission to a doctoral program, the applicant must be approved for admission both by the graduate faculty of the department and/or program and by the College of Graduate Studies.

Doctoral Program Policies and Requirements

Doctoral Program Credit Requirements
The minimum number of credit hours to satisfy the doctoral program requirements are set for each individual program. The maximum number of credit hours taken at another institution that may count as transfer credit requirements are set for each individual program. The maximum number of credit hours may vary by program and by the College of Graduate Studies.

Electronic Thesis and Dissertation Requirements
Dissertation students must submit the dissertation in electronic format. The policies, procedures, and submission links for this are presented in detail on the College of Graduate Studies website for The Electronic Thesis and Dissertation (http://academics.georgiasouthern.edu/etd).

Following a successful dissertation defense, the candidate must make any corrections or changes to the dissertation that are required by the defense committee. The student must submit the dissertation as an electronic file (ETD) required by the College of Graduate Studies for format check by the format check deadline. After the document format has been completed, the electronic document is returned to the student. If corrections are to be made, the student must make the changes and submit the final corrected electronic version to the College of Graduate Studies by the final submission deadline as posted for the semester. The student should check with his/her dissertation chair to determine if the dissertation committee chooses to re-review the document before final submission to the College of Graduate Studies. The final copy must also conform to the stylistic guidelines adopted by the academic unit established by the College of Graduate Studies.

Exclusion - Doctoral Students
A doctoral student will be denied continued enrollment at Georgia Southern University for any of the following reasons:
1. failure to meet the conditions of academic probation;
2. failure to meet specified academic requirements as set by the program and/or department; and/or
3. failure to comply with the Academic Dishonesty section of the Student Conduct Code.

Grade Requirements - Doctoral Programs
To be awarded a doctoral degree, the candidate must not be on academic probation and must meet the minimum GPA requirement for the degree program.

The minimum cumulative graduate GPA to remain in good standing is set by the respective doctoral program. Doctoral students should check their program student handbook or consult with their advisor or program director about the minimum GPA requirement for their program.
A student may not repeat any course for credit for which he/she has already received a grade of "C" or better unless specifically permitted by the degree program department policy.

Practicum Requirement
Some doctoral programs may have a practicum requirement. Doctoral students should consult with their respective department/college regarding practicum requirements.

Restricted Courses
While courses numbered 6000 and above are offered for graduate credit hour, courses numbered 9000 and above are open to doctoral degree students only. Courses numbered 5000G to 5999G may be taken for graduate credit but may not be counted toward doctoral degree requirements, unless specifically prescribed as a requirement for the doctoral curriculum. Because this varies by program, please refer to the program requirements for more information.

Additional Programs and Services

Office of International Programs and Services
Interim Director: Mrs. Kristin R. Kasting-Karam
Statesboro Campus:
Veazey Hall 2020
P.O. Box 8106
Phone: (912)478-0332
Armstrong Campus:
Gamble Hall 110
Phone: (912)344-3128
academics.georgiasouthern.edu/international/

The Office of International Programs & Services (OIPS) is responsible for the strategic execution of Georgia Southern’s internationalization process and provides oversight for the international activities of the campus. The OIPS aims to create a global awareness on campus and within the community. To prepare students with the global knowledge, attitudes and skills that will enable them to function as citizens of the world. We aim to infuse a global dimension throughout the University’s teaching, research, and service activities, and improve the breadth and depth of Georgia Southern’s global reach and engagement. These aspirations are achieved by managing international strategic partnerships; providing study abroad & exchange programming for students; offering professional development and service activities for faculty; maintaining high-quality, federally compliant international student and scholar services; and hosting programs and events to promote international awareness and an appreciation of global cultures. This infusion of internationalized educational activities extends beyond the scope of the University
to support global learning, business, and economic development in Southeast Georgia.

Study Abroad and Exchange Programs
Studying abroad provides students with a trans-cultural experience that has many major benefits: discovering the culture and institutions of other lands, facilitating the development of relevant career skills, making important connections with overseas professionals, and enhancing language skills. In addition, studying abroad contributes to personal maturity, a sense of independence, self-knowledge, and self-confidence. Semester, and year-long exchange, summer, language immersion, and alternative break programs are available. All disciplines are eligible to participate, and programs are offered in more than 30 locations worldwide. For more information, visit academics.georgiasouthern.edu/international/ or email international@georgiasouthern.edu.

International Student and Scholar Services
There are nearly 500 international students and scholars in F-1 (student) and J-1 (exchange visitor) visa status from about 90 countries at the University. The Office of International Programs & Services helps international students acclimate to their new environment at Georgia Southern, provides support services, processes visa-related documents, educates students and scholars on the visa laws to help them maintain their status with U.S. Homeland Security, and maintains the university’s compliance with the visa laws. Services provided include: orientation (including academic advisement and registration), English proficiency testing/placement, assistance with health insurance coverage, and visa and cultural advisement.

Intercultural Educational Programs
The OIPS plans and coordinates programs which foster international understanding and cultural exchange, both on our campuses and within our surrounding communities. Some of the programs offered are: the Global Partner Zone program, yearly symposiums on different countries, weekly International Conversation Hours, the International Club, International Education Week, the International Festival, the Global Ambassadors Program, the Cross-Cultural Friendships Program, and the International Extended Families Program. Participation in these programs and events are open to both international and U.S. students, as well as the local community.

Center for Teaching Excellence (CTE)
The Center for Teaching Excellence (CTE), which is located on the second floor in Cone Hall, offers Graduate Teaching Enhancement Programs that are designed to help Georgia Southern graduate Teaching Assistants (TAs) develop and refine their teaching skills. All graduate TA2s involved in face-to-face instruction must have completed training, which consists of centralized training offered by the Center for Teaching Excellence (CTE) or decentralized training within the academic program. Decentralized training must have prior approval from the College of Graduate Studies, CTE, and the Office of the Provost. TA2s may also be required to participate in additional in-service training within their College or Department, as determined by their program. Centralized TA2 training in CTE consists of the Orientation to Teaching portion of the program, consisting of three 3-hour seminars conducted prior to the beginning of each semester.

In addition to the basic orientation, two different university teaching certification programs are offered to interested participants. All programs are coordinated by the Center for Teaching Excellence, with administrative support from the College of Graduate Studies. All TAs are further invited to individually consult with CTE staff regarding their teaching related questions.

Online Course Support Services

Center for Online Learning (COL)
The COL provides technical and pedagogical training and support for faculty who develop online courses. For more information, call (912) 478-0049 or visit the COL website at: academics.georgiasouthern.edu/col/.

Center for Academic Technology Support (CATS)
CATS provides technical problem support for online courses for students and faculty. For more information call (912) 478-2287 or visit the CATS website at: academics.georgiasouthern.edu/cats/.

Online Programs at Georgia Southern University

For more information about online program at Georgia Southern University, please see the following website: academics.georgiasouthern.edu/online/.

- Graduate Degree Program Directors/Coordinators (p. 68)

Graduate Degree Program Directors/Coordinators

The Graduate Program Director (GPD) in an academic unit is a faculty member appointed by the unit administrator (Chair) to administer its graduate program(s). The GPD makes recommendations for program elements such as admission, provides approval for Programs of Study, handles student appeals, and coordinates Thesis and Dissertation committees. It is the GPD’s responsibility to coordinate the department’s program with the COGS. The GPD receives all inquiries, applications, announcements, and requests for data and information relative to the academic program(s), and communicates COGS policies and actions to program faculty and graduate students. Graduate Program Directors are expected to be knowledgeable of degree requirements, Graduate School regulations and procedures, and the general organization of the University as it affects graduate students. The specific duties of the GPDs include:

- processing and evaluation of applications;
- transmitting to the Office of Graduate Admissions the program’s recommendation on student applications for admission;
- notifying the COGS of the student’s progress towards the degree (exams, etc.);
- approving students’ Programs of Study in DegreeWorks;
- maintaining unit files on prospective, present and past students;
- providing department endorsement of requested exceptions to University policy;
- attendance and participation in COGS Program Director meetings and functions; and
- reviewing student appeals regarding academic program matters.

Preparing for Graduation

Program of Study Form (For degree seeking students admitted prior to Fall 2010)

The Program of Study Form confirms that you have taken the courses required for your graduate degree. The Program of Study Form must be submitted to the College of Graduate Studies not later than the end of the semester prior to the expected graduation term. Degree seeking students admitted Fall 2010 or later will complete their program under DegreeWorks.

Application for Graduation

This is the formal request for the Registrar’s Office to begin proceedings for declaration of the degree. All Masters, Specialists and Doctoral students must submit a graduation application in WINGS by the last Friday in March if they plan to complete their graduation requirements in Spring or Summer, or by the last Friday in October if they plan to complete their graduation requirements in the Fall. To apply, please click on the “Application for Graduation” box located under the “Student tab in your WINGS account.

A doctoral student is not permitted to walk in a graduation ceremony unless all requirements for the degree have been satisfied and the student cleared for graduation.

Graduation Fee Payment

A non-refundable fee of $35 is required to cover the processing of the graduation and the diploma. Payment should be received by the end of the semester in which the student plans to graduate. It is best to pay the graduation fee on-line through WINGS by logging into My.GeorgiaSouthern.edu (http://my.georgiasouthern.edu).

Graduate in Absentia Form

Students who do not plan on attending the commencement must complete the Request to Graduate in Absentia Form. Please refer to the Graduate in Absentia (http://em.georgiasouthern.edu/registrar/students/graduationinformation/requesttograduateinabsentia) website for more details.

Reserve Graduation Attire

Graduation attire must be reserved 8 weeks before graduation. Cap and gown fees can be paid directly to the Herff Jones Company when you place your order. Doctoral students must contact Herff Jones with their height, cap size, degree, and major at:

Herff Jones
7 South Mulberry Street
Statesboro, GA 30458
Telephone: (912) 764-9314
Fax: (912) 764-9550
Adjunct Faculty Status

All non-Georgia Southern professionals who are being proposed by a department to carry out graduate course teaching responsibility must be recommended by the department for Adjunct Faculty status.

To be recommended for Adjunct Faculty status, the department must complete and submit the required documents (http://academics.georgiasouthern.edu/forms).

1. A non-Georgia Southern professional appointed to adjunct status may be appointed to "Affiliate Graduate Faculty Status, Course Instruction" if teaching graduate courses. Persons in this classification will be required to submit a transcript and background check.

2. A non-Georgia Southern professional may be appointed to "Affiliate Graduate Faculty Status" if serving on a thesis or dissertation committee only. Persons in this classification will NOT be required to submit a transcript but will be required to submit a current vitae (https://w3.georgiasouthern.edu/cogs/externalcommiteemembers).

Information on Adjunct (Unpaid Appointments) Faculty

The University System of Georgia defines adjunct faculty as uncompensated appointments that are courtesy or honorary in nature (not part-time appointments).

For candidates new to Georgia Southern University, the following paperwork is required:

- Personnel Action Form (be sure to include the search number on the form);
- Faculty Information Data Form (FID);
- Curriculum Vitae;
- Official transcripts of all academic degrees (undergraduate and graduate); and
- Email from Human Resources indicating that the individual has successfully completed the background investigation check.

College of Arts and Humanities

Mission

The College of Arts and Humanities strives to serve students, the university, and communities throughout Southeast Georgia through instruction, research, and performance; and to provide the necessary resources to confront the challenges of a global society in the twenty-first century.

- Department of Writing and Linguistics (p. 87)
- Secondary P-12 Education Programs (p. 88)

Advisement

Graduate students are advised in their academic departments.
Betty Foy Sanders Department of Art

The Master of Fine Arts degree programs (Graphic Design, Studio Art) provide students with a comprehensive experience leading to the terminal MFA degree. The degree programs exhibit the professional intensity and high standards expected of all terminal degree programs. Recognizing the close scholarly and functional relationship between Art and Design, the MFA is cross-disciplinary and combines technical skills, creative work, inquiry, and investigation in ways that focus on the advanced preparation of artists and designers in their areas of specialization.

The MFA programs enable degree holders to become: professional practitioners in art and design, educators, leaders in critical thinking, and significant contributors in the contemporary dialog of their discipline through research and scholarship.

Art Education Post-Baccalaureate Certification

Certificate Requirements: 21 Credit Hours

Program

The Post-Baccalaureate, Non-Degree Teaching Certificate program is designed for individuals who want to teach art and hold an undergraduate art degree or graduate art degree with sufficient coursework. The program leads to Georgia teaching certification at the T-4 level.

This teacher certification program, in the field of art for all grades (P-12), is offered through the College of Education in partnership with the department.

Individuals can start this program in any semester. There is no firm application deadline, but we encourage applicants to apply as early as possible.

Art M.F.A. (Concentration in Graphic Design)

Degree Requirements: 60 Credit Hours

Application Deadlines

March 1 for Fall Semester, October 1 for Spring Semester; application portfolios for the MFA degree program are not reviewed during summer session.

Admission Requirements

1. Completed requirements for the Bachelor’s degree in a college accredited by the appropriate accrediting association.
2. Satisfactory completion of a minimum of 18 credits of undergraduate studio arts courses and an additional minimum of nine (9) credits of art history.
3. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
4. In addition to application materials required by the College of Graduate Studies, prospective students are required to submit a creative portfolio for consideration by the admissions committee in the Art Department.

Electronic Portfolio is emailed directly to MFA Graduate Program Director and must include:

1. Statement of Interest and Intent describing purpose of entering full-time graduate program and ultimate goal(s) as a graphic designer.
2. Artist's Statement highlighting body of work presented in portfolio.
3. Three (3) letters of reference identifying your studio practices and ability to pursue coursework of an advanced critical and theoretical nature.
4. Resume.
5. 20 to 30 images of current artwork representing a mature body of work.

You may email the following file types:

IMAGE: JPEG or JPG, under 5MB and 1200 pixels or larger on the longest side.

Audio: AIFF, WAV, XMF, MP3, under 10 MB with a minimum bit rate of 96
Video: 3GP, WMV, AVI, MOV, ASF, MPG, MP4, M2T, MKV, M2TS, under 100MB with a minimum resolution of 640x480; minimum 12 fps.

Acceptable Media:

File Types IMAGE MEDIA
File format: JPEG or JPG only
File dimensions: 1200 pixels or greater on the longest side
Anything larger than 1200 px may not be viewed by the committee
File size: under 5 MB

Audio Media:

File formats: AIFF, WAV, XMF, MP3
Bit rate: minimum 96 kpbs–maximum
320 kbps Codec: aiff, wav, au
File size: under 10 MB

Video Media

File formats: 3GP, WMV, AVI, MOV, ASF, MPG, MP4, M2T, MKV, M2TS
Resolution: minimum 640 x 480, maximum 1920 x 1080
Aspect ratio: 4:3 or 16:9
Bit rate: recommended above 240 kbps
Frame rate: minimum 12 fps, recommended 30 fps.
Codec: h.264, h.263, mpeg-1, mpeg-2, mpeg-4, Windows Media Video, and motion jpeg mpeg-1 muxed, Apple Lossless Container: 3gp, asf, avi, mov, mpeg, mpeg-2, mp4, ogg
File size: under 100 MB

Currently, linked media from YouTube, Vimeo, etc. is not accepted. Please use upload-ready media files only.

Program of Study

Students admitted into the Master of Fine Arts degree program pursue tracks in graphic design or studio art. Students are expected to maintain full-time enrollment throughout the degree program. A grade of “A” or “B” is required in course work applied toward the degree. After earning grades of “C” or below in two courses during their degree program, students will be dismissed from the program.

Degree Requirements: 60 Credit Hours

Major Studio Concentration in Graphic Design: student develops the conceptual and strategic characteristics of their personal design work in studio coursework that explores current trends and essential competencies in contemporary graphic design.

**Required Participation in Faculty Review of Creative Work Throughout Program**
- Graduate Semester Critiques: Present two to four works in one critique per semester during (Year 1 Fall and Spring; Year 2 Spring);
- Third Semester Review: Faculty Review of body of work during (Year 2 end of Fall)
- Graduate Research Symposia Poster Presentation (Year 1, 2, 3 Spring)
- Preparation of MFA Thesis Exhibition with Gallery Director (Year 2 Spring)
- Written Support Document reflective of thesis body of creative work
  - Presentation of hardbound thesis monographs to
    - a. Thesis Chair and
    - b. Department of ART Archives
- Oral Defense of Thesis Exhibition/Written Text

**Thesis Exhibition, Support Text, Oral Defense**
Completed during the last two semesters of a student's program, the thesis exhibition, support paper and oral defense of exhibition and paper is the culmination of the MFA graduate degree. The student's thesis exhibition represents a sound-body of contemporary artwork, presented professionally. The written support text adheres to the College of Graduate Studies guidelines and explains the historical and theoretical foundations for the student's creative body of visual artwork. The student acknowledges and defends their accomplishments during the oral defense of exhibition and written support text.

Department of Communication Arts

The Professional Communication and Leadership degree focuses on written and verbal communication within the lens of leadership. It is a degree developed to prepare students as a working professional or for further study in the areas of communication, critical thinking, and leadership. Students of the program become familiar with communication strategies, technical editing, diverse contexts, and leadership in the public arena.

Reflecting the missions of Georgia Southern University and the College of Arts and Humanities, the Communication Arts and Writing and Linguistics departments foster a culture of close engagement with students, combining theory with practice, and extending the learning environment beyond the classroom to promote life-long learning and growth.

Professional Communication and Leadership M.A.

Degree Requirements: 30 Credit Hours

Policies, Requirements and Standards

The Master of Arts in Professional Communication and Leadership is designed to further professional development through coursework in written and oral communication skills, critical thinking, and leadership. The program is directed toward both traditional and non-traditional students who are either already in the work force or are making the transition from an undergraduate degree to a professional setting. Unlike traditional master’s programs, which focus on developing skills in one specific discipline, the Professional Communication and Leadership program combines the interdisciplinary nature of liberal studies with a practical focus on professional development. Students who have a firm foundation in the arts and sciences are well positioned to advance professionally, but they often need specific skills that are not covered by traditional majors. This M.A. degree is designed to meet that specific need. The M.A. in Professional Communication and Leadership includes a core of courses in organizational communication, professional writing, and leadership, with elective courses available in written communication, small group communication, and conflict resolution, among others.

Admission Standards

Regular Admission

For regular admission the applicant must have:

1. For regular admission the applicant must have: Official transcripts that demonstrate completion of requirements for the baccalaureate degree from a regionally accredited institution. A 2.75 overall grade point average, OR a 2.50 overall grade point average with a minimum 2.75 major grade point average, on all undergraduate work is required.
2. A resume or vita.
3. Two professional letters of recommendation.

Standards of Progression and Graduation

Time Limit

All degree requirements must be completed within seven years.

Program of Study

Students will formalize a program of study with their major advisor. Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. A copy of the official program of study must accompany the candidate’s application. At least fifty percent of the program must be completed at the 6000-8000 level.

Graduation Requirements

The student must maintain a 3.0 overall average of all graduate courses completed.

### Professional Communication and Leadership Post-Baccalaureate Certificate

**Certificate Requirements:** 15 Credit Hours

**Policies, Requirements and Standards**

The Graduate Certificate in Professional Communication and Leadership prepares students for workplace communication, critical thinking, and organizational leadership. It is directed toward both working professionals and mature college graduates who are either already in the work force or who are making the transition from an undergraduate degree to a professional setting, and aim to sharpen their communication abilities. At the core of the certificate program are four courses that focus on writing, professional communication, and leadership. From there, students choose one additional specialized course in information design, psychology, leadership, or communication to complete the 15 credit hours.

**Admission Standards**

- Official transcripts that demonstrate completion of requirements for the baccalaureate degree from a regionally accredited institution. A 2.75 overall grade point average, OR a 2.50 overall grade point average and a minimum 2.75 major grade point average, on all undergraduate work is required.
- Official transcripts
- A resume or vita
- A Letter of Intent: A writing sample of 200-500 words that describes how a Graduate Certificate in Professional Communication and Leadership would help you meet your personal and professional goals. This essay may include a discussion of any weaknesses in your academic record.
- Two professional letters of recommendation

**Standards of Progression and Graduation**

**Time Limit**

All degree requirements must be completed within seven years.

**Program of Study**

Students will formalize a program of study with the program coordinator. Students are encouraged to apply for graduation in the semester before the anticipated date of graduation. A copy of the official program of study must accompany the candidate’s application. At least fifty percent of the program must be completed at the 6000-8000 levels.

Department of Foreign Languages

The M.A. in Spanish program prepares students to use their linguistic proficiency and cultural knowledge to function successfully in today’s global environment.

Faculty members create a near total immersion language environment in the classroom in which both students and faculty use the target language all the time. Faculty strive to create an environment of engagement in which students internalize the value of learning languages and understanding other cultures. Faculty practice the language competencies of reading, writing, speaking, listening, and culture by working collaboratively and individually on activities and projects both in and outside the classroom with guidance and feedback from their instructors. The Department of Foreign Languages offers a variety of courses which engage the student in discussions of literary, cultural, social, philosophical, political, historical and contemporary texts and contexts. By focusing on these areas, we prepare students to be highly competent both linguistically and culturally so that they are able to function successfully in today’s global environment. The Department of Foreign Languages also offers several highly successful study abroad programs in Spain and Latin America. The M.A. in Spanish program serves not only students who major or minor in a foreign language, but it also serves students who majored in other disciplines, but who can utilize advanced knowledge of Spanish to enhance their skillset and goals.

By creating an environment in which students master both linguistic competence and cultural sensitivity, the M.A. in Spanish program supports the university’s broader institutional vision of graduating students who embrace core values expressed through integrity, civility, kindness, collaboration, and a commitment to lifelong learning, wellness, and social responsibility.

Spanish M.A.

Degree Requirements: 30 Credit Hours

Admission Requirements

Regular

1. Completed requirements for the Bachelor’s degree in a college accredited by the appropriate regional accrediting associations or a Ministry of Education approved institution if an international student.
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all upper-division undergraduate work in which the language of instruction was Spanish.
3. An undergraduate major or the equivalent in the proposed field of study or permission of the graduate director and the chair of the department.
4. Two letters of recommendation by persons familiar with the applicant’s academic experience.
5. Minimum oral and writing proficiency ratings of Intermediate High (ACTFL Standards) as determined by a trained ACTFL Proficiency evaluator (the department has trained evaluators).

Provisional

Students who do not meet the requirements for regular admission may appeal to the departmental graduate director for provisional admission.

Program of Study

Candidates for the M.A. in Spanish must complete a total of 30 credits. The hours are divided as follows:

<table>

</tr>
</tbody>
</table>

1 Note: a maximum of twelve (12) credit hours at the 5000G level may count toward the degree

Other Program Requirements

Comprehensive Exams

All degree candidates will take comprehensive written and oral examinations.

Students who fail the Comprehensive Exams may appeal to retake the exams one additional time. Students must retake the Comprehensive Exams within one year of their original attempt. Under no circumstances may the Comprehensive Exams be taken a third time. Students do not need to be enrolled in courses in order to retake the Comprehensive Exams.

Dual Enrollment in the M.A. in Spanish and the M.A.T. in Spanish (45 Credit Hours)

Students may elect to dual enroll in the M.A. in Spanish and the M.A.T. in Spanish programs (P-12 Education with Teaching Field in Spanish). Students can complete the requirements of the M.A. and certify at the same time. Students must meet the admission requirements for both programs in order to be dual enrolled.
M.A.T Admission Requirements in Addition to the M.A.

- Hold a bachelor’s degree from a regionally accredited institution.
- Present a transcript evaluation by the College of Education’s Director of the Graduate Academic Services Center, and completion of specified prerequisite content coursework.
- Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
- Present a total adjusted GPA of 2.75 or higher on all teaching field coursework.
- For Study Concentration Four (Spanish), candidates are not required to take either the MAT or the GRE; rather, they must pass an Oral Proficiency Interview and a Writing Proficiency Test in Spanish at the ACTFL-defined IH or above (tests administered by the Department of Foreign Languages).
- Submit passing scores on the GACE Program Admission Assessment exam or by exempt by acceptable SAT, ACT, or GRE scores.
- Submit a passing score on the GACE Content Assessment in the area for which one is seeking certification.
- Complete the state-required Georgia Educator Ethics–Program Entry (350) assessment. A minimum score is not required.
- Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).
- Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
- Acknowledge “Disclosure and Affirmation” statements that address the Code of Ethics for Educators and the need for tort liability insurance.
- International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must pass an Oral Proficiency Interview and a Writing Proficiency Test in English at the ACTFL-defined IH or above (tests administered by the Department of Foreign Languages).
- If an applicant was previously enrolled in an initial teacher preparation program, an interview must be completed with the Program Coordinator prior to admission to the program.

Prerequisite

Students must take Foundations of Technology-Enabled Learning either as an undergraduate (ITEC 5233) or as a graduate (ITEC 5233G) (this course may also be taken concurrently with Step One below). Students must pursue the M.A. while awaiting official entry into the M.A.T. program.

Department of History

The graduate programs in the Department of History (M.A. in History, Certificate in Public History) are designed to serve the diverse needs of graduate students, whether they seek a solid grounding in graduate study as preparation for entry into doctoral programs, wish to earn a degree as part of their professional development, or are interested in pursuing careers as public historians, archivists, or librarians.

By emphasizing the complexities and interconnectedness of the past, the graduate programs in History seek to instill in students a sense of curiosity and to develop critical thinking, research, communication, and analytical skills — skills relevant to a variety of careers.

Reflecting the missions of Georgia Southern University and the College of Arts and Humanities, the department fosters a culture of close engagement with students, combines theory with practice, and extends the learning environment beyond the classroom to promote life-long learning and growth.

Certificate in Public History

Requirements: 18 Credit Hours

Admission Requirements

Students who wish to obtain the Certificate in Public History need not be enrolled in the M.A. in History program but must still apply and be admitted to the College of Graduate Studies.
Regular
Applicants seeking admission to the Certificate in Public History must have:

1. Completed requirements for the Bachelor's degree in a college accredited by the proper regional accrediting associations.
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work, with a 3.0 cumulative GPA in history and no grade in history lower than a "C."
3. An undergraduate major or the equivalent in history. Students with majors in other fields of study are given equal consideration for admission providing they either have
   a. three years of history-related professional work experience OR
   b. at least 15 credits (or quarter-system equivalent) of history (at least 12 credits at the upper division level and a total of 30 credits in the social sciences and humanities).
4. Two letters of recommendation by individuals who are familiar with the applicant's potential for successful graduate study.
5. A statement of purpose (approximately 250 words) outlining the applicant's interest in graduate study in public history.

Provisional
Non-traditional students and applicants not meeting the above requirements may be considered for Provisional (Probationary) admission as determined on a case-by-case basis.

1. Internships are 150 hours.
2. In this course, students must complete a 6,000 - 10,000 word technical report that must be approved by a three-person faculty committee and orally defended.
3. Public History elective courses at the 5000-level or above.

Other Program Requirements

- Students enrolled in the M.A. in History program must complete the requirements for either the Thesis or Non-Thesis option as listed on the M.A. in History program pages.

History M.A. (Concentration in Public History)

Degree Requirements: 33 Credit Hours

Application Deadlines

February 1, for Fall enrollment applications. Although later applications will be considered, applicants meeting this deadline will be given priority consideration for available graduate assistantships.

Admission Requirements

Regular
Applicants seeking admission to the graduate program in history must have:

1. Completed requirements for the Bachelor's degree in a college accredited by the proper regional accrediting associations.
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work, with a 3.0 cumulative GPA in history and no grade in history lower than a "C."
3. Minimum Graduate Record Examination (GRE) scores of 550 Verbal plus 500 Quantitative or 4.0 Analytical Writing for applicants who took the GRE prior to August 2011; or minimum scores of 156 Verbal plus 144 Quantitative or 4.0 Analytical Writing for applicants who took the exam after July 31, 2011. Lower test scores may be considered but the applicant will need strong evidence of the ability to perform satisfactorily in graduate level work.
4. An undergraduate major or the equivalent in history. Students with majors in other fields of study are given equal consideration for admission providing they have at least 15 credits (or quarter-system equivalent) of history (at least 12 credits at the upper division level) and a total of 30 credits in the social sciences and humanities.
5. Two letters of recommendation by individuals who are familiar with the applicant's potential for successful graduate study.
6. A statement of purpose (approximately 250 words) outlining the applicant's interest in graduate study in history.

Provisional

Non-traditional students and applicants not meeting the above requirements may be considered for Provisional (Probationary) admission as determined on a case-by-case basis.

Program of Study

The department offers thesis and non-thesis options and a concentration in public history.

The degree candidate for a Master of Arts in History will take 27 credits of course work (out of a total of 33), which includes the following:

Department of Literature

The graduate program in English leads students to the Master of Arts in English degree. It prepares its students for a variety of careers in publishing, public relations, teaching, and advanced doctoral work. Students who enroll in the Master of Arts program in English enjoy the engaging atmosphere of graduate study and work closely with faculty members. The program fosters a genuine sense of community while providing students with a range of professional development opportunities, which is unusual for a graduate program of its size.

The faculty of the program are all published scholars with a wide variety of specialties. The program is dedicated to excellence in teaching and the development of a fertile learning environment, which is exemplified by a free exchange of ideas, high academic expectations, and individual responsibility for academic achievement.

In keeping with the broader institutional vision:

1. We create learning experiences of the highest quality, informed by our individual scholarly practice, research, and creative activities.
2. We offer a student-centered environment enhanced by technology and transcultural experiences.
3. We seek to instill the core values of integrity, civility, kindness, collaboration, and a commitment to lifelong learning, wellness, and social responsibility.
4. We prepare our students to achieve academic excellence, develop their analytic skills, enhance their creativity, and embrace their responsibilities as citizens of their communities, their nations, and the world.

Degree Requirements: 36 Credit Hours

Admission Requirements

Regular
1. Completed requirements for the Bachelor’s degree in a college accredited by the appropriate regional accrediting associations.
2. A 3.0 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
3. Graduate Record Examination (GRE) scores.
4. An undergraduate major or the equivalent in the proposed field of study.
5. Two letters of recommendation by persons familiar with the applicant’s academic experience.
6. A sample of the applicant’s scholarly writing of at least 12-15 pages.
7. Statement of Purpose (250-500) words. This statement should address the applicant’s academic achievements and major accomplishments, contributions to or experiences in this field of study, pertinent extra-curricular activities, and the reasons why he or she wishes to attend Georgia Southern. While the personal statement is only one of many factors the graduate admissions committee considers when making admission decisions, it helps provide context for the rest of the application.

Provisional

Provisional admission is sometimes possible if a candidate has a 2.75 (4.0 scale) or higher cumulative grade point average on undergraduate college work. Students who do not meet provisional requirements may appeal to a departmental graduate committee for admission.

Thesis

Thesis (see below for more information) 5

Total Credit Hours 36

In cooperation with a thesis advisor and committee, the student will write an M.A. thesis of 10,000-12,000 words, not counting Notes and Works.

Cited. (With the approval of the thesis director, the student may write a longer thesis.) The student must pass an oral examination consisting of a discussion of the thesis and of questions related to it. In depth and scope, the thesis must demonstrate originality in research as well as independent and critical judgment in interpreting materials. The major professor shall supervise the research, direct the writing of the thesis, and, in consultation with the second and third readers, approve the thesis in its final form. See the Graduate Student Manual for additional Thesis information. Prior to beginning the thesis, the student should have the supervisor complete a thesis Prospectus Form to be approved by the department and the Graduate College. For more information, consult the M.A. English web page at on the College of Arts and Humanities website.

Department of Music

The graduate programs in Music (M.M. Music, Certificate in Music Performance) prepare students with advanced technical and artistic skills for a career in a music-related profession, to conduct creative work, inquiry, and investigation, and to act independently as a performer, scholar, and/or practitioner by achieving in-depth knowledge and competency in a specific concentration area. This will be accomplished through a program of study with concentration areas in composition, conducting, music education, music technology, and/or performance as appropriate to the goals and aspirations of the student.

The MM program supports the college and university missions as it aims to create a culture of student engagement that bridges theory with practice, extends learning beyond the classroom, and promotes academic excellence and student success. This degree is designed for individuals with a Bachelor’s Degree in Music who would like to hone their musical skills to a higher level, to pursue a post-baccalaureate degree for professional advancement, or to prepare for admission to a Doctoral program in music.

The Certificate in Music Performance program offers a one-year, intensive post-baccalaureate experience in performance. It is intended for students who want more training in applied music after the bachelor’s degree, but who do not desire an advanced degree.

Note: Graduate programs in the Department of Music are available only on the Statesboro Campus.

Certificate in Music Performance

Program
The graduate Music Performance Certificate program consists of 14 credits devoted to acquiring advanced performance skills through intensive work in applied lessons and solo/ensemble performance. It may serve as either a self-standing advanced capstone experience that builds on an undergraduate music performance degree or the certificate credit may transfer toward filling the requirements of Master of Music degree with a concentration in Music Performance provided that the student meets full admission requirements for the M.M.

Admission Requirements
Prospective students must be admitted by the College of Graduate Studies as a Non-Degree Certificate student, satisfying the following requirements:

1. Completion of a Bachelor's degree in music or its equivalent with a minimum 2.7 cumulative GPA or its equivalent.
2. A satisfactory audition. Please see the audition process and requirements for specific performance areas at http://class.georgiasouthern.edu/music/applications/graduate-application/.
3. Submission of official copies of all undergraduate and, if appropriate, graduate transcripts.
4. Two letters of recommendation from professionals acquainted with the student's performance abilities and experience.
5. A personal statement that includes a description of career goals and reasons for applying to the graduate Music Performance Certificate program. Prospective students should indicate in this statement whether they intend to proceed to the M.M. degree following the certificate or whether they intend to complete it as a self-standing program. Students who intend to proceed are required to formally apply for acceptance to the M.M. while completing the certificate, and they must meet the normal M.M. admission requirements in order to be considered for acceptance.
6. International students whose first language is not English and whose undergraduate degree was not completed at an institution where the primary language of instruction was English must have official TOEFL or IELTS scores submitted directly from the Testing Service to Georgia Southern University. For consideration to be admitted to the certificate program, a minimum TOEFL score of 70 or a minimum IELTS score of 6 is required. In order to continue to the M.M. degree at the completion of the certificate, a minimum TOEFL score of 80 with subscores of at least 20 in both speaking and writing is required, or an IELTS score of at least 6.5, with no single subscore below 6.0. International students who meet all other admission requirements for the certificate but are deficient in English will normally be conditionally admitted. Conditionally admitted students must successfully complete the highest level in the university's English Language Program (ELP) and achieve a minimum score of 70 on the ELP's standardized English proficiency exam prior to matriculating into the certificate program and taking any music classes and a minimum score of 80 prior to matriculating into the M.M. program.

Note: Large ensembles are: Wind Symphony (MUSE 6211), Symphonic Wind Ensemble (MUSE 6213), University Singers (MUSE 6311), Southern Chorale (MUSE 6312), Orchestra (MUSE 6411) and, for pianists, Accompanying (MUSE 6514). Opera Theatre (MUSE 6314) may be counted as either a large or small ensemble. All other MUSE 6XXX numbers are small ensembles, as well as Coaching for Singers (MUSA 5110G).

Music Theory Proficiency for Students Intending to Continue to a M.M. Degree

Students declaring an intention to continue to a M.M. degree will be given the M.M. Departmental Entrance Exam at the beginning of their certificate program. If the score on the theory section falls below the passing level, they will be required to either take undergraduate music theory courses or to participate in a graduate theory review course, typically during Fall semester, so they are able to enroll in all courses required for the M.M program upon admission. None of these remedial courses count toward the certificate.

Music M.M. (Concentration in Composition)

Degree Requirements: 33 Credit Hours

Admission Requirements

Regular

1. A completed bachelor's degree in music or equivalent.
2. A minimum 3.0 (4.0 scale) cumulative grade point average in undergraduate work.
3. Two letters of recommendation by individuals who are familiar with the applicant's potential for successful graduate study.
4. Requirements pertinent to the student's intended area of concentration:
   a. Composition: satisfactory sample scores for at least three different types of compositions
   b. Conducting: a successful audition (please see the audition process and requirements for specific performance areas at http://class.georgiasouthern.edu/music/applications/graduate-application/) and a satisfactory agreement with the conducting faculty committee about how the practical conducting requirement will be managed. Generally, full-time students will be assigned to work with various University ensembles; other students may request permission to work with an ensemble (such as a school band or choir) with which they are currently involved.
   c. Music Education: Level 4 certification by the State of Georgia or its equivalent
   d. Music Technology: a statement of purpose and a portfolio of previous work in music technology.
   e. Performance: a successful audition (please see the audition process and requirements for specific performance areas at http://class.georgiasouthern.edu/music/applications/graduate-application/).
5. International students whose first language is not English and whose undergraduate degree was not completed at an institution where the primary language of instruction was English must have official TOEFL or IELTS scores submitted directly from the Testing Service to Georgia Southern University. For consideration to be admitted to the M.M. program, a minimum TOEFL score of 80, with subscores of at least 20 in both speaking and writing is required, or an IELTS scores of at least 6.5, with no single subscore below 6.0. International students who meet all other admission requirements but who are deficient in English will normally be conditionally admitted. Conditionally admitted students must successfully complete the highest level in the university's English Language Program (ELP) and achieve a minimum score of 80 on the ELP's standardized English proficiency exam prior to matriculating into the M.M. program and taking any music classes. ESL exit level for these students is a MTELPS score of 255, with no subsection lower than 80.

Provisional

Students may be admitted, at the discretion of the graduate admissions committee, on a provisional basis if one or more of the requirements listed above are judged to be marginal. Specific provisions for exiting provisional status will be set in each case by the admissions committee and must be satisfied before proceeding past the first 12 credits of course work.

Departmental Entrance Examination

All students entering the program must pass a Departmental Entrance Examination to demonstrate acceptable undergraduate-level proficiency in music theory, analysis, and history. This examination is administered online prior to the start of the student’s first semester, and details about the contents of the test and its administration will be sent to each student after s/he has been admitted. Students who do not pass the examination will be required to take a review course and may not take Advanced Analytical Techniques (MUSC 7331) until they have passed the review course. Students who cannot pass the review course will be dropped from the program.

All M.M. candidates are required to pass a comprehensive oral examination, covering coursework and their recital or final project.

Department of Writing and Linguistics

The Department of Writing and Linguistics, in conjunction with the College of Education, offers an online certificate program in Teaching English to Speakers of Other Languages (TESOL) with an emphasis in Applied Linguistics.

Writing and Linguistics also teaches courses in the Master of Arts in Professional Communication and Leadership program on both the Armstrong and Statesboro campuses. The MA PCL program is directed by the Department of Communication Arts.

Programs

Doctoral

No results were found.
Teaching English to Speakers of Other Languages (TESOL)/Applied Linguistics Certificate (Online)

Requirements: 18 Credit Hours

Admission Requirements

Regular

A student normally must have the following items in his or her portfolio:

1. Completed requirements for the Bachelor's degree in a college accredited by proper regional accrediting association or the equivalent at a recognized international university.
2. A 2.75 (4.0 scale) cumulative grade point average in undergraduate work.
3. Regular admission is typically offered to applicants who fulfill criteria set by the College of Graduate Studies (COGS). Note: Applicants to graduate certificate programs do not submit GRE scores.
4. Three (3) letters of recommendation from persons familiar with the applicant's academic or employment experience.
5. Statement of career goals and objectives.

International Students

In addition to the items above, international students for whom English is not a first or native language must have the following TOEFL scores:

1. Paper Based Test - score of 600 or higher and TWE (Test of Written English) - score of 5 or higher; or
2. Internet-based Test (iBT) - Reading: 22 or higher ("high"); Listening: 22 or higher ("high"); Speaking: 26 or higher ("good"); Writing: 24 or higher ("good") for a total score of 94 or higher.

The TOEFL will be waived for students who have graduated from a U.S. college or university.

Recommended Background

Individuals applying to the Graduate Certificate program should have an interest in education and language study developed through work in disciplines including but not limited to education, English, foreign languages, linguistics, or writing or complementary areas in the humanities or social sciences.

Program of Study

The Graduate Certificate program requires a total of 18 credits and is offered fully online. It takes a total of one year to complete the six-course sequence.

Secondary P-12 Education Programs

Students who plan to seek teacher certification after completion of their undergraduate degree may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. Students interested in a Secondary Education (grades 6-12) certification in English, History, Political Science, and Writing and Linguistics or in P-12 (grades preschool-12) certification in Spanish should contact their departmental advisors OR the College of Education Student Success Center for information related to content and certification requirements.

NOTE: GACE Program Admission Assessment and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor's program.

College of Behavioral and Social Sciences

The College of Behavioral and Social Sciences was established July 1, 2018. It is comprised of the School of Human Ecology and Departments of Criminal Justice and Criminology, Political Science and International Studies, Public and Nonprofit Studies, Psychology, and Sociology and Anthropology.

The College offers 13 undergraduate degrees and five graduate degrees.

Mission

The College of Behavioral and Social Sciences is an interdisciplinary community of teacher-scholars who utilize varieties of social and behavioral research methodologies to enhance societal well-being and...
the quality of life of individuals, families, and communities across diverse environments and contexts.

The mission of the college is to prepare students to be productive citizens and contributing members of an ever-changing and complex society through the rigorous development of analytical skills, enhanced understanding of individual and collective behavior, culturally inclusive theory and professional work, and experiential learning that applies theory to policy and practice. To that end, faculty and students engage in cutting-edge research and creative scholarship to expand knowledge and understanding in the world. Additionally, through local, state, national, and international service and advocacy, college faculty, staff, and students work collaboratively to strengthen their communities.

The College of Behavioral and Social Sciences provides transformative experiences that extend learning from the classroom to the laboratory, studio, and community. As a result, graduates develop skills in ethics, critical thinking, problem-solving, creativity, and communication that prepare them for rewarding careers, lifelong learning, and engaged global citizenship.

Department of Criminal Justice and Criminology

The Department of Criminal Justice and Criminology offers two degree programs structured both for students seeking careers or professional advancement in the criminal justice field and for students who ultimately wish to pursue an advanced degree in criminal justice and/or criminology. The degrees are offered through various formats to enhance availability to students. As well, a variety of concentrations are offered to prepare students to work in traditional arenas of criminal justice and criminology, as well as emerging focuses in the field, specifically cybercrime.

Students in the M.S. in Criminal Justice and Criminology program can choose to focus on one of three concentrations: Criminal Justice, Criminology, or Cybercrime. The Criminal Justice concentration is available in both traditional and online tracks. The Criminology Concentration is available only via the traditional track, while the cybercrime concentration is available only via the online track.

Also available to students is the Post-Baccalaureate Certificate in Cybercrime. This Certificate may be completed fully online, however some traditionally formatted courses are classified to meet the requirements of this certificate. All courses in the Cybercrime Certificate program may be applied to the online cybercrime concentration of the M.S. with a major in Criminal Justice and Criminology.

Criminal Justice and Criminology M.S. (Emphasis in Criminal Justice)

Degree Requirements: 36 Credit Hours

Admission Standards

Regular Admission

Admission to this program is competitive. At a minimum, for regular admission the applicant must have:

1. A Bachelor’s degree from an appropriately accredited, four-year institution in criminal justice/criminology or related field (that adequately prepares students for success in this field. This application requirement will be waived for applicants who successfully complete the Post-Baccalaureate Cyber Certificate.)

2. A 2.75 cumulative grade point average or higher on completed requirements for a baccalaureate degree from an accredited institution. (This application requirement will be waived for applicants who successfully complete the Post-Baccalaureate Cyber Certificate.)

3. Minimum GRE scores of 146 on the verbal section and 145 on the quantitative section or between a 3.5-4.0 on the analytical section. (This application requirement will be waived for applicants who successfully complete the Post-Baccalaureate Cyber Certificate.)

4. Letter of Application detailing: a) academic background and/or professional credentials, b) relevant research and work experience, c) career goals and reasons for enrollment in this program.

5. Two letters of recommendation addressing the applicant’s: 1) academic work; 2) professional experience, if any; 3) ability to handle master’s level curriculum, and 4) how the applicant can be expected to contribute to the program. (This application requirement will be waived for applicants who successfully complete the Post-Baccalaureate Cyber Certificate.)

Provisional Admission

Applicants who meet two out of the three requirements outlined for GPA and GRE scores may be granted provisional admission by the graduate faculty committee based on careful review of additional materials submitted.

Reclassification

A student may be reclassified with regular admission providing that they have completed three program or related courses (9 hours), approved by their advisor, with a grade of no less than B. Additional courses may be required to be completed prior to a student’s reclassification that do not contribute to these nine hours (such as taking an undergraduate statistics course to prepare for graduate statistics). No more than nine hours may be earned under the provisional admission classification. After nine hours, the student must either be reclassified as a regular admission student or be removed from the program.

Prerequisites for Admission

While an undergraduate degree in criminal justice is not a prerequisite to admission, newly admitted students must be deemed adequately prepared for graduate study in this essentially multidisciplinary area. Students who lack the necessary background may be required to complete additional undergraduate coursework. For example, students who have not successfully completed an undergraduate statistics course may be required to do so prior to enrollment in graduate statistical analysis or research methods courses.

Program of Study

The program is offered via two different tracks. The traditional track primarily is offered in a seated format, with some opportunities to take hybrid or online courses. The online track allows students to complete the degree requirements utilizing an online delivery method. Students will opt into one of three emphases, depending on the track they select.

Standards of Progression and Graduation

A. Graduate students must maintain a 3.0 overall grade point average in all graduate courses. A student will be placed on academic probation if he or she earns one (1) C or below. If a student earns two (2) Cs or below, the student will be dismissed from the program. There is a one (1) semester waiting period after the first C is earned so that the student has the opportunity to replace the grade and get the GPA back to a 3.0. The student may repeat a class only once to replace a grade.

B. Each student must file a program of study and an application for graduation with Graduate Studies. Fifty percent of the program of study must be completed at the 6000- 8000 levels.

C. If any change in the approved program of study is required, an amended program of study, signed by the student and advisor, must be submitted to Graduate Studies.

D. Satisfactory completion of a written comprehensive assessment one semester prior to graduation for the coursework option students is required. Students choosing the thesis option must receive a satisfactory score on a formal thesis defense. Students completing practicum must receive a passing grade on the paper required for completion of the course.

E. Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.

F. All degree requirements must be completed within seven years.

Core Requirements: 12 Credit Hours

- CRJU 7631 Criminological Theory
- CRJU 6801 Proseminar in Ethics and Criminal Justice
- CRJU 6811 Criminal Justice Systems: Leadership, Management, and Policy

Select a research/analysis tools course (such as):

- CRJU 7434 Quantitative Research Design
- CRJU 7436 Qualitative Research Design
- CRJU 7437 Statistics for Social Science

Select a research/analysis tools course as approved by advisor and program coordinator.

Advanced Work

18 Credit Hours

Select a second research/analysis tools course (approved by advisor).

In conjunction with their advisor and program coordinator, select the final 15 hours of advanced coursework for the emphasis:

Criminal Justice Emphasis

Two criminal justice electives, one criminology elective, and two free electives (traditional and online tracks).

Capstone Options

6 Credit Hours

Students select from three capstone options to complete their final 6 hours of the program:

Thesis Option:
Recommended for students who seek to do research for public and non-profit agencies or who seek further educational opportunities, such as a Ph.D. Students must pass the thesis defense.

Practicum:
Recommended for students who seek employment in the justice system or adjacent systems' agencies. Students will complete an internship, approved by their advisor and the program coordinator, completing all tasks associated with the internship option. Students will complete a comprehensive paper as part of this course, and must earn a passing grade on this paper.

Free Electives:
Recommended for students who seek additional substantive information relative to their career track. Specific courses must be approved by their advisor and the program director. Students selecting this option must earn a passing grade on a comprehensive exam.

Total Credit Hours: 36
The M.S. Student Handbook describes additional relevant information for the degree requirements.

Criminal Justice and Criminology
M.S. (Emphasis in Criminology)

Cybercrime Post-Baccalaureate Certificate

The Cybercrime Certificate is a post-baccalaureate certificate program that may be completed fully online. However, some courses available in the traditional format also are classified to meet requirements within this certificate program. This program provides students with specialized skills in cybercrime and digital forensics. All courses in the cybercrime certificate program may be applied to the online cybercrime concentration of the Master of Science with a major in Criminal Justice and Criminology.

The Cybercrime Certificate is the only one of its kind offered in this region.

Degree Requirements: 18 Credit Hours

Admission Standards

Regular Admission

Admission to this program is competitive. At a minimum, for admission to the certificate program, the applicant must have:

1. A baccalaureate degree from an appropriately accredited four-year institution (with a major that adequately prepares students for success in this field).
2. A minimum of 2.75 overall undergraduate GPA.
3. A letter of application detailing: a) academic background, b) relevant experience, c) career goals and objectives relative to enrollment in this program.
4. A current resume providing details of relevant education and work experience.

Provisional Admission

Applicants who meet two out of the three requirements outlined for GPA and GRE scores may be granted provisional admission by the graduate faculty committee based on a careful review of additional materials submitted.

Reclassification

A student may be reclassified with regular admission providing that they have completed two program or related courses (6 hours), approved by their advisor, with a grade of no less than B. Additional courses may be required to be completed prior to a student's reclassification that do not contribute to these nine hours (such as taking an undergraduate statistics course to prepare for graduate statistics). No more than nine hours may be earned under the provisional admission classification. After nine hours, the student must either be reclassified as a regular admission student or be removed from the program.

Department of Psychology

The Department of Psychology offers two graduate programs: the M.S. in Psychology and the Psy.D. in Clinical Psychology.

The Master of Science (M.S.) program in Psychology produces graduates who are knowledgeable in specific content areas of scientific psychology as well as skilled in conducting independent research. Guided by psychological science and a dedication to preparing students for a psychology (or psychology-related) doctoral program, college teaching, or other employment within the social sciences, the department faculty provide graduate students with rigorous coursework and opportunities to engage in one-on-one research collaborations and pedagogical instruction.

The Doctor of Psychology (Psy.D.) program in Clinical Psychology trains doctoral-level professional psychologists to practice psychotherapy and assessment skills in underserved rural areas. This training is accomplished through coursework, as well as practica, capstone activities, and internship experiences. The Psy.D. program is directly involved in providing health care and human services in the region, both by educating practitioners of applied psychology who have voiced a dedication to continuing practice in rural areas and by offering practicum experiences in which students provide clinical service to those in our predominantly-rural region.

The Psy.D. program is accredited by the American Psychological Association (APA).

Clinical Psychology Psy.D.

Degree Requirements: 114-124 Credit Hours

114 Credits beyond Bachelor’s degree including dissertation; 98 credits of coursework

Program Mission

The Psy.D. program in clinical psychology at Georgia Southern University offers a course of study leading to the Doctor of Psychology degree. The Program’s curriculum prepares graduates to practice psychology in rural areas.

Model and Goals

Critical to the program is high quality graduate education and training in clinical psychology with an emphasis on psychotherapy, assessment, and consultation in clinical practice. To this end, the Psy.D. program has a clear and coherent curriculum. The training for practice is lock-step, sequential, cumulative, and graduated in complexity. The program follows the practitioner-scholar model. In the first year, students take didactic courses concurrently with experiential skill-building courses. The psychological assessment sequence is also offered in the first year. In the second year, students begin the Practicum experience. The third and fourth years include practica focused on rural practice (3rd year) and professional development (4th year). Other clinical courses are interspersed among years one through four.

The program trains students to become generalists who practice psychotherapy, conduct psychological assessment, and provide consultation services. The program has an integrative orientation, emphasizing behavioral, cognitive, existential, family systems, humanistic, and psychodynamic orientations.

The following goals and objectives are consistent with APA standards and have been adapted from the recommendations of the NCSPPP model for clinical training:

The following competencies and aims are consistent with APA standards and definitions are taken directly from the Commission on Accreditation, Implementing Regulations, Section C:

Program Competencies, Aims, and Discipline Specific Knowledge

A. Profession-Wide Competencies

1. Competency 1: Research: Students will demonstrate the independent ability to formulate research that is of sufficient quality and rigor needed to contribute to the scientific, psychological, or professional knowledge base.
   a. Aim 1.1: Students will demonstrate the ability to integrate and critically evaluate published literature.
   b. Aim 1.2: Students will demonstrate skills in interpreting and applying basic statistical techniques.
   c. Aim 1.3: Students will demonstrate competence in basic research methodologies.
   d. Aim 1.4: Students will demonstrate the capacity to develop and complete an empirical study.
   e. Aim 1.5: Students will publish or present their research at the institutional, regional, or national level.

2. Competency 2: Ethical and Legal Standards: Students will be knowledgeable of and act in accordance with professional ethics.
   a. Aim 2.1: Students will demonstrate a commitment to and working knowledge of the ethical code outlined by the American Psychological Association, relevant federal and state statutes and laws, and relevant professional standards and guidelines to guide practice in all professional activities.
   b. Aim 2.2: Students will demonstrate the ability to recognize ethical and legal dilemmas as they arise and apply ethical decision-making processes in order to resolve the dilemmas in all professional activities.
   c. Aim 2.3: Students will conduct themselves in an ethical manner in all professional activities.

3. Competency 3: Individual and Cultural Diversity: Students are expected to conduct all professional activities with sensitivity to human
diversity, including the ability to deliver high quality services to a diverse population.

a. AIM 3.1: Students will demonstrate an understanding of how their own personal/cultural history, attitudes and biases may affect how they understand and interact with people different from themselves.

b. AIM 3.2: Students will demonstrate knowledge of the current theoretical and empirical knowledge base as it relates to addressing diversity in all professional activities, including research, training, supervision/consultation, and service.

c. AIM 3.3: Students will demonstrate the ability to integrate awareness and knowledge of individual and cultural differences in the conduct of professional roles (e.g., research, services, and other professional activities).

d. AIM 3.4: Students will demonstrate the requisite knowledge and ability to articulate an approach to working effectively with diverse individuals and groups, and apply this approach effectively in their professional work.

4. Competency 4: Professional Values and Attitudes: Students are expected to respond professionally in ways consistent with the profession of psychology.

a. AIM 4.1: Students will behave in ways reflecting the values and attitudes of psychology, including integrity, deportment, professional identity, accountability, lifelong learning, and concern for the welfare of others.

b. AIM 4.2: Students will engage in self-reflection regarding their personal and professional functioning and engage in activities to maintain and improve performance, well-being, and professional effectiveness.

c. AIM 4.3: Students will actively seek and demonstrate openness and responsiveness to feedback and supervision.

d. AIM 4.4: Students will respond professionally in increasingly complex situations with a greater degree of independence as they progress across levels of training.

5. Competency 5: Communication and Interpersonal Skills: Students will demonstrate appropriate communication and interpersonal skills and respond professionally in increasingly complex situations.

a. AIM 5.1: Students will develop and maintain effective relationships with a wide range of individuals, including colleagues, communities, organizations, supervisors, supervisees, and those receiving professional services.

b. AIM 5.2: Students will produce and comprehend oral, nonverbal, and written communications that are informative and well-integrated.

c. AIM 5.3: Students will demonstrate a thorough grasp of professional language and concepts.

d. AIM 5.4: Students will demonstrate effective interpersonal skills and the ability to manage difficult communication well.

6. Competency 6: Assessment: Students will demonstrate competence in conducting evidence-based assessment consistent with the scope of Health Service Psychology.

a. AIM 6.1: Students will demonstrate current knowledge of diagnostic classification systems, functional and dysfunctional behaviors, including consideration of client strengths and psychopathology.

b. AIM 6.2: Students will demonstrate understanding of human behavior within its context (e.g., family, social, societal, and cultural).

c. AIM 6.3: Students will demonstrate the ability to apply the knowledge of functional and dysfunctional behaviors including context to the assessment and/or diagnostic process.

d. AIM 6.4: Students will select and apply assessment methods that draw from the best available empirical literature and that reflect the science of measurement and psychometrics; collect relevant data using multiple sources and methods appropriate to the identified goals and questions of the assessment as well as relevant diversity characteristics of the service recipient.

e. AIM 6.5: Students will interpret assessment results, following current research and professional standards and guidelines, to inform case conceptualization, classification, and recommendations, while guarding against decision-making biases, distinguishing the aspects of assessment that are subjective from those that are objective.

f. AIM 6.6: Students will communicate orally and in written documents the findings and implications of the assessment in an accurate and effective manner sensitive to a range of audiences.

7. Competency 7: Intervention: Students will demonstrate competence in the delivery of evidence-based interventions consistent with the scope of Health Service Psychology.

a. AIM 7.1: Students will establish and maintain effective relationships with the recipients of psychological services.

b. AIM 7.2: Students will develop evidence-based intervention plans specific to the service delivery goals.

c. AIM 7.3: Students will implement interventions informed by the current scientific literature, assessment findings, diversity characteristics, and contextual variables.

d. AIM 7.4: Students will demonstrate the ability to apply the relevant research literature to clinical decision making.

e. AIM 7.5: Students will modify and adapt evidence-based approaches effectively when a clear evidence-base is lacking.

f. AIM 7.6: Students will evaluate intervention effectiveness and adapt intervention goals and methods consistent with ongoing evaluation.

8. Competency 8: Supervision: Students will acquire foundational knowledge regarding supervisory aspects of Health Service Psychology.

a. AIM 8.1: Students will demonstrate knowledge of supervision models and practices.

9. Competency 9: Consultation and Interprofessional/Interdisciplinary Skills: Students will learn and demonstrate intentional collaboration with other individuals or groups to address problems, seek or share knowledge, or promote effectiveness in professional activities.

a. AIM 9.1: Students will demonstrate knowledge and respect for the roles and perspectives of other professions.

b. AIM 9.2: Students will demonstrate knowledge of consultation models and practices.

10. Competency 10: Rurality: Students are expected to develop an appreciation for the dynamics of a rural culture and how these forces influence individual development and community functioning.

a. AIM 10.1: Students will demonstrate an appreciation for the unique cultural needs, identities, values, and traditions of rural community members.

b. AIM 10.2: Students will demonstrate the ability to integrate knowledge of rural culture into their conceptualization of well-being.

c. AIM 10.3: Students will demonstrate knowledge associated with the role of advocacy in promoting well-being in rural communities.

1. B. Discipline Specific Knowledge: Students will acquire knowledge in the core areas of the discipline of psychology.

a. DSK.1: Students will demonstrate knowledge of the history of psychology, including the origins and development of major ideas in the discipline of psychology.

b. DSK.2: Students will demonstrate knowledge in Affective Aspects of Behavior.

c. DSK.3: Students will demonstrate knowledge in Biological Aspects of Behavior.

d. DSK.4: Students will demonstrate knowledge in Cognitive Aspects of Behavior.
Specific admissions procedures are as follows:

f. DSK.6: Students will demonstrate knowledge in Social Aspects of Behavior.

g. DSK.7: Students will demonstrate advanced integrative knowledge in scientific psychology that entails integration of multiple basic discipline-specific content areas identified in DSK b-f.

h. DSK.8: Students will demonstrate knowledge of research methods.

i. DSK.9: Students will demonstrate knowledge of statistical analysis.

j. DSK.10: Students will demonstrate knowledge of psychometrics.

Accreditation

Georgia Southern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). The Clinical Psychology Psy.D. is accredited by the American Psychological Association (APA).

Applying to the Psy. D. program

Although academic background, intellectual potential and professional experience and skills will be key selection criteria, we intend to recruit students who are committed to providing service to our region. Therefore, students should carefully consider their interest in rural and under-served populations before applying to the program. Applicants will only be considered for the Psy.D. program (i.e., students will not be admitted for a terminal masters degree in clinical psychology).

Credit hours for previously taken Courses: Students may be able to substitute credit hours received for taking graduate courses at a regionally-accredited institution during the last five years. A maximum of 18 credits of graduate level coursework is allowed. All decisions on substituted courses lie with the clinical training committee, and course equivalencies will be determined on a case-by-case basis and only after a student has been admitted to the program. Applicants will only be considered for the Psy.D. program (i.e., students will not be admitted for a terminal masters degree in clinical psychology).

Part-time Admission and Part-time Status

The Psy.D. program is designed to be a full-time program that can be completed in five years. However, we realize some students may desire to do a portion of the program part-time. To this end, students may be admitted to the program with part-time status. If they wish to do this, the following criteria must be met:

- Students must apply via the same admission procedures as full-time students.
- Students can only begin the program in the Fall semester.
- Students must be admitted with a 18 credits in non-clinical courses (i.e., they must come into the program with the maximum amount of transfer credit).

Once admitted, part-time students must:

- Enroll in a minimum of six (6) credits of coursework each semester.
- Be enrolled in the program every semester, unless a Leave of Absence is granted (see below).
- Enroll in necessary co-requisite courses when they are required.
- Enroll in Foundations of Psychotherapy I (PSYC 7232), Foundations & Skills II (PSYC 7433), and Group & Family Therapy (PSYC 7235) in consecutive semesters.
- Switch to full-time enrollment (minimum nine (9) credits per semester) for at least one full year to meet the residency requirement (see program manual for details).
- Complete the Psy.D. program within the 8-year time limit allowed for all students.

Part-time students may switch to full-time status at any point in their training. If a student desires to return to part-time status after being full-time, they must petition the program director.

Program Requirements

The program is designed to be a five-year, full-time program for those entering with a bachelor's degree. The first four years will include coursework and graded practicum experiences. A minimum of one year (12 continuous months) of full-time coursework must be done in residency at Georgia Southern. The fifth year will consist of a full-time (2000 hour) approved internship.

- Grades:
  
  Students are expected to pass all courses with a grade of "A" or "B". Should a student earn less than a B in any course, he or she is immediately put on probation and must retake the course (and earn an "A" or "B") the next time the course is offered. Earning a second grade below "B" will result in dismissal from the program.

- Annual Evaluations:
  
  Once a year, students will have an individual meeting with their academic advisor for an evaluation of their progress. The evaluation will assess ongoing development of academic performance and
professional skills, ethical judgment and sensitivity, as well as personal attributes or behaviors related to suitability for career in professional psychology. Documented poor performance in any of these areas will be the basis of efforts by the advisor and program faculty to assist the student in forming and completing a plan for improvement; continued poor performance within specified time frames will be the basis for terminating a student's enrollment in the program.

• Clinical Qualifying Examination; and Dissertation:
  Students must successfully complete a Clinical Qualifying Examination at the time specified in their Handbook. This examination requires the student to demonstrate satisfactory skills in assessment, diagnosis, case conceptualization, tracking therapeutic progress, and treatment planning. In keeping with the practitioner-scholar model, the program aims to train practitioners who are grounded in the scholarly inquiry of scientific psychology. By the beginning of the fourth year, it is expected that students have drafted a doctoral dissertation proposal. The project should be conducted during the fourth year. At a minimum, the dissertation proposal is to be written, defended, and approved before applying for the pre-doctoral internship. At an aspirational level, it is highly desirable that students will successfully defend the dissertation project before leaving campus for internship.

• Practicum:
  An indispensable component of clinical training is to gain experience providing psychotherapy, assessment, and consultation. To this end, students are required to participate in a graduated series of practicum experiences beginning in the second year. All students are expected to conform to the APA Code of Ethics, Georgia state law, and to the rules of the practicum site. In the second year, students will be placed at internal practicum sites where their progress can be closely monitored. Internal practicum sites consist of the Psychology Clinic, Georgia Southern University Counseling and Career Development Center, and the Regents Center for Learning Disorders. In the third year, all students will be engaged in practicum experiences in rural agencies and/or at agencies that serve predominantly rural clientele. The fourth year of practicum can be at any site, but with a focus on professional development and developing knowledge about clinical supervision and consultation services. Failure to complete practicum successfully will result in remediation or dismissal, depending on the circumstances for the failure, as described in the Psy.D. Program Handbook.

• Personal Therapy Requirement:
  In our clinical training, we emphasize the development of the clinician as a person in parity with the acquisition of clinical skills and theoretical knowledge. To this end, we require all students to complete a minimum of 15 sessions of personal psychotherapy with a licensed therapist during their time in the program.

• Internship:
  State licensing boards for doctoral level psychologists require candidates for licensure to have completed a one-year, full-time (2,000 hour) pre-doctoral internship. The Georgia Southern University Psy.D. program is designed for the Internship to be completed in the fifth year. Students will follow the application process outlined by the Association of Psychology Postdoctoral and Internship Centers (APPIC; www.appic.org).

Leave of Absence
Leaves of Absence are discouraged. They can lead to scheduling difficulties because of the sequencing of courses and experiences. However, leaves of absences may be granted to students on petition to do so with the DCT and the Dean of the College of Liberal Arts and Social Sciences or his/her designee. Students who have been granted a leave of absence are responsible for notifying the DCT and the Dean of the College of Liberal Arts and Social Sciences when ready to resume full-time graduate study. Leaves of absence cannot extend beyond one calendar year. Students who do not return after one year of absence will be dismissed from the program.

Program of Study
Below are the courses required for the Psy.D. program. A curriculum by year can be found by visiting the Psychology Department's website at http://class.georgiasouthern.edu/psychology/psyd/files/

Psychology M.S.

Degree Requirements: 36 Credit Hours

**Admission Requirements**

New students are admitted to the program in Fall semester only. The program is limited to 12 new students.

**Regular**

The applicant must have:

1. Completed requirements for the Bachelor’s degree in a college accredited by the proper regional accrediting associations.
2. Taken Introduction to Psychology, a statistics course, a research methods course, and at least two additional courses in psychology.
3. A 3.0 (4.0 scale) cumulative grade point average or higher on undergraduate work.
4. Minimum Graduate Record Exam (GRE) scores of 147 on the Verbal section and 146 on the Quantitative section for applicants who took the exam after July 31, 2011.
5. Submitted:
   a. A personal statement that includes a description of career goals, reasons for applying for graduate study at Georgia Southern University, a list of academic achievements, non-academic achievements, relevant work experience, a self-evaluation of maturity level and character. We strongly encourage students to obtain research experience as an undergraduate.
   b. Recommendations from three individuals who can speak of the applicant’s undergraduate academic performance, potential for graduate study, and maturity level and character. At least one letter must be from a faculty member.

**Provisional**

For applicants who meet two out of three of the following criteria for regular admission (GRE-V, GRE-Q, GPA), provisional admission may be granted by the departmental graduate faculty based on their consideration of the materials submitted by the applicant.

Certificate in Public and Nonprofit Management

Requirements: 15 Credit Hours

Regular Admission Requirements
A student must have the following items in his or her portfolio:

1. Completed requirements for the Bachelor’s degree in a college accredited by proper regional accrediting association.
2. A 2.75 (4.0 scale) cumulative grade point average in undergraduate work.
3. A current resume detailing relevant work experience.
4. Three (3) letters of recommendation from persons familiar with the applicant’s academic or employment experience.
5. Statement of career goals and objectives.

Prerequisite(s)
Individuals applying to the Certificate program must have at least three years of work experience in the public or nonprofit sector, or completed part of their graduate course work in a related field of study.

Program of Study
The Certificate program requires a total of 15 credits and is offered fully online through the Master of Public Administration (MPA) Program. It takes a total of 1 year to complete the five course sequence. Each course runs a period of eight weeks.

Total Credit Hours 15

After earning the Certificate, students with a cumulative grade point average of at least 3.0 may apply to the MPA program. Successful MPA applicants will receive credit for 15 credits toward their MPA degree. The MPA degree requires a total of 39 credits, whereby, in addition to core management courses, students pursue an area of concentration in public management or nonprofit management.

Public Administration M.P.A.

Degree Requirements: 39 Credit Hours

Admission Requirements

Regular
A student must have the following items in his or her portfolio:

1. Completed requirements for the Bachelor’s degree in a college accredited by proper regional accrediting association.
2. A 2.75 (4.0 scale) cumulative grade point average in undergraduate work.
3. Applicants with an undergraduate GPA of less than 3.0 must submit official scores on the Graduate Record Exam (GRE) or Graduate Management Admission Test (GMAT). Applicants with an undergraduate GPA of at least 3.0 are not required to submit exam scores.
4. A current resume detailing relevant work experience.
5. Three (3) letters of recommendation from persons familiar with the applicant’s academic or employment experience.
6. Statement of career goals and objectives.
7. OR Completion of the Certificate in Public and Nonprofit Management with a cumulative grade point average of at least 3.0 (4.0 scale).

Provisional
In the following circumstances, applicants who do not meet the above criteria may be admitted:

• Provisional admission will be considered for applicants who do not meet one or more of the academic requirements listed above if strong evidence of ability to perform well in graduate work is provided through reference to work experience or other means.

Non-Degree
In cases of incomplete admission applications, an applicant must have an undergraduate GPA of 2.75 and will be restricted to a maximum of three courses without gaining provisional or regular admission status.

Program of Study
The graduate student and the MPA Program Director shall jointly develop a Program of Study that includes 21 credits of core courses, twelve (12) credits of concentration courses, three (3) credits of internship (depending on whether student is pre-service or in-service), and a three (3) credit capstone course.

Department of Sociology and Anthropology

The Master of Arts with a major in Social Science offers students a multidisciplinary curriculum for understanding and investigating the social aspects of human behavior, social structure and culture in a global context. The program emphasizes the wide range of skills and perspectives that students need in order to analyze the historical, cultural, individual, and institutional conditions that shape our lives. We are committed to helping students become informed, responsible, active citizens and ethical workers in diverse communities. Consistent with the University’s mission, the program inculcates a culture of engagement that bridges theory with practice, extends the learning environment beyond the classroom, and promotes student growth.

Students in the M.A. Social Science program develop a program of study in conjunction with their advisor. A student will select an area of concentration within one of the three areas - Anthropology, Political Science, or Sociology. With the exception of SOCI/ANTH/POLS 6638, core courses can be used to fulfill the area of concentration requirements.

Social Science M.A.

Degree Requirements: 36 Credit Hours

Admission Requirements

Regular
1. An undergraduate degree from an accredited, four-year institution (or a course of study that is the equivalent of such a degree).
2. A statement of purpose expressing student’s aspirations.
3. A favorable review by the Social Science Graduate Admissions Committee. If an applicant’s overall undergraduate GPA is equal to or greater than a 3.0 or if the student already holds an advanced graduate degree, the GRE scores will be waived. Otherwise, GRE scores are required. Consideration is also given to the student’s statement of purpose and potential for succeeding in the program.

Provisional
Non-traditional students and applicants not meeting the above requirements may be considered for Provisional (Probationary) admission as determined on a case-by-case basis.

Theory (Can be any ANTH, POLS, or SOCI theory course) 3

Methods and/or Analysis (Can be any ANTH, POLS, or SOCI methods and/or analysis courses) 6

Elective Courses

A student will develop a program of study in conjunction with their advisor and approved by the graduate Director. A student will select an area of concentration within one of the three areas: Anthropology, Political Science, or Sociology. An area of concentration requires a minimum of 15 credit hours of coursework from within anthropology, political science, or sociology. With the exception of SOCI/ANTH/POLS 6638, core courses can be used to fulfill the area of concentration requirements.

Terminal Project:
Select one of the following Tracks 6

Applied/Public Service Track
The applied/public service track is for students who plan to enter applied or public service venues. Students may choose among three terminal projects. (Option 1) Students complete six credit hours of course work that has an applied emphasis (e.g. additional classes in methods, statistics, grant writing, program evaluation, public policy, or field research). Specific courses must be approved by the advisor and graduate director. (Option 2) Students complete an internship approved by the advisor and director. Or (Option 3) students take courses to prepare them for a career in teaching at the community college level.

Thesis Track

The research thesis track is strongly recommended for students who plan to continue in graduate or professional education. The thesis may be theoretical or empirical and should represent the student’s knowledge of social science theory, methodology and a substantive area as well as the ability to conduct research. Data for empirical research projects may be qualitative and/or quantitative and primary and/or secondary in nature.

Total Credit Hours

General Program Requirements

Students can earn six (6) credits from courses at the 5000G level. Students will craft a program of study which draws from at least two of the three fields of study within the Social Sciences program. Enrollment in courses outside anthropology, political science, and sociology is limited to a maximum of six (6) credits. Courses that are taken to fulfill a prerequisite for admission may not be used to satisfy course credit hour requirements. All students must complete a portfolio to demonstrate the completion of program objectives.

Parker College of Business

The Parker College of Business at Georgia Southern University is part of a comprehensive, regional university. At the undergraduate level, we provide the Bachelor of Business Administration degree with majors in accounting, economics, finance, information systems, supply chain management, management, and marketing. At the graduate level, we provide the Master of Business Administration, online MBA, Master of Accounting, WebMACC, and online Master of Science in Applied Economics degrees, as well as a Graduate Certificate Applied Economics, a Graduate Certificate in Fraud Examination, a Graduate Certificate in Forensic Accounting, a Graduate Certificate in Taxation, and a Graduate Certificate in Enterprise Resources Planning (ERP), to prepare students for accounting and management positions of significant responsibility. Our degree programs are accredited by the AACSB, an affiliation that underscores the College’s dedication to continuous improvement and commitment to excellence. Our accounting programs hold separate AACSB accreditation.

Mission

The Parker College of Business seeks to produce career-ready professionals by offering a broad array of high quality undergraduate and select graduate programs within a learning environment characterized by inspired teaching, relevant research, and meaningful service. We search for new knowledge, both theoretical and practical, and insightful learning opportunities for our students, guided by common values of continuous improvement, excellence, integrity, accountability, respect, and sustainability.

Teaching in the Parker College:

We endeavor to prepare career-ready professionals. This motivates our teaching. We equip students with the knowledge, critical thinking skills, and relevant tools for professional success. Our curriculum is driven by and evolves with informed theory and best practices. The learning environment we create within the classroom and beyond attracts students to the Parker College and inspires them to learn. This rich learning environment creates demand for our graduates.

Research in the Parker College:

Our desire to produce career-ready professional motivates the growth of our intellectual capital through rigorous and meaningful inquiry. Our scholarship supports our distinctiveness and represents the source of our expertise in the classroom and in the academic and business communities. We value scholarship that informs theory, practice and teaching. Our inquiry is validated through a diverse portfolio of scholarly and professional activities.

Service in the Parker College:

Service is a professional activity and is an important way by which we renew ourselves. We value service activities that leverage our position and expertise as teacher-scholars and researchers. Service provides benefits for our students, the professions they will enter, and the brand, the Parker College or University. Because not all service activities are equal, we assess and recognize our service in terms of its overall impact.

College Structure

- Office of Graduate Programs (p. 102)
- Secondary or P-12 Education Certification (p. 117)

Internships

Internship opportunities are available through the Office of Experiential Learning and Student Engagement in the College of Business Building, room 3300B. Internships are supervised work-study programs, designed to allow students an opportunity to receive practical experience in their chosen field of study. Prerequisites include a review of academic qualifications, and approval of the Director. Students should contact Danielle Smith, Director of Experiential Learning & Student Engagement, for further information.

Programs and Certificates

Ph.D. in Logistics and Supply Chain Management

The Ph.D. Program in Logistics and SCM trains students for academic positions in logistics and supply chain management. The program builds on the College of Business's nationally ranked undergraduate degree program in Logistics and Intermodal Transportation. Graduates will be prepared to generate new knowledge, as well as to communicate a deep understanding of logistics and supply chain management to wide ranging audiences. The program requires 60 credit hours of coursework, provided the student has an appropriate master's degree. Course work in the degree is expected to be completed within two years. After successful completion of a Comprehensive Exam, students will then transition to completing their dissertation. Core classes focus on advanced courses in logistics, sourcing, operations management, and supply chain management providing a broad-based and integrative foundation to the discipline.

Master of Business Administration

The purpose of the MBA program at Georgia Southern University is to prepare men and women for careers in business and non-profit organizations in an increasingly complex and changing world. It emphasizes the fundamental knowledge and skills underlying modern administration and management and applies these with emphasis upon the area of managerial and executive decision-making.

Georgia Southern University has offered the Master of Business Administration degree since 1969 with graduates going on to pursue successful careers in banking and finance, marketing, manufacturing, and international organizations. The MBA program is designed to accommodate part-time students. Classes are moderate in size to create an optimal environment for effective learning and thought-provoking discussions.

Master of Accounting

The Master of Accounting (MAcc) program focuses on the knowledge and skills students need for careers in public accounting and consulting. The curriculum includes 18 credit hours of accounting and law and 12 credit hours of electives designed to allow students to customize their program of study to fit their personal career objectives. The WebMAcc is an online 30-credit-hour program designed for working professionals and the diploma WebMAcc students earn is identical to that of on-campus students. Combined with the BBA Accounting degree, both the MAcc and WebMAcc programs meet Georgia’s 150-hour requirement for certification as a CPA. Graduate Certificate options in Tax and Forensic Accounting allow students to set themselves apart from other graduates and increase their versatility in the workforce.

Master of Science in Applied Economics

The Master of Science in Applied Economics (MSAE) is offered exclusively online. The MSAE consists of 30 credit hours and features a rigorous core curriculum consisting of Micro-economic Theory, Macroeconomic Theory, International Economics and Applied Econometrics. The program’s graduates are expected to be competitive for employment in private enterprise, including financial institutions, industry, utility companies and governmental organizations engaged in regulation and economic development.

Graduate Certificate in Enterprise Resources Planning (ERP)

The Enterprise Resources Planning (ERP) Certificate is an online program for working professionals and recent graduates who want to deepen
their understanding of ERP systems and integrated business processes within organizations. This 15 credit hour lockstep program offers students the opportunity to gain hands on experience with SAP® ERP and to earn an Associate Level SAP® Certification (SAP Certified Associate - Business Process Integration with SAP ERP 6.0). This certification is recognized globally and validates broad understanding of integrated business processes within the world’s most widely used ERP software. Admission to the program is competitive and the size of each cohort is limited.

Graduate Certificate in Forensic Accounting

The Graduate Certificate in Forensic Accounting program is designed to provide the advanced knowledge and skills graduates need to investigate asset theft and financial statement fraud, to design internal control systems that detect and/or prevent fraud, and to serve effectively as expert witnesses in a court of law.

Graduate Certificate in Taxation

The Graduate Certificate in Taxation imparts a basic knowledge of the major technical, conceptual, and research issues in the area of tax and taxation, and provides training in the practical and procedural aspects of taxation. Students explore the ethical and legal obligations of practicing in the area of taxation. The Certificate program prepares students to be professional tax advisers and consultants, tax executives in private and public enterprises and leaders in the field.

Accounting M.Acc.

Degree Requirements: 30 Credit Hours

Admission Requirements

The Master of Accounting (M.Acc) program focuses on the knowledge and skills students need for careers in public accounting. The curriculum includes 18 credit hours of accounting and 12 credit hours of electives designed to allow students to personalize their program of study to fit their career objectives. The Georgia Southern University MAcc program meets Georgia’s 150-hour requirement for certification as a Certified Public Accountant (CPA) and can be completed in one year. A prospective student who has earned a baccalaureate degree and plans to take courses in the program must be admitted under one of the following classifications: Degree Student Regular Admission, Degree Student Provisional Admission, Non-Degree Enrichment Student, or Non-Degree Limited Student.

Degree Student

Students who are admitted to the College of Graduate Studies with the expressed intent of following a program leading to a graduate degree are classified as graduate students. When admitted as a degree student, the applicant will be placed in one of the following categories: Regular Admission or Provisional Admission.

Regular Admission

A prospective candidate for the M.Acc. degree who meets all requirements for unqualified admission and has been recommended by the Director of the School of Accountancy in the College of Business and approved by the College of Graduate Studies is classified as a regular degree student. Student transcripts are evaluated for prerequisite requirements during the review of the admission packet. The requirement to make up deficiencies in prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

Provisional Admission

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of coursework after admission and meet other stipulations outlined by the School of Accountancy to be converted to regular status. The requirement to make up deficiencies in prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

Non-Degree Student

An applicant may be admitted to the College of Graduate Studies as a non-degree student to earn credit in graduate courses without working toward a degree. Admission as a non-degree student does not guarantee subsequent admission to a graduate degree program; that is a separate process and different criteria must be met. Students who are admitted in a non-degree category may apply to a degree program at any time. Upon the graduate director’s recommendation, non-degree courses may be included in the graduate degree program of study should the student gain reclassification as a degree student. A student may be admitted to the College of Graduate Studies and in Business in one of the following admission categories: Non-Degree Enrichment Student or Non-Degree Limited Student.

Enrichment

Students admitted in this category may take up to eighteen (18) graduate accounting credit hours for enrichment with the approval of the Director of the School of Accountancy on a space available basis. An enrichment student may apply for admission as a Degree Student and may count a maximum of nine (9) credit hours toward graduate degree program...
requirements if recommended by the graduate director and approved by the College of Graduate Studies. The requirement to make up deficiencies in the prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

**Limited**

Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) credit hours of graduate courses in any seven contiguous years. A student may count a maximum of nine (9) credit hours toward graduate degree program requirements if recommended by the graduate director and approved by the College of Graduate Studies. The requirement to make up deficiencies in the prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

**Admission Appeals**

Students who are denied admission may appeal to the College of Business Graduate Curriculum and Programs Committee (GCPC). Factors that the GCPC may consider for admission will include (but are not limited to) the following:

1. Probability of success in the program.
2. The diversity the applicant brings to the degree program.
3. Space availability in the program.

The GCPC will make its decision based on the best interests of the program. Its options include, but are not limited to, the following: admit with no restrictions, admit with restrictions, or reject.

**Graduate Transfer or Transient Credit**

The College of Business accepts graduate transfer or transient credit hours only from AACSB accredited programs not to exceed six (6) credits subject to review and approval by the Director of the School of Accountancy. WebMAcc courses cannot be used to fulfill the requirements for the M.Acc. degree nor can ACCT or LSTD courses be applied for credit hour in the WebMAcc program. However, a student currently enrolled in one program can, under special circumstances, apply for admission to the other program and request that credit hours be transferred. The request to transfer courses must be approved by the Director of the School of Accountancy or the Graduate Curriculum and Programs Committee.

**Admission Factors**

Admission to the MAcc program is competitive. The School’s admissions committee reviews applications on an individual basis looking at both the quantitative and qualitative aspects of the applicant’s academic background and professional experience (if applicable). The committee seeks to assess each applicant’s potential for academic success in a graduate program based on the following:

- Statement of Purpose Essay: Because the admissions process may not allow for personal interviews, this essay is a crucial reflection of the applicant’s written communication skills.
- Past Academic Performance: Current competitive GPA: While there is no minimum undergraduate grade point average (GPA) requirement, the admissions committee views past grades as an important indicator of the applicant’s future academic performance. The committee may also consider the ranking and reputation of the applicant’s undergraduate institution.
- Professional Experience: There is no work experience requirement although work experience will be viewed positively by the admissions committee.
- GMAT Score: A current competitive GMAT is typically required. Applicants may request a waiver of the GMAT requirement based on exceptional academic and/or professional experience. A recommendation for a GMAT waiver must be made by the Graduate Director or Director of the School of Accountancy and approved by the College of Graduate Studies.
- Other Required Scores: Competitive scores on any other required tests will also be considered and are an extremely important component of the application.
- Letters of Recommendation: Letters are optional but may boost candidates’ chances for admission. References should speak to the applicant’s personal qualities, career potential, and potential to succeed in the classroom.

In addition to the applicant’s potential of success, space availability in the program may also impact admissions decisions. Decisions are made in a timely manner as possible. A decision is not assured before the application deadline. Applications received after the applications deadline will be considered on a space available basis.

**Program of Study**

**Prerequisites**

A student admitted to the College of Graduate Studies as a prospective candidate for the Master of Accounting degree must present evidence of satisfactory completion (a minimum grade of “C”) of the following course content:

Total Credit Hours 30

School of Accountancy (SOA) Progression Requirements

1. Students must have a GPA of 3.0 in all accounting courses plus the required legal studies (LSTD) course in order to graduate with a M.Acc. degree (in addition to the 3.0 overall GPA required by the university).
2. Students cannot retake a course in the MAcc program more than once. Earning a “D”, “F”, WF, or “W” on the second attempt will result in dismissal from the program.
3. Students cannot retake more than one graduate course in the MAcc program. Earning a “D”, “F”, WF, or “W” on a second course will result in dismissal from the program.
4. Students cannot earn more than 2 grades of “C” or below during their tenure in the Masters of Accountancy program. More than two grades of “C” or below will result in immediate dismissal from the program. Further, a student will not be allowed to graduate with a M.Acc. degree if the third “C” or below occurs in the last semester of the program.
5. Students who are dismissed from the MAcc program may appeal the program dismissal to the SOA Curriculum Committee. Students who wish to appeal their dismissal must write a letter to the committee requesting permission to continue in the MAcc Program.
6. Strict adherence to the American Institute of Certified Public Accountants’ Code of Professional Conduct is required of all accounting students. Failure to comply with these professional standards will result in review and action by the School of Accountancy faculty and could result in the student’s dismissal from the accounting program.

Accounting WebM.Acc. (The Web-Based Master of Accounting)

Degree Requirements: 30 Credit Hours
The Web-Based Master of Accounting (WebM.Acc.) degree curriculum consists of 10 3-credit hour courses. Students are required to complete two courses each fall and spring term and one course each summer for two consecutive years. WebMAcc courses cannot be used to satisfy the requirements of the M.Acc. degree.

Georgia Southern University considers the WebMAcc to be a full-time program.

The WebMAcc program focuses on the knowledge and skills students need for careers in public accounting. The curriculum includes 30 credit hours of coursework. The 30 credit hours include 18 credit hours of required courses; the remaining 12 credit hours of electives must be approved by the Program Director or the Director of the School of Accountancy. The Georgia Southern University WebMAcc program is designed to assist students in meeting Georgia’s 150-hour requirement to obtain a CPA License. A prospective student who has earned a baccalaureate degree and plans to take courses in the program must be admitted to the College of Graduate Studies as one of the following types: Degree Student Regular Admission, Degree Student Provisional Admission, Non-Degree Enrichment Student, or Non-Degree Limited Student.

Degree Student

Students who are admitted to the College of Graduate Studies with the expressed intent of following a program leading to a graduate degree are classified as degree students. When admitted as a degree student, the applicant will be placed in one of the following categories: Regular Admission or Provisional Admission.

Regular Admission

A prospective candidate for the WebM.Acc. degree who meets all requirements for unqualified admission and has been recommended by the Director of the School of Accountancy in the College of Business and approved by the College of Graduate Studies is classified as a regular degree student. The requirement to make up deficiencies in prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of coursework after admission and meet other stipulations outlined by the department to be converted to regular status. The requirement to make up deficiencies in the prerequisite courses is listed on the notification of acceptance as a condition of acceptance.

Non-Degree Student

An applicant may be admitted to the College of Graduate Studies as a non-degree student to earn credit in graduate courses without working toward a degree. Admission as a non-degree student does not guarantee subsequent admission to a graduate degree program; that is a separate process and different criteria must be met. Students who are admitted in a non-degree category may apply to a degree program at any time. Upon the graduate director’s recommendation, non-degree courses may be included in the graduate degree program of study should the student gain reclassification as a degree student. A student may be admitted to the Colleges of Graduate Studies and Business in one of the following admission categories:

Enrichment

Students may be admitted to up to eighteen (18) graduate accounting credit hours with the approval of the graduate director on a space available basis. A student may count a maximum of nine (9) credit hours toward graduate degree program requirements if recommended by the degree graduate director and approved by the College of Graduate Studies.
Limited

Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) credit hours in graduate courses in any seven contiguous years. A student may count a maximum of nine (9) credit hours toward graduate degree program requirements if recommended by the degree graduate director and approved by the College of Graduate Studies.

Admission Appeals

Students who are denied admission may appeal to the College of Business Graduate Curriculum and Programs Committee (GCPC). Factors that the GCPC may consider for admission will include (but are not limited to) the following:

1. Probability of success in the program.
2. The diversity the applicant brings to the degree program.
3. Space availability in the program.

The GCPC will make its decision based on the best interests of the program. Its options include, but are not limited to, the following: admit with no restrictions, admit with restrictions, or reject.

Graduate Transfer or Transient Credit

The College of Business accepts graduate transfer or transient credit hours only from AACSB accredited programs not to exceed six (6) credits subject to review and approval by the Director of the School of Accountancy. WebMAcc courses cannot be used to fulfill the requirements for the M.Acc. degree nor can ACCT or LSTD courses be applied for credit hour in the WebMAcc program. However, a student currently enrolled in one program can, under special circumstances, apply for admission to the other program and request that credit hours be transferred. The request to transfer courses must be approved by the Director of the School of Accountancy or the Graduate Curriculum and Programs Committee.

Admission Factors

Admission to the WebMAcc program is competitive. The School’s admissions committee reviews applications on an individual basis looking at both the quantitative and qualitative aspects of the applicant’s academic background and professional experience (if applicable). The committee seeks to assess each applicant’s potential for academic success in a graduate program based on the following:

• Statement of Purpose Essay: Because the admissions process may not allow for personal interviews, this essay is a crucial reflection of the applicant’s written communication skills.
• Past Academic Performance: Current competitive GPA: While there is no minimum undergraduate grade point average (GPA) requirement, the admissions committee views past grades as an important indicator of the applicant’s future academic performance. The committee may also consider the ranking and reputation of the applicant’s undergraduate institution.
• Professional Experience: There is no work experience requirement although work experience will be viewed positively by the admissions committee.
• GMAT Score: A current competitive GMAT is typically required. Applicants may request a waiver of the GMAT requirement based on exceptional academic and/or professional experience. A recommendation for a GMAT waiver must be made by the Graduate Director or Director of the School of Accountancy and approved by the College of Graduate Studies.
• Other Required Scores: Competitive scores on any other required tests will also be considered and are an extremely important component of the application.

• Letters of Recommendation: Letters are optional but may boost candidates’ chances for admission. References should speak to the applicant’s personal qualities, career potential, and potential to succeed in the classroom.

In addition to the applicant’s potential of success, space availability in the program may also impact admissions decisions. Decisions are made in as timely a manner as possible. A decision is not assured before the application deadline. Applications received after the applications deadline will be considered on a space available basis.

Program of Study

General Business

No general business courses are required for the WebMAcc program, but individual elective courses may require prerequisite courses. Students are responsible for meeting course prerequisites prior to admission to the program. In addition, for candidates who plan to take the Uniform CPA Examination, most jurisdictions have general business course requirements as part of the education requirement to take this exam. Applicants should check with their respective jurisdiction (state boards, etc.) for particular requirements.

Elective Courses
Residency and Testing Requirements

Program or course testing should occur at an approved testing center with identification required if at all possible. Additional test security measures as deemed necessary by the faculty may also be required and students will be given appropriate notice of those additional security measures. ProctorU or similar online testing services may be required in lieu of testing held at testing centers. Online tools for proctored testing may include ProctorU, Respondus Lockdown Browser, Respondus Monitor, or other tools the university makes available or the instructor requires.

Students are responsible for contacting the proposed testing site to obtain approval to sit for exams at that site. Students must provide proof of permission to sit to their instructor and WebMAcc coordinator. Students are encouraged to do this early to ensure that the approval process is complete in time for the first required test. It is also the students’ responsibility to contact the testing center in advance to schedule each test during the program and to complete the test or assignment by the stated deadline and/or during the stated time period. All costs of testing will be borne by the student.

Approved testing centers may include Prometric or other nationally or regionally recognized commercial testing centers, universities, colleges, or community colleges accredited by an acceptable accrediting agency, or other approved sites. The University is part of a consortium that certifies testing locations called the Consortium of College Testing Centers, provided by the National College Testing Association. Students can look up certified locations close to them to explore cost information, hours, etc. here: http://www.ncta-testing.org/test-center-certification. Testing sites that will not be approved include: the student’s workplace or any location where the proctor would be a relative (by law or marriage), an employer, an employee, or other person with a potential related interest.

Progression Requirements

1. Students must have a GPA of 3.0 in all accounting courses plus the required legal studies (LSTD) course in order to graduate with a M.Acc. degree (in addition to the 3.0 overall GPA required by the university).
2. Students cannot retake a course in the MAcc program more than once. Earning a “D”, “F”, WF, or “W” on the second attempt will result in dismissal from the program.
3. Students cannot retake more than one graduate course in the MAcc program. Earning a “D”, “F”, WF, or “W” on a second course will result in dismissal from the program.
4. Students cannot earn more than 2 grades of “C” or below during their tenure in the Masters of Accountancy program. More than two grades of “C” or below will result in immediate dismissal from the program. Further, a student will not be allowed to graduate with a M.Acc. degree if the third “C” or below occurs in the last semester of the program.
5. Students who are dismissed from the MAcc program may appeal the program dismissal to the SOA Curriculum Committee. Students who wish to appeal their dismissal must write a letter to the committee requesting permission to continue in the MAcc Program.
6. Strict adherence to the American Institute of Certified Public Accountants’ Code of Professional Conduct is required of all accounting students. Failure to comply with these professional standards will result in review and action by the School of Accountancy faculty and could result in the student’s dismissal from the accounting program.

Applied Economics Certificate (Online)

Requirements: 18 Credit Hours

Admission Requirements

Admission into the Master of Science in Applied Economics program is competitive. To be considered for regular admission students must satisfy the following requirements:

1. Bachelor’s degree from an accredited college or university
2. Undergraduate GPA: minimum of 3.00 on a 4.00 point scale
3. Competitive GRE scores
4. Completed courses in calculus, statistics, macroeconomics, and microeconomics with a minimum grade of “C” in each course and a minimum GPA of 3.00 on a 4.00 scale in these courses

The GRE requirement may be waived at the discretion of the Program Director for applicants holding a graduate degree in a quantitative field.

Provisional

Applicants may be admitted on a provisional basis based upon the evaluation of their application materials. Provisional admission is for applicants who do not satisfy regular admission requirements or applicants who require prerequisite coursework prior to entering the program.

Application Deadlines

The deadline for completed applications for fall semester admission is May 1st with decisions being made on or before June 1st. Applications for spring semester are due by October 1st with decisions being made on or before October 15th. Applications completed after the deadline will be considered at the discretion of the Program Director.

Business Administration M.B.A.

Degree Requirements: 30 Credit Hours

MBA Mission Statement

The mission of the Master of Business Administration program at Georgia Southern University is to create organizational leaders with an understanding of global, ethical, and social issues.

Graduates of the program will be able to:

1. Apply tools and concepts from the functional areas of business to identify problems and to support recommended courses of action;
2. Employ appropriate analytical methods for problem solving and to support decision making;
3. Evaluate economic opportunities in a global context and evaluate management and organizational strategies from a global economic perspective;
4. Employ appropriate technology in the analysis of information and to support decisions and recommendations;
5. Evaluate ethical alternatives and defend an ethical course of action in a business context; and
6. Evaluate appropriate leadership characteristics and techniques in the context of an organization’s culture and of organizational change.

Admission Requirements

Admission to the MBA Program is competitive and decisions are made on a rolling-basis. This means that application packets are reviewed when they are complete and decisions are made shortly thereafter. Seats are filled as decisions are made, so candidates are encouraged to complete their applications as soon as possible.
The Program looks at a variety of criteria that measure the candidate's potential for being a successful graduate student and business leader. Factors used in determining admission include:

- Past academic performance
- Current Official GMAT score
- Professional work experience

### Degree Student

Students who are admitted to the College of Graduate Studies with the expressed intention of following a program leading to a graduate degree are classified as degree students. When admitted as a degree student, the applicant will be placed in one of the following categories:

### Regular Admission

1. A prospective student must have a baccalaureate degree from an accredited College or University
2. Present official transcripts from all credit-granting institutions
3. Present a current official report of score from the Graduate Management Admissions Test (GMAT)
4. TOEFL or IELTS scores are required for international applicants

Applicants may ask that the GMAT be waived under certain circumstances.

### Provisional Admission

Applicants may be approved for provisional admission if all criteria are not met to gain regular admission. Provisional students must earn grades of "B" or higher on their first nine (9) credit hours of course work after admission and must meet any other stipulations outlined by the admissions committee to be converted to regular status.

### Non-degree Student

An applicant may be admitted to the College of Graduate Studies as a non-degree student to earn credit in graduate courses without working toward a degree. Admission as a non-degree student does not guarantee subsequent admission to a graduate degree program; that is a separate process, and different criteria must be met. Students who are admitted in a non-degree category may apply to a degree program at any time. Upon the advisor’s recommendation, non-degree courses may be included in the graduate degree program of study should the student gain reclassification as a degree student. A student may be admitted to the College of Graduate Studies and in Business in one of the following admission categories:

### Enrichment

An applicant who holds an undergraduate or graduate degree and desires to take business courses for personal or professional improvement may be admitted in this category. Enrollment in the Non-Degree Enrichment category is limited to eighteen (18) credit hours in graduate courses in any seven contiguous years, however, a student may count a maximum of nine (9) credit hours toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the College of Graduate Studies.

### Limited

A student whose file is incomplete because certain required application materials have not been received in the Office of Graduate Admissions for degree admission consideration may be admitted in this category. Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) credit hours in graduate courses in any seven contiguous years. A student may count a maximum of nine (9) credit hours toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the College of Graduate Studies.

### Graduate Transfer or Transient Credit

The College of Business accepts graduate transfer or transient credit only from AACSB accredited programs not to exceed six (6) credit hours subject to review and approval by the Program Director or the College of Business Graduate Curriculum and Programs Committee.

### MBA Program Requirements

Requirements in the Program of Study leading to the Master of Business Administration depend on whether a student pursues a General MBA degree or an MBA degree with an area of concentration.

#### Program of Study: General M.B.A. Degree

A student admitted to the College of Graduate Studies as a prospective candidate for the Master of Business Administration degree must present evidence of satisfactory completion (a minimum grade of "C") of the following undergraduate course content in Business Administration. The prerequisite requirements for admission to the MBA program may be completed by taking the appropriate undergraduate courses from Georgia Southern, equivalent courses from any other accredited college or university, or other approved methods.

Business Administration M.B.A.
(The Georgia WebMBA)

Degree Requirements: 30 Credit Hours

The online Georgia WebMBA® curriculum consists of 10 courses completed two courses each term for five consecutive terms. A preprogram orientation is also required. No electives are required. Convenient and affordable, the WebMBA® provides quality instruction in a Web-based virtual setting. The program is administered through a consortium of six University System of Georgia institutions comprising the Georgia WebMBA.

Admission Requirements
Admission occurs only for fall and spring semesters.

1. Complete the Graduate Admission Application Form at http://cogs.georgiasouthern.edu/.
2. A $50.00 application fee is required.
3. Send an official transcript from all colleges and universities attended to:
   Georgia Southern University
   College of Graduate Studies
   Admissions Office
   P.O. Box 8113
   Statesboro, GA 30460-8113
   (912) 478-0587
4. Official GMAT score. Our school code is 5253. For more information about the GMAT, go to http://www.gmac.com and/or http://www.mba.com/mba/ Applicants can request a waiver of the GMAT requirement based on outstanding prior academic performance and/or professional experience.
5. Send your résumé.
6. TOEFL or IELTS score (international students only).
Admission to the WebMBA Program is competitive and decisions are made on a rolling basis. This means that application packets are reviewed when they are complete and decisions are made shortly thereafter. Seats are filled as decisions are made, so candidates are encouraged to complete their applications as soon as possible.

The Program looks at a variety of criteria that measure the candidate's potential for being a successful graduate student and business leader. Factors used in determining admission include:

- Past academic performance
- Current official GMAT score
- Professional work experience

**Prerequisite Requirements Showing Undergraduate Equivalents**

A prospective candidate must present evidence of satisfactory completion (a minimum grade of “C”) of the following undergraduate equivalent course content in Business Administration or take the graduate prerequisites or undergraduate equivalents before enrolling in 7000 level coursework. The prerequisite requirements may also be completed by successfully completing online course content modules. Modules information is available on request from the Office of Graduate Programs.

**Business Administration Ph.D (Logistics and Supply Chain Management)**

**Degree Requirements: 60 Credit Hours**

**Program Mission Statement**

The program’s intended outcomes are to provide students with:

1. Advanced understanding of the core areas of study within the field of supply chain management, including logistics and transportation
2. Advanced knowledge, skills, and values in at least one of the core areas (operations management, marketing, or information systems) for specialized roles within supply chain management
3. Advanced analytical and assessment skills
4. Advanced capability to develop, conduct, and manage applied research streams
5. Ethical decision-making and integrity
6. Professional and personal responsibility
7. Understanding of, and respect for, persons from diverse cultural, socioeconomic, educational, and professional backgrounds
8. Commitment to improving the economy, employment levels and competitiveness of the state of Georgia

**Admission Requirements**

Applicants to the PhD program must submit the following:

- Completed online graduate application form (http://cogs.georgiasouthern.edu/admission/start/applynow/)
- $50 application fee
- Official transcript(s) from colleges and universities attended, showing courses completed, grades earned, dates, and degree(s) awarded.
- Three letters of recommendation. At least one letter must be from a graduate school faculty member.
- Official score from the GRE taken within the last five years. An original copy of the test score, sent by the testing agency to the Office of Admissions, is required before final action will be taken on an application. A copy of the score provided to the student and subsequently forwarded is not acceptable for final admission decisions. The GRE will only be considered in exceptional cases.
- Official score from the GMAT taken in the last five years. An original copy of the test score, sent by the testing agency to the Office of Admissions, is required before final action will be taken on an application. A copy of the score provided to the student and subsequently forwarded is not acceptable for final admission decisions. The GRE will only be considered in exceptional cases.
- All international applicants, including resident and nonresident aliens, whose native language is not English, are required to submit official TOEFL scores taken within the year immediately preceding the requested semester of admission. An original copy of the test score, sent by the testing agency to the Office of Admissions, is required before final action is taken on an application. A copy of the score provided to the student and subsequently forwarded is not acceptable. International students that have a degree from a US university may have this requirement waived;
• Statement of purpose that includes a description of professional goals and a rationale for how the Ph.D. program will further the student’s career objectives.
• A current resume that includes, as a minimum, all academic programs, completed an employment history, and any professional certifications or other significant achievements and honors.
• Applicants whose submitted application packages merit closer consideration may be asked to participate in an interview and or submit additional information before a final decision is reached concerning their acceptance.

Acceptance decisions will be made, subject to budgetary constraints, first within the Parker College of Business and ultimately at the College of Graduate Studies. After reviewing application materials, the Program Director may accept applicants who meet all of the following conditions:

• Successfully completed BBA or MBA from an AACSB-accredited program; a MBA is strongly preferred
• Scored at least a 550 on the GMAT or for exceptional cases where the GRE will be considered, the score must be above a 1200
• If English is not the applicant’s native language, scored above 80 on TOEFL

The Program Director will submit all remaining applications, along with his/her recommendations, to the PhD Advisory Committee for their decision. Once a decision has been made within the Parker College of Business, the Program Director will forward all applications to the College of Graduate Studies for final disposition.

Accepted applicants who have not completed an AACSB-accredited MBA or an appropriately-accredited Master’s Degree in a field closely related to Logistics/Supply Chain Management may be required to complete all specified prerequisite courses (or courses determined by the Program Director to be equivalent) with grades of “C” or better before taking appropriate doctoral-level courses.

Applicants who wish to apply for a graduate assistantship must also complete the Electronic Graduate Assistantship Application (http://cogs.georgiasouthern.edu/new-current-students/graduate-assistantships-information/) and submit it to the Jack N. Averitt College of Graduate Studies.

Program Requirements

Graduate Transfer or Transient Credit

The Parker College of Business Administration accepts graduate transfer or transient credit only from AACSB accredited programs. A maximum of two courses not to exceed six (6) credits may be considered for graduate transfer or transient credit.

Coursework

Students will be required to complete the courses specified in the Program of Study shown below with an overall GPA of 3.0 or better. One time only, a student may receive a grade of “C”, but will be required to re-take the course and earn a “B” or better and will also have to still achieve a cumulative GPA of 3.0 by the time they’ve completed their coursework. More than one “C” or any grade lower than a “C” will be grounds for elimination from the program. Any prerequisite courses must be completed within one calendar year of the student’s acceptance into the program. All required coursework (i.e. core, research, and concentration courses) must be completed within three years of the time the student enters the program or completes prerequisite coursework, whichever is later. (Students in violation of policies on grades or time limits may submit a written appeal to the PhD Advisory Committee via the Program Director, explaining why they believe their situation merits an exception to the policy.)

Comprehensive Examinations

Students will be required to pass one or more comprehensive examinations covering all coursework specified in the Program of Study before they may begin any dissertation activities (to include formation of the committee). The Program Director will be responsible for the creation, administration, and evaluation of these exams, although he/she may delegate associated tasks to other faculty members. At the discretion of the Program Director, all coursework may be covered by a single comprehensive exam or up to three separate exams may be given for the categories of core courses, research courses, and concentration courses, as differentiated in the Program of Study. Comprehensive exams may include both written and oral components and will be evaluated on a Pass/Fail basis. The Program Director will notify students in writing of whether they have passed and, if not, what areas require further study. Students may not take any comprehensive exam once, if needed. Failure to pass any comprehensive exam after two attempts will result in termination of the student’s enrollment in the program. When a student has completed all required comprehensive exams, he/she will be considered a candidate for the Ph.D.

Dissertation

Following successful completion of all required comprehensive exams, candidates will formulate an appropriate dissertation topic that is likely to produce high-quality research publications. The candidate will then contact potential committee members to ascertain their suitability and willingness to serve on a Dissertation Committee for that topic. (The size and composition of the committee, as well as eligibility requirements for committee chairs and members will be defined in a COB Policy statement that is consistent with the College of Graduate Studies dissertation committee and appointment policy and will be made available to candidates by the Program Director no later than the time they are notified of having passed their comprehensive exams.) As soon as verbal commitments have been obtained, the candidate will submit the proposed dissertation topic and committee composition in writing to the Program Director. The Director will review the proposal for compliance with program and college policies, inform the student of any needed changes, and ultimately approve the proposal. Students must register for Dissertation (LSCM 9999), Dissertation credit hour during each semester the dissertation is in progress, earning a minimum of 18 credit hours of Dissertation by the end of their program. Furthermore, the students must register continuously in Dissertation (LSCM 9999) until the Dissertation is successfully defended. As soon as the Dissertation Committee Chair considers the intended research to be sufficiently developed, the student will conduct a formal defense of his/her dissertation proposal, supported by substantial preliminary research. As a minimum, the proposal will include a detailed description of the proposed research objectives, methodology, and value. It must also include a thorough literature review showing how the proposal relates to previously published research and a timeline for the project’s completion. The Committee chair will notify the candidate in writing of the committee’s assessment, to include any changes or additional tasks that need to be accomplished and whether another proposal defense will be needed. No earlier than the following semester and no later than two years from the semester in which the proposal was successfully defended, the candidate must conduct a formal defense of the completed dissertation. The Committee chair will notify the candidate in writing of whether the final defense was successful and what additional actions the Committee requires (to include the possibility of another formal defense). The candidate is responsible for submitting the completed dissertation in electronic format style consistent with that required by the Parker College of Business dissertation publication and consistent with the required College of Graduate Studies front-matter style per the College of Graduate Studies Electronic Thesis and Dissertation (ETD) policy.
Leave of Absence

If it is necessary to interrupt progress toward the degree, the student may petition for a non medical leave of absence of up to one year. The petition must be submitted at least one month before the effective date of leave. The major professor, the department chair, and the Dean of the College of Graduate Studies must grant approval. The COGS Dean will establish the conditions of the leave. An extension of a leave of absence beyond one year may be granted by the Dean of the College of Graduate Studies upon recommendation of the student’s dissertation committee. Students approved for a leave of absence are not required to be registered during the approved leave period and the leave time does not count in the degree time limit. Students seeking a Medical Leave of Absence may apply for Medical Leave as outlined under the Hardship Withdrawal (p. 447) section.

Time Limits

• Completion of all prerequisite coursework must be completed no later than one year from acceptance into program
• Completion of all required coursework beyond prerequisites (i.e. core, research, and concentration courses) must be completed no later than three years from acceptance into program or completion of prerequisite coursework, whichever is later
• Successful completion of comprehensive exam(s) must be completed no later than two semesters from completion of required coursework
• Approval of dissertation topic and committee must be completed no later than two semesters from completion of comprehensive exams
• Successful defense of dissertation proposal must be completed no later than two semesters from topic/committee approval or three semesters from completion of comprehensive exams, whichever is sooner
• Successful final defense of dissertation must be completed no later than two years from successful proposal defense
• Satisfaction of all requirements for submission of completed dissertation must be completed no later than one semester from successful final dissertation defense
• Completion of all program requirements, to include coursework, practicum, and dissertation must be completed no later than seven years from beginning of required coursework beyond prerequisites

NOTES:
1. Students in violation of policies on grades or time limits may submit a written appeal to the PhD Advisory Committee via the Program Director, explaining why they believe their situation merits an exception to the policy.
2. Enrollment and participation are expected to be continuous from a student’s acceptance into the program. A student who needs to be excused from enrollment for one semester due to unusual circumstances should submit a written request and explanation to the Program Director. The Director may grant one such excusal, but anything more will require consideration by the COB Graduate Curriculum and Programs Committee.

Annual Reviews

At the conclusion of each Spring semester, the Program Director will solicit feedback from all faculty who’ve had any significant professional interaction with any of the program’s students during the preceding year. Combining this feedback with his/her direct observations, the Director will accomplish a written review of each student’s performance during the preceding year. The review will culminate with a recommendation as to whether the student should be retained in the program. Students will be given the option of offering a written response within three work days. If, after considering any written response, the Program Director still believes a student should be eliminated from the program, he/she will submit the recommendation (with all supporting materials) for a decision by the PhD Advisory Committee. At the same time, the Director will submit key data for all students enrolled in the program to that committee for review. As a minimum, the data for each student will include a list of all courses taken, all grades earned, and the start and completion date for each major stage of the program, i.e. prerequisite coursework, required coursework, comprehensive exams, dissertation topic/committee approval, proposal defense, final defense, and submission of completed dissertation. Based on this data, the Director will ask the committee to consider the elimination of all students in violation of any program policy on grades or time limits, including any appeals submitted by those students.

Program of Study: Ph.D. in Logistics and Supply Chain Management Degree

A student admitted to the College of Graduate Studies as a prospective candidate for the Ph.D. in Logistics and Supply Chain Management degree must present evidence of satisfactory completion (a grade of "C" or better) of the following "Prerequisite” course content in Business or graduate equivalents, unless a waiver is obtained from the Ph.D. Program Director.

Focused Methods

Additional depth in any method suitable for LSCM research in COB or across GSU. To be arranged and subject to program’s administrative approval.

Directed Study

Additional depth in any method suitable for LSCM research in COB or across GSU. To be arranged and subject to program’s administrative approval.
Admission to the ERP Certificate program is competitive. The ERP Certificate program’s admission committee reviews applications on an individual basis looking at both the quantitative and qualitative aspects of the applicant’s academic background and professional experience (if applicable). The committee seeks to assess each applicant’s potential for academic success in an online graduate program based on the following:

1. Admission to the Georgia Southern University College of Graduate Studies as a Non-Degree Certificate student. This requires the following:
   a. Completion of a Bachelor’s degree or equivalent from a college accredited by the proper regional association with a 2.7 (4.0 scale) cumulative grade point average or higher on undergraduate work.
   b. Official copies of all undergraduate and graduate, if appropriate, transcripts.
   c. An updated resume that includes the following:
      i. Work history,
      ii. Education history,
      iii. Professional experiences related to the academic program, and
   d. A personal statement that includes a description of career goals and reasons for applying to the graduate ERP Certificate program.
   e. Students whose first language is not English and who have not studied extensively in English must submit official TOEFL scores. TOEFL scores of at least 80 (internet-based), 213 (computer-based), or 550 (paper-based) are required for admission to the ERP Certificate program. TOEFL scores must be sent directly from the Educational Testing Service (ETS) to Georgia Southern University.
   f. Students who are not U.S. citizens must provide a photocopy of their VISA or permanent resident alien cards and satisfy all other admission requirements specified by COGS for international students.
   g. Students interested in applying course credit earned while completing the ERP Certificate toward the requirements for an MBA, MAcc, or MS in Applied Engineering degree must also satisfy the admission requirements for that degree program.

NOTE: Contact the Office of Graduate Admissions for other admission related information.

Admission Appeals

Students who wish to appeal an admission decision must follow the College of Graduate Studies appeal procedures.

Graduate Transfer or Transient Credit

Due to the lock-step nature of the program, credit hour will not be granted for courses taken outside of the ERP Certificate program.

Program of Study

Prerequisites

Students accepted to the program must have previous accounting experience or related coursework. Prospective students without accounting experience or related coursework can take Accounting and Control (ACCT 6130) or its undergraduate equivalent, Survey of Accounting (ACCT 2030), prior to Fall Semester.

Forensic Accounting Certificate

Requirements: 12 Credit Hours

Program

The Graduate Certificate in Forensic Accounting program is designed to provide the advanced knowledge and skills graduates need to investigate asset theft and financial statement fraud, to design internal control systems that detect and/or prevent fraud, and to serve effectively as expert witnesses in a court of law.

Admission Requirements

Students may gain admission to the Graduate Certificate in Forensic Accounting program in the following ways. First, Master of Accounting program students may apply for admission to the degree program and the Certificate program simultaneously to earn the Certificate as an extension of their MAcc program of study. A degree seeking application and an application to the Certificate program must be submitted. As part of the MAcc application process, the admissions committee reviews applications on an individual basis looking at both the quantitative and qualitative aspects of the applicant’s academic background and professional experience (if applicable). The committee seeks to assess each applicant’s potential for academic success and future professional growth based on the following:

- **Statement of Purpose Essay:** This essay is an optional component which allows the faculty to consider the applicant’s motivation as well as written communication skills.
- **Past Academic Performance:** While there is no minimum undergraduate grade point average (GPA) requirement, the admissions committee views past grades as an important indicator of the applicant’s future academic performance. The committee may also consider the ranking and reputation of the applicant’s undergraduate institution.
- **Extracurricular Activities:** Public, community, or military service; travel experiences; extracurricular activities, hobbies and special aptitudes; and any honors or recognitions received are all important indicators of the applicant’s motivation and character.
- **GMAT Score:** GMAT scores will be an extremely important component of the application and thus applicants should address this component aggressively. Applicants may request a waiver of the GMAT requirement based on exceptional academic and/or professional experience. A recommendation for a GMAT waiver must be made by the Graduate Director or Director of the School of Accountancy and approved by the College of Graduate Studies.
- **Letters of recommendation:** Letters are optional but may boost candidates’ chances for admission. References should speak to the applicant’s personal qualities, career potential, and potential to succeed in the classroom.

Participation in the Certificate Program is open to any qualified, degree-seeking graduate student at Georgia Southern University. Students currently enrolled in a degree program must first apply and be admitted to the Certificate program. As permitted by their degree program, students may apply coursework to both the certificate program and their degree. It is not required that the certificate and degree be completed simultaneously, however, students must be enrolled to take classes and the seven year limitation on the application of prior coursework to either the degree or the certificate must be satisfied. Upon recommendation of the Graduate Program Director and approval from the College of Graduate Studies, credit earned in a certificate program may be applied to a graduate degree program.

Finally, students seeking only the Graduate Certificate or the Graduate Certificate independent of another degree program, may be admitted by the College of Graduate Studies (COGS) under a Non-Degree Certificate admission status. Admission as Non-Degree Certificate does not guarantee subsequent admission to a graduate degree program. Applying to a graduate program is a separate process and different criteria must be met. Certificate program admissions decisions are based on applicants’ prior academic work and other factors that indicate their potential for program success and enrichment of the learning environment. Upon recommendation of the graduate program director and approval of the College of Graduate Studies, a maximum of six (6) credits earned before the student entered the certificate program may be applied to that program.

The minimum grade requirements for the graduate certificate are the same as those for graduate degrees. For graduate credit, the grade in a course must be "C" or higher. To remain in good standing, a student must maintain a cumulative GPA of 3.0 or higher. To be awarded a graduate certificate, students:

1. must not be on probation;
2. must have a cumulative GPA of 3.0 or higher on graduate coursework and on coursework applied to the certificate;
3. must meet all the requirements of COGS and the student’s certificate program; and
4. must be enrolled during the semester in which the certificate requirements are completed.

COGS residence requirements and the requirements for a comprehensive final examination do not apply to the graduate certificate program.

Program of Study

Prerequisites

The Fraud Examination prerequisite courses are offered face to face on campus during the academic year and online in the summer. Successful completion of the ACFE exam or fraud examination boot camp (when offered) may be considered sufficient for completion of the fraud examination course prerequisites for admission into the Forensic Accounting program.

### Graduate Certificate in Taxation

#### Requirements: 12 Credit Hours

#### Program

The Graduate Certificate in Taxation imparts a basic knowledge of the major technical, conceptual, and research issues in the area of tax and taxation, and provides training in the practical and procedural aspects of taxation. Students explore the ethical and legal obligations of practicing in the area of taxation. The Certificate program prepares students to be professional tax advisers and consultants, tax executives in private and public enterprises and leaders in the field.

#### Admission Requirements

Students may gain admission to the Certificate in Taxation program in three ways. First, Master of Accounting program students may apply for admission to the degree program and the certificate program simultaneously to earn the Certificate as an extension of their MAcc program of study. A degree seeking application and an application to the Certificate program must be submitted. As part of the MAcc application process, the admissions committee reviews applications on an individual basis looking at both the quantitative and qualitative aspects of the applicant’s academic background and professional experience (if applicable). The committee seeks to assess each applicant’s potential for academic success and future professional growth based on the following:

- Statement of Purpose Essay: This essay is an optional component which allows the faculty to consider the applicant’s motivation as well as written communication skills.
- Past Academic Performance: While there is no minimum undergraduate grade point average (GPA) requirement, the admissions committee views past grades as an important indicator of the applicant’s future academic performance. The committee may also consider the ranking and reputation of the applicant’s undergraduate institution.
- Extracurricular Activities: Public, community, or military service; travel experiences; extracurricular activities, hobbies and special aptitudes; and any honors or recognitions received are all important indicators of the applicant’s motivation and character.
- GMAT Score: GMAT scores will be an extremely important component of the application and thus applicants should address this component aggressively. Applicants may request a waiver of the GMAT requirement based on exceptional academic and/or professional experience. A recommendation for a GMAT waiver must be made by the Graduate Director or Director of the School of Accountancy and approved by the College of Graduate Studies

- Letters of recommendation: Letters are optional but may boost candidates' chances for admission. References should speak to the applicant’s personal qualities, career potential, and potential to succeed in the classroom.

Participation in the Certificate Program is open to any qualified, degree-seeking graduate student at Georgia Southern University. Students currently enrolled in a degree program must first apply and be admitted to the Certificate program. As permitted by their degree program, students may apply coursework to both the certificate program and their degree. It is not required that the certificate and degree be completed simultaneously, however, students must be enrolled to take classes and the seven-year limitation on the application of prior coursework to either the degree or the certificate must be satisfied. Upon recommendation of the Graduate Program Director and approval from the College of Graduate Studies, credit earned in a certificate program may be applied to a graduate degree program.

Finally, students seeking only the Graduate Certificate or the Graduate Certificate independent of another degree program, may be admitted by the College of Graduate Studies (COGS) under a Non-Degree Certificate admission status. Admission as Non-Degree Certificate does not guarantee subsequent admission to a graduate degree program. Applying to a graduate program is a separate process and different criteria must be met. Certificate program admissions decisions are based on applicants’ prior academic work and other factors that indicate their potential for program success and enrichment of the learning environment. Upon recommendation of the graduate program director and approval of the College of Graduate Studies, a maximum of six (6) credits earned before the student entered the certificate program may be applied to that program.

The minimum grade requirements for the graduate certificate are the same as those for graduate degrees. For graduate credit, the grade in a course must be “C” or higher. To remain in good standing, a student must maintain a cumulative GPA of 3.0 or higher. To be awarded a graduate certificate, students:

1. must not be on probation;
2. must have a cumulative GPA of 3.0 or higher on graduate coursework and on coursework applied to the certificate;
3. must meet all the requirements of COGS and the student's certificate program; and
4. must be enrolled during the semester in which the certificate requirements are completed.

COGS residence requirements and the requirements for a comprehensive final examination do not apply to the graduate certificate program.

**Secondary or P-12 Education Certification**

**For Those Interested in Secondary Education (Grades 6-12) Certification with a Business Degree**

Students who plan to seek teacher certification after completion of the B.B.A. program (Accounting, Finance, Information Systems, Logistics and Intermodal Transportation, Management, Marketing, or Economics) may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.B.A. Economic requirements are met, typically no other Economics content courses are required.

The following education courses may also be taken as electives while enrolled in your bachelor's program:

Courses that a student can take as an undergraduate that will count toward certification requirements but will not count toward MAT degree requirements are:

<table>
<thead>
<tr>
<th>Credit Hours</th>
<th></th>
</tr>
</thead>
<tbody>

</tr>
<tr>
<td>READ 3330</td>
<td>Content Literacy</td>
</tr>
<tr>
<td>SPED 3333</td>
<td>Introduction to Special Education</td>
</tr>
</tbody>
</table>

Education Area F “Preprofessional Block” (PPB) courses may also be taken; however the PPB courses will not count toward meeting certification requirements or MAT degree requirements. These courses can provide undergraduate students information and experiences in school settings that will help them make more informed decisions about becoming a teacher. Since the three PPB courses have USG-mandated field requirements, the following guidance should be followed:

- BA/BS/BBA majors can take the complete 9 credit PPB block of courses with the required 50 credits of field experience; OR
- BA/BS/BBA majors can take Exploring Learning and Teaching (EDUC 2130) concurrently with PPB Practicum (EDUC 2090) (50 contact hours in a school) – total of 3 credits. After taking Exploring Learning and Teaching (EDUC 2130), those students can take one or both of the other PPB courses with approximately 10 credits of field experience with each course. These courses are:
  - Investigating Critical and Contemporary Issues in Education (EDUC 2110) (3)
  - Exploring Socio-Cultural Perspectives on Diversity in Educational Contexts (EDUC 2120) (3)

**NOTE:** GACE Program Admission Assessment and GACE Content Assessment examination and 2.5 cumulative GPA requirements must be met for certification program admission and should be considered during enrollment in the bachelor's program.

**For Those Interested in Secondary Education (Grades 6-12) Certification with an ECONOMICS Degree:**

Students who plan to seek teacher certification after completion of the B.B.A. Economics program may achieve this through the Master of Arts in Teaching (MAT) or a non-degree certification program. If all B.B.A. Economic requirements are met, typically no other Economics content courses are required.

The following education courses may also be taken as electives while enrolled in your bachelor’s program:

College of Education

Vision
We envision a College of Education that continues to grow in its national recognition for excellence and innovation in teaching, scholarship, and outreach; and becomes the choice for novice and experienced professionals desiring a high quality, flexible education to help them meet their individual intellectual and career goals.

Mission
The mission of the College of Education is to prepare students to teach, lead, counsel, and model life-long learning; engage in scholarship that provides new pathways to meet the needs of a dynamic, diverse society; and facilitate access to learning opportunities that are authentic, student-centered, and technology-rich.

College Structure
- Admission and Retention in College of Education Programs (p. 119)
- Admission and Retention in the Teacher Education Program (p. 119)

Advisement
Students in M.A.T., M.Ed., Ed.S., and Ed.D. programs are assigned to faculty advisors or professional advisors in the Graduate Academic Services Center. Advisement takes place in the advisor's office or by telephone, mail, or e-mail, as appropriate. Since the College's programs are developed to enable students to meet the certification requirements of the Georgia Professional Standards Commission, it is critical that students meet with their advisors to plan their programs of study before the completion of 12 credit hours. Students should also consult their graduate advisor for information on any exit comprehensive assessment (if required) for the M.Ed. or Ed.S. program. Note: If seeking initial teaching certification as a non-degree or a M.A.T. candidate, a transcript evaluation should be completed by the College's Graduate Academic Services Center. Once transcripts are evaluated, a faculty advisor will be assigned.

Admission and Retention in College of Education Programs

A student must be formally admitted to the graduate degree program for which he/she intends to earn a degree. Refer to the College of Graduate Studies for limits on the number of courses that may be applied to a program for non-degree seeking students.

In order to be admitted in a graduate education program, a student must meet all admission criteria as identified for the specific graduate program (degree and non-degree).

Prior to a structured field placement (i.e., an internship, practicum, and on-going experience that is more than a one-time classroom project), a graduate student must:

1. Meet all admission and retention requirements for the graduate education program, including GPA requirements.

2. Have a disciplinary record clear of any actions which might be a detriment to placement and successful performance in a school or other educational/community agency internship setting.

3. Disclose any previous misconduct or professional ethics violations or any pending professional ethics violations (e.g., pending PSC investigations).

4. Exhibit appropriate mental, emotional, and physical health skills and capabilities needed to meet the expectations of the profession.

5. Confirm that he/she continues to hold tort liability insurance coverage.

6. If required by the program, a graduate student must have completed a criminal background check upon admission to the program or must possess a Preservice Certificate from the Georgia Professional Standards Commission. Note: Certain programs may require criminal background rechecks prior to placements if more than two years have elapsed since the last criminal background check.

7. Participate in any required orientation activities for the internship.

All of the following requirements must be met for retention in a graduate education program:

1. Maintain required GPA.

2. Successfully complete all key assessments required by the program.

3. Successfully complete all field experiences required by the program.

4. Maintain an active account with the College of Education’s electronic assessment and data management system while enrolled as a graduate student.

5. Successfully complete all requirements specified by the program and be making satisfactory progress toward achieving program outcomes. Programs will be responsible for monitoring student progress and providing guidance to students who may be having difficulty meeting retention requirements.

6. Must not have violated the Georgia Professional Standards Commission’s Code of Ethics for Professional Educators. Must not have a past reprimand, monitoring, or warning statement in the educator’s certification file. Failure to report any violation of state or federal law to the Georgia Professional Standards Commission within 90 days is grounds for exclusion from a program.

7. Must not have been found in violation of the Georgia Southern University Student Conduct Code. Reviews will be made on a case-by-case basis based on the seriousness of the violation and with regard to consistency.

8. Maintain liability insurance.

9. Students who are required to participate in structured field placements as part of their graduate program are required to have completed a criminal background recheck upon admission to the program. Students enrolled in the M.A.T. program who are not hired as teachers must apply for and receive a Preservice Certificate from the Georgia Professional Standards Commission: coe.georgiasouthern.edu/ssc/certification. Note: Certain programs may require criminal background rechecks prior to placements if more than two years have elapsed since the last criminal background check.

10. Meet all retention criteria established by the College of Graduate Studies.

Be sure to check the specific program page in the catalog for additional requirements.

Admission and Retention in the Teacher Education Program

Admission to the Teacher Education Program (TEP) is required for those students wishing to pursue the M.A.T. degree or related non-degree program that leads to initial teacher certification. (See the Undergraduate
In order to be admitted into the Teacher Education Program (TEP), a graduate student must have:

1. Earned a minimum cumulative GPA of 2.50 or better on all previously attempted coursework.
2. Earned a total adjusted GPA of 2.75 or higher on all teaching field course work.
3. Completed English composition and college algebra courses (or equivalents) with a minimum grade of "C."
4. Successfully completed the GACE Program Admission Assessment examination or be exempted by SAT/ACT/GRE scores.
5. Successfully completed the appropriate GACE Content Assessment examination. (Not required for MAT Concentration in Elementary Education, Health and Physical Education, or Special Education.)
6. Successful completion of writing sample and interview, if applicable (see Transfer Student Plan available from the College of Education’s Student Success Center.)
7. Acknowledge “Disclosure and Affirmation” statements that address the Georgia Code of Ethics for Educators and the need for tort liability insurance.
8. Submitted proof of liability insurance.
9. Created a MyPSC account with the Georgia Professional Standards Commission and claim Georgia Southern University as your program provider.
10. Completed the Georgia Educator Ethics-Program Entry (350).
11. Received a Preservice Certificate or Induction Pathway 4 certificate from the Georgia Professional Standards Commission.
12. Meet all program admission requirements.

All of the following requirements must be met for retention in the Teacher Education Program:

1. Students must maintain a cumulative GPA of 3.0 or higher, in the MAT program.
2. Students must earn a minimum grade of "C" in all professional education and all teaching field course work.
3. Students must successfully complete all field and clinical experiences.
4. Students must not have been found in violation of the Georgia Southern Student Conduct Code. Reviews will be made on a case-by-case basis based on the seriousness of the violation and with regard to consistency.
5. Students must not have violated the Georgia Professional Standards Commission’s Code of Ethics for Professional Educators.
6. Students must be making satisfactory progress toward meeting program objectives. Programs will be responsible for monitoring student progress and providing guidance to students who may be having difficulty meeting retention requirements.
7. Students must maintain liability insurance.
8. Students must maintain an active account with the College of Education’s electronic assessment and data management system.
9. Students must meet all additional program requirements.

Admission to Graduate Clinical Practice

Clinical practice is required in all teacher preparation programs at the initial certification level. In order to participate in the student teaching/internship program, a teacher candidate in a MAT or graduate non-degree certification program must:

1. Meet all admission requirements for the Teacher Education Program.
2. If not required for program admission, attempt the GACE Content Assessment appropriate to the field.
3. Possess valid liability insurance.
4. Pass the Georgia Educator Ethics-Program Exit (360) Assessment.
5. If not employed as a Teacher of Record, possess a Preservice Certificate from the Georgia Professional Standards Commission.
6. Candidates employed as Teachers of Record must be teaching full-time in the area of certification they are seeking during the semester of clinical practice/internship.
7. Apply for clinical practice by the established deadline one academic semester prior to registration for the course.
8. Note: School districts may have additional requirements for student teachers/interns placed in their schools. Student teachers/interns must meet these additional requirements.

Certification

The programs offered by the College of Education at the graduate level are designed to prepare teachers and other school personnel for certification in the State of Georgia. The College of Education, in accordance with the Georgia Professional Standards Commission, provides courses for individuals who wish to reinstate expired certificates, add fields, and update certificates. For individuals who hold a bachelor’s degree, initial teaching certification may be obtained through the Master of Arts in Teaching (M.A.T.) program or similar non-degree graduate programs of study. Note: It is the students’ responsibility to confirm that their academic plans meet current certificate requirements of the Georgia Professional Standards Commission.

All College of Education candidates completing programs that qualify and plan to seek initial certification in Georgia must file an application for an induction certificate. This will include opening a MyPSC account with the Georgia Professional Standards Commission and claiming Georgia Southern University as the program provider. The applications for initial certification along with the verification of legal presence (forms are available at www.gapsc.com (http://www.gapsc.com)) will be filed through the candidates MyPSC account or through the candidates Board of Education. The Certification Officer will verify program completion to the Georgia Professional Standards Commission.

College of Education candidates who are employed as educators in the State of Georgia will complete the application for certification process through their local units of administration (LUA). Program completion will be verified to the Georgia Professional Standards Commission through the College of Education Certification Officer, Ms. Christina Thompson, 912-478-0698 or cthomp@georgiasouthern.edu

Department of Curriculum, Foundations, and Reading

The Department of Curriculum, Foundations, and Reading provides a service function to all other programs in the College. Undergraduate and graduate level courses are offered in the areas of educational foundations, educational psychology, curriculum theory and development, reading education, and educational research. The Department also offers several graduate degree programs: A master’s degree program in reading education and in evaluation, assessment, research, and learning; an education specialist degree program in reading education; and a doctoral degree program in curriculum studies. In addition to degree programs, the department offers the reading endorsement and graduate certificates in applied research and evaluation and in curriculum and pedagogy for social justice.
Programs

Doctoral

• Reading Endorsement: Classroom Teacher of Reading Program (Online) (p. 126)

Curriculum Studies Ed.D.

Degree Requirements: 66-78 (Minimum of 66 Credit Hours beyond Master’s Including Dissertation, 60 Credit Hours beyond Master’s Excluding Dissertation)

Admission Requirements

The following minimum admission requirements must be met:

1. Complete the work necessary to be eligible for the minimum of a Master’s degree from an accredited graduate institution.
2. Present a minimum grade point average of 3.25 (4.0 scale) in all graduate work attempted (or other appropriate evidence of scholarly aptitude necessary for doctoral study).
3. Present current official report from the Graduate Record Examination (GRE) or the Miller’s Analogies Test (MAT) showing competitive scores. International Students who have not earned a degree at an institution of higher education in the United States must also submit the results of the TOEFL Examination.
4. Submit completed application for admission, required application fee and official transcripts consistent with the College of Graduate Studies admission requirements.
5. Submit three (3) professional letters of reference.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Complete a writing sample.
8. Complete an interview, if requested.

Applicants’ credentials will be evaluated by the Ed.D. in Curriculum Studies Admissions Committee in order to identify the candidates in that applicant pool to recommend for admission; admission is competitive. The number of applicants accepted each year will be dependent upon available resources. Applications will be evaluated once per year for Summer admissions. The deadline for applications is January 30. Students seeking a certificate upgrade must identify a concentration (i.e., certification field) on the Ed.D. admission application.

Enrollment

One academic year of continual enrollment.

Time Limit

Doctoral students must pass the Candidacy Exam within five years from the first Ed.D. admission registration term and no later than the last semester of Ed.D. course work or the following semester. All degree requirements must be completed within five (5) years of passing the Candidacy Exam. After successful completion of the Candidacy Exam, students have five years to finish program requirements, including the Dissertation; otherwise, the Candidacy Exam must be retaken.

Program of Study

This degree program consists of work in five areas:

1. Curriculum Studies Foundations,
2. Research and Inquiry,
3. Curriculum and Pedagogy Courses,
4. Emphasis Area, and

The first two areas require a combined minimum of 39 credit hours of course work, the third area requires a minimum of 9 credit hours of course work, the fourth area requires a minimum of 12 credit hours, and the fifth area requires a minimum of 6 credit hours. The complete program requires a minimum of 60 credit hours of course work plus a minimum of 6 credit hours of dissertation.

Some students might enter the program carrying course work beyond the Master’s degree. Once admitted and a Candidacy Committee Chair is identified, up to 9 credit hours of applicable and appropriate post-Master’s work may apply toward degree requirements with the approval of the student’s Candidacy Committee Chair.

Curriculum Studies Foundations

This is the nexus of the program. As such, it contains courses to be taken by all doctoral students. The Core intertwines the theoretical, ethical, and historical concepts underpinning curriculum work with advanced theories of design, development, and implementation.

Research and Inquiry

This portion of the program is designed to create scholars who might apply their knowledge base to the solving of problems encountered in daily education work. Both components of the Research and Inquiry Core are understood to be essential in the preparation of doctoral students who will engage in meaningful, productive investigations into critical issues in curriculum. The Research component provides for advanced study into specific methodologies and their appropriate applications. The Inquiry component addresses theoretical questions of orientation of various research paradigms so that the doctoral student might make an informed decision as to the general approach (i.e., quantitative or qualitative) he/she will wish to pursue in order to effectively address a topic or problem in curriculum.

Curriculum and Pedagogy Courses

This praxis-oriented segment of the program of study provides opportunities for students to apply curriculum theory in their professional work environments. Curriculum and pedagogy courses satisfy the
advanced pedagogy requirement for students seeking a certificate upgrade.

**Emphasis Areas**

This program offers three interdisciplinary emphasis areas covering a broad terrain of scholarly inquiry and educational application.

1. **Cultural Curriculum Studies**
   This emphasis area provides intensive exposure to critical aspects of the Curriculum Studies field. It also centers on the study of popular culture in its many manifestations and the implications of the ways in which the study of these educational sites impact the social construction of identity and the intersections of popular culture on pedagogy and curriculum theory.

2. **Learning, Development, and Curriculum**
   This emphasis area meets the needs of many practicing professionals including curriculum directors, staff development personnel, instructional coordinators, high school department chairs, and lead teachers as well as others in teaching or administrative positions at the P-12 level or in higher education.

3. **Multicultural and Social Justice Education**
   This emphasis area reflects the growing importance of addressing issues of culture, diversity, and social justice at all levels of education. The emphasis area allows examination of the needs of culturally diverse groups, the relationship between culture and academic achievement, and processes and mechanisms for realizing social justice aims within formal and informal educational environments.

**Grade Average**

To be eligible for graduation, a student must maintain a cumulative 3.25 grade point average. A student will be excluded from the program upon earning grades of “C” or below in two or more courses.

**Program of Study**

NOTE: All electives must be approved by committee chair.

     - READ 8530 Critical Issues in Literacy Education with Diverse Populations
   - Dissertation 6-18
   - EDUC 9999 Dissertation (minimum of 6 variable credit hours) 1-5

**Total Credit Hours** 66-78

1. Candidates are eligible for a certificate upgrade in any Georgia Professional Standards Commission approved certification area. Students seeking a certificate upgrade must identify a concentration (i.e., certification field) during the Ed.D. admission process in order for the concentration to appear on their transcript.

2. Students must apply coursework to their certification field.

**Other Program Requirements**

- Must successfully complete assessments identified at each program transition point.

**Advisement**

Department of Curriculum Foundations, and Reading
Dr. Ming Fang He
Reading Education (K-12) Ed.S. (Online)

Degree Requirements: 33 Credit Hours

Certificate upgrade information: The educator who holds a level five certificate in Reading, Middle Grades Reading, Early Childhood Education, or Special Education with a cognitive area in Reading will qualify for a level six certificate upgrade upon successful completion of all program requirements.

Admission Requirements

Regular

1. Complete requirements for a Master’s degree from a regionally accredited institution.
2. Possess or be eligible for a level five certificate. Candidates who have completed all eligibility requirements for the Professional Level Five Certificate have until the end of the first semester to obtain the certificate.
3. Present a 3.25 or higher GPA on all graduate work attempted.
4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Program Description

The Curriculum and Pedagogy for Social Justice Certificate consists of six graduate level education courses designed to provide educators with the theoretical foundations, historical knowledge, practical experience, and supportive infrastructure needed to become reflective practitioners who successfully integrate social justice education into their classrooms. This graduate certificate can be completed as a stand-alone program or along with any of the Master’s degrees offered in the College of Education. An underlying assumption of this graduate certificate is that educators who engage in social justice education will be able to identify dehumanizing sociopolitical conditions that undermine good teaching and academic achievement and will actively engage in pedagogical practices to alter those conditions to educate all students to reach their highest potential.

Admission Requirements

1. Completed requirements for a Bachelor’s degree in an institution accredited by proper regional accrediting association or an equivalent at a recognized national or international university.
2. Present a cumulative 3.0 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Submit a personal statement of career goals, purposes, and objectives, approximately 500 words that identifies the applicant’s reasons for pursuing certificate program.
Program of Study

The Graduate Certificate program requires a total of 18 credit hours. There are five required courses and one elective course. All of the courses are online. The courses are rotated on a three-semester cohort model that begins in the Fall and ends with two capstone courses in the Summer.

Department of Elementary and Special Education

The Department of Elementary and Special Education at Georgia Southern University offers undergraduate degree programs that lead to initial teacher certification in the areas of elementary education (P-5), special education (P-12), and elementary education and special education combined (P-5). All three areas also offer non-certification tracks that provide students interested in education the opportunity to take coursework with planned minors and concentration. At the graduate level, the department offers initial certification Master of Arts in Teaching (M.A.T.) degrees in elementary education (P-5) and special education (P-12), Master of Education (M.Ed.) degrees in elementary education (P-5) and special education (P-12), with concentrations in either general or adaptive curriculum), Education Specialist (Ed.S) degrees in elementary education (P-5) and special education (P-12), an Autism Endorsement, Special Education Transition Specialist Endorsement, and a Positive Behavior Intervention and Support Endorsement. The department also offers an M.Ed. in Curriculum and Instruction that is part of a USG collaborative with Valdosta State and Columbus State Universities. Many graduate programs offered by the department are 100% online. All programs are based upon the concept of developmentally appropriate practices and value diverse, intensive field experiences in a range of grade levels and school settings.

Certificate Upgrade Information: An educator who holds a level five Georgia certificate in Elementary Education will qualify for a level six certificate upgrade upon successful completion of all program requirements. (See catalog section on Certification).

Degree Requirements: 33 Credit Hours

Admission Requirements

Regular

1. Complete requirements for a Master’s degree from a regionally accredited institution.

2. Possess or be eligible for a Georgia level five certificate in Elementary Education, or possess or be eligible for a Georgia Certificate of Eligibility for level five Induction Certificate in Elementary Education. Candidates who have completed all requirements for the Georgia Certificate of Eligibility for a level five Induction Certificate have until the end of the first semester to obtain the certificate.

3. Present a 3.25 or higher GPA on all graduate work attempted.

4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.

5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Total Credit Hours  33

1 If Applied Linguistics for ESOL/TCLD (TCLD 4233)/Applied Linguistics for ESOL/TCLD (TCLD 6233) was taken previously, acceptable alternatives include the following: Cultural Diversity and ESL/TCLD (TCLD 6231); Methods for Teaching ESOL/TCLD (TCLD 6235); Teaching Literacy with English Learners (READ 7432); Applied English Grammar (LING 8133); Language, Nation, and Globalization (LING 8231); or Teaching English Internationally (LING 8233).

2 Must be taken during the first 9 credit hours; Prerequisite(s): Admission into the Ed.S. in Elementary Education

3 Prerequisite(s): Research on Current Trends and Issues (ESED 8130) or concurrently enrolled.

4 Ed.S. candidates must complete the Content Specific Requirements in Elementary Education.

5 Prerequisite(s): Educational Statistics I (EDUR 8131), Research on Current Trends and Issues (ESED 8130), Teacher Leadership (ESED 8131), Curriculum and Instruction (ESED 8132), Transforming Learning with Technology (ITEC 8231)

6 Prerequisite(s): Educational Statistics I (EDUR 8131), Field-Based Educational Research (EDUR 8434), Research on Current Trends and Issues (ESED 8130), Teacher Leadership (ESED 8131), Curriculum and Instruction (ESED 8132), Transforming Learning with Technology (ITEC 8231)

Other Program Requirements

- Successful completion of the Ed.S. Comprehensive Exit Assessment; involves constituting a three faculty advisory committee to guide field study, and requires the completion and oral presentation of a major field-based action research paper.
- Must successfully complete assessments identified at each program transition point.
- Maintain an active account with the COE electronic data management system.
- Claim Georgia Southern University as your program provider in your MyPSC Account during your first term of enrollment (see information under MyPSC Account in Graduate Catalog, College of Education).

Special Education (Grades P-12) Ed.S. (Online)

Degree Requirements: 33 Credit Hours

Concentrations

Candidates must select one area of concentration from the areas in which they are currently certified: Adaptive Curriculum or General Curriculum.

Certificate Upgrade Information: An educator who holds a level five Georgia certificate in Special Education Adaptive Curriculum or General Curriculum will qualify for a level six certificate upgrade upon successful completion of all program requirements. (See catalog section on Certification.)

Admission Requirements

Regular

1. Complete requirements for a Master’s degree from a regionally accredited institution.

2. Possess or be eligible for a Georgia level five certificate or a Certificate of Eligibility for a level five Induction certificate in Special Education with certification in one of the concentration areas: Adaptive Curriculum or General Curriculum. Candidates who have completed all eligibility requirements for the Certificate of Eligibility for a level five Induction certificate have until the end of the first semester to obtain the certificate.

3. Present a 3.25 or higher GPA on all graduate work attempted.

4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.

5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

with a new Field program upon successful completion of all program requirements, achieving a passing score on the required GACE Content Assessments for Curriculum and Instruction, and applying for and successfully adding Curriculum and Instruction to the educator’s GaPSC certificate.

This program is approved by the Georgia Professional Standards Commission as a program leading to certification in Curriculum and Instruction. Completing the program will prepare candidates for certification, but candidates should consult with program faculty, the College of Education Graduate Academic Services Center, or the Georgia Professional Standards commission regarding current certification rules upon entering the program.

### Admission Requirements

#### Regular

1. Complete requirements for a bachelor’s degree from an accredited institution.
2. Possess a valid, level four or higher Induction, Professional, Advanced Professional, or Lead Professional teaching certificate, leadership certificate, service field certificate, or Life certificate.
3. Present a 2.75 or higher GPA on all undergraduate and graduate work combined.
4. GRE or MAT scores will not be required for applicants who hold a clear renewable certification in a teaching, service, or leadership field; instead the applicants must submit passing GACE or PRAXIS scores.

#### Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of "B" or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

### Curriculum and Instruction - Accomplished Teaching M.Ed. (Online)

**Degree Requirements: 36 Credit Hours**

(Collaborative Degree with Valdosta State University and Columbus State University)

Certificate Upgrade Information: This program adds the new field of Curriculum and Instruction to a Professional certificate. This is an advanced professional program which can only be added to a level four or higher renewable Professional certificate in any field. The educator can apply and be admitted to the program with an Induction certificate; however, in order to add the new field and receive a certificate upgrade, the candidate must hold a level four or higher renewable Professional certificate.

The educator who is in possession of a level four or higher renewable Professional certificate will qualify for a level 5 Georgia certificate upgrade with a new Field program upon successful completion of all program requirements, achieving a passing score on the required GACE Content Assessments for Curriculum and Instruction, and applying for and successfully adding Curriculum and Instruction to the educator’s GaPSC certificate.

### Other Program Requirements

- Successful completion of the Ed.S. Comprehensive Exit Assessment; involves constituting a three faculty advisory committee to guide field study, and requires the completion and oral presentation of a major field-based action research paper.
- Must successfully complete assessments identified at each program transition point.
- Maintain an active account with the COE electronic data management system.
- Claim Georgia Southern University as your program provider in your MyPSC Account during your first term of enrollment (see information under MyPSC Account in Graduate Catalog, College of Education).

Elementary Education (Grades P-5) M.Ed. (Online)

Degree Requirements: 36 Credit Hours

Certificate Upgrade Information: An educator who holds a level four Georgia certificate in Elementary Education will qualify for a level five certificate upgrade upon successful completion of all program requirements. (See catalog section on Certification).

Admission Requirements

1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.
2. Possess or be eligible for a Georgia level four certificate in Elementary Childhood Education, or possess or be eligible for a Georgia Certificate of Eligibility for an Induction Certificate in Elementary Childhood Education. Candidates who have completed all requirements for the Georgia Certificate of Eligibility have until the end of the first semester to obtain the certificate.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Submit a personal statement of purpose, not to exceed 500 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Special Education (Grades P-12) M.Ed. (Online)

Degree Requirements: 36 Credit Hours

Concentrations

Candidates must select one area of concentration from the areas in which they are currently certified: Adaptive Curriculum or General Curriculum.

Certificate Upgrade Information: An educator who holds a level four Georgia certificate in Special Education or Adaptive Curriculum or General Curriculum will qualify for a level five certificate upgrade upon successful completion of all program requirements. (See catalog section on Certification.)

Admission Requirements

Regular

1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.

2. Possess or be eligible for a Georgia level four certificate or equivalent or possess or be eligible for a Certificate of Eligibility for an Induction certificate. Certification must be in Special Education: Adaptive Curriculum or Special Education: General Curriculum. Candidates who have completed all requirements for the Certificate of Eligibility for an Induction certificate have until the end of the first semester to obtain the certificate.

3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.

5. Submit a completed "Disclosure and Affirmation Form" that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of "B" or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

5. Total Credit Hours

Other Program Requirements

- All new master’s level candidates must schedule and meet with their assigned Special Education Advisor for a brief advisement orientation meeting prior to their first semester of course work in order to meet the registration requirements of the program.
- Candidates must take courses in sequenced order to meet Special Education Program Key Assessment criteria.
- Successfully complete assessments identified at each program transition point.
- Maintain an active account with the COE electronic data management system.
Admission Requirements

Regular

1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.
4. Complete the state-required Georgia Educator Ethics—Program Entry (350) assessment. A minimum score is not required.
5. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).
6. Submit a letter of intent that identifies the applicant’s reasons for pursuing graduate study, and describes their commitment to explore, acknowledge, and appreciate the home and community culture of their future students, and explains their desire to learn strategies that integrate cultural experiences, values, and understanding into the P-5 teaching and learning environment.
7. One (1) Initial Disposition Assessment. Assessment to be completed by the applicant.
8. Acknowledge “Disclosure and Affirmation” statements that address the Code of Ethics for Educators and the need for tort liability insurance.
9. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, iBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program.
10. Select the delivery option you are applying to: Either (1) the hybrid format that is based on the Armstrong/Savannah campus or (2) the 100% online format.

Teaching M.A.T. (Concentration in Elementary Education P-5) (Hybrid)

Degree Requirements: 45 Credit Hours

Program Intent and Admission Requirements:

The Master of Arts in Teaching (MAT) leads to initial teaching certification and a master’s degree for those persons who hold a bachelor’s degree from a regionally accredited institution.

Elementary Education certification (P-5) for candidates who hold a bachelor’s degree. The program of study is designed to meet all content and methods requirements for initial certification in 45 credit hours. Candidates are required to complete supervised field experiences in Georgia schools to meet certification requirements. Two delivery options are available: a hybrid program on the Armstrong Campus in Savannah and a fully online program.

Admission Requirements

Regular

1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.
4. Complete the state-required Georgia Educator Ethics—Program Entry (350) assessment. A minimum score is not required.
5. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).
6. Submit a letter of intent that identifies the applicant’s reasons for pursuing graduate study, and describes their commitment to explore, acknowledge, and appreciate the home and community culture of their future students, and explains their desire to learn strategies that integrate cultural experiences, values, and understanding into the P-5 teaching and learning environment.
7. One (1) Initial Disposition Assessment. Assessment to be completed by the applicant.
8. Acknowledge “Disclosure and Affirmation” statements that address the Code of Ethics for Educators and the need for tort liability insurance.
9. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, iBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program.
10. Select the delivery option you are applying to: Either (1) the hybrid format that is based on the Armstrong/Savannah campus or (2) the 100% online format.

Program of Study

Admission criteria to the Teacher Education Program (TEP), must be met for progression in Program of Study.

Step One:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ELEM 6130</td>
<td>Culturally Responsive Classroom Management</td>
</tr>
<tr>
<td>SPED 6130</td>
<td>Introduction to Special Education</td>
</tr>
</tbody>
</table>

Step Two:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDUF 7132</td>
<td>Critical Approaches to Early Childhood Development and Learning</td>
</tr>
<tr>
<td>ELEM 7332</td>
<td>Problem Solving and Mathematical Representations in the Elementary Classroom</td>
</tr>
<tr>
<td>READ 7131</td>
<td>Approaches to Literacy Instruction</td>
</tr>
</tbody>
</table>

Step Three:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ELEM 6440</td>
<td>MAT Elementary Mathematics Methods</td>
</tr>
<tr>
<td>ELEM 6700</td>
<td>Critical Pedagogy Practicum</td>
</tr>
<tr>
<td>READ 7330</td>
<td>Literacy in the Content Areas</td>
</tr>
</tbody>
</table>

Step Four:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>EDUF 7133</td>
<td>Instruction-Based Assessment</td>
</tr>
<tr>
<td>ELEM 6250</td>
<td>Language Arts and Creative Activities</td>
</tr>
</tbody>
</table>

Step Five:

Choose from:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ELEM 6799</td>
<td>MAT Internship I (for candidates who are not teaching full time)</td>
</tr>
<tr>
<td>ELEM 7799</td>
<td>Professional Internship (for candidates who are currently teaching full time on an Induction Pathway 4 certificate)</td>
</tr>
</tbody>
</table>

Step Six:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ELEM 6430</td>
<td>MAT Elementary Science Methods</td>
</tr>
<tr>
<td>ELEM 6530</td>
<td>MAT Elementary Social Studies Methods</td>
</tr>
<tr>
<td>ELEM 6733</td>
<td>MAT Internship II</td>
</tr>
</tbody>
</table>

Candidates who are teaching full-time on a level 4 Induction Pathway 1 certificate may apply for the level 5 Induction Pathway 1 certificate upon successful completion of Steps 1-6. Candidates who are not teaching during the program may apply for a level 5 Induction Pathway 1 certificate after successful completion of Steps 1-6 and obtaining a teaching position.

Total Credit Hours: 45

Other Program Requirements

- All new MAT candidates must attend an on-campus orientation meeting in order to meet registration requirements.
- Candidates must take courses in the sequenced order to meet Elementary Education Program Key Assessment criteria.
- EDUF 7235 Multicultural Education is a pre-approved alternative for ELEM MAT graduate level courses for admitted students who have previously taken a program required course. This substitution would not be for transferred credits outside of Georgia Southern University.

Regular

1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.
4. Complete the state-required Georgia Educator Ethics--Program Entry (350) assessment. A minimum score is not required.
5. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).
6. Submit a letter of intent that identifies the applicant’s reasons for pursuing graduate study and describes their commitment to explore, acknowledge, and appreciate the home and community culture of their future students, and explains their desire to learn strategies that integrate cultural experiences, values, and understanding into the P-5 teaching and learning environment.
7. One (1) Initial Disposition Assessment. Assessment to be completed by the applicant.
8. Acknowledge “Disclosure and Affirmation” statements that address the Code of Ethics for Educators and the need for tort liability insurance.
9. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, iBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program.
10. Select the delivery option you are applying to: Either (1) the hybrid format that is based on the Armstrong/Savannah campus or (2) the 100% online format.

Degree Requirements

Admission criteria to the Teacher Education Program (TEP), must be met for progression in Program of Study

Candidates who are teaching full-time on a level 4 Induction Pathway 1 certificate may apply for the level 5 Induction Pathway 1 certificate upon successful completion of Steps 1-6. Candidates who are not teaching during the program may apply for a level 5 Induction Pathway 1 certificate after successful completion of Steps 1-6 and obtaining a teaching position.

Total Credit Hours 45

- All new MAT candidates must attend an on-campus orientation meeting in order to meet registration requirements.
- Candidates must take courses in the sequenced order to meet Education Program Key Assessment criteria.
- EDEM 7235 Multicultural Education is a pre-approved alternative for ELEM MAT graduate level courses for admitted students who have previously taken a program required course. This substitution would not be for transferred credits outside of Georgia Southern University.
**Other Program Requirements**
- Candidates must successfully complete key assessments at each program transition point.
- Candidates must successfully complete all field experiences.

**Teaching M.A.T. (Concentration in Special Education P-12) (Hybrid)**

**Degree Requirements: 45 Hours**

**Program Intent and Admission Requirements:**

The Master of Arts in Teaching (MAT) leads to initial teaching certification and a master’s degree for those persons who hold a bachelor’s degree from a regionally accredited institution.

Special Education General Curriculum certification (P-12) for candidates who hold a bachelor’s degree in counseling, child and family development, English, mathematics, psychology, science, social science, or a closely-related field.

The total credit hours for the degree are dependent on previous course work completed in the area of certification. A transcript evaluation by the College of Education’s Graduate Academic Services Center is required. Prerequisite content course work, based on the transcript evaluation, must be completed as a non-degree student before admission into the program. Two delivery options are available: a hybrid program on the Armstrong Campus in Savannah and a fully online program.

**Admission Requirements**

**Regular**

1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a transcript evaluation by the College of Education’s Director of the Graduate Academic Services Center with completion of specified prerequisite content coursework for one or more content areas.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present a total adjusted GPA of 2.75 or higher on all teaching field course work.
5. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.
6. Complete the state-required Georgia Educator Ethics--Program Entry (350) assessment. A minimum score is not required.
7. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog)
8. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
9. Acknowledge “Disclosure and Affirmation” statements that address the Code of Ethics for Educators and the need for tort liability insurance.
10. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, IBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program. For Study Concentration Four (Spanish), candidates are not required to take the TOEFL: rather, those individuals who did not complete their undergraduate degree in the English language must pass an Oral Proficiency Interview and a Writing Proficiency Test in English at the ACTFL-defined IH or above (tests administered by the Department of Foreign Languages).
11. If an applicant was previously enrolled in an initial teacher preparation program, an interview must be completed with the Program Coordinator prior to admission to the program.
12. Select the delivery option you are applying to: Either (1) the hybrid format that is based on the Armstrong/Savannah campus or (2) the 100% online format

**Provisional**

Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

**Degree Requirements**

**Step One: The steps represent on way to progress through the program but other schedules are possible.**

| SPED 6130 Introduction to Special Education | 6 |

| SPED 7133 Collaboration Across the Life Span |  |
Specific Program Requirements

- All new MAT candidates must schedule and meet with their assigned Special Education Advisor for a brief advisement orientation meeting prior to entering Step Two of the program in order to meet registration requirements.
- Candidates must take courses in sequenced order to meet Special Education Program Key Assessment criteria.
- Candidates must successfully complete an electronic portfolio project in order to exit the program.
- Candidates are required to complete 900 clinical hours to meet certification requirements. These clinical hours are included in the courses in this program of study.
- Although this is a hybrid program, candidates are strongly encouraged to attend Student Teaching Orientation and all edTPA information sessions.

OTHER PROGRAM REQUIREMENTS

- Must successfully complete assessments identified at each program transition point.

**Autism Endorsement (Online)**

**Program Requirements: 9 Credit Hours**

**Program Purpose**

The Autism Endorsement program develops highly skilled special education autism certified teachers who can demonstrate and explicitly explain:

- how to plan systematic instruction based on learner characteristics, interests, and ongoing assessment;
- specialized instruction to enhance social participation across environments to include formal and informal social interactions;
- how to plan instruction for independent functional life skills and adaptive behavior;
- how to plan and implement instruction and related services — with enhanced knowledge of assistive technology - for individuals with autism spectrum disorders that is both age-appropriate and ability-appropriate;
- specialized curriculum designed to meet the needs of individuals with autism spectrum disorders;
- how to involve individuals with autism spectrum disorders in the transition planning process; and
- how to plan instruction for independent functional life skills and adaptive behavior.

**Admission Requirements**

1. An earned baccalaureate degree from a regionally accredited institution.
2. A minimum overall undergraduate grade point average of 2.50.
3. Hold a Level 4 or higher, renewable professional certificate in any teaching or service field.
4. A current clear criminal background check conducted as directed by the College of Education.

Special Education Transition Specialist Endorsement (Online)

Program Requirements: 12 Credit Hours

Program Purpose
The Special Education Transition Specialist Endorsement program develops highly skilled special education transition specialists who can demonstrate and explicitly explain:

- career development and transition planning for students with special needs;
- the vocational assessment for students with special needs;
- inter-agency planning and service for students with special needs as they transition to adulthood; and
- appropriate community environments, methods for linking community-based instruction, and the inter-agency agreement methodology for preparing students with multiple and severe disabilities for adulthood.

Admission Requirements

1. An earned baccalaureate degree from a regionally accredited institution.
2. A minimum overall undergraduate grade point average of 2.50 OR in most recent degree or recommendation from employer.
3. Hold a valid Georgia level four or higher renewable professional teaching certificate or equivalent state-issued, clear, renewable teaching certificate in special education;
4. A current clear criminal background check conducted as directed by the College of Education. Note: This requirement may be waived only with evidence of employment as a full-time teacher of record in a public school in Georgia. Evidence must be presented on the College of Education’s Employment Verification Form.
5. A student must be admitted to the university on a degree-admission basis.

Department of Leadership, Technology, and Human Development

The Department of Leadership, Technology, and Human Development offers a broad range of programs that provide school/system-wide and student-oriented support services for traditional and alternative settings. A diverse selection of graduate programs prepare school and community agency personnel in the areas of school and clinical mental health counseling, educational leadership, adult education, higher education administration, instructional technology, and school psychology. A doctoral degree program in educational leadership is also offered by this department. In addition to degree programs, the department offers the adult education certificate program, certificate programs in educational leadership, instructional technology and school library media, and the teacher leader and the online teaching and learning endorsements.

Educational Leadership Ed.D.

Degree Requirements: 69 Graduate Credit Hours beyond Master’s including Dissertation (60 Graduate Credit Hours of coursework, Plus Minimum of 9 Dissertation Credit Hours).

Admission Requirements

The admission process has two phases. Applicants must be accepted for admission by both the Jack N. Averitt College of Graduate Studies and the Educational Leadership EDLD Program at Georgia Southern University. Application to or acceptance in the College of Graduate Studies in any other program does not guarantee admission to the Program of Educational Leadership. Applicants who wish to pursue advanced professional preparation in Educational Leadership with a view to becoming a candidate for the Ed.D. degree will be expected to file a formal application and present themselves to the faculty to meet program requirements. When applying for admission, applicants must indicate whether they are applying for the cohort for specialization in Higher Education Leadership or the cohort for specialization in P-12 Educational Leadership. Recommendations on admission will be made by program faculty only after screening procedures have been completed. Admission will be upon the recommendation of the EDLD program faculty and the approval of the Dean of the College of Graduate Studies.

The first phase of admission to the Ed.D. program in Educational Leadership requires the applicant’s satisfaction of the following standards:

1. Complete all College of Graduate Studies admission requirements.
2. Hold a Master’s degree at minimum from an institution accredited by the appropriate regional accrediting agency.
3. Present a minimum grade point average of 3.50 (4.0 scale) in previous graduate work.
4. Present current official scores from the Graduate Record Examination (GRE) on Verbal Reasoning, Quantitative Reasoning, and Analytical Writing.
5. Submit a brief resume that highlights the personal and professional achievements of the applicant.
6. Submit a completed "Disclosure and Affirmation Form" that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

The second phase of the admission process will require adherence to the following procedures:

1. Applicant credentials are rated by EDLD faculty.
2. These faculty, meeting as a committee of the whole, will use these ratings to assemble a list of top candidates for interviews.
3. Applicants will be invited to interview with EDLD faculty and produce a writing sample.
4. The Higher Education and P-12 EDLD cohorts may be combined based on the number of students admitted in each area.

Enrollment

The Ed.D. degree presupposes a minimum of five semesters of prescribed continuous study beyond satisfaction of Tier I requirements which cannot be secured through summer study alone. A minimum of 9 credits of Dissertation (EDLD 9999) is required beyond other coursework. Full-time residency (defined as continuous enrollment) is required throughout the program.

Time Limit

All course requirements for the Ed.D. degree, except the dissertation, must be completed within a period of three years. This time requirement begins with the first registration for Tier II on the student’s approved program of doctoral study. In addition, a candidate for the Ed.D. degree who fails to complete all degree requirements within five years after passing the qualifying examinations will be withdrawn from the program. When extenuating circumstances exist, students may apply for an extension of the time requirement. If an extension is granted, degree requirements must be completed that are consistent with the conditions and terms specified in the time extension notification.
Grade Average
A student must maintain at least a 3.50 GPA on all graduate courses taken and on all courses on the Program of Study.

Qualifying Examinations
A student must pass formal, comprehensive written and/or oral examinations before being admitted to candidacy for the degree. These examinations will be administered in accordance with policies in effect in the College of Graduate Studies and the candidate’s department. The results of the examination(s) will be reported to the College of Graduate Studies. If a student fails the qualifying examination for a second time, he/she will be removed from the program.

Admission to Degree Candidacy
The student, in conjunction with his or her Dissertation Committee, is responsible for initiating an application for admission to degree candidacy so that it is filed with the College of Graduate Studies at least one semester before the date of graduation. The application for degree candidacy is a certification by the student’s program that the student has shown the ability to do acceptable graduate work in the chosen field of study and that:

1. all prerequisites set as a condition for candidacy have been met;
2. all inquiry/research skill requirements have been met;
3. the Program of Study has been approved by the Dissertation Committee Chair, the Department Chair, and the Dean of the College of Graduate Studies;
4. a grade point average of 3.50 or higher has been maintained on all graduate courses taken and on all completed courses on the Program of Study; no more than one grade of “C” may be placed on the Program of Study;
5. written and/or oral candidacy examinations have been passed and reported to the College of Graduate Studies; and
6. the Dissertation Committee is confirmed and all of its members have been notified of their appointments.

</tbody>
</table>

Substitutions may be authorized with the advisor’s approval.

Course credit is given for Tier I coursework to a maximum of 30 credits, provided the coursework was completed in a timely manner at an institution accredited by the appropriate regional accrediting agency. Questions regarding Higher Education Leadership area of specialization at the Tier I level should be directed to the Ed.D. Program Coordinator; questions regarding P-12 Educational Leadership area of specialization at the Tier I level should be directed to the Higher Ed. Tier I Program Coordinator.

**Tier II Core Courses**

There are two areas of specialization in Educational Leadership: 1) Higher Education Leadership and 2) P-12 Educational Leadership. However, students complete the same Tier II courses.

**Educational Leadership Ed.S.**

**Degree Requirements: 27 Credit Hours**

All applicants must present passing scores on the Educational Leadership Georgia Assessments for the Certification of Educators (GACE), Test 301, Georgia’s state-approved education lender certification assessment program, prior to program enrollment.

All candidates must claim Georgia Southern University as their provider, which may be done by logging into your myPSC account (https://mypsc.gapsc.org/Home.aspx). This must be completed prior to signing up for the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370).

All candidates admitted to any GaPSC-approved Educational Leadership program after fall term 2016, must have completed (does not have to pass) the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370) prior to becoming enrolled. A candidate who completes this program entry requirement (Test 370) for Tier I, does not have to complete Test 370 for Tier II. Official documentation will be required.

All candidates completing any GaPSC-approved Educational Leadership program on or after July 1, 2016, must attempt the Georgia Ethics for Educational Leadership Program Exit (Test 380) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.

Per the GaPSC Educator Preparation Rule 505-3-.77, the ETS Performance-Based Assessment for School Leaders (PASL) will be used as a certification requirement for Educational Leadership Tier II.

It is important to note that admission to and completion of Tier II does not ensure employment in a leadership position. Under state law, completion of an approved Tier II Educational Leadership program will not lead to additional pay until employed by a local Unit of Administration (LUA) in a leadership position that requires Tier II certification.

**Concentration: School Administration, 27 Credit Hours**

For students holding Tier I Educational Leadership Certification and seeking Tier II Educational Leadership Certification. The Program is administered through the Cohort Process, and the course sequence is prescribed and provided to candidates at orientation. The 750 required hours of clinical practice are embedded throughout coursework, and are guided cooperatively by the university and the school/district partner.

**Georgia Southern University Requirements**

The applicant must meet the following Georgia Southern University Requirements:

1. Complete requirements for a Master’s degree or higher in Educational Leadership from a regionally accredited institution. For the Tier II Educational Leadership Certification Only Option, hold an Educational Specialist degree or Doctorate degree from a regionally accredited institution and a Level 6 or Level 7 Georgia Educator Certification.
2. Present a 3.25 or higher GPA on all graduate work attempted.
3. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
4. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
5. Three years school/district experience prior to admission to the program.
6. Submit school/district endorsement and agreement for Residency at the Building or District level.
7. Hold a valid GaPSC Tier I Educational Leadership Certificate or the equivalent (a valid GaPSC-issued Standard Professional L or PL certificate in Educational Leadership) and are employed in a current leadership position.

**GaPSC Requirements**

Tier II of the Educational Leadership preparation program must be completed through an Ed.S. or Certification-only program. Admission is open to any individual who meets the Georgia Southern University and GaPSC requirements and providing that the candidate’s Local Unite of Administration (LUA) has entered into an agreement with Georgia Southern University that outlines the agreements related to Tier II Leadership preparation. Said agreement must state that the LUA and school agree to allow candidates to complete 750 hours of clinical practice (supervised field experiences) and provides supporting documents, as well as access to opportunities to lead and participate in leadership functions as appropriate for completion of leadership performances. Additional requirements are listed below; additionally, candidates must comply with any rule changes and/or additions instituted by the GaPSC affecting Educational Leadership certification.

All applicants must present passing scores on the Educational Leadership Georgia Assessments for the Certification of Educators (GACE), Test 301, Georgia’s state-approved education lender certification assessment program, prior to program enrollment.

All candidates must claim Georgia Southern University as their provider, which may be done by logging into your myPSC account (https://mypsc.gapsc.org/Home.aspx). This must be completed prior to signing up for the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370).

All candidates admitted to any GaPSC-approved Educational Leadership program after fall term 2016, must have completed (does not have to pass) the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370) prior to becoming enrolled. A candidate who completes this program entry requirement (Test 370) for Tier I, does not have to complete Test 370 for Tier II. Official documentation will be required.

All candidates completing any GaPSC-approved Educational Leadership program on or after July 1, 2016, must attempt the Georgia Ethics for Educational Leadership Program Exit (Test 380) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.

Per the GaPSC Educator Preparation Rule 505-3-.77, the ETS Performance-Based Assessment for School Leaders (PASL) will be used as a certification requirement for Educational Leadership Tier II.

It is important to note that admission to and completion of Tier II does not ensure employment in a leadership position. Under state law, completion of an approved Tier II Educational Leadership program will not lead to additional pay until employed by a local Unit of Administration (LUA) in a leadership position that requires Tier II certification.

Instructional Technology Ed.S.

Degree Requirements: 30 Credit Hours

Admission Requirements

Regular

1. Complete requirements for a Master’s degree in Instructional Technology or closely related field such as Library & Information Science; or possess a Master’s degree in another field that includes a minimum of 18 graduate credits of instructional technology coursework. The Master’s degree must be from a regionally accredited institution.

2. Present a 3.25 or higher GPA on all graduate work attempted.

3. Students seeking certification in Instructional Technology through the Ed.S. program must possess a valid level four or higher teaching, leadership, service field, or Life certificate. Initial certification in school library/media is not available through the Ed.S. program.

4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.

5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

This program is approved by the Georgia Professional Standards Commission as a program leading to certification in Instructional Technology. Completing the program will prepare candidates for certification, but candidates should consult with program faculty, the College of Education Graduate Academic Services Center, or the Georgia Professional Standards commission regarding current certification rules upon entering the program.

School Psychology Ed.S.

Degree Requirements: 78 Credit Hours

Program Intent

This program provides training to serve children and adolescents with learning, behavioral, or emotional problems in educational settings. After successful completion of 36 credits of course work and passing a written comprehensive examination, students may be awarded an interim M.Ed. degree and continue on in the program to complete the remaining requirements of the Ed.S. degree. The 36 credits required for the interim M.Ed. include the following courses: Professional Education Core Requirements (6 credits), Specific Requirements (27 credits), and Educational Research (EDUR 7130) (3 credits). Professional entry-level in the field of School Psychology requires Level Six (S-6) Certification which is acquired after successful completion of the prescribed Ed.S. Program of Study and a passing score on the GACE examination in School Psychology.

Admission Requirements

Regular

1. Complete requirements for a bachelor’s degree in the social sciences or in education from a regionally accredited institution.
2. Present a cumulative 3.00 (4.0 scale) or higher GPA on all undergraduate and graduate work (if any) combined.
3. Submit a personal statement of purpose that includes reasons for selecting school psychology as a career, self evaluation of personal qualities that would be brought into the program, and the impacts the applicant believes school psychologists should have on the lives of children.
4. Submit three letters of recommendation from persons well acquainted with the applicant’s academic and/or professional performance.
5. Participate in an interview on-campus or by phone if notified.
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance. Students who are accepted into the program must agree to abide by the ethical principles established by the National Association of School Psychologists. Documentation of professional liability insurance must be submitted to the assigned advisor at the beginning of the first semester.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Adult Education M.Ed.

Degree Requirements: 30 Credit Hours

Program Intent

The program in adult education shall prepare individuals who are trainers and educators to better disseminate their knowledge to others. The program of study will require students to:

- Develop a deeper, comprehensive understanding of the adult learner through a plan of study which builds upon prior professional preparation and experience.
- Interpret adult behavior through exploration theories and research findings related to the physical, social, emotional, intellectual and moral development of the adult learner.
- Investigate historical and philosophical factors which influence curriculum and pedagogy/andragogy for the adult learner.
- Plan and facilitate lessons that elevate their learners’ subject matter knowledge and skills.
- Implement developmentally responsive practices that reflect the philosophical foundations of education.
- Employ best practices in the use of assessment using a variety of strategies to meet the varying abilities and learning styles of all learners.
- Implement appropriate instructional strategies designed according to learner variables and academic discipline.
- Understand the importance of working collaboratively with a variety of stakeholders.
- Engage in practices and behaviors that develop competence as professionals.

Admission Requirements

Regular

1. An earned bachelor’s or master’s degree from a regionally accredited institution.
2. A minimum overall undergraduate grade point average of 2.50 OR in most recent degree.
3. Two (2) letters of recommendation.
4. A letter of intent (following the program’s approved format).

Counselor Education M.Ed.

Degree Requirements: 60 Credit Hours

Program Intent

The Counselor Education program prepares counselors to work in school and community settings. There are two degree program concentrations based on educational background and career goals, and both concentrations are accredited by CACREP.

Concentration One

School Counseling - This concentration is designed for people who wish to work as school counselors. The concentration is designed for graduates to meet the requirements for school counseling certification in Georgia.

Concentration Two

Clinical Mental Health Counseling - This concentration is designed for people who wish to work as clinical mental health counselors in community agency settings (public, private, or non-profit).

Admission Requirements

Note: Admission to the graduate program is required. Non-degree status to achieve initial certification is not permitted.

Regular

1. Complete requirements for a bachelor’s degree from a regionally accredited institution.
2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
3. Submit a personal statement of purpose, not to exceed 1000 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional goals and aspirations.
4. Submit a current resume.
5. Submit two letters of recommendation
6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Participate in an on-campus interview.
8. For Concentration One, School Counseling, pass the GACE Program Admission Assessment.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Acquiring School Counseling Certification for People who Already Hold a Master’s Degree

1. People who hold a master’s degree in an area other than School Counseling may qualify for the School Counselor Level Five Certificate by completing the M.Ed. in Counselor Education, School Counseling Concentration One. Up to three courses from a previous master’s program may be applied toward degree requirements.

Advisement

Department of Leadership

Educational Leadership M.Ed. (Online)

Degree Requirements: 36 Credit Hours

Completion of all program requirements leads to an M.Ed. as approved by Georgia Southern University, as well as a Teacher Leadership Endorsement and Educational Leadership Tier 1 certification as approved by the GaPSC.

Admission Requirements

Regular

1. Complete requirements for a Bachelor's degree from a regionally accredited institution.
2. Possess a Professional Level Four Certificate or higher in a teacher, service, or leadership field.
3. Present a cumulative 2.75 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Candidate’s Local Unit of Administration (LUA) is required to have entered into an agreement with Georgia Southern University that outlines the agreements related to Tier I Leadership preparation. Said agreement must state that the LUA and school agree to allow candidates to complete 250 hours of clinical practice (Supervised Field Experience) and to provide supporting documents, as well as access to opportunities to lead and participate in leadership opportunities as appropriate for completion of leadership performances. Additional requirements are listed below; additionally, candidates must comply with any rule changes and/or additions instituted by the GaPSC affecting Educational Leadership certification.
8. All candidates admitted to any GaPSC-approved Educational Leadership program must have completed (do not have to pass) the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370) prior to becoming enrolled.

Other Program Requirements

1. Passing scores on the Georgia Assessments for the Certification of Educators® (GACE®), Test #301. Georgia’s state approved educator certification assessment program, prior to program completion.
2. All candidates completing any GaPSC-approved Educational Leadership program on or after July 1, 2016, must pass the Georgia Ethics for Educational Leadership-Program Exit (Test 380) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.
3. Candidates must claim Georgia Southern University as their provider. Candidates must log into their MyPSC account (https://
mypsc.gapsc.org/Home.aspx) and claim Georgia Southern University as their provider.

4. All candidates admitted to any GaPSC approved Educational Leadership program must have passed the Georgia Ethics for Educational Leadership Assessment Program Entry (Test 370) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.

"It is important to note that admission to and completion of Tier 1 does not ensure employment in a leadership position. Under state law, completion of an approved Tier 1 program will not lead to additional pay until employed by a Local Unit of Administration (LUA) in a leadership position that requires Tier 1 certification."

Provisional Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Instructional Technology M.Ed.
(Georgia ONmyLINE)

Degree Requirements: 36-42 Credit Hours

The courses in this program are offered 100% online.

Admission Requirements

Regular

1. Complete requirements for a Bachelor’s degree from a regionally accredited institution.

2. For admission to the Instructional Technology Concentration or the Dual Certification Concentration, a valid, level 4 or higher Induction, Professional, Advanced Professional, or Lead Professional teaching certificate, leadership certificate, service field certificate, or Life certificate is required.

3. For admission to the non-degree certification only program in Instruction Technology, a valid, level 4 or higher Induction, Professional, Advanced Professional, or Lead Professional teaching certificate, leadership certificate, service field certificate, or Life certificate and a master’s degree in any field in education are required.

4. For admission to the Media Specialist Concentration, certification is not required, but the program will exceed 36 hours to meet certification requirements.

5. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

6. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

7. Persons seeking initial certification not holding level four certification must submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.

This program is approved by the Georgia Professional Standards Commission as a program leading to certification in Instructional Technology. Completing the program will prepare candidates for certification, but candidates should consult with program faculty, the College of Education Graduate Academic Services Center, or the Georgia Professional Standards commission regarding current certification rules upon entering the program.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented.

Provisional students must earn grades of “B” or higher in their first nine (9) hours of coursework after admission and meet any other stipulations outlined by the department to be converted to regular status.

Concentration: Instructional Technology, 36 Credit Hours

Concentration Intent: This program meets the content requirements for a level five Service Certificate in Instructional Technology in Georgia.

Adult Education Certificate

Degree Requirements: 12 Credit Hours

Program Intent

The Certificate in Adult Education leads to a State of Georgia Board of Regents certificate in Adult Education. Adult education is the teaching or training of adults. This program is designed to assist individuals entering a wide variety of careers as trainers or educators. The program of study
has been designed to enhance communication skills in the dissemination of knowledge about one’s area of expertise. Individuals completing the program will accomplish the following objectives:

- develop a deeper, comprehensive understanding of the adult learner through a plan of study which builds upon prior professional preparation and experience.
- interpret adult behavior through exploration theories and research findings related to the physical, social, emotional, intellectual and moral development of the adult learner.
- investigate historical and philosophical factors which influence curriculum and pedagogy/andragogy for the adult learner.
- implement appropriate instructional strategies designed according to learner variables and academic discipline.

Admission Requirements

Regular

1. An earned baccalaureate degree from a regionally accredited institution.
2. A minimum overall undergraduate GPA of 2.50.

Educational Leadership Tier I Certificate Program (Online)

Degree Requirements: 18 Credit Hours

Completion of all program requirements leads to an Educational Leadership Tier I certification as approved by the GaPSC.

Admission Requirements

Regular

1. Complete requirements for a Master's degree from a regionally accredited institution.

2. Possess a Professional Level Five Certificate or higher in a teacher, service, or leadership field.
3. Present a cumulative 2.75 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
7. Candidate’s local Unit of Administration (LUA) is required to have entered into an agreement with Georgia Southern University that outlines the agreements related to Tier I Leadership preparation. Said agreement must state that the LUA and school agree to allow candidates to complete 250 hours of clinical practice (Supervised Field Experience) and to provide supporting documents, as well as access to opportunities to lead and participate in leadership functions as appropriate for completion of leadership performances. Additional requirements are listed below; additionally, candidates must comply with any rule changes and/or additions instituted by the GaPSC affecting Educational Leadership certification.
8. All candidates admitted to any GaPSC-approved Educational Leadership program, must have completed (do not have to pass) the Georgia Ethics for Educational Leadership Assessment- Program Entry (Test 370) prior to becoming enrolled.

Other Program Requirements

1. Passing score on the Georgia Assessments for the Certification of Educators® (GACE®), Test #301. Georgia’s state-approved educator certification assessment program, prior to program completion.
2. All candidates completing any GaPSC-approved Educational Leadership program on or after July 1, 2016, must pass the Georgia Ethics for Educational Leadership-Program Exit (Test 380) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.
3. Candidates must claim Georgia Southern University as their provider. Candidates must log into their MyPSC account (https://mypsc.gapsc.org/Home.aspx.) and claim Georgia Southern University as their provider.
4. All candidates admitted to any GaPSC-approved Educational Leadership program must have passed the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.

**It is important to note that admission to and completion of Tier 1 does not ensure employment in a leadership position. Under state law, completion of an approved Tier 1 program will not lead to additional pay until employed by a local Unit of Administration (LUA) in a leadership position that requires Tier 1 certification.**

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) hours of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Educational Leadership Tier II Certificate Program (Online)

Degree Requirements: 18 Credit Hours

Completion of all program requirements leads to Educational Leadership Tier II certification as approved by the GaPSC.

Admission Requirements

The applicant must meet the following Georgia Southern University Requirements:

1. For the Tier II Educational Leadership Certificate Program, applicants must hold an Educational Specialist degree or Doctorate degree from a regionally accredited institution and a Level 6 or Level 7 Georgia Educator Certification.
2. Present a 3.25 or higher GPA on all graduate work attempted.
3. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
4. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.
5. Three years school/district experience prior to admission to the program.
6. Submit school/district endorsement and agreement for Residency at the Building or District level.
7. Hold a valid GaPSC Tier I Educational Leadership Certificate or the equivalent (a valid GaPSC-issued Standard Professional L or PL certificate in Educational Leadership) and are employed in a current leadership position.

GaPSC Requirements

1. Tier II of the Educational Leadership preparation program must be completed through an Ed.S. or Certification-only program. Admission is open to any individual who meets the Georgia Southern University and GaPSC requirements and providing that the candidate’s Local Unit of Administration (LUA) has entered into an agreement with Georgia Southern University that outlines the agreements related to Tier II Leadership preparation. Said agreement must state that the LUA and school agree to allow candidates to complete 750 hours of clinical practice (supervised field experiences) and provide supporting documents, as well as access to opportunities to lead and participate in leadership functions as appropriate for completion of leadership performances. Additional requirements are listed below; additionally, candidates must comply with any rule changes and/or additions instituted by the GaPSC affecting Educational Leadership certification.
2. All applicants must present passing scores on the Educational Leadership Georgia Assessments for the Certification of Educators (GACE), Test 301, Georgia’s state-approved education leader certification assessment program, prior to program enrollment.
3. All candidates must claim Georgia Southern University as their provider. Please log into your MyPSC account (https://mypsc.gapsc.org/Home.aspx). This must be completed prior to signing up for the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370).
4. All candidates admitted to any GaPSC-approved Educational Leadership program fall term 2016, must have completed (does not have to pass) the Georgia Ethics for Educational Leadership Assessment-Program Entry (Test 370) prior to becoming enrolled. A candidate who completes this program entry requirement (Test 370) for Tier I, does not have to complete Test 370 for Tier II. Official documentation will be required.
5. All candidates completing any GaPSC-approved Educational Leadership program on or after July 1, 2016, must attempt the Georgia Ethics for Educational Leadership Program Exit (Test 380) prior to completion and must pass the assessment to earn certification in the field of Educational Leadership.
6. Per the GaPSC Educator Preparation Rule 505-3-.77, the ETS Performance-Based Assessment for School Leaders (PASL) will be used as a certification requirement for Educational Leadership Tier II.
7. It is important to note that admission to and completion of Tier II does not ensure employment in a leadership position. Under state law, completion of an approved Tier II Educational Leadership program will not lead to additional pay until employed by a local Unit of Administration (LUA) in a leadership position that requires Tier II certification.
8. Tier II of the Educational Leadership preparation program must be completed through the Ed.S. or graduate certificate/cert only program. Admission is open to any individual who meets the Georgia Southern University and GaPSC requirements and providing that the candidate’s Local Unit of Administration (LUA) has entered into an agreement with Georgia Southern University that outlines the agreements related to Tier II.

Department of Middle Grades and Secondary Education

The Department of Middle Grades and Secondary Education at Georgia Southern University offers a variety of programs to prepare teachers and provide advanced professional development. Programs at the undergraduate level include middle grades education (4-8); secondary education (6-12) with specializations in biology, chemistry, English, history, mathematics and physics; and health and physical education (P-12). The Master of Arts in Teaching (MAT) program offers initial teacher preparation in middle grades, health and physical education, and Spanish education, as well as secondary areas of business, biology, chemistry, economics, English, history, geography, mathematics, physics, and political science. The department offers Master of Education (M.Ed.) and Education Specialist (Ed.S) degrees in middle grades and secondary education and an M.Ed. in Teaching Culturally and Linguistically Diverse Students. In addition to these degree programs, the department also offers an endorsement in English for Speakers of Other Languages (ESOL), Teacher Support and Coaching, Gifted Education and a certificate in Teaching Culturally and Linguistically Diverse Students.

Gifted In-field Graduate Endorsement (Online)

Requirements: 12 Credit Hours

Purpose

Gifted In-field Endorsement: The four courses for the gifted in-field endorsement have purposely been planned for candidates to participate in systematically designed field experiences in settings that provide them with opportunities to observe, practice, and demonstrate the knowledge, skills, and dispositions delineated in institutional, state, and national standards to teach gifted learners at the grade levels of their intended certification. The program is approved by the Georgia Professional Standards Commission (PSC).

Candidates in the Gifted In-field Endorsement Program will understand how gifted learners grow and develop, recognizing that patterns of learning and development vary individually including the cognitive, linguistic, social, emotional, and cultural aspects of gifted learners in order to design and teach developmentally appropriate and challenging learning experiences. In addition, candidates will plan instruction that supports every gifted learner in meeting rigorous learning goals by drawing upon knowledge...
of the nature and needs of gifted learners, content areas, differentiated curriculum, and pedagogy and use multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learner’s decision making. Candidates will also learn the significance of the learning context in order to ensure academically challenging learning environments that enable gifted learners to meet high standards and to interact with other high ability learners.

Requirements

1. Completed requirements for a Bachelor’s degree from a regionally accredited institution.
2. Possess a Georgia level four or higher certificate or be eligible for a Certificate of Eligibility for an Induction Certificate. Certification must be in one of the following: Elementary Education, Middle Grades Education, Secondary Education, and Special Education.
3. Present a cumulative 3.0 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing a Gifted In-field Endorsement.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Additional Requirements:

1. Courses must be taken in order.
2. Candidates must complete 20 hours in the field with each course.

Middle Grades Education (Grades 4-8) Ed.S. (Online)

Degree Requirements: 33 Credit Hours

Concentrations

Candidates must select one area of concentration from the areas in which they are currently certified:

- Middle Grades Language Arts
- Middle Grades Mathematics
- Middle Grades Reading
- Middle Grades Science
- Middle Grades Social Studies.

Certificate Upgrade Information: An educator who holds a level five Georgia certificate in Middle Grades Education will qualify for a level six certificate upgrade upon successful completion of all program requirements. (See catalog section on Certification).

Admission Requirements

Regular

1. Complete requirements for a Master's degree from a regionally accredited institution.
2. Possess or be eligible for a Georgia level five certificate in Middle Grades Education or a Certificate of Eligibility for a level five Induction certificate in Middle Grades Education. Certification must be in one of the following concentration areas: Middle Grades Language Arts, Middle Grades Mathematics, Middle Grades Reading, Middle Grades Science, and Middle Grades Social Studies. Candidates who have completed all requirements for the Certificate of Eligibility for a level five Induction certificate have until the end of the first semester to obtain the certificate.
3. Present a 3.25 or higher GPA on all graduate work attempted.
4. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
5. Submit a completed “Disclosure and Affirmation Form” that addresses misconduct disclosure, criminal background check, the Code of Ethics for Educators, and tort liability insurance.

Provisional

Applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

5. Three (3) letters of recommendation from persons familiar with the applicant's academic or employment experience.
6. Statement of career goals and objectives.

**Description of Certificate Program**

This Certificate Program is for teachers and administrators that hope to improve K-12 education for culturally and linguistically diverse students. The program of study includes the three course sequence needed to earn an ESOL endorsement and three additional courses that emphasize the social, cultural and academic contexts inherent in working with culturally and linguistically diverse students. The purpose of the certificate is to develop the capacity of teachers and administrators to provide high quality instructional experiences for diverse learners. This certificate course work will be centered in a menu of reading and assignments that allow teachers and administrators to select those that are most germane to their local teaching context. Teachers and administrators can initially complete the coursework to earn their ESOL endorsement. Successful completion of the next series of three courses will earn them the Teaching Culturally and Linguistically Diverse Students Certificate. One unique aspect is the potential for several teachers from a site or district to engage in the coursework simultaneously and collaborate on capstone experiences. This coursework aligns with TAPS standards that comprise the TKES assessment system for teachers in Georgia.

**Program of Study**

The Graduate Certificate program requires a total of 18 credit hours and is offered fully online.

1. TCLD 4231/TCLD 6231 is a prerequisite for admission into the M.Ed. in TCLD.
2. These courses are part of the GSU ESOL Endorsement.
3. These courses are part of the GSU TCLD Graduate certificate.
Admission Requirements

from a regionally accredited institution.

and a master's degree for those persons who hold a bachelor's degree.

The Master of Arts in Teaching (MAT) leads to initial teaching certification.

Program Intent and Admission Requirements:

Degree Requirements: 36 Hours

Program Intent and Admission Requirements:

The Master of Arts in Teaching (MAT) leads to initial teaching certification and a master's degree for those persons who hold a bachelor's degree from a regionally accredited institution.

• Health and Physical Education certification (P-12) for candidates who hold a bachelor's degree from a regionally accredited institution. The program of study is designed to meet all content and methods requirements for initial certification in 36 credit hours.

Admission Requirements

Regular

1. Hold a bachelor's degree from a regionally accredited institution.

2. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

3. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.

4. Complete the state-required Georgia Educator Ethics-Program Entry (350) assessment. A minimum score is not required.

5. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).

6. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant's reasons for pursuing graduate study and how admission into the program relates to the applicant's professional aspirations.

7. Acknowledge "Disclosure and Affirmation" statements that address the Code of Ethics for Educators and the need for tort liability insurance.

8. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, IBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program. For Study Concentration Four (Spanish), candidates are not required to take the TOEFL; rather those individuals who did not complete their undergraduate degree in the English language must pass an Oral Proficiency Interview and a Writing Proficiency Test in English at the ACTFL-defined IH or above (test administered by the Department of Foreign Languages).

9. If an applicant was previously enrolled in an initial teacher preparation program, an interview must be completed with the Program Coordinator prior to admission to the program.

Provisional

Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Total Credit Hours 36

• MAT in Health and Physical Education is a fully online program and will have an enrollment maximum of 15 candidates due to program resources.

• Candidates who are teaching full-time on a level 4 Induction pathway 1 certificate may apply for the level five Induction Pathway 1 certificate upon successful completion of all program requirements. Candidates who are not teaching during the program may apply for a level 5 Induction Pathway 1 certificate after successful completion of all program requirements and obtaining a teaching position.

• All new MAT candidates must attend an on-campus orientation meeting in order to meet registration requirements.
OTHER PROGRAM REQUIREMENTS

- Candidates must successfully complete assessments identified at each program transition point.
- Candidates are required to complete supervised field experiences in Georgia schools to meet certification requirements.
- Candidates must successfully complete all field experiences.
- Candidates must pass GACE content test and Georgia Educator Ethics-Program Exit (360) to enroll in ESED 6796 or ESED 6799.
- Candidates must submit edTPA assessment and receive a formal score during ESED 6796 or ESED 6799 to complete the program. To become a certified teacher, candidates must pass edTPA assessment with a passing score determined by GaPSC.
- Candidates must earn a grade of B or higher in KINS 6234: Adapted Physical Education Methods.
- Candidates enrolled in a Master of Arts in Teaching program can only accept employment in a Georgia school that meets the GaPSC requirements.
- Candidates enrolled in a Master of Arts in Teaching program and hired by a school system as a teacher of record must be teaching in the content area of the certification they are seeking.
- Candidates enrolled in a Master of Arts in Teaching program and hired by a school system as a teacher of record must be teaching full-time in the content area of the certification they are seeking during their semester of clinical practice/internship.

Teaching M.A.T. (Concentration in Middle Grades Education Grades 4-8)

Degree Requirements: 45 Hours

Program Intent and Admission Requirements:

The Master of Arts in Teaching (MAT) leads to initial teaching certification and a master’s degree for those persons who hold a bachelor's degree from a regionally accredited institution.

- Middle Grades certification (4-8) for candidates who hold a bachelor’s degree. Candidates must complete two teaching concentrations from language arts, science, social studies, and mathematics.

The total credit hours for the degree are dependent on previous course work completed in the area of certification. A transcript evaluation by the College of Education's Graduate Academic Services Center is required. Prerequisite content course work, based on the transcript evaluation, must be completed as a non-degree student before admission into the program.

Admission Requirements

Regular

1. Hold a bachelor’s degree from a regionally accredited institution.
2. Present a transcript evaluation by the College of Education’s Director of the Graduate Academic Services Center, and completion of a specified prerequisite content course work.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.
4. Present a total adjusted GPA of 2.75 or higher on all teaching field course work.
5. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.
6. Submit a passing score on the GACE Content Assessment in the area for which one is seeking certification.
7. Complete the state-required Georgia Educator Ethics--Program Entry (350) assessment. A minimum score is not required.
8. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).
9. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.
10. Acknowledge "Disclosure and Affirmation" statements that address the Code of Ethics for Educators and the need for tort liability insurance.
11. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, IBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program. For Study Concentration Four (Spanish), candidates are not required to take the TOEFL: rather, those individuals who did not complete their undergraduate degree in the English language must pass an Oral Proficiency Interview and a Writing Proficiency Test in English at the ACTFL-defined IH or above (tests administered by the Department of Foreign Languages).
12. If an applicant was previously enrolled in an initial teacher preparation program, an interview must be completed with the Program Coordinator prior to admission to the program.

Provisional

Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Teaching M.A.T. (Concentration in Secondary Education Grades 6-12)

Degree Requirements: 39 Hours

Program Intent and Admission Requirements:

The Master of Arts in Teaching (MAT) leads to initial teaching certification and a master’s degree for those persons who hold a bachelor’s degree from a regionally accredited institution.

- Secondary Education certification (6-12) for candidates who hold a bachelor’s degree in English, business, mathematics, history, geography, economics, political science, chemistry, biology, geology, physics, or related field. Upon successful completion of all program requirements, students will receive a Master's Degree in teaching. At the time of employment, students are eligible for an induction level certificate.

The total credit hours for the degree are dependent on previous course work completed in the area of certification. A transcript evaluation by the College of Education’s Graduate Academic Services Center is required.

Prerequisite content course work, based on the transcript evaluation, must be completed as a non-degree student before admission into the program.

Two campus options are available: a hybrid program on the Statesboro campus and a hybrid program on the Armstrong campus in Savannah. Contact the individuals listed in the “Advisement” section below for further information.

Admission Requirements

Regular

1. Hold a bachelor’s degree from a regionally accredited institution.

2. Present a transcript evaluation by the College of Education’s Director of the Graduate Academic Services Center, and completion of a specified prerequisite content course work.
3. Present a cumulative 2.50 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

4. Present a total adjusted GPA of 2.75 or higher on all teaching field course work.

5. Submit passing scores on the GACE Program Admission Assessment or be exempt by acceptable SAT, ACT, or GRE scores.

6. Submit a passing score on the GACE Content Assessment in the area for which one is seeking certification.

7. Complete the state-required Georgia Educator Ethics--Program Entry (350) assessment. A minimum score is not required.

8. Qualify for a Georgia Pre-Service certificate or Induction Pathway 4 certificate (see Certification section in the Graduate Catalog).

9. Submit a personal statement of purpose, not to exceed 200 words, that identifies the applicant’s reasons for pursuing graduate study and how admission into the program relates to the applicant’s professional aspirations.

10. Acknowledge “Disclosure and Affirmation” statements that address the Code of Ethics for Educators and the need for tort liability insurance.

11. International applicants and U.S. citizens whose native language is not English must demonstrate competence in English. Applicants must take and pass the Test of English as a Foreign Language (TOEFL) and post a score of at least 80 (internet-based test, iBT), 213 (computer-based test) or 550 (paper-based test) on the TOEFL. The official TOEFL score may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus prior to admission to the program. For Study Concentration Four (Spanish), candidates are not required to take the TOEFL; rather, those individuals who did not complete their undergraduate degree in the English language must pass an Oral Proficiency Interview and a Writing Proficiency Test in English at the ACTFL-defined IH or above (tests administered by the Department of Foreign Languages).

12. If an applicant was previously enrolled in an initial teacher preparation program, an interview must be completed with the Program Coordinator prior to admission to the program.

13. Select the campus you are applying to: Either (1) the Statesboro campus or (2) the Armstrong campus in Savannah.

Provisional

Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of B or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Secondary Education with Teaching Fields in biology, chemistry, physics, history, geography, political science, economics, broad field science, mathematics, English, or business. Candidates in one of the science fields or social science fields are encouraged to complete additional courses in order to pursue certification in several or all of the disciplines in science or in the social sciences. There is a broad field science test one can take for candidates seeking certification in one or more of the science fields; however, for the social sciences, candidates must take separate tests for the different social science fields in order to be certified in more than one of the social science disciplines (Grades 6-12).

Degree Requirements

**Credit Hours**

*Step One - The Following Courses are Prerequisites to Steps Two and Three (taken concurrently)*

*The steps represent one way to progress through the program but other schedules are possible.*
Candidates who are teaching full-time on a level 4
Induction Pathway 1 certificate may apply for the level 5
Induction Pathway 1 certificate upon successful completion
of all program requirements. Candidates who are not
Teaching during the program may apply for a level 5
Induction Pathway 1 certificate after successful completion
of all program requirements and obtaining a teaching
position.
Total Credit Hours 39
OTHER PROGRAM REQUIREMENTS (FOR ALL CONCENTRATIONS)
• Must successfully complete assessments identified at each program
transition point.

The Ed.D. degree program in Educational Leadership is designed to extend the competence and knowledge base of educational leaders who have been prepared to work in elementary, middle, secondary, or to enter the field of higher education. The program prepares graduates to work directly in the P-12 schools (e.g., master teacher, instructional coordinator, curriculum director) or to enter the field of higher education. The Ed.D. degree program in Curriculum Studies provides a unique and contemporary approach to doctoral study in curriculum. The program offers a concentration in educational administration and organizational leadership with an emphasis on research and innovation. The program is designed to provide the opportunity to develop a high level of proficiency in the field of study as well as develop research and leadership skills. Ed.S. degree programs are offered in eight areas of study. The Ed.S. degree enables students to meet certification requirements for the Georgia Professional Standards Commission as specified in Georgia Southern’s “approved programs.”

Continuous Enrollment
A student working for a doctorate must be enrolled at Georgia Southern University during the semester in which the comprehensive/qualifying/candidacy examination is taken and in each subsequent semester, including summer term, following the first dissertation registration, until the degree requirements are met and the dissertation is accepted by the College of Graduate Studies. Failure to enroll will result in loss of candidacy. To regain candidacy, the student must successfully petition the College of Graduate Studies.

If it is necessary to interrupt failure to enroll will result in loss of candidacy. To regain candidacy, the student must successfully petition the College of Graduate Studies. If it is necessary to interrupt progress toward the degree, the student may petition for a leave of absence of up to one year. The petition must be submitted at least one month before the effective date of leave. The major professor, the department chair, and the Vice Provost must grant approval. The Vice Provost will establish the conditions of the leave. An extension of a leave of absence beyond one year may be granted by the Vice Provost upon recommendation of the student’s dissertation committee.

Education Specialist Programs
The Education Specialist (Ed.S.) degree is a unique professional degree for educators that is designed to provide the opportunity to develop a high level of proficiency in the field of study as well as develop research and leadership skills. Ed.S. degree programs are offered in eight areas of study. Programs of study leading to the Ed.S. degree enable students to meet certification requirements for the Georgia Professional Standards Commission as specified in Georgia Southern’s “approved programs.”

Counseling and Related Educational Programs (CACREP); and the school education program is accredited by the Council for Accreditation of Teacher Education and the Southern Association of Colleges and Schools; the counselor program has been approved by the Georgia Professional Standards Commission, the National Council for Accreditation of Teacher Education, and the Georgia Southern University Accreditation Unit. Programs are developed in collaboration with departments across the campus and with professionals in the field of education. Each individual program.

Ed.S. Provisional Admission

If program policy allows, applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Ed.S. Comprehensive Exit Assessment

To complete degree requirements for the Ed.S. degree, each candidate must demonstrate the ability to conduct and present a field-based research project. The candidate and the graduate advisor should consider possible research topics that complement the candidate's career objectives and Program of Study. Prior to enrollment in Field-Based Educational Research (EDUR 8434), the candidate is expected to have formulated a research topic and will select graduate faculty members to serve on the candidate’s Ed.S. Committee. The Ed.S. Committee will be comprised of at least 3 faculty members who guide the development, implementation, and defense of the field study. The research proposal developed in EDUR 8434 will include the statement of the problem, a literature review, hypotheses or research questions, and research methodology. In the directed field-based research course specific to the field of study, the candidate implements the field study using the proposal developed in EDUR 8434. The instructor guides the candidate in the implementation process and is responsible for evaluating the research project and assigning the final course grade. The project is then orally defended in a meeting with the candidate's Ed.S. Committee members. This defense serves as the exit assessment for the program. The purpose of the defense is to assess the candidate’s knowledge of the topic area, the adequacy of the candidate’s application of research principles, and the ability of the candidate to articulate the results and implications of the study. The defense consists of a formal presentation by the candidate, followed by questions from the Ed.S. Committee.

Endorsements

Endorsement programs are available in the areas of: Autism, English for Speakers of Other Languages (ESOL), Online Teaching and Learning, Teacher Leadership, Special Education Transition Specialist, Reading, Positive Behavior Intervention and Support, and Teacher Support and Coaching. Endorsement programs can be completed as non-degree course work or, as appropriate and with advisor approval, included in a degree program of study. These endorsements may be added to a professional certificate in teaching, service, and leadership fields. See the endorsement programs at the end of the College of Education Graduate Section for specific admissions and course requirements that pertain to each individual program.

Graduate Program Approval and Unit Accreditation

The College of Education offers graduate programs to prepare its students for work in public education, in community agencies, and in higher education. Programs are developed in collaboration with departments across the campus and with professionals in the field of education. Each program has been approved by the Georgia Professional Standards Commission, the National Council for Accreditation of Teacher Education, and the Southern Association of Colleges and Schools; the counselor education program is accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP); and the school psychology program has National Association of School Psychologists (NASP) approval-full (national recognition).

Internships

Some graduate programs (in addition to initial teacher certification programs) require extensive field experience through internships as a program requirement. The student’s faculty advisor arranges the internship in cooperation with the student and local school systems/ agencies. For students enrolled in an initial teacher certification program at the graduate level, application for internships must be submitted to the student’s home department. Students who are required to participate in internships or other field experiences as part of their graduate program are required to complete a criminal background check on admission to the program and before commencing the internship. Students will not be required to undergo a criminal background check more than once per year.

Master of Education Programs

Master of Education (M.Ed.) degree programs are offered in twelve areas of study. A student admitted to the College of Graduate Studies as a prospective candidate for the M.Ed. degree must satisfactorily complete a planned Program of Study including a minimum of 6-9 credit hours in the professional education core and a minimum of 15 credit hours in the content field of the major. Since programs of study in all certificated areas areas are planned to enable students to meet the requirements of the Georgia Professional Standards Commission as specified in Georgia Southern’s “approved programs,” it is critical that students meet with their advisors early in their course work to plan an appropriate Program of Study. The development of the Program of Study expedites the registration process and ensures that all course work may be applied toward fulfilling degree requirements. Upon successful completion of the Program of Study, graduates in certification programs will be recommended for the appropriate Georgia Level Five Certificate.

M.Ed. programs of study must include at least 50% of level 6000, 7000 and 8000 courses. Students and their advisors are strongly encouraged not to include more than one 5000G-5999G level course in the Program of Study.

Admission to M.Ed. Programs

Regular Admission

For regular admission to the College of Graduate Studies to pursue the Master of Education degree, the applicant should refer to the specific admission requirements, program of study, and other requirements on the specific program’s catalog page.

Provisional Admission

If a program policy allows, applicants may be approved for provisional admission based on the quality of the admission material presented. Provisional students must earn grades of “B” or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status.

Non-Degree Graduate Studies

For non-degree admission to graduate education programs for those interested in professional development, certification renewal, or an endorsement to an existing certificate, students must be admitted to graduate study as a non-degree student. For non-degree admission to the College of Graduate Studies, the applicant must:
1. Possess a bachelor’s degree from a regionally accredited institution.
2. Possess or be eligible for certification as prescribed by the specific program.
3. Present a cumulative 2.5 (4.0 scale) grade point average or higher on all undergraduate and graduate work combined.

Note: Initial certification in non-teaching fields such as Counselor Education and Instructional Technology require completion of the master’s degree; Educational Leadership and School Psychology require completion of the education specialist's degree. Initial certification in Counselor Education and School Psychology cannot be completed as non-degree study. To pursue certification in Educational Leadership or Instructional Technology as a non-degree student, refer to the program pages in this catalog.

Online and Off-Campus Graduate Offerings

Multiple education courses and graduate programs are offered in a 100% online format. For specific information about which courses are offered online in a particular term, please contact the program director or the Graduate Academic Services Center at gasc@georgiasouthern.edu. For admission criteria to one of the College of Education’s online programs, please refer to the catalog page for that specific program.

Policies and Procedures for Field Experiences, Internships, and Clinical Experience - Initial Teacher Preparation

Field Experience Placement Policies

- Field placements are very important to candidates in the teacher preparation program. Georgia Southern University and its Partner Schools place great importance on field experiences.
- All field experiences are coordinated between the Office of Initial Teacher Preparation and Assessment, academic programs, and Partner Schools.
- An attempt will be made to place two or more teacher candidates in a school. An exception to this clustering policy could be rendered by a program or department. This exception would be a result of specialization required of the clinical supervisor. (This does not apply to candidates in an on-line Master of Arts in Teaching program).
- One geographical area will serve Georgia Southern’s teacher candidate population. The primary area is approximately 70 miles from each Georgia Southern campus (this includes Teachers of Record enrolled in non-online MAT programs). Candidates can expect the maximum one-way travel of 70 miles or less from Georgia Southern to a school placement. (This policy does not apply to candidates in a fully on-line Master of Arts in Teaching program).
- All field placements and clinical practice assignments are identified and assigned by the program director/Coordinator. Placements are not negotiable.
- Teacher candidates seldom receive a field placement at a school site where they have had a previous field experience placement. This policy provides candidates with diversity in placements and teaching experiences. The exception to this policy is year-long placements during the senior year.
- Teacher candidates are not placed in schools where they have attended, relatives are employed, or relatives are enrolled as students.
- Teacher candidates that have an identified disability requiring accommodations during a field experience or clinical practice must consult with the Student Accessibility Resource Center the semester prior to the field experience to discuss accommodations. All teacher candidates must successfully demonstrate their ability to meet, with or without accommodations, the standards and expectations of the teaching profession.
- Teacher candidates are limited to enrolling in a maximum of 12 semester hours during the clinical practice semester. The exception to this is when a candidate is enrolled in ESED 5235 and/or COED 3160.
- Candidates enrolled in a Master of Arts in Teaching program can only accept employment in a Georgia school that meets the GaPSC requirements. See rule 505-3-.01, section 4 (iv).
- Candidates enrolled in a Master of Arts in Teaching program and hired by a school system as a Teacher of Record must be teaching in the content area of the certification they are seeking.
- Candidates enrolled in a Master of Arts in Teaching program and hired by a school system as a Teacher of Record must be teaching full time in the content area of the certification they are seeking during their semester of clinical practice/internship.

Intervention Policies for Field Experiences, Student Teaching, and Internship

- Candidates are allowed a maximum of two (2) Professional Support plans (A/B) (each for different areas of difficulty) per field experience, or clinical practice.
- Candidates are allowed a maximum of one (1) Probationary Status per field experience, or clinical practice.
- Candidates may repeat each field experience, or clinical practice one (1) time.
- Withdrawing without academic penalty, withdrawing failing, or withdrawing at the recommendation of the program faculty from a field experience, or clinical practice will be considered one (1) attempt at that field experience.
- When school personnel request that a candidate be removed from the school for performance or professional reasons the placement will end immediately. A new field placement will rarely be identified until the following semester.

Structure

The College of Education has a variety of centers and offices that provide specific services to its students, faculty, and public schools:

Within the Office of Initial Educator Preparation and Assessment, the Associate Dean coordinates all activities related to undergraduate education, initial teacher preparations, state and national reporting, CAEP accreditation, PSC program approval, College of Education and program assessment, and Educator Preparation Committee activities. The Director of Field Experiences and the Clinical Practice Field Experience Coordinator facilitate all field experiences and coordinate clinical practice in partner schools in collaboration with the various department, public schools (Clinical Associates and Clinical Supervisors) and international partners.

The Office of Graduate Education and Research coordinates graduate admissions and program offerings as well as research and grant activity.
for the College in collaboration with the various departments, campus offices, and school systems.

The College of Education Student Success Center (SSC) is responsible for the advisement of all undergraduate education majors. The Director of the SSC and Certification Officer serves as a liaison between the College and the Georgia Professional Standards Commission dealing with certification matters. The Director evaluates student transcripts to determine course needs for acquiring initial or additional certification fields and makes the College’s recommendations for certification.

The Georgia Center for Educational Renewal conducts research and identifies its applications to practice for education renewal and/or reform in P-20 schools. It also focuses on educator preparation to facilitate improved teaching and learning in schools, especially for under-served populations. The Center is committed to closing the gaps between research and practice, the university and the schools and in the achievement of minority/majority students.

The Graduate Academic Services Center provides a comprehensive graduate experience beginning with recruiting prospective graduate students to providing student support for College of Education graduate students from program entry through graduation. The staff provides direct advisement for graduate students in several programs and provides pre-admission advisement for students in the College of Education.

The Instructional Resources Center (IRC) provides computer laboratories, portable multimedia equipment, and a variety of material resources and equipment for students and faculty. The IRC also provides technical and instructional assistance to College of Education faculty, staff, and students.

Student Teaching/Internship Placements

All student teachers/interns are placed within a 70-mile radius of either Georgia Southern campus.

International student teaching exchanges may be available. Information can be obtained from the Office of Initial Teacher Preparation and Assessment.

Teacher Certification Process and Procedures

The College of Education offers the Master of Arts in Teaching (M.A.T.) degree for those who hold bachelor’s degrees in a related teaching field. The M.A.T. is available in Middle Grades Education, Special Education, Elementary Education, Secondary Education fields (biology, broad fields science, business, chemistry, economics, English, history, geography, mathematics, physics, and political science), Health and Physical Education, and a P-12 Education field (Spanish education). Non degree options are available for some M.A.T. concentrations. Those who hold a bachelor’s degree and are interested in Elementary or Health and Physical Education, another certification option is to complete program requirements at the undergraduate level. Certification programs in Art Education are available at the undergraduate level and graduate non-degree. For Music Education, a certification program is only available at the undergraduate level. (See undergraduate program descriptions in the Undergraduate Catalog [http://catalog.georgiasouthern.edu/undergraduate].) For M.A.T. and all non-degree program options, students must have their transcripts evaluated by Georgia Southern University’s College of Education Graduate Academic Services Center, and they must meet all Teacher Education Program (TEP) admission and retention requirements, including an overall GPA of 2.50 or higher on all college course work attempted. If a graduate degree is sought, all admission requirements for the graduate program must also be met and admission granted prior to entering Step Two of the program. See the College of Education’s graduate programs section of this catalog for further information on these program options.

Candidates in a certification program (degree or non-degree) must be admitted to the Teacher Education Program (TEP) by the end of Step One, prior to enrolling in Step Two of the program of study. For non-degree candidates who seek to enter the M.A.T. program, GRE or MAT test scores must be submitted and admission granted into the M.A.T. degree program before enrolling in Step Two. Any M.A.T. program application submitted by a candidate who is enrolled under non-degree status will not be considered for admission once the candidate enrolls in Step Two courses.

Prospective students should contact the College of Education Graduate Academic Services Center for specific information and questions: https://coe.georgiasouthern.edu/gasc/services/transcript-evaluation/.

All applicants are expected to meet the criteria for admission to the Teacher Education Program.

Candidates for the M.A.T. or a graduate non-degree program are advised by graduate program faculty assigned at the time of admission.

For further information about alternative certification programs and the transcript evaluation process, please contact:

Graduate Academic Services Center
College of Education
P.O. Box 8083
Statesboro, GA 30460
(912) 478-1447
FAX: (912) 478-5093
Email: gasc@georgiasouthern.edu

Teacher Certification Programs

The College of Education offers the Master of Arts in Teaching (M.A.T.) degree or a similar graduate non-degree program option for those interested in acquiring initial teacher certification in the fields of Middle Grades Education, Special Education, Secondary Education fields (biology, broad fields science, business, chemistry, economics, English, history, geography, mathematics, physics, and political science), and Spanish education. Concentrations are also offered in Elementary Education and Health and Physical Education.

Master of Arts in Teaching

The College of Education offers the Master of Arts in Teaching (M.A.T.) degree for those who hold bachelor’s degrees in a related teaching field. The M.A.T. is available in Middle Grades Education, Special Education, Elementary Education and Secondary Education fields (biology, broad fields science, business, chemistry, economics, history, geography, mathematics, physics, and political science). Health and Physical Education, and Spanish Education. Those who hold a bachelor’s degree and are interested in Elementary or Health and Physical Education, another certification option is to complete program requirements at the undergraduate level. Certification programs in Art Education are available at the undergraduate level and graduate non-degree. For Music Education, a certification program is only available at the undergraduate level.

Candidates in the graduate alternative certification program (M.A.T degree or non-degree) must be admitted to the Teacher Education Program (TEP) by the end of Step One, prior to enrolling in Step Two of the program of study. For non-degree candidates who seek to enter the M.A.T. program, GRE or MAT test scores must be submitted and admission granted into the M.A.T. degree program before enrolling in Step Two. Any M.A.T.
program application submitted by a candidate who is enrolled under non-degree status will not be considered for M.A.T. admission once the candidate enrolls in Step Two courses.

For admission to the M.A.T., students must have their transcripts evaluated by Georgia Southern University’s College of Education Graduate Academic Services Center and they must meet all Teacher Education Program (TEP) admission and retention requirements, including an overall GPA of 2.50 or higher over all college course work attempted. Prospective students should contact the College of Education Graduate Academic Services Center for information and questions (co.georgiasouthern.edu/gasc/services/transcript-evaluation). Students in the M.A.T. program are assigned a faculty advisor in their home Department.

Admission to M.A.T. Program

Regular
Check with individual M.A.T. program concentrations for specific admission requirements.

Provisional
Applicants may be approved for Provisional admission based on the quality of the admission material presented. Provisional students must earn grades of "B" or higher in their first nine (9) credits of course work after admission and meet any other stipulations outlined by the department to be converted to regular status. Check with individual M.A.T. program concentrations for provisional admission guidelines.

Non-Degree Initial Teacher Certification Programs

Non-degree initial certification programs are available in some teaching fields. Check with the program director for specific details in the certification field desired. The non-degree program option is designed for those who do not wish to pursue a master's degree. Non-degree initial certification students must be admitted for graduate study as a Non-degree Teaching/Service/Leadership student (test scores are not required). All students seeking initial teaching certification must meet all TEP admission requirements. A transcript evaluation by the College of Education Graduate Academic Services Center identifies the program of study required in order to meet initial certification requirements for the desired field.

Note: Initial certification in non-teaching fields such as Counselor Education, Educational Leadership, and Instructional Technology require completion of the master's degree; School Psychology requires completion of the Education Specialist's degree. Initial certification in Counselor Education and School Psychology cannot be completed as non-degree study. To pursue certifications in either Instructional Technology or in Educational Leadership as a non-degree student, the applicant should check the individual program page.

Teacher Education Program

Students seeking initial certification as non-degree/M.A.T. students must meet admission requirements for the Teacher Education Program. Criteria for retention in the program must also be met, as well as specific program requirements and Student Teaching/Internship requirements. Candidate progress is monitored by program faculty and advisors to ensure that candidates are satisfactorily meeting program outcomes.

Allen E. Paulson College of Engineering and Computing

The Allen E. Paulson College of Engineering and Computing (CoEC) at Georgia Southern University offers undergraduate and graduate degree programs in six academic departments. The Bachelor of Science degree programs include Civil Engineering, Computer Engineering, Computer Science, Construction, Construction Engineering, Electrical Engineering, Information Technology and BIT Online, Manufacturing Engineering and Mechanical Engineering. The Regents' Engineering Pathway (REP) Program is also offered as an option for undergraduate students to earn an engineering degree at Georgia Southern or one of four other Georgia institutions that offer engineering degrees.

At the graduate level, the CoEC offers Master of Science degree programs in Applied Engineering, Civil Engineering, Computer Science, Electrical Engineering, Information Technology and Mechanical Engineering. For each of these MS degree programs, the College offers the Accelerated Bachelors to Masters (ABM) option. The ABM provides a pathway to earn both a BS and a MS degree in five years. The CoEC also offers two graduate certificates in Engineering & Manufacturing Management (EMME), and Occupational Safety & Environmental Compliance (OSEC), all of which are currently offered only on the Statesboro campus.

The MS in Applied Engineering degree program has two concentrations from which to choose: Advanced Manufacturing Engineering and Engineering Management. The program is under the purview of the Department of Manufacturing Engineering, and is designed to give students the hands-on experience they will need to be problem-solvers and leaders in consumer, commercial and industrial engineering fields. The EMM and OSEC graduate certificates can be earned as stand-alone credentials or in addition to the MSAE degree. They provide concentrated study in two important fields in today's commercial and industrial environments.

The MS in Civil Engineering degree program provides students with industry-ready skills coupled with innovative and cutting-edge research experience in their field of interest. The program serves both full-time students preparing for a career as a civil engineering professional, and currently employed professionals seeking an advanced education to augment their existing skills and background. The MSCE at Georgia Southern comprises technical coursework and a thesis or non-thesis tracks in five main areas:

- Construction Engineering
- Environmental/Water Resources Engineering
- Transportation-Pavement/Geotechnical Engineering
- Structural Engineering
- Surveying-Geomatics

The MS in Computer Science degree program is designed as a hybrid program to allow those with degrees in traditional, non-computing fields to earn a master's degree in computer science. The Georgia Southern MSCS program offers the only Data Mining and Data Warehousing concentrations in Georgia — one of only a handful of such master's degrees in the world. The program is designed to prepare its students for a career in knowledge-based data systems, including software development, computer systems analysis, computer systems engineering, network engineering, database design, computer programming and software systems development.

The MS in Electrical Engineering degree program is designed to meet the global need for engineers who possess leadership skills but also applications experience in consumer, commercial and industrial fields. MSEE graduates are innovators prepared to become responsible strategic leaders and exceptional engineering professionals. Courses include analytical math and experimental research in areas such as
autonomous systems, optical communications, wireless power, antennas and propagation, and energy harvesting. The program serves both the full-time students preparing for a career in Electrical Engineering, as well as currently employed Electrical Engineering professionals seeking advanced education to augment their existing skills and background.

The MS in Information Technology degree program at Georgia Southern integrates state-of-the-art technology and interdisciplinary and conceptual science with hands-on, operational skills preparation. Students gain valuable knowledge and are placed in a unique position to make an immediate impact on their career and their employers. The MSIT program embraces the constantly changing IT industry, prepares graduates to analyze and manage IT networks and systems. Thesis or non-thesis tracks are available within the program. Courses include IT management, data analytics, networking, data management and storage, and network security. Research conducted through the thesis or independent study project provides opportunity for individualized in-depth study within the concentration.

The MS in Mechanical Engineering degree program provides focused and specialized educational opportunities beyond the BS degree in both thesis-track and non-thesis track programs. Students select coursework concentrations in Energy Science, Mechatronics, and general Mechanical Engineering, while conducting in-depth research. The MSIMechE degree prepares engineers to accept greater project responsibility while advancing more quickly in their chosen careers.

Vision
The Allen E. Paulson College of Engineering and Computing will be a nationally recognized leader in engineering, computer science, and information technology in the areas of student-centric and application-based teaching, research, and service.

Mission
The College of Engineering and Computing will maintain a dynamic and evolutionary environment of excellence in teaching, research, and service in which students, faculty, and staff can achieve their professional goals. In these endeavors, the College will foster student-centric professional learning experiences utilizing advanced technologies applied with state-of-the-art equipment, inspire innovation and invention, encourage sustainability, and technically and economically enrich our communities and societies.

College Structure

- Department of Civil Engineering and Construction (p. 171)
- Department of Computer Science (p. 176)
- Department of Electrical and Computer Engineering (p. 179)
- Department of Information Technology (p. 183)
- Department of Manufacturing Engineering (p. 188)
- Department of Mechanical Engineering (p. 193)

Experiential Learning Opportunities - Internships
Internships are supervised experiential learning programs, designed to allow students an opportunity to receive practical experience in their chosen field of study. Internships provide rich professional development content and connect students with relevant experiences that enhance their graduate education. Not only do they prepare students for their next steps after graduation, whether that involves a full-time job or furthering their education, internships can provide a means for students to financially support themselves and fund their education. Students should contact Dr. David Williams, Director of REP Program and Co-op Programs in the Allen E. Paulson College of Engineering and Computing Office of the Dean for further information.

Advisement
Graduate students in CoEC are advised by the department's professional advisors and the student's major faculty advisor. For information regarding the MS or the Graduate Certificate programs, contact Erica Colbert at ercolbert@georgiasouthern.edu, 912-478-3007.

Programs

Master's
- Applied Engineering M.S.A.E. (Concentration in Advanced Manufacturing Engineering) (Thesis) (p. 190)
- Applied Engineering M.S.A.E. (Concentration in Civil Engineering and Construction) (Non-Thesis) (p. 171)
- Applied Engineering M.S.A.E. (Concentration in Civil Engineering and Construction) (Thesis) (p. 172)
- Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Non-Thesis (p. 179)

- Mechanical Engineering M.S.M.E. (Thesis) (p. 200)

Doctoral
No results were found.

Certificates
- Engineering and Manufacturing Management Certificate (p. 203)
- Occupational Safety and Environmental Compliance Certificate (p. 204)
Department of Civil Engineering and Construction

The Master of Science in Civil Engineering degree program (MSCE) at Georgia Southern prepares students with the advanced technical knowledge and skills needed to propel your career in the vital area of infrastructure.

The program serves both full-time students preparing for a career as a civil engineering professional, and currently employed professionals seeking an advanced education to augment their existing skills and background. The MSCE degree program consists of technical coursework and a thesis or non-thesis track in five main areas:

- Construction Engineering
- Environmental/Water Resources Engineering
- Transportation-Pavement/Geotechnical Engineering
- Structural Engineering
- Surveying-Geomatics

Prospective students will usually have earned a previous degree in civil engineering, construction engineering, construction (management), or environmental engineering.

Thesis

Each candidate for the Master of Science in Applied Engineering Thesis Track degree must complete a thesis on a subject approved by the graduate thesis committee. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. One member, termed the second reader, has responsibility for an intensive and rigorous criticism of the thesis and a third member of the thesis committee has the responsibility of an “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Applied Engineering degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
- The thesis must be electronically submitted to the ETD site for format check by the final thesis submission deadline as stated in the University Calendar.
- The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in
the University Calendar. The final document must be electronically approved by the Thesis Committee.

The MSAE concentration in Civil Engineering and Construction is no longer accepting incoming students. Please visit the catalog page for the MS in Civil Engineering degree program to begin your advanced studies in this area.

Civil Engineering M.S.C.E. (Non-Thesis)

Degree Requirements: 30 Credit Hours
Total Hours: 27 hours of coursework with 3 hours Master’s Project

Admission Requirements

Regular
1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.
2. An undergraduate degree or the equivalent in Civil Engineering or closely related field of study.
3. A 3.0 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.
4. International students must meet College of Graduate Studies English Proficiency requirements.

Provisional
A student may be granted provisional admission based upon the recommendation of the Master of Science in Civil Engineering Graduate Coordinator or department chair.

Non-Degree
Non-degree students are accepted on an individual basis as space is available.

A minimum of 50% of courses for the Master of Science in Civil Engineering degree must be taken at or above the 6000 level.

Specializations
The Master of Science in Civil Engineering degree program provides specializations in Construction Engineering, Environmental/Water Resources Engineering, Transportation-Pavement/Geotechnical Engineering, Structural Engineering and Surveying-Geomatics.

Program of Study
A minimum of 30 semester hours of course work, none of which was used to satisfy requirements for a previous degree, are required. The student’s faculty advisor, the Civil Engineering & Construction Department Chair and the Associate Dean for Students, Curriculum & Advisement must approve the program of study. Certain specialization groups within the department have specific course requirements, so students are advised to speak with their advisor to ensure degree requirements are satisfied.

Students who are not writing a thesis must take at least 18 hours of coursework in their major field. The major field is defined as the student’s area of specialization.

Accelerated Bachelor’s to Master’s Degree (ABM) Degree Requirements: 30 Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSCE-ABM program combines 130 hours from the BSCE program and 30 hours from the MSCE program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 10 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSCE-ABM students may share a maximum of 9 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular
For regular admission to the Accelerated Bachelor’s to the Master of Science in Civil Engineering (ABM-MSCE) degree program the student must:
1. Be enrolled as a current Georgia Southern undergraduate student majoring in Civil Engineering (CE).
2. Have completed at least 25 credit hours of undergraduate coursework in the CE discipline including: MATH 1441, MATH 2242, PHYS 2211K, PHYS 2212K and CENG 1133.
3. Have a 3.0 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

ABM Degree Requirements: 30 Credit Hours Non-Thesis
1. A student in the ABM program will be allowed to use up to 9 credits of CENG 5000G level courses offered within the Civil Engineering program in meeting the requirements of both a bachelor’s degree and a master’s degree.

2. Maintain a cumulative graduate GPA of 3.0 (grade of “B” or better) in their graduate degree course work (including the 9 credits of graduate course work shared with the undergraduate degree).

3. Meet all requirements for both the BSCE and MSCE degrees.

4. An undergraduate student enrolled in graduate classes is limited to 6 credit hours of graduate coursework per semester.

5. A minimum of 50% of courses for the Master of Science in Civil Engineering degree must be taken at or above the 6000 level.

**Civil Engineering M.S.C.E. (Thesis)**

**Degree Requirements: 30 Credit Hours**

Total Hours: 24 hours of coursework with 6 hours Master’s Thesis

**Admission Requirements**

**Regular**

1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.

2. An undergraduate degree or the equivalent in Civil Engineering, or a closely related field of study.

3. A 3.0 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.

4. International students must meet College of Graduate Studies English Proficiency requirements.

**Provisional**

A student may be granted provisional admission based upon the recommendation of the Master of Science in Civil Engineering Graduate Coordinator or department chair.

---

**Non-Degree**

Non-degree students are accepted on an individual basis as space is available.

A minimum of 50% of courses for the Master of Science in Civil Engineering degree must be taken at or above the 6000 level.

**Specializations**

The Master of Science in Civil Engineering degree program provides specializations in Construction Engineering, Environmental/Water Resources Engineering, Transportation-Pavement/Geotechnical Engineering, Structural Engineering and Surveying-Geomatics.

**Program of Study**

A minimum of 30 semester hours of course work, none of which was used to satisfy requirements for a previous degree, are required. The student’s faculty advisor, the Civil Engineering & Construction Department Chair and the Associate Dean for Students, Curriculum & Advisement must approve the program of study. Certain specialization groups within the department have specific course requirements, so students are advised to speak with their advisor to ensure degree requirements are satisfied.

Students writing a thesis must take at least 12 hours of coursework in their major field. The major field is defined as the student’s area of specialization.

**Degree Requirements**

**Thesis Track, 30 Credit Hours**

**Thesis**

Each candidate for the Master of Science in Civil Engineering Thesis Track degree must complete a thesis on a subject approved by the graduate thesis committee. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. One member, termed the second reader, has responsibility for an intensive and rigorous criticism of the thesis and a third member of the thesis committee has the responsibility of an “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Civil Engineering degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
• The student must prepare the thesis for electronic submission following the latest version of the Electronic Thesis and Dissertation (ETD): Student Guide to Preparation and Processing manual.

• The thesis must be electronically submitted to the ETD site for format check by the final thesis submission deadline as stated in the University Calendar.

• The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.

Accelerated Bachelor’s to Master’s Degree (ABM) Degree Requirements: 30 Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSCE-ABM program combines 130 hours from the BSCE program and 30 hours from the MSCE program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 10 hours. Department of Computer Science

The Master of Science in Computer Science (MSCS) degree program is structured specifically to provide a rigorous master's program for people currently working in the information technology industry, as well as for those who wish to enter the field or are current undergraduate students interested in advancing their education. This hybrid program prepares students in the area of data and knowledge systems. With a concentration in the high-demand, competitive fields of data mining and data warehousing, the Georgia Southern MSCS program is one of only a handful of such master's degree programs in the world. Both thesis and non-thesis options are available in the MSCS program.

Computer Science M.S. (Hybrid) (Non-Thesis)

Degree Requirements: 30 Credit Hours

Admission Requirements

Regular Admission

Domestic Candidates: (Choose Option A or Option B)

Option A

1. Bachelor of Science in Computer Science or in a related field (Computer Engineering, Information Technology, Information Systems, Software Engineering, etc.) from an accredited program.
2. Have a cumulative GPA of 3.0/4.0 or its equivalent.
3. Submit a General GRE score.

Option B

1. Bachelor of Science in Computer Science or in a related field (Computer Engineering, Information Technology, Information Systems, Software Engineering, etc.).
2. Have a cumulative GPA of 2.4/4.0 or its equivalent.
3. Have at least two years of relevant professional experience (employment) in computing.
4. Submit a General GRE score.

International Candidates

1. Bachelor of Science in Computer Science or in a related field (for example, Computer Engineering, Information Technology, Information Systems, Software Engineering, etc.)
Concentration: Data and Knowledge Systems, Online, 30 Credit Hours

Total Credit Hours: 30

Accelerated Bachelors to Masters (ABM) (Project Option)

Degree Requirements: 30 Credit Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSCS-ABM program combines 124 hours from the BS Computer Science program and 30 hours from the MSCS program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 4 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSCS-ABM students may share a maximum of 4 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular Admission

For regular admission to the Accelerated Bachelor’s to Master’s of Science in Computer Science (ABM-MSCS) degree program, the applicant must have:

1. Enrollment as a current Georgia Southern undergraduate student majoring in Computer Science.
2. Between 75 and 95 (inclusive) credit hours completed in the undergraduate program; including the courses MATH 1441, MATH 2130, MATH 2242, CSCI 1301, CSCI 1302, CSCI 3230 and CSCI 3236, each with a grade of C or better.
3. A 3.0 (4.0 scale) cumulative GPA or higher in undergraduate coursework.
4. A 3.0 (4.0 scale) GPA in computer science undergraduate coursework.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

Program of Study

The graduate student and the graduate advisor shall develop a Program of Study that consists of 30 credits of graduate course work, including 9 credits of core courses, 3 to 6 credits of Directed Study, 12 to 15 credits of elective classes at the 7000 level, and 3 credits of Research Project in Computer Science (CSCI 7899)

E-mail: MSCS@georgiasouthern.edu (mscs@georgiasouthern.edu).

Computer Science M.S. (Hybrid) (Thesis)

Degree Requirements: 30 Credit Hours

Admission Requirements

Regular Admission

Domestic Candidates: (Choose Option A or Option B)

Option A

1. Bachelor of Science in Computer Science or in a related field (Computer Engineering, Information Technology, Information Systems, Software Engineering, etc.) from an accredited program.
2. Have a cumulative GPA of 3.0/4.0 or its equivalent.
3. Submit a General GRE score.

Option B

1. Bachelor of Science in Computer Science or in a related field (Computer Engineering, Information Technology, Information Systems, Software Engineering, etc.).
2. Have a cumulative GPA of 2.4/4.0 or its equivalent.
3. Have at least two years of relevant professional experience (employment) in computing.
4. Submit a General GRE score.

International Candidates

1. Bachelor of Science in Computer Science or in a related field (for example, Computer Engineering, Information Technology, Information Systems, Software Engineering, etc.)
2. Have a cumulative GPA of 3.0/4.0 or its equivalent.
3. Submit a General GRE score.
4. Submit a minimum TOEFL score of 550 (paper-based), 213 (computer-based), or 80 (internet-based). The TOEFL will be waived for international applicants who have graduated from a U.S. College or University.

Provisional Admission

Applicants who meet most (but not all) of the Regular admission requirements may be admitted on a Provisional basis. Applicants granted Provisional admission must earn grades of “B” or higher in the courses taken under the Provisional admission status. Any other conditions of Provisional admission will be stated in the admission letter. Applicants with such admission status may take graduate-level courses counting toward the M.S. degree requirements. It is every student’s responsibility to satisfy his or her conditions of admission as soon as possible after acceptance.

Prerequisites for provisionally admitted students consist of the following undergraduate courses:

<table>
<thead>
<tr>
<th>Requirements</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

Non-Degree

Applicants who have a high number of deficiencies may be granted Non-Degree admission to the College of Graduate Studies to take a limited number of graduate level courses.

Program of Study

The graduate student and the graduate advisor shall develop a Program of Study that consists of 30 credits of graduate course work, including 9 credits of core courses, 3 to 6 credits of Directed Study, 9 to 12 credits of elective classes at the 7000 level, and 6 credits of Thesis (CSCI 7999).

For the online Concentration program in Data and Knowledge Systems, the graduate student and the graduate advisor shall develop a Program of Study that consists of 30 credits of graduate course work, including 9 credits of core courses, 9 credits in the concentration area, 6 credits of elective classes at the 7000 level, and 6 credits of Thesis (CSCI 7999) (thesis option).

Accelerated Bachelors to Masters (ABM) Degree Requirements: 30 Credit Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSCS-ABM program combines 124 hours from the BS Computer Science program and 30 hours from the MSCS program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 4 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSCS-ABM students may share a maximum of 4 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

For regular admission to the Accelerated Bachelor’s to Master’s of Science in Computer Science (ABM-MSCS) degree program, the applicant must have:

1. Enrollment as a current Georgia Southern undergraduate student majoring in Computer Science.
2. Between 75 and 95 (inclusive) credit hours completed in the undergraduate program; including the courses MATH 1441, MATH 2130, MATH 2242, CSCI 1301, CSCI 1302, CSCI 3230 and CSCI 3236, each with a grade of C or better.
3. A 3.0 (4.0 scale) cumulative GPA or higher in undergraduate coursework.
4. A 3.0 (4.0 scale) GPA in computer science undergraduate coursework.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

Program of Study
The graduate student and the graduate advisor shall develop a Program of Study that consists of 30 credits of graduate course work, including 9 credits of core courses, 3 to 6 credits of Directed Study, 9 to 12 credits of elective courses at the 7000 level, and 6 credits of Thesis (CSCI 7999).

Department of Electrical and Computer Engineering
The Master of Science in Electrical Engineering (MSEE) degree program offered on the Statesboro Campus of Georgia Southern integrates state-of-the-art technology and interdisciplinary and conceptual science with hands-on, operational skills preparation. The MSEE program is designed to meet the global need for engineers who possess leadership skills but also applications experience in consumer, commercial and industrial fields. MSEE graduates are innovators prepared to become responsible, strategic leaders and exceptional engineering professionals. Graduates gain valuable knowledge and are placed in a unique position to make an immediate impact on their career and their employers. The program serves both full-time students preparing for a career in Electrical Engineering as well as currently employed professionals seeking an advanced education to augment their existing skills and background.

Courses include analytical math and experimental research in areas such as autonomous systems, optical communications, wireless power, small antennas, and energy harvesting. Thesis or non-thesis tracks are available within the program. Research conducted through the thesis or independent study project provides opportunity for individualized in-depth study with a faculty mentor.

Applied Engineering M.S.A.E. (Concentration in Electrical and Electronic Systems) Thesis

Degree Requirements: 30 Credit Hours (Thesis)

Admission Requirements

Regular

1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.
2. An undergraduate degree or the equivalent in the proposed or closely related field of study.
3. A 2.75 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.

4. International students must meet College of Graduate Studies English Proficiency requirements.

5. The Master of Science in Applied Engineering program with an Information Technology concentration requires: a) a bachelor’s degree in computer sciences, information systems, information technology, or related field and a minimum of 2-years of work experience in IT or related field; or b) a bachelor’s degree and a least 4-years of work experience in IT or related field; or c) permission of the Graduate Program Director.

Provisional

A student may be granted provisional admission based upon the recommendation of the Master of Science in Applied Engineering Graduate Coordinator or department chair.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.

Thesis

Each candidate for the Master of Science in Applied Engineering Thesis Track degree must complete a thesis on a subject approved by the graduate thesis committee. Thesis credits must be completed over no less than two semesters. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. One member, termed the second reader, has responsibility for an intensive and rigorous criticism of the thesis and a third member of the thesis committee has the responsibility of an “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off.
The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Applied Engineering degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
- The thesis must be electronically submitted to the ETD site for format check by the final thesis submission deadline as stated in the University Calendar.
- The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.

The MSAE concentration in Electrical and Electronic Systems is no longer accepting incoming students. Please visit the catalog page for the MS in Electrical Engineering degree program to begin your advanced studies in this area.

Total Credit Hours 30

Accelerated Bachelor's to Master's (ABM) Degree Requirements: 30 Credit Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSEE-ABM program combines 130 hours from the BSEE program and 30 hours from the MSEE program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 10 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSEE-ABM students may share a maximum of 9 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular

For regular admission to the Accelerated Bachelor's to the Master's of Science in Electrical Engineering (ABM-MSEE) degree program, the applicant must:

1. Be a current Georgia Southern undergraduate student majoring in Electrical Engineering (EE).
2. Have completed at least 25 credit hours of undergraduate coursework in EE discipline including MATH 1441, MATH 2242, PHYS 2211K, PHYS 2212K, ENGR 1731, ENGR 1732, and ENGR 2332.
3. Have a 3.0 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.
**ABM Degree Requirements: 30 Credit Hours (Non-Thesis)**

1. A student in the ABM program will be allowed to use up to 9 credits of MGFE 5000G level courses offered within the Electrical Engineering program in meeting the requirements of both a bachelor’s degree and a master’s degree.

2. Maintain a cumulative graduate GPA of 3.0 (grade of “B” or better) in their graduate degree coursework (including the 9 credits of graduate coursework shared with the undergraduate degree).

3. Meet all requirements for both the BSEE and M.S.E.E. degrees.

4. An undergraduate student enrolled in graduate classes is limited to 6 credit hours of graduate coursework per semester.

5. A minimum of 50% of courses for the Master of Science in Electrical Engineering degree must be taken at or above the 6000 level.

Department of Information Technology

The Master of Science in Information Technology (MSIT) degree program offered on the Statesboro campus of Georgia Southern integrates state-of-the-art technology and interdisciplinary and conceptual science with hands-on, operational skills preparation. Graduates gain valuable knowledge and are placed in a unique position to make an immediate impact on their career and their employers. The MSIT program embraces the constantly changing IT industry and prepares graduates to analyze and manage IT networks and systems. Thesis and non-thesis tracks are available within the program. Courses include IT management, data analytics, networking, data management and storage, and network security. Research conducted through the thesis or independent study project provides opportunity for individualized in-depth study with a faculty mentor.

Total Credit Hours 30

1 A minimum of 50% of courses for the Master of Science in Information Technology degree must be taken at or above the 6000 level.

Accelerated Bachelors to Masters (ABM) Degree Requirements: 30 Credit Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a bachelor’s degree program, and at least 30 unique credit hours are required for a master’s degree program. The MSIT-ABM program combines 124 hours from the BSIT program and 30 hours from the MSIT program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 4 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSIT-ABM students may share a maximum of 4 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular

For regular admission to the Accelerated Bachelor's to Master's of Science in Information Technology (ABM-MSIT) degree program, the applicant must have:

1. Enrollment as a current Georgia Southern undergraduate student majoring in Information Technology.
2. Completed at least 45 credit hours completed in the undergraduate program; including the courses MATH 1111, COMM 1110, STAT 1401, IT 1130, and IT 2333, each with a grade of C or better.
3. A 3.0 (4.0 scale) cumulative GPA or higher in undergraduate coursework.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

ABM Degree Requirements: 30 Credit Hours (Thesis & Non-Thesis)

1. A student in the ABM program will be allowed to use up to 4 credits MFGE 5000G level courses offered within the Information Technology program in meeting the requirements of both a bachelor’s degree and a master’s degree.
2. Maintain a cumulative graduate GPA of 3.0 (grade of “B” or better) in their graduate degree course work (including the 4 credits of graduate course work shared with the undergraduate degree).
3. Meet all requirements for both the BSIT and MSIT degrees.
4. An undergraduate student enrolled in graduate classes is limited to 6 credit hours of graduate coursework per semester.
5. A minimum of 50% of courses for the Master of Science in Information Technology degree must be taken at or above the 6000 level.

Information Technology M.S.I.T. (Thesis)

Degree Requirements: 30 Credit Hours

Admission Requirements

Regular Admission

1. Admissions to the MSIT program are competitive. Meeting the admission requirements does not guarantee admission to the program.

2. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.

3. An undergraduate degree or the equivalent in Information Technology, Computer Science/Engineering, or Information Systems, or a closely related field of study.

4. A 3.00 (4.0 scale) cumulative grade point average (GPA) or higher on courses in undergraduate work, or equivalent.

5. International students must meet College of Graduate Studies English Proficiency requirements.

(a) two years of work experience in the IT field if the undergraduate degree is not in information technology, information systems, computer science/engineering or a closely related field; and

(b) a competitive score on the GRE or GMAT exam. The GRE or GMAT exam may be waived if the applicant has three or more years of work experience in IT or a closely related field.

Provisional

A student may be granted provisional admission based upon the recommendation of the Master of Science in Information Technology Graduate Program Coordinator or Department Chair.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.

Degree Requirements: 30 Credit Hours (Thesis)

1 A minimum of 50% of courses for the Master of Science in Information Technology degree must be taken at or above the 6000 level.

Thesis

Each candidate for the Master of Science in Information Technology Thesis Option degree must complete a thesis on a subject approved by the graduate thesis committee. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. One member, termed the second reader, has responsibility for an intensive and rigorous criticism of the thesis and a third member of the thesis committee has the responsibility of an “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off. The style and format for the completed thesis shall follow that prescribed by the Program Director for the Master of Science in Information Technology degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
- The thesis must be electronically submitted to the ETD site for format check by the final thesis submission deadline as stated in the University Calendar.
- The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.

Accelerated Bachelors to Masters (ABM) Degree Requirements: 30 Credit Hours

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelor’s degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSIT-ABM program combines 124 hours from the BSIT program and 30 hours from the MSIT program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 4 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, BSIT-ABM students may share a maximum of 4 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular

For regular admission to the Accelerated Bachelor’s to Master’s of Science in Information Technology (ABM-MSIT) degree program, the applicant must have:
1. Enrollment as a current Georgia Southern undergraduate student majoring in Information Technology.
2. Completed at least 45 credit hours completed in the undergraduate program; including the courses MATH 1111, COMM 1110, STAT 1401, IT 1130, and IT 2333, each with a grade of C or better.
3. A 3.0 (4.0 scale) cumulative GPA or higher in undergraduate coursework.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

**ABM Degree Requirements: 30 Credit Hours (Thesis & Non-Thesis)**

1. A student in the ABM program will be allowed to use up to 4 credits MFGE 5000G level courses offered within the Information Technology program in meeting the requirements of both a bachelor’s degree and a master’s degree.
2. Maintain a cumulative graduate GPA of 3.0 (grade of “B” or better) in their graduate degree course work (including the 4 credits of graduate course work shared with the undergraduate degree).
3. Meet all requirements for both the BSIT and MSIT degrees.
4. An undergraduate student enrolled in graduate classes is limited to 6 credit hours of graduate coursework per semester.
5. A minimum of 50% of courses for the Master of Science in Information Technology degree must be taken at or above the 6000 level.

**Department of Manufacturing Engineering**

The Master of Science in Applied Engineering (MSAE) degree program offered on the Statesboro campus of Georgia Southern integrates state-of-the-art technology and interdisciplinary and conceptual science with hands-on, operational skills preparation. Graduates gain valuable knowledge and are placed in a unique position to make an immediate impact on their career and their employers. Our applied engineering program works closely with area industry, helping them solve a wide range of engineering problems, and giving our students a real-world classroom in which to learn their skills. In addition, our students regularly join our world-class professors in leading-edge research in our state-of-the-art laboratories.

Students in the MSAE degree program have several study options to choose from:

- Advanced Manufacturing Engineering concentration
- Engineering Management concentration
- Graduate Certificate in Engineering and Manufacturing Management
- Graduate Certificate in Occupational Safety and Environmental Compliance

The Advanced Manufacturing Engineering concentration includes courses in the areas of Lean and Six Sigma, Additive Manufacturing, Nano-manufacturing, and Packaging. Thesis or non-thesis tracks for both concentrations are available within the program. Research conducted through the thesis or independent study project provides opportunity for individualized in-depth study with a faculty mentor.

Applied Engineering M.S.A.E.
(Concentration in Advanced Manufacturing Engineering) (Non-Thesis)

Degree Requirements: 30 Credit Hours (Non-Thesis)

Regular

1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.
2. An undergraduate degree or the equivalent in the proposed or closely related field of study.
3. A 2.75 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.
4. International students must meet College of Graduate Studies English Proficiency requirements.
5. The Master of Science in Applied Engineering program with Advanced Manufacturing Engineering concentration requires: a) a bachelor’s degree in manufacturing engineering or a closely related engineering discipline, and b) permission of the Graduate Program Director.

Provisional

A student may be granted provisional admission based upon the recommendation of the Master of Science in Applied Engineering Graduate Coordinator or department chair.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.

Degree Requirements

A minimum of 50% of courses for the Master of Science in Applied Engineering degree must be taken at or above the 6000 level.

Accelerated Bachelor’s to Master’s (ABM) Degree

The Accelerated Bachelor's to Master's Degree Program is intended for the current undergraduate students in the Department of Manufacturing Engineering at the Georgia Southern University. It will produce a pathway to earn both a Bachelor's and a Master's Degree within five years.

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSAE-ABM program combines 130 hours from the BSMfgE program and 30 hours from the MSAE program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 10 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSAE-ABM students may share a maximum of 9 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular

For regular admission to the Accelerated Bachelor's to Master's of Science in Applied Engineering (ABM-MSAE) degree program, the applicant must:

1. Be enrolled in the undergraduate Manufacturing Engineering program (BS-MFGE) in the Department of Manufacturing Engineering at the Georgia Southern University.
2. Have completed at least 25 credit hours of undergraduate coursework in MFGE courses including MFGE 2531, MFGE 2142, MFGE 2533, MFGE 2239, and MFGE 2534.
3. Have a 3.0 or higher Georgia Southern Institutional GPA.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

ABM Degree Requirements: 30 Credit Hours (Non-Thesis)

1. Student in the ABM program will be allowed to use up to 9 credits MFGE 5000G level courses offered within the Manufacturing
Engineering program in meeting the requirements of both a bachelor’s degree and a master’s degree.

2. Maintain a cumulative graduate GPA of 3.0 (grade of “B” or better) in their graduate degree course work (including the 9 credits of graduate course work shared with the undergraduate degree).

3. Meet all requirements for both the BS-MFGE and M.S.A.E. degrees.

4. An undergraduate student enrolled in graduate classes is limited to 6 credit hours of graduate coursework per semester.

5. A minimum of 50% of courses for the Master of Science in Applied Engineering degree must be taken at or above the 6000 level.

Department of Mechanical Engineering

The Master of Science in Mechanical Engineering (MSME) degree program offered on the Statesboro Campus of Georgia Southern integrates state-of-the-art technology and interdisciplinary and conceptual science with hands-on, operational skills preparation. Graduates gain valuable knowledge and are placed in a unique position to make an immediate impact on their career and their employers. Thesis or Non-thesis tracks are available within the program. Courses in the Mechanical Engineering emphasis areas include analytical math, renewable energy, combustion, engine development, quality control, leadership, environmental law, mechanical controls, system design and automation, modeling and simulation, fracture mechanics, robot dynamics, design and analysis, as well as experimental research. Thesis or independent study project research provides opportunity for individualized in-depth study within the concentration.

Programs

Master’s

• Applied Engineering M.S.A.E. (Concentration in Energy Science) (Thesis) (p. 194)
• Applied Engineering M.S.A.E. (Concentration in Mechanical Engineering) (Non-Thesis) (p. 194)
• Applied Engineering M.S.A.E. (Concentration in Mechanical Engineering) (Thesis) (p. 195)
• Applied Engineering M.S.A.E. (Concentration in Mechatronics) (Non-Thesis) (p. 196)
• Applied Engineering M.S.A.E. (Concentration in Mechatronics) (Thesis) (p. 196)
• Mechanical Engineering M.S.M.E. (Non-Thesis) (p. 197)
• Mechanical Engineering M.S.M.E. (Thesis) (p. 200)

Doctoral

No results were found.

Certificates

• Engineering and Manufacturing Management Certificate (p. 203)
• Occupational Safety and Environmental Compliance Certificate (p. 204)

Endorsements

No results were found.

Applied Engineering M.S.A.E. (Concentration in Energy Science) (Non-Thesis)

Degree Requirements: 30 Credit Hours (Non-Thesis)

Admission Requirements

Regular

1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.

2. An undergraduate degree or the equivalent in the proposed or closely related field of study.

3. A 2.75 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.

4. International students must meet College of Graduate Studies English Proficiency requirements.

Provisional

A student may be granted provisional admission based upon the recommendation of the Master of Science in Applied Engineering Graduate Coordinator or department chair.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.

Program Concentrations

A minimum of 50% of courses for the Master of Science in Applied Engineering degree must be taken at or above the 6000 level.

Total Credit Hours 30

Thesis

Each candidate for the Master of Science in Applied Engineering Thesis Track degree must complete a thesis on a subject approved by the graduate thesis committee. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. One member, termed the second reader, has responsibility for an intensive and rigorous criticism of the thesis and a third member of the thesis committee has the responsibility of an “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Applied Engineering degree. Procedural steps in the preparation of the thesis are as follows:

• The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.

• The student must prepare the thesis for electronic submission following the latest version of the Electronic Thesis and Dissertation (ETD): Student Guide to Preparation and Processing manual.

• The thesis must be electronically submitted to the ETD site for format check by the final thesis submission deadline as stated in the University Calendar.

• The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.

The MSAE concentration in Energy Science is no longer accepting incoming students. Please visit the catalog page for the MS in Mechanical Engineering degree program to begin your advanced studies in this area.

Applied Engineering M.S.A.E. (Concentration in Mechanical Engineering) (Non-Thesis)

Degree Requirements: 30 Credit Hours (Non-Thesis)

Admission Requirements

Regular

1. Completed requirements for the Bachelor’s degree at a college or university accredited by the proper regional accrediting association.
2. An undergraduate degree or the equivalent in the proposed or closely related field of study.

3. A 2.75 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.

4. International students must meet College of Graduate Studies English Proficiency requirements.

5. The Master of Science in Applied Engineering program with an Information Technology concentration requires: a) a bachelor’s degree in computer sciences, information systems, information technology, or related field and a minimum of 2-years of work experience in IT or related field; or b) a bachelor’s degree and a least 4-years of work experience in IT or related field; or c) permission of the Graduate Program Director.

Provisional
A student may be granted provisional admission based upon the recommendation of the Master of Science in Applied Engineering Graduate Coordinator or department chair.

Non-Degree
Non-degree students are accepted on an individual basis as space is available.

Program Concentrations

A minimum of 50% of courses for the Master of Science in Applied Engineering degree must be taken at or above the 6000 level.

Other Program Requirements (Non-Thesis Track)

1. Each candidate in the Non-Thesis Track of MSME Program must have accomplished the following by the end of their second academic semester to maintain program eligibility:
   - Identify a project adviser (project chair) and form a Project Committee.
   - Determine project topic, and present project proposal to their Project Committee.
2. Each candidate must receive approval from the Graduate Director or Department Chair of the Mechanical Engineering to take courses that are not named specifically as degree electives.
3. Each candidate must complete their project on a subject approved by his/her committee.
   - The comprehensive exam of the research project must be announced to public one week prior to the defense. The comprehensive exam must be presented at a public exit seminar.
   - The comprehensive exam must be defended before the committee.
   - The comprehensive examination may include questions on the project, and subject matter related to the research project, and related course work.
   - In addition to the comprehensive exam, the student must provide the adviser with all data that was collected, including: electronic files, and a written document detailing the contents of the data.
   - The degree is conferred at the end of the semester, after the student has passed the comprehensive exam and the final written version of the project report has been approved by the committee and accepted by the graduate college.

Accelerated Bachelor’s to Master’s (ABM) Degree

This Accelerated Bachelor’s to Master’s Degree Program is intended for current undergraduate students in the Department of Mechanical Engineering at the Georgia Southern University. It will produce a pathway to earn both a Bachelor’s and a Master’s Degree within five years.

In accordance with SACSCOC requirements, 120 unique credit hours are required in a bachelor’s degree program, and at least 30 unique credit hours are required for a master’s degree program. The MSME-ABM program combines 130 hours from the BSME program and 30 hours from the MSME program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 10 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSME-ABM students may share a maximum of 9 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular

For regular admission to the Accelerated Bachelor's to Master's Degree of Science in Mechanical Engineering (ABM-MSME) degree program, the applicant must:

1. Be enrolled in the undergraduate mechanical engineering program (B.S.M.E) in the Department of Mechanical Engineering at the Georgia Southern University.
2. Have completed no less than 25 and no more than 50 credits of ENGR and MENG courses, or permission of Department Chair.
3. Must have 3.0 or better Georgia Southern Institutional GPA.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

Degree Requirements: 30 Credit Hours (Non-Thesis)

1. Student in the ABM program will be allowed to use up to 9 credits MENG 5000G level courses offered within the Mechanical Engineering program in meeting the requirements of both a bachelor’s degree and a master’s degree.
2. The 9 credit hours that will be applied to both the bachelor’s and master’s degrees include: MENG 5811G, MENG 5822G, and two MENG 5000G level courses approved by each student's research advisor and the Mechanical Engineering Department's graduate program coordinator.
3. Maintain a cumulative graduate GPA of 3.0 (grade of "B" or better) in their graduate degree course work (including the 9 credits of graduate course work shared with the undergraduate degree).
4. Meet all requirements for both B.S.M.E. and M.S.M.E. degrees.
5. A minimum of 50% of courses for the Master of Science in Mechanical Engineering degree must be taken at or above the 6000 level.

| A 6th Technical Elective | 3 |
Other Non-Thesis Track Requirements:  
Comprehensive Exam

Total Credit Hours 30

Other Program Requirements (Non-Thesis Track)

1. Each candidate in the Non-Thesis Track of MSME Program must have accomplished the following:
   • Identified an adviser and formed a Project Committee by completion of MENG 5811G.
   • Determine topic of research project, and present research proposal to their Project Committee by completion of MENG 5822G.
2. Each candidate must receive approval from the Graduate Director or Department Chair of the Mechanical Engineering to take courses that are not named specifically as degree electives.
3. Each candidate must complete their project on a subject approved by his/her committee.
   • The comprehensive exam of the research project must be announced to public one week prior to the defense. The comprehensive exam must be presented at a public exit seminar.
   • The comprehensive exam must be defended before the committee.
   • The comprehensive examination may include questions on the project, and subject matter related to the research project, and course work.
   • In addition to the comprehensive exam, the student must provide the adviser with all forms of the data that were collected, including: electronic files, and a written document detailing the contents of the data.
   • The degree is conferred at the end of the semester, after the student has passed the comprehensive exam and the final written version of the project report has been approved by the committee and accepted by the graduate college.

Mechanical Engineering M.S.M.E. (Thesis)

Admission Requirements

Regular

1. Completed requirements for the bachelor’s degree or the equivalent in the proposed or closely related field of study in Mechanical Engineering.
2. A 2.75 (4.0 scale) cumulative grade point average or higher on courses in undergraduate work, or equivalent.
3. International students must meet College of Graduate Studies English Proficiency requirements (6.0 IELTS or 80 on TOFEL).

Provisional

A student may be granted provisional admission based upon the recommendation of the Master of Science in Mechanical Engineering Graduate Coordinator and department chair.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.

Thesis
Each candidate for the Master of Science in Mechanical Engineering Thesis Track degree must complete a thesis on a subject approved by the adviser. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. The thesis must be presented and defended in an oral examination before committee of at least three members prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Mechanical Engineering degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
- The thesis must be electronically submitted to the ETD site for format check by the ETD format check submission deadline as stated in the University Calendar.
- The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.
- Thesis will be announced and defended by calendar.

Other Program Requirements (Thesis)

1. Each candidate in the Thesis Track of MSME Program must have accomplished the following by the end of their second academic semester in the MSME program to maintain program eligibility:
   - Identify a research adviser (thesis committee chair) and form a thesis committee.
   - Determine a research topic for their thesis, and present a research proposal to their thesis committee for topic approval.

2. Each candidate must receive approval from the Graduate Director or Department Chair of the Mechanical Engineering to take courses that are taught outside of the Mechanical Engineering Program and/or specifically identified in M.S. in Mechanical Engineering degree program.

3. Each candidate of the MSME must complete a thesis on a subject approved by his/her thesis committee.
   - The thesis defense must be announced to the public one week prior to the defense. The thesis must be submitted to Thesis Committee, and presented at a public seminar.
   - The thesis must be defended before the thesis committee.
   - The thesis defense is a comprehensive oral examination that may include questions on the thesis, and subject matter related to the thesis, and course work.
   - In addition to the thesis, the student must provide the faculty research adviser with all forms data that was collected, including: electronic files, and a written document detailing the contents of the data.
   - The degree is conferred at the end of the semester, after the student has passed the thesis defense and the final written version of the thesis has been approved by the College of Graduate Studies.

Accelerated Bachelor’s to Master’s (ABM) Degree

This Accelerated Bachelor's to Masters Degree Program is intended for current undergraduate students in the Department of Mechanical Engineering at the Georgia Southern University. It will produce a pathway to earn both a Bachelor's and a Master's Degree within five years.

In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required for a Masters degree program. The MSME-ABM program combines 130 hours from the BSME program and 30 hours from the MSME program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 10 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSME-ABM students may share a maximum of 9 credit hours of graduate level courses (5000G) in satisfying the requirements of both degree programs.

Admission Requirements

Regular

For regular admission to the Accelerated Bachelor's to Masters Degree of Science in Mechanical Engineering (ABM-MSME) degree program, the applicant must:
1. Be enrolled in the undergraduate mechanical engineering program (B.S.M.E) in the Department of Mechanical Engineering at the Georgia Southern University.
2. Have completed no less than 25 and no more than 50 credits of ENGR and MENG courses, or permission of Department Chair.
3. Must have 3.0 or better Georgia Southern Institutional GPA.

ABM programs do not allow provisional admission. ABM programs are designed for students who have demonstrated a high level of undergraduate academic performance that validates their ability to be successful graduate students. Students who do not meet the minimum requirements for regular admission may be granted admission to the program upon approval of an admissions committee consisting of at least the Department Chair and the Graduate Program director.

Degree Requirements: 30 Credit Hours
(Thesis)

1. Student in the ABM program will be allowed to use up to 9 credits MENG 5000G level courses offered within the Mechanical Engineering program in meeting the requirements of both a bachelor’s degree and a master’s degree.
2. The 9 credit hours that will be applied to both the bachelor’s and master’s degrees include: MENG 5811G, MENG 5822G, and two MENG 5000G level courses approved by each student’s research advisor and the the Mechanical Engineering Department’s graduate program coordinator.
3. Maintain a cumulative graduate GPA of 3.0 (grade of “B” or better) in their graduate degree course work (including the 9 credits of graduate course work shared with the undergraduate degree).
4. Meet all requirements for both B.S.M.E. and M.S.M.E. degrees.
5. A minimum of 50% of courses for the Master of Science in Mechanical Engineering degree must be taken at or above the 6000 level.

Comprehensive Exam

Total Credit Hours 30

Thesis

Each candidate for the Master of Science in Mechanical Engineering Thesis Track degree must complete a thesis on a subject approved by the adviser. The major professor supervises the research, directs the writing
of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by a thesis committee. The thesis must be presented and defended in an oral examination before committee of at least three faculty members prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Mechanical Engineering degree. Procedural steps in the preparation of the thesis are as follows:

• The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
• The student must prepare the thesis for electronic submission following the latest version of the Electronic Thesis and Dissertation (ETD): Student Guide to Preparation and Processing manual.
• The thesis must be electronically submitted to the ETD site for format check by the ETD format check submission deadline as stated in the University Calendar.
• The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.
• Thesis will be announced and defended by calendar.

Other Program Requirements (Thesis)

1. Each candidate in the ABM Thesis Track of MSME Program must have accomplished the following:
   • Identify a research adviser and form a thesis committee by completion of MENG 5811G.
   • Determine a research topic for their thesis, and present research proposal to their thesis Committee by completion of MENG 5822G.
2. Each candidate must receive approval from the Graduate Director or Department Chair of the Mechanical Engineering to take courses that are taught outside of the Mechanical Engineering Program and/or do not apply to the M.S. in Mechanical Engineering degree.
3. Each candidate of the ABM must complete a thesis on a subject approved by his/her thesis committee.
   • The thesis defense must be announced to the public one week prior to the defense. The thesis must be submitted to Thesis Committee, and presented at a public exit seminar.
   • Thesis must be defended before the thesis committee.
   • The thesis defense is a comprehensive examination that may include questions on the thesis, and subject matter related to the thesis, and course work.
   • In addition to the thesis, the student must provide the adviser with all forms of the data that were collected, including: electronic files, and a written document detailing the contents of the data.
   • The degree is conferred at the end of the semester, after the student has passed the thesis defense and the final written version of the thesis has been approved by the College of Graduate Studies.

Engineering and Manufacturing Management Certificate

Requirements: 12 Credit Hours

Program

A certificate at the graduate level is a coherent set of courses related to work in a particular field. The Graduate Certificate program offers two certificate options each of which consists of 12 credits. Either option consists of two required courses and two courses chosen from a list of restricted electives. The two options are Engineering and Manufacturing Management and Occupational Safety and Environmental Compliance. In the case of the Engineering and Manufacturing Management graduate certificate, Industrial Production Manager, Engineering Manager, and Industrial Engineer are position titles that traditionally include responsibility for managing engineering and manufacturing operations in the public and private sectors. A related degree or post-secondary and/or graduate academic preparation is highly desirable or required. The intent of the Graduate Certificate in Occupational Safety and Environmental Compliance is to enhance the academic training of technical managers and engineers specifically in the field of safety and environmental compliance. Health and Safety Engineer, Environmental Engineer, and Industrial Safety Manager are position titles that traditionally include responsibility for occupational safety and environmental compliance. Although a degree in safety or environmental compliance is not typically required in such positions, post-secondary and/or graduate academic preparation in these areas is highly desirable or required.

Admission Requirements

Students seeking a Graduate Certificate would be admitted by COGS under a Non-Degree Certificate admission status. Students pursuing the Graduate Certificate in Engineering and Manufacturing Management would be required to hold an undergraduate or graduate degree from an accredited institution. They would be required to have an undergraduate GPA of 2.75 or higher and/or a graduate GPA of 3.0 or higher. Standardized test scores such as the GMAT or GRE would not be required for the Graduate Certificate. Admission as Non-Degree Certificate does not guarantee subsequent admission to a graduate degree program. That is a separate process and different criteria must be met.

• Upon recommendation of the Graduate Program Director and approval from the Dean of the College of Graduate Studies, credit earned in a certificate program may be applied to a graduate degree program.
• Upon recommendation of the Graduate Program Director and approval from the Dean of the College of Graduate Studies, a maximum of six (6) credits earned before the student entered the certificate program may be applied to that program.
• The minimum grade requirements for the graduate certificate are the same as those for graduate degrees. For graduate credit, the grade in a course must be "C" or higher. To remain in good standing, a student must maintain a cumulative GPA of 3.0 or higher.
• To be awarded a graduate certificate, the student
  a. must not be on probation,
  b. must have a cumulative GPA of 3.0 or higher on graduate coursework and on coursework applied to the certificate,
  c. must meet all the requirements of the College of Graduate Studies and the student's certificate program, and
and private sectors. A related degree or post-secondary and/or graduate certificate, Industrial Production Manager, Engineering Manager, and Industrial Safety Manager are position titles that traditionally include responsibility for occupational safety and environmental compliance.

Program of Study

The Graduate Certificate in Engineering and Manufacturing Management would require a total of 12 credits. This would include 6 credits of required courses and 6 credits of restricted electives. The proposed courses are as follows:

Occupational Safety and Environmental Compliance Certificate

Occupational Safety and Environmental Compliance Certificate

Requirements: 12 Credit Hours

Program

A certificate at the graduate level is a coherent set of courses related to work in a particular field. The Graduate Certificate program offers two certificate options each of which consists of 12 credits. Either option consists of two required courses and two courses chosen from a list of restricted electives. The two options are Engineering and Manufacturing Management and Occupational Safety and Environmental Compliance. In the case of the Engineering and Manufacturing Management graduate certificate, Industrial Production Manager, Engineering Manager, and Industrial Engineer are position titles that traditionally include responsibility for managing engineering and manufacturing operations in the public and private sectors. A related degree or post-secondary and/or graduate academic preparation is highly desirable or required. The intent of the Graduate Certificate in Occupational Safety and Environmental Compliance is to enhance the academic training of technical managers and engineers specifically in the field of safety and environmental compliance. Health and Safety Engineer, Environmental Engineer, and Industrial Safety Manager are position titles that traditionally include responsibility for occupational safety and environmental compliance. Although a degree in safety or environmental compliance is not typically required in such positions, post-secondary and/or graduate academic preparation in these areas is highly desirable or required.

Admission Requirements

Students seeking a Graduate Certificate would be admitted by COGS under a Non-Degree Certificate admission status. Students pursuing the Graduate Certificate in Occupational Safety and Environmental Compliance would be required to hold an undergraduate or graduate degree from an accredited institution. They would be required to have an undergraduate GPA of 2.75 or higher and/or a graduate GPA of 3.0 or higher. Standardized test scores such as the GMAT or GRE would not be required for the Graduate Certificate. Admission as Non-Degree Certificate does not guarantee subsequent admission to a graduate degree program. That is a separate process and different criteria must be met.

- Upon recommendation of the Graduate Program Director and approval from the Dean of the College of Graduate Studies, credit earned in a certificate program may be applied to a graduate degree program.
- Upon recommendation of the Graduate Program Director and approval from the Dean of the College of Graduate Studies, a maximum of six (6) credits earned before the student entered the certificate program may be applied to that program.
- The minimum grade requirements for the graduate certificate are the same as those for graduate degrees. For graduate credit, the grade in a course must be "C" or higher. To remain in good standing, a student must maintain a cumulative GPA of 3.0 or higher.
- To be awarded a graduate certificate, the student a. must not be on probation, b. must have a cumulative GPA of 3.0 or higher on graduate coursework and on coursework applied to the certificate, c. must meet all the requirements of the College of Graduate Studies and the student's certificate program, and d. must be enrolled during the semester in which the certificate requirements are completed.
- The College of Graduate Studies residence requirements and the requirements for a comprehensive final examination do not automatically apply to the graduate certificate program

A complete disclosure of policies regarding admission is provided in the university catalog. Students who subsequently are awarded admission into a degree program may transfer certificate courses into the degree program if recommended by the Graduate Program Director.

Program of Study

The Graduate Certificate in Occupational Safety and Environmental Compliance would require a total of 12 credits. This would include 6 credits of required courses and 6 credits of restricted electives. The proposed courses are as follows:

Waters College of Health Professions
Vision
The vision of the Waters College of Health Professions is to become the leader in the preparation of health professionals who are engaged in transformational thinking and evidence-based practices that impact the health and quality of life for individuals, families, and communities. We will accomplish this vision through a focus on: high academic expectations, individual responsibility for academic achievement, student-centered teaching and learning, impacting regional and global communities, interdisciplinary collaboration, innovative healthcare technology, experiential learning, community-engaged service and scholarship.

Mission
The mission of the Waters College of Health Professions is to prepare future health professionals through academic excellence and interdisciplinary collaboration while advancing knowledge through scholarship and serving culturally diverse communities.

Department of Diagnostic and Therapeutic Sciences

The Department of Diagnostic and Therapeutic Sciences at Georgia Southern University offers bachelor and degree completion programs in the high tech fields of medical laboratory science, radiologic sciences and respiratory therapy. All programs offer options for completing the coursework either fully or substantially online.

Mission Statement

The Department of Diagnostic and Therapeutic Sciences, as part of the Waters College of Health Professions at Georgia Southern University, exists to educate students, and to provide our culturally diverse communities with competent, team-oriented and compassionate healthcare professionals.

Core Values

Core Value 1: The Department of Diagnostic and Therapeutic Sciences faculty is dedicated to providing excellence in health professions education through an interdisciplinary approach.

Core Value 2: The Department of Diagnostic and Therapeutic Sciences faculty participate in a team-oriented approach to learning and instruction for the advancement of integrated healthcare education.

Core Value 3: The Department of Diagnostic and Therapeutic Sciences faculty provide a student-learning environment committed to fostering culturally sensitive and compassionate professional community service.

Radiologic Sciences Post-Baccalaureate Certificate

Certificate Requirements: 18 Credit Hours

Policies, Requirements and Standards

Admission Standards

A. An earned baccalaureate degree from a regionally accredited institution.

B. Current professional certification from the American Registry of Radiologic Technologists, Nuclear Medicine Technology Certification Board or the American Registry for Diagnostic Medical Sonography or equivalent. (If not yet certified, must become certified prior to the end of the first semester at Armstrong).

C. Grade point average of 2.5 or higher for all college work.

Standards of Progression and Completion

A. Each student will file a program of study with Graduate Studies.

B. A minimum overall grade point average of B or better must be earned for the certificate to be awarded on the graduate level.

C. Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.

D. If any change in the approved program of study is required, an amended program of study, signed by the student, the advisor, and the program coordinator must be submitted to Graduate Studies.

E. Consistent with Graduate Studies policies, any student who earns a grade of C will be placed on academic probation. Students who earn a C in any required course should meet with their academic advisor (and other appropriate professors) to develop a plan to enhance future success.

F. Students may attempt any given course no more than two times. A student who does not receive a grade of C or higher in a given course after two attempts will not be allowed to continue in the program.

Dietetic Internship Certificate Program

Certification Requirements: 17 Credit Hours

The program, with concentrations in community nutrition and school nutrition, consists of 17 credits and minimum 1200 supervised practice hours that occur in the community nutrition, food systems administration, and clinical nutrition practice areas. Students will take six courses: School Nutrition Administration, Applied Medical Nutrition Therapy, Energy Balance for Weight Management, Public Health & Community Nutrition, Culinary Skills and Practicum in Nutrition and Dietetics. Previous graduate course work may be accepted at the discretion of the Program Director. Previous graduate course work must be supported by an institutional catalog description and course syllabus.

Admission Requirements

Meeting minimum entry requirements does guarantee a seat in the program; admission to the program is limited to 10 seats in the Community Nutrition concentration and 10 seats in the School Nutrition concentration.

1. Completion of a Didactic Program in Dietetics (DPD), accredited by the Accreditation Council for Education in Nutrition & Dietetics, the accrediting agency of the Academy of Nutrition & Dietetics, with coursework completed within the last 10 years
2. Minimum cumulative grade point average (GPA) of 3.0 or higher (on a 4.0 scale), with a minimum of a ‘C’ in prerequisite DPD, math, and science coursework
3. TOEFL IBT score of 80 with a minimum score of 20 in each of the four exam sub-sections (international students)
4. Completion of dietetic related volunteer and work experience, in the fields of nutrition, food science, health, laboratory or clinical research, foodservice, food industry, nutrition education, or health promotion
5. Completion of the on-line Graduate Application for Admission Form and the $50.00 Graduate School application fee at: https://app.applyyourself.com/AYApplicantLogin/f1_ApplicantConnectLogin.asp?id=gsu-cogs
6. Submit official transcripts from each college or university previously attended.
7. Completion of the on-line Dietetic Internship Centralized application Service (DICAS http://portal.dicas.org) packet with the following:
   a. Application Information
   b. Intent to Complete or Verification of Completion of a Didactic Program in Dietetics
   c. Personal statement (8000 character limit) discussing the following:
      - Why you want to enter the dietetics profession
      - Your interest in community nutrition or in school nutrition (choose only one)
      - Your short-term and long-term goals
      - Experiences and skills that reflect your ability to be successful in the dietetic internship and as a registered dietitian

Department of Health Sciences and Kinesiology

The Department of Health Sciences and Kinesiology at Georgia Southern University promotes undergraduate and graduate education, scholarship, and research, and prepares students who are interested in entering a health field, as well as experienced health professionals who wish to further their career opportunities.

Gerontology Graduate Certificate
Certificate Requirements: 18 Credit Hours
Admission Standards
A. Completed requirements for a baccalaureate degree from a regionally-accredited institution.
B. A student must be admitted to Graduate Studies on a degree or certificate basis.

Standards of Progression and Completion
A. Each student will file a program of study with Graduate Studies.
B. A minimum overall grade point average of B or better must be earned for the certificate to be awarded on the graduate level.
C. Each student will successfully complete an oral comprehensive assessment (administered each semester on a predetermined date).

Program of Study

Kinesiology M.S. (Concentration in Athletic Training) (Thesis)
Degree Requirements: 36 Credit Hours
Admission Requirements
1. A minimum of a Bachelor’s degree from an accredited institution
2. Graduation from a CAATE accredited Athletic Training program or a Certified Athletic Trainer
3. Minimum undergraduate grade point average (GPA) of 3.0 (this is a change from the 2.75 minimum)
4. GRE scores within the past five years.

NOTE: Prerequisite undergraduate course work may be required. Contact the Graduate Program Director in the Department of Health & Kinesiology for complete information.

NOTE: Achievement of the minimum admission requirements of the College of Graduate Studies and requirements of the graduate program does not guarantee admission to that graduate degree program.

Kinesiology M.S. (Concentration in Coaching) (Online)

Degree Requirements: 36 Credit Hours (Online)

Admission Requirements

1. Completion of a Bachelor's degree from an accredited institution.
2. Regular admission will be considered for students with a grade point average (GPA) of 2.75 (4.0 scale) for the last 60 credit hours of their undergraduate degree.
3. A College of Graduate Studies Online Application.
4. A full vita or resume that includes the following:
   • Work history
   • Professional experiences
   • Membership and participation in professional organizations
   • Other experiences related to coaching
   • Contact information for a minimum of three references

Provisional admission will be considered for students with a minimum grade point average (GPA) of 2.5 (4.0 scale) for the last 60 hours of their undergraduate degree.

Additional Requirements: This program starts in May and students will not be allowed to begin the program in the Fall or Spring semester. All students must be coaching while in the program.

Application Deadline: Application received by April 1 will receive first consideration.

NOTE: Achievement of the minimum admission requirements of the College of Graduate Studies and requirements of the graduate program does not guarantee admission to that graduate degree program.

NOTE: This concentration does not require GRE scores.

Kinesiology M.S. (Concentration in Exercise Science) (Thesis and Non-Thesis)

Degree Requirements: 36 Credit Hours

Admission Requirements

1. Completion of a Bachelor's degree from an accredited institution. A degree in Exercise Science is preferred, but it is not required.
2. Minimum grade point average (GPA) of 3.0 (4.0 scale).
3. A concise, 1-2 page, well-written personal statement that describes your professional goals.
4. A full vita or resume that includes the following:
   • Work history
   • Professional experiences
   • Membership and participation in professional organizations
   • Other experiences related to the academic program
   • Contact information for a minimum of three references

Note: the admissions process is competitive and applicants that meet the requirements described above are not guaranteed admission.

NOTE: Prerequisite undergraduate course work may be required. Contact the Graduate Program Director in the Department of Health & Kinesiology for complete information.

NOTE: Achievement of the minimum admission requirements of the College of Graduate Studies and requirements of the graduate program does not guarantee admission to that graduate degree program.

* Prerequisite course work may be required of candidates that have not completed any exercise science courses. Contact the coordinator for the M.S. in Exercise Science program, for more information.

### Comprehensive Exam

All students in the M.S. in Kinesiology – Exercise Science (ES) program must complete the Comprehensive Exam before they can complete their required coursework. This includes any ES student that switches from the thesis track to the non-thesis track. The M.S. in Kinesiology – Exercise Science Program Coordinator will initiate a Comprehensive Exam after verifying that the student:

- is enrolled in the non-thesis track of the ES program, and
- has earned a minimum of a C in KINS 6130, KINS 6131, KINS 7230, KINS 7231 and KINS 7235, and
- has at least a 3.0 GPA in the program, and
- is making satisfactory progress in current coursework, and
- is within 6 months of anticipated graduation.

The Program Coordinator will work with one to three other faculty members in the ES program to develop questions that integrate content from the KINS 6130, KINS 6131, KINS 7230, KINS 7231, KINS 7235 and ES electives courses.

The Comprehensive Exam must be administered no less than one month before the end of the semester. The Program Coordinator will work with the student to schedule the specific date of the exam. The student will have no less than three hours, but no more than eight hours, to complete the Comprehensive Exam.

The Program Coordinator will work with the contributing faculty members to determine the results of the Comprehensive Exam. The Coordinator will meet with the student to discuss the results with her/him. If the student fails the Comprehensive Exam, she/he will be given only one opportunity to retake the same or similar exam. The repeat exam must be completed within three weeks of the first attempt. If the student does not perform satisfactorily on the second attempt, she/he will be withdrawn from the M.S. in Kinesiology – Exercise Science program.

### Kinesiology M.S. (Concentration in Physical Education) (Online)

**Degree Requirements:** 36 Credit Hours (Online)

**Admission Requirements**

1. Completion of a Bachelor’s degree from an accredited institution
2. Must possess a clear renewable (professional) teaching certificate in Physical Education or Health-Physical Education before starting the graduate program.
3. Minimum grade point average (GPA) of 2.75 (4.0 scale)*
4. A full vitae or resume that includes the following:
   a) Work history,
   b) Professional experiences,
   c) Membership and participation in professional organizations,
   d) Other experiences related to the academic program, and
   e) Contact information for a minimum of three references.

1. A personal writing sample that includes a description of teaching experiences and accomplishments, reasons for interest in the graduate program at Georgia Southern University, and career goals for the next five years. The written sample should outline the strengths and experiences that the applicant would bring to the graduate program.
2. A lesson plan and formal assessment designed for a K-12 setting in Physical Education. The applicant may choose any activity that is taught in the K-12 Physical Education curriculum.
3. A phone, internet, or in-person interview with Physical Education graduate coordinator.
4. Graduate Record Examination (GRE) scores are not required.

**Provisional**

1. Completion of a Bachelor’s degree from an accredited institution
2. Must possess a clear renewable (professional) teaching certificate in Physical Education or Health-Physical Education before starting the graduate program.
3. Minimum grade point average (GPA) of 2.5 (4.0 scale)*

Kinesiology M.S. (Concentration in Sport and Exercise Psychology) (Non-Thesis)

Degree Requirements: 36 Credit Hours

Admission Requirements

Sport and Exercise Psychology Concentration

- Completion of a Bachelor’s degree from an accredited institution
- Completion of prerequisite coursework may be required if degree major or minor is not in psychology or kinesiology/exercise science
- Minimum grade point average (GPA) of 3.00 (4.0 scale)
- A vitae or résumé that includes the following:
  a) Work history,
  b) Professional experiences,
  c) Membership and participation in professional organizations,
  d) Other experiences related to the academic program, and
  e) Names and contact information for a minimum of three references

Provisional

- Completion of a Bachelor’s degree from an accredited institution
  a) Completion of prerequisite coursework may be required if degree major or minor is not in psychology or kinesiology/exercise science
- Grade point average (GPA) of 2.75-2.99 (4.0 scale)
- A vitae or résumé that includes the following:
  a) Work history,
  b) Professional experiences,
  c) Membership and participation in professional organizations,
  d) Other experiences related to the academic program, and
  e) Names and contact information for a minimum of three references

- A personal statement of no more than 3 pages that includes a description of previous professional experiences and accomplishments, career goals, and reasons for interest in the graduate program at Georgia Southern University
- Submission of Graduate Record Examination (GRE) scores
- Completion of the online application for the College of Graduate Studies
- A phone, video-based, or in-person interview with the program director may be requested for some candidates after an initial review of submitted applications is completed
Achievement of the minimum admission requirements of the College of Graduate Studies and requirements of the graduate program does not guarantee admission to that graduate degree program.

**Advisement**

Department of Health Sciences & Kinesiology
Georgia Southern University
P.O. Box 8076
Statesboro, GA 30460
(912) 478-0200
FAX: (912) 478-0381
The objective of the Master of Health Administration degree is to provide the student with mastery of the knowledge and skills for the effective administration of health service organizations across the continuum of care. Specifically, the student will understand the basic organizational, financial, legal, and managerial components of health services as they relate to a dynamic and evolving healthcare delivery system.

Criminal Background Checks

Clinical agencies utilized by the Department of Health Sciences and Kinesiology and Program in Health Administration may require criminal background checks and/or drug testing prior to acceptance of the student into clinical facilities. Students who do not pass the criminal background check and/or drug test may be unable to initiate/complete the applied learning experience. Any fees or cost associated with background checks and/or drug testing is the responsibility of the student.

Admission Requirements

For consideration of admission to the MHA program, the applicant must have completed an application for admission to the College of Graduate Studies at Georgia Southern University, submitted official copies of all academic transcripts related to undergraduate and graduate coursework at the time of program application, submitted official GRE or GMAT scores, prepared a formal Letter of Intent and submitted an updated academic transcripts related to undergraduate and graduate coursework. The applicant must also have satisfactorily completed requirements for a baccalaureate degree from a regionally-accredited institution, and must also secure a minimum of 70 out of 110 possible points according to the following formula (NOTE: Scoring the minimum required DOES NOT GUARANTEE acceptance to the MHA program, only CONSIDERATION for admission):

1. Cumulative undergraduate GPA multiplied times 10 (max 40 points) and
2. Verbal + Quantitative GRE scores divided by 25 (max 50 points) (See note under Admissions Examinations about using revised GRE scores after August 1, 2011) or
   Verbal + Quantitative GMAT scores divided by 12.5 (max 50 points) and
3. Number of years of related management/administrative/clinical experience multiplied times 5 (max 20 points)

Add 1-3 together to get formula score

Total possible score = 110

Minimum score for admission consideration = 70

Note: In lieu of the above GRE/GMAT requirements, and earned doctorate or masters from a regionally-accredited institution may qualify the student for regular admission.

At the discretion of the MHA program coordinator, the MHA program reserves the right to waive the GRE/GMAT requirements if EITHER of the following criteria are met by a prospective applicant:

- Minimum undergraduate GPA: 3.2 AND minimum years of relevant experience: 3 or more (preference for health-related experience)
- Minimum undergraduate GPA: 3.5 AND minimum years of relevant experience: 2 or more (preference for health-related experience).

Standards of Progression and Graduation

A. All degree requirements must be completed within seven years.
B. Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate’s application.

Total Credit Hours 52

Sport Management M.S. (Online)

Degree Requirements: 36 Credit Hours

Program Description

The Sport Management Program at Georgia Southern University is an intensive two year, six semester course of study that prepares students to hold a wide range of careers in the sport industry. The general focus of the program is the management of sporting events, ranging from professional sport to youth sport. Entry level jobs in the industry include: game day operations, ticket sales, event management, facility staff, youth sports administration, marketing and promotions assistant, and a host of other options. Graduates of the Georgia Southern Sport Management program can be found working for professional sport teams, college
athletic departments, regional and national sport commissions, leagues and associations and many other sport based organizations.

Admission Procedures
The Faculty of Sport Management will evaluate applicants on each of the following:

1. Provide a writing sample in the form of a Personal Statement. The Personal Statement should include an in-depth explanation of why you are pursuing this degree, why you are a good candidate for admission, how your experiences and knowledge can contribute to the online learning environment, what your career goals are over the next five years, and what has prepared you to succeed in the Sport Management graduate program at Georgia Southern. You are expected to address each of these topics. The Personal Statement needs to be a minimum of one page double-spaced but no more than two pages.

2. Provide transcripts showing the completion of a Bachelor’s degree in a college or university accredited by the proper regional accrediting association. If applicant holds additional degrees or classes from accredited institutions, those transcripts must be submitted as well. The committee will review previous coursework that relates to the curriculum in the Master’s in Sport Management program.

3. A minimum undergraduate GPA of 2.5 is required to be considered for admission into the program. An undergraduate GPA between 2.5 and 2.99 may result in admission with provisional status. Obtaining a GPA of 3.0 on a master’s degree or at least 12 graduate credits may be assessed on the basis of master’s-level degree work.

4. Resume will be used to review the quality of work experience and length of related professional experiences/internships.

5. Applicants should prepare a professional one-to-two minute video addressing the question “How will this degree impact your career path?”

*International transcripts must be evaluated by a NACES accredited evaluation service (www.naces.org (http://www.naces.org))

** Applications are only reviewed for the March and July deadlines by the Sport Management Committee

The Graduate Admissions Committee will judge the merit of each item and make a recommendation based on the sum total of the application.

Priority Application Deadline: Students interested in Teaching or Research Assistantships must apply by March 1 to receive considerations for open positions.

Application Deadline: All application materials must be received by July 1 to be considered for admission into the fall cohort.

Admission Cycle: The program follows a cohort model. Students accepted into the program will be admitted during the fall semester.

For additional information regarding admission to the program, including average GPA and test score information, please visit our website: https://chp.georgiasouthern.edu/hk/graduate/sport-management/

Program of Study
The Georgia Southern Sport Management program requires 36 credits for completion. Students are expected to enroll in six consecutive semesters to complete the program in two years. To earn their degree, students must complete 24 core credits and 12 credits from guided electives, nine (9) of which must be from the Sport Management program.

Sports Medicine M.S.S.M.  
(Emphasis in Human Movement Science)

Degree Requirements: 36 Credit Hours

Policies, Requirements and Standards

The Master of Science in Sports Medicine (MSSM) degree at Georgia Southern University prepares leaders for the general field of sports medicine with advanced education in either Strength & Conditioning or Advanced Athletic Training.

The MSSM provides an interdisciplinary scientific background in sport and physical activity with a significant emphasis on work-related concepts and experiences. The educational experiences are designed utilizing evidence-based research to develop leaders in the scientific and clinical aspects of Sports Medicine.

Criminal Background Checks

Clinical agencies utilized by the Department of Health Sciences and Kinesiology and the Sports Medicine program may require criminal background checks and/or drug testing prior to acceptance of the student into clinical facilities. Students who do not pass the criminal background check and/or drug test may be unable to attend clinical courses and therefore may be unable to complete their Program of Study. Any fees or costs associated with background checks and/or drug testing is the responsibility of the student.

Admission Standards

For consideration of admission to the MSSM program, the applicant must have completed an application for admission to the College of Graduate Studies at Georgia Southern University, submitted official copies of all academic transcripts related to undergraduate and graduate coursework at the time of program application, submitted official GRE scores, and prepared a formal Statement of Graduate Education Goals. Courses in statistics, research methods, anatomy and physiology are recommended. The applicant must also have:

1. Completed requirements for a baccalaureate degree from a regionally-accredited institution; AND
2. A minimum 2.80 cumulative undergraduate GPA; AND
3. GRE: No less than 146 Verbal AND 141 Quantitative. See note under Admissions Examinations on page 9 about using revised GRE scores after August 1, 2011.

Note: In lieu of the above requirements, an earned doctorate or masters from a regionally-accredited institution may qualify the student for regular admission.

Standards of Progression and Graduation

A. All degree requirements must be completed within seven years.
B. Students must satisfactorily complete a thesis or research project.
C. Students must satisfactorily complete a comprehensive assessment.
D. Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate's application.

Strength and Conditioning Graduate Certificate

Certificate Requirements: 12 Credit Hours

**Admission Standards**

For admission to the Strength and Conditioning certificate program, the applicant must:

A. Have completed requirements for a baccalaureate degree from a regionally-accredited institution;
B. A minimum 2.5 cumulative undergraduate GPA; AND
C. Be admitted to Graduate Studies.

**Standards of Progression and Graduation**

A. Each student will file a program of study with College of Graduate Studies after a review with his/her advisor.
B. A minimum overall grade point average of B or better must be earned for the certificate to be awarded on the graduate level.
C. Each student will successfully complete a comprehensive assessment administered during the student's last semester of completion.

Total Credit Hours 12

Post-Certification Admission to MSSN

Students who successfully complete the Program of Study for the graduate certificate in strength and conditioning may be considered for
admission into the MSSM program. Students who wish to be considered for admission into the MSSM program upon successful completion of the graduate strength and conditioning certificate must formally apply to the MSSM Program and meet all MSSM admission requirements.

Only 6 credit hours earned during completion of the strength and conditioning certificate may be applied to completion of the MSSM.

Department of Rehabilitation Sciences

Welcome to the Department of Rehabilitation Sciences located on Georgia Southern University Armstrong Campus in Savannah.

The department offers undergraduate and accredited graduate programs in rehabilitation sciences and communication sciences and a doctoral degree in physical therapy.

Our facilities include the RiteCare Center for Communication Disorders, located in the Armstrong Center on the Armstrong Campus, and the 3200-square-foot, state-of-the-art Biodynamics and Human Performance Center operated in collaboration with the Department of Health Sciences and Kinesiology. The Biodynamics and Human Performance Center comprises three specialized laboratories: the Biomechanics Laboratory, the Muscle Performance Laboratory and the Exercise Physiology Laboratory. Other facilities include an anatomy lab, a pulmonary function lab and a clinical athletic training facility. We have also recently acquired an Anatomage Medical Table, a state-of-the-art anatomy visualization system.

Communication Sciences and Disorders Certificate

Certificate Requirements: 24 Credit Hours

Policies, Requirements and Standards

The post-baccalaureate program is designed for individuals who have earned a Bachelor's degree in disciplines other than Communication Sciences and Disorders and now wish to complete the prerequisite courses (i.e., “leveling courses”) that are often required for admission into a graduate program in either audiology or speech-language pathology.

The certificate is available to students who hold a baccalaureate degree from an accredited institution and have earned a cumulative GPA of 3.0. Baccalaureate degree must be completed within 5 years of application. Interested students should submit an application to the program. Course rotation begins each fall.

Students completing the certificate in Communication Sciences and Disorders are required to obtain twenty-five clinical observation hours verified with a signature by a certified audiologist or speech-language pathologist as required by the American Speech-Language-Hearing Association. Students are also required to obtain 10 hours of volunteer activities that are unpaid and serve the University or the Community for the certificate to be awarded.

While completion of the Post-baccalaureate program does not guarantee admission into the Communication Sciences and Disorders Graduate Program at Georgia Southern University, it does qualify students to submit an application for admission into the graduate program at Georgia Southern University and for many other graduate programs in the United States.

For more information about the certificate or for a career in Communication Sciences and Disorders, please contact the program.

Communication Sciences and Disorders M.S.

Degree Requirements: 57 Credit Hours

Policies Requirements and Standards

Consistent with the mission of the university and the goals of the Waters College of Health Professions, the Communication Sciences and
Disorders Program incorporates a teaching-centered, student-focused philosophy that promotes collaboration and evidence based education in a context that acknowledges cultural and linguistic diversity.

The Master of Science Program in Communication Sciences and Disorders is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (CAA).

Address: Accreditation Unit, American Speech-Language-Hearing Association, 2200 Research Blvd, #310, Rockville, MD 20850; telephone, 301-296-5700, accreditation@asha.org.

Graduates of this program will:
1. Demonstrate the knowledge and principles necessary for prevention, evaluation, and treatment of communication impairments across the lifespan
2. Analyze factors important to diagnosis and treatment plan development
3. Document and effectively communicate their findings to the clients, their families and other professionals
4. Meet legal and professional standards of competence and ethics
5. Employ active learning methods that encourage self-reliance and promote continuous professional development
6. Integrate theoretical knowledge and therapeutic competencies through group discussions, laboratories, and clinical practice
7. Demonstrate the highest qualities of character and ethical behavior as well as the knowledge, skills, and disposition that support scholarship, professionalism, technology, and diversity
8. Demonstrate clinical skill in supervised practicum settings and document the minimum of 400 clinical clock hours with a variety of populations as described by the American Speech-Language-Hearing Association (ASHA) for the Certificate of Clinical Competency

**Criminal Background Checks**

Clinical agencies utilized by the Program in Communication Sciences and Disorders as well as the campus-based university clinic require criminal background checks and/or drug testing prior to acceptance of the student into clinical facilities.

**Admission Standards**

1. Immunizations and physical exams as required of all Georgia Southern University students.

2. Applicants must complete the requirements for a baccalaureate degree in speech-language pathology from a regionally accredited institution or complete the requirements for a baccalaureate degree in a field other than communication sciences and disorders plus appropriate prerequisite coursework in the field of speech-language pathology/communication sciences and disorders in order to apply.

3. A cumulative grade point average of at least 3.0.

4. Admission requires a score of no less than 145 on the Verbal Reasoning section (or the equivalent score of 380) and 141 on the Quantitative Reasoning section (or the equivalent score of 430) of the Graduate Record Exam (GRE). Scores must be achieved within 5 years of the application due date. Retired GRE scores may only be submitted if taken in the last 5 years of the application due date. Otherwise, the new GRE scores must be submitted.

   • For students whose second language is English, a score of 550 paper-based score or 100 computer-based score or better on the Test of English as a Foreign Language (TOEFL) or a score of 6.5 or better on the International English Language Testing System (IELTS) may be substituted for the verbal GRE score.

5. Documentation of the following after admission and prior to enrollment:
   1. Completion of 25 clinical observation hours as mandated by the American Speech-Language-Hearing Association
   2. Proof of professional liability insurance
   3. Proof of health insurance
   4. Clear background check and negative drug screen
   5. First aid/CPR certification by the American Red Cross or the American Heart Association
   6. negative TB PPD skin test within thirty (30) days of enrollment
   7. Flu shot
   8. Final transcript(s) documenting all required coursework and conferral of baccalaureate degree

6. The following documents are required for admission to the Master of Science program in communication sciences and disorders and should be submitted via the Communication Sciences and Disorders Centralized Application System (CSDCAS).

   1. Official college transcripts requested using the CSDCAS transcript request form.
   2. Official GRE scores (Within 5 years of the application due date).

   1. Students are encouraged to send GRE scores to CSDCAS after they have created a CSDCAS application account. Students should also use the program CSDCAS Code 7712.

3. Three (3) Completed CSDCAS Reference Forms

   1. At least two of the three forms should be completed by professors with knowledge of the applicant’s academic performance and professionalism. Professors in communication sciences and disorders are preferred.

   2. No more than one of the three forms should be completed by a professional reference such as an employer

4. Personal Statement submitted via CSCCAS (Vital information from resume’s should be included in the Letter of Intent; however, resumes should not be submitted)

5. **Essential Skills Statement**: The Essential Skills document includes essential functions you will be expected to perform during your educational program as a student and professional career. Persons interested in applying for admission to the Communication Sciences and Disorders program should review this document in its entirety (cover sheet, Appendix A, and Appendix B) to develop a better understanding of the cognitive skills, physical abilities, and behavioral characteristics necessary to successfully complete the program and work as a speech-language pathologist. A cover sheet with acknowledgment, signature, and date MUST be obtained and submitted as part of the admissions packet via CSDCAS.

6. **Video Recording**: In lieu of onsite interviews, the CSDS program requires all applicants to submit a video recording as part of the admissions process. Information regarding requirements for the video can be found in the Questions section of CSDCAS.
7. Additional Requirements: The graduate program in Communication Sciences and Disorders is accredited by the Council of Academic Accreditation (CAA). Pre-requisite courses that provide a foundational understanding of speech, language, hearing, and swallowing, as well as (basic) courses in natural sciences, physical sciences, social sciences, and math must be completed to meet accreditation and certification standards. We require all courses be completed or in process of completion when applying to the program. These include:

1. Biological Science (Science of living things-Biology, Human Anatomy, etc)
2. Physics or Chemistry
3. Social Science (Psychology, Sociology, Anthropology, etc)
4. Statistics

8. Meeting the minimum criteria for application for graduate school does not guarantee admission to the Communication Sciences and Disorders program. It should be noted that the pool of applicants for the Communication Sciences and Disorders program includes many highly qualified applicants, and the number of available positions is limited. Therefore, admission to the Communication Sciences and Disorders program is highly competitive.

Admission Process

1. The graduate admissions process for the masters of science degree in Communication Sciences and Disorders is managed by the Communication Sciences and Disorders Centralized Application System (CSDCAS). Applications may be obtained and submitted via CSDCAS.

2. The Georgia Southern graduate school application will NOT be accepted. Only materials submitted via CSDCAS will be reviewed.

3. Deadline: the CSDCAS application and all supporting materials should be submitted by January 15th of each year via CSDCAS.

4. Applications and support materials are reviewed, and a limited number of applicants are accepted into the program.

5. Students selected for admission must formally accept the position and submit a non-refundable deposit. Students who matriculate in the CSD Program at Georgia Southern will have their deposits refunded.

Standards of Progression and Graduation Requirements

Program Progression Requirements

1. Students must maintain a B average or better on all coursework taken as a graduate student. If the student's average falls below 3.0, the student will have one probationary semester to earn the required B average or better. The student must be registered for all of the required courses in the program of study during the probationary semester. If the average is not raised to a B or better in that term, the student earns a C or below on more than 3 hours, the student will be dismissed from the program. Students who are dismissed due to unsatisfactory performance cannot reapply to the program.

   • The the probationary semester must be the semester immediately following the semester the student was placed on probation. Students who do not enroll for the probationary semester will be dismissed from the program and are not eligible to reapply unless non-enrollment is due to a university approved withdrawal relative to a medical condition or hardship.

2. Students who do not earn a Praxis score of 162 must take a comprehensive assessment developed by the program and earn a score of eighty percent or higher.

3. Students must maintain a B average or better in the program.

4. Students must accumulate a minimum of 400 client contact hours as described by the department and set forth by the American Speech-Language and Hearing Association Code of Ethics and guide for professional practices and the American Speech-Language and Hearing Association Code of Ethics. Students who violate these rules and regulations will be dismissed from the program and are ineligible for readmission.

5. Students who do not complete the program in five years must reapply for admission. Those students must begin to meet the program requirements in effect at the time of readmission. For clarification, refer to Readmission Procedures.

6. Students must annually present evidence of professional liability insurance, health/medical insurance, Negative TB PPD skin test, and first aid/CPR certification. In addition, students may need to provide evidence of preventative inoculations depending on external placements.

Graduation Requirements

1. Students are encouraged to apply for graduation two semesters before the anticipated date of graduation. Note: A copy of the official program of study must accompany the candidate's application. Students must take the Praxis II examination in speech-language pathology and present a passing score of 162 or higher to the program by February 15th if graduating in May, June 15th if graduating in August or October 15th if graduating in December. The program will accept scores for the Praxis only on examinations taken AFTER October 31st of the student's SECOND year of graduate study.

2. Students who do not earn a Praxis score of 162 must take a comprehensive assessment developed by the program and earn a score of eighty percent or higher.

3. Students must maintain a B average or better in the program.

4. Students must accumulate a minimum of 400 client contact hours as described by the department and set forth by the American Speech-Language and Hearing Association.

5. Students must demonstrate acquisition of knowledge and skills needed for a clinical fellowship-ready speech-language pathologist.

Readmission Procedures

1. The student must complete the readmission application and go through the readmission process by submitting the current graduate application for Georgia Southern University and the Communication Sciences and Disorders major.
2. The student will be required to meet admission requirements in effect at the time of application for readmission to the program.

3. The student’s readmission will be based upon space available in the class into which the former student is seeking admission and recommendation of the department faculty.

4. The student may be required to retake all or some coursework previously completed if readmitted to meet the current accreditation standards and to obtain professional certification.

5. The student who has been dismissed for inability to meet minimum grade requirements or ethics violations is NOT eligible for readmission.

Total Credit Hours 57

- A total 57 semester hours of coursework and an accumulation of a minimum of 400 client contact hours as described by the Communication Sciences and Disorders program and set forth by the American Speech-Language and Hearing Association are required for program completion.
- A maximum of 6 graduate credit hours of coursework may be evaluated as transfer credits from another institution at the discretion of communication sciences and disorders program faculty.
- Courses previously taken by readmitted students will be included in the new program of study based on the discretion of the program.

Some or all new coursework may be required to meet the current accreditation standards.

- An individual student’s plan of study may reflect additional courses mutually agreed upon by the student and academic advisor and approved by the Program Director, but may include no less than the 57 credits listed above.

Physical Therapy D.P.T.

Degree Requirements: 134 Credit Hours

Policies Requirements and Standards

The Physical Therapy Program at Georgia Southern University offers the Doctor of Physical Therapy (DPT) degree.

The DPT Program includes nine semesters of academic course work with three full-time clinical affiliations (totaling at least thirty weeks of full-time clinical practice), and numerous additional clinical experiences. Upon completion of the program, students are awarded the Doctor of Physical Therapy (DPT) degree.

The bachelor’s degree is required for admission to the physical therapy program. Contact the Department of Rehabilitation Sciences, Physical Therapy Program, for further information concerning eligibility.

Consistent with the mission of the university and the goals of the College of Health Professions, the mission of the Doctor of Physical Therapy program is to educate individuals whose physical therapy skills and knowledge meet the challenges of the rapidly changing healthcare system and the expanding need for physical therapy services. The program will work collaboratively with the physical therapy community to improve the quality of physical therapy care and enhance the scientific basis of professional practice.

Specifically, the Doctor of Physical Therapy program will:

1. Provide program graduates with the scientific knowledge and principles which practitioners need to examine, diagnose, develop prognoses, treat, document, measure outcomes, and instruct persons of all ages with movement disorders.
2. Equip program graduates with diagnostic abilities to critically analyze a large number of factors, determine the most important of those factors, and develop a treatment plan based on that analysis.
3. Supply graduates with the documentation and communication skills to effectively communicate their findings to the clients, the clients’ families, other healthcare providers, and the agencies that reimburse the clients and/or the physical therapists for the physical therapy service.
4. Furnish graduates with the skills to provide care in a compassionate, competent, legal, and ethical manner.
5. Equip graduates with the skills to develop programs for the prevention of injuries and disabilities.
6. Provide students with clinically case-centered courses with the emphasis on problem identification and problem solving. This allows students to integrate pathophysiology, evaluation methods, treatment approaches, and psychosocial principles into each case. Students are encouraged to seek new solutions to the clinical problems and propose new treatment approaches.
7. Maintain an active learning environment that promotes independent thinking. Students learn to seek and confirm answers on their own rather than relying on faculty to provide answers. Active learning methods develop student self-reliance, an increase in self-assessment skills, and a pattern of independent learning which promotes lifelong learning and further professional development.
8. Support a curriculum where students work with each other in small groups. Small group activities:
   a. Develop among the students a respect and understanding for the problem solving skills and clinical solutions developed by their classmates.
   b. Promote the development of teamwork and leadership skills.
9. Provide group discussions, laboratories, and clinical practice experiences designed to foster the development of intellectual and physical competencies and strong professional values.
10. Promote, as the central axiom in the department's educational philosophy that the primary role of the instructor is as a facilitator of learning, not as the sole source of knowledge. The department will provide a supportive environment in which students take responsibility for their own learning. The department fosters mutual respect between faculty and students, between students and their classmates, and between students and other health care professionals. The department promotes a respect and understanding for all individuals regardless of their cultural background.

Admission Standards

Prerequisites

1. Applicants must complete the requirements for a baccalaureate degree from a regionally accredited institution. While any major field of study is acceptable, the degree and all prerequisite courses must be completed prior to matriculation. At least 5 of the 8 prerequisite science courses must be completed at the time of application.
2. Applicants need to demonstrate effective oral and written communication skills.
3. Applicants must demonstrate an understanding of the social, biological and physical sciences and mathematics so that they can comprehend and integrate physiological, pharmacological, behavioral and biomechanical principles into physical therapy practice. Minimal satisfaction of this criterion will include completion of:
   a. A one-year sequence of basic (general, inorganic) chemistry with laboratories that is designed for science or health professions majors;
   b. A one-year sequence of general physics with laboratories (both calculus or non-calculus physics are acceptable) that is for science or health professions majors and which include mechanics, electricity, magnetism and light;
   c. A one-year sequence of anatomy and physiology with laboratories (either as two combined anatomy and physiology courses or with one course in physiology and one course in anatomy) which may be lower division human anatomy and physiology courses for health professions majors or upper division vertebrate or human physiology and comparative or developmental anatomy. Applicants are also encouraged to take advanced human physiology and anatomy courses such as exercise physiology, neurophysiology, advanced human physiology, kinesiology and/or biomechanics;
   d. One general biology course with laboratory (botany, ecology, and environmental science are not acceptable substitutes).
   e. One course in statistics (at a minimum, covering measures of central tendency, probability distributions, and linear regression).
   f. Two courses in the social sciences are also required. Abnormal psychology and human development are recommended.
4. Applicants should have an understanding of the scope of physical therapy practice. This understanding is best developed through observation of physical therapists in multiple types of clinical practice. It is strongly recommended that the applicant demonstrate a total of 75-100 hours of observation, in as many as 3 different types of settings. Setting types include but are not limited to: acute care, fitness/wellness, general adult outpatient, inpatient rehabilitation, outpatient adult orthopedics/sports, pediatric inpatient, pediatric outpatient, school systems, skilled nursing facilities, and wound care. Receiving physical therapy treatment or being a caregiver for someone with a physical disability can count toward one setting for purposes of this requirement.
5. Applicants must have no less than a 3.0 in the PTCAS science grade point average (GPA) and an overall grade point average of 3.0. No grade of D or F will be acceptable for satisfaction of the prerequisite courses. If a grade of D or F is earned in a prerequisite course, that course cannot be repeated more than one time. Only two prerequisite courses may be repeated. Applicants may repeat courses with grades of C or higher to improve their prerequisite course GPA, but repeated courses will be averaged in the calculation of the prerequisite GPA.
6. Applicants must achieve a score on the Graduate Record Exam (GRE) of no less than 146 on the verbal section and 144 on the quantitative section. For students whose second language is English, a TOEFL score of at least 600 paper-based, 250 computer-based or 80 internet-web-based may be substituted for the minimal verbal GRE score. The TOEFL score is not used in calculating a final application score during review of the applications, as there is no mechanism for converting a TOEFL score into a GRE score. As a result, the applicant’s application score may be lower than those of applicants who took the entire GRE. (Note that when requesting to have GRE scores sent to Georgia Southern University, the appropriate codes to be used are: school code 7813, department code 5199.)
7. The following documents are required for admission to the Doctor of Physical Therapy (DPT) program: Physical Therapist Centralized Application Service (PTCAS) application, college transcripts, GRE scores and three recommendation forms. One of the recommendations must be written by a physical therapist who has observed and supervised the applicant in a clinical setting. ALL application documents will be collected by PTCAS.
8. In addition to the PTCAS fees, a supplemental application fee of $25 for Georgia residents, or $50 for out-of-state applicants, is required.
9. All students are required to submit evidence of health insurance prior to participation in clinical experiences.
10. Meeting the minimum criteria for application does not guarantee admission to the physical therapy program. It should be noted that the pool of applicants for the program includes many highly qualified persons, and the number of available positions is limited.

Admission Process

1. Program applications are available through the Physical Therapist Centralized Application Service website (www.ptcas.org). The Graduate Studies application for Armstrong is not used.
2. Specific application deadlines are set annually and are posted at the PTCAS (www.ptcas.org) and program (www.pt.armstrong.edu) websites.
3. Students selected for admission must formally accept the position and submit a non-refundable deposit. Students who matriculate in the DPT Program at Armstrong will have their deposits refunded during the first week of classes.

Accreditation Status and Degrees Offered

1. The Doctor of Physical Therapy Program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; email: accreditation@apta.org; website: www.capteonline.org. The program received initial accreditation in May 1997. Present accreditation continues through December 31, 2022.
The Georgia Board of Physical Therapy

Legal Requirements

1. Graduation from an accredited professional physical therapy education program allows students to take the National Physical Therapy Examination (NPTE). Passing this exam is required for licensure in any jurisdiction within the United States and its territories. In addition, the graduate must pass the Georgia state Jurisprudence exam to obtain licensure in Georgia.

2. The Georgia Board of Physical Therapy has the authority to refuse or revoke licensure to an applicant upon a finding by the board that the applicant has been convicted of any felony, crime involving moral turpitude, or crime violating any federal or state law relating to controlled substances or dangerous drugs in the courts of this state, any other state, territory, or country or in the federal courts of the United States including but not limited to a plea of nolo contendere entered to the charge.

Standards of Progression and Graduation

Program Progression Requirements

1. Students must pass all courses with a B (Clinical Practicum 3 and Supervised Clinical Education 1, 2, and 3 must be passed with a satisfactory grade). If less than the required grade is earned in a PT course, that course must be repeated. Only one course can be repeated and that course can be repeated only once. A course can be repeated only when it is normally offered again in the curricular sequence. No additional courses can be taken in the physical therapy curriculum until the course deficiency is satisfied. Thus, failure to pass a course will require the student to “drop back” to the next graduating class.

2. All graded activities within courses must be passed at the 80% level or remediated, as directed by the course instructor. A TOTAL of 4 remedial activities will be allowed in each semester in ALL COURSES combined. A student that fails more than 4 examinations in one semester will not progress through the curriculum.

3. Failure to pass more than one course or failure to pass any course more than once will result in dismissal from the program.

4. Students will be dismissed from the program if they violate the professional standards of physical therapy established by the Code of Ethics and Guide for Professional Conduct of the American Physical Therapy Association, or violate the rules and regulations governing the practice of physical therapy within the state of Georgia or any other jurisdiction in which the student is working.

5. Students must be continuously enrolled in the program through the entire nine-semester sequence of courses. Medical or personal leave may be granted but will also require the student to “drop back” to the next graduating class.

6. Students must obtain faculty permission to “drop back” for academic, medical, or personal reasons. A student may re-enroll in PT courses only if the faculty has determined that space is available for that student.

7. Students must complete all courses in the physical therapy curriculum within five consecutive years from the date of their initial admission to the physical therapy major.

8. Students who do not complete the program in the required period of time may apply for readmission

9. Students must maintain malpractice/liability and health/medical insurance; up-to-date immunizations; medical tests and physical exams required by the program; and CPR/first aid certification.

Graduation Requirements

1. Students must successfully complete all courses in the curriculum (earning a B or better in all courses; Clinical Practicum 2 and 3 and Supervised Clinical Education 1, 2, and 3 must be passed with a satisfactory grade).

2. Students must satisfactorily complete a research project.

3. Students must follow graduation procedures for Georgia Southern University.

4. The Doctor of Physical Therapy program of study requires a total of 134 semester hours.

Readmission Procedures

1. The student must complete the readmission application for the physical therapy major.

2. The student will be required to meet admission and curriculum requirements in effect at the time of application for readmission.

3. The student’s admission will be based upon space available in the class into which the former student is seeking admission and recommendation of the department faculty.

4. The former student, who has failed out of the program because of an inability to meet the grade requirements or has been dismissed from the physical therapy program for any reason, is not eligible to apply for readmission.

School of Nursing

Nationally recognized as a top 100 nursing program\(^1\), the School of Nursing offers the following baccalaureate, master’s and doctoral programs and degrees:

- Bachelor of Science in Nursing
- Accelerated Bachelor of Science in Nursing (ABSNG)
- Licensed Practical Nurse to Bachelor of Science in Nursing (LPN/LVN-BSN Advanced Placement Track)
- Registered Nurse to Bachelor of Science in Nursing (RN-BSN)
- Post-Master’s Certificate in Nursing (MSN)
- Doctor of Nursing Practice (DNP)

The School of Nursing represents a strong and extraordinary community of excellent students, well-prepared faculty, dedicated staff, and supportive alumni and friends who promote and advance the quality, accessibility, and availability of nursing care for the people of southeast Georgia and beyond. The (baccalaureate degree in nursing/master’s degree in nursing/Doctor of Nursing Practice and/or post-graduate APRN certificate) at Georgia Southern University is accredited by the Commission on Collegiate Nursing Education (http://www.aacn.nche.edu/ccne-accreditation). All prelicensure programs are fully approved by the Georgia Board of Nursing. Georgia Southern University is accredited with the Southern Association of Colleges and Schools.

Mission & Vision

School of Nursing Mission Statement

The Mission of the Georgia Southern School of Nursing is to prepare a diverse student population to become professional nurses through academic excellence to promote health and enhance the quality of life for citizens in the rural and urban communities they serve.

School of Nursing Vision Statement

The School of Nursing aspires to be the premier center for academic excellence in professional nursing education for the Southeastern United States through transformative learning opportunities that promote a culture of caring and a legacy of lifelong scholarship, leadership and responsible community service and stewardship.

Accreditation

The Georgia Southern University School of Nursing is fully accredited by all appropriate national, state, and specialized/professional nursing accrediting agencies. Accrediting agencies assure that programs in nursing education engage in effective educational practices in the preparation of nurses. A determination of accreditation by an accrediting agency is an indication of confidence in the educational institution to offer a program of quality, deserving of public approbation. (NOTE: Universities and colleges in the United States must hold appropriate regional accreditation in order to be recognized to award higher education degrees. All nursing programs must hold approval from their State Board of Nursing. The Georgia Southern University holds the following accreditation and approvals:

1. Commission on Colleges of the Southern Association of Colleges and Schools (SACSCOC). This regional accreditation grants Georgia Southern University the right to award Associate, Bachelor, Master, Specialist, and Doctorate degrees. Current Accreditation Period: 2020 for BSN, RN-BSN, and MSN; Renewal for Post-Master’s DNP and Post-MSN certificate: Fall 2025. The Georgia Southern University holds the following state and specialized/professional nursing accreditations:

2. Georgia Board of Nursing. (Required Approval). The Georgia Board of Nursing grants Full Approval to nursing programs who maintain compliance with the Georgia Board of Nursing Rules and Regulations as evidenced by: annual reports submitted by the program, site visit reports, and appropriate passing percentages of first-time writers on the NCLEX-RN examination. Inquiries regarding the accreditation status of programs can be directed to: Georgia Board of Nursing, 237 Coliseum Drive, Macon, GA 31217-3858. Phone: 912-207-1640. Active Current Approval Period.

3. Commission on Collegiate Nursing Education (CCNE), (Voluntary Specialized/Professional Accreditation). Formed in 1998, the Commission on Collegiate Nursing Education is the premier accrediting agency recognizing professional baccalaureate and graduate programs in nursing in the United States. Georgia Southern University School of Nursing is approved for its baccalaureate and graduate programs by the Commission on Collegiate Nursing Education. To be accredited, the following are required:

a. The nursing program is viable and appears, based upon the review of submitted materials, to be conducted in a manner that will enable compliance with CCNE accreditation standards.

b. The institution has a history of seeking and ensuring continuing accreditation and program recognition by appropriate accrediting and regulatory agencies.

c. The institution has ensured the continuing viability of the nursing education program by being responsive to the concerns of accrediting and regulatory agencies.

For further information about the status of the program, please contact the Commission on Collegiate Nursing Education at the following address:

Commission on Collegiate Nursing Education,
One Dupont Circle, NW, Suite 530
Washington, DC 20036-1120
Phone: (202) 887-6791

Current Accreditation Period: 2020 for BSN, RN-BSN, and MSN; 2025 for the DNP and Post-MSN certificate.

Adult/Gerontology Acute Care Nurse Practitioner Post-MSN Certificate

Certificate Requirements: 19 Credit Hours

Student Outcomes
Student outcomes are consistent with the BSN to DNP program outcomes.

Admission Cycle
The admission application materials for the College of Graduate Studies (COGS) for NP certificate programs must be received by March 1st for admission consideration into the fall semester cohort. Phone interviews with individuals under consideration may be conducted prior to admission.

Admission Criteria
1. Master's degree in Nursing (APRN Program which includes Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner) from a college accredited by the appropriate accrediting association.
2. Minimum graduate GPA of 3.0 (on 4.0 scale)
3. Pharmacology Course cannot be older than 5 years.
4. Current unrestricted RN license in state of residence and eligibility for a Georgia RN license
5. Certification as a Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner
6. Submission/completion of the College of Graduate Studies application (on-line)
7. Three professional letters of recommendation.
8. Proof of current malpractice liability insurance as a RN and NP student
9. Must have the capability to fully utilize and interact within the on-line course delivery format of the institution.

Specific Admission Policy
The Nurse Practitioner certificate student will be admitted in Non-degree status and ineligible to enroll in other graduate courses unless admitted to that program. Only grades of "B" or better earned in the certificate are eligible for application to the nursing doctorate if the individual is later admitted to the Post MSN DNP degree program.

Progression Policy
A student admitted Non-Degree to the Post-MSN Nurse Practitioner Certificate option must have an overall 3.0 GPA, with the minimum of a "B" letter grade in each course in order to earn the certificate. Students will become academically ineligible to continue course work if a grade of "C", "D", "F", or "WF" is earned in any of the nurse practitioner courses. Students must also meet any applicable College of Graduate Studies progression policies.

Nurse Practitioner Certificate Programs
An individualized Program of Study is developed by the Graduate Program Director of the School of Nursing after a Gap Analysis is performed. Students must submit their transcripts and their syllabi for each course to be considered as equal to the courses offered at Georgia Southern University for the completion of the certificate. To enroll in a Post MSN Certificate Program each applicant must show completion of the following courses in their MSN Program or must complete them prior to admission into the Certificate Program: Nursing Research, Advanced Health Assessment, Pathophysiology, and Pharmacology for Advanced Practice Nursing.

Total Credit Hours: 19
Adult/Gerontology Primary Care Nurse Practitioner Post-MSN Certificate

Certificate Requirements: 19 Credit Hours

Student Outcomes
Student outcomes are consistent with the BSN to DNP program outcomes.

Admission Cycle
The admission application materials for the College of Graduate Studies (COGS) for NP certificate programs must be received by March 1st for admission consideration into the fall semester cohort. Phone interviews with individuals under consideration may be conducted prior to admission.

Admission Criteria
1. Master’s degree in Nursing (APRN Program which includes Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner) from a college accredited by the appropriate accrediting association.
2. Minimum graduate GPA of 3.0 (on 4.0 scale)
3. Pharmacology Course cannot be older than 5 years.
4. Current unrestricted RN license in state of residence and eligibility for a Georgia RN license
5. Certification as a Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner
6. Submission/completion of the College of Graduate Studies application (on-line)
7. Three professional letters of recommendation.
8. Proof of current malpractice liability insurance as a RN and NP student
9. Must have the capability to fully utilize and interact within the on-line course delivery format of the institution.

Specific Admission Policy
The Nurse Practitioner certificate student will be admitted in Non-degree status and ineligible to enroll in other graduate courses unless admitted to that program. Only grades of “B” or better earned in the certificate are eligible for application to the nursing doctorate if the individual is later admitted to the Post MSN DNP degree program.

Progression Policy
A student admitted Non-Degree to the Post-MSN Nurse Practitioner Certificate option must have an overall 3.0 GPA, with the minimum of a “B” letter grade in each course in order to earn the certificate. Students will become academically ineligible to continue course work if a grade of “C”, “D”, “F”, or “WF” is earned in any of the nurse practitioner courses. Students must also meet any applicable College of Graduate Studies progression policies.

Nurse Practitioner Certificate Programs
An individualized Program of Study is developed by the Graduate Program Director of the School of Nursing after a Gap Analysis is performed. Students must submit their transcripts and their syllabi for each course to be considered as equal to the courses offered at Georgia Southern University for the completion of the certificate. To enroll in a Post MSN Certificate Program each applicant must show completion of the following courses in their MSN Program or must complete them prior to admission into the Certificate Program: Nursing Research, Advanced Health Assessment, Pathophysiology, and Pharmacology for Advanced Practice Nursing.

Adult/ Gerontology Primary Care Nurse Practitioner D.N.P. (Online)

Degree Requirements: 34 Credit Hours

Program Description
The Doctor of Nursing Practice (DNP) is a terminal degree committed to educating advanced practice nurses who possess the knowledge, skills and values necessary to contribute to and lead in the efforts to improve the health care delivery system of the nation. The DNP is a professional terminal degree with an applied nursing focus. Students are trained for advanced-science-based practice and practice-oriented research in private-and/or public sector careers to include clinical practice, health education, research application, leadership, and analysis of health care outcomes. The DNP is a versatile degree which prepares advanced practice nurses (nurse practitioners (NP), certified nurse midwives (CNM), certified registered nurse anesthetists (CRNA), and clinical nurse specialists (CNS)) to provide leadership in public and private organizations; assess health care needs, develop and implement new health care practices, care and evaluate health care outcomes; recommend health care policy; and interact with other health care providers and agencies at diverse levels. The program serves both the full-time student preparing for an advanced career in advanced practice nursing, as well as currently employed nursing professionals seeking advanced education to augment their existing skills to assume leadership positions. The DNP program builds on a high quality nursing master’s curriculum.

Model
The Post-Masters DNP requires a minimum of 43 credit hours and is offered on a full-time basis over 3 years. Guided by the AACN Essentials for Doctoral Education for Advanced Nursing Practice, sequencing of courses allows the development of content expertise prior to the initiation of the clinical project and experience core. A capstone practicum allows for role immersion and competency integration.

Admission Requirements
The DNP is designed to build upon the foundation of the Advanced Practice Registered Nurse (APRN) role. The DNP program is directed toward advanced practice registered nurses and closely associated specialty areas (i.e. NP, CNS,CRNA,CNM preparation), and other specialty areas reviewed on an individualized basis. All applicants prior
course work will be reviewed and individual DNP programs of study will be developed.

Admission Criteria

Regular Option

1. Education
   a. Post-MSN Master’s degree in the proposed field of study (MSN) or its equivalent from a college accredited by the appropriate accrediting association.

2. Minimum undergraduate or graduate GPA of 3.0 (on 4.0 scale)

3. International students:
   a. All international applicants, including resident and non-resident aliens, whose native language is not English and who do not have an undergraduate degree from a regionally accredited U.S. college or university, are required to submit official TOEFL scores taken within the year immediately preceding the requested semester of admission. A minimum total score of 83, and minimum scores of 20 for each of the skills evaluated by the TOEFL: Listening, Reading, Speaking, Writing. An original copy of the test score, sent by the testing agency to the Office of Graduate Admissions is required before any action is taken on an application. The copy of the score provided to the student and subsequently forwarded is not acceptable.

Accelerated Option

1. Post-MSN: Master’s degree in the proposed field of study (MSN) or its equivalent from a college accredited by the appropriate accrediting association.

2. Minimum undergraduate or graduate GPA of 3.3 (on 4.0 scale)

3. International students:
   a. All international applicants, including resident and non-resident aliens, whose native language is not English and who do not have an undergraduate degree from a regionally accredited U.S. college or university, are required to submit official TOEFL scores taken within the year immediately preceding the requested semester of admission. A minimum total score of 83, and minimum scores of 20 for each of the skills evaluated by the TOEFL: Listening, Reading, Speaking, Writing. An original copy of the test score, sent by the testing agency to the Office of Graduate Admissions is required before any action is taken on an application. The copy of the score provided to the student and subsequently forwarded is not acceptable.

4. DNP portfolio to include evidence of:
   a. Vitae to include
      • Personal rationale for seeking DNP
      • Future goals
      • Education
      • Research experience
      • Publications (identify refereed)
      • Professional presentations (identify refereed)
      • Community service projects
   b. Certification in a specialty area for all NPs. For all others, appropriate certification in specialty area, if available.
   c. A minimum of 500 documented academic clinical hours in MSN APN preparation. Evidence of post-graduation clinical experience in the advanced practice role unless continuing immediately into DNP course work as post-MSN DNP student.
   d. Current registered nursing (RN) licensure
      • For Post-MSN DNP, licensure in state of residence where clinical hours will be completed
   e. Current malpractice liability insurance
   f. American Heart Association Level C (2 person-BLS) CPR certification
   g. Three letters of recommendation from professional colleagues who can attest to academic and clinical acumen
   h. Listing of current technological support for Internet-based courses with summary of experience with online courses

5. Complete submission of documentation:
   a. College of Graduate Studies application and fee

Grades

Students in DNP coursework must maintain a 3.0 average ("B" or better) in course work to proceed in the doctoral program and to be eligible to graduate. Grades in all courses applied toward the doctorate must be "B" or better. Students will become academically ineligible when any of the following occur in course work of an approved program of study:

1. a grade of "D", "F", or "WF" in any course;
2. a grade of "C" in any three courses; or
3. the minimum 3.0 average is not achieved within the minimum number of credit hours required for the degree.

Progression

All students admitted to, enroll in, the DNP program are required to attend a MANDATORY on campus annual Intensive PRIOR to each fall cycle of course work. The dates of this Intensive are scheduled by the School of Nursing. Students assume responsibility for all scheduling and costs in order to attend this Intensive time period.

Enrollment

The DNP requires a minimum of one academic year of continual enrollment.

Foreign Language Requirement

There is no foreign language requirement.

Transfer Credit

A maximum of 6 credits of doctoral level nursing credits and 9 credits of graduate level electives may be applied toward the DNP upon approval by the Graduate Nursing Program. Transfer credit must also satisfy the same requirements as course taught for doctoral education within the School of Nursing Graduate Program (e.g., minimum grade of "B"), be consistent with the student’s approved program of study, and have been received from a regionally accredited college or university. Thesis and dissertation credit cannot be transferred. The student must provide documentation in support of equivalence, such as a course syllabus, transcript, term paper, and/or instructor testimony. Equivalence is determined by the Faculty Advisor or Program Director. Credit reductions do not influence the residency or enrollment requirements or comprehensive examination procedures.

Students who complete the graduate core, advanced practice nursing core, and specialty core and are "Opting Out" to obtain their MSN degree from Georgia Southern University have four (4) years from the date of their MSN final transcript to re-apply to the DNP program to obtain their doctoral degree without penalty. These courses would meet the requirements of the DNP program and would not need to be repeated.

Course Time Limits

All requirements for the DNP must be completed within seven academic years from the date of the first enrollment for study following admission to the doctoral coursework. For transfer students, the seven year time limit commences with the semester during which the credit being transferred was earned at another institution.
Clinical Project

Doctoral students are required to complete a clinical project at an advanced level. A dissertation is not required. The clinical project may take diverse forms (e.g., identification of a health care problem, development of an intervention and analysis of outcomes; an investigation of a health issue with development of health policy strategies to address the health problem; or the development of a complex programmatic strategy within a health care system to address a significant issue). Upon completion of the clinical project the student must present the project to faculty and peers in an appropriate venue determined by the faculty. Submission of the project to a refereed professional organization for presentation or peer reviewed journal for publication is required. It is expected that a minimum of one peer reviewed presentation or peer reviewed publication will be achieved on DNP related content prior to completion of course work.

Faculty Advisor

Upon admission to the graduate program, a program of study (POS) will be provided to the graduate student. Any changes in the POS must be approved by the Graduate Program Director.

Accreditation

The School of Nursing Graduate Program is accredited by the Commission on Collegiate Nursing Education (CCNE). The current MSN Program and the proposed DNP Program were developed in accordance with the AACN Essentials for both Graduate and DNP Education. The MSN meets the NONPF National Standards for NP Programs, the Consensus Model, and the DNP Program Standards for NP preparation.

Total Credit Hours 34

Additional Program Requirements

Completion of a minimum of 500 applied hours required for post MSN-DNP Degree Completion.

Family Nurse Practitioner Post-MSN Certificate

Certificate Requirements: 19 Credit Hours

Student Outcomes

Student outcomes are consistent with the BSN to DNP program outcomes.

Admission Cycle

The admission application materials for the College of Graduate Studies (COGS) for NP certificate programs must be received by March 1st for admission consideration into the fall semester cohort. Students meeting all prerequisites (pathophysiology, pharmacology, physical assessment) may be eligible for a January (spring semester) start date. Spring semester start must be approved by the Program Director. Phone interviews with individuals under consideration may be conducted prior to admission.

Admission Criteria

1. Master's degree in Nursing (APRN Program which includes Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner) from a college accredited by the appropriate accrediting association.
2. Minimum graduate GPA of 3.0 (on 4.0 scale)
3. Pharmacology Course cannot be older than 5 years.
4. Current unrestricted RN license in state of residence and eligibility for a Georgia RN license
5. Certification as a Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner
6. Submission/completion of the College of Graduate Studies application (on-line)
7. Three professional letters of recommendation.
8. Proof of current malpractice liability insurance as a RN and NP student
9. Must have the capability to fully utilize and interact within the on-line course delivery format of the institution.

Specific Admission Policy

The Nurse Practitioner certificate student will be admitted in Non-degree status and ineligible to enroll in other graduate courses unless admitted to that program. Only grades of “B” or better earned in the certificate are eligible for application to the nursing doctorate if the individual is later admitted to the Post MSN DNP degree program.

Progression Policy

A student admitted Non-Degree to the Post-MSN Nurse Practitioner Certificate option must have an overall 3.0 GPA, with the minimum of a “B” letter grade in each course in order to earn the certificate. Students will become academically ineligible to continue course work if a grade of “C”, “D”, “F”, or “WF” is earned in any of the nurse practitioner courses. Students must also meet any applicable College of Graduate Studies progression policies.

Nurse Practitioner Certificate Programs

An individualized Program of Study is developed by the Graduate Program Director of the School of Nursing after a Gap Analysis is performed. Students must submit their transcripts and their syllabi for each course to be considered as equal to the courses offered at Georgia Southern University for the completion of the certificate. To enroll in a Post MSN Certificate Program each applicant must show completion of the following courses in their MSN Program or must complete them prior to admission into the Certificate Program: Nursing Research, Advanced Health...
Assessment, Pathophysiology, and Pharmacology for Advanced Practice Nursing.

Total Credit Hours: 19

Nursing BSN to DNP

Degree Requirements: 77 Credit Hours (> 95% Online)

Programs Available

Post BSN to DNP with "Opt-Out" option; Post-MSN Certificate

Total Credits: 43 credits for Adult/Gerontology Acute Care NP, Adult/Gerontology Primary Care NP, FNP or PMHNP; additional 34 credits for DNP.

*For students who choose to opt out at the MSN, their credits will be 43 for Adult/Gerontology Acute Care NP, Adult/Gerontology Primary Care NP, FNP or PMHNP.

Admission Requirements

1. Bachelor’s degree in the proposed field of study (BSN) or its equivalent from a college accredited by the appropriate accrediting association. BSN program must include a Healthy Assessment course.
2. Current Georgia RN license. Out-of-state students must obtain a Georgia RN license.
3. One year of full time clinical nursing employment prior to entering the nurse practitioner health assessment course. Proof of full time clinical nursing employment may be required.
   a. If you are applying for the Adult/Gerontology Acute Care NP track, one year of critical care nursing employment.
4. Prerequisite undergraduate statistics course or a statistically oriented methodology course, with a grade of C or better.
5. Submission/completion of documentation:
   a. College of Graduate Studies application
   b. Georgia Southern Health Services form
   c. School of Nursing Student Health Appraisal forms
   d. Proof of current malpractice liability insurance
   e. Proof of American Heart Association BLS certification
   f. Three letters of professional recommendations. A phone interview may be necessary.

Specific Admission Policies

Must gain Regular Degree-Seeking Status admission to the BSN to DNP program to be eligible to enroll in graduate nursing courses. Non-degree students are not permitted to enroll in graduate nursing courses with the exception of students formally admitted to the Post-MSN Certificate option or with prior approval from the Graduate Program Director. The Graduate Program Director will make an admission decision recommendation following a review of the applicant’s credentials. Admission decisions are made on a case by case basis.

1. Minimum undergraduate GPA of 3.0 (on a 4.0 scale).
2. All international applicants whose native language is not English and/or who do not have an undergraduate degree from a regionally accredited U. S. college or university, are required to submit official TOEFL scores taken within two years immediately preceding the requested semester of admission. An official copy of the test score, sent by the testing agency to the Office of Graduate Admissions is required before any action is taken on an application. All international students must comply with all graduate school requirements.
3. Students must attend an annual, mandatory graduate intensive prior to enrolling in classes.
4. Criminal background and/or drug testing may be requested by clinical agencies. Cost and scheduling is the student’s responsibility.
5. All applicants will be required to complete all clinical practicums with a qualified preceptor within 250 miles of Georgia Southern University.

Progression Requirements

1. Program progression: in accordance with College of Graduate Studies’ policies.
2. Clinical course progression: If a student is required to repeat any course with both a didactic and clinical component, then the student will be required to complete both courses.
3. Any student who withdraws from a course or program must meet with the Graduate Program Director to determine their revised program of study. The student may be required to complete a one hour independent study (didactic or clinical) or repeat a previous course(s).
4. All students enrolled in graduate nursing programs are required to attend a MANDATORY annual intensive prior to each Fall cycle of course work. Students assume responsibility for all scheduling and costs related to intensive attendance.

All graduate nursing programs must be completed within a seven year time period. Students who “opt-out” of the BSN to DNP with an MSN have two academic years to reapply to the program to complete the DNP

Required Credits

Major: Nursing, Post BSN to DNP Total, 77 Hours

MSN Opt-Out option concentration: Acute Care Nurse Practitioner, Adult/Gerontology Nurse Practitioner, Adult/Gerontology Primary Care Nurse Practitioner Family Nurse Practitioner (FNP) or Psychiatric Mental Health Nurse Practitioner (PMHNP), 43 Hours

(585 didactic hours and 720 clinical hours)

Total Credit Hours 43-77

Other Program Requirements

• See academic standards and regulations in the graduate section for information on Program of Study and comprehensive examination procedures.
• Students must meet the progression policies of College of Graduate Studies and the BSN to DNP or Post MSN DNP Program.
• Students who opt out with a MSN are eligible to sit for certification.
• Students who complete the graduate core, practice core, and specialty core and elect the MSN opt-out option degree from Georgia Southern University have four (4) years from the date of their MSN final transcript to re-apply to the DNP program to obtain their doctoral degree without penalty. After successfully completing the additional five (5) semesters of course work, students would obtain the Doctor of Nursing Practice Degree.
• Students who opt out are eligible to sit for certification.

Nursing M.S.N. (Online)

Degree Requirements: 36 Credit Hours

Programs Available:
M.S.N. Degree, with a focus in Chronic Care Management, 36 credit hours
M.S.N. Degree, with a focus in Nursing Education, 36 credit hours

Admission Requirements

1. Bachelor of Science in Nursing (BSN) degree or its equivalent from a college accredited by the appropriate accrediting association.
2. Minimum undergraduate GPA of 3.0 (on 4.0 scale)
3. Prerequisite-Statistics. Program requires a prerequisite in Introductory Statistics with a C or better.
4. The MAT or GRE is not required for admission.
5. Unrestricted and current single state Georgia RN license or a compact license that includes Georgia.
6. One year of full-time clinical nursing experience.
7. Submission/completion of all of the following materials:
   a. Complete College of Graduate Studies online application (http://cogs.georgiasouthern.edu/admission/start/applynow) with payment of required fee.
   b. Three letters of recommendation. Forms in the online application are acceptable, or you can attach 3 recommendation letters to the application.
   c. Proof of American Heart Association Level C (2 person-BLS) CPR certification.
   d. Proof of RN licensure (write COPY) over any replication of license submitted.
8. Upon acceptance:
   a. Georgia Southern University Health Services Form (must be completed before first-semester entry and updated each semester afterward)
   b. School of Nursing Student Health forms (required before the first day of the first semester)
   c. Proof of current RN malpractice liability insurance (policy cover page) with name, dates of coverage, amount.

**Progression Requirements**
- Course Progression: All courses must be completed with a minimum grade of “B”

**Other Program Requirements**
- See academic standards and regulations in the graduate section for information on Program of Study and comprehensive examination procedures.
- Students must meet the progression policies of College of Graduate Studies and the MSN Program.

**Major: M.S.N.**

**Concentration: Chronic Care Management, 36 Credit Hours**

**Total Credit Hours** 36

**Psychiatric Mental Health Nurse Practitioner Post-MSN Certificate**

**Certificate Requirements: 19 Credit Hours**

**Student Outcomes**

Student outcomes are consistent with the BSN to DNP program outcomes.

**Admission Cycle**

The admission application materials for the College of Graduate Studies (COGS) for NP certificate programs must be received by March 1st for admission consideration into the fall semester cohort. Students meeting all prerequisites (pathophysiology, pharmacology, physical assessment) may be eligible for a January (spring semester) start date. Spring semester start must be approved by the Program Director. Phone interviews with individuals under consideration may be conducted prior to admission.

**Admission Criteria**

1. Master’s degree in Nursing (APRN Program which includes Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner) from a college accredited by the appropriate accrediting association.
2. Minimum graduate GPA of 3.0 (on 4.0 scale)
3. Pharmacology Course cannot be older than 5 years.
4. Current unrestricted RN license in state of residence and eligibility for a Georgia RN license
5. Certification as a Clinical Nurse Specialist, CRNA, Nurse Midwife, Nurse Practitioner
6. Submission/completion of the College of Graduate Studies application (on-line)
7. Three professional letters of recommendation.
8. Proof of current malpractice liability insurance as a RN and NP student
9. Must have the capability to fully utilize and interact within the on-line course delivery format of the institution.

Specific Admission Policy

The Nurse Practitioner certificate student will be admitted in Non-degree status and ineligible to enroll in other graduate courses unless admitted to that program. Only grades of "B" or better earned in the certificate are eligible for application to the nursing doctorate if the individual is later admitted to the Post MSN DNP degree program.

Progression Policy

A student admitted Non-Degree to the Post-MSN Nurse Practitioner Certificate option must have an overall 3.0 GPA, with the minimum of a "B" letter grade in each course in order to earn the certificate. Students will become academically ineligible to continue course work if a grade of "C", "D", "F", or "WF" is earned in any of the nurse practitioner courses. Students must also meet any applicable College of Graduate Studies progression policies.

Nurse Practitioner Certificate Programs

An individualized Program of Study is developed by the Graduate Program Director of the School of Nursing after a Gap Analysis is performed. Students must submit their transcripts and their syllabi for each course to be considered as equal to the courses offered at Georgia Southern University for the completion of the certificate. To enroll in a Post MSN Certificate Program each applicant must show completion of the following courses in their MSN Program or must complete them prior to admission into the Certificate Program: Nursing Research, Advanced Health Assessment, Pathophysiology, and Pharmacology for Advanced Practice Nursing.

Jiann-Ping Hsu College of Public Health

The Jiann-Ping Hsu College of Public Health (JPHCOPH) created January 2006 and accredited by the Council on Education for Public Health (CEPH). The College exists to provide public health education, research, and community service that will positively impact the quality of life and health disparities of rural and underserved populations. The establishment of the College was made possible by a generous gift from Dr. Karl E. Peace, in memory and honor of his wife, Dr. Jiann-Ping Hsu.

Vision

The Jiann-Ping Hsu College of Public Health will be the nationally recognized leader in the empowerment of rural communities and underserved populations to address public health issues, eliminate health disparities and improve health outcomes.

Mission

The mission of the Jiann-Ping Hsu College of Public Health is to improve health, eliminate health disparities and health inequities of rural communities and underserved populations globally through excellence in teaching, public health workforce development, research, scholarship, professional service and community engagement.

College Structure

- Certificate in Public Health (p. 233)
- Department of Biostatistics, Epidemiology and Environmental Health Sciences (p. 234)
- Department of Health Policy, Management and Behavior (p. 236)
- Doctor of Public Health (p. 239)
- Master of Public Health (p. 242)
- Structure (p. 246)

About Public Health

The Institute of Medicine (IOM) has defined the role of public health as “…the fulfillment of society’s interest in assuring the conditions in which people can be healthy” (IOM, 1988).

Public health activities focus on improving the health of communities. Public health is also defined as the art and science of promoting health, preventing disease, and prolonging life among human populations; the broad mission of public health is to enhance human health through organized community efforts (Council on Education for Public Health, 1978).

A diverse and ever-expanding field of practice, public health embraces an ecological approach that recognizes the interactions and relationships among multiple determinants of health. It involves the dissemination of reliable information for policy decisions; identifying systemic inequalities and problems; protecting the public’s health and safety through education and research; and fostering partnerships with individuals, communities, and organizations to promote health.

Though public health involves the knowledge and application of many disciplines in its research, teaching, service, and practice activities, the following have been identified as fundamental, core areas to the practice of public health (CEPH Accreditation Criteria, 2011):

- **Biostatistics** - collection, storage, retrieval, analysis and interpretation of health data; design and analysis of health-related surveys and experiments; and concepts and practice of statistical data analysis;
- **Environmental Health Sciences** - environmental factors including biological, physical, and chemical factors that affect the health of a community;
- **Epidemiology** - distributions and determinants of disease, disabilities, and death in human populations; the characteristics and dynamics of human populations; and the natural history of disease and the biologic basis of health;
- **Health Policy & Management** - planning, organization, administration, management, evaluation, and policy analysis of health and public health programs; and
• Community Health Education/Social and Behavioral Sciences - concepts and methods of social and behavioral sciences relevant to the identification and solution of public health problems.

The teaching, research, and service activities of the Jiann-Ping Hsu College of Public Health are grounded in these core public health knowledge areas. Our goals for workforce development, community-based research and community-based service help us focus our efforts on cross disciplinary projects that build on the synergistic effects of these core knowledge areas.

Public health is concerned with protecting the health of communities, both small and large. Public health professionals focus on building on assets and preventing problems from happening or re-occurring through implementing educational programs, developing policies, administering services, and conducting research in concert with, but in contrast to, clinical health professionals (e.g., physicians and nurses) who focus primarily on treating individuals after they become sick or injured. No matter what form public health assumes, its goal is always the same: to improve the quality of life of individuals, families, and communities by focusing on prevention, promotion, and protection.

This preventive model encompasses three core functions:
1. assessing and monitoring the health of communities and at-risk populations to identify health problems and establish priorities;
2. formulating public policies in collaboration with community and government leaders designed to prioritize and solve local and national health problems; and
3. assuring that all populations have access to appropriate and cost-effective health care, including health promotion and disease prevention services, and evaluating the effectiveness of the care.

Our Shared Values

The Jiann-Ping Hsu College of Public Health is endowed by Dr. Karl E. Peace as a tribute to his wife and an enduring celebration of her life characterized by “a zeal for excellence, consideration of others, intelligence and scholarship, honesty, kindness and humility.” In honor of Dr. Hsu, the faculty, students and staff of the JPHCOPH commit to demonstrate these values in our behavior toward one another and to those that we serve.

In 2007, the JPHCOPH students, faculty and staff worked together to clarify the following list of shared core values. These values serve to guide decision making for our workforce development, research, professional service and community engagement activities. We will also use these values to help us make choices about how to move forward when the path is not clear.

• Excellence in research, service and instruction.
• Passion for improving the health of rural communities and underserved populations.
• Responsibility for promoting health equity and eliminating health disparities in rural communities and underserved populations.
• Commitment to community involvement.
• Collaboration for problem solving.
• Commitment to developing as a "learning organization".

Experiential Learning Opportunities

All M.P.H. students are required to complete a practicum experience and an integrated capstone experience. The practicum and capstone experience are both competency-based. The 300 hour in agency practicum provides the student the opportunity to further develop and integrate skills learned in the classroom. An electronic portfolio about the practicum is submitted at completion of the 300 hours. The capstone experience serves to facilitate problem solving skills through the integration of public health principles across all concentrations. Elements of these two experiences make up the culminating experience for the M.P.H.

All Dr.P.H. students are required to complete a preceptorship in Public Health, candidacy exams and a Dissertation. The preceptorship/field experience consists of 300 hours of field experience under the joint direction of a qualified specialist working in selected areas of public health. An electronic portfolio about the activities and outcomes of the experience is required upon completion of the preceptorship. Students must successfully pass a candidacy exam on the core and concentration competencies to begin the preceptorship and dissertation. The doctoral dissertation is a culminating experience that requires the student to synthesize and integrate knowledge and apply theory and principles learned to an area of public health practice within the area of concentration. The dissertation must also be presented and successfully defended before the faculty.

Advisement

Graduate students are advised by the Academic Services Coordinator and mentored by a faculty member from the Student’s concentration area.

Programs

Master’s

• Public Health M.P.H. (Concentration in Applied Public Health) (p. 235)
• Public Health M.P.H. (Concentration in Biostatistics) (p. 235)
• Public Health M.P.H. (Concentration in Community Health) (p. 238)
• Public Health M.P.H. (Concentration in Environmental Health Sciences) (p. 236)
• Public Health M.P.H. (Concentration in Epidemiology) (p. 236)
• Public Health M.P.H. (Concentration in Health Policy and Management) (p. 239)

Doctoral

• Doctor of Public Health (p. 239)
• Public Health Dr.P.H. (Concentration in Biostatistics) (p. 234)
• Public Health Dr.P.H. (Concentration in Community Health Behavior and Education) (p. 237)
• Public Health Dr.P.H. (Concentration in Epidemiology) (p. 235)
• Public Health Dr.P.H. (Concentration in Health Policy and Management) (p. 238)
• Public Health Dr.P.H. (Concentration in Public Health Leadership) (Partially Online) (p. 238)

Certificates

• Certificate in Public Health (p. 233)

Certificate in Public Health

Degree Requirements: 16 Credit Hours

Admission Requirements

The Jiann-Ping Hsu College of Public Health (JPHCOPH) Certificate in Public Health is an ONLINE program. International applicants are eligible to apply for the Certificate in Public Health if he/she plans to complete the program from outside the U.S. International applicants are not eligible to apply for a student visa, nor can they maintain their current F-1/J-1 status

Students who wish to obtain the Certificate in Public Health need not be enrolled in the M.P.H. program but must still apply and be admitted to the certificate program. Admission into the Certificate in Public Health program does not guarantee subsequent admission to a graduate degree program. Applying to a graduate degree program is a separate process and different criteria must be met.

Regular Admission

1. Application - Completion of an application in Schools of Public Health Application Service (SOPHAS) Express.

2. Degree - Completion of a Bachelor’s degree or higher from a regionally accredited institution.

3. Transcripts - Official transcript(s) from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school.*
   • All foreign transcripts must be evaluated by World Education Services (WES). Visit http://www.wes.org/ to view which documents are required for your country and to request an International Credential Advantage Package (ICAP) Course-by-Course Report.*
   • Upload transcript(s) from all institutions attended. (Do NOT send transcripts to SOPHAS Express)*

4. Grade Point Average (GPA) - Minimum cumulative GPA of 2.0/4.0 scale in either:
   • Upper division undergraduate courses; OR
   • Upper division graduate courses.

5. English Language Proficiency - International applicants and U.S. Citizens whose native language is not English must demonstrate English proficiency. Prior to consideration for admission, international applicants whose native language is not English must take and post acceptable scores on the Test of English as a Foreign Language (TOEFL) (http://www.ets.org/toefl) or the International English Language Testing System (IELTS) (http://www.ielts.org) unless they have received a degree from an accredited college or university in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand. The TOEFL and IELTS examinations are administered at various times of the year and in many centers throughout the world.

   • A score of at least 75 (internet-based test, IBT) or 537 (paper-based test) on the TOEFL and 6.0 on the IELTS is normally required to be considered for regular admission. The official TOEFL and the official IELTS scores may not be more than two (2) years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus. Successful completion of Intensive English Programs (IEPs) at other English Language Program (ELP) providers will be considered on a case-by-case basis.

   • Request that your official TOEFL scores be sent directly to SOPHAS.

   • Official IELTS scores should be sent to:
     George Southern University
     Office of Graduate Admissions
     P.O. Box 8113
     Statesboro, GA 30460-8113

6. Letters of Recommendation - Three (3) letters of recommendation. It is strongly advised that two letters be from individuals who can address your past academic performance and it is encouraged that the third letter is from a work or internship supervisor.

7. Curriculum Vitae/Resume - A CV/Resume that includes the following:
   a. educational experiences,
   b. professional goals and objectives,
   c. work history,
   d. professional experiences, memberships and/or participation in professional organizations,
   e. experiences in public health programs.

8. Statement of Purpose - A Statement of Purpose (500-1000 words) that conveys the applicant’s reasons for pursuing graduate study in public health and how admission into the program relates to the applicant’s professional aspirations.

*NOTE: Unofficial documents must be uploaded for review purposes. Official transcripts and TOEFL/IELTS scores are only required if you are offered admission. Following notification of admission, official transcripts mailed in sealed envelopes directly from each university attended (or directly from WES) and official TOEFL/IELTS scores mailed directly from the testing company are required PRIOR to the first day of classes of the original semester of acceptance. Failure to provide the official transcripts and TOEFL/IELTS scores following notification of admission will result in revocation of the admission offer.

Appeals

Students who wish to appeal an admission decision must follow the College of Graduate Studies appeal procedures.

Program of Study

The Certificate program requires a total of 16 credit hours and is offered fully online through the Master of Public Health (M.P.H.) program. All
courses will be offered every fall and spring semester. The proposed courses are as follows:

<table>
<thead>
<tr>
<th>Course Requirements</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>PUBH 6532</td>
<td>Environmental Health 3</td>
</tr>
<tr>
<td>PUBH 6533</td>
<td>Epidemiology 3</td>
</tr>
<tr>

<td>Health Policy and Management 3</td>
</tr>
<tr>
<td>PUBH 6535</td>
<td>Social and Behavioral Sciences and Public Health 3</td>
</tr>
<tr>
<td>PUBH 6541</td>
<td>Biostatistics 4</td>
</tr>
<tr>
<td><strong>Total Credit Hours</strong></td>
<td><strong>16</strong></td>
</tr>
</tbody>
</table>

Other Program Requirements
To be awarded a graduate certificate, the student:

1. Must not be on probation,
2. Must have a cumulative GPA of 3.0 or higher on graduate coursework and on coursework applied to the certificate,
3. Must meet all the requirements of the College of Graduate Studies and the student’s certificate program, and
4. Must be enrolled during the semester in which the certificate requirements are completed.

After earning the Certificate, all students are welcome to apply to the M.P.H. program which is offered in a face-to-face format. Certificate earning students will not be required to submit official scores from the GRE in order to apply. Those applicants who are admitted to the M.P.H. program will receive credit for 16 credit hours toward their M.P.H. degree. The M.P.H. degree requires a total of 45 credit hours, whereby in addition to core public health courses, students pursue an area of concentration in public health.

The completion of the Certificate in Public Health program will satisfy the prerequisite requirements for those students who wish to apply for the Dr.P.H. program but have not completed at least one graduate-level course in each of the five core areas of public health.

The completion of the Certificate in Public Health program must not be confused with the Certified in Public Health (CPH) Exam offered by the National Board of Public Health Examiners. The Certificate in Public Health is not a credentialing program. However, the completion of the Certificate in Public Health program will satisfy one of the requirements to sit for the CPH Exam. Other specific requirements to sit for the CPH Exam can be found at the website for the National Board of Public Health Examiners (https://www.nbphe.org).

Department of Biostatistics, Epidemiology and Environmental Health Sciences

Biostatistics
Are you looking for biostatistics graduate programs that prepare you for a career that excels? Our programs prepare you to develop and apply statistical reasoning and methods. Topics include addressing, analyzing and solving problems in public health, health care, biomedical, clinical and population-based research. The department offers two degrees: a Dr.P.H. in Biostatistics and an M.P.H. in Biostatistics.

Epidemiology
Do you want to become an applied epidemiologist in public health? In our programs you will study diseases of the human body in order to explain occurrence, distribution and causative factors of diseases in human populations. The department offers two degrees: a Dr.P.H. in Epidemiology and an M.P.H. in Epidemiology.

Environmental Health Sciences
Are you interested in the environmental and occupational factors that impact our public's health? Students in this program will find a dedication to rigorous evidence-based science, collaboration and a strong commitment of a service learning approach to instruction. Students work very closely with the faculty and engage in multiple service and research projects bridging theory and practice. The department offers an M.P.H. in Environmental Health Sciences.

Department of Health Policy and Community Health

Health Policy & Management

Do you want to learn the theory and practical skills you need for advanced health leadership and management? In the Department of Health Policy and Community Health, you will have the opportunity to learn dynamic leadership of people, policy initiatives and improvements to health status of communities, wise management of resources and systems of health and healthcare. The department offers two relevant degrees: a Dr.P.H. and an M.P.H. With the Dr.P.H., concentrations are offered in Public Health.
Health Leadership and Health Policy & Management. With the M.P.H., a concentration is offered in Health Policy & Management.

Community Health Education & Behavior

Do you want to learn the skills needed to help educate and improve the public’s health? Our programs are designed to prepare you for community-based public health interventions. You will learn to solve problems in the field of public health and prepare for a variety of leadership positions, especially those in community health programs.

The department offers two relevant degrees in community health to match your current level of education and experience – a Dr.P.H. in Community Health Behavior & Education and an M.P.H. in Community Health.

Programs

Master's

• Public Health M.P.H. (Concentration in Community Health) (p. 238)
• Public Health M.P.H. (Concentration in Health Policy and Management) (p. 239)

Doctoral

### Public Health Dr.P.H.
(Concentration in Public Health Leadership) (Partially Online)

Degree Requirements: 60 Credit Hours
**Doctor of Public Health**

The Doctor of Public Health (Dr.P.H.) program at Georgia Southern University is committed to producing public health practitioners who possess the knowledge, skills, and values necessary to contribute to an effective public health workforce. The Dr.P.H. prepares professionals for broad-based practice in public health, through the integration of a community-based practice core and advanced courses in four concentration areas: Biostatistics, Community Health Behavior and Education, Epidemiology, and Public Health Leadership. The program serves both the full-time student preparing for a career in public health, as well as currently employed public health professionals seeking an advanced education to augment their existing skills and backgrounds.

**Purpose**

The Dr.P.H. is the terminal professional degree for those who intend to pursue or advance their professional practice career in public health. The Dr.P.H. program aims to train students for advanced science-based practice and practice-oriented research. Public health practice involves the strategic, organized and interdisciplinary application of knowledge, skills and competencies necessary to perform essential public health services necessary to improve the population’s health.

Those who earn this degree are expected to occupy leadership positions in public health and related areas. Additionally, individuals earning this degree will be positioned to exert significant influence on the development of policies and programs aimed at improving the health of populations in the region. It is anticipated that such positions will represent considerable diversity with respect to international, national, state or local levels; and in the public or private sector. In addition, those who earn the Dr.P.H. degree may also seek teaching and research positions at colleges and universities.

The Dr.P.H. is conferred in recognition of the candidate’s command of a comprehensive body of knowledge in public health, their ability to initiate, organize and pursue the investigation of significant problems in public health, and their capacity to formulate policies, strategies, and/or programs on the basis of the knowledge generated. The Dr.P.H. leads to a career in administration, teaching, or public health practice, where advanced analytical and conceptual capabilities are required.

The Dr.P.H. program expands the competencies included in the Jiann-Ping Hsu College of Public Health Master of Public Health (M.P.H.) program for all matriculating students, with increased emphasis on advanced skills in evidenced-based problem-solving. Students who have not completed one or more of the M.P.H. core public health courses must complete these courses as part of their doctoral program. In addition, those students are required to complete a minimum of 60 credits for the doctoral degree. Students with a master’s degree other than in public health may be required to take health or health-related courses in addition to the 60 minimum credits.

The Dr.P.H. program offers students the opportunity to specialize their training in five program concentration areas (Specific concentration competencies for each area are provided in the following sections.):

- Biostatistics
- Community Health Behavior and Education
- Epidemiology
- Health Policy and Management
- Public Health Leadership (Partially Online)

**CEPH Dr.P.H. Competencies**

At the completion of the Dr.P.H. program all students will be able to:

| COHE 7233 | Ecologically Focused Program Evaluation | 3 |
| COHE 7234 | Community Health Analysis | 3 |
| COHE 7237 | Rural Community Health Issues | 3 |
| COHE 7238 | Communication for Change | 3 |
| Guided Electives | | 3 |

**Practicum and Culminating Experience**

| PUBH 7530 | Integrated Capstone Experience | 3 |
| PUBH 7790 | Practicum in Public Health | 3 |

Total Credit Hours: 45

**CEPH Dr.P.H. Competencies**

At the completion of the Dr.P.H. program all students will be able to:
Data & Analysis

1. Explain qualitative, quantitative, mixed methods and policy analysis research and evaluation methods to address health issues at multiple (individual, group, organization, community and population) levels.
2. Design a qualitative, quantitative, mixed methods, policy analysis or evaluation project to address a public health issue.
3. Explain the use and limitations of surveillance systems and national surveys in assessing, monitoring and evaluating policies and programs and to address a population’s health.

Leadership, Management & Governance

4. Propose strategies for health improvement and elimination of health inequities by organizing stakeholders, including researchers, practitioners, community leaders and other partners.
5. Communicate public health science to diverse stakeholders, including individuals at all levels of health literacy, for purposes of influencing behavior and policies.
6. Integrate knowledge, approaches, methods, values and potential contributions from multiple professions and systems in addressing public health problems.
7. Create a strategic plan.
8. Facilitate shared decision making through negotiation and consensus-building methods.
9. Create organizational change strategies.
10. Propose strategies to promote inclusion and equity within public health programs, policies and systems.
11. Assess one’s own strengths and weaknesses in leadership capacities including cultural proficiency.
12. Propose human, fiscal and other resources to achieve a strategic goal.
13. Cultivate new resources and revenue streams to achieve a strategic goal.

Policy & Programs

14. Design a system-level intervention to address a public health issue.
15. Integrate knowledge of cultural values and practices in the design of public health policies and programs.
16. Integrate scientific information, legal and regulatory approaches, ethical frameworks and varied stakeholder interests in policy development and analysis.
17. Propose interprofessional team approaches to improving public health.

Education & Workforce Development

18. Assess an audience’s knowledge and learning needs.
19. Deliver training or educational experiences that promote learning in academic, organizational or community settings.
20. Use best practice modalities in pedagogical practices.

Dr.P.H. Concentration Competencies

Competencies for each concentration are outlined below:

Biostatistics

1. Interpret analytic methods used in the public health and biomedical journals, as well as critique published reports of public health and biomedical experiments as to the validity of the inferential conclusions.
2. Demonstrate proficiency in statistical software such as SAS or R to handle complex public health and biomedical data analysis problems.
3. Develop new biostatistical methods and new ideas for applying existing biostatistical methods to applications in public health and the biomedical sciences.
4. Demonstrate the ability to flexibly apply prior information to solve a wide range of public health biomedical problems using Bayesian Analysis.

Community Health

1. Analyze theories, concepts and models from a range of social and behavioral disciplines in public health research and practice.
2. Develop collaborative partnerships with communities stakeholders, policy makers, and other relevant groups.
3. Assess and argue cultural, environmental, and social justice influences on the health of communities.
4. Adapt evidence-based public health programs and research to address geographic disparities.
5. Facilitate debate and discussion, with diverse groups in and outside of the traditional classroom setting that ensure inclusion of ideas and resolution of challenges.

Epidemiology

1. Demonstrate the ability to identify deficiencies in scientific knowledge or public health practice using existing sources of epidemiologic data.
2. Construct a public health and epidemiologic research question from ideas, conditions, or events using critical thinking skills.
3. Utilize advanced epidemiologic research methods to inform public health action.
4. Select appropriate statistical tools and methodology to analyze and summarize epidemiological data.
5. Disseminate information based on advanced epidemiologic studies to lay or professional audiences.

Public Health Leadership

1. Apply leadership skills for building partnerships in public health.
2. Evaluate how systems thinking can contribute to solving public health organizational issues and problems.
3. Analyze the policy development, assessment, evaluation process, and legal environment for improving the health status of populations.
4. Evaluate the process for strategic planning and marketing for public health through analysis of quality, cost benefit, and performance improvement concepts.
5. Demonstrate the ability to manage programs within budget constraints through resource allocation, financing, and evaluation.

Health Policy and Management
1. Analyze the impact of legislation, judicial opinions, regulations, and policies on population health.

2. Interpret quantitative and qualitative data following current scientific standards.

3. Implement strategic planning processes.

4. Differentiate among the administrative, legal, ethical, and quality assurance dimensions of research and practice.

5. Develop collaborative partnerships with communities, policy makers, and other relevant groups.

The Curriculum

The Dr.P.H. program requires a minimum of 60 credits and is offered on both a full- and part-time basis. The overall curriculum model includes:

<table>
<thead>
<tr>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>9</td>
</tr>
<tr>
<td>24-27</td>
</tr>
<tr>
<td>12-15</td>
</tr>
<tr>
<td>3</td>
</tr>
<tr>
<td>9</td>
</tr>
<tr>
<td>60</td>
</tr>
</tbody>
</table>

The Dr.P.H. Public Health Sciences Core provides a grounding in the scientific basis of public health, public health professionalism and ethics, and translational research. Advanced specialty coursework develops the skills and knowledge upon which to build or enhance a career in public health. Selective courses are available in four core areas of concentration: Biostatistics, Community Health Behavior and Education, Epidemiology, and Public Health Leadership.

The Preceptorship

The Preceptorship is an important practical experience in a public health related setting. Dr.P.H. students will complete a 300 hour preceptorship under the joint direction of a qualified public health professional and a public health faculty member.

The Candidacy Examination

All Dr.P.H. students are required to complete and pass a concentration-specific candidacy examination. Students failing the concentration exam are allowed only one retake. In the event any Dr.P.H. student fails the concentration retake exam, the student will be immediately excluded from the program and all registered courses for the upcoming semester will be administratively cancelled.

The Dissertation

All doctoral candidates are required to prepare, complete and successfully defend a dissertation.

Admission Requirements

Admission into the graduate programs within the Jiann-Ping Hsu College of Public Health is competitive and decisions are based on the application as a whole. The Doctor of Public Health (Dr.P.H.) admission requirements apply to the following Dr.P.H. degrees in the Jiann-Ping Hsu College of Public Health at Georgia Southern University:

- Public Health Dr.P.H. (Concentration in Biostatistics)
- Public Health Dr.P.H. (Concentration in Community Health Behavior and Education)
- Public Health Dr.P.H. (Concentration in Epidemiology)
- Public Health Dr.P.H. (Concentration in Health Policy and Management)
- Public Health Dr.P.H. (Concentration in Public Health Leadership)

Degree Admission Requirements

Regular Admission

1. Application - Completion of an application in Schools of Public Health Application Service (SOPHAS).

2. Degree - Completion of a Master’s or terminal degree from a regionally accredited institution. Applicants who do not have a graduate degree in Public Health will be required to complete prerequisite Public Health coursework.

3. Transcripts - Official transcript(s) from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school. (NOTE: SOPHAS will NOT process your application without receiving all official transcripts. Please refer to the SOPHAS FAQs page for instructions on HOW TO SEND TRANSCRIPTS.)

   - All foreign transcripts must be evaluated by World Education Services (WES). Visit http://www.wes.org/ to view which documents are required for your country and to request an International Credential Advantage Package (ICAP) Course-by-Course Report.
   - Transcript(s) should show completion of at least one (1) graduate-level core course in each of the following five (5) areas: biostatistics, epidemiology, social and behavioral sciences in public health, health policy and management, and environmental health. (Applicant may be asked to provide syllabi for courses taken.)
   - Courses must have been completed in the last five (5) years and each must have been passed with a grade of “B” or better. Applicants who have not completed these courses, but whose applications show exceptional potential for success in the Dr.P.H. program, may be admitted to the Dr.P.H. program, but will be required to complete the courses (as presented in the JPHCOPH M.P.H. core course requirements) with grades of “B” or better before progressing to the Public Health Core and Concentration Courses of the Dr.P.H. program. If the applicant has completed a Master’s degree in a field other than public health, professional public health work experience in one or more of the five core areas may be substituted for the corresponding M.P.H. level courses at the discretion of the College. Applicants who took these courses more than five years ago but who work in the Public Health field may request a waiver. Requests for this waiver must be submitted in writing to jphcoph-admissions@georgiasouthern.edu.

4. Grade Point Average (GPA) - Preferred minimum cumulative GPA of 3.0/4.0 scale in upper division graduate courses.

5. Graduate Record Examination (GRE) - Official scores on the Graduate Record Examination (GRE), taken within the last five (5) years sent to school code 8560. The requirement for completion of a standardized test will be waived for those applicants who hold a terminal degree from a regionally accredited college or university.

6. English Language Proficiency - International applicants and U.S. Citizens whose native language is not English must demonstrate English proficiency. Prior to consideration for admission, international applicants whose native language is not English must take and post acceptable scores on the Test of English as a Foreign Language (TOEFL) (http://www.ets.org/toefl) or the International English Language Testing System (IELTS) (http://www.ielts.org) unless they have received a degree from an accredited college or university in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand. The TOEFL and IELTS examinations are administered at various times of the year and in many centers throughout the world.

   - A score of at least 75 (internet-based test, IBT) or 537 (paper-based test) on the TOEFL and 6.0 on the IELTS is normally
required to be considered for regular admission. The official TOEFL and the official IELTS scores may not be more than two (2) years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus. Successful completion of Intensive English Programs (IEPs) at other English Language Program (ELP) providers will be considered on a case-by-case basis. Request that your official TOEFL scores be sent directly to SOPHAS. Official IELTS scores should be sent to:
Georgia Southern University
Office of Graduate Admissions
P.O. Box 8113
Statesboro, GA 30460-8113.

7. Letters of Recommendation - Three (3) letters of recommendation. It is strongly advised that two letters be from individuals who can address your past academic performance and it is encouraged that the third letter is from a work or internship supervisor.

8. Curriculum Vitae/Resume - A CV/Resume that includes the following: a) educational experiences, b) professional goals and objectives, c) work history, d) professional experiences, memberships and/or participation in professional organizations, e) experiences in public health programs. For the Public Health Leadership concentration, a minimum of 3 years of experience in public health, healthcare, or a closely related area are required. Work experience is not required for applicants to the Biostatistics, Community Health Behavior and Education, Epidemiology, or Health Policy and Management concentrations.

9. Statement of Purpose - A Statement of Purpose (700-1,000 words) that conveys the applicant’s reasons for pursuing a Dr.P.H. in Public Health and how admission into the program relates to the applicant’s professional aspirations.

10. Applicants demonstrating potential for success in the Dr.P.H. program are required to participate in an in-person or telephone interview prior to a final decision by the admissions committee.

Some students may be required to take prerequisite coursework prior to beginning the program of study. Conditions of admission will be presented at the student's first advisement appointment. For more information on our programs, visit our website at http://jphcoph.georgiasouthern.edu/degrees/.

Non-degree Admission Requirements

An applicant may be admitted as a Non-Degree (Doctorate) student to earn credit hours in DOCTORAL-LEVEL Public Health courses without working towards a degree or certificate program. Applying to a graduate degree or certificate program is a separate process and different criteria must be met.

1. Application - Completion of an application in Schools of Public Health Application Service (SOPHAS) Express.

2. Degree - Completion of a Master’s or terminal degree from a regionally accredited institution.

3. Transcripts - Official transcript(s) from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school.
   - All foreign transcripts must be evaluated by World Education Services (WES). Visit http://www.wes.org/ to view which documents are required for your country and to request an International Credential Advantage Package (ICAP) Course-by-Course Report.
   - Upload transcript(s) from all institutions attended. (Do NOT send transcripts to SOPHAS Express)

4. Grade Point Average (GPA) - Minimum cumulative GPA of 2.75/4.0 scale in either:
   - Upper division undergraduate courses; OR
   - Upper division graduate courses

5. Statement of Purpose - A Statement of Purpose (500-1000 words) that conveys the applicant’s reasons for pursuing graduate study in public health and how admission into the program relates to the applicant’s professional aspirations.

NOTE: Unofficial documents must be uploaded for review purposes. Official transcripts are only required if you are offered admission. Following notification of admission, official transcripts mailed in sealed envelopes directly from each university attended (or directly from WES) are required PRIOR to the first day of classes of the original semester of acceptance. Failure to provide the official transcripts following notification of admission will result in revocation of the admission offer.

Official documents must be mailed to:
Georgia Southern University
Office of Graduate Admissions
P.O. Box 8113
Statesboro, GA 30460-8113

Grades

Dr.P.H. level degree seeking students are required to maintain a cumulative GPA of at least 3.0 to remain in good academic standing and to be eligible to graduate. In the event the cumulative GPA falls below 3.0, the student will be placed on academic probation. Students have nine (9) credits to elevate the cumulative GPA to at least 3.0 or will be excluded from the program. Also, students earning grades of “D” or below will be excluded from the program.

Transfer Credit Hours

Students may request that up to, but no more than, six (6) graduate credits be applied toward the 60 credits required for the Dr.P.H. Transfer credit must also satisfy the same requirements as courses taught for doctoral training within the Jiann-Ping Hsu College of Public Health (e.g., minimum grade of “B”), be consistent with the student’s approved program of study, and have been received from a regionally accredited college or university. Thesis and dissertation credit cannot be transferred. The student must provide documentation in support of equivalence, such as a course syllabus, transcript, term paper, and/or instructor testimony. Equivalence is determined by the JPHCOPH faculty responsible for teaching the specific class. Credit reductions do not influence the residency and enrollment requirements or comprehensive examination procedures.

Course Time Limit

All requirements for the Dr.P.H. must be completed within seven academic years from the date of the first enrollment for study following admission to the doctoral program. For transfer students, the seven-year time limit commences with the semester during which transfer credit was earned.

Faculty Advisor

Graduate students are advised by the Academic Services Coordinator and mentored by a faculty member from the Student’s concentration area.

Master of Public Health

The Master of Public Health (M.P.H.) educational degree program at the Jiann-Ping Hsu College of Public Health at Georgia Southern University prepares professionals for broad-based practice in public health, through the integration of core competencies in the five areas of knowledge basic to public health (biostatistics, environmental health, epidemiology, health policy and community health) with specialized knowledge and expertise in one of these areas. The program serves both the full-time student preparing for a career in public health, as well as currently employed
health professionals seeking an advanced education to augment their existing skills and background.

**Purpose**

The purpose of the M.P.H. is to prepare graduate level public health practitioners capable of applying practice-based skills to promote the concepts of the field.

A comprehensive public health education program should provide skills enabling students to assess the magnitude and potential impact of the multiple problems facing populations, as well as recognize existing community capacities or resources. In conjunction with assessment skills, students enrolled in a public health program should understand the role of community empowerment, community mobilization, networks, and partnerships in the development of comprehensive public health policies designed to impact the priority areas identified in the assessment phase. Lastly, student skill sets in a public health program should focus on the task of assuring a presence of services and infrastructure necessary to address problems identified in the assessment phase, as well as enforce policies developed in response to the assessment. Specific skill sets related to the core functions of public health practice are as follows:

- Monitor health status to identify community health problems;
- Diagnose and investigate health problems and health hazards in the community;
- Inform, educate, and empower people about health issues;
- Mobilize community partnerships to identify and solve health problems;
- Develop policies and plans that support individual and community health efforts;
- Recognize the importance of the enforcement of laws and regulations necessary to protect health and ensure safety;
- Link people to needed personal health services and assure the provision of health care when otherwise unavailable;
- Evaluate effectiveness, accessibility, and quality of personal and population-based health services; and
- Research for new insights and innovative solutions to health problems.

The M.P.H. program is committed to producing public health practitioners that possess the knowledge, skills, and values necessary to produce an effective public health workforce.

**CEPH M.P.H. Competencies**

At the completion of the M.P.H. degree program all students will be able to:

**Evidence-based Approaches to Public Health**

1. Apply epidemiological methods to the breadth of settings and situations in public health practice
2. Select quantitative and qualitative data collection methods appropriate for a given public health context
3. Analyze quantitative and qualitative data using biostatistics, informatics, computer-based programming and software, as appropriate
4. Interpret results of data analysis for public health research, policy or practice

**Public Health & Health Care Systems**

5. Compare the organization, structure and function of health care, public health and regulatory systems across national and international settings
6. Discuss the means by which structural bias, social inequities and racism undermine health and create challenges to achieving health equity at organizational, community and societal levels

**Planning & Management to Promote Health**

7. Assess population needs, assets and capacities that affect communities’ health
8. Apply awareness of cultural values and practices to the design or implementation of public health policies or programs
9. Design a population-based policy, program, project or intervention
10. Explain basic principles and tools of budget and resource management
11. Select methods to evaluate public health programs

**Policy in Public Health**

12. Discuss multiple dimensions of the policy-making process, including the roles of ethics and evidence
13. Propose strategies to identify stakeholders and build coalitions and partnerships for influencing public health outcomes
14. Advocate for political, social or economic policies and programs that will improve health in diverse populations
15. Evaluate policies for their impact on public health and health equity

**Leadership**

16. Apply principles of leadership, governance and management, which include creating a vision, empowering others, fostering collaboration and guiding decision making
17. Apply negotiation and mediation skills to address organizational or community challenges

**Communication**

18. Select communication strategies for different audiences and sectors
19. Communicate audience-appropriate public health content, both in writing and through oral presentation
20. Describe the importance of cultural competence in communicating public health content

**Interprofessional Practice**

21. Perform effectively on interprofessional teams

**Systems Thinking**

22. Apply systems thinking tools to a public health issue

**Biostatistics Competencies**

**M.P.H. Concentration Competencies**

Competencies for each concentration are outlined below:

**Biostatistics**

1. Provide the biostatistical components of the design of a public health or biomedical experiment.
2. Demonstrate proficiency in SAS programming to solve biomedical problems.
3. Demonstrate comprehension of ethical issues in biomedical studies, such as treatment efficacy and patient safety.

4. Translate the biomedical experimental objectives into biostatistical questions via hypothesis testing or confidence interval framework.

5. Describe key concepts and theory underlying biostatistical methodology used in probability and inferential, analytical and descriptive statistics.

**Environmental Health**

1. Describe the direct and indirect environmental and occupational health hazards with respect to infectivity, toxicity, and physiological impacts on communities and the adverse effects on the ecosystem.

2. Explain exposure pathways, and transmission mechanisms by which environmental/occupational agents influence human and the ecosystem health.

3. Analyze environmental and occupational health risk assessment methods, directed towards prediction and management of these hazards to address community concerns, including environmental justice and equity, while adhering to pertinent regulatory guidelines.

4. Specify appropriate environmental monitoring and impact assessment methods and intervention strategies to support or advocate for environmental/occupational health policy development.

5. Develop age-appropriate educational material to relay public health risk information to lay audiences.

**Epidemiology**

1. Identify, utilize, and interpret routinely collected epidemiologic data from a variety of settings.

2. Apply descriptive and analytic data analysis methods to epidemiologic data using statistical software, as appropriate.

3. Draw valid inferences from epidemiologic data at an intermediate level to assess the burden of disease or exposure-disease associations.

4. Evaluate the strengths and limitations of epidemiologic reports.

5. Engage in the dissemination of epidemiologic findings suitable to professional or lay audiences.

**Health Policy and Management**

1. Apply quantitative analysis to evaluate health policy data.

2. Explore the legal and ethical dilemmas in public health systems.

3. Apply principles of healthcare financing, reimbursement methodologies, and budgeting to public or private health settings.

4. Apply principles of informatics, data management, and using data to inform decision making.

5. Develop strategies to motivate others for collaborative problem solving, decision-making, and evaluation.

**Social and Behavioral Sciences**

1. Apply basic theories, concepts and models from a range of social and behavioral disciplines in public health research and practice.

2. Evaluate the contribution of logic models in program development, implementation, and evaluation.

3. Develop a culturally appropriate social marketing plan to address a social or behavioral issue in the target population.

4. Develop intervention recommendations based on community analysis of determinant sequencing and causal diagrams.

5. Evaluate a variety of participatory methods that can be used in community health analysis and assessment.

### Applied Public Health

1. Apply data-driven decision making in individual, program or organizational performance.

2. Develop a lesson plan as part of a health promotion program for a targeted population.

3. Apply social marketing theory/approaches to individual behavior change and community health problem- solving.

4. Deliver a health promotion seminar for a target population by using a formative evaluation method.

5. Participate with stakeholders in identifying key public health values and a shared public health vision as guiding principles for community action.

### The Curriculum

The M.P.H. is an applied professional/graduate degree designed for highly motivated students who have a substantial interest in public health. Unique sequencing of courses, community-based program activities, and field/ laboratory research provide students with multiple opportunities to develop the public health competencies.

The M.P.H. program requires a minimum of 45 credits and is offered on both a full-and part-time basis. The overall curriculum model includes:

<table>
<thead>
<tr>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Concentration</strong></td>
</tr>
<tr>
<td><strong>Electives</strong></td>
</tr>
<tr>
<td><strong>Practicum in Public Health</strong></td>
</tr>
<tr>
<td><strong>Integrated Capstone Experience</strong></td>
</tr>
<tr>
<td><strong>Total Credit Hours</strong></td>
</tr>
</tbody>
</table>

The M.P.H. core course requirements provide a broad overview of the disciplines of public health and the basic principles of public health practice. Specialty coursework develops the skills and knowledge upon which to build or enhance a career in public health. Selective courses are available in each of the five core areas of concentration: Epidemiology, Environmental Health Sciences, Biostatistics, Health Services Administration, and Social and Behavioral Sciences/Community Health Education.

In addition, all students are required to take an introduction to public health. An important practical experience in a public health venue is a field practicum in a community, a public health facility, a government agency, or related setting. The culminating experience is a course that requires the student integrate their specialization with public health practice.

### Admission Requirements

Admission into the graduate programs within the Jiann-Ping Hsu College of Public Health (JPHCOPH) is competitive and decisions are based on the application as a whole. The Master of Public Health (MPH) admission requirements apply to the following MPH degrees in the Jiann-Ping Hsu College of Public Health at Georgia Southern University:

- Public Health M.P.H. (Concentration in Biostatistics)
- Public Health M.P.H. (Concentration in Community Health)
- Public Health M.P.H. (Concentration in Environmental Health)
- Public Health M.P.H. (Concentration in Epidemiology)
Degree Admission Requirements

Regular

1. Application - Completion of an application in Schools of Public Health Application Service (SOPHAS).
2. Degree - Completion of a Bachelor's degree or higher from a regionally accredited institution.
3. Transcripts - Official transcript(s) from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school. (NOTE: SOPHAS will NOT process your application without receiving all official transcripts. Please refer to the SOPHAS FAQs page for instructions on HOW TO SEND TRANSCRIPTS.)
   - All foreign transcripts must be evaluated by World Education Services (WES). Visit http://www.wes.org/ to view which documents are required for your country and to request an International Credential Advantage Package (ICAP) Course-by-Course Report.
4. Grade Point Average (GPA) - Minimum cumulative GPA of 2.75/4.0 scale in either:
   - Upper division undergraduate courses; OR
   - Upper division graduate courses
5. Graduate Record Examination (GRE) - Official scores on the Graduate Record Examination (GRE), taken within the last five (5) years sent to school code 8560.
6. English Language Proficiency - International applicants and U.S. Citizens whose native language is not English must demonstrate English proficiency. Prior to consideration for admission, international applicants whose native language is not English must take and post acceptable scores on the Test of English as a Foreign Language (TOEFL) (http://www.ets.org/toefl) or the International English Language Testing System (IELTS) (http://www.ielts.org) unless they have received a degree from an accredited college or university in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand. The TOEFL and IELTS examinations are administered at various times of the year and in many centers throughout the world.
   - A score of at least 75 (internet-based test, IBT) or 537 (paper-based test) on the TOEFL and 6.0 on the IELTS is normally required to be considered for regular admission. The official TOEFL and the official IELTS scores may not be more than two (2) years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus. Successful completion of Intensive English Programs (IEPs) at other English Language Program (ELP) providers will be considered on a case-by-case basis. Request that your official TOEFL scores be sent directly to SOPHAS. Official IELTS scores should be sent to: Georgia Southern University, Office of Graduate Admissions, P.O. Box 8113, Statesboro, GA 30460-8113.
7. Letters of Recommendation - Three (3) letters of recommendation. It is strongly advised that two letters be from individuals who can address your past academic performance and it is encouraged that the third letter is from a work or internship supervisor.
8. Curriculum Vitae/Resume - A CV/Resume that includes the following:
   a) educational experiences, b) professional goals and objectives, c) work history, d) professional experiences, memberships and/or participation in professional organizations, e) experiences in public health programs.
9. Statement of Purpose - A Statement of Purpose (500-1000 words) that conveys the applicant’s reasons for pursuing graduate study in public health and how admission into the program relates to the applicant’s professional aspirations.

*Some students may be required to take prerequisite coursework prior to beginning the program of study. Conditions of admission will be presented at the student’s first advisement appointment.

Provisional

Admission may be granted to those individuals who do not fully satisfy the admission requirements. You must earn grades of “B” or better in your first nine (9) semester hours taken at Georgia Southern University following the effective admission term to obtain Regular Admission. A provisional student may enroll in graduate courses leading to a degree and such courses may count in a degree program once the student has changed to Regular Admission. Only credit earned in graduate courses at Georgia Southern University will satisfy provisional admission requirements. Failure to satisfy these requirements will result in an ineligibility to continue studies in the College of Graduate Studies. Provisional students are not eligible for Graduate Assistantship positions.

For more information on our programs, visit our website at http://jphcoph.georgiasouthern.edu/degrees/.

Non-Degree Admission Requirements

An applicant may be admitted as a Non-Degree (Master's) student to earn credit hours in MASTER'S-LEVEL Public Health courses without working towards a degree or certificate program. Applying to a graduate degree or certificate program is a separate process and different criteria must be met.

1. Application - Completion of an application in Schools of Public Health Application Service (SOPHAS) Express.
2. Degree - Completion of a Bachelor’s degree or higher from a regionally accredited institution.
3. Transcripts - Official transcript(s) from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school.*
   - All foreign transcripts must be evaluated by World Education Services (WES). Visit http://www.wes.org/ to view which documents are required for your country and to request an International Credential Advantage Package (ICAP) Course-by-Course Report.*
   - Upload transcript(s) from all institutions attended. (Do NOT send transcripts to SOPHAS Express.
4. Grade Point Average (GPA) - Minimum cumulative GPA of 2.75/4.0 scale in either:
   - Upper division undergraduate courses; OR
   - Upper division graduate courses
5. Statement of Purpose - A Statement of Purpose (500-1000 words) that conveys the applicant’s reasons for pursuing graduate study in public health and how admission into the program relates to the applicant’s professional aspirations.

*NOTE: Unofficial documents must be uploaded for review purposes. Official transcripts are only required if you are offered admission. Following notification of admission, official transcripts mailed in sealed envelopes directly from each university attended (or directly from WES) are required PRIOR to the first day of classes of the original semester of acceptance. Failure to provide the official transcripts following notification of admission will result in revocation of the admission offer. Official documents must be mailed to: Georgia Southern University, Office of Graduate Admissions, P.O. Box 8113, Statesboro, GA 30460-8113.
Advisement: M.P.H.

Graduate students are advised by the Academic Services Coordinator and mentored by a faculty member from the Student’s concentration areas.

Grades

M.P.H. level degree-seeking students are required to maintain a cumulative GPA of at least 3.0 to remain in good academic standing and to be eligible to graduate. In the event the cumulative GPA falls below 3.0, the student will be placed on academic probation. Students have nine (9) credits to elevate the cumulative GPA to at least 3.0 or will be excluded from the program. Students earning grades of “D” or below will be excluded from the program.

Transfer Credit Hours

Students may request that up to, but no more than, six (6) graduate credits be applied toward the 45 credits required for the M.P.H. Transfer credit must also satisfy the same requirements as courses taught for masters training within the Jiann-Ping Hsu College of Public Health (e.g., minimum grade of "B"), be consistent with the student’s approved program of study, and have been received from a regionally accredited college or university. Thesis and dissertation credits cannot be transferred. The student must provide documentation in support of equivalence, such as a course syllabus, transcript, term paper, and/or instructor testimony. Equivalence is determined by the Division Director. Credit hour reductions do not influence the residency and enrollment requirements or comprehensive examination procedures.

Course Time Limit

All requirements for the M.P.H. must be completed within seven academic years from the date of the first enrollment for study following admission to the master’s program. For transfer students, the seven-year time limit commences with the semester during which transfer credit hour was earned.

Experiential Learning Opportunities

All M.P.H. students are required to complete a public health practicum and complete the Integrated Capstone Experience. The practicum permits the student to receive practical experience in a selected public health-related setting. The practicum requires 300 hours of service. The Integrated Capstone Experience requires students to integrate basic principles and practices of public health in a case-based format.

Structure

The organizational structure of the JPHCOPH was developed to facilitate the work of the faculty within the three major faculty roles at Georgia Southern University: Teaching, Research and Service as well as to assist the College in achieving its Vision, Mission, Goals, and Objectives.

Collaboration, facilitation and personal and collective responsibility are fundamental to the culture of JPHCOPH. Maintaining this culture is required for the effective functioning and advancement of our College.

The following is a listing of the components of the JPHCOPH organizational structure: Office of the Dean, two departments, three centers, and the Public Health Laboratory. The academic programs are embedded within the departmental structure. Associate Deans and Department Chairs are appointed by the Dean. College business is coordinated through standing and ad-hoc committees.

The faculty of the JPHCOPH consist of the professors, associate professors, assistant professors, instructors, lecturers, and adjunct appointments in the five departments. Responsibilities of the faculty within the College include teaching, scholarship, and service. In addition, faculty members may be assigned administrative duties by the Administrative Officers as deemed necessary for effective and efficient functioning of JPHCOPH. The faculty within each Department work in collaboration with the Administrative Officers within the JPHCOPH to advance the Vision, Mission, Values, Goals and Objectives.

College of Science and Mathematics

The College of Science and Mathematics contains the Departments of Biology, Chemistry & Biochemistry, Geology & Geography, Mathematical Science, and Physics, as well as the Department of Military Science. The College offers Master of Science programs in Biology, Mathematics, Applied Geography, and Applied Physical Science.

Vision

The College of Science and Mathematics and its dedicated faculty will be a national leader in the development of innovative curricula, and in integrating distinguished scholarship with superior undergraduate and graduate education.

Mission

The College of Science and Mathematics strives for excellence and innovation in undergraduate and graduate research, teaching practices, and service to our community. With an emphasis on high-impact educational practices, our highly-respected faculty foster learning in the classroom and beyond by promoting student engagement and offering cutting-edge research opportunities to students. Our degree programs prepare students to apply scientific discoveries which inform education, health, natural resource protection, and economic development. By combining state-of-the-art research labs and teaching spaces with numerous regional, national, and global collaborations, the College of Science and Mathematics is a leader in producing graduates to meet tomorrow’s challenges.

- Structure (p. 261)

Advisement

Graduate students should meet with their research advisor or graduate program director for academic advisement each semester. While advisors provide information and guidance, final responsibility for completion of degree requirements rests with the student.

Students may contact the Program Director for their Degree if they have questions about advising.

Department of Biology

The Department of Biology, through the shared resources of multiple campuses, offers study in the field of biological sciences to provide students with a broad, foundational education through authentic learning experiences. The Department offers two undergraduate degree programs, a Bachelor of Science with a Major in Biology (BS) and a Bachelor of Arts with a Major in Biology (BA).

The goal of both programs is to provide students with the knowledge and skills necessary to pursue professional careers in the biological sciences, health sciences, and science education, or to obtain an advanced degree in science. Undergraduate students in both the BS and BA programs practice up-to-date research and/or laboratory techniques, critical thinking, and independent learning. Additionally, students in the BA gain interdisciplinary experiences acquired through minor and language requirements. In establishing these goals and activities, the faculty follow the recommendations for standards established by the National...
Association of Biology Teachers and the American Association for the Advancement of Science.

The faculty is dedicated to providing students a challenging education that provides a foundation for life-long learning and an appreciation of biological processes and biological diversity. Southeast Georgia is a biologically rich and ecologically diverse area that encompasses coastline, wetlands, woodlands, and cities. Our student-centered programs support the University’s mission to develop a vibrant learning environment for majors exemplified by a free exchange of ideas, high academic expectations, and individual responsibility for academic achievement. Our programs further support the University’s mission in promoting scientific and technological advancement, health services, sustainability, citizenship and social responsibility.

Biology M.S. (Non-Thesis)
Degree Requirements: 36 Credit Hours

Admission
Students are selected for the Master of Science in Biology degree program on a competitive basis. Meeting minimum requirements does not guarantee admission. Applications are usually evaluated during the eighth week of the semester prior to the semester of admission. Applications for graduate assistantships must be received by March 1 to receive full consideration for fall. Assistantships are awarded for a maximum of five semesters and are reviewed each semester. Students must comply with the College of Graduate Studies degree completion time line for a master’s degree. A student who has not matriculated for three or more consecutive semesters must reapply and meet all admission requirements in effect at the time of the new application for admission.

Admission Requirements
For unqualified admission to the College of Graduate Studies to pursue graduate work leading to the Master of Science degree in Biology, the applicant must have:

**Regular**

1. Completed requirements for the bachelor’s degree in a college accredited by the proper regional accrediting associations.
2. A 2.80 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
3. Scores of at least 153 on the verbal and 146 on the quantitative portions of the Graduate Record Examination (GRE) are typical for applicants to the Master’s Program in Biology. For applicants who took the GRE General Test prior to August 2011 scores of at least 500 on the verbal and 550 on the quantitative portions are typical.
4. An undergraduate major or the equivalent appropriate to the proposed field of study. Adequately prepared applicants will typically have completed 24 credits of biology, 9 credits of mathematics, 16 credits of chemistry (including organic chemistry), and 8 credits of physics (or geological science).
5. Two letters of recommendation from individuals familiar with the applicant’s potential to complete successful graduate work.
6. A statement of career goals to explain why you are interested in pursuing the degree and to explain your long term career plans.
7. Applicants are strongly encouraged to identify a thesis adviser and submit the name to the graduate program director prior to the application deadline.
8. GRE subject test in Biology is not required, but is preferred.

Provisional
Students who fail to meet one of the requirements 2-4 above may be admitted provisionally. To be converted to regular status, provisional students must earn a “B” or higher in their first six (6) credits of Biology graduate courses, approved by the Biology Program Director, with at least three (3) credits at the 7000-level. Directed Individual Study (BIOL 7890) or Biological Problems (BIOL 7893) cannot be taken for these six (6) credits. Students on provisional status may not hold a graduate assistantship.

Non-Degree
Non-degree students are accepted on an individual basis as space is available.

Thesis and Non-Thesis options are possible for the M.S. degree in Biology.

Program of Study (Non-Thesis Option)
The graduate student and the graduate committee shall jointly develop a Program of Study that includes 36 credits in graduate course work including the required courses listed below. Either faculty or the graduate program director may advise non-thesis students.

Non-Thesis Option, 36 Credit Hours

Note: “Non-Thesis” must be part of the course title

Elective courses at 5000G level or above 17

**Total Credit Hours** 36

Note that a limit of six (6) credits of any contamination of Directed Individual Study (BIOL 7890) and Biological Problems (BIOL 7893) and
a limit of four (4) credits of Graduate Seminar (BIOL 7610) can be used toward the 36 credit degree requirement. Research (BIOL 7895) and Thesis (BIOL 7999) cannot be used toward the Non-Thesis option.

Other Program Requirements (Non-Thesis Option)

1. To continue with the second year, each candidate for the Master of Science Non-Thesis degree in Biology in conjunction with the Graduate Committee must complete a Program of Study and identify an advisor who will oversee the Directed Individual Study (BIOL 7890) and/or Biological Problems (BIOL 7893), with an extensive scientific writing component requirement. Note: “Non-Thesis” must be part of the course title.
2. Each candidate must receive Graduate Committee and Director of the Biology Graduate Program approval to take courses that do not apply to the MS Degree.
3. Students entering the Master of Science Non-Thesis option in Biology can switch to the Thesis option within their first two academic semesters assuming that they are in good standing. They can apply to switch programs by completing the Department of Biology Change of Degree Plan checklist and completing steps 4a. through 4e. under the “Other Program Requirements” of the Thesis option by the end of the second semester. After the second academic semester, students may switch to the Thesis option by completing the required change of option paperwork and completing steps 4a. through 4e. under the “Other Program Requirements” of the Thesis option in the term the change of option is requested. If the change of option is approved, all guidelines for the Thesis option apply.

Biology M.S. (Thesis)

Degree Requirements: 30 Credit Hours

Admission

Students are selected for the Master of Science in Biology degree program on a competitive basis. Meeting minimum requirements does not guarantee admission. Applications are usually evaluated during the eighth week of the semester prior to the semester of admission. Applications for graduate assistantships must be received by March 1 to receive full consideration for fall. Assistantships are awarded for a maximum of five semesters and are reviewed each semester. Students must comply with the College of Graduate Studies degree completion time line for a master’s degree. A student who has not matriculated for three or more consecutive semesters and is reviewed each semester. Students must comply with the College of Graduate Studies degree completion time line for a master’s degree. A student who has not matriculated for three or more consecutive semesters must re-apply and meet all admission requirements in effect at the time of the new application for admission.

Admission Requirements

For unqualified admission to the College of Graduate Studies to pursue graduate work leading to the Master of Science degree in Biology, the applicant must have:

Regular

1. Completed requirements for the bachelor’s degree in a college accredited by the proper regional accrediting associations.
2. A 2.80 (4.0 scale) cumulative grade point average or higher on all undergraduate work.
3. Scores of at least 153 on the verbal and 146 on the quantitative portions of the Graduate Record Examination (GRE) are typical for applicants to the Master’s Program in Biology. For applicants who took the GRE General Test prior to August 2011 scores of at least 500 on the verbal and 550 on the quantitative portions are typical. Lower scores will sometimes be considered, but the applicant will need strong evidence of ability to perform satisfactory graduate work.
4. An undergraduate major or the equivalent appropriate to the proposed field of study. Adequately prepared applicants will typically have completed 24 credits of biology, 8 credits of mathematics, 16 credits of chemistry (including organic chemistry), and 8 credits of physics (or geological science).
5. Two letters of recommendation from individuals familiar with the applicant’s potential to complete successful graduate work.
6. A statement of career goals to explain why you are interested in pursuing the degree and to explain your long term career plans.
7. Applicants are strongly encouraged to identify a thesis advisor and submit the name to the graduate program director prior to the application deadline.
8. GRE subject test in Biology is not required, but is preferred

Provisional

Students who fail to meet one of the requirements 2-4 above may be admitted provisionally. To be converted to regular status, provisional students must earn a “B” or higher in their first six (6) credits of Biology graduate courses, approved by the Biology Program Director, with at least three (3) credits at the 7000-level. Directed Individual Study (BIOL 7890) and Biological Problems (BIOL 7893) cannot be taken for these six (6) credits. Students on provisional status may not hold a graduate assistantship.

Non-Degree

Non-degree students are accepted on an individual basis as space is available.

Thesis and Non-Thesis options are possible for the M.S. degree in Biology.

Program of Study (Thesis Option)

The graduate student and their graduate committee shall jointly develop a Program of Study that includes 24 credits in graduate course work including the required courses listed below, plus three (3) credits of research and three (3) credits of thesis.

Note that a limit of six (6) credits of any combination of Directed Individual Study (BIOL 7890) and Biological Problems (BIOL 7893), and a limit of four (4) credits of Graduate Seminar (BIOL 7610) can be used toward the 30 credit degree requirement.
Other Program Requirements (Thesis Option)

1. Each candidate for the Master of Science Thesis option in Biology must have accomplished the following by the end of their second term to earn or maintain their eligibility for a graduate assistantship:
   a. Identified an adviser within the Biology Department
   b. Formed a Steering Committee of the adviser and two other Biology Department Faculty
   c. Written a thesis proposal and submitted any necessary IACUC / IBC / IRB applications
   d. Met with the Steering Committee formally, submitted and received approval for their thesis proposal (i.e., prospectus) and Program of Study with appropriate signatures.

2. Each candidate must receive approval from his/her Steering Committee and the Director of the Biology Graduate Program to take courses that do not apply to the MS Thesis Degree in Biology, or are taught outside of the Department of Biology.

3. Each candidate for the Master of Science degree in Biology must complete a thesis on a subject approved by his/her steering committee.
   a. This thesis must be presented at a public exit seminar and, within 2 weeks following the seminar, defended before the thesis committee.
   b. The thesis defense is a comprehensive examination that may include questions on the thesis, and subject matter related to the thesis, and course work.
   c. In addition to the thesis, the student must provide the adviser with all forms of the data that were collected, including electronic files, and a written document detailing the contents of the data files (or other forms).
   d. The degree is conferred at the end of the semester, after the student has passed the thesis defense and the final written version of the thesis has been approved by the committee.

4. Students entering the Master of Science Thesis option in Biology can apply to switch to the Non-Thesis option within their first two academic semesters by completing the appropriate change of degree paperwork assuming that they are in good standing (See the Graduate Program Director for the required paperwork). After their second academic semester, applications to switch to the Non-Thesis degree can occur, but a student cannot transfer more than twelve (12) credits of coursework from the thesis option to the non-thesis option. Additional criteria required to switch programs after the second semester are:
   a. Email the Biology Graduate Committee via the graduate program director a request to switch programs. This email should include an explanation and justification for the request. The request must receive approval for the switch from the Biology Graduate Committee. Approval to switch degree programs is not guaranteed.
   b. Complete the Department of Biology Change of Degree Plan checklist, including all signatures.
   c. If any thesis-related and/or grant-related research has been undertaken, providing the faculty mentor with the following (all in hard copy and electronic format whenever possible and relevant):
      • A written one page document detailing the objectives of the initiated research
      • A complete description of the methods used to collect data
      • All forms of data that were collected
      • A written document detailing the contents of all the data files (or other forms)
   d. If data were gathered to meet the obligation of a grant (completely or in part), then the student must waive all rights and ownership over the data and any publications forthcoming from the use of the data.

   e. With the College of Graduate Studies file
      • a new Program of Study form, and
      • a Change of Major or Study Concentration form.

Note the Directed Individual Study (BIOL 7890)/Biological Problems (BIOL 7893) course, and course title, requirements described under the non-thesis program.

Department of Chemistry and Biochemistry

The Department of Chemistry and Biochemistry offers a well-balanced program for the education of its students. To prepare students for their professional careers, the Department is committed to providing quality teaching and research experiences emphasizing critical and independent thought. The curriculum provides strong innovative instruction in the theory and practice of the chemical and biochemical sciences. The programs are designed to introduce students to modern laboratory methods and technology using state-of-the-art scientific equipment. The faculty is committed to providing an environment that addresses the individual needs of each student and encourages them to develop their potential through lifelong learning and to be responsible members of their profession and community.

Applied Physical Science M.S.A.P.S (Professional Science Master)

Degree Requirements: 36 Credit Hours

Admission

Students are selected for the Master of Science in Applied Physical Science degree program on a competitive basis. Meeting minimum requirements does not guarantee admission.

Admission Requirements

Regular

1. B.S. or B.A. degree in chemistry, physics, or related degree from an appropriate regionally accredited college or university, or an equivalent degree from a recognized foreign college or university. Official TOEFL scores (not more than two years old) required for international students.
2. An overall minimum cumulative GPA of 2.75 on a 4.0 scale or at the discretion of the graduate admission committee.
3. Official GRE Report showing competitive subtest scores by the start of the first semester of graduate courses.
4. Two Letters of Recommendation from individuals familiar with the applicant’s potential to complete successful graduate work.
5. Applicant’s Statement of Purpose & Research Experience, which must address
   a. the student’s preparation and research experiences for graduate study,
   b. the student’s goals for the graduate program, potential concentration area, and possible advisor (for thesis option), and
   c. the student’s professional goals following completion of the M.S.A.P.S. program
6. The applicant must have the appropriate undergraduate preparation for the area of concentration. This requires meeting the general M.S.A.P.S. requirements and the prerequisites listed for the particular concentration area.

Provisional Applicants who do not meet the admission requirements may be admitted provisionally. To be converted to regular status, provisional students must take any appropriate undergraduate courses as recommended by the graduate committee and must earn a “B” or higher in their first nine (9) credits of coursework approved by the graduate director.

Non-Degree Non-degree students are accepted on an individual basis as space is available. Applicants must have a minimum cumulative GPA of 2.75 on a 4.0 scale and submit a Statement of Purpose and Research Experience.

Grades Students are required to maintain a cumulative GPA of at least 3.0 to remain in good academic standing and to be eligible to graduate. In the event the cumulative GPA falls below 3.0, the student will be placed on academic probation. Students have nine (9) credits to elevate the cumulative GPA to at least 3.0 or will be excluded from the program. Students earning grades of “F” will also be excluded from the program.

Program Concentrations The Master of Science in Applied Physical Science degree program provides concentrations in Environmental Science, Pharmaceutical Science, or Materials and Coatings Science.

A maximum of twelve (12) credits at the 5000 level are allowed for the Master of Science in Applied Physical Science degree.

Thesis

Each Candidate for the Master of Science in Applied Physical Science degree, thesis option, must complete a thesis on a subject approved by the graduate thesis committee. The major professor supervises the research, directs the writing of the thesis, and approves the thesis in its final form. Prior to the final approval, the thesis is read by the thesis committee. One member, termed the second reader, has the responsibility for an intensive and rigorous criticism of the thesis, and a third member of the thesis committee has the responsibility of an “editorial reader.” Both second and third readers must report all comments to the major professor. The thesis must be defended in an oral examination before the graduate committee prior to final approval and sign-off.

The style and format for the completed thesis shall follow that prescribed by the Director for the Master of Science in Applied Physical Science degree. Procedural steps in the preparation of the thesis are as follows:

- The prospectus for the thesis shall be submitted to the major professor and thesis committee for approval.
- The thesis must be electronically submitted to the ETD site for format check by the ETD format check submission deadline as stated in the University Calendar.
- The final corrected thesis must be electronically submitted to the ETD site by the ETD format check submission deadline as stated in the University Calendar. The final document must be electronically approved by the Thesis Committee.

Accelerated Bachelor’s to Master’s in Applied Physical Science

Admission:

Students are selected for the Master of Science in Applied Physical Science degree program on a competitive basis. Meeting the minimum requirements does not guarantee admission.

Admission Requirements:

1. Student must complete a minimum of 24 semester credit hours in their major courses for either a biology, biochemistry, chemistry, physics or geology degree.
2. Student must have a minimum GPA of 3.25 overall in their major courses or at the discretion of the graduate admissions committee.
Program Requirements:
In accordance with SACSCOC requirements, 120 unique credit hours are required in a Bachelors degree program, and at least 30 unique credit hours are required in a Masters degree program. The MSAPS-APS-ABM program combines 124 hours from the BS Biology, BS Biochemistry, BS Chemistry, BS Geology or BS Physics program and 30 hours from the MSAPS-APS program, exceeding the required 150 unique hours between undergraduate and graduate degree programs by 4 hours. The Jack N. Averitt College of Graduate Studies Handbook for Program Directors and Graduate Advisors permits a maximum of 9 shared credit hours between the undergraduate and graduate degree programs. Therefore, MSAPS-APS-ABM students may share a maximum of 4 credit hours of Masters level courses (5000G-8000) in satisfying the requirements of both degree programs.

Grades:
Students are required to maintain a cumulative GPA of at least 3.0 to remain in good academic standing and to be eligible to graduate. In the event the cumulative GPA falls below 3.0, the student will be placed on academic probation. Students will have nine (9) credits to elevate the cumulative GPA to at least 3.0 or will be excluded from the program. Students earning grades of “F” will also be excluded from the program.

Department of Geology and Geography
The Department of Geology and Geography offers a balance of teaching, research, and service to the region served by the University, and beyond. Areas of focus among geology faculty include igneous and metamorphic petrology, paleontology, sedimentology, structural geology, hydrogeology, geochemistry, coastal geology, environmental geology, and natural history of the Coastal Plain. Geography faculty interests include geomorphology, geospatial analysis, economic geography, health geography, cultural geography, urban geography, coastal wetlands, ecohydrology, hazards, and biogeography. Both programs emphasize the application of Geographic Information Science.

Applied Geography M.S. (Non-Thesis)

Degree Requirements: 36 Credit Hours (Non-Thesis Option)

Admission
Students are selected for the Master of Science in Applied Geography degree program on a competitive basis. Meeting minimum requirements does not guarantee admission. Applications for graduate assistantships must be received by April 1 to receive full consideration for fall. Assistantships are awarded for a maximum of five semesters and are reviewed each semester. Students must comply with the College of Graduate Studies degree completion timeline for a master’s degree. A student who has not matriculated for three or more consecutive semesters must re-apply and meet all admission requirements in effect at the time of the new application for admission.

Admission Requirements
For potential admission to the College of Graduate Studies to pursue graduate work leading to the Master of Science degree in Applied Geography, the applicant:

1. Must have completed requirements for the bachelor's degree in a college accredited by the proper regional accrediting associations.
2. Must complete the Graduate Record Exam (GRE) (scores must be sent to the College of Graduate Studies).
3. Must complete the TOEFL Exam with scores sent to the College of Graduate Studies (International students only).
4. Must submit a statement of purpose explaining the reasons for pursuing a Master of Science in Applied Geography.
5. Must submit three letters of recommendation.
6. Typically, will have a minimum 2.75 cumulative grade point average (on a 4.0 scale) for all undergraduate coursework.

Non-Degree
Non-degree students are accepted on an individual basis as space is available. Thesis and Non-Thesis options are possible for the M.S. degree in Applied Geography.

Program of Study (Non-Thesis Option)

Non-Thesis Option, 36 Credit Hours
The graduate student and the program director shall jointly develop a program of study that includes 36 credits in graduate coursework including the required courses below. Note that Thesis (GEOG 7999) cannot be used toward the Non-Thesis Option.

Applied Geography M.S. (Thesis)

Degree Requirements: 36 Credit Hours

Admission

Students are selected for the Master of Science in Applied Geography degree program on a competitive basis. Meeting minimum requirements does not guarantee admission. Applications for graduate assistantships must be received by April 1 to receive full consideration for fall. Assistantships are awarded for a maximum of five semesters and are reviewed each semester. Students must comply with the College of Graduate Studies degree completion timeline for a master's degree. A student who has not matriculated for three or more consecutive semesters must re-apply and meet all admission requirements in effect at the time of the new application for admission.

Admission Requirements

For potential admission to the College of Graduate Studies to pursue graduate work leading to the Master of Science degree in Applied Geography, the applicant:

1. Must have completed requirements for the bachelor's degree in a college accredited by the proper regional accrediting associations.
2. Must complete the Graduate Record Exam (GRE) (scores must be sent to the College of Graduate Studies).
3. Must complete the TOEFL Exam with scores sent to the College of Graduate Studies (international students only).
4. Must submit a statement of purpose explaining the reasons for pursuing a Master of Science in Applied Geography.
5. Must submit three letters of recommendation.
6. Typically, will have a minimum 2.75 cumulative grade point average (on a 4.0 scale) for all undergraduate coursework.

Non-Degree

Non-degree students are accepted on an individual basis as space is available. Thesis and Non-Thesis options are possible for the M.S. degree in Applied Geography.

Program of Study (Thesis Option)

Thesis Option, 36 Credit Hours

The graduate student and the graduate committee shall jointly develop a Program of Study that includes 36 credits in graduate coursework including the required courses listed below. Either faculty or the graduate program director may advise non-thesis students.
Department of Mathematical Sciences

The Department of Mathematical Sciences offers programs of study for students interested in mathematics, mathematics education or statistics. The department is dedicated to providing students with excellent instruction that incorporates innovative instructional techniques and technologies, and with opportunities to participate with faculty in research. In their roles as teacher-scholars, the faculty maintains consistent and significant productivity, recognized at regional, national, and international levels, in basic research, applications, and pedagogy. The department is strengthened by the extensive service activities of the faculty on campus and in the community as well as through high-profile service to the profession. In addition, the department provides many areas for student involvement, including an active student organization and student competition teams.

Applied Statistics Certificate

Certificate Requirements: 12 Credit Hours

Participation in the Certificate Program is open to any qualified, degree-seeking graduate student at Georgia Southern University. Students currently enrolled in a degree program must first apply and be admitted to the Certificate program. As permitted by their degree program, students may apply coursework to both the certificate program and their degree. It is not required that the certificate and degree be completed simultaneously; however, students must be enrolled to take classes and the seven-year limitation on the application of prior coursework to either the degree or the certificate must be satisfied. Upon recommendation of the Graduate Program Director and approval from the College of Graduate Studies, credit earned in a certificate program may be applied to a graduate degree program.

Finally, students seeking only the Graduate Certificate or the Graduate Certificate independent of another degree program, may be admitted by the College of Graduate Studies (COGS) under a Non-Degree
Certificate admission status. Admission as Non-Degree Certificate does not guarantee subsequent admission to a graduate degree program. Applying to a graduate program is a separate process and different criteria must be met. Certificate program admissions decisions are based on applicants’ prior academic work and other factors that indicate their potential for program success and enrichment of the learning environment. Upon recommendation of the program director and approval of the College of Graduate Studies, a maximum of six (6) credits earned before the student entered the certificate program may be applied to that program.

The minimum grade requirements for the graduate certificate are the same as those for graduate degrees. For graduate credit, the grade in a course must be "C" or higher. To remain in good standing, a student must maintain a cumulative GPA of 3.0 or higher. To be awarded a graduate certificate, students:

1. must not be on probation;
2. must have a cumulative GPA of 3.0 or higher on graduate coursework and on coursework applied to the certificate;
3. must meet all the requirements of COGS and the student's certificate program; and
4. must be enrolled during the semester in which the certificate requirements are completed.

Select two additional courses from those below with the approval of a statistics advisor:

- STAT 7130: Applied Multivariate Statistical Analysis
- STAT 7132: Applied Nonparametric Statistics
- STAT 7134: Applied Regression Analysis
- STAT 7231: Design of Experiments I
- STAT 7332: Mathematical Statistics II

Total Credit Hours: 12

1. A minimum grade of “C” is required for each course listed.

**Mathematical Sciences M.S. (Concentration in Applied Mathematics)**

**Degree Requirements: 36 Credit Hours**

**Admission Requirements**

**Regular**

For regular admission to the College of Graduate Studies to pursue work leading to this degree, the applicant must have:

1. Completed requirements for the Bachelor’s degree in a science, engineering, or mathematical discipline at a regionally accredited college or university.

2. Submitted scores from the Graduate Record Examinations (GRE) and Test of English as Foreign Language (TOEFL) (international students only) to the College of Graduate Studies. Conditional admission without the GRE is acceptable, provided it is completed within one calendar year of admission to the program.

3. Successfully completed courses in calculus, probability, and linear algebra.

**Provisional**

Applicants who do not meet admission requirements may be admitted provisionally but must take appropriate undergraduate courses before receiving regular admission. Admission of an applicant who is deemed marginal may require that an interview be conducted by a committee of graduate faculty members from the department.

**Non-Degree**

Non-degree students are accepted on an individual basis as space is available. Upon the advisor’s recommendation, up to a maximum of nine (9) credits earned as a non-degree student may be included in the program of study if a non-degree student is granted regular admission.

**Program of Study**

The graduate student and the graduate advisor shall develop a Program of Study that consists of 30 credits of graduate course work, including nine (9) credits of core courses, and 21 credits of elective courses. In addition, the Program of Study will include three (3) credits of Research and three (3) credits of Thesis in the area of concentration. Of the 36 required credits, at least 18 credits must be at the 7000 level. At most, 11 credits of any combination of Directed Study in Mathematics (MATH 7890), Research (MATH 7895) and Thesis (MATH 7999) will count towards the 36 credits required for the degree.

Department of Physics and Astronomy

The mission of the Department of Physics at Georgia Southern University is four-fold. First, to provide its majors with a strong, basic undergraduate physics/astronomy education that will serve them whether they pursue an advanced degree in physics, a professional career in medicine or dentistry, a career in industry or in science education. Second, to provide excellent instruction in introductory physics and astronomy to non-majors. Third, to conduct original research in physics and astronomy that is recognized at regional, national, and international levels. Fourth, to foster an interest in science in the community and the region.

Information Science.

health geography, cultural geography, ecohydrology, hazards, and climatology, geomorphology, geospatial analysis, economic geography, natural history of the Coastal Plain. Geography faculty interests include coastal geology, environmental geology, geoscience education, and petrology, paleontology, sedimentology, structural geology, hydrogeology, Areas of focus among geology faculty include igneous and metamorphic research, and service to the region served by the University, and beyond.

Department of Geology and Geography

In today’s world, studies in Biology are becoming increasingly important. Georgia Southern University’s Biology program prepares students for careers as professional biologists in a wide variety of fields. Southeast Georgia is a biologically rich and ecologically diverse area that encompasses coastline, wetlands, woodlands, and cities. Consistent with the mission of the University, the Biology Department seeks to expand horizons through outreach, preserve distinctive cultural and natural legacies, and maintain the integrity of South Georgia’s environment.

Department of Biology

The FORAM Sustainable Aquaponics Research Center (SARC) is a joint venture between Georgia Southern University and the FORAM Foundation. Our aquaponics system is located in an approximately 4100 square foot greenhouse that supports student and faculty research in areas of Biology, Chemistry, Economics and Engineering.

The SARC facility is a state of the art system designed to research the economic and biological sustainability of aquaponics systems. SARC has four independent recirculating systems, each containing 900 gallon tanks capable of holding over 100 mature tilapia (1-2 lbs/each) and 224 square foot runways for growing plants. This proprietary system was uniquely built to conduct controlled scientific research. This allows the center to develop targeted experiments with the goal of improving the economic viability of large-scale aquaponics as a means of sustainable food growth requiring less resources and space.

FORAM Sustainable Aquaponics Research Center (SARC)

The Department of Chemistry and Biochemistry offers a well-balanced program for the education of its students. To prepare them for their professional careers, the Department is committed to providing quality teaching and research experiences emphasizing critical and independent thought. The curriculum provides strong innovative instruction in the theory and practice of the chemical sciences. It is designed to introduce students to modern laboratory methods and technology using state-of-the-art scientific equipment. The faculty is committed to providing an environment that addresses the individual needs of each student and encourages them to develop their potential through life-long learning and to be responsible members of their profession and community.

Department of Chemistry and Biochemistry

The Department of Chemistry offers a well-balanced program for the education of its students. The faculty is committed to providing an environment that addresses the individual needs of each student and encourages them to develop their potential through life-long learning and to be responsible members of their profession and community.

Department of Biology

The Department of Geology and Geography offers a balance of teaching, research, and service to the region served by the University, and beyond. Areas of focus among geology faculty include igneous and metamorphic petrology, paleontology, sedimentology, structural geology, hydrogeology, coastal geology, environmental geology, geoscience education, and natural history of the Coastal Plain. Geography faculty interests include climatology, geomorphology, geospatial analysis, economic geography, health geography, cultural geography, ecohydrology, hazards, and biogeography. Both programs emphasize the application of Geographic Information Science.

Department of Geology and Geography

James H. Oliver, Jr., Institute for Coastal Plain Science

The Institute for Coastal Plain Science (ICPS) is an interdepartmental organization that provides an identity to an area of exceptional research and teaching strength on campus. Members of the ICPS include faculty and students from several departments including biology, chemistry, geology and geography, civil engineering, and environmental health sciences. It also has three full-time scientists and two support personnel. The mission of the ICPS is to promote, in coordination with public and private partnerships, interdisciplinary research and education directed toward understanding the physical and biological resources occurring below the Fall Line and their sustainable use and management. Membership in the ICPS is open to any researchers with a focus on this geographic region. The ICPS also assists with management of the several natural history collections on campus and is the primary home of the U.S. National Tick Collection.

Department of Mathematical Sciences

The Department of Mathematical Sciences offers programs of study for students interested in mathematics, mathematics education or statistics. The department is dedicated to providing students with excellent instruction that incorporates innovative instructional techniques and technologies. In their roles as teacher-scholars, the faculty maintains consistent and significant productivity, recognized at regional, national, and international levels, in basic research, applications, and pedagogy. The department is strengthened by the extensive service activities of the faculty on campus and in the community as well as through high-profile service to the profession. In addition, the department provides many areas for student involvement, including an active student organization and student competition teams.

Department of Mathematics

The Department of Physics offers advanced educational experiences for student involvement, including an active student organization and student competition teams.

Department of Physics

Third, to conduct original research in physics and astronomy that is recognized at regional, national, and international levels. Fourth, to foster an interest in science in the community and the region.

Graduate Admissions and Aid

The College of Graduate Studies invites applications from qualified applicants from all cultural, racial, religious and ethnic groups. Admissions standards are designed to identify students whose academic backgrounds indicate they are capable of successfully completing graduate study at Georgia Southern University. (See Equal Opportunity Policy (p. 438) statement)
Applications for admission may be submitted online at http://cogs.georgiasouthern.edu/admission. Applications must be submitted prior to the application deadline.

Normally, all applicants who have applied by the application deadline for a specific semester will be considered for admission. However, the University reserves the right to stop accepting applications at any time. Therefore, students are encouraged to apply well in advance of the application deadline. Not all graduate programs have the same application deadlines and some programs do not admit students every semester.

The College of Graduate Studies reserves the right to require additional indicators demonstrating the applicant’s ability to successfully complete graduate study prior to rendering an admission decision.

• Admission Requirements (p. 262)
  • Admission by Appeal (p. 262)
  • Graduate Admission Classification (p. 262)
  • Graduate Transient Admission (p. 263)
  • Special Admission for Students Age 62 and Older (p. 263)
  • Graduate Assistantships (p. 263)
  • Graduate Full-Time Status Exception (p. 266)
  • How to Apply (p. 267)
  • International Students (p. 268)
  • Other Outside Sources of Financial Aid (p. 269)
  • Transfer Credit (p. 269)

Admission Requirements

In general, all applicants must hold at least a baccalaureate degree or the equivalent from a regionally accredited U.S. college or university or a degree from a non-U.S. institution of higher education that is judged equivalent to a U.S. baccalaureate degree by the College of Graduate Studies (COGS). International applicants who have graduated from a college or university that is a member of the Bologna Project will be considered for admission to a graduate degree program.

Any applicant who seeks admission to a graduate degree program is said to be applying as a graduate degree-seeking student. All other graduate applicants are said to be applying as graduate non-degree-seeking students.

Admission is granted for a specific semester and is validated by registration for that semester. Applicants wishing to defer admission to a subsequent semester may request a one-time deferral from the Office of Graduate Admissions as long as the request occurs before the start of the original semester of matriculation.

Applicants must be admitted to COGS before they are eligible to register for classes. Only students formally admitted to COGS are eligible to enroll in graduate courses (courses numbered 5000G, 6000, 7000, 8000 and 9000). Official admission acceptance is conveyed to the applicant in a formal electronic letter issued by the College of Graduate Studies.

Minimum Admission Requirements for a Graduate Degree or Certificate Program

Achievement of the minimum admission requirements of the College of Graduate Studies does not guarantee admission to a graduate degree program. A student who is admitted to one graduate program is not guaranteed admission to any other graduate degree program at any time in the future.

Admission to a graduate program is competitive and qualified applicants may be denied admission depending on a wide variety of programmatic variables. To ensure the best possible opportunity for admission, each applicant is strongly encouraged to review the specific admission requirements and application procedures listed in this catalog for the specific program of interest. Typically, review of an application cannot begin until all application documents are received, including those that are specific to a program. Applicants can check the status of their application and the receipt of application documents by visiting the website (http://cogs.georgiasouthern.edu/admission) of Graduate Admissions.

Graduate Admission Test Score Requirements

Depending on the graduate program for which the student is applying, one of the following standardized admission tests will be required: GMAT, GRE, MAT or GACE. Standardized admission tests are listed among each program’s itemized list of requirements for admission. To determine which admission test is required for each program, review the admission requirements on the program’s webpage. Test scores must be sent from the testing agency directly to Graduate Admissions. Further information on test dates and fees may be obtained from:

Office of Testing Services (http://studentsupport.georgiasouthern.edu/asc/testing)  
Post Office Box 8132  
Georgia Southern University  
Statesboro, GA 30460-8067  
(912) 478-5415

Degree Admission Based Upon Exceptional Qualifications

Applicants with exceptional experience and/or academic qualifications may be granted degree admission to the College of Graduate Studies without the submission of admission test scores. Admission approval may be granted by the Director of Graduate Studies following a review of the recommendation by the respective Graduate Program Director and Department Chair.

Admission by Appeal

Applicants who believe they were unfairly or arbitrarily denied admission may appeal the admission decision to the College of Graduate Studies. The student will be required to provide additional information in support of the appeal. The request for an appeal must be submitted in writing to Graduate Admissions. The Director of Graduate Studies will make the final decision on an appeal.

Graduate Admission Classification

A prospective student who plans to take additional course work beyond the baccalaureate degree must apply to the COGS and be admitted through either Degree Admission or Non-Degree Admission.

Degree Admission

Students who are admitted to the COGS with the expressed intention of following a program leading to a graduate degree are classified as degree-seeking students. When admitted as a degree-seeking student, the applicant will be placed in one of the following categories:

1. Regular - Meets all requirements for unqualified admission and has been recommended by the college, department or program in which he/she proposes to study, and approved by the COGS.

2. Provisional - Does not satisfy the full admission requirements. Applicants granted Provisional admission are required to earn grades of "B" or better in their first nine (9) hours of graduate credit taken at Georgia Southern University under this admission category. Failure to
satisfy the conditions of provisional admission will result in exclusion from the degree program. A student admitted in this category will be reclassified to Regular admission when the conditions have been met. A Provisional student may enroll in graduate courses and such courses may be counted in a degree program when the student has been reclassified as a Regular student. Only credit earned in graduate courses at Georgia Southern University may be used to satisfy Provisional admission requirements. A student excluded from a graduate degree program for failure to meet the conditions of provisional admission may not be readmitted to the COGS under non-degree admission. There is no provisional admission to Doctoral programs. Applicants with Provisional admission are not eligible for graduate assistantship positions.

Non-Degree Admission

An applicant may be admitted to the COGS as a non-degree student to earn credit in graduate courses without working toward a degree. Students who are admitted in a non-degree category may later apply to a degree program. Upon the advisor’s recommendation, non-degree graduate courses may be included in the program of study should the student gain reclassification as a Regular student. A student may be admitted to the COGSs in one of the following non-degree admission categories:

1. **Limited** - A student whose file is incomplete because all required application materials have not been received in the Office of Graduate Admissions. Enrollment in the Non-Degree Limited category is limited to a maximum of nine (9) credit hours in graduate courses in any seven contiguous years. A student may count a limited number of credit hours earned under non-degree admission toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Director of Graduate Studies. Students enrolled under this admission category are not eligible for graduate assistant positions nor for financial aid.

2. **Enrichment** - A student who holds an undergraduate or graduate degree and desires to take courses for personal or professional improvement. Enrollment in the Non-degree Enrichment category is limited to 18 credit hours unless otherwise stated by the department. Certain Departments may limit the number of credit hours earned under this non-degree admission category that may count toward graduate degree requirements to less than 18 credit hours. Students enrolled under this admission category are not eligible for graduate assistant positions nor for financial aid.

3. **Certificate** - A student who holds an undergraduate or graduate degree can pursue a graduate certificate program through the Non-degree Certificate admission. Enrollment in the Non-Degree Certificate category is limited to the number of credit hours required for the certificate program, typically 12-24 credit hours, in any seven continuous years unless additional credit hours are approved by the College of Graduate Studies. A student may count up to 18 credit hours earned as part of the certificate program toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Director of Graduate Studies. Students enrolled under this admission category are not eligible for graduate assistant positions nor for financial aid.

4. **Teaching/Service/Leadership Certification** - A student seeking initial certification as a P-12 educator (teaching, service or leadership certification as defined by the Georgia Professional Standards Commission) may be admitted in this category and enroll in graduate courses required for certification in any seven contiguous years. In addition, in-service teachers enrolling to meet requirements of a local board of education or the Georgia Professional Standards Commission to renew or reinstate a certificate, to certify in a new area, or to obtain an endorsement to an existing certificate may enroll in graduate courses for credit for this particular purpose through this category. Note that admission in this category and completion of a certification program does not guarantee subsequent admission to a graduate degree program; that is a separate process, and different criteria must be met. Enrollment in this category is limited to the number of credit hours required for certification and/or endorsement not to exceed 18 credit hours. A student may count the credit hours earned as part of the certification/endorsement program(s) toward graduate degree program requirements if recommended by the degree Graduate Program Director and approved by the Director of Graduate Studies. (Note that some certification fields require completion of a M.Ed. and/or Ed.S. degree; refer to the admission requirements or Graduate Program Director for information on the specific field of interest.) Students enrolled under this admission category are not eligible for graduate assistant positions.

Graduate Transient Admission

Students who are currently enrolled in a graduate program at another university may take courses at Georgia Southern University as a transient student. To be admitted as a transient student, the student must submit an application (selecting “Graduate Transient” status), and a certificate of good standing from the appropriate official from the home institution or a current transcript. A student is admitted under this classification for one semester only and must be readmitted under this classification each subsequent semester in transient status.

Special Admission for Students Age 62 and Older

Georgia citizens who are 62 years of age or older have the option, as granted by Amendment 23 of the Georgia Constitution, of enrolling in the University without the payment of fees subject to the following conditions:

- Must be a legal resident of Georgia;
- Must be 62 years of age or older and present proof of age at the time of registration;
- Must enroll as a regular student to audit or take courses offered for resident credit; and
- Must pay for supplies, laboratory or fees.

An eligible student may petition for the Senior Citizen Fee Waiver by visiting the website below (click on Senior Citizen Waivers), printing the form, and providing the completed petition and documentation to the Office of the Registrar:

http://em.georgiasouthern.edu/registrar/students/tuitionclassificationfeewaivers/

Individuals who do not qualify as mature students (see below) must also satisfy the following:

- Must meet all Georgia Southern University and University System of Georgia graduate admission requirements;
- The applicant must submit all college or university transcripts;
- If a course of study is pursued to degree, all institutional and system degree requirements must be met.

Graduate Assistantships

Graduate assistantships are essential to the success of the graduate programs at Georgia Southern University. The assistantship not only enables the student to complete the program of study in a timely fashion, but also affords the opportunity to be involved in full-time study at the University. Graduate assistants enliven the academic environment of the university by adding to the community of scholars within the institution. A graduate assistant is a graduate student who is appointed to a Teaching Assistantship.
Assistantship, Research Assistantship, Graduate Assistantship, or Doctoral Fellowship and receives a stipend and a tuition waiver.

Definition

A graduate assistant is a graduate student employee appointed to the position title of Teaching Assistant (TA1 or TA2), Research Assistant (RA) or Graduate Assistant (GA). These are defined according to the emphasis placed on the student employee’s teaching, research, or general experience. Appointments and initial stipend are determined on the basis of academic background, prior experience, scholarship, and general potential. All graduate assistants receive a tuition waiver of the standard in-state and out-of-state tuition but must pay a reduced matriculation fee of $25 per semester along with all assessed university fees. Some programs are approved to charge a premium tuition rate that is not covered by the standard tuition waiver.

Financial Aid and Veteran Benefits

To qualify as a full-time graduate student for financial aid and veteran benefits, a student must be enrolled in the required number of credit hours set by regulations governing financial aid or veteran benefits. Students should contact the Financial Aid Office or the Office of Veterans Affairs in the Office of the Registrar for information about minimum enrollment requirements.

Work Study

Graduate students may qualify for work-study. Applicants must submit the application for work-study to the Office of Financial Aid.

Graduate Teaching Assistant, Level 1 (TA1)

A Graduate Teaching Assistant (TA1) is a graduate student who works under the direct supervision of regular faculty members and may be assigned only to duties related to instruction. A TA1 may not have primary responsibility for a course or serve as the instructor of record, but may assist in the instructional process by serving as a discussion leader in breakout sections, grade papers, proctor exams, or assist the primary instructor of record in other ways. The department chair and graduate program director shall determine that the credentials of a student assigned as TA1 qualify the individual to assist in instruction activities.

Graduate Teaching Assistant, Level 2 (TA2)

A Graduate Teaching Assistant (TA2) is an advanced graduate student who is given primary responsibility for teaching courses and may have autonomy for assigning grades and providing laboratory instruction/ setup as part of a regularly scheduled course. A TA2 must be under the supervision of a Georgia Southern faculty member that teaches in the discipline, but the student may be listed as instructor of record. A TA2 must have completed 18 credit hours of graduate course credit hour in the discipline and must have completed training, which consists of centralized training offered by the Center for Teaching Excellence (CTE) or decentralized training within the academic program. Decentralized training must have prior approval from COGS, CTE and the Office of the Provost. TA2s may also be required to participate in additional in-service training within their College or Department, as determined by their Program. The department chair and graduate program director shall determine that the credentials of a student assigned as TA2 qualify the individual to undertake the assignment of instruction and must submit all required documentation to the Office of the Provost.

Graduate Research Assistant (RA)

Graduate Research Assistant (RA) is a graduate student whose responsibilities are other than teaching. An RA position is one that allows a graduate student to conduct research of a scholarly nature, normally under faculty supervision. Services provided by a research assistant may include, but is not limited to, the production and analysis of data, the development of theoretical analyses and models, the production or publication of scholarly journals and research reports to develop his or her own research agenda and for the benefit of the University, faculty or academic staff supervisor, or granting agency.

Lab Assistants, Level 1 (LA1)

Graduate students appointed to the position of LA1 may not have primary responsibility for a lab or serve as the instructor of record, but may assist in the instructional process by assisting in a lab or assist the primary instructor of record in other ways. The department chair and graduate program director shall determine that the credentials of a student assigned as LA1 qualify the individual to assist in instruction activities.

Lab Assistants, Level 2 (LA2)

Graduate students appointed to the position of LA2 will have completed more than 18 hours of graduate course credit in the appropriate discipline and will have completed centralized training facilitated by the College of Graduate Studies. LA2s may have primary instructional responsibility for a lab and may have autonomy for teaching, assigning grades, and providing laboratory instruction/setup as part of a regularly scheduled course. LA2s must be under the supervision of a Georgia Southern faculty member that teaches in the discipline. The department chair and graduate program director shall determine that the credentials of a student assigned as LA2 qualify the individual to undertake the assignment of instruction.

Graduate Assistant (GA)

A Graduate Assistant (GA) is a graduate student who provides general administrative support to academic and administrative units within the University. The assigned duties to the GA should be relevant to the graduate program and the professional goals of the student whenever possible.

Graduate assistants, regardless of their functional classification as TAs, RAs or GAs, are to work under the supervision of faculty who are experienced and knowledgeable in their field. Supervision of graduate assistants includes providing appropriate training prior to and during the assistants’ assumption of responsibility for assigned tasks. Academic and non-academic units of the University may employ graduate assistants. Funding for the graduate assistantship may come from allocated funds (provided to the unit from the College of Graduate Studies for the purpose of assistantship support) or from unallocated funds (provided separately by the department or other budgetary unit).

Doctoral Fellowships (Assistantship)

A limited number of Doctoral Graduate Assistantships may be awarded by the respective colleges/department that house doctoral programs. Doctoral Graduate Assistantships are awarded on a competitive basis by the college/department and may include an annual appointment as determined by the college.

Eligibility

Assistantships may only be awarded to graduate students who have unqualified admission to the College of Graduate Studies under the “Regular” (not Provisional) classification to a degree seeking program. Qualifications to hold a Graduate assistantship include:

Graduate Assistantships

264
The head of the academic unit makes appointments of graduate assistants. The dean of the college in which the academic unit is located and the Director of Graduate Studies must approve appointments subsequently. The head of the academic unit offering the assistantship is responsible for making the offer of appointment in an official letter. At the time assistantship offers are accepted, the heads of the appointing units should provide recipients with a copy of any applicable departmental policies relating to graduate assistants.

All graduate assistants must be registered for classes prior to the first day of classes for each semester. A graduate assistant who withdraws or drops a course resulting in the registration total to fall below full-time will lose the assistantship, and the student will be required to pay full tuition and fees for the remaining number of enrolled credit hours. Graduate assistants are not permitted to enroll in courses for which they are assigned assistantship responsibilities and may require special permission to enroll in courses that are not part of their program of study.

Workload and Responsibilities

A normal workload for a full-time graduate assistant is twenty (20) hours per week. Federal law generally limits the number of hours that international students can work on campus to twenty (20) hours per week in the fall and spring semesters. The Director of Graduate Studies may grant exceptions to this limitation. The standard starting date for a graduate assistant shall be one week before the first day of classes and the standard ending date shall be the last day of final exams. Students on assistantships may not otherwise be employed at Georgia Southern University.

Compensation

The stipend for a full-time graduate assistantship is determined by the department/unit awarding the assistantship, with the minimum amount being determined by the College of Graduate Studies. A graduate student to whom an assistantship is awarded will receive a waiver of standard tuition (in- and out-of-state if student is classified as a non-resident). A graduate assistant is required to pay a $25 matriculation fee each semester of enrollment while holding an assistantship. Graduate assistants are responsible for paying all University Fees including the Institutional Fee, Health Insurance Premium, and the Technology Fee each semester.

To appoint a graduate assistant, the unit must have the necessary funds to cover the assistantship stipend and must meet the qualification to conduct the assistantship activities prescribed by the department.

Tuition Waivers on Sponsored Programs

If funding for an assistantship is derived from an external source (e.g. sponsored programs), a tuition waiver is not granted and either the student or the external agency is responsible for full tuition, including any fees and premium tuition.

In some cases, a tuition waiver for RAs may be provided, and in rare cases TAs, receiving full stipend supported from funding received by the Office of Research Services and Sponsored Programs. Graduate students supported by sponsored programs must meet and maintain enrollment and eligibility requirements and work only on tasks towards the sponsored program. If modifications to the sponsored program exclude the graduate assistant from working on the project, the principal investigator is responsible for issuing a termination notice for the position.

Graduate Assistant Health Insurance Requirement

All graduate students receiving a tuition waiver as a result of a graduate assistantship or doctoral fellowship are required to have health insurance that is provided through the University System of Georgia Board of Regents approved provider.

Graduate Assistant Appointment Duration

In most cases, assistantship appointments should be made for an academic or fiscal year so that employing units and assistants can plan
effectively. In some instances, appointments may be made for one semester only. To be eligible for reappointment, the assistant must have maintained eligibility and must have received acceptable performance evaluations from their immediate supervisor.

**Deadline**

March 1 is the deadline for the receipt of graduate assistantship applications by the College of Graduate Studies to receive priority consideration for employment during the upcoming fall semester. A student’s acceptance of a graduate assistantship for the next academic year constitutes an agreement, which the College of Graduate Studies expects the student to honor. If the student accepts the offer and subsequently desires to withdraw, the student may submit, in writing, a resignation of the appointment within two weeks after accepting the offer. However, an acceptance given or left in force after this date prevents the student from accepting another offer without first obtaining a written release from the College of Graduate Studies.

**Termination and Resignation**

A graduate assistant will be ineligible to continue and/or will be terminated if any of the following conditions occur:

- Placed on academic probation.
- The cumulative graduate GPA falls below 3.0 (3.25 for Ed.D. Curriculum Studies students; 3.50 for Ed.D. Educational Leadership students).
- An “I” grade has not been cleared by the end of the next semester after which it was recorded. This includes summer.
- The graduate assistant does not meet the mandatory insurance policy.
- Full-time enrollment is not maintained.
- Assistantship responsibilities are not performed in a satisfactory manner.
- Loss of unit or department funding.

If a graduate assistantship is terminated or resigns, the student loses the assistantship tuition waiver and is assessed the full tuition and fee amount for the term.

All graduate assistants should receive prior written notice of termination, with a minimum expectation of two weeks’ notice. Failure to satisfactorily perform work assignments in particular needs to be documented in writing prior to the dismissal notification. Additionally, the University reserves the right to terminate a graduate assistant if, in the sole discretion of the Director of Graduate Studies, the circumstances of a particular situation warrant such action.

The College of Graduate Studies and the department/unit to which the student is assigned have the joint responsibility to ensure that appropriate procedures are followed before termination of the assistantship. A student choosing to resign or terminate employment must submit a letter of resignation to the Director of Graduate Studies through the Department/Division Chair of the employing unit.

**Graduate Assistant Rights**

Graduate assistants are granted rights as outlined in the American Association of University Professors’ Statement on Graduate Students. Graduate assistants must be notified in writing of all decisions that affect their status as temporary student employees. They will be given advanced notice of evaluation procedures and must receive notice of reappointment procedures in time to permit preparation of their assistantship applications. All graduate assistants, regardless of classification as RAs, TAs or GAs, have access to appeal and grievance procedures operative to the University. Appeals resulting from academic decisions are usually directed to the unit responsible for the decision. An unfavorable ruling may be appealed to successive levels in the University and ultimately to the Board of Regents of the University System of Georgia. Information on appeals of academic matters may be obtained from the College of Graduate Studies.

Complaints of discrimination based on race, color, religion, national origin, sex, age, handicap, or veteran’s status may be heard through the University’s Grievance Procedures. Under these procedures, a grievance panel will also hear complaints that allege deviation from official University policy.

**Graduate Full-Time Status Exception**

Requesting a Full-Time Status Exception pertains to higher contact hours for programs that are required to include a, practicum, clinical rotation or extended internship. Any program wishing to apply for an exception to the Full-Time Status criteria outlined in the Graduate Catalog must apply through the process outlined below. It is important to note the dates of the Enrollment Management Council (EMC) meetings, and the Graduate Curriculum Committee deadlines for catalog changes when drafting the Full-Time Status Exception proposal. The exception request will follow the curriculum process with the additional review from the Enrollment Management Council. Program faculty are invited to attend the Enrollment Management Council meeting if questions arise when the program proposal is reviewed.

**Exception Approval Process**

In regards to this Exception proposal, two questions will be added on the Program Change form available through Courseleaf. By answering ‘Yes’ to one of the questions, the proposal will be sent to EMC for review:

1. Are program capacity limitations involved in the approval?
2. If the program wishes to request a full-time status exception?

Full-Time Status Exception proposals must include:

- A justification for the exception (why is it necessary?)
- A degree map for the program that includes total credit hours and contact hours per semester
- If a higher number of contact hours is a part of the justification, an explanation for the need for these additional contact hours must be included (i.e. accreditation, licensure, or certification requirements)
- The number of students impacted by the proposed exception
- Impact analysis and accompanying mitigation strategies on the following:
  - Student progression and graduation
  - Student debt load
  - Graduate assistantship availability.

Exception requests that primarily use the following justifications are more likely to be denied:

- Graduate assistants (requiring nine credit hours) being out of sync with a program cohort model based on six credit hours per semester
- Lowering the full time status requirement only in order for students to be eligible for federal financial aid with fewer credit hours
- Graduate programs degree maps intentionally structured where students are expected to take less than nine credit hours and are within normal contact hours (i.e. cohort model programs for working professionals)
- Graduate programs degree maps intentionally structured where students take fewer credit hours in the final semester, creating federal financial aid eligibility issues during that final semester.
How to Apply

The application for admission may be accessed from the COGS web site (http://cogs.georgiasouthern.edu/admission). Departments and schools in which graduate degree programs are offered set requirements to complete an application. All application documents, including official test score reports, letters of recommendation and other required supporting documents, should be received in the Office of Graduate Admissions by the stated application dates for the application to receive admission review. All application documents must be received by the application deadline for the application to be considered. The applicant must submit a transcript from each college or university previously attended. A transcript is required even if the courses from one school appear on the transcript of another school. Official transcripts must be submitted by all applicants offered admission and are required for each college or university attended. All application documents become the property of Georgia Southern University and may not be forwarded to a third party or returned to the applicant. The applicant must indicate if he/she is applying for a graduate degree program, certificate program, non-degree or transient admission, and must indicate a specific graduate major area of study that is offered at Georgia Southern University.

Application documents are electronically available to the academic departments for their review and recommendation.

Application Deadlines - College of Graduate Studies

Application deadlines vary by program and are specific to a given semester to which each program admits applicants. Application deadlines are also subject to change. Therefore, applicants are encouraged to check the application deadline (http://cogs.georgiasouthern.edu/admission/GraduatePrograms/gradprograms.php) for the program in which they are interested. All items required for admission must be received by the published deadline. International applicants should apply significantly in advance of the deadline to allow time for the arrival of any required admission items via international mail. For those programs with rolling admission, in general, priority deadlines are specified below:

U.S. Citizens/Naturalized Citizens

Fall Semester
March 1 (Priority)
July 1 (Final Deadline)

Spring Semester
October 1 (Priority)
November 15 (Final Deadline)

Summer Semester
March 15 (Priority)
April 1 (Final Deadline)

International Students

Fall Semester
March 1 (Priority)
June 1 (Final Deadline)

Spring Semester
October 1 (Final Deadline)

Summer Semester
February 1 (Final Deadline)

Admission to the College of Graduate Studies is competitive. Applicants are encouraged to submit application materials by the Priority Deadline. Priority is for students seeking financial aid, scholarships, and assistantships. Applications received after the Final Deadline may be considered by the Program Directors on a case-by-case basis.

Graduate Application Process

Applicants are responsible for submitting all materials required for admission. These items include, but are not limited to, the following: application for admission, application-processing fee, transcripts, standardized exam scores, letters of recommendation, and any supplemental material required by the department and/or program.

While certification of finances forms (international applicants only) may be submitted during the application process, the documents are forwarded directly to the Center for International Studies and are not used to determine academic admissibility. All application materials, unless otherwise specified, should be provided electronically at the time of submitting the on-line application for admission to the Office of Graduate Admissions. Only those application materials required by specific programs not available for electronic submission can be submitted in hard-copy format to the Office of Graduate Admissions or to the academic program. These items must be received prior to the deadline.

An applicant wishing to defer an application to a subsequent semester may submit a one-time request to the Office of Graduate Admissions, as long as the request occurs prior to the start of the original semester of matriculation. After the original semester of matriculation has begun, the applicant must submit a new application and application fee to be considered for admission to a future semester. Deferred applications are referred to the department for reconsideration and a new admissions recommendation.

The College of Graduate Studies will refuse admission to applicants whose files are incomplete after the beginning of the semester of expected matriculation and when the applicants have not requested deferrals to future semesters. The application and supporting documents become the property of the University and cannot be returned or forwarded elsewhere.

Domestic (U.S. Citizens and Resident Alien) Applicants

Must fulfill the following requirements.

- Submit a completed on-line Graduate Application for Admission Form.
- Pay the $50.00 non-refundable application fee (subject to change).
- Submit official transcripts from each college or university previously attended. Transcripts must be designated as official and sent directly from the institution(s) previously attended to the Office of Graduate Admissions. Transcripts marked “Issued to Student” will not be accepted as official. Applicants who have attended Georgia Southern University are not required to submit official Georgia Southern transcripts. Applicants who attended foreign institutions not regionally accredited by a US regional accrediting body are required to have transcripts evaluated by a member of the National Association of Credential Evaluations Services, Inc. (NACES).
- Provide official test scores as required for the selected program. Scores must be within the last five years (two years for the TOEFL/IELTS) and sent directly from the testing agency to the Office of Graduate Admissions.
- Submit the Certificate of Immunization Form. (Not required for applicants in fully on-line programs.) This form should be completed and sent directly to the Office of Health Services.
• Provide other documents as required by the department, college, or program. These may include letters of reference, personal statement, or letter of intent. See http://cogs.georgiasouthern.edu for information on program specific requirements.
• Applicants who are applying for a graduate assistantship must complete the Graduate Assistantship Application.

International Graduate Applicants

All international students admitted to the College of Graduate Studies must demonstrate the same level of achievement as U.S. students. They must have an outstanding undergraduate record, have the demonstrated ability to do graduate work, and give evidence of language proficiency sufficient for the pursuit of a graduate degree. International applicants must qualify for “Regular” admission and may not be granted “Provisional” admission. International applicants are not granted non-degree admission status unless holding an immigration status that permits non-degree admission. Questions about the qualifications of international students should be directed to the College of Graduate Studies.

International applicants for admission to the COGS must submit the following:

• Completed on-line Graduate Admission Form.
• $50.00 non-refundable application fee (subject to change).
• Certified copy of diploma and certified English translation of diploma. This must be sent directly from the institution(s) previously attended to the Office of Graduate Admissions.
• Certified original and English translations of transcripts. Transcripts designated as official must be sent directly from the institution in a sealed envelope to the Office of Graduate Admissions. Transcripts marked “Issued to Student” will not be accepted as official. Applicants who have attended Georgia Southern University are not required to submit official Georgia Southern transcripts. Applicants are required to have transcripts evaluated by a member of the National Association of Credential Evaluations Services, Inc. [NACES].
• Official test scores as required for the selected program. Scores must be current, within the last five years, and sent directly from the testing agency to the Office of Graduate Admissions.
• Official TOEFL or IELTS scores not more than two years old.
• SEVIS Data Form. This form should be completed and sent directly to the Center for International Studies.
• Certified Bank Statement (not more than six [6] months old) confirming finances. (See page 1 of the SEVIS Data Form for specifications.) This statement should be completed and sent directly to the Center for International Studies.
• Other documents as required by the department, college, or program. These may include letters of reference, personal statement, or letter of intent. See http://cogs.georgiasouthern.edu for information on program specific requirements.
• Applicants who are applying for a graduate assistantship must complete the Graduate Assistantship Application.

International applicants admitted must submit the completed Certificate of Immunization Form to the Health Services Office to be eligible to register for classes.

Credentials evaluated by any U.S. agency that is a member of the National Association of Credential Evaluation Services, Inc. (NACES) may be presented. The evaluation must be sent directly from the agency to the Office of Graduate Admissions. Three such agencies are:

International Students

Course Load - International Graduate Students

US immigration law requires international students on a student visa to participate in a full course of study which consists of nine (9) credit hours for most majors. In addition, at least six (6) of those credit hours must require physical presence in a classroom or other designated location. Failure to maintain full-time study will result in the loss of immigration status, and the student may be required to leave the United States. Questions regarding the effect of course load upon immigration status should be directed to immigration advisors in the Center for International Studies.

Financial Assistance - International Graduate Students

Graduate Assistantship - International students may apply for Graduate Assistantships.

International Diversity Scholarship - Georgia Southern University also offers a limited number of International Diversity Scholarships (Out-of-country tuition waivers) to exceptional international graduate students. The International Diversity Scholarship will waive the assessment of the non-resident (out-of-state) tuition but students will be assessed in-state tuition.

Visa Information - International Students

The University will issue an I-20 or DS-2019, whichever is appropriate, after the applicant has been fully admitted and all required financial documentation has been submitted. These documents permit the applicant to apply for the appropriate student visa from a U.S. embassy if outside the United States or transfer schools or apply for a change of status if within the United States. Note that immigration law restricts the time between completing a degree or practical/academic training and having a new I-20 or DS-2019 issued to 60 and 30 days respectively and classes must start within five months.

International Graduate Student Advisor

The Office of International Programs and Services at Georgia Southern has experienced and qualified advisors available to help international students with maintaining immigration status and becoming oriented to campus. Advisors are available for advice and support, and a full social and cultural program is available. To help students successfully adjust, international graduate students are required to attend orientation...
with the Office of International Programs and Services, which is usually scheduled the Friday before classes begin.

**Graduate Student Health Insurance**

All international students are required to have adequate student health insurance as determined by Georgia Southern University. A health insurance plan is available through the University. Charges for this insurance will be on the student's invoice and collected with other University fees. Insurance for families is available at a significantly higher cost. Students, who can prove that they have health insurance, equivalent to or better than the Georgia Southern University student insurance plan, may apply for a waiver of the University insurance. Students seeking a waiver must complete an insurance waiver form available from the Center for International Studies prior to arrival in the United States. Proof of health insurance is required before a student may register for classes.

**English Proficiency for International Students**

International applicants and U.S. Citizens whose native language is not English must demonstrate English proficiency. Prior to consideration for admission, international applicants whose native language is not English must take and post acceptable scores on the Test of English as a Foreign Language (TOEFL) (http://www.ets.org/toefl) or the International English Language Testing System (IELTS) (http://www.ielts.org) unless they have received a degree from an accredited college or university in the United States, the United Kingdom, Canada (except Quebec), Australia, or New Zealand. The TOEFL and IELTS examinations are administered at various times of the year and in many centers throughout the world.

A score of at least 75 (internet-based test, iBT) or 573 (paper-based test) on the TOEFL and 6.0 on the IELTS is normally required to be considered for regular admission to the College of Graduate Studies. The official TOEFL and the official IELTS scores may not be more than two years old. Those who do not meet the minimum proficiency standard may be recommended for enrollment in University English courses or for English courses offered by the English Language Program (ELP) on campus. Successful completion of Intensive English Programs (IEPs) at other English Language Program (ELP) providers will be considered on a case-by-case basis.

Certain graduate programs may require a higher TOEFL or IELTS exam score to be considered for admission.

**Other Outside Sources of Financial Aid**

Many foundations, companies, and other groups have established scholarship or loan programs for use by Georgia Southern University students. To review these, access the Georgia Southern University Office of Financial Aid website at http://em.georgiasouthern.edu/finaid/types-of-aid/scholarships. Other helpful websites to use in searching for external scholarships may be found on our financial aid website under Types of Aid at http://em.georgiasouthern.edu/finaid/external-scholarships/.

**Transfer Credit**

A graduate student may transfer graduate credit from a regionally accredited institution. Additionally, graduate credit from the American Council of Education (ACE) for National Board Certification may be accepted for elective credit hour(s) in a Master's or Education Specialist's program of study. Up to nine (9)1 transferred credit hours (unless otherwise noted by the program of study) may apply toward a Master's or Education Specialist's degree provided the following are met:

• The institution offers the graduate degree program for which the student has been admitted at Georgia Southern University. (Not required for transfer of ACE transcript credit.)
• An official transcript is sent directly to the College of Graduate Studies from the institution in which the graduate work was taken.
• The credit earned should be no more than seven (7) years prior to the date of completion of the graduate degree.
• The student's advisor or major professor has to approve the transfer credit as a part of the student's approved program of study.
• A student pursuing a graduate degree at Georgia Southern University who plans to take graduate courses at another institution as a transient student must complete a Graduate Student Transient Permission Form, which must be approved by the advisor or major professor and the College of Graduate Studies prior to enrolling in the transient courses. This procedure insures that courses taken as a transient student at another institution will constitute a part of the planned program of study. Students who take courses without prior approval are doing so with the possibility that the course may not count in the degree program.
• A degree candidate may not graduate at the end of a term in which he/she is enrolled as a transient student at another institution. The student, upon request, will be furnished a statement that all requirements for the degree have been completed when the said requirements have been satisfied.
• No grade lower than a “B” in a course earned at another institution may be accepted in transfer to count toward a graduate degree at Georgia Southern University.

1 Each College of Education program involved in a USG franchise program will allow for additional graduate course credit hours to be received from other USG institutions involved in the respective franchise. The maximum number of transfer credits allowed will be identified by the specific program, ranging from 9 to 27 credits, and will be published in program materials.

**Graduate Student Organization**

The Graduate Student Organization (GSO) is committed to representing and supporting the interests of all current and prospective graduate students at Georgia Southern University and seeks to support scholarly activities as well as promote social opportunities for the development of graduate students.

There are two sub-divisions of the GSO - Graduate Student Organization - Statesboro Campus (GSO-S) and Graduate Student Organization – Armstrong Campus (GSO-A). The members are elected by application and nomination process. The GSO Councils are the main governing bodies of the GSO and their duties include, but are not limited to, reviewing and providing decisions for grant proposals, running GSO meetings, planning and sponsoring social and professional development events for graduate students. The GSO Councils accepts grant proposals for research and conference travel to the Graduate Student Professional Development Fund each semester.
In addition to the Colleges, several other departments or agencies within Georgia Southern University enhance the academic life of the University.

**Introduction**

This section of the catalog offers an alphabetical listing of graduate courses offered at Georgia Southern University, along with the college in which that course is taught. Prerequisites, Corequisites, and Cross Listings are noted at the end of each description. Graduate courses, in general, begin with a 6, 7, 8, or 9. Courses numbered "5000" followed by a "G" are also graduate courses. (See "Course Numbering" below).

**Course Numbering System**

In general, the **first digit** of the course corresponds to the level of the class.

5  | dual Undergraduate/Graduate
6  | Lower Division Graduate
7-8| Upper Division Graduate
9  | Doctoral Level Graduate

The **second digit** in the course number indicates the course type.

1-5 | Traditional course format/Example: Lecture and Lab
6   | Seminar
7   | Internships and Practica
8   | Independent Study
9   | Research
0   | Topics Courses

The **fourth digit** indicates the sequence of the course.

A 5000 course number followed by a "G" indicates a Graduate course.

AAST Africana Studies

AAST 5233G  The American City
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An examination of American urban development from the colonial period to the present with particular attention paid to migration, architecture, technology, politics, transportation, and urban culture in the late nineteenth and twentieth centuries. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): AAST  5233, HIST  5233, HIST  5233G.

ACCT Accounting

ACCT 5232G  Managerial Accounting III
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Continues the study of management accounting by focusing on current topics in the areas of 1) controllership, 2) applications and implications of modern costing and management accounting techniques, including advanced costing techniques, performance measurement, and process analysis, and 3) the legal, corporate and professional responsibilities of accounting departments. Specific topics may vary from year to year. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in ACCT  3231 or permission of the School of Accountancy director.
Cross Listing(s): ACCT  5232.

ACCT 6130  Accounting and Control
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides an overview of financial and management accounting. It illustrates how financial accounting information is generated, analyzed, and used for external reporting purposes and how management accounting information is used in management decision making. Differences in accounting practices between and among nations are also explored.
Prerequisite: Admitted to the Masters of Accounting program or permission of the School of Accountancy director.

ACCT 7130  Seminar in Financial Accounting
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of business combinations, consolidation of financial statements of affiliated companies, multinational operations, foreign currency transactions, translation of foreign currency financial statements, reporting disaggregated information, and interim financial statements.
Prerequisite(s): A minimum grade of "C" in ACCT  4133 and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7131  Selected Topics in Accounting
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in existing graduate courses. The scope and the nature of the material covered is determined in consultation with the faculty sponsor.
Prerequisite(s): Admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7132  Theory of Accounting
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of historical and contemporary developments of accounting theory, policy, and reporting procedures. The objectives of financial reporting are reviewed within the conceptual framework of accounting and the accounting standard setting process. Particular emphasis is placed on financial accounting theory formulation and the application of accounting theory to selected contemporary issues.
Prerequisite(s): Admitted to the Masters of Accounting program, or permission of the School of Accountancy director.
ACCT 7134  Financial Reporting and Analysis
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course focuses on the interpretation of financial statement information for decision making. Topics include understanding the importance of industry context and the firm’s own strategic choices in evaluating the financial statement; assessing the quality of financial statement information and recognizing situations where more stringent forensic accounting measures might be appropriate; evaluating profitability and risk; associating subsets of the available analytical tools with the kinds of decisions for which they are most appropriate; and recognizing the effects of GAAP on the input variables of various firm valuation models. Includes coverage of recent relevant legislation and pronouncements of the FASB, SEC and IASB.
Prerequisite(s): Admission to the Masters of Accounting program or permission of the School of Accountancy director.

ACCT 7230  Accounting for Executives
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of financial accounting and reporting, management accounting, and financial control. This course covers generally accepted accounting principles as the basis for financial statement analysis. The course also covers how management accounting information is used in pricing and product mix decisions, in decisions to improve existing activities and processes, and in performance measurement in decentralized operating units.
Prerequisite(s): A minimum grade of “C” and prior or concurrent enrollment in MGNT 7331.

ACCT 7330  Taxation of Corporations and Partnerships
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of the laws of taxation involving the formation, operation, and liquidation of corporations, S corporations, and partnerships.
Prerequisite(s): A minimum grade of “C” in ACCT 3330, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7331  Taxation of Pass-Through Entities
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The federal income taxation of pass-through entities, including partnerships (LLC), S corporations, and trusts and estates. The income tax aspects of each of these entities are examined with regard to formation, operation, allocation of income among owners (or beneficiaries), distributions and liquidation.
Prerequisite(s): A minimum grade of “C” in ACCT 7330 or concurrent enrollment in ACCT 7330, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7332  Multijurisdictional Taxation
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Addresses the increased importance of international, multistate, and ebusines taxation in today’s global environment. Introduces students to the principles guiding nexus, geographic allocation of income, and avoidance of double taxation. Develops an understanding of the U.S. tax rules that may apply to income involving the US and another country, and compares these with the multistate tax rules. Deals with the tax implications of business conducted electronically.
Prerequisite(s): A minimum grade of “C” in ACCT 7330 or concurrent enrollment in ACCT 7330, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7334  Tax Research
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Application of research techniques to income tax and other tax planning; case studies and reports. This course provides the student with the opportunity to analyze, critique, and do practical tax research. Emphasis is placed on research methodology rather than on technical or legal knowledge of the tax law.
Prerequisite(s): A minimum grade of “C” in ACCT 3330, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7430  Seminar in Auditing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Advanced topics in independent, internal, and governmental auditing.
Prerequisite(s): A minimum grade of “C” in ACCT 4430, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7431  Auditing Practice
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Practical and theoretical components are considered related to auditing topics including auditing in the computer environment, conducting auditing research, and report writing.
Prerequisite(s): A minimum grade of “C” in ACCT 7430, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7530  Seminar in Accounting Information Systems
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Develops an understanding and appreciation for the design, analysis, development and implementation of computer-based accounting information systems with an emphasis on control and management issues of this accounting function. Practical application will be examined through computer projects and systems’ cases.
Prerequisite(s): A minimum grade of “C” in ACCT 4130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7634  Fraudulent Financial Reporting
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
While asset theft fraud is well covered in the two fraud examination courses, additional training in financial statement fraud is needed due to the technical nature of accounting and reporting standards. This course demonstrates how financial statement analysis can be used to uncover fraudulent financial reporting. In addition, the most common methods for “cooking the books” will be examined along with strategies for detecting and investigating such schemes.
Prerequisite(s): A minimum grade of “C” in ACCT 4130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

ACCT 7635  Fraud and Society
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the numerous legislative, administrative, and other societal remedies that have emerged in response to white-collar crime. Such remedies encompass securities fraud, environmental crimes, anti-trust violations, bribery, money laundering, and corporate governance (e.g. Sarbanes-Oxley Act of 2002).

ACCT 7636  Expert Witnessing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the role of accountants as either testifying or consulting experts in legal disputes involving professional negligence cases, securities fraud, business/partnership disputes, business interruption losses, business valuations, and marital disputes. Topics include how to communicate opinions effectively at deposition, at trial, and in written report; the law and procedure dealing with experts; ethics; and how to deal with attorneys.

ACCT 7637  Forensic Accounting Capstone
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This capstone course will integrate the forensic accounting knowledge, skills, and abilities learned in previous courses by requiring students to complete practice cases, a fraud examination case simulation, and a pro bono forensic audit for a local business. Students will be expected to demonstrate via the quality of their work product and in-class participation that they have mastered the knowledge, skills, and abilities required to be effective forensic accountants.
Prerequisite(s): A minimum grade of “C” in a maximum of two of these courses: ACCT 7634, ACCT 7635 and ACCT 7636 or permission of the School of Accountancy director.
ACCT 7638 Business Valuation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This class focuses on determining the fair values of individual tangible and intangible assets, as well as the overall value of a business and includes calculating fair values for financial reporting. The three valuation approaches (Market Approach, Income Approach, and Asset Approach) are covered in depth along with the professional standards, developing the cost of capital, and applying valuation adjustments (discounts and premiums).
Prerequisite(s): A minimum grade of "C" in ACCT 4133, and admitted to the Masters of Accounting program or permission of the School of Accountancy director.

ACCT 7639 Cyber Forensics and Data Analytics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the scientific aspects of classic computer forensic tools and technologies used to recover data and conduct appropriate analysis to improve individual computer, networks and mobile technology performance. In cyber forensics these tools and technology are used to facilitate: 1 – Collection of data while preserving the integrity of the data; 2 – Examination of data using manual and automated methods to assess and extract data of interest; 3 – Employ data analytics methods and techniques to derive useful information from relevant data; 4 – Reporting the actions used, how tools and procedures were selected, determine what other actions need to be performed, securing identified vulnerabilities and improving existing security controls. In cyber forensics and data analytics digital evidence is linked to the practical side of financial forensic investigations and includes the use of digital evidence in legal settings.
Prerequisite(s): Admitted to the Masters of Accounting program or permission of the School of Accountancy director.

ACCT 7660 Professional Problems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course is a comprehensive update of accounting regulations, laws, and standards.
Prerequisite(s): Admitted to the Masters of Accounting program or permission of the School of Accountancy director.

ACCT 7730 Internship in Accounting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A supervised work-study program of specified length in selected business and accounting firms.
Prerequisite(s): Admitted to the Masters of Accounting program or permission of the School of Accountancy director.

ACCT 7899 Directed Study in Accounting
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Designed for independent study and research in selected areas of accounting under faculty supervision.
Prerequisite(s): Admitted to the Masters of Accounting program or permission of the School of Accountancy director.

ADED Adult Education

ADED 7110 Psychology of The Adult Learner
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of adults as learners. Emphasis on conditions that affect the adult learner: brain research, adult development, ability, potential, motivation, self-perception, role-identification status, and learning styles.

ADED 7120 Program Planning and Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A technology enhanced, community based initiative logic model course that includes a systematic process of situation analysis, needs assessment, priority setting, program action and evaluation, participants in this course plan and implement a high quality adult education program.

ADED 7170 Research and Grant Writing in Adult Learning
3 Credit Hours. 3 Lecture Hours. 0-9 Lab Hours.
Field-based research in adult learning. Explores needs-based funding sources, including local, state and federal grants.

ADED 7180 Cultural Diversity and Community Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Knowledge of areas of diversity that affect the community. Participants will explore group dynamics, team building strategies and leadership techniques, strategies and skills, and ways to recognize and develop these in group situations through a servant leadership framework.

ADED 7250 Training & Development In the Workplace
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines foundations, practices, and application of training and development in the workplace. Students will explore benefits for workplace training, history, current trends, characteristics, definitions, theories, and research associated with workplace development.

ADED 7260 Issues and Strategies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines causal factors contributing to adult literacy and undereducation. Students will explore the underlying political and cultural causes of literacy relevant to designing educational programs (curriculum) for adult learning. Community action and learning processes in a variety of global community settings with emphasis on literacy levels is also studied.

ADED 7310 Online Learning Environment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of emergence of online learning environments as viable alternatives to traditional classroom instruction. Topics will include theoretical, conceptual, instructional and technical framework of implementing and using OLEs to support the learning paradigm. Basic technology and pedagogical implications of distance education explored: the Internet, asynchronous/synchronous communication tools, methods of instruction, online tools to support learning and instruction, design of OLE, facilitator and learner evaluation and assessment of distance education technologies.

ADED 7500 Workplace Application
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Application of adult education theory and practice in an adult education setting.

AFAS African American Studies

AFAS 5000G Topics In African American Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Special topics in African American Studies. Will be offered in conjunction with selected upper level courses in the university curriculum when content of those courses address issues related to African American studies.

ANTH Anthropology
ANTH 5091G Selected Topics in Anthropology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Various topics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): Anthropology majors must have a minimum grade of “C” in ANTH 1102.  
Cross Listing(s): ANTH 5091.  
ANTH 6091 Selected Topics in Anthropology 1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Various topics.

ANTH 6131 North American Archeology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An introductory course on the archeology of North America. Concentrates on the prehistory and protohistory of Native Americans as well as introducing students to the history of North American archeology.

ANTH 6135 Cultural Resource Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Cultural Resource Management (CRM) deals with the research, conservation and management of cultural resources within a regulatory framework. Most archaeologists will spend some or all of their careers working on CRM projects in the private sector or for a government agency. This course will provide an overview of the scope and practice of CRM work by archaeologists.

ANTH 6231 Methods and Theory in Archeology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examination and application of current topics in archeology relating to excavation strategy and interpretation. Analyzes various theoretical approaches as well as field techniques.

ANTH 6233 Zooarcheology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An introduction to the analysis of animal remains from archeological sites. Emphasis will be placed on the identification of specimens and the methodologies of interpretation.

ANTH 6235 Advanced Archeological Analysis  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An advanced course in the analysis of archeological sites and materials. In-depth examination of certain types of archeological materials. Students also learn about the conservation of archeological materials.

ANTH 6262 Field Session in Archeology 3-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
On-site participation in the excavation of an archeological site including training in the physical and observational techniques of the extractive processes of archeological excavation. Experience in excavation, analysis, recording, and interpretation of archeological materials is provided.

ANTH 6351 Anthropology of Language and Gender 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will examine the cross-cultural use of language as a central aspect in the construction, negotiation and performance of gender, and will provide students with an understanding of the complexities of language and gender from an anthropological perspective.

ANTH 6638 Proseminar in Social Science  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course introduces students to the foundations and controversies in social scientific research.  
Cross Listing(s): POLS 6638, SOCI 6638.

ANTH 6690 Archeology Field Supervision  
3-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
This course is designed to give students who have already completed an archeological field experience a supervisory role in field investigations. They will be expected to participate in supervising pre-field preparations, fieldwork and post-field wrap-up.

ANTH 7434 Quantitative Research Design  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Study of the role of theory, research design, sampling, measurement and instrumentation, data collection, and ethical issues related to social scientific research.

ANTH 7436 Qualitative Research Design  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Analysis and practice of qualitative methodology in social science. Topics may include participant observation, ethnographic methods, interviews, case studies, content analysis, archival research and other innovative techniques.

ANTH 7631 Seminar in Anthropology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course explores selected topics of contemporary relevance in anthropology which reflect the expertise of anthropology faculty and which are relevant to individual or small groups of students in their course of specialization in the graduate curricula of the University.

ANTH 7632 Seminar in Archeology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course explores selected topics in archeology of interest to individual or small groups of students which are relevant to their course of specialization in the graduate curricula of the University and which reflect the expertise of anthropology faculty.

ANTH 7638 Social Theory  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

ANTH 7790 Practicum  
1-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
This course is designed as an educational placement to give graduate students a practical experience in a vocationally-appropriate setting.

ANTH 7891 Independent Study in Anthropology  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Independent examination of graduate course topics offered in the anthropology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies.

ANTH 7999 Thesis 1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Planned research and writing directed by the student’s thesis advisor.

ART Art

ART 7151 Design Activism  
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.  
Students work together as one unit to investigate current social issues and how to bring about social change through design.

ART 7152 Design & Semiotics  
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.  
Theoretical and Philosophical principles of signs, signifiers and what is represented is applied to the study of how meaning is created in graphic design. Investigated through studio projects, students will create work that anchors or relays meaning in visual communication.

ART 7153 Design Explorations  
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.  
Theoretical and practical application of design problems.

ART 7154 Design for the User  
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.  
Focus is placed on the relationship between the user and the principles of tangible design. Coursework includes research of existing problems in design, what are the needs of the user, and how design can be restructured to fill those needs to improve user experience.

<th>Lecture Hours</th>
<th>Lab Hours</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ART 7190</td>
<td>Graduate Studio Practice</td>
<td>3-6</td>
<td>2</td>
<td>0</td>
<td>Intensive studio practice provides the structure for candidates to pursue creative research in order to expand the depth and complexity of their studio based line-of-inquiry, as well as their ability to critically evaluate, understand, and develop their work in the context of contemporary art issues and interdisciplinary practices. Course may be repeated for credit.</td>
</tr>
<tr>
<td>ART 7251</td>
<td>Design Communication</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>This course explores the problem-solving methods when fusing verbal and visual language into one cohesive body of work. Coursework will emphasize critical readings and analysis of design theories.</td>
</tr>
<tr>
<td>ART 7252</td>
<td>Design Systems</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>Advanced explorations in branding and brand elements. Students will research critical issues in branding while developing a pliable brand that spans into a variety of collateral.</td>
</tr>
<tr>
<td>ART 7253</td>
<td>Design Forms</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>Advanced experimentation of visual forms and aesthetics in design and how it impacts user interpretation and meaning.</td>
</tr>
<tr>
<td>ART 7254</td>
<td>Design of Information</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>Advanced exploration into the theory and practice of information design. Students will research types of information, different information structures and how information can impact meaning and effectiveness.</td>
</tr>
<tr>
<td>ART 7351</td>
<td>Design Methods</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>Advanced exploration of a variety of methods used to solve visual problems. This can include, but are not limited to, metaphor, rhetoric, deconstructive theory, and narrative.</td>
</tr>
<tr>
<td>ART 7352</td>
<td>Design and Typographic Form</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>This course will integrate typographic theory in graphic design practice. Using typographic skills students will effectively apply type within various contexts, such as print, web, informational, poetic. This course will emphasize the importance of content, audience and purpose.</td>
</tr>
<tr>
<td>ART 7353</td>
<td>Design Ethics</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>This course explores ethical issues relating to the current design community, from the graphic designer's relationship to other designers, to the clients of design, and the general public.</td>
</tr>
<tr>
<td>ART 7354</td>
<td>Design Issues</td>
<td>3</td>
<td>2</td>
<td>3</td>
<td>This course explores critical issues within the design profession, and their impact on design and society. Students will become more aware of their priorities and goals as working designers, and develop broader awareness of their place as designers; and design?s place in the culture. Issues reviewed in coursework will further graduate students? positions as responsible leaders within the professional community.</td>
</tr>
<tr>

**ARTH Art History**

**ARTH 7231** Art and Architecture of the Ancient World  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will encompass a study of the visual arts, primarily sculpture, painting, and architecture, both secular and religious, of the ancient world from Prehistoric times through circa 350 CE, with an emphasis on the art of Greece and Rome. A historical and cultural background will be provided to lay a contextual groundwork for the more specific information of the works of art and architecture. The material will begin with the examination of the earliest artistic creations by humankind in the Paleolithic era, proceed with the works of the ancient Egyptian, Greek, Etruscan, and ancient Roman cultures, and conclude with the conversion of the Roman Empire to Christianity and to the era known as Early Christian. The class will be held in a lecture format with images projected during lecture for a combination of visual and verbal information.

**ARTH 7232** Medieval Art  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will encompass a study of the visual arts in Europe, primarily sculpture, painting, and architecture from the fall of the Roman Empire to the thirteenth century. While some secular works will be covered, primarily the course will address Christian art because of the Church's strong sway in the Medieval world. The class will be held in a lecture format with images projected during lecture for a combination of visual and verbal information.

**ARTH 7233** Italian Renaissance Art  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will encompass a study of the visual arts, primarily sculpture, painting, and architecture, both secular and religious, from the Italian Renaissance. The course will begin by establishing the artistic traditions of the Medieval era and exhibit how the early Renaissance artists both operated within these traditions and made marked innovations to the visual vocabulary, moves which eventually led to the new individualism of the artist and the renowned works of the High Renaissance, with which we will conclude the semester. The class will address differences in style between many of the Italian cities: Florence, Rome, Siena, Mantua, among others. The class will be held in a lecture format with images projected during lecture for a combination of visual and verbal information.

**ARTH 7234** Baroque and Rococo Art  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will address the visual arts of the Baroque and Rococo periods in both Northern and Southern Europe. The class will primarily cover painting, and sculpture, with the inclusion of some architectural works. The course will begin by establishing the artistic traditions of the Late Renaissance era to lay the groundwork for the revised aesthetic and innovations of the Baroque, and go on to examine further shifts in style as we move into the Rococo. The class will be held in a lecture format with images projected during lecture for a combination of visual and verbal information.
ARTH 7235 19th Century Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the art, artists, and issues in 19th century art through lectures and discussion. Topics for discussion include: Classicism & Romanticism, Representations of other cultures, Issues of gender, Realism, Impressionism & Post-Impressionism, Modernism, Abstraction, and Symbolism. The format of the course is lecture with discussion.

ARTH 7236 20th Century Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course surveys European and American art, artists, and issues/movements in the 20th century. The purpose of this course is to provide an understanding of not only stylistic principles of the century, but also those human values and cultural events which served as inspiration. Lectures, readings, discussions, and assignments focus on the intentions, creative biographies, and historical circumstances of 20th century artists. The format for this course is lecture with discussion.

ARTH 7237 Contemporary Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Through lectures and class discussion, this course explores the development of contemporary art from the 1970s to the present day. We will investigate issues pertaining to contemporary art such as place, memory, consumption, spirituality, identity, power, stories, loss and desire, time, humor, ecology and protest. Course content also considers the nature of "mega-exhibitions" and the changing role of art, artists, and curators as cultural activists; art as the product of economic relations between parties with different vested interests in the material object; visual strategies used in the media and advertising; and the impact of technology on contemporary culture in general and art in particular.

ARTH 7238 African Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Surveys the major themes, cultural groups, and art traditions of Africa. Focuses on materials, functions, meaning and the distinctive aesthetic values of cultural objects and their ritual significance in African societies.

ARTH 7330 American Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the history of American Art from the Colonial Period through the present. Works of art and other forms of material culture will be explored and discussed within the context of philosophical, historical, social, and cultural developments. Attention will be given to the writings of artists and critics, as well as texts by contemporary art historians, historians, and other scholars which illustrate the variety of methodologies and interpretations that are currently being brought to bear on American art, architecture, and material culture. The format for this course is lecture with discussion.

ARTH 7377 Graphic Design Art History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of the history of graphic communications from prehistory to the present, and will evaluate the impact of culture and technology on the development of graphic design in different historical contexts. Content includes the relation of art and graphic design, techniques of graphic representation, current trends, and the importance of graphic communication in contemporary society.

ARTH 7630 Art History Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A seminar-format course on selected topics in art history with emphasis on directed readings and classroom discussion.

ARTH 7899 Art History Travel Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of important art works on location at museums, galleries and other sites. Specific topics and locations to be announced.

ARTH 8630 Art Theory and Criticism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore selected themes and issues in modern and contemporary theory and criticism as they impact the ways in which art is produced, viewed, and assessed. Topics include Realism, Expressionism and Cognitivism, Formalism, Postmodern Pluralism, and more. The format for the course is seminar.
Prerequisite(s): A minimum grade of "C" in ARTH 2531 and ARTH 2532.

ARTS 5300G Issues in Art Education
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Critical examination of educational theory and practice through selected historical and socio-political influences. Examinations of policy, career paths in art education, and global art forms.

ARTS 5400G Art in the Elementary Grades
3 Credit Hours. 3 Lecture Hours. 1-9 Lab Hours.
Planning and implementing arts instruction at the elementary level. Overview of materials, methods, classroom management and technology appropriate to children at different developmental levels in the elementary classrooms. Thirty hours of practicum work is required.

ARTS 5410G Art in the Middle and Second Grades
3 Credit Hours. 3 Lecture Hours. 1-9 Lab Hours.
Planning and implementing art instruction at the middle and secondary level. Overview of materials, methods, classroom management and technology appropriate for the middle and secondary classroom. Thirty hours of practicum work is required.

ARTS 5430G Technology in Art Education
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Examination, development, and use of technological resources for teaching art in pk-12 classrooms.

ARTS 5560G Issues Aesthetics/Art Ed Crit
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to basic issues related to the teaching aesthetics, art criticism, and art history to P-12 students. Students will design, implement, and evaluate developmentally appropriate instruction for teaching these issues.

ARTS 5750G Contemporary Art & Criticism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of contemporary art and art criticism.

ARTS 5668G Special Topics in Art
1-3 Credit Hours. 0-2 Lecture Hours. 0-4 Lab Hours.
A study of topics from selected areas of studio art, art history, or art education.

ARTS 6750 Graduate Internship
4 Credit Hours. 0 Lecture Hours. 4 Lab Hours.
Supervised field-based capstone experience.

ARTS 7900 Independent Study in Art
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Qualified students create a body of art work following research and supervised studio experimentation. Proposed work must be approved in writing by supervising faculty and department head prior to initiation of work.

ASTR Astronomy
ASTR 5090G Selected Topics in Physics
2-5 Credit Hours. 0-5 Lecture Hours. 0-6 Lab Hours.
A course allowing for investigation of selected topics in Astronomy; it will be taught on a one-time basis. Lecture only courses can be for two, three, or five credit hours. For laboratory courses, one credit hour will be given for every three hours spent working in lab. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Prerequisite(s): A minimum grade of "C" in PHYS 2212K.
Cross Listing(s): ASTR 5090.

ASTR 5890G Astronomy Research Experience
1-4 Credit Hours. 0-3 Lecture Hours. 0 Lab Hours.
An independent physics research experience in which a student will investigate a research question under the direction of a faculty member. Students will be expected to maintain a laboratory notebook, prepare a written summary of the research, and give oral presentations. Permission of instructor is required.
Cross Listing(s): ASTR 5890, PHYS 5890, PHYS 5890G.

ASTR 6100 Stellar Astronomy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A review of stellar astronomy. Stars, evolution of stars, galaxies, active galaxies and quasars, structure of the universe, and cosmology. This course is a survey of stellar astronomy but is designed primarily for students enrolled in graduate education programs, and credit may not be earned in both ASTR 3100 and ASTR 6100.

BCHM Biochemistry

BCHM 5201G Biochemistry I
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
An intensive study of the structure and function of proteins, lipids, carbohydrates, nucleic acids, and biological membranes; enzyme mechanisms, regulation and thermodynamics as it relates to biomolecules. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): BCHM 5201.

BCHM 5202G Biochemistry II
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Metabolism and information pathways in the cell. The details of glycolysis, gluconeogenesis, fatty acid breakdown, amino acid oxidation, the citric acid cycle, and oxidative phosphorylation will be covered in the section of metabolism. Information pathways will cover chromosomal structure, DNA, RNA, protein metabolism and the regulation of gene expression. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BCHM 5202.

BIOL Biology

BIOL 5099G Selected Topics/Biology
1-4 Credit Hours. 1-3 Lecture Hours. 0.3 Lab Hours.
Course taught on a selected topic in biology on a one-time basis. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5099.

BIOL 5100G Cell and Molecular Biology Laboratory
2 Credit Hours. 0 Lecture Hours. 6 Lab Hours.
Laboratory research techniques in cell and molecular biology, with emphasis on inquiry-based projects, data analysis, and written and oral presentations. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5100.

BIOL 5110G Sensory Physiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The anatomy and physiology of the major sensory systems - chemosensory, hearing, vision and the somatosensory tactile and pain systems, and how the sensory pathways are interpreted by the nervous system to affect perception and behavior. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5110.

BIOL 5120G Reproductive Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics include the origin and maintenance of sexual reproduction, sexual selection among vertebrates, male and female reproductive anatomy and physiology and a survey of animal breeding systems across taxa. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5120.

BIOL 5131G Cell Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics include the origin and maintenance of sexual reproduction, sexual selection among vertebrates, male and female reproductive anatomy and physiology and a survey of animal breeding systems across taxa. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5131.

BIOL 5132G Molecular Genetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines aspects of inheritance of organisms at the molecular, biochemical, and/or cellular levels. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5132.

BIOL 5141G Forensic Biology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Forensic biology is the marriage of biological sciences and the law. The extensive use of biological evidence has had a significant bearing on the course of law enforcement investigations in criminal and civil court proceedings. This course will introduce students to some of the basic concepts in forensic biology. Graduate students will be required to complete advanced-level assignments beyond the scope of the undergraduate requirements. These assignments require a higher level of mastery in the subject matter with additional required deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5141.
BIOL 5142G Molecular Biotechniques
4 Credit Hours. 0.3 Lecture Hours. 0.3 Lab Hours.
Highlights modern discoveries in molecular genetics and their application in today’s world. In addition to the body of facts associated with molecular methodology, the course will introduce students to experimental techniques such as PCR, electrophoresis, restriction enzyme digest analysis, and DNA sequencing. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5142.

BIOL 5148G Human Genetics
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Basic principles of Mendelian inheritance and molecular genetics are applied to a systematic review of human disorders. Included are disorders of blood, connective tissue, muscles, lysosomes, lipoproteins, transport membrane and mechanisms, amino acid metabolism and the immune system. Special attention is given to diseases caused by chromosomal abnormalities. Sex determination, genetic markers, gene mapping and population genetics are also covered. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5148.

BIOL 5150G Cancer Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to carcinogenesis with an emphasis on the genetic, molecular, and cellular mechanisms regulating cancer initiation, progression, and metastasis. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5150.

BIOL 5160G Plant Physiology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Physiologic processes occurring in plants and the conditions which affect these processes. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5160.

BIOL 5200G Mammalian Physiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
General physiologic processes of mammals. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5200.

BIOL 5230G Comparative Animal Physiology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A study of the physiology of animals within a comparative and integrative context. Selected topics include animal movement, circulation, respiration, osmoregulation, nervous and endocrine function and energetic metabolism. Laboratory will reinforce lecture content through inquiry-based activities. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5230.

BIOL 5237G Physiological Ecology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines how physiological adaptations of animals and plants to abiotic environmental factors (e.g., temperature, salinity, moisture, ultraviolet radiation) contribute to the understanding of local species diversity, biogeographic patterns, and habitat exploitation. Emphasis is placed on how physiological function (e.g., osmoregulation, thermoregulation, gas exchange, energy use) interfaces with ecology and evolutionary biology. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5237.

BIOL 5239G Neurobiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the mechanisms of neural responses, neural integration, neural development, and environmental effects on developing mature nervous systems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5239.

BIOL 5240G Histology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines the origin, development, structure and function of vertebrate tissues. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5240.

BIOL 5241G Comparative Vertebrate Anatomy
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A comparative and functional study of the morphological systems of vertebrates. Laboratory emphasizes dissection of representative vertebrate groups. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5241.

BIOL 5242G Developmental Biology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
This course is an introduction to the principles of animal and plant development. The focus is on how male and female gametes fuse to form a zygote and how a single-celled zygote develops into an animal with multiple organs with specialized function. This course will cover the molecular and cellular mechanisms involved in fertilization and early embryonic development, molecular signaling involved in development of organs and organ systems, the concept of stem cells and regeneration, and cellular and molecular signaling mechanisms in plant development. Students will see the fundamental conservation of molecular and cellular mechanisms across animals and plants during development as an important example of evolution. Graduate students will be required to complete advanced-level assignments beyond the scope of the undergraduate requirements. These assignments require a higher level of mastery in the subject matter with additional required deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5242.
BIOL 5243G Toxicology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
An introduction to the principles of toxicology with a focus on the toxicology of aquatic organisms. Topics include risk assessment, regulatory toxicology, mutagenesis, teratology, and toxicology of the nervous and reproductive systems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5243.

BIOL 5246G Human Pathophysiology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A selective survey of causes and effects of disease in humans at the molecular, cellular, and systemic level. Selected topics include cellular malfunctions, altered cell environments, cancer biology, and the pathophysiology of the nervous, endocrine, cardiovascular, pulmonary, and renal organ systems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5246.

BIOL 5247G Endocrinology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A study of endocrine mechanisms, including their evolution and importance at various levels of biological organization. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5247.

BIOL 5248G Immunology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A detailed study of the mammalian immune system emphasizing the experimental basis of current immunological theories. Topics include antigen antibody interactions, organization and expression of immunoglobulin genes, complement, major histocompatibility complex, antigen processing and presentation, and generation of humoral and cellular immune responses. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5248.

BIOL 5250G Limnology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the physical, chemical, and biological aspects of lakes and the interrelationships of all three domains of life involved in nutrient and energy cycling in these ecosystems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5250.

BIOL 5260G Invasive Species
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Ecological and economic consequences of invasive, non-native species with topics that include the history of introductions, ecological and evolutionary processes, and the control and prevention of biological invasions. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5260.

BIOL 5333G Emerging Diseases
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the epidemiology of emerging and re-emerging human diseases throughout the world, but with emphasis on the situation in North America. New and resurging diseases caused by prions, viruses, bacteria, protozoa, fungi, arthropods, and helminths will be discussed, including some vector-borne and tropical diseases. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5333.

BIOL 5340G Plant Pathology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A broad introduction to representative common plant diseases and disorders with emphasis on diagnoses, causes, epidemiology, and methods of control. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5340.

BIOL 5341G Parasitology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A study of the general principles of parasitism, with emphasis on morphology, classification, identification, and life cycles of parasites of vertebrates. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5341.

BIOL 5343G Medical-Veterinary Entomology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Introduces the principles and methods of biosystematics. Speciation, bio-nomenclature, hierarchical taxonomic categories, systematic characters, molecular systematics, and phylogenetic analyses are discussed. Laboratories involve use of modern molecular techniques and computational analysis with a variety of software packages. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5343.

BIOL 5345G Systematic Biology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Introduces the principles and methods of biosystematics. Speciation, bio-nomenclature, hierarchical taxonomic categories, systematic characters, molecular systematics, and phylogenetic analyses are discussed. Laboratories involve use of modern molecular techniques and computational analysis with a variety of software packages. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): BIOL 5345.

BIOL 5346G Agroecology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Agroecology provides the theoretical and conceptual framework for sustainable agriculture with an emphasis on underlying environmental factors, crop plants and animals. Topics include biotic and abiotic factors influencing biodiversity, interaction and stability of agroecosystems, organic farming, agroforestry, energy-use in agriculture and ways to transition towards sustainability. Graduate students will be required to complete advanced-level assignments beyond the scope of the undergraduate requirements. These assignments require a higher level of mastery in the subject matter with additional required deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5346.
BIOL 5347G Fisheries Biology
4 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the principles and practices of fisheries management and fish conservation, built on a foundation of biology, ecology, and fisheries science, with emphasis on freshwater North American species and environments. Laboratory emphasizes applied methods for collection, analysis, and interpretation of fisheries data. Field trips are required.
Cross Listing(s): BIOL 5437.

BIOL 5400G Barrier Island Ecology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Covers the abiotic and biotic environment, flora, and fauna of coastal barrier island habitats with a focus on Georgia's barrier islands. Topics may include geological history, coastal processes, and ecological communities of barrier island habitats. Current threats and current and future coastal management techniques will be discussed.
Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5400.

BIOL 5431G Virology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the biology of viruses, with emphasis on viral diversity, virus-host interactions, viral diseases of humans, animals and plants and uses of viruses in medicine, research and biocontrol. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverable representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5431.

BIOL 5432G Deep Sea Environments
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the current knowledge about hydrothermal systems in terms of their deep-sea environment and their geological and chemical makeup. Emphasis is placed on studying symbiotic relationships, reproductive biology, larval dispersal, thermal tolerances, sulfide and sensory adaptations by organisms found in non-vent, vent, and cold seep environments. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5432.

BIOL 5441G Mycology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Broad introduction to various taxonomic groups of Fungi, emphasizing morphology, taxonomy, evolution, physiology, and economic importance. Selected mycologic diseases and symbiotic relationships in nature will be explored. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverable representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5441.

BIOL 5442G Entomology
4 Credit Hours. 0.3 Lecture Hours. 0.3 Lab Hours.
Examines the phylogeny, morphology, life history and ecology of insects. Identification of local species will be emphasized. Field trips required.
Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverable representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5442.

BIOL 5443G Plant Taxonomy
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
This course teaches the identification and taxonomy of the vascular plants, with an emphasis on the southeastern United States. Lectures, laboratories, and field trips cover the evolution, classification, identification, collection, and preservation of vascular plants. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverable representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5443.

BIOL 5444G Ichthyology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines the phylogeny, morphology, life history and ecology of recent and extinct fishes. Laboratory emphasizes the identification, morphology, and natural history of fishes. Field trips required.
Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverable representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5444.

BIOL 5445G Herpetology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines the systematics, evolution, biology, ecology and behavior of recent and extinct reptiles and amphibians. Field identification of local species will be emphasized. Field trips required. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5445.

BIOL 5446G Ornithology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A comprehensive study of the biology of birds. Lectures will emphasize the evolution, classification, structure, physiology, behavior, and ecology of birds. Laboratories will give hands-on experience with bird morphology, and field trips will emphasize finding and identifying birds in their natural habitats. Graduate students will be required to complete advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Cross Listing(s): BIOL 5446.

BIOL 5448G Mammalogy
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Course examines the classification, evolution, distribution and life histories of mammals. The laboratory includes identification and preparation of specimens and development of field techniques. Field trips required.
Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5448.

BIOL 5460G Phycology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Evolution, morphology, physiology, and ecology of the microalgal and macroalgal species found in marine and freshwater environments, with field trips to a selection of local habitats. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverable representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5460.
BIOL 5470G Marine Pollution
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Covers current federal and Georgia environmental laws and regulations, coastal ecological concepts, and techniques used for remediation of environmental degradation. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5470.

BIOL 5500G Bioinformatics and Biotechnology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Utilization of databases and software for the analysis of DNA and protein information. Production of products and services using biological materials. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5500.

BIOL 5520G Epigenetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The molecular mechanisms that change gene expression without changing DNA sequence will be explored. Emphasis will be placed on the effect of histone modification and DNA methylation on phenotype and genome function. The ramifications of molecular epigenetic mechanisms on ecology, evolution, and human health will be discussed. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5520.

BIOL 5530G Wildlife Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the principles and practices used to manage wildlife populations. The emphasis is on populations of importance to humans, particularly game animals. Students will explore the factors, both biotic and abiotic, that influence wildlife populations and how these factors can be managed to sustain game and nongame wildlife populations. Graduate students will be required to complete advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverable representative of graduate level work, as determined by the instructor.
Cross Listing(s): BIOL 5530.

BIOL 5534G Conservation Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores the causes and consequences of the loss of biodiversity, as well as methods for conserving rare species and ecosystems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5534.

BIOL 5535G Sex and Evolution
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the evolution of sex and the subsequent conflict that arises between sexes. Models for the evolution and maintenance of sexual reproduction are compared. Sex allocation theory is reviewed and special attention is drawn to genetic mechanisms that permit sex ratio of offspring to be manipulated. Sexual selection and mate choice tactics are evaluated with reference to empirical studies in behavioral ecology.
Cross Listing(s): BIOL 5535.

BIOL 5537G Biogeography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the distributional patterns of animals and plants from the perspectives of vicariance biogeography and organismal dispersal. One field trip required. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5537.

BIOL 5541G Tropical Marine Biology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
This is an intensive 2-week field course conducted at a tropical marine field station. Through daily lectures and field excursions, students are exposed to the natural history and ecology of a variety of marine organisms and ecosystems that may include mangroves, sea grasses, rocky shores and coral reefs. Additional fees required. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5541.

BIOL 5542G Aquatic Ecology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Covers the biological and physiochemical factors that affect common organisms found in local aquatic ecosystems, including streams and rivers, wetlands, estuaries, and lakes. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5542.

BIOL 5543G Biological Field Experience
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
A field expedition involving biological investigations of a major ecosystem or natural area. Expeditions normally require 2-5 weeks in the field, depending upon the destination and the type of travel required. Additional fees required. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5543.

BIOL 5546G Plant Ecology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines fundamental principles and major conceptual issues in plant ecology. Students will learn about the distinctive and often unique ways in which plants interact with the biotic and abiotic components of their environment, and how these factors affect the abundance and distribution of plants. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5546.

BIOL 5547G Marine Ecology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Course stresses ecological processes and adaptations that act to structure coastal associations and permit their persistence through time. The course provides a background for students interested in research in the marine sciences. Students will learn to develop good statistical designs and use various techniques to collect data in marine ecology. Several field trips are required. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5547.
BIOL 5570G Stream Ecology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced study of the structural (physical and biological) and functional (energy and nutrients) characteristics of stream and river habitats. Students will explore topics including watershed, litter processing, food webs, nutrient spiraling, ecosystem metabolism, the river continuum concept, and the flood pulse concept. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5570.

BIOL 5644G Insect Ecology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines the basic principles of ecology as they apply to insects. The ecology of insects will be investigated at the level of individuals, populations, communities and ecosystems. Emphasis will be placed on how insects interact with, and have evolved unique adaptations to, their abiotic and biotic environment. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5644.

BIOL 5645G Behavioral Ecology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores how evolution and ecology shape behavior. Selected topics may include habitat use and movement patterns, trophic interactions, and inter- and intraspecific communication. Content will be covered through traditional lecture, examination of classic and modern literature, and applied problem solving or case study exercises. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Cross Listing(s): BIOL 5645.

BIOL 6000 Special Topics in Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A consideration of topics and issues in biology.

BIOL 7090 Selected Topics/Biology
9 Credit Hours. 0-9 Lecture Hours. 0-9 Lab Hours.
A course taught on a one-time basis.

BIOL 7133 Molecular Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides graduate students with a fundamental knowledge of how organisms operate at the molecular level. Emphasis is on relevant biological theory and techniques in the molecular field.

BIOL 7135 Cytogenetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Studies from a cytological aspect of eukaryotic chromosomes including chromosome structure, chromosomal aberrations, and chromosome mapping.

BIOL 7233 Applied Biology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Modern biological theory and technologies will be used to address applied questions related to conservation, restoration and environmental management. Emphasis will be on examining applicable, underlying theory with contemporary techniques and technologies to better understand and investigate solutions for relevant biological issues.

BIOL 7333 Evolutionary Ecology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Evolutionary Ecology is a quantitative examination of population growth, interspecific competition, predator-prey interaction, microevolution, and game theory relevant to sexual selection and sex ratio evolution. Topics are presented via spread sheet simulations of dynamic processes. Students will analyze and simulate models and solve problems based on algebraic theoretical models.
Prerequisite(s): Graduate Status or permission of the Instructor.

BIOL 7440 Vector Ecology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines physiological, evolutionary, and ecological relationships between arthropod vectors, microbial pathogens they transmit and their vertebrate hosts.

BIOL 7530 Biometry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides students with basic skills in the analysis of biological data. Lectures cover both parametric and nonparametric methods, with an emphasis on the practical problems posed by biological data.

BIOL 7531 Research Methods
3 Credit Hours. 1 Lecture Hour. 4 Lab Hours.
A general introduction to biological research methods, including computer skills, web-based resources, oral and written scientific presentations, proposal writing, and the peer-review process. This course is designed for first-year M.S. students.

BIOL 7610 Graduate Seminar
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
An intensive study of an advanced biological topic covered by one or more members of the graduate faculty from the department of Biology. The selected topic will vary from semester to semester. Required for M.S. degree.

BIOL 7890 Directed Individual Study
1-4 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
An independent or directed individual study supervised by a member of the graduate faculty of the Department of Biology.

BIOL 7893 Biological Problems
1-4 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Studies of biological problems in a specialized area of biology under the supervision of a member of the biology faculty.

BIOL 7895 Research
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Graduate students will pursue, under the direction of their advisory committee, a program of independent research in a particular area of biology. Results of the research will be presented as a thesis in partial fulfillment of the requirements for the Master of Science degree.

BIOL 7999 Thesis
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Results of individual research will be presented as a thesis in partial fulfillment of the Master of Science degree. The thesis requires defense of design, execution, analysis and interpretation of the research project.

BIOS Biostatistics

BIOS 6135 Topics of Inference in Biostatistics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an introduction to the fundamental knowledge of derivatives and integrals found in biostatistical inference. The course will introduce the theory of probability, expectation and variance of discrete and continuous distributions, moment generating functions, bivariate and multivariate distributions, maximum likelihood estimation, and bias. Emphasis will be placed on the development of critical thinking skills and how concepts in this course are used in public health and biomedical studies.
BIOS 6136 Topics of Inference in Biostatistics II 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will introduce large sample theory, such as law of large numbers and the central limit theorem; sampling distributions of estimators; the basis for inferences derived from hypothesis testing and confidence intervals; and simulation methods. Emphasis will be placed on how these techniques are used in biostatistical problems and applications using examples from the pharmaceutical industry.
Prerequisite(s): A minimum grade of "B" in BIOS 6135.

BIOS 6331 Regression Analysis in Biostatistics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the methods for analyzing biomedical and health related data using linear regression models. The course will introduce the student to matrix algebra as used in linear models. The course will involve model selection, diagnosis and remedial techniques to correct for assumption violations. The students will learn how to apply SAS procedures PROC REG, PROC CORR, and PROC GLM and interpret the results of analysis. Emphasis will also be placed on the development of critical thinking skills.

BIOS 6332 Experimental Design in Biostatistics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the student to experimental designs commonly used in public health and biomedical settings and the methods for analyzing them. It will introduce the student to the principles of designing an experiment (randomization, blocking and replication), completely randomized designs, factorial design, randomized block designs, nested designs, split-plot designs, crossover designs, Latin squares and analysis of the longitudinal designs, a fixed effect (Model I) single factor and multifactor experiment, a random effect (Model II) single factor and multifactor experiment, a mixed effect (Model III) multifactor experiment, and covariance model. Students will learn how to apply SAS procedures: PROC GLM, PROC MIXED, PROC GENMOD, PROC VARCOMP, PROC RSREG and PROC MULTTEST to public health and biomedical data and interpret the results of the analysis.
Prerequisite(s): A minimum grade of "B" in BIOS 6331.

BIOS 6531 Categorical Data Analysis 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces statistical methods for analyzing both univariate and multivariate categorical and count data in public health, biomedical research, and other health-related fields. The course will introduce how to distinguish among the different measurement scales in addition to the commonly used statistical probability distribution and inference methods for categorical and count data. Emphasis will be placed on the application of the methodology and computational aspects rather than theory. The students will learn how to apply SAS procedures to data and interpret the results.

BIOS 6541 Biostatistics for Biostatistics & Epidemiology Majors 4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
This course examines statistics in public health with particular emphasis on applications in Epidemiology and other public health and medical fields. Topics will include sampling, basic discrete and continuous distributions, descriptive statistics, hypothesis testing, confidence intervals, two-sample inferences, odds ratios, relative risks, Chi-square tests of independence, non-parametric methods, correlation, regression, ANOVA, and logistic regression. Emphasis will be on the development of critical thinking skills and epidemiologic and other health data analysis applications with computer software.
Cross Listing(s): PUBH 6541.

BIOS 7090 Selected Topics in Biostatistics 1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in a biostatistical topic not generally offered by the department.

BIOS 7131 Survival Analysis 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces statistical methods for analyzing data collected on the time to an event, referred to as survival data, in medical research and other health related fields. Emphasis will be placed on the application of the methodology and computational aspects rather than theory. The students will learn how to apply SAS procedures to data and interpret the results.
Prerequisite(s): A minimum grade of "B" in BIOS 6331 and BIOS 6531.

BIOS 7231 Clinical Trials Methodology 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students are introduced to regulatory, scientific, statistical and practical aspects of methods inherent in design, monitoring and analyzing clinical trials. Clinical trials in many areas of drug development are presented, discussed and critiqued.
Prerequisite(s): A minimum grade of "B" in all of the following: BIOS 6541 or by permission of instructor.

BIOS 7331 Multivariate Analysis in Biostatistics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide students in biostatistics with an introduction to multivariate methods commonly found in health related fields. The course will emphasize multivariate regression, multivariate analysis of variance (MANOVA) and co-variance (MANCOVA), discriminant analysis and an alternative to logistic regression and cluster analysis. Students will be introduced to appropriate SAS procedures and be required to interpret and report their results in a form that meets both FDA and the International Committee on Harmonization.
Prerequisite(s): A minimum grade of "B" in BIOS 6332.

BIOS 7431 Statistical Issues in Drug Development 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Major statistical issues in the federal regulation of drug research and clinical development will be studied. Specifically, summarization, analysis and monitoring of adverse experiences, two treatment crossover designs, active control equivalence studies, optimization in clinical trials and combination drug development, dosing in the elderly, intention to treat in clinical trials, and dual control groups in rodent carcinogenicity studies will be studied.
Prerequisite(s): A minimum grade of "B" in all of the following: BIOS 6541, BIOS 7535, BIOS 7544 or by permission of instructor.

BIOS 7535 Data Analysis with SAS 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The class is designed to provide skill building and practical experience in using SAS to: create analysis data files; analyze data such as that found in typical biostatistical consulting problems; and assess the validity of analysis methodology assumptions.
Prerequisite(s): A minimum grade of "B" in BIOS 7544.

BIOS 7544 Data Management for Biostatistics 4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
This course emphasizes data management and software applications using the SAS (Statistical Analysis System) software package. It will introduce the student to SAS codes for: inputting and outputting data, creating temporary and permanent data sets, merging and connecting SAS data sets, creating output using the TABULATE and REPORT procedures, debugging a SAS program that includes the TABULATE, REPORT and SQL procedures, using character functions in SAS, using a random number generator, probability distributions, arrays, and date and time functions. Students will also write a simple and complex query using the SQL procedure; create, populate and modify a set of tables/views using the SQL procedure; and create a SAS program which includes one or more macros. This course will cover basic relational database design and descriptive statistics in SAS. Particular focus is placed on applications pertaining to public health and biomedical research.
BIOS 7890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

BIOS 9130 Biostatistical Consulting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide the student with the current best practices in biostatistical consulting. Topics include: Identifying and constructing appropriate questions to ask clients regarding their consultation request, an overview of appropriate statistical methods and SAS software procedures to use for specific study designs and statistical analysis of collected data, directing a consultation appointment without faculty lead, conducting exploratory data analyses, conducting effective analyses based on appropriate statistical methods, conduct needed simulation (including Monte Carlos methods and Bootstrap methods) and providing oral and written communication of statistical findings.

BIOS 9131 Advanced Statistical Theory for Biostatistics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an advanced study of theoretical statistics. Topics include: an introduction probability and sample space, conditional probability and Bayes Theorem, probability distribution of a random variable, discrete and continuous random variables, functions of random variables, moments and moment generating functions, order statistics and their distributions, discrete distributions, continuous distributions, bivariate and multivariate normal distribution, modes of convergence, limiting moment generating functions, and the central limit theorems.

BIOS 9132 Advanced Clinical Trials
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students are introduced to regulatory, scientific, statistical and practical aspects of methods inherent in design, monitoring and analyzing clinical trials. Clinical trials in many areas of drug development are presented, discussed and critiqued.
Prerequisite(s): A minimum grade of "B" in all of the following: BIOS 7231 or a MS or MPH in Biostatistics or by permission of instructor.

BIOS 9133 Advanced Statistical Theory for Biostatistics II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a continuation of Advanced Statistical Inference for Biostatisticians I. The additional topics in this course consists of: sample moments and their distributions, the theory of point estimation, the Neyman-Pearson Theory of testing hypotheses, likelihood ratio test, chi-square tests, t-test, F-test, Bayes and Minimax procedures in hypothesis testing, confidence estimation, the general linear hypothesis, and nonparametric statistical inference.
Prerequisite(s): A minimum grade of "B" in BIOS 9131.

BIOS 9134 Stochastic Process for Biological Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides the student with an introduction to stochastic processes with emphasis on Markov chains, The Poisson Process, Brownian Motion and other continuous time processes. The theory developed will be used to model and simulate complex biochemical reaction networks and perform network inference given data from the stochastic trajectory of a biological process, typically arising from microarray or next generation sequencing experiments.

BIOS 9135 Advanced Survival Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is a course on the study of the theory of survival data. Counting processes and martingale methods will be introduced. Emphasis will be placed on the applications of the theory and on the methodologies for survival data, such as Kaplan-Meier estimate, log-rank test, Cox model, etc. The students will learn how to use R language to setup survival dataset and perform analysis.
Prerequisite(s): A minimum grade of "B" in BIOS 6331, BIOS 6531, and BIOS 7131.

BIOS 9136 General and Generalized Linear Models
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students with a review of the classical General Linear model and an introduction to the Generalized Linear Model. The first half of the course includes a review of the linear model with the necessary matrix algebra and multivariate normal distribution theory, then to the analysis of quadratic forms and the study of the General Linear Model. The second half of the course begins with an introduction of the components of a Generalized Linear Model and methods of fitting these models. It also covers the most widely used types of models, logistic regression, log-linear models and Quasi-likelihood functions.
Prerequisite(s): A minimum grade of "B" in all of the following: BIOS 9131, BIOS 9133.

BIOS 9231 Bayesian Statistics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides the student with an introduction Bayesian Analysis and compares Bayesian methods to that of frequentists. The course includes selection of prior distributions, computing posterior distributions, conjugate models, Beta-Binomial model, Normal-Normal model, and Gamma-Poisson model. Bayesian inference using point and interval estimation, Bayesian hierarchical models, and exchangeability will be explored. Topics include Empirical Bayes versus a fully Bayes approach, Markov Chain Monte Carlo methods and model checking using Bayes factors and sensitivity analyses will be included.
Prerequisite(s): A minimum grade of "B" in BIOS 9131.

BIOS 9331 Meta-Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to address research questions in biomedical and other health-related research using meta-analysis techniques. A survey of past and present challenges of such techniques will be addressed, as will a mixture of Frequentist and Bayesian approaches to meta-analysis. Typical research questions found in health-related issues such as prevention, diagnosis, treatment, and policy will be constructed, followed by the methodologies to analyze such health-related questions. The course will focus on modeling and implementation issues in meta-analysis for biostatistical applications. In particular, this course will emphasize such topics as heterogeneous study results, combining studies with different designs, advantages and disadvantages to using meta-analysis over large trials, meta-analysis for 2x2 tables with multiple treatment groups, meta-analysis of clinical trials, addressing biases, meta-analysis of patient survival data, among additional biomedical applications.
Prerequisite(s): A minimum grade of "B" in BIOS 9131.

BIOS 9332 Randomization and Bootstrap Methods in Health Data
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an introduction to longitudinal and clustered data. Topics include the basic concepts of longitudinal data, linear models for longitudinal data, generalized linear models and salient features, generalized estimating equations, generalized linear mixed effects models, missing data and dropouts, sample size and power, repeated measures, and multilevel linear models.

BIOS 9333 Applied Longitudinal Data Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students with a review of the classical General Linear model and an introduction to the Generalized Linear Model. The first half of the course includes a review of the linear model with the necessary matrix algebra and multivariate normal distribution theory, then to the analysis of quadratic forms and the study of the General Linear Model. The second half of the course begins with an introduction of the components of a Generalized Linear Model and methods of fitting these models. It also covers the most widely used types of models, logistic regression, log-linear models and Quasi-likelihood functions.
Prerequisite(s): A minimum grade of "B" in BIOS 9131.
Corequisite(s): BIOS 9231.
BIOS 9433 Analysis with Missing and Mis-specified Data
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide the student with the basics of methods for analyzing data with missing data and mis-specified data. This course will cover the following topics: missing data in experiments, complete case analysis, weighted complete case analysis, available case analysis, single imputation methods such as mean, regression, last value varied forward, hot deck imputation, cold deck imputation, Bayes Imputation, Multiple imputation, and nonignorable missing data models.
Prerequisite(s): A minimum grade of "B" in BIOS 9132.
Corequisite(s): BIOS 9231.

BUSA Business Administration

BUSA 7030 Special Topics in Business
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
A standard course developed for a special or newly emerging topic that is in demand by MBA students. Lectures, group work, readings, research, and writing are required as in any other advanced elective course.
Prerequisite(s): A minimum grade of "C" in MGNT 7331.

BUSA 7130 International Business
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course presents fundamental considerations for managers of international trade operations, providing students with the experience of simulating the business of exporting.

BUSA 7314 Team Building
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Designed to teach essential skills for teamwork.

BUSA 7530 Global Business Strategy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on global strategic management and encourages the analysis and development of business strategies within a global environment.
Prerequisite(s): A minimum grade of "C" in ACCT 7230 and FINC 7231 and MGNT 7430 and MKTG 7431.

BUSA 7790 Internship in Business
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A supervised work/study program in selected organizations throughout the U.S.A. and abroad. Any student enrolled in the internship program will be required to work for one full semester.

BUSA 7831 Business Study Abroad
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course includes an international trip component. The business study abroad is designed to develop students' understanding of international cultures and business practices. The course prepares students for their trip by requiring activities such as coordinated lectures, assigned readings, and a research paper aligned with each student's career interests. Expenses specific to the travel portion of the course may vary.
Prerequisite(s): Permission of Director.

BUSA 7890 Individual Research
1-3 Credit Hours. 0-3 Lecture Hours. 0 Lab Hours.
A guided individual research project that provides the student with an opportunity to explore a particular topic in-depth. Normally, the course would culminate in a research report or case study.

BUSA 9031 Seminar on Scientific Method, Theory, and Philosophy of Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theoretical foundations and frameworks common to business research. Historical and philosophy of science perspectives. Fundamentals of theory building and employing the scientific method as a research process.

BUSA 9332 Applied Multivariate Methods for Business Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will enable students to master the analytical/methodological skills needed to evaluate and conduct research in their areas of specialization. Students will be introduced to multivariate data analysis methods, especially linear models, needed in their research areas. Students should be able to apply appropriate multivariate statistical techniques to analyze real data sets and prepare methodology and results appropriate for business journals. Students will be able to understand the multivariate techniques commonly used in current literatures of their research areas.
Prerequisite(s): A minimum grade of "B" in MGNT 7331.

CENG Civil Engineering

CENG 5090G Selected Topics in Civil Engineering
1-3 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas in civil engineering. Graduate students will be required to complete a case study or research project not required of undergraduate students.
Prerequisite(s): Permission of Instructor.
Cross Listing(s): CENG 5090.

CENG 5133G Water Supply and Wastewater Collection Systems
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course covers water supply and wastewater collection systems. Topics include basic hydraulics, major and minor head losses, pipes in series and parallel, water distribution network analysis, design of water supply distribution systems, sanitary sewer collection systems, and storm sewer collection systems. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3132.
Cross Listing(s): CENG 5133.
CENG 5136G  Watershed Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides an introduction to the field of watershed management from an Environmental Engineering perspective. The course covers a wide range of topics that describe the most important aspects of watershed management including watershed assessment and the processes that control water quality in an urban and rural watershed. Fundamentals of environmental and water resources engineering will be used to understand the processes that control the transport and fate of pollutants in a watershed. The same principles will be used to develop processes and management practices to improve the water quality in watersheds. Topics addressed include: water quality regulations; physical, chemical, and biological processes affecting that rate and transport of pollutants to surface waters; nonpoint source pollution (NPS); and best management practices among others. The course is intended for seniors and graduate students who want to gain more experience in the area of Environmental Engineer and Water Resources. Graduate students will be required to complete advanced level assignments in areas beyond the scope of the undergraduate requirements demonstrating a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3131 for CECM students. Approval if the student is enrolled in another program at Georgia Southern.
Cross Listing(s): CENG 5136.

CENG 5137G  Engineering Hydrology and Hydraulics
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
This course integrates concepts developed in Fluid Mechanics with fundamental hydrologic and hydraulic processes used in the analysis and design of urban drainage, flood control, and measurement structures. Hydrology topics include the hydrologic cycle, precipitation, hydrograph analysis, evapotranspiration, runoff, and flood routing. Hydraulics topics include open channel flow, hydraulic design, pump classification, pump and system curves, and water/wastewater pumping stations. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 2131 or permission of instructor.
Cross Listing(s): CENG 5137.

CENG 5138G  Water and Sanitation for International Development
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course addresses the design of small-scale, low cost systems for drinking water supply and wastewater disposal. Topics include surface water intakes, wells, storage tanks, water distribution systems, water quality testing, septic tanks, leach fields, and oxidation ponds. The course emphasizes on-site data collection methods, practical issues of design, and project sustainability. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 2131.
Cross Listing(s): CENG 5138.

CENG 5139G  Advanced Water and Wastewater Treatment
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
The course covers advanced water and wastewater treatment processes necessary for designing and managing modern drinking water and wastewater treatment plants. Topics include ion exchange, ozonation, adsorption, membrane, Biological Nutrients Removal (BNR), Membrane Biological Reactor (MBR), disinfection, sludge treatment and disposal, wastewater reclamation and reuse, and effluent disposal. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3132 or permission of instructor.
Cross Listing(s): CENG 5139.

CENG 5231G  Pavement Analysis and Design
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
This course provides an introduction to different approaches to pavement analysis and design, including flexible and rigid pavement design, preservation, rehabilitation, and management. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3232 and CENG 3233 or permission of instructor.
Cross Listing(s): CENG 5231.

CENG 5232G  Foundation Design
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
This course provides an introduction to foundation design methods, including shallow foundations, slope stability analysis, pile foundations, and retaining walls. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3232 or permission of instructor.
Cross Listing(s): CENG 5232.

CENG 5234G  Asphalt Mix Design
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
This course is an introduction to contemporary materials and engineering properties of asphalt binders, modified binders, and asphalt mixtures including: modern binder and mixture specifications, mix design systems and test methods. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3233 or permission of instructor.
Cross Listing(s): CENG 5234.
CENG 5331G Advanced Structural Analysis
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
This course covers the analysis of statically indeterminate structures. Classical methods, such as the slope-deflection and moment distribution techniques are presented. The course additionally covers the matrix-based stiffness method of analysis for indeterminate trusses, beams, and frames. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3331 and ENGR 1731 or permission of instructor.
Cross Listing(s): CENG 5331.

CENG 5332G Prestressed Concrete Design
3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.
This course introduces students to the design of common prestressed concrete elements. It presents historical developments, the properties of constituent materials, prestress losses, and the design of prestressed structural members to support flexural and shear loadings. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3333 or permission of instructor.
Cross Listing(s): CENG 5332.

CENG 5333G Advanced Reinforced Concrete Design
3 Credit Hours. 0.3 Lecture Hours. 0.1 Lab Hours.
This course presents advanced design topics not covered in the first reinforced concrete course. Examples of those topics are foundation elements, slender columns, two-way slabs, shear walls and earthquake-resistant structures. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 3333.
Cross Listing(s): CENG 5333.

CENG 5334G Advanced Structural Steel Design
3 Credit Hours. 0.3 Lecture Hours. 0.1 Lab Hours.
Develop skills in structural steel design and analysis beyond those taught in the basic steel design course. This course covers the behavior and design of advanced components used in steel structures, such as flexural members with slender webs ("plate girders"), composite beams, and beam-to-column connections and also framing systems for seismic design. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 4331.
Cross Listing(s): CENG 5334.

CENG 5335G Structural Dynamics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers topics related to the response of structures subjected to various dynamic loading conditions. Examples of topics discussed include undamped and damped single degree-of-freedom systems, response of one-degree-of freedom system to harmonic loading and general dynamic loading, response spectra, free and forced vibration of shear buildings, and dynamics analysis of beams and frames. Graduate students will be required to complete individual advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in ENGR 2232 and CENG 5331 or 5331G, or permission of instructor.
Cross Listing(s): CENG 5335.

CENG 5336G Introduction to Finite Elements
3 Credit Hours. 1 Lecture Hour. 4 Lab Hours.
This course provides an introduction to the Finite Element Method focusing on the analysis of common structural components encountered in civil engineering discipline utilizing a commercial FEA software package. The course covers key FEA principles and procedures associated with linearly behaving static structural members modeled using a variety of appropriate two-dimensional and three-dimensional elements. Graduate students will be required to complete individual advanced level projects in areas beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in all of the following: CENG 3331 or permission of instructor.
Cross Listing(s): CENG 5336.

CENG 5337G Advanced Strengths
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers advanced topics related to the strength of materials. Examples of topics discussed include analysis of stresses and strains, two-dimensional elasticity problems, classical failure theorems, bending of symmetrical and asymmetrical beams, torsion of prismatic bars, and application of energy methods for analyzing structural members. Graduate students will be required to complete individual advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Minimum grade of "C" in CENG 5331 or CENG 5331G, or permission of instructor.
Cross Listing(s): CENG 5337.

CENG 5338G Theory of Elasticity
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers advanced topics related to the application of the theory of elasticity in analyzing structural and solid members. Examples of topics discussed include introduction to elasticity and solid mechanics principles and theorems, plane stress and plane strain analysis, formulation of two-dimensional problems in rectangular and polar coordinates, analysis of stress and strain in three-dimensions, and elasticity in three dimensions. Graduate students will be required to complete individual advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Minimum grade of "C" in CENG 5331 or CENG 5331G, or permission of instructor.
Cross Listing(s): CENG 5338.
CENG 5339G Theory of Elastic Stability
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers topics related to buckling of various structural members. Examples of topics discussed include elastic buckling of bars and frames, inelastic buckling of bars, torsional buckling, lateral buckling of beams, and buckling of rings, curved bars and arches. Graduate students will be required to complete individual advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Minimum grade of "C" in CENG 5331 or CENG 5331G, or permission of instructor.
Cross Listing(s): CENG 5339.

CENG 5431G Advanced Surveying
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Principles of field astronomy, GPS surveys, control surveys, State Plane Coordinate Systems, photogrammetry, volume determination, route surveying (horizontal and vertical curvature) and an introduction to Geographical Information Systems. Laboratory includes: GPS for control, coordinate system transformations, survey boundary development, topography survey, and roadway alignment. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Departmental consent or a minimum grade of "C" in CENG 2231 or TCM 2233.
Cross Listing(s): CENG 5431.

CENG 5432G Introduction to GIS in Surveying-Geomatics and Transportation
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
An introduction to the knowledge and skill requirements of Geographic Information Systems (GIS) as applied to surveying-geomatics and transportation. Students will learn and apply GIS and cartographic concepts to develop problem solutions in surveying mapping & thematic mapping and to manipulate geo-referenced spatial information as required in typical industry applications.
Prerequisite(s): A minimum grade of "C" in CENG 2231 or TCM 2233 or departmental consent.
Cross Listing(s): CENG 5432.

CENG 5433G Drainage and Erosion Control
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Principles and practices of drainage design including drainage structures, stormwater quality and erosion & sediment control measures, with particular emphasis on governmental publications and regulations. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 5137 or CENG 5137G or departmental consent.
Cross Listing(s): CENG 5433.

CENG 5434G Surveying History and Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the legal aspects of surveying, including boundary law and the surveyor's rights and responsibilities, with particular emphasis on surveying practice in Georgia. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Departmental consent or a minimum grade of "C" in CENG 2231 or TCM 2233.
Cross Listing(s): CENG 5434.

CENG 5435G Introduction to Terrestrial LiDAR
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course presents a thorough introduction to terrestrial light detection and ranging (LiDAR) or laser scanning and its multiple applications. It includes the use of selected state-of-the-art, ground-based, instruments and their corresponding data collection and processing software packages to generate 3D point-cloud models. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Permission of the instructor.
Cross Listing(s): CENG 5435.

CENG 5436G Introduction to Close-Range Photogrammetry
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course presents a thorough introduction to close-range photogrammetry and its multiple applications in Civil and Construction Engineering. It includes the use of selected, state-of-the-art, unmanned aerial vehicles (UAVs) and associated data collection and processing software packages to generate 3D spatial models. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Permission of the instructor.
Cross Listing(s): CENG 5436.

CENG 5438G Surveying-Geomatics Professional Practice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course prepares the student for professional practice as a Land Surveyor and includes subdivision design, site layout including associated drainage and sewer design, application of zoning and land use regulations, professional ethics, associated business practices, platting and CAD/computer methods. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in CENG 5431G and CENG 5434G or departmental consent.
Cross Listing(s): CENG 5438.

CENG 7031 Research Methods for Civil Engineers and Construction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the synthesis and application of research design in the civil engineering and construction fields. The course emphasizes the understanding of current and emerging trends in these fields, formulation of research questions, development of research hypotheses, and the design of field data collection and experiments. Graduate students will be required to communicate research ideas in both oral and written forms.
Prerequisite(s): Graduate student standing.

CENG 7891 Master's Project
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is available for students to undertake individualized experimentation, research, and study related to civil engineering, and/ or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study.

CENG 7895 Special Problems in Civil Engineering
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Individual and specialized study in the area of civil engineering not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study.
This course focuses on the preparation and completion of the thesis.

CHBE 9130 Research Methods in Community and Behavioral Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course introduces doctoral students to research methods in health science. Development and presentation of research proposals will be the focus of the course. Additional emphasis will be placed on writing skills in research and grant applications.

CHBE 9132 Ecological Determinants of Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. The course provides students with an examination of the social and behavioral determinants of health at all ecological levels, and their relationships with health equity. It also explores social and behavioral interventions to address community health inequity at multiple ecological levels (individual through policy).

CHBE 9230 Community-Based Public Health Program Planning and Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course introduces students to the theory and application of community-based program planning and evaluation. Concepts in community assessment, organization, and mobilization for the purpose of addressing identified public health concerns will serve as the foundation for the public health planning process. Appropriate techniques of partnership building, planning strategies, data collection, data analysis, and evidence-based decision making will also be introduced.

CHBE 9235 Communication and Advocacy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course will provide students with the ability to evaluate the history and current applications of health communication theory and strategies to public health practice and research. Emphasis is placed on use of health communication theory and strategies designed to create change across the ecological spectrum, from individual to policy levels. Students will gain the skills to structure, develop, implement and evaluate social marketing, media advocacy, risk communication and advocacy efforts for policy change. In addition, ability to lead systematic qualitative and mixed method data collection processes involving interviewing skills, participant observation and focus group development will be developed. Emphasis is placed on critical thinking skills to help students analyze and utilize these skills in research and practice in diverse public health settings.

CHBE 9331 Health Disparities and the Rural Underserved
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course provides an in-depth look at health disparities, including factors related to the history, politics, socioeconomic, race/ethnicity, and access to and utilization of health care. The extant literature in each of these areas will be examined and discussed.

CHBE 9335 Global Health and Preparedness
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course will focus on global public health and preparedness for domestic and global emergencies. Students will explore patterns of health and disease around the world, and compare them to public health issues in the United States. An ecological framework will be employed to illustrate the complex political, social, economic, and environmental determinants of global health inequity. Concepts from the social sciences, epidemiology, health systems, and policymaking will be incorporated. The course will emphasize issues related to humanitarian emergencies and natural disasters both globally and domestically, and the need to build public health infrastructure and preparedness to mitigate them.

CHBE 9630 Doctoral Seminar in Community Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course will provide students with the opportunity to analyze the history and current applications of social and behavioral science theories, approaches, models and strategies (learned throughout the curriculum) to public health practice and research. This seminar will examine the breadth of epistemologies employed as we develop effective methods to create change across the ecological spectrum, from individual to policy levels. Emphasis will be placed on critical thinking skills to help students engage in dialogue about what will be effective research and practice in diverse public health settings over the next ten years.

CHEM 5110G Environmental Chemistry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. A survey of the current environmental issues and the underlying chemistry associated with them, including stratospheric chemistry, air pollution, global climate change, toxic organic chemicals, natural water systems, soil chemistry, and energy production. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Cross Listing(s): CHEM 5110.

CHEM 5410G Principles of Drug Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. A course designed to introduce the chemistry of drug design and development, as well as drug actions and their impacts on society. Topics include drug discovery, receptor site theory, neurotransmitters, pharmacokinetics, federal drug laws, drugs in sports and individual classes of drugs. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.

Cross Listing(s): CHEM 5420.

CHEM 5430G Carbohydrate Chemistry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course provides students with an introduction to the chemistry of carbohydrates. Topics include structural aspects, stereochemistry, synthesis, conformational analysis, polysaccharides, and vaccine development. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.

Cross Listing(s): CHEM 5430.

CHEM 6130 Industrial Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course will provide an overview of the chemical industry, focusing on the chemistries located in the Southern US. Topics to be covered will be the origin and manufacture of basic petroleum feedstocks and petrochemicals; catalysis; pulp and paper chemistry; polymers and plastics; adhesives, sealants, and glues; agricultural chemistry, green chemistry, and nuclear chemistry. Financial analysis, costs, and intellectual property will be discussed. The impact of these industries on the economy of the Southern United States will also be addressed.
CHEM 6131  Solid State Materials  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is an introduction to the physical and chemical properties of solids. Topics may include: periodic structure, symmetry of crystals, diffraction, reciprocal lattice, chemical bonding, lattice dynamics, phonons, thermal properties, and free electron gas. Bloch theorem, band structure, nearly free electron approximation, tight binding method, Fermi surface, semiconductors, electrons, holes, impurities, optical properties, excitons, and magnetism will be introduced.  
Prerequisite(s): A minimum grade of "C" in MATH 2242.  
Cross Listing(s): CHEM 6131.

CHEM 6133  Photonics Plasmonics & Metamat  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The course offers an introduction into theory and models related to photonics and electronics of photonic crystals, plasmonic metal nanostructures, metal-dielectric metamaterials and metasurfaces, localized scatterers and emitters. Students will improve their overall understanding of how these methods and models apply to practical systems related to spectroscopy, imaging, excitation and control over condensed, chemical and biological nano- and microstructures. The course covers a broad range of topics including: dielectric properties of materials in relation to their electronic structure, propagation and emission of radiation in strongly inhomogeneous and anisotropic materials, introduction into plasmonics, properties of photonic crystals and metamaterials, Mie theory of light scattering and near-fields at micro and nanoparticles, optical forces and tweezers, energy and momentum transfer in light-matter interactions and others.

CHEM 6230  Scientific Inquiry and Ethics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will provide a foundation in modern research methods, data handling and analysis, and a grounding in the current standards for scientifically ethical behavior and publishing.

CHEM 6530  Professional Science Communication  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is designed to prepare professional scientists and science academicians in the skills of effective communication in order to convey scientific principles and knowledge to others in the sciences. It will also create awareness of the need to write promoting science understanding in lay people.

CHEM 6730  Master of Science in Physical Science Internship  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
This course is the required internship for the Master of Science in Physical Science (MSPS) degree. Students will apply their skills and knowledge to a current problem in a professional setting, either on campus or at the site of a participating sponsor.

CHEM 6940  Special Topics in Chemistry  
1-4 Credit Hours.  0-12 Lecture Hours.  0-12 Lab Hours.  
Topics chosen from all fields of chemistry dependent on instructor and student interest. Offered by special arrangement.

CHEM 6971  Independent Study I  
1-4 Credit Hours.  0-4 Lecture Hours.  0-12 Lab Hours.  
Qualified students perform literature searches and supervised laboratory experimentation and write acceptable reasearch reports. Proposed work must be approved in writing by supervising faculty and department head prior to initiation.

CHEM 7020  Chem for Secondary Sci Teacher  
1-4 Credit Hours.  0-4 Lecture Hours.  0-12 Lab Hours.  
Topics in chemistry with emphasis on their application to the secondary science classroom. Hands-on activities may include demonstrations, laboratory experiments and computer technology.

CHEM 7090  Selected Topics/Chemisty  
1-6 Credit Hours.  0-6 Lecture Hours.  0-6 Lab Hours.  
A course taught on a one time basis. Lecture only courses will be three credit hours while courses with a laboratory will be four credit hours.

CHEM 7130  Sustainability in the Physical Sciences  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will provide an overview of sustainability, including current standards of sustainability, quantitative methods of measurement, and current applications of sustainable practices. The twelve Principles of Green Chemistry and Engineering will form the foundation of this course. Case studies, analysis of sustainability trends and common practices, and future research will be covered. Lifecycle analysis, current best practices in sustainability, the triple bottom line, social impacts of sustainability, and other topics will be discussed.

CHEM 7231  Theoretical Chemistry  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Chemistry research is increasingly supported by quantum chemical computations. This course will provide students with a complete understanding of ab initio quantum chemistry. Students are exposed to Hartree-Fock, MP2, and Coupled Cluster Theory in addition to basis sets and practical computational approaches. Upon completion, students will be able to choose a proper computational method, to diagnose issues that may arise within such computations, and also to compare methods from mathematical arguments. Prior knowledge in quantum chemistry and/or mechanics is highly recommended.

CHEM 7232  Toxicology of Nanomaterials  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course covers concepts related to the toxicity of nanomaterials. Students will design methods for studying nanomaterial toxicity as well as for profiling various classes of nanomaterials.

CHEM 7334  Polymer Materials  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will introduce students to the world of polymer materials, which are ubiquitous in daily life around the world. It will cover the chemistry of hard and soft polymers, applied polymer science, and the analysis of polymeric materials. This course will also cover how polymers are synthesized and characterized, what unique properties polymers have, and how polymer materials are used. Material covered will include different ways of synthesizing polymers, including step, chain (free radical, “controlled” free radical, ionic), catalytic, and ring opening polymerizations. Important concepts on polymer structure, molecular weight and its distribution, glass transition, and amorphous versus crystalline state will be introduced. Various physical properties and applications of polymers, including mechanical and electrical properties, will also be briefly described.

CHEM 7335  Coatings Technology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will introduce the fascinating field of coatings technology, which is widely applied in daily life. The course will cover what a coating is typically composed of, what typical coating binders are and how they are made, how to formulate a coating (different coating categories), and how typical coatings properties are affected by various ingredients.

CHEM 7531  Chemistry of Biomolecules I  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course covers the fundamental structure and function of the three major classes of biomolecules: proteins, lipids, and carbohydrates, as well as signal transduction, DNA technologies, and membrane transport.

CHEM 7532  Chemistry of Biomolecules II  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course covers the catabolism and anabolism of biomolecules of proteins, lipids, and amino acids and examines nucleic acid chemistry, including DNA replication, transcription, translation, and recombinant DNA technology.
CHFD Child and Family Devel

CHFD 6130 Parent Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Application of theory, research and developmental practice to: 1) understand the role of parents, teachers and community leaders in guiding the behavior of children from birth to adolescence; 2) establish mutually satisfying parent-child relationships throughout the life cycle; and 3) explore programs for parents and parental interactions with schools and other institutions.
Prerequisite(s): Completion of the Masters of Education core curriculum.

CHFD 6131 Assessment of Children's Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Assessment of Children's Development will prepare the graduate student to evaluate development and learning in the social, affective, physical and cognitive domains. Students will examine classroom and standardized assessment procedures as they relate to developmentally appropriate practices. Students will administer and score tests and then interpret results using a variety of assessment techniques.

CHFD 7090 Selected Topics in Child and Family Development
1-3 Credit Hours. 1-3 Lecture Hours. 0-3 Lab Hours.
Provides the student with an opportunity for in-depth study of selected topics in Child and Family Development.
Prerequisite(s): Permission of Instructor.

CIED Valdosta State-Franchise

CIED 7601 Course Management systems for E-Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study and ethical practice of facilitating online learning through integrated course management systems.

CIED 7602 Resources and Strat for E-Lear
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Practical experiences in selection, implementation, and evaluation of digital resources and strategies for teaching and learning.

CIED 7603 Design and Delivery of Inst E-Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A supervised online field-based experience in design, delivery, and evaluation of standards-based content to an appropriate student population.
Prerequisite(s): A minimum grade of "D" in CIED 7601 and CIED 7602.

CISM Computer Infor Systems

CISM 6120 Technology for Executives
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Examines the role of information technology (IT) in business and how IT is used to solve business problems. Fundamental grounding in key areas of IT (hardware, software, data resources, and networks) is provided, with the emphasis on how IT affects an organization, its employees and its competitive position. The challenges and opportunities related to networked enterprises and global markets are also explored. A variety of software tools are used to create solutions to traditional business problems, with the focus on the application of problem solving and critical thinking skills, rather than the achievement of computer literacy.

CISM 7030 Special Topics in Information Systems
3 Credit Hours. 0-3 Lecture Hours. 0-3 Lab Hours.
Provides the student with an opportunity for in-depth study of selected topics in Information Systems.

CISM 7131 Survey of Digital Forensics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will survey the current digital environment as it relates to financial and business fraud. Topics will include a survey of the forensic investigative process for digital evidence, case studies of investigations where proper data handling and analysis resulted in positive investigative results, an overview of best practices for evidence presentation, and analysis of current events and investigations from open sources.
Prerequisite(s): Admission to the MAcc Program and permission of SOA director.

CISM 7231 ERP Business Process Analysis Using SAP
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Many business organizations have adopted enterprise resource planning (ERP) systems, such as SAP, to provide a platform for supporting and integrating core business processes such as accounting and finance, procurement, production planning, material management, and sales and distribution. This course focuses on Enterprise Resource Planning (ERP) systems and utilizes SAP to illustrate how ERP systems are employed in business organizations to support business processes. At the end of the course, students will have an overview of ERP characteristics, components and benefits; they will be familiar with the SAP graphical user interface (GUI) and navigation.
Prerequisite(s): Graduate standing and permission of Director of Graduate Programs for COBA.

CISM 7235 ERP Customization for SAP
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course focuses on how and why ERP systems are customized to extend their support business processes and employs SAP customization tools to illustrate key course concepts. The characteristics and benefits of enterprise portals are examined along with the tools and processes used to implement and measure their success.
CISM 7330 Information Technology Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to enable the manager to effectively utilize and manage information technology in the applied business environment. The course focuses on the managerial, not the technical aspects of information management. No prior technical expertise is required. Relevant readings and cases are used to apply the concepts and techniques presented in the course.
Prerequisite(s): Graduate standing and permission of Director of Graduate programs for COBA and prior or concurrent enrollment with a minimum grade of "C" in MGN 7331.

CISM 7331 Enterprise Systems Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course emphasizes the methods, techniques, and tools of analyzing and designing an enterprise information system. Topics include design methodologies, data collection and analysis techniques, and design tools. Students will analyze problems of the current enterprise system, propose alternatives to resolve the problems, and implement their design to change/replace the current system. The implementation will be supported by modern enterprise resource planning tools: such as SAP R/3.
Prerequisite(s): Graduate standing and permission of Director of Graduate programs for COBA; prior or concurrent enrollment with a minimum grade of "C" in MGN 7331.

CISM 7332 Enterprise Data Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the design and use issues underlying relational, object-oriented and multidatabase management systems. Design and implementation methods are examined with the support of modern software tools, such as Oracle. Data management issues are addressed, including modern data storage infrastructure technologies (such as Data Warehousing, and SANs), the role of metadata, and storage of semi-structured data.
Prerequisite(s): Graduate standing and permission of Director of Graduate programs for COBA; prior or concurrent enrollment with a minimum grade of "C" in MGN 7331.

CISM 7333 Digital Commerce
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course aims to provide students with an introduction to the issues that surround the management of digital commerce technologies within the business environment. Topics include global issues of E-Commerce, Internet business models, online marketing, mobile and ubiquitous commerce, W3C E-Commerce standards, electronic payments, and online agent technologies.
Prerequisite(s): Graduate standing and permission of Director of Graduate programs for COBA; prior or concurrent enrollment with a minimum grade of "C" in MGN 7331.

CISM 7334 IT Strategy and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course emphasizes competitive advantage as a driver in information systems design and deployment. Among topics examined are: achieving sustainable competitive advantage via IT, how IT can be used to create business value, measuring returns on IT investments, developing an IT strategic plan, alignment of IT with corporate strategy, IT governance & ethics, outsourcing IT, developing IT as an organizational core competency, and improving business processes through the application of IT.
Prerequisite(s): Graduate standing and permission of Director of Graduate programs for COBA; prior or concurrent enrollment with a minimum grade of "C" in MGN 7331.

CISM 7335 Business Intelligence and Performance Management Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the process of decision making, decision support systems, data warehousing, extraction, transformation and load (ETL) processes, on-line analytical processing (OLAP), enterprise performance management systems, and data mining. A number of software products from SAP are featured in this course, as well as software from other vendors.
Prerequisite(s): Completion of CISM 7330 is recommended.

CISM 7336 Enterprise Information Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Many organizations use large enterprise information systems, such as SAP, as the core of the financial, human resource, logistics, and manufacturing information systems. This course focuses on Enterprise Resource Planning (ERP) using SAP, along with Enterprise Architecture and other methods to implement an enterprise information solution. Special topics include managing SAP projects successfully.
Prerequisite(s): Completion of CISM 7330 is recommended.

CISM 7339 ERP Certification Review
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses the integration of business processes within SAP and prepares students for SAP's C_TERP10_60 certification exam. It serves as a capstone course for the ERP Certificate program and components of other graduate programs that include multiple courses that expose students to SAP.
Prerequisite(s): Completion of CISM 7231 is recommended.

CISM 7431 Project Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the principles and processes of project management using a systematic approach to problem solving. The project management body of knowledge areas (PMBOK) is covered, along with project management life cycle in addition to traditional project management (e.g., efficiency of the project, operational performance, planning, meeting time and budget goals). This course will give special emphasis to the management of implementation projects relevant to the students’ majors, e.g. Enterprise Resource Planning (ERP) for Information Systems students or Total Quality Management (TQM) for Management students. Students are also taught how to use computer software to facilitate project management, and obtaining project management certification is emphasized.
Prerequisite(s): A minimum grade of “B” in CISM 7330 and prior completion of CISM 7331 is recommended.

CISM 9630 Information Systems Theories and Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide doctoral students with an overview of information systems theory and current research in information systems, which will provide students the foundational knowledge to perform cross-disciplinary research between the fields of IS and other disciplines, such as Logistics/SCM.
Prerequisite(s): Acceptance to Ph.D. Program in Logistics & Supply Chain Management.

CISM 9631 Seminar in Supply Chain Information Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of supply chain information systems and the critical role that these systems play in the ability of firms to reduce costs and increase the responsiveness of their supply chain. The value and competitive advantage of integrated supply chain management systems will be stressed along with the importance of enterprise resource planning, supply chain planning, warehouse management, and network modeling systems. SAP’s SCM solutions and roadmap will be featured and emerging technologies capable of transforming supply chain operations and management will be explored.
COHE 6130 Research Methods in Health Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to research methods in health science. Development and presentation of practicum and research proposals will be the focus of the course. Additional emphasis will be placed on writing skills in research and grant applications.

COHE 7090 Selected Topics in Community Health Education
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in a community health topic not generally offered by the department.

COHE 7232 Health Promotion Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the student to the theory and application of planning and evaluation principles. Planning and evaluation skills will be developed that can be utilized in a variety of health-related settings. Familiarizes students with theories and models from the social and behavioral sciences and health education used in behavior change interventions. Emphasizes the planning and implementing of community health interventions at multiple ecological levels.

COHE 7233 Ecologically Focused Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the principles of program evaluation. It explores the methods associated with systematic evaluation of public health education programs. Students will learn the skills needed to plan, conduct, and critique evaluation research. The content of the course includes: program logic models, formative, process, impact, outcome, and summative evaluation; theory driven evaluation; a review of validity issues as they relate to evaluation; sampling in a complex context; operationalizing variables; assessment of measurement instruments; and analysis of quantitative evaluation designs. In addition, issues that impact evaluation across the ecological model, specifically the importance of context and equity issues, will be examined. Qualitative methods used in program evaluation and mixed method designs for evaluation will be highlighted. Supporting the needs of all stakeholders in the evaluation will be emphasized.
Prerequisite(s): A minimum grade of "B" in COHE 7232.

COHE 7234 Community Health Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced concepts in the purpose and methods of community health organization, social action, organizational development, policy influence, capacity building, community diagnosis (needs assessment), social networking and coalition formation to bring about health behavior change and improved quality of life. Special focus on the application of methods presented to develop and enhance community health education intervention efforts.

COHE 7237 Rural Community Health Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of social, economic, political, and cultural influences that impact the health of individuals and families in rural communities. Designed for health professionals, this course focuses on improving health status and developing culturally appropriate and effective intervention and services in rural settings.

COHE 7238 Communication for Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with the history and current applications of health communication theory and strategies to public health practice and research. This course examines how to structure, develop and evaluate social marketing, media advocacy, risk communication and advocacy skills for change. In addition, systematic qualitative data collection processes such as interviewing skills, participant observation and focus groups will be developed. Emphasis is placed on critical thinking skills to help students analyze and utilize these skills in research and practice.

COHE 7890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

COML Comparative Literature

COML 5330G World Drama to Romanticism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of representative works of dramatic literature, primarily of the western world, from Aeschylus through Beaumarchais, excluding English drama. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in ENGL 2111 and ENGL 2131.
Cross Listing(s): COML 5330.

COML 5530G The Bible as Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the literary dimension of the English Bible. Major emphasis is upon the literary themes, types, personalities, and incidents of the Old and New Testaments. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in ENGL 2111 and ENGL 2131.
Cross Listing(s): COML 5530.

COML 5536G Post-Colonial Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines and evaluates the diverse "common-wealth" of post-colonial Anglophone literature written by authors from countries that were formerly part of the British Empire: Africa, Australia, Canada, the Indian sub-continent, Ireland, New Zealand, Southeast Asia, and the West Indies. Highlights the use of a variety of reading and critical strategies to analyze the formal and linguistic complexities and innovations of this literature. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Prior or concurrent enrollment in ENGL 2131.

COMM Communication Arts

COMM 5000G Topics in Communications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
COMM 5030G  Selected Topics in Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Subject announced when course offered. Topics vary, such as environmental impacts on communication, transactional analysis theory, non-verbal communication. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): COMS 5030.

COMS 5330G  Communication Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to major approaches in the development of communication theory with emphasis on various communication contexts, e.g.; interpersonal, group, organization, mass media, intercultural. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): COMS 5330.

COMS 5331G  Communication and Conflict
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the theory and practice of conflict management in personal and professional relationships. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): COMS 5332.

COMS 5332G  Nonverbal Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the theories, processes and effects of communication in nonverbal codes. Topics may include kinesics, proxemics and paralanguage. Critical analysis and contemporary research emphasized. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): COMS 5332.

COMS 5333G  Communication and Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the literature of gender and communication. Considers how men's and women's self-perceptions and resulting communication patterns evolve as a function of cultural influences. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Cross Listing(s): COMS 5334.

COMS 5334G  Interpersonal Communication in the Workplace
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Communication theory, research, and applications of various forms of interpersonal communication in the workplace. Topics may include superior-subordinate communication, interviewing, and presentations. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): COMS 5334.

COMS 5335G  Family Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of various communication theories within the unique contexts of family dynamics. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): COMS 5335.

COMS 5530G  Rhetoric
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Rhetoric from Aristotle to the present, with emphasis on rhetorical analysis of texts and other forms of discourse. Graduate students will have additional readings and research expectations, including, when appropriate, a research presentation.

Cross Listing(s): WRIT 5530G.

COMS 7200  Organizational Communication in Diverse Contexts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theories and principles of professional discourse applied toward working effectively in ethnically diverse organizations and in international contexts.
COMS 7300 Professional Communication Presentation Skills
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Development and enhancement of public presentation skills using communication theory as a foundation. Emphasis on speech writing, speech preparation, skill development, audience engagement, critical analysis of public address, and differences between face-to-face and electronically-mediated communication environments.

COMS 7400 Communication Training and Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prepares students for managing communication training programs in a variety of settings. Public speaking training and development will be a central focus.

COOP Cooperative Education Pro

COOP 6090 Graduate CO-OP
1-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
An opportunity to gain work experience related to academic major, begin the career-decision-making process and earn money for educational expenses. This is accomplished through the Cooperative Education program. The co-op program is coordinated by the Office of Career Services. Salaries and benefits are determined by the employer and normally increase as the program proceeds. Board and lodging are the responsibility of the student. A "V" grade is assigned for successful completion of the work assignment.
Prerequisite(s): Graduate Students Only.

COUN Counseling Education

COUN 7231 Foundations of Clinical Mental Health Counseling
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of clinical mental health counseling. Includes a survey of theoretical foundations, research and practice, and ethical and legal issues in clinical mental health counseling. Topics covered include the role of the clinical mental health counselor, prevention and education, client advocacy, referral practices, consultation, and the adaptation of clinical mental health counseling models in community mental health agencies.

COUN 7232 Addictions Counseling
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Surveys aspects of a range of addictions and educates students about the process of addictions including skills and strategies needed to provide addictions counseling. Addresses the role counselors, teachers, and other professionals can play in prevention, treatment, and the recovery process including community resources.
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program.

COUN 7233 Family Counseling
3 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Examines the family through an ecological approach, including how clients exist within their various systems. Students' awareness of their own family's system is used as a base from which they can develop an approach for understanding and working with families. The use of family counseling techniques in a variety of settings will also be examined.
Prerequisite(s): A minimum grade of "C" in COUN 7332; Permission from the instructor is required for students not accepted into the COUN program.

COUN 7234 Counseling Psychodiagnosis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the nomenclature and criteria used in the assessment of mental health diagnoses from a mental health and wellness perspective. Students will develop an understanding of the professional identity and role of counselors as it relates to diagnosis and intervention. Students will develop a knowledge base for treatment planning and treatment documentation.
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program.

COUN 7235 Short Term Counseling Strategies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an in-depth look at the theory and practice of brief counseling therapies as applied to counseling practice. Students will be presented with models of short-term counseling interventions.
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program.

COUN 7236 Counseling and Sexuality
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course explores the interaction of biological, sociological, and cultural issues related to sexuality and counseling. This course examines the expression of human sexuality across the life span from a sex positive perspective, attitudes about sexuality, and possible counseling strategies and interventions.
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program.

COUN 7237 Theories of Counseling
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores a range of counseling theories, as well as the nature and process of counseling. Provides a foundation from which students can build a personal philosophy of counseling.

COUN 7238 Counseling Skills and Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on teaching students a variety of basic and advanced counseling skills through role play and other experiential activities.
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program.

COUN 7239 Group Counseling and Group Work
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses group development, group dynamics, and group counseling theories through role play and other experiential activities. Group counseling methods and skills used in group work are also addressed.

COUN 7240 Counseling Assessment and Appraisal
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses counseling tests and assessments including cognitive, personal, career, and clinical assessments. Students learn about test selection, administration, and interpretation from experiential activities.
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program.

COUN 7241 Career Counseling
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the world of work from a counseling perspective. Students learn to facilitate career development based on knowledge of career theories, career assessments and strategies, and career-related resources.
COUN 7337 Multicultural Counseling  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course addresses multicultural counseling models and fosters counseling skill development using a social justice and advocacy framework. Emphasis is placed on expanding self-awareness, knowledge, and skill development using experiential activities.  
Prerequisite(s): Permission from the instructor is required for students not accepted into the COUN program. Prerequisite(s): COUN 7333.

COUN 7338 Lifespan Development  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course addresses developmental theory and processes throughout the lifespan. Physical, cognitive, and social/emotional dimensions of human development are explored through a wellness, strengths-based lens.

COUN 7437 School Counseling Program Coordination and Curriculum  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines the organization of comprehensive, developmental school counseling programs in the elementary, middle and high schools, as well as the design and implementation of the school counseling curriculum for grades P-12. The counselor's role as program coordinator focuses upon needs assessments, curriculum planning and implementation, time and resource management, public relations, and program evaluation. Ethical and diversity issues are emphasized in designing curricula and delivery strategies to address the developmental needs of all students.  
Prerequisite(s): A minimum grade of "C" in COUN 7445.

COUN 7445 Foundations of School Counseling  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The course is designed to introduce students to the profession of school counseling and a comprehensive developmental school counseling program. The history and development of the profession, national association, standards for counselor preparation and credentials are examined as well as school counselor roles, functions, and responsibilities. Special attention will be given to students' introduction to school systems through field observations inclusive of the concepts of advocacy and social justice.

COUN 7448 Leadership, Consultation and Intervention in the Schools  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides a general framework for understanding and practicing various theories and models of consultation and potential interventions in P-12 systems. Designed to train school counselors how to intervene with children and adolescents presenting with learning disabilities and behavioral and emotional disorders at school, strategies are explored that counselors, teachers, and parents can use to prevent, recognize, and assist students at risk of developing emotional or behavioral barriers to learning connected to abuse, violence, addictions, childhood depression, suicide etc. The role of leadership in school reform as it pertains to the issues and barriers that may affect student development and functioning are explored. This course is designed to be taken concurrently with Internship I as field experience is integral to the course work.  
Prerequisite(s): A minimum grade of "C" in COUN 7445 and COUN 7437.

COUN 7737 Counseling Practicum  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Areas covered in this course are application and critical evaluation of all counseling skills in practical situations with provision of clinical experiences under supervision for a total of 100 clock hours, 40 of which will be direct service work with clients. Individual and group counseling will be audio and/or video taped, critiques and evaluated.  
Prerequisite(s): A minimum grade of "B" in COUN 7332 and COUN 7333.

COUN 7738 Counseling Internship I  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Primary emphasis is on the integration of process, conceptual, professional and personal skills. Internship provides extensive supervised on-the-job experience in a school, community, or college counseling setting closely aligned with the student's professional career goals. The student is required to complete 300 hours of field experience.  
Prerequisite(s): A minimum grade of "B" in COUN 7332, COUN 7333, COUN 7334, and COUN 7737.

COUN 7739 Counseling Internship II  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Primary emphasis is on the integration of process, conceptual, professional and personal skills. Internship provides extensive supervised on the job experience in a school, community or college counseling setting closely aligned with the student's professional career goals. The student is required to complete 300 hours of field experience.  
Prerequisite(s): A minimum grade of "B" in COUN 7332, COUN 7333, and COUN 7334.

COUN 7890 Directed Individual Study  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Permits specialization beyond regular course content through in-depth study of individually selected topics of interest and importance in higher education student services. The study will be directed by the instructor.  
Prerequisite(s): 12 semester hours of course work in the program.

COUN 8533 Professional Practice and Ethics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Informs students of ethical standards, laws, ordinances, and statues that govern professional behavior of counselors in schools and in community/mental health settings. Specific topics explored will include professional practice and ethics involving professional relationships, the impact of values, confidentiality, violations and licensure laws.

COUN 8536 Counseling Advocacy and Systemic Change in a Diverse Society  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Designed to provide students with the knowledge about counseling advocacy and social change necessary for creating effective learning practices and environments. Students will acquire an understanding of the social, economic, and political factors which influence and shape the counselor's role in diverse institutional settings such as schools and community agencies. The course examines the role of the counselor as a change agent in eliminating systemic barriers that impede student and client success.  
Prerequisite(s): Admission to Ed.S. program or instructor's permission.

COUN 8538 Advanced Group Development and Supervision  
3 Credit Hours. 2 Lecture Hours. 1 Lab Hour.  
Emphasis is placed on principles of group leadership and group processes at the theoretical and applied levels. Supervised practice in leading and/or co-leading groups in counseling is included.  
Prerequisite(s): A minimum grade of "C" in COUN 7334.

COUN 8590 Selected Topics in Counseling  
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.  
Participants examine selected topics in the areas of school, community, and college counseling. Course focuses on the specialized needs of Professional Counselors in public, school, community agency, and post-secondary educational settings.

COUN 8737 Clinical Counseling Supervision  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Advanced clinical experience in application of supervision theories, tools and techniques in counseling. Includes monitored experience in the supervision of counseling.  
Prerequisite(s): Permission of instructor.
COUN 8839  Action Research
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Each student will implement a research study based on the proposal prepared in the field based Educational Research class. The study should be related to a practical problem in a professional practice setting. An oral presentation of the study is required. Students are limited to register for this course twice during the program of study.

COUN 8890  Directed Individual Study
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course permits specialization beyond regular course content through in-depth study of individually selected topics of interest and importance in counselor education. The study will be directed by the instructor.
Prerequisite(s): Permission of advisor.

CRJU Criminal Justice

CRJU 5003G  Cyber Forensics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Application of computer investigation and analysis techniques to gather evidence suitable for presentation in a court of law. Techniques of cybercrime scene analysis, media analysis, and the use of various forensic tools. Graduate students are required to complete an additional substantive research paper or project based on course objectives. This course serves as a content area for Cybercrime. Students cannot receive credit for both CRJU 5003G and 5010G.
Cross Listing(s): CRJU 5003.

CRJU 5010G  Applied Digital Forensics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Identification, capture, and recording of evidence from suspect and victim's computer hard drives and laptops. Graduate students are required to complete an additional substantive research paper, project, or presentation based on course objectives. This course serves as a content area for Cybercrime. Students cannot receive credit for both CRJU 5003G and CRJU 5010G.
Cross Listing(s): CRJU 5010.

CRJU 5020G  Applied Digital Forensics II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Expansion of the identification, capture, and recording of evidence from suspect and victim's mobile devices such as mobile phones, tablets, and PDAs. Graduate students are required to complete an additional substantive research paper, presentation, or project based on course objectives. This course serves as a content area for Cybercrime.
Prerequisite(s): A minimum grade of C in CRJU 5010G.
Cross Listing(s): CRJU 5020.

CRJU 5060G  Special Topics in Cybercrime
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines substantive topics, problems, and issues of importance to contemporary study of types. Topics announced when course is scheduled. Course may be repeated if substantially different. Graduate students are required to complete an additional research paper or project based on course objectives. This course serves as a content area for Cybercrime.
Cross Listing(s): CRJU 5060.

CRJU 5360G  Hackers, Malware, and Online Economic Crime
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines cybercrimes that are often influenced by either curiosity or financial motivation. Topics include, but are not limited to, the subculture of computer hackers, the role of malicious software in computer intrusions, and different types of online economic fraud. Graduate students are required to complete an additional substantive research paper or project based on course objectives. This course serves as a content area for Cybercrime.
Cross Listing(s): CRJU 5360.

CRJU 5361G  Cybercrimes against Persons and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines cybercrimes in which violence is threatened or exerted against individuals or society. Topics include, but are not limited to, cyber harassment and stalking, pornography, child pornography and exploitation, and cyber terrorism. Graduate students are required to complete an additional substantive research project or paper based on course objectives. This course serves as a content area for Cybercrime.
Prerequisite(s): Approval of instructor.
Cross Listing(s): CRJU 5361.

CRJU 6060  Current Issues in Cybercrime
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines current cybercrime issues in the news, such as data breaches and recent computer intrusion. Graduate students are required to complete an additional substantive research paper or project. This course serves as a content area for Cybercrime.

CRJU 6080  Seminar in Transnational Crime
3 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
Special topics concerning illegal activities of international criminal organizations and the effect of transnational crime on the economic and socio-political environment in countries across the globe. Explores linkages between various crime groups, role of government corruption, and terrorism. Specific topics will be specified upon offering. Course may be repeated when topic is different.

CRJU 6801  Proseminar in Ethics and Criminal Justice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to current research and critical issues in the administration of justice and criminological theory. Includes discussions of ethics and professional development for the field.

CRJU 6811  Criminal Justice Systems: Leadership, Management, and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Intersection of crime and policy process with particular attention on development of public policy and its impact on society. Includes exploration of organizational and managerial issues associated with the criminal justice system components.

CRJU 7080  Seminar in Victimization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores special topics in victimization, placing attention on historical contexts, forms, theoretical frameworks, and victim-offender overlap. May focus on specific type or particular context of victimization. Specific topics will be specified upon offering. Course may be repeated when topic is different.

CRJU 7090  Topics in Violence and Crime
3 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
In-depth analysis of selected topics on violence and crime. Analysis may include, but is not limited to, examination of nature, prevalence, causes and consequences of violence. Specific topics will be identified upon offering of course. Courses may be repeated when topic is different.

CRJU 7434  Quantitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the study of the role of theory, research design, sampling, measurement and instrumentation, data collection, and ethical issues related to social scientific research.

CRJU 7436  Qualitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the analysis and practice of qualitative methodology in social science. Topics may include participant observation, ethnographic methods, interviews, case studies, content analysis, archival research and other innovative techniques.

CRJU 7437  Statistics for Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the techniques and statistics necessary to design and interpret quantitative social scientific research.
CRJU 7631  Criminological Theory  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Examines major theoretical perspectives in classical and contemporary criminology, including but not limited to: control, learning, strain, labeling, rational choice, conflict and theoretical integration. The socio-political and historical context in which these theories were developed is also considered.

CRJU 7632  Seminar in Criminal Justice  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
This course explores a selected topic in criminal justice of interest to groups of students, including, but not limited to policing, corrections, courts, or the law, which are relevant to their course of specialization in the graduate curricula of the University. Course may be repeated when topic is different.

CRJU 7633  Seminar in Criminology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
This course focuses on the exploration of a selected topic in criminology of interest to groups of students which are relevant to their course of specialization in the graduate curricula of the University. Course may be repeated when topic is different.

CRJU 7695  Applying Elementary Statistics to Justice and Crime Research  
3 Credit Hours. 3 Lecture Hours. 3 Lab Hours. 
Provides an examination of the effects of public policies on crime trends and the control of crime. Specific attention is paid to the development of criminal justice policies and their consequences for the criminal justice system and society at large. Specific crimes and/or policies will be identified upon offering of course. Course may be repeated when topic is different.

CRJU 7791  Practicum II  
1-3 Credit Hours. 0-3 Lecture Hours. 0-3 Lab Hours. 
Educational placement designed for research observation and practical experience in a select criminal justice agency. May be used to satisfy Cybercrime Track or Certificate with permission of Advisor and Instructor. 
Prerequisite(s): Prior or concurrent enrollment in CRJU 7880.

CRJU 7822  Seminar in Law Enforcement  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
In-depth analysis of selected topics in the enforcement of laws in a system of ordered liberty. Course may be repeated when topic is different.

CRJU 7842  Seminar on Issues in Justice Administration  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Analysis of the unique contexts of management in the justice system and specific agency types. Emphasizes experiences and delimiters of individuals working in these organizations, as well as organizational standards and guiding principles of professionalism. Course may be repeated when topic is different.

CRJU 7843  Special Topics in Corrections and Offender Supervision  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
In-depth analysis of selected topics in corrections within a larger system of ordered liberty. Course may be repeated when topic is different.

CRJU 7853  Seminar in Law Courts  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
In-depth analysis of selected topics in the role and operation of law and courts in a system of ordered liberty. Course may be repeated when topic is different.

CRJU 7864  Legal Aspects of Cybercrime  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Examination of laws related to computers, cell phones, other electronic devices, and the internet. Evaluation of computer misuse crimes, traditional crimes committed using computers, punishment and sentencing issues, Fourth Amendment issues, jurisdiction at state and federal levels, international computer crime, and national security. This course serves as a content area for Cybercrime.

CRJU 7865  First Responder Tools and Applications  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Examines basic computer forensic tools and applications including seizure, imaging and analysis of computer media with reference to computer hard drive and forms of storage. This course serves as a content area for Cybercrime.

CRJU 7866  Readings in Cybercrime  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Examination of the foundational works in cybercrime with a focus on the hacker ethic. This course serves as a content area for Cybercrime.

CRJU 7867  Cyber Ethics and Internet Culture  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Application of ethical theory to 21st century issues, such as music piracy, cyber warfare, and cyber stalking. This course serves as a content area for Cybercrime.

CRJU 7868  Cyber Criminology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Assessment of the usefulness of traditional criminological theories to explain cybercrime, new theories created to better explain cybercrime and measures to control such crimes. This course serves as a content area for Cybercrime.

CRJU 7880  Practicum I  
1-6 Credit Hours. 0-3 Lecture Hours. 0-3 Lab Hours. 
Educational placement designed for research observation and practical experience in a select criminal justice agency. May be used to satisfy Cybercrime Track or Certificate with permission of Advisor and Instructor.

CRJU 7891  Independent Study  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours. 
This course is an independent examination of graduate course topics offered in the criminal justice and criminology curriculum of the Department of Criminal Justice and Criminology following guidelines of the College of Graduate Studies.

CRJU 7892  Directed Research  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours. 
This course requires participation in an independent or group research project. More than three hours of credit for directed research may be earned, but only three hours may be applied to the completion of minimum hours required for the M.S. Degree with a major in Criminal Justice and Criminology.

CRJU 7999  Thesis  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours. 
Critical and analytical research thesis examining approved criminal justice or criminology topic is produced.

CRJU 8830  Seminar in Juvenile Justice  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. 
Assessment of policies and practices of agencies processing youthful offenders. Addresses current issues and trends impacting juvenile delinquency and crime and system responses. Specific topic will be identified upon offering. Course may be repeated when topic is different.

CSCI Computer Science

CSCI 5090G  Selected Topics in Computer Science  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours. 
Specialized study in a selected area of Computer Science. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Prerequisite(s): Permission of Instructor. 
Cross Listing(s): CSCI 5090.
CSCI 5130G Data Management for Math and the Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics in data management, including operating systems, word processing, spreadsheets, and database management and their applications to mathematics education. Intended primarily for those majoring in Mathematics and Mathematics Education. For those majoring or minoring in Computer Science, this course may not be used as an upper level Computer Science elective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): CSCI 1230 or Permission of Instructor.
Cross Listing(s): CSCI 5130.

CSCI 5230G Discrete Simulation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to discrete simulation models and their implementation on computers. Topics include modeling techniques, experiment design, analysis and validation of results. Students will be exposed to one or more computer simulation languages. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 3230 and STAT 1401 or Permission of Instructor.
Cross Listing(s): CSCI 5230.

CSCI 5330G Algorithm Design and Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of the design, implementation, testing, and analysis of algorithms. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 3236 and MATH 2242.
Cross Listing(s): CSCI 5330.

CSCI 5331G Computer Architecture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on the following topics: Computer Organization (RISC, CISC architecture), Assembly Language Programming, Processor, Memory and I/O Architecture, Parallel Architectures. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 3231 or CSCI 3341.
Cross Listing(s): CSCI 5331.

CSCI 5332G Data Communications and Networking
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fundamental concepts of data communications including architecture models, protocol suites, network programming, signal and data transmissions, error detection, and performance analysis. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in (CSCI 3232 or CSCI 3341) and CSCI 5331 and STAT 1401.
Cross Listing(s): CSCI 5332.

CSCI 5335G Object-Oriented Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to concepts, methods, and current practice of object oriented design and analysis. Topics include the study of the Unified Modeling Language (UML), which has become an industry standard notation. UML topics will include use cases, diagramming notation (class, object, sequence) and object state diagrams. Students will use UML to design and implement individual and small group projects. Additional topics include understanding design patterns in building applications. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 3230.
Cross Listing(s): CSCI 5335.

CSCI 5430G Artificial Intelligence
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to different paradigms for creating software that can reason, access a knowledge base, handle uncertainty, learn, communicate, perceive and act. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 3230 and CSCI 5330 or Permission of Instructor.
Cross Listing(s): CSCI 5430.

CSCI 5431G Computer Security
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Computer security theory and practice fundamentals including methods of attack, defending against attacks, privacy vs security, methods of encryption, authentication, writing secure code, web security, and network security. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 2120 and prior or concurrent enrollment in CSCI 5332.
Cross Listing(s): CSCI 5431.

CSCI 5436G Distributed Web Systems Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves programming methodologies for the World Wide Web. Topics include: Client-side programming, distributed transactions, remote procedure calls, component objects, server side programming and network load balancing. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): CSCI 5436.

CSCI 5437G Computer Graphics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course covers fundamentals of the theory of computer graphics, including raster systems, 3D viewing, illumination, shading and solid modeling. A standard computer graphics language is introduced. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): CSCI 5437.

CSCI 5438G Animation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course covers mechanism of computer animation and their implementation in OpenGL, together with advanced graph theory. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 5437G.
Cross Listing(s): CSCI 5438.

CSCI 5530G Software Engineering
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course serves as a major integrative, capstone experience for students and requires teamwork. A study of the development and management of software: strategies and techniques of design, testing, documentation and maintenance. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 5335 and CSCI 5330 or Permission of Instructor.
Cross Listing(s): CSCI 5530.
CSCI 5531G Systems and Software Assurance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course presents a body of knowledge in systems and software assurance and evaluation including security, safety, and integrity analysis. The core part of the course is software assurance where students are exposed to code and architectural analysis, secure coding practices, standards, and tools. The course also explores standards in modeling internal security at the organizational level and will involve students in risk assessments, comprehensive assurance planning, as well as an array of countermeasure considerations. Graduate students will be required to complete an individual research project not required of undergraduate students.
Prerequisite(s): A minimum grade of "C" in CSCI 1302 and CSCI 3432 or CSCI 5431G or permission of instructor.
Cross Listing(s): CSCI 5531.

CSCI 5532G Network Management Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theory and practice of network management systems architectures and protocols, including fundamentals of standards models, languages, SNMP, broadband and Web-based tools and applications. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 5332G.

CSCI 5538G Wireless and Mobile Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course deals with the basics of cellular and mobile communication systems, multiple radio access procedures and channel allocation techniques, the architecture and functioning of satellite systems including global positioning system different wireless LAN technologies and personal area networks with an emphasis on Bluetooth networks and mobile application development required for mobile and wireless handheld devices like PDAs and cell phones. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in CSCI 5332G or Permission of Instructor.

CSCI 7230 Advanced Computer Architecture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of parallel constructs for providing experiences in designing and analyzing parallel algorithms.
Prerequisite(s): A minimum grade of "C" in CSCI 5332 or Permission of Instructor.

CSCI 7334 Unix Network Programming
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of UNIX interprocess communication protocols and how they can be used in programs.
Prerequisite(s): A minimum grade of "C" in CSCI 3232 or Permission of Instructor.

CSCI 7336 Distributed Web Systems Design - Theory and Application
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Client and server side programming, stateless client/server transactions, state maintenance, server side database transactions. Web project design methodologies, database design methodologies for distributed Web projects, testing methodologies, and Web systems project management concepts.
Prerequisite(s): A minimum grade of "B" in CSCI 7132 or Permission of Instructor.

CSCI 7140 Software Development and Machine Architecture
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
Software and hardware topics that include an object oriented language, web page construction, electric circuits, architecture, language translation, operating system, and networks. This course is primarily intended for those that are beginning a Masters Degree in Technology. This course cannot be taken for credit by those earning a Masters in Mathematics.
Prerequisite(s): Enrollment in the Master of Science in Appliance Engineering degree program or permission of instructor.

CSCI 7330 Advanced Computer Architecture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Comparing different modern computer systems architecture and investigating their performances. Topics include: parallel computer systems, pipelining techniques, vector processor arrays, multiprocessor systems, data flow machines and fault-tolerant computer systems.
Prerequisite(s): CSCI 5331 or Permission of Instructor.

CSCI 7332 Parallel Algorithms Design and Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of parallel constructs for providing experiences in designing and analyzing parallel algorithms.
Prerequisite(s): A minimum grade of "C" in CSCI 5332 or Permission of Instructor.

CSCI 7338 Optical Networks
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to optical networks, their principles and systems, an understanding of the construction and organization of optical networks along with an in-depth study of the structures and requirements of lightwave-coherent systems. Major concepts and principles are covered along with their mathematical analysis.
Prerequisite(s): A minimum grade of "B" in CSCI 5332 and a minimum grade of "C" in STAT 1401 or Permission of Instructor.

CSCI 7337 Broadband Communications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In-depth study of the structures and principles of broadband networks. Major concepts and principles are explained along with their mathematical analysis.
Prerequisite(s): A minimum grade of "B" in CSCI 5332 or a minimum grade of "C" in CSCI 3230 or Permission of Instructor.

CSCI 7336 Distributed Web Systems Design - Theory and Application
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Client and server side programming, stateless client/server transactions, state maintenance, server side database transactions. Web project design methodologies, database design methodologies for distributed Web projects, testing methodologies, and Web systems project management concepts.
Prerequisite(s): A minimum grade of "B" in CSCI 7132 or Permission of Instructor.

CSCI 7171 Advanced Human Computer Interaction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Paradigms in modern user interface design and related human factors. Topics include: user-system compatibility analysis, techniques for user interface design, methods for interface analysis, multimodal interaction and interaction analysis.
Prerequisite(s): Permission of department head.
CSCI 7380  Software Security and Secure Coding
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course covers methodological framework for identifying common programming errors that result in software vulnerabilities, understanding how these errors are exploited by attackers, and how to implement solutions in a secure fashion. Topics include concurrency and vulnerabilities that result from deadlock, race conditions, invalid memory access sequences, and vulnerabilities associated with file I/O and time of use (TOCTOU).
Prerequisite(s): permission of instructor.

CSCI 7431  Distributed Database Systems
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of distributed database architectures and system design, semantic data control, query processing, transaction management, concurrency control, distributed DBMS reliability, parallel DB systems, distributed object DB management systems, and database interoperability.
Prerequisite(s): A minimum grade of "B" in CSCI 7132 and CSCI 7136 or permission of Instructor.

CSCI 7432  Algorithm Analysis and Data Structures
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Advanced topics in algorithm design and analysis and data structures for implementing these algorithms. Problems considered from areas of information storage and retrieval, graph theory, cryptography and parallel processing.
Prerequisite(s): A minimum grade of "C" in CSCI 5330 or Permission of Instructor.

CSCI 7433  Data and Database Security
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course covers data protection approaches and mechanisms applicable for digital data in formatted data storage systems including Databases and Data Warehouses. Topics to be covered include: Data Security, View Security, Privacy and Statistical DB Security, DW Security, and Relevant Standards/Guidelines.
Prerequisite(s): A minimum grade of "B" in CSCI 7132 or permission of instructor.

CSCI 7434  Data Mining
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The application of concepts and techniques from information science, statistics, visualization, artificial intelligence, and machine learning for the purpose of extracting, integrating, and visualizing information and knowledge from large databases.
Prerequisite(s): A minimum grade of "B" in CSCI 7130 and CSCI 7132 or permission of Instructor.

CSCI 7435  Data Warehousing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Data warehouse design principles and technical problems inherent in complex industrial implementations using commercial software. Possible topics include: introduction to data warehousing, multidimensional data modeling, data warehouse architectures, data warehouse design and implementations, development of data cube technology, organizing data warehousing projects, from data warehousing to data mining.
Prerequisite(s): A minimum grade of "B" in CSCI 7132 or permission of Instructor.

CSCI 7436  Internet Programming
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Advanced design and implementations of large-scale Internet applications through the use of high and low level programming constructs. Possible topics include: client side scripting languages, middle-tier programming languages, middle-tier transaction servers, server-side data access, server-side scripting/programming, integrating applications within a network cluster, internet protocols and socket programming.
Prerequisite(s): A minimum grade of "C" in CSCI 5332 and CSCI 3432 or permission of Instructor.

CSCI 7437  Ethics and Research in CS
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An overview of the fundamentals of research methods, computer ethics and technical writing as it generally may apply in the Computer Sciences and specifically in broad area of cyber security.

CSCI 7532  Advanced Software Engineering
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The focus is the rigorous specification, modeling and prototyping of critical software systems/components. Topics selected from formal specification using Z and VDL, specifications using UML with OCL for real-time systems. Structure, dynamic and constraint modeling, constraint/behavioral [rate monotonic] analysis, concurrency, re-configuration and distribution, prototyping, reuse and integration issues, and component implementation using advanced tools with implementation styles such as Generic and Meta-Programming.
Prerequisite(s): A minimum grade of "C" in CSCI 5530.

CSCI 7533  Requirements and Architecture
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Software requirements and architecture evaluation using examples of complex software intensive systems. Product-line approach and use of industry standards. Functional and object oriented approaches in complex domains such as avionics, ground vehicles, medical devices, telecommunication. Students are expected to critically evaluate and develop architecture and requirements for sizable systems, functioning as lead architects and requirements managers.
Prerequisite(s): A minimum grade of "C" in CSCI 5530 or Permission of Instructor.

CSCI 7534  Testing and Measurement
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Testing and quantitative evaluation of software products and processes. Topics include: models, methods, standards and tools for testing, measurement and evaluation, test (defect) catalog and coverage testing of units, components, and subsystems. Integration, system and acceptance testing and evaluation, test suites, regression testing and test automation.
Prerequisite(s): A minimum grade of "C" in CSCI 5530 or Permission of Instructor.

CSCI 7535  Applied Cryptography
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A survey of cryptographic techniques and their application. Topics will include stream ciphers, block ciphers, key exchange algorithms, asymmetric ciphers, digital signatures, public key infrastructure, hash functions, elliptic curve cryptography, and techniques of cryptanalysis and applications of cryptography.
Prerequisite(s): A minimum grade of "B" in CSCI 7536.

CSCI 7536  Network and Computer Security
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An overview of the fundamentals of network and computer security and their application. Topics include securing each layer of the OSI model, TCP/IP versions 4 and 6, operating system security, network management systems, secure coding techniques, and the basics of encryption.

CSCI 7610  Graduate Seminar
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.
Students will research topics related to their major/concentration, under supervision of one or more faculty members. Each student will present results on topics of interest to the class on new developments in mathematical sciences, or on his/her research project. Faculty members also may present lectures for the benefit of the students. Course may be repeated up to a maximum of 3 credit hours to be counted toward the M.S. in Mathematics.
Prerequisite(s): CSCI 5230 or MATH 5330 or STAT 5531 or a minimum grade of "C" in MATH 7231.
CSCI 7710 Advanced Computer Security  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Theory and practice of computer security. Topics include cryptography,  
cryptanalysis, digital certificates, coding theory, computer forensics, and  
system security.  
Prerequisite(s): CSCI 5303G or CSCI 5431G.

CSCI 7890 Directed Study in Computer Science  
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.  
Directed study under faculty supervision.  
Prerequisite(s): Permission of Instructor and Department Chair.

CSCI 7892 Research Project in CSC  
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.

CSCI 7899 Research Project in Computer Science  
1-6 Credit Hours. 1-6 Lecture Hours. 0-4 Lab Hours.  
Research project addressed toward a real world problem.  
Prerequisite(s): Permission of Project Advisor and Department Chair.

CSCI 7999 Thesis  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Thesis.

CSDS Communication Disorders

CSDS 7136 Introduction to Clinical Practicum in Communication Disorders  
3 Credit Hours. 3 Lecture Hours. 0-9 Lab Hours.  
First semester of clinical practicum lecture. Synthesis of knowledge and  
skills necessary to implement diagnostic and therapeutic approaches to  
communication impairments in children, youth and/or adults being served  
in a clinic setting.  
Corequisite(s): CSDS 7136L.

CSDS 7136L Introduction to Clinical Practicum in Communication Disorders  
1 Credit Hour. 0 Lecture Hours. 1-9 Lab Hours.  
An introductory practicum course designed to provide instruction and  
practice experience in diagnostic and therapeutic approaches to  
communication impairments in children, youth and/or adults being served  
in a clinic setting.  
Corequisite(s): CSDS 7136.

CSDS 7137 Clinical Practicum in Communication Disorders  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Second semester of clinical practicum lecture. Synthesis of knowledge  
and skills necessary to implement diagnostic and therapeutic approaches  
beyond the introductory level for communication impairments in children,  
adolescents and/or adults.  
Prerequisite(s): A minimum grade of "C" in CSDS 7136.  
Corequisite(s): CSDS 7137L.

CSDS 7137L Clinical Practicum in Communication Disorders  
1 Credit Hour. 0 Lecture Hours. 0-9 Lab Hours.  
Second semester of supervised clinical practice. The clinical experience  
is designed to provide skill development in diagnostic and therapeutic  
approaches beyond the introductory level for communication impairments  
in children, adolescents and/or adults.  
Prerequisite(s): A minimum grade of "C" in CSDS 7136L.  
Corequisite(s): CSDS 7137.

CSDS 7138 Clinical Practicum in Communication Disorders Intermediate  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
Third semester of clinical practicum lecture. Synthesis of knowledge and  
skills necessary to implement diagnostic and therapeutic approaches  
beyond the introductory level for communication impairments in children,  
adolescents and/or adults. Emphasis is placed on the development of  
interpersonal skills, professionalism and clinical independence.  
Prerequisite(s): A minimum grade of "C" in CSDS 7137.  
Corequisite(s): CSDS 7138L.

CSDS 7138L Clinical Practicum in Communication Disorders-Intermediate  
2 Credit Hours. 2 Lecture Hours. 0-9 Lab Hours.  
Third semester of supervised clinical practice. The clinical experience  
is designed to provide skill development in diagnostic and therapeutic  
approaches beyond the introductory level for communication impairments  
in children, adolescents and/or adults. Emphasis is placed on the  
development of interpersonal skills, professionalism and clinical  
independence.  
Prerequisite(s): A minimum grade of "C" in CSDS 7137L.  
Corequisite(s): CSDS 7138.

CSDS 7140 Diag/Appraisal Comm Disorders  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

CSDS 7141 Cognitive and Linguistic Foundations of Language  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Presents an overview of the nature, and development of cognitive and  
linguistic skills needed for effective communication Topics to be addressed  
include but are not limited to development of object permanence  
auditory and visual memory, and meta-linguistics and Brown's stages of  
development. Cultural factors related to cognition and linguistics will be  
discussed. Field experience may be required.

CSDS 7142 Professional and Ethical Issues in Communication Sciences and Disorders  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Overview of a variety of professional and ethically-based issues that relate  
to the licensure and practice of speech-language pathology in various  
settings. Topics may include the ASHA Code of Ethics, legal issues,  
confidentiality, documentation, scheduling, service delivery models and  
professional practices according to state of Georgia regulations.

CSDS 7143 Language Disorders in School-Age Children  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines theoretical perspectives and various approaches to working with  
children and adolescents with language impairments. Practical application  
of language assessment procedure s, individualized intervention planning  
and language intervention strategies will be discussed. The multicultural  
and multidimensional nature of language will be addressed, as well as  
language requirements for successful classroom performance from school  
entry through high school.  
Prerequisite(s): A minimum grade of "C" in CSDS 7145.

CSDS 7144 Neuroanatomy and Physiology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
In-depth study of neuroanatomy and physiology of the central nervous  
and peripheral nervous systems as it relates to sensory, motor and  
cognitive processes underlying speech, language, and hearing. Field  
experiences may be required.

CSDS 7145 Language Disorders Early Child  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course covers assessment and treatment of infants and toddlers with  
a variety of speech and language disorders. Typical development and  
atypical development will be overviewed, as well the importance of  
working with families through the establishment of individualized family  
service plans. Intervention models for diverse populations will also be  
discussed.

CSDS 7147 Language and Literacy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides an overview of the skills necessary for literacy  
acquisition, the progression of literacy development and its relationship  
with language. Students will learn to identify and promote emergent  
literacy skills, acquire strategies to support the developing reader, gain  
knowledge of disorders of spoken language and literacy, discuss methods  
for assessing language-based literacy skills and develop a literacy-  
based language intervention unit to target all components of language  
(phonology, pragmatics, morphology, syntax, and semantic).  
Prerequisite(s): A minimum grade of "C" in CSDS 7143.
CSDS 7148 Oral & Motor Speech Disorders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Assessment and treatment of oral and motor speech disorders (apraxia and the dysarthrias).
Prerequisite(s): A minimum grade of "C" in CSDS 7144.

CSDS 7149 Aural Rehabilitation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

CSDS 7150 Swallowing Disorders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of anatomy and physiology related to the swallowing mechanism and the nature of dysphagia, as well as current practices in the assessment and treatment of swallowing disorders in children and adults with various etiologies. Cultural implications of swallowing disorders will be discussed. Field experience/observation may be required.

CSDS 7151 Aphasia & Rel Neu Disordrers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Assessment and treatment of acquired neurogenic language disorders as well as cognitive communication disorders in adults. Field experience may be required.
Prerequisite(s): A minimum grade of "C" in CSDS 7144.

CSDS 7154 Advanced Practicum in Communication Disorders I
3 Credit Hours. 1 Lecture Hour. 1-2 Lab Hours.
Fourth semester of supervised clinical practicum with clients of all ages and various cultural/linguistic backgrounds. A practicum course designed to provide instruction and practical experience in diagnostic and therapeutic approaches to communication impairments with minimum to moderate supervision. Emphasis on development of interpersonal skills and professionalism.
Prerequisite(s): A minimum grade of "C" in all of the following: CSDS 7150 and CSDS 7151 and CSDS 7157 and CSDS 7147 and prior or concurrent enrollment in CSDS 7147.

CSDS 7155 Advanced Practicum in Communication Disorders II
3 Credit Hours. 1 Lecture Hour. 1-2 Lab Hours.
Fifth semester of supervised clinical practicum with clients of all ages and various cultural/linguistic backgrounds. A practicum course designed to provide instruction and practical experience in diagnostic and therapeutic approaches to communication impairments with emphasis on independent service delivery. Continued development of interpersonal skills, professionalism, and clinical fellowship readiness.
Prerequisite(s): A minimum grade of "C" in CSDS 7154.

CSDS 7156 Voice & Fluency Disorders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

CSDS 7157 Speech Sound Disorders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The assessment and treatment of speech sound disorders with a specific focus on articulatory and phonological disorders in early childhood. Field experience may be required.

CSDS 7158 Acquired Cog. Comm Disorders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prepresents an overview of the nature, assessment, and treatment of cognitive-communication disorders, including (but not limited to) communication impairments related to acquired deficits in attention, memory, problem solving, and executive function. Specific etiologies to be discussed include traumatic brain injury, dementias, and right hemisphere damage. Cultural implications of cognitive-communication disorders will be discussed. Field experience may be required.
Prerequisite(s): A minimum grade of "C" in CSDS 7144.

CSDS 7163 Research Methodology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An orientation to strategies and methodology in the design and evaluation of research in communication sciences and disorders.

CSDS 7165 Independent Study
1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
Independent study in an area of interest or need in communication sciences and disorders.

CSDS 7230 Spec Top in Speech/Lang Path
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

ECEG Early Childhood

ECEG 7100 Early Childhood Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Review of research, programs, and strategies in program development of PreK-5 students. Students will develop skills involved in translating concepts into classroom practice.

ECEG 7300 Coastal GA Writing Project
1-6 Credit Hours. 0-6 Lecture Hours. 0-18 Lab Hours.
This course requires extensive and varied writing, running the gamut from notetaking to reflective journals, and from personal narrative to formal position papers. Students enrolled in the course are encouraged to explore topics of importance and interest.

ECEG 8060 Professional Practices
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed for new teacher candidates seeking P-5 certification. Course addresses legal issues and best practices of pedagogy.

ECON Economics

ECON 5150G Survey of Econ for Educators
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Survey of macroeconomic, microeconomic, and personal finance topics relevant to the Georgia Performance Standards for teaching economics in grades K-12. Course examples will be drawn from classroom resources available to educators. Students will be expected to develop a portfolio of grade-level appropriate examples for future classroom use.

ECON 5450G Comparative Economic Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the basic tenets of the major economic systems developed in the 19th and 20th centuries. The role of government and politics along with the contributions to economic and political thought of such men as Adam Smith, Karl Marx, John Maynard Keynes, and Milton Friedman.

ECON 6230 Foundations of Economics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the fundamental concepts and theories of microeconomics and macroeconomics.

ECON 7030 Special Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A customized course that allows students to pursue further study in a specific topic.

ECON 7130 Math for Applied Economics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A review of mathematical concepts that will be utilized in the Master of Science in Applied Economics program. The primary focus will be on getting practice using mathematical concepts that are not necessarily new to the student but which may not have been used for some time. Topics include economic models, set theory, types of functions, comparative statics and differentiation, and constrained optimization techniques.

Prerequisite(s): Permission of Department Chair.
ECON 7131 Microeconomics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the modern study of microeconomics. Examines the
economic behavior of consumer households, firms, and goods and factor
markets. The efficiencies offered by competitive markets and the costs
imposed by deviation from competition are examined.
Prerequisite(s): A minimum grade of "C" or better in ECON 7130 and
admission to MSAE program or permission of Department Chair.

ECON 7132 Macroeconomics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to advanced macroeconomic theory. The
first half studies dynamic models of long-run growth: the Solow model,
the neoclassical growth model, overlapping generation models, and
endogenous growth models; it also discusses long-run policy issues
and determinants of cross-country differences in per capital income and
growth. The second part of the course focuses on real business cycle
models and the micro-foundations for macro models. It examines the
nature of short-run fluctuations and the evaluation of macroeconomic
policies that aim at stabilization, inflation, unemployment and the national
debt.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7133 International Economics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an analytical framework for understanding economic
interaction between independent nations and examining international trade
policies. The classical theory is complemented by a new theoretical view in
which economies of scale and imperfect competition play an important role
in determining international trade patterns and gains from trade.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7232 History of Economic Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a comprehensive study of the development of economic
discipline. Scientific discoveries of important economic theorists will be
analyzed in detail. Special emphasis will be placed on the development to
the theory of value, and how differences among economists on this topic
have served to shape various market and non-market economic systems.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7331 Applied Econometrics I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed as a first graduate course in applied
econometrics. It teaches how to use regression modeling to examine
practical economic problems. Students will learn how to build theoretically
sound econometric models, estimate regression equations using statistical
software, diagnose and correct specification errors, evaluate and correctly
interpret regression results, and draw substantiated conclusions that help
recommend economic policies and make managerial decisions.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7332 Applied Econometrics II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a graduate course in econometric techniques commonly
used in applied microeconomic analysis. Instrumental variable models
are discussed as alternatives to the linear regression model along with
diagnostics and specification testing. Additional techniques include
simultaneous equation models, cross-section and panel estimations, and
models of qualitative choice.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7431 Regional Economic Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students with an in-depth understanding of why
economic development is important to business growth. Students will
also discover the vital role industry plays in the economic development
process. This course exposes students to the importance of economic
development through case studies exploration, interaction with business
leaders and government officials, and the course provides a hands-on look at
economic development activities in the area.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7531 Industrial Organization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the modern study of markets with a focus on game
theoretic models of imperfect competition. Topics include firm behavior
under monopoly power, cooperative and non-cooperative oligopoly,
and monopolistic competition. Considerable time will be devoted to
understanding the effects of uncertainty on market outcomes.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair and a minimum grade of "C" in ECON 7131.

ECON 7631 Advanced Financial Economics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a detailed examination of financial institutions and the
impact of institutions on the intertemporal allocations of resources. The
microeconomic aspects of financial institution are emphasized. In addition,
investment decisions are analyzed within the context of changing financial
institutions.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7632 Financial Economics and Risk
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a comprehensive study of the economics of risk and the
various techniques used to measure and analyze risks are explored. The
course begins with an overview of the risk management process. Then
different quantitative approaches used in risk management are covered in
detail.
Prerequisite(s): Admission to MSAE program or permission of
Department Chair.

ECON 7890 Individual Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A guided individual research project that provides the student with an
opportunity to explore a topic in-depth.
Prerequisite(s): Permission of Department Chair.

ECON 8131 Health Economics
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This advanced course provides an analytical framework for the allocation
of health care resources and an exploration of empirical health economics.
Topics addressed using advanced economic theory and empirical
methodology include the demand and supply of health care, health care
market imperfections, and roles and behavior of physicians, hospitals,
health insurers, and the government.
Prerequisite: A minimum grade of "C" in ECON 7131 or the approval
of the Department Chairperson or the Master of Science in Applied
Economics Program Director.

ECON 8231 Behavioral Economics
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course introduces the basic concepts and foundations of behavioral
economics that combines psychology and other behavioral sciences with
economics to study how real people make decisions and their economic
outcomes. Topics include choice under certainty and uncertainty,
intertemporal choice and strategic interactions. A dual presentation
approach compares behavioral and traditional treatments.
Prerequisite: A minimum grade of "C" in ECON 7131 or the approval
of the Department Chairperson or the Master of Science in Applied
Economics Program Director.
EDAT 8331 Applied Dynamic Optimization
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The course covers topics in public policy (especially in tax policy), financial economics, agricultural economics, natural resources management, and a production using techniques such as optimal control theory and dynamic programming, and also implementing them using computational software.
Prerequisite(s): A minimum grade of "C" in ECON 7131.

EDAT Accomplished Teaching

EDAT 6000 Professional Decision Making
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Preparation for making informed decisions about effective practices, assessment of learning, and professional actions that will enable educators to optimize both instructional performance and student achievement. This course will focus on the self-assessment of individual student understanding and application of master teacher outcomes based on National Board for Professional Teaching Standards.

EDAT 6001 Using Assessment to Improve Teaching and Learning
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Advanced study of the critical role of formative and summative assessment implementation and evaluation in an effective standards-based P-12 classroom. The course addresses knowledge of assessment theory and skill in effective practice.

EDAT 6115 Knowledge of Students and Their Learning
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Students will compile artifacts gathered from various courses in the program and reflect on their learning in relation to program standards.

EDAT 6119 Infusing 21st Century Technology
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Taught by Columbus State University.

EDAT 6159 Multicultural Studies across the Curriculum
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Examines professional literature, curricula, and teaching practices related to cultural diversity in education settings. Critically examines how traditional education promotes or hinders student success; identifies elements of culturally responsive pedagogy and their application to curriculum development and learning. Includes a 10-hour field experience in which teachers explore the cultural resources of the communities in which they work.

EDAT 6217 Lit & Learn Strat Across Curri
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Taught by Columbus State University.

EDAT 6226 Curriculum Design for Student Achievement
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course is part of the on-line M.Ed. in Accomplished Teaching. Investigates best practices in curriculum development, curriculum alignment reflecting state and national standards, and assessment in ensuring high student achievement. The course explores subject-specific pedagogical content, related content areas, inclusion of resources and technology that enhance curriculum development and implementation in the classroom. Includes a thirty-hour field experience in the public school environment in activities related to curriculum development and alignment. A curriculum development or curriculum alignment project will be submitted as partial requirement for the successful completion of the course. (Course fee required.)

EDAT 7100 Research Methodology in Education Research Methodology in Education
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A survey of education and educationally-related research methods incorporating an applied approach to research design. The ability to read, interpret, conduct and report research is emphasized to improve practice in educational settings.

EDAT 7131 Enhancing Student Performance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will emphasize strategies for selecting and adapting curriculum, instruction, resources, and assessments in order to maximize learning. The course will provide educators with ways to identify, analyze, and use results from multiple performance assessments to plan instruction aimed at enhancing and demonstrating learning. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.

EDAT 7132 Framework for Teaching
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of teaching and learning strategies associated with effective teaching practices. Emphasis is placed upon the relationships that exist between student development, instructional practices, educational environments, continuous reflection and assessment, learning communities, and dispositions of the profession. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.

EDAT 7133 Trends, Issues, & Research in Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to help practitioners develop critical frameworks for designing and evaluating educational practices and programs within the context of current trends and issues in education. Emphasis is placed on specific research findings and their application to practice, in addition to the development of analytical and communicative skills needed to improve teaching and learning. Candidates will formulate their own professional goals that will culminate with the presentation of a professional portfolio at the end of the program.

EDCI-Education GASTate Franchi

EDCI 7660 Practicum I
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

EDET Education-GOML

EDET 8010 Reflective Teaching Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introductory course for Educational Specialist Degree. National Board for Professional Teaching Standards are used for candidate’s self-assessment of professional goals that are based upon an understanding and application of a master teacher as leader. This course provides the basis for an individualized program of study by identifying appropriate guided electives.

EDET 8020 Using Assessment and Data
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Techniques for establishing reliable and valid data sources for student, classroom, and school improvement decisions. Candidates learn how to utilize technology tools for educational management.

EDET 8040 Strategic Plan School Reform
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of major theories and evidence-based practices in the design and development of research to evaluate the effectiveness of school-based programs, including curricular, co-curricular, and staff development initiatives for the improvement of student learning.

EDLD Educational Leadership

EDLD 7090 Selected Topics in Educational Leadership
1-3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Participants examine selected topics in the areas of P-12 and postsecondary administration and supervision. Focuses on the specialized needs of administrators, supervisors, and teachers.
EDLD 7331 Foundations of Student Affairs in Higher Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course covers the student services associated with divisions of student affairs in higher education settings. The course is designed to trace the development and understand the philosophy of student services, and to explore the issues that face student affairs professionals in higher education settings. 
Prerequisite(s): Admission to M.Ed. in Higher Education or permission of instructor. 

EDLD 7430 American Higher Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course analyzes the evolution and organization of American higher education. Participants examine the dominant historical, philosophical, and social constructs which impacted American higher education. Consideration will be given to the roles and missions of vocational/technical institutes, 2-year and 4-year colleges, and comprehensive universities. 
Prerequisite(s): Admitted to M.Ed. program or permission of instructor. 

EDLD 7311 Higher Education Administration  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
Overview of the evolution and organization of American higher education administration. Examines the dominant leadership and managerial themes shaping the nation's system of post-secondary education. Considers administrative and management precedents that shaped the structuring and management of vocational/technical institutes, 2-year and 4-year colleges, and comprehensive universities. 

EDLD 7432 History of American Higher Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course is an analysis of the historical evolution of American higher education. The course examines the conceptual belief that American higher education is a culmination of historical development which directly influences every aspect of higher education administration. Considers historical precedents that shaped the structuring and management of vocational/technical institutes, 2-year and 4-year colleges, and comprehensive universities. 

EDLD 7530 Transformational School Leadership  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course will provide an introduction to leadership through a comprehensive overview of the field of educational administration. Transformational leadership, as well as distributed and democracy-centered school leadership, will be studied as a means of leading schools in the 21st century. This course is aligned to the GaPSC Educational Leadership (EL) Standards 1 and 4, Teacher Leader Endorsement (TLE) Standards 2, 4, 7, and LKES Standards 1, 2, and 7. 

EDLD 7531 Legal and Ethical Issues in School Leadership  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course will provide candidates the opportunity to examine legal and ethical principles and professional norms by promoting the development of an inclusive school climate characterized by supportive relationships, a personalized culture of care, and an equitable and culturally responsive school environment. Candidates in the course will study legal and moral liability of school boards, administrators, and teachers. The goal is to provide school leaders awareness and understanding of their ethical and legal obligations in leading schools with a commitment to serving and providing access to schooling for all, including students, teachers, and parents. The school leader will examine issues concerning local, regional, state, and federal laws and guidelines that may impact the educational leader's efforts to develop a legally sound and ethical educational institution. The Code of Ethics for Georgia Educators provides a core ethical system for transformational school leaders. This course is aligned to the GaPSC Leadership Program Standards 7 and LKES 4, 7. 

EDLD 7532 Managing Human Capital  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course will provide an overview of the system of human resources, including recruiting, selecting, maintaining, and developing school personnel in the democracy-centered school. Candidates will explore, demonstrate, and evaluate the relationships between administrators and other school personnel with an emphasis on empowering human resources in educational settings. Human resources process, procedures and techniques used to facilitate the attainment of state, school district and school educational visions, missions, goals, and objectives will be reviewed and analyzed. A focus on cultural, legal, and ethical issues involved in leading productive teams in democracy-centered schools will be articulated and demonstrated in this course. 

EDLD 7533 Mobilizing Communities  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course will provide teacher leaders with the opportunity to demonstrate the knowledge, skills, and dispositions essential for democracy-centered school leaders in communicating with various stakeholders. Sensitivity to multicultural needs and an understanding of all communities—both internal and external—provide a foundation for the democracy-centered school leader to provide means of access to the school's systems. Interacting with internal and external stakeholders as a key role in teacher leadership will be explored and practiced through readings, discussions, seminars, and field-based experiences for the purpose of mobilizing communities in support of teaching and learning. This course is aligned to the Georgia Board of Regents Principles, Georgia Professional Standards Commission's Teacher Leadership Program Standards, and Council for the Accreditation of Educator Preparation Standards. 

EDLD 7534 Leading Innovation and Change  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course will focus on knowledge and skills of leading innovation and change. Candidates will understand how problem-solving and decision-making may be utilized in support of innovation, change, learning, and teaching. Stages of innovation and change will be explored in the school/district setting. This course is aligned to the Georgia Board of Regents Principles (Leading Change) (Relationship Development) and the ELCC Standards. 

EDLD 7535 Utilizing Data in Leadership  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course provides educational leaders with knowledge, skills, and application of data in the school improvement process in order to promote robust and meaningful curricula and assessment programs and ensure effective and efficient management of the school or district to promote student social and academic learning. Among key competencies that educational leaders need to successfully harness, manage and implement educational change efforts leading to student outcomes is through the use of educational data. This course builds such competencies by equipping candidates with the knowledge, skills and dispositions needed to identify, navigate, discuss, explain, analyze, interpret, and communicate school, district, state, and national educational databases appropriate in school development and improvement processes. 

EDLD 7536 Developing Professional Learning Communities  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
This course will provide candidates with the opportunity to examine and apply theory and research related to leadership, motivation, facilitating change, communicating effectively, team building, and creating and sustaining professional learning communities. 

EDLD 7537 Finance for Educational Leaders  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours. 
The course will provide participants the means to promote the academic success and personal well-being of every student by ensuring effective and efficient management of the school's fiscal resources. Candidates examine essential business functions to include budgeting, facilities finance, purchasing, and entrepreneurship as they relate to the day-to-day functions of the complex school organization.
EDLD 7540 Politics of P-12 Public Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides candidates the means to examine organizational politics while considering organizational and community values and mission. In order to promote the academic success and personal well-being of their students and stakeholders, candidates will learn to advocate for policies and resources, build and sustain productive relationships, and promote understanding and appreciation for a diverse community.

EDLD 7737 Supervised Field Experience I
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
In the EDLD M.Ed. program, transformational school leaders will demonstrate skills, knowledge, and dispositions aligned with the GaPSC and Leader Keys Effectiveness System (LKES) standards. In the EDLD M.Ed. program, transformational school leaders will engage in innovative, performance-based practices aligned with the GaPSC and Leader Keys Effectiveness System (LKES) standards. Candidates will focus on the development of an electronic portfolio that is evidence-based to meet GaPSC criteria for certification under the guidance of the Leadership Candidate Support Team (LCST). *125 Clinical Practice/Field Experience Hours are required.

EDLD 7738 Supervised Field Experience II
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
In the EDLD M.Ed. program, transformational school leaders will demonstrate skills, knowledge, and dispositions aligned with the GaPSC and Leader Keys Effectiveness System (LKES) standards. In the EDLD M.Ed. program, transformational school leaders will engage in innovative, performance-based practices aligned with the GaPSC and Leader Keys Effectiveness System (LKES) standards. Candidates will have the opportunity to present a completed electronic portfolio that is evidence-based to meet GaPSC criteria for certification under the guidance of the Leadership Candidate Support Team (LCST). *125 Clinical Practice/Field Experience Hours are required.

EDLD 7739 Supervised Field Experience III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In the EDLD M.Ed. program, transformational school leaders will demonstrate skills, knowledge, and dispositions aligned with the GaPSC and Leader Keys Effectiveness System (LKES) standards. In the EDLD M.Ed. program, transformational school leaders will engage in innovative, performance-based practices aligned with the GaPSC and Leader Keys Effectiveness System (LKES) standards. Candidates will have the opportunity to present a completed electronic portfolio that is evidence-based to meet GaPSC criteria for certification under the guidance of the Leadership Candidate Support Team (LCST). This course is aligned to the GaPSC Leadership Program Standard 3 and LKES Standard 5.

EDLD 8135 Educational Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines concepts and theories relating to various forms and approaches of planning at the school district and postsecondary educational levels. Emphasis is placed on specific skills to perform educational forecasting and management techniques to plan for future events.

EDLD 8230 Instructional Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In the EDLD Ed.S., instructional leaders build consensus among all stakeholders of what students should know and do as a consequence of their participation in schools, as well as what it means for students to become well-adjusted, contributing members of society. In this course, leadership candidates will work to build such a vision that can require reconciling possibly competing perspectives among diverse members of the school community. Based on this vision, these leaders will create a plan to implement, monitor, and evaluate impact to promote continuous and sustainable improvement.

EDLD 8231 Planning, Instruction, and Assessment through Transformational Leadership
3 Credit Hours. 3 Lecture Hours. 100 Lab Hours.
Transformational school leaders promote the use of rigorous curricula, which set high expectations for students and are aligned to academic standards. In this course, leadership candidates will develop a plan that seeks to maximize student learning through authentic and differentiated planning and pedagogy, instruction and effective assessment strategies that inform practice. They develop and coordinate these systems in ways that create opportunities to personalize the academic program to meet individual student needs. The effectiveness of implementation and the impact of these systems on student learning are evaluated. The clinical practice embedded in this course is 100 field experience hours. This course is aligned to the GaPSC Leadership Program Standard 2 and LKES Standard 3.

EDLD 8232 Leading Human Capital
3 Credit Hours. 3 Lecture Hours. 100 Lab Hours.
Transformational school leaders support the professional learning of effective, caring teachers and leaders who are able to work with students productively in the classroom and who can collaboratively lead a school or district. In this course, leadership candidates will collaborate with other transformational leaders in building an effective staff with a focus on personnel recruitment, selection, assignment of responsibilities, support, evaluation, and retention. Developing the professional skills of educators involves such activities as coaching, creating supportive conditions, and fostering a learning community. The clinical practice embedded in this course is 100 field experience hours. This course is aligned to the GaPSC Leadership Program Standard 3 and LKES Standard 5.

EDLD 8233 Cultivating School Climate
3 Credit Hours. 3 Lecture Hours. 100 Lab Hours.
Transformational school leaders create healthy, safe, and supportive school environments in which students are known, accepted, valued, and empowered to reach their fullest potential. In this course, candidates will do so by supporting a culture defined by high expectations, trust and a collective sense of responsibility for the academic, social and emotional needs of all students. The clinical practice embedded in this course is 100 field experience hours. This course is aligned to the GaPSC Leadership Program Standards 4 and LKES Standard 2.

EDLD 8234 Building Instructional Capacity
3 Credit Hours. 3 Lecture Hours. 100 Lab Hours.
Education leaders strive to ensure that staff have the requisite organizational resources, time, structures and roles to increase student learning and achievement. In this course, leadership candidates will use innovation in developing class schedules, student and teacher assignments, implementation of instructional technology in the classroom, and plans for allocation of time and space for staff to exchange ideas and collaborate via Professional Learning Communities (PLC). The clinical practice embedded in this course is 100 field experience hours. This course is aligned to the GaPSC Leadership Program Standard 5 and LKES Standard 6.

EDLD 8235 Engaging Stakeholders in School Improvement
3 Credit Hours. 3 Lecture Hours. 100 Lab Hours.
In the EDLD Ed.S., transformational school leaders build and sustain productive relationships with families and other community partners in the government, non-profit and private sectors. In this course, leadership candidates will promote understanding, appreciation and use of the community's diverse cultural, social and intellectual resources. In doing so, they will communicate regularly and openly with families and community partners, and seek their input and support for continuous improvement efforts.
EDLD 8236 Managing Operations for Viability
3 Credit Hours. 3 Lecture Hours. 100 Lab Hours.
Transformational school leaders are responsible for the effective, efficient, equitable and ethical management of schools and districts. This course, leadership candidates demonstrate responsibilities that include acquiring and allocating resources, monitoring and addressing internal and external regulatory requirements, developing organizational policies and practices, and other administrative duties that maintain the continued viability of the school or district. The clinical practice embedded in this course is 100 field experience hours. This course is aligned to the GaPSC Leadership Program Standards 7 and LKES Standard 4.

EDLD 8431 Higher Education Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines policy-formation processes in higher education institutions. The course examines trends and changes in the characteristics of college students and the institutions they attend (cohort changes), research issues related to college impact (student change), and emerging theories and methodologies that address the consequences of attending college. This course serves as the introductory course to the Ed.S. Program in Educational Leadership. The course will focus on issues that democracy-centered leaders may face relative to high expectations and school/community relations as part of planning for change. While the local focal will be on how the democracy-centered leader plans for meaningful change in education, the change will be in context with human dynamics and relationships. Participants will examine cultural, ethical and interpersonal issues that affect school climate and resistance to significant change in a democracy-centered school culture. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (7) Performance Management, (9) Leading Change, and (10) Relationship Development and ELCC Standards 1-6.
Corequisite(s): EDLD 8631.
Prerequisite(s): Admission to M.Ed. in Higher Education or permission of instructor.

EDLD 8630 Planning for Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on leading change by having the participants apply change theory in initiating a change effort in the educational setting. After a review of structural and post-structural perspectives, candidates will identify a need with special attention given to the relationship of the change effort to the organizational vision. Candidates will be coached on how to monitor progress of the change initiative. Skills of leading change will be demonstrated through simulations and lab activities. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district/school level. This course is aligned to the Georgia Board of Regents Principles (7) performance Management and (9) Leading Change and ELCC Standards 1-5.
Corequisite(s): EDLD 8631.
Prerequisite(s): A minimum grade of "C" in EDLD 8630 and EDLD 8631.
Corequisite(s): EDLD 8737.

EDLD 8536 Assessment and Evaluation in Higher Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines trends and changes in the characteristics of college students and the institutions they attend (cohort changes), research issues related to college impact (student change), and emerging theories and methodologies that address the consequences of attending college. This course intends to provide a broad introduction to research on students in a broad range of developmental and sociological areas.

EDLD 8535 College Student Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines trends and changes in the characteristics of college students and the institutions they attend (cohort changes), research issues related to college impact (student change), and emerging theories and methodologies that address the consequences of attending college. This course serves as the introductory course to the Ed.S. Program in Educational Leadership. The course will focus on issues that democracy-centered leaders may face relative to high expectations and school/community relations as part of planning for change. While the local focal will be on how the democracy-centered leader plans for meaningful change in education, the change will be in context with human dynamics and relationships. Participants will examine cultural, ethical and interpersonal issues that affect school climate and resistance to significant change in a democracy-centered school culture. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (7) Performance Management, (9) Leading Change, and (10) Relationship Development and ELCC Standards 1-6.

EDLD 8534 The Community College
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the organizational dynamics of higher education institutions as well as traditional and emerging managerial patterns. The use of organizational models and paradigms enables participants to analyze a variety of contemporary issues and situations in higher education settings.

EDLD 8533 Higher Education Governance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the organizational dynamics of higher education institutions as well as traditional and emerging managerial patterns. The use of organizational models and paradigms enables participants to analyze a variety of contemporary issues and situations in higher education settings.

EDLD 8532 Organizational Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the development of organizational culture, including curriculum and instruction, the technical “core” of the school/district, and leadership. Distributed leadership within the culture of high academic expectations will be examined, as well as school/district climate issues associated with “fluid leadership.” A major emphasis will be on conflict management and motivational strategies for students, faculty/staff. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (5) Organizational Culture and ELCC Standards.

EDLD 8531 Implementing Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on leadership change in a democracy-centered school. After a review of structural and post-structural perspectives, candidates will identify a need with special attention given to the relationship of the change effort to the organizational vision. Candidates will be coached on how to monitor progress of the change initiative. Skills of leading change will be demonstrated through simulations and lab activities. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district/school level. This course is aligned to the Georgia Board of Regents Principles (7) performance Management and (9) Leading Change and ELCC Standards 1-5.

EDLD 8436 Grant Development/Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will learn the methods and processes of project development, funding source development, and proposal writing. All grants and proposals developed during the course will be submitted to various foundations and/or government agencies for possible funding.

EDLD 8435 Higher Education Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the organizational dynamics of higher education institutions as well as traditional and emerging managerial patterns. The use of organizational models and paradigms enables participants to analyze a variety of contemporary issues and situations in higher education settings.

EDLD 8434 The Community College
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the educational mission of the two-year postsecondary institution (vocational/technical institutes and community college). Particular emphasis is given to the philosophical, pedagogical and organizational underpinnings of two-year institutions with concentration on their historical development, student clientele, and educational mission.

EDLD 8433 Higher Education Governance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the organizational dynamics of higher education institutions as well as traditional and emerging managerial patterns. The use of organizational models and paradigms enables participants to analyze a variety of contemporary issues and situations in higher education settings.

EDLD 8432 Higher Education Finance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the educational mission of the two-year postsecondary institution (vocational/technical institutes and community college). Particular emphasis is given to the philosophical, pedagogical and organizational underpinnings of two-year institutions with concentration on their historical development, student clientele, and educational mission.

EDLD 8431 Higher Education Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines policy-formation processes in higher education institutions. The course examines trends and changes in the characteristics of college students and the institutions they attend (cohort changes), research issues related to college impact (student change), and emerging theories and methodologies that address the consequences of attending college. This course serves as the introductory course to the Ed.S. Program in Educational Leadership. The course will focus on issues that democracy-centered leaders may face relative to high expectations and school/community relations as part of planning for change. While the local focal will be on how the democracy-centered leader plans for meaningful change in education, the change will be in context with human dynamics and relationships. Participants will examine cultural, ethical and interpersonal issues that affect school climate and resistance to significant change in a democracy-centered school culture. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (7) Performance Management, (9) Leading Change, and (10) Relationship Development and ELCC Standards 1-6.
Corequisite(s): EDLD 8631.

Prerequisite(s): Admission to M.Ed. in Higher Education or permission of instructor.

EDLD 8630 Planning for Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on leading change by having the participants apply change theory in initiating a change effort in the educational setting. After a review of structural and post-structural perspectives, candidates will identify a need with special attention given to the relationship of the change effort to the organizational vision. Candidates will be coached on how to monitor progress of the change initiative. Skills of leading change will be demonstrated through simulations and lab activities. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district/school level. This course is aligned to the Georgia Board of Regents Principles (7) performance Management and (9) Leading Change and ELCC Standards 1-5.

Corequisite(s): EDLD 8631.

EDLD 8632 Organizational Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the development of organizational culture, including curriculum and instruction, the technical “core” of the school/district, and leadership. Distributed leadership within the culture of high academic expectations will be examined, as well as school/district climate issues associated with “fluid leadership.” A major emphasis will be on conflict management and motivational strategies for students, faculty/staff. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (5) Organizational Culture and ELCC Standards.

Prerequisite(s): A minimum grade of "C" in EDLD 8630 and EDLD 8631.
Corequisite(s): EDLD 8737.
EDLD 8633 Curriculum and Instructional Leadership 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for the beginning principal/district level administrator to demonstrate best practices in leading curriculum and instruction in the democracy-centered educational setting. The candidates in the course will implement strategies to facilitate curriculum wisdom. Candidates will also identify research-based best practices and strategies in effective schools. Candidates will be immersed in instructional supervision of teaching and learning, including assessment for learning. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance based at the district or school level. This course is aligned to the Georgia Board of Regents Principles (1) Curriculum (2) Instruction and ELCC Standards 1,2,3, and 5.
Prerequisite(s): A minimum grade of "C" in EDLD 8630, EDLD 8631, and EDLD 8632; a minimum grade of "S" in EDLD 8737.
Corequisite(s): EDLD 8634 and EDLD 8738.
EDLD 8634 Managing Operations and Processes 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide candidates with an in-depth look at the essential day-to-day operational management of the school/system, as well as features of day-to-day processes that impact teaching and learning, such as attendance, parent volunteer programs, professional learning programs, the hiring process, staff scheduling, etc. Fiscal policies and procedures will be analyzed from the perspective of aligning resources with instructional priorities. The physical site, including grounds and buildings, will be analyzed from the perspective of state, system, and local school rules, policies, and procedures, as well as aligning the use of facilities with instructional priorities. The course will provide an overview of the safe, orderly and engaging learning environment, as it relates to day-to-day operations. Working conditions will be examined from a best practices perspective. The beginning principal/district office administrator will understand, practice, and implement strategies to facilitate professional learning in a high performing school, where teaching and learning needs define facilities and resource needs. Candidates will identify barriers and interventions to professional learning and development, especially as professional learning relates to operational procedures. The course will emphasize current problems in the management of the learning organization, including, but not limited to, diversity, ethical leadership, politics, and policy in today’s global society. The course is designed to be 1/3 knowledge-based, 1/3 lab-based, and 1/3 performance-based at the district or school level. This course is primarily aligned to Georgia Board of Regents Principles (8) Managing Operations and Processes and ELCC Standards 2, 3, 5.
Prerequisite(s): A minimum grade of "C" in EDLD 8630, EDLD 8631, and EDLD 8632.
Corequisite(s): EDLD 8633 and EDLD 8738.
EDLD 8635 Leading School Renewal 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course allows candidates to develop the knowledge, skills and disposition needed to implement successful school improvement and allow them to lead such process in their own school/school district. Successful school improvement under state and federal mandates requires major and dramatic change in a limited time. Major topics to be covered, among others, include elements of successful school improvement process; benchmarking and correlates of successful schools; building the capacity for change through effective and focused program of staff development; leading the school improvement effort by engaging teachers, faculty, parents, and community members; dealing with barriers against the school improvement process; utilizing technology in school improvement process to improve student outcomes; assessing the school improvement process to identify progress and gaps in student learning; building appropriate school culture for sustainable and lasting school improvement process.
EDLD 8735 Higher Education Practicum 3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Participants complete a supervised field experience under the direction of a practicing higher education administrator or supervisor.
EDLD 9235  Contemporary Issues in Educational Administration  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course examines the two extremes of doctoral study. At one end the student must analyze and synthesize the historical precedents that have provided direction to educational administration, particularly in their (his/her) research area. At the other end the student must hypothesize and conceptualize the current issues that are impacting administrators in complex educational institutions. Such a synthesis will provide guidance in a research agenda and ultimately in dissertation development.  
Prerequisite(s): Admission to Advanced Doctoral Study (Tier II).  

EDLD 9331  Building Leadership Capacity  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course focuses on building individual and district leadership for effective schools. Candidates will examine leadership behaviors and dispositions from theoretical perspectives to identify ways individual leadership contributes to the development of vision and accomplishment of mission in a school/district setting. Given that leadership is a values-laden profession, dispositions of leadership candidates will be assessed and examined. Effective leadership behaviors in promoting learning and high-performance schools will be considered in light of leadership selection, development, and succession planning. A major component of the course will require development of a personal action plan to guide candidates to implement distributed leadership model within a school/district.  
Prerequisite(s): Admission to Tier II Ed.D. cohort in Educational Leadership (P-12 Education).  

EDLD 9332  Organizational Behavior in Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
In this course, candidates will review theoretical assumptions and empirical studies in organizational behavior in education. Candidates will be able to describe how assumptions/empirical claims have led (or not led) to dominant structures in American schools (political, economic, and legal dimensions). From the study of three perspectives of organizational culture, including integration, differentiation, and fragmentation, candidates will explore the usefulness of the three-perspective approach in analysis of their school/district culture. In addition, candidates will understand organizational identity to acquire skills to lead school/district to adapt to problems, performance expectations, and global challenges from the external environment that affect culture. Finally, approaches to help manage and change organizational culture will be assessed for utility in school/district settings.  
Prerequisite(s): Admission to Tier II Ed.D. cohort in Educational Leadership (P-12 Education).  

EDLD 9333  Ethics in Educational Leadership  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is designed to prepare school leaders to identify and analyze ethical issues in education, with emphasis given to the role of the school leader in fostering an ethos of social justice in diverse communities. The course includes a survey of ethical theories and models for ethical decision-making, with candidates identifying and resolving ethical dilemmas from their own professional experiences.  
Prerequisite(s): Admission to Tier II Ed.D. cohort in Educational Leadership (P-12 Education).  

EDLD 9432  Program Evaluation for School Leaders  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Program Evaluation covers the theory and practice of systematic investigation of instructional programs, projects, products, and processes. The course is designed to teach practitioners to enhance organizational performance, address quality improvement, or improve school curricula by assessing the effectiveness of endeavors.  
Prerequisite(s): Admission to Ed.D. cohort in Educational Leadership.  
Prerequisite(s): Admission to Tier II Ed.D. cohort in Educational Leadership.  

EDLD 9434  Transformative Educational Leadership Practice I  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
In this course, candidates will examine transformative education and the vision, leadership, and drive that it takes to create innovative and transformative learning experiences. Candidates will briefly examine three major concepts: change, transformation, and creativity, and will spend the majority of time examining how to effectively plan a creative and transformative educational program or intervention at the micro/local level. Overriding questions to be addressed include how it works, what are the forces that facilitate or impede the process of innovation, and what values underlie the overall effort. This first in a series of two courses will introduce and define the nature of change and transformation in education, investigate changes strategies; and, review and refine theories regarding educational transformation.  
Prerequisite(s): Admission to Tier II EdD cohort in Educational Leadership (P-12 Education).  

EDLD 9435  Transformative Educational Leadership Practice II  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
In this course candidates examine two critical concepts: Transformative Education and Enlivened Learning from a global, interdisciplinary perspective. Candidates will explore current transnational issues relevant to education in relation to how they inform practices of student learning/identity and everyday social relations (e.g., knowledge production, transnational organizations, study abroad, citizenship, media, language, power, and curriculum). In addition, candidates will explore these issues from different critical social justice theoretical perspectives namely anti-racism, post/anti-colonialism, Marxism, disability studies, feminist perspectives, and theories of intersectionality. Key questions in this course will be engaged most directly in relationship to issues of learning and education, while at the same time drawing on broad literature that examines globalization, the nation-state, imperialism, and other social justice issues related to inequities across broader society. Candidates will also examine the practices of critical self-reflexivity, resistance, and healing to pursue social change.  
Prerequisite(s): Admission to Tier II EdD cohort in Educational Leadership (P-12 Education).  

EDLD 9531  Educational Leadership in the 21st Century  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is planned for current and prospective leaders who seek to learn more about leadership in P-20 education in this new global era. Students will study several theoretical perspectives that have gained some credibility and research basis over the last several decades. Participants will be asked to relate course material to their own current experience and personal goals. The ultimate goal of the course will be to create a personal knowledge base from which to create a plan for developing or refining one’s own leadership outlook as a current or prospective professional in higher education administration.  
Prerequisite(s): Admission to Tier II EdD cohort in Educational Leadership (Higher Education).  

EDLD 9532  Higher Education Resource Allocation and Deployment  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Emphasis on financial policies, planning, and budgeting; allocation; financial analysis and management, patterns of expenditure, sources of income including grantsmanship, philanthropy, and fundraising. Relationships between educational objectives and resource allocation.  
Prerequisite(s): Admission to Tier II EdD cohort in Educational Leadership (Higher Education).
EDLD 9533 Globalization and Higher Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Candidates will explore the social, educational, economic, and political structures of globalization and the resulting impact on the mission and vision for higher education. Candidates will review major works on how higher education around the world has changed as a result of globalization and how higher education in the United States will meet the challenge to internationalize. Participants will focus on analysis of educational issues on a worldwide basis with opportunities to focus on a particular country and analysis of qualitative research methods as used in cross-cultural and comparative education studies.
Prerequisite(s): Admission to Tier II EdD cohort in Educational Leadership (Higher Education).

EDLD 9534 Emerging Pedagogical Approaches in Educational Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore and critically examine recent scholarly writing and research on teaching and learning in higher education. Topics will include recent developments in adult education theory, innovations in curriculum design and delivery, best practices in college teaching, student support, and assessment.
Prerequisite(s): Admission to Tier II Ed.D. cohort in Educational Leadership (Higher Education).

EDLD 9535 Executive Leadership in Higher Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the theoretical approaches that define and describe various elements of academic and student affairs environments. Emphasis will be placed on executive-level positions in academic and student affairs administration in postsecondary institutions (e.g., department heads, deans, vice presidents) encompassing the knowledge and skills for current and future leaders in higher education. This course will include analysis and interpretation of research related to higher education, with implications for application of findings for improvement of colleges and universities.
Prerequisite(s): Admission to Tier II Ed.D. cohort in Educational Leadership (Higher Education).

EDLD 9631 Research Seminar I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course, the first in a series of three, assists the doctoral student with becoming a consumer as well as a creator of academic research. Research Seminar I provides the doctoral candidate with an introduction to the dissertation process to include research and academic writing, the research process, conducting a library search, creating an annotated bibliography, updating IRB certification, identifying a dissertation topic, and writing the introduction to the dissertation.
Prerequisite(s): Admission to Tier II doctoral study in Educational Leadership.

EDLD 9632 Research Seminar II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The second of a three-course sequence designed to culminate in a comprehensive review of literature. In this second course, students prepare a preliminary review of literature suitable for use (with requisite adaptation) as the Background of the study for a pre-prospectus to include the leadership framework that will guide the study.
Prerequisite(s): Minimum grade of “C” in EDLD 9631.

EDLD 9633 Research Seminar III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The third in a four-course series, this course will provide students with the opportunity to identify, develop, and construct the Methods (Ch. 3) to be used in their dissertation study. In addition students will identify the appropriate IRB documents relevant to their studies, and prepare said documents for IRB submission at the appropriate time. 3 credit hours.

EDLD 9634 Research Seminar IV
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The last in a four-course series, this course will provide students with the opportunity to complete a fully-developed pre-prospectus will be the culminating project. In addition, during this course students will conduct mock defenses, write the Qualifying for Candidacy exam, and present their completed leadership portfolios.
Prerequisite(s): Admission to Tier III doctoral degree candidacy.

EDMS Ed Accplish Teach CSU-GML

EDMS 6001 Assessment for Instruction
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Overview and introductory study of the critical role of formative and summative assessment implementation and evaluation in an effective standards-based P-12 classroom. The course addresses knowledge of assessment theory and skill in practice at the basic level of the Extended Georgia Framework for Teaching and is appropriate for students pursuing initial teaching certificates. A weekly field experience is a required component of the course.

EDMS 6115 Knowledge of Students
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Interrelationships between human development, teaching and learning, including stage theories of development and age characteristics of learners, and understanding diversity and socioeconomic differences. Meets PSC requirement for teaching children with special needs. Requires 60 hours of field experience. (Course fee required.).

EDMS 6116 Research in Education
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is part of the on-line MAT in Math & Sciences. This course will provide the student with the opportunity to acquire skills, knowledge, and strategies necessary to perform action or educational research. (Course fee required.).

EDMS 6474 Technology as Teach and Learn Tool
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

EDMT Educ Math-GOML

EDMT 7360 Integration Technology in Math Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students examine the role of technologies in the teaching and learning of mathematics, with a particular focus on classrooms within urban environments. Course includes hands-on experience with graphing calculators, computer software tools, Internet resources, and instructional materials for integrating technology in mathematics instruction.

EDMT 7560 Theory & Pedagogy of Math Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

EDMT 8430 Sociocult/Hist Issues Math Education
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students explore cultural, economic, political, and social structures and discourses as they relate to mathematics, mathematics teaching and learning, and research in mathematics. Course includes an examination of how research in mathematics and mathematics education is framed and enacted within different theoretical frameworks.

EDRD Georgia State Univ Franch
EDRD 7550  Link Literacy Assess and Classroom
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Linking Literacy and Classroom Instruction. This course involves advanced study of the planning and managing of classroom literacy events based on assessment information. Emphases include a supervised classroom experience where students (1) examine the ways of recording, analyzing, and using assessment information in daily classroom instruction; and (2) consider cultural, psychological, social, and political issues associated with traditional ability groups and alternative approaches to ability grouping that can be implemented to meet students' needs. Course may extend beyond one term.

EDRD 7600  Theory and Pedagogy in the Study of Reading
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
This course addresses methodologies and materials used in developmental reading programs. Students analyze strategies, materials, and organizational designs for teaching reading to all students including those representing diverse cultural and linguistic communities.

EDRD 7630  Literacy in the Content Areas
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.

EDRD 7650  Individual Literature Assess and Instruction
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.

EDRD 8610  Supervision of School Literature Program
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Prerequisite: three literacy courses and admission to a master's-level degree program or admission to an EdS or PhD program. This course introduces students to organization, administration, and supervision of school (p-12) literacy (reading, language arts, English) programs. Students analyze existing programs for elementary, middle, and high schools, examine roles of literacy personnel, and address methods of program evaluation and ways to achieve change in literacy programs.

EDSC Sci for Teachers

EDSC 5131G  Earth Science I
4 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Earth Science I is a survey of the natural processes at work on the Earth, including processes and history of the atmosphere, lithosphere, hydrosphere, and biosphere of the Earth. Materials comprising the Earth's crust (minerals and rocks) will be examined. This course is designed to fulfill the requirements for a one-semester, science lecture and laboratory course.
Cross Listing(s): EDSC 5131.

EDSC 5132G  Earth Science II
4 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Earth Science II is a survey of the natural processes at work on the Earth, including those associated with its oceans, weather and climate. This history of climate change is also covered. This course is designed to fulfill the requirement for a one-semester, science lecture and laboratory course.
Cross Listing(s): EDSC 5132.

EDSC 5151G  Physics for Teachers: Mechanics and Thermodynamics
4 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A study of mechanics and thermodynamics to provide a framework for teachers to introduce or enhance a performance-based physical science curriculum in K-12 education. Students will develop an understanding of Newton's laws and many of the conservation laws. Topics include one and two dimensional motion, forces and Newton's laws, circular motion, rotational motion, momentum, energy, work, thermal properties of matter, and fluid mechanics.
Cross Listing(s): EDSC 5151.

EDSC 5152G  Physics for Teachers: Waves, Electricity and Magnetism
4 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A study of waves, electricity, and magnetism to provide a framework for teachers to introduce or enhance a performance-based physical science curriculum in K-12 education. Students will develop an understanding of sound, light, electricity and magnetism. Topics include oscillations, traveling and standing waves, sound, wave and ray optics, electric forces and fields, electric potential and electric potential energy, circuits, magnetic fields and forces, electromagnetic induction and electromagnetic waves.
Cross Listing(s): EDSC 5152.

EDSC 5161G  Space Science for Teachers: Our Earth and Solar System
4 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A study of our Earth and Solar System to provide a framework for teachers to introduce or enhance a performance-based space science curriculum in K-12 education. Students will also develop an understanding of the history, methods and physics of solar system astronomy. Topics include motions of the sky, seasons, planetary geology and atmospheres, moons, asteroids and comets.
Cross Listing(s): EDSC 5161.

EDSC 5162G  Space Science for Teachers: Stars, Galaxies and the Nature of the Universe
4 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A study of stars, galaxies and the nature of the Universe to provide a framework for teachers to introduce or enhance a performance-based space science curriculum in K-12 education. Students will also develop an understanding of the history, methods and physics used to construct the modern view of the Universe. Topics include the Sun, the Sun-Earth connection, the Milky Way, special relativity, gravity and black holes, stars and stellar evolution, galaxies and the formation of modern cosmology, dark matter, dark energy and the creation and evolution of the Universe, and the formation of the chemical elements.
Cross Listing(s): EDSC 5162.

EDSC 7550  Theory and Pedagogy of Science Instruction
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

EDSC 8400  Strat of Instruction in Science
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.

EDSC 8430  Nature of Science
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Students explore cultural, economic, political, and social structures and discourses as they related to science, science teaching and learning and research in science and science teaching and learning. Course includes examination of how research in science and science education are framed and enacted within different theoretical frameworks.

EDSC 8600  Science in School Curriculum
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.

EDUC Curriculum

EDUC 7130  Curriculum, Theories and Design
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A comprehensive overview of the field of curriculum designed to develop the theoretical knowledge competencies and strategies needed by teachers and other curriculum developers at all levels of education to participate in the curriculum change process.
EDUC 8105 Hip Hop Pedagogy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This is a course designed for masters, specialists, and doctoral students interested in connecting the history, politics, economics, and culture of hip-hop to their pedagogical practices. The primary focus of this class will focus on middle school and high school science, history, and literature classrooms but can also be applied to elementary school classrooms as well. Critical and culturally relevant pedagogy will also be a focus of content.

EDUC 8130 Curriculum Theories and Design  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A comprehensive overview of curriculum orientations and paradigms, theoretical traditions, and emerging complexities within the field of curriculum studies. This course is designed to develop the theoretical knowledge competencies and strategies needed by teachers and other curriculum developers at all levels of education to participate in the curriculum change process.

EDUC 8230 Curriculum Design and Evaluation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Examines multiple theoretical bases and practical processes by which curriculum planning, design and evaluation decisions can be made. Students will have an opportunity to devise and critique their own plans for developing curriculum projects using one or more of these planning perspectives and processes.

EDUC 8605 Critical Media Literacy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Critical Media Literacy examines the social, cultural, political, and economic forces that influence and are influenced by our media systems. This interdisciplinary course will situate media as a pedagogical location in the political economy, and therefore, examine the educative and miseducative possibilities. This interdisciplinary course includes the following topics: the history of media, media ownership, identities negotiated through media, democracy and media, cultural intervention through media, rhetorical practices in media, audience studies, media production, digital media and the teaching and learning of media literacy.

EDUC 8632 Curriculum and Pedagogy for Social Justice  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This capstone course synthesizes theory and research for social justice and provides a framework within which students can demonstrate their abilities to conceptualize a social justice curriculum to apply to their specific teaching contexts. It provides a synthesis of social justice education concepts and places emphasis on students’ abilities to develop theoretically sound and culturally sustaining curricula that are directly applicable to their diverse teaching contexts. Students who successfully complete this course will demonstrate sociopolitical consciousness in their curriculum development and will evidence through their curriculum design, an integrated understanding of the importance of community and other funds of knowledge, curricular knowledge, and ongoing professional development in fostering culturally sustaining and just curriculum and pedagogy for racially, culturally, socioeconomically, and linguistically diverse learners.

EDUC 8633 Social Justice Inquiry  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This capstone course provides a practical experience of exploring multiple forms of curriculum inquiries directly connected to personal and professional concerns in the daily realities the enrolled teachers encounter in schools, communities, and societies. It is an in-depth exploration of diversity and complexity of experience of individuals, groups, families, tribes, communities, and societies that are often at controversy, underrepresented, or misrepresented in the official narrative. The enrolled teachers will develop a plan of social justice inquiry that enables them to better understand and/or transform their teaching profession and work environments, and to envision curriculum inquiry innovations as ways to create equal opportunities to empower racially, culturally, socioeconomically, and linguistically diverse students to reach their highest potential in schools and societies.
EDUC 9632 Doctoral Writing Seminar II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for doctoral students to write a draft of the dissertation pre-prospectus which includes diving into life and writing into contradictions in research phenomena; naming key research issues/questions/purposes; reflecting upon the autobiographical roots of inquiry; positioning research in theoretical, methodological, and social contexts/contexts of study; reviewing related literature; building the research design [theoretical framework, descriptions of participants and research site(s), data collection/story gathering/composing field text, data management/organizing stories, data/narrative analysis, and data representation/composing research text based upon reachable stories and narrative analysis]; and defining the value: significance, challenges/limitations, implications, and future directions.
Prerequisite(s): A minimum grade of "C" in EDUR 9231.

EDUC 9633 Research Seminar in Curriculum Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explorations and independent research for students in the area of Curriculum Studies for students pursuing the Ed.D. in Curriculum Studies.
Prerequisite(s): Admission to EDD in Curriculum Studies.

EDUC 9636 Advanced Seminar in Forms of Curriculum Inquiry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an examination of contemporary research literature in curriculum studies and exploration of multiple forms of inquiry and modes of expression and representation within the field of curriculum studies and their potentials for the advancement of curriculum theory and practice in an increasingly diversifying and contested world, including philosophical, historical, empirical, theoretical, critical, multicultural/multilingual/multiracial, counter-narrative, multiperspectival cultural studies, subaltern, indigenous, art-based, auto/biographical, documentary, oral history, speculative essay, fiction, story, play, poetry among others. This course will serve as a required advanced seminar for students to explore forms of curriculum inquiry and modes of expression and representation relevant to their dissertation research.
Prerequisite(s): A minimum grade of "C" in EDUC 9232 and EDUR 9232.

EDUC 9999 Dissertation
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Readings and research under the direction of a member of the education faculty whose interests coincide with those of the student.
Prerequisite(s): Admission to EDD Candidacy.

EDUF Educational Foundations

EDUF 5133G Assessment and Procedures for Teaching Gifted and Talented Learners
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course emphasizes research-based strategies for instruction and assessments to enhance gifted student performance. The course provides teachers of gifted learners ways to identify appropriate identification procedures for gifted learners, design, analyze, and use results from student assessments to diagnose problems, improve teaching, and to motivate gifted students’ learning. Course participants will examine assessments tools, analyze districts’ assessment and gifted eligibility requirements, and consider their uses and limitations for identifying individuals with exceptional learning needs, including students from diverse backgrounds. The course has a required field component. Graduate students will be provided additional assigned readings and assignments.
Prerequisite(s): A minimum grade of "B" in ESED 5130G and ESED 5131G and ESED 5132G.
Cross Listing(s): EDUF 5133.

EDUF 6235 Multicultural Elementary Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of multicultural education through a focus on the historical, sociological, and philosophical foundations of elementary education. Special emphasis is placed on the role of ethnicity in the development of the United States and its education system. Includes an overview of multicultural/multilingual curricula with a special focus on culturally/linguistically responsive instruction for elementary learners.

EDUF 7090 Selected Topics in Educational Foundations
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Readings and research under the direction of a member of the educational foundations faculty whose interests coincide with those of the student.

EDUF 7130 Learning Theories and Applications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the principles and theories of learning that serve as a basis for educational models, practice, and assessment. Special emphasis is given to recent empirical findings and to practical applications of theory to a variety of educational settings. This is a three credit hour class.

Cross Listing(s): FRLT 7130.

EDUF 7131 Assessment and Management of Elementary Learners
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Assessment and Management emphasizes research-based strategies for assessing student growth and promoting positive classroom environments to enhance student performance. The purpose of this class is to review the major principles of classroom assessment and classroom management, and to teach students to apply these principles in culturally and developmentally appropriate ways. The course provides instruction in identification and development of different forms of classroom assessment, development of learning targets with attention to curriculum alignment within school contexts, and promoting student engagement through the development of positive classroom environments to encourage student growth. The course provides teachers with ways to identify, design, analyze, and use results from student assessments to diagnose problems, improve teaching, and to enhance student learning in culturally responsive ways, as well as means to promote student engagement with a focus on treating students with dignity and respect and the effective use of prevention strategies. Helping future teachers come to understand how to maintain a successful classroom and create accurate assessments is central to their success in education.

EDUF 7132 Critical Approaches to Early Childhood Development and Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Critical Approaches to Early Childhood Development and Learning examines classic and contemporary approaches to early childhood development and learning and their application in the learning environment. The purpose of this class is to examine the major principles associated with these theories and to teach students to apply these principles in culturally and developmentally appropriate ways. Students will begin the planning process as they research and report on the context for learning and learner characteristics and plan for learning experiences that address these characteristics. A field component will accompany this course.

EDUF 7133 Instruction-Based Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instruction-based assessment emphasizes research-based strategies for assessing student learning. The purpose of this class is to review major principles of classroom assessment and data literacy. The course provides instruction in identification and development of different forms of classroom assessment and the development of learning targets with attention to curriculum alignment within school contexts. Classroom-based data are employed to diagnose learning difficulties, improve teaching, formulate effective instructional interventions, and measure student progress and change over time. This course facilitates need-based and developmentally appropriate approaches in relation to the scope and sequence of the curriculum.
EDUF 7134 Classroom Assessment and Data Literacy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course emphasizes evidence-based strategies for measuring student progress and change over time and for using the data from these assessments. The course provides instruction in identification and development of different forms of classroom assessment and provides teachers with ways to identify, design, analyze, and use results from student assessments to diagnose problems, improve teaching, and to enhance student learning. The course will place a special emphasis on developing high-quality summative assessments, the interpretation and use of summative assessment data for instructional decision making and the interpretation of standardized assessment data.

EDUF 7140 Learning, Cognition, and Curriculum
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This three-hour course examines principles and theories of human cognitive processes on education and determines how this knowledge can be best applied to the development of skills for instruction and assessment of students. Individuals will explore political, social, economic, and cultural contexts of monitoring and evaluating the implementation of a standards-based curriculum and develop an understanding of transformative curriculum leadership that empowers teachers and helps them to accomplish emancipatory teaching and learning.

EDUF 7150 Learning Theories and Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the principles and theories of learning that serve as a basis for educational models, practice, and assessment. Special emphasis is given to recent empirical findings and to practical applications of theory to assessment in elementary school settings. Learning theories and assessment practices are integrated to teach students to make informed instructional decisions and enhance student learning. The course focuses on the application of content to authentic learning experiences in elementary school classrooms.

EDUF 7230 Understanding Diverse Students through Case Study
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course utilizes case study approach to enhance educator’s understandings of the assets and needs of the culturally and linguistically diverse students with whom they work. A series of lessons will be developed and implemented to connect findings from the case study to current research.
Prerequisite(s): Admission to College of Education Graduate Program.

EDUF 7233 School and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the contributions of the social sciences to debates about the interrelated nature of school and society. Focuses particularly on a theoretical examination of the purposes of education and schooling in a democratic society.

EDUF 7235 Multicultural Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Using an interdisciplinary approach, this seminar investigates underlying theoretical concepts and social assumptions that both inform and impede efforts in multicultural education.

EDUF 8131 Theories of Adolescence
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The rapidly changing world of today’s adolescents and the ever-changing nature of the field of adolescence will be examined from three perspectives: theory, research and contemporary social forces. This course will be eclectic in its orientation. Rather than adopting one theoretical position, various views will be discussed. Similarities and differences among theories will be examined, in addition to an analysis of strengths, weaknesses, and contributions of each, as well as the implications for educating, guiding and working with adolescents.

EDUF 8133 Interaction and Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examine views of learning which emphasize the importance of interaction, authenticity and the social construction of knowledge. Students will also explore instructional practices and assessment issues consistent with these perspectives. Relevant theories, research, and practical implications will be examined for each perspective addressed. Perspectives and practices which will be explored may include, but are not limited to, constructivism, situated cognition, the social formation of mind, cooperative learning, and authentic assessment.

EDUF 8134 Models of Motivation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Critically examines how contemporary models of motivation are utilized to improve the delivery of instruction. Special emphasis is placed on the theoretical principles, empirical research and educational strategies involved in the design and implementation of motivational models.

EDUF 8135 Thinking and Problem Solving
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines current conceptions and models of critical thinking and creative problem solving as they relate to learning and instruction. Emphasis will be given to how instructional practices can positively affect students’ thinking skills and dispositions for learning and to methods designed to increase students’ awareness and control of their thinking processes. In addition, the course will evaluate the effectiveness of current programs designed to teach critical thinking and problem solving strategies across the curriculum and within specific content areas.

EDUF 8136 Theories of Human Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines theories of human development, with a focus on infancy to adolescence. Major theoretical perspectives pertaining to several aspects of development, such as cognitive, social, moral, emotional and personality development, will be considered. In addition, students will gain an understanding of the value of theories in general, as well as the particular characteristics of a good theory, in order to critically evaluate these theories in light of empirical research evidence.

EDUF 8231 Global Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the analysis of theories and practices of transformative educational reforms and changes in various countries in the era of globalization, cultural interrelatedness, and interdependence of the world.
Prerequisite(s): A minimum grade of "C" in EDUF 7235.

EDUF 8233 Regional Issues In Multicultural Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This field based course will involve students in researching the local multicultural educational needs, issues, and problems and developing strategies for constructing a pluralistic and culture-tolerant environment in the schools and/or communities of the region.
Prerequisite(s): A minimum grade of "C" in EDUF 7235.

EDUF 8236 International Study of Educational Practices
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course offers students the opportunity to examine educational practices of another country through travel abroad, involvement in international initiatives, and/or use of technology. Students will be asked to reflect on the American educational system -- theoretical perspectives, curriculum, instructional methodologies, and comparative issues and trends -- to compare and contrast it with another country's educational system. Topics will be investigated through selected readings, observations, participation, and discussions.
EDUF 8631  Foundations for Social Justice Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is a sustained inquiry into the historical and theoretical foundations of social justice education with a focus on connections between those foundations and contemporary struggles to overcome educational inequities. This course provides students with opportunities to learn about and reflect on theories and concepts related to social justice education and the application of social justice praxis within formal and informal educational contexts. A main objective of this course is to provide students with an accessible framework through which they can understand and disrupt interlocking systems of oppression and injustice within and beyond the formal educational environment that negatively impact the educational experiences and outcomes of racially, culturally, socioeconomically, and linguistically diverse learners.  
Prerequisite(s): Admission into the Curriculum and Pedagogy for Social Justice certificate program and permission of advisor and instructor.  

EDUF 8831  Philosophies of Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
In this course, students study the major philosophical schools of thought which inform all educational activities. Particular attention is given both to current and historical writings, and the relationship of philosophical assumptions to current practices in the process of schooling.  

EDUF 8890  Directed Individual Study in Educational Foundations  
1-3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student.  
Prerequisite(s): EDUF 8831 or permission of instructor.  

EDUF 9131  Ethical Dimensions of Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Develops an understanding of ethical obligations and considerations within the field of education through case studies immediately applicable to their professional lives. Students will explore traditional ethical systems, such as Consequentialism and Situationalism, as well as more contemporary perspectives including those of equity and technology.  
Prerequisite(s): EDUF 8831.  

EDUF 9132  History of American Curriculum  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An advanced course in curriculum studies designed to provide an in-depth analysis of the major historical curriculum documents; trends and reform movements that have given form and shape to the American public school curriculum. Special emphasis will be given to the interpretation and critique of the competing curriculum discourses, especially as they appear in primary source historical curriculum documents, state/local curriculum guidelines and textbooks.  

EDUF 9133  Theories of Educational Inquiry  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An advanced seminar in the field of curriculum investigating the major paradigms within which the competing methodologies of empirical educational inquiry are grounded and the epistemological and ethical issues involved in conducting research within each paradigm.  
Prerequisite(s): EDD admission.  

EDUF 9234  History of American Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Focuses on the social, political, economic and ideological forces that have shaped the growth and development of the American public school system from colonial times to the present. A special emphasis will be an analysis and critique of the purpose, structure, function and results of the various school reform movements in American history.  

EDUF 9631  Seminar in Cultural Studies  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This advanced seminar investigates contemporary questions and movements in the field of cultural studies.  
Prerequisite(s): EDUF 7235.  

EDUR Educational Research  

EDUR 7090  Selected Topics in Educational Research  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student.  
Prerequisite(s): Permission of Instructor.  

EDUR 7130  Educational Research  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A comprehensive overview of topics related to research as it is applied to educational settings. Emphasis is placed upon methods of quantitative and qualitative research, especially in regard to applied and basic research in education.  
Cross Listing(s): FRER 7130.  

EDUR 7140  Action Research in Elementary Settings  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is a graduate-level survey of action research methods with an emphasis on fundamental comprehension of educational research for ready application and transfer to elementary education settings.  

EDUR 7999  Thesis/Research Project  
1-6 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
Requires completion of an independent research project on topic approved by faculty advisor/committee.  
Prerequisite(s): Permission of instructor.  

EDUR 8131  Educational Statistics I  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Topics covered in this course include central tendency, variability, distributions, correlation, significance testing, t-tests, linear regression and chi-square analysis. Emphasis is placed on application of statistics in educational research situations.  
Prerequisite: EDUR 7130 or equivalent or permission of instructor.  

EDUR 8132  Educational Statistics II  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This is an advanced statistics in education course that extends knowledge of educational research situations and statistical procedures beyond EDUR 8131. Emphasis is placed on more complex analysis of variance procedures (e.g., repeated measures, analysis of covariance), multiple regression analysis and multiple dependent variable techniques (e.g., canonical correlation) as applicable to current educational research problems.  
Prerequisite(s): Minimum grade of “B” in EDUR 8131.  

EDUR 8231  Applied Qualitative Research Methods  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will provide practical experience applying qualitative research methods in a variety of settings. Topics addressed in the course include selecting participants, conducting observations, creating descriptive field notes, interviewing techniques, analyzing qualitative data, and writing qualitative reports.  
Prerequisite(s): A minimum grade of “C” in EDUR 7130.  

EDUR 8331  Applied Measurement  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course will provide an introduction to concepts and practices in measurement and survey research. Practical applications of measurement — such as interpreting standardized test scores, constructing and administering tests and questionnaires, and producing evidence for validity and reliability — will be included.  
Prerequisite(s): A minimum grade of “C” in EDUR 7130 and EDUR 8131.  

EDUR Educational Research
EDUR 8434 Field-Based Educational Research  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
- Designed primarily to assist Ed. S. level students in developing a sound research proposal for the conduct of an independent research project required as part of their Ed.S. program.  
- Prerequisite(s): Minimum grade of "C" in EDUR 8131 and submission of a signed topic approval form.

EDUR 8890 Directed Individual Study  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
- Readings and research under the direction of a member of the educational research faculty whose interests coincide with those of the student.

EDUR 9131 Doctoral Research Methods  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
- The purpose of this course is for doctoral-level students to gain a firm foundation in educational research prior to enrollment in the more specialized courses in quantitative methods. Students engage in an applied research project that updates their understanding of research procedures (hypothesis generation, sampling theory, instrument construction, measurement concepts and descriptive and inferential statistics). Emphasis is on the “hands-on” application of advanced inquiry skills.  
- Prerequisite(s): Minimum grade of "C" in EDUR 7130 and EDUR 8131.

EDUR 9231 Qualitative Research in Education  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
- Examines a broad survey of major styles of qualitative/descriptive research, as well as attention to the major field work techniques and problems associated with conducting qualitative research.  
- Prerequisite(s): Minimum grade of "C" in EDUR 7130.

EDUR 9232 Advanced Qualitative Research  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
- An advanced graduate level course in qualitative data analysis for educational research which includes an in-depth treatment of the analytical approaches for each of the major traditions in qualitative research as well as the technologies used to assist in analysis.  
- Prerequisite(s): Minimum grade of "B" in EDUR 9231.

ELE Early Elementary Edu  

ELE 7990 Special Topics Elem Education  
1-6 Credit Hours. 1-6 Lecture Hours. 1-6 Lab Hours.  
- This course is designed to promote specialized training appropriate to the needs of in-service school personnel. Topics will vary based upon their significance to local school systems.

EENG Electrical Engineering  

EENG 5090G Selected Topics in Electrical and Computer Engineering  
4 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.  
- Students in this course will have the opportunity to study selected topics in Electrical or Computer Engineering not currently offered by these programs. Graduate students will complete advanced research beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery of the subject with additional required deliverables representative of graduate work, as determined by the instructor.  
- Prerequisite(s): Permission of instructor.  
- Cross Listing(s): EENG 5090.

EENG 5234G Nuclear Power System Fundamentals  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
- This course introduces the basic principles, technologies and components of nuclear power systems. It provides a broad scientific and technological understanding of nuclear energy and the nuclear fuel cycle, understanding of economic, environmental, and political issues that influence the nuclear fuel cycle. This course focuses on nuclear power systems from an electrical power utility perspective with many of the topics applicable to other large commercial and industrial power systems.  
- Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in EENG 3337 or permission of instructor.  
- Cross Listing(s): EENG 5234.

EENG 5235G Converters Control Techniques  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
- This course presents the needed techniques for analyzing power electronic converters, modeling their dynamics, and designing and synthesizing various types of controllers for them, specifically employed in multi-terminal, hybrid ac/dc, smart grids, and their real-time implementation in digital real-time simulation platforms. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.  
- Prerequisite(s): A minimum grade of "C" in EENG 3337 and EENG 3420 and prior or concurrent enrollment in EENG 5431 or permission of instructor.

EENG 5242G Power System Protection w/Lab  
4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.  
- This course offers a comprehensive study of methods and devices used in power system protection including relay types, responses, pilot wire, can-ier systems, transmission lines, transformers, machines protection, and modern trends in protection technology. This course will review the need for protection of power system elements and explore the development and regulations of smarter, more flexible protective systems applied to modern power grids. Students will learn the trade-offs between reliability, selectivity, speed, simplicity, and economy using real world case studies. A hands-on lab project, using state of the art equipment, will also be completed during the course. Graduates will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.  
- Prerequisite(s): A minimum grade of "C" in EENG 3337 or Permission of Instructor.  
- Cross Listing(s): EENG 5242.

EENG 5243G Power Electronics w/Lab  
4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.  
- A coverage of the concepts of power electronics and converters including the use of thyristors, triacs, timers, logic control circuits, optical devices, and sensors. The course also includes laboratory activities in support of instruction. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.  
- Prerequisite(s): A minimum grade of "C" in EENG 3241 and EENG 3341.  
- Cross Listing(s): EENG 5243.
EENG 5244G Smart Grids Technology Fundamentals w/Lab 4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course introduces new topics related to distributed generation, micro-grids, renewable energy sources, and smart homes applications. Topics covered include design, modeling, control, and analysis to provide a working knowledge of smart-grid systems. Concepts dealing with computational intelligence, decision support systems, smart metering, optimization, and renewable energy sources are presented and discussed. The laboratory component will provide students with hands-on experience in the utilization of smart-grid technologies and equipment. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in EENG 3337 or permission of instructor.
Cross Listing(s): EENG 5244.

EENG 5330G Network Science 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to emerging technologies (such as smartphones, wiki, Facebook, YouTube, Twitter) that define our networked life while detailing the underlying engineering concepts governing their operation. This course includes an introduction to the basics of analytical and engineering techniques such as optimization, game/auction theory, graph analysis, and learning as applied to networked technologies. In addition, the course explains the use of these concepts to answer key practical questions pertaining to networks and their impacts on real-world engineering systems. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" and prior or concurrent enrollment in EENG 3421 or permission of instructor.
Cross Listing(s): EENG 5330.

EENG 5341G Robotic Systems Design w/Lab 4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
The basic elements of robotics are introduced with emphasis on mobile robots and applications. Topics include coordinate transformations, sensors, path planning, kinematics, effectors, and control. Students will work in teams to design and build increasingly complex robotic systems. The course also includes laboratory activities in support of instruction. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3340 or MENG 3521 or permission of instructor.
Cross Listing(s): EENG 5341.

EENG 5342G Computer Systems Design w/Lab 4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
Digital computers with emphasis on design and simulation are covered including instruction set design, processor implementation, pipelining, cache design, memory hierarchy, and input/output. The course also includes laboratory activities in support of instruction. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3340 or permission of instructor.
Cross Listing(s): EENG 5342.

EENG 5431G Control Systems with Lab 3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Introduction to classical control theory and applications is presented with emphasis on feedback and its properties including the concept of stability, stability margins, and the different tools that can be used to analyze the system properties. Students will develop a working knowledge of the basic elements of linear control techniques. The course also includes laboratory activities in support of instruction. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3420 or permission of instructor.
Cross Listing(s): EENG 5431.

EENG 5432G Programmable Logic Controllers w/Lab 3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Topics covered include sequential programmable logic controllers (PLC's) with emphasis on ladder diagrams, input/output devices, networking, and programming design through advanced functions. The course also includes laboratory activities in support of instruction. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3241 or MENG 3521 or permission of instructor.
Cross Listing(s): EENG 5432.

EENG 5433G Machine Learning and Adaptive Control 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Machine Learning is one of the most widely applied technical fields in the academia and industry. The class covers fundamental algorithms in machine learning including linear regression, classification, neural networks, support vector machines, clustering, and introduction to reinforcement learning. This course also covers adaptive control algorithms: including direct and indirect adaptive control. Electrical Engineering applications are demonstrated in image processing, autonomous driving, and robotics. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3421 and prior or concurrent in EENG 5431, or permission of instructor.
Cross Listing(s): EENG 5433.

EENG 5434G Engineering Optimization Methods 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course introduces the students to practical optimization methods for solving real-world applications and preparing them for a career in academia and industry. Topics to be covered include linear programming, unconstrained optimization, convex optimization, dynamic programming, and their applications to multiple electrical engineering systems. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3420 and prior or concurrent enrollment in EENG 5540.

EENG 5532G Wireless Communications 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The concepts and techniques of wireless communication systems are covered in this course including propagation channels, communication link analysis, transceivers, signal processing, and multiple access schemes. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 3230 and EENG 5540 or permission of instructor.
Cross Listing(s): EENG 5532.
EENG 5533G Optical Fiber Communications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course offers an introduction to the physics of optical fiber communication components and the applications to communication systems. Topics include light and its behavior in the fiber, fiber attenuation, dispersion and nonlinear effects, laser modulation, photo detection and noise, receiver design, bit error rate calculations, and coherent communications. Graduate students will be required to complete an individual research project not required of undergraduate students.
Prerequisite(s): A minimum grade of "C" in EENG 5540 or Permission of Instructor.
Cross Listing(s): EENG 5533.

EENG 5535G Electronic Warfare
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers the fundamental materials of electronic warfare (EW) including basic mathematical/physical concepts of EW, antenna parameters, various types of antennas, aperture, phased arrays, radar system, radar range resolution, radars range equations, radar wave equation, radar cross section (RCS), propagation, LPI signals, jamming, decoys, and simulation with CST and FEKO software. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in EENG 3230 and ENGR 2341.
Cross Listing(s): EENG 5535.

EENG 5538G Cybersecurity for Networked Electrical and Electronics Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce emerging topics related to cybersecurity for networked electrical & electronics systems and cyber-physical systems. The course will provide theoretical understanding and practical basis of cybersecurity for networked systems including Shannon's secrecy system, information-theoretic security, wiretap channels, cyber-attacks on electrical and electronics systems (smart power grid, embedded systems, connected electric vehicles, space communications, etc.), general cybersecurity models, jamming and antijamming, broadcast/interference channels cooperative secrecy, interference and broadcast channel with confidential messages, cooperative secrecy, and security limits of Gaussian and wireless channels. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in ENGR 2341 or ENGR 3421 or CSCI 5332 or IT 5434.
Cross Listing(s): EENG 5538.

EENG 5540G Communication Systems w/Lab
4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
The theory and principles of communication systems are presented in this course. Topics covered include AM, FM, and PM modulation/demodulation, transmission and reception, noise and random processes, pulse modulation, and digital transmission techniques. Laboratory emphasizes hands-on modeling of modulation and demodulation techniques. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" or concurrent enrollment in EENG 3421 or permission of instructor.
Cross Listing(s): EENG 5540.

EENG 5541G Digital Communications w/Lab
4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
Theory and applications of digital communications systems are covered. Topics include ASK, FSK, DPSK, QAM, signaling over AWGN, bandlimited and fading channels, inter-symbol interference, and error-correction codes. The course also includes hands-on laboratory activities in support of instruction. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): A minimum grade of "C" in EENG 5540 or Permission of Instructor.
Cross Listing(s): EENG 5541.

EENG 5543G Antennas and Wireless Propagation with Lab
4 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course introduces basic concepts of dipoles and monopoles, solution to radiation problems, antenna parameters, different types of antennas, antenna aperture/array theory, radio wave propagation, and impact of antenna performance in communication links. The course also includes laboratory activities in support of instruction. Graduate students will be required to complete additional assignments and a culminating research project commensurate with graduate level work that is not required of undergraduate students.
Prerequisite(s): A minimum grade of "C" in EENG 3230 or Permission of Instructor.
Cross Listing(s): EENG 5543.

EENG 5891G Special Problems in Electrical and Computer Engineering
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course provides for specialized study in the area of Electrical and Computer Engineering not currently offered by these programs. Graduate students will complete an independent research project which involves a written and oral presentation not required at the undergraduate level.
Prerequisite(s): As determined by Instructor.
Cross Listing(s): EENG 5891.

EENG 7330 Advanced Electromagnetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces fundamental concepts of wave propagation, polarization, radiation from sources, guided waves, transmission lines, smith charts, and numerical calculation techniques such as Finite-Difference Time-Domain (FDTD) method. The course includes research project activities.
Prerequisite(s): A minimum grade of "C" in EENG 3230 or Permission of Instructor.

EENG 7331 Advanced Digital Signal Processing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course discusses advanced topics in digital signal processing such as implementation of discrete-time systems, design of FIR/IIR digital filters, sampling and reconstruction of signals, multi-rate digital signal processing, linear prediction and optimum linear filters, and power spectrum estimation.
Prerequisite(s): A minimum grade of "C" in EENG 2341 or Permission of Instructor.

EENG 7332 Digital Control Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An understanding of the elements of digital control theory will be developed. Students will be introduced to discrete system modeling, sampled data systems, z-transforms, space-state system representation and discrete control designs. Advanced topics include Neural Networks and Fuzzy Logic application to control and the use of software tools that can be used to design and analyze this kind of systems. Students will also develop practical applications of digital control systems.
Prerequisite(s): A minimum grade of "C" in EENG 5431 or MENG 5536 or Permission of Instructor.
EENG 7333 Advanced Power Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course discusses advanced techniques required for analyzing power systems, modeling their circuits and dynamics, designing and synthesizing various types of controls for such systems, state estimation, and their real-time implementation on digital real-time simulation platforms. In this course, unbalanced power systems are fully considered and analyzed using different approaches. This course requires students to work on related projects assigned by the instructor.
Prerequisite(s): A minimum grade of “C” in EENG 3337 or Permission of Instructor.

EENG 7530 Research in Electrical Engineering
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of modern research methods and their application to the preparation of the thesis and technical reports.
Prerequisite(s): Graduate Student Standing.

EENG 7890 Selected Topics in Electrical Engineering
1-6 Credit Hours. 1-4 Lecture Hours. 0-2 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas of electrical engineering.
Prerequisite(s): Graduate standing.

EENG 7891 Independent Study
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent study is available for students to undertake individualized experimentation, research, study related to electrical engineering, or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study.
Prerequisite(s): Graduate student standing.

EENG 7895 Special Problems in Electrical Engineering
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Individual and specialized study in the areas of electrical engineering not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study.
Prerequisite(s): Graduate Student Standing.

EENG 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course focuses on the preparation and completion of the thesis.
Prerequisite(s): Graduate student standing.

EEXE Exceptional Education

EEXE 7031 Meth/Strat Teach Ld:Read/Writ
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course provides an in-depth study of remediation methods and strategies specific to improving reading and written expression skills. Covers skills from pre-kindergarten readiness through secondary school levels.
Prerequisite(s): A minimum grade of “C” in CEUG 3072.

EEXE 7034 Cog & Beha Probs that Dis Lrng
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphasis on differentiating characteristics of students with various cognitive and behavioral problems that disrupt learning. Includes etiologies, cultural and social implications of disability and the theories and systems that support assessment, interventions, and support services. Designed for special education majors.

EEXE 7060 Consult/Collabor Partnerships
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
School personnel will be prepared to assume their roles as consultants and multidisciplinary team members. The impact of disability within the family and the mainstreamed setting will be explored.

EEXE 7130 Assessment Exceptional Student
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to and practice with standardized evaluatory tools and teacher-made criterion referenced tests for the evaluation of exceptional students.

EEXE 7401 Lang Dis and Lear Dysfunction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course provides an indepth study of language disorders linked to learning dysfunction. Explores strategies for assessment and remediation.
Prerequisite(s): A minimum grade of “C” in EENG 7150.

ELEM Elementary Education

ELEM 6130 Culturally Responsive Classroom Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A research-based approach to managing behavior in a culturally responsive classroom.

ELEM 6250 Language Arts and Creative Activities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores theories, models, and strategies for teaching and learning language arts in the elementary school. Students will identify and apply strategies for teaching reading, writing, listening, and speaking. The integration of the arts into language arts instruction is emphasized.

ELEM 6430 MAT Elementary Science Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to prepare candidates/students for teaching science in grades P-5 based on relevant standards, appropriate instructional methods and materials, organizational techniques, and research to support best practices. Emphasis will be placed on preparing teachers to incorporate appropriate science content, process skills, attitudes, and real-world applications into the science classroom as well as effective and developmentally appropriate ways to teach and assess students, including those with exceptionalities, disabilities, and cultural diversities.

ELEM 6440 MAT Elementary Mathematics Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of the mathematics content and methods used to teach elementary school students. Focuses on a variety of topics, including number and operations, algebraic reasoning, geometry and measurement and data. Emphasis is placed on how such concepts can be effectively taught and assessed in the elementary classroom.

ELEM 6530 MAT Elementary Social Studies Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of social studies instructional methodology and inquiry in the elementary classroom. Critical components and theoretical foundations of the social studies curriculum will be investigated. Students will identify appropriate teaching methods, materials, organizational techniques, and research to support best practices for meeting the needs of diverse learners.

ELEM 6700 Critical Pedagogy Practicum
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed as a practicum experience for students to study critical pedagogy and how to integrate educational theory in their classroom practice. Emphasis is placed on the appropriate application of critical theory and pedagogical content knowledge in a P-5 setting through analysis and evaluation of current classroom practices.
Prerequisite(s): A minimum grade of “B” in ELEM 7132.
ELEM 6733 MAT Internship II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This full-time practicum experience is designed to provide the teacher candidate with meaningful opportunities to observe, actively engage in classroom activities, and teach in a supervised P-5 classroom. Candidates will demonstrate the knowledge and skills required to help all elementary students learn. Emphasis is placed on planning and teaching lessons in ways that make the content clear and help diverse students learn, assessing teaching effectiveness, and adjusting instruction to enhance student learning.

ELEM 6799 MAT Internship I
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides a semester-long, full-day teaching experience for teacher candidates. Candidates are assigned to public schools and gradually assume all responsibility for the classroom in which they are assigned. Student Teachers participate in classroom teaching, observing, planning, and evaluation conferences and other school-related experiences with guidance provided by a clinical supervisor and a university supervisor. Emphasis is placed on appropriate application of educational theory and content knowledge in a P-5 setting through systematic reflexive analysis and critical evaluation of current classroom practices.

ELEM 7132 Effective Curriculum and Instruction in Elementary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides students the opportunity to explore the relationship between curriculum and instruction. How to effectively plan curriculum and instruction for elementary classrooms will be emphasized.

ELEM 7230 Advanced Language Arts Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to build on the graduate students' knowledge of materials and methods of teaching language and literacy in the P5 classroom. Students will examine issues related to language arts instruction and the theoretical background and research base related to these issues.
Prerequisite(s): A minimum grade of "C" in EDUR 7130 or EDUF 7130 or ELEM 7132.

ELEM 7232 Children's Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed for the graduate student who has some knowledge of children's literature. Attempts to update the student's knowledge of children's literature in the classroom and media center.
Cross Listing(s): FREC 7232.

ELEM 7233 Teaching Writing in the Elementary School
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides students the opportunity for an in-depth examination of both the process and products of writing in P-5 schools. Students will explore the current trends and issues related to the teaching of writing in the elementary school including curriculum and assessment.

ELEM 7234 Teaching Communication Across Cultures
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the principles of culture and addresses communication among educators and students, including youth-at-risk, students in poverty, and English language learners. This course requires a field placement.

ELEM 7330 Advanced Mathematics Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide an extension of mathematical knowledge base acquired at the undergraduate level that is necessary to provide a firm foundation for mathematics instruction for students in elementary school. Emphasis will be on planning for differentiated instructional strategies and utilizing a wide variety of resources in implementing standards-based mathematics instruction.
Prerequisite(s): A minimum grade of "C" in EDUR 7130 or EDUF 7130 or ELEM 7132.

ELEM 7332 Problem Solving and Mathematical Representations in the Elementary Classroom
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the knowledge and skills needed to teach mathematics effectively to students in elementary school classroom settings. Candidates will examine their own knowledge of mathematics, learn how young students think and learn about mathematics, develop a set of strategies and skills that will enable them to create an environment that helps children understand mathematical concepts.

ELEM 7430 Advanced Science Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is an advanced course in science instructional methodology and inquiry-based instruction in the elementary classroom. Emphasizes current issues and trends in science education.
Prerequisite(s): A minimum grade of "C" in EDUR 7130 or EDUF 7130 or ELEM 7132.

ELEM 7530 Advanced Social Studies Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced course in social studies instructional methodology and inquiry in the elementary classroom. Critical components and theoretical foundations of the social studies curriculum will be investigated. Concepts, skills, and attitudes associated with elementary school social studies will be discussed in conjunction with various teaching methods, models, and materials considered developmentally appropriate and effective for diverse learners in the elementary classroom.
Prerequisite(s): A minimum grade of "C" in ECED 7132 or EDUF 7130 or ELEM 7132 or permission of instructor.

ELEM 7639 Seminar in P-5
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed as a culminating experience for students to integrate educational theory with classroom practice in a P-5 setting. Emphasis is placed on appropriate application of educational theory and content knowledge in a P-5 setting through analysis and evaluation of current classroom practices.

ELEM 7799 Professional Internship
6 Credit Hours. 6 Lecture Hours. 0 Lab Hours.
Designed for those students who are employed in an approved accredited school setting and who are teaching on a non-renewable teaching certificate. The student completes the course requirements in the classroom where he or she is employed, under the mentorship of a school-based mentor and university supervisor. Emphasis is placed on appropriate application of educational theory and content knowledge in a P-5 setting through systematic reflexive analysis and critical evaluation of current classroom practices.

ELEM 8890 Directed Individual Study
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Provides an opportunity for a student to pursue an area of interest not covered by any existing courses in a guided, independent format. The student is responsible for defining an area of study, course objectives, activities and assessment procedures and identifying a graduate faculty member in the Early Childhood Education department who will supervise the study.

EMBA Executive MBA

EMBA 7030 Information Technology Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to enable the manager to effectively utilize and manage information technology in the applied business environment. The course focuses on the managerial, not the technical aspects of information management. No prior technical expertise is required. Relevant readings and cases are used to apply the concepts and techniques presented in the course.
EMBA 7130  Financial Reporting and Analysis
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
This course focuses on the interpretation of financial statement information for decision making. Topics include understanding the importance of industry context and the firm's own strategic choices in evaluating the financial statement; assessing the quality of financial statement information and recognizing situations where more stringent forensic accounting measures might be appropriate; evaluating profitability and risk; associating subsets of the available analytical tools with the kinds of decisions for which they are most appropriate; and recognizing the effects of GAAP on the input variables of various firm valuation models.

EMBA 7132  Legal and Ethical Issues in Business
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A survey of the legal and ethical rules which govern the managerial decision making process, particularly focusing on constitutional “Commerce Clause” interpretation, contract and agency principles, administrative agency regulations, and evolving ethical issues which influence the application of the law. The course is set in domestic law, but includes operational legal aspects of the international market place.

EMBA 7230  Managerial Decision Analysis
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
The course will provide a conceptual paradigm for decision makers to construct models and analyze decisions in today's business environment. Quantitative methods will be used to construct models with emphasis placed on representing real world problems and gaining insight and understanding of the decision making process. Specific models developed may include, but are not limited to, statistical fundamentals and probability for decision making, multiple regression and forecasting models. The course will be spreadsheet based.

EMBA 7231  Managerial Finance
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management.

EMBA 7232  Management of Operations for Competitive Advantage
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
The objectives of this course are to familiarize students with the problems and issues confronting operations managers and to examine the key tools and techniques that have proven applicable to deal with these issues -- their objectives, their principles and the requirements for their successful implementation. It examines how distinct business strategies require distinct operational processes and how distinct operational capabilities can enable diverse strategies to achieve competitive advantage. The course focuses on key management attitudes and tools to direct the process of continuous improvement and transformation.

EMBA 7233  Financial Modeling
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
The focus of this course is on developing spreadsheet models for a wide variety of financial concepts including, but not limited to portfolio optimization, derivatives pricing, financial engineering methods, asset allocation, value at risk, asset prices, etc. Students will gain familiarity with the financial instruments through the construction of the models, and will gain greater insights by analyzing and solving the models. Simulation and optimization may be used to analyze the models.

EMBA 7330  Managerial Economics
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Introduces the basic tools of microeconomics and macroeconomics to analyze management decisions and competitive strategies of firms in a market economy. Microeconomic concepts of supply and demand, production, cost, and market structure are combined with macroeconomic issues related to fiscal and monetary policy to form a solid understanding of the relationship between the structure and performance of the business firm and the economic environment is which it operates.

EMBA 7420  Leadership, Motivation and Organizational Change
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
A study of leadership, motivation and organizational change. Using readings, cases, discussion, and guest speakers, the course explains the importance of leadership, motivation, power, and influence in organizational life. Special emphasis is placed on leadership for change. Also, provides an overview of the field of organization development (OD) and the management of change in today's organizations.

EMBA 7432  Social Issues in Business
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Overview of the social issues on managerial decision making. Examines the role of the businessperson in modern society. Considers business and society responsibility, pollution, consumerism, micro-lending, and the social responsibilities of multinational corporations.

EMBA 7433  Global Business Strategy
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
This course focuses on global strategic management and encourages the analysis and development of business strategies within a global environment.

EMBA 7630  Introduction to Entrepreneurial Leadership
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
First residency interdisciplinary course. Course covers fundamentals of team building and presents the students with various leadership tools and assessments. An introduction to Entrepreneurship is also covered.

ENGL English

ENGL 5090G  Special Topics in English
1-3 Credit Hours.  1-3 Lecture Hours.  0 Lab Hours.
May be repeated for additional credit when topics change. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Prerequisite(s): ENGL 2100, ENGL 2111, or ENGL 2112; or permission of the department chair.

ENGL 5135G  Teaching Literature to Middle and Secondary School Students
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A course designed to introduce classroom approaches to literature to middle grades and high school teachers. It will include work with a variety of literary genres and multicultural texts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5135.

ENGL 5200G  Postcolonial Literature
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Literature and theory that emphasizes the interactions between European nations and the societies they colonized. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5200.

ENGL 5234G  Literature of the American South
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An examination of representative works of Southern literature from the colonial period to the present, emphasizing their literary and cultural contexts. Graduated students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Prerequisite(s): A minimum grade of "C" in ENGL 2131. 
Cross Listing(s): ENGL 5234.
ENGL 5235G Irish Literature to 1850  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of representative Irish poetry, prose, and drama from the Great Hunger of the 1840s. The course interrogates the four mythological cycles; the Aisling and other native literary genres; and texts reflective of British colonization. All works are in English or English translation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5235.

ENGL 5236G Irish Literature since 1850  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of representative Irish poetry, prose, and drama since the Great Hunger of the 1840s. The course interrogates literature from the Irish Cultural Revival; the Easter Rising, War of Independence, and Civil War; the Free State; the Northern Irish Troubles; and the Celtic Tiger. All works are in English or English translation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5236.

ENGL 5280G Literature and the Environment  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of poetry, prose, and drama produced by Irish and Irish-diaporic women. The course examines female archetypes from Irish mythology; female hagiography from medieval Ireland; and the Field Day controversy. It also interrogates such literary accomplishments by Irish women as nineteenth-century Big House novels and twentieth-century neo-domestic verse. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5280.

ENGL 5315G 17th and 18th Century American Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of representative works in American literature from 1585 to 1800 in their literary and cultural contexts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5315.

ENGL 5320G History of the English Language  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of the English language from linguistic, social, and historical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5320, LING 5340, WRIT 5340, WRIT 5340G.

ENGL 5324G 18th Century British Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of the literature of the long eighteenth century (1660-1800) in its cultural and ideological contexts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5324.

ENGL 5325G 19th Century American Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of representative works from 19th century American literature in their literary and cultural contexts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5325.

ENGL 5335G 20th and 21st Century American Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of 20th and 21st century American poetry and prose in its literary and cultural contexts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5335.

ENGL 5340G Literature by Women  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of literature written by women within social, historical, and theoretical contexts. Topics may include classic, contemporary, and experimental writing by women, feminist theory and criticism. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5340.

ENGL 5440G Early British Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of literature from the British Isles prior to 1500. Literary genres may include heroic poetry, elegaic verse, lyric, romance, dream visions, drama, and mystical literature. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5440.

ENGL 5450G Chaucer  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of The Canterbury Tales and other selected works in the context of Chaucer's culture and language. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5450.

ENGL 5460G Shakespeare  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A selection of Shakespeare's works which may include the sonnets and dramatic genres illustrating representative themes and literature techniques. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5460.

ENGL 5480G Literature of the English Renaissance  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A selection of representative literary works from the period 1485—1689 in their social and intellectual contexts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5480.

ENGL 5485G Milton  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of Milton's major poetry and prose within their social, political, and intellectual context. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5485.

ENGL 5525G 19th Century British Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An examination of Romantic and Victorian literary works in their intellectual and social contexts. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. 
Cross Listing(s): ENGL 5525.
ENGL 5526G  20th and 21st Century British Literature

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

A study of major British and Commonwealth poets, novelists, and dramatists against the background of the major social and cultural changes of the 20th and 21st centuries. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Cross Listing(s): ENGL 5526.

ENGL 5533G  Literature in Poetry

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

A specialized focus in the genre of poetry. Topics may vary. Course repeatable as topics vary. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Cross Listing(s): ENGL 5580.

ENGL 5590G  Studies in African American Literature

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Thematic approach to African American literature, with emphasis on historical, philosophical, and/or cultural contexts. Topics such as gender, religion, migration, the oral tradition, autobiography, popular culture, rhetoric, civil rights, slavery, sexuality, or literary theory. May be repeated for additional credit when topics change. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

Cross Listing(s): ENGL 5590.

ENGL 5630G  Modern & Contemporary Drama

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Exploration of drama in its social, historical, and theoretical contexts from 1880 to the present.

Cross Listing(s): ENGL 5630.

ENGL 5533G  Literacy & Methods in English

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

A study in the major currents and figures in modern critical and literary theory since the "New Critics," examining concepts, philosophical assumptions, and historical and ideological contexts of figures such as Lukacs, Bakhtin, Derrida, Foucault, Barthes, Deleuze, Lacan, Kristeva, and Homi Bhabha.

Cross Listing(s): ENGL 5840.

ENGL 5535G  Seminar in Restoration and Eighteenth-Century Literature

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

A study of women's and gender issues and concerns in the context of important works of literature. This course involves the study of images, issues, and themes in African-American literature through an examination of works by such writers as Douglass, Washington, Chestnutt, Hughes, Wright, Baldwin, and Morrison.
ENVH 6637  Criticism and Theory  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of the great tradition of literary critics, from Plato to the present, and the contemporary critical approaches and theory they shape today.

ENGL 7111  Seminar in College English  
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.  
A study of strategies and techniques for developing rhetorical skills in College English. Required of graduate assistants in English and open to other graduate students in English.

ENGL 7121  Methods of Research  
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.  
The seminar provides an in-depth understanding of the bibliographic, research, and critical skills required to do advanced scholarship in literary studies.

ENGL 7618  Thesis Preparation  
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.  
Students in this workshop will begin research on a thesis topic, draft and revise a thesis prospectus and bibliography, and meet regularly with a thesis advisor.

ENGL 7630  Seminar in World and Comparative Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Research and discussion of a topic in a specific period of world literature or comparative literature. May be repeated for credit.

ENGL 7631  Seminar in the British Novel  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of important developments or themes of the British Novel.

ENGL 7632  Seminar in the American Novel  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A survey of the novel in America from the eighteenth to the twentieth centuries.

ENGL 7633  Seminar in Nineteenth-Century British Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of prose and poetry of the nineteenth century, focusing on either Victorian or Romantic authors. May be repeated for credit.

ENGL 7634  Seminar in Twentieth-Century British Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of British prose, poetry, or drama of the twentieth century, with emphasis and works to be chosen by the instructor.

ENGL 7635  Seminar in Nineteenth-Century American Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of major authors and documents of the nineteenth century, focusing on either Romantic or Realist authors. May be repeated for credit.

ENGL 7637  Seminar in Twentieth-Century American Literature  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of American prose, poetry or drama of the twentieth century, with emphasis chosen by the instructor.

ENGL 7638  Seminar in Twentieth-Century Poetry  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of British and American poets of the twentieth century, with emphasis on major authors of either the Modern or Contemporary periods. May be repeated for credit.

ENGL 7639  Seminar in Selected Topics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Selected topics in English.

ENGL 7999  Thesis  
1-9 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
Thesis.

ENVH 7090  Selected Topics in Environmental Health Sciences  
1-3 Credit Hours.  1-3 Lecture Hours.  0 Lab Hours.  
Allows the student the opportunity to receive specialized and/or focused instruction in an environmental health topic not generally offered by the department.

ENVH 7231  Air Quality  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Introduces students to chemical, physical, and biological principles of air quality, as well as potential sources of contamination and the resulting effects. The course will also introduce environmental policies pertinent to air issues along with current remediation strategies to ameliorate pollution.  
Prerequisite(s): A minimum grade of "C" in PUBH 6532.

ENVH 7232  Water Quality  
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.  
Introduces students to chemical, physical, and biological principles of water quality, as well as potential sources of contamination and the resulting effects. The course will also introduce environmental policies pertinent to water issues along with current treatment and remediation strategies to ameliorate pollution.  
Prerequisite(s): A minimum grade of "C" in PUBH 6532.

ENVH 7233  Environmental Exposure and Impact Assessment  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course introduces students to appropriate design, implementation, and analysis of primary environmental exposures. Specific topics covered include designing risk profiles, analyzing field exposures of toxins, development of impact assessments, and evaluating dose-response relationships.  
Prerequisite(s): A minimum grade of "C" in PUBH 6532 and ENVH 7231 or ENVH 7232.

ENVH 7234  Environmental Toxicology  
3 Credit Hours.  3 Lecture Hours.  1 Lab Hour.  
This course introduces students to concepts associated with the lethal and sub-lethal effects of environmental and occupational stressors on humans and other living organisms. The course also includes laboratory experiments designed to enhance comprehension, among students, in the area of toxicology.  
Prerequisite(s): A minimum grade of "C" in PUBH 6532.

ENVH 7235  Field Methods in Environmental Health  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course introduces students to an overview of current and accepted standards of environmental and occupational exposure monitoring. Also examines the field methodology related to sample collection for water and air quality monitoring.

ENVH 7236  Spatial Analysis for Environmental Health Sciences  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Introduces students to concepts and methods of spatial analysis related to environmental health problems and public health planning. Students will also employ basic concepts of mapping through the use of applicable Geographic Information Systems software.

ENVH 7237  Risk Assessment and Communication  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Introduces students to the qualitative and quantitative skills necessary to evaluate the probability of injury, disease, or death in the general population from exposure to environmental contaminants. Hazard identification, exposure assessment, dose-response evaluation, and risk characterization are highlighted. Risk communication includes developing practical skills in assessing health concerns and explaining potential health risks or risk management to the general public.  
Prerequisite(s): A minimum grade of "C" in ENVH 7233.
ENVH 7238 Environment, Ethics and Equity
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to theory, concepts and methods of ethics and equity related to one’s location. Topics to be addressed include environmental justice, public health ethics, impacts on equity and disparities. Students will also employ basic concepts of spatial analysis through the use of applicable Geographic Information Systems (GIS) software.

ENVH 7239 Public Health Laboratory
3 Credit Hours. 0 Lecture Hours. 6 Lab Hours.
This course introduces students to the laboratory practices and skills necessary to sample, archive, transport, process and analyze environmental materials. Experiences include the design of laboratory experiments including the applications of contemporary laboratory microbiological, cell culture and molecular and instrumental tools used for testing environmental specimens. Experiences will also include silico analysis of laboratory test results, writing technical reports and presenting the outcomes of the research. 
Prerequisite(s): A minimum grade of "C" in PUBH 6532 and BIOS 6541 and ENVH 7231 and ENVH 7232 or permission of instructor.

ENVH 7890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

ENVH 8335 Global Water Quality and Health: Principles and Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The global water crisis is the most serious threat to human health. Poor water quality, lack of sanitation and inadequate access to clean water resources are one of the major causes of global health disparities. Current issues such as changing climate, decaying infrastructure and reemerging waterborne diseases are also contributors for disease transmission within vulnerable populations. This course analyzes the key drivers that affect global water quality and human health. Real world case scenarios will be examined to develop sustainable and appropriate solutions that consider environmental, individual, cultural, and economic factors.

ENVH 8435 Toxicology and Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course primarily deals with the sources, exposure, fate, transport, and effects (lethal and sub-lethal) of environmental and occupational stressors on humans and other living organisms of public health significance. Emphasis is placed on the effects of pollutants/contaminants from air, water, soil, and/or food on humans; and historically relevant incidents of environmental contaminants and impact on health. This course also introduces students to the concept of risk assessment, communication, and management of hazardous materials typically encountered in the environment and associated toxicological and public health implications. Importantly, this course also gives students the opportunity to explore intervention strategies against various chemical exposure scenarios and define schemes to prevent future contamination issues related to toxic substances.
Prerequisite(s): A minimum grade of "C" in PUBH 6532.

ENVH 9133 Vector-Borne and Zoonotic Diseases: Biology Epidemiology and Control
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to important vector-borne and zoonotic diseases, including endemic and emerging zoonoses of historic and contemporary importance in the US and from a global perspective. It provides an overview of the epidemiology of major vector-borne diseases, the biology of their vectors and animal reservoir and their interaction with pathogens. It discusses the dynamics and principles of pathogen transmission, examines current approaches to vector and disease surveillance, and summarizes the public health challenges associated with control and prevention of these diseases and proper use of pesticides and other environmentally safe methods.
Prerequisite(s): A minimum grade of "C" in PUBH 6541 and PUBH 8133.

EPID Epidemiology

EPID 7090 Selected Topics in Epidemiology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in an epidemiology topic not generally offered by the department.

EPID 7131 Epidemiology of Chronic Disease
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce the student to the ever-expanding area of chronic disease epidemiology. Students will be introduced to the current status of chronic disease and control programs, methods used in chronic disease surveillance, intervention methods, and modifiable risk factors. Some of the major chronic diseases such as cancer, cardiovascular disease, chronic lung disease, diabetes and arthritis will be discussed in detail.
Prerequisite(s): A minimum grade of "B" in PUBH 6533.

EPID 7133 Epidemiologic Research Methods I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on epidemiologic methods - primarily methods used inobservational studies using existing data, cohort studies, case-control studies and randomized controlled trials. With respect to cohort studies, topics covered include cohort identification, ascertainment of exposure status, follow-up of cohort members, measuring outcomes, sources of bias and interpretational issues. Case-control topics include issues around defining cases and controls, control of confounding, and sources of bias/systematic error. Topics around randomized trials include randomization procedures, defining and assembling treatment/intervention arms, selecting study subjects and approaches to data collection. Other topics covered in this course include surveillance and ecologic studies. Pros and cons of all study designs will be discussed, in part through readings of published papers. Fundamentals of data analysis will also be addressed, but a detailed discussion of that material will be covered in EPID 7134.
Prerequisite(s): A minimum grade of "B" in all of the following: PUBH 6533, BIOS 6541 or PUBH 6541.

EPID 7134 Epidemiologic Research Methods II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides instruction and hands-on experience in the analysis and interpretation of data from epidemiologic studies. Topics to be covered include epidemiologic research questions that can be addressed by case-control and cohort studies, the rationale underlying the major techniques used to analyze data from case-control and cohort studies, the conditions under which these methods are appropriate and their relative advantages and disadvantages. Attention will be given to how interactions, confounders and nonlinear relationships among variables can be addressed along with interpretation of statistical software output from epidemiologic studies employing these designs and analytical methods.
Prerequisite(s): A minimum grade of "B" in EPID 7133.
EPID 7135 Epidemiology of Infectious Disease  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is designed to provide students with an overview of the principles and practices of infectious diseases epidemiology with focus on how the presence and control of communicable diseases affects public health locally, nationally and internationally. Topics to be covered include: 1) general principles of infectious diseases epidemiology, including outbreak investigation, surveillance, analysis of infectious diseases data, and laboratory testing of specimens; 2) major modes of infectious disease transmission, including airborne, food and water, zoonotic, insect vector, blood, and sexual transmission; 3) different control strategies for infectious diseases, including infection control, antimicrobial management, immunization, risk factor modification, and screening; 4) the practical application of epidemiologic tools for the understanding and control of infectious diseases.  
Prerequisite(s): A minimum grade of "B" in PUBH 6533 and PUBH 6541 and BIOS 6541.

EPID 7230 Social Epidemiology and Health Equity  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will focus on understanding the social determinants of health. The course will provide an analysis of major social variables that affect population health: poverty, social class, gender, race, family, community, work, behavioral risks, and coping resources. Readings and discussion center on understanding the theories of measurement and empirical evidence related to specific social conditions and experiences such as socioeconomic position, discrimination, social networks and support, work conditions, ecological level neighborhood and community social conditions, and social and economic policies. Biological and psychological mechanisms by which social conditions influence health will be discussed. Methods are introduced to operationalize each construct for the purposes of empirical application in epidemiologic research.  
Prerequisite(s): A minimum grade of "B" in PUBH 6533.

EPID 7231 R for Epidemiologists  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This is an introductory course in R tailored to the needs of epidemiologists and epidemiological research. The course will include data management, mathematical and statistical computation and analytical statistical tools that epidemiologists can use in their research and practice.

EPID 7233 Principles of Public Health Surveillance  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will provide students with a strong foundation in public health surveillance of both health conditions and risk factors. The course will teach the theory and practice of surveillance supported by many examples of surveillance systems from the developed and developing world. The class will build on and reinforce basic epidemiologic concepts. Students will be given the opportunity to design and evaluate a surveillance system.  
Prerequisite(s): A minimum grade of "B" in PUBH 6533.

EPID 7431 Stata for Epidemiologists  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course emphasizes data management and software applications using the Stata software package. Student will learn how to use Stata codes for the basics of data-management, data-reporting, graphics and use of do-files. Students will also learn basic Stata commands useful in epidemiological research including, but not limited to, descriptive statistics to estimate the incidence of a binary response and to characterize the demographic information supplied by study participants; statistical tests to identify univariate predictors associated with the binary response; graph the incidence of a binary response as a function of a predictor; and table of standardized means and proportions. Students will also be introduced to Stata codes for regression models. Particular focus is placed on applications pertaining to public health and health services research.

EPID 7890 Directed Individual Study  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

EPID 8130 Field Methods in Epidemiology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course addresses practical aspects of management and implementation of research studies and will focus on the conduct of research consistent with the scientific method. Topics include planning study activities, questionnaire design and implementation, and operations research.  
Prerequisite(s): A minimum grade of "B" in all of the following: PUBH 6533, PUBH 6541 or BIOS 6541, EPID 7133.  
Corequisite(s): EPID 7134.

EPID 8230 Observational Study Design and Analysis  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will focus on the design and conduct of observational research designs including cohort, case-control and cross-sectional approaches. This course will provide instruction related to issues specific to observational research approaches. Students will develop and present detailed study plans for each research approach.  
Prerequisite(s): A minimum grade of "B" in all of the following: PUBH 6533, PUBH 6541 or BIOS 6541, EPID 7133, EPID 7134 or equivalent.

EPID 9131 Epidemiology of Infectious Diseases of Direct Transmission  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course covers advanced topics in epidemiology of infectious diseases of direct interpersonal transmission, except sexual and bloodborne transmission. These include infectious diseases that are transmitted via airborne transmission, droplet transmission, or transmission via fomite or touching, etc. Important themes may include emergency preparedness and response (including outbreaks and pandemics), surveillance, as well as interventions that prevent and control transmissions. Computational, mathematical and statistical tools relevant to the practice of infectious disease epidemiology will be introduced.  
Prerequisite(s): A minimum grade of "B" in all of the following: PUBH 6533, PUBH 6541 or BIOS 6541, MATH 1441, EPID 7135 or equivalent.  
Corequisite(s): EPID 7133.

EPID 9132 Epidemiology of Infectious Diseases Transmitted via Bodily Fluids  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course covers advanced topics in epidemiology of infectious diseases transmitted via bodily fluids, primarily sexually transmitted infections and bloodborne infections. Important themes may include outbreak preparedness and response, surveillance, and interventions that prevent and control transmissions. Computational, mathematical and statistical tools relevant to the practice of infectious disease epidemiology will be introduced.  
Prerequisite(s): A minimum grade of "B" in all of the following: EPID 9131.

EPID 9231 Chronic Disease Epidemiology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is designed to introduce the student to the ever-expanding area of chronic disease epidemiology. Students will be introduced to the current status of chronic disease and control programs, methods used in chronic disease surveillance, intervention methods, and modifiable risk factors. Some of the major chronic diseases such as cancer, cardiovascular disease, chronic lung disease, diabetes and arthritis will be discussed in detail. Pathophysiology and clinical features of common chronic conditions will also be presented.  
Prerequisite(s): A minimum grade of "B" in all of the following: PUBH 6533, BIOS 6541 or PUBH 6541, EPID 7131, EPID 7133 or equivalent.  
Corequisite(s): EPID 7134.
EPID 9232 Cardiovascular Disease Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to enhance understanding about the determinants of cardiovascular diseases in populations and how to intervene most effectively to reduce morbidity and mortality due to stroke and heart disease. Emphasis is placed on the social determinants, behavioral risk factors, nutritional and dietary influences, and policy intervention of cardiovascular diseases. In addition, the course provides students with hands on experience to characterize the frequency and impact of chronic diseases and their risk factors from global, national and local perspective using public data available through the Center of Disease Control and Prevention and other sources.

EPID 9233 Cancer Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course uses a combination of lecture, student discussion and independent research to review the fundamentals of cancer epidemiology including classic descriptive cancer EPI, basic cancer biology, etiology of common and uncommon human cancers, major and minor risk factors for cancer, screening techniques for early detection, cancer biomarkers, and current research in cancer epidemiology. Epidemiologic surveillance techniques including cancer registries and databases, international studies and intervention trials will also be covered. Study designs and epidemiologic methodology used in cancer research will be discussed throughout the course.
Prerequisite(s): A minimum grade of “B” in all of the following: PUBH 6533, PUBH 6541 or BIOS 6541, EPID 7131, EPID 7133, EPID 7134.

EPID 9234 Interventional Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will familiarize students with the issues in the design, conduct, and analysis of interventional studies. Factors involved in recruitment, intervention allocation, instrument development, data collection and analysis, reporting and interpreting findings from interventional studies will be included.
Prerequisite(s): A minimum grade of “B” required for EPID 6533, EPID 7134, and EPID 7133 or permission of instructor.

EPID 9431 Mental Health Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore factors that determine the frequency and distribution of mental health problems in populations. Strategies for mental health intervention will also be discussed.
Prerequisite(s): A minimum grade of “B” in all of the following: PUBH 6533, BIOS 6541 or PUBH 6541, EPID 7131, EPID 7133, EPID 7134 or equivalent.

EPRS Georgia State Univ Franch

EPRS 7900 Methods of Research in Education
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

EPSF Education Foundations-GML

EPSF 7120 Social and Cultural Foundations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students analyze the roles of schools in the social order from the perspectives of the humanities and the social sciences.

EPY ED Psyc GOML

EPY 7080 Psychology of Learning & Learners
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of major behavioral, cognitive, and sociohistorical approaches to learning with consideration of learning across the life span. Sources for individual differences in learning are discussed.

ESED Element - Secondary Educa

ESED 5130G Nature and Needs of Gifted and Talented Learners
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is designed to examine the nature and needs of gifted and talented learners. Candidates will become knowledgeable through research from the field and literature about the history and development of gifted and talented programs, the characteristics of gifted and talented students, and identify varied expressions of advanced aptitudes, skills, creativity, and conceptual understandings characterized by gifted and talented learners. In addition, candidates will examine the role of culture in the manifestation of gifts and talents as well as gifted behaviors in special populations. The course has a required field component for teaching purposes. Graduate students will be provided additional assigned readings and assignments.
Cross Listing(s): ESED 5130.

ESED 5131G Curriculum for Gifted and Talented Learners
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course provides an exploration of theory, research, and practices related to the selection and organization of curriculum for the gifted student. Emphasis will be placed on curricular models and selecting materials used in gifted education. Opportunities will be provided for the development of curriculum for the gifted student. The course has a required field component for teaching purposes. Graduate students will be provided additional assigned readings and assignments.
Prerequisite(s): ESED 5130G.
Cross Listing(s): ESED 5131.

ESED 5132G Methods for Teaching Gifted and Talented Learners
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A course covering the development of methods and developmentally-appropriate instructional and assessment materials for students identified as gifted learners. The course has a required field component for teaching purposes. Graduate students will be provided additional assigned readings and assignments.
Prerequisite(s): A minimum grade of “B” in ESED 5130G and ESED 5131G.
Cross Listing(s): ESED 5132.

ESED 5455G Study Abroad in Teacher Education
3 Credit Hours. 3 Lecture Hours. 1-12 Lab Hours.
This course will prepare teacher candidates for travel and study abroad by engaging them in the study of the culture, cultural transmission to the young, the education system, and the role of the teacher in the designated country in which the study abroad field experience will occur. Candidates will travel to the country to engage in either supervised research or teaching activities to learn more about the instructional theories, philosophies, and practices that support the educational processes for children and adolescents who are comparable to K-12 students in the United States. A field experience is required.

ESED 5799G Student Teaching in P-12 Education
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Student Teaching is a period of guided teaching during which the candidate, under the direction of a clinical supervisor, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities.
Cross Listing(s): ESED 5799.
ESED 6796 Student Teaching in P-12 Education  
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Student Teaching is a period of guided teaching during which the candidate, under the direction of a clinical supervisor, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities.  
Prerequisite(s): A minimum grade of "C" in MGED 6131 or MSED 6131.

ESED 6798 Supervised Practicum  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
A supervised teaching experience in a middle grade or secondary classroom. Emphasis is placed on instructional planning, classroom management, and student evaluations.  
Prerequisite(s): A minimum grade of "C" in MGED 6131 or MSED 6131.

ESED 6799 Supervised Internship  
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
A fifteen-week supervised teaching experience in the specific teaching field and grade levels for which one is being certified. Candidates seeking initial certification in middle grades or in one of the secondary or P-12 teaching fields will complete the supervised internship for initial certification. Emphasis is placed on instructional planning, methodology, classroom management, and assessment of student learning.

ESED 7090 Special Topics  
9 Credit Hours. 0-9 Lecture Hours. 0 Lab Hours.  
Promotes specialized training appropriate to the needs of inservice teachers. Attention will be given to a range of specific problems in the elementary, middle, or secondary classrooms.

ESED 7131 Enhancing Student Performance  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course engages candidates in using data about students to inform their instructional decision-making and enhance student learning. Through an in-depth analysis of the formative assessment process, candidates learn how to design, implement, and evaluate a standards-based formative assessment system that engages learners in their own growth, monitors learner progress, and guides decision making.

ESED 7132 Framework for Teaching  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study of teaching and learning strategies associated with effective teaching practices. Emphasis is placed upon the relationships that exit between student development, instructional practices, educational environments, continuous reflection and assessment, learning communities, and dispositions of the profession.

ESED 7133 Trends, Issues, and Research in Education  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Designed to help practitioners develop critical frameworks for designing and evaluating educational practices and programs within the context of current trends and issues in education. Emphasis is placed on specific research findings and their application to practice, in addition to the development of analytical and communicative skills needed to improve teaching and learning. Candidates will formulate their own professional goals that will culminate with the presentation of a professional portfolio at the end of the program.

ESED 8130 Research on Current Trends and Issues  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides candidates the opportunity for in-depth exploration and reflection of current trends, issues and research of effective teaching and learning. Emphasis is placed on the topics of reform/renewal and the moral dimensions of teaching and learning. Candidates will identify researchable topics, examine and synthesize quantitative and qualitative research related to such topics and write a first draft of a literature review.  
Prerequisite(s): Admission into the Ed. S. Program.

ESED 8131 Teacher Leadership  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is an action-oriented experience that explores the multiple aspects of the teacher as a leader. Teachers will discover their own leadership potential as they delve into the characteristics of leadership, adult development, the school culture, interpersonal and technical skills, and tasks and functions of leadership. Examination and application of processes, systems, strategies, and leadership to achieve results in classroom, building, and larger educational arenas. A goal is to develop a working knowledge of characteristics of successful organizational systems, core values, and educational concepts that ensure continual improvement of teaching and leadership methods.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in ESED 8130.

ESED 8132 Curriculum and Instruction  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is designed to provide the experienced teacher and graduate candidate with an opportunity to examine and explore current trends and issues in curriculum and instruction and the impact of these trends and issues on student learning outcomes. A focus is on the critical evaluation of traditional and non-traditional curriculums, the influence of professional standards on curriculum across content areas, and the development of effective instructional practices to enhance academic achievement for all students. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.  
Prerequisite(s): Prior or concurrent enrollment in ESED 8130 with a minimum grade of "C".

ESED 8230 Introduction to Teacher Support and Coaching  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This is the first of two courses required for the teacher support and coaching endorsement. This course focuses on learning how to support individuals who want to mentor/coach pre-service, induction phase, and/or professional educators seeking to improve performance through reflection and modifications of practices. Participants will examine mentoring/coaching theories, research mentoring/coaching best practices, and learn characteristics of an effective protégé mentoring/coaching plan. School/District-level performance-based field/lab exercises required. May extend beyond one term.

ESED 8232 Teacher Support and Coaching Internship  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This is the second course in a two course series for the teacher support and coaching endorsement. This internship is designed to provide opportunities for the support educator to demonstrate and apply knowledge, skills, and dispositions of supportive supervision in a clinical setting. Emphasis will be placed on the demonstration of specific support skills as required to supervise field experience students, student teachers, beginning teachers, veteran teachers, and others. School/Central Office improvement projects required. Internship may extend beyond one term. (Repeatable). This course has a required field component. Candidates must tailor their course assignments and field experiences to their specific grade levels and certification/content field.  
Prerequisite(s): A minimum grade of "B" in ESED 8230.

ESED 8537 Trends: Math/Science/Computer Education  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Current trends and issues in teaching mathematics, science, and computing technology in the schools. Emphasis is placed on research findings, recommendations of professional organizations and effective practices that connect the teaching of mathematics and science supported by computing technology. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.
ESED 8538 Applications: Math/Science Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Addresses the integration of mathematics and science in the classroom and serves to correlate knowledge from science and mathematics courses with practical applications in local industries. Topics focus on applications of mathematics in science contexts, while emphasizing the relevance of mathematics and science to every day life. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.

ESED 8539 Computer Technology in Math/Science Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Applications of computing technologies such as graphics calculators, computers and the Internet in the classroom. Emphasis is placed on integrating these technologies into the teaching of school mathematics and science. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.

ESED 8839 Seminar and Field Study
3 Credit Hours. 2 Lecture Hours. 1 Lab Hour.
Students will initiate, complete and present an acceptable field-based research study, developed and approved in EDUR 8434. This course will focus on collecting, organizing and analyzing data, as well as composing a formal research paper based on the research study. The course culminates with an oral presentation of the study. Seminars will be held that focus on current trends, issues, and research in one's teaching field and certification level. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field. "Students are limited to register for this course twice during the program of study."
Prerequisite(s): A minimum grade of "C" in EDUR 8131 and EDUR 8434 and ESED 8130 and ESED 8131 and ESED 8132 and ITEC 8231.

ESED 8890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
The candidate, under the direction of the instructor, will identify and study a topic applicable to one’s teaching field.

ESED 9132 Critical Analysis of Schools and Educational Practices
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Ed.D. Doctoral candidates will engage in critical examination of a variety of current schooling issues, reform efforts, and educational practices and analyze the implications for research and practice in teaching and learning. From this examination and analysis candidates will develop strategies for planning, implementing, and sustaining school change related to a specific schooling issue or practice. A field component is included.
Prerequisite(s): Minimum grade of "B" in ESED 9131 and ESED 9233, and minimum grade of "C" in EDUR 9131; Ed.D. admission.

ESED 9231 The Teacher Educator
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for the doctoral candidate who aspires to be a teacher educator at a college or university. A main focus is the role of the teacher educator and expectations for teaching, scholarship, and service. Candidates will apply knowledge and skill from the course in developing a syllabus and course materials for a teacher preparation course and they will develop a professional portfolio.
Prerequisite(s): Minimum grade of "B" in ESED 9131 and ESED 9233; EDD admission.

ESED 9232 Supervision of Teachers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a combination of theory and practice and is designed to prepare students who have prior teaching experience to use principles of supervision to help improve classroom performance and to create better learning communities. Participants will examine supervisory theories, research, and practice to develop knowledge, skills, and supervisory styles.
Prerequisite(s): Minimum grade of "B" in ESED 9131 and ESED 9233; EDD admission.

ESED 9631 Advanced Seminar in Teaching and Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This seminar explores enduring and contemporary topics in the field of education through analytical and critical lenses. Such lenses enable candidates to unravel the philosophical, ethical, and political assumptions that undergird educational practices and facilitate reflection and action (praxis) on the part of candidates.
Prerequisite(s): Minimum grade of "B" in ESED 9131 and ESED 9233.

ESED 9799 Internship in Teacher Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The internship is designed to provide an opportunity for individuals to supervise teaching experiences in assigned face-to-face classrooms. Supervision of student teachers and/or methods students may be included. Emphasis is placed on pedagogy for adult learners, modeling of best practices, and systematic student evaluation.
Prerequisite(s): Minimum grade of "B" in ESED 9131 and ESED 9233, and minimum grade of "C" in ESED 9232; EDD admission.
Cross Listing(s): ESED 9232.

ESPY School Psychology

ESPY 7130 Professional School Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study will be made of the development of school psychology and its present status and trends. The professional responsibilities of the school psychologist will be explored in the context of social, legal and ethical issues that affect practice.
Prerequisite(s): Admission to School Psychology program or permission of instructor.

ESPY 7131 Behavioral Interventions
3 Credit Hours. 3 Lecture Hours. 4 Lab Hours.
Prepares school psychologists, counselors and classroom consultants to manage children with moderate to severe conduct problems so that they can profit from classroom instruction. Includes symptoms, diagnosis, treatment and management of children with conduct disorders that hamper learning.
Prerequisite(s): Admission to School Psychology program or permission of instructor.

ESPY 7132 Classroom-based Performance and Psychometrics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to develop a basic understanding of comprehensive psychoeducational assessment procedures for children with learning or behavioral problems. The focus is basic multi-factor assessment design and psychometrics. Training in multi-factored assessment skills, particularly as they relate to classroom performance, observation, interviewing skills, oral language tests, and achievement tests.
Prerequisite(s): Admission to the School Psychology program.
ESPY 7133 Implications of Child Psychopathology in Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with knowledge of childhood psychopathology and its implications in educational settings. Students will become aware of various mental health disorders in childhood and learn about a range of behaviors that differ from accepted social standards within our cultural institutions. Discussion will focus on the diagnostic criteria of various childhood mental health disorders and implications of childhood psychopathology for schools.

ESPY 7230 Developmental Diagnosis in Early Childhood
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course prepares school psychologists, counselors, social workers, special education personnel, and classroom teachers and consultants to develop awareness of theoretical foundations, research and practice relevant to the development of children birth through twenty-one. Developmental diagnosis in early childhood is the focus, incorporating physical, cognitive, language, social-emotional, and adaptive development areas. Also included is discussion of symptoms, diagnosis, early intervention and treatment, IDEIA disability categories and eligibility, and management of children at-risk.

ESPY 8130 Curriculum-based Assessment and Response-to-Intervention
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide knowledge and skills in Curriculum Based Assessment (CBA), specific Curriculum Based Measures (CBM), problem-solving assessment, and response to intervention (RTI), as it relates to academic achievement. Specifically, the course will enable candidates to engage in early identification, determining the magnitude of deficits when they are present, develop academic goals and intervention plans, and monitor student progress toward academic goals.
Prerequisite(s): Minimum grade of "B" in ESPY 7132; admission to the School Psychology program.

ESPY 8131 Individual Intellectual Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for students majoring in School Psychology. It provides intensive experience in the administration, scoring, and score-based interpretation of individual psychological tests for educational purposes.
Prerequisite(s): Minimum grade of "B" in ESPY 7132; admission to the School Psychology program.

ESPY 8132 Addressing Diversity in School-based Conceptualization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course builds on knowledge and skills in intellectual assessment that school psychology students gained in ESPY 8131. It provides experience in integrating all assessment data, interpreting test data, conceptualizing, and report writing. The focus of the course is to provide graduate students with a foundation of knowledge, awareness, and skills in multicultural issues related to school-based conceptualization. The course will cover theories, research, and practices associated with school-based conceptualization utilizing multicultural competence with emphases on within-group differences and the intersections of race, ethnicity, gender, religion, sexuality, social class, and disability/exceptionality.
Prerequisite(s): Minimum grade of "B" in ESPY 8131; admission to the School Psychology program.

ESPY 8133 Personality and Behavioral Assessment in the Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides school psychology students with extensive experience in administering, scoring, and interpreting personality and behavioral assessment measures. School psychology students will also learn to conduct a clinical interview and integrate information from various assessment sources to write an integrated report.
Prerequisite(s): Minimum grade of "B" in ESPY 8132.

ESPY 8135 Crisis Intervention and Prevention
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course investigates exemplary crisis intervention and prevention programs that promote the mental health and physical well-being of ALL individuals (schools and communities). This course also examines the history and development of crisis intervention. A focus will be developing skills and knowledge required to effectively intervene and assist children, adults, and families (including teachers and administrators in schools) during periods of crisis. The course will highlight the importance of prevention in decreasing the number and severity of crisis situations. Criteria for determining empirically validated programs are discussed.
Prerequisite(s): Minimum grade of "B" in COUN 7332 or PSYC 7333.

ESPY 8136 School, Home, and Community Partnering
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed for students majoring in School Psychology. Graduate candidates develop skills in partnering with parents/guardians and community agencies/resources to improve the academic, behavioral, and social-emotional functioning of the Pre-K through 12 student.

ESPY 8230 Consulting in Educational Settings
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides a review of professional competency issues, legal/ethical issues, practice guidelines and practice applications for students entering the School Psychology Internship.
Prerequisite(s): Permission of instructor.

ESPY 8631 Seminar in School Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Experience with school children having learning problems will be provided. Complete child studies will be made and students will develop competence in working with children, teachers, educational specialists and parents under supervision.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "B" in ESPY 8133 or permission of instructor and proof of professional liability insurance.

ESPY 8738 School Psychology Internship I
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Supervised field experience to provide the comprehensive range of experiences in the professional role of school psychologists. Experiences will be individually planned to include assessment, direct interventions, indirect interventions and evaluation/research.
Prerequisite(s): ESPY 8737, admission to EDS in School Psychology, and proof of professional liability insurance.

ESPY 8739 School Psychology Internship II
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Supervised field experience to provide the comprehensive range of experiences in the professional role of school psychologists. Experiences will be individually planned to include assessment, direct interventions, indirect interventions and evaluation/research.
Prerequisite(s): ESPY 8738, admission to EDS in School Psychology, and proof of professional liability insurance.
ESPY 8839 Action Research in School Psychology
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students will apply their knowledge of research skills by preparing and completing a research project related to a practical problem in school psychology or student services. Ethical and legal guidelines as appropriate for the project are to be followed. Format decisions will be made in consultation with appropriate faculty member. Students are limited to register for this course twice during the program of study.
Prerequisite(s): A minimum grade of "C" in EDUR 8434.

ESPY 8890 Directed Individual Study
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course permits specialization beyond regular course content through in-depth study of individually selected topics of interest and importance in school psychology or student services. The study will be directed by the instructor.
Prerequisite(s): Permission of advisor.

FILM Film
FILM 5010G Topics In Film
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Subject announced when course offered. For example, film genres, auteurs, critical approaches, and individual historical periods. May be repeated for additional credits when topics change.

FILM 5025G Pop Culture Theory & Criticism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the theoretical and critical approaches to the study of various forms of popular cultural expression, such as film, television, popular literature, magazines, and music. Critical methodologies present may include semiotics, genre criticism, ethnography, feminism, and cultural studies.

FILM 5030G Television Theory & Criticism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Critical examination of various aspects of television, such as genres, social implications, historical significance, and modes of production.

FILM 5035G Film Theory and Criticism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the major schools of film theory and criticism and their application to selected film texts.

FILM 5040G Women And Film
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

FILM 5510G Film And Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Relationship between film and literature with special emphasis on the adaptation of literature into film.

FINC Finance
FINC 6230 Fundamentals of Corporate Finance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the fundamental concepts, theories, tools of analysis and current problems of managerial finance in business.
Prerequisite(s): A minimum grade of "C" in ACCT 6130 or ACCT 2101 and ACCT 2102.

FINC 7231 Financial Problems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

FINC 7232 Global Finance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the financial markets and institutions that make international trade and capital flows possible. The course provides a framework within which the key financial decisions of the multinational firm can be analyzed.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

FINC 7233 Investment Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of domestic financial markets. Topics covered include interest rates, stocks, bonds, derivative securities, retirement issues, and mutual funds.
Prerequisite(s): A minimum grade of "C" in FINC 7231.

FINC 7334 Corporate Financial Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an intensive review of modern financial theory as it applies to corporate finance, to include capital structure, dividend policy, mergers and acquisitions, taxation, cash flow, financial distress, and financial risk management. The course will introduce students to both the classical theories and the current trends in corporate finance.

FORL Foreign Language
FORL 5500G Selected Topics in Foreign Languages
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Selected topics in foreign languages.
Prerequisite(s): Department approval.

FORL 5500G Foreign Language Exit Exam
0 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This is a non-credit course that is required of MA-Spanish and MAT-Spanish graduates. Generally to be taken in the final semester of coursework in the language. Offered only in Fall and Spring. Permission of advisor or chair required. Graduate students will be assigned extra work that undergraduates will not be required to do.
Prerequisite(s): Department approval.
Cross Listing(s): FORL 5500.

FORL 6431 Foreign Language Methods P-8
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course includes the study of the historical, theoretical, and practical dimensions of materials and methodology in foreign language education. Through lectures, discussions and class activities, students will become familiar with the theory and practice of teaching foreign languages at the P-8 level. These activities include the reading and discussion of text materials; development of unit plans, lesson plans, and assessment instruments; evaluation of materials and in-class demonstrations of teaching techniques.

FORL 6432 Foreign Languages Methods 9-12
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course includes the study of the historical, theoretical, and practical dimensions of materials and methodology in foreign language education. Through lectures, discussions and class activities, students will become familiar with the theory and practice of teaching foreign languages at the 9-12 level. These activities include the reading and discussion of text materials; development of unit plans, lesson plans, and assessment instruments; evaluation of materials; and in-class demonstrations of teaching techniques.

FORL 6433 Practicum in Foreign Languages
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides field experience opportunities for students pursuing the M.A.T., with content areas in a foreign language to relate principles and theories to actual practice in diverse educational settings.
Prerequisite(s): A minimum grade of "C" in FORL 6431 and FORL 6432.
FREN 6750 Teaching Internship
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Supervised field-based teaching experience providing the opportunity to use knowledge and skills in grades K-12 setting, for post-baccalaureate teacher certification.

FOUN Education Foundations

FOUN 5010G Educational Test & Measurement
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A beginning course in measurement which covers statistical methods, research design, and research problems. Students are provided experiences in the design, administration and evaluation of teacher made tests.

FRCT Curriculum Theory

FRCT 7130 Curriculum Theory and Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive overview of the field of curriculum designed to develop the theoretical knowledge competencies and strategies needed by teachers and other curriculum developers at all levels of education to participate in the curriculum change process.

FREC Early Childhood

FREC 7232 Children’s Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed for the graduate student who has some knowledge of children’s literature. Attempts to update the student’s knowledge of children’s literature in the classroom and media center.
Cross Listing(s): ECED 7232.

FREC 7233 Teaching Writing in the Elementary School
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The Teaching Writing in the Elementary School course provides students the opportunity for in-depth examination of both the process and products of writing in grades P-5. Students will explore the current trends and issues related to the teaching of writing in the P-5 classroom including development of writing curriculum and writing assessments.

FREC 7535 Teaching Middle & Secondary Math
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of current content standards, methods and assessment strategies for teaching middle grades and secondary mathematics.

FREN French

FREN 5090G Selected Topics in French
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Study of a topic in French literature, culture, society, thought, or language not included in regular offerings. Conducted in French. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): FREN 5090.

FREN 7030 Selected Topics in French
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of a topic in French literature, culture, society, thought, or language not included in regular offerings. Conducted in French.

FREN 7091 Seminar in French
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics to be selected by the instructor. Conducted in French.

FREN 7890 Directed Study in French
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Independent study under faculty supervision.

FRER Educational Research

FRER 7130 Educational Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive overview of topics related to research as it is applied to educational settings. Emphasis is placed upon methods of quantitative and qualitative research, especially in regard to applied and basic research in education.
Cross Listing(s): EDUR 7130.

FRICT Instructional Technology

FRIT 7090 Selected Topics in Instructional Technology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems.

FRIT 7090A Selected Topics in FRIT
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems.

FRIT 7090B Selected Topics in FRIT
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems.

FRIT 7090C Selected Topics in FRIT
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems.

FRIT 7090D Selected Topics in FRIT
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of in-service personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems.

FRIT 7231 Instructional Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to develop the knowledge, skills, and dispositions of instructional technology leaders necessary for them to understand and apply a systematic process of instructional design to create effective technology-based instruction for learners with diverse needs.

FRIT 7232 Visionary Leadership in Instructional Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to develop the knowledge, skills, and dispositions of instructional technology leaders to inspire and lead the development and implementation of a shared vision for the effective use of technology to promote excellence and support transformational change throughout educational organizations.

FRIT 7233 Selection and Development of Digital Tools and Resources
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selection and Development of Digital Tools and Resources provides competence in the selection, production, utilization, and evaluation of various formats of instructional technologies. Basic techniques are provided through direct experiences in the design and production of instructional technologies.
FRIT 7234 Information Fluency and Inquiry Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an in-depth exploration of digital learning models and relevant standards that focus on information fluency and inquiry learning. Emphasis is placed on the reflective use of technology to facilitate student learning through inquiry learning and the mastery of information fluency skills. Course assignments and activities focus on application of these concepts to the candidate’s field of initial certification through collaboration with other teachers, media specialists, and technology specialists.

FRIT 7235 Digital Learning Environments
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the effective utilization of digital technology in the instructional process and on systematic processes for using new technologies to enhance learning. Course content will focus on the knowledge, skills, and dispositions needed to create, support, and manage effective digital learning environments.
Prerequisite(s): Minimum grade of "C" in FRIT 7231.

FRIT 7236 Technology-Based Assessment and Data Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Technology-Based Assessment and Data Analysis prepares candidates to model and facilitate assessments throughout the curriculum and to analyze and interpret the data generated by those assessments. The use of digital tools and resources to measure, collect, analyze, interpret, and report those data is stressed.

FRIT 7237 Evaluation of Educational Needs and Programs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Evaluation of Educational Needs and Programs covers the theory and practice of systematic investigation of instructional programs, projects, products, and processes. The course is designed to teach practitioners how to assess the need for and the effectiveness of educational endeavors such as quality improvement, enhancing organizational performance, or improving school curricula.
Prerequisite(s): Minimum grade of "C" in FRIT 7231.

FRIT 7330 The Internet in Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides learners with a focused look at issues surrounding the implementation and use of emerging applications of the internet in schools.

FRIT 7331 Leadership of the School Library Media Program
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the functions of the school library media center and the various roles of the school library media specialist. Topics include: program planning and development, budgeting, facility management, and public relations. Students will develop the skills necessary to strategically plan for innovation and continuous improvement of the school library media program.

FRIT 7332 The School Library Literacy Environment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of the processes and procedures associated with developing, organizing, maintaining, and evaluating the school library media collection. Emphasis is placed on intellectual freedom, principles of selecting materials in all formats, and utilization of technology to access physical and virtual collections. This course will introduce students to instructional strategies designed to promote reading for learning, personal growth, and enjoyment.

FRIT 7333 Storytelling
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to the history, art, and techniques of oral storytelling. Techniques include the selection, adaptation, learning, and presentation of stories for all ages. Students will encounter a wide variety of stories from many different cultures, learn to identify resources for finding stories, develop skills in telling stories with ease and enthusiasm, and learn to evaluate the qualities that make stories age-appropriate for various grade levels.

FRIT 7335 Web Design and Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the front-end aspects of web design: authoring, graphics production, and media development.

FRIT 7336 Practicum in School Library Media
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A culminating activity in the Instructional Technology program. Candidates are assigned specific experiences that implement content from the school library media certification program.
Prerequisite(s): Permission of advisor and completion of Transition Point #2.

FRIT 7339 Practicum in Instructional Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed as a capstone experience where students demonstrate the skills, knowledge, and dispositions necessary to serve in instructional technology roles in various educational settings including P-12 settings. An extensive field experience is required.
Prerequisite(s): Permission of advisor and completion of Transition Point #2.

FRIT 7765 Clinical Practice in School Library Media
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is a full-semester, culminating internship in Instructional Technology/School Library Media for non-certified candidates only. Candidates are assigned to a daily placement that implements content from the school library media certification program under the supervision of a school library media specialist.
Prerequisite(s): Advisor approval required.

FRIT 8435 Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Program Evaluation covers the theory and practice of systematic investigation of instructional programs, projects, products, and processes. The course is designed to teach practitioners how to assess the effectiveness of endeavors such as quality improvement, enhancing organizational performance, or improving school curricula.
Cross Listing(s): ITEC 8435.

FRIT 8532 Multimedia Tools and Applications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Covers issues in the design and development of interactive multimedia instructional lessons. Covers the tools required for the creation of interactive multimedia and is organized around individual student projects.

FRLT Educational Foundations

FRLT 7130 Learning Theories and Applications
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the principles and theories of learning that serve as a basis for educational models, practice, and assessment. Special emphasis is given to recent empirical findings and to practical applications of theory to a variety of educational settings. This is a three credit hour class.
Cross Listing(s): EDUF 7130.

FRMS Middle & Secondary Ed

FRMS 7331 Early Adolescent Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of pedagogical theory and practices for integrating contemporary early adolescent/young adult literature into the middle and secondary school curriculum. Course content will focus on making text selections, workshop approaches, literary circles, and reader response theory.
Cross Listing(s): MSED 7331.
FRMS  7535  Teaching Middle Grades and Secondary Mathematics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An in-depth study of current content standards, methods and assessment
strategies for teaching middle grades and secondary mathematics.

GCM Graphic Comm Management

GCM  5090G  Selected Topics in Graphic Communications
1-3 Credit Hours.  0-3 Lecture Hours.  0-6 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas in
technology and will carry a subtitle. Credit is variable from 1 to 3 semester
hours. This special topics course is in keeping with established policies
for offering a structured course on an infrequent basis. It will allow faculty
to offer a course on a trial basis for possible approval at a later date.
Graduate students will be given an extra assignment determined by the
instructor that undergraduates are not required to complete.
Cross Listing(s): GCM  5090.

GCM  5234G  Color Reproduction
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An exploration of professional color reproduction concepts and procedures
related to the graphic communications and information technology
industries. Topics include color theory, copy evaluation, color separation
methods, color reproduction variables, color separation hardware and
software, and color management systems. Graduate students will be given
an extra assignment determined by the instructor that undergraduates are
not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3745 (required for Graphic
Communications Management majors only, IT second discipline
students and GCM minor students should consult with the assigned GCM
program advisor).
Corequisite(s): GCM  5314G.
Cross Listing(s): GCM  5234.

GCM  5314G  Color Reproduction Laboratory
1 Credit Hour.  0 Lecture Hours.  2 Lab Hours.
This is a hands on laboratory course. The laboratory activities include
the following: test for abnormal color vision, color measurement and
evaluation, color standards, color proofing, color scanning, color
reproduction methods, color management systems, color reproduction
techniques using Photoshop and other software. Graduate students
will be given an extra assignment determined by the instructor that undergraduates are
not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3745.
Corequisite(s): GCM  5234G.
Cross Listing(s): GCM  5314.

GCM  5331G  Flexography
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
Introduction to the flexographic printing industry. Discussions will include
the design, techniques, processes, and manufacture of flexographic
printed products. Activities will include setup and operation of a
flexographic press. Graduate students will be given an extra assignment
determined by the instructor that undergraduates are not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3231.
Cross Listing(s): GCM  5331.

GCM  5332G  Multimedia Presentations
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
Multimedia Presentations is the study of digital imaging applications for
presentations. The course covers the creation of digital components for
multimedia presentations, including sound, graphics, animation, and video
technique, and their use in multimedia presentations for video, CD ROM,
and the Internet. Graduate students will be given an extra assignment
determined by the instructor that undergraduates are not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  1631.
Cross Listing(s): GCM  5332.

GCM  5334G  Imaging Systems
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
Imaging Systems is an in-depth course of how to effectively use, organize,
and link imaging workstations, peripherals, systems, and files for
information imaging. Current trends and issues of the industry are also
covered. Graduate students will be given an extra assignment determined
by the instructor that undergraduates are not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3745.
Cross Listing(s): GCM  5334.

GCM  5335G  Graphic Communications Management Topics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Course topics focus specifically on managerial decisions as they uniquely
apply to graphic communications, such as: facilities planning and
production flow, trade customs, contracts, and quality control and testing.
Graduate students will be given an extra assignment determined by the
instructor that undergraduates are not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3745.
Cross Listing(s): GCM  5335.

GCM  5434G  Lithographic Reproduction
3 Credit Hours.  2 Lecture Hours.  3 Lab Hours.
Designed to introduce the student to image assembly for presswork.
Topics include imposition layouts, image assembly, platemaking, proofing
systems, press operation and safety. Graduate students will do a research
project related to course content and present their finding to the class.
Prerequisite(s): A minimum grade of "C" in GCM  3231.
Cross Listing(s): GCM  5434.

GCM  5534G  Digital Output Applications
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
Covers the utilization of electronic imaging technologies for output
applications for information imaging. Specific topics include internet
development and management, and print-on-demand development
and management. Graduate students will be given an extra assignment
determined by the instructor that undergraduates are not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3231.
Cross Listing(s): GCM  5534.

GCM  5535G  Estimating for Print Production
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Acquaints the student with various types of estimating practices used
for print production. The student will learn how to measure cost centers,
calculate materials used and conceptualize the production process.
Graduate students will be given an extra assignment determined by the
instructor that undergraduates are not required to complete.
Prerequisite(s): A minimum grade of "C" in GCM  3231.
Cross Listing(s): GCM  5535.

GEOG Geography

GEOG  5090G  Selected Topics
1-9 Credit Hours.  0-9 Lecture Hours.  0-9 Lab Hours.
Offered with or without a lab on an experimental basis. Graduate students
will complete an individual term project or special report.
Cross Listing(s): GEOG  5090.

GEOG  5091G  Applied GIS
4 Credit Hours.  0 Lecture Hours.  8 Lab Hours.
Applications of advanced GIS design and modeling to a specific topical
and/or geographic area. Topics and studies will be varied over time.
Graduate students can expect more comprehensive and rigorous course
assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG  5091.
GEOG 5130G Geography of North America
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Systematic regional treatment of Canada and the United States including the physical, cultural, and economic aspects of various subregions. Special attention will be paid to comparative themes such as resource development, trade, and migration. Graduate students will complete an individual term project or special report.
Cross Listing(s): GEOG 5130.

GEOG 5230G Urban Geography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analysis of site, situation, base, principal functions, distribution, supporting areas and internal structure of urban settlements. Graduate students will complete an individual term project or special report.
Prerequisite(s): GEOG 1101 or GEOG 1130.
Cross Listing(s): GEOG 5230.

GEOG 5330G Population Geography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores issues and themes related to the patterns, processes, and consequences of the spatial distribution of the world’s population. The course is organized around the fundamental components of population change, fertility, mortality, and migration. Current events related to population change and distribution in multiple geographical contexts will constitute a primary focus of the course. Graduate students will be required to complete more detailed, sophisticated assignments and complete longer, more in depth term papers.
Prerequisite(s): GEOG 1101 or GEOG 1130.
Cross Listing(s): GEOG 5330.

GEOG 5430G Political Geography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will cover the geography of political behavior from the local to the global scale by examining the relationship of geography and politics. Students will investigate the rapidly changing geopolitics of the era in which they live, with special emphasis on international relations, sovereignty, war, and terrorism. Additionally, the course will focus on redistricting, the Electoral College, and other geographic elements of our American democratic system. Graduate students will learn how to undertake an independent, supervised research project in the field of political geography.
Prerequisite(s): GEOG 1101 or GEOG 1130.
Cross Listing(s): GEOG 5430.

GEOG 5435G Nature and Society
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine factors that affect humans’ perspectives on resources and analyze the availability, scarcity, and valuing of natural resources, in addition to conflicts over their use. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5435.

GEOG 5441G Remote Sensing
4 Credit Hours. 2 Lecture Hours. 4 Lab Hours.
This course is designed to introduce the principles and applications of remote sensing and imagery, including electromagnetic energy, the interaction between energy and earth’s surface, remotely sensed data, and the major sensor systems. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5441.

GEOG 5530G Cultural Geography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the world’s diverse cultural landscapes. Emphasis on the connections between social, political, religious and agricultural patterns and the impact of societies on the natural environment. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5530.

GEOG 5531G Environmental Impact and Remediation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will introduce students to the National Environmental Policy Act (NEPA), its Environmental Impact Assessment (EIA) process per the Council on Environmental Quality (CEQ), and review criteria regarding whether a Finding Of No Significant Impact (FONSI) or requirement for an Environmental Impact Statement (EIS) is issued. Students will see how the EIA process can be applied to the workflow of federal projects, from the research phase through planning, remediation, monitoring, evaluation, and improved regulatory enforcement/environmental policy. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5531.

GEOG 5532G Tourism Geographies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A critical/cultural analysis of the influence of tourism on communities and landscapes, focusing on its economic, social, and environmental impacts through case studies. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5532.

GEOG 5535G Biogeography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to biogeography: the study of the distribution of plants and animals. Both historical taxonomic and ecosystems biogeography are covered. The analysis and explanation of spatial patterns of plant and animal distribution, while addressing change in species distribution and evolution in response to climate change and the process of continental drift that have taken place in the past and are taking place today, will be emphasized. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5535.

GEOG 5540G Advanced GIS
4 Credit Hours. 2 Lecture Hours. 4 Lab Hours.
This course covers the advanced spatial analysis and modeling functions of GIS and offers both fundamental theoretical background and extensive hands-on experience in spatial analysis and modeling. Major topics include network analysis, surface modeling, spatial patterns analysis, spatial data visualization, and basics of spatial statistics. Graduate students can expect more comprehensive and rigorous course assessments (e.g. class discussion, exams, and/or term papers/projects).
Cross Listing(s): GEOG 5540.

GEOG 5545G Ecohydrology
4 Credit Hours. 3 Lecture Hours. 3 Lab Hours.
This course will cover how water interacts to connect the biotic and abiotic components of ecosystems, with a focus on forests. Students will measure hydrologic processes to determine the water budget of an on-campus forest and associate these measurements to ecological processes upon which human society relies (watershed management and sustainable agriculture). This includes training on common and cutting-edge ecohydrological field equipment installation, operation, maintenance, and data analysis techniques. Additionally, students will compare their results to studies around the globe. Graduate students will write an ecohydrology research proposal in a format required by federal funding agencies.
Cross Listing(s): GEOG 5545.
GEOG 5550G Topics in Regional Geography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the physical, cultural, historical, and economic geography of world region. May be repeated as topics vary.

GEOG 5590G Field Studies-Geography
6-8 Credit Hours. 6-8 Lecture Hours. 0 Lab Hours.
An intensive course on a specific region of the world conducted in that region combining lecture, observation and travel. Students usually will bear tuition, travel and living expenses during the course. May be repeated for credit in different regions. Graduate students will complete an individual term project or special report.
Cross Listing(s): GEOG 5590.

GEOG 5890G Directed Study
4 Credit Hours. 1-4 Lecture Hours. 1-4 Lab Hours.
Independent study for advanced students. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Approval of Department Chair is required.

GEOG 7535 Cultural and Political Ecology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the subfields of cultural and political ecology through an extensive review and critique of the research literature in areas including: the appropriation of nature, conservation, ecotourism, sustainability, deforestation, and environmental policies. Examples from multiple geographic contexts will be discussed and critiqued.

GEOG 7531 Global Climate Change
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course investigates the global climate system in the context of current and future changes in this system. In particular the course provides an in-depth study of hemispheric and smaller scale changes in the climate system with emphasis on temperature, precipitation, and severe weather.

GEOG 7541 GIS Applications in Social Science
4 Credit Hours. 2 Lecture Hours. 4 Lab Hours.
This course is designed to introduce the concepts, theories, computational methods, and real-world applications of GIS in the social sciences-related fields at the graduate level.
Prerequisite(s): A minimum grade of "C" in GEOG 7631.

GEOG 7542 Geospatial Techniques and Applications
4 Credit Hours. 2 Lecture Hours. 4 Lab Hours.
Geospatial Techniques and Applications aims to broaden students’ advanced knowledge and skills in the use and applications of state-of-the-art geospatial technologies to a range of environmental issues and problems. The course will provide in-depth theoretical background on issues surrounding data acquisition, image processing, and analysis to prepare students for semester-long research projects.
Prerequisite(s): A minimum grade of "C" in GEOG 5441G.

GEOG 7543 Frontiers in Geospatial Science
4 Credit Hours. 2 Lecture Hours. 4 Lab Hours.
This class introduces students to recent developments in geospatial science and technologies. Students will become familiar with the most recent technological advances in Geographic Information Science.

GEOG 7630 Seminar in Geographic Thought
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This graduate seminar provides a comprehensive introduction to the discipline of Geography through an examination of the historical roots of the field, its fundamental theoretical traditions and concepts, and contemporary debates within the discipline.

GEOG 7631 Spatial Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce the theory and applications of spatial statistical techniques in both geographic and environmental sciences.

GEOG 7632 Seminar in Geographic Research and Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analysis of research topics and methodologies in geography. Students will define a research topic, review literature in their field of interest, and work toward preparation of their capstone project or thesis research proposal.

GEOG 7830 Non-Thesis Capstone
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is reserved for students pursuing the MS in Applied Geography non-thesis option. Students will define, devise, and implement a Master’s Capstone project, which includes writing, presenting, and defending of the project. Students will present their capstone project in a public presentation open to the university community in partial fulfillment of the Master of Science degree in Applied Geography.

GEOG 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is the culmination of the Master’s Thesis as it entails the final stage of the writing, presenting, and defending of the thesis project. Students will present their thesis to their thesis committee in a public presentation open to the university community in partial fulfillment of the Master of Science degree in Applied Geography. The final written thesis must be accepted by the thesis committee in accordance with the timeline laid out by the College of Graduate Studies.

GEOL Geology

GEOL 5090G Selected Topics
1-9 Credit Hours. 0-9 Lecture Hours. 0-9 Lab Hours.
This course provides a means by which new courses can be offered for experimental purposes. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOG 3541 or permission of instructor required.

GEOL 5130G Economic Mineralogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers the theory and applications of stable and radiogenic isotope geochemistry as applied to low-temperature geological processes. Graduate students will complete an individual term project or special report.

GEOL 5131G Economic Mineralogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers the theory and applications of stable and radiogenic isotope geochemistry as applied to low-temperature geological processes. Graduate students will complete an individual term project or special report.

GEOL 5132G Regional Field Geology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A field expedition involving geological investigation of a major geologic region of North America. Students will be expected to make geological observations through such techniques as mapping, measuring sections, collecting scientific samples, or other standard techniques, then to analyze and interpret their observations or measurements. A scientific journal or notebook will be used by each student to record data and observations. A final report will be required. Students usually will bear tuition, travel, and living expenses in the field. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 1121.

GEOL 5131G Economic Mineralogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers the theory and applications of stable and radiogenic isotope geochemistry as applied to low-temperature geological processes. Graduate students will complete an individual term project or special report.

GEOL 5132G Regional Field Geology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A field expedition involving geological investigation of a major geologic region of North America. Students will be expected to make geological observations through such techniques as mapping, measuring sections, collecting scientific samples, or other standard techniques, then to analyze and interpret their observations or measurements. A scientific journal or notebook will be used by each student to record data and observations. A final report will be required. Students usually will bear tuition, travel, and living expenses in the field. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 1121.

GEOL 5131G Economic Mineralogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers the theory and applications of stable and radiogenic isotope geochemistry as applied to low-temperature geological processes. Graduate students will complete an individual term project or special report.

GEOL 5132G Regional Field Geology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A field expedition involving geological investigation of a major geologic region of North America. Students will be expected to make geological observations through such techniques as mapping, measuring sections, collecting scientific samples, or other standard techniques, then to analyze and interpret their observations or measurements. A scientific journal or notebook will be used by each student to record data and observations. A final report will be required. Students usually will bear tuition, travel, and living expenses in the field. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 1121.
GEOL 5140G Vertebrate Paleontology
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
A study of the morphology, classification and geologic significance of vertebrate fossils. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 1122 or permission of instructor; GEOL 5141 strongly recommended.
Cross Listing(s): GEOL 5140.

GEOL 5141G Paleontology
4 Credit Hours. 0.3 Lecture Hours. 3 Lab Hours.
This course provides an overview of the major principles, applications, and methods of paleontology. Topics covered in this course include, but are not limited to: the formation of fossils, fossil identification and classification, evolution and extinction, biostratigraphy, biogeography, paleoecology, and functional morphology. Labs utilize a diverse collection of invertebrate fossils and paleontology software. Graduate students will complete a special report, not required of undergraduates.
Prerequisite(s): Completion of GEOL 1122.
Cross Listing(s): GEOL 5141.

GEOL 5142G Stratigraphy and Sedimentation
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
Introduction to the principles and application of stratigraphy and biostratigraphy, and principles of sedimentation. Emphasis is placed on concepts of time, time-rock, rock units, sedimentary facies, guide fossils and fossil range and description of rocks in time and space, their correlation and interpretation. Petrologic interpretation and basic laboratory techniques are also demonstrated. The origin and distribution of sedimentary rocks is examined from initial weathering through erosion and transportation, to environments and mechanisms of deposition. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 3541.
Cross Listing(s): GEOL 5142.

GEOL 5230G Earth Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic study of the earth as a planet, including aspects of its atmosphere, oceans, lithosphere, soils and physiography. The laboratory will emphasize the location and utilization of local, as well as regional materials for earth science teaching and learning. Graduate students will complete an individual term project or special report. This course cannot be used for upper-level course credit in the Geology BA, Geology BS, or Geology Minor programs.
Prerequisite(s): Permission of instructor required.
Cross Listing(s): GEOL 5230.

GEOL 5231G General Oceanography
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an integrated approach to the study of oceans with special emphasis on geology, chemistry, and biology of ocean basins. Studies will include the ecological, physical, and geological features of ocean basins, as well as chemical composition of ocean water and oceanic circulation processes. This course cannot be used for upper-level course credit in the Geology BA, Geology BS, or Geology Minor programs.
Prerequisite(s): Completion of GEOL 1121 or GEOL 5230 or GEOL 5230G.
Cross Listing(s): GEOL 5231.

GEOL 5340G Barrier Island Environmental Geology
4 Credit Hours. 2 Lecture Hours. 6 Lab Hours.
This course is an on site, direct observation study of the physical processes that create barrier islands and drive their geologic and environmental evolution. The course will cover principles of coastal geology and barrier island hydrogeology. Students will observe and document the diverse environments of a Georgia barrier island and the effects of coastal erosion and sea level rise on island environments and wildlife habitat. Students will also explore the anthropogenic impacts to these environments and resources, practice field science observation and documentation skills, and develop research and presentation skills through team research projects during an eight to ten day residence on St. Catherines Island. Graduate students can expect more comprehensive and rigorous assessments as well as additional work based on the graduate field of study.
Prerequisite(s): Permission of instructor.
Cross Listing(s): GEOL 5340.

GEOL 5431G Coastal Geology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Coastal Geology will comprise an introduction to a variety of coastal environments and landforms as well as the physical and geological processes that shape them. Coastal hazards and issues related to the ecology and management of the coast will also be discussed. The course will include two required weekend fieldtrips to coastal areas in the southeastern United States. Graduate students will complete an individual term project or a special report.
Prerequisite(s): Completion of GEOL 1122 or permission of instructor; GEOL 5142 strongly recommended.
Cross Listing(s): GEOL 5431.

GEOL 5440G Structural Geology
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
A study of geologic structures resulting from rock formation and deformation. Attention will be given to recognition and solution of structural problems. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 3542 and MATH 1112 or MATH 1113.
Cross Listing(s): GEOL 5440.

GEOL 5530G Geomorphology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic study of landforms and the processes which create and modify them. Graduate students will complete an individual term project or special report.
Prerequisite(s): Completion of GEOL 1122 or GEOG 1111.
Cross Listing(s): GEOL 5530.

GEOL 5541G Hydrogeology
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
A survey of hydrogeology that includes the occurrence, distribution, movement and chemistry of subsurface waters. Emphasizes subsurface hydrology (hydrogeology), but will also include related aspects of surface systems. Major topics covered will include: 1) relationships between precipitation, runoff, and infiltration; 2) porosity and permeability of various earth materials; 3) subsurface movement of water through earth materials; 4) basic chemical characteristics of natural waters; and 5) current water resource issues such as supply, quality, contamination, and remediation. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Completion of GEOL 3542.
Cross Listing(s): GEOL 5541.
GEPH 5542G  Advanced Hydrogeology  
3 Credit Hours.  3 Lecture Hours.  2 Lab Hours.  
In-depth study of hydrogeologic and geochemical principles with emphasis on quantitative techniques. Various laboratory and field techniques will be covered, including the use of numerical models and aquifer testing. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
**Prerequisite(s):** Completion of GEOL 5541.  
**Cross Listing(s):** GEOL 5542.  
GEPH 5740G  Sea Turtle Natural History  
4 Credit Hours.  2 Lecture Hours.  6 Lab Hours.  
A field-based course in which students work as sea turtle conservation scientists by monitoring beaches and documenting and recording nesting activity during an 8 to 10 day residence on St. Catherines Island, Georgia. Students will prepare for field work with two days of lectures on the GSU campus as well as a training session on GA DNR nest monitoring protocols, prior to field work on St. Catherines Island. Students will keep a daily field journal and prepare a paper on loggerhead sea turtles, documenting nesting behavior, nesting habitat, hatching emergences and threats to hatchlings and adults using images acquired during their daily monitoring activity. Graduate students can expect more comprehensive and rigorous assessments as well as additional work based on the graduate field of study. Graduate students will also complete a resource notebook or term project.  
**Prerequisite(s):** Permission of instructor.  
**Cross Listing(s):** GEOL 5740.  
GEPH 5890G  Directed Study  
1-3 Credit Hours.  1-3 Lecture Hours.  0 Lab Hours.  
Well prepared geology majors may be permitted to carry on independent study upon the recommendation of one of the geology/geography faculty. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
**Prerequisite(s):** Permission of instructor required.  
**Cross Listing(s):** GEOL 5890.  
GEPH 6097  Special Topics Geol Res & Envi  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Detailed presentation of a selected topic in geological sciences. May be repeated for credit for a maximum of 6 credit hours, if topic is different.  
GEPH 6100  Historical Geology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A review of the history of the Earth. Determining geologic time, the history of life as revealed in the fossil record, reconstructing a chronology of events from associated rock bodies. This course is a survey of historical geology but is designed primarily for students enrolled in graduate education programs, and credit may not be earned in both GEOL 3100 and GEOL 6100.  
GEPH General Public Health  
GEPH 6000  Biostatistics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Enter, analysis, and application of public health statistics. Descriptive and inferential analysis through multivariate linear models are addressed. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.  
GEPH 6100  Epidemiology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The study of distribution and determinants of health and disease in defined populations. Emphasis on the skills necessary to research, produce, utilize, and critique epidemiological literature. This course is reserved for MPH Generalist students.  
GEPH 6125  Environmental Health Issues  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The study of the interface of environmental health issues, epidemiology, and risk assessment. This course will emphasize the nexus of population-based practice, environmental health, and the epidemiology of diseases. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.  
GEPH 6130  Nutrition  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Basic concepts of nutrition as major components to the enhancement of health for non-nutrition majors.  
GEPH 6131  Introduction to International Health  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Introduction of the application of public health and its relationship to other health disciplines in the field of international health.  
GEPH 6132  Strategies for the Prevention of Chemical Dependency  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Educational strategies and techniques related to prevention of chemical dependence.  
GEPH 6133  Women and Minority Health Issues  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The exploration of public health issues concerning women and minorities.  
GEPH 6134  Human Sexuality  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Fundamentals of the history of sexual beliefs, values, behavior, and health issues in the U.S.  
GEPH 6135  Healthy Weight Management and Body Composition  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A survey of research and applications for methods of improving body composition with a focus on optimal health and physical performance. Students will investigate effective strategies for long-term changes in body fatness and lean body mass. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.  
GEPH 6150  Theory in Health Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Individual and environmental variables causing opposing viewpoints regarding health education needs and concerns. Practical application of various theories is stressed. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.  
GEPH 7130  Applied Research Methods for Public Health Practice  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Acquisition of skills necessary to develop, conduct, and critique various research methods applied to public health practice, including quantitative, qualitative, and mixed designs.  
GEPH 7131  Applied Planning and Evaluation Methods for Public Health Promotion  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course surveys current methods for designing and evaluating educational strategies in health promotion programs. Students will learn to develop sensitive and ability-appropriate materials that recognize the ecological context of health behavior changes.  
GEPH 7132  Public Health Preparedness  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Examines role of public health community in preparedness design, response, and evaluation for wide array of community emergencies at the national, state, and local levels.
GEPH 7133 Health/Illness Continuum
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores health and disease across the life-span in terms of person, place, time, fundamental pathophysiological processes as they impact population-based health and disease, the epidemiologic triad, prevention, trends, and resources. Additional concepts such as global health, accidents, injuries, and sexually transmitted, hospital-acquired, and emerging infections are also explored.

GEPH 7134 Social Marketing for Health Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides a broad introduction to communication theory, media and health literacy, and cultural competence.

GEPH 7280 Self-Directed Student Research
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students conduct studies relating to their professional interest and responsibilities under the direction of a graduate faculty advisor. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.
Prerequisite(s): Permission of instructor or department.

GEPH 7500 Public Health Planning and Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Scarce fundamentals needed to plan and evaluate public health programs including needs assessment, behavioral and educational diagnosis, administration diagnosis, objective writing and process, impact and outcome evaluation methods. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.
Prerequisite(s): A minimum grade of "B" in PUBH 6533, PUBH 6534, PUBH 6535, PUBH 6541, and GEPH 7130, or equivalents.

GEPH 7530 Capstone in PH Leadership
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Serves as culminating experience enabling students to synthesize and apply aggregate key program concepts to support workforce development as they prepare to serve as public health leaders within the community; methods utilized to promote professional development include case studies, assigned readings, and multiple interactions with community public health leaders.
Prerequisite(s): A minimum grade of "B" in PUBH 6533, PUBH 6534, PUBH 6535, PUBH 6541, and GEPH 7130, or equivalents.

GEPH 7560 Special Topics in Public Health
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
A study of selected issues in health. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.
Prerequisite(s): Permission of instructor.

GEPH 7600 Special Topics in Public Health
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
The application of skills, concepts, and theories in a chosen public health setting. This course is reserved for MPH Generalist students who were admitted PRIOR to Fall 2018.
Prerequisite(s): Permission of instructor.

GEO 5500G Survey Of Gerontology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the emotional, physiological and social changes associated with the aging process and their effects on health.

GEO 5510G Healthy Aging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Principles of holistic aging: spiritual, social, emotional, intellectual, occupational, physical, and motivational needs of the elderly.

GEO 5520G Gerontology Practicum
1-3 Credit Hours. 0-6 Lecture Hours. 0-12 Lab Hours.
Practical experience tailored to the student's interest. Developed in collaboration with a faculty member and qualified site supervisor.

GNST Gender Studies

GNST 5000G Topics In Gender Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Special topics in Gender Studies. Will be Cross Listing(s): selected upper-level courses in the university curriculum when content of those courses addresses issues related to Gender Studies. May be repeated for credit with different topics.

GNST 5500G Topics In Women'S Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the basic themes of leadership through the lens of gender studies. The course will address alternative styles of leadership, globalization and women's roles, under representation, the gender gap, and teh perseverance of women in traditionally male-dominated careers, professions, and public offices.

GNST 5600G Sociology Of Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the social construction of gender and gender inequality in society.
Cross Listing(s): SOCI 5600G.

GNST 5700G Perspective In Feminist Theory
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
An in-depth look at Feminist Theory. This course may be taught from the perspective of a particular discipline.
Cross Listing(s): POLS 5700G.

HAD M Health Administration

HADM 6100 U.S. Healthcare Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of the systems of health care delivery and financing in the United States, including public and private payers and insurers as well as public and private providers of health services.

HADM 6150 Organization Theory / Organizational Behavior in Health Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the fields of organization theory and organizational behavior and their application to the management of health services organizations. Topics covered included organizational governance, design, and structure, organizational ethics, the role of management as a professional within the health services organization, management interfaces with other health professionals, in-organizational coordination and communication, the effective use of groups and teams, negotiation and conflict management, organizational power and politics, and initiation and management of organizational change.

HADM 6200 Quantitative Analysis Methods for Healthcare Management I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to quantitative analysis methods utilized for problem solving and decision making at the population/macro level.

HADM 6250 Healthcare Economics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of the economics of health care at both the micro and macro levels utilizing a variety of conceptual and empirical models. Particular attention is given to the supply and demand of healthcare resources and the impact of those resources on a population in a market-driven, but government-regulated system. Healthcare production is studied with respect to distributional issues both in perfectly competitive and imperfect markets, and from both investor owned and not-for-profit perspectives.
HADM 6300 Healthcare Financial Management I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to financial and managerial accounting, health care finance and the current financial environment in which health care organizations function, the course considers and evaluates basic financial, accounting and reimbursement tools and how they are applied in the management decision-making process.

HADM 6350 Legal Environment of Health Care
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course addresses the major areas of law that influence the administration of health care organizations and affect health care decisions, relationships among professionals and patients, and management aspects of health care delivery.

HADM 6400 Fundamentals of Population Health Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to principles and methods of population health management focusing on managerial applications of epidemiology such as population health measurement needs assessment, and development/evaluation of health services-related interventions to improve population health status.
Prerequisite(s): HADM 6200.

HADM 6425 Health Information Systems Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the disciplinary field that deals with the storage, retrieval, sharing, and optimal use of health-related information, data, and knowledge for problem solving and decision making in a variety of organizational settings.

HADM 6450 Human Resources Management in Healthcare
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the organization, training, motivation, and direction of employees with an emphasis on maintaining productivity and morale at a high level. Topics include selection, compensation, financial incentives, work standards, and leadership.

HADM 6500 Quality Management Methods in Healthcare
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of the theory, principles, and techniques of quality management within contemporary health services organizations. Quality assurance and quality/process improvement approaches to QM are considered. Qualitative and quantitative methods that support organizational QM are also discussed.

HADM 6550 Healthcare Marketing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Application of fundamental marketing principles and practices in various health care settings such as hospitals, physician practices and managed care organizations. The course will focus integration of marketing strategies across various functional areas of the health services organization. Content will include the tools, concepts, analytical frameworks, and skills necessary to understand and analyze an organization’s competitive environment, create profitable customer relationships, use and apply marketing information to segment and target specific customers and markets, design marketing programs and make marketing decisions to create competitive advantage.

HADM 6600 MHA Professional Seminar I
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
A competency-based seminar focused on the professional development of the 1st year MHSA student. Topics will vary based on assessments of competency and/or professional development needs but may include the development/refinement of skills related to resume writing, interviewing, professional presentations, professional ethics, and academic / professional portfolio development.

HADM 7200 Quantitative Analysis Methods for Healthcare Management II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to quantitative analysis methods utilized for problem solving and decision making at the organizational/micro level. Topics include economic analysis and decision making, operations analysis/research methods, and time series analysis/forecasting.
Prerequisite(s): HADM 6200.

HADM 7250 Health Politics and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of the policymaking process that results in the formulation of health policy in the public sphere. Topics considered include principles of public policy analysis, policy evaluation methods, and political environmental assessment techniques. Various domains of current health policy interest are also discussed.
Prerequisite(s): HADM 6250.

HADM 7300 Healthcare Financial Management II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced and detailed view of how managers apply financial theory and principles, the course builds on principles learned in Health Care Financial Management I and uses a case method approach to allow students to develop competencies in financial management and analysis. Quantitative decision analysis techniques, costing methods, and financial policy analysis skills will be employed in the case method approach.
Prerequisite(s): HADM 6300.

HADM 7500 Strategic Management and Marketing Healthcare Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the strategic management and marketing functions within contemporary health services organizations. It focuses on the organizational strategic planning processes, including principles and methods of strategic assessment, strategy formulation, evaluation, implementation, and control, as well as the role and function of marketing strategy as part of the strategic implementation process.
Prerequisite(s): Permission of instructor.

HADM 7550 MHA Capstone Project
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Comprehensive assessment of skill and knowledge-based program competencies based upon student completion, presentation, and defense of results from a faculty-approved and supervised applied project or research paper that is suitable for publication. Each student must also successfully complete a written and/or oral comprehensive examination to fulfill course requirements.
Prerequisite(s): Permission of instructor.

HADM 7600 Ethics and Leadership in Health Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to the theory of ethics and the principal frameworks for ethical decision-making as well as professional development and effective leadership within the context of health care organizations.

HADM 7700 MHA Internship / Residency
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Completion of a structured experiential learning program under the auspices of a site-based and program-approved protocol. Students pursuing this option are required to complete their assigned duties/responsibilities in a satisfactory fashion and prepare a post-experience report for program faculty evaluation.
Prerequisite(s): Permission of instructor.
HADM 7725 MHA Practicum
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides the student an individualized, guided experience in healthcare administration with appropriate agencies and selected preceptors. This experience is designed to assist the student in synthesizing the knowledge gained in the classroom and applying this knowledge across multiple disciplines within the healthcare delivery system.
Prerequisite(s): Permission of instructor.

HIST History

HIST 5030G Selected Topics in History
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Topics will vary with individual professor. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5030.

HIST 5130G American Indian History
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A survey of the history of American Indians from pre-contact to the present, supplemented by case studies from a number of regions. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5130.

HIST 5133G Revolutionary America
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An intensive study of themes in Revolutionary American history (from 1763 to approximately 1790), including the growing rift between Britain and its colonies, the roles of women and African-Americans, and the origins of American identity. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5133.

HIST 5134G Civil War and Reconstruction
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An examination of the sectional polarization of the 1850's, the impact of war on the southern and northern home fronts, and the trauma of reconstructing the Union. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5134.

HIST 5137G The Antebellum South
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the social, intellectual, cultural, economic, and political history of the American South to 1861. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5137.

HIST 5138G The New South
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The social, intellectual, cultural, economic, and political history of the post-Civil War South with an emphasis on Georgia's role. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5138.

HIST 5210G Advanced Topics in Public History
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
In this course, students will develop advanced proficiency in the professional practice of Public History through readings and experiential learning that will prepare them to present historical knowledge to a public audience. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor. Topics vary. May be repeated for credit.
Cross Listing(s): HIST 5210.

HIST 5230G Advertising and Culture
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Surveys the business and practice of selling consumer goods in the United States from the nineteenth century to the present with analysis of how advertising became an economic and cultural force, and a cornerstone of the consumer culture. Topics include the development of mass marketing, product brands, persuasive advertising, mail-order catalogs, department stores, as well as the relationship of consumerism to gender, ethnicity, race, social class, religion, and youth. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5230.

HIST 5232G Working Class History in the United States
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An examination of the social, cultural and political history of the working class in the United States since industrialization. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5232.

HIST 5233G The American City
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An examination of American urban development from the colonial period to the present with particular attention paid to migration, architecture, technology, politics, transportation, and urban culture in the late nineteenth and twentieth centuries. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5233, AAST 5233, AAST 5233G.
**HIST 5234G  Piracy in the Americas, 1500-1750**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

This course focuses on the history of piracy in the Americas during the Golden Age of Piracy, a period that ranges from European contact to the mid-1700s. It is an age marked by exploration, colonization, overseas trade, endemic religious conflicts, expansive empires, and refractory feuds. Spain and Portugal began the exploration, overseas trade and conquest of this period, but their successes quickly led their northern neighbors, particularly the French, English, and Dutch, to cast their covetous eyes upon slow-moving, inbound treasure fleets of their southern neighbors; creating an elaborate game between predators and prey. The interactions that developed between predators and prey will be the primary subject of this course. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5234.

**HIST 5236G  Age of Revolutions in Europe and the Atlantic World**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

This course covers the great age of revolutions spanning c. 1650-1848 during which numerous political, intellectual, cultural, religious, and economic changes occurred which transformed European and the Atlantic World at the inception of the modern world. This course examines such revolutionary transformations, and/or what is meant by the historical concept of revolution, itself, by focusing on specific topics and themes. Topics may include absolutism, the Enlightenment, the Atlantic Revolutions (American, French, Haitian, Latin American), the Revolutions of 1848, and/or the extension of human rights through revolutionary debates over race, slavery, and gender. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5236.

**HIST 5240G  Topics in Women and Gender in America**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Selected topics in the history of women and gender in America. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5240, WGST 5240.

**HIST 5241G  Topics in Latin American History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Detailed analysis of a specific problem, theme, or topic in Latin American history. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5241.

**HIST 5242G  Topics in African History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Topics in the history of Africa, including political, economic, social, religious, and/or cultural trends as defined by the instructor. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5242.

**HIST 5243G  Topics in Asian History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Detailed analysis of a specific problem, theme, or topic in Asian history. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5243.

**HIST 5244G  Topics in Middle Eastern and Mediterranean History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Detailed analysis of a specific problem, theme, or topic in Middle Eastern and Mediterranean history. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5244.

**HIST 5245G  Topics in Medieval History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Selected topics in European history c. 325-1500. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5245.

**HIST 5246G  Topics in European History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Selected topics in European history. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5246.

**HIST 5247G  Topics in European Intellectual and Cultural History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Study of particular topics in European intellectual and cultural history, emphasizing primary sources and varied historical interpretations. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5247.

**HIST 5248G  Topics in Law and History**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Detailed study or analysis of a particular theme, topic, and/or region in legal history. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5248.

**HIST 5249G  Topics in American Thought and Culture**

3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Selected topics in the history of American thought, values, and culture. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.

**Cross Listing(s):** HIST  5249.
HIST 5251G Museum Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an introduction to the history and development of museums and the professionalization of the field. It covers the structure and nature of curatorial, education, and administrative work in museums and theoretical and practical issues facing museums today. The course will provide an overview of current method and theory in material culture studies. Students will visit and evaluate museums and virtual exhibits and study major exhibit controversies and debates about the politics of historical memory and exhibition. Readings and discussions will provide a basis for a hands-on section of the course where student teams will create small case exhibits that transmit and display historical knowledge. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5251.

HIST 5252G Folklife
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of the creation and persistence of tradition in societies and of the process of change as demonstrated in such aspects as narrative, music, song, celebration, festival, belief, and material culture. Emphasis on understanding the multi-ethnic nature of the traditions in American life. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5252.

HIST 5253G Archival Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the archivist as a professional and to the role of archives in society. Survey of the documentary materials and of the principles and practices involved in their acquisition, cataloging, care, and retrieval in public and private facilities also included. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5253.

HIST 5254G Oral History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of how to prepare and conduct oral history interviews; how to transcribe, log, and index oral history recordings; and how to use oral history collections in writing research papers. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5254.

HIST 5255G Topics in Architectural History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selected topics in architectural history, including various styles of architecture (Georgian, federal, neoclassical, ecclectic, and modern), and vernacular architecture. Recording techniques, research strategies, theoretical approaches, landscape architecture, field trips, and visiting lecturers. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5255.

HIST 5256G Historic Preservation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the field including values, principles, development of planning and organization for preservation; preservation law, economics, and politics. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5256.

HIST 5257G Heritage Tourism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
History of tourism, with emphasis on heritage and tourism, and of the function and impact of tourism on guest and host societies. Aspects of the modern tourist industry and its products, such as promotional and travel literature, accommodations and transport, and tourist arts also investigated. May be repeated once as topics vary.
Cross Listing(s): HIST 5257.

HIST 5258G Topics in African American History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics in the history of African-American people emphasizing their cultural, social, economic, political, national and/or regional experiences. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5258.

HIST 5259G Topics in British History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selected topics in the history of Great Britain and Ireland. May be repeated once as topics vary. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5259.

HIST 5260G History in the Digital Age
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore the ways digital technologies can be applied to the historian's craft. Topics include working with new media, online historical research methods, publications, public outreach, and education. Students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5260.

HIST 5332G Age of Reformations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the breakup of western European Christian unity in the sixteenth and seventeenth centuries, with a particular focus on the Continental (Lutheran, Calvinist, and Radical) denominations and the social, political, and economic consequences for all Europeans. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5332, RELS 5332, RELS 5332G.
HIST 5335G World War II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The Second World War from its origins to its consequences. The military campaigns are covered, but there is also emphasis on the personalities, the technology, the national policies, and the effect of the war on the home fronts. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5335.

HIST 5336G Revolutionary France
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The Revolutionary Era in France has inspired poets, politicians, social critics, and clergy all over the world, and its impact, causes, and significance have been debated for more than two centuries throughout the globe. That event was the French Revolution. This Revolution arguably set the tone for much of nineteenth- and twentieth-century European History, and inspired subsequent revolutionary events throughout much of the globe. Finally, the French Revolution was instrumental to the creation of the national consciousness of France as we know it today. This course is designed as a survey addressing major events, key players, causes, and consequences of the French Revolution. This course is additionally designed to familiarize students with the diverse ways in which historians have continued to debate and interpret the unfolding and significance of Revolutionary France. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5336.

HIST 5339G Britain and the World
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the diplomatic, economic, colonial, environmental or cultural relationships between the British Isles and the broader world since 1485. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5339.

HIST 5430G Modern France and French Society in Global Context
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course offers a topical overview of major events, themes, and issues concerning the History of Modern France and its place within major patterns of European and Global History. The cultural, political, gender, racial, and imperial dimensions of French History will be underscored. Topics include: origins and course rise and fall of the Old Regime French monarchy from Renaissance to Revolution, the French Revolution and revolutionary transformations in Modern France, France and its Empire from c. 1870 to Decolonization, French society from Napoleon to the present, or France and the French Empire in the era of the World Wars (1914-1945). Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5430.

HIST 5531G Modern Japan
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Japan through the Tokugawa period to its nineteenth century emergence from isolation and its growth as a world power with emphasis on traditional culture, industrialization, and post-WWII society. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5531, INTS 5531, INTS 5531G.

HIST 5532G Modern China
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
History of China from the Qing dynasty to the early years of People's Republic, with emphasis on political, social, economic, and intellectual developments. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5532, INTS 5532, INTS 5532G.

HIST 5533G Economic Rivals: U.S.-UK-Japan
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Contrasts the historical development of business and industrialization in the U.S., Great Britain, and Japan from preindustrial times to the present, emphasizing how culture, religion, economics, and politics have shaped business growth, practice, and international trade, creating rival capitalists. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5533, INTS 5533, INTS 5533G.

HIST 5534G Contemporary China
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
History of People’s Republic of China from 1949 to the present, with emphasis on political, social, economic, and cultural transformations. Graduate students will be required to complete additional assignments beyond the scope of the undergraduate requirements that demonstrate a level of mastery of the subject matter appropriate to graduate level work, as determined by the instructor.
Cross Listing(s): HIST 5534.

HIST 7630 The Historian's Craft
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This seminar introduces graduate students to professional aspects of teaching, writing, and pursuing research in history, including historiography, philosophy of history, preparing a curriculum vitae, and fundamentals of classroom teaching and tutoring.

HIST 7631 Readings in American History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A reading colloquium in which topics will vary with individual professor. May be repeated as topic/theme varies.

HIST 7633 Readings in European History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A reading colloquium in which topics will vary with individual professor. May be repeated as topic/theme varies.

HIST 7635 Readings in Non-Western History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A reading colloquium in which topics will vary with individual professor. May be repeated as topic/theme varies.

HIST 7638 Research Prospectus
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Planned and supervised research and writing with the goal of producing a research prospectus preliminary to either a Thesis, or a Non-Thesis Project in History, or a Non-Thesis Project in Public History.
HIST 7639 Studies in Georgia History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Engages a variety of selected topics in Georgia History.

HIST 7651 Graduate Seminar in Public History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In this course, students will explore the latest research, theories, and best practices in the field of Public History through readings, discussions, and written assignments. Topics include but are not limited to: museums; oral history; film, new media, and historical knowledge; popular publishing; national parks; visual history; archives; historical preservation.

HIST 7781 Professional Internship in Public History
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
This course is designed to give graduate students applied history experiences in museums, historical societies, historical sites, or other venues approved by the History Department Chair or Graduate Director. May be taken only by History graduate students or Certificate in Public History students. The course requires a minimum of 150 hours at the approved site. Maximum of 3 credit hours may apply toward the M.A. degree for students pursuing the thesis option; maximum of 6 credit hours may apply toward the M.A. degree for students pursuing the non-thesis option. This course will not substitute for thesis credit or non-thesis project credit required for the M.A. degree.

HIST 7791 Graduate Internship in History
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Individually designed project involving off-campus study and research in an appropriate agency. Projects will be under the joint supervision of the sponsoring agency and a faculty supervisor, and must be approved by the History Department Chair or Graduate Director. May be taken only by History graduate students. The course requires a minimum of 150 hours at the approved site. Maximum of 3 credit hours may apply toward the M.A. degree for students pursuing the thesis option. This course will not substitute for thesis credit or non-thesis project credit required for the M.A. degree.

HIST 7831 Independent Study in History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics vary with professor. May be repeated only once as topic/theme varies (program of study allows only two HIST 7831/7831S courses).

HIST 7900 Non-Thesis Project in Public History
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
Building upon the work completed in HIST 7781 Professional Internship in Public History, the student will plan and execute a major public project at, or in conjunction with, their approved site. Students will also complete a 6,000 – 10,000 word technical report that must be approved by a three-person faculty committee and orally defended. While this course will normally be taken following the successful completion of HIST 7781, with the permission of the Department Chair it may be taken concurrently. Open only to students pursuing an MA concentration in Public History or Public History Graduate Certificate.

HIST 7990 Non-Thesis Project in History
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
This course focuses on planned research and writing directed by a student’s advisor. As part of this course the candidate will produce an article-length paper (approximately 10,000 words) that is defended orally before a committee. Intended for graduate students pursuing the non-thesis option in the M.A. program in History.

HIST 7995 Prof Internship in Pub History
1-6 Credit Hours. 0-12 Lecture Hours. 0-12 Lab Hours.
Individually designed project involving off-campus study and research in an appropriate agency. Projects designed to require at least two terms for completion, during which time the student will be under the joint supervision of the sponsoring agency and the faculty supervisor. Upon completion of the project, students will present the formal report to the master’s internship committee. The report must be approved to satisfy the requirement for the master's degree. May be repeated for a maximum of nine credits with a maximum of six credits only counting toward the degree.

HIST 7999 Thesis
1-12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Planned research and writing directed by student’s thesis advisor.

HLTH Health

HLTH 6133 School Health Education Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce the student to productive, creative, innovative and effective methods needed to implement comprehensive school health education. Students will become familiar with organizing and presenting health content, health materials, health curricula, community resources and using technology for K-12 with emphasis on middle and secondary school students.
Prerequisite(s): Admission to MAT in Health and Physical Education program or MS in Kinesiology with concentration in Physical Education.

HLTH 7099 Selected Topics in Health Science
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with the opportunity to conduct an in-depth study of selected topics in health science. Particular attention will be given to the critical evaluation and presentation of research.
Prerequisite(s): Permission of Instructor.

HLTH 7130 Issues and Trends in School Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will address the processes and issues associated with planning, implementing, evaluating, and organizing a coordinated school health program in accordance with national and state guidelines.

HLTH 7238 Women's Health Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

HLTH 7239 Health and Aging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

HLTH 7430 Human Dev/Health Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

HLTH 7431 Health and Nutrition
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

HLTH 7760 Practicum in Community Health Education
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Permits the student to receive practical experience in a selected health related setting.
Prerequisite(s): Permission of Graduate Program Director.

HLTH 7899 Directed Individual Study
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.
Prerequisite(s): Permission of Instructor.

HLTH 8431 Health and Human Sexuality for Educators
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prepares current and future sexuality educators for implementing sexuality education programs in various settings, including schools, colleges, and universities and community programs.
Prerequisite(s): Undergraduate course in sexuality or Permission of instructor.

HSPM Hlth Service Policy Mgmt
HSPM 6030  Healthcare Economics and Policy
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the market for medical services, with the view that the special nature of the market demands careful economic analysis. Topics include the demand for health and the derived demand for health/medical care and insurance, the supply of medical services, the roles of uncertainty and information, and the problems of pricing production and distribution of health and medical services. An introduction to federal and state legislative, administrative, and budget systems as they affect health services. The course focuses on the study of selected health policies, considering them in their historical perspective, present status, and future direction within their social economic and political contexts.

HSPM 6136  Health Services, Management, Human Resources and Governance
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is designed to provide a detailed understanding of the administrative and organization management of healthcare systems, including analysis of management problems, planning, evaluating, operations and policy analysis within the healthcare environment. Selected topics from the healthcare profession of management will also be covered.

HSPM 7030  Healthcare Marketing and Strategic Planning
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The course offers an introduction to strategic planning and management in health services organizations. Processes and formats employed in strategic planning and marketing are presented and applied in case studies and a final project. Elements of market assessment, environmental analysis and strategy development are presented and applied to course practices.

HSPM 7090  Selected Topics in Health Services Policy Management
1-3 Credit Hours.  1-3 Lecture Hours.  0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in a health services policy and management health topic not generally offered by the department.

HSPM 7131  Health Organization Theory, Behavior and Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Integrating theory and concepts from organizational theory and behavior literature, this course provides applications to improve the management of health services organizations.

HSPM 7133  Public Health Policy and Ethics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Prepares students to make critical decisions in regards to health care policy and biomedical ethics. Includes exploration of basic economic, political and social determinants of health policy. Substantive legal topics covered include the balance between individual rights and public health initiatives, confidentiality, medical malpractice and informed consent, medical directives and living wills, legal rights of access to health care and health care codes. Methods of implementing change through policy making and the legislative process will be presented.

HSPM 7135  Public Health Policy Development and Evaluation
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course introduces students to policy analysis and management by examining issues in the health sector. It fosters an appreciation of the complexity of policy problems and provides the basic tools used in public health policy design, implementation and evaluation.

Prerequisite(s): A minimum grade of "B" in HSPM 7133.

HSPM 7137  Health Care Financing and Payment Systems
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides the student with an understanding of payment systems for hospitals, long-term care organizations, integrated delivery systems, ambulatory care and other health care providers. Specific health care financing topics include: third party payment reimbursement system for private and public insurers, capitation, legislated cost containment strategies (DRGs and PPSs), medical payment incentives, risk assessment and health reform initiatives.

HSPM 7230  Health Leadership and Strategic Planning
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course deals with the application of leadership theory and strategic management and planning principles to a variety of "real world" management issues in health service organizations.

HSPM 7232  Public Health Finance
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the structure and functioning of the finance components of the public health system. Public health organizations will be discussed within the context of the financial environment that includes financial management, managerial accounting, revenue cycle management, and funding and financial management of grants/contracts. The course also examines key financial tools and analyses for financially related decision making within the principles of strategic management applied to public health organizations amid a dynamic changing environment.

HSPM 7233  Information Management and Decision Making in Health Services
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on the fundamental concepts and applications of managing information as a health services corporate asset, emphasizing converting data into information for decision support.

HSPM 7235  Healthcare Law and Ethics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The purpose of this course is to introduce students to legal issues in public health and healthcare. Basic legal principles underlying the legal system, governmental regulation, development of legal rules and how to interact effectively with the legal system as public health practitioner will be explored. This course has two main purposes: first, to examine the legal context of the relationship between the individual and the community; and second, to understand public health regulations in the context of a market-driven system.

HSPM 7236  Health Informatics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course presents the knowledge, infrastructure, functions, and tools of health informatics. It explores technology, planning and management and applications in public health and health care. The emphasis is on conceptual frameworks as well as a deeper level of engagement on system applications. It focuses on the application of health technology, with a particular emphasis on the private/public sector of health management. It is designed to familiarize students with core concepts and issues confronting managers in the health sector associated with planning, implementation and evaluation of information systems. The course provides an overview of the theory, processes and applications of information systems and how they relate to health policy and management. It also provides a basic understanding of data standards and requirements, and the critical concepts and practice in mapping and interpreting health information.

HSPM 7332  Population Health
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Delivering care to meet the needs of the population of the communities, a health organization service requires a strategic approach and an organizational culture that attends to those healthcare needs. This course is designed to familiarize students with the current applications of social and behavioral sciences. It is an overview of healthcare and public health management and administration, managerial decision making and the practical knowledge, tools, processes and strategies required to operate successfully with a population health focus by the healthcare organization.
HSPM 7333 Healthcare Governance  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course focuses on the macro-organizational concepts of managing complex health care organizations. Health care organizations are complex systems transforming inputs (professional, supplies, etc.) into outputs (health services) for customers (patients). To perform well, these systems require appropriate environmental assessments, strategy, governance, organizational structure, work processes, distribution of power, innovation and change. These requirements for effective organizational performance form the core content of the course.

HSPM 7334 Human Resources Healthcare  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course focuses on functions and concepts required for managing human resources in organizations. It combines traditional human resource management (HRM) functions with concepts from organization behavior. Course content includes selection, training and development, compensation, performance appraisal, motivation, organizational development, union activity, and modes of conflict resolution.

HSPM 7335 Healthcare Operations Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines operational issues in health care management. Topics include systems analysis, continuous quality improvement and re-engineering, demand forecasting, facility location and design models, decision analysis techniques, linear programming, queuing and waiting models, inventory control models, and statistical quality control. The goal is to instill an understanding of the language, applications, and limitations of quantitative models with regard to decision making and problem solving in health care organizations.

HSPM 7336 Healthcare Supply Chain Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The healthcare supply chain is a vital core business component of the health organization with the mission of delivering the technological elements of the patient care process to the providers of care. From strategic sourcing and purchasing, acquisition, logistics, inventory management, to point of use applications, this course provides understanding, knowledge and evaluation models to operate and manage an organization's enterprise resource planning and management system, specifically with regard to the supply chain system and the management of that system as evaluated from strategic operations management and financial perspective.

HSPM 7337 Integrative Health Enterprise Analytics and Decision Making  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Given the integration of data, community needs and regulation and policy, this course incorporates the elements of healthcare, public health, health information technology and the health insurance sub-industries to develop a framework and analytic methods to improve efficiency, effectiveness and efficacy of the health industry as a whole. The course will establish an analytic framework, based on data from patients, populations, processes and profitability (4 Ps of Health Analytics) utilizing industry, healthcare enterprise and community health data with appropriate tools, methods and approaches to answer community health needs and status, operational, financial and healthcare delivery outcomes questions to support leadership decisions. The course will also include an integrated platform of appropriate analytical and predictive/estimation methods, tools and techniques for enhanced decision making at the strategic and operational levels of the health enterprise for enhanced health status and improved health outcomes of communities served.

HSPM 7338 Contemporary Issues in Healthcare  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines operational issues in health care management. Topics include systems analysis, continuous quality improvement and re-engineering, demand forecasting, facility location and design models, decision analysis techniques, linear programming, queuing and waiting models, inventory control models, and statistical quality control. The goal is to instill an understanding of the language, applications, and limitations of quantitative models with regard to decision making and problem solving in health care organizations.

HSPM 7431 Public Health Practice Trends  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Today's public health landscape is increasingly complex and constantly changing. This course focuses on emerging trends and challenges in public health practice that epitomize the increasing complexity and nature of challenges facing public health practitioners.

HSPM 7432 Theoretical Underpinnings of Health Policy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course discusses the theoretical foundations of health policy including the individual, community-based, organizational, and systems frameworks for health policy.

HSPM 7433 US Health Systems  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course discusses the history and evolution of health systems in the United States and in other countries. Topics include the U.S. legislative process and the health policies underpinning these approaches. This course also includes comparative approaches from other countries in dealing with insurance, immunizations, health access, drug addiction and regulation.

HSPM 7434 Qualitative Research and Evaluation Methods  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course explores the use of qualitative research methods, from purpose and philosophy to evaluation, in health policy.

HSPM 7710 Administrative Internship  
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.  
Field experience for graduate students which consist of a three part experience of 300 contact hours which will include the following: 1. Students are to complete rotation rounds of all administrative and clinical departments, 2. Students are to attend major management and governance meetings, and 3. Students are to be assigned special projects for completion at the end of the administrative internship. The student must present a written presentation to Master of Healthcare Administration (MHA) faculty for assessment.

HSPM 7890 Directed Individual Study  
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.  
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

HSPM 8233 Quantitative Research and Evaluation Methods  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course introduces students to the fundamentals and practical application of quantitative methodologies for answering policy and policy-relevant health services research questions. It discusses foundational concepts related to study conceptualization, study design, data analysis and interpretation, and reporting. Topics covered in this course include foundations of health services and policy research, research design, sampling, measurement, univariate and bivariate analysis, regression, multilevel analysis, panel data analysis, explanatory factor analysis, confirmatory factor analysis and structural equation modeling. Hands-on application of research methods is integrated throughout the course through the use of a statistical software application and real-world data.
INTS 9431 Health Policy Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers concepts, principles, tools, methodologies, and approaches in conducting policy analysis. The step by step approach to policy analysis will provide students with a systematic “roadmap” to their journey into the practical world of health policy analysis.

INTS 9432 Public Health Advocacy and Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advocacy is an essential component of the development, promotion and implementation of public health policy. This course will provide the foundation to effectively advance the rural health policy agenda in a changing environment. In this course we will examine the principles of shaping attitudes and actions about health and health care and practices using effective interpersonal, organizational, and community-based communication tools. We will also explore the use of various media processes to advocate for health among diverse populations.

INTS 9433 Rural Populations, Systems, and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
One in five Americans live in rural areas. These areas have health issues; some unique to these areas and some that they share with more urbanized areas. This course examines the health challenges and resiliencies of rural populations, the health-related systems in rural areas, and the policies specifically affecting rural health.

INTS 9434 Underserved Populations, Systems, and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Critical to public health’s focus on population-based interventions is reaching underserved populations whether in low-income urban neighborhoods, rural areas, or specific populations such as prisoners, the homeless, or stigmatized groups. Both within the US and among underserved populations globally, access to health care and outreach interventions that incorporate the needs of the underserved are among the greatest challenges to any country’s public health. This course examines the disparities among underserved populations from a public health perspective including systems and policies specifically affecting such groups. Case studies will include both the United States and other countries. Key to this course are questions of what constitutes adequate and ethical healthcare, how to provide such healthcare, and evidence-based programs shown to effectively address health issues among the underserved.

INTS International Studies

INTS 5531G Modern Japan
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Japan through the Tokugawa period to its nineteenth century emergence from isolation and its growth as a world power with emphasis on traditional culture, industrialization, and post-WWII society. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): INTS 5531, HIST 5531, HIST 5531G.

INTS 5532G Modern China
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Cultural change and continuities of China from 1600 to its response to the West, the rise of the People’s Republic, and the Post-Mao present.
Cross Listing(s): INTS 5532, HIST 5532, HIST 5532G.

INTS 5533G Economic Rivals: U.S.-EC-Japan
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Contrasts the historical development of business in the U.S., European Community, and Japan from preindustrial times to the present, emphasizing how culture, economics, and politics have shaped business growth and international trade, creating rival capitalists. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): INTS 5533, HIST 5533, HIST 5533G.

INTS 5633G Seminar in International Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to familiarize students with the theories which guide the conduct and analysis of international relations. These theories are examined in both their classical and contemporary context and used to evaluate and assess international relations phenomena. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): INTS 5633, POLS 5633, POLS 5633G.

INTS 5635G Seminar in International Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analytical study of the organization, powers, and problems of global and regional international agencies with particular emphasis upon the European Union. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): INTS 5635, POLS 5635, POLS 5635G.

IT Information Technology

IT 5090G Selected Topics in Information Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an opportunity for in-depth study of selected topics or emerging areas in information technology. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Permission of Instructor.
Cross Listing(s): IT 5090.

IT 5135G Data Analytics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers the basic issues involved in building and populating a data mart to support the planning, designing and building of business intelligence applications and data analytics. Core concepts related to business intelligence and analytics are covered. For graduate students a significant research project will be assigned as a culminating experience.
Prerequisite(s): A minimum grade of “C” in IT 3233 or BUSA 3131 and CISM 3133.
Cross Listing(s): IT 5135.

IT 5233G Web and Mobile Security Fundamentals
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Cybersecurity is a cornerstone of web-based solutions for mobile applications, networks, and e-commerce. IT professionals must learn to predict, prepare for, and defend against cyber attacks from a myriad of sources if they are to build and support the next generation of business solutions. In this course, you will learn the principles of designing, building, and testing secure web-based solutions. You will also learn how to identify and prevent common security vulnerabilities. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverable representative of graduate level work, as determined by the instructor.
Prerequisite(s): Permission of instructor.
Cross Listing(s): IT 5233.

IT 5235G Advanced Web Interfaces
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an introduction and application of human-computer interaction theories to web-based applications. It covers the evaluation of user interfaces using various techniques including heuristic evaluation and user testing. For graduate students a significant research project will be assigned as a culminating experience.
Prerequisite(s): A minimum grade of “C” in IT 2430 or IT 2130 or IT 3130 and IT 3132.
Cross Listing(s): IT 5235.
This course provides the student with an opportunity for in-depth study of 1-3 Credit Hours.

IT 5236G Distributed and Mobile Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the infrastructure which forms the basis of commercial, web-enabled applications on mobile and small devices, as well as personal computers. The course will focus on designing mobile web applications that provide a high level of security, reliability, scalability, and availability. Through this course, students will develop proficiencies in current web technologies employed by businesses. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Permission of instructor.
Cross Listing(s): IT 5236.

IT 5433G Information Storage and Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers modern storage infrastructure technology and management including: challenges and solutions for data storage and data management, intelligent storage systems, storage networking, backup, recovery, and archive, business continuity and disaster recovery, security and virtualization, managing and monitoring the storage infrastructure. Best practices for security policies of cloud resources including permissions, privileges and storage management are analyzed and performed. For graduate students a significant research project will be assigned as a culminating experience.
Prerequisite(s): A minimum grade of “C” in all of the following: IT 2333 and IT 3231.
Cross Listing(s): IT 5433.

IT 5434G Network Security Fundamentals
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is intended to serve the needs of individuals interested in understanding the field of network security and how it relates to other areas of information technology. The course will take a broad look at network security and provide the knowledge necessary to prepare students for further study in specialized security areas or used as a capstone course to those interested in acquiring a general knowledge of the field. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): Permission of instructor.
Cross Listing(s): IT 5434.

IT 6130 Theoretical Foundations for Network Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide a detailed review of fundamental relevant to the study of telecommunications, and data communications. Topics covered will include Shannon's Theorem, elements of graph theory, queueing theory, probability, number systems, matrices and more. Students will complete several exercises using MATLAB and Microsoft Excel to reinforce topics covered in lecture by solving network related problems. Discrete event simulations software (OPNET) will also be used to observe and analyze concepts and behaviors in communications networks.

IT 7090 Selected Topics in Information Technology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
This course provides the student with an opportunity for in-depth study of selected topics in information technology.
Prerequisite(s): Permission of Instructor.

IT 7130 IT Governance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course presents a holistic approach to integrating the information technology services with the organization. It focuses on strategy, design, implementation, operations and continual improvement of information technology. IT Governance addresses how an organization maintains flexibility through the use of Information Technology, assuring the IT organization aligns its strategies with those of the organization it supports. This course looks at multiple IT Governance structures and looks at the data that is collected in these structures.

IT 7131 Data Science Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces the concepts and techniques of Data Science and covers decision making support systems, business intelligence and analytics, data science positions and roles in business firms. Topics include data extraction from homogeneous and heterogeneous data sources, data processing and file types, data manipulation, conversion, and integration. Students will use software for statistical analysis and interpretation, predictive analytics, machine learning, and the fundamentals of big data technologies. Students will examine and critique current research in the field.

IT 7133 Digital Security and Forensics Investigation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the logical weapons and tools utilized in computer network exploitation, attacks and defenses. It also covers the digital forensics process, tools and methods for the detection and recovery of information on hardware or hidden within other formats. Topics also include cryptographic analysis, password recovery, the bypassing of specific target operating systems, and obtaining data from a digital device that has been destroyed on various platforms. This course also includes research components that require students to conduct research on a specific topic. Research deliverables include a term paper and presentation.

IT 7134 IT Project Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an overview of theoretical and practical concepts in management of IT projects; explores unique and particular challenges resulting from rapid technological change and dynamic environments; difficulty of managing changes in organizations resulting from introducing or revising information technology, emphasizing the change management role of the IT project leader.

IT 7135 Seminar in IT
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of information technology research and current topics.

IT 7360 Intgrt Tech School Learn Envir
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

IT 7891 Independent Study
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent study is available for students to undertake individualized experimentation, research, study related to the discipline, or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study.

IT 7895 Special Problems in IT
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Individual and specialized study in the one of the areas of information technology not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study.

IT 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course focuses on the preparation and completion of the thesis.
ITEC Instructional Tech Ed

ITEC 5233G Foundations of Technology-Enabled Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces educators to the effective uses of instructional technology in supporting student-centered technology-enabled learning. A systematic approach to selecting, producing, and utilizing various instructional technologies will be covered with an emphasis on online teaching and learning for P-12 environments.
Cross Listing(s): ITEC 5233.

ITEC 7090 Selected Topics in Instructional Technology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Promotes specialized training in new and/or emerging instructional technologies/methodologies or topics appropriate to the needs of inservice personnel. Attention will be given to a range of specific needs as they reach special significance in local school systems.

ITEC 7232 Visionary Leadership in Instructional Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to develop the knowledge, skills, and dispositions of instructional technology leaders to inspire and lead the development and implementation of a shared vision for the effective use of technology to promote excellence and support transformational change throughout educational organizations.
Cross Listing(s): FRIT 7232.

ITEC 7233 Selection and Development of Digital Tools and Resources
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selection and Development of Digital Tools and Resources provides competence in the selection, production, utilization, and evaluation of various formats of instructional technologies. Basic techniques are provided through direct experiences in the design and production of instructional technologies.
Cross Listing(s): FRIT 7233.

ITEC 7234 Information Fluency and Inquiry Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an in-depth exploration of digital learning models and relevant standards that focus on information fluency and inquiry learning. Emphasis is placed on the reflective use of technology to facilitate student learning through inquiry learning and the mastery of information fluency skills. Course assignments and activities focus on application of these concepts to the candidate's field of initial certification through collaboration with other teachers, media specialists, and technology specialists.
Cross Listing(s): FRIT 7234.

ITEC 7330 The Internet in Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides learners with a focused look at issues surrounding the implementation and use of emerging applications of the internet in schools.

ITEC 7430 Instructional Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to systems theory as applied to the design of instruction. Examines principles of systems theory in the context of the design, development, selection and utilization of curriculum, instruction and instructional materials.

ITEC 7530 Instructional Technology Foundations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Instructional technology for educators is an introduction to the use of the computer in the instructional process. The course focuses on the uses of the computer as a medium of instruction. Meets the Special Georgia Technology Requirement for Teacher Certification.

ITEC 7538 Instructional Technology for School Leaders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course is designed to enhance the skills of school administrators in the area of technology leadership. Included is an overview of the current and emerging trends of technology in schools, technology planning, technology professional development, and technology standards.

ITEC 7539 Technology for Higher Education Leaders
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to develop the necessary knowledge, skills, and dispositions of higher education leaders for the appropriate selection and application of technology tools and resources.

ITEC 8130 Advanced Media Management and Supervision
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the management of school library programs with an emphasis on the collaborative role of the school librarian as an educational leader and school library center administrator.

ITEC 8133 Current Trends and Issues in Instructional Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of the history and types of research presently conducted in the field of Instructional Technology. Emphasis is placed on current trends and issues, as well as evaluating research in the field of instructional technology as it relates to the student's field of initial certification.

ITEC 8134 Theories and Models of Instructional Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will examine how systematic instructional design processes are applied to develop instruction congruent with specific learning theories, instructional theories, and philosophical orientations in the context of their field of initial certification. The primary focus of the course is technology-based learning materials.
Prerequisite(s): A minimum grade of "C" in ITEC 7430.

ITEC 8135 Pedagogy of Online Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide advanced candidates in Instructional Technology the opportunity to develop an online-learning course. Candidates will research current best practices of online learning pedagogy and explore emerging technologies to integrate into the development of the online-learning course. The course is offered in a 100% online format.

ITEC 8136 Field Experience in Online Teaching and Learning
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students will explore existing literature on best practices in online teaching and learning based on the specific contexts, whether K-12, higher education, business, etc. This course incorporates instructional design theory and online pedagogical knowledge putting students' learning into action and practice in an authentic online environment. The primary focus of the course is the students' application of best practices in (an) authentic field-based experience(s).
Prerequisite(s): A minimum grade of "C" in ITEC 8135.

ITEC 8231 Transforming Learning with Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Critical examination of the role of technology and instructional design in the teaching/learning process. Review of quantitative and qualitative research relevant to student's area of interest and the impact of technology on student learning. Examination of the use of electronic portfolios to demonstrate student learning.

ITEC 8435 Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Program Evaluation covers the theory and practice of systematic investigation of instructional programs, projects, products, and processes. The course is designed to teach practitioners how to assess the effectiveness of endeavors such as quality improvement, enhancing organizational performance, or improving school curricula.
Cross Listing(s): FRIT 8435.
KINS 6132 Research Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces the student to fundamental principles underlying research methods in sport coaching. Included will be basic procedures for conducting experimental, descriptive, historical, qualitative research, computer applications, basic measurement concepts, statistical methods, critical thinking and scholarly writing.

KINS 6133 Programming for Optimal Performance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide scientifically supported information covering sport training theory, periodization, and sport training methods that can be used by coaches, athletes, and strength and conditioning professionals.

KINS 6134 Elementary Physical Education Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course develops instructional methods in planning, teaching & evaluating psychomotor, cognitive & affective learning in elementary physical education. The emphasis will be on student learning in health related fitness, movement concepts, and skill themes at the elementary physical education level. Specifically, the course will be oriented toward developing appropriate curriculum content & effective teaching skills for elementary physical education.

Prerequisite(s): Admission to MAT in Health and Physical Education program or permission of instructor.

KINS 6135 Physical Education Scientific Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce the student to human motion as applied to physical education settings. Course content will explore human anatomy, motor behavior, exercise physiology aspects, and skill analysis.

Prerequisite(s): Admission to MAT in Health and Physical Education program or permission of instructor.

KINS 6234 Adapted Physical Education Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to develop advanced knowledge and skills of an adapted physical educator. Course activities will focus on advanced knowledge of ethics, professional leadership, and assessment of students with disabilities in the K-12 setting. Course objectives focus the specialized knowledge described by the National Consortium for Physical Education and Recreation for Individuals with Disabilities (NCPERID) in the Adapted Physical Education National Standards.

Prerequisite(s): Admission to MAT in Health and Physical Education program or permission of instructor.

KINS 6325 Teaching Adapted and Elementary Skills and Concepts
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course is designed to enhance the knowledge, skills, and concepts of health and physical education pertinent to adapted physical education and elementary physical education. The course identifies appropriate teaching sequences, assessment strategies, and developmentally appropriate modifications to enhance student learning in adapted and elementary physical education. Skill, strategy, and conceptual transfer, across activities will be identified to enhance learner skillfulness and adaptability. Content focus will be on activities involving individual and group skills to diversify movement efficiency for adapted physical education and elementary physical education. Strategies for integrating classroom concepts and fitness concepts into these activities will be addressed.

Prerequisite(s): A minimum grade of "C" in HLTH 6133 and KINS 6134 and admission to MAT in Health and Physical Education program.
KINS 6326  Teaching Health and Secondary Physical Education Skills and Concepts
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course is designed to enhance the knowledge, skills, and concepts of health and physical education pertinent to health and secondary physical education. The course identifies appropriate teaching sequences, assessment strategies, and developmentally appropriate modifications to enhance student learning in health and secondary physical education. Skill, strategy, and conceptual transfer, across activities will be identified to enhance learner skillfulness and adaptability. Content focus will be on activities involving individual and group skills to diversify movement efficiency for health and secondary physical education. Strategies for integrating classroom concepts and fitness concepts into these activities will be addressed.
Prerequisite(s): A minimum grade of "C" in HLTH 6133 and KINS 6134 and admission to MAT in Health and Physical Education program.

KINS 6334  Secondary Physical Education Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course develops instructional methods in planning, teaching & evaluating psychomotor, cognitive & affective learning in secondary physical education. The emphasis will be student learning in health related fitness and game/sport at the secondary physical education levels. Specifically, the course will be oriented toward developing appropriate curriculum content & effective teaching skills for secondary physical education.
Prerequisite(s): Admission to MAT in Health and Physical Education program or permission of instructor.

KINS 7099  Selected Topics in Kinesiology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity for in-depth study of selected topics in kinesiology.
Prerequisite(s): Permission of Instructor.

KINS 7110  Multicultural Issues in Physical Education
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course focuses on the critical analysis of multicultural issues and other ecological variables in physical activity settings including equity, accessibility, social responsibility, and cultural influences.

KINS 7131  Ethical Issues in Sport and Exercise Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide students with an overview of ethical issues and implications within sport, exercise, and performance psychology contexts. In addition to satisfying the ethics requirement for certification with the Association for Applied Sport Psychology, this course is designed to expose students to knowledge about ethics and ethical decision-making. In addition to gaining knowledge in this area, it is intended for students to have the opportunity to become more aware of their own value system as a sport and exercise psychology professional and gain an understanding as to how ethics and values influence their own professional practice in teaching, research, and applied areas within the field.
Prerequisite(s): A minimum grade of "C" in KINS 7530.

KINS 7135  Sport Coaching Pedagogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides the student with advanced analysis of sport coaching pedagogy, including pre-competition, in-competition, and post-competition contexts. Students will be introduced to evidence-based principles of sport skills, tactics, and strategy planning, instruction, and assessment; evaluate and reflect on their own coaching performance; and apply these principles to future coaching plans.

KINS 7136  Sociocultural Foundations of Sport Coaching
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides the student with advanced analysis of sociocultural foundations of sport and sport coaching. Students will be introduced to concepts in sociology and social-psychology theory, apply these theories to sport coaching, reflect on their own coaching and athletic behaviors, and develop effective and ethical strategies to enhance coach and athlete performance.

KINS 7137  Scientific Foundations of Human Performance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the study of exercise physiology principles applied to developing training and conditioning programs for enhancing health related fitness and performance. This course is designed to provide a scientific overview of strength and conditioning. Emphasis is placed on the exercise sciences (including anatomy and exercise physiology) and nutrition. Additionally, this course is designed to help prepare students for the nationally accredited Certified Strength and Conditioning Specialist (CSCS) certification exam.

KINS 7138  Practical Applications of Human Performance
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide a comprehensive overview of practical applications of human movement. The course will focus on the study of exercise physiology principles applied to developing strength training and conditioning programs for enhancing health related fitness and performance. Emphasis is placed on the testing and evaluation of human movement, exercise technique, program design, and organizational and administration. Additionally, this course is designed to prepare students for the practical application portion of the nationally accredited Certified Strength and Conditioning Specialist (CSCS) certification exam.

KINS 7230  Advanced Exercise Physiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the advanced study of the acute and chronic effects of exercise on the physiological systems of the human body.
Prerequisite(s): Undergraduate course in exercise physiology.

KINS 7231  Laboratory Techniques in Exercise Physiology
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
Acquaints the student with the use of typical laboratory equipment used in exercise physiology.
Prerequisite(s): A minimum grade of "C" in KINS 7230 or Permission of instructor.

KINS 7232  Health Appraisal and Fitness Testing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines advanced fitness assessments and exercise prescription. Students will learn assessment techniques for a wide variety of client categories and will be responsible for demonstrating application of measurement skill in a format similar to national certification exams.
Prerequisite(s): A minimum grade of "C" in KINS 7230 or Permission of instructor.

KINS 7233  Fitness Program Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the administrative aspects involved in conducting safe and effective fitness programs. Students will learn exercise leadership, patient counseling, emergency procedures, and administrative principles as they apply to clinical exercise settings.

KINS 7234  Clinical Applications of Biomechanics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides the student with the biomechanical knowledge essential to conduct systematic quantitative and qualitative analysis of human movement in clinical settings.
Prerequisite(s): Undergraduate courses in biomechanics, physics, and functional anatomy or permission of instructor.
KINS 7235 Instrumentation and Techniques in Biochemics
3 Credit Hours.  2 Lecture Hours.  3 Lab Hours.
Provides students with theoretical knowledge and skills for the biomechanical analysis of movement.
Prerequisite(s): A minimum grade of "C" in an undergraduate class in biomechanics, algebra, trigonometry, or permission of instructor.

KINS 7236 Cardiopulmonary Pathophysiology and ECG Interpretation
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on the pathophysiology, epidemiology and rehabilitation from the effects of cardiovascular and respiratory disease. Students will learn electrocardiograph interpretation and become familiar with exercise prescriptions for persons with cardiovascular and respiratory disease.
Prerequisite(s): A minimum grade of "C" in KINS 7230 or KINS 7232 or Permission of instructor.

KINS 7237 Exercise and Special Populations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines the various physiological processes as they are affected by pregnancy, maturation and aging, and how these changes alter a person's response to, and ability to participate in, exercise.
Prerequisite(s): A minimum grade of "C" in KINS 7230 or permission of instructor.

KINS 7238 Human Performance and Nutrition
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines the interaction between nutrition and physical activity, including exercise and athletic performance. Topics will include the latest research on nutrients and ergogenic aids.
Prerequisite(s): Undergraduate course in exercise physiology or permission of instructor.

KINS 7239 Clinical Exercise Physiology
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Prepares the student to supervise and direct exercise for the management and rehabilitation of clinical cardiovascular, pulmonary, renal, and metabolic disease.
Prerequisite(s): A minimum grade of "C" in an undergraduate course in exercise physiology or permission of instructor.

KINS 7310 Introduction to Clinical Instruction
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.
This course introduces the newly certified athletic trainer to the clinical instructor role in an athletic training clinical setting. Content includes; learning and instruction styles, educational competencies, legal and ethical behaviors, instructional skills of mentoring, supervision, administration, evaluation and assessment of the undergraduate athletic training student in the clinical setting.

KINS 7330 Clinical Teaching Skills in Athletic Training
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Exposes the student to knowledge and skills of teaching clinical education programs in athletic training. Students will be exposed to the teaching theories and schema as they relate to clinical education in athletic training.
Prerequisite(s): Permission of instructor.

KINS 7333 Advanced Evaluation Skills in Athletic Training
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on the advancement of entry level knowledge and skills related to the evaluation of musculoskeletal related injury. Students will be exposed to both theoretical framework and psychomotor aspects of evaluation skills.
Prerequisite(s): Permission of instructor.

KINS 7334 Advanced Rehabilitation Skills in Athletic Training
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on the advancement of entry level knowledge and skills related to the rehabilitation of musculoskeletal related injury. Students will be exposed to both theoretical framework and psychomotor aspects of rehabilitation skills.
Prerequisite(s): Permission of instructor.

KINS 7335 Medical Aspects in Athletic Training
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is designed to enhance the student's knowledge of pathophysiology, clinical presentation, and diagnostic tests of common general medical conditions observed in physically active individuals. Content of the course will cover the following categories/systems: cardiovascular, hematological, pulmonary, ENT, renal, gastrointestinal, hepatology and immunology.

KINS 7336 Current Issues in Athletic Training
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An advanced course that focuses on current issues and/or special topics of interest to athletic training clinicians.
Prerequisite(s): Permission of instructor.

KINS 7337 Macronutrient Metabolism in Sports Nutrition
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course considers macronutrient metabolism in sports nutrition at an advanced level with respect to the metabolism, function, and requirements of macronutrients for physical activity.
Prerequisite(s): A minimum grade of "C" in KINS 7238.

KINS 7338 Micronutrient Metabolism
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course considers micronutrient metabolism in sports nutrition at an advanced level with respect to the metabolism, function, and requirements of micronutrients for physical activity.
Prerequisite(s): A minimum grade of "C" in KINS 7337 and acceptance into the Georgia Southern University Dietetic internship.

KINS 7339 Energy Balance for Weight Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course analyzes the importance of energy balance in weight management as well as investigates genetic, metabolic, environmental factors that contribute to overweight and obesity. Physiological and psychological consequences of overweight and obesity as well as the roles of diet, behavior, and exercise in its prevention and treatment will be discussed. Special emphasis will be placed on the application of weight management theory to the development, presentation, and analysis of weight loss and weight maintenance protocols.
Prerequisite(s): A minimum grade of "C" in KINS 7238 and acceptance into the Georgia Southern University Dietetic internship.

KINS 7430 Administrative Issues in Coaching
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides the student with the opportunity to study philosophy, principles and procedures in administering an athletic team or program.

KINS 7431 Applied Sport Physiology
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on the study of exercise physiology principles applied to developing training and conditioning programs for enhancing health-related fitness and performance.
Prerequisite(s): Undergraduate course in exercise physiology or permission of instructor.

KINS 7432 Applied Sport Biomechanics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides the student with an in-depth study of the internal and external forces acting on the human body and the effects produced by these forces.
Prerequisite(s): Undergraduate courses in biomechanics, physics, and functional anatomy or permission of instructor.

KINS 7433 Prevention, Recognition and Care of Athletic Injuries
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on the study of advanced knowledge in the concepts, practices, and procedures in the prevention, recognition and care of athletic injury and illness.
Prerequisite(s): Undergraduate courses in anatomy, physiology, and exercise physiology or permission of instructor.
KINS 7434 Current Issues in Coaching  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Provides the student with an overview of the skills, techniques and knowledge involved in becoming a coach, focusing on current issues affecting the coaching profession.

KINS 7435 Physical Educ Meas/Eval  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

KINS 7436 Phys Activ Prog Sr Adults  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

KINS 7437 Analysis of Teaching Physical Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Examines practices of effective teaching techniques and their relationship to learning. Provides the student with an understanding of opportunities to practice effective teaching strategies and skills.

KINS 7438 Motor Behavior  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Prerequisite(s): Undergraduate course in motor behavior or permission of instructor.

KINS 7439 History/Philosophy of PE  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

KINS 7530 Psychology of Sport and Exercise Performance  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Examines the psychological factors that may lead to peak performances in exercise and sport. Students will be introduced to the physical, mental, and emotional variables related to the readiness states of this ideal performance condition. Research and interventions associated with the common qualities of peak performance will be discussed.

Prerequisite(s): Undergraduate course in sport psychology or permission of instructor.

KINS 7531 Team Dynamics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Provides the student with an understanding of the influence of teams/groups within exercise and sport upon the individual performer, as well as, the influence of individuals upon teams/groups. Based upon the science/practice model, thus theory, research and application within team/group dynamics. The assignments are structured to give students experience with working in teams/groups.

Prerequisite(s): Undergraduate course in sport psychology or permission of instructor.

KINS 7533 Sport and Exercise Psychology Interventions  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Provides an introduction to the application of exercise and sport psychology intervention strategies to enhance performance. Students will participate in various individual-focused performance enhancement training procedures and produce a personalized performance enhancement manual.

Prerequisite(s): A minimum grade of "C" in KINS 7530 or permission of instructor.

KINS 7534 Current Issues in Sport and Exercise Psychology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

This course provides student with an in-depth examination of special areas, current topics, and relevant issues in the field of sport and exercise psychology.

KINS 7535 Fitness and Wellness Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

The purpose of this course is to provide the teacher with current theories and knowledge regarding fitness and wellness education in P-12 Physical Education. The course will additionally provide the teacher opportunities to design and evaluate fitness and wellness education programs.

KINS 7536 Assessment and Technology in Physical Education  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

The purpose of this course is to develop skills and knowledge necessary to effectively assess student learning in P-12 Physical Education. The course will additionally provide an overview of the various types of technology that can be utilized in teaching and assessing physical education. The course includes personal computer use in creating materials to enhance instruction and aid in assessment. Also included are other technologies, such as personal digital assistants (PDA), digital cameras/camcorders, various physical education software and Internet options.

KINS 7537 Evaluation and Rehabilitation of the Lumbar Spine  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

This course provides the student an opportunity for advanced study of lumbar pathology, assessment, and rehabilitation. Students will be exposed to both theoretical framework as well as psychomotor aspects of assessment and rehabilitation of the lumbar spine.

KINS 7538 Motor Behavior  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

KINS 7539 Health and Exercise Psychology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

The purpose of KINS 7539 is to learn exercise behavior change strategies and provide knowledge and skills necessary to improve health and physical activity adherence for both individuals and groups. This course offers an applied inquiry into individual behaviors and lifestyles that affect physical and mental health from a health promotion, exercise science, and psychological perspective.

Prerequisite(s): A minimum grade of "C" in KINS 7530 and KINS 7533.

KINS 7590 Action Research in Physical Education  
1-3 Credit Hours.  1-3 Lecture Hours.  0 Lab Hours.

The purpose of this course is to develop the skills and knowledge necessary to effectively conduct research in P-12 Physical Education to assess effective teaching skills.

KINS 7630 Seminar in Kinesiology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

Provides the student with an in-depth literature review and discussion of contemporary topics in kinesiology.

Prerequisite(s): A minimum grade of "C" in KINS 6130 or KINS 6131.

KINS 7637 Health and Physical Education Seminar  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

The course is intended to provide MAT health and physical education majors with a colloquium in which to discuss job search strategies, trends and current issues in the profession, certification issues in education, student teaching responsibilities, and advocacy strategies for promoting the profession. This course is taken simultaneously with the student teaching experience.

Prerequisite(s): A minimum grade of "C" in KINS 7735 and admission to MAT in Health and Physical Education program.

Corequisite(s): ESED 6799.

KINS 7730 Practicum in Coaching  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.

Provides the student with coaching experiences in planning, teaching skills, conducting practice sessions, organizing game situations and analysis, scouting and structuring off-season programming.

Prerequisite(s): Permission of instructor.

KINS 7731 Clinical Practicum for Teaching Athletic Training Skills  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.

Provides the student with an opportunity to practice knowledge and skills of teaching clinical skills in athletic training. Students will be placed in clinical environments and will assist in the teaching of clinical athletic training skills.

Prerequisite(s): A minimum grade of "C" in KINS 7330 or Permission of instructor.
KINS 7732 Clinical Practicum for Evaluating Athletic Training Skills
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Allows the student to practice knowledge and skills of evaluating clinical skills in athletic training. Students will be placed in clinical environments and will assist with the supervision and evaluation of the application of athletic training skills.
Prerequisite(s): A minimum grade of "C" in KINS 7333 or KINS 7731 or permission of instructor.

KINS 7733 Practicum in Sport and Exercise Psychology
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course provides the student with the opportunity to practice knowledge and skills of sport and exercise psychology intervention. Students will be involved in supervised, applied environments that allow them to work with a team or individual.
Prerequisite(s): A minimum grade of "C" in KINS 7531 and KINS 7533 or permission of instructor.

KINS 7735 Physical Education Field Experience
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This field experience is designed to provide student with opportunities to observe, actively engage, and teach in a Health and Physical Education setting. Candidates will demonstrate the knowledge and skills required to promote K-12 student learning. The field experience allows candidates to plan, teach lessons and assess student learning in adaptive physical education, elementary physical education, health education, and secondary physical education environments. Candidates must complete field experience in Georgia schools.
Prerequisite(s): A minimum grade of "C" in all of the following: HLTH 6133 and KINS 6134 and KINS 6334 and a minimum grade of "B" in KINS 6234 and Admission to MAT in Health and Physical Education program.

KINS 7799 Internship in Kinesiology
6-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to receive practical experiences in a selected movement related setting.
Prerequisite(s): Permission of graduate program director.

KINS 7898 Project in Athletic Training
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course will allow the student to understand the research process and expand the student's knowledge within athletic training. The student will work alongside a faculty member with shared research interests.
Prerequisite(s): A minimum grade of "C" in KINS 6130 and KINS 6131.

KINS 7899 Directed Individual Study
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.
Prerequisite(s): Permission of instructor.

KINS 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to complete an independent research project. A written and oral defense of the project is required.
Prerequisite(s): Permission of graduate program director.

KINS 8430 Supervision of Instruction in Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Assists the professional educator with acquiring the knowledge and skills essential to improving instruction and instructional programs in physical education. Supervision of novice and experienced physical education teachers will be discussed.

KINS 8431 Curriculum Issues and Trends in Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Identifies theoretical frameworks of curriculum development in relationship to current issues and trends.

KINS 8432 Advanced Teaching Techniques in Health and Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Purpose of this course is to develop and apply skills and knowledge to effectively implement various instructional models in health and physical education.

KINS 8433 Advanced Methods in Secondary Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Purpose of this course is to develop skills and knowledge necessary to effectively design, evaluate, and analyze secondary Physical Education. The course will additionally provide an overview of the various types of supervision skills one needs to evaluate secondary Physical Education.

KINS 8434 Advanced Methods in Elementary Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will additionally provide an overview of the various types of supervision skills one needs to evaluate elementary Physical Education.

LEAD Leadership

LEAD 7100 Practical Research in Leadership Settings
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the concepts and methods of applied research necessary for professionals in leadership settings. Topics will include survey development, interviews, focus groups, experiments, ethnography, and content analysis. Students will construct a research question, review literature, analyze data, and present the results of their analysis.
Cross Listing(s): COMM 7100.

LEAD 7150 Leadership in the Public Arena: From Ideas to Action
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of the leadership necessary to move from ideas to action on public issues. Course explores the unique role of the public sector in society and will compare leadership issues in public sector and private sector organizations.

LEAD 7300 Selected Topics in Leadership Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Reading, research, practice, and discussion devoted to selected topics in Leadership Studies. Topics may include leadership in literature, creativity and leadership, communication skills and strategic leadership, and leadership in team-based organizations. May be repeated for credit as topics change.

LEAD 7400 Contemporary Issues in Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course moves beyond the study of basic leadership styles and presents students with new and innovative theories to address challenging national and global issues. The class will analyze contemporary topics, discuss supporting and counter arguments, and identify solutions to critical and controversial topics.

LEAD 7700 Professional Communication and Leadership Internship
3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
Completion of a structured experiential learning program under the auspices of a site-based and program-approved protocol. Graded on an S or U basis.

LEAD 7800 Independent Study in Professional Communication and Leadership
3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.
An in-depth, closely supervised, instructor-approved study in student's area of concentration. Student must have skills in independent research and study.
LEAD 7900 Comprehensive Project in Professional Communication and Leadership
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Individually designed project or thesis involving applied research and/or off-campus study in an appropriate setting. Oral presentation of the project is required. The report must be approved to satisfy the requirement for the master's degree. This option is recommended for those seeking to go on to doctoral work. Graded on an S or U basis. Completion of 24 hours of graduate course work required before enrollment.

LING Linguistics

LING 5030G Topics in Linguistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Seminar in topics of theoretical and applied linguistics. May be repeated for additional credit when topics change.
Cross Listing(s): LING 5030.

LING 5130G Modern English Grammar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the system of rules of word formation and sentence construction that we unconsciously employ in our daily use of the English language. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): LING 5130, WRIT 5130, WRIT 5130G.

LING 5330G History of English Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the English language from linguistic, social, and historical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Undergraduate.
Cross Listing(s): WRIT 5330, WRIT 5330G.

LING 5440G Early English Lit, Beg-1485
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
English literature from its beginnings through 1485. Course includes study of medieval phonology, morphology, and syntax. Writers include the Beowulf poet and other Old English authors, early Middle English lyrics, and the major fiftures of the fourteenth century (the Pearl poet, Chaucer, Langland, Gower). In alternate years, course will be devoted to Chaucer and his context.
Cross Listing(s): ENGL 5440G.

LING 5465G Chaucer
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Chaucer's two masterpieces, The Canterbury Tales and Troilus and Criseyde, and minor poetry. Includes in-depth study of Chaucer's culture, context, and language.

LING 5530G Sociolinguistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The principles and methods used to study language as a sociocultural phenomenon. These are examined both from the linguistic viewpoint and the social scientific viewpoint. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): LING 5530, WRIT 5530, WRIT 5530G.

LING 6131 Applied Phonology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to professional work with linguistic sounds in applied areas of language study such as Teaching English to Speakers of Other Languages (TESOL) and speech pathology.

LING 6133 Applied English Grammar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of English grammar geared towards teachers of English to speakers of other languages and applied linguistics.

LING 6231 Language, Nation, and Globalization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to national and global language issues and linguistic globalization with special emphasis on the role of English for students in applied areas of language study including Teaching English to Speakers of Other Languages (TESOL).

LING 6233 Teaching English Internationally
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A course to prepare students to teach English in other countries.

LOGT Log/Intermodal Transpor.

LOGT 7432 Logistics Fundamentals and Strategy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Develops an understanding of logistics systems. The class will apply a managerial focus approach to integrating the numerous logistical activities in the supply chain including materials management, physical distribution, third party logistics, transportation, and other topics. The class will stress practical applications through a case approach and a logistics simulation.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGMT 7331.

LOGT 9999 Dissertation
1-18 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A directed research project to develop the student's dissertation. This course will also serve as dissertation hours upon completion of the first three (3) hours. An additional 15 hours of LOGT 9999 is required at a minimum for the student to produce an acceptable dissertation.

LSCM Logistics Supply Chain Mg

LSCM 9030 Special Topics in Supply Chain Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores important Supply Chain Management topics or methodologies not covered to any significant extent in other courses. The topic(s) to be covered will be announced each time the course is offered.

LSCM 9131 Logistics Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Key topics and concepts of business logistics are surveyed through readings, discussions, critiques and presentations of established academic articles in logistics and supply chain management.

LSCM 9331 Analysis of Secondary Data for Supply Chain Management Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will introduce students to the process of utilizing secondary data sources in Supply Chain Management research. Topics include: primary differences between utilizing primary and secondary data sources for Supply Chain Management research; conceptualization of research models, including proxy variable formation; identification of potential data sources; manipulation of large datasets and a variety of methodological approaches commonly utilized with secondary data.

LSCM 9630 Supply Chain Management Theories
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide a survey of key supply chain related theories. Particular emphasis will be placed on understanding the scholarly foundations and perspectives of supply chain management theory and its application in supply chain research. Among the theories covered are Transaction Cost Economics, Resource Based View, Contingency Theory, Agency Theory, Social Exchange Theory, Social Network Theory, and Systems Theory.
### LSTD 6130 Legal and Ethical Issues in Business

<table>
<thead>
<tr>
<th>3 Lecture Hours.</th>
<th>0 Lab Hours.</th>
</tr>
</thead>
</table>

A survey of the legal and ethical rules which govern the managerial decision making process, particularly focusing on constitutional “Commerce Clause” interpretation, contract and agency principles, administrative agency regulations, and evolving ethical issues which influence the application of the law. The course is set in domestic law, but includes operational legal aspects of the international market place.

**Prerequisite(s):** A minimum grade of “C” in LSTD 2106 or LSTD 6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

### LSTD 6130 Law and Ethics for Accountants

<table>
<thead>
<tr>
<th>3 Lecture Hours.</th>
<th>0 Lab Hours.</th>
</tr>
</thead>
</table>

An introduction to legal and ethical issues involving the Uniform Commercial Code and administrative agency regulations. Emphasis is on recognition of these issues to enhance professionalism for business administration.

**Prerequisite(s):** A minimum grade of “C” in LSTD 2106 or LSTD 6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

### MAED Math Education

<table>
<thead>
<tr>
<th>MAED 7910L Topics in Elem Math Lab</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 Credit Hours.</td>
</tr>
</tbody>
</table>

### MATH Mathematics

<table>
<thead>
<tr>
<th>MATH 5090G Selected Topics in Mathematics</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-3 Credit Hours.</td>
</tr>
</tbody>
</table>

Specialized study in a selected area of Mathematics. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.

**Prerequisite(s):** Permission of instructor required.

**Cross Listing(s):** MATH 5090.

<table>
<thead>
<tr>
<th>MATH 5130G Statistics and Probability for K-8 Teachers</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 Credit Hours.</td>
</tr>
</tbody>
</table>

An in-depth study of topics in statistics, such as sampling and data analysis, and probability, such as counting methods, odds, and expected value. For Early Childhood and Middle Grade majors only. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.

**Prerequisite(s):** A minimum grade of “C” in MATH 3032.

**Cross Listing(s):** MATH 5130.

<table>
<thead>
<tr>
<th>MATH 5135G Algebraic Connections for K-8 Teachers</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 Credit Hours.</td>
</tr>
</tbody>
</table>

The evolution of algebraic concepts through the curriculum will be followed by how algebra is related to other areas of mathematics and real-world applications. For Early Childhood and Middle Grade majors only. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.

**Prerequisite(s):** A minimum grade of “C” in MATH 3032.

**Cross Listing(s):** MATH 5135.
MATH 5136G  History of Mathematics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A survey of the historical development of mathematics. The emphasis will be on mathematical concepts, problem solving, and pedagogy from a historical perspective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in MATH 2242.
Cross Listing(s): MATH 5136.

MATH 5137G  Geometry for K-8 Teachers
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A continuation of the study of geometry from MATH 3032. Focus will be on two and three dimensional geometry. Motion geometry and tessellations will also be covered. For Early Childhood and Middle Grade majors only. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 3130 or one year of teaching high school mathematics.
Cross Listing(s): MATH 5230.

MATH 5230G  Advanced Geometry
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Selected topics from Euclidean and Non-Euclidean Geometry. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in MATH 3130 or one year of teaching high school mathematics.
Cross Listing(s): MATH 5230.

MATH 5234G  Number Theory
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Introduction to the principal ideas of elementary number theory: Divisibility, congruencies, linear Diophantine Equations, Fermat's Theorem, Euler's Theorem, Pythagorean triples and the distribution of primes. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in MATH 2332.
Cross Listing(s): MATH 5234.

MATH 5236G  Patterns of Problem Solving
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A continuation of the study of geometry from MATH 3032. Focus will be on two and three dimensional geometry. Motion geometry and tessellations will also be covered. For Early Childhood and Middle Grade majors only. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 1441, or permission of instructor.
Cross Listing(s): MATH 5236.

MATH 5251G  Combinatorics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Counting principles such as permutations, combinations, derangements, pigeonhole, and inclusion/exclusion; partitions; generating functions; recurrence relations; applications from graph theory and applied algebra. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2332.
Cross Listing(s): MATH 5251.

MATH 5330G  Operations Research
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Introduction to basic deterministic and probabilistic operations research models of decision problems. Mathematical methods of optimization for these models will be analyzed both analytically and numerically. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2160 and MATH 3337.
Cross Listing(s): MATH 5330.

MATH 5331G  Analysis I
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides a transition from calculus to real analysis. Emphasis will be placed on understanding and constructing mathematical proofs. Rigorous development of fundamental concepts in analysis, including topics such as relations, functions, limits of functions, cardinality, topology of the reals, completeness axiom, compact sets, sequences, subsequence, continuity and differentiability. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2243 and MATH 2332.
Cross Listing(s): MATH 5331.

MATH 5332G  Analysis II
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A continuation of Analysis I, including topics such as Riemann integration, infinite series, sequences and series of functions, metric spaces, and normed spaces. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 5331 or MATH 5311G.
Cross Listing(s): MATH 5332.

MATH 5333G  Modern Algebra I
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is an introduction to the fundamental algebraic structures: groups, rings and fields. Topics covered include: binary operations, groups (permutation groups, subgroups, cyclic groups, group homomorphisms, factor groups), rings (integral domains, ring homomorphisms) and fields. The historical and mathematical connections to the secondary mathematics curriculum will be incorporated as appropriate. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2332.
Cross Listing(s): MATH 5333.

MATH 5334G  Modern Algebra II
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A continuation of the study of the fundamental algebraic structures. Topics to be covered include: isomorphism of groups, rings, fields, a deeper study of quotient structures and the isomorphism theorems, field of quotients, factorization of polynomials over a field, arithmetic properties of rings of polynomials over fields, extension fields, algebraic extensions, geometric constructions and the classic problems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 5333 or MATH 5333G.
Cross Listing(s): MATH 5334.
MATH 5335G  Intermediate Linear Algebra  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
General vector spaces and bases, linear operators, least squares problems, eigenvalue problems, and applications of these concepts. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2160 and MATH 2332.  
Cross Listing(s): MATH 5335.  

MATH 5336G  Applied Numerical Methods  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Introduction to scientific computation. Solutions of linear and nonlinear equations, polynomial interpolation, numerical differentiation and integration, data fitting, and other numerical methods. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2160.  
Cross Listing(s): MATH 5336.  

MATH 5337G  Difference Equations  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is an introduction to the theory and applications of difference equations. Topics include the difference calculus, first order linear difference equations, results and solutions of linear equations, applications, equations with variable coefficients and nonlinear equations that can be linearized. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2242 and MATH 2160.  
Cross Listing(s): MATH 5337.  

MATH 5338G  Methods of Applied Mathematics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Methods of applied mathematics concentrating on techniques for the analysis of differential and integral equations. Topics include: Integral equations, differential operators, Fredholm alternative, distribution theory and Green's function methods. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2160 and MATH 3230.  
Cross Listing(s): MATH 5338.  

MATH 5339G  Partial Differential Equations  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The study of differential equations involving functions of more than one variable. Topics include: Laplace, heat and wave equations, boundary value problems, methods of separation of variables and eigenfunction expansions, Fourier series, Green's functions, maximum principle and computational methods. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2243 and MATH 3230.  
Cross Listing(s): MATH 5339.  

MATH 5412G  Sec School Curr and Methods  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Material and methods of teaching secondary school mathematics including field experience.  

MATH 5430G  Introduction to Mathematical Biology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An introduction to applications of mathematics to various biological, ecological, physiological, and medical problems, which will be analyzed both analytically and numerically. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 3230.  
Cross Listing(s): MATH 5430.  

MATH 5431G  Graph Theory  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Graphs and digraphs, trees, connectivity, matchings, paths, cycles, bipartite graphs, Euler's formula, planar graphs, and graph coloring. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisites: minimum grade of "C" in MATH 2332.  

MATH 5433G  Differential Geometry of Curves and Surfaces  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Differential geometry uses tools from calculus and linear algebra to study the geometric properties of smooth curves and surfaces in Euclidean spaces. Topics include: arc length surface area, geodesics, curvature, first and second fundamental forms, Gauss-Bonnet formula. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2243 and MATH 2160.  
Cross Listing(s): MATH 5433.  

MATH 5434G  Functions of a Complex Variable  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Topics in complex variables including functions, limits, derivatives, integrals, the Cauchy-Riemann conditions, series representation of functions, Cauchy Integral formula, and elementary conformal mappings. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite: A minimum grade of "C" in MATH 2332.  
Cross Listing(s): MATH 5434.  

MATH 5435G  Introduction to Topology  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An introduction to metric spaces, topological spaces, connectedness and compactness of topological spaces, and continuous functions on topological spaces. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.  
Prerequisite(s): A minimum grade of "C" in MATH 2332.  
Cross Listing(s): MATH 5435.
MATH 5436G Introduction to Fractals
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Fractals as nonlinear systems involving feedback and iteration. Classical fractals, limits and self-similarity. Fractal dimensions. Encoding of fractals. Decoding of fractals. Iterated function systems. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 5331 or MATH 5331G.
Cross Listing(s): MATH 5436.

MATH 5437G Mathematics and Computation of Curves and Surfaces
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a study of the mathematical and computational techniques used for the computer generation of curves and surfaces. The primary representations for the curves and surfaces are univariate and multivariate polynomials and splines in the Bernstein/Bezier and B-spline bases. These curves and surfaces are used for data fitting (interpolation and smoothing) and approximation. Topics include: recursion, smoothness, surfaces over grids, surfaces over triangulations, simplex and box splines, variational curves and surfaces, transformations and projections. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2243 and MATH 2160.
Cross Listing(s): MATH 5437.

MATH 5480G Optimization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Operations research topics including nonlinear programming, network analysis, Markov chains, game theory, and inventory theory. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2160.
Cross Listing(s): MATH 5480.

MATH 5530G Mathematics for Scientists and Engineers
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of mathematical topics useful in the study of areas of applied sciences such as physics, engineering and computer science. Topics include: linear algebra and matrices, ordinary differential equations, partial differential equations, Fourier series, vector calculus, complex variables, numerical methods, probability and graph theory. For non-math majors only. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2242.
Cross Listing(s): MATH 5530.

MATH 5539G Mathematical Models
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces students to a variety of mathematical tools used for solving real world problems, with the focus on identifying the problem, constructing an appropriate model, and finding the best available method to solve it. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 2160 and MATH 3230.
Cross Listing(s): MATH 5539.

MATH 5660G Statistical Data Analytics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will apply concepts learned in diverse areas of mathematics to data analysis. Topics include clustering and classification, data cleaning, text analysis and document similarities, frequent itemsets and association rules, neural networks, support vector machines, and decision trees. This class has a primary focus on the underlying mathematical theory, with a secondary focus on application. Students will be introduced to R and R Studio for data storage, manipulation, and visualization. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in the following: MATH 2160, MATH 2243, and at least one of MATH 3337 and STAT 5531.
Cross Listing(s): MATH 5660, STAT 5660, STAT 5660G.

MATH 6230 Fundamental Ideas of Calculus
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A review of the principal ideas of calculus, with emphases on concepts. Intended for Mathematics Education majors.
Prerequisite(s): A minimum grade of "C" in MATH 1441; permission of instructor.

MATH 6900 Special Topics in Mathematics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selected topics in mathematics.

MATH 6910 Topics in Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics from Euclidean and non-Euclidean geometry.

MATH 6920 Topics in Geometry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics from Euclidean and non-Euclidean geometry.

MATH 6930 Topics in Applied Mathematics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selected topics in an area of mathematics that has broad applications to disciplines outside of mathematics.

MATH 7090 Selected Topics in Mathematics
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Specialized study in a selected area of Applied Mathematics.
Prerequisite(s): Permission of instructor.

MATH 7130 Mathematical Optimization Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course covers fundamentals of mathematical optimization theory. Topics include: elements of convex analysis, first and second order necessary and sufficient optimality conditions for unconstrained and constrained optimization problems, Lagrange multiplier theory, Lagrange duality theory, and an overview of important optimization techniques for convex, conic, semidefinite and complementarity problems.
Prerequisite(s): A minimum grade of "C" in MATH 5331.

MATH 7132 Methods of Optimization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The first part of the course provides a brief introduction to the foundations of optimization, including optimality conditions. The second part concentrates on selected methods for unconstrained and constrained optimization problems. These include but are not limited to: line search methods, gradient methods, Newton-type methods, trust region methods, non-gradient methods, penalty and barrier methods, interior-point methods, methods of feasible directions and dual methods. Selected methods will be implemented on the computer. Prior completion of MATH 5330 is recommended.
Prerequisite(s): A minimum grade of "C" in MATH 5331.

MATH 7210 Quant Meth Decision Making
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Intermediate level linear models concentrating on multiple regression, linear programming techniques, queuing theory, and simulation.
MATH 7231 Advanced Numerical Analysis I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of computer arithmetic, the solution of non-linear equations, the solution of systems of linear equations, eigenvalue problems and interpolation. Algorithms and methods are developed and then implemented on a computer.
Prerequisite(s): A minimum grade of "C" in MATH 5336 or MATH 5336G.

MATH 7232 Advanced Numerical Analysis II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of orthogonal polynomials, numerical integration, and numerical solutions of ordinary and partial differential equations. Development and computer implementation of algorithms and methods.
Prerequisite(s): A minimum grade of "C" in MATH 7231.

MATH 7234 Advanced Linear Algebra
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of linear maps on finite dimensional vector spaces. Topics include: diagonalization (direct sums, invariant subspaces and Cayley-Hamilton theorem for linear operators), inner product spaces (self-adjoint, orthogonal operators, orthogonal projections and the spectral theorem, bilinear and quadratic forms), canonical forms (Jordan and rational forms, minimal polynomials), special matrices (non-negative matrices), and the exponential of a linear operator.
Prerequisite(s): A minimum grade of "C" in MATH 5335.

MATH 7235 Analytic Number Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of topics from the classical analytic theory of numbers. Topics will be chosen from arithmetic functions, the distribution of primes, congruences, the Riemann-zeta functions, the prime number theorem, Eisenstein series, quadratic residues, Dirichlet series, Euler products, the Dedekind eta function, the Jacobi theta functions, integer partitions, and modular forms.
Prerequisite(s): A minimum grade of "C" in MATH 5234 and MATH 5434.

MATH 7236 Advanced Ordinary Differential Equations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The theory of ordinary differential equations and dynamical systems. Topics include: Sturm-Liouville boundary value problems, eigenfunction expansions, Lyapunov stability, limit cycles, Poincare-Bendixson theorem, Floquet's theorem and Invariance theorems.
Prerequisite(s): A minimum grade of "C" in MATH 3230.

MATH 7237 Mathematical Control Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
State-space techniques from modern control system theory. Topics include realization theory for MIMO systems, state-space techniques for feedback control, closed loop observer design, and state-space techniques in optimal control.
Prerequisite(s): A minimum grade of "C" in MATH 3230 and MATH 5336G.

MATH 7238 Functional Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of normed linear spaces and linear operators. Topics include: Hilbert spaces (projection theorem, Riesz representation, Parseval relation); Banach spaces (convexity, duality, bounded and compact operators, theorems of Hahn-Banach, Banach-Steinhaus, open mapping, closed graph, Fredholm alternative); Stone-Weierstrass and Banach fixed point theorems.
Prerequisite(s): A minimum grade of "C" in MATH 3230 and MATH 5335.

MATH 7331 Real Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Theory of Lebesgue measure and integration, monotone convergence, the dominated convergence theorem, Fubini's Theorem, Riesz representation theorem, Lp and Lq spaces, functions of finite variation, Stieltjes integral, absolute continuity.
Prerequisite(s): A minimum grade of "C" in MATH 5331.

MATH 7332 Advanced Partial Differential Equations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prerequisite(s): A minimum grade of "C" in MATH 5339 or MATH 5339G.

MATH 7333 Complex Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of functions of one complex variable. Topics include: properties of holomorphic, harmonic, meromorphic and entire functions (open mapping, maximum modulus, mean value, Poisson's, Rouche's, Liouville's, Picard's and Mittag-Leffler's theorems), residue theory (residue theorem, argument principle and applications), conformal mappings (Mobius and Christophel-Schwarz canonical transformations, Riemann mapping theorem), analytic continuation (monodromy theorem, Schwarz reflection principle, Riemann surfaces and multi-valued functions).
Prerequisite(s): A minimum grade of "C" in MATH 5331 and MATH 5434.

MATH 7334 Approximation Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of the approximation of functions in normed linear spaces. The course emphasizes the theory of interpolation and approximation by polynomials, rational functions and spline functions. Main topics include: best approximation, order of approximation, interpolation, existence and uniqueness of best approximants, theorems by Weierstrass, Haar, Chebyshev, Bernstein, Markov, Korovkin, Schoenberg, and applications.
Prerequisite(s): A minimum grade of "C" in MATH 5311 and MATH 5335.

MATH 7335 Algebra I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides a comprehensive study of group theory. The course begins with basic concepts of group theory (binary structures, subgroups, homomorphisms) and continues with the study of normal subgroups, quotient groups and the isomorphism theorems. Further topics to be studied include group actions, Sylow's theorem and the structure of finitely generated abelian groups.
Prerequisite(s): A minimum grade of "C" in MATH 5333 or MATH 5333G.

MATH 7336 Algebra II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course provides a comprehensive study of rings and fields. The course begins with the basic concepts (rings, subrings, ideals, quotient rings, homomorphisms), continues with the arithmetic of rings, applications to rings of polynomials and field theory, and concludes with a chapter on Galois theory that links field theory and group theory.
Prerequisite(s): A minimum grade of "C" in MATH 7430.

MATH 7430 Abstract Algebra I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study and applications of calculus on manifolds. Topics include: atlases, tangent spaces, differentiable maps; immersions and submanifolds, submersions and quotient manifolds; matrix groups and their Lie algebras; vector fields and flows; differential forms, exterior derivative, and Lie derivative.
Prerequisite(s): A minimum grade of "C" in MATH 3230 and MATH 5335.
MATH 7435 Elements of Algebraic Topology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of the topology of geometric objects from the algebraic viewpoint, in particular using homotopy and homology groups. Main topics: Topological manifolds, homotopy, fundamental group, free groups, covering spaces, and homology.
Prerequisite(s): A minimum grade of "C" in MATH 5435.

MATH 7530 Problem Solving
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of patterns involved in solving problems. Particular attention is paid to Polya's heuristics and his characterization of the problem-solving process. The application of these techniques by mathematics teachers will be stressed.

MATH 7610 Graduate Seminar
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Under supervision of one or more faculty members, each student will choose topics related to his or her concentration, or topics of interest to the class, read and research on them, then make presentations in front of the class or a larger audience. Students will also attend presentations of internal and external speakers on mathematical sciences.
Prerequisite(s): A minimum grade of "C" in MATH 5332 or MATH 5335 or STAT 5531 or MATH 7231.

MATH 7890 Directed Study in Mathematics
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Directed study under faculty supervision.
Prerequisite(s): Permission of instructor and Department Chair required.

MATH 7895 Research
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Graduate students will conduct a program of independent research under the direction of a thesis advisor or an advisory committee on a topic in Mathematical Sciences. Results of the research will be presented as a thesis in partial fulfillment of the requirement of the Master of Science degree.

MATH 7900 Special Topics in Mathematics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Selected topics in mathematics.

MATH 7999 Thesis
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Results of independent research conducted under the direction of a thesis advisor will be presented as a thesis in partial fulfillment of the Master of Science degree. The thesis will be defended before an advisory committee.

MATH 8540 Fundamentals of Probability
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of fundamental ideas of probability with emphasis on topics, examples, and applications for secondary mathematics teachers.

MATH 8570 Transformation Geometry
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Algebraic operations on the complex numbers and their corresponding geometric interpretations; a characterization of isometries of the complex plane as translations, rotations, reflections and glide reflections; a study of iometrics as groups; similarities, some classic theorems.

MATH 8580 Calculus First Three Dimension
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the basic notions of differential and integral calculus for functions in dimensions one, two, and three, presented for students with previous courses in calculus with emphasis on concepts, applications, problem solving and historical development.

MENG Mechanical Engineering

MENG 5090G Selected Topics in Mechanical Engineering
1-3 Credit Hours. 1-3 Lecture Hours. 1-6 Lab Hours.
This course provides for study of Mechanical Engineering course topics not generally offered by the program. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): Graduate standing or permission of department.
Cross Listing(s): MENG 5090.

MENG 5134G Vehicle Dynamics
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course covers fundamental concepts related to mathematical models and designs of automotive vehicle as multiple degree of freedom system. It also covers its dynamic performance under acceleration, braking, steering, rollover considering road loads, suspension system and tire characteristics. Emphasis is given to the stability of the vehicle under these dynamic conditions. Graduate students are expected to carry out research activities and submit research paper as their projects. Graduate students will be required to complete a case study or other individualized advanced research activity that undergraduate students will not be required to complete.
Prerequisite(s): Mechanism Design or permission of the department.
Cross Listing(s): MENG 5134.

MENG 5135G Vibration and Preventive Maintenance
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
Free and Forced Vibration of one and multi-degree of freedom systems will be covered. Applications of vibration analysis for preventive maintenance of mechanical systems will be introduced. Laboratories include basic vibration analysis and its applications. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): Completion of MENG 3531 and MENG 3130 and MATH 3230 or permission of department.
Cross Listing(s): MENG 5135.

MENG 5136G Introduction to Finite Element Analysis
3 Credit Hours. 1 Lecture Hour. 4 Lab Hours.
This course will introduce students to the fundamentals of Finite Element Analysis. The students will develop a working knowledge of a commercial FEA software package and will model and analyze mechanical and thermal engineering systems using that software. The students will additionally develop an ability and competence in interpretation and analysis of FEA results. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): A minimum grade of "C" in MENG 2139 and MENG 3135 and MENG 3233 and ENGR 2112 and ENGR 3235 or permission of department.
Cross Listing(s): MENG 5136.

MENG 5137G Mechanical System Design
3 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.
This is a senior design course requiring that students call upon all of their academic preparations in developing the solution of mechanical system problems. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MENG 3130 and MENG 3135 and MENG 3233 and MENG 3333 and MENG 3531 and ENGR 2112.
Cross Listing(s): MENG 5137, MENG 5137H.
MENG 5138G Composite Materials: Manufacturing, Analysis, and Design
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course introduces basics of fiber reinforced, and laminated composites, anisotropic theory, stress analysis, design and testing of composite materials. Topics include an overview of structure and processing of composite materials, classification of anisotropy, anisotropic constitutive models, classical laminate theory, failure theories, and test methods. The knowledge will be applied to a design of simple composite structural elements. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): A minimum grade of "C" in MENG 3135 or MFGE 3131 and MENG 3333 or MFGE 3531 or permission of department for graduate students.
Cross Listing(s): MENG 5138.

MENG 5139G Renewable Energy
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
The design, operation, and environmental and socio-economic impact of renewable energy systems will be presented with an engineering emphasis. Additionally, cycle evaluation and analysis of the renewable energy systems, their efficiency and power output of renewable energy systems, their benefits and costs will be determined. Graduate students will be required to complete an additional design project that involves a class presentation with a more advanced technical analysis.
Prerequisite(s): A minimum grade of "C" in MENG 3233 or permission of department.
Cross Listing(s): MENG 5139, TMAE 5139, TMAE 5139G.

MENG 5231G Tribology and Reliability
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
The course is an introduction to basic tribology concepts in mechanical engineering; it also includes the analysis engineering cases, and the fundamentals of reliability as they relate to mechanical engineering. Graduate students will be required to complete a case study or other individualized advanced research activity that undergraduate students will not be required to complete.
Prerequisite(s): A minimum grade of "C" in ENGR 3235 and MENG 3135 and MENG 3333 or permission of department.

MENG 5233G Wind Energy
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course provides an in-depth introduction to modern wind turbine technology and the development of the wind power industry. Students will learn general characteristics of the wind resource and the atmospheric boundary layer. They will also learn how to analyze wind data, estimate wind resources and use statistical techniques to estimate wind turbine energy production. Aerodynamic characteristics of various turbine (HAWT and VAWT) models design, blade design, airfoils design, blade number effect and optimization techniques will be discussed theoretically and computationally for various applications. This course provides the general principles of wind turbine loads, mechanics, rotor dynamics, and methods for modeling turbine structural response. Electrical aspects of wind turbines, turbine control, turbine materials and components will also be studied, as well as, turbine design and testing, wind turbine siting, system design, and integration. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in ENGR 2112, ENGR 3235, MENG 3130, MENG 3135, and (MENG 3531 or MENG 3521).
Cross Listing(s): MENG 5233.

MENG 5234G Heating, Ventilating, and Air Conditioning
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This is an introductory course in Heating, Ventilating, and Air Conditioning (HVAC) systems. In this course HVAC processes are analyzed and load calculations are performed in accordance with American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) practices. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): A minimum grade of "C" in MENG 3233 or permission of department.
Cross Listing(s): MENG 5234.

MENG 5237G Applied Combustion
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course is an introduction to the fundamentals of combustion processes, thermochemistry, chemical kinetics, simple chemical reactors, premixed and nonpremixed combustion, turbulent combustion and its practical applications, biofuel combustion, fuel surrogates, and pollutant emissions. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MENG 3233 or permission of department.
Cross Listing(s): MENG 5237.

MENG 5238G Engine Development and Performance
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
The design, development, operation, and environmental impact of internal combustion engines will be presented in this course with an engineering emphasis. Additionally, cycle evaluation and analysis of the energy systems, the efficiency and power generation, their benefits and costs will be determined. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): Completion of MENG 3521 and MENG 3233 or permission of department.
Cross Listing(s): MENG 5238.

MENG 5239G Biofuels Development and Testing
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
The development of biofuels for engine operation and their environmental impact will be presented with an engineering emphasis. Additionally, life cycle evaluation, analysis of the energy systems and their efficiency with biofuels, together with benefits and costs will be determined. Graduate students will be required to complete a more advanced capstone design project that involves a class presentation and a more advanced technical analysis.
Prerequisite(s): A minimum grade of "C" in MENG 3233 or permission of department.
Cross Listing(s): MENG 5239.

MENG 5331G Automation and Computer Integrated Manufacturing Systems
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
This course will cover the fundamental concepts in manufacturing, automation, and various topics in production and control systems. These include numerical control, industrial robots, computer integrated manufacturing systems, flexible manufacturing system, and process monitoring and control. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): A minimum grade of "C" in ENGR 1133 and ENGR 1731 or MFGE 2534 and MENG 3333 or MFGE 2533 or permission of department.
Cross Listing(s): MENG 5331.
MENG 5333G  Robot Dynamics, Design and Analysis
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
An integrated treatment of robot kinematics, dynamics and control is introduced with an emphasis on analysis, design and programming of robots and their applications. Topics include planar and spatial kinematics, and motion planning; mechanism design for manipulators and mobile robots; forward and inverse kinematics, differential kinematics, manipulability, workspace design; planar and spatial multi-rigid-body dynamics, dynamic models of robots; introduction to computer vision; robot programming; and robot control. Students will be engaged in laboratory activities to study kinematics, dynamics, programming and real-time control of robotic systems that include manipulators, mobile robots, and unmanned aerial vehicles (UAVs). Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): Completion of MENG 3531 and MENG 3130 or permission of department.
Cross Listing(s): MENG 5333.

MENG 5431G Compressible Flow
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
This course introduces the basic equations and concepts of compressible flow. The generalized equations and solutions are developed and solved for: one-dimensional moving and normal shocks, oblique shocks, expansion fans, compressible flow with friction, and compressible flow with heat transfer. Software will be utilized to solve compressible flow problems. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MENG 3233 or permission of department.
Cross Listing(s): MENG 5431.

MENG 5432G Applied Computational Fluid Dynamics
3 Credit Hours.  2 Lecture Hours.  2 Lab Hours.
This course introduces the numerical techniques applied to the solution of fluid flow and heat transfer problems. The Finite Difference and Finite Volume methods are used to discretize and numerically solve the governing equations of heat transfer and fluid mechanics. A commercial computational fluid dynamics software is utilized for the analysis of heat transfer and fluid mechanics problems. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MENG 3233 or permission of department.
Cross Listing(s): MENG 5432.

MENG 5433G Analysis of Energy Systems
3 Credit Hours.  0.2 Lecture Hours.  0.2 Lab Hours.
The course will introduce students to the design and analysis of energy systems. The students will use the concepts of thermodynamics, fluid mechanics and heat transfer to analyze various energy systems. The course will also offer an introduction to compressible flow, associated with the energy systems. The students will develop a working knowledge of a commercial CFD software package and model and analyze the energy systems using the software. Graduate students will be required to complete a case study or other individualized advanced research activity that undergraduate students will not be required to complete.
Prerequisite(s): ENGR 2231, MATH 2243, MATH 3230, ENGR 3431, ENGR 3235, and MENG 3233.
Cross Listing(s): MENG 5433.

MENG 5434G Heat Transfer Principles and Applications
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course will cover intermediate concepts related to conduction, convection and radiation heat transfer. Analytical solution methods for steady and transient conduction in one and two dimensions are developed and utilized. The continuity, momentum, and energy equations are derived and used in fundamental heat transfer applications. Radiation exchange between surfaces with and without participating media is presented and analyzed.
Prerequisite(s): MATH 5530 or permission of instructor.
MENG 5891G Special Problems in Mechanical Engineering 1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Individual and specialized study in the areas of mechanical engineering not otherwise covered in the students' curriculum. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.
Prerequisite(s): Graduate standing and identification of a problem or study area and permission of department.
Cross Listing(s): MENG 5891.

MENG 7136 Mechatronics I 3 Credit Hours. 0.2 Lecture Hours. 0.3 Lab Hours.
This course is designed to build a working familiarity with the electronics and techniques needed in the design and control of electro-mechanical systems. The topics in this course include integrated use of mechanical, electrical, and computer systems for control of machines and devices, system modeling, sensors and actuators, basic electronics design, signal processing, grounding, and interfacing techniques.
Prerequisite(s): TMAE 5131 or TMAE 5132 or permission of department.
Cross Listing(s): TMAE 7136.

MENG 7137 Principles of Modeling and Simulation 3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course provides an introduction to modeling and simulation techniques across diverse areas of engineering study for solutions of coupled physics, mechanics, chemistry, and even biological systems. The primary focus of the course will be on thermomechanical coupling, fluid and structure interaction, and electrical and thermal coupling analysis.
Prerequisite(s): MENG 5136 or permission of instructor.

MENG 7138 Mechatronics II 3 Credit Hours. 0.2 Lecture Hours. 0.3 Lab Hours.
This course is designed to provide further fundamental information to understand the fusion of mechanical engineering, electrical engineering, and computer data acquisition/programming and their relationship to the field of Mechatronics. This course emphasizes the interfacing of microcomputers with sensors and actuators, hybrid (analog/digital) design, digital logic and analog circuitry, micro-computer architecture, assembly language programming, signal conditioning, filters, analog-to-digital and digital-to-analog conversion, and the interface of data acquisition systems with the control process.
Prerequisite(s): A minimum grade of "C" in MENG 7136 or permission of department.
Cross Listing(s): TMAE 7137.

MENG 7239 Intermediate Fluid Mechanics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In this course, the basic equations for multidimensional flow fields with ideal fluids and compressible fluids are derived. Advanced topics in fluid mechanics, including potential flow, boundary layer flow, compressible flow, and open channel flow are presented. Analytical techniques for solving problems are presented.
Prerequisite(s): MATH 5530 or permission of department.

MENG 7431 Mechanics of Deformable Solids 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to the fundamental mechanics of linear elasticity and elasto-plasticity, formulation and solution of simple static boundary value problems. Topics covered include constitutive equations for isotropic media, field equations for elastic solids, plane strain/plane stress and some classic analytical solutions, stress functions and potential methods.
Prerequisite(s): MENG 3331 and MATH 5530 or permission of department.

MENG 7432 Fracture Mechanics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to linear elastic and elastic-plastic fracture, their fundamental concepts and applications. Topics include microstructural effects on fracture, toughening mechanisms, crack growth resistance, interface fracture mechanics, fatigue damage, fatigue crack growth models and mechanisms.
Prerequisite(s): MATH 5530 and a minimum grade of "C" in ENGR 3233 or permission of department.

MENG 7530 Research in Mechanical Engineering 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of modern research methods and their application to the preparation of the thesis and technical reports.
Cross Listing(s): TMAE 7530.

MENG 7890 Selected Topics in Mechanical Engineering 1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas of applied engineering.
Cross Listing(s): TMAE 7890.

MENG 7891 Special Problems in Mechanical Engineering 1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Individual and specialized study in the areas of applied engineering not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study.
Cross Listing(s): TMAE 7891.

MENG 7895 Independent Study 1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent study is available for students to undertake individualized experimentation, research, study related to applied engineering, or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study.
Cross Listing(s): TMAE 7895.

MENG 7999 Thesis 1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course focuses on the preparation and completion of the thesis.
Cross Listing(s): TMAE 7999.

MFGF Manufacturing Engineering

MFGF 5131G Lean and Six Sigma Green Belt-1 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This introductory course will emphasize communication using Six Sigma principles. It will help relate six sigma principles to the overall business mission and objectives. The Five step DMAIC model for organizational and process improvement will be emphasized. A wide range of process improvement techniques with the DMAIC model will be employed. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MFGF 3132 or permission of the instructor for graduate students.
Cross Listing(s): MFGF 5131.
MFGE 5132G Lean and Six Sigma Green Belt-2
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Graphic and numerical tools to implement DMAIC procedure will be introduced. This includes introduction to Normal distribution, process capability analysis, measurement systems analysis, correlation and regression analysis, statistical process control, value stream mapping as well as the use of six sigma in service based industries. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MFGE 5131 or MFGE 5131G.
Cross Listing(s): MFGE 5132.

MFGE 5238G Facilities Maintenance
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
An advanced topic course in the area of scheduled and preventative maintenance of automated manufacturing systems. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MFGE 3423 and MFGE 4533 or permission of instructor for graduate students.
Cross Listing(s): MFGE 5238.

MFGE 5331G Advanced Robotics for Manufacturing
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course provides an introduction to fundamental concepts in the use of spatial robotic manipulators with emphasis on industrial robotics. Students study robot manipulator kinematics, dynamics, and control. The theory of spatial kinematics and dynamics of robot manipulators is studied in depth. Advanced control strategies such as force control and compliance control are also investigated. Topics are augmented using computer graphics tools and laboratory experiments with robot manipulators with emphasis on application to manufacturing. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFGE 4533.
Cross Listing(s): MFGE 5331.

MFGE 5332G Manufacturing Floor Control
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course will review relevant concepts and techniques to control the flow of materials and information as well as the motion of automated devices on the manufacturing floor. This includes relevant concepts on automation, machine motion control, warehousing, MRP and WIP control in production systems among others. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFGE 3421 and MFGE 4533.
Cross Listing(s): MFGE 5332.

MFGE 5333G Additive Manufacturing Studio
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
A comprehensive overview of additive manufacturing, spanning from fundamentals to applications and technology trends. Students will learn the principles of additive manufacturing of polymers, metals, and ceramics and how process capabilities (rate, cost, quality) are determined by the material characteristics, process parameters, and machine designs. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in all of the following: MFGE 2421 and MFGE 3131 or ENGR 2112 and MENG 3135 and MENG 3333 or permission of instructor for graduate students.
Cross Listing(s): MFGE 5333.

MFGE 5334G Additive Manufacturing of Lightweight Structures
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course concentrates on the design, optimization, manufacturing, and performance testing of lightweight structures fabricated by additive manufacturing technologies. The general guidelines of functional design and topology optimization will be introduced. Additive manufacturing methodologies will be instructed and accommodated to the design fabrication. Students will be grouped in teams to complete an assigned project of evaluating the mechanical and material performance of self-designed lightweight structures. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFGE 5333.
Cross Listing(s): MFGE 5334.

MFGE 5531G Advanced CNC Machining and Programming
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
Advanced Computer Numerical Control (CNC) course includes a range of advanced manufacturing technology such as CNC set-up and programming, use of CAD/CAM software for tool planning, multi-axis machining, CNC Coordinate Measuring Machines (CMM), and concepts of Computer-Integrated Manufacturing (CIM). This course will include CNC lathe, milling, and extend to 5-axis milling machine demonstration and utilization with lab experience. The course activities and design projects will give emphasis to the development of skills and knowledge competence prescribed by industry performance standards. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFGE 2534.
Cross Listing(s): MFGE 5531.

MFGE 5532G Introduction to MEMS
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course is designed to study fabrication techniques and operating principles of micro-electro-mechanical devices and systems and their applications. Microfabrication techniques and other emerging fabrication processes for MEMS are studied along with their process physics. Principles of operations of various MEMS devices such as mechanical, optical, thermal, magnetic, chemical/biological sensors/actuators are studied. Topics include: bulk/surface micromachining, microsensors and microactuators mechanisms. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFGE 3531.
Cross Listing(s): MFGE 5532.

MFGE 5534G Packaging
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course will introduce functions of packaging and its fundamental characteristics; materials, processes, and technology used in package development; applications of various materials and systems used to package manufactured products. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MENG 5138 and MFGE 3531 or permission of the instructor for graduate students.

MFGE 5535G NanoManufacturing
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course provides a survey introduction of nanoscience and technologies of micro-fabrication and nano-manufacturing. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): A minimum grade of "C" in MFGE 3531 and MENG 5138 or permission of the instructor for graduate students.
Cross Listing(s): MFGE 5535.
MFG 5536G Characterization of Advanced Manufacturing Materials
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course will introduce the basic characterization principles of advanced manufacturing materials and the common characterization techniques available. The course covers microscopy, defects, crystal structure, crystallography, texture development and phase analysis. Applications and limitations of microscopic-based techniques and their ancillary equipment namely, Optical Microscopy, Scanning Electron Microscopy, and Scanning Probe Microscopy are described. The principles of other important characterization equipment such as x-ray diffraction are described. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFG 3132.
Cross Listing(s): MFG 5536.

MFG 5537G Design for Environment and Green Manufacturing
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course will provide the student with systematic approaches for designing and developing environmentally responsible products. In particular, design trade-offs will be explored, including those arising in materials life cycle and design, manufacturing processes and end-of-life scenarios. Life cycle assessment is introduced as a quantifying approach for assessment. Graduate students will be expected to independently research an additional topic, write a summary report, and present their findings to the class.
Prerequisite(s): MFG 3131 and MFG 3132.
Cross Listing(s): MFG 5537.

MFG 7331 Manufacturing System Design and Analysis
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
This course is about contemporary design and analysis methodologies used to organize systems for the economic manufacture of products. Students will be exposed to the techniques used to design and analyze manufacturing systems for the economic manufacture of products. Students also will learn to design manufacturing systems (both human and automated) to satisfy different types of product demand.
Prerequisite(s): MFG 5332.

MFG 7332 Advanced Additive Manufacturing
3 Credit Hours. 0.3 Lecture Hours. 0.2 Lab Hours.
Advanced Additive Manufacturing course builds upon knowledge of the state-of-art additive manufacturing (AM) technologies and surveys the novel techniques applied for AM or 3D printing. Innovative AM research outcomes and presentation will be collected from the journal publications and conference proceedings, and then lectured to students along with discussions. Case studies of AM application to the manufacturing process will be talked. Students will work in collaboration with classmates to summarize a specified utilization of AM to improve manufacturing efficiency and economy, and to propose a potential application of the existing or novel AM technologies.
Prerequisite(s): MFG 5334.

MFG 7991 Advanced Manufacturing Engineering Practicum
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
In this course the student is fully engaged on-site at a manufacturing location of a partnering organization. Advanced Manufacturing Engineering work scope assignment(s) for the company is discussed/ agreed to ahead of time in cooperation with the partnering organization and requires prior approval from the department to begin the course. Reporting of progress throughout the semester by the student occurs for course including mid-term report, a term paper report due at end of the semester, and a presentation to company stakeholders.
Prerequisite(s): Graduate standing in AME Program.

MGED 5799G Student Teaching in Middle Grades Education
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A period of guided teaching during which the candidate, under the direction of a clinical supervisor, takes increasing responsibility for leading the school experiences of a given group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher’s assigned responsibilities.
Prerequisite(s): Completion of the teaching field and professional education courses and admission to the Student Teaching Program.
Corequisite(s): MSED 7635.
Cross Listing(s): MGED 5799.

MGED 6738 Supervised Practicum in the Middle Grades
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A supervised teaching experience in grades 4-8. Candidates will plan and teach in one’s specific teaching field(s) and grade levels for which they are being certified. Emphasis is placed on instructional planning, effective instruction, classroom management, and student evaluation.
Prerequisite(s): A minimum grade of “C” in MSED 6120.

MGED 6739 Supervised Internship II: Middle Grades
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This supervised practicum course is designed for M.A.T. candidates who are employed full time in an approved teaching position. It provides a supervised teaching experience in an appropriate grade level and school setting for the candidate’s teaching field. Candidates will plan and teach in the specific teaching field(s) and grade levels for which one is being certified. Emphasis is placed on instructional planning, classroom management, and student evaluation.
Prerequisite(s): A minimum grade of “C” in MSED 6120; admission to Teacher Education Program.
Corequisite(s): MSED 6131. Candidates must hold a valid non-renewable teaching certificate and be currently employed in grades 4-8 and teaching in the teaching field(s) for which one is being certified.

MGED 6750 Graduate Internship
3 Credit Hours. 0 Lecture Hours. 3 Lab Hours.

MGED 6799 Supervised Internship: Middle Grades
1-12 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A fifteen-week supervised teaching experience in the specific teaching field(s) and grade levels for which one is being certified. Candidates seeking initial certification in middle grades will complete the internship in order to be eligible for initial certification.
Prerequisite(s): Admission to Teacher Education program
Corequisites: MSED 6131.

MGED 8132 Effective Middle Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of student development concepts, school structures and practices, and important teaching and learning strategies associated with effective middle level schools. Emphasis is placed upon the relationships that exist between student development, school organization and practice and strategies for supporting effective learning and interaction among diverse learners. The course includes field-based action research, participation in learning teams, and development of significant portfolio evidence of successful interaction with the course content and other learning team members. Some components will typically be network based.
Prerequisite(s): MAT Middle Grades candidates must have completed MGED 6131 with a minimum grade of “C”.

MGED Middle Grades Education
MGNT 7100  Research Methodology in Education  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
This course provides a study of methods used to conduct educational and educationally-related research and includes critical analysis of selected research articles and research design. Emphasized is the ability to use research and research methods to improve practices in educational and educationally-related settings.

MGNT 7240  Instructional Leadership, Curr  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.

MGMS 7401  Chem, Erth Sci, Astr Mid Grade  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An integrated math and science course with special emphasis on an understanding of chemical processes related to earth science and astronomy, including a study of physical chemistry, earth processes, and the chemical evolution of the universe.

MGMS 7650  Teaching Practicum  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
Teaching Practicum.

MGNT Management

MGNT 6330  Business Statistics using Spreadsheet Analysis  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Coverage of statistical techniques and concepts commonly applied by managers. Topics covered include descriptive and graphical analysis, probability, sampling, statistical inference, and regression analysis. Spreadsheet and database analysis will be included in the coverage. Provides the foundation for understanding the concepts and applications that will be studied in MGNT 7331.

MGNT 6331  Foundations of Management and Marketing  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
This course is an integrated course encompassing the principles of management, organizational behavior, and human resources management and marketing. This course will show students how to place management activities within the context of a global operating environment, with consideration given to ethical, legal, and corporate social responsibility issues; plan for the future of the organization using proven planning strategies; and structure an organization effectively, given its environment and strategy. This course also provides a firm foundation for an understanding of the challenges that face the marketing environment, ethics and other current developments in marketing.

MGNT 7330  Leadership and Motivation  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of leadership and motivation. This course provides an overview of existing theories and models of leadership and motivation. Using readings, cases, discussion, and guest speakers, the course explains the importance of leadership, motivation, power, and influence in organizational life. Special emphasis is placed on leadership for change. 
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7331  Managerial Decision Analysis  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The course will provide a conceptual paradigm for decision makers to construct models and analyze decisions in today's business environment. Quantitative methods will be used to construct models with emphasis placed on representing real world problems and gaining insight and understanding of the decision making process. Specific models developed may include, but are not limited to, statistical fundamentals and probability for decision making, linear programming applications, multiple regression and forecasting models, and statistical quality control. The course will be spreadsheet based.

MGNT 7332  Management for Non-profit Organizations  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of the unique aspects of managing nonprofit organizations. Their role in society is considered. Special emphasis is placed on HRM functions of the nonprofit, as well as analysis of planning, organizing, directing, and controlling. Boundary spanning activities with governments and private sector will be studied.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7333  Social Issues in Business  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Overview of the impact of social issues on managerial decision making. Examines the role of the businessperson in modern society. Considers business and society responsibility, pollution, employment discrimination, affirmative action, sexual harassment, consumerism, business and professional ethics, and the social responsibilities of multinational corporations.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7334  Global Management  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Provides the student with an understanding of the global manager's role in the global organization. Provides graduate level skills in the management functions of global planning, international organizing, leading expatriates, and diverse cultures, and controlling the global organization.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7335  Entrepreneurship  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A study of the business formation process that focuses on the creativity, risk-taking, and planning associated with new ventures. Provides information on the entrepreneurial process starting with idea generation, idea development, feasibility analysis, resource identification, and concludes with the development of a coherent business plan.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7336  Readings in Total Quality Management  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Managerial issues that are important in understanding and implementing an organization-wide "Total Quality Management" process, to include organizational-level strategic quality decisions plus tactical-type decisions related to the total quality management of the organization.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7337  Managing Organizational Change and Development  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Provides an overview of the field of organization development (OD) and the management of change in today's organizations.  

MGNT 7338  The Human Resource Process  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Provides a comprehensive in-depth study of the field of Human Resource Management and the interplay with other business functions and the environment.  
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.
MGNT 7339  Applied Regression Analysis and Forecasting for Business
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The course teaches the student how to diagnose practical problems in various business disciplines, decide upon the appropriate model formulation for a given situation, and interpret the statistical results in a managerial context. The course focuses on fitting regression and time series models to real business problems. Students will use Excel and SPSS. When possible, students will analyze real data sets.
Prerequisite(s): A minimum grade of "B" in BUSA 3131 or a minimum grade of "C" in MGNT 6330.

MGNT 7430  Management of Operations for Competitive Advantage
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides an understanding of the production/operations function within and organization. It will focus on the types of decisions to be made at various organizational levels and, where appropriate, on particular models and quantitative techniques that can be useful in making those decisions. Emphasis will be placed on how those decisions are interrelated and on their strategic implications for the firm. Finally, it will consider how the operations function fits in with the other functional areas of the firm.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MGNT 7431  Project Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course focuses on the principles and processes of project management using a systematic approach to problem solving. The project management body of knowledge areas (PMBOK) is covered, along with project management life cycle in addition to traditional project management (e.g., efficiency of the project, operational performance, planning, meeting time and budget goals). This course will give special emphasis to the management of implementation projects relevant to the students' majors, e.g. Enterprise Resource Planning (ERP) for Information Systems students or Total Quality Management (TQM) for Management students. Students are also taught on how to use computer software to facilitate project management, and obtaining project management certification is emphasized.
Cross Listing(s): CISM 7431.

MGNT 9030  Special Topics in Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Addresses important Management topics not covered to any significant extent in other courses. The topic(s) to be covered will be announced each time the course is offered.

MSED Health Services Admin

MHS A 5650G  Seminar In Long Term Care Adm
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.
Issues particular to care of residents and management in a long-term care setting. Synthesis of topics studied elsewhere including accreditation standards, human resource issues. On-site visit.

MHS A 7300  Reimbs & Insur Princ For Hco
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course will provide students a greater understanding of reimbursement and insurance, concepts and techniques that guide health care providers. The tools and models available to health care managers that assist them in their financial decision support and decision making processes as well as retrospectively evaluating and reviewing decisions that have been made are further explored.

MKTG 7331  Applied Regression Analysis and Forecasting for Business
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A strategy planning approach to marketing management from conception and application perspectives. Focus is on the strategic decision-making process supported by self-analysis and external analysis. Legal, ethical, and international aspects are also considered.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MKTG 7431  Project Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course focuses on the principles and processes of project management using a systematic approach to problem solving. The project management body of knowledge areas (PMBOK) is covered, along with project management life cycle in addition to traditional project management (e.g., efficiency of the project, operational performance, planning, meeting time and budget goals). This course will give special emphasis to the management of implementation projects relevant to the students' majors, e.g. Enterprise Resource Planning (ERP) for Information Systems students or Total Quality Management (TQM) for Management students. Students are also taught on how to use computer software to facilitate project management, and obtaining project management certification is emphasized.
Cross Listing(s): CISM 7431.

MKTG 7430  Management of Operations for Competitive Advantage
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides an understanding of the production/operations function within and organization. It will focus on the types of decisions to be made at various organizational levels and, where appropriate, on particular models and quantitative techniques that can be useful in making those decisions. Emphasis will be placed on how those decisions are interrelated and on their strategic implications for the firm. Finally, it will consider how the operations function fits in with the other functional areas of the firm.
Prerequisite(s): Prior or concurrent enrollment with a minimum grade of "C" in MGNT 7331.

MKTG 7431  Project Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course focuses on the principles and processes of project management using a systematic approach to problem solving. The project management body of knowledge areas (PMBOK) is covered, along with project management life cycle in addition to traditional project management (e.g., efficiency of the project, operational performance, planning, meeting time and budget goals). Students are also taught on how to use computer software to facilitate project management, and obtaining project management certification is emphasized.
Cross Listing(s): CISM 7431.

MKTG 9030  Special Topics in Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Addresses important Management topics not covered to any significant extent in other courses. The topic(s) to be covered will be announced each time the course is offered.

MSED Middle Grades & Second Ed

MSED 5333G  Literature and Writing for the Middle and Secondary Schools
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
An intensive study of instructional strategies appropriate for integrating literature and writing instruction. Special attention will be given to identifying and accommodating reading and writing needs of diverse adolescent learners, as well as evaluating the effectiveness of instruction. Students will learn to develop cross-curricular instruction, diagnose reading problems, provide individualization feedback, as well as employ appropriate intervention and assessment methods. Graduate students will be given an extra assignment determined by the instructor that under graduates will not be required to do.
Cross Listing(s): MSED 5333.

MSED 6120  Introduction to the Middle and Secondary School
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the curriculum, instruction, and organization of middle and secondary schools. It provides substantial knowledge of the nature and needs of adolescent learners as well as curriculum planning and instruction.
Corequisite(s): MSED 6122 and MSED 6123.

MSED 6122  Curriculum and Instruction
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines instructional design for middle and secondary schools. It examines classroom practice and provides substantial knowledge of unit and lesson design.
Corequisite(s): MSED 6120 and MSED 6123.

MSED 6123  Middle and Secondary School Practicum
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A supervised introductory teaching experience in grades 4-12. Candidates will observe, assist, plan, and teach in the specific teaching field and grade level for which they are being certified. Emphasis is placed on observation and participation in various aspects of classroom life and the unique needs of adolescent learners. In addition, candidates will plan with the classroom teacher and teach introductory lessons in content area.
Corequisite(s): MSED 6120 and MSED 6122.

MSED 6131  Curriculum and Instruction II
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is designed to assist teacher candidates in understanding curriculum design, instructional planning and teaching practices in the middle and secondary school and in reflecting on best practices in middle and secondary instruction. Emphasis is placed on planning, presentation, and assessment skills, as well as developing strategies for working with the diverse student populations present in schools. Candidates will design an instructional unit that demonstrates effective instructional strategies, appropriate content, multiple assessments of student learning, and a range of learning resources, including technology.
MSED 6237 Science Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to assist students in understanding the purpose of science in the middle and secondary school curriculum and becoming familiar with the trends in science instruction. Skills are developed in using classroom laboratory and field trip experiences in planning and evaluating science instruction. Major emphasis is placed on planning and presentation skills and on developing strategies to facilitate working with the diverse student populations present in the public schools.
Prerequisite(s): A minimum grade of "C" in MSED 6120.

MSED 6330 Instructional Assessment for Diverse Learners
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A graduate level examination of roles, tools, and approaches of assessment including planning and implementing standards based assessment; measuring and evaluating instructional impact on student learning; and interpreting and communicating national and state standardized test data.

MSED 6337 Language Arts Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of methods and materials appropriate in teaching composition, literature, and oral expression in the middle and secondary school language arts/English program. Emphasis will be placed on the writing process, teaching grammar through writing, and literature for grades 4-12.
Prerequisite(s): A minimum grade of "C" in MSED 6120; admission to Teacher Education Program.

MSED 6437 Social Science Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the social sciences in the middle and secondary schools. Emphasis is placed on instructional planning for diverse classrooms; assessment of student learning; the use of multiple resources, including technology; and an application of the NCSSS standards in the middle and secondary social science curriculum.
Prerequisite(s): A minimum grade of "C" in MSED 6120; admission to Teacher Education Program.

MSED 6537 Mathematics Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of teaching methods and materials, curriculum content, assessment and trends in middle and secondary school mathematics. Emphasis is placed on instructional planning for diverse classrooms; assessment of student learning; the use of multiple resources, including technology; and an application of the NCTM standards in the middle and secondary mathematics curriculum.
Prerequisite(s): A minimum grade of "C" in MSED 6120; admission to Teacher Education Program.

MSED 6637 Business Education Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of teaching methods and materials, curriculum content, and trends in teaching Business Education in the middle and secondary schools. The course also includes a study of vocational education programs. Emphasis is placed on instructional planning for diverse classrooms; assessment of student learning; the use of multiple resources, including technology; and an application of the national business education standards.
Prerequisite(s): A minimum grade of "C" in MSED 6120; admission to Teacher Education Program.

MSED 6737 Family and Consumer Sciences Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course assists students in understanding the purpose of family and consumer sciences programs in the secondary school curriculum and in becoming familiar with the trends in family and consumer sciences instruction. Students will develop skills in planning and evaluating family and consumer sciences instruction using the classroom as a laboratory. Major emphasis is placed on planning and presentation skills and on developing strategies to facilitate learning of diverse student populations in the public schools.
Prerequisite(s): Admission to Teacher Education Program.

MSED 7130 Middle and Secondary School Colloquium
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
In the M.A.T. colloquium course, students will analyze issues related to diverse school populations, classroom and behavior management, technology integration, school governance and teacher leadership, professional performance assessments, educational law, and ethics and professionalism in teaching.
Prerequisite(s): Admission to student teaching or supervised teaching.
Corequisite(s): SCED 5799G, MGED 5799G, or ESED 6799.

MSED 7132 Assessment of Student Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will emphasize a study of formal and informal assessments in order to maximize student learning. Emphasis is placed on strategies for collecting, analyzing, and using student performance data to modify instruction and increase student learning for all students.
Prerequisite(s): A minimum grade of "C" in MGED 6131 or SCED 6131.

MSED 7231 Hands-On Science for the Middle and Secondary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to introduce and promote the use of curricula, resources, and activities, which emphasize the use of hands-on inquiry science appropriate for middle and secondary schools. The course focuses on: the development of hand-on and interdisciplinary science curricula; research relative to the use of inquiry-based science; classroom implementation of science programs; and the development of process and inquiry skills. Emphasis will be placed on addressing local needs and resources in the area of science instruction. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field: biology, broad fields science, chemistry, physics, or middle grades science.

MSED 7232 Teaching the Great Ideas in Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to enhance students' understanding of the "Great Scientific Premises" that undergrad and integrate the science disciplines. Emphasis is placed on hands-on interaction with scientific principles and materials that will enhance the capacity of teachers to support their students' construction of scientific understanding. The course uses the ideas and experiences of both classical and/or contemporary scientists to engage teachers in a reflective opportunity to gain an appreciation of the rich extent of the history and nature of the scientific enterprise and to prepare them to help their students "make sense" of the science they are expected to learn. It is also designed in a way to engage teachers with the National Science Standards as they explore the science that is necessary to be a scientifically literate citizen of the United States. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field: biology, broad fields science, chemistry, physics, or middle grades science.

MSED 7331 Early Adolescent Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of pedagogical theory and practices for integrating contemporary early adolescent/young adult literature into the middle and secondary school curriculum. Course content will focus on making text selections, workshop approaches, literary circles, and reader response theory. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.
Cross Listing(s): FRMS 7331.

MSED 7333 Writing Instruction for the Middle and Secondary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines current research in the teaching of writing. Emphasis will be placed on a study of instructional strategies for prewriting, composing, revising, and editing. The course also examines models for integrating writing across subject areas in the middle and secondary schools. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.
MSED 7311 Teaching Geography in the Middle and Secondary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to assist social studies teachers implement the National Geographic Standards. These standards identify what every public school student should learn. The course will emphasize the benchmarks that have been adopted in order to assist teachers and curriculum specialists develop guidelines for their own classrooms and school systems.

MSED 7432 Teaching Social Studies in the Middle and Secondary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the place of social education in middle and secondary schools. In a seminar setting, students will analyze problems challenging middle and secondary school social studies educators including the knowledge base of social science education, teaching for active and responsible citizenship, making curricular choices, selecting appropriate instructional techniques, and assessing current trends in middle and secondary school social studies education. Candidates must tailor the course assignments and experiences to their specific grade levels and certification/content field: economics, geography, history, political science, or middle grades social studies.

MSED 7433 Teaching Business Education in the Secondary Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will examine current trends, issues, and research related to teaching Business Education in the secondary schools. Emphasis is placed on state and national business education standards, instructional strategies, assessments, and resources that have an impact on student learning. Candidates will examine, analyze, and reflect on current problems challenging business education teachers in the secondary schools.

MSED 7535 Teaching Middle Grades and Secondary Mathematics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth study of current content standards, methods and assessment strategies for teaching middle grades and secondary mathematics. Candidates must tailor their course assignments and experiences to their specific grade levels and certification/content field.

MSED 7635 MAT Seminar in Middle Grades and Secondary Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a seminar for the MAT in Middle Grades Education and Secondary Education programs. Emphasis is placed on a study of the historical and contemporary research, instruction, and recommended practices for effective middle and secondary schools. Current trends and issues in middle grades and secondary education will be examined. A classroom action research project is included.

Prerequisite(s): A minimum grade of "C" in MGED 6131 or SCED 6131, and a methods course with a minimum grade of "C".
Corequisite(s): Enrolled in MGED 5799G, or SCED 5799G, or MGED 6799, or SCED 6799.

MUSA 7191 Recital
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

MUSA 7192 Composition
1-3 Credit Hours. 0.5-1.5 Lecture Hours. 0 Lab Hours.

MUSA Applied Music

MUSA 5110G Coaching for Singers
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
The purpose of this course is to provide career-track singers with an opportunity to work with an expert on such matters as interpretation, diction, and artistic communication. Graduate students will have additional requirements as assigned by instructor.

Cross Listing(s): MUSA 5110.

MUSA 7100 Applied Music
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.

MUSA 7191 Recital
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

MUSA 7192 Composition
1-3 Credit Hours. 0.5-1.5 Lecture Hours. 0 Lab Hours.
MUSA 7199 Applied Conducting
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
N/A.

MUSA 7200 Applied Music
2 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

MUSA 7300 Applied Music
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.

MUSC Music

MUSC 5030G Selected Topics Music Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Specialized study of a specifically announced area in music literature. Graduate Students must complete an extra project for the course.
Cross Listing(s): MUSC 5030.

MUSC 5031G Selected Topics in Music
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics vary with individual professor. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5031.

MUSC 5231G Music in the Classic Period
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Classic period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5231.

MUSC 5232G Music in the Romantic Period
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Romantic period. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5232.

MUSC 5233G Music in the Contemporary Period
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory from the Contemporary period.
Cross Listing(s): MUSC 5233.

MUSC 5234G History of Opera
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory in opera history. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5234.

MUSC 5236G Jazz History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A jazz survey course which emphasizes the historical, musical, and chronological development of jazz music. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5236.

MUSC 5237G Symphonic Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of major historical trends, aesthetic and stylistic developments, significant figures, and selected repertory in symphonic literature. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5237.

MUSC 5239G Selected Topics in Music History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Specialized study of a specifically-announced area in music history. Graduate students must complete an extra project for this course.
Cross Listing(s): MUSC 5239.

MUSC 5332G Jazz Styles and Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of most of the major jazz styles which have been documented in recordings. Emphasis in post-1940's styles of big bands and combos, and in the musical analysis of those jazz styles. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): A minimum grade of "C" in MUSC 5312 and MUSC 5236 or MUSC 5236G.
Cross Listing(s): MUSC 5332.

MUSC 5411G Jazz Pedagogy
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Emphasizes the materials and methods available for the teaching of jazz music at all levels from middle school through university. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5411.

MUSC 5430G Advanced Choral Arranging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practical experience in arranging for various vocal combinations, score analysis, score reading, and manuscript preparation for publishers. Graduate students must complete an extra project for the course.
Cross Listing(s): MUSC 5430.

MUSC 5431G Advanced Instrumental Arranging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of issues and techniques in composing arrangements for various types of instrumental ensembles with practical experience.
Cross Listing(s): MUSC 5431.

MUSC 5432G Advanced Jazz Arranging
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of issues and techniques in composing arrangements for various types of jazz ensembles with practical experience.
Cross Listing(s): MUSC 5432.

MUSC 5539G Selected Topics in Music Technology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Specialized study of a specifically-announced area in music technology. Graduate students must complete an extra project for this course.
Cross Listing(s): MUSC 5539.

MUSC 5630G Music, Technology and Contemporary Culture
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the development of sound technology, the impact of music technology on listeners, performers, and composers, the diversification and globalization of musical styles, and the changing sociological roles of music in contemporary culture from both historical and ethnographic points of view. Students will also explore specific topics of their own interest in a seminar setting. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): MUSC 5630.

MUSC 6111 Method and Pedagogy, Violin/Viola I
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course emphasizes string techniques in terms of methodology with an organized method of teaching approaches.

MUSC 6112 Method and Pedagogy, Violin/Viola II
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course emphasizes string techniques in terms of methodology with an organized method of teaching approaches which will include practical training and repertoire application.
MUSC 6131 Music Reference Tools and Resources
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of basic and advanced reference sources and tools relating to music, both printed and on-line; methods for locating, evaluating, and citing manuscript and printed musical sources, including critical editions; resources for finding music-related materials on the Internet; and tools for dealing with music reference materials in foreign languages.

MUSC 6689 Topics in Music
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
A study of topics from selected areas of instrumental music, vocal music, piano music, or music education.

MUSC 6750 Graduate Internship
4 Credit Hours. 0 Lecture Hours. 4 Lab Hours.

MUSC 7039 Selected Topics in Music Pedagogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A specialized study of a specifically-announced area in music pedagogy.

MUSC 7092 Selected Topics in Music
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics vary with individual professor.

MUSC 7231 History and Philosophy of Music Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of historical and philosophical currents which have shaped current music education practices.

MUSC 7232 Research in Music Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a presentation of quantitative and qualitative research methods, with emphasis on connecting research to music learning and performance contexts. Students will develop skills in design, data interpretation, and application to practice.

MUSC 7239 Selected Topics in Music Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A specialized study of a specifically-announced area in music education.

MUSC 7300 Chamber Music Analysis and Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination, discussion, and analysis of selected chamber music literature from the Baroque to the present.

MUSC 7330 Advanced Analytical Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Techniques for analyzing form and other stylistic elements of music, emphasizing larger and more complex works; overview of major analytical methodologies; issues in interpreting published analytical research; combining analytical and historical research.

MUSC 7339 Selected Topics in Music Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A specialized study of a specifically-announced area in music theory.

MUSC 7430 Music and the Brain
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course investigates aspects of music performance, perception, understanding and skill development through a cognitive lens. Course materials will be drawn from recent neurological and behavioral research, as well as from popular press.

MUSC 7432 Choral Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to provide students with in-depth knowledge of choral literature. Students will study the major genres from the Pre-Renaissance to the present with emphasis on the mass, motet, requiem, and oratorio.

MUSC 7436 Wind Ensemble Literature Before 1950
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Survey of the historical development of wind band literature and ensembles up to 1950 with respect to composers, composition, performers, instrumentation, and events.

MUSC 7437 Wind Ensemble Literature After 1950
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Survey of the historical development of wind band literature and ensembles after 1950 with respect to composers, composition, performers, instrumentation, and events.

MUSC 7530 Digital Audio Montage
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Explores digital audio theory and practice, sound recording techniques, sound and music representation, sound transformation, and compositional methods of morphological montage through the creation and performance of musical works in the electronic medium.

MUSC 7533 Sound Design and Processing
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Examines sound design and processing through the use of the SuperCollider 3 programming language for musical digital signal processing. Students will explore fundamentals of object-oriented computer programming and musical digital signal processing through the creation and performance of musical works in the electronic medium and the creation of their own audio synthesis and transformation software.

MUSC 7534 Interactive Media
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Examines the use of interactivity in multimedia. Students will learn high-level programming concepts, algorithmic design, and digital signal processing principles using Cycling '74's Max software.

MUSC 7536 Audiovisual Composition
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
Examines the creation of cross-modal compositions, performance systems, and tools constructed at their core as audiovisual amalgamations. The course is grounded in the history of visual music and current threads that diverge from this historical foundation. Largely project-based, this course gives students the opportunity to create interactive multimedia, intermedia, and transmedia works that pull other modalities into a musical content.

MUSC 7610 Music Technology Seminar
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course explores a wide variety of topics in the music technology area. Topics shift per semester. Topics are explored through lectures and hands-on application.

MUSC 7630 Seminar in Advanced Conducting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Refinement of conducting and rehearsal techniques including issues related to preparation, gesture, blend and balance, intonation and diction, error detection, pedagogy, and rehearsal strategies. Includes supervised rehearsal and performance practicum. May be repeated for credit toward the degree.

MUSC 7633 Advanced Score Reading Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Score study techniques and discussion of issues in preparation for conducting across all areas of band, choral, orchestral, and mixed ensembles.

MUSC 7634 Music and the Brain
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course investigates aspects of music performance, perception, understanding and skill development through a cognitive lens. Course materials will be drawn from recent neurological and behavioral research, as well as from popular press.

MUSC 7639 Selected Topics in Conducting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A specialized study of a specifically-announced area in music conducting.

MUSC 7891 Special Problems in Music
1-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Topics vary with individual professor.

MUSC 7931 Music Education Final Project
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Planned Project, written or practical, directed by the student's project advisor.

MUSC 7932 Music Technology Final Project
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Planned project directed by the student's project advisor.
**MUSE Music Ensemble**

**MUSE 6114 Chamber Music Ensemble**  
1 Credit Hour. 0 Lecture Hours. 3 Lab Hours.  
None. MUSE courses do not have course descriptions in the catalog.

**MUSE 6210 University Band**  
1 Credit Hour. 0 Lecture Hours. 3-5 Lab Hours.  
MUSE courses are not listed in the catalog.

**MUSE 6211 Wind Symphony**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6212 Marching Band**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6213 Symphonic Wind Ensemble**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6214 Jazz Ensemble**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6215 Jazz Combo**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6216 Brass Ensemble**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6217 Percussion Ensemble**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6218 Woodwind Ensemble**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6219 Pep Band**  
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.  
Ensemble to support athletic and other events. Membership includes woodwind, brass, and percussion.

**MUSE 6311 University Singers**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6312 Southern Chorale**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6313 Women's Chorus**  
1 Credit Hour. 0 Lecture Hours. 3-5 Lab Hours.  
A select choral ensemble for women open to majors and non-majors who demonstrate superior ability in the audition process.

**MUSE 6314 Opera Theatre**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6411 Orchestra**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**MUSE 6414 String Ensemble**  
1 Credit Hour. 0 Lecture Hours. 1 Lab Hour.  

**MUSE 6511 Electronic Music Ensemble**  
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.  
None. MUSE courses do not have course descriptions in the catalog.

**MUSE 6514 Accompanying**  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  

**NTFS Nutrition and Food Sc**

**NTFS 6110 Culinary Skills**  
1 Credit Hour. 0 Lecture Hours. 2 Lab Hours.  
This course provides students with an understanding and application of the concepts of the basic principles of cooking, baking, and kitchen operations. In conjunction with the Georgia Southern Dietetic Internship, this course provides the knowledge and skills for direct application in supervised practice experiences and other food and nutrition settings.  
Prerequisite(s): Acceptance in the Georgia Southern Dietetic Internship or permission of the instructor.

**NTFS 7334 Applied Medical Nutrition Therapy**  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides an advanced focus on medical nutrition therapy to help students successfully apply the Nutrition Care Process to individuals from all life stages and disease states. In conjunction with the Georgia Southern Dietetic Internship, this course provides the knowledge for direct application and experience in the clinical nutrition setting.  
Prerequisite(s): Acceptance in the Georgia Southern Dietetic Internship.

**NTFS 7335 Public Health & Community Nutrition**  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides a focused and critical review of concepts applicable to public health and community nutrition - nutritional epidemiology; community needs assessment; public policy; federal, state, and local nutrition programs; nutrition requirements and services for infants, children, adolescents, adults and elderly; and food security & food supply in the U.S. Further, the role of nutrition education in improving public health and its application in developing nutrition intervention programs will be discussed. This course includes an emphasis on the role of the Registered Dietitian Nutritionist in health promotion and disease prevention in the public arena.

**NTFS 7336 School Nutrition Administration**  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides a focused, critical review and analysis of concepts applicable to school nutrition administration - legislation and regulations; organizational leadership and management; human and financial resource management; menu planning; sustainability; facility design; procurement; food production; program planning, implementation, and evaluation; marketing; and nutrition education. This course includes a special emphasis on the role of the Registered Dietitian in school nutrition administration. In conjunction with the Georgia Southern Dietetic Internship, this course provides the knowledge and skills for the direct application and experience in the school nutrition setting.  
Prerequisite(s): Acceptance into the Georgia Southern University Dietetic Internship.

**NTFS 7338 Micronutrient Metabolism**  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course considers micronutrient metabolism in sports nutrition at an advanced level with respect to the metabolism, function, and requirements of micronutrients for physical activity.  
Prerequisite(s): A minimum grade of "C" in KINS 7337 and acceptance into the Georgia Southern University Dietetic Internship.

**NTFS 7339 Energy Balance for Weight Management**  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course analyzes the importance of energy balance in weight management as well as investigates genetic, metabolic, environmental factors that contribute to overweight and obesity. Physiological and psychological consequences of overweight and obesity as well as the roles of diet, behavior, and exercise in its prevention and treatment will be discussed. Special emphasis will be placed on the application of weight management theory to the development, presentation, and analysis of weight loss and weight maintenance protocols.  
Prerequisite(s): A minimum grade of "C" in KINS 7338 and acceptance into the Georgia Southern University Dietetic Internship.

**NTFS 7430 Health Behavior in Nutrition**  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides a focused and critical review of concepts applicable to working with clients in nutrition education and nutrition counseling settings to promote behavior change. This course includes a special emphasis on theories of health behavior change and on promoting health behavior change through motivational interviewing.
NURS Nursing

NURS 6101  Chronic Care Management I
4 Credit Hours.  4 Lecture Hours.  0 Lab Hours.
Exploration and Evaluation of Chronic Care Conditions across the lifespan with a specific focus on those affecting clients of managed care eligibility. Local, Regional, State and National evaluation of prevalent Chronic Care Conditions, their demographic, cultural and economic dispositions. Identify target population of interest and develop at least 3 collaborative resources for potential care management implementation.

NURS 6103  Chronic Care and Pharmacology Management II
4 Credit Hours.  4 Lecture Hours.  0 Lab Hours.
Build network partnership throughout healthcare service networks to develop chronic care management programs related to focus population. Develop chronic care management resources, documentation strategies and outreach resources to meet the needs of the population and meet the CMS criteria for Chronic Care Management reimbursement services. Clinical time will be applied and can encompass networking, program development and outcome evaluations for collaborative partners. Students will identify at least one funding resource potential to support gaps in service and care coordination for a specific population.

NURS 6106  Chronic Care Management and Advanced Health Assessment Capstone
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Complete Chronic Care Management Guide for focus population. Collaborate with network partners to support implementation of Chronic Care Management Program. Clinical time will be applied and will encompass research utilization, designing a funding application and/or support program related to focus area/s for future program implementation and completion of resources to support long term Chronic Care Management Services.

NURS 6205  Curriculum Design and Evaluation in Nursing Education
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course explores the processes of curriculum design and program development and in nursing education. The elements of the philosophical and contextual foundation of a curriculum, the application of professional standards and implementation and evaluation of both a curriculum and an educational program are explored.

NURS 6208  Assessment, Measurement and Evaluation in Nursing Education
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course focuses on the examination of a range of assessment methods, techniques, devices, and strategies and ways to determine appropriate assessments for measuring student learning and curricular goals in both theoretical and clinical applications.

NUTR 7790  Practicum in Nutrition and Dietetics
1-5 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Permits the student to receive minimum 1200 hours supervised practice experience in accordance with Accreditation Council for Education in Nutrition and Dietetics (ACEND) requirements. The Internship Director establishes the practicum schedule providing sufficient opportunity for the student to demonstrate the ACEND core competencies needed for entry-level practice as a registered dietitian nutritionist. Individual and group meetings and on-line learning models are incorporated to enhance supervised practice learning. Recommend dietetic interns enroll in 2-credits Fall and Spring semester reflecting 32-40 hour per week supervised practice experience.

Prerequisite(s): Acceptance into the Georgia Southern University Dietetic Internship.

NURS 7090  Selected Topics Nursing
6 Credit Hours.  0-6 Lecture Hours.  0-36 Lab Hours.
Provides a mechanism for offering courses on selected topics in nursing.

Cross Listing(s): NURS 7090S.

NURS 7110  Scholarly Writing at the Graduate Level
1 Credit Hour.  0 Lecture Hour.  0 Lab Hours.
Focuses on evidence-based knowledge, skills, and attitudes for scholarly writing development. This online course examines the processes of translating and integrating scholarship into practice as well as the dissemination of evidence-based findings to diverse audiences through scholarly writing. Emphasis will be placed on advanced information searches, analytical reasoning and writing strategies relevant to the practice of advanced professional nursing, scholarly writing in the form of a manuscript using peer-reviewed journal guidelines, the generation of complex scholarly writing, and appropriate citation format according to the American Psychological Association (APA).

Prerequisite(s): Admission to the BSN-DNP Program.

NURS 7121  Theoretical Basis for Clinical Scholarship
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
This course explores the scientific underpinnings and theories from nursing and related disciplines in the application to clinical practice. The student is prepared for the implementation and integration of evidence-based practice. The framework for professional practice and professional role activities is developed from the current American Nurses’ Association Nursing: Scope and Standards of Practice.

Prerequisite(s): Admission to the BSN-DNP Program.

NURS 7122  Research Design and Dissemination
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
This course is designed to enhance your ability to understand and critique nursing research applicable to advanced nursing practice. This course is intended to prepare individual students to participate as a member of a clinical research team. Current professional and practice standards/guidelines provide the foundation for this course. The framework for professional practice and professional role activities is developed from the American Nurses’ Association Nursing: Scope and Standards of Practice.

Prerequisite(s): Admission to the BSN-DNP Program.

NURS 7123  Psychodynamics of Health
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
Family theoretical frameworks are used to explore the influence of psychological, cultural, and social aspects of rural/urban life on health. Health care problems and issues of concern to advanced practice nursing providing care to rural and urban families will be compared and contrasted. Techniques for screening at-risk families to facilitate early case finding and strategies for health maintenance and health promotion are included.

NURS 7128  Epidemiology
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
This course introduces the basic principles and methods of epidemiology, with an emphasis on clinical judgment and application to clinical practice for the advanced practice nurse (APN). Epidemiology is studied in relation to the changing health care system and environmental hazards. Principles and methods of epidemiologic investigation, appropriate summaries and displays of data, and the use of classical statistical approaches to determine patterns of health, health promotion, and disease prevention within the environment are examined. The framework for professional practice and professional role activities is developed from the current American Nurses’ Association Nursing: Scope and Standards of Practice.

NURS 7129  Role Transition for APRN
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
This course explores the scientific underpinnings that provide the foundation for advanced practice nursing and the multiple roles of the advanced practice registered nurse in the evolving healthcare environment.
NURS 7130 Health Policy Concerns in Delivery Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines how the advanced practice nurse can obtain and use knowledge of the American healthcare system to explore economically and politically feasible policy changes that could improve the efficiency and effectiveness of delivery of healthcare. Ethical inquiry addresses access to healthcare and the disposition of scarce resources. This course is intended to prepare the future advanced practice nurse to be a member of an interprofessional team to advocate for matters of access and delivery of healthcare issues. The framework for professional practice and professional role activities is developed from the American Nurses’ Association Nursing: Scope and Standards of Practice (2010).

NURS 7135 Informatics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course prepares the APRN to utilize informatics and health care technologies in the management of individuals, groups and organizations for the improvement of patient outcomes. The course will introduce and explore the use of information technology and applications used by health care professionals to support health in clinical practice, education, research, and administration. This is an online course.
Prerequisite(s): Admission to graduate nursing program.

NURS 7136 Theoretical Perspectives of Teaching and Learning in Nursing Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the theoretical underpinnings that provide the foundation for teaching and learning in nursing education. A broad vae of theoretical perspectives in developmental psychology and education as applied to the needs of learners are covered. The role of the nurse educator is explored to meet the teaching needs of diverse learners in diverse learning environments designers and strategies to assess learning experiences from the standpoint of learner and instructor are investigated. Course includes exploring the nurse educator role as a leader in the academic community and cultivation of teaching, scholarship and service activities.

NURS 7137 Curriculum Design and Evaluation in Nursing Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the processes of curriculum design and program development and in nursing education. The elements of the philosophical and contextual foundation of a curriculum, the application of professional standards and implementation and evaluation of both a curriculum and an educational program are explored.

NURS 7138 Teaching Strategies and Methods in Nursing Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores a broad array of creative classroom and clinical learner-centered teaching strategies, particularly those that promote critical thinking and facilitate active student learning. Frameworks, tools, and experiences to select, evaluate, and use teaching strategies appropriate to a variety of learning environments in nursing education are explored. An assessment of learning experiences from the standpoint of self, learner and instructor as well as appropriate assessment strategies to address teaching and learning issues and situations are addressed. Course content will include a focus on the use of technology in classroom and clinical nursing education.
Prerequisite(s): A minimum grade of “B” in NURS 7136.

NURS 7139 Assessment, Measurement and Evaluation in Nursing Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the examination of a range of assessment methods, techniques, devices, and strategies and ways to determine appropriate assessments for measuring student learning and curricular goals in both theoretical and clinical applications.
Prerequisite(s): A minimum grade of “B” in NURS 7138.

NURS 7141 Pathophysiology and Differential Diagnosis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The advanced concepts of pathophysiology that alter and/or disrupt body system functioning in the adult and child patient are explored. Clinical findings and diagnostic approaches are emphasized. Current and emerging biomedical research is integrated and lays the foundation for advanced practice nursing. Having knowledge of pathophysiology concepts provide the foundation for determining differential diagnosis related to patient complaints and physical findings.

NURS 7142 Advanced Pharmacology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Pharmacotherapeutic principles for advanced nursing management of patients across the lifespan will be explored. The legal, professional and evidence-based dimensions of prescribing are addressed.

NURS 7143 Advanced Health Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Advanced health assessment builds on undergraduate assessment skills and knowledge across the lifespan in diverse populations. Recognition of pathological signs and symptoms associated with illness and assessment of health promotion needs are emphasized.
Prerequisite(s): A minimum grade of “B” in NURS 7141.
Corequisite(s): NURS 7710.
Cross Listing(s): NURS 7710.

NURS 7234 Primary Care Clinical 3: Adult Health
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
This course explores the role of the family nurse practitioner in the provision of primary health care to the adult and older client within the scope of practice of the nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family and community. A total of 180 hours of clinical experience in a rural/urban ambulatory primary care setting providing care to the adult and older population is required.
Prerequisite(s): NURS 5230G and NURS 5210G and NURS 6134 and NURS 6135.
Corequisite(s): NURS 7243.

NURS 7244 Primary Care 3: Adult Health
4 Credit Hours. 4 Lecture Hours. 0 Lab Hours.
This course explores the role of the family nurse practitioner in the provision of primary health care to the adult client in rural/urban ambulatory care settings. Emphasis is placed on health maintenance/promotion and the management of adult health within a transcultural context of family/ community.
Corequisite(s): NURS 7234.

NURS 7432 Comm Epi Health Prom APN
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

NURS 7532 Chronic Care Management I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration and Evaluation of Chronic Care Conditions across the lifespan with a specific focus on conditions affecting clients of managed care eligibility and chronic diseases. Local, Regional, State and National evaluation of prevalent Chronic Care Conditions, their demographic, cultural and economic dispositions and practice standards.
Prerequisite(s): Acceptance into the Graduate School at Georgia Southern University and Completion of a Bachelor’s Degree from an accredited college.
NURS 7542 Chronic Care Management II
4 Credit Hours. 2 Lecture Hours. 6 Lab Hours.
In this course students will begin to develop expertise in the care of patients with chronic illness through exploration of the various models of chronic care management. They will assess patient needs and develop an interdisciplinary care plan that includes patient resources, a teaching plan, and means of evaluation. Ethical issues, quality improvement, and patient safety for this population will be explored. The course includes 90 hours of clinical experiences in a variety of health care settings in both inpatient and outpatient environments. Clinical time may be applied and can encompass networking, plan development, and outcome evaluations with collaborative partners.
Prerequisite(s): A minimum grade of "B" in all of the following: NURS 7141, NURS 7142, NURS 7143, NURS 7532, NURS 7710.

NURS 7543 Chronic Care Management Capstone
4 Credit Hours. 2 Lecture Hours. 6 Lab Hours.
The CCM capstone course provides 90 hours of clinical experiences in a variety of health care settings in both inpatient and outpatient environments. This course allows students to synthesize and apply theoretical, evidence based interventions from the knowledge gained in all required courses. A special emphasis is placed on vulnerable populations who suffer from two of more chronic medical conditions. Learning activities will provide an opportunity for application of the learning experience and will include topics necessary to prepare students to assume leadership roles within healthcare environments. Components of insurance reimbursement and interprofessional collaboration will be discussed.
Prerequisite(s): A minimum grade of "B" in all of the following: NURS 7141, NURS 7142, NURS 7143, NURS 7710, NURS 7532, NURS 7542.

NURS 7710 Advanced Health Assessment Clinical
1 Credit Hour. 0 Lecture Hours. 6 Lab Hours.
Advanced health assessment- clinical course requires precepted hours in a primary care setting to refine undergraduate assessment skills across the lifespan in diverse populations. Oral, written, and electronic documentation and communication is developed. Campus visits may be required.
Prerequisite(s): A minimum grade of "B" in NURS 7141. Corequisite(s): NURS 7143. Cross Listing(s): NURS 7133.

NURS 7720 Clinical Specialty Practicum
3 Credit Hours. 0 Lecture Hours. 135 Lab Hours.
This course emphasizes the enhancement of clinical proficiency through focused and sustained clinical experiences designed to strengthen patient care delivery skills as well as understanding of organizational dynamics. The clinical experiences afford the student the opportunity to focus on a population of interest or a specific clinical role. Teaching strategies and methods focusing on high quality and safe nursing practices will be applied in field experiences under the direct supervision of qualified nurse preceptors. 135 contact hours.
Prerequisite(s): A minimum grade of "B" in NURS 7136 and NURS 7137.

NURS 7721 Nursing Education Capstone
3 Credit Hours. 0 Lecture Hours. 135 Lab Hours.
This capstone educational experience course provides an opportunity to integrate the role of the nursing educator in a real-world context. Student-centered educational activities will be developed that incorporate pedagogy, instructional design, curriculum development, and assessment of learner outcomes within a nursing course under the guidance of an experienced nurse educator. 135 contact hours.
Prerequisite(s): A minimum grade of "B" in all of the following: NURS 7136, NURS 7137, NURS 7138, NURS 7720.

NURS 7890 Independent Study - Graduate
6 Credit Hours. 0-6 Lecture Hours. 0-36 Lab Hours.
Allows the graduate student the opportunity to investigate an area of interest under the direction of a faculty member.
Prerequisite(s): Permission of instructor.

NURS 8231 Theoretical Perspectives of Teaching and Learning in Nursing Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the theoretical underpinnings that provide the foundation for teaching and learning in nursing education. A broad base of theoretical perspectives in developmental psychology and education as applied to the needs of learners are covered. A variety of strategies to meet the teaching needs of diverse learners in diverse learning environments are explored and evaluated. Professional standards to inform the practice of instructional designers and strategies to assess learning experiences from the standpoint of learner and instructor are investigated.

NURS 8232 Instructional Design and Assessment in Nursing Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the processes of instructional design, curriculum development and assessment of learner outcomes in nursing education. The elements of the philosophical and contextual foundation of a curriculum, the application of professional standards and implementation and evaluation of both a curriculum and an educational program are explored. Course content focuses on the examination of a range of assessment methods, techniques, devices, and strategies and ways to determine appropriate assessments for measuring student learning and curricular goals.

NURS 8233 Learner-Centered Teaching: Creative Classroom and Clinical Education in Nursing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores a broad array of creative classroom and clinical learner-centered teaching strategies, particularly those that promote critical thinking and facilitate active student learning. Frameworks, tools, and experiences to select, evaluate, and use teaching strategies appropriate to a variety of learning environments in nursing education are explored. An assessment of learning experiences from the standpoint of self, learner and instructor as well as appropriate assessment strategies to address teaching and learning issues and situations are addressed. Course content will include a focus on the use of technology in classroom and clinical nursing education.

NURS 8234 Nursing Education Cognate Capstone
3 Credit Hours. 1 Lecture Hour. 0 Lab Hours.
This capstone educational experience course provides an opportunity to integrate the role of the nursing educator in a real-world context. Student learner-centered educational activities will be developed that incorporate pedagogy, instructional design, curriculum development, and assessment of learner outcomes within a nursing course under the guidance of an experienced nurse educator. 180 contact hours.
Prerequisite(s): A minimum grade of "B" in NURS 8231 and NURS 8232 and NURS 8233.

NURS 8235 FNP I - Pediatrics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the role of the family nurse practitioner in the provision of primary health care to the pediatric client in ambulatory care settings. Emphasis is placed on health maintenance/promotion and the management of pediatric health within a transcultural, rural/urban, family and community context.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses. Corequisite(s): NURS 8721.
NURS 8236 FNP II - Women's Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the role of the nurse practitioner in the provision of primary health care to women in rural/urban ambulatory care settings who present for gynecological and prenatal care. Emphasis is placed on health maintenance/promotion and the management of women's health concerns within the transcultural context of family/community.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8722.
NURS 8237 FNP III - Adult and Gerontology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the role of the Family Nurse Practitioner in the provision of primary health care to the adult and gerontological client in a rural/urban ambulatory care setting. Emphasis is placed on health maintenance/promotion and the management of adult health within the trans-cultural context of family/community.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8723.
NURS 8314 Vulnerable Populations
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
This course explores the role of the psychiatric mental health nurse practitioner in the provision of specialty health care to vulnerable populations with psychiatric/mental health conditions in rural/urban care settings such as prisons, shelters, emergency departments and various community agencies. Emphasis is placed on prevention, system assessment, program development, and population management utilizing translational research in context of the community as well as advocacy and policy development as it relates to mental health.
NURS 8331 An Interprofessional Collaboration Approach for Patients with Multiple Chronic Conditions 1
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to introduce students to collaborative practice among various disciplines of study in order to care for vulnerable persons with multiple chronic conditions.
NURS 8332 An Interprofessional Collaboration Approach for Patients with Multiple Chronic Conditions 2
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide students an opportunity to collaborate together in interprofessional teams to utilize professional competencies to provide appropriate care to persons with multiple chronic conditions in theoretical situations.
Prerequisite(s): A minimum grade of "B" in NURS 8331.
NURS 8333 Interprofessional Collaboration for Patients with Multiple Chronic Conditions with Practicum 1
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course will provide students the opportunity to work using interprofessional teams in the clinical setting to address the health status of vulnerable persons with multiple chronic conditions.
Prerequisite(s): A minimum grade of "B" in NURS 8332.
NURS 8334 Interprofessional Collaboration for Patients with Multiple Chronic Conditions with Practicum 2
3 Credit Hours. 1 Lecture Hour. 4 Lab Hours.
This course will allow students to use the theoretical concepts learned from previous courses to care for persons with multiple chronic conditions in authentic situations seen in the clinical environment.
NURS 8335 PMHNP I - Mental Health Care of the Individual
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the role of the psychiatric mental health nurse practitioner in the provision of specialty health care to individuals, with psychiatric/mental health conditions in rural/urban care settings. Emphasis is placed on assessment, diagnosis and treatment and the management of mental health, as well as health maintenance/promotion across the lifespan within a transcultural context across settings.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8724.
NURS 8336 PMHNP II - Care of the Individual and Family with Substance Abuse
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course explores the role of the psychiatric mental health nurse practitioner in the provision of specialty health care to individuals and families with substance use disorders. Advanced nursing care across the treatment spectrum is addressed, including prevention, acute care, and recovery/long term care. Emphasis is placed on assessment, diagnosis and treatment and the management of mental health, as well as health maintenance/promotion within a transcultural context in groups, families and community.
Prerequisite(s): Minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8725.
NURS 8337 PMHNP III - Complex Mental Health Care of Special Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the role of the psychiatric mental health nurse practitioner in the provision of specialty psychiatric care to vulnerable populations such as children, elders and individuals with special needs including psychiatric/mental health conditions in rural/urban care settings. Emphasis is placed on assessment, diagnosis and treatment, especially of those with complex needs, as well as health maintenance/promotion within a transcultural, community context.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8726.
NURS 8431 AC I - Adult and Gerontology Acute Care I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This foundational course provides an introduction into the role of the acute care nurse practitioner, selected health conditions and special considerations for the older adult. Through advanced nursing assessment, diagnosis, and management, episodic acute and chronic deviations occurring across the continuum of acute care settings common to the adult and geriatric populations are examined. Health promotion and disease prevention, quality and patient safety concepts are integrated.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8727.
NURS 8432 AC II - Adult and Gerontology Acute Care II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
There is continued focus on advanced practice assessment, diagnosis and management of acute exacerbations of chronic disease states as well as comorbid and complex conditions across the continuum of acute care settings in the adult and geriatric population. Health promotion and disease prevention, quality and patient safety concepts are integrated.
NURS 8728 must be taken concurrently.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8728.
NURS 8433 AC III - Adult and Gerontology Acute Care III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The final course of the AG-ACNP program, continues to focus on the role of the advanced practice nurse leading interprofessional teams in the care of patients with significant alterations in health including acute and critical illnesses. Continued focus on advanced nursing assessment, diagnosis, and management of highly complex adult-gerontological patients in high acuity settings. Health promotion and disease prevention, quality and patient safety concepts are integrated.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8729.
NURS 8531  PC I - Adult and Gerontology Primary Care I
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focus is on primary care management of adult clients experiencing minor health deviations. Emphasis is placed on the health promotion and disease prevention needs of clients. Discussion includes nursing theoretical bases, critical thinking skills and scientific inquiry for care of adults in a variety of clinical settings. Selected roles of the Adult Nurse Practitioner are addressed within the course. The framework for professional practice and professional role activities is developed from the American Nurses’ Association Nursing: Scope and Standards of Practice.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8731.

NURS 8532  PC II - Adult and Gerontology Primary Care II
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The framework for professional practice and professional role activities is developed from the current American Nurses’ Association Nursing: Scope and Standards of Practice. Focus is on primary care management of adult-geriatric clients with an emphasis on identification of major chronic deviations from health and wellness. Application of nursing theoretical frameworks, critical thinking skills and scientific inquiry is a major focus in the health promotion and restoration of clients to their optimum level of wellness. Facets of advanced nursing practice as well as professional standards are integrated.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8732.

NURS 8533  PC III - Adult and Gerontology Primary Care III
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This final course provides an opportunity for synthesis of knowledge and evidenced based practice in Primary Care settings providing care to clients with a variety of health issues. A case study focus with emergent client presentations is utilized in much of the didactic discussion to assist the student in refining knowledge and decision-making skills. Another major focus of the course is on preparation and assimilation of Nurse Practitioner competencies, roles and function. The Advanced Practice Roundtable Seminar allows discussion of the multiple regulatory, practice, ethical and legal dimensions of advanced nursing practice.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8733.

NURS 8620  Capstone Practice and Professional Issues
2 Credit Hours.  1 Lecture Hour.  6 Lab Hours.
The Capstone Professional Issues course is the culmination of advanced assessment, practice and management of diverse populations across the lifespan. This course will also focus on the multiple regulatory, practice, ethical and legal dimensions of APRN practice. The APRN student will complete 90 hours of clinical experience in a variety of rural/urban health care settings based on the student’s current APRN clinical track.
Prerequisite(s): Graduate Core, Advanced Practice, and Specialty Courses.
Corequisite(s): NURS 7130.

NURS 8721  FNPC I - Pediatric Clinical
2 Credit Hours.  0 Lecture Hours.  12 Lab Hours.
This course requires the application of theoretical concepts relative to the provision of health care to the pediatric client within the scope of practice of the family nurse practitioner. Students will complete 180 precepted clinical hours in a pediatric primary care setting.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8235.

NURS 8722  FNPC II - Women’s Health Clinical
2 Credit Hours.  0 Lecture Hours.  12 Lab Hours.
This course requires the application of theoretical concepts relative to the provision of primary health care to the female client within the scope of practice of nurse practitioner. Group discussions will provide the opportunity for student learning synthesis while incorporating transcultural strategies for the client, family, and community. A total 180 hours of clinical experience in a primary care obstetrical/gynecological setting providing care to women experiencing reproductive or lifestyle concerns and pregnancy or gynecological conditions is required.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8236.

NURS 8723  FNPC III - Adult and Gerontology Clinical
2 Credit Hours.  0 Lecture Hours.  12 Lab Hours.
This course requires the application of theoretical concepts relative to the provision of healthcare to the adult/gerontological client within the scope of practice of the Family Nurse Practitioner. Group discussion will provide the opportunity for students learning synthesis while incorporating transcultural strategies for the client, family, and community. A total of 180 hours of clinical experience in a rural or urban ambulatory primary care setting providing care to the adult population is required.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8237.

NURS 8724  PMHNPC I - Mental Health Care of the Individual Clinical
2 Credit Hours.  0 Lecture Hours.  12 Lab Hours.
This course requires the application of advanced practice nursing models with clients that have complex psychiatric illnesses or are at high risk with focus on care of the individual. Collaborative process in therapy, consultation, and planned change with use of assessment, diagnostics, individual therapy modalities, and the utilization of pharmacotherapeutics. The nursing process and therapeutic alliance for medication compliance will be emphasized. A total of 180 hours of clinical experience in a mental health setting is required.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8335.

NURS 8725  PMHNPC II - Care of the Individual and Family with Substance Abuse Clinical
2 Credit Hours.  0 Lecture Hours.  12 Lab Hours.
This course requires students to apply advanced practice nursing models with clients with substance use and related disorders. Collaborative process in therapy, consultation, and planned change with use of assessment, diagnostics, individual and group therapy modalities, and the utilization of pharmacotherapeutics. A total of 180 hours of clinical experience in a mental health setting incorporating substance abuse services is required.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8336.

NURS 8726  PMHNPC III - Complex Mental Health care of Special Populations Clinical
2 Credit Hours.  0 Lecture Hours.  12 Lab Hours.
This course explores the role of the psychiatric mental health nurse practitioner in the provision of specialty psychiatric care to vulnerable populations such as children, elders and individuals with special needs including psychiatric/mental health conditions in rural/urban care settings. Emphasis is placed on assessment, diagnosis and treatment, especially of those with complex needs, as well as health maintenance/promotion within a transcultural, community context.
Prerequisite(s): A minimum grade of "B" in BSN-DNP Core courses.
Corequisite(s): NURS 8337.
NURS 8727 ACC I - Adult and Gerontology Acute Care Clinical I
2 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
Application of theoretical and clinical concepts through practice of the role
of the advance practice registered nurse within the scope of practice of
the adult-gerontology acute care nurse practitioner. A total of 180 hours
of clinical experience in an approved acute care setting providing care
to the adult and gerontology population is required. NURS 8431 Adult-
Gerontology Acute Care I must be taken concurrently.
Prerequisite(s): A minimum grade of “B” in BSN-DNP Core courses.
Corequisite(s): NURS 8431.
NURS 8728 ACC II - Adult and Gerontology Acute Care Clinical II
2 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
Application of theoretical and clinical concepts through practice of the role
of the advance practice registered nurse within the scope of practice of
the adult-gerontology acute care nurse practitioner with a focus on acute and
complex, comorbid conditions. A total of 180 hours of clinical experience in an
approved acute care setting providing care to the adult and gerontology
population is required. NURS 8432 Adult-Gerontology Acute Care II must
be taken concurrently.
Prerequisite(s): A minimum grade of “B” in BSN-DNP Core courses.
Corequisite(s): NURS 8432.
NURS 8729 ACC III - Adult and Gerontology Acute Care Clinical III
2 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
Application of theoretical and clinical concepts through practice of the role
of the advance practice registered nurse within the scope of practice of
the adult-gerontology acute care nurse practitioner with a focus on high acuity and critical illness. A total of 180 hours of clinical experience in an
approved acute care setting providing care to the adult and gerontology
population is required. NURS 8433 Adult-Gerontology Acute Care III must
be taken concurrently.
Prerequisite(s): A minimum grade of “B” in BSN-DNP Core courses.
Corequisite(s): NURS 8433.
NURS 8731 PCC I - Adult and Gerontology Primary Care Clinical I
2 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
Focus is on primary care management of adult clients experiencing
minor health deviations. Emphasis is placed on the health promotion and
disease prevention needs of clients. Discussion includes nursing
theoretical bases, critical thinking skills and scientific inquiry for care
of adults in a variety of clinical settings. Selected roles of the Adult Nurse Practitioner are addressed within the course. The framework for
professional practice and professional role activities is developed from
the American Nurses’ Association Nursing: Scope and Standards of Practice.
Prerequisite(s): A minimum grade of “B” in BSN-DNP Core courses.
Corequisite(s): NURS 8531.
NURS 8732 PCC II - Adult and Gerontology Primary Care Clinical II
2 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
The framework for professional practice and professional role activities
is developed from the current American Nurses’ Association Nursing:
Scope and Standards of Practice. Focus is on primary care management of adult-geriatric clients with an emphasis on identification of major chronic deviations from health and wellness. Application of nursing theoretical
frameworks, critical thinking skills and scientific inquiry is a major focus in
the health promotion and restoration of clients to their optimum level of wellness. Facets of advanced nursing practice as well as professional
standards are integrated.
Prerequisite(s): A minimum grade of “B” in BSN-DNP Core courses.
Corequisite(s): NURS 8532.
NURS 8733 PCC III - Adult and Gerontology Primary Care Clinical III
2 Credit Hours. 0 Lecture Hours. 12 Lab Hours.
This final course provides an opportunity for synthesis of knowledge and
evidenced based practice in Primary Care settings providing care to clients
with a variety of health issues. A case study focus with emergent client presentations is utilized in much of the didactic discussion to assist the
student in refining knowledge and decision-making skills. Another major
focus of the course is on preparation and assimilation of Nurse Practitioner competencies, roles and function. The Advanced Practice Roundtable Seminar allows discussion of the multiple regulatory, practice, ethical and legal dimensions of advanced nursing practice.
Prerequisite(s): A minimum grade of “B” in BSN-DNP Core courses.
Corequisite(s): NURS 8533.
NURS 9101 Theoretical Basis for Clinical Scholarship
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course explores the scientific underpinnings and theories from
nursing and related disciplines in the application to clinical practice. The
student is prepared for the implementation and integration of evidence-
based practice. The framework for professional practice and professional role activities is developed from the current American Nurses’ Association Nursing: Scope and Standards of Practice.
Prerequisite(s): Admission to the BSN-DNP.
NURS 9102 Research Design and Dissemination
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
This course is designed to enhance your ability to understand and critique
nursing research applicable to advanced nursing practice. This course is
intended to prepare individual students to participate as a member of
a clinical research team. Current professional and practice standards/guidelines provide the foundation for this course. The framework for
professional practice and professional role activities is developed from
the American Nurses’ Association Nursing: Scope and Standards of Practice.
Prerequisite(s): Admission to the BSN-DNP Program.
NURS 9103 Psychodynamics of Health
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Holistic and humanistic family theoretical frameworks are used to
explore evidence based nursing practice in the recognition, assessment,
management and/or referral of individuals experiencing emotional, psycho-
biopharmacokinetic, developmental and psychiatric disorders. Health care
problems and issues of concern to advanced practice nursing providing
care to rural and urban families will be compared and contrasted.
NURS 9104 Pathophysiology and Differential Diagnosis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The advanced concepts of pathophysiology that alter and/or disrupt
body system functioning in the adult and child patient are explored.
Having knowledge of pathophysiology concepts provide the foundation for
determining differential diagnosis (es) related to patient complaints and
physical findings.
NURS 9105 Advanced Pharmacology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Builds upon the pharmacological knowledge base of the student
in an advanced practice nursing major. Pharmacology and
pharmaco-therapeutics for selected drug classifications and prototype
drugs used in primary care settings are explored. Selected primary
care disorders are discussed related to appropriate pharmacological
management.
NURS 9106 Informatics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will introduce the student to important informatics tools that are currently being utilized in healthcare to ensure safe and quality care. Students will develop knowledge and skills in clinical information systems, strategic planning, project management, and a variety of technologies. Electronic Health Records (EHR), telehealth, personal reference management software, Evidence-Based Practice (EBP), and HIPAA will be emphasized.

NURS 9107 Epidemiology  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
This course provides an introduction to the principles of epidemiology and transcultural healthcare competence, with an emphasis on clinical judgment, as applied to patient populations served by advanced practice nurses (APN). Emphasis is placed on preparing APNs to utilize the principles of epidemiology to assist vulnerable populations in achieving a higher level of wellness within their cultural and environmental contexts.

NURS 9108 Advanced Health Assessment  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This health assessment course builds on basic assessment to evaluate persons across the life span within a transcultural context. Principles and techniques necessary to complete a total health history, developmental assessment, nutritional evaluation, physical examination and documentation of findings to form a data base on the individual, pregnant female and newborn are included. Recognition of pathological signs and symptoms associated with illness and assessment of health promotion needs are emphasized. Selected diagnostic procedures are covered.  
Prerequisite(s): Minimum grade of “B” in: NURS 9104 and NURS 9105.  
Corequisite(s): NURS 9708.

NURS 9109 Role Transition for APRN  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
The course explores the theoretical and scientific underpinnings that provide the foundation for the advanced practice nurse (APN) in the Doctor of Nursing Practice role. A variety of advanced practice role-related topics will be covered that highlight leadership, scholarship, advocacy, evidence based practice, and professional development. Practice issues, settings, and models of care will be examined along with influencing factors.

NURS 9110 Health Policy Concerns in Delivery Systems  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The relationship of economics to policy development and to health outcomes are examined from regional, state, national, and global perspectives. Students will explore the American governmental superstructure of the healthcare system, relevant laws and regulations, and its influence on practice. Fundamental principles of micro and macroeconomics are related to healthcare delivery systems. Quantitative decision-making models are examined, compared, and contrasted with intangible aspects of decision-making and policy development. Ethical inquiry addresses access to healthcare and utilization and dispersion of scarce resources.

NURS 9113 Biometrics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Course provides foundation for the application of statistical analysis to investigate underlying relationships in health care data relevant to advanced practice nursing. Students will gain an understanding of when and why to use biostatistical techniques as well as how to apply them with confidence and interpret their output, using statistical computer software.

NURS 9123 Biomedical Ethics  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
This course is designed to present ethical principles preparing the Advanced Practice Registered Nurse (APRN) to guide patients, families, and communities through the complex maze of ethical dilemmas. Students will use evidence-based nursing and interprofessional literature to analyze ethical dilemmas that arise in practice. Through the philosophical study of morality as applied to biomedical ethics in current health care systems, APRNs will be able to help people arrive at culturally sensitive and individually appropriate solutions that focus on protecting vulnerable individuals and restoring health.

NURS 9124 Outcomes Management  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
Course Provides the foundation to conduct comprehensive outcomes management initiatives to improve health care. Theoretical models, analytic methods, and evaluation strategies will be explored and critiqued as they relate to outcomes management. Connections between nursing-sensitive outcomes, outcomes management strategies, and patient population characteristics in healthcare systems will be emphasized.

NURS 9125 Role Transition for DNP Prepared APRN's  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
The course explores the theoretical and scientific underpinnings that provide the foundation for the advanced practice nurse (APN) role. A variety of advanced practice role-related topics will be covered that highlight leadership, scholarship, advocacy, evidence based practice, and professional development.

NURS 9143 Population Focused Collaborative Initiative  
3 Credit Hours. 2 Lecture Hours. 6 Lab Hours.  
Course prepares the APN to investigate a vulnerable population in collaboration with health care partner. The student will develop the ability to assume a consultant role in procuring fiscal resources to improve health care outcomes for diverse populations.

NURS 9144 Leadership and Management in Practice Transformation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides an opportunity for the student to develop leadership skills important to the practice environment of the advanced practice nurse and to affect health care outcomes. Content includes leadership theory, power as a leadership asset, personnel management, change theory, conflict management, marketing, communication, group dynamics, and strategic planning. The dynamic interactions of health care organizations and regulatory/funding organizations will be analyzed. Attention will be given to the legal, ethical, and cultural aspects of leadership.

NURS 9152 Psychiatric Mental Health III  
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.  
This course explores the role of the psychiatric mental health nurse practitioner in the provision of specialty health care to individuals and families with substance use disorders. Advanced nursing care across the treatment spectrum is addressed, including prevention, acute care, and recovery/long term care. Emphasis is placed on assessment, diagnosis and treatment and the management of mental health, as well as health maintenance/promotion within a transcultural context in groups, families and community.  
Prerequisite(s): Minimum grade of “B” in BSN-DNP Core courses.  
Corequisite(s): NURS 9752.
NURS 9232  Ethics, Policy and Advocacy for the Health of Vulnerable Populations 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This elective course will focus on the advanced practice nurse as a leader in addressing the needs of vulnerable populations from the perspective of health. Special considerations will be given to issues of social justice, equity, advocacy, legal and ethical challenges encountered in clinical practice, decision-making and implementation of policy and procedures that affect the most vulnerable. The health ethics, policy and advocacy specific to DNP projects will be encouraged.

NURS 9233  Special Considerations in Gerontology 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This elective course will focus on the role of the advanced practice registered nurse (APRN) as an advocate and leader in addressing the needs of older adults in vulnerable situations. Special focus will be given to issues of frailty, isolation, neglect, abuse, capacity versus competence, caregiver strain and other topics encountered in clinical practice by the APRN. The role of ethics, policy and advocacy specific to the gerontology population will be discussed.

NURS 9234  Foundations of Complementary and Integrative Health Care 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This elective provides a view of evidence-based theory and research approaches to complementary and integrative health practices. Appropriate for all health care students interested in traditional, complementary and integrative approaches to primary acute and tertiary care.

NURS 9235  Integrative Interventions in Mind Body Health and Healing 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course provides an overview of the stress system as it relates to health, illness, and the human experience. Concepts including allostatics, allostatic load, and resilience, along with the physiology of relaxation response will be presented, with the evidence supporting clinical and interprofessional applications. Selfcare practices will be presented and encouraged.

NURS 9236  Mindfulness for Health Care Providers 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. The use of mindfulness-based interventions in healthcare is expanding rapidly, as is the empirical evidence base supporting the benefits of mindfulness for both patients and providers. This interprofessional course provides students with a strong foundation in the history, theory, science, practice, and clinical application of mindfulness with the patient/client populations across the lifespan and in various contexts. Students will actively engage in experiencing and exploring the core of mindfulness for professional and personal use.

NURS 9708  Advanced Health Assessment Clinical 1 Credit Hour. 0 Lecture Hours. 6 Lab Hours. Group discussions provide the opportunity for learning synthesis. 90 clinical hours are required in settings which provide experience for health, developmental and diagnostic assessments; and histories and physical examinations of adults, pregnant women, children, and newborns. On-campus seminar and laboratory practice and off-campus experiences in ambulatory settings with laboratory facilities serving diverse populations are required. Prequisite(s): Minimum grade of “B” in: NURS 9104 and NURS 9105. Corequisite(s): NURS 9108.

NURS 9752  Psychiatric Mental Health Clinical III 2 Credit Hours. 0 Lecture Hours. 12 Lab Hours. Application of advanced practice nursing models with clients with substance use and related disorders. Collaborative process in therapy, consultation, and planned change with use of assessment, diagnostics, individual and group therapy modalities, and the utilization of pharmacotherapeutics. A total of 180 hours of clinical experience in a mental health setting incorporating substance abuse services is required. Prerequisite(s): Minimum grade of “B” in BSN-DNP Core courses. Corequisite(s): NURS 9152.

NURS 9919  Clinical Project III 3 Credit Hours. 0 Lecture Hours. 18 Lab Hours. In Clinical Project 3, the student will evaluate the outcomes of a clinical scholarship project implemented in DNP Clinical Project 2. Findings will be disseminated in a professional format. Prerequisite(s): Minimum grade of “B” in NURS 9932.

NURS 9931  Clinical Project I 3 Credit Hours. 0 Lecture Hours. 18 Lab Hours. In this course, DNP students will design a clinical scholarship project within their interest and expertise aimed at improving health care outcomes. The clinical project will actualize the DNP competencies inherent to the advanced practice nursing role. Oversight of this clinical project will be provided by the DNP Project Team Chair and Members. Prerequisite(s): Completion of Graduate and Specialty Core with a “B” or better.

NURS 9932  Clinical Project II 3 Credit Hours. 0 Lecture Hours. 18 Lab Hours. In Clinical Project 2, the DNP student will implement the project designed in Clinical Project 1. The focus is on implementation and data collection. Prerequisite(s): A minimum grade of “B” in NURS 9931.

NURS 9933  Clinical Project III 3 Credit Hours. 0 Lecture Hours. 18 Lab Hours. In Clinical Project 3 students will evaluate the outcomes of a clinical scholarship project implemented in DNP Clinical Project 2. Findings will be disseminated in a professional format. Prerequisite(s): A minimum grade of “B” in NURS 9932.

ONTL OnlineTeaching & Learning

ONTL 6206  Effective Online Instructional Practices 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course will explore the theories, models, approaches, technologies, and methods of online teaching. Participants will develop and create an online course for use in their own area of expertise. Best pedagogical practices for teaching online will be examined. Other topics will include the characteristics, and needs of online learners, motivating student-student interaction, and managing online interaction. Students will complete an online field experience in a virtual school environment.

PBAD Public Administration

PBAD 7030  Selected Topics in Public and Nonprofit Management 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course examines specific topics in public and nonprofit management not addressed by other courses. May be repeated once as topics change.

PBAD 7130  Ethics for Public Service Organizations 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours. This course examines the experiences, approaches, and strategies for confronting and solving the complex problems facing public and nonprofit organizations. An emphasis is placed on accountability and responsibility of public servants, the methods of moral reasoning and their connection to behavior, specific ethical concerns of public organizations, and ethical decision-making.
PBAD 7133 Administrative Law
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the intersection of public administration and the law, giving particular attention to U.S. Supreme Court decisions pertaining to the constitutional and statutory authority of agencies, rulemaking, policy enforcement, administrative transparency, judicial deference, judicial review, and the law of public employment. Extensive attention will be given to both the relationship between courts and modern administrators and the ways in which elements of administrative law and the practice of public administration can be integrated.

PBAD 7134 Advanced Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides the key insights and skills necessary to manage and lead in public service organizations. It focuses on contemporary practices of public and nonprofit management such as cross-sector collaborations, networks, negotiations, and other technical skills needed to lead in the twenty-first century.

PBAD 7230 Budgeting in Public Service Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines both the politics and techniques used in formulating and implementing budgets by governmental and nonprofit organizations. It provides a bridge between budgeting theory and practice and its relationship to the administrative processes of control, management, and planning. Attention is also given to understanding the complexities of designing a tax system that conforms to principles of good tax policy.

PBAD 7232 Financial Management in Public Service Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides a theoretical and practical introduction to financial analysis and management in public service organizations. Topics include processes, tools and methods used in financial planning and control of public and nonprofit organizations, including cost estimation, strategies for long-term and short-term investing, and financial statement analysis utilizing critical performance indicators.

PBAD 7233 Information Technology for Public Service Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides a guide to the electronic delivery of government information and services and the management of information technology in the public sector. Topics include the digital divide, information security, privacy, transparency and accountability issues, and evaluation of government’s use of social media in the provision of service to citizens. This course focuses on conceptual, technical, and human skills.

PBAD 7235 Leadership of Public Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the extensive literature on successful leadership broadly and its existence within and application to public service organizations more specifically. Particular attention is given to identifying strong leadership practices and distilling principles of exemplary leadership. This includes emphasis on conceptual, technical, and human skills.

PBAD 7330 Intergovernmental Relations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines the interaction between the federal, state, and local levels of government in the United States. Special attention is given to the constitutional and fiscal relationships between these levels of government and the historical evolution of the nature of the relationships. The concept of federalism and its relationship to effective intergovernmental relations is also examined.

PBAD 7331 Local Government Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the political and administrative processes of municipalities, counties, and other units of local government in the United States. Special focus is placed on the role and responsibilities of the city/county manager, enhancing manager-council effectiveness, managing citizen engagement, and implementing innovative service delivery strategies.

PBAD 7333 Diversity in Public Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the ways in which differences in demographic characteristics affect the work of public and nonprofit managers and explains how gender, race, nationality, religion, and other cultural diversity dimensions influence organizational behaviors and outcomes. Special attention is given to representative bureaucracy and implementing culturally competent strategies to address the challenges of serving an increasingly diverse public.

PBAD 7335 Urban Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the problems confronting public managers in large municipalities and the unique responsibilities of urban governments. Special attention is paid to policy areas such as transportation, housing, social welfare, public safety, and infrastructure management.

PBAD 7336 Comparative Public Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the problems confronting public managers in different jurisdictions and how they relate to and differ from each other.

PBAD 7337 Environmental Management and Policy
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides an overview of environmental and natural resource management in the United States. Particular attention is paid to the topics of federalism and cooperation. Issues of regional importance are also covered, including water quality and availability, regulation and monitoring compliance, sustainable growth, and management within overlapping jurisdictions.

PBAD 7432 Nonprofit Administration
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the strategies, tools, and techniques used by local, state, and national governments to generate economic growth and revitalization of economically-depressed areas as well as maintaining economic growth in stable areas.

PBAD 7433 Nonprofit Administration
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the functions, policies, and techniques of human resource management in public and nonprofit organizations.

PBAD 7434 Organizational Behavior
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines human behavior in organizations, with a focus on practical application of theories related to the management of individuals and groups within public service organizations.

PBAD 7435 Nonprofit Administration
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the management of nonprofit organizations, with a focus on areas of management most different from the public sector, such as legal requirements, ethics, board governance, strategic management, and financial management.
PBAD 7530  Research Methods For Public Service Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines quantitative techniques for public administration. Emphasis will be placed on understanding and using techniques appropriate to categorical analysis and the simple linear model. Students will also be exposed to research design, measurement, and the use of computer program packages appropriate to the public and nonprofit sectors.

PBAD 7531  Public Program Evaluation
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the design and implementation of policy and program evaluation in public and nonprofit organizations. Special attention is given to developing logic models, selecting appropriate research designs, and monitoring agency operations through performance measurement. The mechanics of benefit and cost effectiveness analysis are examined. Various evaluation methods are used in assessing the efficiencies and effectiveness of programs. 
Prerequisite(s): A minimum grade of "B" in PBAD 7530.

PBAD 7532  Public Policy
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines how public policy is developed, implemented, and evaluated with special attention being given to policy formulation, analysis, and interpretation.

PBAD 7533  Geographic Information Systems and Public Planning
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the practice of urban, regional, and state planning with focus on the use of geographic information system (GIS) applications for state and local decision-making. Includes an introduction to the scope, theories, and politics of planning.

PBAD 7631  Foundations of Public Administration
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course surveys the field of public administration and explores the historical foundations and theories of public administration as well as the diverse political, social, and economic contexts within which they exist.

PBAD 7638  Capstone Seminar
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
In this course, students will prepare to sit for the comprehensive examination by undergoing a review of the major theories underlying the field of Public Administration. This course also addresses issues related to a student's professional development.

PBAD 7651  Organization Development
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the theoretical basis of organization development (OD) and demonstrates how OD technologies can be applied to public and nonprofit organizations for improving organizational quality and performance.

PBAD 7652  Board Governance and Executive Leadership
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides an introduction to the fundamentals of governance, trusteeship, and executive leadership in nonprofit organizations. The course critically examines the principal models, processes, and practices used in governing nonprofit organizations and the relationships between the governing boards and executive leaders of such organizations.

PBAD 7653  Foundations of the Nonprofit Sector
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course surveys the history, scope and role of the nonprofit sector. Special attention is given to the economic, political and philanthropic theories of the nonprofit sector.

PBAD 7654  Strategic Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the principal models, processes, and practices used in strategic management, familiarizing students with an essential management skill. The course focuses on the key internal and external factors that drive strategic management decisions within nonprofit and governmental organizations, including leadership, external resources, and stakeholder involvement.

PBAD 7655  Resource Development and Grant Writing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course introduces the tools, techniques, and strategies associated with the principles of successful fundraising for nonprofit organizations. The class also introduces students to the fundamentals of grant writing.

PBAD 7656  International Non-Governmental Organizations
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course introduces international nonprofit/non-governmental organizations and explores contemporary challenges these organizations face including issues of accountability, governance, effectiveness, and fundraising.

PBAD 7657  Theory and Practice of Philanthropy
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines the theoretical framework for institutional philanthropy in the United States. The course explores the strategies, tools, and techniques for the role strategic philanthropy in both programming and policy making. Provides students with insight into the work of philanthropy.

PBAD 7730  Internship in Public Administration
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
This course requires students to intern in a professional capacity with a public service organization. The internship requires a minimum of 300 hours working in the organization and as approved by the MPA internship coordinator.

PBAD 7731  Local Government Practicum
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides students experience conducting research and policy analysis for local government. Projects are proposed by municipalities within Georgia and students are allowed to choose projects aligned with their interests. Students work individually, or in pairs on larger projects, under the direction of the course instructor. This course expands research skills, enriches understanding of local government policy processes, and exposes participants to issues they are likely to face when employed in local government.

PBAD 7890  Directed Reading
1-3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A structured set of readings and assignments mutually designed by the student and the instructor on a specific area of public administration.

PBAD 8131  Survey of Public Administration for the In-Career Professional
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is a required component of the Certificate in Public and Nonprofit Management. This course serves to provide in-career professionals with an introduction to the literature in the field of Public Administration, supplementing existing practical experience with a theoretical foundation. Practitioners’ experiences will be utilized to underscore political and legal constraints faced in public management and the important distinction between the public, nonprofit, and private sectors.
PBAD 8132 Theory and Practice of Public and Nonprofit Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides insights and skills necessary to manage and lead in public service organizations. It focuses on contemporary practices of public and nonprofit management such as cross-sector collaborations, networks, negotiations, and other technical skills needed to lead in the twenty-first century.
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBAD 8133 Human Resource Management for the In-Career Professional
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides in-career professionals with an examination of the functions of human resource management and the challenges it faces in American government and society.
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBAD 8134 Ethics of Administration for the In-Career Professional
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the experiences, approaches, and strategies employed by in-career professionals when confronting and solving problems. An emphasis is placed on accountability and responsibility of public and nonprofit managers for maintaining appropriate behavior and ethical decision making.
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBAD 8135 Theory and Practice of Public and Nonprofit Budgeting
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides in-career professionals with exposure to the techniques used in formulating and implementing budgets in the public and nonprofit sectors. Attention is also given to the principles of good tax policy and to financial management issues in public organizations.
Prerequisite(s): A minimum grade of "B" in PBAD 8131.

PBHS Public History

PBHS 7710 Internship in Public History
1-3 Credit Hours. 0-3 Lecture Hours. 0-3 Lab Hours.
Individually designed project involving off-campus study and research in an appropriate agency, requiring at least one term for completion, during which time the student is under the joint supervision of the sponsoring agency and a faculty supervisor. Graded on a S or U basis.

PBIS Positive Behavior Intervention Supp

PBIS 8130 Administration in Positive Behavior Interventions and Supports
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to develop the skills necessary to organize, supervise, equip, staff and provide specialized leadership and services for school wide implementation of Positive Behavior Intervention and Supports.

PBIS 8131 Critical Issues in Positive Behavior and Supports
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Candidates will identify and address a series of critical issues in Positive Behavior Interventions and support from the standpoint of how such issues impact on the practice of discipline in their classroom, school, and system. Historical and current research will be reviewed as they relate to identified issues. Discussions of methods for addressing such issues within the context of the public schools will be a major focus of the course.

PBIS 8839 Data Methods in Positive Behavior Intervention and Support
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to provide an in-depth study of the methodology involved in collecting, reviewing, and decision making using various school data platforms. Provides students with a foundation of skills which will allow them to conduct data-driven decisions in PBIS. In addition, a major goal of this course is to facilitate the development of critical thinking skills which will enable candidates to make reflective decisions based upon the data provided in their schools and districts.

PECI Physical Edu, Curr & Ins

PECI 5070G Theo/Meth of Strngth & Cond
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
The efficacy of methods and models of sports training in activities requiring intensive strength and conditioning programs.

PECI 7000 Global Sport History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course studies the development of sport across a number of cultures and explores its impact on societies. This course will assist the physical educator to predict future trends.

PECI 7100 Cultural Aspects of Sports
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the role of sport and physical activity in society with emphasis on its relationship to cultural diversity and issues, both historical and contemporary. Emphasis is placed on issues which affect the teacher, student/athlete, coach, administrator, and sports fan.

PECI 7200 Movement Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of fundamental movement concepts and skill themes with an emphasis on promoting desirable self-concepts and realistic self-images in young children.

PECI 7300 Physical Activity in Youth
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth examination of the personal, social, and environmental determinates of physical activity patterns that explain the rising obesity rates and related health issues in youth.

PECI 7400 Adaptive Physical Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will assist the physical educator in curriculum and development that will promote participation and learning outcomes for students with disabilities in general physical education classes and sports with necessary accommodations and modifications. Curriculum and program development, legislative considerations, and various instructional strategies will be presented.

PECI 7500 Instr Strat/Design Hlt/Phys Ed
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Investigates the specific foundation of teaching methods, content, organization, and evaluation of health and physical education programs in schools. This course will examine interdisciplinary teaching models that can be used as guides for organizing content, collaborating with others, and creating meaningful activities that impact student learning.

PECI 7600 Oper/Mang Phys Ed & Sport Prog
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Planning, designing, and managing sports events, facilities, and programs.

PECI 8000 Theory/Meth-Strength & Cond
3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
The efficacy of methods and models of sports training in activities requiring intensive strength and conditioning programs.

PECI 8800 Perform Eval & Exercise Trng
3 Credit Hours. 1 Lecture Hour. 4 Lab Hours.
PHIL Philosophy

PHIL 5030G  Selected Topics in Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on a special topic or theme as chosen by the instructor. May be repeated for additional credit when topics change. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): PHIL 5030.

PHIL 6030  Selected Topics in Philosophy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on a special topic or theme as chosen by the instructor. May be repeated for additional credit when topics change. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

PHIL 7100  Professional & Applied Ethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Training in professional ethics in the workplace. Emphasis on specific ethical issues and dilemmas that arise in particular professional contexts; ethical theory, including central notions such as social justice, merit, individual liberty, freedom of communication, privacy informed consent, confidentiality, utility, the work ethic and collective responsibility and logical reasoning, including logical fallacies.

PHLD Public Health Leadership

PHLD 9130  Public Health Research Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides theoretical and applied concepts, techniques, procedures, and technologies used in scientific inquiry and reporting the organization of health services delivery, systems, health administrative and managerial research.

PHLD 9131  Leadership Foundations and Strategies for Health Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the role of leaders in improving health organizations and the relationship between situational leadership strategy, organizational culture, communication, and performance. Theoretical foundations, strategies and processes of leadership are explored and synthesized through critical thinking, self and group assessment.

PHLD 9133  Health Organization Communication
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the delivery and exchange of messages within health organizations. Contexts will include conflict, negotiating, networks, channel selection, knowledge management, risk communication and public relations.

PHLD 9231  Health Informatics and Decision Making
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on the fundamental concepts of managing information as an asset in public health and healthcare delivery contexts. Emphasis will be placed on converting data into information and converting information into decision support models.

PHLD 9331  Health Policy, Regulation and Ethics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the policy, legal and ethical issues found in the healthcare system, and investigates the healthcare professional as decision-maker, leader and moral agent.

PHLD 9333  Health Organization Strategic and Contingency Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the concepts, processes, and integration of management information systems, financial, human resource, and marketing plans into an organizational strategic planning system with emphasis on contingency planning as a major context and application.

PHLD 9334  Financial Management of Public Health Organizations and Programs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the structure and functioning of the finance components of the Public Health System using Federal Basis Generally Accepted Accounting Principles (FGAAP). It will provide Dr.P.H. students with the theory, concepts, and tools necessary to make better decisions regarding the acquisition and deployment of resources, and promoting the financial well-being of public health organizations. The course will discuss the following topics: financial goals; time value analysis; financial risk and return, debt and equity financing; capital decisions; cost of capital; capital investment decisions; business valuation; and leasing decisions. Students will apply the material learned in real world (case) settings and, in the process, gain an appreciation of the value of spreadsheets in financial decisions.

PHTH Physical Therapy

PHTH 7101  Func/Struc Aspects Movement I
5 Credit Hours. 4 Lecture Hours. 4 Lab Hours.
Gross anatomy, physiology, pathophysiology and kinesiology.

PHTH 7111  Intro to Pathophysiology I
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Basic histopathology, pathophysiology, pharmacology , imaging and selected medical and surgical interventions of the cardiovascular and pulmonary systems.

PHTH 7131  Fnd Pt Exam Eval Intrventn 1
6 Credit Hours. 5 Lecture Hours. 4 Lab Hours.
Fundamental patient care skills including basic examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation for patients with cardiovascular and pulmonary dysfunction and an introduction to therapeutic modalities.

PHTH 7161  Phys Therapy Practice Issues I
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.
Discussions of professional socialization, cultural issues in health care, legal and ethical aspects of health care, psychosocial aspects of illness, quantitative terminology in clinical practice and clinical documentation.

PHTH 7181  Clinical Practicum I
1 Credit Hour. 0 Lecture Hours. 4 Lab Hours.
Preparation for and exposure to healthcare settings related to acute care through didactic, laboratory and half-day, on-site observational experiences.

PHTH 7202  Func/Struc Aspects Movement 2
6 Credit Hours. 4 Lecture Hours. 4 Lab Hours.
Gross anatomy, physiology, kinesiology, and imaging of the musculoskeletal system.

Prerequisite(s): A minimum grade of "B" in PHTH 7101.

PHTH 7212  Intro Pathophysiology 2
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Histopathology, pathophysiology, pharmacology, imaging and selected surgical interventions of the musculoskeletal system.

Prerequisite(s): A minimum grade of "B" in PHTH 7111.
PHTH 7232 Foundations of Examination, Evaluation and Intervention 2
4 Credit Hours.  4 Lecture Hours.  0 Lab Hours.
Fundamental patient/client principles of care including clinical reasoning and documentation in the basic examination and treatment of patient/clients with musculoskeletal dysfunction.
Prerequisite(s): A minimum grade of "B" in PHTH 7131.
Corequisite(s): PHTH 7232L.

PHTH 7232L Foundations of Examination, Evaluation and Intervention 2 Lab
4 Credit Hours.  0 Lecture Hours.  8 Lab Hours.
Fundamental patient/client manual skills including basic examination and treatment for patients/clients with musculoskeletal dysfunction.
Prerequisite(s): A minimum grade of "B" in PHTH 7131.
Corequisite(s): PHTH 7232.

PHTH 7262 Phys Ther Practice Issue 2
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.
Discussions of methods and approaches to physical therapy research, ethics, jurisprudence and related professional topics.
Prerequisite(s): A minimum grade of "B" in PHTH 7161.

PHTH 7282 Clinical Practicum II
1 Credit Hour.  0 Lecture Hours.  4 Lab Hours.
Exposure to health care settings through half-day, on-site observational experiences.

PHTH 7303 Func/Struct Aspects Movement 3
4 Credit Hours.  4 Lecture Hours.  0 Lab Hours.
The kinesiology of gait and the anatomy, physiology, and imaging of the nervous system.
Prerequisite(s): A minimum grade of "B" in PHTH 7202.

PHTH 7313 ntro Pathophysiology 3
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
The pathophysiology of the neuromuscular and integumentary systems.
Prerequisite(s): A minimum grade of "B" in PHTH 7212.

PHTH 7333 Adv Exam Eval Intervention 3
8 Credit Hours.  8 Lecture Hours.  0 Lab Hours.
Fundamental patient care skills including basic examination, evaluation, diagnosis, prognosis, outcomes and documentation of gait deviations and for patients with neuromuscular and integumentary dysfunction.
Prerequisite(s): A minimum grade of "B" in PHTH 7232.

PHTH 7363 Phys Ther Practice Issues 3
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.
Discussions of legislative issues in health care, clinical outcomes research, and evidence based practice.
Prerequisite(s): A minimum grade of "B" in PHTH 7262.

PHTH 7383 Clinical Practicum 3
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.
A one-week full-time clinical exposure to patient care in a physical therapy setting, which may include specialty clinics, long-term care facilities, hospitals, and school systems.
Prerequisite(s): A minimum grade of "B" in PHTH 7282.

PHTH 7390 Phys Ther Case Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Simulated clinical experiences with the management of specific cases from referral to discharge.
Prerequisite(s): A minimum grade of "B" in PHTH 7232.

PHTH 7502 Clinical Medicine 2
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Focuses on metabolic disorders, autoimmune diseases, and the clinical perspective of the aging individual with an emphasis on geriatric disorders, including orthopedic, neurologic, and cardiopulmonary disorders and amputation.

PHTH 7532 Adv Exam Eval Intrnvt Pt 2
8 Credit Hours.  6 Lecture Hours.  8 Lab Hours.
Advanced techniques in evaluating, assessing, designing and implementing appropriate treatment strategies for the middle aged and elderly adults with neurological, musculoskeletal, cardiopulmonary and medical conditions. Problem-solving case studies approach for linkage to other courses this term.

PHTH 7682 Adv Exam Eval & Inter II-Mcg
10 Credit Hours.  0 Lecture Hours.  40 Lab Hours.
Ten week full-time clinical field experience in general, acute care, rehabilitation, or other specialty settings. Demonstration of the ability to integrate information from all didactic and clinical components of the curriculum in patients with all physical therapy diagnoses, including multiple diagnoses.
Prerequisite(s): A minimum grade of "B" in PHTH 7532.

PHTH 8400 Critical Inquiry In Phys Ther
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
Design of research proposals in preparation for Physical Therapy Project 1, 2, 3 and 4.
Prerequisite(s): A minimum grade of "B" in PHTH 7333.

PHTH 8481 Supervised Clinical Educ I
8 Credit Hours.  0 Lecture Hours.  32 Lab Hours.
Eight weeks of full-time clinical affiliation in general care settings providing an opportunity for students to practice in the clinical setting the skills learned in all preceding courses.
Prerequisite(s): A minimum grade of "B" in PHTH 7333.

PHTH 8501 Clinical Medicine I
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Study of the pathophysiology, medical differential diagnosis and pharmacological and surgical treatment of medical diseases and disorders.
Prerequisite(s): A minimum grade of "B" in PHTH 8481.

PHTH 8531 Adv Exam Eval Intervent 1
8 Credit Hours.  6 Lecture Hours.  4 Lab Hours.
Advanced patient care skills including examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation from a lifespan perspective including orthotics, spinal cord injury and advanced care of patients with stroke and other neurological conditions.
Prerequisite(s): A minimum grade of "B" in PHTH 8481.

PHTH 8561 Implt Life Conpects Phy Ther I
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
Discussion of clinical implications and healthcare issues from a lifespan approach.
Prerequisite(s): A minimum grade of "B" in PHTH 8481.

PHTH 8602 Clinical Medicine 2
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Study of the pathophysiology, medical differential diagnosis and pharmacological and surgical treatment of medical diseases and disorders.
Prerequisite(s): A minimum grade of "B" in PHTH 8501.

PHTH 8632 Adv Exam Eval & Intervention 2
8 Credit Hours.  6 Lecture Hours.  4 Lab Hours.
Advanced patient care skills including examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation in selected physical therapy patient care areas including an introduction to sports medicine.
Prerequisite(s): A minimum grade of "B" in PHTH 8531.
PHTH 9862  Implement of Lifespan Concepts 2  
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.  
Continued discussion of clinical perspectives and healthcare issues form a lifespan perspective.  
Prerequisite(s): A minimum grade of "B" in PHTH  8561.

PHTH 9703  Clinical Medicine 3  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Continued study of the pathophysiology, medical differential diagnosis and pharmacological and surgical treatment of medical diseases and disorders.  
Prerequisite(s): A minimum grade of "B" in PHTH  8602.

PHTH 9733  Adv Exam Eval & Intervention 3  
6 Credit Hours.  6 Lecture Hours.  4 Lab Hours.  
Advanced patient care skills including examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation for the pediatric client.  
Prerequisite(s): A minimum grade of "B" in PHTH  8632.

PHTH 9763  Implement of Lifespan Concepts 3  
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.  
Continued discussion of clinical perspectives and healthcare issues from a lifespan perspective.  
Prerequisite(s): A minimum grade of "B" in PHTH  8662.

PHTH 9804  Clinical Medicine 4  
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.  
Integration of the medical concepts in the examination and treatment of medically complex patients.  
Prerequisite(s): A minimum grade of "B" in PHTH  9703.

PHTH 9834  Adv Exam Eval Intervntn IV  
2 Credit Hours.  1 Lecture Hour.  2 Lab Hours.  
Integration of patient care skills including examination, evaluation, diagnosis, prognosis, intervention, outcomes and documentation for the management of medically complex patients.  
Prerequisite(s): A minimum grade of "B" in PHTH  9733.

PHTH 9882  Supervised Clinical Educ 2  
10 Credit Hours.  0 Lecture Hours.  40 Lab Hours.  
Eleven-week full-time clinical field experience in general, acute care, rehabilitation, or other specialty settings. Demonstration of the ability to integrate information from all didactic and clinical components of the curriculum in patients with all physical therapy diagnoses, including multiple diagnoses.  
Prerequisite(s): A minimum grade of "B" in PHTH  9733.

PHTH 9900  Leadership & Management in Pt  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Introduction to the practical application of management strategies specific to physical therapy settings, including finance, personnel management, quality assurance, and accreditation/licensure processes with an emphasis on hospital, private practice, rehabilitation and home care settings.  
Prerequisite(s): Satisfactory completion of PHTH  9882.

PHTH 9901  Physical Therapy Project I  
1 Credit Hour.  1-99 Lecture Hours.  1-99 Lab Hours.  
Conducting a research project as part of the project advisor's ongoing research activities.  
Prerequisite(s): A minimum grade of "B" in PHTH  8400.

PHTH 9902  Physical Therapy Project 2  
1 Credit Hour.  99 Lecture Hours.  99 Lab Hours.  
Continuation of a research project as part of the project advisor's ongoing research activities.  
Prerequisite(s): Satisfactory completion of PHTH  9901.

PHTH 9903  Physical Therapy Project 3  
1 Credit Hour.  99 Lecture Hours.  99 Lab Hours.  
Continuation of a research project as part of the project advisor's ongoing research activities.  
Prerequisite(s): Satisfactory completion of PHTH  9902.

PHTH 9904  Physical Therapy Project 4  
1 Credit Hour.  1-99 Lecture Hours.  1-99 Lab Hours.  
Completion of a research project as part of the project advisor's ongoing research activities.  
Prerequisite(s): Satisfactory completion of PHTH  9903.

PHTH 9983  Supervised Clinical Educ 3  
10 Credit Hours.  0 Lecture Hours.  40 Lab Hours.  
Eleven-week full-time clinical field experience with demonstration of the ability to independently evaluate and treat complex patients as would be appropriate for a new graduate working at the facility.  
Prerequisite(s): Satisfactory completion of PHTH  9882.

PHTH 9992  Clinical Educ Synthesis 2  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Research, writing, presentation and discussion of case studies based on clinical experiences in Supervised Clinical Education 2 and 3.  
Prerequisite(s): Satisfactory completion of PHTH  9882.

PHYS Physics

PHYS 5090G  Selected Topics in Physics  
2-4 Credit Hours.  0-5 Lecture Hours.  0-6 Lab Hours.  
A course allowing for investigation of selected topics in Physics; it will be taught on a one-time basis. Lecture only course can be for two, three, or five credit hours. For laboratory courses, one credit hour will be given for every three hours spent working in lab. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): A minimum grade of "C" in PHYS  1112K or PHYS  2212K.

Cross Listing(s): ASTR 5090, ASTR 5090G, PHYS  5090.

PHYS 5151G  Classical Mechanics  
5 Credit Hours.  5 Lecture Hours.  0 Lab Hours.  
Provides physics majors and students of applied mathematics and engineering with the fundamentals of analytical mechanics. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): A minimum grade of "C" in PHYS  2212K and completion of MATH  3230.

Cross Listing(s): PHYS  5151.

PHYS 5152G  Classical E and M Theory  
5 Credit Hours.  5 Lecture Hours.  0 Lab Hours.  
Provides physics majors and students of applied mathematics and engineering with the fundamentals of electromagnetic field theory. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): Completion of PHYS  5151.

Cross Listing(s): PHYS  5152.

PHYS 5530G  Thermal Physics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
A course in classical thermodynamics and kinetic theory. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): A minimum grade of "C" in PHYS  2212K and completion of MATH  2243.

Cross Listing(s): PHYS  5530.

PHYS 5536G  Studies in Physics for Secondary Teachers  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Designed to acquaint the student with some of the problems encountered in high school physics presentations. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Prerequisite(s): Completion of MATH  1113.

Cross Listing(s): PHYS  5536.
PHYS 557G Quantum Mechanics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the basic postulates of quantum mechanics with solutions to Schrodinger's wave equation for simple applications. The techniques of calculating position, energy and momentum with operators and the elements of perturbation theory with application to atomic spectra. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Prerequisite(s): Completion of PHYS 3536, PHYS 3537, and MATH 3230.
Cross Listing(s): PHYS 5557.

PHYS 5890G Physics Research Experience
1-4 Credit Hours. 0-3 Lecture Hours. 0 Lab Hours.
An independent physics research experience in which a student will investigate a research question under the direction of a faculty member. Students will be expected to maintain a laboratory notebook, prepare a written summary of the research, and give an oral presentation at the end of the experience. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Permission of instructor required.
Cross Listing(s): ASTR 5890, ASTR 5890G, PHYS 5890.

PHYS 6131 Solid State Materials
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduction to the physical and chemical properties of solids. Topics may include: periodic structure, symmetry of crystals, diffraction, reciprocal lattice, chemical bonding, lattice dynamics, phonons, thermal properties, and free electron gas. Bloch theorem, band structure, nearly free electron approximation, tight binding method, Fermi surface, semiconductors, electrons, holes, impurities, optical properties, excitons, and magnetism will be introduced.
Prerequisite(s): A minimum grade of "C" in MATH 2242.

PHYS 6132 Applied Optics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course offers an introduction to laboratory optics, optical principles, and optical devices and systems. The course covers a wide range of topics, including: polarization properties of light, reflection and refraction, coherence and interference, Fraunhofer and Fresnel diffraction, holography, imaging and transforming properties of lenses, spatial filtering, and two-lens coherent optical processor. In addition, this course covers: optical properties of materials, lasers, electro-optic, acousto-optic and liquid-crystal light modulators, optical detectors, optical waveguides and fiber-optic communication systems. Students engage in extensive oral and written communication exercises.
Prerequisite(s): A minimum grade of "C" in MATH 2242.

PHYS 6133 Photonics, Plasmonics and Metamaterials
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course offers an introduction into theory and models related to photonics and electronics of photonic crystals, plasmonic metal nanostructures, metal-dielectric metamaterials and metasurfaces, localized scatterers and emitters. Students will improve their overall understanding of how these methods and models apply to practical systems related to spectroscopy, imaging, excitation and control over condensed, chemical and biological nano- and microstructures. The course covers a broad range of topics including: dielectric properties of materials in relation to their electronic structure, propagation and emission of radiation in strongly inhomogeneous and anisotropic materials, introduction into plasmonics, properties of photonic crystals and metamaterials. Mie theory of light scattering and near-fields at micro and nanoparticles, optical forces and tweezers, energy and momentum transfer in light-matter interactions and others.

PHYS 6231 Thin-Film Coating
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will cover the physics and chemistry of thin film coating. Topics covered will include thermal, optical, electric, and mechanical properties of multilayer metallic coatings and coating manufacturing techniques. Special topics will be given by experts from local coating industry.
Prerequisite(s): A minimum grade of "C" in PHYS 6237.

PHYS 6237 Applied Quantum Mechanics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to review Schrodinger's theory of quantum mechanics for application in modern devices and systems. Topics covered are quantum statistics, multi-electron atoms, molecules, one and two dimensional system, and neon particle system. Calculation techniques introduced are matrix diagonalization, perturbation theory, variational method, time-dependent perturbation theory to apply to optical absorption, and nonlinear optical properties of materials.

PHYS 6730 Master of Science in Physical Science Internship
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is the required internship for the Masters of Science in Physics degree. Students will apply their skills and knowledge to a current problem in a professional setting, either on campus or at the site of a participating sponsor.

PHYS 7090 Selected Topics in Physics
1-6 Credit Hours. 0-6 Lecture Hours. 0-6 Lab Hours.
A course allowing for investigation of selected topics in Physics.

PHYS 7330 Principles and Practice of Pre-clinical Drug Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces key issues and aspects of developing a new small molecule or biological drug, with focus on the guidelines from regulatory agencies on the data required for the Investigational New Drug (IND) application. Major issues in Pharmacology, Toxicology, Safety Pharmacology, Pharmacokinetics and Chemistry, Manufacturing and Control (CMC) sections of the IND submission process are described. Practices of laboratory animal efficacy models, pharmacokinetics models, toxicology study protocols, master batch record generation and the concepts of Good Laboratory Practice (GLP)/Good Manufacturing Practices (GMP) will be covered, with particular emphasis on the Code of Federal Regulations Title 21 part 58, 210 and 211.
Prerequisite(s): A minimum grade of "C" in CHEM 5333.

PHYS 7530 Graduate Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will consist of formal seminars and informal sessions on current topics of interest to the program as presented by visiting lecturers, local researchers, and students. All MS-APS students must attend a set number of seminars each term they are enrolled in the program. The student's track of students in their final semester will prepare a comprehensive presentation on their thesis research as well as submit a report reviewing the topics covered during the seminar series.

PHYS 7999 Thesis
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Results of an individual, independent research project will be presented as a thesis in partial fulfillment of the Master of Science in Physical Science degree. The thesis requires defense of the design, execution, analysis, and interpretation of the research project.

POLs Political Science
POLS 5630G Seminar in American Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic focus on major themes and issues in American public policy and their roots in American politics. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the instructor.
Cross Listing(s): POLS 5630.

POLS 5631G Seminar in Political Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A seminar focusing on selected theoretical topics. Emphasis will be placed on normative theory and the history of political thought. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by instructor.
Cross Listing(s): POLS 5631.

POLS 5633G Seminar in International Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to familiarize students with the theories which guide the conduct and analysis of international relations. These theories are examined in both their classical and contemporary context and used to evaluate and assess international relations' phenomena, such as international conflict, international trade and finance, and international human rights. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the instructor.
Cross Listing(s): POLS 5633, INTS 5633, INTS 5633G.

POLS 5634G Seminar in Comparative Politics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides an overview of the comparative method and theory building in comparative politics focusing on the macro-structural, rational choice, cultural and statist approaches. Furthermore, it analyzes various themes within Comparative Politics: political culture, regimes and regime transitions, elections and party systems, ethnicity and nationalism, political mobilization, revolution, civil wars and insurgencies. The topical focus is substantiated with relevant case studies, case comparisons and cross-case analysis to explore the diversity of the field and political processes across the world. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the instructor.
Cross Listing(s): POLS 5634, INTS 5634, INTS 5634G.

POLS 5635G Seminar in International Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An analytical study of the organization, powers, and problems of global and regional international organizations. Graduate students will complete additional course assignments and assessment instruments to meet graduate standards, as determined by the course instructor.
Cross Listing(s): POLS 5635, INTS 5635, INTS 5635G.

POLS 6638 Proseminar in Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the foundations and controversies in social scientific research.
Cross Listing(s): ANTH 6638, SOCI 6638.

POLS 7030 Selected Topics in Political Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An opportunity for instructors to teach special topics within the discipline.

POLS 7130 Ethics in Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on experiences, approaches, and strategies for confronting and solving problems, accountability and responsibility of public officials for appropriate behavior, and ethical decision-making.

POLS 7131 Constitutional Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the political and social context in which Constitutional Law is made and interpreted, the legal reasoning that undergirds Constitutional lawmaking, and the impact on public administration in the U.S.

POLS 7132 Administrative Law
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Development, present status, and trends in American Administrative Law. Focuses on administrative actions by focusing on the legal authority and responsibilities of private parties relative to such agencies.

POLS 7133 Public Law & Administration
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the legal framework in which public managers must operate in the 21st century. Particular attention is given to understanding the implication of constitutional law on administrative behavior and decisions and on administrative laws designed to ensure due process and equal treatment for all citizens. The interrelationship of law and ethics for public managers is also examined.

POLS 7231 U.S. Foreign Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to familiarize students with the principles underlying and the process undertaken in the formulation and execution of United States foreign policy. Special attention is given to the role of the United States in the post-World War II period.

POLS 7232 Comparative Foreign Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth comparative study of the foreign policy of the United States, the European Union, Russia, the People’s Republic of China, Japan, and other significant actors in global politics, emphasizing comparative methodology and theoretical framework.

POLS 7234 International Political Economy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the politics of international economic relations. Systemic and domestic explanations of international economic policy will be applied in various issue areas such as international wealth acquisition and transfer, strategies and the politics of development, trade, investment, exchange rates, debt, aid, and relief assistance. The dynamics that give rise to asymmetric wealth distributions and hegemonic transmutations will be given emphasis.

POLS 7330 Intergovernmental Relations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the interaction between the federal, state, and local levels of government in the United States. Special attention is given to the constitutional and fiscal relationships between these levels of government and the historical evolution of the nature of the relationships.

POLS 7332 State Government
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic study of the growing role of the states in the development and administration of domestic social policy in the United States. Special attention is given to the capacity building in state government and the devolution of power to the states. Specific policy areas in state government including education, crime control, and economic development are examined in-depth.

POLS 7337 Environmental Politics and Policy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of environmental and natural resource management in the United States. Particular attention will be paid to issues of regional importance, including water quality and availability, regulation and monitoring compliance, sustainable growth, and management within overlapping jurisdictions.

POLS 7436 Qualitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analysis and practice of qualitative methodology in social science. Topics may include participant observation, ethnographic methods, interviews, case studies, content analysis, archival research and other innovative techniques.
POLS 7532 Public Policy 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic study of how public policy is developed, implemented, and evaluated. Attention is given to the skills of policy analysis, as well as, the social problems and cultural interpretations that lead to public policy. Illustrations from domestic policy in the United States are supplemented with insights from other nations.

POLS 7630 Seminar in American Government 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A graduate introduction to the basic structures, processes, and patterns of behavior of American national government, emphasizing the interfacing of politics, economics, and public policy.

POLS 7631 Seminar in Empirical Political Theory 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of the prominent theoretical approaches used in empirical political inquiry. The philosophies of the social sciences and the construction of political explanation provide the foundation for embarking on original research necessary for the thesis stages of the program.

POLS 7632 Seminar in Comparative Politics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A systematic review of the empirical and theoretical literature concerning the structure, function, and problems of contemporary governments in developed and developing countries.

Prerequisite(s): Completion of POLS 1101.

POLS 7638 Social Theory 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

POLS 7660 Internship in Political Science 6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The internship allows students pursuing their M.A. degree to work in a professional setting relating to their chosen concentration in Political Science. Students will be required to complete a final paper detailing the experience of their internship, and defend their paper and experiences before a faculty committee.

POLS 7890 Directed Reading 1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A structured, individualized research focus to be mutually designed by instructor and student.

POLS 7999 Thesis 1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A major research project structured jointly by the student and instructor.

PSYC Psychology

PSYC 5010G Special Topics in Psychology 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

PSYC 5020G Special Topics in Psychology 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.

PSYC 5030G Selected Topics 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Scheduled on an irregular basis to explore special areas in psychology not offered in the regular curriculum and will carry a subtitle.

Cross Listing(s): PSYC 5030.

PSYC 5060G Basic Behavior Principles and Behavior Change 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Basic principles of behavior analysis, the definition and characteristics of applied behavioral analysis, and behavior change procedures, including positive and negative reinforcement, schedules of reinforcement, punishment, imitation, shaping and chaining, extinction, differential reinforcement, and antecedent interventions. Essential material for this course is covered in PSYC 3400 (Introduction to Learning) or PSYC 4090 (Learning and Behavior) and 4091 (Learning and Behavior Laboratory).

Prerequisite(s): Acceptance to graduate studies or baccalaureate degree in psychology.

Cross Listing(s): PSYC 5060.

PSYC 5061G Advanced Behavioral Assessment 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Measurement of behavior, displaying and interpreting behavioral data, experimental evaluation of interventions, selecting intervention outcomes and strategies, behavioral assessment, and ethical considerations. Includes selecting and defining target behaviors, examination of single-subject experimental designs, planning and evaluating behavior analysis research, functional behavior assessment, and a practicum experience.

Prerequisite(s): A minimum grade of "D" in PSYC 5060 or PSYC 5060G and acceptance to the graduate studies or baccalaureate degree in psychology.

Cross Listing(s): PSYC 5061.

PSYC 5062G Advanced Behavior Change Techniques 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Seminar course in which students design, implement, and behavior change programs to practice selection of intervention outcomes and strategies, behavioral measurement and assessment, use behavior change procedures and systems support. Includes a comprehensive survey of recent literature on applied behavior analysis in clinical, educational, vocational, and social settings and examination of ethical issues surrounding behavior change programs.

Prerequisite(s): A minimum grade of "D" and prior or concurrent enrollment in PSYC 5061 or PSYC 5061G and acceptance to graduate studies or a baccalaureate degree in psychology.

Cross Listing(s): PSYC 5062.

PSYC 5100G Women & Mental Health 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A review of current research and theory related to women's mental health, including psychological phenomena and disorders prevalent at higher rates among women and a discussion of biopsychosocial factors influencing gender differences in mental health and illness.

PSYC 5232G Psychology and Law 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the interdisciplinary study of psychosocial research and scholarship.

Prerequisite(s): Completion of PSYC 1101.

Cross Listing(s): PSYC 5232.

PSYC 5431G Evolutionary Psychology 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of methods and theories of the new field of evolutionary psychology emphasizing how human behavior and cognition develop from an interaction of life experiences with inherited interests, tendencies, and abilities that have been shaped by natural selection.

Prerequisite(s): Completion of PSYC 1101.

Cross Listing(s): PSYC 5431.
PSYC 6100 Directed Scholarly Activities in Psychology
1-6 Credit Hours. 1-6 Lecture Hours. 1-6 Lab Hours.
Scholarly project supervised by a psychology department faculty member qualified in the student's area of interest. Credit will vary depending on the work to be completed. Course my be repeated up to a total of six (6) credit hours. Student must be enrolled in a graduate program. Prerequisite(s): Permission of the student’s academic advisor, the supervising instructor, and the head of the psychology department.

PSYC 6150 Conflict Resolution
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Discussion of social processes of conflict between parties (individuals or groups) and advanced techniques for collaborative resolutions with special emphasis on mediation processes.

PSYC 6300 Leadership and Group Dynamics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Exploration of the social psychological approach to leadership development and the role of the leader in influencing group dynamics. Emphasis on the application of research findings in social psychology to the development of leadership skills.

PSYC 7030 Selected Topics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Scheduled on an irregular basis to explore several areas in psychology not offered in the regular curriculum and will carry a subtitle.

PSYC 7111 Supervision
1 Credit Hour. 0 Lecture Hours. 0 Lab Hours.
Students will receive feedback and consultation designed to encourage maturation of psychotherapy skills and competencies, including therapist-client transactions, self-reflective skills, and report writing.

PSYC 7130 Statistics for Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Covers the logic of statistical inference, fundamental principles of analysis of variance, complex analysis of variance designs, as well as selected regression, multivariate and non-parametric procedures with emphasis upon the application of these methods in psychological research. Prerequisite(s): Completion of PSYC 7130.

PSYC 7131 Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course involves examining research techniques for answering questions in psychological science. Content is specific to research design in the social sciences, including topics related to reliability, validity, and advanced statistical analyses. This course emphasizes the development, application, and evaluation of research design in psychological science. Prerequisite(s): Completion of PSYC 7130.

PSYC 7132 Advanced Learning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the science of behavior and the mechanisms of learning that account for the behavior of human and nonhuman animals. Course focuses on the mechanisms and interpretations of classical and operant conditioning.

PSYC 7133 Affective and Cognitive Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of contemporary cognitive psychology research and theory. Classic and recent theoretical approaches will be covered. The course also covers emotion and affect within the context of cognitive models, research, and theory.

PSYC 7134 Physiological Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a graduate level survey of the nervous system with emphasis on functional relationships between the nervous system and behavior and on the techniques and methods used to examine the physiological bases for human and nonhuman animal behavior.

PSYC 7136 Geropsychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will cover psychological aspects of aging in relation to both theory and practice. Students will become familiar with aging related changes in mental and physical functioning, common disorders, public policy regarding age-related issues, and successful aging. Prerequisite(s): PSYC 7231 Assessment I: Psychometric Theory.

PSYC 7231 Assessment I: Psychometric Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is the first in a series and provides theoretical grounding for psychological assessment. Topics to be covered include statistical properties of tests; test development, construction, and analysis; types of tests; and legal issues in testing. Corequisite(s): PSYC 7237.

PSYC 7232 Foundations of Psychotherapy I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced examination of several of the major therapy systems, comparing them, contrasting them, and looking for the bases of meaningful integration. Systems examined include: humanistic, existential, and postmodern. Also examined will be research in psychotherapy. Prerequisite(s): A minimum grade of "B" in PSYC 7231.

PSYC 7233 Ethics and Professional Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to provide the clinician in training with a clear understanding of the legal and ethical responsibilities incurred when working with clients in a clinical capacity. Lectures and class discussion will cover specific legal and ethical principles and the application of those principles in clinical settings. Topics related to professionalism will also be covered. Prerequisite(s): A minimum grade of "B" in PSYC 7433.

PSYC 7234 Assessment II: Intellectual Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is the second of the assessment series and provides an introduction and the beginning of skill development in assessing persons' intellectual abilities, academic achievement, and cognitive strengths and weaknesses. Prerequisite(s): A minimum grade of "B" in PSYC 7231.

PSYC 7236 Neuropsychology and Neuropsychological Assessment
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides the clinician in training with an overview of the concepts and various theories of group and family psychotherapy. Prerequisite(s): A minimum grade of "B" in PSYC 7236.

PSYC 7237 Psychopathology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on descriptions, hypothesized etiologies, and treatment modalities of major classes of mental disorders as classified by the Diagnostic and Statistical Manual of the American Psychiatric Association. Prerequisite(s): A minimum grade of "B" in PSYC 7237.

PSYC 7238 Child Psychotherapy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The general goal of this course is to provide graduate students, who are therapists in training, with a comprehensive overview of the theories and concepts of child psychotherapy. Prerequisite(s): A minimum grade of "B" in PSYC 7237.

PSYC 7331 Advanced Developmental Psychology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An examination of the major themes, theories, and research in developmental psychology.
PSYC 7332 Advanced Social Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An examination of the major themes, theories, and research in social psychology.

PSYC 7333 Psychotherapy Skills II  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The purpose of this course is to practice skills with some of the basic interventions associated with the learning-based theories and to integrate these interventions with some of the practices learned in the first skills course.  
Prerequisite(s): A minimum grade of "B" in PSYC 7232.  
Corequisite(s): PSYC 7433.

PSYC 7334 Couples and Family Psychotherapy  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Students will learn the theory and practice associated with couple and family psychotherapy, including basic principles of systems therapy, common factors and effective practice strategies in couple and family therapy, unique features of interrupting dysfunctional patterns of close relationships, and characteristics of healthy couples and families.  
Prerequisite(s): A minimum grade of "B" in PSYC 7232.

PSYC 7335 Assessment III: Personality Assessment  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This is the third course in the assessment series and focuses on measurement of personality constructs, attributes, and unique characteristics that organize and define an individual.

PSYC 7337 Clinical Health Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Students will learn practical information and guidance on how to apply clinical health psychology research and techniques to make decisions and modify patients’ behavior. Students will learn about the interaction of physical health with the individual's cognitive, emotional, behavioral, and social functions. Students will learn specific skills related to clinical health psychology.

PSYC 7390 Development of Original Research  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Provides students with an opportunity to develop an original research idea and implement it.

PSYC 7433 Foundations & Skills II  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The focus of this course is to continue to study and practice of the major therapy systems, comparing them, contrasting them and looking for the bases of meaningful integration. Learning-based theories are emphasized in this course.

PSYC 7490 Advanced Directed Study  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
A directed study at the graduate level providing an examination and analysis of current literature pertaining to selected content areas in psychology.

PSYC 7531 Advanced Personality Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides an in-depth investigation into recent advances in personality theory, measurement, and empirical work.

PSYC 7610 Research Seminar  
1 Credit Hour. 1 Lecture Hour. 0 Lab Hours.  
This course focuses on the professional issues in the field of psychology, which includes: working in an academic environment; maintaining ethics when conducting psychological research; and developing communication and technical skills that will facilitate professional activities within the domain of experimental psychology.

PSYC 7631 Seminar in Teaching Psychology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Seminar in Teaching Psychology involves lecture, discussion, activities and homework designed to explore how to effectively teach psychology classes at the university level. Using readings from books and journals, along with personal experience, the class will discuss and apply issues such as how to plan effective lectures, test writing and grading, demonstrations, leading discussions, handling controversial issues, dealing with disruptive students, seeking out opportunities for experiential learning, and so on.

PSYC 7633 Psychotherapy Skills III: Child and Family Interventions  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course focuses on the development of therapy skills and practices associated exclusively with children and families.

PSYC 7730 Practicum I  
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
The general goal of Practicum I and II is to provide graduate students, who are therapists in training, with additional support and training while they are engaged in field work at various mental health settings. (These settings may include both on-campus and off-campus programs such as the GS Psychology Clinic, GS Counseling Center, Regents Center for Learning Disorders, outpatient community mental health centers, inpatient psychiatric/correctional/residential treatment facilities).

PSYC 7733 Combined Practicum Seminar  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will bring students in their first and second year of practicum into a peer supervision group focused on clinical practice, case management, and deepening of psychotherapeutic skills and techniques. Students will be engaged in field work at community mental health agencies during this course. In addition, faculty instructors will choose a relevant theme for seminar discussions for the semester.

PSYC 7810 Research Experience  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Student works with a faculty member on a research project in progress, obtaining experience and skills to enhance the student's understanding of the research process.

PSYC 7999 Thesis  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Students will complete a research project and must follow the scientific standards and best practices associated with question development, writing, research design, statistical analysis, and interpretation of data.

PSYC 9130 Professional Development  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course examines current issues in professional psychology. It also prepares students for pre-doctoral internship, post-doctoral work, licensure, and independent practice.

PSYC 9131 Supervision and Consultation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will explore professional consultation and clinical supervision, focusing on developing knowledge and skills related to the construction, dissemination and implementation of specialized programming for small and large systems; students also will learn theories, techniques and processes that will help them become more effective clinical supervisors.
PSYG 6600  Meth & Matls Child Talented
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A course covering the development of curriculum content and teaching materials for students identified as talented and gifted. Considerable time will be spent on organizing learning experiences and utilizing a variety of teaching methods.

PSYG 6620  Cur Child Talented and Gifted
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides a study of curriculum models, the types of curriculum needed for the Talented and Gifted, guidelines for developing curricular patterns which include subject or skill, core, interest, process, experiential bases of operations, and modular designs of community involvement. The course requirements include the development of curriculum of learning activities which will have greatest applicability and usability within the local school system.

PSYG 7600  Assessment Talented/Gifted
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Introduction to tests unique to assessing the developmental level and the potential achievement of children with talents and gifts. Emphasis is placed on the use of these tests in planning and selecting curricular programs and activities.

PUBH Public Health

PUBH 5520G  Introduction to Public Health
2 Credit Hours.  2 Lecture Hours.  0 Lab Hours.
This course is designed to give students a foundation in the core functions of the population-based public health (assessment, policy development and assurance). In addition, this course will examine the 10 essential services of public health within these core functions. Defining effective public health practice and providing knowledge about the technical, social, and political parameters related to public health research and practice are goals for this class. Students will gain an understanding of public health as a broad area of work that applies the benefits of current biomedical, environmental, social, and behavioral knowledge in ways that maximize the health status of all populations. Cross Listing(s): PUBH 5520.

PUBH 6532  Environmental Health
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is a survey of specific environmental conditions and factors that contribute to the development of health problems in communities. Health effects, policy issues, intervention strategies and control programs for community environmental health protection are discussed.

PUBH 6533  Epidemiology
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course provides an introduction to many important topics in epidemiology for public health practice, including but not limited to the evolution of the discipline, causal concepts in the natural history of disease, critical features of infectious and chronic diseases, elements of public health screening, basic measures used in epidemiology, design of epidemiologic investigations, consideration of random error and systematic bias, calculation and interpretation of confidence intervals and p values, discussion of confounding and interaction, criteria for evaluation of cause and effect relationships and the implications for ethical public health practice. Students are expected to gain a foundation for the application of epidemiologic methods for exploration of the causes and conditions that influence the origin, propagation, mitigation, and prevention of diseases in population health.
PUBH 6534 Health Policy and Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course provides a comprehensive introduction and overview to public health management and administration. The course context is based on managerial decision making and the practical knowledge, tools, processes and strategies required by organizational management. This course overviews the basics of administration, including public health law, human resources management, budgeting and financing, health information management, performance measurement and improvement, ethics, leadership, communication, media relations, and legislative relations in public health; introduced as processes are strategic planning, program development and evaluation, budget preparation, and constituency building for collaboration. Emerging areas of public health policy and management are also discussed as contexts to apply practical knowledge, tools and strategies.

PUBH 6535 Social and Behavioral Sciences and Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with the history and current applications of social and behavioral sciences as they are applied to public health practice and research. It explores social and behavioral science models, theories, and approaches that inform public health, and their philosophical roots. The course also examines social and behavioral determinants of health equity across the ecological spectrum. Emphasis is placed on critical thinking skills to help students synthesize and utilize information in research and practice. An important contribution of this course is the emphasis on recognizing the contributions of social and behavioral science research and practice to enhanced public health.

PUBH 6541 Biostatistics
4 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
This course examines statistics in public health and related health sciences, including sampling, probability, basic discrete and continuous distributions, descriptive statistics, hypotheses testing, confidence intervals, categorical data analysis, regression, and correlation. Emphasis will be on the development of critical thinking skills and health data analysis applications with computer software.
Cross Listing(s): BIOS 6541.

PUBH 7090 Selected Topics in Public Health
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Allows the student the opportunity to receive specialized and/or focused instruction in a public health topic not generally offered by the department.

PUBH 7131 Continuous Quality Improvement
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will use Statistical Process Control and Quality Improvement (QI) techniques to address the pressing need for the adoption of quality improvement methods and techniques in public health today. The course also includes an overview of health quality initiatives in general and the progress of QI in public health systems.

PUBH 7132 Scientific Basis of Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the scientific basis of 21st century disease processes including a survey of the origins, natural history, factors influencing individual and community risk. Clinical symptoms of diseases impacting humans, both acute and chronic, as well as epidemiologic trends will be also be discussed. Students will obtain an understanding of scientific mechanisms associated with the disease processes with particular focus on using this information in health-related professions and public health decision-making. As such, emphasis will be placed on the understanding and application of proposing community-based solutions designed to break the cycle of disease.

PUBH 7530 Integrated Capstone Experience
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course serves as a culminating experience designed to promote refinement of the hard and soft skills necessary for the public health workforce. Throughout the semester, students acquire skills in the integration of basic public health concepts and refine the application of discipline specific knowledge. This course relies on a case-based format that promotes problem solving and critical thinking in the context of real world public health problems.

PUBH 7790 Practicum in Public Health
1-4 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Permits the student to receive practical experience in a selected public health-related setting.
Prerequisite(s): Permission of instructor.

PUBH 7890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Provides the student with an opportunity to investigate an area of interest under the direction of a faculty mentor.

PUBH 7991 Public Health Capstone Research Project
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Requires the completion of an independent research project in the preferred field requiring the defense of the design, methods, analysis, and interpretation of the data. MPH Students may register for more than 3 credits of PUBH 7991 while working on their Capstone Research Project, but only 3 credits of PUBH 7991 may be applied toward the degree requirements. Excess PUBH 7991 credits cannot be used for electives or required coursework. Extra (greater than 3) credits of PUBH 7991 will simply increase the number of credits the student earns to more than 45.

PUBH 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Requires the completion of an independent research project in the preferred field requiring the defense of the design, methods, analysis and interpretation of the data.

PUBH 8132 Environmental and Occupational Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to reinforce basic concepts of environmental and occupational health. Students will be exposed to the current impact of potential environmental and occupational health and safety hazards. Students will also be exposed to current concepts associated with environmental and occupational regulatory standards, assessment protocols, sampling and monitoring techniques, and remediation strategies.

PUBH 8133 Advanced Epidemiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth integration of advanced epidemiology concepts designed to reinforce epidemiological principles, as well as build a foundation for epidemiologic research in public health practice. Specific course content includes theory, methods, and applications for epidemiologic studies including random and systematic error, confounding, counterfactuals, causal inference, effect modification, internal and external validity and advanced study design. Emphasis will also be placed on choosing and performing appropriate analytic techniques necessary for biostatistical inference, including estimability and interpretation of effect measures.

PUBH 8134 Health Economics, Policy and the Political Process
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Foundational economic and specific health economic theory, trends, market issues, and applications are presented to include health insurance and payment theory, processes, and applications. Comparison between rational and irrational theory is explored. Evolution of health policy, considering past, current and future major legislation and executive directives, are explored within the political process.
PUBH 9135 Theoretical Perspectives of the Social and Behavioral Sciences in Public Health
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will explore social and behavioral science theories, models, and approaches that inform public health research and practice, as well as their philosophical foundations. With emphasis on an ecological perspective, students will apply relevant theories to understanding community health issues and to developing interventions. The course also examines social and behavioral determinants of health equity across the ecological spectrum. In this course students will gain an enhanced understanding of the contributions of the social and behavioral sciences to Public Health.

PUBH 9130 Sampling Methodology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course focuses on study design and sampling methods as well as data analysis of small and large, national and local health surveys and vital statistics in order to gain experience describing data using effective graphical and numerical methods. Students will use statistical software (SAS) to analyze data originating from various national surveys such as the National Crime Victimization Survey, National Survey of Drug Use and Health, National Assessment of Educational Progress, Behavioral Risk Factor Surveillance System, an NHANES. Students will be introduced to sampling design, methods of data collection, nonresponse, writing and evaluating questions and answers in surveys, survey interviews, processing survey data and principles and practices related to ethical research.

Prerequisite(s): A minimum grade of "B" in PUBH 6541 or equivalent.

PUBH 9132 Public Health Perspectives in Community-Based and Translational Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will familiarize students with concepts, issues, and skills relevant to translational research approaches in public health, particularly as it relates to how research is applied across all public health concentrations (epidemiology, behavioral health sciences, management and policy, biostatistics, and environmental health). Emphasis will be placed on utilizing qualitative, quantitative, and mixed methods approaches within an ecological theoretical framework. Students will gain an understanding of the Community-Based Participatory Research (CBPR) approach, as well as issues related to the ethics of community-based research. Students will learn advocacy skills to catalyze community-level intervention and structural change based on research findings.

PUBH 9134 Professionalism and Ethics in Public Health Practice
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores critical issues related to the professional development of public health practitioners and ethical responsibilities necessary to assume leadership roles in the field. Leadership roles include, but are not limited to, recognizing the ecological complexities of factors influencing quality of life for individuals and health status of communities. Students will focus on professional attributes, skills, styles, and strategies required to advance public health goals. In addition, students will examine ethics associated with professionalism, research and public health practice.

PUBH 9135 Public Health, Funding and Grantsmanship
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will review the major sources of funding for public health programs, including public and private sources, and the components of successful funding proposals. Students will gain experience in writing funding proposals and creating program budgets. Students will learn appropriate techniques to planning and writing research grants for large-scale and small-scale community projects. As a part of this process, students will learn effective means of locating and soliciting funding agencies responsible for financing public health activity.

PUBH 9630 Public Health Doctoral Seminar
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to give doctoral candidates the opportunity to determine and refine their dissertation research topics including identifying potential dissertation committee members particularly the chair.

PUBH 9790 Doctoral Preceptorship in Public Health
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The doctoral preceptorship/field experience consists of 300 hours of field experience under the joint direction of a public health faculty member and a qualified specialist working in selected areas of public health. A written report specifying activities, products, and outcomes of the experience is required upon completion of the preceptorship.

PUBH 9999 Dissertation
1-9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The doctoral dissertation is a culminating experience that requires the student to synthesize and integrate knowledge and apply theory and principles learned to an area of public health practice within the area of concentration. A written product must be submitted and must take the form of a manuscript that is suitable for publication in a national-level public health journal, a grant proposal, a technical report, a case analysis, or other similar document. The dissertation must also be presented and successfully defended before the faculty.

RADS Radiologic Sciences

RADS 6000 Foundations of Radiologic Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an overview of Radiologic Science modalities. It will emphasize the inter-professional relationships among the disciplines of Radiologic Sciences.

RADS 6005 Emerging Trends in Radiologic Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines emerging trends in Radiologic Sciences. Topics include current issues related to technological advances, radiation protection and professional practice issues.

RADS 6010 Principles of Accreditation Concepts
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of accreditation with emphasis on issues relevant to medical and educational institutions. Topics include institutional and programmatic accreditation pertinent to Radiologic Sciences.

RADS 6020 Fundamental Administration Topics in Radiologic Sciences
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will delve into the administrative requirements for Radiologic and imaging administrators. Content includes management theories, legislative requirements pertaining to the healthcare environment and leadership concepts.

RADS 6030 Picture Archiving and Communication Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Topics for this course include a study of the process involved in capturing, archiving, processing and displaying of medical images and related information.

RADS 6040 Global Health Issues
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to global health. Includes the evaluation of case studies illustrating how global health issues are best understood from multiple perspectives. Topics may include global health ethics, global health policies, gender and health and health and human rights.

READ Reading

READ 6030A Directed Study in Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
READ 6131 Literacy Instruction and Diagnosis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide a foundation of multiple approaches to reading instruction, strategies for teaching readers at the elementary level along with learning assessment techniques for analyzing P-5 student literacy data. Candidates learn how to plan instruction based on student assessment results and research-based literacy practices. Included are ways to embed technology into literacy instruction for diverse learners.

READ 6330 Literacy in the Content Areas for Elementary Learners
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the development of reading and literacy skills needed by students in grades P-5. Instructional strategies are presented and designed to help students transfer literacy skills into content areas.

READ 7090 Selected Topics in Reading
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Topics in Reading is designed to serve dual purposes. 1) It allows the department to respond to specific needs of area schools and 2) it allows the department to respond to current issues and trends in reading education with topical courses.
Prerequisite(s): Permission of instructor.

READ 7131 Approaches to Literacy Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the major theories underlying reading and the teaching of reading. It fosters the development of strategic readers, an understanding of current reading research, integration of technology into literacy education, and familiarity with approaches to and models of instruction. The course considers the stages of an individual's reading development, as well as effective teaching strategies, assessment techniques, and organization for instruction.

READ 7132 Linking Literacy Assessment with Instruction
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of the diagnosis and remediation of reading difficulties in P-16 context. Emphasis include understanding and applying a variety of assessment techniques and making informed decisions based on literacy assessment data. Field experience required.

READ 7230 Issues and Trends in Literacy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This class is designed to investigate the current issues and trends in reading instruction across levels P-16. Emphasis will be on the critical analysis of research literature that is related to the current practices and trends in the teaching of reading.
Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7234 The Role of the Literacy Leader in Today's Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course describes the role of the literacy coach in today's schools from pre-K to high school. This course is designed to assist coaches in providing leadership for a school's entire reading/literacy program by providing professional development for teachers and acting as a liaison between instructional personnel and administrators.
Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7330 Literacy in the Content Areas
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course addresses the interdisciplinary development of reading skills needed by students in grades P-16. Instructional strategies and methods are presented and designed to help students transfer literacy skills into content areas.

READ 7431 Digital Literacies in the 21st Century
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of the intersections between new technology-based literacies and school-based literacies. We will also examine how recent innovations in technology education have affected our definitions of literacy, both in and outside of school, and discuss both the positive and negative effects of digital literacies on educational contexts. Students will be expected to actively participate in this learning community and create technology-based lessons that they can use as professional literacy educators.
Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7432 Teaching Literacy with English Learners
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the language, reading, and writing instructional needs of English language learners (emergent bilinguals). This includes exploring second language acquisition, the historical contexts surrounding the education of language minority students, and the ways in which mainstream classroom teachers can actively engage English learners in academic literacy activities. The course is grounded in sociocultural theory and builds upon P-16 students' first language as a resource. Field experience required.
Prerequisite(s): A minimum grade of "C" in READ 7131.

READ 7433 Teaching Writers Through Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course explores the connections between the teaching of reading and writing. It helps candidates understand literacy related research for effective the teaching and assessing writing for P-16 students. Candidates will have opportunities to practice strategies to make themselves more confident readers and writers while learning to become effective teachers of readers and writers.

READ 7630 Teaching the Literature of Social Reflection
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course defines literature in broad terms and literature will be represented through fiction, poetry, essay, art, music and film. The selections are all based on the following questions: How does one live a life? What kind of life? And for what purpose? This course is about the stories told through any media about the world around us that lead us to broad social reflection. We feel that literature/art has the capacity to change our lives and our perspectives on the lives of others.

READ 8130 Linking Literacy Assessment with Instruction II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Involves a continued in-depth study of the administration and interpretation of literacy and literacy-related diagnostic strategies and of corrective and remedial strategies appropriate to the needs determined through diagnosis. Focus is on individuals experiencing substantial literacy difficulties in P-12 settings. This course includes a required field-based component.
Prerequisite(s): READ 7132.

READ 8230 Organization and Supervision of Reading Programs
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study is made of a balanced reading program and the relationship of the reading program to the total curriculum.
Prerequisite(S): READ 7131.

READ 8430 Current Research in Trends and Issues in Literacy Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides the opportunity to explore and examine current research in trends and issues in literacy development from different perspectives. Candidates will develop the ability to evaluate literacy research, reflect upon best practices in literacy, and apply the knowledge to school setting. Candidates will identify and synthesize the literature related to a literacy topic of interest. They will write a literature review that demonstrates their understanding of the topic and the application in their school setting. Must be taken within the first 9 hours of the program. Admission to the Ed.S. in Reading program.
READ 8431 Literacy Leaders in Today's Schools
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the role of the literacy teacher as a leader in today's schools from PreK to High School. Teachers will have the opportunity to uncover their potential as future literacy leaders by studying the different aspects and characteristics of literacy leadership that will assist them in their advocacy for colleagues, students, and communities. This course will equip teachers with resources and knowledge to provide professional development that promotes collaborative work with colleagues.
Prerequisite(s): A minimum grade of "C" in READ 8430.

READ 8530 Critical Issues in Literacy Education with Diverse Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores the contemporary critical approaches to literacy education research in a diverse society and globalizing world. This course will examine literacy and its impact on linguistically, socially, and culturally diverse students from a sociocultural and critical perspective.

READ 8630 Critical Readings in Reading/Literacy Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Prerequisite(s): Admission to M.Ed., Ed.S., or Ed.D. program.

READ 8734 Capstone in Literacy Instruction
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This is a capstone experience where candidates demonstrate the skills, knowledge, and dispositions necessary to serve as classroom, school, or district literacy experts in diverse settings focusing on P-16 students. A total of 60 hours in the field is required. Adaptations may apply.
Prerequisite: READ 7131, READ 7132, READ 7330, and Permission of Advisor.

READ 8839 Field Project in Reading
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to enable students to design, organize, and report an instructional improvement research project implemented in reading.
Prerequisite(s): EDUR 8434.

READ 8890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
The Directed Individual Study provides an opportunity for a student to pursue an area of interest not covered by any existing courses in a guided, independent format. The student is responsible for defining an area of study, course objectives, activities and assessment procedures and identifying a graduate faculty member in the Reading Program who will supervise the study.
Prerequisite(s): Permission of Instructor.

RECR Recreation

RECR 6030 Selected Topics in Recreation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides the student with the opportunity to study contemporary topics and issues relevant to recreation and sport administration.

RECR 6230 Financial Management in Recreation Organizations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides in-depth understanding of budgeting and financial management within recreation organizations; students will apply intermediate and advanced computer skills using contemporary software applications common in recreation settings.

RECR 7230 Research Methods in Recreation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will develop an operational understanding of research design, program evaluation, and data analysis as applied in recreation and leisure service organizations. The goal of the course is to produce informed consumers of research-based information and to provide students the opportunity to prepare for advanced graduate study.

RECR 7235 Issues and Trends in Recreation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course investigates current and anticipated issues in the recreation field with an emphasis on problem-solving, decision making, and policy formation in administrative settings.

RECR 7236 History and Philosophy of Recreation and Leisure
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A critical inquiry into the history and philosophy of recreation and leisure with an emphasis on theoretical foundations applicable in contemporary society.

RECR 7237 Recreation Management
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An overview of recreation management with an emphasis on organizational behavior, human resource management, and legal principles applicable in recreation and leisure service organizations.

RECR 7790 Internship
9 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This nine credit hour course provides the opportunity for a full-time, 600 hour professional work experience in an approved recreation setting. Requires completion of a capstone project with dissemination of outcomes in written and verbal formats.

RECR 7830 Directed Individual Study
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Provides the opportunity for students to pursue independent research or participate in faculty sponsored projects.

RECR 7999 Thesis
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Students conduct an independent research project on a topic applicable to recreation and leisure services; requires development of a research proposal, data collection and analysis, and dissemination of results in written and verbal formats.

RELS Religious Studies

RELS 5030G Special Topics in Religious Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Special topics in Religious Studies. May be repeated for additional credit when topics change. Graduate Students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): RELS 5030.

RELS 5322G The Reformation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Focuses on the breakup of western European Christian unity in the sixteenth and seventeenth centuries, with a particular focus on the Continental (Lutheran, Calvinist, and Radical) denominations and the social, political, and economic consequences for all Europeans.
Cross Listing(s): HIST 5332, HIST 5332G, RELS 5332.

SCED Secondary Education

SCED 5100G Understng Rdr & Rdg Process
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Emphasizes include major theories underlying reading and the teaching of reading, current topics and issues in the literacy field, variety of teaching strategies, and an introduction to past and present literact scholars and their contributions to the teaching of reading. This is the first of three courses that will lead to a Reading Endorsement Certificate.

SCED 5450G Economic Education for Tchr
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of basic microeconomic and macroeconomic concepts, methodology, resourced for incorporating economics in the school curriculum, and teaching material development at the appropriate grade levels.
SCED 5799G  Student Teaching in Secondary Education  
9 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
A period of guided teaching during which the candidate, under the direction of a clinical supervisor, takes increasing responsibility for leading the school experiences of a group of learners over a period of consecutive weeks and engages more or less directly in many of the activities which constitute the wide range of a teacher's assigned responsibilities.  
Corequisite(s): MSED 7635.  
Cross Listing(s): SCED 5799. 
SCED 6340  Content Methods in Engl Educ  
3 Credit Hours.  0 Lecture Hours.  1-12 Lab Hours.  
Course prepares candidates to teach English language arts at the secondary level to diverse learners using best practices. A field experience is required. 
SCED 6350  Content Methods in Math Educ  
3 Credit Hours.  3 Lecture Hours.  1-12 Lab Hours.  
Course prepares candidates to teach mathematics at the secondary level to diverse learners using best practices. A field experience is required. 
SCED 6360 (Appears only in catalog) Content Methods for Hist Educ  
3 Credit Hours.  3 Lecture Hours.  1-12 Lab Hours.  
Course prepares candidates to teach history at the secondary level to diverse learners using best practices. A field experience is required. 
SCED 6370  Content Methods in Sci Educ  
3 Credit Hours.  3 Lecture Hours.  1-12 Lab Hours.  
Course prepares candidates to teach science at the secondary level to diverse learners using best practices. A field experience is required. 
SCED 6738  Supervised Practicum in Secondary Education  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
A supervised teaching experience in grades 6-12. Candidates will plan and teach in their specific teaching field(s) and grade levels for which they are being certified. Emphasis is placed on instructional planning, effective instruction, classroom management, and student evaluation. 
Prerequisite(s): A minimum grade of "C" in MSED 6120 and admission to Teacher Education Program.  
Corequisite(s): MSED 6131. 
SCED 6739  M.A.T. Internship I: Secondary  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
This supervised practicum course is designed for M.A.T. candidates who are employed full time in an approved teaching position. It provides a supervised teaching experience in an appropriate grade level and school setting for the candidate's teaching field. Candidates will plan and teach in the specific teaching field(s) and grade levels for which one is being certified. Emphasis is placed on instructional planning, classroom management, and student evaluation. 
Prerequisite(s): A minimum grade of "C" in MSED 6120; admission to Teacher Education Program.  
Corequisite(s): MSED 6131; candidates must hold a valid non-renewable teaching certificate and be currently employed in grades 6-12 and teaching in the teaching field(s) for which one is being certified. 
SCED 6799  Supervised Internship: Secondary  
3-12 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
A fifteen-week supervised teaching experience in the specific teaching field and grade levels for which one is being certified. Candidates seeking initial certification in one of the secondary education teaching fields will complete the internship in order to be eligible for initial certification. 
Prerequisite(s): A minimum grade of "C" in MSED 6131; candidates must hold a valid non-renewable teaching certificate and be currently employed in grades 6-12 and teaching in the teaching field(s) for which one is being certified. 

SEAC Valdosta State Franchise 

SEAC 6010  Int Instr: Individ Ed Program  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The theoretical and practical basis of curriculum design for individuals with disabilities throughout the life cycle. Individualized Education Plan development and program planning that incorporates student access to the general education curriculum are components of this course. 

SEG Valdosta State Franchise 

SEGC 6000  Integration of Instruction and Management  
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
Identification and implementation of management and instructional strategies that have demonstrated effectiveness. Through applied projects focused on K-12 student learning, students will demonstrate the ability to evaluate intervention efficacy. 
SEGC 6020  Intrgr Inst: Assessment & Learn  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Formal assessment, processes, and classroom assessments techniques unique to evaluating the developmental level and potential achievement of children with exceptionalities. Emphasis is on the use of these tools in planning and selecting curricular programs and activities. 
SEGC 6040  Tech Sup Plan Youth with Disab  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An introduction to computers and related hardware and software as they related to the individualized education program and needs of individuals who require intermittent or limited support. The course emphasizes classroom applications and technology in support of the needs of students with disabilities. 
SEGC 6050  Language & L D  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Study of the foundation and sequence of language and communication development, characteristics of language and communication disorders and differences, and selected evidence-based classroom intervention strategies. 
SEGC 6100  Read & Apply Res in Spec ED  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Culminating course experience in which students will select and post evidence from class assignments and write personal reflections in LiveText portfolio describing how the assignments have contributed to their development as teachers. 

SERD GOML Valdosta 

SERD 6030  Teaching Children to Read  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
An introduction to methods of teaching children to read, with an emphasis on balanced reading instruction. Major topics include building a literacy foundation, oral language development, phonemic awareness, phonics, fluency, vocabulary, comprehension, and guided reading instruction. 
SERD 6040  Read Diag, Rem & Mgmt EE Reade  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Effective diagnosis, remediation, and management of varying reading competencies in emergent and early readers, categorized from Tiers 1 through 3 on the Georgia Response to Instruction pyramid. 
SERD 6070  Reading Research and Instructi  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Research-based practices and theoretical underpinnings of reading and writing, as they relate to the practical applications of teaching across aspects of literacy. 

SMED Sports Medicine
SMED 5015G Assess/Eval Injury & Illness I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Cross Listing(s): SMED 5015.

SMED 5050G Pharm of Spts Med Inj & Illnes
2 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Basic understanding of pharmacology and the drugs commonly used in physical medicine and exercise.
Cross Listing(s): SMED 5050.

SMED 5055G Path of Spts Med Inj & III
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines mechanisms responsible for disease processes and subsequent care of illness associated with the participation in physical activity.
Cross Listing(s): SMED 5055.

SMED 5065G Movement/Posture Assmnt & Exer
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Techniques to identify impaired movement patterns and altered tissue adaptations. Corrective exercise strategies, including inhibitory, stretching and activation techniques and program design will be emphasized.
Prerequisite(s): A minimum grade of "C" in SMED 5015G.
Cross Listing(s): SMED 5065.

SMED 5090G Nutritional Issues/Sprts Med
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Impact of various nutritional regimens on performance and recovery in athletics.
Cross Listing(s): SMED 5090.

SMED 5555G Phys Actvty Disease Prev/Treat
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Effects of physical activity on health enhancement and maintenance. Bioenergetics, physical assessment methods, equipment, and exercise prescription.
Cross Listing(s): SMED 5555.

SMED 5600G Healthy Wght Mgmt & Body Comp
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A survey of research and applications for methods of improving body composition with a focus on optimal health and physical performance. Students will investigate effective strategies for long-term changes in body fatness and lean body mass.
Cross Listing(s): SMED 5600.

SMED 5940G Internship Strength & Conditio
1-3 Credit Hours. 1-4 Lecture Hours. 1-15 Lab Hours.
Supervised instruction in strength and conditioning techniques.
Cross Listing(s): SMED 5940.

SMED 5945G Internship in Sprts Med I
1-3 Credit Hours. 0-3 Lecture Hours. 0-6 Lab Hours.
On-site clinical experiences closely supervised by university faculty and facility instructors in the wellness/health promotion, adult fitness or cardiac rehabilitation settings; weekly seminars will address current clinical issues in the selected populations. May be taken for repeat credit.
Cross Listing(s): SMED 5945.

SMED 6005 Research Methods in Sports Medicine
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Methods of quantitative scientific inquiry and interpretation of research in sports medicine. In addition to promoting the skills to become critical consumers of research products; this course is designed to assist students in developing their research project required for degree completion.

SMED 6030 Evidence-Based Research in Strength & Conditioning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is a survey of research design, statistical methodology, and the application of such investigations in the field of strength and conditioning. The focus is on the student's ability to access, appropriately interpret, and apply research findings in practice.

SMED 6060 Exercise Physiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Acute and chronic physiological and biochemical responses of the human body when subjected to exercise.

SMED 6080 Performance Evaluation and Exercise Testing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of laboratory and field-based techniques, using biomedical instrumentation, for assessment of physiological responses. Effective appraisal and exercise prescription in various populations is emphasized.
Prerequisite(s): A minimum grade of "C" in SMED 6060.

SMED 6090 Sport and Exercise Nutrition
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course covers in detail the advanced biochemistry of nutrition and its application to health, physical activity, and athletic performance. The course emphasizes the critical evaluation of peer-reviewed research in this area.

SMED 6400 Fundamentals of Biomechanics and Human Movement
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The principles of classical mechanics applied to the study of human motion, physical activity and exercise.

SMED 6605 Physical Activity and Aging Across the Lifespan
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The contribution of human movement to the well-being and quality of life of aging populations. Principles, practices, and programs for seniors related to the concept of wellness. The myths, needs and movement potential of aging persons will be evaluated.

SMED 7010 Inj Prev/Risk Mgmt in Spts Med
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of methods and techniques used for the purposes of injury prevention and risk management. An epidemiological perspective will be used throughout the course. Case studies will be used throughout the course.

SMED 7050 Drug & Ergogenic Aids/Spts Med
3 Credit Hours. 2 Lecture Hours. 0 Lab Hours.
Efficacy and safety of drugs and performance-enhancing supplements in athletics.

SMED 7060 Advanced Exercise Physiology
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Continuation of SMED 6060. Further exploration into the acute and chronic muscular, cardiovascular, respiratory, and biochemical responses of the human body to exercise. Additionally, exercise and physical activity in altered environments will be explored.
Prerequisite(s): A minimum grade of "B" in SMED 6060.

SMED 7070 Theory and Method of Strength & Conditioning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The efficacy of methods and models of sports training in activities requiring intensive strength and conditioning programs.

SMED 7075 Program Design and Advanced Training Techniques
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An advanced course examining principles of program design, current concepts regarding periodized training and the physiological adaptations in response to power, plyometrics, speed and agility training. Practical mastery as well as theoretical understanding will be required.
Prerequisite(s): A minimum grade of "C" in SMED 7070.

SMED 7080 Applied Sport Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Course emphasizes an evidenced based approach to athlete monitoring and development through an examination of the techniques, technologies and analysis used in sport science settings.
Prerequisite(s): A minimum grade of "B" in SMED 6060.
SMED 7085 Tactical Strength and Conditioning  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Prerequisites: of strength and conditioning program design as they related to  
reducing injury risk and increasing longevity and effectiveness of tactical  
athletes.  
Prerequisite(s): A minimum grade of "B" in SMED 7070.  
SMED 7225 Internship in Sports Medicine  
1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.  
May be taken for repeat credit. On-site clinical experiences closely  
supervised by university faculty and facility instructors in the wellness/  
health promotion, adult fitness or cardiac rehabilitation settings: weekly  
seminars will address current clinical issues in the selected population.  
SMED 7400 Biomech Anal/Hum Mv & Musc Inj  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Mechanical principles and qualitative movement analysis applied to  
understanding mechanism, treatment, and prevention of musculoskeletal  
Injury. Application of biomechanical principles to integrate joint mechanics  
with a systems approach to prevent injury and optimize human  
performance. Case studies will be used throughout the course.  
Prerequisite(s): A minimum grade of "B" in SMED 6400.  
SMED 7500 Special Topics in Sports Medicine  
1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.  
Special assignments, agreed to by an advisor, used to provide a unique  
experience in an educational setting consistent with the student's  
professional objectives and program focus.  
SMED 7505 Organizational Leadership in Sports Medicine  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Knowledge, skills, and values required to develop, lead, administer, and  
manage a health care facility and associated venues providing sports  
medicine services. Case studies will be used throughout the course.  
SMED 7515 Cardiopulmonary Pathophysiology, Exercise and  
Rehabilitation  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The physiology and disease process specific to the cardiovascular system.  
Exercise and rehabilitative mechanisms will be discussed. Case studies  
will be used throughout the course.  
SMED 7520 Psychosocial Issues in Sports Medicine  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Psychological and sociological factors impacting the various aspects of  
sports medicine and physical activity.  
SMED 7700 Self-Directed Student Research in Sports Medicine  
1-3 Credit Hours. 1-4 Lecture Hours. 1-12 Lab Hours.  
Students conduct studies relating to their professional interest and  
responsibilities under the direction of a graduate faculty advisor.  
SMED 7994 Thesis/Professional Project in Sports Medicine I  
1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.  
Planning and conducting an original research project as a group project  
or an individual thesis, supervised by the student's thesis committee or  
project advisor.  
Prerequisite(s): Satisfactory completion of SMED 7994.  
SMED 7995 Thesis/Professional Project in Sports Medicine II  
1-3 Credit Hours. 1-12 Lecture Hours. 1-12 Lab Hours.  
Completing and presenting an original research project as a group project  
or an individual thesis, supervised by the student's thesis committee or  
project advisor.  
Prerequisite(s): Satisfactory completion of SMED 7994.  

SMGT Sport Management  
SMGT 6030 Selected Topics in Sport Management  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Provides students with the opportunity to study contemporary topics and  
isues relevant to the sport management profession.  
Cross Listing(s): SMGT 6030S.  
SMGT 6131 Management of Personnel in Sport  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course is a study of people at work and the accompanying attitudes,  
behaviors, and skills that employees exhibit during the work process. The  
goal of the course is first for students to understand and recognize specific  
workplace behaviors/attitudes and second, for students to learn various  
approaches to managing these behaviors/attitudes. Additionally, special  
attention is given to the management of volunteers in the sport industry.  
SMGT 6132 Current Trends in Sport Administration  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides insight into the past, current, and future trends in  
the field of sport administration. Emphasis will be placed on comprehension,  
assessment and problem resolution. Administrative theory and function,  
as well as cultural, social, legal and economic factors; and professional  
practices and applications within the field of sport administration are  
analyzed and applied to current issues and trends in the industry.  
SMGT 6133 Consumer Behavior in Sport  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Sport spectating is an extremely popular activity in the United States and  
little is known about the theoretical nuances that determine spectator  
behavior in sport. This course is intended to provide students with  
comprehensive coverage of sport spectator consumer behavior. Various  
models and paradigms relevant to sport spectator consumption behavior  
will be examined.  
SMGT 6134 Sport Sponsorship  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course contains a detailed consideration of the relationship between  
Sports and corporate sponsorship programs. The course focuses on  
alignment marketing issues, strategic communication through sponsorship  
programs, sponsor value, and sponsorship evaluation.  
SMGT 6135 Revenue Generation in Sport  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course exposes students to a broad range of topics related to  
Revenue Generation in the Sport Industry mostly centered around ticket  
sales and fundraising. Students will learn various approaches to ticket  
sales strategies in professional sports, the process of a sales call, specific  
types of inventory in professional and collegiate sport, and strategies for  
successful fundraising in collegiate athletics.  
SMGT 6330 Social and Ethical Issues of Sport and Leisure  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduces the student to a variety of sociological principles and  
implications that relate to human organization and human interaction  
within the realm of leisure and sport. Leisure and sport are pervasive  
influences in American culture and in much of the developed world. It is  
important to understand the evolution of the leisure ethic in our society,  
how sport has become so important and how an individual is socialized  
through the forum of sport. The class will investigate the interrelationships  
between society, sport, popular culture and the value systems attributed to  
the involvement in these areas.
SMGT 6335  Sport Administration
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Designed to develop a futuristic understanding of the management of sport-related businesses. The exponential change in the world of sport requires an understanding of successful past and present practices and the foreseeability of change. Emphasis in this class will be on strategic planning for change, NCAA change in organization and mandates, the current and future legal environment in sport including changes in "standards of care", and the managerial implications for keeping up with the changing nature of sport participants and the associated coaching changes needed to be effective.

SMGT 6337  Sport Facility and Event Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Helps the student understand contemporary sport facilities and event management. Important aspects of the class include event risk management, event planning and operations, facilities management, facility planning and development, and negotiating with promoters, independent contractors and those involved in privatization.

SMGT 7330  Research and Analysis in Sport
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course offers an operational understanding of research, evaluation methods, and statistical applications in the sport industry. Students taking this course should be able to design and conduct research in sport organizations that generates trustworthy data and adequately addresses a business question.

SMGT 7335  Sport Law and Risk Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Provides an advanced understanding of legal proceedings, legal research, negligence, and risk management. Through actual experiences of advanced legal research, moot courts, and the development of a risk management plan for an actual sport business students will develop a deeper understanding of the current status of negligence as it applies to the sport industry and the development of a risk plan to reduce operational risks.

SMGT 7337  Sport Marketing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines the unique nature of marketing sport both as a participatory and spectator event. Emphasis is upon understanding the synergy of marketing, sport and society. Consideration is given to marketing collegiate and professional sport.

SMGT 7339  Financial and Strategic Management in Sport
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Traditional and innovative revenue acquisition methods available to sport organizations will be examined. Particularly, the thorough financial analysis of two sport organizations competing in the same segment of the sport industry. The second half of the course focuses on macro management strategies. Content includes low-cost provider, differentiation and niche strategies and the analysis of Porter's 5 Forces Model of sustaining competitive advantage.

SMGT 7790  Sport Management Internship
9 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Allows the student to apply the knowledge and skills acquired in class and to receive practical experience in selected sport industry settings.

SMGT 7830  Directed Individual Study
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
Provides an opportunity to pursue an independent sport management research project or to work with a faculty member as part of a research team.

SMGT 7899  Directed Independent Study of Sport Management
1-3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
An independent or directed study supervised by a member of the graduate faculty of the Sport Management program.

SMGT 7999  Thesis
1-6 Credit Hours.  1-6 Lecture Hours.  0 Lab Hours.
Opportunity to conduct an independent research project in the preferred field of sport management, requiring the development of a thesis proposal, the execution of appropriate research, the analysis of results, and the development of a written product.

SOCI Sociology

SOCI 6135  Aging
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines the impact of an aging population upon society and the effects of the socially defined experience of aging upon the individual. Special attention is given to economic factors, retirement, life-style options, health, death, and widowhood.

SOCI 6136  Death and Dying
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines sociocultural dimensions of death, dying, bereavement, grief, and mourning, including cross-cultural comparisons and social patterns in historical perspective.

SOCI 6139  Sociology of Health Care
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Analyzes health and illness from a sociological perspective. Attention will be given to health care institutions, roles, beliefs, and practices as well as newly emerging roles.

SOCI 6235  Race and Ethnicity
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A survey of the major concepts and theories in the study of racial and ethnic relations in the United States. The situations and experiences of various racial and ethnic groups are considered.

SOCI 6434  Research Design & Method
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Study of the role of theory, research design, sampling, measurement and instrumentation, data collection, and ethical related to sociological research.

SOCI 6435  Soc. Quantitative Analysis
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Study of the techniques and statistics necessary to design and interpret quantitative sociological research.

SOCI 6436  Qualitative Research Methods
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Analysis and practice of qualitative methodology in sociology. Includes participant observation, interviews, case studies, content analysis and other innovative techniques.

SOCI 6631  Seminar in Self and Society
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examination of social psychological theory and research with emphasis upon the sociological perspective. Both structural and symbolic interactionist theories are explored.

SOCI 6632  Seminar in Social Change
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines sociological approaches to and theories of change and analyzes causes and consequences of long-term structural transformation.

SOCI 6633  Seminar in Social Stratification
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Examines several different approaches, methods, and data sources from the research specialty area of inequality. Introduces student to themes that are used to organize and differentiate theories of social stratification. Some familiarity with quantitative methods and empirical research will be prerequisites to successful performance in the course.
SOCI 6634 Seminar in Social Organization
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examination of theories of social organization and their application at both the micro and macro levels of analysis in groups, organizations, and societies.

SOCI 6635 Sociology of Gender
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the social construction of gender and gender inequality in society.

SOCI 6637 Social Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

SOCI 6638 Proseminar in Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Introduces students to the foundations and controversies in social scientific research.

Cross Listing(s): ANTH 6638, POLS 6638.

SOCI 7091 Selected Topics in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
In-depth examination of selected topics of contemporary interest and relevance to Sociology. Topics will vary and course may be repeated as topics change.

Cross Listing(s): SOCI 7091S.

SOCI 7100 Critic Think & Meth of App Res
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines concepts and methods used in social science research with particular emphasis on the philosophy of science; presuppositions; aims and history of procedures and methods; research techniques; sources; bibliography and presentation and publication of investigative results.

SOCI 7433 Program Evaluation
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Explores what it means to live in a society in which accountability is a thematic issue and policy and program benefits which accrue from well-designed evaluations, and proposals. Evaluation research and grant development issues, including basic design and use considerations are discussed.

SOCI 7434 Quantitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the role of theory, research design, sampling, measurement and instrumentation, data collection, and ethical issues related to social scientific research.

SOCI 7435 Seminar on the Rural South
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Examines the lifeways, traditions, and social organization of rural society in the American South. Uses the dynamics of class, race and gender to understand the social structure and legacies of rural southern communities.

SOCI 7436 Qualitative Research Design
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Analysis and practice of qualitative methodology in social science. Topics may include participant observation, ethnographic methods, interviews, case studies, content analysis, archival research and other innovative techniques.

SOCI 7437 Statistics for Social Science
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Study of the techniques and statistics necessary to design and interpret quantitative social scientific research.

SOCI 7638 Social Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course examines the role of theory in the scientific endeavor and explores a number of theoretical perspectives, including structural-functionalism, conflict, feminist, exchange, rational choice, symbolic interaction, and the current debates over modernity and postmodernity.

SOCI 7790 Practicum
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Designed as an educational placement to give graduate students a practical experience in a vocationally-appropriate setting.

SOCI 7891 Independent Study in Sociology
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Independent examination of graduate course topics offered in the sociology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies.

SOCI 7892 Directed Research in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Participation in an independent or group research project. More than three hours of credit for directed research may be earned, but only three hours may be applied to the completion of minimum hours required for the M.A. in Social Science degree.

SOCI 7990 Applied Monograph
1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.
A document of thesis quality and rigor which presents research and systematic observations from a practicum or field internship experience of no less than one semester. As a substitute for the traditional thesis, this option must be approved by the sociology graduate faculty of the Department of Sociology and Anthropology.

SOCI 7999 Thesis
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Research thesis.

SOCI 8891 Independent Study in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Independent examination of graduate course topic offered in the sociology curriculum of the Department of Sociology and Anthropology following guidelines of the College of Graduate Studies. Designed for graduate students beyond the master's level.

SOCI 8892 Directed Research in Sociology
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Participation in an independent or group research project. Designed for students participating in programs of study beyond the master's level.

SPAN Spanish

SPAN 5030G Selected Topics in Spanish
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Selected topics in Spanish. Graduate students will be assigned extra work that undergraduates will not be required to do.

Prerequisite(s): Permission to take graduate-level coursework.

Cross Listing(s): SPAN 5030.

SPAN 5090G Selected Topics in Spanish
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Selected Topics.

Prerequisite(s): Permission to take graduate-level coursework.

Cross Listing(s): SPAN 5090.
SPAN 5230G Studies in Hispanic History
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the examination of the history of the Spanish-speaking world. Course repeatable for credit with advisor approval. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students.
Prerequisite(s): Permission to take graduate-level coursework.
Cross Listing(s): SPAN 5230.

SPAN 5232G Studies in Hispanic Societies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the examination of the societies of the Spanish-speaking world, with particular focus on the various minority groups. Course repeatable for credit with advisor approval. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students.
Prerequisite(s): Permission to take graduate-level coursework.
Cross Listing(s): SPAN 5232.

SPAN 5234G Studies in Hispanic Literature
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the examination of the literatures of the Spanish-speaking world. Situates works in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students.
Prerequisite(s): Permission to take graduate-level coursework.
Cross Listing(s): SPAN 5234.

SPAN 5331G Latinos in the U.S.
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to familiarize students with significant cultural, historical, and social contributions of Latinos in the United States. Emphasis will be placed on the diversity within the Latino community and the contributions of Latino literature. Graduate students will be assigned extra work that undergraduates will not be required to do.
Prerequisite(s): Permission to take graduate-level coursework.
Cross Listing(s): SPAN 5331.

SPAN 5332G Studies in Hispanic Film
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through study of the films of the Spanish-speaking world. Situates works in their cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval. Graduate students must produce an extra paper/project, give an extra conference-length presentation, and conduct extra research that is not required of the undergraduate students.
Prerequisite(s): Permission to take graduate-level coursework.
Cross Listing(s): SPAN 5332.

SPAN 5442G Content & Methods Span Ed
3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.

SPAN 6132 Hispanic Linguistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course explores Spanish linguistics and establishes the basis for future application of linguistic principles. The course begins with an exploration of the sound system of Spanish and its theoretical representation. Building on this, the discussion continues with topics in Spanish morphology such as word formation and verbal inflection. This is followed by issues in syntax and semantics that are analyzed both in isolation and in terms of their relationship to each other. The goal of this course is to provide students with a level of knowledge that enables them to make connections between the structure of Spanish and relevant issues in contemporary Hispanic linguistics, such as language variation, bilingualism, and Spanish in the United States.

SPAN 6230 Early Modern Hispanic Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through detailed analysis of the Spanish-speaking world prior to the disintegration of the Spanish Empire. Situates content studied in its cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.

SPAN 6231 18th- and 19th-Century Hispanic Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through detailed analysis of the Spanish-speaking world of the eighteenth and nineteenth centuries. Situates content studied in its cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.

SPAN 6237 20th- and 21st-Century Hispanic Studies
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through detailed analysis of the Spanish-speaking world of the twentieth and twenty-first centuries. Situates content studied in its cultural, historical, and aesthetic contexts using appropriate critical methodologies. Course repeatable for credit with advisor approval.

SPAN 7090 Selected Topics in Spanish
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Selected Topics in Spanish.

SPAN 7091 Seminar in Spanish
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Seminar in Spanish.

SPAN 7130 Studies in Spanish Pedagogy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the study of the history and practice of Spanish pedagogy. Emphasis placed on learning how to help Spanish-language learners become functionally proficient in Spanish. Opportunities provided for hands-on experience.
Course repeatable for credit with advisor approval.

SPAN 7131 Studies in Spanish Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through theoretical and pragmatic analysis of various branches of linguistics, with special attention to practical applications. Topics may include semantics, stylistics, morphology, phonology, dialectology, sociolinguistics, etc. Course repeatable for credit with advisor approval.

SPAN 7195 Studies Abroad: Language
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Studies oral and written features of the Spanish within a Spanish-speaking country, using native materials and resources.

SPAN 7232 Studies in Hispanic Authors
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Practice of Superior-level Spanish-proficiency skills through the study of the life, works, and criticism of a particular Hispanic author. Course repeatable for credit with advisor approval.
SPED 6332 Remediation and Supports for Students with Disabilities in Mathematics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to prepare the special education teacher candidates to teach mathematics. An emphasis is placed on instructional strategies, assessments, technology, materials, co-teaching, accommodations and evidence based practices to make mathematics learning meaningful and appropriate for students with disabilities.

SPED 6766 Student Teaching; SPED 6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Student teaching is a period of guided teaching practice. Under the direction of a clinical supervisor, candidates gradually assume increasing responsibility for classroom instruction and management. During this experience, candidates are expected to engage directly in many of the activities which constitute the wide range of a teacher's responsibility.

Prerequisite(s): SPED 7632.

SPED 7090 Selected Topics in Special Education
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
Designed to promote specialized training in new and/or emerging topics related to the preparation of practitioners in the field of special education. Attention will be given to a range of special needs as they reach special significance in local systems.

Prerequisite(s): Permission of instructor.

SPED 7133 Collaboration Across the Life Span
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An in-depth examination of the issues confronted by individuals with disabilities and their families across the life span is provided. The consultative and collaborative skills necessary to work with students with disabilities, parents, student services personnel, and community agencies across the life span are taught. Emphasis is placed on planning and implementing transitions at all stages.

SPED 7136 Language Development
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Provides a review of the types and causes of language problems found in exceptional child populations. Provides instruction and demonstration in diagnostic and developmental/remedial techniques in the area of speech/language.

SPED 7411 Assistive Technology for Students with Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course provides an overview of a wide range of forms of assistive technology including switches, computer use and adaptations, and communication devices. Provides opportunities for candidates to develop devices for use in meeting the needs of students with physical and sensory disabilities.

SPED 7448 Augmentative and Alternative Communication for Students with Multiple/Severe Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The study of devices and systems used to meet the communication needs of students with multiple and severe disabilities.

SPED 7630 Seminar in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Requires students to address a series of topics central to current research and practice in Special education as they relate to a specific area of disability. Students will be required to prepare for and lead class discussion on a topic of their choice.

Prerequisite(s): Completion of 30 hours in MED program.

SPED 7631 Perspectives on Mild Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with a review of the characteristics of students with mild disabilities and the implications for their education and development. In addition, graduate students will reflect on the inter- and intra- individual differences which define the uniqueness of students with mild disabilities. Course content will integrate legal and social issues related to the instruction of students with mild disabilities.
SPED 7632 Methods for Mild Disabilities
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with skills in social and learning methods for students with mild disabilities. More specifically, this course provides an overview of basic methodology for academic and social instruction for students with disabilities. In addition, this course provides knowledge about the identification and implementation of a variety of teaching methodologies appropriate for learners with mild disabilities.
Prerequisite(s): A minimum grade of "C" in SPED 7631.

SPED 7633 Introduction to Augmentative Language
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is an introduction to Augmentative Language and is designed to develop conversational signing skills at the beginning level. Candidates will develop expressive and receptive sign skills, and learn the manual alphabet, numbers, and sign vocabulary. Other topics include grammar, history, fingerspelling, terminology, and Deaf culture.

SPED 7634 Characteristics and Assessment of Low Incidence Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide the graduate candidate with an introduction to the characteristics and assessment of students with moderate to severe disabilities in low incidence categories including mental retardation, sensory impairments, physical disabilities, multiple disabilities, chronic health impairments, autism, and traumatic brain injury. Historical and philosophical perspectives of programs related to students with moderate to severe disabilities using a life-span approach will be explored. Positive behavioral support strategies will be introduced. Developmentally appropriate formal and informal assessment will be addressed. In addition, this course will include reflection on multicultural, diversity, technology, employment and community living issues facing this population of individuals with disabilities.

SPED 7635 Methods for Low Incidence Populations
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide students with practical techniques of structuring group and individualized instruction in all curriculum areas for individuals with moderate to severe disabilities. It includes review, demonstration, and preparation of programs, methods, and materials for such instruction, with special emphasis on application of the diagnostic-prescriptive process.
Prerequisite(s): A minimum grade of "C" in SPED 7634.

SPED 7736 Internship in SPED General Curriculum
3 Credit Hours. 0 Lecture Hours. 10 Lab Hours.
This field-based internship involves the implementation of prescriptive methods for teaching students with disabilities at the mild level working on the general curriculum. Interns must complete 150 contact hours in a P-12 classroom serving students with the categorical focus identified in the student's program of study.
Corequisite(s): SPED 7632.

SPED 7766 Internship in Special Education
6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This field-based internship involves the implementation of prescriptive methods for teaching students with mild disabilities. Interns must complete contact hours in a P-12 classroom serving students with mild disabilities.
Prerequisite(s): A minimum grade of "B" in SPED 7632 and SPED 7635.

SPED 8130 Administration in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to develop the skills necessary to organize, house, equip, staff, supervise, and provide specialized educational environments and services for children with disabilities.

SPED 8131 Critical Issues in Special Education
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Students will identify and address a series of critical issues in special education from the standpoint of how such issues impact on the practice of education in their classroom, school, and system. Historical and current research will be reviewed as they relate to identified issues. Discussions of methods for addressing such issues within the context of the public schools will be a major focus of the course.

SPED 8410 Career Development and Transition Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will focus on understanding legal and procedural issues in interventions at the systems level of transition, including the following: identification of exemplary transition practices, issues in transition policies, dropout prevention issues, the vocational service system, ecological transition models, inclusive transition models of transition, self-determination and family involvement models, and continuous evaluation and improvement of transition services.

SPED 8411 Vocational Assessment of Special Education Students
3 Credit Hours. 3 Lecture Hours. 1-35 Lab Hours.
Provides students with the knowledge and skills to select, administer, and interpret instruments which sample vocational interests, aptitudes, and development. Emphasis is placed on the evaluation of students with disabilities and others at-risk of school failure. Field-based experience required.

SPED 8412 Interagency Planning and Service for Transition to Adulthood
3 Credit Hours. 3 Lecture Hours. 1-35 Lab Hours.
Emphasis is placed on theory and practice related to interagency collaboration, systems change efforts in transition services, and state-of-art practices regarding supporting individuals with disabilities in community employment, living, socialization, community participation, and other areas of adult life. Covers specific federal and state mandates concerning transition planning and collaboration with agencies in the community for assisting students as they move through the P-12 educational experience and on to post-secondary education and/or training.
Prerequisite(s): A minimum grade of "B" in SPED 8410 and SPED 8411.

SPED 8413 Community Based Instruction
3 Credit Hours. 3 Lecture Hours. 1-35 Lab Hours.
The course explores the use of appropriate community environments, methods for linking community based instruction, and methodology for preparing students with multiple and severe disabilities for adulthood. Emphasis is placed upon theory and practice related to career development, job development, facilitating natural supports on the job, job partnerships, and school and community vocational training models.
Prerequisite(s): A minimum grade of "B" in SPED 8410 and SPED 8411.

SPED 8531 Nature and Needs of Students with Autism
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with an examination of the psychological, communicative, social, and behavioral characteristics of individuals who have been diagnosed with autism. Focus on history, trends and practices, identification, and services will also be included.

SPED 8532 Implementing Evidence Based Practices in Teaching Students with Autism Spectrum Disorder
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with methods and strategies for planning and instructing utilizing evidence-based practices for students with autism spectrum disorders (ASD). More specifically, this course provides an overview of basic methodology for specialized instruction with an emphasis on using applied behavior analysis to teach academic, functional life skills, adaptive behavior, communication, and social skills for students with ASD. In addition, this course will include functional behavior assessment and positive behavior support as foundations for implementing appropriate behavioral interventions.
SPED 8533 Assessment and Procedures for Students with Autism Spectrum Disorder
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course is designed to provide graduate students with assessment and instructional procedures for working with individuals with autism spectrum disorder. Screening, diagnostic tools, educational assessments, ongoing progress monitoring, and program evaluation will be reviewed. The role of family in regards to the assessment process will also be discussed. In addition, transition planning will be highlighted. Field experience is embedded into the course through observation and assessment of individuals with ASD and interviews with family members.

SPED 8838 Qualitative/Applied Behavioral Analysis Research
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Designed to provide an in-depth study of the methodology involved in qualitative and ABA research. Provides students with a foundation of skills which will allow them to conduct research independently. In addition, a major goal of this course is to facilitate the development of critical thinking skills which will enable students to make reflective decisions within their professional domain.
Prerequisite(s): A minimum grade of "C" in EDUR 8131.

SPED 8890 Directed Individual Study
1-3 Credit Hours. 1-3 Lecture Hours. 0 Lab Hours.
The student will propose and carry out an applied or theoretical project in Special Education.
Prerequisite(s): Permission of program faculty.

STAT Statistics

STAT 5100G Sampling and Survey Methods
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the design and analysis of sample surveys suitable for students in business, social sciences, and biological sciences in addition to the mathematical sciences. Comparison of simple random sampling, stratified, systemic, cluster and multistage sampling. Emphasis on appropriate sample type and estimation of parameters. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require a higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in EDUR 8131.
Cross Listing(s): STAT 5130.

STAT 5330G Introduction to Mathematical Statistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introductory course intended to present a solid foundation in statistical theory, and, at the same time, to provide an indication of the relevance and importance of the theory in solving practical problems in the real world. Topics include, moments and moment-generating functions, point and interval estimation, test of statistical hypothesis, contingency tables and goodness-of-fit, nonparametric methods, and introduction to linear models. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in EDUR 8131.
Cross Listing(s): STAT 5130.

STAT 5531G Statistical Methods I
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the first of a two course sequence in applied statistics. The material covered will provide an introduction to statistical concepts and terminology while focusing on descriptive and inferential methods of data analysis. Topics include descriptive statistics, parameter estimation, tests of significance, confidence intervals, analysis of variance, simple linear regression and correlation, and resampling methods including bootstrapping. Both parametric and nonparametric methods are presented for the analysis of central tendency, variability, proportions and categorical data. Graduate students will be required to complete advanced level assignments in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MATH 3337.
Cross Listing(s): STAT 5531.

STAT 5532G Statistical Methods II
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This is the second of a two course sequence in applied statistics. The material covered will provide an introduction to the ideas of linear models and experimental design while focusing on methods of data analysis using regression and analysis of variance. Topics include multiple regression analysis, analysis of variance with multiple classification, analysis of covariances, repeated analysis of variance, multiple comparison techniques, and diagnostic procedures and transformations. Suitable for students in business administration, economics, and the social, health and biological sciences. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in STAT 5531.
Cross Listing(s): STAT 5532.

STAT 5660G Statistical Data Analytics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will apply concepts learned in diverse areas of mathematics to data analysis. Topics include clustering and classification, data cleaning, text analysis and document similarities, frequent itemsets and association rules, neural networks, support vector machines, and decision trees. This class has a primary focus on the underlying mathematical theory, with a secondary focus on application. Students will be introduced to R and RStudio for data storage, manipulation, and visualization. Graduate students will complete assignments beyond the scope of the undergraduate requirements. These assignments require higher-level mastery of the subject matter and additional deliverables representative of graduate-level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in the following: MATH 2160, MATH 2243, and at least one of MATH 3337 or STAT 5531.
Cross Listing(s): STAT 5660, MATH 5660, MATH 5660G.

STAT 7090 Selected Topics in Statistics
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
Selected study in a selected area of Statistics.
Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7130 Applied Multivariate Statistical Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Estimating and inference from the multivariate normal distribution, Hotelling's T 2, multivariate analysis of variance, multivariate regression, multivariate experimental design, principle component analysis, factor analysis, discriminate analysis and cluster analysis.
Prerequisite(s): Completion of STAT 5531 or STAT 5531G.

STAT 7132 Applied Nonparametric Statistics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Review of probability and statistical inference; binomial, quantile and sign tests; contingency tables; methods based on ranks.
Prerequisite(s): Completion of STAT 5531 or STAT 5531G.
STAT 7134  Applied Regression Analysis  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Simple and multiple linear regression, model selection, residual analysis, influence diagnostics, transformation of data to fit assumptions, multicollinearity and an introduction to non-linear regression.  
Prerequisite(s): Completion of STAT 5531 or STAT 5531G.  

STAT 7135  Analysis of Discrete Data  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
The study of discrete univariate and multivariate distributions and generating functions, two-way and higher dimensional contingency tables, chi-squared and other goodness-of-fit tests, Cochran-Mantel-Hanzel procedure, binary and multinomial response models, log-linear models, theoretical foundations for the generalized linear models, mixed generalized linear models, longitudinal and spatial data analysis.  
Prerequisite(s): Completion of STAT 7331 and STAT 5531, with a minimum grade of "C".  

STAT 7231  Design of Experiments I  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Various statistically designed experiments are introduced including randomized blocks designs, Latin squares, incomplete block designs, factorial and fractional factorial designs with and without confounding and nested designs.  
Prerequisite(s): Completion of STAT 5531 or STAT 5531G.  

STAT 7232  Design of Experiments II  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Response surface methodology is introduced. First- and second-order models and designs are studied which includes determining optimum conditions and methods of estimating response surfaces. Multivariate experiments, nonlinear response surface models, and mixture designs are also studied.  
Prerequisite(s): Completion of STAT 7231.  

STAT 7234  Statistical Process Control  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Philosophy of statistical process control is studied along with SPC techniques of control charts, process-capability, designed experiments and acceptance sampling.  
Prerequisite(s): Completion of STAT 5531 or STAT 5531G.  

STAT 7331  Mathematical Statistics I  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Random variables, density functions, mathematical expectation, discrete and continuous distributions, moments and moment-generating functions and limiting distributions.  
Prerequisite(s): Completion of MATH 2242 and MATH 3337.  

STAT 7332  Mathematical Statistics II  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Rigorous introduction/development of interval estimation, test of significance, comparison of K samples, randomized block design, multiple comparison procedures, nonparametric test and linear regression. The general linear model will be introduced.  
Prerequisite(s): Completion of STAT 7331.  

STAT 7430  Actuarial Mathematics  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Survival distributions and life tables, life insurance, life annuities, net premiums, multiple life functions, multiple decrement models, valuation theory for pension plans, collective risk models, population theory and theory of pension funding.  
Prerequisite(s): Completion of STAT 7331.  

STAT 7432  Applied Stochastic Processes  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Poisson process, renewal theory, Markov chains, Brownian motion, random walks and Martingales and stochastic order relations.  
Prerequisite(s): A minimum grade of "C" in STAT 7331.  

STAT 7434  Applied Time Series Analysis  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Basic ideas of stochastic model building techniques with applications are discussed. Properties of the autocorrelation function and the spectrum of stationary processes are investigated. Models studied include the linear stationary ARMA and linear non-stationary ARIMA models along with forecasting models.  
Prerequisite(s): Completion of STAT 7331.  

STAT 7436  Reliability Analysis  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Probabilistic models for the reliability of coherent systems, statistical models for lifetimes of components and repairable systems, including the nonhomogeneous Poisson process, reliability estimation and prediction, MIL standards and accelerated life testing.  
Prerequisite(s): Completion of STAT 7331.  

STAT 7530  Statistical Computing I  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Basic computer organization and computer arithmetic are investigated. Programming languages and statistical software packages are explored. Methods for approximating cumulative distribution function and percentage points of a probability distribution are studied including nonparametric procedures. Multiple comparison procedures are also examined. Random number generation and statistical tests for testing random number generators are explored.  
Prerequisite(s): Completion of STAT 7331.  

STAT 7532  Statistical Computing II  
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.  
Various computational methods in linear algebra as applied to such statistical methods as multiple linear regression, designed experiments, multivariate analysis and the general linear model. Further topics include computational methods for unconstrained optimization, nonlinear regression and model fitting based on criteria other than least squares.  
Prerequisite(s): Completion of STAT 5532 or STAT 5532G and STAT 7331.  

STAT 7610  Graduate Seminar  
1 Credit Hour.  1 Lecture Hour.  0 Lab Hours.  
Students will research topics related to their major/concentration, under supervision of one or more faculty members. Each student will present results on topics of interest to the class on new developments in mathematical sciences, or on his/her research project. Faculty members also may present lectures for the benefit of the students. Course may be repeated up to a maximum of 3 credit hours to be counted toward the M.S. in Mathematics.  
Cross Listing(s): MATH 7610.  

STAT 7890  Directed Study in Statistics  
1-3 Credit Hours.  1-3 Lecture Hours.  0-2 Lab Hours.  
Directed study under faculty supervision.  
Prerequisite(s): Permission of instructor and Department Chair.  

STAT 7895  Research  
1-3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.  
Graduate students will conduct a program of independent research under the direction of a thesis advisor or an advisory committee on a topic in Statistics. Results of the research will be presented as a thesis in MATH 7999 for partial fulfillment of the requirement of the Master of Science Degree in Mathematics with an emphasis in Statistics.  

STAT 7899  Research Project in Statistics  
1-6 Credit Hours.  1-6 Lecture Hours.  0-4 Lab Hours.  
Research project addressed toward a real world problem.  
Prerequisite(s): Permission of project advisor and Department Chair required.  

TCLD Teach Cult Ling Div Stdnt
TCLD 6231 Cultural Diversity and ESOL/TCLD 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An introduction to the major theories and research related to the nature and role of culture in classroom instruction. Students will gain and demonstrate understanding of how cultural groups and individual cultural identities contribute to language and literacy development and school achievement.

TCLD 6233 Applied Linguistics for ESOL/TCLD 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The course will address the major theories of first and second language development. The course will examine structures and systems of English and other languages. The course will investigate critical sociocultural perspectives on language in use. All course elements will be applied to community and classroom learning contexts.

TCLD 6235 Methods for Teaching ESOL/TCLD 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will address current second language acquisition theory and its application to curriculum development and instructional strategies. Participants in this course will design curriculum and learning activities that facilitate the use of English as an additional language in listening, speaking, reading, and writing across multiple grade levels and content areas. In addition, participants will develop strategies for integrating school, neighborhood, and home resources to further the education of English learners.
Prerequisite(s): A minimum grade of "C" in TCLD 4231 or TCLD 6231, TCLD 4233 or TCLD 6233; and admission to Teacher Education Program or hold a valid teaching certification.

TCLD 7334 Language Policy and Politics in Education 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine the intersection of ideologies and politics of language with language education planning, policy, and implementation. The course will present a wide array of historical, international, and national perspectives on language politics, policy, and education and guide students to apply those perspectives to understand contemporary state, community, school, and classroom realities and possibilities.
Prerequisite(s): A minimum grade of "C" in the following: TCLD 4231 or TCLD 6231, TCLD 4233 or TCLD 6233, TCLD 4235 or TCLD 6235.

TCLD 7336 Globalization, Immigration, and Teaching ELLs 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will examine how immigration patterns have contributed to the diversification of students in the United States, particularly the Southeastern United States, the challenges posed by this changing student body, and best practices in teaching and learning within this environment.
Prerequisite(s): A minimum grade of "C" in the following: TCLD 4231 or TCLD 6231, TCLD 4233 or TCLD 6233, TCLD 4235 or TCLD 6235.

TCLD 7338 Special Education-ELL Interface & Assessment 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will provide an overview of assessment, best practices, and education as they relate to culturally and linguistically diverse students with and without disabilities. Emphasis is placed on assessment issues as they relate to English Language Learners.
Prerequisite(s): A minimum grade of "C" in the following: TCLD 4231 or TCLD 6231, TCLD 4233 or TCLD 6233, TCLD 4235 or TCLD 6235.

TCLD 8538 Advanced ELL & Bilingual Teaching Methods 3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course will discuss a variety of advanced ESOL methods based in recent research. The course will enhance awareness of culturally and linguistically diverse students' strengths and needs, and consider the best ways to incorporate these into the process of ESOL curriculum design and implementation. Course participants will evaluate and critically examine a wide range of ESOL instructional methods and materials, strategies, and design instructional units that emphasize techniques and strategies for developing all modes of language. Course participants will develop a deeper understanding of second language acquisition theories and become familiar with the range of bilingual program models. Course participants will enhance their ability to apply their knowledge of language acquisition and ESOL methods to promote the development of communicative language skills and literacy in English among ELLs.
Prerequisite(s): A minimum grade of "C" in the following: EDUF 7130, EDUF 7230, EDUF 7235, EDUF 8233, EDUR 7130, TCLD 7334, TCLD 7336, and prior or concurrent enrollment in TCLD 7338, READ 7432 or READ 8530.

TCM 5330G Green Building and Sustainable Construction 3 Credit Hours. 3 Lecture Hours. 2 Lab Hours.
This course is a study of advanced topics in green construction beginning with the philosophy behind sustainability related technology and its implementation. The course provides a thorough expansion on LEED (Leadership in Energy and Environmental Design) core concepts including construction and design for sustainable sites, water efficiency, energy & atmosphere, materials & resources, indoor environmental quality and innovation and design. The course also examines sustainable construction methodologies and their associated environmental impacts. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in TCM 1131 and TCM 2234 or permission of instructor.
Cross Listing(s): TCM 5330.

TCM 5333G Building Information Modeling 3 Credit Hours. 2 Lecture Hours. 2 Lab Hours.
This course is an introduction to building information modeling (BIM). It highlights the strengths of BIM in promoting productivity and profitability in civil engineering and construction. Topics include the history of information modeling technology and its impacts on civil engineering and construction; popular software applications and basic modeling techniques; and implementation of BIM authoring and analysis tools for project delivery. Emphasis is placed on hands-on modeling techniques, and problem-solving using modern BIM technologies. Graduate students will be required to complete additional advanced level study beyond the scope of the undergraduate requirements of the course, demonstrating a higher level of mastery of the subject matter and including additional deliverables as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in TCM 1232 or ENGR 1133.
Cross Listing(s): TCM 5333.
This course includes methods and procedures for estimating costs of construction projects. Topics include types and purposes of estimates, direct and indirect costs, labor and equipment cost analysis, the CSI Masterformat, approximate estimates, and computerized estimating methods. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.

**Prerequisite(s):** A minimum grade of "C" in TCM 3330 and TCM 3331 or permission of instructor.

**Cross Listing(s):** TCM 5431.

- **TCM 5431G Construction Cost Estimating**
  - 3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.

This course integrates the principles of cost estimating and the methods used to plan and control the efficient and effective use of funds to complete projects on time and within budget. It is intended for those with a background in construction who wish to learn about cost estimation and construction management. Topics include the role of cost estimates in the construction process, cost estimation methods, cost analysis, and the impact of construction management on cost. The course is designed for students with a background in construction management and those interested in pursuing a career in construction management.

**Prerequisite(s):** Permission of department (should not be taken by graduate students with a B.S. in Electrical Engineering).

**Cross Listing(s):** TMAE 5132.

- **TMAE 5132G Essentials of Applied Mechanical Engineering**
  - 3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.

This course is designed for students with no mechanical engineering experience. The principles of engineering mechanics are developed from a work/energy point of view. Survey topics include a review of the fundamentals of mechanics, elastic behavior of materials, stress-strain relationships and measurements, elasticity theory, stability, dynamics, and vibration theory. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.

**Prerequisite(s):** Permission of department (should not be taken by graduate students with a B.S. in Electrical Engineering).

**Cross Listing(s):** TMAE 5131.

- **TMAE 5131G Essentials of Applied Electrical Engineering**
  - 3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.

This course is designed for students with no electrical engineering experience. Survey topics include electrical energy sources, DC circuits, resistive networks, network theorems, inductance, capacitance, natural and step responses of RL, RC, and RLC circuit, sinusoidal steady state analysis, Three-phase circuits, computer circuit analysis, non-linear, active components such as diodes, transistors (both bipolar and MOSFET), and operational amplifiers. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.

**Prerequisite(s):** Permission of department (should not be taken by graduate students with a B.S. in Electrical Engineering).

**Cross Listing(s):** TMAE 5132.

- **TMAE 5132G Essentials of Applied Electrical Engineering**
  - 3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.

This course is designed for students with no electrical engineering experience. Survey topics include electrical energy sources, DC circuits, resistive networks, network theorems, inductance, capacitance, natural and step responses of RL, RC, and RLC circuit, sinusoidal steady state analysis, Three-phase circuits, computer circuit analysis, non-linear, active components such as diodes, transistors (both bipolar and MOSFET), and operational amplifiers. Graduate students will be required to complete a case study or other individualized advanced activity that undergraduate students will not be required to complete.

**Prerequisite(s):** Permission of department (should not be taken by graduate students with a B.S. in Electrical Engineering).

**Cross Listing(s):** TMAE 5132.

- **TMAE 5133G Production Planning and Facilities Design**
  - 3 Credit Hours. 3 Lecture Hours. 1 Lab Hour.

The methods used to plan and control the efficient and effective use of equipment, tooling, people, materials, and other resources to manufacture products. This will lead to the examination of the fundamental theories, practices, and methods for the design of manufacturing and service facilities to enable productive flow of goods and services. Emphasis is placed on applied exercises utilizing spreadsheet and CAD software that culminates in a semester project. Graduate students will be required to complete a case study, or research project not required of undergraduate students.

**Prerequisite(s):** MENG 3333 or permission of department.

**Cross Listing(s):** TMAE 5133.
TMAE 5134G Lean World Class Manufacturing
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A comprehensive study of Lean Manufacturing Engineering technology and systems. Topics include key customer-focused, wastereducing elements of Just-In-Time Production, Total Quality Control, Total Productive Maintenance, and Total Employee Involvement. Traditional manufacturing methods are contrasted with modern lean methods and the tools that facilitate their implementation. Students will study real world examples including quick-change tool designs, kanban systems, and factory layout conversions. Graduate students will be required to complete individual advanced level research in an area beyond the scope of the undergraduate requirements that demonstrates a higher level of mastery in the subject matter with additional required deliverables representative of graduate level work, as determined by the instructor.
Prerequisite(s): A minimum grade of "C" in MENG 3333 and MFGE 3531 or permission of department.
Cross Listing(s): TMAE 5134.

TMAE 5139G Renewable Energy
3 Credit Hours. 0.2 Lecture Hours. 0.2 Lab Hours.
The design, operation, and environmental and socio-economic impact of renewable energy systems will be presented with an engineering emphasis. Additionally, cycle evaluation and analysis of the renewable energy systems, the efficiency and power output of renewable energy systems, their benefits and costs will be determined. Graduate students will be required to complete an additional design project that involves a class presentation with a more advanced technical analysis.
Prerequisite(s): A minimum grade of "C" in MENG 3233 or permission of department.
Cross Listing(s): TMAE 5139, MENG 5139, MENG 5139G.

TMAE 5890G Selected Topics in Applied Engineering
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.
This course is scheduled on an infrequent basis to explore special areas in applied engineering. Graduate students will be required to complete a case study or research project not required of undergraduate students.
Prerequisite(s): Permission of department.
Cross Listing(s): TMAE 5890.

TMAE 7136 Mechatronics I
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This course is designed to build a working familiarity with the electronics and techniques needed in the design and control of electro-mechanical systems. The topics in this course include integrated use of mechanical, electrical, and computer systems for control of machines and devices, system modeling, sensors and actuators, basic electronics design, signal processing, grounding, and interfacing techniques.
Prerequisite(s): TMAE 5131 or TMAE 5132 or permission of department.
Cross Listing(s): MENG 7136.

TMAE 7137 Mechatronics II
3 Credit Hours. 2 Lecture Hours. 3 Lab Hours.
This course is designed to provide further fundamental information to understand the fusion of mechanical engineering, electrical engineering, and computer data acquisition/programming and their relationship to the field of Mechatronics. This course emphasizes the interfacing of microprocessors with sensors and actuators, hybrid (analog/digital) design, digital logic and analog circuitry, micro-computer architecture, assembly language programming, signal conditioning, filters, analog-to-digital and digital-to-analog conversion, and the interface of data acquisition systems with the control process.
Prerequisite(s): A minimum grade of "C" in TMAE 7136 or permission of department.
Cross Listing(s): MENG 7138.

TMAE 7237 Mathematical Control Theory
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
State-space techniques from modern control system theory. Topics include realization theory for MIMO systems, state-space techniques for feedback control, closed loop observer design, and state-space techniques in optimal control.
Prerequisite(s): A minimum grade of "C" in MATH 3230 and MATH 5336G.

TMAE 7330 Advanced Electromagnetics
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
This course introduces fundamental concepts of wave propagation, polarization, radiation from sources, guided waves, transmission lines, smith charts, and numerical calculation techniques such as Finite-Difference Time-Domain (FDTD) method. The course includes research project activities.
Prerequisite(s): A minimum grade of "C" in EENG 2340 or Permission of Instructor.

TMAE 7332 Digital Control Systems
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An understanding of the elements of digital control theory will be developed. Students will be introduced to discrete system modeling, sampled data systems, z-transforms, state-space system representation and discrete control designs. Advance topics include Neural Networks and Fuzzy Logic application to control and the use of software tools that can be used to design and analyze this kind of systems. Students will also develop practical applications of digital control systems.
Prerequisite(s): A minimum grade of "C" in ENGR 2341 or Permission of Instructor.

TMAE 7430 Industrial Case Study Analysis
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
The systems approach and case study format are utilized for the resolution of current technical management problems of various industries. Problem solving methods are presented, discussed, and utilized in student activities.

TMAE 7431 Advanced Quality Control
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
A study of modern philosophies, methodologies, and technologies for quality control and improvement with emphasis on total quality management, statistical process control, quality improvement methods, and acceptance sampling.

TMAE 7432 Advanced Engineering Economy
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
Consideration of probability and risk effects on estimates, selection of the minimum, attractive rate of return, capitol rationing among competing projects, and economic analysis in government.

TMAE 7433 Facilities Planning
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.
An organized approach for planning a facility that achieves facilities location and design objectives, including how the activity's tangible assets best support achieving the activity's objectives. It is a composite of facilities location and facilities design with the approach based on the engineering design process. Techniques can be applied equally for non-manufacturing applications.
TMFG 7434  Product Lifecycle Analysis  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course will provide a holistic overview of the product lifecycle starting with idea conceptualization and ending with environment conscious product disposal. The cradle to grave design concept will be emphasized throughout this course. A related area of emphasis will be product demand forecasting and facilities design. Several aspects such as design review, Quality Function Deployment, trend extrapolation, statistical techniques, product functionality and usability will also be included.  
Prerequisite(s): A minimum grade of "C" in TMAE 7431.

TMFG 7435  Manufacturing Systems Analysis  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study of the analysis of manufacturing systems, systems analysis and problem solving in manufacturing. The tools of systems analysis will be used to formulate the real problems of manufacturing, identify where computer systems can help, and solve challenging manufacturing systems problems.

TMFG 7530  Research in Applied Engineering  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study of modern research methods and their application to the preparation of the thesis and technical reports.  
Cross Listing(s): MENG 7530.

TMFG 7531  Technical Management and Leadership  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study in the application of modern technical management and leadership principles in the Engineering and Information Technology disciplines. The course focuses on the process of obtaining, deploying, and utilizing a variety of essential resources that contribute to the effective and efficient operation of technical organizations in dynamic and competitive environments.

TMFG 7532  Global Technology  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
An examination of the developments in engineering, technology, and industry worldwide and the effects upon international relations.

TMFG 7890  Selected Topics in Applied Engineering  
1-3 Credit Hours. 1-3 Lecture Hours. 0-2 Lab Hours.  
This course is scheduled on an infrequent basis to explore special areas of applied engineering.  
Cross Listing(s): TMAE 7890.

TMFG 7891  Independent Study  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Independent study is available for students to undertake individualized experimentation, research, study related to applied engineering, or a capstone project. The specific topic will be approved by a faculty member in the program, and credit will be assigned commensurate with the magnitude of the study.  
Cross Listing(s): MENG 7891.

TMFG 7895  Special Problems in Applied Engineering  
1-3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
Individual and specialized study in the areas of applied engineering not otherwise covered in the program. Students must submit a proposal of the special problem for approval by the faculty member of record. Credit will be assigned commensurate with the magnitude of the study.  
Cross Listing(s): MENG 7895.

TMFG 7999  Thesis  
1-6 Credit Hours. 0 Lecture Hours. 0 Lab Hours.  
This course focuses on the preparation and completion of the thesis.

TSEC Safety and Environ Compl

TSEC 5331G  Occupational Safety  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The technical aspects of developing and implementing occupational safety programs in manufacturing industries. Emphasis on hazard identification and control. Topics include: OSHA compliance, accident investigation, fire protection, machine guarding, noise abatement, and electrical safety. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Cross Listing(s): TSEC 5331.

TSEC 5332G  Ergonomics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The human machine interface in manufacturing industries as it relates to the well-being of workers and efficiency of production systems. The application of human factors from both physiological and psychological perspectives are examined. Emphasis is placed on regulatory compliance. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
Cross Listing(s): TSEC 5332.

TSEC 5333G  Industrial Hygiene and Ergonomics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study of the techniques used by health and safety professionals to anticipate, recognize, evaluate, and control those environmental factors or stresses arising in or from the workplace that adversely affect an employees' health, comfort, and performance. Ergonomic tool and work area design and work procedures are emphasized. Regulatory agencies, compliance, and program management issues are discussed. Graduate students are required to complete an advanced level assignment in addition to all undergraduate course requirements.  
Cross Listing(s): TSEC 5333.
TSEC  5334G  Hazardous Waste Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of hazardous waste substances as they are created by various industries and their proper management by combining planning, organizing, and controlling techniques with a knowledge of generating, storing, transporting, treating, recycling and disposing of hazardous materials. Issues of environmental impact, regulatory compliance, ethics, and program management are discussed from a technical management perspective. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TSEC  5334.

TSEC  5335G  Systems Safety in Manufacturing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A study of the application of systems safety concepts to manufacturing and production systems. Emphasis is placed on the critical analysis of systems through modeling and the development of control strategies to reduce the frequency and severity of industrial accidents. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do. Cross Listing(s): TSEC  5335.

TSEC  5336G  Environmental Law
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A course designed to provide an introduction and overview (for those without legal or specific scientific training) of the system through which our nation attempts to preserve the environment. The U.S. legal system, national, and international environmental policy is reviewed. Emphasis is placed on the control of air quality, water quality, toxic substances, and hazardous releases as it relates to environmental regulation of industry. Graduate students will be required to complete an additional project or assignment in addition to the undergraduate course requirements. Cross Listing(s): TSEC  5336.

WSB  7839  Special Topics in Business
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in existing graduate courses. The scope and nature of the material is determined in consultation with the faculty sponsor.

WGST Women and Gender Studies

WGST  5131G  Sex, Violence, and Culture
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Uses feminist theories of gender, sexuality, and patriarchal culture to explore the relationship between public and private violence. Placing private violence in a global perspective, this course critiques the gender stakes of economies of domination and exploitation, the war system, and ideologies of family and nation. Cross Listing(s): WGST  5131.

WGST  5633G  Writing the Body
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Writing the Body explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative. Graduate students will be given additional assignments not required of undergraduate students. Cross Listing(s): WGST  5633.

WGST  7431  Independent Study in Women's and Gender Studies
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Individually designed topics that vary according to the instructor. Prerequisite(s): Permission of instructor.

WSFST Web Legal Studies

WSL  7130  Legal and Ethical Issues in Business
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A survey of the legal and ethical rules which govern the managerial decision making process, particularly focusing on constitutional “Commerce Clause” interpretation, contract and agency principles, administrative agency regulations, and evolving ethical issues which influence the application of the law. The course is set in domestic law, but includes operational legal aspects of the international market place. Prerequisite(s): A minimum grade of “C” in LSTD  2106 or LSTD  6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

WSL  7230  Current Legal Issues
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
This class will focus on current legal issues in accounting, business and ethics. Prerequisite(s): A minimum grade of “C” in LSTD  2106 or LSTD  6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

WSL  7130  Legal and Ethical Issues in Business
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
A survey of the legal and ethical rules which govern the managerial decision making process, particularly focusing on constitutional “Commerce Clause” interpretation, contract and agency principles, administrative agency regulations, and evolving ethical issues which influence the application of the law. The course is set in domestic law, but includes operational legal aspects of the international market place. Prerequisite(s): A minimum grade of “C” in LSTD  2106 or LSTD  6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.

WSL  7230  Current Legal Issues
3 Credit Hours.  0 Lecture Hours.  0 Lab Hours.
This class will focus on current legal issues in accounting, business and ethics. Prerequisite(s): A minimum grade of “C” in LSTD  2106 or LSTD  6130, and admitted to the Masters of Accounting program, or permission of the School of Accountancy director.
WMAC Web Masters of Accounting

WMAC 7130 Seminar in Financial Accounting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A study of business combinations, consolidation of financial statements of affiliated companies, multinational operations, foreign currency transactions, translation of foreign currency financial statements, reporting disaggregated information, and interim financial statements.
Prerequisite(s): A minimum grade of "C" in ACCT 4133 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7132 Theory of Accounting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A study of historical and contemporary developments of accounting theory, policy, and reporting procedures. The objectives of financial reporting are reviewed within the conceptual framework of accounting and the accounting standard setting process. Particular emphasis is placed on financial accounting theory formulation and the application of accounting theory to selected contemporary issues.
Prerequisite(s): Admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7134 Financial Reporting and Analysis
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course focuses on the interpretation of financial statement information for decision making. Topics include understanding the importance of industry context and the firm's own strategic choices in evaluating the financial statement; assessing the quality of financial statement information and recognizing situations where more stringent forensic accounting measures might be appropriate; evaluating profitability and risk; associating subsets of the available analytical tools with the kinds of decisions for which they are most appropriate; and recognizing the effects of GAAP on the input variables of various firm valuation models. Includes coverage of recent relevant legislation and pronouncements of the FASB, SEC, and IASB.
Prerequisite(s): Admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7330 Taxation of Corporations and Partnerships
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
A study of the laws involving the formation, operation, and liquidation of corporations, S corporations, and partnerships.
Prerequisite(s): A minimum grade of "C" in ACCT 3330 and admission to the WebMAcc program or permission of the School of Accountancy Director.

WMAC 7331 Taxation of Pass-Through Entities
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
The federal income taxation of pass-through entities, including partnerships (LLC), S corporations, and trusts and estates. The income tax aspects of each of these entities are examined with regard to formation, operation, allocation of income among owners (or beneficiaries), distributions and liquidation.
Prerequisite(s): A minimum grade of "C" in ACCT 3330, or concurrent enrollment in WMAC 7330, and admission to the WebMAcc program, or permission of the School of Accountancy director.

WMAC 7332 Advanced Tax Planning
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course covers advanced tax topics such as tax-free exchanges, including like-kind exchanges, involuntary conversions, exchanges pursuant to corporate reorganizations, mergers and acquisitions, as well as deferred compensation.
Prerequisite(s): A minimum grade of "C" in ACCT 7330 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7334 Tax Research
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Application of research techniques to income tax and other tax planning; case studies and reports. This course provides the student with the opportunity to analyze, critique, and do practical tax research. Emphasis is placed on research methodology rather than on technical or legal knowledge of the tax law.
Prerequisite(s): A minimum grade of "C" in ACCT 3330 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7430 Seminar in Auditing
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Advanced topics in independent, internal, and governmental auditing.
Prerequisite(s): A minimum grade of "C" in ACCT 4430 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7431 Auditing Practice
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Practical and theoretical components are considered related to auditing topics including auditing in the computer environment, conduction auditing research, and report writing.
Prerequisite(s): A minimum grade of "C" in ACCT 7430 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7530 Seminar in Accounting Information Systems
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Develops an understanding and appreciation for the design, analysis, development and implementation of computer-based accounting information systems with an emphasis of control and management issues of this accounting function. Practical application will be examined throughout computer projects and systems' cases.
Prerequisite(s): A minimum grade of "C" in ACCT 4130 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7634 Fraudulent Financial Reporting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
Training in financial statement fraud is needed due to the technical nature of accounting and reporting standards. This course demonstrates how financial statement analysis can be used to uncover fraudulent financial reporting. In addition, the most common methods for "cooking the books" will be examined along with strategies for detecting and investigating such schemes.
Prerequisite(s): A minimum grade of "C" in ACCT 4130 and admission to the WebMAcc program or permission of the School of Accountancy director.

WMAC 7638 Business Valuation
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This class focuses on determining the fair values of individual tangible and intangible assets as well as the overall value of a business and includes calculating fair values for financial reporting. The three valuation approaches (Market Approach, Income Approach, and Asset Approach) are covered in depth along with the professional standards, developing the cost of capital, and applying valuation adjustments (discounts and premiums).
Prerequisite(s): Admission to the WebMAcc program or permission of the School of Accountancy Director.

WMAC 7839 Special Topics in Accounting
3 Credit Hours. 0 Lecture Hours. 0 Lab Hours.
This course is designed to offer students an opportunity to pursue studies at a level or on topics not covered in existing graduate courses. The scope and nature of the material is determined in consultation with the faculty sponsor.
Prerequisite(s): Admission to the WebMAcc program or permission of the School of Accountancy Director.
**WMBA Web MBA**

**WMBA 6000 Human Behavior in Organizations**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course provides an overview of existing theories and models of human behavior in organizations. Using readings, cases, discussion, and guest speakers, the course explains the importance of leadership, motivation, power and influence in organizational life. Special emphasis is placed on leadership for change.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6010 Managerial Accounting**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
A study of management accounting and control information. This course shows how to make pricing and product mix decisions, how to improve existing activities and processes, how to measure performance in decentralized operating units, how to align organizational activities with long-term strategic objectives, both in a domestic and international setting.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6020 Managerial Communications**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course is designed to meet the needs of the practicing manager. Included are the communications carried out by managers in organizations and the organizational and human variables which influence these communications. Included is the management of information systems. Communication styles of managers from different cultures are discussed.

**WMBA 6030 Global and International Business**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course presents fundamental considerations for managers of international trade operations. This course is designed to provide graduate level skills in the management functions of global strategic planning, international organizing, leading expatriates and diverse cultures, and controlling the global organization.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6040 Managerial Decision Analysis**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course is designed to expose students to the types of decision making situations they will face as managers. It will introduce students to advanced quantitative concepts and state-of-the-art techniques. By the end of the course students will be expected to be able to analyze a problem statement, develop alternative solution procedures, and select the one that most successful solutions to business problems require the ability to integrate concepts from non-quantitative fields with the quantitative results.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6050 Strategic Marketing**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
A strategy planning approach to marketing management from conception and application perspectives. Focus is on the strategic decision-making process supported by self-analysis and external analysis. Legal, ethical and international aspects are also considered.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6060 Managerial Finance**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
A study of financial risk and return, capital budgeting, valuation, capital structure, working capital management and current topics in financial management.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6070 Entrepreneurship-New Venture Analysis**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
A study of the business formation process which focuses on the creativity, risk-taking, and planning associated with new ventures. The course will provide information on the entrepreneurial project starting with idea generation, idea development, feasibility analysis, resource identification, and concluding with the development of a coherent business plan.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6080 Management Information Systems**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course focuses on information technology and systems from a general management perspective. Topics of discussion include the management of the systems development process, the organizational cycle of information, technology planning, evaluation, selection, and strategic uses of information technology.

**Prerequisite(s):** Students must be enrolled in online MBA program.

**WMBA 6090 Information Technology Management (ERP)**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course is designed to enable the manager to effectively explore and evaluate new technologies in an applied business environment. The course focuses on the evaluation, selection, implementation process, and use of advanced ERP systems, i.e. SAP R/3. This course will concentrate on the manager, not the technical aspects, of information technology management. The use of relevant readings and cases are used to apply the concepts and techniques presented in the course. The course will offer the rewards for the successful implementation.

**Prerequisite(s):** Minimum grade of "C" in WMBA 6080.

**WMBA 6100 Operations and Supply Chain Management**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course is designed to provide an understanding of the production/operations function within an organization. It will focus on the types of decisions to be made at various organizational levels and where appropriate, on particular models and quantitative techniques that can be useful in making those decisions. Emphasis will be placed on how those decisions are interrelated and on their strategic implications for the firm. Finally, it will consider how the operations function fits in with other functional areas of the firm.

**Prerequisite(s):** Student must be enrolled in online MBA program.

**WMBA 6110 Business Strategy**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
This course focuses on global strategic management and encourages the analysis and development of business strategies within a global environment.

**Prerequisite(s):** A minimum grade of "C" in WMBA 6010 and WMBA 6050 and WMBA 6060.

**WRIT Writing**

**WRIT 5030G Selected Topics in Writing**
*1-6 Credit Hours. 1-6 Lecture Hours. 0 Lab Hours.*
A course on particular topics in rhetoric and composition, the teaching of writing, English as a Second Language, linguistics, and creative writing not covered by other courses. Required by graduate students who will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**Cross Listing(s):** WRIT 5030.

**WRIT 5130G Modern English Grammar**
*3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.*
A study of the system of rules of word formation and sentence construction that we unconsciously employ in our daily use of the English language. Required by graduate students who will be given an extra assignment determined by the instructor that undergraduates will not be required to do.

**Prerequisite(s):** A minimum grade of "C" in ENGL 1102.

**Cross Listing(s):** WRIT 5130, LING 5130, LING 5130G.
WRIT 5231G  Advanced Screenwriting  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Within a workshop and critique setting, students will work through the stages of feature screenplay writing. The course will focus on more advanced techniques, structure, and development of character and plot in long format through feature writing assignments. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.  
**Prerequisite(s):** A minimum grade of "C" in WRIT 3130, or permission of instructor.  
**Cross Listing(s):** WRIT 5231.

WRIT 5250G  Technical Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A required course for all Writing and Linguistics majors in the professional and technical communication area. This course offers study in technical communication topics relevant to the profession, such as usability, freelancing, document analysis, ethics, medical writing, or rhetoric of science and technology. Graduate students will complete an additional assignment determined by the instructor.  
**Cross Listing(s):** WRIT 5250.

WRIT 5330G  Rhetoric  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Rhetoric from Aristotle to the present, with emphasis on rhetorical analysis of texts and other forms of discourse.  
**Cross Listing(s):** WRIT 5330.

WRIT 5340G  History of English Language  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A study of the English language from linguistic, social, and historical perspectives. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
**Prerequisite:** A minimum grade of "C" in ENGL 1102.  
**Cross Listing(s):** WRIT 5340, LING 5330G.

WRIT 5430G  Advanced Poetry Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop which focuses primarily on the students' own poems. The course deepens and expands the poetry writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss poetry by established writers, evaluate their work and the work of their peers, and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.  
**Prerequisite(s):** A minimum grade of "C" in WRIT 3130, or permission of instructor.  
**Cross Listing(s):** WRIT 5430.

WRIT 5510G  Writing for the Nonprofit Sector  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Techniques for writing for local and national nonprofit organizations. Possible service learning component.  
**Cross Listing(s):** WRIT 5510.

WRIT 5520G  Writing for Publication  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course prepares students for writing for publication in a digital age. Students are encouraged to pursue various areas of research and interests as they learn how to locate suitable venues for publication, write query letters to publishers, format manuscripts for submission, and deal with revision and editing in today's technological environment. Graduate students will be expected to do an extra project.  
**Cross Listing(s):** WRIT 5520.

WRIT 5530G  Sociolinguistics  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
The principles and methods used to study language as a sociocultural phenomenon. These are examined both from the linguistic viewpoint and the social scientific viewpoint. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
**Prerequisite(s):** A minimum grade of "C" in WRIT 3130, or permission of instructor.  
**Cross Listing(s):** WRIT 5530, LING 5530, LING 5530G.

WRIT 5531G  Advanced Creative Nonfiction Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop which focuses primarily on the students' own creative nonfiction. The course deepens and expands the writing skills and knowledge learned in undergraduate expository writing courses. Students read and discuss creative nonfiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.  
**Prerequisite(s):** A minimum grade of "C" in WRIT 3130, or permission of instructor.  
**Cross Listing(s):** WRIT 5531.

WRIT 5532G  Writing Flash Prose  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
A creative writing workshop in which students study and write short prose forms such as the short-short story, brief creative nonfiction, and prose poetry. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
**Prerequisite(s):** A minimum grade of "C" in WRIT 3130, or permission of instructor.  
**Cross Listing(s):** WRIT 5532.

WRIT 5533G  Writing the Body  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Writing the Body explores the ways in which written discourse is an intellectual, social, creative, and educational practice that is always also material and corporeal. As an introduction to discipline-specific foundations in writing theory and methodologies, this course engages students in both the analysis and production of written texts and enables them to explore the ways in which identity narratives are embodied and performative. Graduate students will be given additional assignments not required of undergraduate students.  
**Cross Listing(s):** WRIT 5533.

WRIT 5535G  Intellectual Property  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
This course provides an introduction and general overview of fundamental aspects of intellectual property. Students will learn about such topics as the history of copyright laws, fair use, and the public domain. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.  
**Cross Listing(s):** WRIT 5535.

WRIT 5540G  Plain Language in Workplace Writing  
3 Credit Hours. 3 Lecture Hours. 0 Lab Hours.  
Introduction to the principles of plain language in workplace communication. Students will analyze document design along with passages at the word-, sentence-, and paragraph-level, and conduct usability testing to improve documents' clarity. Students will examine the history of plain language movements and understand the social impacts of plain language in legal, medical, and professional contexts. Students will revise and create documents in plain language for use by specific audiences. Graduate students will complete an additional project.  
**Prerequisite(s):** A minimum grade of "C" in ENGL 1102.  
**Cross Listing(s):** WRIT 5540.
WRIT 5550G  Publication Design
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Techniques for preparing documents from development to publication.
Cross Listing(s): WRIT 5550.

WRIT 5560G  Advanced Fiction Writing
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
A creative writing workshop which focuses primarily on the students’ own fiction. The course deepens and expands the fiction writing skills and knowledge developed in lower-level creative writing workshops. Students will read and discuss fiction by established writers, evaluate their work and the work of their peers, and produce a portfolio. Graduate students will be required to engage in advanced level research and writing, beyond the scope of undergraduate requirements, as determined by the course instructor.
Prerequisite(s): A minimum grade of "C" in WRIT 3130, or permission of instructor.
Cross Listing(s): WRIT 5560.

WRIT 5580G  Social Media Management
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Analyzes the meanings and implications of social media on reading and writing as well as explores the relationship between an organization’s technologies of writing and cultural narratives of identity, subjectivity, and agency to build effective user experiences. Graduate students will be given an extra assignment determined by the instructor that undergraduates will not be required to do.
Cross Listing(s): WRIT 5580.

WRIT 5590G  Cultural Rhetorics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This graduate level course explores some of the many facets of cultural rhetorics, focusing on the theoretical bases for analyses of power and meaning in production, texts, and reception. It includes anti-racist, feminist, queer, or social frameworks, as well as applied multimodal and genre theories.
Prerequisite(s): Graduate status or permission of instructor.
Cross Listing(s): WRIT 5590.

WRIT 6030  Selected Topics in Writing and Linguistics
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This graduate level course will cover special topics related to writing, rhetoric, technical communication, and visual rhetoric. Topics may include science writing, environmental rhetorics, information design, multimedia writing, digital authoring and publishing, and risk communication.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 6110  Managing Digital Documents
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course will offer students the opportunity to shape text for different multimedia environments, from traditional websites to the constraints of smart phone applications. Students will explore the writing challenges at stake in the midst of existing (and changing) online publication venues and digital social networking framings.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 6133  Usability and User Experience
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course focuses on usability research methods and testing, and theories of usability in professional and technical writing. Students will be introduced to user-centered design, participatory design, and user experience approaches to user research and usability practices.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 7100  Professional Communication Strategies
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Advanced professional communication strategies employed by leaders in business, industry, education, and health professions, including strategies to improve and refine workplace communication processes, practices, and workflows.

WRIT 7110  Applied Ethics in Professional and Technical Communication
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Training in professional ethics in the workplace.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 7120  Rhetorics of Health and Medicine
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
This course examines how rhetoric shapes thinking and decision-making about health and medicine, with particular emphasis on how rhetorical theories can inform the design of effective communication in these contexts.
Prerequisite(s): Graduate status or permission of instructor.

WRIT 7620  Writing Project
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
The intensive teachers-teaching-teachers course, based on the Bay Area Writing Project, incorporates teaching of writing, researching learning methods/theories, personal writing, and presenting workshops using writing-to-learn activities. Collaborative and individual exercises will emphasize writing across the curriculum, which supports required student learning outcomes. Because the content (readings, activities, workshops) changes each year, this invitational institute can be taken more than once.

WRIT 8500  Theory and Practice of Teaching Composition
3 Credit Hours.  3 Lecture Hours.  0 Lab Hours.
Rhetorical theories and practices used in teaching composition. Emphasis on theoretical underpinnings of and research on composition pedagogy.

Academic Success Center

The Academic Success Center (ASC) is dedicated to providing academic support for all students by fostering positive academic mindset, knowledge of resources, and belonging within the university community. Towards this purpose, the ASC offers student-centered services in tutoring, mentoring, testing, success coaching, consultations, and workshops. While the ASC is available for all students, services are also focused on the needs of adult-learners, first generation students, students on academic intervention, and students in the Learning Support program.

For more information about the ASC, call (912) 478-5371 or check the Center’s website at georgiasouthern.edu/success. The Statesboro Campus office is located in Henderson Library, Suite 1303. The Armstrong Campus office will be based out of the Student Success Center building until a permanent space is ready.

The ASC is part of the Division of Academic Affairs and reports to the Office of the Provost.

Academic Intervention

Undergraduate students who are on academic intervention, per university policy, are required to create and implement an Academic Improvement Plan under the guidance of an assigned Success Coach. Success Coaches meet with students one-on-one and in a group setting through a 0-credit hour course – GSU 1000: Academic Improvement Coaching. See the Academic Intervention Policy (http://catalog.georgiasouthern.edu/undergraduate/academic-resources/academic-policies/academic-intervention-policy) for more information.

Mentor Program

Based on the Statesboro Campus, this program welcomes any first or second year student to join at any point in the semester. Peer Mentors and mentees meet weekly to discuss a variety of topics, including goal setting, major and career exploration, establishing good habits for academic achievement and personal wellness, and access to tools and resources, and social connections to the campus community.

Learn more about the Mentor Program at the ASC website at academics.georgiasouthern.edu/success/peer-mentor-program/.

Tutoring Services

On the Statesboro Campus, free tutoring is available by appointment and walk-in for a variety of math, science and humanities courses. Online tutoring by appointment is available for all three campuses; tutoring on the Armstrong Campus is coming soon. The tutors are recommended by professors in their subject areas and are trained, supervised, and evaluated by the ASC staff. The Center has a full-time coordinator and faculty consultants from the Academic Success Center who work with tutors in implementation of the program.

Check for tutoring schedules and other information on the website at academics.georgiasouthern.edu/success/tutoring/.

Tutoring on the Armstrong and Liberty Campuses is offered by other departments. The ASC website does provide information about tutoring offered by other units as the information is made available.

Testing Office

Another component of the Academic Success Center is the Office of Testing Services with locations on the Statesboro and Armstrong (Savannah) Campuses. The Office of Testing Services provides services to students, non-students and community members within the surrounding communities. Both testing offices administer examinations including ACCUPLACER, CLEP Exams, DSST Exams, Georgia Assessments for the Certification of Educators (GACE), Graduate Record Exam – Subject Test (GRE-Subject), HESI A2-Nursing entrance exam, Institutional ACT Exam (ACT-Residual), E-CORE exams, Legislative Exemption Exams, American Council for Exercise Exams (ACE), BOC Athletic Training Exam, and the Miller Analogies Test (MAT).

Contact

Persons interested in further information concerning dates, times, cost, eligibility and sign-up procedures can contact the Statesboro Campus Testing Office at (912) 478-5415, located at Cone Hall Room 2004, or by email at testing@georgiasouthern.edu. Contact the Armstrong Campus Testing Office at (912) 344-2582, located in the Memorial College Center Building, room 206B, or email testingsav@georgiasouthern.edu. The informational webpage for both Testing Offices is at academics.georgiasouthern.edu/success/testing/.

Division of Continuing Education

The mission of the Division of Continuing Education is to support Georgia Southern University’s commitment to extending the learning environment beyond the classroom to the communities it serves, promoting lifelong success by delivering multi-modal, multi-site and empowering opportunities for the individual. We provide a variety of courses and programs, from non-degree personal and professional development to customized workforce training, and more. Our offerings are available online and in-person, designed to meet various cultural and generational learning needs and provide traditional and non-traditional learners with the flexibility needed to maintain a work-life balance.

The Division is your full-service provider of non-credit bearing programs, while also providing technologically advanced meeting, classroom, event and conference services in Statesboro, Hinesville and Savannah.
Our broad range of services, offered to both the regional and campus communities, include:

- **Customized Workforce Training**: offers developed proposals that align with the company’s objectives based on in-person consultations and needs assessments; enhances workforce readiness and training that helps employees learn new technologies and/or acquire certifications that demonstrate expertise;

- **Conference and Event Services**: includes venue sourcing and booking, contract negotiation, CEU application tracking and coordination, financial and registration services, marketing and catering options, arrangement and management of hotel room blocks and lodging, audio-visual equipment and support, and customizable planning packages;

- **Personal and Professional Development**: includes online and in-person courses; offers certifications and the ability to customize courses by industry to teach strategies and a framework for personal growth, goal setting and self-improvement; coordination of the curriculum, certification and delivery process for certificates, as well as the creation of personal, professional or youth programs; instructor management; and attendee participation tracking;

- **Online Courses**: provides self-paced or instructor-led options for busy professionals, including the ability to gain certifications and digital badges, with learning options available in most industries; benefits include maintaining a flexible schedule as well as convenience and flexibility;

- **Continuing Education Credits (CEUs) and Certificates**: includes application and coordination of the CEU process and tracking of attendee participation;

- **Marketing and Promotions**: provides tailored market research and delivery of an integrated marketing communications plan, which includes environmental scans, data tracking, design and creation of marketing collateral, establishment and increase of brand awareness, creation of program website and continued maintenance, design of print and digital signage, creation and implementation of email and social media campaigns as well as mailing list and listserv management;

- **Financial Services**: includes budget creation, purchasing of services and goods, approval for payment of invoices, the processing and recording of expenses, compiling accounting summary, and maintaining account records;

- **Registration Services**: provides the building and management of the registration portal, maintained with SecureServer, as well as receipt of fees, real-time fee collection and reporting, and invoicing of participants;

- **Speaker and Presenter Management**: includes the invitation of speakers, issuing of call for proposals, coordination of travel and lodging, processing of honorarium payments, preparation of speaker bios, poster and presentation session management, and organization of audio-visual requirements;

- **Sponsor and Exhibitor Management**: offers recruitment of sponsors and exhibitors based on program criteria, processing for exhibitor and sponsor information, confirmation and registration, and coordination of exhibit space.

For more information, please visit the Division’s website at GeorgiaSouthern.edu/Conted (http://academics.georgiasouthern.edu/ce).

**FORAM Sustainable Aquaponics Research Center**

The FORAM Sustainable Aquaponics Research Center (SARC) is a joint venture between Georgia Southern University and the FORAM Foundation. Our aquaponics system is located in an approximately 4100 square foot greenhouse that supports student and faculty research in areas of Biology, Chemistry, Economics and Engineering.

**Mission**

To conduct cutting-edge research, and to develop technologies and best practices that improve the sustainability and profitability of soilless farming techniques.

The SARC facility is a state of the art system designed to research the economic and biological sustainability of aquaponics systems. SARC has four independent recirculating systems, each containing 900 gallon tanks capable of holding over 100 mature tilapia (1-2 lbs/each) and 224 square foot runways for growing plants. This proprietary system was uniquely built to conduct controlled scientific research. This allows the center to develop targeted experiments with the goal of improving the economic viability of large-scale aquaponics as a means of sustainable food growth requiring less resources and space.

http://cosm.georgiasouthern.edu/sarc/

**James H. Oliver, Jr., Institute for Coastal Plain Science**

The Institute for Coastal Plain Science facilitates studies focused on the fertile world of Georgia’s Coastal Plain, which covers the southern and southeastern half of the state. This environmental region provides researchers with a living laboratory, where forests, rivers, marshes, swamps and beaches abound with life.

The mission of the ICPS is two-fold: 1) to promote, in coordination with public and private partnerships, interdisciplinary research and education directed toward understanding the physical and biological resources occurring in the region and their sustainable use and management, and 2) to enhance curation of the extensive natural history collections and promote their use as research and education tools. In fulfilling its mission the ICPS partners with diverse entities such as the Nature Conservancy, Skidaway Institute of Oceanography, Gray’s Reef National Marine Sanctuary and the University of Georgia Marine Extension Service, which provides collaborative opportunities for researchers and students.

**Applied Coastal Research Laboratory (ACRL)** (http://cosm.georgiasouthern.edu/icps/acrl)

The ICPS partners with the ACRL, a field laboratory located on Skidaway Island near Savannah, Georgia. The ACRL provides laboratory space and logistical support to research teams. Our logistical support includes
access to nearby research sites (including hammocks, marshes and barrier islands); access to coastal/offshore research via large and small research boats; geophysical and ecological field sampling/monitoring equipment; and a full array of Geographic Information Systems (GIS) capabilities. The ACRL also works to gain grant funding for faculty and student research and collaborates with state and local agencies, and non-profit foundations.

U.S. National Tick Collection (USNTC) (https://cosm.georgiasouthern.edu/usntc)

The ICPS is also home to the USNTC. With over 125,000 accessioned lots, over one million specimens, their associated data, and an extensive library (reprints, monographs, and books), the USNTC is one of the largest curated tick collections in the world, if not the largest.

Military and Veteran Affairs

Georgia Southern recognizes that military-affiliated students often face challenging obstacles in the pursuit of a college degree. As part of the University’s ongoing commitment to provide educational opportunities to the military population, in the Fall of 2013 Georgia Southern created the office of Military and Veterans Affairs. The office provides a comprehensive military and veteran-friendly education support program that engages military-affiliated students from admissions to career placement to help them pursue and achieve their academic and professional goals.

Military Resource Center

In collaboration with a variety of University departments and organizations, the Military Resource Center (MRC) provides assistance, connection, camaraderie, coordinated services, and resources to ensure that all military connected students are afforded the greatest opportunities for success. Members of our military community will experience individually-tailored support of the highest quality through the MRC. Students can get information about the application and admissions process, education benefits, and prior learning assessments to determine credit for military training. MRCs provide access to computers, a resource library, peer-to-peer mentoring and tutoring programs, referrals to other campus and community resources, and information about the Student Veterans of America Chapters at each campus. The Centers at Armstrong and Statesboro have lounges known as “The Eagles Nest” that provide a designated space for military-affiliated students to network, study, and relax. The lounges include a kitchenette and social space that has couches, books, magazines, a television, movies and video game consoles. The MRC at the Statesboro Campus is located in the Russell Student Union and the Center at the Armstrong Campus can be found in the Pirate Athletic Center.

Veterans’ Assistance Programs

The U.S. Department of Veterans Affairs (DVA) provides educational benefits under several programs. Eligibility is determined by DVA. Veterans or dependents of certain veterans who wish to attend Georgia Southern University under any of the veterans' benefits programs should contact the Veterans Coordinator located in Military Resource Center (MRC) for assistance at (912) 478-5154 or the Veterans Administrative Assistant at (912) 478-8043 or email veterans@georgiasouthern.edu. The Veterans Coordinator is responsible for assisting veteran students with the processing of VA forms for educational benefits. Students will be advised of procedural requirements and certification of enrollment will be verified to DVA.

Veterans who have service-connected disabilities and are eligible for disability compensation may qualify for Vocational Rehabilitation. Disabled veterans who think they qualify for this assistance are encouraged to contact the Department of Veterans Administration for further information.

Georgia Southern encourages all veterans to take advantage of college credit that may be granted for military training, as well as the credit by examination programs. Veterans requesting college credit for military training must provide Military and Veteran Affairs with an official military transcript for evaluation.

Military and Veteran Affairs will evaluate transfer Credit for Military Service based on completion of basic military training. A form DD-214 should be furnished to Military and Veteran Affairs for evaluation. Two (2) credit hours will be allowed for Kinesiology PE Credit for active service less than one year. Four (4) credit hours will be allowed for Kinesiology PE Credit for one year or more active service. For more information please visit our web page at em.georgiasouthern.edu/registrar/students/veteranaffairs.

Office of Career and Professional Development

The Office of Career and Professional Development (OCPD) is committed to providing Georgia Southern University students and alumni with a broad range of personalized services to prepare them for professional success. As career advisors, the OCPD staff assists students with choosing majors, identifying career options, gaining related work experience, awarding non-credit “tuition free” co-op/internship hours, and providing guidance in their full-time professional job search strategies through four distinct areas: Career Advisement, Experiential Learning, Course Instruction, and Professional Employment. The Career Advisement phase is designed to assist students in identifying academic majors and career options. Strategies include one-on-one or group career advising, career assessments, investigation of careers through a comprehensive collection of online information, as well as through the Major and Career Exploration Centers located on the Statesboro and Armstrong campuses. Opportunities for Experiential Learning are developed through the outreach efforts of the Employer Relations team, who proactively engage employer partners to create internship and co-op opportunities. Students are prepared for these experiences through mock interview training, résumé/cover letter critique assistance, and structured academic courses that focus on Emotional Intelligence development and professionalism in the workplace. Professional employment opportunities are available through the Eagle Career Net online job board and are open to all Georgia Southern University active students and alumni.

Experiential learning provides a valuable opportunity for students to acquire relevant work experience that will increase their marketability upon graduation. Internships and co-ops provide an opportunity for students to evaluate whether their chosen career path or field of study is a good fit for them, develop their professional skills, and apply their academic knowledge while obtaining valuable real world experience in their field. The Office of Career and Professional Development at Georgia Southern University is committed to recruiting and promoting internship and co-op opportunities for all students and provides a centralized contact for all academic and non-academic related issues associated with experiential learning for all colleges and majors.

The OCPD professional staff advises and assists students in developing professional skills during their academic career so that they may complete an effective job search campaign prior to graduation. Workshops, class presentations, individual career advisement appointments, along with resources provided on the OCPD website, help prepare students in the areas of effective job search and networking strategies, cover letter and résumé development, interviewing techniques, negotiation strategies, and making the transition from college to the world of work. The department attracts a variety of industries and organizations to recruit Georgia Southern University students and alumni through résumé referrals, on-campus interviewing, and by allowing employers to post positions on
Office of Institutional Effectiveness

The mission of the Office of Institutional Effectiveness (OIE) is to support Georgia Southern University’s commitment to academic excellence and personal attention by providing leadership for assessment, institutional effectiveness, planning, and accreditation activities to all academic, student support, and administrative units and programs.

Guided by a dedication to a culture of systematic self-reflection, evidence-based decision-making, and improvement, the Office of Institutional Effectiveness promotes assessment practices for planning and implementing strategies, as well as measuring their effectiveness toward achieving each unit’s goals as they contribute specifically to the strategic goals of the University. Additional information is available at OIE’s website at academics.georgiasouthern.edu/vpie/index.php.

Office of Research Services and Sponsored Programs

The Office of Research Services and Sponsored Programs (ORSSP) supports the Georgia Southern University faculty, staff and students in the acquisition, performance and administration of projects and programs funded from sources external to the institution. The ORSSP provides research administration services in the areas of pre-award activities, and research integrity and compliance, working closely with Research Accounting to provide a full array of related services to the research community at Georgia Southern.

Pre-award research administration serves as the central point of coordination for grants and contractual obligations from individuals, foundations, government and public agencies; and industrial, financial and private organizations to support sponsored research and service activities at Georgia Southern University, offering identification and dissemination of funding opportunities; proposal development and editing services; project budget development; assistance with forms, guidelines and submission requirements; routing of proposals for institutional approval; proposal submission; contract and award negotiation; award acceptance and modification; materials transfer, data use and other contractual areas; project management assistance; and other areas as needed.

Post-award management services are provided by the Office of Research Accounting (under the Business and Finance division).

The Office of Research Integrity (ORI) serves as the administrative home for research compliance, providing support and guidance to the Institutional Review Board for the Protection of Human Subjects (IRB), the Institutional Animal Care and Use Committee (IACUC), and the Institutional Biosafety Committee (IBC). The ORI also administers the university processes for reviewing financial conflict of interest, and other areas of compliance as needed.

The ORSSP provides support for the Faculty Research Committee, a Faculty Senate committee which awards competitive internal research funding on an annual basis and selects recipients of the Faculty Excellence in Research awards.

The Georgia Southern University Research and Service Foundation (GSURSF) is a nonprofit partner organization that assists, supports, and furthers the research, service, and educational missions of Georgia Southern University. The Foundation functions in cooperation with the University to simplify business processes and other interactions between the private sector and the University. The Foundation manages intellectual property resources for the discovery, development and commercialization of new ideas and technologies. The GSURSF receives all incoming external awards and assigns the performance of sponsored research projects and service delivery programs to the University.

If you have any questions, call the Office of Research Services and Sponsored Programs at (912) 478-5465.

Online Support Services

Center for Online Learning (COL)

The COL provides technical and pedagogical training and support for faculty who develop online courses. For more information, call (912) 478-0048 or visit the COL website at: academics.georgiasouthern.edu/col/.

MyTech Support

MyTech Support provides technology support for all students, faculty, and staff on Georgia Southern’s three campuses. For online course support or any technology issues, please contact MyTech Support by calling (912) 478-2287. For online and in-person contact information, please visit its.georgiasouthern.edu/about/contact/.

Online Programs at Georgia Southern University

For more information about online programs at Georgia Southern University, please see the following website: academics.georgiasouthern.edu/online/.

Printing & Postal Services

Printing and Postal Services is a University owned and operated facility located in the Main Dining Commons on the Statesboro Campus and in the Annex 2 Bldg. on the Armstrong Campus. These facilities provide mail pick up, delivery, posting and boxing, and window services for faculty, staff and students. The second half of our task list is to print course packs, class required name badges, printed projects and any printed materials required by the campus community.

On the Statesboro Campus all student mailboxes are located in the Main Dining Commons. Post office boxes will be made available to all students living in University Housing. Once these boxes are assigned, the remaining post office boxes will be made available to other students on a first come, first served basis for one full academic year for a $20.00 fee. Non-University Housing students must go to the P.O. Box Store on a first come, first served basis for one full academic year for a $20.00 fee. Non-University Housing students must go to the P.O. Box Store at auxiliary.georgiasouthern.edu/printingandpostal/postal-services/ or the lobby counter in the Main Dining Commons to purchase their box. After purchasing a box, the student will be assigned a box for the current year. The box can be accessed with three easy steps. First, log into my.georgiasouthern.edu and click on WINGS. Next, click on the “Personal Information” tab, then “View P.O. Box combination”. Both the P.O. Box number and the combination will be found on this page, as well as instructions on how to open the box.

On the Armstrong Campus all residential students have mailboxes in their residence halls.

Forwarding addresses should be left for students who will be:
• graduating
• withdrawing
• leaving for a semester
• completing a voluntary cancellation form

If you forward your mail, your first class mail and periodicals will be forwarded to your forwarding address. Forwarding addresses can be updated on WINGS.

If no forwarding address is on file, mail will be returned to sender.

If you have any questions, call the Georgia Southern Printing and Postal Services at (912) 478-5697 on the Statesboro Campus and (912) 344-2820 on the Armstrong Campus. Visit our website at auxiliary.georgiasouthern.edu/printingandpostal/postal-services/.

Regents Center for Learning Disorders

The Regents Center for Learning Disorders (RCLD) at Georgia Southern University is one of three centers in Georgia established by the Board of Regents to provide assessments, resources, and research related to students with learning disorders. The Center serves students from GSU and eight additional institutions in the southern area of the state. Students with a history and/or those perceived as having learning disorders, ADHD, or psychological disorders may be referred by the enrolling institution's student accessibility office for a comprehensive assessment, feedback on appropriate academic accommodations, and recommendations for optimal educational achievement. These services are also provided to students within the local area technical colleges. Additionally, student access offices at any of the institutions served may consult with the Center regarding disability documentation and assessments performed by other professionals. Georgia Southern University students should first contact the Student Accessibility Resource Center on their campus (Statesboro: (912) 478-1566, Savannah & Liberty: (912) 344-2572), while students at other institutions should contact their own office for student accessibility for a referral to the RCLD. In addition to providing comprehensive evaluations for students, the RCLD collaborates with institutions on statewide policy development, provides programs and services for student access professionals and their students, and provides clinical training and research opportunities for graduate students in psychology and related programs at Georgia Southern. For further information please call (912) 478-0100, or visit academics.georgiasouthern.edu/rclrd/.

Student Accessibility Resource Center

The Student Accessibility Resource Center (SARC) strives to assure equal access to all aspects of the college experience for students with disabilities through reasonable accommodations. A unit of Student Affairs, the Student Accessibility Resource Center supports both the SA mission and the university’s strategic plan by promoting and contributing to a university community centered on student learning and success. The SARC office staff is responsible for the coordination of all services for students with disabilities. Students with disabilities must meet all admission and academic standards. Services are provided to students at no cost. The disability categories we serve are: acquired brain injury, attention deficit disorder (ADD or AD/HD), autism spectrum disorder, communication disorders, hearing impairment, learning disabilities, mobility impairment, psychological disorders, systemic medical disabilities and visual impairment.

Students initiate services by completing the Voluntary Declaration of Disability (VDD) form (https://students.georgiasouthern.edu/sarc/steps-for-receiving-services) located under the Receiving Services tab on our website. The VDD is returned to our office and the student meets with a SARC staff member and provides documentation of the disability. Academic accommodations are determined on an individual basis using USG guidelines which can be found in the Academic and Student Affairs Handbook (https://www.usg.edu/academic_affairs_handbook/section3/C793/#appendix_e_specific_documentation_guidelines). Once documentation of the disability is approved, SARC will provide students with accommodation letters to share with their professors.

SARC is located on the second floor of Cone Hall on the Statesboro campus and the phone number is (912) 478-1566. SARC is located on the second floor of the Memorial College Center on the Savannah campus and serves Savannah and Liberty students; the phone number is (912) 344-2572. Our video phone number is (912) 225-9877.

Student Union Facilities and Event Services

The mission of Student Union Facilities and Event Services is to complement the educational mission of the University by providing an environment where students, faculty, staff, and guests can gather to participate and learn in an atmosphere that fosters a sense of community. Each of these spaces provides facilities, services, and support to programs that enhance the quality of out-of-class experiences.

Statesboro Campus

The Russell Union is located on the Statesboro campus and provides a multitude of event planning resources including facility reservations, audio visual services, and event consultation. The Russell Union also houses the following departments: The Office of the Dean of Students, The Office of Multicultural Affairs, Fraternity and Sorority Life, Office of Student Conduct, Military and Veteran Student Center, Russell Union Operations, Student Government Association, and the Office of Leadership and Community Engagement. Included in the 110,000 square foot Russell Union facility is a 600-seat ballroom, a 444- seat movie theatre/auditorium, wireless internet, 14 meeting rooms, two computer labs, Chick-fil-A, Starbucks, Gus Mart and Union Deli, an information center, a catering kitchen, and several areas throughout the building to study, relax, and exchange thoughts and ideas with faculty, staff, and fellow students. The Williams Center’s Office of Student Activities and the Student Organization Resource Center is a resource for students, organizations, and advisors with helpful information on organizational development, event planning resources, and full-time staff to support your co-curricular needs. The Williams Center includes a Multi-purpose Room that holds over 400 people, 26-seat conference room, and multiple meeting and work spaces available to students, faculty, and staff. The Offices of Student Media, Career Services, and First Year Experience also reside within the Williams Center building.

Armstrong Campus

The Student Union on the Armstrong campus provides eating, gathering, and meeting space for the Armstrong campus community. A 650-seat ballroom as well as a 200-seat theater are available for presentations, events, and other gatherings. The facility also boasts a 5,700 sq. feet of bookstore, 300-seat food court style dining area along with a convenience store, ample and varied lounge spaces both indoor and outdoor, and meeting space. The Student Union houses the following departments: Student Government Association, Eagle Dining, Dean of Students Office, Student Activities, and other Student Affairs units aimed at getting students involved and supported.
The University Writing Center

The University Writing Center is open to all Georgia Southern students who want feedback on their writing or advice about how to become better writers. Staffed by graduate students and undergraduate peer tutors, the Writing Center offers one-on-one conferences to students working on writing projects for any course at any stage of the writing process. The Writing Center is not a remedial service, but an important resource for all student writers at all levels of ability. Tutors in the Writing Center can help writers to understand assignments, brainstorm ideas, organize information, and develop editing strategies. While the Writing Center staff will not proofread papers or do any of the actual writing for the students they work with, they will teach students effective ways to use evidence and detail, to anticipate and meet audience needs, and to streamline the structure of their arguments. Citation formats, document preparation, grammatical correctness, and stylistic fluency will also provide a focus for many writing center conferences.

Resources

- Individual, one-on-one conferences on writing projects
- Handouts on writing strategies and grammatical issues
- Handbooks, dictionaries, thesauruses, style guides
- Online assistance and conference appointments

Tutors are available to give short presentations about the Writing Center and its services in any class at any time during the semester.

Location and Hours

The University Writing Center (Statesboro Campus) is located on the second floor of the Henderson Library next to the Information Desk and Learning Commons. One hour and half hour conferences are available Monday through Thursday, 9:00 a.m. - 7:00 p.m., and Friday, 9:00 a.m. - 3:00 p.m. Some Sunday hours are also available but vary by semester; check the appointment schedule for details. Appointments can be made on a walk-in basis or online at http://georgiasouthern.mywconline.com. For more information about the Writing Center (Statesboro Campus), please call (912) 478-1413, visit the Web site at http://cah.georgiasouthern.edu/writing-center/ or contact the Director, Dr. Michael Pemberton, at michaelp@georgiasouthern.edu.

The University Writing Center (Armstrong Campus) is located in 123 Gamble Hall. One hour and half hour conferences are available Monday through Thursday, 9:00 a.m. - 7:00 p.m., and Friday, 9:00 a.m. - 12:00 p.m. Appointments can be made on a walk-in basis or by calling the center at (912) 344-3072. For more information about the center, visit the Web site at http://cah.georgiasouthern.edu/writing-center/ or contact Dr. Deborah Reese, at deborahreese@georgiasouthern.edu.

Visual Art Exhibitions and Permanent Collections

Gallery programming in the Betty Foy Sanders Department of Art offers students and the community multiple galleries to view contemporary and traditional art in Statesboro and Savannah.

On the Statesboro Campus, the Center for Art and Theatre houses two contemporary art galleries. These galleries feature both solo and group exhibitions by world-renowned artists working in a range of media, from traditional paintings to multi-media installations, as well as exhibitions that highlight outstanding work by Georgia Southern art and design students.

The Center for Art and Theatre also houses the department's permanent collections. The Betty Foy Sanders Georgia Artists Collection features artworks created by artists born or based in Georgia, created using materials found in Georgia, or themed around the state itself. The collection has been curated by Betty Foy Sanders since she established it in 1968, and is on permanent display in the Georgia Artists Collection Gallery. The Smith Callaway Banks Southern Folk Art Collection features folk art of varying genres and media from around the southeastern United States. This collection also is on permanent display, and was donated to the Department by Bulloch County historian Smith Callaway Banks in 2007.

Nested between the Center for Art & Theatre and the Visual Arts Building, a sculpture garden offers visitors the opportunity to enjoy changing exhibitions of three-dimensional works of art created by students and alumni of the Betty Foy Sanders Department of Art.

On the Armstrong Campus, the Fine Arts Gallery occupies a central position in Fine Arts Hall. The gallery hosts 10 exhibitions each academic year, showcasing work by students, faculty, alumni, and visiting artists.

All galleries and collections are open Monday through Friday, 9 a.m. to 5 p.m., and nights and weekends by appointment. Exhibits are free to the public. Guided tours are available through the Betty Foy Sanders Department of Art, (912) 478-ARTS.
Policies

Equal Opportunity Policy Statement

It continues to be the policy of Georgia Southern University to implement affirmative action and equal opportunity to all employees, students, and applicants for employment or admission without regard to race, color, gender, sexual orientation, gender identity or expression, national origin, religion, age, veteran status, political affiliation, or disability. This policy extends to participation in any of Georgia Southern’s programs. Questions regarding this policy of nondiscrimination should be directed to:

Director of EEO and Title IX
P.O. Box 8035
Statesboro, GA 30460-8035
(912) 478-5136

Accommodations for Individuals With Disabilities

In compliance with the Americans with Disabilities Act (ADA), Georgia Southern University will honor requests for reasonable accommodations made by individuals with disabilities. Students must self disclose any disability for which an accommodation is being sought to the Student Accessibility Resource Center (SARC) before academic or other accommodations can be implemented. For additional information, please call the Director of EEO and Title IX at (912) 478-5136 / TDD (912) 478-0273 or the SARC Director at (912) 478-1566 / TDD (912) 478-0666. The TDD phone numbers are intended for individuals with hearing impairments.

Student Notification Policy

All Georgia Southern University students are provided with an e-mail address within 24 hours of student registration. E-mail addresses are the official means of communication between the University and the student. It is the student’s responsibility to check his/her e-mail each school day for administrative messages. Failure to respond to a University communication or failure to act on a University communication in a timely manner may result in consequences that cannot be appealed or reversed.

Academic Dishonesty

The University goal is to foster an intellectual atmosphere that produces educated, literate people. Because cheating and plagiarism are at odds with that goal, they shall not be tolerated in any form. Students are expected to adhere to the rules and regulations as set forth in the Code of Student Conduct. Therefore, all work submitted by a student must represent that student’s own ideas and effort; when the work does not, the student has engaged in academic dishonesty.

Academic Dishonesty Regulations

1. Cheating is (a) the use or attempted use of unauthorized materials, information, or study aids in any academic exercise; or (b) actions taken to gain unfair or undue advantage over others. Examples of cheating include (but are not limited to):
   a. Receiving, providing, and/or using unauthorized assistance or materials on any work required to be submitted for any course (including online services or social media to write papers).
   b. Alteration or insertion of any grade so as to obtain unearned academic credit.
   c. Fabricating information, research, and/or results such as taking, or attempting to take, an examination for another Student, alteration of legitimate research data, alteration or distortion of laboratory experiments, or deliberate distortion of another’s work or results.
   d. Collaborating with others on assignments without the faculty’s consent.
   e. Impeding the ability of Students to have fair access to materials assigned or suggested by the Faculty Member (e.g., removal or destruction of library or other source materials).
   f. Demonstrating any other forms of dishonest behavior.

2. Classroom Copyright Infringement
   a. Any recording and transmission of classroom lectures and discussions by Students without prior written permission from the class instructor, and without all Students in the class as well as the guest speaker(s) being informed that audio/video recording may occur (it is not a violation if Student has educational accommodations through the Student Accessibility Resource Center).
   b. Uploading any recordings of lectures and/or class presentations to publicly accessible web environments.

3. Facilitation
   a. Cooperating with and/or helping another Student to cheat such as instigating, encouraging, or abetting plagiarism or cheating and/or failing to report a known violation to the appropriate office.

4. Plagiarism is the offering of the words, ideas, computer data programs, or graphics of others as one’s own in any academic exercise. Examples of plagiarism include (but are not limited to):
   a. The offering of another’s work, whether verbatim or paraphrased, as original material without identifying the source(s) in an academic paper.
   b. Directly quoting the words of others without using quotation marks or indented format to identify them.
   c. Self-plagiarism: re-submitting work previously submitted without appropriate or accurate citation or credit and/or without explicit approval from the instructor.
   d. Use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.

NOTICE: The list above is intended only to provide general guidelines for recognizing and avoiding common types of academic dishonesty. It is in no way an exhaustive or comprehensive list of all the types of academic dishonesty.

For more information about academic honesty, see the Student Code of Conduct which can be found on the Office of Student Conduct webpage at deanofstudents.georgiasouthern.edu/conduct.

Accreditation

Statesboro, Georgia 30460
General Information: (912) 478-5611
www.georgiasouthern.edu

Georgia Southern University is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate, baccalaureate, masters, specialists and doctorate degrees. Contact the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 (www.sacscco.org (http://www.sacscco.org)) for questions about the accreditation of Georgia Southern University.

Normal inquiries about the institution, such as admission requirements, financial aid, educational programs, etc. should be addressed directly to the institution and not to the SACSCOC office. The Commission should be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a SACSCOC accreditation requirement or standard.

### Auditing Courses

A student may audit a course by submitting a written request to the Office of the Registrar. Academic credit is not awarded for auditing a class. Students may not transfer from audit to credit status or from credit to audit status after the last day of Drop/Add. A grade of "V" (audit) is entered on the student’s record. The student will be responsible for all fees charged for the audited course.

### Awarding a "W" after Midterm for non-Academic Reasons

If a student wishes to withdraw from a course after the last day to withdraw without academic penalty, the course instructor must certify on the "Petition to Withdraw from a Specific Course" form all four of the conditions below and recommend withdrawal:

1. All work was up-to-date as of the last day to withdraw without academic penalty.
2. The work was of passing quality at the last day to withdraw without academic penalty.
3. Attendance was satisfactory up to the last day to withdraw without academic penalty.
4. The factors justifying withdrawal are essentially non-academic and developed after the last day to withdraw without academic penalty.

The instructor will be asked by the student to deliver the form to his/her Department Chair. The Department Chair also must recommend the withdrawal. If the instructor and Department Chair approve the withdrawal, the form must be sent to the Dean. The instructor or the Department Chair may deliver the form to the Dean. The Dean will submit the petition to the Office of the Registrar if he/she approves and recommends the withdrawal. **Students who have met their six (6) maximum withdrawals will not be given the option to use this form to withdraw from any courses.**
Class Attendance

University policy requires all students to attend the first class meeting of all classes for which they are registered. Instructors are required to report attendance for all students registered in their classes. Students who are verified as "Not Attending" the first class meeting of a course for which they are registered will be dropped from the course. This policy applies to all levels of courses and includes on-campus, off-campus, distance learning, two way interactive video, and internet (online) classes. For online classes, students are usually required to make a discussion posting or send an email to the course instructor on the first day. It is the student's responsibility to verify course drops and check that fees are adjusted. Students who have verifiable extenuating circumstances which prohibit them from attending the first day of classes must contact their instructor or complete the "First Day Exemption Request" form available online through the student's MyGeorgiaSouthern (https://my.georgiasouthern.edu) account to avoid being dropped from the course. In lieu of contacting the instructor or completion of the web form, students may also call the Office of the Registrar at (912) 478-5152.

Once completed, the “First Day Exemption Request” form is sent via email to both the Office of the Registrar and the instructor(s). A “First Day Exemption Request” form must be completed for each class that a student will not be able to attend on the first day for that particular class. The Office of the Registrar is only able to excuse an absence for the first day of class and an exception will be approved only for emergency reasons, such as serious illness (a note from Health Services or family physician will be required), the death of an immediate family member (a copy of the obituary will be required and an immediate family member is defined as one's spouse, parents, grandparents, children, grandchildren, siblings and immediate in-laws), or military obligations (a copy of military orders will be required). Exceptions to attending the first day of class will not normally be made for any of the following reasons: wedding of the student, relative, or friend; part-time job or job interview; vacation; or convenience of travel schedule. Exceptions to these guidelines can be made, but should be based on a very compelling case.

If the absence is for one day and meets the above criteria the Office of the Registrar will approve the absence by holding the seat for the student and notifying the student and appropriate instructor(s) via email. Student documentation for the absence should be sent to the Office of the Registrar within the first two weeks of class. Requests for attendance exemptions that are not for the reasons specified above will not be approved by the Office of the Registrar. In this situation the student and appropriate instructor(s) will receive an email notification that the Office of the Registrar is not able to verify their attendance and to contact the instructor directly. Only the instructor and/or the Provost can hold seats if the absence is for more than the first day of class. Questions about this process can be directed to the Office of the Registrar at (912) 478-5152 or sent via email to attendance@georgiasouthern.edu. (attendance@georgiasouthern.edu)

Students are expected to attend all classes. Each professor has the responsibility for setting specific policies concerning class attendance beyond the first class meeting, including whether they will accept excused absences and whether they will allow work missed to be made up. Professors should clearly state policies to each class and make clear what constitutes excessive absences. Departments may establish policies concerning class attendance provided there is unanimous agreement by faculty members within the department. The student is responsible for all material presented in class and for all announcements and assignments whether or not the student is in attendance. For Financial Aid reasons, attendance of all students will be officially verified before financial aid will be disbursed. Students who have been recorded as "Not Attending" may not receive their financial aid and will be dropped from the class roster. Students may check their attendance status via WINGS.

Students participating in authorized activities as an official representative of the University (i.e., athletic events, delegate to regional or national meetings or conferences, participation in university-sponsored performances) will not receive academic penalties and, in consultation with the instructor of record, will be given reasonable opportunities to complete assignments and exams or given compensatory assignment(s) if needed. The student must provide written confirmation from a faculty or staff advisor to the course instructor(s) at least 10 days prior to the date for which the student will be absent from the class. The student is responsible for all material presented in class and for all announcements and assignments. When possible, students are expected to complete these assignments before their absences. In the event of a disagreement regarding this policy, an appeal may be made by either the student or the instructor of record to the corresponding college dean.

Students whose military obligations require their absence from class for more than the first day may seek an exemption from the class attendance policy. Students will begin the process by logging onto their MyGeorgiaSouthern (https://my.georgiasouthern.edu) and click on the First Day Exemption Request listed under the Registration Information block. The student will then receive an email with information informing them that they must contact the appropriate college Associate Dean for which the particular class belongs to request an exemption from the class attendance policy. The Associate Dean will then work with the appropriate Department Chair and faculty to ensure that your instructor is contacted and made aware of your request for an exemption. Instructors will carefully consider your request and base his/her decision upon the course attendance policies and your ability to address any missed coursework upon your return. Additionally, the student will need to provide to the appropriate Associate Dean a copy of their military orders which can be delivered to them either in person or by email.

The University does not issue an excuse to students for class absences. In case of absences as a result of illness, representation of the University in athletic and other activities, or special situations, instructors may be informed of reasons for absences, but these are not excuses.

It is the policy of the University to permit students, faculty, and staff to observe those holidays set aside by their chosen religious faith. The faculty should be sensitive to the observance of these holidays so that students who choose to observe these holidays are not seriously disadvantaged. It is the responsibility of those who wish to be absent to make arrangements in advance with their instructors.

Course Withdrawal Policy

Students are allowed to withdraw (published on the University Calendar for each semester) from a course up to and including the last day to withdraw without academic penalty. Withdrawing from a course requires either the submission of a withdrawal via WINGS or the submission of a paper “Course Withdrawal” form to the Office of the Registrar. Fees will not be reduced if a student withdraws from a course and grade of “W” will be recorded on their transcript.

Before withdrawing from a class, students should speak with their instructors, academic advisors, and financial aid counselors. While there can be good reasons for withdrawing from a course, a student should understand the consequences of withdrawing from a course in regards to their degree program, progress towards graduation, and financial aid.

Credit Hour Policy

Georgia Southern's Credit Hour Policy follows the Federal Definition and the policies in effect at our accrediting body, the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) as well as at the University System of Georgia (USG).
Policy Statement

The Federal Definition

“A credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than –

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately 15 weeks for one semester or trimester hour of credit, or 10 to 12 weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or

2. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credits.

SACSCOC Credit Hour Policy

www.sacscoc.org (http://www.sacscoc.org)

As part of its review of an institution seeking continuing accreditation, SACSCOC conducts reviews of an institution’s assignment of credit hours. Academic credit has provided the basis for measuring the amount of engaged learning time expected of a typical student enrolled not only in traditional classroom settings but also laboratories, studios, internships, and other experiential learning and distance and correspondence education. Students, institutions, employers, and others rely on the common currency of academic credit to support a wide range of activities, including the transfer of students from one institution to another. For several decades, the federal government has relied on credits as a measure of student academic engagement as a basis of awarding financial aid. The University System of Georgia’s definition of credit hours states, “The academic year shall consist of two (2) regular semesters, each not to be less than fifteen (15) calendar weeks in length excluding registration….A minimum of 750 minutes of instruction or equivalent is required for each semester credit hour.” (USG Policy Manual Section 3.4)

Georgia Southern Credit Hour Policy

The Georgia Southern Credit Hour Policy applies to all courses at all levels (undergraduate, graduate, and professional) that award academic credit on an official transcript regardless of the mode of delivery including, but not limited to, fully online, hybrid, seminar, studio, directed study, or study abroad. The academic units are responsible for ensuring that credit hours are awarded only for work that meets the requirements outlined in this policy.

Lecture Courses

Traditional lecture-based courses that meet only in a face-to-face format must meet for 750 minutes for each semester credit hour, whether offered in a full-semester, half-semester, or 5-week format. When courses are offered in hybrid or fully online format, 750 engaged minutes are still required and expected for each hour of credit and course content and learning outcomes should be equivalent to those established in face-to-face sections of the same course.

Laboratory/Studio/Clinical Courses

Georgia Southern will require 1500 engaged minutes for each semester credit hour. In the case of laboratory, studio, or clinical courses, most of these engaged minutes will be spent in the actual execution of the laboratory, studio, or clinical exercises. When the laboratory, studio, or clinical is offered in an online format, 1500 engaged minutes are still required for each hour of credit and course content and learning outcomes should be equivalent to those established in face-to-face sections of the same course.

Additionally, there is an expectation that students spend a minimum of two hours on course work outside of class for every hour spent in class. Out-of-course-work might include, but not be limited to, such assignments as course related readings, research activity, project development, written theme or research papers, preparation for examinations, participation in discussion boards or focused chat rooms.

DegreeWorks

DegreeWorks is a degree auditing system. It is a web-based program that provides easy access for students and advisors to track courses completed and plan for those still needed in preparation for registration and graduation. It allows for easier, more efficient advising and it assists advisors in tracking student and advisor meetings. DegreeWorks should be used to enhance face-to-face advisement meetings. Using DegreeWorks will help students and the University with planning needs. DegreeWorks functions can be used similarly for Undergraduate and Graduate students. Information is the same for both unless otherwise noted. em.georgiasouthern.edu/registrar/students/degieworks.

Grade Point Average

The grade point average is the grade average on all work for which the student is enrolled excluding learning support and institutional credit. It is calculated by dividing the total number of grade points earned by the total number of credits attempted (GPA hours). The total institutional GPA is based only on the course work done at Georgia Southern and does not include transfer course work. To calculate your GPA, go to the First-Year Experience website at academics.georgiasouthern.edu/bye/academics-101/gpa-standing/ and click on “Calculating Your GPA.”

The total institutional GPA is used for determining a student’s academic standing. A student shall be in good academic standing unless he/she has been suspended or excluded from the University and not readmitted. An undergraduate student may repeat any course and the most recent grade becomes the official grade for the course even if the most recent grade is lower. In computing the total institutional grade point average all grades will be used. Students should be aware that all grades earned at Georgia Southern will appear on the Georgia Southern transcript. A GPA is computed for each level (undergraduate, masters, specialist, doctorate) of course work. For example, a student who has been enrolled as both an undergraduate and a masters student will have one GPA for all undergraduate course work and one GPA for masters course work.
# Grading Systems

All institutions of the University System of Georgia (USG) shall be on a 4.0 grade point average system. The following grades are approved for use in institutions in the determination of the Grade Point Average (GPA):

<table>
<thead>
<tr>
<th>Symbols</th>

### IP
This symbol indicates that credit has not been given in courses that require an “IP” continuation of work beyond the semester for which the student signed up for the course. The use of this symbol is approved for dissertation, thesis hours and project courses. With the exception of Learning Support courses, this symbol cannot be used for other courses. This symbol cannot be substituted for an “I”.

### K
This symbol indicates that a student was given credit for the course by examination (e.g., College Level Examination Program (CLEP), Advanced Placement (AP), International Baccalaureate (IB), and Proficiency). See “Credit by Examination” in the Admissions section of the catalog. **K credit is only available to undergraduate students.**

### NR
This symbol indicates that a grade has not been reported for the course by the instructor. The student should contact his/her instructor for the grade.

### S
This symbol indicates that satisfactory credit has been given for completion of degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. Also, this symbol is used for academic alerts and indicates that performance is equivalent to a “C” or better grade. Academic alerts will be submitted for all students enrolled in courses from Area A-E of the core curriculum and courses departments identify as appropriate for academic alerts. A “S” is not included in the computation of the GPA.

### U
This symbol indicates unsatisfactory performance in an attempt to complete degree requirements other than academic course work. The use of this symbol is approved for dissertation and thesis hours, student teaching, clinical practicum, internship, and proficiency requirements in graduate programs. A “U” is not included in the computation of the GPA.

### V
This symbol indicates that a student was given permission to audit the course.

### W
This symbol indicates one of the following: 1) A student was permitted to withdraw from a course without academic penalty. The “W” grade is assigned when a student withdraws before the last day to withdraw without academic penalty unless the student has reached his/her maximum of six withdrawals. If the student has reached his/her maximum six withdrawals, the student will have the choice to remain in the class and receive the grade he/she earns or proceed with the withdrawal and a “WF” will be assigned to the course by the Office of the Registrar (See “WF” grade description for more details); 2) A student was administratively withdrawn from his/her course(s) as a result of the student’s failure to complete all requirements for matriculation; 3) A student was administratively withdrawn from his/her course due to student conduct/judicial reasons. A “W” is not considered in computing the GPA.
This symbol indicates one of the following: 1) A “WF” grade is an option for a student who is wanting to withdraw from a class and has met his/her maximum six withdrawals at Georgia Southern. If the student has reached his/her maximum six withdrawals, the student will have the choice to remain in the class and receive the grade he/she earns or proceed with the withdrawal and a "WF" will be assigned to the course by the Office of the Registrar; 2) If a student withdraws from all classes after the last day to withdraw without academic penalty, a "WF" grade will be posted by the Office of the Registrar. "WF" grades are calculated in the student’s GPA as an “F” grade.

In the event a student faces circumstances of extreme duress beyond his/her control, the student may request a Withdrawal Hardship from the university.¹

A “WM” grade indicates that the student was called for active duty in the military and withdrew from all classes.²

Please see “Withdrawal Hardship (p. 447)” for further information.

Please see “Military Withdrawals (p. 445)” for further information.

### Institutional Testing Schedule 2019-2020

(Dates are subject to change, please verify dates at (georgiasouthern.edu/success/testing))

**American College Test (ACT) - Residual/On-Campus**

(georgiasouthern.edu/success/testing/act-residual)

The ACT-R is offered in both Statesboro and Savannah by group appointment or by private appointment. Learn more about the ACT-R concerning testing dates and registration at georgiasouthern.edu/success/testing/act-residual.

Testing is available by appointment Monday through Friday at 8:30 am. To schedule a private appointment in Statesboro or Savannah contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415. The ACT-Residual Exam is not administered from September 1 - October 31, each year.

**Miller Analogies Test (MAT)**

(georgiasouthern.edu/success/testing/mat)

The MAT is offered in both Savannah and Statesboro. Learn more about the MAT concerning testing dates and registration by visiting the testing website (https://academics.georgiasouthern.edu/success/testing/20mat).

Testing is also available by appointment Monday through Friday between 9:00 a.m. - 4:00 p.m. To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**HESI Admissions Assessment (A2) Nursing Entrance Exam**

(georgiasouthern.edu/success/testing/net)

Offered in both Savannah and Statesboro by group appointments with registration information and testing dates listed on the website (https://academics.georgiasouthern.edu/success/testing/net). Testing is available by private appointment Monday through Friday between 8:30 a.m. - 1:30 p.m. To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**College Level Examination Program (CLEP)**

(georgiasouthern.edu/success/testing/clep)

Offered in both Statesboro and Savannah.

CLEP allows students to earn credit for certain courses by taking a CLEP exam. To learn more about CLEP Exams and which exams are accepted at Georgia Southern University, see the CLEP website (http://academics.georgiasouthern.edu/success/testing/clep). To schedule an appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**DSST**

(georgiasouthern.edu/success/testing)

DSST allows students to earn credit for certain courses by taking a DSST exam. To learn more about DSST Exams and which exams are accepted at Georgia Southern University, see: georgiasouthern.edu/success/testing/dsst.

To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

**Certiport Exam**

(georgiasouthern.edu/success/testing/mso)

Offered by appointment in Statesboro Monday through Friday by calling (912) 478-5415. Exams that Georgia Southern University students are specifically interested in taking include the Microsoft Office Specialist Certification and the Microsoft Technology Associate. Review the Certiport website (https://certiport.pearsonvue.com), to learn more about additional certification exams.

**TEAS**

(georgiasouthern.edu/success/testing/teas)

The TEAS -Allied Health Exam is only offered in Savannah. To learn more about registration and testing dates see the website
MAPP
(georgiasouthern.edu/success/testing/mapp)

The MAPP is only offered in Savannah. To learn more about registration and testing dates see the website at georgiasouthern.edu/success/testing/mapp. For questions contact the Testing Office in Savannah at 912-344-2582 or testingsav@georgiasouthern.edu.

Major Fields Test (MFT)
(georgiasouthern.edu/success/testing/mft)

The MFT is offered both in Savannah and Statesboro. To learn more about registration and testing dates see the website at georgiasouthern.edu/success/testing/mft. For questions contact the Testing Office in Savannah at 912-344-2582 or testingsav@georgiasouthern.edu or for Statesboro call 912-478-5415 or testing@georgiasouthern.edu.

Contact Information

Office of Testing Services
Savannah:
912-344-2582 or testingsav@georgiasouthern.edu

Statesboro:
912-478-5415 or testing@georgiasouthern.edu

Military Withdrawals

A student who is called to active duty to serve in the military while attending courses at Georgia Southern is eligible to receive a Military Withdrawal. Students receiving this type of withdrawal are withdrawn as of the first day of University classes for the semester. A 100% refund is issued. The student will receive "WM" grades for all courses that s/he enrolled in during the semester. The "WM" grades that are assigned will not affect the student's GPA. To process this type of withdrawal, the student needs to submit a "Withdrawal Form." The student will need to provide the Office of the Registrar with a copy of his/her orders stating the date and place of deployment assigned by the military. Military withdrawals are exempt from the Policy Limiting Individual Course Withdrawals.

Music Program

Each academic year, the Department of Music presents more than 100 public concerts, including performances in the Faculty Artist Series, Guest Artist Series, concerts by large and small ensembles, and student recitals. Most performances on the Statesboro Campus take place in the beautiful 287-seat Carol A. Carter Recital Hall in the Foy Building; most performances on the Armstrong Campus take place in the Fine Arts Auditorium in the Fine Arts Building.

The Department’s performing ensembles include the Georgia Southern Symphony, Southern Chorale, University Singers, Armstrong University Chorale, Armstrong Vocal Chamber Ensemble, Southern Pride Marching Band, Symphonic Wind Ensemble, Wind Symphony, Armstrong Wind Ensemble, Savannah Wind Symphony, Jazz Ensemble, and Georgia Southern Opera, as well as numerous chamber ensembles.

Individual students perform in graduation, junior, senior, and graduate solo recitals. Information about the Department of Music, including the Concert Calendar, is available from the Department of Music web page at cah.georgiasouthern.edu/music/.

National Testing Schedule 2019-2020

(Dates are subject to change)

American College Test (ACT)
(www.actstudent.org)

The Office of Testing Services in Statesboro offers the National Saturday ACT Exam. To learn more about the testing dates and registration information visit the ACT website at actstudent.org.

Scholastic Aptitude Test (SAT)
(sat.collegeboard.org)

The Office of Testing Services in Statesboro offers the National Saturday SAT Exam. To learn more about the testing dates and registration information visit the SAT website at sat.collegeboard.org.

Graduate Record Exam (GRE) Subject Tests
(www.ets.org/gre)

The Office of Testing Services in Statesboro and Savannah offers the GRE-Subject Test. To learn more about the testing dates and registration information visit the GRE-Subject website at est.org/gre.

Law School Admission Test (LSAT)
(www.lsac.org)

The Office of Testing Services in Statesboro offers the LSAT Exam. To learn more about the testing dates and registration information visit the LSAC website at lasc.org.

American Council for Exercise Exams (ACE)
(acefitness.org)

Offered on the computer by appointment through Castle WorldWide in both Savannah and Statesboro. For registration information visit acefitness.org.

Georgia Assessments for the Certification of Educators (GACE)
(gace.ets.org)

The GACE is offered in both Savannah and Statesboro. To learn more about the GACE website for the testing dates and to register for the exam. The site number for Savannah is STN14607A and Statesboro STN14503A and STN13816A.

HESI Admissions Assessment (A2)
Nursing Entrance Exam
(georgiasouthern.edu/success/testing/net)
Offered in both Savannah and Statesboro by group appointments with registration information and testing dates listed on the website (http://georgiasouthern.edu/success/testing/net). Testing is available by private appointment Monday through Friday between 8:30 a.m. - 1:30 p.m. To schedule a private appointment in Statesboro or Savannah, contact the Savannah Testing Office at 912-344-2582 or the Statesboro Office at 912-478-5415.

Test of English as a Foreign Language (TOEFL)
(www.ets.org/toefl (http://www.ets.org/toefl))

See the TOEFL website (http://www.ets.org/toefl) for the testing dates and to register for the exam. The exam is only administered in Statesboro in the STN13816A.

Board of Certification (BOC) Athletic Training Certification Exam
(bocatc.org (http://bocatc.org))

Offered on the computer during the national testing periods through CastleWorld Wide.

For more information concerning testing or registration for a test, check the Office of Testing Services web page at georgiasouthern.edu/success/testing or call (912) 478-5415 or email testing@georgiasouthern.edu for Statesboro or (912) 344-2582 or testingsav@georgiasouthern.edu.

Petition to Review/Change a Grade

The evaluation of quality of a student’s performance is the prerogative of the instructor. Nothing stated below is intended to place a limitation on this prerogative and the instructor will be involved in the review at each stage in the appeal process. All grade appeals should be viewed as confidential matters between the student, the instructor, and the appropriate administrators.

If a student does not understand the reason for a grade, it is the student’s responsibility to consult the instructor of the course about the grade. If after such consultation the student does not agree with the basis on which the grade was assigned, the student may initiate an appeal according to the procedures given below. The burden of proof will rest with the student. There are four stages of appeal available to a student and they must be followed sequentially. This policy applies to Fall, Spring, and Summer semesters.

Stages Two through Four must be completed during the semester immediately following the semester in which the grade was assigned unless an extension is authorized by the Provost. At the completion of each stage of the appeal, the student is to be notified of the decision in writing.

Procedures

Stage One: An appeal must be initiated within 14 working days after the first day of class of the semester which immediately follows the semester for which the grade was awarded. The student should petition the instructor in writing, giving salient reasons for the grade appeal. The student should retain a copy of the written appeal for personal records.

Stage Two: If the student is not satisfied after the review by the instructor, the student should consult the department chair and submit a copy of the written appeal. The department chair will attempt to resolve the grade appeal. The chair will meet with the instructor and may consult with other persons who have relevant information.

Stage Three: If all efforts to resolve the grade appeal at the departmental level are unsuccessful, the student may submit the written appeal to the dean of the appropriate college. The dean will examine the appeal and other pertinent materials submitted by the student. The dean will meet with the instructor and may also request from the instructor materials deemed relevant. In an attempt to resolve the grade appeal, the dean may interview the student, instructor, and others who may have pertinent information. If the dean determines the need for a review committee to examine the issue, the committee shall consist of:

- One faculty member from the department
- One faculty member from the college, but not from the department of the instructor
- One faculty member from another college
- Ex Officio: A staff member from Student Affairs recommended by the Vice President for Student Affairs

The committee, if appointed, will advise the dean regarding the grade under appeal. Whether the dean chooses to appoint a committee or not, the dean will render a final decision on the grade appeal at the college level.

Stage Four: If all efforts to resolve the grade appeal at the college level are unsuccessful, the student may submit the written appeal to the Provost. The Provost will examine the appeal and other pertinent materials submitted by the student. The Provost will meet with the instructor and also may request materials deemed relevant. In an attempt to resolve the grade appeal, the Provost may interview the student, instructor, and others who may have pertinent information.

If a committee was constituted at the college level, the Provost will review the process, the committee findings, and the decision of the dean and render a final University decision. If a committee was not appointed at the college level, the Provost has the option of appointing a review committee which will conform to the composition described in Stage Three. The committee, if appointed, will advise the Provost regarding the grade under appeal. Whether the Provost chooses to appoint a committee or not, the Provost will render a final University decision.

Policy for Changing a Student's Final Examination

A change in a student’s final examination schedule will be approved only for emergency reasons, such as serious illness (a note from Health Services or family physician is required) or the death of an immediate family member (a letter or phone call from a parent, guardian, or physician is required). Letters and phone calls should be directed to the appropriate faculty member.

Final examination schedules will not normally be changed for any of the following reasons: wedding of the student, relative, or friend; part-time or full-time job or job interview; internship or field study; vacation; graduation of relative or friend; convenience of travel schedule; or only one final examination remaining at the end of the week. Exceptions to these guidelines can be made, but should be based on a very compelling case.

Using these guidelines, the student may submit a Request to Reschedule a Final Examination form to the instructor, who, with approval of the department chair, has authority to reschedule the final examination to a new time not conflicting with other regularly scheduled examinations or classes if he or she desires. This form is available on the Provost Office website (academics.georgiasouthern.edu/forms/) under the Forms section entitled Reschedule Final Exam Form.
Policy for Changing a Student’s Final Examination if There is a Conflict

A conflict is defined as three exams in a calendar day or two exams at the same time. Conflict Periods are scheduled at the stated times in the semester exam schedule, which can be accessed at: em.georgiasouthern.edu/registrar/students/classinformation/. To resolve a conflict in which a student has two examinations scheduled for the same period, the instructor of the lower numbered course shall reschedule the exam to another time mutually agreed on by the instructor and the student, or to one of the Conflict Periods.

To resolve a conflict in which a student has three examinations scheduled in one calendar day, the examination scheduled for the middle period shall be rescheduled to another time mutually agreed on by the instructor and the student, or to a Conflict Period on another day. It is incumbent upon the student to petition his/her professor no later than the last week of classes so that an alternative arrangement can reasonably be made. The form is available on the Provost Office website (academics.georgiasouthern.edu/forms/) under the Forms section entitled Reschedule Final Exam Form.

Policy for Dropping Courses

A student who drops a course before the drop/add period is over does not receive a grade in the course and the course does not appear on the academic transcript. Courses dropped for non-attendance or for non-payment will also not appear on the academic transcript.

Retroactive Withdrawal

A student who wishes to leave the University for nonacademic reasons is expected to withdraw during the current semester as described in the Withdrawal from the University section. Requests to withdraw after the semester is over are rare and considered only if the student was somehow unable to withdraw. For example, students who were hospitalized or incarcerated, asked to perform military service on short notice, or seriously debilitated by a physical or mental illness may be unable to withdraw during the semester in which they are enrolled. In such cases, students may submit a letter of appeal to the Associate Provost along with the appropriate documentation (medical records, court documents, etc.) during the next long-session semester after the grade is reported. Requests made after that time will not be considered. Retroactive withdrawals will not be considered if the student has completed all course requirements such as a final examination and/or a final project.

Student Conduct Code

The Code of Student Conduct is the official University publication governing student conduct and behavior. It is the responsibility of each Student to become familiar with the rules and regulations governing student life.

Student conduct procedures, appeal procedures, and disciplinary sanctions are found in the Code of Student Conduct at students.georgiasouthern.edu/conduct. Georgia Southern University reserves the right to change the Code of Student Conduct when it becomes necessary to ensure the orderly operation of the University. For additional information, call the Office of Student Conduct at (912) 478-0059 or visit the web at students.georgiasouthern.edu/conduct.

Transcripts

Any current or former student needing to order an academic transcript from Georgia Southern’s Office of the Registrar will be required to use the following website:

www.credentials-inc.com/cgi-bin/dvcgitp.pgm?ALUMTRO001572
(https://www.credentials-inc.com/cgi-bin/dvcgitp.pgm?ALUMTRO001572)

Electronic and paper transcripts mailed first class will be a $10.00 charge. Visit the site below for pricing details.

www.credentials-inc.com/cgi-bin/dvcgitp.pgm?ALUMTRO001572
(https://www.credentials-inc.com/cgi-bin/dvcgitp.pgm?ALUMTRO001572)

All official transcripts requested by individuals through the website above are in compliance with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA) as Amended and in conformance with the prescribed ordering procedures of Georgia Southern who has contracted with Credentials, Inc. of Northfield, IL for electronic and paper delivery of official transcripts via Credentials’ TranscriptsNetwork™. Authenticity of the relationship between Credentials Solutions and Georgia Southern may be verified by visiting the Office of the Registrar’s website: em.georgiasouthern.edu/registrar/students/transcriptrequest/

University Advancement

The Division of University Advancement is responsible for building and maintaining relationships with campus and external constituencies of the University. The Division nurtures the financial support and good will of alumni, parents, friends, businesses, corporations and foundations on behalf of Georgia Southern’s mission.

The Office of Development identifies, cultivates, secures and stewards philanthropic gifts in support of Georgia Southern University. Fundraising programs include annual campus and community campaigns and major and planned gift solicitations. It also serves as liaison for the Georgia Southern University Foundation, a non-profit 501(c)(3) organization. The Foundation oversees private funds given to meet educational and institutional needs at the University not addressed by state appropriations.

The Office of Alumni Relations serves the University by establishing and cultivating lifelong relationships with alumni and friends that result in their participation in and contribution to the growth of the University.

The Multimedia Development Center (The MDC) at Georgia Southern University is an award winning media center that develops video and interactive media to support the mission of the university.

Withdrawal Hardship

In the event a student faces circumstances of extreme duress beyond his/her control, the student may request a hardship withdrawal from the university. Hardship withdrawals are not meant to be used for appealing academic matters (e.g. grades), but should be used when a student seeks to withdraw from all classes and leave the university for the remainder of that semester. Students must apply for a Hardship Withdrawal with the Dean of Student’s Office prior to the last day of classes for the term they have experienced the hardship.

Hardship withdrawals should fall into one of three categories: medical, personal, or financial. Students will be required to justify their withdrawal with documentation. In instances where a student’s circumstances warrant only a partial withdrawal, documentation will be required to substantiate why this student is able to continue with some coursework but not all
coursework. If the hardship withdrawal is granted, the student will receive "WH" grades for courses that he/she enrolled in during the semester.

**Hardship Withdrawal Documentation**

Personal Statement of Hardship: The written personal statement of hardship should explain how and/or why the non-academic emergency impacted studies. It is essential that the student provide accurate details about the circumstances surrounding the hardship, date(s) of the hardship event(s), and an account of how the event(s) specifically prevented the completion of coursework. In addition, the student will provide official documentation supporting his/her hardship. This documentation should be consistent with the student’s personal statement, and all documentation will be verified prior to the rendering of any decision regarding the student's hardship withdrawal.

**Categories of Hardship and Documentation Requirements**

- **Medical** (e.g. physical or psychological emergencies): Students may petition for a hardship withdrawal from the University when significant physical or psychological impairments beyond the student's control interfere with the ability to meet academic requirements.
  - The student will supply a physician's report on office letterhead. This document will include the physician's name, address, phone number, nature of patient's illness or accident, dates of treatment, prognosis, and the reason they feel that the student can no longer complete his/her coursework. This document must be signed and dated.
  - Medical withdrawals are exempt from the Policy Limiting Individual Course Withdrawals.

- **Personal** (e.g. severe medical illness within family, death in the family, arrests, etc.): The student will supply appropriate documentation that builds a case for hardship withdrawal due to personal issues. These documents may include but are not limited to death certificates, obituaries, police reports, or physician's letters. The student should obtain documents that contain contact information, are dated, and, if possible, are notarized.
  - Students seeking withdrawal for personal reasons must apply with the Dean of Student's Office prior to the last day of classes for the semester they have experienced the personal hardship.
  - Personal withdrawals are exempt from the Policy of Limiting Individual Course Withdrawals.

- **Financial** (e.g. loss of sole-supporting job, mandatory job changes): The student will supply documentation from an employer or supervisor that clearly states the mandatory change and the date that these changes took place or will take place. This document should contain contact information for an organizational representative that can verify these changes, preferably a human resource professional.
  - A student's inability to have financial aid in place at the start of a semester is NOT grounds for hardship withdrawal due to financial issues.
  - Financial withdrawals are exempt from the Policy Limiting Individual Course Withdrawals.

**SPECIAL NOTE:** Application for a Hardship Withdrawal does not guarantee the student a grade of WH.

**Financial Aid Implications**

All students seeking either a partial or full hardship withdrawal from the University are strongly recommended to make an appointment with a financial aid counselor. This is of utmost importance if the student has received financial aid (e.g. scholarships, grants, loans, etc.). The granting of a hardship withdrawal may affect the student's ability to receive future financial aid and may greatly affect the student's ability to meet the Federally mandated Standards of Academic Progress. Students should be advised that the granting of a hardship withdrawal does not negate the requirements of meeting the Standards of Academic Progress or the policies regarding mandatory Return of Title IV funds.

**Withdrawing from the University**

To discontinue enrollment prior to the first day of University classes, a student should complete and submit a Voluntary Cancellation Form. Any student who wishes to withdraw from school during the semester must complete and submit an official Withdrawal Form. Failure to complete and submit an official Withdrawal Form will result in the assignment of failing grades in all courses for which the student registered. A withdrawal is not permitted after the last day of classes. Grades of "W" will be given for all courses if the withdrawal is before the last day to withdraw without academic penalty. Grades of "WF" will be given for all courses if the withdrawal is completed after the last day to withdraw. A "WF" grade is calculated in the GPA as an "F" grade. Students will not be able to withdraw from all of their classes via WINGS. WINGS prevents students from withdrawing from their last course over the web.

Before withdrawing from the university, students should speak with their instructors, academic advisors, and financial aid counselors. While there can be good reasons for withdrawing from the university, a student should understand the consequences in regards to their degree program, progress towards graduation, and financial aid.
This list includes full-time, regular and emeriti faculty for Fall 2018. The date enclosed in parentheses indicates the year the faculty member joined the faculty of Georgia Southern University. The asterisk denotes Graduate College faculty (members and affiliates).

**A**

*CHERYL L. AASHEIM, Professor of Information Technology  
B.S., University of Florida, 1991  
M.S.T., University of Florida, 1993

A.B., Emory University, 1967
M.S., Florida State University, 1976
M.A., Georgia Southern College, 1980 (1976)

HARRY JOSEPH ARLING, Professor Emeritus of Music
MUNSHI M. BASIT, Limited-Term Assistant Professor of Mechanical Engineering
B.S., Bangladesh University of Engineering and Technology, 2004
M.Eng., Kogju National University, 2007
M.S., University of Nevada-Reno, 2010
Ph.D., Auburn University, 2015 (2017)

*ROBERT K. BATCHelor, Professor of History
A.B., Cornell University, 1990
M.A., University of California-Los Angeles, 1992
Ph.D., University of California-Los Angeles, 1999 (2002)

CHARLOTTE BATES, Senior Lecturer of Medical Laboratory Science
B.S.B., Georgia Southern College, 1980
M.Ed., Georgia Southern College, 1987
B.S.M.T., Medical College of Georgia, 1991 (2008)

DOOROTHY A. BATTLE, Professor Emerita of Curriculum, Foundations, and Reading
B.S.Ed., Winston Salem State College, 1970
M.Ed., University of Georgia, 1983
Ed.D., University of Georgia, 1987 (1990)

JAHAN B. BAYAT, Limited-Term Assistant Professor of Physics
B.S., University of Science and Technology, 1975
M.S., The Ohio State University, 1982
M.S., The Ohio State University, 1984
B.S., University of Pittsburgh, 1999
M.S., Florida State University, 2000
M.E., University of Florida, 2005

*LAUREN BAYLISS, Assistant Professor of Public Relations
B.A., Calvin College, 2008
M.A., Virginia Tech, 2012
Ph.D., University of Florida, 2017 (2017)

*LORENZA BEATI ZIEGLER, Curator, U.S. National Tick Collection, and Professor of Biology
M.D., University of Lausanne, 1987
Ph.D., University of Lausanne, 1990

*JASON S. BECK, Associate Professor of Economics
B.A., Bellarmine University, 2001
M.A., Miami University, 2003
M.S., University of Kentucky, 2009
Ph.D., University of Kentucky, 2009 (2009)

*SCOTT A. BECK, Professor of Middle Grades and Secondary Education
A.B., Cornell University, 1988
M.Ed., University of North Carolina-Greensboro, 1994
Ph.D., University of Georgia, 2003 (2000)

JILL KATRICE BECKWORTH, Assistant Professor of Nursing
B.B.A., Georgia Southern College, 1990
A.S.N., Armstrong Atlantic State University, 1996
B.S.N., Armstrong Atlantic State University, 2002
M.S.N., Armstrong Atlantic State University, 2002
D.N.P., Georgia Southern University, 2015 (2011)

*CHRISTINE N. BEDORE, Assistant Professor of Biology
B.S., Michigan State University, 2007
Ph.D., Florida Atlantic University, 2013 (2015)

*KEITH BELCHER, Professor of Medical Laboratory Sciences
B.S.Ed., Georgia Southern College, 1974
M.S.T., Georgia Southern College, 1978
Ph.D., Augusta University, 1988

B.S.B., Auburn University, 2006 (2016)

WILLIAM L. BELFORD, Senior Lecturer of English
B.A., Sewanee-University of the South, 1997
M.F.A., University of Alabama-Tuscaloosa, 2001
Ph.D., Florida State University, 2006 (2012)

DEBORAH A. BELL, Assistant Professor Emerita of Mathematical Sciences
A.S., Abraham Baldwin Agricultural College, 1969
B.S.Ed., University of Georgia, 1971
M.Ed., University of Georgia, 1974
Ed.S., Georgia Southern University, 1993
Ed.D., Georgia Southern University, 2003 (1986)

*ALLISON BELZER, Associate Professor of History
B.A., Vassar College, 1993
M.A., Emory University, 1999
Ph.D., Emory University, 2002 (2008)

KELLY JONES BENHASE, Limited-Term Instructor of Writing and Linguistics
B.A., University of Virginia, 1980
M.Ed., University of Virginia, 1995 (2016)

*MICHAEL BENJAMIN, Associate Professor of History
A.B., Lincoln University, 1973
J.D., University of Pittsburgh, 1976
M.A., Drew University, 2004
M.Phil., Drew University, 2005
Ph.D., Drew University, 2007 (2010)

TANYA BENJAMIN-WILSON, Instructor of Nursing
A.A., University of West Florida, 1995
B.A., St. Leo University, 2003
B.S., Hampton University, 2005
M.P.H., Florida International University, 2009
D.H.S., Nova Southeastern University, 2013
M.S.N., Florida Atlantic University, 2015 (2017)

*CAROLE F. BENNETT, Assistant Professor of Nursing
B.S.N., University of South Carolina-Columbia, 1969
M.N., University of South Carolina-Columbia, 1973
Ph.D., University of South Carolina-Columbia, 1997 (2013)

JACK BENNETT, Professor Emeritus of Instructional Media
B.S.Ed., Ball State Teachers College, 1966
M.A.Ed., Ball State University, 1969
Ed.D., Ball State University, 1972 (1981)

KATHERINE BENNETT, Professor Emerita of Criminal Justice
B.S., University of South Carolina-Spartanburg
M.C.J., University of South Carolina
Ph.D., Sam Houston State University (1997)

*MARY MALLARD BENNETT, Professor Emerita of Teaching and Learning
B.S., Georgia Southern College, 1979
M.Ed., Georgia Southern College, 1985
Ed.S., Georgia Southern University, 1990
Ed.D., Georgia Southern University, 2001 (1997)

SARA NEVILLE BENNETT, Professor Emerita of Biology
B.S., Georgia Southern College, 1964
B.S.Ed., Georgia Southern College, 1964
M.S., Georgia Southern College, 1967
Ph.D., University of Georgia, 1975 (1966)

TRAVIS WAYNE BENNETT, Adjunct Assistant Professor of Military Science
Sergeant First Class, U.S. Army (2018)

*DONALD L. BERECZ, Senior Lecturer of Accounting
B.B.A., Western Illinois University, 1978

ANDREW MARK BERGER, Lecturer of Writing and Linguistics
B.A., Wittenberg University, 2005
M.A., Eastern Kentucky University, 2011 (2013)

JAMES J. BERGIN, Professor Emeritus of Leadership, Technology, and Human Development
B.A., Saint Mary of the Lake Seminary, 1967
M.Ed., Loyola University Chicago, 1971
Ed.D., College of William and Mary, 1974 (1992)

JOYCE BERGIN, Professor Emerita of Special Education
B.A., Virginia Polytechnic Institute and State University, 1970
M.Ed., College of William and Mary, 1974
M.L.S., Texas Women’s University, 1985
Ed.D., East Texas State University, 1992 (1992)

*KELLY S. BERRY, Professor of Theatre and Technical Director, Theatre
B.A., Coastal Carolina University, 1996

RENEE L. BERRY, Limited-Term Instructor of Writing and Linguistics
B.A., Elmira College, 1992
M.A., Binghamton University, State University of New York, 1996 (2014)

*MARY ESTELLE BESTER, Assistant Professor of Nursing
B.N., Stellenbosch University, 1985
M.N., Stellenbosch University, 1989
Ph.D., Stellenbosch University, 1995 (2017)

*RHONDA YVONNE BEVIS, Assistant Professor of Respiratory Therapy
A.S., Wallace State Community College, 1984
B.S., Troy State University, 1990
M.S., Georgia State University, 1997

*SROBANA BHATTACHARYA, Assistant Professor of Political Science and International Studies
B.A., Jadavpur University, 2001
M.A., Jawaharlal Nehru University, 2003
M.Phil., Jawaharlal Nehru University, 2006
Ph.D., Southern Illinois University, 2013 (2014)

*PRAKASHBAI R. BHOI, Assistant Professor of Mechanical Engineering
B.Engr., Birla Vishvakarma Mahavidyalaya Vallabh Vidyanagar, 1999
M.T., Sardar Vallabhbhai National Institute of Technology, 2005
Ph.D., Oklahoma State University-Stillwater, 2014 (2017)

WILLIAM ALBERT BIEBUYCK, Limited-Term Assistant Professor of Political Science and International Studies
B.A., Beloit College, 2001
M.A., Western Washington University, 2004
Ph.D., Carleton University, 2014 (2015)

*JAMES D. BIGLEY, Professor of Recreation
B.S., Slippery Rock State College, 1980
M.S., Slippery Rock State College, 1982
Ph.D., Texas A&M University, 1989 (1991)

GALE A. BISHOP, Professor Emeritus of Geology
B.S., South Dakota School of Mines and Technology, 1965
M.S., South Dakota School of Mines and Technology, 1967
Ph.D., University of Texas, 1971 (1971)

T. PARKER BISHOP, Professor Emeritus of Middle Grades and Secondary Education
B.S., Carson Newman College, 1959
M.S., Emory University, 1963
Ph.D., Clemson Agricultural College, 1968 (1967)

CHARLENE R. BLACK, Professor Emerita of Sociology and Dean Emerita of Enrollment Services
A.B., University of Georgia, 1964
M.A., University of Georgia, 1968
Ph.D., Vanderbilt University, 1969 (1971)

REBECCA HELEN BLACK, Clinical Instructor of Health and Kinesiology
B.S.H.E., Georgia Southern College, 1981
M.S., Medical College of Georgia, 1996 (2005)

CHRISTOPHER BLACKBURN, Limited-Term Instructor of English
A.A., East Georgia State College, 2013
B.A., Georgia Southern University, 2015
M.A., Georgia Southern University, 2017 (2016)

*BRENDA SIMS BLACKWELL, Interim Associate Dean, College of Behavioral and Social Sciences, and Professor of Criminal Justice and Criminology
B.S., Northern Arizona University, 1989
M.A., University of Oklahoma-Norman, 1992
Ph.D., University of Oklahoma-Norman, 1995 (2014)

*HELEN WELLS BLAND, Professor of Health Policy and Community Health
B.S., Southern Illinois University, 1982
M.S., Southern Illinois University, 1984

HARLEY JOE BLANKENBAKER, Professor Emeritus of Health and Kinesiology
B.S., Ball State Teachers College, 1965
M.A., Appalachian State University, 1970
Ph.D., University of Maryland, 1973 (1973)

LINDA BLANKENBAKER, Assistant Professor Emerita of Recreation
B.S., Georgia Southern College, 1970
M.R.A., Georgia Southern College, 1971
Ed.S., Georgia Southern College, 1982 (1977)

VIRGINIE A. BLENEAU, Lecturer of French
B.A., University of Missouri, 2006
M.A., University of Missouri, 2008
Ph.D., University of Missouri, 2015 (2015)

ELLEN BLOSMAN, Associate Professor Emerita of Spanish
B.A., Louisiana State University and A&M College, 1968
M.A., Louisiana State University and A&M College, 1971

*KWABENA BOAKYE, Associate Professor of Quantitative Analysis
B.S., Kwame Nkrumah University of Science and Technology, 2006
M.S., University of Idaho, 2010
Ph.D., University of North Texas, 2013 (2013)

*JESSICA P. BODILY, Lecturer of Psychology
B.A., University of Kentucky, 2007
M.S., University of Kentucky, 2010
Ph.D., University of Kentucky, 2013 (2017)

*KENT DELOS BODILY, Associate Professor of Psychology
B.S., Utah State University, 2001
M.S., Auburn University, 2004
**B.S., Middle Tennessee State University, 1992**  
**A.S., Spokane Falls Community College, 1990**  
**JOEL W. BOYTER, Limited-Term Instructor of Communication Arts**  
**Ph.D., North Carolina State University, 2016 (2016)**  
**YASAR BODUR, Professor of Elementary Education**  
B., Gazi University, 1993  
M.S., Florida State University, 1998  
Ph.D., Florida State University, 2003 (2006)  
**WILLIAM HAROLD BOLEN, Business Alumni Professor Emeritus and Chair Emeritus, Department of Marketing**  
B.S., Georgia Southern College, 1964  
M.B.A., University of Arkansas, 1966  
Ph.D., University of Arkansas, 1972 (1966)  
**CYNTHIA BOLTON-GARY, Associate Dean of Educational Outreach, Partnership, and Diversity, College of Education, and Professor of Childhood and Exceptional Student Education**  
B.S.Ph., University of North Carolina-Chapel Hill, 1983  
M.Ed., University of North Carolina-Chapel Hill, 1989  
Ph.D., University of North Carolina-Chapel Hill, 1994 (2012)  
**CHARLES WESLEY BONDS, Professor Emeritus of Reading**  
B.S., Alabama State University, 1966  
M.Ed., Georgia Southern College, 1972  
Ed.S., Georgia Southern College, 1974  
Ed.D., University of Florida, 1979 (1973)  
**MONIQUE BOS, Lecturer of Writing and Linguistics**  
B.A., Calvin College, 1996  
**ADAM M. BOSSLER, Professor of Criminal Justice and Criminology**  
B.S., Truman State University, 1998  
M.S., Illinois State University, 2000  
Ph.D., University of Missouri-St. Louis, 2006 (2008)  
**WILLIAM J. BOSTWICK, Associate Professor Emeritus and Chair Emeritus, Department of Accounting**  
B.I.E., Auburn University, 1969  
M.B.A., Georgia State University, 1972  
Ph.D., Georgia State University, 1980 (1980)  
**PAMELA G. BOURLAND-DAVIS, Professor and Chair, Department of Communication Arts**  
B.S., Georgia Southern College, 1980  
M.S., Arkansas State University, 1982  
Ph.D., University of Georgia, 1995 (1981)  
**KELLY BOUTHILLET, Assistant Professor of Nursing**  
B.S.N., Duquesne University, 2007  
M.S.N., Duquesne University, 2009  
D.N.P., Georgia College and State University, 2016 (2016)  
**ROBERT BOXER, Professor Emeritus of Chemistry**  
B.S., Brooklyn College, 1956  
Ph.D., Rutgers University, 1961 (1964)  
**TY W. BOYER, Associate Professor of Psychology**  
B.S., Arizona State University, 2000  
M.A., University of Maryland-College Park, 2002  
Ph.D., University of Maryland-College Park, 2005 (2012)  
**JOEL W. BOYTER, Limited-Term Instructor of Communication Arts**  
A.S., Spokane Falls Community College, 1990  
B.S., Middle Tennessee State University, 1992  
**M.M.A., University of South Carolina-Columbia, 2005 (2008)**  
**KYLE BRADFORD, Assistant Professor of Statistics**  
B.S., James Madison University, 2006  
M.S., Oregon State University, 2008  
M.S., Oregon State University, 2010  
Ph.D., Oregon State University, 2013 (2018)  
**JANET BRADSHAW, Assistant Professor of Communication Sciences and Disorders**  
B.S.S.H.S., University of South Alabama, 2004  
M.C.D., Louisiana State University Health Sciences Center-New Orleans, 2007  
**ROGER G. BRANCH, Professor Emeritus and Chair Emeritus, Department of Sociology and Anthropology**  
A.B.J., University of Georgia, 1956  
B.D., Southeastern Baptist Theological Seminary, 1959  
Th.M., Southeastern Baptist Theological Seminary, 1961  
M.A., University of Georgia, 1969  
Ph.D., University of Georgia, 1970 (1970)  
**PATRICIA BRANDT, Associate Professor Emerita of Early Childhood Education**  
B.A., Houghton College  
M.S., California State University  
Ed.D., Florida Atlantic University (1995)  
**LARRY WILLIAM BRANSON, Limited-Term Instructor of Criminal Justice and Criminology**  
B.S., Armstrong State College, 1981  
M.P.A., Georgia Southern University, 1997 (2017)  
**JAMES P. BRASELTON II, Assistant Professor of Mathematical Sciences**  
B.S., Ohio University, 1987  
M.S., The Ohio State University, 1990 (1990)  
**LORRAINE M. BRASELTON, Instructor of Mathematical Sciences**  
B.A., University of Northern Iowa, 1984  
M.S., University of Illinois at Urbana-Champaign, 1988 (1990)  
**JAMES N. BRAWNER, Professor and Associate Chair, Department of Mathematical Sciences**  
B.A., Williams College, 1985  
Ph.D., University of North Carolina-Chapel Hill, 1992 (1997)  
**MICHAEL LEE BRAZ, Professor Emeritus of Music**  
B.M., University of Miami, 1971  
M.M., University of Miami, 1972  
Ph.D., Florida State University, 1984 (1987)  
**DANIEL NAGIB BRECHT-HADDAD, Assistant Professor of Music and Associate Director of Bands/Director of Athletic Bands**  
B.A., University of Washington, 2005  
B.M., University of Washington, 2005  
M.A., Florida Atlantic University, 2007  
Ph.D., Kansas State University, 2017 (2017)  
**JOHN G. BREWER, Professor Emeritus of Chemistry**  
B.S., University of Georgia  
M.S., University of Georgia  
Ph.D., University of Georgia (1968)  
**SHANA MARIE BRIDGES, Senior Lecturer of Communication Arts**  
B.S., Georgia Southern University, 2003  
M.S., Southern Illinois University-Carbondale, 2008 (2013)  
**TED MICHAEL BRIMEYER, Associate Professor of Sociology**  
B.A., Loras College, 1999
M.S., Purdue University, 2002
Ph.D., Purdue University, 2005 (2005)

THOMAS BRINDLE, Limited-Term Instructor of Logistics and Supply Chain Management
B.S., University of Texas-Arlington, 2002
M.S., University of Texas-Dallas, 2016 (2018)

DAVID ANDREW BRINGMAN, Assistant Professor of Physical Therapy
B.S., Armstrong Atlantic State University, 2002
M.S.P.T., Armstrong Atlantic State University, 2002
D.P.T., Simmons College, 2011 (2009)

*PAUL McLEOD BRINSON JR., Senior Lecturer of Educational Leadership
B.S., Georgia Southern College, 1973
M.Ed., Georgia Southern College, 1976
J.D., John Marshall Law School, 1980
Ed.S., Georgia Southern College, 1989

BRIGETTE BRINTON, Academic Professional and Lecturer of Biology
A.B., Dartmouth College, 2008
M.M.S., Savannah State University, 2014 (2016)

*KATIE MILTON BRKICH, Associate Professor of Science Education
B.S., University of South Florida, 2002
M.Ed., University of Florida, 2004
Ph.D., University of Florida, 2011 (2011)

*GREGORY J. BROCK, Professor of Economics
A.B., University of Michigan, 1983
M.A., The Ohio State University, 1985
Ph.D., The Ohio State University, 1989 (1999)

MARGARET BROCKLAND-NEASE, Lecturer of Writing and Linguistics
B.A., Armstrong State College, 1985

FREDERICK W. BROGDON, Assistant Professor Emeritus of History
B.S.Ed., Georgia Southern College, 1963
M.A., Georgia Southern College, 1968 (1965)

*ABBY M. BROOKS, Associate Professor of Communication Arts
B.A., Georgetown College, 1997
M.Comm., Auburn University, 1999
Ph.D., University of Tennessee, 2007 (2007)

*DONNA R. BROOKS, Associate Provost for Academic Affairs and Professor of Communication Sciences and Disorders
B.S., Hampton Institute, 1978
M.A., Hampton Institute, 1980
Ph.D., Purdue University-West Lafayette, 1990 (1995)

*JESSICA J. BROOKS, Associate Professor of Psychology
B.A.S., University of Minnesota-Duluth, 2006
M.S., North Dakota State University, 2008
Ph.D., University of Georgia, 2013 (2013)

*KELLY BROOKSHER, Assistant Professor of Special Education
B.A., Clemson University, 1996
M.Ed., Clemson University, 1998
Ed.S., Lincoln Memorial University, 2003
Ed.D., Samford University, 2009 (2012)

JOAN ELLEN BROOME, Information Services Librarian Emerita and Associate Professor Emerita
B.A., Briar Cliff College, 1967
M.A., University of Dayton, 1978
M.L.S., Kent State University, 1984 (1997)

MOONYEAN BROWER, Associate Professor Emerita of Biology
B.S., University of Massachusetts
M.A., University of Massachusetts (1967)

*CHRISTOPHER M. BROWN, Assistant Professor of Political Science and International Studies
B.A., Temple University, 2001
Ph.D., Florida International University, 2009 (2014)

ELFRIEDA FUQUA BROWN, Assistant Professor Emerita of Nutrition and Food Science
B.S., University of Tennessee, 1970
M.S., University of Tennessee, 1971 (1971)

GEORGE BROWN, Assistant Professor Emeritus of Criminal Justice
B.A., Armstrong State College, 1972
B.S.W., Armstrong State College, 1972
M.S.W., Atlanta University, 1976 (1972)

*JOHN HOWARD BROWN, Associate Professor of Economics
B.A., University of Akron, 1977
M.A., University of Akron, 1982
Ph.D., Michigan State University, 1989 (1994)

*LISA D. BROWN, Assistant Professor of Biology
B.A., Tyler Junior College, 2007
B.S., University of Texas-Tyler, 2009
M.S., University of Louisiana-Monroe, 2012
Ph.D., Louisiana State University and A&M College, 2016 (2018)

MATTHEW BROWN, Lecturer of Mathematical Sciences
B.A., Illinois College, 2002
M.A., University of Kentucky, 2004 (2013)

*RUSSELL D. BROWN, Assistant Professor of Music
B.M., Valdosta State University, 1998
M.M., The Ohio State University, 2000
M.M., University of Florida, 2004
Ph.D., University of Florida, 2013 (2016)

*SALLY ANN BROWN, Professor of Reading Education
B.S., College of Charleston, 1987
M.A.T., College of Charleston, 1990
Ph.D., University of South Carolina-Columbia, 2007 (2009)

*TRICIA MULDOON BROWN, Associate Professor of Mathematical Sciences
B.S., Marshall University, 2003
M.S., University of Kentucky, 2005
Ph.D., University of Kentucky, 2009 (2009)

V. EDWARD BROWN, Associate Professor Emeritus of Adult and Vocational Education
B.S.Ed., Georgia Southern College, 1959
M.Ed., Georgia Southern College, 1966
Ed.D., University of Mississippi, 1971 (1964)

*ALICIA BRUNSON, Assistant Professor of Sociology
B.S., Kansas State University, 2005
M.S., University of Texas, 2007
Ph.D., University of Texas, 2013 (2013)

*CHRISTOPHER S. BRUNT, Associate Professor of Economics
B.S., Eastern Michigan University, 2004
M.A., Wayne State University, 2006
Ph.D., Wayne State University, 2009 (2012)

*CARMELLA J. BRYAN, Professor of Music
B.M.E., Baldwin-Wallace College, 1985
M.M., Indiana University, 1987
D.M., Indiana University, 1997 (1997)

*JONATHAN M. BRYANT, Professor of History
B.A., University of Virginia, 1979
J.D., Mercer University, 1983
M.A., University of Georgia, 1987
Ph.D., University of Georgia, 1992 (1996)

LARRY D. BRYANT, Assistant Professor Emeritus of Health Science
A.A., Gulf Coast Community College, 1971
B.S., Jacksonville University, 1973
M.Ed., Georgia Southern College, 1976
Ed.S., Georgia Southern College, 1984 (1976)

MAXINE L. BRYANT, Interim Director of Diversity and Faculty Development and Lecturer of Criminal Justice
B.S., Ball State University, 1981
M.A., Saginaw Valley State University, 1997
Ph.D., University of Georgia, 1992 (1996)

Marilyn Buck, Professor Emerita of Nursing
B.S.N., Boston University
M.S.N., Medical College of Georgia
Ed.D., University of South Carolina (1974)

*THOMAS A. BUCKHOFF, Associate Professor of Accounting
B.S., Brigham Young University, 1986
M.Acc., Brigham Young University, 1989
Ph.D., University of Kentucky, 1995 (2004)

*JANET R. BUELOW, Professor of Health Services Administration
B.S., Loma Linda University, 1978
M.S., Loma Linda University, 1982
M.P.H., University of Illinois-Chicago, 1986
Ph.D., University of Illinois-Chicago, 1989 (2007)

CHRIS BULGREN, Limited-Term Instructor of Music Education
B.S., University of Kansas-Lawrence, 1995
M.S., University of Kansas-Lawrence, 1999
B.M.Ed., University of Kansas-Lawrence, 2006
M.M.E., University of Kansas-Lawrence, 2009
Ph.D., University of Michigan, 2016 (2016)

*ANDREW BULLA, Assistant Professor of Psychology
B.S., Saint Joseph's University, 2012
M.A., Western Michigan University, 2014
Ph.D., Western Michigan University, 2017 (2017)

*JOSEPH CHARLES BULLINGTON, Lecturer of Information Technology
B.S., Georgia Southern College, 1976
M.A., Georgia Southern College, 1980
Ph.D., University of California-Davis, 1987

*GERARD BURKE, Professor of Operations Management and Chair, Department of Logistics and Supply Chain Management
A.A., University of Florida, 1989
B.S.B.A., University of Florida, 1991
M.B.A., University of Florida, 2001
Ph.D., University of Florida, 2005 (2005)

KATHLEEN L. BURKE-FABRIKANT, Associate Professor of Middle Grades and Secondary Education
B.A., Michigan State University, 1970
M.Ed., Armstrong Atlantic State University, 1997
Ed.D., Georgia Southern University, 2002 (2010)

NATALIE BETH BURNETT, Head of Technical Services and Assistant Professor
B.A., Auburn University, 1996

AMANDA BURNS, Limited-Term Instructor of Biology
B.S., Rochester Institute of Technology, 2011
M.S., Georgia Southern University, 2016 (2017)

*COURTNEY BURNS, Assistant Professor of Political Science and International Studies
B.S., University of Wyoming, 2007
M.A., University of Wyoming, 2010
Ph.D., University of Missouri, 2015 (2014)

*JEFFREY D. BURSON, Associate Professor of History
B.A., Concordia College, 1999
Ph.D., George Washington University, 2003
Ph.D., George Washington University, 2006 (2011)

FRANK A. BUTLER, Vice President and Dean Emeritus of Faculty and Professor Emeritus of Physics
B.S.E.S., University of Miami
Ph.D., Rensselaer Polytechnic Institute (1985)

*ELIZABETH C. BUTTERFIELD, Associate Professor of Philosophy
B.A., University of Louisville, 1997
Ph.D., Emory University, 2004 (2006)

TERESA BUZO SALAS, Lecturer of Spanish
B.A., University of Seville, 2003
M.A., Georgia Southern University, 2012 (2012)

RICHARD J.D. BYKOWSKI, Limited-Term Assistant Professor of Geology and Geography
B.S., University of Oregon, 2007
M.S., University of Iowa, 2009
Ph.D., Indiana University, 2014 (2015)

*VIVIAN FLEMING BYNOE, Reference and Instruction Librarian and Assistant Professor
B.S., University of North Carolina-Greensboro, 2003
M.L.I.S., Valdosta State University, 2010 (2016)

*MICHAEL A. BYRD, Assistant Professor of Kinesiology
B.S., Eastern Kentucky University, 2009
M.S., Miami University, 2011
Ph.D., West Virginia University, 2015
Ph.D., West Virginia University, 2017 (2018)

C

*TIMOTHY D. CAIRNEY, Associate Professor of Accounting
B.A., University of Richmond, 1976
M.B.A., Dalhousie University, 1980
Ph.D., Virginia Polytechnic Institute and State University, 1995 (2003)

*DAVID M. CALAMAS, Assistant Professor of Mechanical Engineering
B.S., Clemson University, 2010
M.S., University of Alabama, 2012
Ph.D., University of Alabama, 2013 (2013)

*DANIEL W. CALHOUN, Associate Professor of Educational Leadership
B.S.Ed., State University of New York at Geneseo, 1998
M.S., Western Illinois University, 2000
Ph.D., University of North Carolina-Greensboro, 2010 (2011)

SEROAN CALISAN, Limited-Term Assistant Professor of Physics
B.S., Hacettepe University, 1997
M.S., Fatih University, 1999
Ph.D., Gebze Institute of Technology, 2003 (2017)

*CONSTANCE R. CAMPBELL, W.E. Carter Distinguished Chair in Business Administration and Professor of Management
B.A., Oklahoma Baptist University, 1981
M.S.Ed., University of Kentucky, 1983
Ph.D., Florida State University, 1992 (1992)

ESMA GIBSON CAMPBELL, Assistant Professor of Radiologic Sciences
A.A.S., Virginia Western Community College, 1976
B.H.S., Armstrong Atlantic State University, 1998
M.P.H., Armstrong Atlantic State University, 2005 (2007)

MYKA MONAE CAMPBELL, Instructor of Radiologic Sciences
A.S.R., Medical College of Georgia, 1996
B.S.R.S., Medical College of Georgia, 2001

SCHERRI MARIE CANNON, Lecturer of Biology
B.S.B., Georgia Southern University, 2009
M.S., Georgia Southern University, 2010 (2015)

*DAWN CANNON-RECH, Information Services Librarian and Assistant Professor
B.S., Bethel University, 1997
M.S., University of Tennessee-Knoxville, 2005 (2007)

*CHRISTOPHER CAPLINGER, Director, Office of First-Year Experience, and Assistant Professor of History
B.A., Emory University, 1993
M.A., Vanderbilt University, 1995
Ph.D., Vanderbilt University, 2003 (2000)

*STEPHEN CARDEN, Assistant Professor of Mathematical Sciences
B.S., Trevecca Nazarene University, 2008
M.S., Clemson University, 2010
Ph.D., Clemson University, 2014 (2014)

*SHERI KAY CAREY, Assistant Professor of Nursing
B.S.N., Wright State University, 1993
M.S.N., Wright State University, 1999
D.N.P., Georgia Southern University, 2015 (2008)

RANDAL D. CARLSON, Professor Emeritus of Leadership, Technology, and Human Development
B.S., United States Air Force Academy, 1966
M.S., Purdue University, 1967

LON MELSON CARNES JR., Professor Emeritus of Finance
B.B.A., University of Georgia, 1954
M.B.A., Georgia State College, 1964

*SUSANNE R. CARPENTER, Associate Professor of Chemistry
B.S., Auburn University, 1981
M.S., University of North Carolina-Chapel Hill, 1986 (1988)

*ANDRES L. CARRANO, Associate Dean for Faculty and Research Programs, Allen E. Paulson College of Engineering and Computing, and Professor of Manufacturing Engineering
B., Universidad Catolica Andres Bello, 1993
M.S., North Carolina State University, 1997
Ph.D., North Carolina State University, 2000 (2017)

*MELISSA L. CARRION, Assistant Professor of Writing and Linguistics
B.A., Arizona State University, 2001
M.A., Arizona State University, 2005
Ph.D., Purdue University, 2014 (2014)

E. RUTH CARROLL, Associate Professor Emerita of Middle Grades and Secondary Education
B.S.Ed., Central State University, 1979
M.Ed., Central State University, 1981
Ed.D., Oklahoma State University, 1989 (1993)

GWENDOLYN DENISE CARROLL, Senior Lecturer of Biology
B.S., Augusta State University, 1998
M.S., Mississippi State University, 2002
Ph.D., University of Georgia, 2009 (2009)

*JOHN MICHAEL CARROLL, Assistant Professor of Biology
B.S., Long Island University, 2004
Ph.D., Stony Brook University, State University of New York, 2012 (2015)

HARRISON S. CARTER, Provost and Vice President Emeritus of Academic Affairs and Professor Emeritus of Management
B.S., Georgia Southern College, 1966
M.S., U.S. International University, 1970
Ph.D., University of Georgia, 1974 (1975)

MARQUESE CARTER, Limited-Term Instructor of Music
B.A., University of Louisville, 2012
M.M., Rider University, 2014 (2018)

*PATRICIA W. CARTER, Professor of Art
B.A., Rutgers State University-Brunswick, 1987
M.F.A., Rutgers State University-Brunswick, 1989
M.Ed., Georgia Southern University, 1994 (1993)

JEAN PAUL CARTON, Professor Emeritus of French
Licence, Universite de Tours, 1971
Maîtrise, Universite de Tours, 1972
Ph.D., University of Utah, 1982 (1983)

CHRISTOPHER CARTRIGHT, Lecturer of English
B.A., Florida State University, 2009
M.F.A., Florida State University, 2012 (2014)

PAMELA C. CARTRIGHT, Lecturer of Radiologic Sciences
B.S.A.H., University of Alabama-Birmingham, 2000
M.A.E., University of Alabama-Birmingham, 2002 (2011)

*THOMAS L. CASE, Professor Emeritus of Information Systems
A.B., Davidson College, 1974
M.S., University of Georgia, 1979
Ph.D., University of Georgia, 1982 (1981)

*SHELLI L. CASLER-FAILING, Assistant Professor of Secondary/ Middle Grades Mathematics Education
A.S., Hudson Valley Community College, 2005
B.S., University at Albany, State University of New York, 2006
M.S., University at Albany, State University of New York, 2008
Ph.D., University at Albany, State University of New York, 2017 (2017)

HOLLYS LANIER CATE, Professor Emeritus of English
A.B., Presbyterian College, 1951
M.Ed., University of Georgia, 1957
Ph.D., University of Georgia, 1962 (1967)

TOM CATO, Professor Emeritus of Art
B.A., Valdosta State College, 1973
M.Ed., Valdosta State College, 1978
*J. MICHELLE CAWTHORN, Associate Professor of Biology  
B.S., Old Dominion University, 1981  
M.S., Old Dominion University, 1984  
Ph.D., Bowling Green State University, 1989 (1996)

SEVKI CESMECI, Limited-Term Assistant Professor of Mechanical Engineering  
B.S., Sakarya University, 2004  
M.S., Sakarya University, 2007  
Ph.D., University of Nevada-Reno, 2017 (2018)

AMY ELIZABETH CHALL, Lecturer of Medical Laboratory Science  
B.S., Austin Peay State University, 2009 (2016)

*WENDY L. CHAMBERS, Professor of Curriculum, Foundations, and Reading  
B.S., Iowa State University of Science and Technology, 1985  
M.S., University of Florida, 1990  
Ph.D., University of Florida, 1993 (1993)

*GREGORY CHAMBLEE, Professor of Middle Grades and Secondary Education  
B.S.C.S., North Carolina State University, 1986  
B.S.Ed., North Carolina State University, 1987  
M.Ed., North Carolina State University, 1992  

LUCINDIA CHANCE, Professor Emerita of Leadership, Technology, and Human Development  
B.S., Lambuth University, 1968  
M.S., University of Tennessee-Martin, 1976  
Ed.D., Memphis State University, 1985 (2001)

*CHARLES W. CHAMP, Professor of Mathematical Sciences  
A.A., Southern Baptist College, 1968  
B.S., Arkansas State University, 1971  
M.S., Arkansas State University, 1973  
M.A., University of Missouri, 1982  
Ph.D., University of Southwestern Louisiana, 1986 (1992)

*CHARLES RAY CHANDLER, Professor of Biology  
B.S., Old Dominion University, 1981  
M.S., Old Dominion University, 1984  
Ph.D., Bowling Green State University, 1989 (1995)

*SUNGKON CHANG, Associate Professor of Mathematical Sciences  
B.S., Kangwon National University, 1998  
Ph.D., University of Georgia, 2005 (2005)

*DAVID ISAAC CHAVEZ, Adjunct Assistant Professor of Military Science  
Captain, U.S. Army  

*LEI CHEN, Associate Professor of Information Technology  
B.Engr., Nanjing University of Technology, 2000  
Ph.D., Auburn University, 2007 (2015)

*XUANGHONG CHEN, Assistant Professor of Mathematical Sciences  
B.S., Sun Yat-sen University, 2009  
M.S., Sun Yat-sen University, 2011  
M.A., University of Wisconsin-Madison, 2014  

*ZHANG CHEN, Assistant Professor of Mathematical Sciences  
B.S., Xiamen University, 2001  
M.S., Xiamen University, 2004  
Ph.D., Michigan State University, 2011 (2014)

*LUCINDIA CHANCE, Professor Emerita of Leadership, Technology, and Human Development  
B.S., Lambuth University, 1968  
M.S., University of Tennessee-Martin, 1976  
Ed.D., Memphis State University, 1985 (2001)

*CHARLES W. CHAMP, Professor of Mathematical Sciences  
A.A., Southern Baptist College, 1968  
B.S., Arkansas State University, 1971  
M.S., Arkansas State University, 1973  
M.A., University of Missouri, 1982  
Ph.D., University of Southwestern Louisiana, 1986 (1992)

LUCINDIA CHANCE, Professor Emerita of Leadership, Technology, and Human Development  
B.S., Lambuth University, 1968  
M.S., University of Tennessee-Martin, 1976  
Ed.D., Memphis State University, 1985 (2001)

*CHARLES RAY CHANDLER, Professor of Biology  
B.S., Old Dominion University, 1981  
M.S., Old Dominion University, 1984  
Ph.D., Bowling Green State University, 1989 (1995)

*SUNGKON CHANG, Associate Professor of Mathematical Sciences  
B.S., Kangwon National University, 1998  
Ph.D., University of Georgia, 2005 (2005)

*DAVID ISAAC CHAVEZ, Adjunct Assistant Professor of Military Science  
Captain, U.S. Army  

*LEI CHEN, Associate Professor of Information Technology  
B.Engr., Nanjing University of Technology, 2000  
Ph.D., Auburn University, 2007 (2015)

*XUANGHONG CHEN, Assistant Professor of Mathematical Sciences  
B.S., Sun Yat-sen University, 2009  
M.S., Sun Yat-sen University, 2011  
M.A., University of Wisconsin-Madison, 2014  

*ZHANG CHEN, Assistant Professor of Mathematical Sciences  
B.S., Xiamen University, 2001  
M.S., Xiamen University, 2004  
Ph.D., Michigan State University, 2011 (2014)

HARLEY ROBERT CHESHIRE, Associate Professor Emeritus of Vocational Education  
B.S., Virginia Polytechnic Institute, 1962  
M.S., Virginia Polytechnic Institute, 1964  
Ed.D., University of Georgia, 1971 (1972)

ALEXANDER L. CHEW, Professor Emeritus of Educational Psychology and Counseling  
A.A., Armstrong College, 1959  
B.S.Ed., Georgia Southern College, 1961  
M.Ed., University of Georgia, 1966  
Ed.S., Georgia Southern College, 1973  
Ed.D., University of Mississippi, 1977 (1979)

BETH A. CHILDRESS, Assistant Professor of Early Childhood Education  
B.A., Temple University, 1964  

*JUNghun CHOI, Assistant Professor of Mechanical Engineering  
B.Engr., Kookmin University, 1997  
M.S., Kookmin University, 1999  

*JOANNE CHOPAK-FOSS, Associate Professor of Health Policy and Community Health  
B.S.P.E., University of Delaware, 1982  
M.S., Pennsylvania State University, 1987  
Ph.D., Pennsylvania State University, 1993 (1993)

WASIMUL QUADER CHOWDHURY, Limited-Term Assistant Professor of Biology  
B.S., University of Dhaka, 1984  
M.S., University of Dhaka, 1985  
Pharm.D., Osaka University, 1996 (2013)

*PHILIP C. CHRISTIAN, Associate Professor of Public Administration  
B.S.B.A., Concord University, 1979  
M.P.A., Florida International University, 2010  
Ph.D., Florida International University, 2010 (2012)

ALICE GALLOWAY CHRISTMAS, Assistant Professor Emerita of Early Childhood Education  
B.S.Ed., University of Georgia, 1961  
M.Ed., University of Georgia, 1965  
Ed.D., University of Georgia, 1972 (1969)
Charles L. Christmas, Associate Professor Emeritus of Mathematics
B.S., Oakland City College, 1951
M.A., University of Georgia, 1962
Ph.D., University of Georgia, 1966 (1969)

*Linda A. Cionitti, Professor of Music
B.M., State University of New York at Potsdam, 1982
M.M., Michigan State University, 1984

James B. Claiborne, Professor Emeritus of Biology
B.S., Florida State University, 1977
Ph.D., University of Miami, 1981 (1983)

Kenneth F. Clark, Professor Emeritus of Leadership, Technology, and Human Development
B.S., Florida State University, 1971
M.Ed., Florida Atlantic University, 1974
Ed.S., Nova University, 1981

*Maya Reynolds Clark, Associate Professor of Communication Sciences and Disorders, and Interim Chair, Department of Rehabilitation Sciences
B.A., University of Mississippi, 1997
M.A., University of Memphis, 1999
Ph.D., University of Texas-Austin, 2006 (2006)

Cameron Rocker Clements, Limited-Term Instructor of Writing and Linguistics
B.S., Georgia Southern University, 2008
M.A., Georgia Southern University, 2015 (2015)

*Richard Cleveland, Assistant Professor of Counselor Education
B.A., Seattle Pacific University, 1999
M.Ed., Seattle Pacific University, 2005
Ph.D., Seattle Pacific University, 2014 (2014)

Robert Clark Clouse III, Lecturer of Health and Kinesiology
B.A., Marshall University, 2005
M.S., Georgia Southern University, 2008 (2008)

*Kay Greta Coates, Research Services Librarian and Assistant Professor
A.S., Government Technical Institute, 1989
B.S.S., University of Guyana, 1989

Patrick R. Cobb, Professor Emeritus of Sport Science and Physical Education
A.B., Atlantic Christian College, 1962
M.A.Ed., Western Carolina College of Louisiana, 1969
Ed.D., Northwestern State University, 1972 (1973)

Katelyn Coggins, Lecturer of Mathematical Sciences
B.S., Georgia Southern University, 2014
M.S., Georgia Southern University, 2016 (2016)

William Coggins, Lecturer of Mathematical Sciences
B.S., Georgia Southern University, 2013
B.S.P., Georgia Southern University, 2013
M.S., Georgia Southern University, 2015 (2015)

*Adrienne L. Cohen, Associate Professor of Sociology
B.A., University of Massachusetts, 1986
M.P.A., University of Vermont, 2006
Ph.D., Miami University, 2011 (2011)

*Risa A. Cohen, Professor of Biology
B.S., Tufts University, 1996

Justine B. Coleman, Lecturer of Health and Kinesiology
B.S.H.S., Georgia Southern University, 2008
M.S., Georgia Southern University, 2010 (2013)

Martha A. Coleman, Professor Emerita of Nursing
B.S.N., Medical College of Georgia, 1960
M.S.N., Emory University, 1967
Ed.D., University of South Carolina, 1987 (1980)

*Alexander B. Collier, Professor of Biology
B.S., Ohio University, 1993
Ph.D., Kent State University, 2001 (2006)

*Linda Ruth Collins, Assistant Professor of Spanish
B.A., Southern University and A&M College, 1973

*Jose Checo Colon Gaud, Associate Professor of Biology
B.S., University of Texas-El Paso, 2000
M.S., Louisiana State University and A&M College, 2003
Ph.D., Southern Illinois University, 2008 (2010)

Ashley Walker Colquitt, Director, Jack N. Averitt College of Graduate Studies, and Associate Professor of Health Policy and Community Health
B.S., Northwestern State University of Louisiana, 2001
M.Ed., Northwestern State University of Louisiana, 2003
Ph.D., Texas Woman's University, 2008 (2010)

*Gavin Colquitt, Associate Professor of Health and Physical Education
B.S.Ed., Georgia State University, 2005
M.Ed., Georgia State University, 2006
Ed.D., Northcentral University, 2009 (2009)

*Kathleen M. Comerford, Professor of History
B.A., Fordham University, 1988
M.A., Fordham University, 1989
Ph.D., University of Wisconsin, 1995 (1999)

J. Matthew Compton, Academic Professional and Instructor of Anthropology
B.A., Appalachian State University, 1998
Ph.D., University of Georgia, 2009 (2016)

*Dianna M. Cone, Vice Provost and Professor of Fashion Merchandising and Apparel Design
B.S., University of Southern Mississippi, 1979
M.S., University of Southern Mississippi, 1980
Ph.D., Florida State University, 1981 (1990)

Bridget Conn, Assistant Professor of Art
B.F.A., Tulane University, 2000
M.F.A., University of Georgia, 2003 (2016)

Marian A. Conway, Assistant Professor Emerita of Nursing
B.S.N., Medical College of Georgia
M.S.N., Georgia College and State University (1986)

Kevin R. Cook, Senior Lecturer of Political Science and International Studies
A.B., University of Georgia, 1984

Anthony Carlton Cooke, Limited-Term Assistant Professor of Writing and Linguistics
B.A., University at Stony Brook, State University of New York, 2009
Ph.D., Emory University, 2015 (2017)
THOMAS COOKSEY, Assistant Professor Emeritus of English and Philosophy
B.A., University of California, 1974
M.A., California Polytechnic State University, 1976
Ph.D., University of Oregon, 1982 (1987)

TONYA COOPER, Limited-Term Instructor of Special Education
B.S.Ed., Georgia Southern University, 1995

JONATHAN COPELAND, Professor Emeritus of Biology
B.A., Tufts University, 1968
M.A.T., Tufts University, 1991
Ph.D., The Ohio State University, 2014 (2014)

KEVIN CORR, Limited-Term Instructor of Literature
B.A., Armstrong State University, 2014
M.A., Georgia Southern University, 2018 (2018)

*NEDRA COSSA, Assistant Professor of Reading
B.S., Longwood University, 2006
M.Ed., Lynchburg College, 2011
Ph.D., George Mason University, 2016 (2014)

CYNTHIA COSTA, Senior Lecturer of Art
A.A., Joliet Junior College, 1997

*LISA A. COSTELLO, Associate Professor of Writing and Linguistics
B.A., California State University-Long Beach, 1993
M.A., California State University-Long Beach, 2003

*ROBERT COSTOMIRIS, Associate Professor of Literature
B.A., University of California-Berkeley, 1977
B.S., University of California-Davis, 1985
M.A., University of Washington, 1990
Ph.D., University of Washington, 1995 (1997)

DOYICE J. COTTEN, Professor Emeritus of Kinesiology
B.S., Florida State University, 1961
M.S., Florida State University, 1963
Ed.D., Florida State University, 1965 (1966)

*RYAN J. COUILLOU, Assistant Professor of Psychology
B.S., University of Georgia, 2005
M.A., Western Carolina University, 2008
Ph.D., University of Georgia, 2012 (2017)

*LOGAN COWAN, Assistant Professor of Epidemiology
B.A., Brigham Young University, 2007
M.P.H., Brigham Young University, 2013
Ph.D., University of Minnesota, 2017 (2017)

HOLLY COWART, Lecturer of Multimedia Journalism
B.A., University of Tennessee-Chattanooga, 2005
M.A., University of Tennessee-Chattanooga, 2011
Ph.D., University of Florida, 2017 (2017)

*CHRISTIAN LOUIS COX, Assistant Professor of Biology
B.S., Iowa State University, 2005
M.S., University of Alabama-Tuscaloosa, 2007
Ph.D., University of Texas-Arlington, 2012 (2015)

*DANIEL J. COX, Professor and Chair, Department of Manufacturing Engineering
B.S.M.E., University of Florida, 1979
M.Engr., University of Florida, 1981
Ph.D., University of Texas-Austin, 1992 (2016)

*DON R. COX, BB&T Distinguished Chair in Money and Banking and Professor of Finance
B.B.A., Georgia Southern College, 1978
M.B.A., Georgia State University, 1980
Ph.D., Florida State University, 1994 (2016)

GINA KAY CRABB, Lecturer of Nursing
B.S.N., Armstrong Atlantic State University, 1995
M.S., Philadelphia University, 1999
D.N.P., Georgia Regents University, 2015 (2009)

*KATHERYN CRAVEN, Associate Professor of Biology
B.A., University of Rhode Island, 1992
Ph.D., Texas A&M University-College Station, 2001 (2003)

*KATHLEEN M. CRAWFORD, Instructor of Elementary and Special Education
B.S.Ed., Georgia Southern University, 1997

CHARLOTTE C. CRITTENDEN, Assistant Professor Emerita of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1962
M.Ed., Georgia Southern College, 1963
Ph.D., University of Georgia, 1987 (1987)

JAMIE SAMUELS CROMLEY, Lecturer of Community Health Behavior and Education
B.S., University of Georgia, 2011
M.P.H., University of Georgia, 2012 (2014)

*JOSEPH F. CROSBY, Professor of Health Sciences
A.A., South Georgia College, 1988
B.S.P.H.R, University of Georgia, 1991
Ph.D., University of Georgia, 1995 (1995)

DEANNA S. CROSS, Professor Emerita of Nursing
B.S.N., University of Akron
M.S.N., Boston College
Ph.D., Boston College (1989)

*DORTHIE CROSS MOKDAD, Assistant Professor of Psychology
B.A., University of Arkansas-Fayetteville, 2006
M.A., Emory University, 2007
Ph.D., Emory University, 2014 (2016)

ENCARNACION CRUZ JIMENEZ, Lecturer of Spanish
License, Universidad de Sevilla, 2004

*FRANCISCO CUBAS SUAZO, Assistant Professor of Civil Engineering and Construction
B.S., National University of Honduras, 2000
M.S., Virginia Tech, 2006
Ph.D., Virginia Tech, 2012 (2014)

*MICHAEL CUELLAR, Associate Professor of Information Systems
B.S.B., University of South Florida, 1976
M.S., Georgia State University, 2004
Ph.D., Georgia State University, 2009 (2013)

*DEAN C. CUMMINGS, Assistant Professor of Communication Arts
A.A.S., Rochester Institute of Technology, 1985
B.S., Rochester Institute of Technology, 1987
M.P.S., Syracuse University, 1989
Ph.D., University of Sheffield, 2013 (2015)
*Brett W. Curry, Professor of Political Science and International Studies
B.A., University of Missouri, 2000
M.A., The Ohio State University, 2003
Ph.D., The Ohio State University, 2005 (2006)
*Christopher Curtis, Vice President of Armstrong and Liberty Campus Operations and Professor of History
B.A., University of South Carolina-Columbia, 1986
M.A., Virginia Tech, 1997
M.A., Emory University, 2001
Ph.D., Emory University, 2002 (2013)
*Finbarr Gregory Curtis, Associate Professor of Religious Studies
B.A., Columbia University, 1995
M.A., Vanderbilt University, 2000
Ph.D., University of California-Santa Barbara, 2007 (2013)
*Christopher P. Cutler, Professor of Biology
B.S., University of Birmingham, 1985
Bill Cody Cuttin, Adjunct Assistant Professor of Military Science
Master Sergeant First Class, U.S. Army (2017)
Michele Cutwa, Lecturer of Biology
B.S., Nazareth College, 1991
M.S., Florida Institute of Technology, 1997 (2009)
*Marc D. Cyr, Associate Professor of Literature
B.A., Western Washington State College, 1979
M.A., Western Washington State College, 1981
*Daniel R. Czech, Professor of Kinesiology
B.A., Denison University, 1995
M.S., Georgia Southern University, 1998
Ph.D., University of Tennessee, 2001 (2004)

D

*Jose de Arimateia da Cruz, Professor of Political Science
B.A., Wright State University, 1991
M.A., Miami University, 1992
Ph.D., Miami University, 2002
M.S., Armstrong Atlantic State University, 2012
Natalia Da Roza, Professor Emerita of Music
B.S., Nazareth College, 1962
M.M., College of the Holy Names, 1964
D.M.A., North Texas State University, 1972 (1986)
*Fawad Dababneh, Assistant Professor of Manufacturing Engineering
B.S., University of Illinois-Chicago, 2014
M.S., University of Illinois-Chicago, 2016
Ph.D., University of Illinois-Chicago, 2018 (2018)
Jiba N. Dahal, Limited-Term Assistant Professor of Physics and Astronomy
B.S., Tribhuvan University, 2003
M.S., Tribhuvan University, 2006
M.S., University of Memphis, 2013
Ph.D., University of California-Merced, 2018 (2018)
*Bo Dai, Assistant Professor of Marketing
B.A., Nanjing University of Technology, 2000
M.S., Auburn University, 2007
Ph.D., Auburn University, 2010
Ph.D., University of North Texas, 2015 (2015)
John H. Daily, Professor Emeritus of Political Science and Public Administration
B.A., Edinboro State College, 1965
M.A., Kent State University, 1968
Ph.D., Kent State University, 1973 (1971)
Janet Dale, Limited-Term Assistant Professor of Writing and Linguistics
B.A., University of Memphis, 2009
M.F.A., Georgia College and State University, 2013 (2013)
Phyllis S. Dallas, Associate Professor Emerita of Writing and Linguistics
B.S.Ed., Valdosta State College, 1973
M.A., Valdosta State College, 1975
Ph.D., Tulane University, 1991 (1988)
Evelyn Dandy, Professor Emerita of Early Childhood Education
B.S., Millersville State College
M.Ed., Temple University
Ph.D., University of South Carolina (1974)
HONGLI Dang, Limited-Term Assistant Professor of Physics
B.S., Hebei Normal University, 2000
M.E., Central Iron and Steel Research Institute, 2003
*Joy W. Darley, Associate Professor Emerita of Mathematical Sciences
B.S.Ed., Georgia Southern College, 1982
M.Ed., Georgia Southern College, 1984
Ph.D., University of South Carolina, 2005 (2005)
James H. Darrell, Associate Professor Emeritus of Geology
B.A., Ohio Wesleyan University, 1964
M.S., University of Tennessee, 1966
Susan Jones Darrell, Assistant Professor Emerita of Family and Consumer Sciences Education
B.S., Georgia Southern College, 1960
M.Ed., University of Georgia, 1968
Ed.S., University of Georgia, 1978 (1968)
Gary E. Dartt, Professor Emeritus of Communication Arts
B.S., Augusta College, 1964
M.F.A., University of Minnesota, 1968 (1968)
William J. Daugherty, Professor Emeritus of Political Science
B.A., University of California-Irvine, 1976
Ph.D., Claremont Graduate School, 1979 (1996)
*Masoud Davari, Assistant Professor of Electrical Engineering
B.S., Isfahan University of Technology, 2007
M.S., Amirkabir University of Technology, 2010
Ph.D., University of Alberta, 2016 (2017)
John W. Davenport, Professor Emeritus of Mathematics and Computer Science
B.S., Union University, 1960
M.S., University of Mississippi, 1964
M.S., University of South Carolina, 1987

Georgia Southern University 461
Ph.D., Texas Tech University, 1974 (1982)

*GEORGE J. DAVIES, Professor of Physical Therapy
B.A., Trenton State College, 1969
M.Ed., Trenton State College, 1972
D.P.T., Massachusetts General Hospital Institute of Health Professions, 2004 (2004)

ELYNOR G. DAVIS, Professor Emerita of Economics
B.B.A., Baylor University, 1954
M.S., Baylor University, 1954
Ph.D., Texas A&M University, 1978 (1979)

LISA JORDAN DAVIS, Instructor of Early Childhood/Special Education
B.S.Ed., Georgia Southern College, 1984
M.Ed., Georgia Southern College, 1989
Ed.S., Georgia Southern University, 1995 (2010)

*NICOLE Y. DAVIS, Assistant Professor of Biochemistry
B.S., Florida State University, 2002
Ph.D., Wake Forest University, 2010 (2014)

*REBECCA S. DAVIS, Associate Professor of Justice Studies
B.S., Georgia Southern College, 1987
M.A., Georgia Southern College, 1989
J.D., University of Georgia, 1992 (1994)

SARAH E. DAVIS, Lecturer of Health Sciences and Kinesiology
B.S.Ed., Armstrong State University, 2006
M.S., Armstrong State University, 2008 (2016)

*TRENTON J. DAVIS, Associate Professor of Public Administration and Chair, Department of Public and Nonprofit Studies
B.S., Missouri State University, 2002
M.P.A., Missouri State University, 2003
Ph.D., Northern Illinois University, 2007 (2007)

*TYSON T. DAVIS, Limited-Term Instructor of Communication Arts
B.S., Georgia Southern University, 1996
M.P.A., Georgia Southern University, 2004 (2009)

RON G. DAVISON, Professor Emeritus of Leadership, Technology, and Human Development
B.A., University at Buffalo, State University of New York, 1959
Ed.M., University at Buffalo, State University of New York, 1964

*Mohammad S. Davoud, Dean, Allen E. Paulson College of Engineering and Computing, and Professor of Mechanical Engineering
B.S., Oklahoma State University-Stillwater, 1981
M.S., Oklahoma State University-Stillwater, 1984
Ph.D., University of South Carolina-Columbia, 1999 (1988)

WILLIAM LOUIS DAWERS, Senior Lecturer of English
A.B., Washington University, 1985

*SIBEL SADA DAZKIR, Assistant Professor of Interior Design
B.I.D., Middle East Technical University, 2006
M.S., Oregon State University, 2010
Ph.D., Oregon State University, 2013 (2013)

*Pradipita De, Assistant Professor of Computer Science
B., Jadavpur University, 1999
Ph.D., University of Stony Brook, State University of New York, 2007 (2016)

*Julie de Chantal, Assistant Professor of History
B.A., University of Montreal, 2005

M.A., University of Montreal, 2008
Ph.D., University of Massachusetts-Amherst, 2016 (2018)

S. Todd Deal, Executive Director Emeritus, Department of Leadership and Community Engagement
B.S., Georgia Southern College, 1986
Ph.D., Ohio State University, 1990 (1992)

*Cleon E. Dean, Associate Professor of Physics
B.S., Texas A&M University, 1980
M.S., Texas A&M University, 1982
Ph.D., Washington State University, 1989 (1992)

*William O. Deaver JR., Professor of Spanish
B.A., University of Virginia, 1982
M.A., University of Virginia, 1987
Ph.D., Florida State University, 1994 (1994)

*Sue Ellen DeChenne-Peters, Assistant Professor of Biology
B.S., Washington State University, 1988
M.S., Washington State University, 1992
Ph.D., Oregon State University, 2010 (2017)

Geneva DeMars, Senior Lecturer of Biology
B.S., University of Virginia, 1997
Ph.D., University of Georgia, 2010 (2010)

*Julia S. Dempsey, Assistant Professor Emerita of Nursing
B.S.N., Medical College of Georgia, 1982
M.S.N., Georgia Southern University, 1992
Ph.D., Medical University of South Carolina, 2014 (1994)

Lisa A. DenMark, Associate Professor and Interim Chair, Department of History
B.A., Georgia Southern University, 1993
M.A., Georgia Southern University, 1995
Ph.D., University of South Carolina-Columbia, 2004 (1998)

*Luther Trey Denton III, Professor of Marketing
B.A., Emory University, 1982
M.B.A., Emory University, 1986
Ph.D., University of Georgia, 1991 (1992)

*DAWIT DENU, Assistant Professor of Mathematical Sciences
B.Ed., Alemaya University, 2005
M.S., Addis Ababa University, 2009
Ph.D., Auburn University, 2017 (2017)

Amber S. Derksen, Senior Lecturer of Nursing
B.S.N., Armstrong Atlantic State University, 1994
M.S.N., Armstrong Atlantic State University, 2005
Ph.D., Hampton University, 2017 (2006)

*Anoop A. Desai, Associate Professor of Mechanical Engineering
B.S., University of Mumbai, 1999
M.S., University of Cincinnati, 2002
Ph.D., University of Cincinnati, 2006 (2006)

*Elizabeth Desnoyers-Colas, Associate Professor of Communication
B.A., Central Washington University, 1979
M.A., Regent University, 1987
Ph.D., Regent University, 2003 (2005)

Nancy B. Dessommes, Assistant Professor Emerita of Writing and Linguistics
A.F.A., Young Harris College, 1973
B.A., Georgia Southern College, 1975
M.A., Auburn University, 1978
**STEPHANIE M. DEVINE**, Assistant Professor of Special Education  
B.A., California Lutheran University, 1998  
M.Ed., University of Nevada-Las Vegas, 2009  
Ph.D., University of Nevada-Las Vegas, 2018 (2018)

**RUSSELL A. DEWEY**, Assistant Professor Emeritus of Psychology  
A.B., University of Michigan, 1973  
Ph.D., University of Michigan, 1978 (1979)

**ANDREW W. DIAMANDUROS**, Academic Professional of Biology  
A.S., University of South Carolina-Lancaster, 1980  
B.S., University of South Carolina-Lancaster, 1982  
M.A., Columbia University, 1989  
M.Phil., Columbia University, 1991 (2010)

**TERRY DAVIS DIAMANDUROS**, Professor of School Psychology  
A.S., University of South Carolina-Lancaster, 1980  
B.S., Clemson University, 1982  
M.A., New York University, 1991  
Ph.D., New York University, 2004 (2005)

**JOHN C. DICESARE**, Professor and Associate Chair, Department of Chemistry and Biochemistry  
B.S., University of Central Florida, 1987  
Ph.D., Georgia Institute of Technology, 1992 (2009)

**KRISTEN NOEL DICKENS**, Assistant Professor of Leadership, Technology, and Human Development  
B.A., Furman University, 2007  
M.A., East Tennessee State University, 2009  
Ph.D., University of New Orleans, 2014 (2015)

**JOHN R. DIEBOLT**, Associate Dean Emeritus, Jack N. Averitt College of Graduate Studies, and Professor Emeritus of Biology  
B.A., Kansas State Teachers College, 1963  
M.S., Kansas State Teachers College, 1965  
Ph.D., University of Oklahoma, 1974 (1992)

**TIMOTHY F. DIEDESCH**, Assistant Professor of Geology  
B.S., Sacramento State University, 2009  
M.S., Idaho State University, 2011  
Ph.D., University of Tennessee-Knoxville, 2016 (2016)

**NIKKI ANN DIGREGORIO**, Assistant Professor of Child and Family Development  
B.A., West Chester University of Pennsylvania, 2006  
M.A., West Chester University of Pennsylvania, 2009  
Ph.D., University of Delaware, 2014 (2014)

**JIMMY JOSEPH DILLIES**, Assistant Professor of Mathematical Sciences  
B.S., Universite Catholique de Louvain, 2000  

**YVONNE DILLON**, Lecturer of Radiologic Sciences  
B.S., Georgia Southern University, 2004  
B.S.R.S., Armstrong Atlantic State University, 2012  
M.Ed., Armstrong State University, 2018 (2016)

**ANDRIA R. DISNEY**, Assistant Professor of Early Childhood Education  
B.A., University of Montana, 1998  
M.Ed., Northern Arizona University, 2006  
M.Ed., Northern Arizona University, 2008  
Ed.D., University of Montana, 2016 (2016)

**PAUL DIXON**, Associate Professor Emeritus of Vocational Education and Adult Education  
B.S., University of Tennessee, 1958  
M.S., University of Tennessee, 1971  
Ed.D., University of Tennessee, 1974 (1974)

**GRIGORY DMITRIYEV**, Professor Emeritus of Curriculum, Foundations, and Reading  
B.Ed., Irkutsk Pedagogical Institute of Foreign Languages, 1972  
M.Ed., Irkutsk Pedagogical Institute of Foreign Languages, 1972  

**JOHN LYNN DOBSON**, Associate Professor and Associate Chair, Department of Health Sciences and Kinesiology  
B.A., Gettysburg College, 1996  
M.Ed., Auburn University, 1998  
Ph.D., Auburn University, 2001 (2011)

**MICHAEL E. DONAHUE**, Professor of Criminal Justice  
B.A., University of North Carolina-Charlotte, 1974  
M.C.J., University of South Carolina-Columbia, 1977  
Ph.D., Michigan State University, 1983 (1993)

**LLOYD NOLAN DOSIER**, Professor Emeritus of Management  
B.B.A., Georgia State University, 1965  
M.B.A., Georgia State University, 1966 (1968)

**JULIE LYNN DOUBERLY**, Lecturer of Writing and Linguistics  
B.A., Georgia Southern University, 2002  

**MEGHAN MIMI DOVE**, Assistant Professor of Child and Family Development  
B.S.F.C.S., University of Georgia, 2007  
M.S., University of Georgia, 2011  
Ph.D., University of Georgia, 2013 (2013)

**WILLIAM BRIAN DOWIS**, Assistant Professor of Accounting  
B.S.B.A., Coastal Carolina University, 2006  
M.P.A., Clemson University, 2007  
D.B.A., Louisiana Technological University, 2015 (2015)

**ALAN C. DOWNS**, Associate Professor of History  
B.A., North Carolina State University-Raleigh, 1976  
M.A., University of North Carolina-Chapel Hill, 1982  
Ph.D., University of North Carolina-Chapel Hill, 1991 (1992)

**ELIZABETH DOWNS**, Professor of Leadership, Technology, and Human Development  
B.S., Florida State University, 1975  
M.Ed., University of Florida, 1983  
Ph.D., University of Florida, 1989 (1990)

**BENJAMIN K. DREVLOW**, Lecturer of Writing and Linguistics  
B.A., University of Wisconsin, 1983  
Ph.D., University of Wisconsin, 2006 (2011)

**GRIGORY DMITRIYEV**, Professor Emeritus of Curriculum, Foundations, and Reading  
B.Ed., Irkutsk Pedagogical Institute of Foreign Languages, 1972  
M.Ed., Irkutsk Pedagogical Institute of Foreign Languages, 1972  

**JOHN LYNN DOBSON**, Associate Professor and Associate Chair, Department of Health Sciences and Kinesiology  
B.A., Gettysburg College, 1996  
M.Ed., Auburn University, 1998  
Ph.D., Auburn University, 2001 (2011)

**MICHAEL E. DONAHUE**, Professor of Criminal Justice  
B.A., University of North Carolina-Charlotte, 1974  
M.C.J., University of South Carolina-Columbia, 1977  
Ph.D., Michigan State University, 1983 (1993)

**LLOYD NOLAN DOSIER**, Professor Emeritus of Management  
B.B.A., Georgia State University, 1965  
M.B.A., Georgia State University, 1966 (1968)

**JULIE LYNN DOUBERLY**, Lecturer of Writing and Linguistics  
B.A., Georgia Southern University, 2002  

**MEGHAN MIMI DOVE**, Assistant Professor of Child and Family Development  
B.S.F.C.S., University of Georgia, 2007  
M.S., University of Georgia, 2011  
Ph.D., University of Georgia, 2013 (2013)

**WILLIAM BRIAN DOWIS**, Assistant Professor of Accounting  
B.S.B.A., Coastal Carolina University, 2006  
M.P.A., Clemson University, 2007  
D.B.A., Louisiana Technological University, 2015 (2015)

**ALAN C. DOWNS**, Associate Professor of History  
B.A., North Carolina State University-Raleigh, 1976  
M.A., University of North Carolina-Chapel Hill, 1982  
Ph.D., University of North Carolina-Chapel Hill, 1991 (1992)

**ELIZABETH DOWNS**, Professor of Leadership, Technology, and Human Development  
B.S., Florida State University, 1975  
M.Ed., University of Florida, 1983  
Ph.D., University of Florida, 1989 (1990)

**BENJAMIN K. DREVLOW**, Lecturer of Writing and Linguistics  
B.A., University of Wisconsin, 1983  
Ph.D., University of Wisconsin, 2006 (2011)

**CHRISTY JEAN DUBERT**, Assistant Professor of Nursing  
B.S.N., Winona State University, 1993  
M.S.N., Marquette University, 1997  
Ph.D., Georgia Health Sciences University, 2013 (2005)

**DAVID L. DUDLEY**, Professor of Literature  
B.A., Duke University, 1970  
M.Div., Lutheran Seminary, 1975  
M.A., University of West Florida, 1984  

**LOIS L. DUKE-WHITAKER**, Professor Emerita of Political Science  
A.A., University of South Carolina, 1975  
B.A.J., University of South Carolina, 1976  
M.A., University of South Carolina, 1979  
Ph.D., University of South Carolina, 1986 (1996)
JOHN DUNCAN, Professor Emeritus of History
B.S., College of Charleston
M.A., University of South Carolina
Ph.D., Emory University (1965)

*ROBERT W. DUNHAM, Professor of Music and Director, Bands
B.M.E., University of Northern Colorado, 1980
B.M., University of Northern Colorado, 1980
M.M., University of Wyoming, 1984

KERRY O. DUNN, Lecturer of Radiologic Sciences
B.S.Ed., University of Georgia, 2004
A.M.S., Emory University, 2006

*PAUL DUNN, Assistant Professor of Biology
B.S., Brigham Young University, 2006
Ph.D., University of Oregon, 2011 (2015)

*MAXIM E. DURACH, Assistant Professor of Physics
B.S., Saint Petersburg State Polytechnical University, 2004
M.S., Saint Petersburg State Polytechnical University, 2006
M.S., Georgia State University, 2008
Ph.D., Georgia State University, 2010 (2011)

IRIS B. DURDEN, Serials Librarian Emerita and Associate Professor Emerita
B.S.Ed., Georgia Southern College, 1973
M.Ln., Emory University, 1978 (1978)

*LANCE A. DURDEN, Professor of Biology
B.S., University of London, 1977

*BETH A. DURODOYE, Professor and Chair, Department of Leadership, Technology, and Human Development
B.A., Marshall University, 1983
M.A., Marshall University, 1984

*LISA DUSENBERRY, Assistant Professor of English
B.A., Colorado State University, 2005
M.A., University of Florida, 2007

*JOHN N. DYER, Professor of Information Systems
B.S., University of Alabama-Birmingham, 1991
M.B.A., University of Alabama-Birmingham, 1993
M.S., University of Alabama-Tuscaloosa, 1995
Ph.D., University of Alabama-Tuscaloosa, 1997
M.M.I., Georgia College and State University, 2003 (2001)

*CRYSTAL M. EDDS, Assistant Professor of Nursing
A.D.N., Kennesaw State University, 1997
M.S.N., Georgia State University, 2004
D.N.P., Georgia Southern University, 2012 (2010)

*OLIVIA C. EDENFIELD, Professor of English
B.A., Georgia Southern College, 1982
M.A., University of Iowa, 1986
Ph.D., University of Georgia, 2002 (1986)

ANDREA MARIA EDER, Senior Lecturer of German
M.A., University of Alabama, 2001
M.A., Universitat Regensburg, 2002
Ph.D., Vanderbilt University, 2009 (2011)

*BRADLEY C. EDWARDS, Senior Lecturer of Literature
B.A., University of Wisconsin, 1992
Ph.D., University of Georgia, 2005 (2006)

*MARK A. EDWARDS, Fuller E. Callaway Professor of Physics
B.S., Georgia Southern College, 1977
M.A., The Johns Hopkins University, 1979
Ph.D., The Johns Hopkins University, 1984 (1990)

VERNON O. EGGER, Professor Emeritus of History
B.A., Baylor University, 1970
M.Div., Southern Baptist Theological Seminary, 1973
A.M., University of Michigan, 1977
Ph.D., University of Michigan, 1983 (1983)

EMILY E. EISENHART, Instructor of Community Health Behavior and Education
A.B.J., University of Georgia, 2007
M.A., Georgia Southern University, 2011 (2011)

HENRY A. EISENHART, Professor Emeritus of Recreation
B.U.S., University of New Mexico, 1970
M.A., University of New Mexico, 1973
Ph.D., University of New Mexico, 1979 (1991)

NANETTE EISENHART, Senior Lecturer of Latin
B.A., University of Oklahoma-Norman, 1981

*HEIDI A. EISENREICH, Assistant Professor of Mathematical Sciences
B.S., Carroll University, 2001
M.Ed., Cardinal Stritch University, 2006
M.A., Jacksonville University, 2015
Ph.D., University of Central Florida, 2016 (2016)

*LARISA ELISHA, Associate Professor of Music
B.M., Byleorussian State Conservatory, 1986
M.M., Byleorussian State Conservatory, 1989

*STEVEN ELISHA, Associate Professor of Music
B.A., Indiana University, 1983
M.M., Yale University, 1985
D.M.A., University of Kansas, 2007 (2011)

AMIE L. ELLIS, Lecturer of Logistics and Supply Chain Management
B.S., University at Buffalo, State University of New York, 1992
M.S., Kettering University, 1998 (2016)

*SCOTT C. ELLIS, Associate Professor of Logistics and Supply Chain Management
B.S., GMI Engineering and Management Institute, 1993
M.S., Kettering University, 1999
Ph.D., University at Buffalo, State University of New York, 2007 (2016)
SADRA EMAMI, Limited-Term Assistant Professor of Mechanical Engineering  
B., Semnan University, 2004  
M.S., Materials and Energy Research Center, 2007  
Ph.D., University of Dayton, 2017 (2018)

*KATRINA MICHELLE EMBREY, Assistant Professor of Nursing  
B.S.N., Armstrong Atlantic State University, 1988  
M.S.N., Incarnate Word College, 1993  
D.N.S., Kennesaw State University, 2014 (2010)

*STEVEN T. ENGEL, Director, University Honors Program, and Associate Professor of Political Science  
B.A., Michigan State University, 1990  
M.A., Miami University, 1992  
M.A., Bowling Green State University, 1993  
Ph.D., Loyola University Chicago, 2000 (1999)

CICELY ENGLISH, Limited-Term Instructor of English  
B.A., University of Washington, 1998  
M.A., California State University-Dominguez Hills, 2009 (2016)

*MARINA E. EREMEEVA, Professor of Environmental Health Sciences  
M.D., Moscow State Medical Institute, 1985  
Ph.D., N.F. Gamaleya Research Institute of Epidemiology and Microbiology, 1990  
Ph.D., Universite de la Mediterranee, 1996 (2011)

*HANS-GEORG ERNEY, Associate Professor of English  
Ph.D., Emory University, 2006 (2006)

DODDY ERVONDY, Clinical Instructor of Mechanical Engineering  
B.Engr., University of Bristol, 1998  
M.S., University of Washington, 2003  

*VIRGINIA HUTTON ESTABROOK, Assistant Professor of Anthropology  
B.A., Bryn Mawr College, 2000  
M.A., University of Michigan, 2001  
Ph.D., University of Michigan, 2009 (2015)

COLLEEN RAE VON HER EVANS, Academic Professional and Instructor of Biology  
B.S.B., University of North Texas, 2010  
M.S., University of North Texas, 2013 (2013)

*JUSTIN W. EVANS, Assistant Professor of Legal Studies  
B.A., University of Texas-Austin, 2003  
M.B.A., Indiana University Purdue University-Indianapolis, 2007  
J.D., Indiana University Purdue University-Indianapolis, 2007 (2017)

KAREN EVANS, Limited-Term Instructor of Biology  
B.S., Bucknell University, 1970  
M.S., University of Pittsburgh, 1973  
M.Ed., University of Pittsburgh, 1975  
Ph.D., University of Pittsburgh, 2007 (2016)

*ROBERT GREGORY EVANS, Dean, Jiann-Ping Hsu College of Public Health, and Professor of Public Health  
B.A., Hofstra University, 1970  
M.P.H., Saint Louis University, 1981  
Ph.D., Saint Louis University, 1986 (2012)

F

*MATHEW D. FALLIN, Professor of Music  
B.M., Georgia Southern College, 1987  
M.A., Louisiana Technical University, 1989  

KATHERINE B. FALLON, Lecturer of Writing and Linguistics  
B.A., Bryn Mawr College, 2003  

*QUENTIN Q. FANG, Professor of Biology  
B.S., Anhui Agricultural University, 1977  
M.S., Anhui Agricultural University, 1983  
Ph.D., Kansas State University, 1993 (1996)

*ROBERT FARBER, Professor of Art  
B.F.A., Ohio University, 1982  
M.F.A., Western Michigan University, 1986 (2014)

NATHAN FARMER, Limited-Term Instructor of Mathematical Sciences  
B.S.Mat., Georgia Southern University, 2009  
M.S., Georgia Southern University, 2012 (2016)

*BRIAN K. FELTMAN, Associate Professor of History  
B.A., Clemson University, 1999  
M.A., Clemson University, 2002  
Ph.D., The Ohio State University, 2010 (2012)

*ROBERT W. FERNEKES, Information Services Librarian Emeritus and Associate Professor Emeritus  
B.S., University of San Francisco, 1969  
M.L.S., George Peabody College for Teachers, 1970  
Ed.S., George Peabody College for Teachers, 1971  
Ph.D., George Peabody College for Teachers, 1974 (2000)

BARBARA FERTIG, Professor Emerita of History  
B.S., Skidmore College, 1956  
Ph.D., George Washington University, 1993 (1992)

*BRENT D. FESKE, Professor of Chemistry  
B.S., Southern Louisiana University, 2000  
Ph.D., University of Florida, 2005 (2005)

JOHN FINDEIS, Assistant Professor Emeritus of Mathematics  
B.S., University of Illinois  
M.S., University of Illinois (1968)

*KARIN FISHER, Assistant Professor of Special Education  
B.S.B.A., University of Central Florida, 1992  
M.A., University of Central Florida, 2005  
Ph.D., University of Central Florida, 2016 (2016)

NADIA N. FLANIGAN, Lecturer of Human Ecology  
B.A., Wake Forest University, 2003  
M.A., University of North Florida, 2005  
Ph.D., Florida State University, 2011 (2011)

TERESA L. FLATEBY, Associate Vice President for Institutional Effectiveness and Instructor of Curriculum, Foundations, and Reading  
B.A., Capital University, 1972  
M.Ed., University of South Florida, 1978  
Ph.D., University of South Florida, 1982 (2011)

*ANDREW FLATT, Assistant Professor of Health Sciences  
B.A., Wilfrid Laurier University, 2009  
M.S., California University of Pennsylvania, 2012  
Ph.D., University of Alabama-Tuscaloosa, 2017 (2017)

*LESLEY B. FLETCHER, Professor of Accounting  
B.A., Duke University, 1973  
Ph.D., Louisiana State University and A&M College, 1993 (1993)
GORDON EARL FLOYD, Assistant Professor Emeritus of Sport Science and Physical Education
B.S., University of Florida, 1963
M.P.E., University of Florida, 1965
Ed.S., Georgia Southern College, 1974 (1969)

*MATTHEW B. FLYNN, Associate Professor of Sociology and Anthropology
B.S.F.S., Georgetown University, 1996
M.S., London School of Economics, 1999
Ph.D., University of Texas-Austin, 2010 (2013)

*RICHARD M. FLYNN, Professor of Literature
B.A., George Washington University, 1977
M.A., American University, 1980
M.Phil., George Washington University, 1984
Ph.D., George Washington University, 1987 (1990)

MICHAEL J. FOX, Limited-Term Instructor of Mathematical Sciences
B.S., Middle Georgia State College, 2014
M.S., Georgia Southern University, 2016 (2016)

*AUSTIN W. FRANCIS, Associate Professor of Biology
B.S., Roger Williams College, 1993
M.S., University of Rhode Island, 1996

WILLIAM H. FRANCISCO, Assistant Professor Emeritus of Accounting
B.S.B.A., University of Southern Mississippi, 1969
M.S., University of Southern Mississippi, 1975 (1980)

SANDRA TINDOL FRANKLIN, Assistant Professor Emerita of Middle Grades and Secondary Education
B.S.Ed., Georgia Southern College, 1959
M.S.T., Georgia Southern College, 1967
Ed.S., Georgia Southern College, 1975 (1960)

*SUSAN T. FRANKS, Associate Professor of Elementary and Special Education
B.A., Armstrong State College, 1976
M.A.Ed., Virginia Polytechnic Institute and State University, 1983
Ed.D., Virginia Polytechnic Institute and State University, 1992 (1996)

DOUGLAS R. FRAZIER, Associate Dean, University Libraries, and Assistant Professor
B.A., Western Washington State College, 1979

FRANK E. FRENCH, Professor Emeritus of Biology
B.S., Texas Technological College, 1957
M.S., Iowa State College, 1958
Ph.D., Iowa State College, 1962 (1969)

ERIN E. FRICK, Limited-Term Instructor of Psychology
B.S., University of New Hampshire, 2012
M.A., University of Southern Mississippi, 2016
Ph.D., University of Southern Mississippi, 2018 (2018)

CYNTHIA J. FROST, Assistant Access Services Librarian Emerita and Assistant Professor Emerita
B.A., Illinois Wesleyan University, 1975

*KARIN FRY, Professor and Chair, Department of Philosophy and Religious Studies
B.A., University of Rhode Island, 1991
M.A., Boston College, 1997
Ph.D., University of Memphis, 2002 (2016)

GEORGE YUZHU FU, Associate Professor of Civil Engineering
B.E., Tianjin University, 1986
M.E., Tianjin University, 1989
Ph.D., University of Regina, 2002 (2008)

ANN FULLER, Head, Circulation and Interlibrary Loan Services, and Assistant Professor
B.A., Armstrong Atlantic State University, 1988

*CHUN HAI FUNG, Associate Professor of Epidemiology
B.A., University of Cambridge, 2003
M.S., University of London, 2005
Ph.D., Imperial College of London, 2009 (2013)

-HOWARD LESLIE FURR, Associate Professor Emeritus of Hospitality Management
B.A., Louisiana State University and A&M College, 1974
Ph.D., Texas A&M University, 1987 (1996)

G

*RAYMOND GADDY, Assistant Professor of Art
B.A., University of Alabama-Birmingham, 1994
B.F.A., University of Alabama-Birmingham, 1997
M.F.A., University of Alabama-Tuscaloosa, 2000

*DELANA A. GAJDOSIK-NIVENS, Dean, College of Science and Mathematics, and Professor of Chemistry
B.S., University of Pittsburgh, 1993
Ph.D., University of South Carolina-Columbia, 1998 (2000)

*KATIA GALDINO, Assistant Professor of Management
B., Una University Center, 2007
M., Pontifical Catholic University of Minas Gerais, 2014
Ph.D., Florida State University, 2018 (2018)

*ALEJANDRO J. GALLARD, Goizueta Foundation Distinguished Chair in Education and Research Professor of Middle Grades and Secondary Education
B.A., San Jose State University, 1977
M.A., San Jose State University, 1982
Ph.D., Michigan State University, 1990 (2012)

SANDRA L. GALLEMORE, Professor Emerita of Health and Kinesiology
B.S., Washington State University, 1964
M.S., Smith College, 1969
Ed.D., University of North Carolina-Greensboro, 1979 (1979)

*WEINAN GAO, Assistant Professor of Electrical Engineering
B.S., Northeastern University, 2011
M.S., Northeastern University, 2013
Ph.D., New York University, 2017 (2017)

*MIGUEL GARCIA, Assistant Professor of Spanish
B.A., University of Stony Brook, State University of New York, 2009
M.A., University of Stony Brook, State University of New York, 2011
Ph.D., The Ohio State University, 2016 (2016)

*ADRIAN GARDINER, Associate Professor of Information Systems
B.B.A., Queensland University of Technology, 1988
M.F.M., University of Queensland, 1993
Ph.D., University of New South Wales, 2004 (2003)

*CHRISTOPHER GARLAND, Assistant Professor of Writing and Linguistics
B.A., University of Auckland, 2006
M.A., University of Auckland, 2008
M.A., University of Florida, 2009
Ph.D., University of Florida, 2014 (2017)

*JEFF F. GARLAND, Professor and Chair, Department of Art
B.F.A., Illinois State University, 1992

*JESSICA GARNER, Head, Access Services, Interlibrary Loan Librarian, and Assistant Professor
B.A., Georgia Southern University, 2006
M.L.I.S., Valdosta State University, 2009 (2016)

*MELISSA KAY GARNO, Professor and Associate Chair, School of Nursing
B.S.N., Harding University, 1987
M.S.N., University of Central Arkansas, 1993
Ed.D., Georgia Southern University, 2003 (1998)

SHAMIA T. GARRETT, Academic Professional and Instructor of Public Health
B.S.H.S., Georgia Southern University, 2004
M.P.H., Georgia Southern University, 2007 (2014)

JUDITH GARRISON, Head, Reference and Instruction, and Assistant Professor
B.G.S., Indiana State University, 2002
M.L.S., Indiana State University, 2003 (2011)

*APRIL W. GARRITY, Associate Professor of Communication Sciences and Disorders
B.A., Louisiana State University and A&M College, 1998
M.A., Louisiana State University and A&M College, 2000

GEORGE W. GASTON JR., Associate Professor Emeritus of Educational Foundations and Curriculum
A.B., University of Georgia, 1957
M.Ed., University of Georgia, 1963
Ed.D., Indiana University, 1968 (1967)

*DELENA BELL GATCH, Director of Academic Assessment, Office of Institutional Effectiveness, and Associate Professor of Physics
B.S., Georgia Southern University, 1995
Ph.D., University of Georgia, 2000 (2001)

*WORLANYO ERIC GATO, Assistant Professor of Chemistry
B.S., University of Cape Coast, 1999
M.S., University of Nottingham, 2002
Ph.D., Western Michigan University, 2007 (2013)

MELISSA F. GAYAN, Senior Lecturer of History
B.A., University of North Carolina-Charlotte, 2000

*GRANT GEARHART, Assistant Professor of Spanish
B.A., Sewanee-University of the South, 2002
B.A., Sewanee-University of the South, 2003
M.A., University of North Carolina-Chapel Hill, 2009

*ROSE MARY GEE, Associate Professor of Nursing
B.S.C.J., Georgia Southern College, 1976
A.S.N., Armstrong State College, 1980
B.S.N., Medical College of Georgia, 1981
M.S.N., Medical College of Georgia, 1991
Ph.D., Emory University, 2005 (1995)

DAVID M. GEHLER, Limited-Term Assistant Professor of Writing and Linguistics
B.A., University of Cincinnati, 1988

*JUAN M. GENDelman, Associate Professor of Music
B.M., University of La Plata, 2002
M.M., California State University-Northridge, 2004
D.M.A., University of Maryland, 2007 (2011)

*SOPHIE B. GEORGE, Professor of Biology
B.S., University of Sierra Leone, 1981
M.S., University of Paris VI, 1989

*REINHOLD A. GERBSCH, Director of Industrial Relations, Allen E. Paulson College of Engineering and Computing, and Associate Professor of Manufacturing Engineering
A.S., Danville Area Community College, 1981
B.S., University of Illinois at Urbana-Champaign, 1984
M.S., Washington University in St. Louis, 1988

GINA GERMANI, Limited-Term Instructor of Communication Arts
B.A., University of Southern California, 1981
M.S., Syracuse University, 2008 (2015)

*CHRIS B. GEYERMAN, Associate Professor of Communication Arts
B.S., Utah State University, 1983
M.A., Eastern Illinois University, 1984

*DEBANJANA GHOSH, Lecturer of Chemistry and Biochemistry
B.S., University of Calcutta, 2005
M.S., University of Delhi, 2008
Ph.D., Jadavpur University, 2012 (2015)

*JOSHUA D. GIBSON, Assistant Professor of Biology
B.S., Loyola University, 2004
M.S., Arizona State University, 2011
Ph.D., Arizona State University, 2013 (2018)

JOHN GIEBFRIED, Limited-Term Instructor of History
B.A., St. Francis Xavier University, 2008
M.A., University of Toronto, 2009
M.A., University of London, 2010
Ph.D., St. Louis University, 2015 (2018)

*CATHERINE GILBERT, Professor and Chair, School of Nursing
B.S.N., Ryerson University, 1989
M.S., University of Toronto, 1992

*TIMOTHY D. GILES, Associate Professor of Writing and Linguistics
B.A., East Carolina University, 1982
M.A., East Carolina University, 1986

SHARON ELAINE GILLIARD-SMITH, Assistant Professor of Radiologic Sciences
B.H.S., Armstrong Atlantic State University, 1996
M.H.S., Armstrong Atlantic State University, 1999 (2002)

PATRICIA INGLE GILLIS, Professor Emerita of English
A.B., Baylor University, 1951
M.A., Baylor University, 1952
Ph.D., University of Arkansas, 1965 (1971)

*CHRISTINA M. GIPSON, Assistant Professor of Sport Management
B.S., Methodist University, 2005
M.S., Georgia State University, 2007
Ph.D., Brunel University, 2012 (2014)
*AMANDA GLAZE, Assistant Professor of Middle and Secondary Education
B.S., Jacksonville State University, 2004
M.S.Ed., Jacksonville State University, 2008
Ed.S., Jacksonville State University, 2009
Ph.D., University of Alabama-Tuscaloosa, 2013 (2016)

*DANIEL F. GLEASON, Director, Institute for Coastal Plain Science, and Professor of Biology
B.S., Furman University, 1980
M.S., University of Houston, 1984
Ph.D., University of Houston, 1992 (1996)

*FRANK GLENN, Assistant Professor of Rehabilitation Sciences
B.S., University of Southern Mississippi, 1986
B.S., Virginia Commonwealth University, 1988
M.S., University of Oklahoma Health Sciences Center, 1998
Ph.D., University of Oklahoma Health Sciences Center, 2004 (2014)

*PRIYA THAMBURAJ GOESER, Professor of Engineering Studies
B.T., Indian Institute of Technology-Madras, 1997
Ph.D., University of Delaware, 2001 (2003)

*HAIJUN GONG, Assistant Professor of Manufacturing Engineering
B.Engr., Harbin University of Science and Technology, 2004
M.Engr., Harbin Institute of Technology, 2006
Ph.D., University of Louisville, 2013 (2015)

ALDO GONZALEZ-ESPINOZA, Adjunct Assistant Professor of Military Science
Sergeant First Class, U.S. Army (2018)

DANIEL B. GOOD, Professor Emeritus of Geography
B.A., Emory and Henry College, 1965
M.S., University of Tennessee, 1967
Ph.D., University of Tennessee, 1973 (1969)

CARL W. GOODING, Professor Emeritus and Dean Emeritus, College of Business Administration
B.S., University of North Carolina, 1965
M.B.A., University of Georgia, 1972
Ph.D., University of Georgia, 1976 (1986)

*JOHN H. GOSHORN, Assistant Professor of Multimedia Film and Production
B.S., James Madison University, 2005

*LAURIE A. GOULD, Associate Professor of Justice Studies
B.S., University of Central Florida, 1999
M.S., University of Central Florida, 2001
Ph.D., University of Central Florida, 2008 (2011)

*ANNIE MARIE GRAF, Instructor of Nursing
B.S.N., Georgia Southern University, 1997
M.S.N., Walden University, 2008 (2009)

*BEVERLY L. GRAHAM, Associate Professor of Communication Arts
B.S.Ed., Eastern Illinois University, 1972
M.A., Eastern Illinois University, 1977

DALE F. GRANT, Associate Professor Emerita of Leadership, Technology, and Human Development
A.B., Indiana University, 1968
M.S., Indiana University, 1972
Ph.D., University of Toledo, 1985 (1987)

WILMER GRANT Jr., Associate Professor Emeritus of Physics
B.A., Hampton Institute, 1962
M.S., Indiana University, 1967
Ph.D., Indiana University, 1974 (1982)

CHIANTI L. GRANT-CULVER, Instructor of Early Childhood Education
B.S.Ed., Georgia Southern University, 1999
M.Ed., Troy University, 2004 (2017)

C. DOUGLAS GRAVES, Professor Emeritus of Music
B.S.Ed., West Chester State College, 1960
M.M.E., Indiana University, 1965
Ph.D., Michigan State University, 1972 (1987)

*DANIEL A. GRAY, Limited-Term Instructor of Mathematical Sciences
B.S., Augusta State University, 2008
M.S., Georgia Southern University, 2010

*RACHEL S. GREEN, Professor of Art
B.F.A., Middle Tennessee State University, 1982

*KATY L. GREGG, Associate Professor of Child and Family Development
B.A., Hendrix College, 2001
Ph.D., University of Georgia, 2007 (2009)

BECKY GRIFFIN, Academic Professional, Instructor, and Clinical Coordinator of Nursing
A.S.N., Excelsior College, 1997
B.S.N., University of Phoenix, 2006
M.S.N., University of Phoenix, 2008 (2015)

*BRYAN W. GRIFFIN, Associate Professor of Curriculum, Foundations, and Reading
B.A., North Carolina State College, 1986
M.S., Florida State University, 1989
Ph.D., Florida State University, 1993 (1992)

*JULIA B. GRIFFIN, Associate Professor of Literature
B.A., University of Cambridge, 1985
M.Phil., University of Oxford, 1988

*MARLYNN M. GRIFFIN, Professor of Curriculum, Foundations, and Reading
B.S., Florida State University, 1984
M.S., Florida State University, 1985
M.S., Florida State University, 1989
Ph.D., Florida State University, 1992 (1992)

SARA GREMILLION, Associate Professor of Biology
B.A., Hendrix College, 2001
Ph.D., University of Georgia, 2007 (2009)

JEFFREY A. GRITTON, Limited-Term Assistant Professor of Physics
B.S., Kent State University, 2006
M.S., Ball State University, 2008
Ph.D., University of Georgia, 2017 (2017)

RYAN AUGUST GROOM, Lecturer of Chemistry
B.S., Armstrong Atlantic State University, 2012
M.S., Florida State University, 2016
Ph.D., Florida State University, 2017 (2017)

LYNNE G. GROOVER, Limited-Term Instructor of Mathematical Sciences
A.S., Abraham Baldwin Agricultural College, 1978
B.S.Ed., Georgia Southern College, 1980

MICHELLE DAWN GROOVER, Senior Lecturer of Public Relations
B.S., Milligan College, 1993
M.Ed., Georgia Southern University, 2005
Ph.D., Regent University, 2015 (2008)

*GREGORY J. GROSICKI, Assistant Professor of Kinesiology
B.S., College of William and Mary, 2011
M.S., Wake Forest University, 2013
Ph.D., Ball State University, 2017 (2018)

JIMMIE GROSS, Professor Emeritus of History
B.A., Baylor University
B.D., Southern Theological Seminary
M.A., Auburn University
Ph.D., University of Georgia (1967)

*AXEL GROSSMANN, Professor of Finance
B.Engr., University of Applied Sciences, 1999
M.B.A., University of Texas-Pan American, 2003
Ph.D., University of Texas-Pan American, 2007 (2013)

*JONATHAN A. GRUBB, Assistant Professor of Criminal Justice and Criminology
B.S., University of Tennessee, 2009
M.S., University of Tennessee, 2011
Ph.D., Sam Houston State University, 2015 (2016)

BRUCE GRUBE, President Emeritus and Professor Emeritus of Political Science
A.B., University of California Berkeley, 1964
Ph.D., University of Texas, 1975 (1999)

*KATHLEEN H. GRUBEN, Associate Professor of Marketing
B.B.A., Stephen F. Austin State University, 1992
M.B.A., Stephen F. Austin State University, 1994
Ph.D., University of North Texas, 1998 (1998)

STEVE GUGGINO, Limited-Term Assistant Professor of Geology and Geography
A.A., Hillsborough Community College, 1998
B.S., University of South Florida, 2001
M.S., University of South Florida, 2004
Ph.D., Arizona State University, 2012 (2015)

*MICHELE GUIDONE, Assistant Professor of Biology
B.S., University of Connecticut, 2004
M.S., Southern Connecticut State University, 2007
Ph.D., University of Rhode Island, 2012 (2014)

*GARY GUILLET, Assistant Professor of Chemistry
B.S., University of Florida, 2003
Ph.D., University of Florida, 2010 (2013)

*VLADIMIR GURAU, Assistant Professor of Manufacturing Engineering
B.Engr., Polytechnic Institute of Bucharest, 1987
Ph.D., University of Miami, 1998 (2017)

SETH GUTIERREZ, Limited-Term Instructor of Mathematical Sciences
B.S.Mat., Georgia Southern University, 2014
M.S., Georgia Southern University, 2017 (2018)

*ANTONIO PARTIDA GUTIERREZ de BLUME, Assistant Professor of Educational Research
B.A., University of Nevada-Las Vegas, 2004
M.S., University of Nevada-Las Vegas, 2008
Ph.D., University of Nevada-Las Vegas, 2012 (2014)

JOHN E. GUTKNECHT, Associate Professor Emeritus of Management
B.S., Tulane University, 1954

*LORI L. GWINETT, Document Librarian and Associate Professor
B.A., State University of West Georgia, 1994

H

*LESLIE M. HAAS, Head, Research Services, and Associate Professor
B.B.A., Boise State University, 1988
M.L.S., University of Arizona, 1989

KHAN HABEEB UR RAHMAN, Lecturer of Mechanical Engineering
B.Engr., Visvesvaraiha Technical University, Belgaum, 2004
M.S., Wichita State University, 2008
Ph.D., Wichita State University, 2018 (2018)

*MICHELLE A. HABERLAND, Professor of History
B.A., University of Florida, 1990
M.A., University of Florida, 1993
Ph.D., Tulane University, 2001 (2002)

*AMY A. HACKNEY, Professor of Psychology
B.A., Indiana University, 1994
M.S., Saint Louis University, 2000
Ph.D., Saint Louis University, 2003 (2003)

*PAUL T. HADAVAS, Associate Professor of Mathematical Sciences
B.S., Carnegie Mellon University, 1991
M.S., Clemson University, 1995
Ph.D., Clemson University, 2000 (2002)

*RAMI J. HADDAD, Associate Professor of Electrical and Computer Engineering
B.S., Applied Sciences University, 2004
M.S.E.C.E., University of Minnesota-Duluth, 2006
Ph.D., University of Akron, 2011 (2011)

MARY HADLEY, Associate Professor Emerita of Writing and Linguistics
B.A., University of Leeds, 1970
M.S., Southern Connecticut State University, 1987
M.S., Central Connecticut State University, 1992
Ph.D., University of Reading, 2000 (1994)

DANIEL V. HAGAN, Professor Emeritus of Biology
B.S.Ed., Georgia Southern College, 1968
M.S.T., Georgia Southern College, 1972
Ph.D., University of Georgia, 1979 (1980)

*DEBRA HAGERTY, Associate Professor of Nursing
B.S.N., Case Western Reserve University, 1977
M.S.N., Case Western Reserve University, 1981
D.N.P., Oakland University, 2009 (2011)

SAMANTHA HAGERTY, Limited-Term Assistant Professor of Biology
B.S., Miami University, 2014
Ph.D., Auburn University, 2018 (2018)

*STEPHANIE A. HAIRSTON, Assistant Professor of Accounting
B.S., Wake Forest University, 2008
M.S., Wake Forest University, 2009
Ph.D., University of Memphis, 2014 (2014)

*DOMINIQUE HALABY, Director, Business Innovation Group, and
Instructor of Economics
B.A., University of Texas, 1995
M.B.A., University of Texas-Pan American, 2000
D.P.A., Nova Southeastern University, 2006 (2011)

H. STEPHEN HALE, Professor Emeritus of Anthropology
B.A., University of Central Florida, 1974
M.A., Florida Atlantic University, 1976

*ALICE H. HALL, Professor of Child and Family Development
B.S., Virginia Polytechnic Institute and State University, 1983
M.Ed., James Madison University, 1988
Ph.D., University of North Carolina-Greensboro, 1999 (1999)

*EMILY S. HALL, Associate Professor of Music
B.M., Simpson College, 1999
M.M., Louisiana State University and A&M College, 2002
D.M.A., Louisiana State University and A&M College, 2009 (2011)

*EMILY S. HALL, Associate Professor of Music
B.M., Simpson College, 1999
M.M., Louisiana State University and A&M College, 2002
D.M.A., Louisiana State University and A&M College, 2009 (2011)

*MICHAEL R. HALL, Professor of History
B.A., Gettysburg College, 1983
M.A., Ohio University, 1989
Ph.D., Ohio University, 1996 (1997)

VIRGINIA ANN HALLOCK, Assistant Professor of Nursing
B.S.N., Armstrong Atlantic State University, 1979
M.H.S., Armstrong Atlantic State University, 1985
M.S.N., Armstrong Atlantic State University, 2000

ANN H. HAMILTON, Associate Dean Emerita of the Library and
Professor Emerita
A.B., Alabama College, 1968
M.A., Mississippi State University, 1970
M.Ln., Emory University, 1971 (1992)

*ELLEN K. HAMILTON, Assistant Professor of Nursing
B.S., West Virginia Wesleyan College, 1970
M.S.N., Marymount University, 1986
D.N.P., Duquesne University, 2012 (2012)

LYNDA S. HAMILTON, Professor Emerita of Legal Studies
A.B., Wesleyan College, 1965
M.A., Clemson University, 1967
J.D., University of Georgia, 1981 (1982)

*FELIX GEORGE HAMZA-LUP, Professor of Computer Science
B.S., Universitatea Tehnica din Cluj-Napoca, 1999
M.S., University of Central Florida, 2001
Ph.D., University of Central Florida, 2004 (2006)

*HYO-JOO HAN, Associate Professor of Information Systems
B.Agr., Kyungpook National University, 1994
M.B.A., Pennsylvania State University, 1999
M.S., Pennsylvania State University, 2000

*KYCLE W. HANCOCK, Professor Emeritus of Music
B.M.E., Baldwin-Wallace College, 1975
M.M., Cleveland Institute of Music, 1979

*SARAH BLAIR HANCOCK, Lecturer of Music
B.A., University of California-Berkeley, 1989

*CHRISTAN D. HANNA, Assistant Professor of Sport Management
B.B.A., Nazareth College, 1991
M.B.A., Western Michigan University, 1994
Ph.D., University of Louisville, 2016 (2016)

*MARK DAVID HANNA, Professor of Operations Management
B.A., LeTourneau College, 1981
M.S., Clemson University, 1983
Ph.D., Clemson University, 1989 (2001)

*ANDREW RASMUS HANSEN, Associate Professor of Community
Health Behavior and Education
B.S.Ed., Georgia Southern University, 1993
M.S., Georgia Southern University, 1995
Dr.P.H., Georgia Southern University, 2012 (2004)

JOHN HANSEN, Professor Emeritus of Mathematics
B.S., Troy State College
M.Ed., University of Georgia
Ed.D., University of Georgia (1967)

CHARLENE M. HANSON, Professor Emerita of Nursing
B.S., College at Oneonta, State University of New York, 1972
M.S., Syracuse University, 1979
Ed.D., University of Georgia, 1986 (1981)

KRISTINA HARBAUGH, Limited-Term Instructor of Health Policy and
Community Health
B.S.H.S., Georgia Southern University, 2013
M.H.A., Georgia Southern University, 2015 (2018)

JAMES HARBOUR, Associate Professor Emeritus of Theatre
B.F.A., Southern Oregon College, 1971

SARA-ELIZABETH HARDY, Assistant Professor Emerita of
Mathematics
B.A., Georgia College, 1956
M.A., Florida State University, 1957 (1964)

PEGGY G. HARGIS, Professor Emerita of Sociology and Chair
Emerita, Department of Sociology and Anthropology
B.A., University of Alaska-Anchorage, 1978
M.A., University of Alaska-Anchorage, 1979
Ph.D., University of Georgia, 1994 (1994)

SPENCER HARP, Lecturer of Mechanical Engineering
B.S.M.E.T., Georgia Southern University, 2009
M.S.A.E., Georgia Southern University, 2012 (2017)

*STEVEN HARPER, Professor and Chair, Department of Music
B.M., University of Louisville, 1987
M.M., Northwestern University, 1989
Ph.D., University of Texas-Austin, 1994 (2014)

HORACE W. HARRELL, Associate Professor Emeritus of Accounting
B.B.A., Georgia Southern College, 1969
M.B.A., University of Georgia, 1970
Ph.D., University of Georgia, 1976 (1972)
BRANDON S. HARRIS, Associate Professor of Kinesiology
B.S., Truman State University, 2002
M.S., West Virginia University, 2005
M.A., West Virginia University, 2008
Ph.D., West Virginia University, 2008 (2011)

HENRY HARRIS, Professor Emeritus of Chemistry
B.S., Georgia Institute of Technology
Ph.D., Georgia Institute of Technology (1996)

JAMES K. HARRIS, Associate Professor of Computer Science
B.S., University of Alabama, 1976
M.A., University of Alabama, 1977
Ph.D., University of Alabama, 1983
M.S., University of South Carolina, 1989 (2000)

JEFFREY WILLIAM HARRIS, Lecturer of Nursing
A.S.N., Indiana University-Kokomo, 1988
B.G.S., Indiana University-Kokomo, 1995
B.S.N., Indiana University-Kokomo, 2002
M.S.N., Indiana University-Purdue University, 2006 (2008)

JOHN NOLAN HARRIS, Assistant Professor of Management
B.S., University of Alabama-Tuscaloosa, 2012
Ph.D., Florida State University, 2017 (2017)

KARL HARRIS, Assistant Professor Emeritus of English
B.A., Carson-Newman College
M.A., University of Tennessee (1971)

KYMBERLY ANN HARRIS, Associate Professor of Elementary and Special Education
B.A., University of Alabama-Huntsville, 1982
B.S.Ed., Athens State College, 1989
M.A., University of Alabama-Tuscaloosa, 1998
Ph.D., University of Alabama-Tuscaloosa, 2004 (2005)

ROBERT LAWTON HARRIS, Professor of Music
B.M., College of the Pacific, 1964
M.M., University of the Pacific, 1976

GALE AILEEN HARRISON, Associate Professor Emerita of Political Science
B.A., Agnes Scott College, 1967
M.A., Vanderbilt University, 1970
Ph.D., Vanderbilt University, 1976 (1988)

JOHN SCOTT HARRISON, Associate Professor of Biology
B.S., Brigham Young University, 1994
Ph.D., Texas A&M University, 2001 (2006)

CHARLES I. HARTER, Professor of Accounting
B.S.B.A., University of Nebraska, 1981
M.S., University of Wyoming, 1985
Ph.D., University of Nebraska, 1991 (2006)

ALAN W. HARVEY, Professor of Biology
B.S., Stanford University, 1981
Ph.D., University of Arizona, 1988 (1998)

GREGORY W. HARWOOD, Professor of Music
B.A., Brigham Young University, 1978
M.A., Brigham Young University, 1980

MITCHELL B. HASBROUCK, Lecturer of Information Systems
B.S., Montana Tech of the University of Montana, 1982
B.A., Southeastern University, 1996
M.S., Colorado Technical University, 2001 (2018)

MATTHEW M. HASHIGUCHI, Assistant Professor of Communication Arts
B.A., The Ohio State University, 2007

SHA菲K HASHMI, Professor Emeritus of Political Science
B.A., Osmania University, 1951
M.P.A., University of the Philippines, 1959
Ph.D., University of Kansas, 1964 (1989)

ZIA H. HASHMI, Professor Emeritus of Political Science and Director Emeritus, Center for International Studies
B.S., Osmania University, 1953
L.L.B., Aligarh University, 1957
M.A., Aligarh University, 1958
Ph.D., University of South Carolina, 1970 (1968)

JOHN J. HATEM, Professor of Finance
B.S., Yale College, 1980
Ph.D., Louisiana State University and A&M College, 1990 (1990)

RICHARD J. HATHAWAY, Professor Emeritus of Mathematical Sciences
B.S., University of Georgia, 1979
Ph.D., Rice University, 1983 (1986)

KATHRYN L. HAUUGHNEY, Assistant Professor of Special Education
B.A., Appalachian State University, 1992
M.A.T., National Louis University, 2008

KRISTEN D. HAWKINS, Lecturer of Information Technology
B.S.I.T., Georgia Southern University, 2010
M.S.A.E., Georgia Southern University, 2012 (2012)

MARY F. HAZELDINE, Professor Emerita of Marketing
B.S., Oklahoma State University, 1971
M.A., Oklahoma State University, 1973
M.B.A., University of Texas-Arlington, 1981

MING FANG HE, Professor of Curriculum, Foundations, and Reading
B.A., Wuhan Institute of Hydraulic and Electric Engineering, 1983
M.Ed., University of Toronto, 1992
Ph.D., University of Toronto, 1998 (1998)

SAMAN HEDJAZI, Assistant Professor of Civil Engineering and Construction
B.S., Amirkabir University of Technology, 1997
M.S., Amirkabir University of Technology, 1999
Ph.D., Amirkabir University of Technology, 2006 (2017)

AMANDA JO HEDRICK, Lecturer of Writing and Linguistics
B.A., Christopher Newport University, 2007

SYNNOVE J. HEGGOY, Professor Emerita of Special Education
B.S., Amirkabir University of Technology, 1997
M.S., Amirkabir University of Technology, 1999
Ph.D., Amirkabir University of Technology, 2005 (2017)

AMANDA JO HEDRICK, Lecturer of Writing and Linguistics
B.A., Christopher Newport University, 2007

SYNNNOVE J. HEGGOY, Professor Emerita of Special Education
B.A., Vanderbilt University, 1965
M.Ed., University of Georgia, 1974
Ed.S., University of Georgia, 1978
Ph.D., University of Georgia, 1985 (1984)

CLAYTON H. HELLER, Professor of Astronomy and Chair, Department of Physics and Astronomy
B.S., San Diego State University, 1984
M.S., San Diego State University, 1986
M.S., Yale University, 1991
Ph.D., Yale University, 1991 (2000)

ALLEN C. HENDERSON, Professor of Music
ANN STEPHENS HENDERSON, Limited-Term Instructor of Accounting
B.S.B.A., University of Tennessee, 1985

NANCY H. HENDERSON, Assistant Professor of Physical Therapy
B.A., Longwood University, 1998
M.P.T., Elon University, 2002
D.P.T., Elon University, 2004 (2009)

*CHRISTOPHER E. HENDRICKS, Professor of History
B.A., Wake Forest University, 1986
M.A., College of William and Mary, 1987
Ph.D., College of William and Mary, 1993 (1993)

*ELLEN HUDGINS HENDRIX, Assistant Professor of Writing and Linguistics
B.S.Ed., Georgia Southern College, 1986
M.A., Georgia Southern University, 1990
Ph.D., Indiana University of Pennsylvania, 2009 (1990)

*SUSAN SANDERS HENDRIX, Assistant Professor of Nursing
A.D.N., Florida State College, 1984
B.S.N., Armstrong Atlantic State University, 2005
M.S.N., Armstrong Atlantic State University, 2005
Ph.D., Georgia State University, 2012 (2013)

*BARBARA A. HENDRY, Associate Professor of Anthropology
B.A., Florida State University, 1972
M.A., Florida State University, 1983

JOHN W. HENRY, Associate Professor Emeritus of Management
B.S., Valdosta State College, 1969
B.B.A., Valdosta State College, 1985
M.B.A., Valdosta State College, 1978
Ph.D., Florida State University, 1992 (1985)

NICHOLAS L. HENRY, President Emeritus and Professor Emeritus of Public Administration
B.A., Centre College, 1965
M.A., Pennsylvania State University, 1967
Ph.D., Indiana University, 1970
Ph.D., Indiana University, 1971 (1987)

MARIA HELENA HERNANDEZ, Senior Lecturer in Spanish
B.A., Los Andes University, 1995
M.B.A., Georgia Southern University, 2000
M.Ed., Georgia Southern University, 2005 (2009)

NANCY A. HERRING, Associate Professor Emerita of Accounting
B.A., Southern Illinois University, 1969
M.A., Georgia Southern College, 1971
Ph.D., Georgia State University, 1983 (1982)

AREF AGHAEI HERVANI, Limited-Term Instructor of Economics
B.A., University of South Carolina, 1985
M.A., The Ohio State University, 1990
Ph.D., West Virginia University, 1997 (2017)

*SABRINA ANNE HESSINGER, Professor of Mathematical Sciences
B.S., Gannon University, 1990
Ph.D., North Carolina State University, 1997 (1997)

KEITH FREDERICK HICKMAN, Professor Emeritus and Head Emeritus, Department of Industrial Technology
B.S., Colorado State College, 1955
M.Ed., Colorado State College, 1959

*JOSE MANUEL HIDALGO, Professor of Spanish
B.A., University of Seville, 1999
M.A., University of Seville, 1999
M.A., Ohio University, 2003
Ph.D., University of Virginia, 2006 (2006)

*JAMES L. HIGDON, Professor of Physics
B.S.P., University of Texas-Austin, 1981
B.A., University of Texas-Austin, 1981
M.A., University of Texas-Austin, 1989
Ph.D., University of Texas-Austin, 1993 (2006)

*SARAH JANE UNGER HIGDON, Associate Professor of Astronomy
B.S., University of Leeds, 1986
M.A., University of Bradford, 1988
M.S., University of Manchester Institute of Science and Technology, 1990
Ph.D., University of Southampton, 1993 (2006)

LUKE B. HIGGINS, Limited-Term Assistant Professor of Philosophy
B.A., University of California-Santa Cruz, 1997
M.Div., Pacific School of Religion, 2002
M.Phil., Drew University, 2009
Ph.D., Drew University, 2013 (2018)

Haley J. Higgs, Lecturer of Communication Arts
B.A., Georgia Southern University, 2011
B.S., Georgia Southern University, 2011
M.A., Kent State University, 2014 (2014)

RICHARD L. HILDE, Associate Professor Emeritus of Marketing
B.S., Minot State College, 1965
M.B.A., Saint Mary's University, 1969
Ph.D., University of North Dakota, 1973 (1973)

DENNY E. HILL, Assistant Professor Emeritus of Sociology
A.A., Manatee Junior College, 1969
B.A., University of Florida, 1971
M.A., University of Florida, 1973 (1973)

*DONALD LeSEAN HILL, Assistant Professor of Writing and Linguistics
B.A., University of Georgia, 1995
M.A., University of Georgia, 1998
M.F.A., University of Houston, 2003 (2017)

*ELSIE T. HILL, Associate Professor of Art
B.F.A., Rhode Island School of Design, 1995

*JONATHAN CULLEN HILPERT, Associate Professor of Curriculum, Foundations, and Reading
B.A., Pepperdine University, 2000
M.A., Arizona State University, 2007
Ph.D., Arizona State University, 2008 (2012)

*JESSICA HINES, Professor of Art
A.A., Saint Louis Community College-Meramec, 1980
B.F.A., Washington University, 1982
M.F.A., University of Illinois at Urbana-Champaign, 1984 (1984)

NICHOLAS HITT, Adjunct Assistant Professor of Military Science
Major, U.S. Army
B.S.B.A., University of Missouri-Columbia, 2005

*TODD JAMES HIZER, Associate Professor of Chemistry
B.S., Old Dominion University, 1980
W. BRADLEY HOLLEY, Assistant Professor of French
B.A., University of Northern Arizona, 2005
M.A., University of Alabama-Tuscaloosa, 2008
Ph.D., University of Alabama-Tuscaloosa, 2011 (2016)

*KAREN HOLLINGER, Professor of English
B.A., Loyola University of Chicago, 1972
M.A., Loyola University of Chicago, 1975
M.A., University of Illinois-Chicago, 1981
Ph.D., University of Illinois-Chicago, 1990 (1990)

*PATRICIA G. HOLT, Professor of Leadership, Technology, and Human Development
B.S., Arkansas Technical University, 1987
M.Ed., University of Arkansas, 1993

*NICHOLAS S. HOLTZMAN, Associate Professor of Psychology
B.A., Loyola University of New Orleans, 2004
A.M., Washington University in St. Louis, 2007
Ph.D., Washington University in St. Louis, 2011 (2013)

*JOHN HOM, Assistant Professor of Art Education
B.S., Nyack College, 1988
M.A., New York University, 1992
M.F.A., The Ohio State University, 2006
Ph.D., The Ohio State University, 2010 (2014)

JAMES M. HOOD, Assistant Professor Emeritus of Educational Psychology and Counseling
B.S.Ed., Georgia Southern College, 1959
M.Ed., University of Georgia, 1964
Ph.D., University of Alabama, 1972 (1968)

ADELE M. HOOLEY, Assistant Professor Emerita of English
B.S., Shippensburg State College, 1950
M.Ed., Georgia Southern College, 1966 (1967)

JUNE HOPKINS, Professor Emerita of History
B.A., University of California-Berkeley
M.P.A., Pace University
M.A., California State University-Northridge
Ph.D., Georgetown University (1998)

CAROLINE M. HOPKINSON, Head, Archives and Special Collections, Reference Librarian, and Assistant Professor
B.A., University of Wisconsin-Madison, 1987

*ANGELA RYCZKOWSKI HORNE, Professor of Art
B.F.A., Georgia Southern University, 2003
M.F.A., Georgia Southern University, 2005 (2005)

ALICE ANN HOSTICKA, Professor Emerita of Teaching and Learning
B.A., Antioch College, 1965
M.Ed., University of Pittsburgh, 1969
Ph.D., University of Pittsburgh, 1973 (1967)

ANNA KAY HOTCHKISS, Instructor of Educational Foundations
B.S.Ed., Georgia Southern University, 1993
M.Ed., Georgia Southern University, 1996 (2010)

THOMAS F. HOWARD, Associate Professor Emeritus of Geography
B.A., University of Chicago, 1967
M.A., University of Chicago, 1973
M.A., University of California-Berkeley, 1986
Ph.D., University of California-Berkeley, 1993 (1992)

*HELEN ELIZABETH HOWELLS, Professor and Chair, Department of Literature
B.A., University of Notre Dame, 1994
M.A., University of Alabama-Tuscaloosa, 1996
CATHERINE SUZAN HOWERTER, Associate Professor of Elementary and Special Education
B.A., Carlow University, 2001
M.A., New York University, 2008
Ph.D., University of Nevada-Las Vegas, 2013 (2013)

*CATHERINE SUZAN HOWERTER, Associate Professor of Elementary and Special Education
B.A., Carlow University, 2001
M.A., New York University, 2008
Ph.D., University of Nevada-Las Vegas, 2013 (2013)

YI HU, Associate Professor of Mathematical Sciences
B., Tsinghua University, 2005
M., Chinese Academy of Sciences, 2008
Ph.D., University of Illinois at Urbana-Champaign, 2012 (2013)

BARBARA SALTER HUBBARD, Senior Lecturer of Education
B.A.Ed., University of South Carolina-Columbia, 1975
Ed.S., Georgia Southern University, 2000
Ed.D., Georgia Southern University, 2003 (2008)

ANNE HUDSON, Professor Emerita of Mathematics
B.A., Hollins College
M.S., Tulane University
Ph.D., Tulane University (1971)

SIGMUND HUDSON, Professor Emeritus of Computer Science
A.B., Darmouth College
M.S., Clarkson University
Ph.D., Tulane University (1985)

*LACEY D. HUFFLING, Assistant Professor of Middle Grades and Secondary Education
B.S., Lee University, 2003
M.A.Ed., Wake Forest College, 2008

*JOLYON T. HUGHES, Associate Dean for Student Affairs and Curriculum, College of Arts and Humanities, and Professor of Foreign Languages
B.A., Illinois State University, 1995
M.A., Colorado State University, 1997

MARTHA LYNN HUGHES, Senior Lecturer of French and Spanish
B.A., Vanderbilt University, 1971
M.A., New York University, 1975
Ph.D., University of South Carolina, 2008 (2005)

HEATHER M. HULING, Instructor of Elementary and Special Education
B.S.Ed., Georgia Southern University, 2008
M.Ed., Georgia Southern University, 2012 (2015)

JOHN B. HUMMA, Professor Emeritus of Literature
B.A., George Washington University, 1963
M.A., Southern Illinois University, 1965
Ph.D., Southern Illinois University, 1969 (1969)

*PATRICIA B. HUMPHREY, Professor Emerita of Mathematical Sciences
B.A., Fort Lewis College, 1977
M.A., University of New Mexico, 1978
Ph.D., University of Alaska-Fairbanks, 1995 (1997)

*BRANDON B. HUNT, Professor of Counselor Education
B.S., James Madison University, 1983
M.Ed., University of Virginia, 1986
Ph.D., University of Virginia, 1992 (2014)

*TAMERAH N. HUNT, Assistant Professor of Athletic Training
B.S., University of Delaware, 2000
M.S., James Madison University, 2002

Ph.D., University of Georgia, 2006 (2015)

*ELIZABETH A. HUNTER, Assistant Professor of Biology
B.S., University of Wisconsin-Madison, 2006
M.S., College of Environmental Science and Forestry, State University of New York, 2012
Ph.D., University of Georgia, 2016 (2018)

*MICHAEL OWEN HURST, Associate Professor of Chemistry
B.S., University of Missouri-Kansas City, 1977
Ph.D., Iowa State University of Science and Technology, 1983 (1988)

*DUC V. HUYNH, Assistant Professor of Mathematical Sciences
B.S., Armstrong Atlantic State University, 2006
M.S., University of Florida, 2010
Ph.D., University of Florida, 2014 (2014)

*ALINA IACOB, Professor of Mathematical Sciences
B.S., University of Bucharest, 1992
Ph.D., University of Kentucky, 2005 (2007)

*IONUT EMIL IACOB, Assistant Professor of Mathematical Sciences
B.S., Polytechnic University of Bucharest, 1993
M.S., University of Kentucky, 2002
Ph.D., University of Kentucky, 2005 (2007)

*MARCEL ILIE, Assistant Professor of Mechanical Engineering
B.S., University of Politehnica, 1994
M.Engr., Concordia University, 2004
Ph.D., Carleton University, 2008 (2016)

NATALIE LOUISE INGALSBE, Lecturer of Writing and Linguistics
B.A., Drury University, 2008
M.A., University of Delaware, 2013 (2014)

*WILLIAM S. IRBY, Associate Professor of Biology
B.A., University of Oregon, 1979
M.S., North Carolina State University-Raleigh, 1983

*ALLISON F. JACKSON, Assistant Professor of Special Education
B.A., Augusta University, 2002
M.A.T., Augusta University, 2010
Ph.D., University of Delaware, 2015 (2018)

*CHESTER WOOD JACKSON, Associate Professor of Geology
B.S., State University of West Georgia, 2001
M.S., University of North Carolina-Wilmington, 2004
Ph.D., University of Georgia, 2010 (2010)

MARY H. JACKSON, Associate Professor Emerita of Counselor Education
B.A., University of Texas, 1964
M.Ed., East Texas State University, 1968

MELISSA LEE JACKSON, Interlibrary Loan/Reference Librarian and Assistant Professor
B.A., Florida State University, 1990
M.A., Florida State University, 1993

*ROBERT E. JACKSON, Assistant Professor of Accounting
A.A., Saint Petersburg Junior College, 1967
B.A., University of South Florida, 1969
M.A., University of South Florida, 1994
*SABA M. JALLOW, Associate Professor of Political Science and International Studies
B.S.Agr., West Virginia University, 1980
M.S., West Virginia University, 1981
M.S., West Virginia University, 1983
Ph.D., West Virginia University, 1992 (1989)

*DEBORAH JAMIESON, Associate Professor of Art History
B.A., University of North Florida, 1978
M.Ed., University of North Florida, 1986
M.A., University of Florida, 1998
Ph.D., University of North Florida, 2005 (2006)

*CAROL P. JAMISON, Professor of English
B.A., University of Montevallo, 1985
M.A., University of South Alabama, 1987
Ph.D., University of Georgia, 1993 (1993)

AMADOU S. JANNEH, Limited-Term Instructor of Political Science and International Studies
B.A., Pennsylvania State University, 1986
M.A., University of Tennessee-Knoxville, 1987
Ph.D., University of Tennessee-Knoxville, 1990 (2018)

EBONEE JARRETT, Lecturer of Mathematical Sciences
B.S., Paine College, 1996
M.S., Texas Tech University, 2000 (2005)

*CARLA S. JEFFREYS, Associate Professor of Music
B.M., Birmingham Southern College, 1998
M.M., University of Mississippi, 2000
D.M.A., University of South Carolina, 2007 (2010)

*MATTHEW T. JENKINS, Assistant Professor of Logistics and Supply Chain Management
A.A.S., Pellissippi State Community College, 2001
B.S.B.A., University of Tennessee-Knoxville, 2003
M.B.A., University of Tennessee-Knoxville, 2008
Ph.D., University of Tennessee-Knoxville, 2017 (2017)

STEPHEN J. JENKINS, Professor Emeritus of Curriculum, Foundations, and Reading
B.S., Ball State University, 1976
M.S.Ed., Indiana University, 1979
Ph.D., Indiana University, 1982 (1990)

KARLA K. JENNINGS, Lecturer of Communication Arts
B.S., Florida State University, 1990

*KEVIN JENNINGS, Assistant Professor of Criminal Justice
B.A., Texas State University, 2005
B.S.C.J., Texas State University, 2006
M.S.C.J., Texas State University, 2008
Ph.D., Texas State University, 2014 (2014)

*JOHN G. JENSEN, Professor of Art
B.S., University of Wisconsin-Stevens Point, 1978
M.F.A., University of Arizona, 1985 (1985)

LINDA JENSEN, Professor Emerita of Art
B.A.E., University of Mississippi
M.A.T., Memphis State University
M.F.A., Memphis State University (1985)

*LUCAS JOHN JENSEN, Assistant Professor of Leadership, Technology, and Human Development
B.A., Mississippi State University, 1997
M.Ed., University of Georgia, 2004
M.Ed., University of Georgia, 2009
Ph.D., University of Georgia, 2015 (2015)

*MYUNG G. JEONG, Associate Professor of Civil Engineering
B.S., Sungkyunkwan University, 1998
M.S., Virginia Tech, 2005
Ph.D., Arizona State University, 2010 (2012)

*DONGYU JIA, Assistant Professor of Biology
B.S., Chongqing University, 2007
Ph.D., Florida State University, 2015 (2017)

*DAVID S. JIANG, Assistant Professor of Management
B.S.B.A., Appalachian State University, 2009
M.B.A., Appalachian State University, 2011
Ph.D., University of Tennessee-Knoxville, 2016 (2016)

*HEATHER JOESTING, Assistant Professor of Biology
B.S., University of North Carolina-Wilmington, 2001
M.S., Ohio University, 2005
Ph.D., Wake Forest University, 2011 (2013)

*ABBY M. JOHNSON, Lecturer of Sociology
B.A., Georgia Southern University, 2003
M.A., Georgia Southern University, 2006 (2008)

*AUTUMN M. JOHNSON, Special Collections Librarian and Assistant Professor
B.A., Armstrong Atlantic State University, 2009

*CATHERINE Y. JOHNSON, Associate Professor of German
B.A., University of Michigan, 1986
M.A., University of Michigan, 1990
Ph.D., University of Michigan, 1994 (1994)

*ERIC LOREN JOHNSON, Lecturer of Chemistry and Biochemistry
B.S., Centre College, 2010
Ph.D., University of Utah, 2016 (2016)

JANE G. JOHNSON, Head Acquisitions Librarian Emerita and Professor Emerita
A.B., Converse College, 1957
M.S., Louisiana State University and A&M College, 1968 (1977)

KENNETH H. JOHNSON, Associate Professor Emeritus of Accounting
B.A., Alabama Polytechnic Institute, 1962
B.S.B.A., Alabama Polytechnic Institute, 1978
M.B.A., Alabama Polytechnic Institute, 1981
Ph.D., Georgia State University, 1989 (1991)

MARK B. JOHNSON, Assistant Professor of Music
B.M.Ed., Murray State University, 1982

RICHARD B. JOHNSON, Associate Professor Emeritus of Communication Arts
B.A., Idaho State College, 1959
M.F.A., Ohio University, 1962

*WAYNE M. JOHNSON, Professor of Engineering Studies
B.S.M.E., Louisiana State University and A&M College, 1995
M.S.M.E., Georgia Institute of Technology, 1999
Ph.D., Georgia Institute of Technology, 2004 (2004)

GEORGE HEWETT JOINER JR., Professor Emeritus of History and Director Emeritus, Bell Honors Program
B.A., Emory University, 1963
M.A., Northwestern University, 1966
Ph.D., Northwestern University, 1971 (1968)

**DAKOTA JONES, Adjunct Assistant Professor of Military Science**  
Contractor, U.S. Army  
B.A.A., Georgia Southern University, 2018 (2018)

**DONNA N. JONES, Assistant Professor Emerita of English**  
B.M., Stetson University, 1953  

**JEFFERY JONES, Assistant Professor of Health Policy and Community Health**  
B.A., Appalachian State University, 1988  
M.A., Appalachian State University, 1991  
Ph.D., University of Kentucky, 2001 (2014)

**STEPHANIE ANNE JONES, Associate Professor of Instructional Technology**  
B.A., University of North Carolina-Greensboro, 1975  
M.L.N., Emory University, 1986  
Ph.D., University of Georgia, 2008 (2009)

**WARREN F. JONES JR., Professor Emeritus of Psychology and Dean Emeritus, College of Arts and Sciences**  
B.A., Union University, 1950  
A.M., George Peabody College for Teachers, 1951  
Ph.D., Vanderbilt University, 1953 (1972)

**CAROL ANN JORDAN, Lecturer of Medical Laboratory Science**  
B.S., Georgia Southern College, 1981  
B.S.M.T., Georgia Southern College, 1983  
M.Ed., Armstrong State University, 2016 (2014)

**ERIN MICHELLE JORDAN, Instructor of Athletic Training**  
B.S., West Virginia University, 1995  
M.S.K., Indiana University, 1996  
Dr.P.H., Georgia Southern University, 2018 (2007)

**DON A. JOSI, Limited-Term Instructor of Criminal Justice and Criminology**  
B.A., California State University-San Bernardino, 1980  
M.A., California State University-San Bernardino, 1992  
Ph.D., University of California-Irvine, 1996 (2018)

**VLADAN JOYOVIC, Professor of Computer Science**  
B.S., University of Belgrade, 1975  
M.S., University of Belgrade, 1982  
Ph.D., University of Belgrade, 1983 (2001)

**A. BARRY JOYNER, Dean, Waters College of Health Professions, and Professor of Kinesiology**  
B.S.Ed., Georgia Southern College, 1985  
M.Ed., Auburn University, 1986  
Ph.D., University of Georgia, 1992 (1992)

**JUNE B. JOYNER, Senior Lecturer of Writing**  
B.A., Georgia Southern University, 2000  

**ZAHI R. JURDI, Limited-Term Assistant Professor of Health Services Administration**  
B.S., The Ohio State University, 2007  
M.H.S.A., Georgia Southern University, 2010  
D.H.A., Medical University of South Carolina, 2018 (2018)

K

**CHRISTOPHER ANTHONY KADLEC, Associate Professor of Information Technology**  
B.S., University of Mississippi, 1993  
Ph.D., University of Georgia, 2008 (2007)

**YOUAKIM G. KALAANI, Professor and Chair, Department of Electrical and Computer Engineering**  
A.A.S., Cuyahoga Community College, 1986  
B.E.E., Cleveland State University, 1989  
M.S.E.E., Cleveland State University, 1990  
D.Engr., Cleveland State University, 1995 (2006)

**JEFFREY P. KALET, Assistant Professor of Information Technology**  
B.S., University of Maine, 1996  
M.S., Murray State University, 2010  
Ph.D., University of Memphis, 2015 (2015)

**EMILY KANE, Assistant Professor of Biology**  
B.S., Long Island University, 2006  
M.S., Texas A&M University, 2009  
Ph.D., University of California-Riverside, 2014 (2017)

**ZACHARY A. KARAZSIA, Limited-Term Instructor of Political Science and International Studies**  
B.A., Pennsylvania State University, 2009  
M.I.D., University of Pittsburgh, 2012  
M.A., Florida International University, 2016 (2018)

**KAMRAN KARDEL, Assistant Professor of Manufacturing Engineering**  
B., Iran University of Science and Technology, 2004  
M., Mazandaran University of Science and Technology, 2008  
M.S.T., Auburn University-Main Campus, 2013  
Ph.D., Auburn University-Main Campus, 2016 (2016)

**CONSTANTINE KARIOTIS, Associate Professor Emeritus of Mathematics**  
B.S., National and Capodistrian University, 1956  
M.S., DePaul University, 1962  
Ph.D., University of Illinois, 1966 (1969)

**JAMES KARNES, Associate Professor of Physical Therapy**  
B.S., University at Buffalo, State University of New York, 1986  
Ph.D., University at Buffalo, State University of New York, 1993 (2016)

**ERIC J. KARTCHNER, Associate Professor and Chair, Department of Foreign Languages**  
B.A., Weber State University, 1989  
M.A., University of Nevada, 1994  
Ph.D., Indiana University, 1998 (2008)

**ANNE KATZ, Associate Professor of Curriculum, Foundations, and Reading**  
B.A., Washington University in St. Louis, 2002  
M.A., Teachers College Columbia University, 2005  
Ph.D., Fordham University, 2012 (2012)

**FRANK H. KATZ, Assistant Professor of Computer Science**  
B.A., University of Florida, 1977  
M.S., Georgia State University, 1987 (2002)

**TAHSEEN KAZI, Limited-Term Assistant Professor of Political Science and International Studies**  
B.S.P., Georgia Institute of Technology, 2001  
M.S.I.A., Georgia Institute of Technology, 2004  
Ph.D., The Ohio State University, 2014 (2016)

**DREW N. KEANE, Lecturer of Writing and Linguistics**  
B.A., Johnson University, 2009  
M.A., Georgia Southern University, 2011 (2011)

**JOHN KEARNES, Associate Professor Emeritus of Political Science**  
B.A., Union College
M.A., Andrews University
Ph.D., University of Utah (1988)

*CASEY STEWART KECK, Assistant Professor of Communication Sciences and Disorders
B.S., Michigan State University, 2001
M.A., University of Cincinnati, 2009
Ph.D., University of Cincinnati, 2016 (2016)

*HOWARD J. KEELEY, Assistant Professor of Literature
A.A., Gainesville College, 1996
A.B., University of Georgia, 1997
M.A., Princeton University, 2000

RICHARD ALLEN KEITHLEY, Assistant Professor Emeritus of Writing and Linguistics
B.A., Vanderbilt University, 1965
M.A., University of North Carolina at Chapel Hill, 1969 (1967)

CRAIG K. KELLOGG, Associate Professor Emeritus of Chemistry
B.S., Georgia Institute of Technology, 1959
Ph.D., Georgia Institute of Technology, 1963 (1966)

*JACQUE LYNN KELLY, Associate Professor of Geology
B.S., Northland College, 2004
M.S., University of Wisconsin, 2006
Ph.D., University of Hawaii-Manoa, 2012 (2012)

JANICE H. KENNEDY, Professor Emerita of Psychology
B.S., Georgia State College, 1973
M.A., Georgia State University, 1977
Ph.D., Georgia State University, 1980 (1984)

*JOSHUA BENTON KENNEDY, Assistant Professor of Political Science and International Studies
B.A., University of Tennessee, 2008
M.A., University of Colorado-Boulder, 2010
Ph.D., University of Colorado-Boulder, 2014 (2014)

*REBECCA M. KENNERLY, Associate Professor of Speech Communication
B.S., Eastern Michigan University, 1996
M.A., Eastern Michigan University, 1998

RUSSELL L. KENT, Professor Emeritus of Management
A.A.S., Regis College, 1977
B.S., Florida State University, 1979
M.B.A., University of South Alabama, 1983
Ph.D., Florida State University, 1991 (1990)

*SCOTT N. KERSEY, Professor of Mathematical Sciences
B.S.E., Arizona State University, 1985
M.S.E., Arizona State University, 1988
M.A., University of Wisconsin, 1993
Ph.D., University of Wisconsin, 1999 (2003)

*DIANE KESSEL, Lecturer of Music
B.M., University of Illinois at Urbana-Champaign, 2009
M.M., Western Michigan University, 2011 (2014)

MARY CLAIRE KETTLER, Assistant Professor Emerita of Fashion Merchandising and Apparel Design
B.S., Louisiana Tech University, 1973
M.S., Louisiana Tech University, 1974 (1974)

J. BERNARD KEYS, Fuller E. Callaway Professor Emeritus of Business
B.S.B.A., Tennessee Technological University, 1960
M.S., University of Tennessee, 1964

*MUJIBURRAHMAN KHAN, Associate Professor of Mechanical Engineering
B.S.Engr., Bangladesh University of Engineering and Technology, 2001
M.Engr., Bangladesh University of Engineering and Technology, 2003
M.S., King's College, 2004
Ph.D., Florida Atlantic University, 2010 (2012)

JOSHUA KIES, Limited-Term Instructor of Nursing
B.S.N., Georgia Southern University, 2015
M.S.N., Georgia Southern University, 2017 (2018)

DALE Z. KILHEFNER, Professor Emeritus of Mathematics
B.S., Elizabethtown College
M.Ed., Washington State College
M.S., Purdue University
Ph.D., Pennsylvania State University (1973)

*JACKIE HEE-YOUNG KIM, Associate Professor of Early Childhood Education
B., Chonnam National University, 1989
M.Ed., University of Houston, 1999
Ed.D., University of Houston, 2005 (2008)

*JIN-WOO KIM, Associate Professor of Marketing
B.B.A., Sogang University, 1994
M.B.A., Sogang University, 1996
Ph.D., University of Texas-Arlington, 2011 (2011)

*JINKI KIM, Assistant Professor of Mechanical Engineering
B.S., Seoul National University, 2006
M.S., Seoul National University, 2008
Ph.D., University of Michigan-Ann Arbor, 2017 (2018)

*SEONGHOO KIM, Associate Professor of Construction
B.Engr., Myongji University, 1996
M.S., Iowa State University, 2004
Ph.D., University of Kansas, 2008 (2009)

*SEUNGMO KIM, Assistant Professor of Electrical Engineering
B.S., Korea Advanced Institute of Science and Technology, 2006
M.S., Korea Advanced Institute of Science and Technology, 2008
Ph.D., Virginia Tech, 2017 (2017)

*YOON HEE KIM, Assistant Professor of Operations Management
B.H.E., Sungkyunkwan University, 1996
M.B.A., The Ohio State University, 2004
Ph.D., University of Wisconsin-Madison, 2010 (2014)

*LINDA KIMSEY, Assistant Professor of Health Policy and Community Health
B.S.B.A., University of Tennessee, 1986
M.H.A., University of Kentucky, 2001
Ph.D., University of Kentucky, 2009 (2015)

*AMANDA S. KING, Associate Professor of Economics
B.A., Agnes Scott College, 1995
M.A., Vanderbilt University, 1999
Ph.D., Vanderbilt University, 2000 (2002)

*BARBARA M. KING, Lecturer of Criminal Justice and Criminology
B.A., Pacific Lutheran University, 1994

EVERTON KING, Limited-Term Instructor of Computer Science
A.S., Southeastern University, 1982
B.S., Southeastern University, 1982
M.S., American University, 1987 (2018)

*JOHN T. KING, Associate Professor of Economics
B.A., Western Kentucky University, 1996
M.A., Vanderbilt University, 2000
Ph.D., Vanderbilt University, 2001 (2002)

*TIMOTHY J. KINTZINGER, Lecturer of Music
B.S., Binghamton University, State University of New York, 1992
M.M., Binghamton University, State University of New York, 1995
Ph.D., University of Missouri-Kansas City, 2003 (2001)

PAUL RUSSELL KLEINGINNA, Professor Emeritus of Biology
B.A., University of Miami, 1968
M.S., University of Miami, 1967
Ph.D., University of Miami, 1970 (1970)

*JEFFREY J. KLIBERT, Associate Professor of Psychology
B.A., University of Southern Mississippi, 2002
M.S., University of South Alabama, 2004
Ph.D., Oklahoma State University, 2008 (2010)

STEVEN B. KNABLE, Adjunct Assistant Professor of Military Science
Major (Retired), U.S. Army

*THOMAS KURT KNOERL, Assistant Professor of History
B.A., University at Buffalo, State University of New York, 1987
M.A., East Carolina University, 1994
Ph.D., George Mason University, 2012 (2017)

*GREGORY T. KNOFCZYSKI, Professor of Statistics
B.S.A.S., South Dakota State University, 1991
M.S., South Dakota State University, 1993

VIRGINIA KNOOR, Assistant Professor Emerita of Health and Physical Education
B.S., University of Tennessee-Chattanooga
M.S., University of Tennessee-Knoxville (1973)

*THOMAS R. KOBALLA, Dean, College of Education, and Professor of Middle Grades and Secondary Education
B.S., East Carolina University, 1976
M.A.Ed., East Carolina University, 1978

REBECCA JANNET KOCERHA, Limited-Term Assistant Professor of Chemistry and Biochemistry
B.A., Indiana University, 1994
M.S., Indiana University Purdue University, 1996
Ph.D., University of Florida, 2005 (2013)

*BRIAN P. KOELER, Associate Dean of Curriculum and Advisement, College of Science and Mathematics, and Associate Professor of Chemistry
B.S., Presbyterian College, 1992
Ph.D., University of Georgia, 1999 (1999)

NORIKO M. KOLBE, Lecturer of Japanese
B.A., Kyoto Women's University, 1987
M.M.E., University of Kansas, 2003
Ph.D., University of Kansas, 2011 (2014)

*AMANDA KONKLE, Assistant Professor of Film
B.A., Hanover College, 2004
M.A., Miami University, 2008
Ph.D., University of Kentucky, 2016 (2016)

KATHLEEN A. KOOK, Associate Professor Emerita of Nursing
B.S.N., D'Youville College, 1965
M.S.N., Vanderbilt University, 1971
Ph.D., University of Virginia, 1991 (1991)

MATTHEW R. KOPERNIAK, Limited-Term Assistant Professor of Music Education
B.M., University of Georgia, 2002
M.M.Ed., University of Georgia, 2004
D.M.A., Boston University, 2015 (2018)

*ERMAS G. KORICHO, Assistant Professor of Mechanical Engineering
B.Engr., Bahir Dar University, 2001
M.S., Addis Ababa University, 2004
Ph.D., Polytechnic of Turin, 2012 (2016)

*JENNIFER MARIE KOWALEWSKI, Associate Professor of Communication Arts
A.B., Ohio University, 1996
B.S.J., Ohio University, 1996
M.A., Ohio University, 2006
Ph.D., University of North Carolina-Chapel Hill, 2009 (2013)

*DOROTHEA PATRICIA KRAEGER, Assistant Professor of Public Administration
B.A., Sweet Briar College, 1985
J.D., Mercer University, 1998
Ph.D., Arizona State University, 2015 (2015)

*RUSSELL W. KRENEK, Assistant Professor of Manufacturing Engineering
B.S., Georgia Institute of Technology, 2011
M.S., Clemson University, 2013
Ph.D., Clemson University, 2018 (2018)

WAYNE ALLAN KRISSINGER, Professor Emeritus of Biology
B.S., Georgia Southern College, 1964
M.S., Georgia Southern College, 1967
Ph.D., Medical College of Georgia, 1975 (1975)

*JERRI J. KROPP, Associate Professor of Child and Family Development
A.B., West Georgia College, 1976
M.S., University of Georgia, 1979
Ph.D., University of Georgia, 1993 (1993)

CLARA E. KRUG, Professor Emerita of French
B.A., Madison College, 1968
M.A., Michigan State University, 1970
Ph.D., Michigan State University, 1978 (1978)

RAJU R. KUMAL, Limited-Term Instructor of Chemistry and Biochemistry
B.S., Tribhuvan University, 2006
M.S., Tribhuvan University, 2008
Ph.D., Louisiana State University and A&M College, 2017 (2017)

*GAUTAM KUNDU, Professor of Literature
B.A., University of Calcutta, 1965
M.A., University of Calcutta, 1968
M.Phil., Jadavpur University, 1976
M.A., Simon Fraser University, 1981
Ph.D., Oklahoma State University, 1987 (1991)

*HSIANG-JUI KUNG, Professor of Information Systems
B.S., Chinese Naval Academy, 1980
M.S., Northwestern University, 1990
Ph.D., Rensselaer Polytechnic Institute, 1997 (2001)

*LEEANN KUNG, Assistant Professor of Information Systems
B.A., Soochow University, 1987
M.Ed., National Louis University, 1990
M.S., University at Albany, State University of New York, 2000
Ph.D., Auburn University, 2015 (2018)

*HORST KURZ, Associate Professor of German
B.A., Universitat Augsburg, 1982
M.A., The Ohio State University, 1986
Ph.D., The Ohio State University, 1992 (1993)

JULIE C. KUYKENDALL, Limited-Term Instructor of Health and Kinesiology
B.S., Georgia Southern University, 2003
M.S., Georgia Southern University, 2006 (2007)

\*ROBERT LEWIS LAKE, Professor of Social Foundations
B.A., Empire State College, State University of New York, 1998
M.S., University at Albany, State University of New York, 2000
Ed.D., Georgia Southern University, 2006 (2006)

*ENKELEIDA K. LAKURIQI, Senior Lecturer of Mathematical Sciences
B.S., Temple University, 2001
M.S., Rutgers University, 2003
M.S., University of Pennsylvania, 2005
Ph.D., University of Pennsylvania, 2008 (2012)

*JOSHUA LAMBERT, Associate Professor of Mathematical Sciences
B.S., North Dakota State University-Fargo, 2004
Ph.D., North Dakota State University-Fargo, 2009 (2009)

*ERIC JOHNATHAN LANDERS, Associate Professor of Special Education
B.A., Lee University, 1998
Ph.D., University of Florida, 2006 (2009)

*SHAINAZ MOULA LANDGE, Assistant Professor of Chemistry and Biochemistry
B.S., University of Pune, 1998
M.S., University of Pune, 2000
Ph.D., University of Massachusetts-Boston, 2008 (2010)

BETTY LANE, Professor Emerita and Head Emerita, Division of Home Economics
B.S., Georgia College, 1949
M.Ed., University of Georgia, 1956
Ph.D., Florida State University, 1962 (1953)

JOSEPH LANE, Professor Emeritus of Psychology
B.S., University of Georgia
M.S., University of Georgia
Ph.D., University of Georgia (1970)

OSMOS LANE, Professor Emeritus of History
B.A., LaGrange College, 1957
M.A., Auburn University, 1959
Ph.D., University of Georgia, 1965 (1965)

*JODY LEIGH LANGDON, Associate Professor of Health and Kinesiology
B.S., University of Florida, 2003
M.S., University of Florida, 2005
Ph.D., University of South Carolina-Columbia, 2010 (2010)

*DANIEL B. LARKIN, Assistant Professor of Philosophy
B.A., Villanova University, 2006
M.A., University of Memphis, 2014
Ph.D., University of Memphis, 2017 (2018)

*BRETT ALLEN LARSON, Professor of Biology
B.S., University of Georgia, 1977
Ph.D., University of Oregon, 1983 (1991)

*DEREK LARSON, Associate Professor of Art
B.F.A., Indiana University, 2005
M.F.A., Yale University, 2007 (2011)

*LINDSAY L. LARSON, Associate Professor of Marketing
B.A., Vassar College, 2003
M.S., Yale University, 2005
M.Phil., Yale University, 2006
Ph.D., Yale University, 2007 (2011)

DEWITT EARL LAVENDER, Associate Professor Emeritus and Chair Emeritus, Department of Mathematics and Computer Science
B.S., University of Georgia, 1962
M.A., University of Georgia, 1963
Ph.D., University of Georgia, 1966 (1966)

*RAYMONA H. LAWRENCE, Associate Professor of Community Health Behavior and Education
B.S.K., Georgia Southern University, 2000
M.P.H., Georgia Southern University, 2003
Dr.P.H., Georgia Southern University, 2010 (2011)

JOHN J. LEAPTROTT, Associate Professor Emeritus of Management
B.S.B.A., Oregon State University, 1972
M.B.A., Nova Southeastern University, 1999
Ph.D., Florida Atlantic University, 2005 (2005)

*ALISA GAY LECKIE, Associate Professor of Middle Grades and Secondary Education
B.A.Ed., University of Arizona, 1994
M.A., University of Arizona, 1998
Ph.D., University of Arizona, 2013 (2013)

*ALLISSA ANN LEE, Assistant Professor of Finance
B.B.A., Northeastern State University, 2002
M.S., Oklahoma State University, 2011
Ph.D., Oklahoma State University, 2012 (2013)

BRIDGETT H. LEE, Senior Lecturer of Mathematical Sciences
B.S.Ed., Georgia Southern University, 1994

MARTHA D. LEE, Lecturer of Writing and Linguistics
B.B.A., University of Georgia, 1995
M.A., Georgia Southern University, 2003 (2013)

ROCHELLE BORNETT LEE, Assistant Professor of Radiologic Sciences
B.A., Ottawa University, 1980

*YONGKI LEE, Assistant Professor of Mathematical Sciences
B.S., Ajou University, 2004
M.S., Pohang University of Science and Technology, 2006
Ph.D., Iowa State University, 2014 (2017)

*YOUNGJOO LEE, Assistant Professor of Fashion Merchandising and Apparel Design
B.H.E., Chung-Ang University, 1991
M.H.E., Chung-Ang University, 1997
M.A., Fashion Institute of Technology, 2002
Ph.D., Chung-Ang University, 2007 (2015)

*LISSA M. LEEGE, Professor of Biology
B.A., Saint Olaf College, 1988
Ph.D., Michigan State University, 1997 (1998)

*CHRISTINA A. LEMON, Professor of Art
B.F.A., Radford College, 1990

*GORAN LESAJA, Professor of Mathematical Sciences
B.S., University of Zagreb, 1980
M.S., University of Zagreb, 1987
M.S., University of Iowa, 1994
Ph.D., University of Iowa, 1996 (1996)

*WILLIAM B. LEVERNIER, Professor of Economics
B.B.A., Gonzaga University, 1978
M.A., University of Tennessee, 1981
Ph.D., West Virginia University, 1988 (1989)

GEORJ L. LEWIS, Vice President for Student Affairs
B.S.B.A., Edinboro University, 1993
M.A., Edinboro University, 1998
Ed.D., Georgia Southern University, 2007 (2018)

*JOHANNE M. LEWIS, Associate Professor of Biology
B.S., University of Guelph, 1999
M.S., Memorial University of Newfoundland, 2002
Ph.D., Memorial University of Newfoundland, 2008 (2010)

*NIKIYA L. LEWIS, Assistant Professor of Nursing
B.S.N., Georgia Southern University, 2006
M.S.N., Georgia Southern University, 2011
D.N.P., Georgia Southern University, 2018 (2016)

*JINRONG LI, Associate Professor of Writing and Linguistics
B.A., China Foreign Affairs University, 2002
M.A., Beijing Foreign Studies University, 2004
Ph.D., Iowa State University, 2012 (2013)

*LI LI, Research Professor of Health and Kinesiology
B.S., Peking University, 1982
M.S., Tianjin Institute of Physical Education, 1988
Ph.D., University of Massachusetts-Amherst, 1999 (2012)

*XIEZHANG LI, Professor of Mathematical Sciences
B.S., Shanghai Teachers College, 1966
M.S., Shanghai Teachers College, 1981
Ph.D., Kent State University, 1990 (1990)

SUNGKYUN LIM, Associate Professor of Electrical Engineering
B.S., Hanyang University, 1999
M.S., Shanghai Agricultural University, 2002
Ph.D., University of Texas-Austin, 2007 (2011)

*TRACY A. LINDERHOLM, Associate Dean of Graduate Education and Research, College of Education, and Professor of Curriculum, Foundations, and Reading
B.S., University of Kansas, 1989
M.A., California State University-Sacramento, 1996
Ph.D., University of Minnesota, 2000 (2011)

CAROL SUSAN LINSKEY, Limited-Term Instructor of History
B.A., Armstrong Atlantic State University, 1995
M.A., Armstrong Atlantic State University, 2003
Ph.D., Binghamton University, State University of New York, 2013 (2016)

*DELORES D. LISTON, Professor of Curriculum, Foundations, and Reading
B.A., University of Oklahoma, 1983
M.A., Florida State University, 1986

BRUCE LITTLE, Professor Emeritus of Art
B.F.A., Auburn University, 1976
M.F.A., Auburn University, 1979
*HAI-JIAN LIU, Assistant Professor of Physics
B.S., San Diego State University, 2008
M.S., Colorado State University, 2010
Ph.D., Colorado State University, 2014 (2017)

*JUN LIU, Associate Professor of Quantitative Analysis
B.Econ., Nankai University, 1993
M.S.Man., Nankai University, 1999
M.A., University of Arizona, 1972
Ph.D., University of Arizona, 1973 (1988)

JOHN THOMAS LLOYD, Professor Emeritus of Literature
B.A., Dartmouth College, 1973
M.A., University of Wisconsin, 1978

MARGARET A. LLOYD, Professor Emerita and Chair Emerita, Department of Psychology
B.A., University of Denver, 1964
M.S.Ed., Indiana University, 1966
M.A., University of Arizona, 1972
Ph.D., University of Arizona, 1973 (1988)

*LAWRENCE LOCKER JR., Associate Professor of Psychology
B.S., Fort Hays State University, 1995
M.A., University of Kansas, 2001
Ph.D., University of Kansas, 2005 (2005)

MARY JILL LOCKWOOD, Professor Emerita of Accounting
B.A., University of Florida, 1969
J.D., Emory University, 1974
M.L.Tx., Emory University, 1979 (1984)

BRENDA LOGAN, Professor Emerita of Education
B.S., Savannah State College, 1972
M.A., University of Northern Colorado, 1978

BRANDON D. LOPER, Limited-Term Instructor of Writing and Linguistics
B.A., Clemson University, 2000

HEATHER ANN LORDEN, Assistant Professor of Physical Therapy
B.H.S., Armstrong Atlantic State University, 2005
M.S., Armstrong Atlantic State University, 2006
D.P.T., Augusta University, 2008 (2016)

BILL P. LOVEJOY, Professor Emeritus of Biology
B.S., Muskingum College, 1951
M.S., University of New Mexico, 1958
Ph.D., Oregon State University, 1972 (1968)

*DAVID A. LOWDER, Head, Systems, and Assistant Professor
A.B.J., University of South Carolina-Columbia, 1977

*ROBERT J. LOYD III, Professor of Special Education
B.S.Ed., University of Missouri-Columbia, 1975
M.Ed., University of Missouri-Columbia, 1980

Ph.D., University of Missouri-Columbia, 1987 (1997)

*JACEK LUBECKI, Associate Professor of Political Science and International Studies
M.A., University of Denver, 1993
Ph.D., University of Denver, 2000 (2012)

*CHRISTINE G. LUDOWISE, Associate Provost for Student Success and Advising and Associate Professor of Political Science and International Studies
B.A., College of Wooster, 1991
Ph.D., University of Tennessee, 1999 (1999)

*AMY E. LUNA, Academic Professional and Assistant Professor of Psychology
B.A., Drury University, 2004
M.S., Oklahoma State University, 2006
Ph.D., Oklahoma State University, 2009 (2011)

*WILL E. LYNCH, Professor and Chair, Department of Chemistry and Biochemistry
B.A., Kalamazoo College, 1986
Ph.D., Wayne State University, 1991 (1993)

*CYNTHIA JANE LYNES, Assistant Professor of Health and Physical Education
B.S.Ed., Armstrong State College, 1978
M.Ed., Armstrong State College, 1984
Ed.S., Georgia Southern University, 1994
Ed.D., Georgia Southern University, 2007 (2013)

*LI MA, Professor of Physics
B.S., Changchun Institute of Optics and Fine Mechanics, 1982
M.S., Chinese Academy of Sciences, 1985
Ph.D., University of Georgia, 1993 (1997)

*CATHERINE E. MACGOWAN, Associate Professor of Chemistry
B.S., University of Michigan-Dearborn, 1975
M.S., University of Colorado-Boulder, 1987
Ph.D., University of Akron, 1997 (1993)

*MARYLOU MACHINGURA, Assistant Professor of Biology
B.S., Africa University, 1998
M.S., Wageningen University, 2005
Ph.D., Southern Illinois University-Carbondale, 2012 (2017)

*ALAN W. MACKELPRANG, Associate Professor of Operations Management
B.S., Arizona State University, 2004
M.S., University of Rochester, 2005
Ph.D., University of South Carolina-Columbia, 2011 (2011)

*RONALD J. MACKINNON, Associate Professor Emeritus of Information Systems
B.S., Saint Francis Xavier University, 1959
Ed.D., Oklahoma State University, 1970
M.B.A., University of Minnesota, 1974 (2001)

*MARCEL M. MAGHIAR, Associate Professor of Construction
B.S.M.E., University of Polytechnics-Timisoara, 1997
M.S., Arizona State University, 2007
Ph.D. Arizona State University, 2011 (2011)

*PAMELA L. MAHAN, Professor of Nursing
B.S., Ball State University, 1976  
M.A., Ball State University, 1979  
B.S., Ball State University, 1980  
Ph.D., University of Alabama-Birmingham, 2002 (2005)

*SANTANU MAJUMDAR, Associate Professor of Art  
M.F.A., Louisiana State University and A&M College, 2009 (2011)

*NANCY L. MALCOM, Associate Professor of Sociology  
B.A., Miami University, 1994  
Ph.D., Vanderbilt University, 2000 (2000)

*GUSTAVO O. MALDONADO, Associate Professor of Construction  
B.S.C.E., National University of Cordoba, 1982  
M.S., Virginia Tech, 1987  

MICHEL MAN, Limited-Term Instructor of French  
B.A., Université d'Abidjan, 1986  
M.A., University of Missouri-Columbia, 2003  
Ph.D., University of Missouri-Columbia, 2007 (2018)

CAROLYN MANDES, Assistant Professor Emerita of Education  
B.S.Ed., Georgia Teachers College, 1956  
M.Ed., Georgia Southern College, 1974  
Ed.S., Georgia Southern College, 1978 (1971)

*NICHOLAS MANGEE, Associate Professor of Economics  
B.A., Saint Lawrence University, 2006  
M.A., University of New Hampshire, 2007  
Ph.D., University of New Hampshire, 2011 (2011)

*CELINE F. MANOOSINGH, Assistant Professor of Civil Engineering and Construction  
B.S.C.E., University of South Florida, 2007  
M.S., University of South Florida, 2012  
Ph.D., University of South Florida, 2014 (2014)

JAMES E. MARRING, Professor Emeritus of Engineering Studies and Dean Emeritus, Allen E. Paulson College of Technology  
B.E.E., University of Florida, 1963  
M.E., University of Florida, 1966  
Ph.D., University of Florida, 1970 (1977)

*KERI BARKSDALE MANS, Assistant Professor of Rehabilitation Sciences  
B.S., Mississippi State University, 2004  
Ph.D., University of Alabama-Birmingham, 2010 (2014)

*ROBERT MANS, Assistant Professor of Biology  
B.S., University of Florida, 2005  
Ph.D., University of Alabama-Birmingham, 2011 (2014)

BRIAN MARKS, Adjunct Assistant Professor of Military Science  
Captain, U.S. Army  
B.S., Thomas Edison State College, 2008 (2018)

*NANDI ALIYA MARSHALL, Assistant Professor of Health Policy and Community Health  
B.A., Spelman College, 2004  
M.P.H., Eastern Stroudsburg University, 2006  
Dr.P.H., Georgia Southern University, 2012 (2013)

*CLINTON D. MARTIN, Senior Lecturer of Construction  
B.S., University of Central Oklahoma, 2004  
M.S., University of Oklahoma, 2006 (2008)

GRACE MARTIN, Professor Emerita of Psychology  
B.A., Armstrong State College  
M.S., Florida State University  
Ph.D., Florida State University (1980)

*ADDIE K. MARTINDALE, Assistant Professor of Fashion Merchandising and Apparel Design  
B.S., Mississippi State University, 2003  
M.S., Colorado State University, 2012  
Ph.D., Iowa State University, 2017 (2017)

DORALINA MARTINEZ-CONDE, Associate Professor Emerita of Spanish  
B.A., Universidad Nacional Pedro Henriquez Urena, 1972  
M.A., The Ohio State University, 1984  
Ph.D., University of Massachusetts, 1994 (1991)

CHARLES MARVIL, Lecturer of Hospitality  
B.S., Georgia State University, 1988  
M.S., Auburn University, 2015 (2018)

MARY R. MARWITZ, Associate Professor Emerita of Writing and Linguistics  
B.S.Ed., Georgia Southern College, 1972  
M.A., Baylor University, 1982  
Ph.D., University of South Carolina, 1998 (1996)

*WILLIAM A. MASE, Assistant Professor of Health Policy and Community Health  
B.A., Wright State University, 1989  
M.A., West Virginia University, 1992  
M.P.H., The Ohio State University, 2005  
Dr.P.H., University of Kentucky, 2008 (2014)

*DOUGLAS MASINI, Professor of Respiratory Therapy and Chair, Department of Diagnostic and Therapeutic Sciences  
A.A.S., University of Toledo, 1983  
B.S., University at Albany, State University of New York, 1990  
M.A., Tusculum College, 1997  

*RICHARD L. MASON, Associate Professor of Music  
B.A., West Virginia Wesleyan College, 1979  
M.A., California State University-Northridge, 1981  

*STEPHANIE L. MASON, Lecturer of Music  
B.M., University of Alabama, 1990  
M.M., Florida State University, 1992  

*CAROLE M. MASSEY, Associate Professor of Nursing  
B.S., Medical College of Georgia, 1970  
M.S.N., Medical College of Georgia, 1977  
Ed.D., University of Georgia, 1989 (1976)

*SCOTT C. MATEER, Professor and Associate Chair, Department of Biology  
B.S., University of Nebraska-Omaha, 1989  
Ph.D., University of Texas Southwestern Medical Center, 1998 (2005)

*ASHLEY LOREN MATHEWS, Lecturer of Biology  
B.S., University of Miami, 2005  
M.A., University of Miami, 2007  
Ph.D., University of Florida, 2013 (2013)

*KARI L. MAU, Assistant Professor of Nursing  
B.S., Purdue University-West Lafayette, 1996  
M.S.N., Arizona State University, 2002  
D.N.P., Arizona State University, 2008 (2018)

KISHWAR MIRZA MAUR, Associate Professor Emerita of Biology  
B.S., Women's College, 1954  
B.Ed., Osmania University, 1955
M.S., Ohio University, 1961
Ph.D., University of Florida, 1967 (1967)

*TRENT W. MAURER, Professor of Child and Family Development
B.A., University of Notre Dame, 1998
M.S., University of Illinois at Urbana-Champaign, 1999
Ph.D., University of Illinois at Urbana-Champaign, 2003 (2003)

*ROBERT L. MAYES, Research Professor of Middle Grades and Secondary Education
B.S.E., Emporia State University, 1979
M.S., Emporia Kansas State College, 1981
Ph.D., Indiana University-Bloomington, 2012

*TILICIA L. MAYO-GAMBLE, Assistant Professor of Community Health Behavior and Education
B.A., Butler University, 2006
M.S., University of Illinois at Urbana-Champaign, 2003 (2003)

*JULIANN SERGI McBRAYER, Assistant Professor of Leadership, Technology, and Human Development
B.A., State University of New York College at Buffalo, 1995
A.A.S., Johnson & Wales University, 1996
M.Ed., Ohio University, 1999
Ed.S., Georgia Southern University, 2010
Ed.D., Georgia Southern University, 2013 (2015)

*LANCE D. McBRAYER, Associate Dean for Faculty and Research Programs, College of Science and Mathematics, and Professor of Biology
B.S., Berry College, 1993
M.A., State University of New York College at Buffalo, 1996
Ph.D., Ohio University, 2002 (2005)

MACKENZIE McBRIEDE, Limited-Term Instructor of Criminal Justice and Criminology
B.S., Georgia Southern University, 2015
M.A., Georgia Southern University, 2017 (2018)

*LINDAANN HOLLIS McCALL, Associate Professor of Early Childhood Education
A.B., University of Georgia, 1982
M.Ed., Armstrong State College, 1983
Ed.S., Georgia Southern University, 1995
Ed.D., Georgia Southern University, 2002 (2007)

CHERIE L. McCANN, Instructor of Nursing
B.S.N., George Mason University, 1999
M.S.N., George Mason University, 2003
Ph.D., Hampton University, 2018 (2007)

*JIE GUO McCARDLE, Assistant Professor of Management
B.S., University of International Business and Economics, 1989
M.B.A., University of Central Florida, 1998
Ph.D., University of Central Florida, 2007 (2016)

*NANCY McCARLEY, Associate Professor of Psychology
B.A., Mississippi State University, 1984
M.S., Mississippi State University, 1986
Ph.D., Mississippi State University, 1993 (2010)

*SARAH McCARROLL, Associate Professor of Theatre
A.F.A., Young Harris College, 1995
B.A., University of Missouri, 1997
M.F.A., University of Alabama, 2004
Ph.D., Indiana University, 2011 (2011)

WILLIAM W. McCARTNEY, Professor Emeritus of Management
B.I.M., Alabama Polytechnic Institute, 1964
M.B.A., Samford University, 1970

*STARLA MCCOLLUM, Professor of Kinesiology
B.S., Winthrop College, 1982
M.S., Winthrop College, 1984
Ph.D., Virginia Polytechnic Institute and State University, 1997 (1999)

*KAREN M. McCURDY, Assistant Professor of Political Science and International Studies
B.A., University of Colorado-Boulder, 1979
M.A., University of Wisconsin, 1982
Ph.D., University of Wisconsin, 1989 (1995)

JAMES MICHAEL McFARLAND, Professor Emeritus of Management
B.S., Georgia Institute of Technology, 1971
M.Ed., University of Georgia, 1973
Ph.D., University of Georgia, 1976 (1987)

*BETH McGUIRE, Assistant Professor of Interior Design
B.A., Muskegon Community College, 1997
B.F.A., Ferris State University, 2002
M.S., University of North Carolina-Greensboro, 2012
Ph.D., University of Florida, 2018 (2018)

SHAWNELL CARTER McGEE, Clinical Instructor of Radiologic Sciences
B.B.A., Savannah State University, 1995
B.S.R.S., Armstrong Atlantic State University, 2004

*CATHERINE MICHELE DAVIS McGINBONY, Professor of Chemistry
B.S., Georgia Southern University, 1993
Ph.D., University of Alabama-Tuscaloosa, 1997 (2000)

*Leticia L. McGrath, Assistant Professor of Spanish
B.A., Mobile College, 1993
M.A., Auburn University, 1995
Ph.D., University of Kentucky, 2000 (2000)

*MICHAEL JOSEPH McGRATH, Professor of Spanish
B.A., Georgia Southern College, 1988
M.A., Middlebury College, 1989
Ph.D., University of Kentucky, 1998 (2000)

*RICHARD D. McGRAW, Professor of Economics
B.A., Framingham State College, 1987
M.A., University of Virginia, 1989
Ph.D., University of Virginia, 1997 (1997)

*JULIE McGuire, Professor of Art
B.A., Illinois College, 1983
M.A., University of Arkansas, 1988
Ph.D., Indiana University, 2002 (1987)

WILLIAM D. McINTOSH, Professor Emeritus of Psychology
B.S., Fordham University, 1984
M.A., Duquesne University, 1985
Ph.D., University of Georgia, 1990 (1990)

*BRITTON A. McKAY, Professor of Accounting
B.S., Southern Illinois University, 2001
M.Acc., Southern Illinois University, 2003

*DENSON KELLY McLAIN, Professor Emeritus of Biology
B.S., Texas A&M University, 1976
M.S., University of Florida, 1978
Ph.D., Emory University, 1982 (1987)
JUDITH McLAUGHLIN, Professor Emerita of Health  
B.A., Berea College, 1966  
M.S., The Ohio State University, 1971  
Ph.D., Southern Illinois University, 1980 (1997)

THOMAS BRUCE McLEAN SR., Associate Professor Emeritus of Mathematical Sciences  
B.S.Ed., Ohio Northern University, 1963  
M.A., Bowling Green State University, 1965  
Ph.D., University of Kentucky, 1971 (1980)

JOSHUA T. McMAINS, Limited-Term Instructor of Psychology  
B.S., University of Georgia, 2015  
M.S., Georgia Southern University, 2018 (2018)

*JAMES L. McMILLAN, Professor Emeritus of Health and Kinesiology  
B.S.Ed., Georgia Southern College, 1981  
M.S., Auburn University, 1984  

*LAUREN McMILLAN, Reference and Instruction Librarian and Assistant Professor  
A.B., University of Georgia, 2005  
M.L.I.S., University of South Carolina-Columbia, 2008 (2013)

*TIMOTHY R. McMILLAN III, Associate Professor of Mathematical Sciences  
B.S., University of South Carolina-Columbia, 1979  
Ph.D., University of Florida, 1990 (1990)

*RYAN K. McNUTT, Assistant Professor of Anthropology  
B.S., Middle Tennessee State University, 2006  
M.Ltr., University of Glasgow, 2010  
Ph.D., University of Glasgow, 2014 (2016)

GINNY STARLING McPHAIL, Limited-Term Instructor of Finance  
B.B.A., Georgia Southern University, 1996  
M.B.A., Georgia Southern University, 2000 (2009)

*MURALIDHAR MEDIDI, Professor and Chair, Department of Computer Sciences  
B.Tech., Jawaharlal Nehru Technological University, 1983  
M.Tech., Indian Institute of Technology, 1986  
Ph.D., University of Central Florida, 1994 (2013)

AMANDA MEDLOCK, Limited-Term Instructor of Writing and Linguistics  
B.A., Armstrong State University, 2015  
M.A., Georgia Southern University, 2018 (2018)

WALDO E. MEEKS, Professor Emeritus of Industrial Technology  
B.S., Georgia Southern College, 1972  
M.T., Georgia Southern College, 1976  
Ed.D., University of Tennessee, 1980 (1980)

WILLIAM L. MEGATHLIN, Professor Emeritus of Criminal Justice  
B.A., Presbyterian College  
M.Ed., University of Georgia  
Ed.D., University of Georgia (1971)

AAKASH MEHTA, Lecturer of Biology  
B.S., Long Island University-Brooklyn, 2009  
M.S., Long Island University-Brooklyn, 2013 (2014)

*PETER J. MELLEN, Associate Professor of Theatre  
B.A.C., Bowling Green State University, 1978  
M.A., Bowling Green State University, 1980  
Ph.D., Bowling Green State University, 1988 (1993)

*BRIDGET F. MELTON, Professor of Health and Kinesiology  
B.A., Purdue University, 1997  
M.S., Georgia Southern University, 2000  
Ed.D., Georgia Southern University, 2005 (1998)

*TERI DENLEA MELTON, Associate Professor of Educational Leadership  
B.A., University at Albany, State University of New York, 1974  
M.S., State University of New York College at Buffalo, 2001  
Ed.D., Lehigh University, 2004 (2008)

*ANNIE S. MENDENHALL, Assistant Professor of English  
B.A., University of North Georgia, 2007  
M.A., The Ohio State University, 2009  
Ph.D., The Ohio State University, 2013 (2013)

*KATIE MERCER, Academic Professional and Instructor of Health Policy and Community Health  
B.A., Georgia Regents University, 2003  
M.P.H., Armstrong Atlantic State University, 2005  
Dr.P.H., Georgia Southern University, 2014 (2012)

MIA MERLIN, Lecturer of Art  
B.A., Hampshire College, 1992  
M.F.A., Georgia State University, 2003 (2014)

*DOROTHEE Mertz-Weigel, Director, Office of International Programs and Services, and Associate Professor of French  
B.A., Otterbein College, 1998  
M.A., The Ohio State University, 2000  
Ph.D., The Ohio State University, 2005 (2007)

*GRZEGORZ J. Michalski, Lecturer of Mathematical Sciences  
B.S., University of Warsaw, 1986  
M.S., University of Warsaw, 1986  
Ph.D., University of Notre Dame, 1996 (1998)

*BEVERLY A. MILLER, Assistant Professor of Elementary Science Education  
B.A., Nyack College, 1985  
M.A.T., National Louis University, 1992  
Ph.D., University of New Mexico, 2013 (2018)

ROSE B. MILLIKAN, Assistant Professor Emerita of Mathematics  
B.A., University of Arkansas, 1959  
M.Ed., University of Arkansas, 1962  
B.F.A., Georgia Southern College, 1987  
Ed.S., Georgia Southern University, 1993 (1985)

LAURA A. MILNER, Associate Professor Emerita of Writing and Linguistics  
B.A., University of Alabama, 1981  
M.A.L.S., Wesleyan University, 1984  

TIJUANA MILTON, Lecturer of Nursing  
B.S.N., Norfolk State University, 2004  
M.S., Western Governors University, 2013 (2016)

ANDI E. MINCER, Associate Professor of Physical Therapy  
A.A., Pensacola Junior College, 1979  
B.H.S., University of Florida, 1981  
M.S., Georgia State University, 1990  
Ed.D., Georgia Southern University, 2011 (1996)

*WEIHUA MING, Allen E. Paulson Distinguished Chair in Materials Science and Research Professor of Chemistry  
B.S., Fudan University, 1993  
Ph.D., Fudan University, 1998 (2011)

KAZI MAHMUD MIRZA, Limited-Term Assistant Professor of Mechanical Engineering  
B.S.M.E., Bangladesh University of Engineering and Technology, 2005
M.B.A., Institute of Business Administration-University of Dhaka, 2008
M.M.E., Auburn University-Main Campus, 2016
Ph.D., Auburn University-Main Campus, 2016 (2017)

MARCUS MITCHELL, Lecturer of English
B.A., Illinois Wesleyan University, 2008
M.A., Case Western Reserve University, 2011 (2016)

*W. BEDE MITCHELL, Dean, University Libraries, and Professor
A.B., University of Michigan, 1975
A.M.L.S., University of Michigan, 1977
Ed.D., Montana State University-Bozeman, 1989 (1999)

ADITI MITRA, Limited-Term Instructor of Mathematical Sciences
A.S., University of Calcutta, 1988
B.S., University of Nevada-Reno, 1995
M.S., University of Nevada-Reno, 1999 (2012)

*ANIRUDDHA MITRA, Professor of Mechanical Engineering
B.S.M.E., Jadavpur University, 1985
M.S.M.E., Indian Institute of Science, 1987

MOHAMMADADI MOAZZAM, Lecturer of Electrical Engineering
B.S., Tehran University, 1987
M.Eng.S., University of New South Wales, 1993
Ph.D., University of New South Wales, 1998 (2015)

CLEON M. MOBLEY JR., Associate Professor Emeritus of Physics
A.S., Southern Technical Institute, 1961
B.S., Oglethorpe College, 1983
M.S., University of Missouri-Rolla, 1966
Ph.D., The Union for Experimenting Colleges and Universities, 1967 (1967)

*GUSTAVO J. MOLINA, Associate Professor of Mechanical Engineering
B., National University of Cordoba, 1986
M.A.S.C., University of Ottawa, 1993
Ph.D., Virginia Polytechnic Institute and State University, 2000 (2000)

*EDWARD B. MONDOR, Associate Professor of Biology
B.S., Brandon University, 1993
M.S., University of Alberta, 1996
Ph.D., Simon Fraser University, 2001 (2006)

JUSTIN MONTEMARANO, Lecturer of Biology
B.S., Nazareth College, 2004
Ph.D., Kent State University, 2013 (2012)

BRANDI L. MOODY, Limited-Term Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2012
M.A., Georgia Southern University, 2015 (2014)

*JULIAN LOWELL MOONEY, Professor of Accounting
B.B.A., University of Georgia, 1978
M.Acc., University of Georgia, 1979
Ph.D., University of Georgia, 1989 (1989)

CHRISTINE JOHNSON MOORE, Lecturer of Respiratory Therapy
B.S., Armstrong Atlantic State University, 2006
M.Ed., Armstrong Atlantic State University, 2007

*DANELL COOPMAN MOORE, Instructor of Nursing
A.D.N., Georgia State College, 1976
B.S.N., Armstrong State College, 1980
M.Ed., Valdosta State College, 1991
M.S.N., Georgia Southern University, 1994 (2006)

*MICHAEL T. MOORE, Professor Emeritus of Reading
B.Ed., Duquesne University, 1972
M.Ed., University of Pittsburgh, 1976

*SUE MULLINS MOORE, Professor Emerita of Anthropology
B.A., University of Florida, 1975
M.A., University of Florida, 1977

KELLY A. MORGENROTH, Limited-Term Instructor of Biology
B.S.B., Life University, 2003
D.C., Life University, 2007 (2018)

KATHY T. MORRIS, Assistant Professor of Nursing
A.S.N., Armstrong State College, 1986
B.S.N., Armstrong Atlantic State University, 1999
M.S.N., Armstrong Atlantic State University, 2001
Ed.D., Georgia Southern University, 2015 (2008)

*MARLA B. MORRIS, Professor of Curriculum, Foundations, and Reading
B.A., Tulane University, 1991
M.A., Loyola University-New Orleans, 1993
Ph.D., Louisiana State University and A&M College, 1999 (2000)

*TONY R. MORRIS, Professor of English
B.A., University of North Carolina-Charlotte, 1996
M.A., University of North Carolina-Charlotte, 1998
Ph.D., Florida State University, 2002 (2006)

*HANS P. MORTENSEN, Associate Professor of Art
B.S.Ed., Georgia Southern College, 1959
M.A., Georgia Southern College, 1965
Ph.D., University of Georgia, 1968 (1963)

*JEFFREY MICHAEL MORTIMORE, Discovery Services and Data Curation Librarian and Assistant Professor
B.A., University of North Carolina-Greensboro, 1998
M.T.S., Harvard Divinity School, 2002

CLEMENT CHARLTON MOSELEY, Professor Emeritus of History
B.S.Ed., Georgia Southern College, 1959
M.A., Georgia Southern College, 1965
Ph.D., University of Georgia, 1968 (1963)

JANET MOSS, Senior Lecturer of Quantitative Analysis
B.A., University of South Florida, 1983
M.B.A., Georgia State University, 1985 (2008)

*STEVEN E. MOSS, Professor of Quantitative Analysis
B.A., University of South Florida, 1982
M.B.A., Georgia State University, 1985
Ph.D., Georgia State University, 1994 (2000)

*MARGARET J. MOSSHOLDER, Assistant Professor of Nursing
A.A.S., Western Wisconsin Technical College, 1987
B.S.N., Viterbo College, 1992
M.S., Winona State University, 1994
Ph.D., Capella University, 2015 (2012)

*MARC E. MOULTON, Professor of Art
B.A., Weber State University, 1985

*ISSAM MOUSSAOUI, Assistant Professor of Logistics and Supply Chain Management
B.S., Ecole Nationale de Commerce et de Gestion, 2007
M.Mgt., Toulouse Business School, 2011
M.B.A., University of Arkansas-Fayetteville, 2011
CHRISTY ANN MROCZEK, Senior Lecturer of English  
B.A., Western Michigan University, 2002  

DEBORAH LYNN MULFORD, Senior Lecturer of Nursing  
B.S.N., Armstrong Atlantic State University, 1998  
M.S.N., Armstrong Atlantic State University, 2004  
Ph.D., Hampton University, 2016 (2007)

*LINDA G. MULLEN, Associate Professor of Marketing  
B.A., Western Michigan University, 1976  
M.B.A., Southern Illinois University, 1997  

DONNA MULLENAX, Senior Lecturer of Physics and Astronomy  
B.A., West Virginia University, 1996  
B.S.Ed., West Virginia University, 1996  
M.S., Clemson University, 1999 (1999)

DAVID C. MULLER, Limited-Term Instructor of Writing and Linguistics  
B.A., American Jewish University, 2000  
M.A., Bar Ilan University, 2008  
Ph.D., Monash University, 2016 (2018)

LISA K. LUNSFORD MULLER, Limited-Term Instructor of Communication Arts  
B.S., Georgia Southern University, 1998  
J.D., University of Georgia, 2001 (2004)

LINDA S. MUNILLA, Professor Emerita of Marketing  
B.S., West Virginia Institute of Technology, 1971  
M.S.Ed., Virginia Polytechnic Institute and State University, 1976  
Ed.D., Virginia Polytechnic Institute and State University, 1981 (1979)

*BARRY A. MUNKASY, Associate Professor of Kinesiology  
B.S.E., Tulane University of Louisiana, 1985  
M.S., Arizona State University, 1990  
Ph.D., University of Southern California, 1999 (1998)

RICHARD MUNSON, Professor Emeritus of Mathematics  
B.S., Houghton College  
M.S., Rutgers University  
Ph.D., Rutgers University (1972)

*JASON MURDOCK, Assistant Professor of Graphic Design  
B.F.A., Indiana University Purdue University, 2003  
M.F.A., Kent State University, 2016 (2017)

EUGENE C. MURKISON, Professor Emeritus of Management  
B.S.A., University of Georgia, 1959  
M.B.A., University of Rochester, 1970  
Ph.D., University of Missouri, 1986 (1984)

*DENNIS DAILEY MURPHY, Professor of Criminal Justice and Criminology  
B.A., University of Florida, 1969  
J.D., University of Florida, 1974  
M.Ed., University of Florida, 1975  

JONATHAN MURPHY, Lecturer of Music  
B.M., Georgia Southern University, 2007  
M.Mus., University of Tennessee-Knoxville, 2010 (2016)

*THOMAS E. MURPHY, Associate Professor of Engineering  
B.S.E.E., University of Notre Dame, 1988  
M.Engr., University of Florida, 1992  

*DAVID MURRAY, Professor of Music  
B.M., Southwest Baptist University, 1993  
M.M., University of Kentucky, 1995  

*JESSICA MUTCHLER, Assistant Professor of Athletic Training  
B.S., University of Delaware, 2008  
M.S.Ed., Old Dominion University, 2010  
Ph.D., Old Dominion University, 2015 (2015)

*MARY ELIZABETH HARVEN MYERS, Associate Professor of Fashion Merchandising and Apparel Design and Chair, School of Human Ecology  
B.S., University of Georgia, 2001  
M.S., University of Georgia, 2004  
Ph.D., Auburn University, 2009 (2012)

TOKTAM NADERIMOQGHADDAM, Limited-Term Instructor of Mathematical Sciences  
B.S., Sharif University of Technology, 2002  
M.S., Georgia Southern University, 2018 (2018)

*SOONKIE NAM, Assistant Professor of Civil Engineering and Construction  
B.E., Ajou University, 1996  
M.E., Ajou University, 1998  
M.S., Virginia Tech, 2005  

J. KASUNI NANAYAKKARA, Limited-Term Assistant Professor of Physics  
B.S., University of Kelaniya, 2009  
M.S., Georgia State University, 2016  
Ph.D., Georgia State University, 2018 (2018)

BEAULAH SUGANDHINI NARENDRAPURAPU, Lecturer of Chemistry  
B.S., Osmania University, 2006  
M.S., Indian Institute of Technology, 2008  
Ph.D., University of Georgia, 2013 (2013)

*SAEED NASSEH, Assistant Professor of Mathematical Sciences  
B.S., Sharif University of Technology, 2001  
M., University of Tehran, 2003  
Ph.D., North Dakota State University, 2013 (2014)

*KAREN Z. NAUFEL, Professor of Psychology  
B.A., University of Arkansas, 2002  
M.A., University of Arkansas, 2004  
Ph.D., University of Arkansas, 2007 (2007)

*SHAHNAM NAVAEE, Professor of Civil Engineering  
B.S., Louisiana State University and A&M College, 1980  
M.S., Louisiana State University and A&M College, 1983  
Ph.D., Clemson University, 1989 (1993)

*DZIYANA NAZARUK, Assistant Professor of Health Policy and Community Health  
B.L.S., Armstrong Atlantic State University, 2006  
M.S., Armstrong Atlantic State University, 2008  
M.P.H., Armstrong Atlantic State University, 2011  
Dr.P.H., Georgia Southern University, 2014 (2016)

CHRISTINA A. NDALUKA, Lecturer of Biology  
B.A., University of Colorado, 2000  
Ph.D., Colorado State University-Fort Collins, 2011 (2014)
BETTY MOORE NELSON, Instructor Emerita of Teaching and Learning  
A.S., Tidewater Community College, 1976  
B.S., Old Dominion University, 1977  
M.S.Ed., Old Dominion University, 1980 (1986)  

CLAIRE T. NELSON, Limited-Term Assistant Professor of Writing and Linguistics  
M.F.A., Florida State University, 2014 (2015)  

ERIC R. NELSON, Professor Emeritus of Writing  
B.A., Virginia Polytechnic Institute and State University, 1975  

ROBERT NORTON NELSON, Associate Professor Emeritus of Chemistry  
B.S., Brown University, 1963  
Ph.D., Massachusetts Institute of Technology, 1969 (1970)  

*TRACI L. NESS, Associate Professor of Biology  
B.S., Eckerd College, 1995  

CAROL M. NESSMITH, Assistant Professor Emerita of Mathematics  
B.S., University of Georgia, 1968  
M.Ed., University of Georgia, 1969  
Ed.S., Georgia Southern University, 1992 (1978)  

S. LLOYD NEWBERRY, Dean Emeritus, College of Education, and Professor Emeritus of Science Education  
B.S.Ed., University of Georgia  
M.Ed., University of Georgia  
Ed.D., University of Georgia (1968)  

BOBBIE JO NEWELL, Instructor of Environmental Health Sciences  
B.S.Ed., Georgia Southern University, 2004  
M.Ed., Georgia Southern University, 2012 (2013)  

*NICHOLAS D. NEWELL, Associate Professor of Communication Arts  
B.A., Hanover College, 1998  
M.F.A., Harvard University, 2001 (2013)  

APRIL C. NEWKIRK, Instructor of Early Childhood Education  
B.S.Ed., Georgia Southern University, 2004  
M.Ed., Georgia Southern University, 2008 (2010)  

*SZE-MAN NGAI, Professor of Mathematical Sciences  
B.S., University of Hong Kong, 1987  
M.A., University of Pittsburgh, 1989  
Ph.D., University of Pittsburgh, 1995 (2000)  

*HA NGUYEN, Assistant Professor of Mathematical Sciences  
A.A., Fullerton College, 2003  
B.S., University of California-Los Angeles, 2005  
M.S., Emory University, 2008  
Ph.D., Emory University, 2010 (2012)  

BETSY H. NICHOLS, Associate Professor Emerita of Writing and Linguistics  
A.B., Alabama College, 1969  
M.A., University of Arkansas, 1971  
Ph.A., University of Arkansas, 1972 (1981)  

JAMES R. NICHOLS, Professor Emeritus of Literature and Chair Emeritus, Department of English and Philosophy  
B.A., Union College, 1961  
M.A., University of North Carolina at Chapel Hill, 1966  
Ph.D., University of North Carolina at Chapel Hill, 1969 (1987)  

SHELLEY C. NICKEL, Interim President  
B.S., Pennsylvania State University, 1978  

*MICHAEL E. NIELSEN, Professor and Chair, Department of Psychology  
B.A., Southern Utah State College, 1986  
M.A., Northern Illinois University, 1990  
Ph.D., Northern Illinois University, 1992 (1993)  

SHEILA E. NIELSEN, Lecturer of Writing and Linguistics  
B.S., Brigham Young University, 1994  
M.A., Georgia Southern University, 2015 (2014)  

JOHN F. NOLEN JR., Vice President Emeritus of Student Affairs and Dean Emeritus of Students  
B.A., Furman University, 1960  
B.D., Southeastern Baptist Theological Seminary, 1963  
Ph.D., Florida State University, 1972 (1970)  

PATRICIA A. NOONE, Lecturer of Sociology  
B.A., Augusta State University, 1997  
M.A., Georgia Southern University, 1999 (2012)  

*ERIK S. NORDENHAUG, Associate Professor of Philosophy  
B.A., Mercer University, 1985  
M.A., Emory University, 1989  
Ph.D., Emory University, 1994 (1995)  

RICHARD NORDQUIST, Professor Emeritus of English  
B.A., State University of New York  
M.A., University of Leicester  
Ph.D., University of Georgia (1980)  

*TAYLOR NORMAN, Assistant Professor of Middle Grades and Secondary Education  
B.A., Purdue University, 2006  
M.S.Ed., Purdue University, 2012  
Ph.D., Purdue University, 2015 (2018)  

*WILLIAM I. NORTON JR., Associate Professor of Management  
B.S., George State University, 1979  
M.B.A., Kennesaw State University, 1992  
Ph.D., University of South Carolina, 1998 (2008)  

*PATRICK J. NOVOTNY, Professor of Political Science and International Studies  
B.S., Illinois State University, 1989  
M.A., University of Wisconsin, 1990  
Ph.D., University of Wisconsin, 1995 (1995)  

*KWAKU NTI, Associate Professor of History  
M.Phil., University of Ghana, 1998  
M.A., Central Michigan University, 2005  
Ph.D., Michigan State University, 2011 (2011)  

VICKIE R. NYLANDER, Assistant Professor of Nursing  
Dipl., Rockingham Community College, 2003  
A.A.S., Rockingham Community College, 2010  
B.S.N., University of Phoenix, 2013  
M.S., American Sentinel University, 2015 (2017)  

O  

JANET L. O'BRIEN, Director Emerita, Academic Success Center  
A.S., South Georgia College, 1980  
B.S.Ed., Georgia Southern College, 1982  

JAIME O'CONNOR, Coordinator of Assessment and Instructor of Communication Arts
*GLENDA L. OGLETREE, Associate Professor of Early Childhood Education
B.S., Pensacola Christian College, 1996
M.A., Pensacola Christian College, 1999

*CONSTANTIN OGLOBLIN, Associate Professor of Economics
Diploma, Kuban State University, 1978
K.E.N., Rostov State University, 1986
M.A., Kent State University, 1996
Ph.D., Kent State University, 1999 (2000)

HERBERT A. O’KEEFE JR., Professor Emeritus of Accounting
B.B.A., University of Georgia, 1962
M.Acc., University of Georgia, 1967
Ph.D., Georgia State University, 1974 (1978)

EDIE ANDERSON OLLIFF, Limited-Term Instructor of Accounting
B.B.A., Stetson University, 1986

*CHRISTINA M. OLSON, Assistant Professor of Writing and Linguistics
B.A., State University of New York College at Fredonia, 2003
M.F.A., Minnesota State University, 2007 (2011)

*BRODERICK O. OLUYEDE, Professor of Mathematical Sciences
B.S., University of Ilorin, 1981
M.S., Bowling Green State University, 1985
M.A., Bowling Green State University, 1987
Ph.D., Bowling Green State University, 1991 (2000)

*JOHN R. O’MALLEY JR., Assistant Professor of Information Technology
B.S., Cornell University, 1979
M.S., Syracuse University, 1984
M.B.A., University of Baltimore, 1988
M.S., Virginia Tech, 1996
Ph.D., Virginia Tech, 2000 (2005)

*JOHNATHAN G. O’NEILL, Professor of History
B.A., Colgate University, 1991
M.A., University of Maryland, 1994
Ph.D., University of Maryland, 2000 (2005)

*ONYILE B. ONYILE, Professor of Art
Diploma, Yaba College of Technology, 1976
B.F.A., Memphis Academy of the Arts, 1980
M.F.A., Memphis State University, 1982
Ph.D., Binghamton University, State University of New York, 2006 (1994)

*SAMUEL OPOKU, Assistant Professor of Health Policy and Community Health
B.S., Kwame Nkrumah University of Science and Technology, 2006
M.B.Ch.B., Kwame Nkrumah University of Science and Technology, 2009
Ph.D., University of Nebraska Medical Center, 2015 (2014)

*JEFFERY A. ORVIS, Professor of Chemistry
B.S., Oakland University, 1986
Ph.D., University of Tennessee, 1991 (1991)

JESSICA NEWTON ORVIS, Associate Professor of Chemistry
B.S., Vanderbilt University, 1986
M.S., University of Tennessee, 1989 (1992)

*TANESHA CLARICE OSBORNE, Senior Lecturer of Chemistry
B.S.Chem., Georgia Southern University, 2003
Ph.D., University of South Carolina, 2008 (2008)

*CHARLES F. OWENS, Clinical Associate Professor of Health Policy and Community Health
B.B.A., Valdosta State University, 1990
M.S.A., Georgia Southwestern State University, 1992 (2010)

*DAVID C. OWENS, Assistant Professor of Middle Grades and Secondary Education
B.S., Middle Tennessee State University, 2002
M.S., University of Nebraska-Lincoln, 2010
Ph.D., Middle Tennessee State University, 2016 (2018)

*CLIFFORD WAYNE PADGETT, Professor of Chemistry
B.S., Erskine College, 1997
M.S., Clemson University, 1999
Ph.D., Clemson University, 2002 (2006)

LEA PADGETT, Senior Lecturer of Chemistry
B.S., Clemson University, 2000
Ph.D., Clemson University, 2005 (2006)

FRED M. PAGE JR., Professor Emeritus of Education and Associate Dean Emeritus, External Relations
B.S.Ed., Georgia Southern College, 1971
M.Ed., Georgia Southern College, 1973
Ed.S., Georgia Southern College, 1977
Ed.D., Mississippi State University, 1979 (1973)

JANE ALTMAN PAGE, Professor Emerita of Curriculum, Foundations, and Reading
B.S.Ed., Georgia Southern College, 1971
M.Ed., Georgia Southern College, 1974
Ed.S., Georgia Southern College, 1979
Ed.D., Mississippi State University, 1979 (1979)

ROGER NELSON PAJARI, Professor Emeritus of Political Science
B.S., University of Minnesota, 1964
M.A., University of Tennessee, 1968
Ph.D., University of Tennessee, 1973 (1970)

ELLIOIT PALEFSKY, Professor Emeritus of Psychology
B.S., University of Georgia, 1963
M.Ed., Temple University, 1965
Ed.D., University of South Carolina, 1986 (1971)

*NATHAN S. PALMER, Assistant Professor of Sociology
B.A., University of Nebraska-Lincoln, 2006
M.A., University of Nebraska-Lincoln, 2008
Ph.D., University of Nebraska-Lincoln, 2017 (2010)

*SUMMER S. PANNELL, Assistant Professor of Educational Leadership (P-12)
B.S.Ed., Delta State University, 2001
M.Ed., Union University, 2008
Ph.D., University of Mississippi, 2015 (2017)

JOHN L. PARCELS JR., Assistant Professor Emeritus of Philosophy
B.A., Drew University, 1965
M.A., Emory University, 1972 (1972)

ABBIE GAIL PARHAM, Assistant Professor Emerita of Accounting
A.A., East Georgia State College, 1978
B.B.A., Georgia Southern College, 1984

*ANTHONY PARISH, Associate Professor of Health and Physical Education
B.A., University of Arkansas, 1991
M.A., Teachers College Columbia University, 2006
Ph.D., University of Arkansas, 2011 (2011)

*FAYTH M. PARKS, Associate Professor of Counselor Education
B.A., Upsala College, 1977
M.S., Upsala College, 1980
Ph.D., University of Illinois at Urbana-Champaign, 1996 (2002)

JOHN W. PARRISH JR., Professor Emeritus of Biology
B.S., Denison University, 1963
M.A., Bowling Green State University, 1970
Ph.D., Bowling Green State University, 1974 (1988)

LEO G. PARRISH JR., Professor Emeritus of Management
B.E.E., Georgia Institute of Technology, 1961
M.S.I.M., Georgia Institute of Technology, 1964
Ph.D., Georgia Institute of Technology, 1973 (1990)

MILDRED MOORE PATE, Assistant Professor Emerita of Writing and Linguistics
B.A., Claflin College, 1974
M.S.T., Georgia Southern College, 1976 (1985)

*KRISTINA M. PATTERTSON, Limited-Term Assistant Professor of Public Administration
B.A., University of Virginia, 1994
M.A., Virginia State University, 2007
Ph.D., University of North Carolina-Chapel Hill, 2017 (2018)

*STEVEN JOHN PATTERTSON, Assistant Professor of Health Sciences and Kinesiology
B.S., Vanguard University of Southern California, 1998
M.S., Palm Beach Atlantic University, 2002
Ed.D., Nova Southeastern University, 2016 (2012)

CHRIS WESLEY PAUL II, Professor Emeritus of Finance
B.S., Southwest Missouri State College, 1972
Ph.D., Texas A&M University, 1979 (2000)

TOM LEO PAUL, Professor Emeritus and Head Emeritus, Department of Sport Science and Physical Education
B.S., Wisconsin State College-Oshkosh, 1951
M.S., University of Florida, 1961
Ed.D., Florida State University, 1965 (1969)

MARVIN GAY PAYNE, Professor Emeritus and Chair Emeritus, Department of Physics
A.B., Berea College, 1958
Ph.D., University of Kentucky, 1965 (1991)

*KARL E. PEACE, Georgia Cancer Coalition Distinguished Cancer Scientist and Professor of Biostatistics
B.S., Georgia Teachers College, 1963
M.S., Clemson University, 1964
Ph.D., Virginia Commonwealth University, 1976 (2000)

WALTER JAMES PEACH, Professor Emeritus of Special Education
B.S., Saint Louis University, 1963
Ed.M., Saint Louis University, 1985
Ph.D., Florida State University, 1968 (1969)

MARY DANIELLE PEACOCK, Lecturer of Nursing
B.S.N., University of Central Missouri, 2004
M.S.N., University of Missouri-Kansas City, 2010 (2015)

*THOMAS A. PEARSALL, Professor of Music
B.M., University of Kentucky, 1982
M.M., Bowling Green State University, 1984

*TIMOTHY A. PEARSON, Professor and Director, School of Accountancy
B.S.Ed., University of Wisconsin, 1979
M.Acc., University of Wisconsin, 1986
Ph.D., University of Wisconsin, 1990 (2012)

ARON P. PEASE, Lecturer of Writing and Linguistics
B.A., Central College, 1995
M.A., Bowling Green State University, 1999

*S. NORTON PEASE, Associate Dean for Faculty Services, College of Arts and Humanities, and Professor of Art
B.F.A., Iowa State University, 1995

ANGELA HAGAN PEDEN, Lecturer of Community Health Behavior and Education
B.S., James Madison University, 1999
M.P.H., Georgia Southern University, 2003 (2009)

*JOHN PEDEN, Professor of Recreation
B.S., California State University-Chico, 1999
M.A., California State University-Chico, 2002
Ph.D., College of Environmental Science and Forestry, State University of New York, 2005 (2005)

*JOSEPH N. PELLEGRINO, Associate Professor of Literature
B.A., Duquesne University, 1981
M.A., Duquesne University, 1984
B.F.P.A., Saint Louis University, 1988

*MICHAEL A. PEMBERTON, Professor of Writing and Linguistics
B.A., University of California-Los Angeles, 1975
M.A., California Polytechnic State University-San Luis Obispo, 1984
Ph.D., University of California-San Diego, 1990 (1999)

*JUANJUAN PENG, Associate Professor of History
B.Econ., Wuhan University, 1997
M.Econ., Wuhan University, 2000
M.A., The Johns Hopkins University, 2004
Ph.D., The Johns Hopkins University, 2008 (2007)

*KELLIE O. PENIX, Lecturer of Health and Kinesiology
B.S., Georgia Southern University, 2008
M.S., Georgia Southern University, 2009
Dr.P.H., Georgia Southern University, 2014 (2012)

*BEVERLY D. PENLAND, Assistant Professor of Chemistry and Biochemistry
B.S., Armstrong Atlantic State University, 2005
Ph.D., University of Miami, 2015 (2015)

ALICIA REBECCA PEREZ, Limited-Term Instructor of Art
B.F.A., Armstrong Atlantic State University, 2009
M.F.A., Georgia Southern University, 2012 (2016)

CURTIS PERKINS, Adjunct Professor and Chair, Department of Military Science
Lieutenant Colonel, U.S. Army
B.S., South Carolina State University, 1999
M.A., Webster University, 2010

CHARLES H. PERRY, Professor Emeritus of Industrial Technology
B.S., Georgia Institute of Technology, 1964
M.Ed., University of Georgia, 1986
Ed.D., University of Georgia, 1990 (1990)

KRISTA PETROSINO, Lecturer of Writing and Linguistics

Faculty

B.A., Silver Lake College, 2003
M.A., John Carroll University, 2008
Ph.D., Bowling Green State University, 2012 (2016)

CELINE M. PFUND, Instructor of Nursing
A.A.S., College of DuPage, 1994
B.S.N., University of Pittsburgh, 2008
M.S.N., Robert Morris University, 2010 (2016)

*DUONG PHAM, Assistant Professor of Finance
B.Econ., Foreign Trade University, 2009
M.B.A., Marshall University, 2011
Ph.D., University of Central Florida, 2017 (2017)

*J. DIANE PHILLIPS, Assistant Professor Emerita of Interior Design
B.S.H.E., University of Georgia, 1976
M.H.E., University of Georgia, 1978 (1989)

MARGARET ANNE PIERCE, Professor Emerita of Mathematics and Computer Science
B.A.Ed., University of North Carolina at Chapel Hill, 1965
M.Ed., University of Florida, 1974
M.S., University of South Carolina, 1987
Ph.D., University of Florida, 1977 (1985)

REINHARD E. PLITNER, Limited-Term Assistant Professor of Mathematical Sciences
M.S.C.E., Ruhr University Bochum, 1976

ALLEN L. PINGEL, Professor Emeritus of Biology
B.A., University of North Carolina
M.A.T., University of North Carolina
Ph.D., University of South Carolina (1969)

*ANGELA PINILLA-HERRERA, Assistant Professor of Spanish
B.A., Universidad de Los Andes, 1997
M.A., Arizona State University, 2006
Ph.D., University of Minnesota, 2012 (2012)

*DANIEL DAVID PIOSKE, Assistant Professor of Religious Studies
B.A., Gustavus Adolphus College, 2004
M.Div., Princeton Theological Seminary, 2007
Ph.D., Princeton Theological Seminary, 2012 (2014)

*ALENA PIROK, Assistant Professor of History
B.A., Southern Illinois University, 2011
M.A., University of South Florida, 2013
Ph.D., University of South Florida, 2017 (2017)

*ROBERT C. PIRRO, Professor of Political Science and International Studies
A.B., Harvard University, 1986
M.A., University of California-Berkeley, 1989
Ph.D., University of California-Berkeley, 1996 (1997)

ELOISE PITT, Lecturer of Interdisciplinary Studies
B.S., East Carolina University, 1988
M.A., Kentucky State University, 2007 (2014)

DANIEL PITTMAN, Professor Emeritus of Music
B.M.Ed., University of Southern Mississippi, 1970
M.M., University of Mississippi, 1974
D.M.A., Memphis State University, 1979 (1990)

*SARA S. PLASPOHL, Associate Professor of Health Policy and Community Health and Interim Chair, Department of Health Sciences and Kinesiology
A.S., Armstrong State College, 1978
B.S., Armstrong State College, 1989
M.H.S., Georgia Southern University, 1992

Dr.P.H., Georgia Southern University, 2010 (2010)

ELIZABETH JANE PLEAK, Professor Emerita of Art
B.S.Ed., Edinboro State College, 1971

*MELISSA SUZANNE PLEW, Senior Lecturer of Communication Studies
B.S., Indiana State University, 1999
M.A., Indiana State University, 2002
Ph.D., Georgia State University, 2011 (2011)

CHELESEA PLUNKETT, Limited-Term Assistant Professor of Writing and Linguistics
B.A., West Virginia University, 2011
M.F.A., Georgia College and State University, 2014 (2014)

DANIEL PLUNKETT, Limited-Term Assistant Professor of Writing and Linguistics
B.S., University of Alabama, 2008
M.F.A., Georgia College and State University, 2014 (2014)

BILL W. PONDER, Professor Emeritus of Chemistry
B.S., Louisiana Polytechnic Institute, 1956
M.S., Iowa State University, 1959
Ph.D., Iowa State University, 1961 (1991)

*JOCELYN POOLE, Associate Professor Emerita and Head Information Services Librarian Emerita
B.S., Virginia State College, 1979
M.S.M., Hampton University, 1985

*CHAD POSICK, Associate Professor of Criminal Justice and Criminology
A.S., Finger Lakes Community College, 2003
B.S., Rochester Institute of Technology, 2006
M.S., Rochester Institute of Technology, 2009
Ph.D., Northeastern University, 2013 (2013)

*AMY POTTER SCHMUTZ, Assistant Professor of Geography
B.S.J., University of Kansas, 2004
M.A., University of Kansas, 2006
Ph.D., Louisiana State University and A&M College, 2011 (2013)

CATHARINE POWELL, Associate Professor Emerita of Nursing
B.S.N., DePauw University
M.S., University of North Carolina
Ed.D., Indiana University (1991)

ANN E. PRATT, Professor Emerita of Biology
B.A., Clark University, 1975
M.S., University of Massachusetts, 1979

DELMA EUGENE PRESLEY, Professor Emeritus of English and Director Emeritus, Museum
A.B., Mercer University, 1961
B.D., Southern Baptist Seminary, 1964
Ph.D., Emory University, 1969 (1969)

BARBARA A. PRICE, Professor Emerita of Decision Sciences
B.S., Grove City College, 1969
M.S., Virginia Polytechnic Institute and State University, 1971
Ph.D., Virginia Polytechnic Institute and State University, 1973 (1996)

LARRY E. PRICE, Professor Emeritus of Finance and Head Emeritus, Department of Finance and Economics
B.S.E.E., University of Arkansas, 1959
M.B.A., University of Arkansas, 1961
MICHAEL PRICE, Professor Emeritus of History  
B.A., Kansas State University  
M.A., University of Georgia  
Ed.D., University of Georgia (1993)

PATRICIA T. PRICE, Assistant Professor Emerita of Writing and Linguistics  
B.S.Ed., University of Georgia, 1969  
M.A., Georgia Southern College, 1977  
Ed.D., Georgia Southern University, 2003 (1987)

*STEPHEN P. PRIMATIC, Professor of Music  
B.M., Wilkes University, 1989  
M.M., University of Miami, 1991  
D.M.A., University of Georgia, 2004 (1997)

*TONY A. PRITCHARD, Professor of Pedagogy  
B.S., Erskine College, 1994  
M.S., Appalachian State University, 1997  
Ed.D., West Virginia University, 2004 (2006)

*ELIZABETH R. PROSSER, Associate Professor of Reading Education  
B.S.Ed., Georgia Southern University, 1991  
M.Ed., Georgia Southern University, 1994  
Ph.D., University of Georgia, 2006 (2006)

*MARY ALYSON PRUDE, Assistant Professor of Religious Studies  
B.A., Pomona College, 1998  
M.A., University of California-Santa Barbara, 2005  
Ph.D., University of California-Santa Barbara, 2011 (2015)

GEORGE PRUDEN, Professor Emeritus of History  
B.A., Wake Forest College  
M.Ed., University of South Carolina  
M.A., American University  
Ph.D., American University (1982)

KATHERINE M. PRUITT, Senior Lecturer Emerita of Health and Kinesiology  
B.S.Ed., Georgia Southern College, 1979  
M.Ed., Georgia Southern College, 1982  
Ed.S., Georgia Southern College, 1989 (1992)

*KEVIN PSONAK, Senior Lecturer of Writing and Linguistics  
A.B., Princeton University, 1996  
M.A., University of Texas, 2005  
Ph.D., University of Texas, 2012 (2012)

*OSCAR J. PUNG, Professor Emeritus of Biology  
B.A., Oakland University, 1973  
M.S., Seton Hall University, 1981  
Ph.D., University of North Carolina at Chapel Hill, 1984 (1991)

*ROGER C. PURCELL, Assistant Professor and Interim Chair, Department of Civil Engineering and Construction  
B.C.E., Georgia Institute of Technology, 1974  
M.S.C.E., Georgia Institute of Technology, 1977  
Ph.D., Georgia Institute of Technology, 2014 (2015)

TOMSYE DALE PURVIS, Associate Professor Emerita of Writing and Linguistics  
B.A., Oklahoma Baptist University, 1968  
M.A., University of Tennessee, 1970  
Ph.D., University of Tennessee, 1976 (1981)

Q

*JINGJING QING, Assistant Professor of Manufacturing Engineering  
B.Engr., Xi’an Jiaotong University, 2010  
Ph.D., Missouri University of Science and Technology, 2016 (2018)

*BRANDON PEVEL QUILLIAN, Associate Professor of Chemistry  
B.S., Armstrong Atlantic State University, 2003  
Ph.D., University of Georgia, 2008 (2011)

LUZVIMINDA QUIRIMIT, Lecturer of Nursing  
B.S.N., Far Eastern University, 1980  
M.S.N., St. Paul University, 1997 (2008)

*RAFAEL LOPES QUIRINO, Associate Professor of Chemistry  
B.S., Universidade de Brasilia, 2005  
M.S., Universidade de Brasilia, 2006  
Ph.D., Iowa State University, 2011 (2012)

R

SANDRA C. RABITSCH, Assistant Professor Emerita of English  
B.S., Georgia Southern College, 1962  
M.S.T., Georgia Southern College, 1969 (1968)

NICHOLAS CYRIL RADKO, Lecturer of Geology  
B.S., University of Virginia, 2008  
M.S., University of Georgia, 2011 (2013)

FRANK RADOVICH, Associate Professor Emeritus of Health and Kinesiology  
B.S.B., Indiana University, 1960  
M.S.Ed., Indiana University, 1964  
H.S.D., Indiana University, 1980 (1962)

JOHN A. RAFTER, Associate Professor Emeritus of Mathematics  
B.S., University of Michigan, 1966  
M.S., Michigan State University, 1968  
Ph.D., Michigan State University, 1971 (1984)

JANE V. RAGO, Assistant Professor of English  
B.A., Antioch University, 1996  
M.A., University of Chicago, 1999  
Ph.D., West Virginia University, 2009 (2006)

*REGINA E. RAHIMI, Professor of Middle and Secondary Education  
B.S., Armstrong Atlantic State University, 1993  
M.Ed., Georgia Southern University, 1994  
Ed.D., Georgia Southern University, 1996  
Ed.D., Georgia Southern University, 2002 (2006)

*MOSFEQUR RAHMAN, Associate Professor of Engineering Studies  
B.S., Bangladesh University of Engineering and Technology, 1997  
M.S., Bangladesh University of Engineering and Technology, 1999  
M.S.E.S.M., University of Alabama, 2002  
Ph.D., University of Alabama, 2005 (2006)

DONALD RAKESTRAW, Professor Emeritus of History  
B.A., Jacksonville State University, 1975  
M.A., Jacksonville State University, 1980  
Ph.D., University of Alabama, 1991 (1988)

*RIA R. RAMOUTAR, Lecturer of Chemistry  
B.S., Claflin University, 2003  
Ph.D., Clemson University, 2009 (2009)

DELORES RAMSEY, Assistant Professor Emerita of Health and Kinesiology  
B.S.Ed., Georgia Southern College, 1961  
M.Ed., Georgia Southern College, 1962
CINDY HOUSE RANDALL, Assistant Dean of Student and External Relations, Gregory M. Parker College of Business, and Assistant Professor of Quantitative Analysis  
B.B.A., Georgia Southern College, 1978  

*E. JAMES RANDALL, Professor Emeritus of Marketing  
B.A., University of South Florida, 1968  
M.B.A., University of South Florida, 1973  

*DOLORES E. RANGEL, Professor of Spanish  
B.A., Instituto Tecnologico y de Estudios Superiores de Monterrey, 1983  
M.A., New Mexico State University, 1988  
Ph.D., University of Buffalo, State University of New York, 1998 (2005)  

M ARSHALL R. RANSOM, Senior Lecturer of Mathematical Sciences  
A.B., Brown University, 1972  
M.S., Stetson University, 1977  

*AMAR RASHEED, Assistant Professor of Computer Science  
B.S., University of Baghdad, 1999  
M.S., Northeastern Illinois University, 2004  
Ph.D., Texas A&M University-College Station, 2010 (2015)  

*ELIZABETH R. RASNICK, Assistant Professor of Information Technology  
B.S., Longwood University, 1997  
M.S., Old Dominion University, 2009  
M.B.A., Old Dominion University, 2011  
Ph.D., Old Dominion University, 2016 (2016)  

*REBECCA RAYBURN-REEVES, Assistant Professor of Psychology  
B.S., Appalachian State University, 2004  
M.A., University of North Carolina-Wilmington, 2007  
Ph.D., University of Kentucky, 2011 (2016)  

HASSAN RAZA, Limited-Term Assistant Professor of Electrical and Computer Engineering  
B.S., University of Engineering and Technology-Lahore, 2001  
M.S., Purdue University, 2002  
Ph.D., Purdue University, 2007  
M.S., University of Arkansas-Fayetteville, 2016 (2018)  

TEHSEEN Z. RAZA, Limited-Term Assistant Professor of Electrical and Computer Engineering  
B.S., University of Engineering and Technology, 2001  
M.S., Purdue University, 2002  
Ph.D., Purdue University, 2010 (2018)  

*DOUGLAS REA, Professor of Curriculum, Foundations, and Reading  
B.A., University of Missouri, 1969  
M.A.T., Howard University, 1974  
Ed.D., University of Massachusetts, 1983 (1991)  

*JULIE K. REAGAN, Assistant Professor of Health Policy and Community Health  
A.A.S., Bee County College, 1979  
B.S., Lamar University, 1990  
J.D., University of Houston, 1993  
M.P.H., University of Texas Health Sciences Center, 1995  
Ph.D., University of Texas Health Sciences Center, 2010 (2014)  

DON F. REED, Limited-Term Instructor of Mathematical Sciences  
B.S., University of Georgia, 1968  
JOYLYN REED, Professor Emerita of Computer Science  
B.S., Auburn University  
M.S., Auburn University  
M.S., University of Maryland  
Ph.D., Auburn University (2001)  

*DEBORAH H. REESE, Associate Professor of English  
B.A., University of Texas-Arlington, 1990  
M.A., University of Texas-Arlington, 1996  
Ph.D., University of Texas-Arlington, 1999 (1999)  

RANDALL REESE, Professor Emeritus of Music  
B.A., Baldwin-Wallace College, 1972  
M.M., University of Michigan, 1974  
D.M.A., University of South Carolina, 2001 (1976)  

*LAURA B. REGASSA, Professor of Biology  
B.A., Marquette University, 1985  
Ph.D., University of Wisconsin, 1993 (1999)  

*CARL L. REIBER, Provost and Vice President for Academic Affairs and Professor of Biology  
B.S., George Mason University, 1984  
M.S., George Mason University, 1987  
Ph.D., University of Massachusetts-Amherst, 1992 (2018)  

*JAMES S. REICHARD, Professor of Geology and Chair, Department of Geology and Geography  
B.S., University of Toledo, 1981  
M.S., University of Toledo, 1984  
Ph.D., Purdue University, 1995 (1996)  

*MICHELLE REIDEL, Professor of Middle Grades and Secondary Education  
B.A., Eckerd College, 1990  
M.A., Clark University, 1992  

AIMEE REIST, Head of Learning Commons and Assistant Professor  
B.A., Hampshire College, 1992  
M.S., Florida State University, 1998  
Ed.S., Florida State University, 2003 (2013)  

KENNETH G. RELYEA, Professor Emeritus of Biology  
B.A., Florida State University, 1962  
M.S., Florida State University, 1965  
Ph.D., Tulane University, 1967 (1990)  

*NANCY LAWSON REMLER, Director, Center for Teaching Excellence, and Associate Professor of English  
B.S.Ed., University of Georgia, 1988  
M.A., Georgia Southern University, 1992  
Ph.D., University of Georgia, 2000 (2002)  

*XUCHUN REN, Assistant Professor of Mechanical Engineering  
B.Engr., Dalian University of Technology, 1997  
M.Engr., Dalian University of Technology, 2000  
D.Engr., Tsinghua University, 2005 (2015)  

JAMES F. REPELLA, Dean Emeritus, College of Health Professions, and Professor Emeritus of Nursing  
B.S.Ed., Temple University  
M.S.N., University of Pennsylvania  
Ph.D., University of Pittsburgh (1976)  

JUDITH L. REPMB, Professor Emerita of Leadership, Technology, and Human Development  
B.A., Louisiana State University and A&M College, 1974  
M.L.S., Louisiana State University and A&M College, 1976  
Ph.D., Louisiana State University and A&M College, 1989 (1977)  

*RAND W. RESSLER, Associate Dean for Faculty and Curriculum, Gregory M. Parker College of Business, and Professor of Economics
B.S., Auburn University, 1988
Ph.D., Auburn University, 1993 (2013)

*ALEXANDRA J. REYES, Assistant Professor of Middle Grades and Secondary Education
B.S., Southern Connecticut State University, 2003
M.Ed., Northern Arizona University, 2009
Ph.D., University of North Carolina-Chapel Hill, 2018 (2018)

WILLIAM MARTIN REYNOLDS, Associate Professor of Curriculum, Foundations, and Reading
B.A., Roberts Wesleyan College, 1975
M.S.Ed., State University of New York at Brockport, 1980
Ed.D., University of Rochester, 1986 (1997)

*PEJMAN REZAKHANI, Limited-Term Assistant Professor of Civil Engineering and Construction
B., Azad University, 2004
M.S., Kyungpook National University, 2012
Ph.D., University of Missouri, 2017 (2017)

DALLAS D. RHODES, Professor Emeritus of Geology and Chair Emeritus, Department of Geology and Geography
B.S., University of Missouri, 1969
M.A., Syracuse University, 1973
Ph.D., Syracuse University, 1973 (1998)

*FREDRICK J. RICH, Professor of Geology
B.S., University of Wisconsin, 1973
Ph.D., Pennsylvania State University, 1979 (1988)

*GREGORY A. RICH, Assistant Professor of Sport Management
B.S., James Madison University, 2002
M.S.A., Ohio University, 2004
M.B.A., Ohio University, 2004
Ph.D., University of Georgia, 2017 (2018)

*LEIGH ELIZABETH RICH, Professor of Public Health
B.A., University of Colorado-Denver, 1994
M.A., University of Arizona, 1997
Ph.D., University of Colorado-Denver, 2004 (2006)

DONNIE D. RICHARDS, Associate Professor Emeritus of Spanish and Chair Emeritus, Department of Foreign Languages
B.A., Texas Technological College, 1964
M.A., Texas Tech University, 1972
Ph.D., University of Kentucky, 1976 (1991)

M. VIRGINIA RICHARDS, Associate Professor Emerita of Family and Consumer Sciences Education
B.S.H.E., Texas Technological College, 1967
M.S.H.E., Texas Tech University, 1970
Ed.D., University of South Carolina, 1998 (1991)

EDWIN RICHARDSON, Assistant Professor Emeritus of English
B.A., University of South Florida
M.A., University of Maine (1989)

FRED A. RICHTER, Associate Professor Emeritus of Literature
B.A., Florida State University, 1964
Ph.D., Auburn University, 1971 (1969)

*CURTIS EUGENE RICKER, Dean, College of Arts and Humanities, and Professor of Writing and Linguistics
B.A., Brigham Young University, 1975
M.A., Brigham Young University, 1980

*BRYAN L. Riemann, Professor of Sports Medicine
B.S., West Chester University of Pennsylvania, 1995
M.A., University of North Carolina-Chapel Hill, 1997
Ph.D., University of Pittsburgh, 2000 (2006)

JESSICA MINIHAN Rigg, Coordinator of Continuing Resources and Associate Professor
B.A., Maryville College, 2005
M.S., University of Tennessee, 2007 (2010)

*AMY JO RIGGS, Associate Professor of Nutrition and Food Sciences
B.S., Indiana University, 1997
M.S., Ball State University, 2002
Ph.D., Auburn University, 2006 (2006)

REBECCA ELIZABETH RIGGS, Lecturer of Health and Kinesiology
B.S., Mercer University, 2007
M.S., Georgia Southern University, 2009 (2010)

DESIREE M. RILEY, Limited-Term Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2013
M.A., Georgia Southern University, 2016 (2015)

*JEFFREY K. RILEY, Assistant Professor of Multimedia Journalism
B.A., University of Central Florida, 2010
M.S., Ohio University, 2011
Ph.D., University of Florida, 2014 (2017)

*EDWARD J. RINALDUCCI, Associate Professor of Sociology
B.S., Florida State University, 1991
M.S., National Institute of Astrophysics, Optics, and Electronics, 1980
M.S., Tulane University, 1998
Ph.D., Tulane University, 2000 (2007)

KIMBERLY B. RINER, Limited-Term Instructor of Art
B.F.A., Georgia Southern University, 2010

*FERNANDO RIOS, Associate Professor of Electrical Engineering
B.S.C., National Polytechnic Institute, 1978
M.S., National Institute of Astrophysics, Optics, and Electronics, 1980
M.S., Tulane University, 1998
Ph.D., Tulane University, 2000 (2007)

*KENT ALLAN RITTSCHOF, Professor and Chair, Department of Curriculum, Foundations, and Reading
B.S., Arizona State University, 1988
M.A., Arizona State University, 1992
Ph.D., Arizona State University, 1994 (1994)

NICOLE RIVAS, Limited-Term Assistant Professor of Writing and Linguistics
B.A., California State University-San Bernadino, 2012
M.F.A., University of Alabama, 2016 (2017)

YVONNE A. ROACH, Lecturer of Chemistry
B.S., Armstrong Atlantic State University, 1988
B.S.N., Armstrong Atlantic State University, 1995
M.Ed., Armstrong Atlantic State University, 2008 (2016)

*JUDITH F. ROBBINS, Associate Professor of Elementary and Special Education
B.S., University of South Alabama, 1982
M.Ed., University of South Alabama, 1986
Ph.D., Florida State University, 1991 (1990)

ARNITA P. ROBERTS, Instructor of Nursing
B.S.N., Georgia Southern University, 1995
M.S.N., University of Phoenix, 2005 (2008)

*JAMES HENRY ROBERTS, Assistant Professor of Biology
B.S.F.R., University of Georgia, 2000
M.S., Virginia Tech, 2003
Ph.D., Virginia Tech, 2012 (2014)

*JONATHAN E. ROBERTS, Professor of Psychology and Associate Director, Honors Program
B.A., University of North Carolina-Wilmington, 1995
M.S., Virginia Polytechnic Institute and State University, 1999
Ph.D., Virginia Polytechnic Institute and State University, 2001 (2001)

JOSEPH ROBERTS, Lecturer of Mathematical Sciences
B.S., Missouri State University, 2012
M.S., Missouri State University, 2015 (2015)

*LYNN T. ROBERTS, Assistant Professor of Health and Physical Education
B.S.Ed., Armstrong State College, 1983

AURELIA ROBINSON, Associate Professor Emerita of Education
B.A., Spelman College
M.A., Atlanta University
Ph.D., University of Oklahoma (1972)

CHRISTOPHER A. ROBINSON, Limited-Term Assistant Professor of Psychology
B.A., New College of the University of South Florida, 1997
Ph.D., University of Alabama-Birmingham, 2004 (2017)

*HARESH ROCHANI, Assistant Professor of Biostatistics
M.B.B.S., Maharaja Sayajirao University of Baroda, 2007
M.P.H., Georgia Southern University, 2010
Dr.P.H., Georgia Southern University, 2014 (2014)

*KARLA JAN ROCKER, Academic Services Professional
B.M., New Mexico State University, 1988
M.M., Arizona State University, 1991
D.M., Florida State University, 2002 (2011)

*PAUL A. RODELL, Professor of History
B.A., Northern Illinois University, 1968
M.A., University of Buffalo, State University of New York, 1982
Ph.D., University of Buffalo, State University of New York, 1992 (1992)

CHRISTOPHER D. RODRIGUEZ, Lecturer of Nursing
A.A., Armstrong Atlantic State University, 2013
B.S.N., Armstrong Atlantic State University, 2014 (2017)

ROCIO RODRIGUEZ, Limited-Term Instructor of Spanish
B.A., Georgia Southern University, 2007
M.A., Georgia Southern University, 2016
M.A.T., Georgia Southern University, 2016 (2017)

*CRAIG H. ROELL, Professor of History
A.A., University of Houston-Victoria, 1974
B.A., University of Houston, 1977
M.A., University of Texas-Austin, 1980
Ph.D., University of Texas-Austin, 1986 (1989)

*BAKER A. ROGERS, Assistant Professor of Sociology
B.S., Presbyterian College, 2007
M.S.W., Winthrop University, 2011
Ph.D., Mississippi State University, 2015 (2017)

*CAMILLE F. ROGERS, Associate Professor
B.B.A., Eastern New Mexico University, 1991
M.B.A., Eastern New Mexico University, 1993
Ed.D., Georgia Southern University, 2006 (1994)

GERALD WESLEY ROGERS, Limited-Term Instructor of Mathematical Sciences
B.S.Ed., Georgia Southern University, 1995
M.S., Georgia Southern University, 1997

Ed.D., Georgia Southern University, 2017 (1997)

JOHN THADDEUS ROGERS, Associate Professor Emeritus of Physics
B.S., United States Naval Academy, 1950
M.S., Virginia Polytechnic Institute, 1958
Ph.D., Virginia Polytechnic Institute, 1963 (1965)

*PETER DAVID ROGERS, Associate Professor of Civil Engineering and Construction
B.S., Colorado School of Mines, 1991
M.S., Colorado School of Mines, 1995
Ph.D., Colorado State University, 2006 (2012)

RICHARD L. ROGERS, Professor Emeritus and Chair Emeritus, Department of Psychology
B.A., University of Arkansas, 1966
M.A., University of Arkansas, 1968
Ph.D., University of Arkansas, 1971 (1970)

SARAH A. ROGERS, Limited-Term Instructor of Criminal Justice and Criminology
B.A., University of Alabama-Birmingham, 2011
M.S., Mississippi State University, 2015 (2017)

*JOELLE E. ROMANCHIK-CERPOVICZ, Associate Professor of Nutrition and Food Science
B.A., Glassboro State College, 1991
Ph.D., Drexel University, 1996 (1996)

BARBARA ELLEN BROCK ROSS, Lecturer of Mathematical Sciences
B.S.Ed., Armstrong State College, 1989
M.Ed., Armstrong Atlantic State University, 1996
Ed.S., Georgia Southern University, 2003 (2016)

*SABRINA N. ROSS, Professor of Curriculum Studies
B.A., University of North Carolina-Greensboro, 1995
M.S., University of North Carolina-Greensboro, 2001

*CHRISTIAN L. ROSSETTI, Assistant Professor of Logistics and Supply Chain Management
B.E., McGill University, 1990
M.S., Worcester Polytechnic Institute, 2001
Ph.D., Arizona State University, 2006 (2016)

*STEPHEN J. ROSSI, Associate Dean for Institutional Effectiveness and Curriculum, Waters College of Health Professions, and Professor of Exercise Science
B.A., University of North Carolina-Wilmington, 1998
M.S., Appalachian State University, 2002
Ph.D., Oklahoma State University, 2006 (2006)

*DAVID C. ROSTAL, Professor of Biology
B.S., Pacific University, 1980
M.S., Portland State University, 1986
Ph.D., Texas A&M University, 1991 (1993)

JOSEPH ROUSSEAU, Limited-Term Instructor of Management
B.S., Rutgers University, 1978
M.A., Central Michigan University, 1982
J.D., Georgia State University, 1989 (2013)

*NALANDA ROY, Assistant Professor of Political Science
B.A., Jadavpur University, 1999
M.A., Jadavpur University, 2001
M.Phil., Jadavpur University, 2004
M.A., University of Toledo, 2008
Ph.D., Rutgers University, 2013 (2013)

CLARA R. RUCKER, Limited-Term Instructor of Geology

Ph.D., Virginia Tech, 2012 (2014)
B.A., University of Wisconsin-Madison, 2009
B.S., Georgia Southern University, 2014
M.S., University of Kentucky, 2017 (2017)

*JOSEPH S. RUHLAND, Associate Professor and Interim Chair, Department of Finance
B.B.A., University of Wisconsin, 1997
Ph.D., University of Georgia, 2006 (2006)

KRISTEN M. RUHLAND, Lecturer of Marketing
B.A., University of Wisconsin-Madison, 1998
M.B.A., Georgia Southern University, 2016 (2018)

*MARCELA TERESITA RUIZ-FUNES, Associate Professor of Spanish
B.A., Universidad Nacional de Cordoba, 1984
M.A.Ed., Virginia Tech, 1988

*AMY RUNDIO, Assistant Professor of Sport Management
B.S., Winthrop University, 2009
M.S.K., University of Texas-Austin, 2011
Ph.D., University of Texas-Austin, 2014 (2018)

*ALISON M. RUSHING, Instructor of Nursing
A.D.N., Armstrong State College, 1976
B.S.N., Medical College of Georgia, 1978
M.S.N., Medical College of Georgia, 1979
Ph.D., Virginia Commonwealth University, 2005 (2005)

*EDWARD J. RUSHTON, Associate Professor of Art
B.A., University of Iowa, 1989
M.A., University of Iowa, 1993
M.F.A., University of Iowa, 1994 (2008)

ANASTASIA N. RUSINA, Lecturer of Physics
B.S., Saint Petersburg State Polytechnical University, 2004
M.S., Saint Petersburg State Polytechnical University, 2006
Ph.D., Georgia State University, 2010 (2011)

*GREGORY A. RYAN, Assistant Professor of Exercise Science
B.S.Ed., Georgia Southwestern State University, 2008
M.S., Indiana University of Pennsylvania, 2009
Ph.D., University of Alabama-Tuscaloosa, 2012 (2016)

*REBECCA G. RYAN, Associate Professor of Psychology
B.A., Concord College, 2002
M.A., West Virginia University, 2004
Ph.D., West Virginia University, 2006 (2006)

S

*ASHRAF SAAD, Assistant Dean, Allen E. Paulson College of Engineering and Computing, and Professor of Computer Science
B.S., Ain Shams University, 1988
M.S., Cranfield Institute of Technology, 1992
Ph.D., Vanderbilt University, 1996 (2006)

YASSAMAN SAADATMAND, Professor and Chair, Department of Economics
B.S., NIOC College of Accountancy and Finance, 1975
M.B.A., James Madison University, 1979

*MARIANA SAENZ-AYALA, Assistant Professor of Economics
B.S., Universidad de los Andes, 2003
M.S., West Texas A&M University, 2005
M.S., University of Nebraska-Lincoln, 2010
Ph.D., University of Nebraska-Lincoln, 2014 (2014)

*ARPITA SAHA, Assistant Professor of Chemistry
B.S., University of Calcutta, 2002
M.S., Indian Institute of Technology, 2004
Ph.D., University of Florida, 2011 (2012)

SIRAJUS I. SALEKEEN, Limited-Term Assistant Professor of Mechanical Engineering
B.S., Bangladesh University of Engineering and Technology, 1986
M.S., Tuskegee University, 1992

CHRISTINA SALHI, Lecturer of Spanish
B.A., University of Louisville, 2001
M.A., University of Louisville, 2003
M.A.T., University of Louisville, 2005 (2013)

YOUSSEF SALHI, Senior Lecturer of Arabic
B.A., University of Hassan II, 1998
M.A., University of Louisville, 2009 (2012)

*BISWANATH SAMANTA, Associate Professor of Mechanical Engineering
B.T., Indian Institute of Technology-Kha, 1981

*HANI M. SAMAWI, Professor of Biostatistics
B.S., Yarmouk University, 1981
M.Stat., Yarmouk University, 1986
M.S., University of Iowa, 1991
Ph.D., University of Iowa, 1994 (2006)

MAURICIO PENA SANCHEZ, Senior Lecturer of Spanish
Licenciatura, Universidad Autonoma de Queretaro, 2006
M.A., Western Michigan University, 2008 (2010)

FREDERICK KIRKLAND SANDERS, Professor Emeritus of Literature
B.A., Wofford College, 1958
M.A., Emory University, 1963
Ph.D., University of Georgia, 1971 (1969)

ELIZABETH SARGENT, Limited-Term Assistant Professor of Biology
B.A., Roger Williams University, 2009
Ph.D., University of Southampton, 2014 (2017)

DONNA SAYE, Assistant Professor Emerita of Mathematics
B.S., Berry College, 1974
M.Ed., Georgia Southern College, 1977
Ed.S., Georgia Southern University, 1995
Ed.D., Georgia Southern University, 2002 (1988)

NEAL SAYE, Associate Professor Emeritus of Writing and Linguistics
B.S., Berry College, 1974
M.A., Georgia Southern College, 1978
Ed.D., Georgia Southern University, 2002 (1988)

*ADEL ELSHAHAT LOTFY SAYEDAHMED, Assistant Professor of Electrical Engineering
B.E.E., Zagazig University, 1999
M.S., Zagazig University, 2004
Ph.D., The Ohio State University and Zagazig University, 2011 (2014)

*JAMIE E. SCALERA, Associate Professor of Political Science and International Studies
B.A., Stetson University, 2005
M.A., University of Florida, 2007
Ph.D., University of Illinois at Urbana-Champaign, 2012 (2012)

KATHLEEN ELLEN SCHAEFER, Assistant Professor of Physical Therapy
B.A., University of Virginia, 1980
M.B.A., College of William and Mary, 1990
M.S., Armstrong Atlantic State University, 2001

*HANS-JORG SCHANZ, Associate Professor of Chemistry
M.S., Universitat Bayreuth, 1995

*JOHN JEFFREY SCHENK, Assistant Professor of Biology
B.S., Oregon State University, 2003

*XIZHEN D. SCHENK, Lecturer of Geology
B.S., Anhui Agricultural University, 2003
M.S., Southern Illinois University, 2006
Ph.D., Florida State University, 2012 (2015)

*JEFFREY C. SCHIMAN, Assistant Professor of Economics
B.A., Calvin College, 2009
M.A., University of Illinois-Chicago, 2012
Ph.D., University of Illinois-Chicago, 2016 (2016)

*JARED SCHLIEPER, Associate Professor of Mathematical Sciences
B.S., University of Missouri-Columbia, 2000
M.S., University of Missouri-Columbia, 2004
Ph.D., University of Missouri-Columbia, 2008 (2008)

*WILLIAM SCHMID, Associate Professor of Music
B.M., University of Dayton, 1979
M.M.Ed., North Texas State University, 1981

JOHN C. SCHMIDT, Professor Emeritus of Art
M.M., Ohio University, 1972 (1979)

*JEFFREY M. SCHMUKI, Associate Professor of Art
B.F.A., Northern Arizona University, 1993

WARREN SCHOLLAERT, Associate Professor Emeritus of Education
B.A., Arizona State University
M.A., Roosevelt University
Ed.D., University of Georgia (1989)

JUDITH H. SCHOMBER, Professor Emerita of Spanish
B.A., Florida State University, 1969
M.A., Florida State University, 1971
Ph.D., Florida State University, 1975 (1976)

*JOANNA SCHREIBER, Assistant Professor of Writing and Linguistics
B.S., Dakota State University, 2005
M.S., Michigan Technological University, 2007
Ph.D., Michigan Technological University, 2013 (2013)

*AARON SCHREY, Associate Professor of Biology
B.S., University of Evansville, 1999
M.S., Southern Illinois University-Carbondale, 2001

NATALIE M. SCHREY, Lecturer of Biology
B.S., McKendree University, 2000
M.S., Southern Illinois University-Carbondale, 2003 (2016)

*MARTHA L. SCHRIVER, Professor Emerita of Teaching and Learning
B.S.Ed., Bowling Green State University, 1970
M.Ed., University of Toledo, 1988
Ph.D., University of Toledo, 1992 (1992)

*APRIL M. SCHUETHS, Associate Professor of Sociology
B.A., University of Nebraska, 1997
M.S.W., University of Nebraska-Omaha, 2000
Ph.D., University of Nebraska, 2009 (2010)

LUCINDA D. SCHULTZ, Professor Emerita of Music
B.S., Dickinson State College, 1974
M.M., Colorado State University, 1976

AMANDA ANNE SCHUMACHER, Lecturer of Writing and Linguistics
B.A., Luther College, 2004
M.A., Iowa State University, 2008
M.F.A., Minnesota State University-Mankato, 2011 (2011)

*RACHEL DEBRA SCHWARTZ, Associate Professor of Health Policy and Community Health
B.A., Hebrew University, 1984
M.F.A., Washington University in Saint Louis, 1995
Ph.D., Washington University in Saint Louis, 2002
M.S., Saint Louis University, 2008 (2012)

*JESSICA S. SCHWIND, Assistant Professor of Epidemiology
B.S., Virginia Institute of Technology, 2005
M.P.H., New York Medical College, 2007
Ph.D., University of California-Davis, 2013 (2017)

*ANGELITA LORRAINE SCOTT, Assistant Professor of Interior Design
B.S., University of Minnesota, 1999
M.S., University of Minnesota, 2014
Ph.D., University of Minnesota, 2015 (2015)

*HEATHER C. SCOTT, Instructor of Science Education
B.S., University of Georgia, 1993
M.A., Texas Tech University, 1995
Ed.D., Georgia Southern University, 2013 (2007)

*MARC A. SCOTT, Assistant Professor of Logistics and Supply Chain Management
B.S., South Carolina State University, 2004
M.S., South Carolina State University, 2006
Ph.D., North Dakota State University, 2011 (2018)

*DAVID WILLIAM SEAMAN, Professor Emeritus of Foreign Languages
B.A., College of Wooster, 1962
A.M., Stanford University, 1964
Ph.D., Stanford University, 1970 (1992)

*PAMELA ZEIGLER SEARS, Professor of Theatre
B.A., University of South Carolina-Columbia, 1992

*JEFFERY SECREST, Associate Professor of Physics
B.S., University of Cincinnati, 1997
M.S., College of William and Mary, 2001
Ph.D., College of William and Mary, 2006 (2009)

*CHRISTIN SEIFERT, Assistant Professor of Fashion Merchandising and Apparel Design
B.Engr., Reutlingen University, 2008
M.S., Auburn University, 2011
Ph.D., Auburn University, 2017 (2017)

TONYA RENE SELLARS, Lecturer of Nursing
B.S.N., Georgia Southern College, 1988
M.S.N., Georgia Southern University, 1996
D.N.P., Augusta University, 2018 (2010)

*OMID SEMIARI, Assistant Professor of Electrical Engineering
B., University of Tehran, 2010
M.S., University of Tehran, 2012
Ph.D., Virginia Tech, 2017 (2017)

*KERRIE M. SENDALL, Assistant Professor of Biology
B.S., California State University-San Marcos, 2004
M.S., California State University-San Marcos, 2006
Ph.D., University of Minnesota-Twin Cities, 2012 (2016)

*BARBARA ANNE SERIANNI, Assistant Professor of Special Education
B.A., Mount Saint Mary’s University, 1993
M.A., Georgetown University, 1997
Ph.D., University of Florida, 2004 (2016)

DIANA MILLER SERRANO, Lecturer of Spanish
B.A., University of California-San Diego, 1997
M.A., Georgetown University, 1999
Ph.D., University of Florida, 2004 (2016)

*JARED Y. SEXTON, Associate Professor of Writing and Linguistics
B.S., Indiana State University, 2005

ANTWON L. SHADE, Adjunct Assistant Professor of Military Science
Staff Sergeant, U.S. Army (2017)

*GULZAR HUSSAIN SHAH, Professor and Chair, Department of Health Policy and Community Health
B.S., University of Punjab, 1984
M.S., University of Punjab, 1987
M.S.S., Utah State University, 1990
Ph.D., Utah State University, 1995 (2012)

*MOHAMMED ABID SHAIKH, Associate Professor of Chemistry
B.S., University of Pune, 1998
M.S., University of Pune, 2000
Ph.D., University of Massachusetts-Boston, 2007 (2010)

*NATHANIEL SHANK, Assistant Professor of Chemistry
B.S., Eastern Mennonite University, 2004
M.S., Carnegie Mellon University, 2009

*PADMINI SHANKAR, Professor of Nutrition and Food Science
B.S., University of Madras, 1984
M.S., University of Madras, 1988
M.S., University of Central Oklahoma, 1993
Ph.D., Texas Tech University, 1997 (1997)

*PEGGY SHANNON-BAKER, Assistant Professor of Educational Research
B.A., Wheaton College, 2007
M.A., University of Cincinnati, 2010
Ph.D., University of Cincinnati, 2015 (2017)

*YUANZHEN SHAO, Assistant Professor of Mathematical Sciences
B.S., Fudan University, 2007
M.S., New York University, 2010
Ph.D., Vanderbilt University, 2015 (2017)

*JUNAN SHEN, Professor of Civil Engineering
B.S., Southeast University, 1985
M.S., Southeast University, 1990
M.S., Chalmers University of Technology, 1997
Ph.D., Saga University, 2000 (2005)

RONALD E. SHIFFLER, Professor Emeritus of Quantitative Analysis and Dean Emeritus, College of Business Administration
B.S., University of North Carolina-Greensboro, 1970
M.S., Bucknell University, 1972

M.Stat., University of Florida, 1974

*HYUNJU SHIN, Assistant Professor of Marketing
B.B.A., Sookmyung Women’s University, 2007
M.S., University of Alabama, 2008
Ph.D., University of Alabama, 2013 (2015)

*MINCHUL SHIN, Assistant Professor of Mechanical Engineering
B.Engr., Kyungpook National University, 2005
M.S.B.M.E., University of Alabama, 2007
Ph.D., Tufts University, 2012 (2014)

CHARLES SHIPLEY, Professor Emeritus of Computer Science
B.A., University of North Dakota
M.A., University of Nebraska
M.S., Georgia Institute of Technology
Ph.D., University of Nebraska (1972)

GEORGE H. SHRIVER, Professor Emeritus of History
B.A., Stetson University, 1953
B.D., Southeastern Baptist Theological Seminary, 1956
Ph.D., Duke University, 1961 (1973)

NANCY SHUMAKER, Professor Emerita of Spanish
B.A., Swarthmore College, 1967
M.A., University of Georgia, 1973
Ph.D., University of Georgia, 1977 (1982)

*ANTHONY J. SICCARDI III, Assistant Professor of Biology
B.S., Long Island University, 1995
M.S., New Jersey Institute of Technology, 1998
M.S., Texas A&M University-Corpus Christi, 2004
Ph.D., Texas A&M University-College Station, 2006 (2018)

DONALD WAYNE SIDA, Associate Professor Emeritus of Early Childhood Education
B.Ed., Chicago Teachers College, 1963
M.A., Roosevelt University, 1966
Ph.D., University of South Carolina, 1969 (1969)

SALMAN A. SIDDIQUI, Lecturer of Electrical Engineering
B.S., Florida State University, 2000
M.S., Florida State University, 2002
Ph.D., Florida State University, 2012 (2013)

*NICHOLAS J. SIEKIRK, Assistant Professor of Kinesiology
B.A., Adrian College, 2010
M.S., Oakland University, 2012
Ph.D., Wayne State University, 2018 (2018)

CYNTHIA F. SIKES, Assistant Professor Emerita of Mathematics
B.A., Georgia College, 1971
M.S., Clemson University, 1973 (1980)

*DAVID SILBAUGH, Adjunct Assistant Professor of Military Science
Staff Sergeant, U.S. Army (2017)

*ANDREW V. SILLS, Professor of Sociology
A.A., Adirondack Community College, 1998
B.A., State University of New York at Oswego, 2000
M.A., University of Nevada-Las Vegas, 2002

*ERIC O. SILVA, Associate Professor of Sociology
B.A., Rutgers University-New Brunswick, 1989
M.A., Pennsylvania State University, 1994
Ph.D., University of Kentucky, 2002 (2007)
Ph.D., University of California-Davis, 2009 (2010)

*BISHAL SILWAL, Assistant Professor of Mechanical Engineering
B.M.E., Tribhuvan University, 2004
M.S., St. Cloud State University, 2009
Ph.D., Utah State University, 2013 (2014)

*JACK RUSSELL SIMMONS, Professor of Philosophy
B.A., Louisiana State University and A&M College, 1987
M.A., Louisiana State University and A&M College, 1990
Ph.D., Tulane University, 1997 (2006)

EMMA SIMON, Dean Emerita, Graduate Studies, and Professor Emerita of Health Sciences
B.S., Armstrong State College
M.H.E., Medical College of Georgia
Ed.D., University of South Carolina (1974)

*JACOB V. SIMONS, Professor of Operations Management
B.S., United States Air Force Academy, 1977
M.A., Ball State University, 1980
M.S., Troy State University, 1982
Ph.D., University of Houston, 1989 (1997)

CAROL L.S. SIMONSON, Associate Professor Emerita of Nursing
B.S.N., Cornell University New York High School of Nursing, 1960
M.Ed., University of Florida, 1963
Ph.D., University of New Mexico, 1990 (1992)

HOPE WALLACE SIMPARA, Assistant Professor of Fashion Merchandising and Apparel Design
B.A., Howard University, 2000

*ANASTATIA SIMS, Professor of History
B.A., University of Texas, 1974
M.A., University of North Carolina-Chapel Hill, 1976
Ph.D., University of North Carolina-Chapel Hill, 1985 (1987)

ROY JESSE SIMS, Professor Emeritus of Physical Education
B.S., David Lipscomb College
M.S., University of Tennessee
Ed.D., Louisiana State University and A&M College (1995)

*STEPHANIE R. SIPE, Professor of Legal Studies
B.A., Wake Forest University, 1987
J.D., University of Georgia, 1990
M.S.Ed., James Madison University, 2005 (2005)

*VINOTH KUMAR SITTARAMANE, Associate Professor of Biology
B.V.Sc., Pondicherry University, 2000
M.V.Sc., Indian Veterinary Research Institute, 2002
Ph.D., University of Missouri, 2008 (2012)

CHARLES A. SKEWIS, Head Acquisitions Librarian Emeritus and Assistant Professor Emeritus
A.A.S., Iowa Lakes Community College, 1975
B.S., University of Wisconsin-Platteville, 1977

*CATHY J. SKIDMORE HESS, Associate Professor of History
A.B., Mount Holyoke College, 1986
M.A., University of Wisconsin, 1988
Ph.D., University of Wisconsin, 1995 (1995)

*DANIEL SKIDMORE-HESS, Associate Dean, College of Behavioral and Social Sciences, and Professor of Political Science
B.A., Oberlin College, 1985
M.A., University of Wisconsin-Madison, 1987

*DEBRA G. SKINNER, Head, Collection and Resource Services, Catalog Librarian, and Associate Professor
B.A., Georgia Southern College, 1973
M.Ed., Georgia Southern College, 1978
Ed.S., Georgia Southern College, 1983
M.L.S., University of South Carolina, 1991 (2001)

*ALAN W. SKIPPER, Assistant Professor of Nursing
A.S.N., College of Coastal Georgia, 2005
B.S.N., Georgia Southern University, 2008
M.S.N., Valdosta State University, 2012

*D. JASON SLONE, Professor of Religious Studies
B.A., College of Wooster, 1995
M.A., The Ohio State University, 1999
Ph.D., Western Michigan University, 2002 (2015)

*STACY W. SMALLWOOD, Assistant Professor of Community Health Behavior and Education
B.S., Wake Forest University, 2001
M.P.H., University of South Carolina, 2003
Ph.D., University of South Carolina, 2013 (2014)

CHASEN G. SMITH, Lecturer of Mathematical Sciences
B.S.Mat., Georgia Southern University, 2009
M.S., Georgia Southern University, 2011 (2012)

*CHELDA SMITH, Assistant Professor of Early Childhood Education
B.A., Drake University, 1963
M.S., University of Kentucky, 1966
Ph.D., University of Kentucky, 1969 (1994)

FREDERICK WHITE SMITH JR., Professor Emeritus and Head Emeritus of Access Services
A.B.J., University of Georgia, 1975
M.S., Florida State University, 1976 (1986)

GINA B. SMITH, Limited-Term Instructor of Geology
B.S., University of West Georgia, 2011
M.S., University of Tennessee, 2014 (2017)

*JAMES M. SMITH, Professor of English
B.A., Berry College, 1984
M.A., Vanderbilt University, 1985
Ph.D., Vanderbilt University, 1989 (1990)

JANEL JANICZEK SMITH, Lecturer of Mathematical Sciences
B.V.Sc., Pondicherry University, 2000
M.V.Sc., Indian Veterinary Research Institute, 2002
Ph.D., University of Missouri, 2008 (2012)

CHARLES A. SKEWIS, Head Acquisitions Librarian Emeritus and Assistant Professor Emeritus
A.A.S., Iowa Lakes Community College, 1975
B.S., University of Wisconsin-Platteville, 1977

*CATHY J. SKIDMORE HESS, Associate Professor of History
A.B., Mount Holyoke College, 1986
M.A., University of Wisconsin, 1988
Ph.D., University of Wisconsin, 1995 (1995)

*DANIEL SKIDMORE-HESS, Associate Dean, College of Behavioral and Social Sciences, and Professor of Political Science
B.A., Oberlin College, 1985
M.A., University of Wisconsin-Madison, 1987
Ph.D., University of Michigan, 2010 (2010)

**KRISTI LYNN SMITH**, Catalog/Metadata Librarian and Instructor
B.A., Georgia State University, 2003
M.L.I.S., University of South Carolina-Columbia, 2011 (2016)

**LISA PURSLEY SMITH**, Information Services Librarian and Associate Professor
B.A., Brenau University, 1988
M.L.S., University of Alabama, 1989
B.S., Georgia Southern University, 1995

**REED W. SMITH**, Professor of Communication Arts
B.S.Com., Ohio University, 1972
M.A., Bowling Green State University, 1973
Ph.D., Ohio University, 1993 (1994)

**SOLOMAN K. SMITH**, Associate Professor of History
B.A., College of William and Mary, 1998
M.A., Virginia Commonwealth University, 2000
Ph.D., University of Georgia, 2009 (2010)

**SUE L. SMITH**, Assistant Professor Emerita of Housing and Equipment
B.S., Western Kentucky University, 1955
M.A., Indiana State University, 1960 (1971)

**TOM D. SMITH**, Assistant Professor Emeritus of Sport Science and Physical Education
B.S., Indiana State University, 1953
M.S., Indiana State University, 1959
M.S., Indiana University, 1971 (1971)

**WILLIAM L. SMITH**, Professor of Sociology
B.A., Loras College, 1978
M.A., Marquette University, 1980
Ph.D., University of Notre Dame, 1984 (1994)

**WILLIAM ROBERT SMITH**, Associate Professor Emeritus of Economics
B.S.Ed., Georgia Teachers College, 1949
M.B.A., Georgia Southern College, 1972 (1973)

**RONALD L. SNARR**, Assistant Professor of Health and Kinesiology
B.S., Pennsylvania State University, 2005
M.Ed., Auburn University-Montgomery, 2013
Ph.D., University of Alabama-Tuscaloosa, 2017 (2017)

**LOWELL DWIGHT SNEATHEN JR.**, Associate Professor of Accounting
B.S.B.A., University of Arizona, 1996
M.Acc., University of Arizona, 2000
Ph.D., University of Arizona, 2001 (2005)

**DEAN ANDREW SNELLING**, Assistant Professor of Manufacturing Engineering
B.S.Engr., University of South Carolina-Columbia, 2008
M.S., University of South Carolina-Columbia, 2011
Ph.D., Virginia Tech, 2015 (2017)

**ERICA KATHLEEN SNIPE**, Lecturer of Physics
B.S., Wittenberg University, 2009
M.S., Auburn University-Main Campus, 2013 (2016)

**LINA BELL SOARES**, Professor of Middle Grades and Secondary Education
B.A., University of North Carolina-Greensboro, 1974
M.S., National University, 1993
Ph.D., University of North Carolina-Charlotte, 2009 (2009)

**PAUL SOBAJE**, Assistant Professor of Mathematical Sciences
B.S., University of California-Los Angeles, 1998
M.A., University of Southern California, 2008
Ph.D., University of Southern California, 2011 (2018)

**VALENTIN A. SOLOIU**, Allen E. Paulson Distinguished Chair in Renewable Energy and Professor of Mechanical and Electrical Energy
Ph.D., Polytechnic University Bucharest, 1997 (2008)

**JIMMY L. SOLOMON**, Professor Emeritus of Mathematical Sciences
B.S., University of Mississippi, 1964
M.S., Mississippi State University, 1966
Ph.D., Texas A&M University, 1972 (1995)

**CARL H. SORGEN**, Assistant Professor of Educational Leadership in Higher Education
B.S., Ohio University, 1999
M.A., New York University, 2006
Ph.D., Pennsylvania State University, 2011 (2017)

**BRIANA A. SOSENHEIMER**, Limited-Term Assistant Professor of Music
B.M., Hope College, 2010
M.M., Bowling Green State University, 2012
D.A., Ball State University, 2015 (2018)

**ARTHUR G. SPARKS**, Professor Emeritus and Chair Emeritus, Department of Mathematics and Computer Science
B.S.Ed., Georgia Southern College, 1960
M.Ed., University of Georgia, 1962
M.A., University of Florida, 1964
Ph.D., Clemson University, 1969 (1964)

**JESSICA Y. SPEARMAN**, Limited-Term Instructor of Writing and Linguistics
B.A., Georgia Southern University, 2012
M.A., Georgia Southern University, 2014 (2013)

**KAREN SPEARS**, Clinical Instructor and Dietetic Internship Program Director
B.S., University of Washington, 1982
M.S., Boston University, 1986
Ph.D., University of Washington, 2001 (2017)

**LEON E. SPENCER**, Professor Emeritus of Leadership, Technology, and Human Development
B.A., Park College, 1976
M.A., Ball State University, 1979
Ed.S., Ball State University, 1982
Ed.D., Ball State University, 1983 (1994)

**CURTIS R. SPROUL**, Assistant Professor of Management
B.S., Pennsylvania State University, 2001
M.B.A., Waynesburg University, 2003
M.A., West Virginia University, 2012
Ph.D., West Virginia University, 2017 (2017)

**PATRICK O. SPURGEON**, Professor Emeritus of English
B.A., Emory and Henry College, 1952
M.A., University of Tennessee, 1958
Ph.D., University of Tennessee, 1963 (1966)

**LAWRENCE D. STALCUP**, Associate Professor Emeritus of Hospitality Management
B.S., Cornell University, 1977
M.P.S., Cornell University, 1980
Ph.D., Purdue University, 1997 (1997)
ROSE MARIE STALLWORTH CLARK, Associate Professor Emerita of Curriculum, Foundations, and Reading
B.S., Huntingdon College, 1965
M.Ed., Georgia Southern College, 1982
Ph.D., University of Georgia, 1996 (1981)

*LAURA A. STAMBAUGH, Associate Professor of Music
B.M., Ithaca College, 1994
M.M., Northwestern University, 2000
Ph.D., University of Washington, 2009 (2010)

THOMAS PATTON STEADMAN, Professor Emeritus of Art
B.S., East Tennessee State University, 1971
M.F.A., East Tennessee State University, 1973 (1973)

*ERYN M. STEHR, Assistant Professor of Mathematics Education
B.S., Utah State University, 2005
M.A., Minnesota State University, 2007
Ph.D., Michigan State University, 2017 (2017)

*JANICE N. STEIRN, Associate Professor of Psychology
A.B., West Virginia University, 1979
M.S., University of Georgia, 1982
Ph.D., University of Georgia, 1985 (1991)

JACQUELYN STEPHENS, Professor Emerita of Education
B.S., Savannah State College
M.S., Illinois State University
Ed.D., University of Oklahoma (1979)

*JAMES H. STEPHENS, Associate Professor of Health Policy and Community Health
B.S., Indiana University, 1972
M.H.A., Indiana University-Purdue, 1974

JAMES C. STEPHENS, Associate Professor Emeritus of Middle Grades and Secondary Education
B.S.Ed., Georgia Southern College, 1969
M.S.T., Georgia Southern College, 1972
Ed.S., Georgia Southern College, 1973
Ed.D., University of Georgia, 1988 (1990)

*ALMA DEL ROSARIO STEVENSON, Associate Professor of Reading Education
Lic., Instituto Tecnologico y de Estudios Superiores de Monterrey, 1978
M.Ed., University of Texas-El Paso, 2005
Ph.D., New Mexico State University, 2011 (2011)

*AMANDA LYNN STEWART, Associate Professor of Chemistry
B.S.Chem., Georgia Southern University, 2003
Ph.D., University of North Carolina-Chapel Hill, 2009 (2012)

CHARLEN K. STEWART, Assistant Professor Emeritus of Middle Grades and Secondary Education
B.S.Ed., Texas Technological College, 1966

*ERROL G. STEWART, Associate Professor of Accounting
B.S., University of the West Indies, 1978
M.S., University of the West Indies, 1981
Ph.D., Florida Atlantic University, 2012 (2012)

LEWIS M. STEWART, Assistant Professor Emeritus of Finance
B.S., Harding College, 1957

*STEVEN STEWART, Associate Professor of Management
B.S.B.A., University of Florida, 1991
M.Div.Bl., Southwestern Baptist Theological Seminary, 1995

Ph.D., Florida Atlantic University, 2014 (2013)

*MAUREEN THERESE STOBB, Assistant Professor of Political Science and International Studies
B.A., College of New Jersey, 1998
J.D., University of Notre Dame, 2002
M.A., University of Texas-Dallas, 2012
Ph.D., University of Texas-Dallas, 2015 (2015)

*ALEXANDER M. STOKOLOS, Associate Professor of Mathematical Sciences
B.S., Odessa National University, 1982
M.S., Odessa National University, 1982
Ph.D., University of Worclaw, 1998 (2009)

*DAVID R. STONE, Professor Emeritus of Mathematics
B.S., Georgia Institute of Technology, 1964
Ph.D., University of South Carolina, 1968 (1968)

JANET D. STONE, Associate Professor Emerita of History
A.B., Randolph-Macon Women's College
M.A., Purdue University
Ph.D., Emory University (1975)

*JOHN WILLIAM STONE, Assistant Professor of Chemistry
B.S., Armstrong Atlantic State University, 2002
M.S., University of South Carolina, 2006
Ph.D., University of South Carolina, 2008 (2013)

*MELANIE L. STONE, Assistant Professor of Broadcasting
B.A., Old Dominion University, 1978
M.S., Mississippi College, 1999
Ph.D., University of Mississippi, 2005 (2005)

CEDRIC STRATTON, Professor Emeritus of Chemistry
Ph.D., University of London (1965)

*BEVERLY A. STRAUSER, Instructor Emerita of Teaching and Learning
B.S., University at Albany, State University of New York, 1985

*JAMES ALLAN STREATER, Associate Dean, Waters College of Health Professions, and Professor of Health Sciences
B.A., University of South Carolina-Columbia, 1971
M.Ed., University of South Carolina-Columbia, 1974

JAMES F. STRICKLAND, Professor Emeritus of Mathematics Education
B.S.Ed., University of Georgia, 1964
M.Ed., University of Georgia, 1966
Ed.D., University of Georgia, 1968 (1981)

GLORIA J. STUART, Lecturer of Accounting
B.B.A., Georgia Southern University, 1998
M.Acc., Georgia Southern University, 1999 (2004)

LISA MICHELLE STUEVE, Limited-Term Assistant Professor of STEM
B.S.Ed., Georgia Southern University, 1998
M.Ed., University of Georgia, 1999
Ph.D., University of Georgia, 2004 (2015)

*DIANA STURGES, Professor of Human Anatomy and Physiology
M.D., State Medical University, 1997

*BRADLEY R. STURZ, Associate Director of Assessment and QEP, Office of Institutional Effectiveness, and Professor of Psychology
B.A., Auburn University, 2002
M.S., Auburn University, 2004
Ph.D., Auburn University, 2007 (2011)

*HONGJUN SU, Associate Professor of Computer Science
B.S., Sichuan University, 1991
M.S., Sichuan University, 1994
Ph.D., University of Dayton, 2001 (2002)

*JORGE W. SUAZO, Associate Professor of Spanish
B.A., University of Chile-Nuble Branch, 1979
M.A., Ohio University, 1986
Ph.D., The Ohio State University, 1996 (1993)

*STANLEY SUBOLESKI, Lecturer of Management
B.S., Syracuse University, 1984
M.S., University of Nevada-Las Vegas, 2006
Ph.D., University of Nevada-Las Vegas, 2012 (2013)

JOHN SUCHOWER, Assistant Professor Emeritus of Drama
B.A., Fairfield University
M.A., University of Detroit (1969)

JOHN F. SULLIVAN, Limited-Term Instructor of History
B.A., Charter Oak State College, 1999
B.A., Georgia State University, 2009
M.A., Georgia State University, 2012
Ph.D., Georgia State University, 2018 (2018)

*KELLY SULLIVAN, Assistant Professor of Epidemiology
B.A., University of West Florida, 1999
M.S.P.H., University of South Florida, 2002
Ph.D., University of South Florida, 2011 (2014)

LACE ANN SVEC, Senior Lecturer of Biology
B.S., University of Oklahoma, 2003
Ph.D., Michigan State University, 2009 (2009)

KIMBERLY R. SWANSON, Lecturer of Mathematical Sciences
B.S., Marquette University, 1991

KARA B. SWEENEY, Lecturer of Anthropology
B.A., University of South Carolina-Columbia, 1995
M.A., University of College Cork, 1999

*THOMAS P. SWEENEY, Assistant Professor of Recreation and
Tourism Management
B.A.C., Bowling Green State University, 2007
M.Ed., Bowling Green State University, 2009
Ph.D., Middle Tennessee State University, 2015 (2016)

MATTHEW J. SYNO, Limited-Term Instructor of Health and
Kinesiology
B.S., Elon University, 2000
M.S.Ed., Old Dominion University, 2004 (2014)

*MANOUCHEHR TABATABAEI, Associate Professor of Information Systems
B.S., California State University-Hayward, 1984
M.B.A., Golden Gate University, 1985

*MARIAN M. TABI, Professor of Nursing
B.S., Mundelein College, 1988
B.S.N., Pace University-Pleasantville, 1990
M.S., University of Illinois-Chicago, 1994
Ph.D., University of Illinois-Chicago, 1999 (1999)

*NELSON J. TACY, Lecturer of Mechanical Engineering
B.S., Cornell University, 2000
M.Eng., Rensselaer Polytechnic Institute, 2003
Ph.D., Rensselaer Polytechnic Institute, 2006 (2014)

*HELEN McKENZIE TAGGART, Professor of Nursing
B.S., Armstrong College, 1978
M.S.N., Georgia Southern University, 1992
Ph.D., University at Alabama-Birmingham, 2000 (1992)

*HOSSEIN TAHERI, Assistant Professor of Manufacturing Engineering
B.S., Power and Water University of Technology, 2004
M.S., South Dakota State University, 2014
Ph.D., Iowa State University, 2018 (2016)

*NATHAN J. TAKAS, Academic Professional and Instructor of
Chemistry
B.S., Youngstown State University, 2003
Ph.D., Duquesne University, 2008 (2015)

*CHANCHAL B. TAMRAKAR, Assistant Professor of Marketing
B.S.E., National Institute of Technology, 2003
M.B.A., Kathmandu University, 2006
M.B.A., University of Wisconsin-Madison, 2009
Ph.D., University of Iowa, 2016 (2016)

BARBARA G. TANENBAUM, Professor Emerita of Dental Hygiene
B.S., Medical College of Georgia, 1971
M.Ed., Armstrong State College, 1982
Ed.D., University of Georgia, 1988 (1972)

*YELENA N. LYTTLE TARASENKO, Associate Professor of Epidemiology
B.A., Vladimir State University, 2002
M.P.A., Southern Illinois University, 2004
M.P.H., University of Kentucky, 2009
Dr.P.H., University of Kentucky, 2011 (2012)

*JASON R. TATLOCK, Associate Professor of History
B.Th., Prairie Bible College, 1997
M.A., Jerusalem University College, 1999
M.A., University of Michigan-Ann Arbor, 2001

JANNA C. TAULBEE, Assistant Professor Emerita of Child and
Family Development
B.S., Florida State University, 1968
M.Ed., Georgia State University, 1980
Ed.S., Georgia Southern College, 1986 (1985)

LARRY TAYLOR, Associate Professor Emeritus of Political Science
and Public Administration
B.A., Morehouse College, 1964
M.A., Wayne State University, 1968
Ph.D., Wayne State University, 1974 (1984)

MATTHEW S. TAYLOR, Limited-Term Assistant Professor of
Anthropology
B.A., Angelo State University, 1998
M.A., Texas Tech University, 2001
Ph.D., University at Albany, State University of New York, 2006 (2017)

ROBERT TAYLOR, Instructor of Mathematical Sciences
B.S., Georgia Southern University, 1997
M.S., Georgia Southern University, 2006 (2016)

*SHARON E. TAYLOR, Professor and Chair, Department of
Mathematical Sciences
B.S.Ed., Southwest Texas State University, 1987
M.A., Sam Houston State University, 1989
Ph.D., Texas A&M University, 1993 (1996)

*H. CHRISTIAN TECKLENBURG, Assistant Professor of Political Science
B.A., University of South Carolina-Columbia, 2002
M.A., University of Florida, 2010

*KIMBERLY MARTIN TECKLENBURG, Assistant Professor of Political Science and International Studies
B.A., Sweet Briar College, 2003
M.A., University of Florida, 2007

*STUART H. TEDDERS, Associate Dean for Academic Affairs, Jiann-Ping Hsu College of Public Health, and Professor of Epidemiology
B.S., Georgia Southern College, 1987
M.S., Clemson University, 1989
Ph.D., University of South Carolina, 1994 (2000)

*TIMOTHY M. TEETER, Associate Professor of History
A.B., Columbia University, 1976
M.A., Columbia University, 1980
M.Phil., Columbia University, 1983
Ph.D., Columbia University, 1989 (1991)

*JOSEPH TELFAIR, Associate Dean for Practice and Research, Jiann-Ping Hsu College of Public Health, Karl E. Peace Distinguish Chair, and Professor of Community Health
B.A., California State University-Northridge, 1979
M.S.W., University of California-Berkeley, 1982
M.P.H., University of California-Berkeley, 1983
Dr.P.H., The Johns Hopkins University, 1992 (2013)

*ROBERT TERRY, Assistant Professor of Writing and Linguistics
B.A., University of Texas-Dallas, 2005
M.A., University of Louisville, 2008
Ph.D., University of Louisville, 2013 (2013)

*RUSSELL FRANK THACKSTON, Assistant Professor of Information Technology
B.B.A., Georgia Southern University, 1996
M.S., Georgia State University, 2006
Ph.D., Auburn University, 2013 (2013)

KELLY PARSONS THARP, Instructor of Educational Foundations
B.A., Harvard University, 1987
M.A.Ed., College of William and Mary, 1991

*BILLY MCKINLEY THOMAS, Associate Professor of Health Sciences
B.A., Georgia College, 1988
M.Ed., Georgia College, 1989

CHARLES S. THOMAS, Professor Emeritus of History
B.A., University of Tennessee, 1972
M.A., University of Tennessee, 1974
Ph.D., Vanderbilt University, 1983 (1983)

*DEBORAH M. THOMAS, Associate Dean of Undergraduate Teacher Education and Accreditation, College of Education, and Associate Professor of Elementary and Special Education
B.S., Florida State University, 1976
M.S., Florida State University, 1979
Ph.D., Florida State University, 1991 (1991)

JAMES E. THOMAS, Lecturer of Health Policy and Community Health
B.S.H.S., Georgia Southern University, 2013

M.P.H., Georgia Southern University, 2015 (2018)

*MICHAEL L. THOMAS, Associate Professor and Chair, Department of Marketing
B.B.A., Saint Norbert College, 1986
M.B.A., Southern Illinois University, 1990

PAMELA SUE THOMASON, Professor Emerita of Recreation
B.A., Purdue University, 1968
M.S., Purdue University, 1971
Ph.D., Texas A&M University, 1980 (1973)

ANNE W. THOMPSON, Associate Professor Emeritus of Physical Therapy
B.S., College of William and Mary, 1977
M.S., Duke University, 1979
Ed.D., Georgia Southern University, 1998 (1994)

CORAL A. THOMPSON, Limited-Term Instructor of Biology
B.S., Armstrong Atlantic State University, 2012
M.M.S., Savannah State University, 2016 (2018)

DONALD L. THOMPSON, Professor Emeritus and Head Emeritus, Department of Marketing
B.S., University of Pennsylvania Wharton School of Finance and Commerce, 1951
M.S., San Francisco State College, 1958
Ph.D., University of California-Berkeley, 1963 (1986)

*JOHN D. THOMPSON, Professor of Music
B.M., Belmont University, 1996
M.A., Middle Tennessee State University, 1999
Ph.D., University of California-Santa Barbara, 2006 (2007)

LINDA LITRELL THOMPSON, Instructor of Nursing
A.D.N., Shoreline Community College, 1980
B.S., University of LaVerne, 1987
M.S.N., University of Phoenix, 2004 (2012)

*TERRY W. THOMPSON, Assistant Professor of Writing and Linguistics
A.B., West Georgia College, 1977
M.A., West Georgia College, 1979

*REBECCA ANSLEY THOMPSON-ROGERS, Limited-Term Assistant Professor of Reading
B.S.Ed., Georgia Southern University, 2002
M.Ed., Georgia Southern University, 2003
Ed.S., Georgia Southern University, 2005
Ed.D., Georgia Southern University, 2016 (2006)

*DOUGLASS H. THOMSON, Professor Emeritus of Literature
B.A., University of Rochester, 1975
M.A., University of Rochester, 1976
Ph.D., University of Rochester, 1980 (1981)

RICHARD TICHICH, Professor Emeritus of Art
B.S., Saint John's University, Minnesota, 1969
M.A., University of Iowa, 1970

*MICHAEL TIEMEYER, Associate Professor of Mathematical Sciences
B.S., Auburn University, 2006
M.A.M., Auburn University, 2008
Ph.D., Auburn University, 2010 (2010)

*PAULA RENEE CRAFT TILLMAN, Assistant Professor of Nursing
B.S.N., Armstrong Atlantic State University, 1997
M.S.N., Armstrong Atlantic State University, 2009
D.N.P., Georgia Southern University, 2012 (2017)

ELWIN TILSON, Professor Emeritus of Radiologic Sciences
B.S., Arizona State University
M.S., San Francisco State University
Ed.D., University of Georgia (1982)

ROBERT G. TODD, Limited-Term Instructor of Communication Arts
B.S., Georgia Southern University, 2013
M.A., Valdosta State University, 2016 (2016)

JAMES J. TODESCA, Associate Professor of History
B.A., Georgetown University, 1980
M.A., Catholic University of America, 1985
Ph.D., Fordham University, 1996 (1998)

COURTNEY L. TOLEDO, Instructor of Dual Certification (Special Education & Pre-K through Grade 5 Early Childhood Education)
B.S.Ed., Georgia Southern University, 2010
M.Ed., Georgia State University, 2016 (2017)

TIMOTHY TOLLENTINO, Limited-Term Assistant Professor of Chemistry and Biochemistry
A.S., Tampa Technical Institute, 1985
B.S., Georgia State University, 1998
M.S., Georgia Institute of Technology, 2002
Ph.D., Georgia Institute of Technology, 2007 (2014)

STEVEN TOLMAN, Assistant Professor of Educational Leadership in Higher Education
B.S., Central Michigan University, 2003
M.Ed., Texas Tech University, 2005
Ed.D., Rutgers State University, 2016 (2017)

MICHAEL J. TOMA, Fuller E. Callaway Professor of Economics
B.B., Miami University, 1987
M.A., Miami University, 1989
Ph.D., George Mason University, 1996 (1997)

WEITIAN TONG, Assistant Professor of Computer Science
B.S., Zhejiang University, 2010
Ph.D., University of Alberta, 2015 (2015)

JENNIFER SWEENEY TOOKES, Assistant Professor of Anthropology
B.A., California State University-Northridge, 1999
M.A., California State University-Northridge, 2005
M.A., Emory University, 2009
Ph.D., Emory University, 2013 (2016)

ANA TORRES, Associate Professor of Spanish
B.A., Gardeliano de Vera, 1985
B.A., Gardeliano de Vera, 1987
M.A., Florida State University, 1993
Ph.D., Florida State University, 1999 (2001)

KATHERINE TOTT, Limited-Term Instructor of Geology
B.S., Iowa State University, 2015
M.S., Iowa State University, 2018 (2018)

CAREN J. TOWN, Professor of Literature
A.B., University of Alabama, 1979
M.A., University of Washington, 1983

TIFFANIE PAIGE TOWNSEND, Associate Professor of Art
B.A., University of Tennessee, 1989
M.A., University of Georgia, 1996
Ph.D., University of Georgia, 2003 (2005)

SHARON K. TRACY, Professor Emerita of Political Science
B.A., Southern Illinois University, 1965
M.P.A., University of Nevada, 1978
D.P.A., University of Southern California, 1988 (1989)

LAURA M. TREBLE, Limited-Term Assistant Professor of Biology
B.S., University of Delaware, 2010
M.S., University at Stony Brook, State University of New York, 2013
Ph.D., University of North Carolina-Wilmington, 2018 (2018)

KATHLEEN A. TREMBLAY, Assistant Professor of Nursing
Dipl., Peter Bent Brigham School of Nursing
B.S.N., Salem State University
M.S.N., Georgetown University, 2015 (2017)

SUSAN B. TRIMBLE, Professor Emerita of Teaching and Learning
B.A., Lawrence University, 1967
M.S., Nova Southeastern University, 1990
Ed.S., Florida State University, 1993
Ed.D., Florida State University, 1995 (1996)

CHARLES H. TRUPE III, Associate Professor Emeritus of Geology
B.S., George Mason University, 1985
M.S., University of North Carolina at Chapel Hill, 1989
Ph.D., University of North Carolina at Chapel Hill, 1997 (1998)

PAUL W. TSCHIDA, Limited-Term Instructor of Health Sciences and Kinesiology
B.S., University of Central Florida, 2009
M.S., Florida State University, 2011 (2018)

WEI TU, Professor of Geography
B.S., East China Normal University, 1992
M.S., East China Normal University, 1995
Ph.D., Texas A&M University, 2004 (2004)

LINDA J. TUCK, Assistant Professor of Nursing
B.A., College of St. Scholastica, 1973
M.Ed., Georgia Southwestern State University, 1980
M.S.N., Armstrong Atlantic State University, 1998
D.N.P., College of St. Scholastica, 2014 (2014)

FELICITY M. TURNER, Assistant Professor of History
B.A., Monash University, 1994
M.A., LaTrobe University, 2003
Ph.D., Duke University, 2010 (2013)

WALTER TURNER, Limited-Term Instructor of Chemistry
B.S., Samford University, 2012
Ph.D., University of Georgia, 2017 (2017)

RAY R. TYLER-HASHEMI, Professor of Computer Science
B.S., University of Tehran, 1973
M.S., University of Missouri-Columbia, 1979

JEFFREY A. TYSINGER, Professor of School Psychology
B.A., Indiana University of Pennsylvania, 1993
M.S., University of Alaska-Anchorage, 1999
Ed.S., University of Memphis, 1997
Ph.D., University of Memphis, 2002 (2007)

PERRI DAWN TYSINGER, Professor of School Psychology
B.A., University of Memphis, 1997
M.S., University of Memphis, 1999
Ph.D., University of Memphis, 2002 (2010)

TONYA L. TYSON, Instructor of Nursing
B.S.N., Valdosta State University, 1989
M.S.N., Emory University, 2001 (2008)
MASAHIKO UCHIDA, Lecturer of Mathematical Sciences
B.S., North Georgia College and State University, 2006
M.S., Georgia Southern University, 2010 (2011)

MD. SALAH UDDIN, Limited-Term Assistant Professor of Mechanical Engineering
B.S.M.E., Bangladesh University of Engineering and Technology, 2011
M.S., University of North Texas, 2016
Ph.D., University of North Texas, 2016 (2017)

*ASLIHAN UNAL, Associate Professor of Curriculum and Instruction
B.A., Pamukkale University, 1996
M.Ed., University of Missouri, 2002
Ph.D., Florida State University, 2006 (2013)

JANA MARIA UNDERWOOD, Lecturer of Education
B.S., Georgia Southern College, 1979
M.Ed., Georgia Southern College, 1983
Ed.S., Georgia Southern College, 1985
Ed.D., Georgia Southern University, 2007 (2014)

*LAURA E. VALERI, Associate Professor of Writing
B.A., New York University, 1988
M.F.A., Florida International University, 2001

JOHN PIETERSON VAN DEUSEN, Professor Emeritus of Middle Grades and Secondary Education
B.A., Florida State University, 1952
M.A., Florida State University, 1956
Ed.D., Florida State University, 1961 (1969)

CLAUDIE VICTOR VAN SANT, Lecturer of Geography
B.A., University of Georgia, 2004
B.A., University of Georgia, 2005
M.A., University of Georgia, 2009
Ph.D., University of Georgia, 2016 (2016)

*JOHN TOLAND VAN STAN, Associate Professor of Geography
B.S., University of Delaware, 2005
B.A., University of Delaware, 2006
M.S., The Johns Hopkins University, 2007
M.S., University of Delaware, 2009
Ph.D., University of Delaware, 2012 (2012)

*DARIN H. VAN TASSELL, Associate Professor Emeritus of Political Science and International Studies
B.A., Georgia Southern College, 1989
M.A., University of South Carolina, 1992
Ph.D., University of South Carolina, 1995 (1994)

G. LANE VAN TASSELL, Professor Emeritus and Chair Emeritus, Department of Political Science
B.A., Brigham Young University, 1966
Ph.D., Claremont Graduate School and University Center, 1971 (1970)

*MICHAEL SCOTT VAN WAGENEN, Associate Professor of History
B.A., Brigham Young University, 1992
M.A., University of Texas-Brownsville, 1999
Ph.D., University of Utah, 2009 (2012)

*MARIEKE M. VAN WILLIGEN, Professor of Sociology and Chair, Department of Sociology and Anthropology
B.A., Ithaca College, 1988
M.A., The Ohio State University, 1993
Ph.D., The Ohio State University, 1997 (2015)

*ROBERT KELLY VANCE, Professor of Geology
B.S., University of Kentucky, 1978
M.S., University of Kentucky, 1985
Ph.D., New Mexico Institute of Mining and Technology, 1989 (1988)

JACQUELINE VARNELL, Instructor of Mathematical Sciences
B.S.Ed., Georgia Southern College, 1970
M.Ed., West Georgia College, 1977

EMILIO VAZQUEZ JR., Adjunct Assistant Professor
Sergeant First Class, U.S. Army (2018)

DIANE L. VERRILL, Limited-Term Assistant Professor of Public Administration
A.S., University of Southern Maine, 1988
B.A., University of South Florida, 2005
M.A., University of Texas-Dallas, 2008
Ph.D., University of Texas-Dallas, 2011 (2018)

STEPHEN W. VERRILL, Limited-Term Instructor of Criminal Justice and Criminology
A.S., University of Southern Maine, 1987
B.S., University of Southern Maine, 1988
B.S., Florida Gulf Coast University, 2002
M.A., University of South Florida, 2003
Ph.D., University of South Florida, 2005 (2018)

JORGE VILLA-VARGAS, Lecturer of Physics
B.S., Universidad Nacional Autonoma de Mexico, 1998
M.S., Universidad Nacional Autonoma de Mexico, 2000
Ph.D., Universite de Provence (Aix-Marseille I), 2005 (2013)

*MARY A. VILLEPONTEAUX, Professor of Literature
B.A., College of Charleston, 1979
M.A., University of Sussex, 1981

STEPHANIE ELISE VINESS, Limited-Term Instructor of Health Sciences and Kinesiology
A.S., College of Coastal Georgia, 2012
B.S.Ed., Georgia Southern University, 2014
M.S., Georgia Southern University, 2015 (2015)

*STEPHEN P. VIVES, Professor and Chair, Department of Biology
B.S., Oklahoma State University, 1980
M.S., Oklahoma State University, 1982
M.S., University of Wisconsin, 1986
Ph.D., University of Wisconsin, 1988 (1990)

*BRIAN L. VLCEK, Professor and Chair, Department of Mechanical Engineering
B.S., Rensselaer Polytechnic Institute, 1988
M.S., Rensselaer Polytechnic Institute, 1989
Ph.D., Rensselaer Polytechnic Institute, 1991 (1997)

ARVARD O. VOGEL, Professor Emeritus of Graphic Arts Technology and Printing Management
A.B.S., Snow College, 1951
A.B., Colorado State College-Greeley, 1957

*ROBERT L. VOGEL, Professor of Biostatistics and Chair, Department of Biostatistics, Epidemiology, and Environmental Health Sciences
B.A., Hanover College, 1970
M.A., University of Louisville, 1978
Ph.D., Emory University, 1983 (2003)

| HONGJIE WANG                | Associate Professor of History             | B.A., Renmin University, 1998  
M.A., Renmin University, 2001  
M.A., Brown University, 2004  
Ph.D., Brown University, 2008 (2008) |
| HUA WANG                    | Professor of Mathematical Sciences         | B.M., Wuhan University, 2000  
Ph.D., University of South Carolina, 2005 (2008) |
| KAI WANG                    | Assistant Professor of Computer Sciences   | B.Engr., Tsinghua University, 2000  
M.S., Indiana University, 2008  
Ph.D., University of Tennessee, 2015 (2015) |
| SONG WANG                   | Limited-Term Assistant Professor of Civil Engineering and Construction | B.S., Shandong University of Science and Technology, 2010  
M.S., University at Buffalo, State University of New York, 2012  
Ph.D., Missouri University of Science and Technology, 2018 (2018) |
| XIAO-JUN WANG               | Professor of Physics                       | B.S., Jilin University, 1982  
M.S., Chinese Academy of Sciences, 1985  
M.S., Florida Institute of Technology, 1987  
Ph.D., University of Georgia, 1992 (1995) |
| XINFANG WANG                | Associate Professor of Quantitative Analysis | B.S., Shanghai University, 1999  
Ph.D., University of Cincinnati, 2007 (2008) |
| XUEMIN WANG                 | Limited-Term Assistant Professor of Mechanical Engineering | B., Shaanxi Normal University, 2010  
M., Xi'an Jiaotong University, 2013  
M.S., University of Texas-Dallas, 2018  
Ph.D., University of Texas-Dallas, 2018 (2018) |
| TOMASZ WARCHOL              | Associate Professor of Literature          | B.A., Adam Mickiewicz University-Poznan, 1977  
Ph.D., University of Massachusetts, 1984 (1984) |
| LARIE WARD                  | Limited-Term Assistant Professor of Mathematical Sciences | A.A., Valencia College, 2005  
B.S., University of Central Florida, 2008  
M.S., University of Florida, 2010  
Ph.D., University of Florida, 2016 (2017) |
| SHERRY WARNOCK              | Lecturer of Nursing                        | B.S.N., Armstrong State College, 1980  
M.S.N., Armstrong Atlantic State University, 2003 (2009) |
| ALAN T. WERTZ               | Associate Professor of Music               | B.M., Eastman School of Music, 2005  
M.M., Eastman School of Music, 2007  
D.M.A., Boston University, 2011 (2013) |
| PAMELA C. WATKINS           | Assistant Professor Emerita of Mathematics | B.S.Ed., Georgia Southern College, 1975  
M.S.T., Georgia Southern College, 1978 (1977) |
| H. JAROLD WEATHERFORD       | Professor Emeritus of German               | B.A., University of Utah, 1963  
M.A., University of Utah, 1970  
Ph.D., University of Utah, 1972 (1972) |
*JOHN A. WEAVER, Professor of Curriculum, Foundations, and Reading
B.A., Alderson-Broadus College, 1986
M.A., Villanova University, 1988
Ph.D., University of Pittsburgh, 1994 (2001)

*DAVID E. WEISENBORN, Professor Emeritus of Economics
B.S., The Ohio State University, 1963
M.S., University of Florida, 1965
Ph.D., University of Florida, 1968 (1976)

*BRANDON J. WEISS, Assistant Professor of Psychology
B.S., University of Houston, 2007
M.A., University of Nebraska-Lincoln, 2009
Ph.D., University of Nebraska-Lincoln, 2013 (2018)

*MARK R. WELFORD, Professor of Geography
B.S., Lanchester Polytechnic/Coventry University, 1986
M.S., University of Idaho, 1988
Ph.D., University of Illinois at Urbana-Champaign, 1993 (1993)

*THERESA M. WELFORD, Associate Professor of Writing and Linguistics
B.A., Armstrong State College, 1979
M.A., University of Georgia, 1981
Ph.D., University of Essex, 2006 (1987)

JAY NORMAN WELLS, Professor Emeritus of Mathematics
B.E.E., Georgia Institute of Technology, 1957
M.S., Clemson Agricultural College, 1962
Ph.D., Florida State University, 1968 (1962)

*MARY REBECCA WELLS, Assistant Professor of Science Education
B.S., Georgia Southern University, 2002
M.S., Georgia Southern University, 2004
Ed.D., Georgia Southern University, 2015 (2014)

*PAMELA C. WELLS, Assistant Professor of Counselor Education
B.A., Plymouth State University, 1994
M.A., Ball State University, 1997
M.Ed., Plymouth State University, 2011
Ph.D., Idaho State University, 2014 (2014)

ROBERT A. WELLS, Professor Emeritus of Management
B.S.Ed., University of Georgia, 1956

*WILLIAM H. WELLS, Associate Professor of Finance
B.A., Jacksonville University, 1977
Ph.D., University of Mississippi, 1999 (2001)

JOHN WELSH, Assistant Professor Emeritus of English
B.A., Davidson College
M.A., Vanderbilt University (1967)

*JENNIFER WERTALK, Assistant Professor of Psychology
B.S., St. Ambrose University, 2005
M.A., Ball State University, 2013
Ph.D., Pennsylvania State University, 2017 (2017)

*LARA WESSEL, Associate Professor of Political Science
B.A., Cardinal Stritch University, 2001
M.A., University of Wisconsin-Milwaukee, 2003
Ph.D., University of Wisconsin-Milwaukee, 2007 (2011)

LARRY WEST, Adjunct Assistant Professor of Military Science
Captain, U.S. Army
B.A., Jacksonville State University, 2007 (2016)

JENNIFER C. WESTER, Limited-Term Instructor of Biology
A.S., Itawamba Community College, 1999
B.A., University of Mississippi, 2001

DONALD C. WHALEY, Associate Professor Emeritus of Industrial Management
B.S., Georgia Teachers College, 1956

MALIECE WHATLEY, Senior Lecturer of Accounting
B.B.A., University of Georgia, 1982
M.Acc., University of Georgia, 1983 (2014)

*PATRICK G. WHEATON, Assistant Professor of Communication Arts
B.A., University of Virginia, 1986
M.A., University of Georgia, 1993
Ph.D., University of Georgia, 2001 (1998)

*DAVID M. WHEELER, Professor of English
A.B., University of Illinois at Urbana-Champaign, 1972
M.A., University of Chicago, 1973
Ph.D., University of Virginia, 1980 (2005)

*TIMOTHY D. WHELAN, Professor of Literature
B.A., Tennessee Temple University, 1977
M.A., University of Missouri-Kansas City, 1981
Ph.D., University of Maryland, 1989 (1989)

MICAL WHITAKER, Assistant Professor Emeritus of Communication Arts

ROBERT L. WHITAKER, Vice President for Business and Finance
B.B.A., Morehead State University, 1991
M.B.A., Georgia Southern University, 1993 (2013)

JOHNNY LAVERN WHITE, Adjunct Assistant Professor of Military Science
Contractor, U.S. Army
B.S., American Military University, 2009
M.S., Webster University, 2014 (2018)

NANCY A. WHITE, Professor Emerita of History
B.A., Mount Holyoke College
M.A., American University
Ph.D., American University (1994)

SUSAN S. WHITE, Assistant Professor Emerita of Special Education
B.S., Winthrop College
M.Ed., University of South Carolina (1974)

VIRGINIA WHITE, Assistant Professor Emerita of English
A.B., Vanderbilt University
M.A.T., Emory University
Ph.D., University of Georgia (1967)

*ELLEN V. WHITFORD, Professor of Middle Grades and Secondary Education
B.A., University of Delaware, 1968
M.Ed., Arcadia University, 1980
Ed.D., Rutgers University, 1989 (2006)

*CHRISTINE R. WHITLOCK, Professor of Chemistry
B.A., Huntingdon College, 1989
Ph.D., University of Alabama, 1994 (1994)

RUTH ELLEN WHITWORTH, Academic Professional and Instructor of Biostatistics
B.B.A., Abilene Christian University, 1984

*VIRGINIA B. WICKLINE, Assistant Professor of Psychology
B.A., Anderson University, 1998
M.A., Emory University, 2002
Ph.D., Emory University, 2006 (2018)

*MICHAEL R. WIGGINS, Lecturer of Legal Studies
B.F.A., Wichita State University, 1989
J.D., University of Arizona, 1994
M.B.A., University of Massachusetts, 2008 (2008)

*DAVID RUSSELL WILKERTON, Professor and Chair, Department of Writing and Linguistics
B.A., Abilene Christian University, 1994
M.A., University of North Texas, 2004
Ph.D., Texas Tech University, 2005 (2018)

CHRISTOPHER LEE WILLIAMS, Lecturer of Computer Science
A.S., Macon State College, 1999
B.S., Armstrong Atlantic State University, 2001
M.S., Armstrong Atlantic State University, 2004 (2015)

DARBY WILLIAMS, Lecturer of Criminal Justice and Criminology
A.A.S., Marymount Palos Verdes College, 1987
B.A., University of California-Santa Barbara, 1991
J.D., Western State University College of Law, 1995 (2017)

*DAVID A. WILLIAMS, Associate Dean for Students, Curriculum, and Advisement, Allen E. Paulson College of Engineering and Computing, and Associate Professor of Industrial Technology
B.S., Appalachian State University, 1976
M.A., Appalachian State University, 1978
Ph.D., University of Maryland, 1987 (1990)

ELIZABETH YVON WILLIAMS, Lecturer of Elementary and Special Education
B.S.Ed., Armstrong State College, 1981
M.Ed., Armstrong State College, 1989
Ed.S., Georgia Southern University, 2000 (2010)

*JOSHUA LOUIS WILLIAMS, Associate Professor and Associate Chair, Department of Psychology
B.A., Purdue University, 2004
M.A., University of Tennessee-Knoxville, 2009
Ph.D., University of Tennessee-Knoxville, 2011 (2011)

KITTY BURKE WILLIAMS, Assistant Professor Emerita of Accounting
B.B.A., Georgia Southern College, 1971

LEAH C. WILLIAMS, Lecturer of Chemistry and Biochemistry
B.S., Georgia College and State University, 2010
Ph.D., Michigan State University, 2015 (2018)

LEIGH ANN WILLIAMS, Lecturer of Writing and Linguistics
B.A., Georgia Southern University, 1992
M.A., Georgia Southern University, 1995 (2011)

SCOTT H. WILLIAMS, Professor Emeritus of Graphic Communications Management
A.S., Miami Dade Junior College, 1969
B.S., Georgia Southern College, 1972
M.T., Georgia Southern College, 1974 (1987)

*SUSAN REBSTOCK WILLIAMS, Professor and Chair Emerita, Department of Information Technology
B.S., Southwest Missouri State University, 1975
M.B.A., Southwest Missouri State University, 1985
Ph.D., Oklahoma State University, 1995 (1994)

*TIMMARIE WILLIAMS, Assistant Professor of Health Sciences
B.A., Saint Edward’s University, 1996
M.S.G., Baylor University, 2000
Ph.D., University of North Texas, 2013 (2014)

*MICA R. WILLIAMS-Johnson, Professor of Educational Research
B.S., Southern University and A&M College, 1997
M.S., Florida State University, 1998
Ph.D., University of Georgia, 2006 (2006)

*MATTHEW A. WILLIAMSON, Associate Professor of Kinesiology
B.S., University of South Carolina, 1990
M.A., University of South Carolina, 1992
Ph.D., Purdue University, 1998 (1999)

*CHARLES HENRY WILSON, Assistant Professor of Coaching Education
B.A., University of North Carolina-Wilmington, 1997
M.S., University of Tennessee, 2001
Ph.D., University of Tennessee, 2014 (2014)

*JANIE H. WILSON, Professor of Psychology
B.S., College of Charleston, 1989
Ph.D., University of South Carolina, 1994 (1994)

*JENNIFER L. WILSON, Assistant Professor of Fashion Merchandising and Apparel Design
B.S., Kansas State University, 1999
M.A., University of Texas-Austin, 2003
Ph.D., University of North Carolina-Greensboro, 2018 (2018)

ROBIN LAINIE WILSON, Limited-Term Instructor of Accounting
B.A., Oglethorpe University, 2000
J.D., Florida State University, 2003 (2013)

*SAMUEL J. WILSON, Assistant Professor of Kinesiology
B.S.E.S., University of Mississippi, 2012
M.S.E.S., University of Mississippi, 2015
Ph.D., University of Mississippi, 2018 (2018)

*GREGORY S. WIMER, Professor of Health and Physical Education
B.S., University of South Carolina-Columbia, 1985
M.S., University of South Carolina-Columbia, 1989
Ph.D., The Ohio State University, 1996 (1994)

*HAYDEN R. WIMMER, Assistant Professor of Information Technology
B.S., York College of Pennsylvania, 1999
M.B.A., Pennsylvania State University, 2006
M.S., University of Maryland-Baltimore County, 2011
Ph.D., University of Maryland-Baltimore County, 2013 (2015)

AMY SPILLMAN WINSKIE, Limited-Term Instructor of Mathematical Sciences
B.S., University of North Carolina, 1996
M.Ed., Georgia Southern University, 2003 (2012)

*TERESA M. WINTERHALTER, Assistant Dean, College of Arts and Humanities, and Professor of English

*Denotes full-time faculty member.
B.A., College at Brockport, State University of New York, 1979
M.A., College at Cortland, State University of New York, 1988
M.A., University of Rochester, 1991
Ph.D., University of Rochester, 1994 (1994)

SPENCE L. WISE, Associate Professor Emeritus of Accounting
B.B.A., Ohio University, 1963

JONATHAN C. WITZKY, Limited-Term Instructor of Art
B.F.A., The Ohio State University, 2014

*BRENT D. WOLFE, Professor of Therapeutic Recreation
B.S., Houghton College, 1996
M.A., University of Georgia, 2001
Ph.D., University of Georgia, 2004 (2007)

*WENDY L. WOLFE, Professor of Psychology
B.A., University of North Carolina-Wilmington, 1994
M.S., Syracuse University, 1998
Ph.D., Syracuse University, 2001 (2006)

DANETTE L. WOOD, Associate Professor Emerita of Nursing
A.S.N., Empire State College, State University of New York, 1985
B.S.N., Empire State College, State University of New York, 1990
M.S.N., Georgia Southern University, 1992
Ed.D., Georgia Southern University, 1999 (1995)

*MALCOLM JARED WOOD, Associate Professor of Anthropology
B.S., Middle Tennessee State University, 2000
Ph.D., University of Georgia, 2009 (2012)

ARTHUR WOODDRUM, Professor Emeritus of Physics
B.S., Georgia Institute of Technology, 1964
M.S., Georgia Institute of Technology, 1966
Ph.D., Georgia Institute of Technology, 1968 (1969)

*JAMES M. WOODS, Professor of History
B.A., University of Dallas, 1976
M.A., Rice University, 1979
Ph.D., Tulane University, 1983 (1988)

*PAMELA J. WORRELL-CARLISLE, Assistant Professor of Nursing
A.A.S., Purdue University, 1974
B.S., Ball State University, 1982
M.A., Ball State University, 1983
Ph.D., Indiana University-Bloomington, 1993 (2016)

HALEY WORST, Assistant Professor of Physical Therapy
B.S., University of North Georgia, 2002
M.S., University of North Georgia, 2005
D.P.T., Northeastern University, 2013 (2014)

*JOHN EDWARD WRIGHT, Assistant Professor of Theatre
B.A., Armstrong Atlantic State University, 2011
M.F.A., University of Georgia, 2015 (2015)

NANCY S. WRIGHT, Assistant Professor Emerita of English and
Assistant Dean Emerita, College of Liberal Arts and Social Sciences
A.B., Emory University, 1964
M.Ed., Georgia Southern College, 1980 (1979)

*JI WU, Associate Professor of Chemistry
A.S., Hefei University, 1994
M.S., Anhui University, 2000
Ph.D., Texas Christian University, 2007 (2012)

*LIANJUN WU, Assistant Professor of Manufacturing Engineering
B.S., Chongqing University, 2010
M.S., Xi'an Jiaotong University, 2013
Ph.D., University of Texas-Dallas, 2017 (2018)

*TIEHANG WU, Associate Professor of Biology
B.Agr., Shanxi Agricultural University, 1986
M.Agr., Nanjing Agricultural University, 1989
Ph.D., Pennsylvania State University, 2002 (2011)

*YAN WU, Professor of Mathematical Sciences
B.S., Beijing Polytechnic University, 1992
M.S., University of Akron, 1996
Ph.D., University of Akron, 2000 (2000)

ERNEST TILLMAN WYATT, Associate Professor Emeritus of
Communication Arts
A.B.J., University of Georgia, 1967
M.A., University of Georgia, 1975 (1975)

GAIL G. WYNN, Assistant Professor of Biology
B.S., Oglethorpe University, 1959
M.S., Louisiana State University and A&M College, 1962
Ph.D., Louisiana State University and A&M College, 1968 (1992)

X

*MINGZHI XU, Assistant Professor of Mechanical Engineering
B.Engr., Xi'an Jiaotong University, 2010
Ph.D., Missouri University, 2015 (2018)

*SHAOWEN XU, Associate Professor of Mechanical Engineering
B.S., Huazhong University of Science and Technology, 1985
M.S., Huazhong University of Science and Technology, 1991
Ph.D., University of South Carolina-Columbia, 2003 (2009)

Y

*CANDACE THRESA YANCEY, Associate Professor of Psychology
B.S., University of Alabama, 1999
M.A., University of Nebraska-Lincoln, 2002
Ph.D., University of Nebraska-Lincoln, 2006 (2008)

*BILL Z. YANG, Professor of Economics
B.S., Wuhan University, 1982
M.A., Queen's University-Kingston, 1987
Ph.D., University of Iowa, 1993 (2000)

*XIAOMING YANG, Assistant Professor of Civil Engineering and
Construction
B.Engr., Tongji University, 2003
M.Engr., Tongji University, 2006
Ph.D., University of Kansas, 2010 (2018)

ZHAO YANG, Limited-Term Assistant Professor of Information
Technology
B.A., Northwestern Polytechnical University, 2001
M.S., University of New Orleans, 2012
Ph.D., University of New Orleans, 2016 (2018)

*MARK ANDREW YANOCHIK, Professor of Economics
B.B.A., Kennesaw State College, 1989
M.S., Auburn University, 1993
Ph.D., Auburn University, 1997 (1999)

MARY BETH YARBROUGH, Lecturer of Kinesiology
B.S., Kennesaw State College, 1987
M.S., Georgia Southern University, 2013
Ph.D., University of Georgia, 2001
Ph.D., University of Georgia, 2006 (2006)
**ARDA YENIPAZARLI, Associate Professor of Operations Management**
B.S., Sabanci University, 2007
Ph.D., University of Florida, 2012 (2012)

**JINGJING YIN, Assistant Professor of Biostatistics**
B.A., Sichuan University, 2009
M.A., University at Buffalo, State University of New York, 2011
Ph.D., University at Buffalo, State University of New York, 2014 (2014)

**ALFRED YOUNG, Professor Emeritus of History**
B.A., Louisiana State University, 1970
M.A., Syracuse University, 1972
M.Phil., Syracuse University, 1976
Ph.D., Syracuse University, 1977 (1989)

**LILI YU, Associate Professor of Biostatistics**
M.D., Tianjin Medical University, 1995
M.S., Capital University of Medical Sciences, 2001
M.S., The Ohio State University, 2004
Ph.D., The Ohio State University, 2007 (2007)

**Z**

**JOANNE ZANETOS, Assistant Professor of Nursing**
A.A.S., Columbus State Community College, 1976
B.S.N., Capital University, 2006
M.S.N., Capital University, 2010
D.N.P., Duquesne University, 2013 (2017)

**BENJAMIN H. ZELLNER, Professor Emeritus of Physics**
B.S., Georgia Institute of Technology, 1964
Ph.D., University of Arizona, 1970 (1994)

**CORINNA ZELTSMAN, Assistant Professor of History**
B.A., Wesleyan University, 2006
M.A., Duke University, 2013
Ph.D., Duke University, 2016 (2017)

**SARAH ZENTI, Assistant Professor of Interior Design**
B.F.A., Iowa State University, 2006
M.F.A., Iowa State University, 2011 (2017)

**JENNIFER A. ZETTLER, Professor of Biology**
B.S., University of Florida, 1994
M.S., Clemson University, 1996
Ph.D., Clemson University, 2002 (2002)

**HAO ZHANG, Limited-Term Instructor of Information Technology**
B.Ed., Wuhan University, 2004
M.Phil., Wuhan University, 2006
D.S.C., Wuhan University, 2009
M.S.A.E., Georgia Southern University, 2018 (2018)

**HONG ZHANG, Professor and Interim Chair, Department of Information Technology**
B.S., Fudan University, 1982
M.S.E.E., University of Pittsburgh, 1984
M.A., University of Pittsburgh, 1986
Ph.D., University of Pittsburgh, 1989 (2002)

**JIAN ZHANG, Professor of Epidemiology**
B.M., Shanxi Medical University, 1989
M.S., Fudan University, 1992
Dr.P.H., University of South Carolina-Columbia, 2002 (2008)

**PIDI ZHANG, Associate Professor of Sociology**
M.A., Tianjin Foreign Languages Institute, 1986
M.A., University of South Carolina-Columbia, 1993
Ph.D., University of South Carolina-Columbia, 1997 (1997)

**RONGRONG ZHANG, Associate Professor of Finance**
B.B.A., Hefei University of Technology, 1997
M.S., University of Tennessee-Knoxville, 2000
Ph.D., University of Tennessee-Knoxville, 2004 (2005)

**WEN-RAN ZHANG, Professor of Computer Science**
B.S., Shanxi Mining Institute, 1976
M.S., University of South Carolina-Columbia, 1984
Ph.D., University of South Carolina-Columbia, 1986 (2001)

**XINYAN ZHANG, Assistant Professor of Biostatistics**
B.S., Central South University, 2009
M.P.H., Georgia Southern University, 2012
Ph.D., University of Alabama-Birmingham, 2017 (2017)

**YUE ZHANG, Assistant Professor of Manufacturing Engineering**
B.S., Beijing University of Chemical Technology, 2008
M.S., Texas Tech University, 2010
Ph.D., Texas Tech University, 2013 (2018)

**ZUOTANG ZHANG, Lecturer of Chinese**
B.A., Ningxia University, 1982
M.A., Missouri State University, 1998
Ph.D., University of Maryland-Baltimore County, 2014 (2014)

**CHUNSHAN ZHAO, Professor of Mathematical Sciences**
B.S., Lanzhou University, 1994

- Other Outside Sources of Financial Aid (p. 269)
- Transfer Credit (p. 269)
Application Procedures

To apply for any Federal Title IV aid:

• Complete and submit an Application for Admission to attend Georgia Southern University.
• Complete a Free Application for Federal Student Aid (FAFSA) online at http://www.fafsa.ed.gov/, for EACH year of enrollment. Be sure to list Georgia Southern University’s federal school code, 001572, on the form.
• February 1 of each year is the preferred filing date for financial aid. Applicants not filing by this date may not have funds available by the Fall semester fee payment deadline, which is the first day of class.

More detailed information about financial aid programs can be obtained by viewing our website at http://em.georgiasouthern.edu/finaid or by emailing the Office of Financial Aid at finaid@georgiasouthern.edu.
Fees

- Technology Fee (p. 515)
- Textbooks and Supplies (p. 515)
- Transportation Fee (p. 515)
- Tuition and Fee Refunds (p. 515)
- Business Fees (p. 515)

Business Regulations

The academic year is divided into two semesters of approximately 15 weeks each and a summer semester of approximately 12 weeks. Fees are charged and payable by the semester since each semester constitutes a separate unit of operation. A student may enroll at the beginning of any semester.

To ensure financial operation is in conformity with Board of Regents policies, fee payment regulations must be observed. All fees and charges are due and payable by the first official day of class for the semester for the University; charges incurred during the Drop/Add period are due immediately. Students are responsible for checking their account balance via Touchnet available in https://my.georgiasouthern.edu/ and ensuring fee payment by the published fee payment due dates. Fees and charges may be paid by cash, by check, online by free webCheck or by MasterCard, American Express, Discover and Visa in the exact amount of the student’s statement. Payment by credit card must be made via Touchnet and is subject to a 2.85% processing fee. Nonpayment of all fees and charges by the first day of university classes could result in cancellation of all classes. If a student’s financial aid is not available to pay all fees by the designated due date, he/she must be prepared to pay tuition and fees then be reimbursed when financial aid is available. Should a student decide not to attend Georgia Southern University or cease to attend during the semester, he/she will continue to be fee liable until officially withdrawing from the University. (See refunds and withdrawals for more information.) PLEASE NOTE, NO STATEMENTS ARE MAILED; STATEMENTS ARE AVAILABLE ONLINE ONLY VIA TOUCHNET AT THE ABOVE WEB ADDRESS.

Any amounts owed to the University that are not cleared when due will be subject to reasonable collection fees that could include collection agency fees, attorney fees, court costs and other charges necessary for the collection of the debt. In addition, a financial hold will be added to the account that will prevent any changes to current or future registration and access to transcripts.

The University reserves the right to make changes in its fees, which are regulated by the Georgia Board of Regents, at the beginning of any semester and without previous notice.

Students’ personal checks made out to CASH-Georgia Southern University, with proper student identification, may be cashed at the Cashier’s Office in Deal Hall, Victor Hall or at The University Store in an amount not to exceed $50.00.

EAGLEXPRESS and Eagle Card Services

EagleXpress® is a premier declining balance system conveniently accessible through your Eagle Card. Available at more than 70 on and off-campus vendors, EagleXpress® can be used to pay for everything from textbooks and school supplies to food and groceries. Use EagleXpress® at campus dining locations, the University Store, Armstrong Bookstore, Printing and Postal Services, Tech Corner, health Services and even Parking and Transportation.

Students, parents, faculty and staff can easily deposit funds to an EagleXpress® account online through eAccounts (https://georgiasouthern-sp.blackboard.com/eAccounts/AnonymousHome.aspx), in-person at Eagle Card Services, or at one of our convenient campus kiosks. Funds may be loaded with cash, money order, check, MasterCard, Visa or American Express.

Mail checks or money orders to:

Eagle Card Services
P.O. Box 8079
Georgia Southern University
Statesboro, GA 30460-8079

You can also log into your eAccount (https://georgiasouthern-sp.blackboard.com/eAccounts/AnonymousHome.aspx) to get a statement of your EagleXpress® account activity for the last 30 days. Money in your EagleXpress® account never expires, and it can be used any time of the year both on and off campus. EagleXpress® is not a banking system, and cash cannot be withdrawn from the account. Refunds will be issued by check after the end of each semester by written request only.

- EagleXpress cannot be used to purchase alcoholic beverages, tobacco, firearms, piercings, tattoos, tanning or gift cards.
- EagleXpress is accepted at 70+ locations throughout the area
- Students receive a 5% discount at all on-campus dining locations when using EagleXpress.

You will find EagleXpress® is a great way to manage money needed to buy books, meals and other Georgia Southern goods and services.

Graduation Fee

A graduation fee of $35 for graduate and undergraduate students must be paid by the end of the semester in which the student completes requirements for graduation. This fee includes application processing, payment for diploma, and mailing fee; separate payment by the student to the vendor for graduation attire will be required for those participating in the ceremony. Any outstanding financial obligations to the University (Bursar’s Office, Parking, Health Services, Library, etc.) must be paid before a student can obtain a transcript.

Late Registration Fee

Undergraduate and graduate students who complete registration after the published registration day at the beginning of each semester will be charged a non-refundable late registration fee of $100.

The College of Graduate Studies Continuous Enrollment policy requires students to be enrolled continuously in those programs that require a thesis or dissertation. Should a student not register each semester as required by the continuous enrollment policy, the student will be required to register and pay tuition and fees for the missed semesters. Tuition and fee payment is due for the missed registration semesters at the beginning
of the semester the student resumes his/her study, providing the student is eligible to return and resume registration.

**Parking and Transportation**

The Parking and Transportation division of Auxiliary Services at Georgia Southern University is here to help aid your parking and transit needs. Parking and Transportation is responsible for the implementation and enforcement of the University’s parking regulations, as well as the placement and maintenance of parking and traffic control devices. Visit auxiliary.georgiasouthern.edu/parking/ for parking, permit, and transit information, lot status and all updates.

**Parking Permits**

Virtual parking permits are sold only to currently enrolled students, faculty and staff on a first-come, first-served basis. Students should use their My.GeorgiaSouthern (https://my.georgiasouthern.edu) accounts or visit the Parking and Transportation offices on the Statesboro and Armstrong campuses to purchase their permits. Simply login to My.GeorgiaSouthern (https://my.georgiasouthern.edu) and click on the “Parking Permits & Citations” link under “Auxiliary Services.” to purchase permits online. Students with a lot preference should purchase their permits as early as possible.

**License Plate Recognition**

Our Parking and Transportation division recently implemented a virtual system, License Plate Recognition (LPR) software, which makes the permit system at the University completely virtual and decal-free. Your license plate acts as your permit and is simply scanned by an LPR vehicle to verify parking status. The implementation of LPR means vehicles cannot be pulled through or backed into spaces.

When entering your license plate information, please make sure to key in the exact license plate completely and correctly. The LPR system cannot recognize incomplete or incorrect plates, and this could result in a citation.

**Commuter Lots**

Statesboro Campus commuters may purchase a parking permit designated to a specific commuter lot for $160 per year (Lot 12 or RAC is $110 per year). Commuters on the Armstrong Campus may purchase a commuter parking permit for $50 per year and may park in any commuter lot on that campus.

Permit holders can utilize 30-minute parking between the hours of 8 a.m. and 3 p.m. on both the Statesboro and Armstrong campuses.

**RAC & Stadium Parking**

Permit parking at the RAC on the Statesboro Campus is enforced between the hours of 8 a.m. and 3 p.m. You may park at the RAC with ANY Georgia Southern University parking permit. For those attending classes or who wish to work out during these hours without a parking permit, parking is available for free at the stadium, and a bus route will take you directly from that lot to the RAC or any other destination along our shuttle routes.

**Carpool Program**

Two or more students on the Statesboro Campus may purchase a carpool permit at a reduced rate of $110 per year. Carpool permits may be shared among several vehicles on this campus, although vehicles cannot be on campus at the same time.

**Resident Lots**

Students living on the Statesboro Campus have a residential parking permit reserved for them corresponding to their specific residence hall designated lot when they purchase their permits ($160/year). These students should purchase their permits before arriving for Operation Move-In (OMI).

Students living on the Armstrong Campus must register their vehicles prior to OMI; however, the cost of the parking permit is included in the Housing fee. Armstrong Campus residents may park in any residential lot only.

**Motorcycles**

Motorcycle permits are required for all motor-driven cycles including motorcycles, scooters, mini-bikes, motorbikes and mopeds (whether they be two or three-wheeled, with any engine size). Motorcycles should only be parked in designated motorcycle spots.

**Visitors and Guests**

Visitors and guests should visit the Parking & Transportation Office on the Statesboro or Armstrong Campus to get a temporary parking permit for $2 per day. Students may not park in visitor spots for any reason.

**Paying Citations**

Paying for citations is done through the Parking and Transportation web portal. To access the portal, log in to My.GeorgiaSouthern (https://my.georgiasouthern.edu). Under “My Services,” select the “Parking Permits & Citations” link under “Auxiliary Services.” Once logged in, you will be able to view permit information, contact information, registered vehicles and any outstanding balances.

**Zipcar**

Zipcar is available to all Georgia Southern University students, faculty and staff over the age of 18. Zipcar is an alternative to bringing a car to school and gives members 24/7 access to vehicles parked right on the Statesboro Campus. Low hourly and daily rates include gas, insurance and 180 miles per day to go wherever you want to go! Members can reserve cares online or with a smartphone for as little as an hour or up to four days. Enjoy all the freedom of owning a car without any of the hassle. Find out more about how it works at www.zipcar.com/universities/georgia-southern-university (https://www.zipcar.com/universities/georgia-southern-university).

**Transit Service**

Our transit service runs across the Statesboro Campus during classes, final exams, football game days and spring commencement to shuttle around on-site parking areas. The transit service does not run when classes are not in session, during holidays and between semesters. Buses run between 7 a.m. and 9 p.m. Monday-Thursday, 7 a.m. to 6 p.m. and on Fridays and 4-9 p.m. The transit service is funded by a mandatory transportation fee charged each semester.

**Liberty Campus Students**

Students from the Liberty Campus are not required to purchase a parking permit to park on the Liberty Campus; however, they will need to get a temporary pass when visiting other Georgia Southern campuses. Visit parking.georgiasouthern.edu or see a staff member at the Parking & Transportation office to get your temporary pass.

**Hours**

Monday - Friday: 8 a.m. - 5 p.m.
parking@georgiasouthern.edu

Transportation Fee

A per semester Transportation Fee is charged to Georgia Southern
University Statesboro students as part of their University Fees (See
University Fees) (p. 515). This fee is used to fund Transit Services
provided to students allowing them to park at Paulson Stadium and utilize
the transit system on and around campus. For additional information,
please call the Parking Office at (912) GSU-PARK (912-478-7275) or visit
our web site at auxiliary.georgiasouthern.edu/parking/.

Tuition and Fee Refunds

Please click the link Withdrawal and Return of Title IV
Financial Aid Funds Policy (https://drive.google.com/file/d/16iIBYTa782S3_9KzB2NY11squezlym9C/view?usp=sharing) to view
information regarding Tuition and Fee Refunds.

University Fees

Cultural, social and athletic activities, good health care and transportation
services are important parts of the University’s program and a student’s
educational environment. In order to provide these activities and services,
a per semester University Fee is charged. All students must pay this fee
unless they are registered for fewer than four credit hours or enrolled in all
off-campus courses.

An Institution Fee is assessed each semester to all students enrolled for
that semester, regardless of class, residency, or program of study. This is
a mandatory fee set by the Board of Regents.

The current academic year's rates can be found on the Tuition and Fees
(https://finerv.georgiasouthern.edu/bursar/office-of-student-accounts/
tuition-and-fees) website.
Financial Aid

Georgia Southern University offers a comprehensive program of financial aid for students who, without such aid, would be unable to continue their education. Through this program an eligible student may receive one or more types of financial aid: Grants, Loans, Scholarships, or Student Employment. Most financial aid at Georgia Southern University is awarded on the basis of a student’s academic progress and proven “financial need,” defined as the difference between a family’s estimated resources and the total estimated expense of attending the University. Georgia Southern University uses the Free Application for Federal Student Aid (FAFSA) form provided by the U.S. Department of Education to measure a student’s financial aid eligibility. Contact the Office of Financial Aid at (912) 478-5413 for assistance. The Office of Financial Aid, part of the Division of Enrollment Management, is located on the second floor of Rosenwald Building on the Statesboro campus, and on the second floor of Victor Hall on the Armstrong campus. The fax number is (912) 478-7418.

Mailing address:

Office of Financial Aid
P.O. Box 8065
Georgia Southern University
Statesboro, Georgia 30460-8065
http://em.georgiasouthern.edu/finaid

Four types of financial aid:

1. Grants - Federal, state and privately funded grant programs are available.
2. Loans - Loan programs are available from federal, state, and private agencies.
3. Scholarships - Georgia Southern University offers a limited number of academic scholarships to its students.
4. Student Employment - Federally-funded College Work-Study Program, or Institutional Work Program.

- Grant Programs (p. 516)
- Loan Programs (p. 516)
- Other Financial Assistance (p. 518)
- Qualifying for Financial Aid (p. 518)
- Refunds for a Student Receiving Federal Title IV Financial Assistance (p. 519)

Grant Programs

(All grant program amounts are subject to change.)

State Grants

The Georgia Student Finance Commission administers state scholarships and student grant programs. For information contact:

Georgia Student Finance Commission
2082 East Exchange Place, Suite 200
Tucker, GA 30084
(800) 505-4732, or http://www.Gafutures.org/

The Public Safety Memorial Grant is an award for children of Georgia law enforcement officers, firefighters, and prison guards who have been permanently disabled or killed in the line of duty. The grant covers the cost of attendance minus other aid, but may not exceed $18,000 per award year.

Federal Grants

Federal Pell Grant

The Federal Pell Grant is the primary federal student aid program administered by the U.S. Department of Education. It is intended to be the first and basic component of an undergraduate student's financial aid package. To be eligible, students:

- Must show financial need, an EFC between 0 and 5576.
- Must be enrolled in an approved undergraduate course of study and must not have a bachelor's degree.
- Must be a U.S. citizen or an eligible non-citizen as defined in the instructions on the Free Application for Federal Student Aid (FAFSA).

The Federal Pell Grant may be received each academic year up to a maximum of 12 semesters. The maximum Federal Pell Grant for 2019/2020 is $6195 for eligible students. Award amounts are prorated based on the number of credit hours for which a student is enrolled. For additional information visit our website at http://em.georgiasouthern.edu/finaid.

Federal Supplemental Education Opportunity Grant (FSEOG)

The Federal Supplemental Education Opportunity Grant (FSEOG) is a federal program administered by the Office of Financial Aid to assist undergraduate students with financial need. For additional information visit our website at http://em.georgiasouthern.edu/finaid. To be eligible, students:

- Must show substantial financial need by using the FAFSA form.
- Must be eligible for Federal Pell Grant.
- Must be enrolled in an undergraduate course of study, and must not have a bachelor's degree. The standard grant amount awarded is $600 per academic year. The federal funding for this program is limited; therefore, funds are depleted rapidly.

Teacher Education Assistance for College and Higher Education (TEACH) Grant

This program provides grant assistance to juniors, seniors, and graduate students who have been accepted into the College of Education in specified “high-need” fields and who have a 3.25 GPA or better. Students who receive the TEACH Grant must fulfill a service obligation. If a student does not complete the service obligation, all TEACH Grant funds received will be converted to a Federal Direct Unsubsidized Loan.

Iraq and Afghanistan Service Grant (IASG)

Funds are awarded to students whose parent or guardian was a member of the U.S. Armed Forces and died as a result of military service performed in Iraq or Afghanistan after the events of 9/11. To qualify, the student must be under the age of 24 or enrolled in college at least part-time at the time of the parent’s or guardian’s death. Students who qualify for the full Federal Pell Grant cannot receive the IASG. The award amount is equal to the amount of the maximum Pell Grant for the academic year, with a federal sequestration-required reduction of 6.2 percent.

Loan Programs

Federal Direct Lending Program

Georgia Southern University participates in the Federal Direct Lending Program. Loan funding comes directly from the U.S. Department of Education to students through the Federal Direct Stafford Loan Program and to the parents through the Federal Direct PLUS (Parent Loan for
Undergraduate Students) Program. When loans are due, borrowers will repay them directly to the federal government through the loan servicer. Additional information is available at https://studentaid.ed.gov/sa/.

The Federal Direct Stafford Loan Program provides low-interest, long-term loans through the University. Funding for these loans comes from the U.S. Department of Education. These loans may be subsidized or unsubsidized. Eligible students must be admitted and enrolled in good standing at least half-time in a program leading to a degree. Half-time is defined as 6 credit hours for undergraduates.

The amount students may borrow is determined by federal guidelines. The following are federal maximum amounts that students are allowed to borrow:

- Freshmen (those who have not completed 30 earned credit hours) - $5,500 yearly; maximum subsidized amount = $3,500 yearly
- Sophomores (30-59 earned credit hours) - $6,500 yearly; maximum subsidized amount = $4,500 yearly
- Juniors or Seniors (60 + earned credit hours) - $7,500 yearly; maximum subsidized amount = $5,500 yearly

Repayment normally begins six months following graduation or when dropping below half-time enrollment. Payments and the length of the repayment period depend upon the amount of the student's indebtedness. Under special circumstances, repayment of a Federal Direct Stafford Loan that is not in default may be deferred or canceled. Repayment, deferment, and cancellations are handled by a federal loan servicer.

If the student is eligible for a Federal Direct Stafford Loan, one will be awarded (either subsidized or unsubsidized, or a combination of both) as part of the financial aid package. The student must then access their WINGS account to accept, deny, or reduce the loan(s). Please read the following paragraphs to learn the differences between the subsidized and unsubsidized Federal Direct Stafford Loans. First-time borrowers are required to complete entrance loan counseling and electronically sign a master promissory note. For additional information visit our website at http://em.georgiasouthern.edu/finaid.

Subsidized Federal Direct Stafford Loan

The amount of subsidized Federal Direct Stafford Loan a student may borrow is the difference between the cost of education (annual budget) and a student's resources (family contribution, financial aid such as Federal College Work-Study, and any other assistance received from the school and outside resources including scholarships). However, a student may not borrow more than the federal maximum for his/her grade level.

If a student is eligible for a subsidized Federal Direct Stafford Loan, the government will pay the interest until graduation or until enrollment drops below half-time. The student will be assessed a loan origination fee, which is deducted from the loan proceeds but will not reduce the principal balance required to repay. For additional information visit our website at http://em.georgiasouthern.edu/finaid/.

Unsubsidized Federal Direct Stafford Loan

The unsubsidized Federal Direct Stafford Loan can replace all or part of the family contribution. However, the amount of the loan may not be more than the difference between the cost of education and any financial assistance received from the school and any outside source (including the subsidized Federal Direct Stafford Loan).

The interest rate is variable but will not exceed 8.25 percent. Interest accrues on the unsubsidized Federal Direct Stafford Loan while the student is in school and during the six-month grace period before repayment begins. The student has the option of paying the interest monthly, quarterly, or having the interest added to the principal. The student will be assessed a loan origination fee, which is deducted from the loan proceeds but will not reduce the principal balance required to repay. For additional information visit our website at http://em.georgiasouthern.edu/finaid/.

Additional Unsubsidized Federal Direct Stafford Loan

If the student is an independent undergraduate or a dependent student whose parents are denied for a PLUS Loan, the student may borrow an additional unsubsidized Stafford loan as follows: freshmen and sophomores may borrow a maximum of $4,000 per academic year; juniors and seniors may borrow a maximum of $5,000 per academic year, not to exceed the cost of education. For additional information visit our website at http://em.georgiasouthern.edu/finaid.

Federal Direct Parent Loan for Undergraduate Students

If a student is considered dependent, he/she may be eligible for a Federal Direct Parent Loan for Undergraduate Students (PLUS) to assist in covering the education expenses. This loan is funded by the U.S. Department of Education. The borrower will be the student's parent (or stepparent), and a credit check will be conducted on the applicant. The maximum PLUS loan amount for an academic year is determined by subtracting all financial aid (including Stafford loans) from the annual cost of attendance.

The interest rate on the Federal Direct PLUS is variable but will not exceed 10.5 percent. The parent borrower has the option to begin repayment on the PLUS loan either 60 days after the loan is fully disbursed or to wait until six months after the dependent student ceases to be enrolled at least half-time. A loan origination fee is deducted from each disbursement of a PLUS loan. These charges do not reduce the amount required to repay. PLUS applications are processed through https://studentloans.gov. For additional information visit our website at http://em.georgiasouthern.edu/finaid/.

Georgia Student Access Loan (SAL)

The Georgia Student Access Loan (SAL) is a limited resource loan program that is designed to assist undergraduate students who have a gap in meeting their educational costs. The program is also designed to provide interest rate and repayment incentives to those who complete their program of study within the designed program length, work in select public service sectors or STEM fields. To qualify, students must be Georgia residents and United States citizens or eligible non-citizens. Students must have first applied for and exhausted all other student financial aid programs including federal and state student loans, scholarship and grant programs. Students must complete a SAL application at https://www.gafutures.org/, and are randomly selected to participate in the program.

The amount that students may borrow is determined by state guidelines. The minimum loan amount is $500. The maximum loan limit is $8,000 per year up to a maximum of $36,000 over a college lifetime. A non-refundable $50 origination fee is deducted from the first disbursement of each loan.

The interest rate is one percent (1%) for the life of the loan, and begins accruing at the time of the first disbursement. The borrower must fulfill the loan obligation, including repayment requirements, as specified in the Promissory Note to maintain the loan at a one percent (1%) interest rate. Repayment is a maximum of fifteen (15) years with a minimum payment of $50.00 per month. For additional information and application procedures, refer to https://www.gafutures.org/.
Georgia National Guard (GNG) Service Cancelable Loan

The Georgia National Guard (GNG) Service Cancelable Loan provides financial assistance to eligible members of the Georgia National Guard to be used towards the cost of tuition for undergraduate and graduate programs at an eligible postsecondary institution. The student must agree to serve in the Georgia National Guard for a period of two years to complete service repayment. The purpose of the program is to encourage qualified individuals to join the GNG and retain skilled citizens within the state.

Private/Alternative Loans

A private/alternative loan is a non-federal education loan through a private lender usually in the student’s name that may require a co-signer. These loans are not subsidized and generally have different eligibility requirements, interest rates, repayment options and conditions. Because private/alternative loans vary, the Georgia Southern Financial Aid Office cannot provide the most accurate and useful information regarding these loans. We strongly suggest comparing interest rates, loan fees, and repayment options before applying.

Other Financial Assistance

The academic progress of students receiving federal financial assistance from the programs listed earlier in this narrative must be evaluated by the criteria outlined in this policy. These and other students receiving other types of financial assistance are evaluated based on requirements of the applicable financial assistance program.

Athletes

The Georgia Southern University Athletic Department administers student athletic scholarships. Student athletes who are eligible to receive institutional and/or Federal aid must comply with NCAA regulations. Student athletes interested in receiving financial aid in addition to their athletic scholarship must complete the appropriate application process.

Co-op and Internship Program

The Co-op and Internship Program at Georgia Southern University encompasses both internship and cooperative education opportunities for students in all majors. Co-ops and internships provide an opportunity for students to evaluate whether their chosen career path or field of study is a good fit for them, develop their professional skills, and apply their academic knowledge while obtaining valuable real world experience in their field. The Office of Career and Professional Development at Georgia Southern University is committed to recruiting and promoting co-op and internship opportunities for all students and provides a centralized contact for both academic and non-academic related issues associated with experiential learning for all colleges and majors.

In order to participate in the Co-op and Internship Program, students must be in good academic standing with the University and must agree to the requirements of the program which include completing the experiential learning application in Eagle Career Net, signing a Code of Conduct and Waiver of Liability. Additionally, students must provide the Office of Career and Professional Development with an offer letter from their employer. The compensation package offered to the student is determined by the employer and board and lodging are the responsibility of the student. If students are not completing a co-op or internship for academic credit, then they will be enrolled in non-academic, tuition-free COOP hours that will denote their experience on their student transcript. Students will be registered for the course through the Office of Career and Professional Development. Students and employers are required to submit evaluations at two identified points during their work term. Successful completion of the requirements will result in a pass or fail grade awarded to the student.

For more information about the Co-op and Internship Program, please refer to the Student Internship & Co-op Guide (students.georgiasouthern.edu/career/files/CoOpInternshipGuide.pdf), visit the Career and Professional Development website (GeorgiaSouthern.edu/ocpd), or call (912) 478-5197.

Veterans’ Assistance Programs

The U.S. Department of Veterans Affairs (DVA) provides educational benefits under several programs. Eligibility is determined by DVA. Veterans or dependents of certain veterans who wish to attend Georgia Southern University under any of the veterans’ benefits programs should contact the Veterans Coordinator located in Military Resource Center (MRC) for assistance at (912) 478-5154 or the Veterans Administrative Assistant at (912) 478-8043 or email veterans@georgiasouthern.edu. The Veterans Coordinator is responsible for assisting veteran students with the processing of VA forms for educational benefits. Students will be advised of procedural requirements and certification of enrollment will be verified to DVA.

Veterans who have service-connected disabilities and are eligible for disability compensation may qualify for Vocational Rehabilitation. Disabled veterans who think they qualify for this assistance are encouraged to contact the Department of Veterans Administration for further information.

Georgia Southern University encourages all veterans to take advantage of college credit that may be granted for military training, as well as the credit by examination programs. Veterans requesting college credit for military training must provide Military and Veteran Affairs with an official military transcript for evaluation.

Military and Veteran Affairs will evaluate transfer Credit for Military Service based on completion of basic military training. A form DD-214 should be furnished to Military and Veteran Affairs for evaluation. Two (2) credit hours will be allowed for Kinesiology PE Credit for active service less than one year. Four (4) credit hours will be allowed for Kinesiology PE Credit for one year or more active service. For more information please visit our web page at em.georgiasouthern.edu/registrar/students/veteranaffairs.

Vocational Rehabilitation

The State of Georgia provides financial assistance (equal to tuition and other regular fees in the University) for residents of Georgia who have disabilities. For further information, call toll free (844) 367-4872, or view the web page gvs.georgia.gov (http://gvs.georgia.gov)

Qualifying for Financial Aid

To be eligible for federal and state programs, students must meet the following criteria:

- Demonstrate federal need (may not be required for some loan and institutional programs).
- Have a standard high school diploma, GED, or ATB (Ability to Benefit) on file.
- Be enrolled in a degree-seeking program.
- Only courses in the student’s program of study, per the DegreeWorks audit, will be eligible for financial aid.
- Not be in default or owe a repayment of Title IV funds.
- Have a valid Social Security number.
- Be a U.S. citizen or an eligible non-citizen with permanent residency status and an alien registration ID number (may not be required for some institutional programs).
• Be registered with the Selective Service (males between the ages of 18-25).
• Have not borrowed in excess of loan limits under the Title IV program.
• Must be maintaining satisfactory academic progress toward degree completion.
• Must have all requested documentation on file before disbursements can be made.

Note: Post Baccalaureate students who have a prior degree from Georgia Southern University or Armstrong State University are only eligible for financial aid if they are seeking a different degree. Students adding a major to an existing degree program, or just taking courses to improve GPA or for other reasons, are not eligible to receive federal financial aid.

Refunds for a Student Receiving Federal Title IV Financial Assistance

Students receiving Federal Title IV Financial Assistance who formally or informally withdraw from school are subject to Federal Return of Title IV Aid regulations as specified in the Higher Education Amendment of 1998. The calculation determines the aid earned by the student based on the days enrolled for the semester in relation to the total days in the semester. The aid considered not to be “earned” must be returned to the federal programs in the following order: Unsubsidized Federal Direct Stafford loans, Subsidized Federal Direct Stafford loans, Federal Perkins loans, Federal Direct PLUS loans received on behalf of the student, Federal Pell Grant, Teach Grant and Federal Supplemental Educational Opportunity Grant. Receipt of Federal Title IV Aid in excess of aid earned may be subject to repayment by the student if the student has withdrawn from school. The Bursar’s Office notifies the student if a repayment is due. Failure to repay could result in loss of future Title IV Aid eligibility. If a waiver or contract is treated as a payment of tuition and fees that have actually been charged to a student, then the waiver or contract is considered estimated financial assistance, and the full amount of the tuition and fees must be included in the return calculation.

Example: Student received Title IV aid as follows: $1,274.00 in Subsidized Federal Direct Stafford Loan and $782.00 in Pell Grant. The student had $844.00 in Institutional Charges. Student withdrew on day 25 of a semester having 112 days. The student has earned 22.3% (25 days divided by 112 days) of the Title IV aid which equals $458.49 (Loan of $1,274.00 plus grant of $782.00 times 22.3%). The student has unearned aid of $1,597.51 (Total aid received of $2,056.00 minus aid earned of $458.49) that must be returned to the federal programs. The Institution must return $656.00 ($844.00 Institutional charges times 77.7% unearned aid); all of this will be returned to the Subsidized Federal Direct Stafford Loan. The remaining $941.51 (uneearned aid of $1,597.51 minus amount Institution returned of $656.00) must be returned by the student. The student must repay $618.00 ($1,274.00 received in loan minus $656.00 returned to loan by Institution) to the Subsidized Federal Direct Stafford Loan in accordance with the terms of the loan. The student must return $162.00 (remaining unearned aid of $941.51 minus $618.00 returned to loan fund by student equals $323.51 multiplied by 50% (students are required to return 50% of unearned grant funds)) to the Pell Grant Program.¹

Tuition

- Bursar's Office - Student Account (p. 520)
- Class Attendance Verification (p. 520)
- Drug Policy - Anti-Drug Abuse Act of 1988 (p. 520)
- In-State Tuition (p. 520)
- Out-of-State Tuition (p. 520)
-Repeated Coursework (p. 520)
- Satisfactory Academic Progress (SAP) Policy (p. 520)
- Tuition Classification (p. 523)

Bursar's Office - Student Account

The Bursar's Office provides financial services to students, faculty, and staff of the University. Operations are guided by two major criteria: customer service and requirements for completing financial transactions within the guidelines provided by Federal and State regulations, as well as GASB (Governmental Accounting Standards Board).

Mailing address:
Bursar's Office
PO Box 8155
Statesboro, GA 30460-8155

Bursar's Office
11935 Abercorn Street
Savannah, GA 31419
businesssrvs.georgiasouthern.edu/bursar
Phone number: 912-478-0999

Class Attendance Verification

In accordance with federal regulations, financial aid cannot be released to a student's account until the professors have verified class attendance. Class attendance will be taken by professors on the first day of each class for which a student is registered.

Drug Policy - Anti-Drug Abuse Act of 1988

It is the policy of Georgia Southern University and the Office of Financial Aid that when the University or the Office of Financial Aid is officially notified that a student, who is a recipient of a Federal Pell Grant, is convicted via a court of law of a drug offense during the period of enrollment covered by the Federal Pell Grant, and for which the student had previously certified he or she would be drug free, that individual's violation of the certification statement must be reported to the U.S. Department of Education Office of Inspector General, in accordance with section 668.14 (g) of the Title IV Higher Education Act of 1965 and its amendments. Upon the final determination by the Office of the Inspector General, and the notification to Georgia Southern University, the Office of Financial Aid will implement the recommendations set forth in their findings, which may include the withholding of all further Title IV and institutional payments to the student. Until a final determination is made regarding fraud on the part of the student, the student will remain eligible for financial aid.

In-State Tuition

Tuition is charged to all students based on the number of credit hours for which the student is registered. In-state undergraduate students are charged per credit hour up to 15 credit hours per semester. All undergraduate students who enroll in an online course will pay the online course rate per credit hour. This rate will not apply to higher cost programs such as WebBSIT.

In-state graduate students are charged per credit hour up to 12 credit hours per semester (with the exception of Professional Programs, Distance Education, and Online Programs). Graduate students enrolled in Professional Programs, Distance Education and Online Programs will be subject to additional tuition charges related to those programs. Graduate students who enroll in an Online Degree Program (degree is offered entirely online) will be charged based on their program's rate per credit hour.

The current academic year's rates can be found on the Tuition and Fees (https://finerv.georgiasouthern.edu/bursar/office-of-student-accounts/tuition-and-fees) website.

Out-of-State Tuition

Non-residents of Georgia are required to pay tuition at an out of state rate based on the number of credit hours for which the student is registered.

Out-of-state undergraduate students are charged per credit hour up to 15 credit hours per semester. All undergraduate students who enroll in an online course will pay the online course rate per credit hour. This rate will not apply to higher cost programs such as WebBSIT.

Out-of-state graduate students are charged per credit hour up to 12 credit hours per semester (with the exception of Professional Programs, Distance Education, and Online Programs). Graduate students enrolled in Professional Programs, Distance Education and Online Programs will be subject to additional tuition charges related to those programs. Graduate students who enroll in an Online Degree Program (degree is offered entirely online) will be charged based on their program's rate per credit hour.

The current academic year's rates can be found on the Tuition and Fees (https://finerv.georgiasouthern.edu/bursar/office-of-student-accounts/tuition-and-fees) website.

Repeated Coursework

Federal regulations limit the number of times a student may repeat a course and receive Federal financial aid for that course:

- A student may receive aid when repeating a course for the first time (course was previously failed or passed first time).
- If a previously passed course is repeated a third time, the student may not receive financial aid for that course. Also, the course would not be counted towards full-time eligibility. Grants, loans, and scholarships can be affected if a student is not at full-time status.
- A student may receive aid for a repeated course in which they have never received a passing grade for as many times as it takes to pass the course as long as they are meeting other financial aid eligibility requirements.

The federal regulations apply whether or not the student received aid for earlier enrollments in the course.

Satisfactory Academic Progress (SAP) Policy

Requirement and Definition

Federal and state regulations require the University to establish and apply reasonable satisfactory academic progress standards and to review applicable student records to ensure students receiving financial
assistance under the programs authorized by Title IV of the Higher Education Act or Georgia state law are complying with these standards. Georgia Southern University students who wish to receive financial aid must maintain satisfactory academic progress (SAP) in their selected course of study as set forth in this policy.

Students are notified of the SAP policy in the Georgia Southern University online Catalog, which is available at em.georgiasouthern.edu/registrar/resources/catalogs/. In addition, the SAP policy is sent to students’ Georgia Southern email accounts. Further, a copy of the SAP policy, instructions for the SAP Appeal Form, and a SAP calculator are available in the University’s Financial Aid Office and on our website at em.georgiasouthern.edu/finaid/policies/satisfactory-academic-progress-sap/.

The Office of Financial Aid is responsible for evaluating satisfactory academic progress of students receiving financial assistance from all federal and state programs, and certain alternative loan programs.

**Institutional SAP Policy**

Financial aid academic progress standards for students are evaluated on the basis of grade point average (GPA), credit hour completion (PACE), and maximum timeframe (MAX).

Financial aid standards of SAP for students will be checked at the end of each semester.

The Financial Aid SAP Policy is totally separate from the policies of the Registrar’s office regarding Academic Standing and Academic Renewal along with separate appeal processes. All grades previously received will be considered when determining financial aid eligibility, as stated in this policy.

Georgia Southern University’s SAP policy requires maintaining academic standards based on the following three criteria:

1. **Grade Point Average (GPA)**
   - Undergraduate students (other than students who have been accepted into the Education Major teacher certification programs):
     Undergraduate students will be evaluated at the end of each term on the basis of cumulative GPA. The cumulative GPA required to maintain SAP for the total number of attempted hours is 2.0.
   - Undergraduate Education Majors in the Teacher Education Program (TEP):
     Undergraduate education majors in certification programs will be evaluated at the end of each term on the basis of cumulative GPA. Under the University’s academic policy, students who have been formally admitted into the Teacher Education Program are required to maintain a cumulative GPA of at least 2.50.

   Under the University’s academic policy, students who have been accepted into the education major’s certification programs but do not maintain the required cumulative GPA of at least 2.50 may not continue in a certification program. However, these students may choose to switch to another major in order to complete their degree. If an Education Major certification student is determined not to be making SAP because he or she has not maintained the required 2.50 GPA, and he or she subsequently chooses to switch to another major, at the next SAP evaluation, the student’s GPA will be evaluated as compared to the requirement for the new major (i.e., 2.0). For purposes of that evaluation, all grades earned to date will be included in the GPA calculation.

   **Note:** Students must apply and gain acceptance into the Teacher Education Program (TEP). In order to be accepted into the Program, a student must satisfy several requirements, including having completed a minimum of 50 semester credit hours (including completion of certain specified coursework), and having earned a cumulative GPA of at least 2.50 (including all coursework completed at Georgia Southern and any transfer credit accepted by Georgia Southern).

   **Post baccalaureate students:**
   Post baccalaureate students will be evaluated at the end of each term on the basis of cumulative GPA. The cumulative GPA required to maintain SAP for the total number of attempted hours is 2.0.

   **Graduate students:**
   Graduate students will be evaluated at the end of each term. Students enrolled in master’s degree, specialist, and PhD programs must have a cumulative GPA of 3.0 or higher at the end of each term.

   **Failure to maintain the required minimum cumulative GPA standards will result in the loss of eligibility to receive financial aid.**

2. **Credit Hour Completion (PACE of Progression)**
   All students will be evaluated at the end of each term to determine if they are making satisfactory pace of progression in their academic program. PACE is calculated by dividing the cumulative number of hours the student has successfully completed (earned) by the cumulative number of hours the student has attempted. Undergraduate, post baccalaureate, and graduate students who enroll for full-time, three-quarter time or part-time course work throughout each academic year must complete (earn) at least 67% of all attempted hours registered for during each academic term.

3. **Maximum Time Frame (MAX)**
   Students must progress through their educational programs at a rate that will allow the student to complete the program within the timeframe allowed for their program.

   **Undergraduate:**
   Undergraduate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. For example, students in a 4-year, 124-credit hour program who have attempted more than 186 semester credit hours will become ineligible to receive financial aid. Degree programs that require more than 124 hours for graduation will have the 186 hours maximum timeframe increased proportionally by the number of hours above 124 required to receive the degree. If at any time, the student has more credits remaining to finish his/her declared program than he/she has left in remaining maximum credit, the student will become ineligible for financial aid.

   **Post Baccalaureate:**
   Post Baccalaureate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. Post Baccalaureate students must be enrolled in a bachelor’s degree program in order to receive financial aid. The degree program must be different than one already completed at Georgia Southern University or Armstrong State University. Post Baccalaureate students adding a major, taking courses to increase GPA, or not enrolled in a degree program are not eligible to receive financial aid.

   **Graduate:**
   Graduate students must be projected to complete their program in a period of time that is not longer than 150 percent of the published length of the educational program, as measured in credit hours. For example, students in a 60-credit graduate program who have attempted more than 90 semester credit hours will become ineligible to receive financial aid. Degree programs that require more than 60 hours for graduation will have the 90 hours maximum timeframe increased proportionally by the number of hours above 60 required.
to receive the degree. If at any time, the student has more credits remaining to finish his/her declared program than he/she has left in remaining maximum credit, the student will become ineligible for financial aid.

Institutional SAP Status

Students not maintaining Satisfactory Academic Progress are notified of their SAP status and related consequences in writing by the Financial Aid Office. At the end of each SAP evaluation period, one of the following SAP statuses will be assigned:

SATISFACTORY:
Student is making SAP, as measured by all of the following requirements: GPA, PACE, and/or MAX Time Frame. Student is eligible to continue receiving financial aid.

FINANCIAL AID WARNING:
Student is not making SAP as measured by one or more of the following requirements: GPA, PACE, and/or MAX Time Frame. For the next term in which the student is enrolled, the student remains eligible to continue receiving financial aid. The student must make SAP at the time of the next SAP evaluation period, or the student will be deemed ineligible to receive financial aid and will be placed on Financial Aid Suspension (unless and until he or she appeals that determination successfully and is placed subsequently on Financial Aid Probation).

FINANCIAL AID SUSPENSION:
Student is not making SAP based on one or more of the requirements (i.e., GPA, PACE and/or MAX Time Frame) after (1) being on Financial Aid Warning status for one term and failing to meet the required SAP standards, or (2) not satisfying the requirements of the academic plan developed for the student when he or she was placed on Financial Aid Probation. Financial aid eligibility is terminated until the student has achieved the required minimum standards to make SAP, or the student has obtained an approved appeal.

FINANCIAL AID PROBATION:
A student on Financial Aid Suspension has the right to appeal to have financial aid reinstated. If the appeal is approved, the student is placed on Financial Aid Probation. Students with approved SAP appeals are monitored by the Office of Financial Aid every term of enrollment to determine if they have achieved the goals of their academic plan. Failure to make progress as set out in the academic plan will result in the loss of eligibility to receive financial aid (i.e., Financial Aid Suspension).

Special Circumstances Affecting SAP Criteria

Learning Support Classes:
The first 30 credit hours of learning support course work will be excluded from the calculation for maximum timeframe and from the calculation for the required percentage of credit hour completion. Learning support credit hours in excess of 30 credit hours will be included in both the calculation of maximum timeframe and the required percentage of credit hour completion. All grades earned through learning support course work will be included in the calculation of the cumulative GPA.

Dropped and Repeated Courses: (see below for complete withdrawals)
All credit hours attempted during each term in which a student is enrolled and receives aid will count toward the maximum timeframe and minimum credit hours completion. A student is considered enrolled based on the number of credit hours registered after the drop/add period of each academic term. Students who drop courses during the drop/add period will not have those hours considered in determining total hours registered. Students who drop courses after the drop/add period will have those hours considered in determining total hours registered, which will count toward the maximum timeframe calculation.

Repeated courses will count in the calculation of attempted hours. All grades earned in repeated courses will be used to calculate the GPA for purposes of SAP.

Grades of A, B, C, D, or S represent satisfactory completion of a course. Grades of F, I, W, WF, U, or Audit represent unsatisfactory completion of a course. Grades of IP or V will not be included in the number of hours earned toward the completion of a degree.

Complete Withdrawal from School:
A financial aid student who withdraws from school during the 100% refund period of any term, which runs through the first day of classes, will not have their registered hours included in the maximum timeframe calculation and be required to meet the minimum credit hour completion percentage. However, any student withdrawing from school after the 100% refund period (after the first day of classes) will have their registered hours included in the maximum timeframe calculation and be required to meet the minimum credit hour completion percentage.

Effect of Grades on GPA:
Grades of A, B, C, D, F, or WF are included in determination of GPA for purposes of SAP. Grades of I, IP, K, NR, S, U, V, W, WT, W% or WM are not included in this calculation. Appeals will not be reviewed until “I” (incomplete) grades have been changed. For HOPE scholarship recipients, “I” grades could affect HOPE eligibility status when the grade for the incomplete is eventually submitted to the Office of the Registrar. Students who had been awarded HOPE, but later become ineligible with the grade change, will have HOPE awards canceled until the next checkpoint, and will be responsible for the repayment of any HOPE funds received while not eligible.

Transfer Credits:
Credits transferred from other institutions will count toward maximum timeframe, credit hour completion percentage, and the cumulative GPA calculation for SAP evaluation purposes.

Consortium Agreements:
Credit hours earned through consortium or contractual agreements (contracts with other higher education institutions) will count toward maximum timeframe, credit hour completion percentage, and cumulative GPA.

Reestablish Financial Aid Eligibility

A student seeking to reestablish eligibility of financial aid may do so by:

- achieving SAP standards towards their course of study, as set forth in this policy, at the time of a future SAP evaluation, or
- acquiring a successful appeal through the appeal process and being placed on Financial Aid Probation status.

SAP Appeal Process

Students who have been placed on Financial Aid Suspension due to failure to progress toward academic degree completion have a right to appeal to have their financial aid reinstated. The appeal process is as follows:

- Students must complete the Satisfactory Academic Progress (SAP) Financial Aid Appeal Form. Instructions on how to access the appeal form are found on the Georgia Southern University Financial Aid website under the Policies tab. Deadlines to appeal are the 5th day of the semester appealing for aid.
- The completed SAP Appeal Form along with all appropriate documentation must be submitted online to the Office of Financial Aid.
as early as possible for review. The documentation submitted must include:

a. A statement explaining the circumstance(s) which prevented the student from making satisfactory academic progress (e.g., serious injury, illness, or mental health condition of student or immediate family member; birth or adoption of a child; death of an immediate family member; divorce/separation; military service; personal difficulties; academic difficulties beyond the student’s control; or other circumstances related to exceeding maximum timeframe).

b. Documentation that supports the student’s statement (e.g., physician’s statement, birth or death certificate, divorce decree, military papers, letter of support from someone aware of the student’s academic difficulties).

c. Information about what has changed in the student’s situation that will allow the student to demonstrate satisfactory academic progress at the next evaluation.

d. A detailed coursework plan for completing your degree requirements which includes confirmation you have met with your academic advisor.

e. A detailed academic improvement plan that includes upcoming semester goals and GPA calculations that will place you back in good standing. The improvement plan must be created with, and approved by, the Academic Success Center.

- Students completing the SAP appeal process are required to pay current term fees by the fee payment deadline to avoid class cancelation. Classes will not be held while an appeal is being reviewed. Questions regarding student fee payments should be directed to the Office of Student Accounts at (912) 478-0999.

- Notification of the appeal decision will be sent by email to the student’s Georgia Southern email.

### Tuition Classification

**Regents’ Policies Governing Classification of Students for Tuition Purposes:** Under the Constitution and the laws of Georgia, the Board of Regents of the University System of Georgia was created to govern, control, and manage a system of public institutions providing quality higher education for the Georgia citizens. The State, in turn, receives substantial benefit from individuals who are attending or who have attended these institutions through their contributions to the civic, political, economic and social advancement of the citizens of Georgia. Because of the overwhelming amount of financial support supplied by the citizens of Georgia, the determination of whether a student is a resident or a non-resident of Georgia is a significant matter. The tuition paid by in-state students covers about one-fourth of the total cost of their education in Georgia. Georgia taxpayers are therefore contributing 75 percent of the funds for quality education in the state. State colleges and universities often assign out-of-state students a higher tuition rate in an attempt to achieve parity between those who have and those who have not contributed to the state’s economy recently. The courts consider the durational residency requirement (usually 12 consecutive months) imposed by most states to be a reasonable period during which the new resident can make tangible or intangible contributions to the state before attending state colleges as an in-state student. The term “resident” is confusing because it can refer to voter registration, driver’s license, automobile registration, income taxes and other matters. A student may be a resident of Georgia for some purposes, but not entitled to in-state tuition fees. Courts have consistently upheld the right of these institutions to charge out-of-state students higher rates. The courts have also upheld the institution’s right to adopt reasonable criteria for determining in-state status. Through the resident and non-resident fees, the taxpayers of Georgia are assured that they are not assuming the financial burden of educating non-permanent residents.

If a person has moved to the state of Georgia for the purpose of attending a Georgia educational institution, it is difficult for that person to prove his/her intent to become a legal resident of the state. (The American Heritage Dictionary of the English Language defines intent in the following manner: n. 1. That which is intended; aim; purpose.)

### Verification of Lawful Presence

Each University System institution shall verify the lawful presence of an individual who is attending any educational institution in the United States of every successfully admitted person applying for resident tuition status as defined in Section 7.3 of the University System of Georgia Board of Regents Policy Manual which can be found at www.usg.edu/policymanual (https://www.usg.edu/policymanual).

Institutions may use a number of different methods to verify the lawful presence of their students. The methods include the following:

- **A current ID or drivers’ license issued by the State of Georgia after January 1, 2008. A limited term license or an expired license is not acceptable.**
- **A certified U.S. birth certificate showing that the student was born in the U.S. or a U.S. Territory. A photo copy is not acceptable. You may obtain a certified copy through the Health Department in the county in which the student was born. (MUST BE PRESENTED IN PERSON)**
- **A U.S. Certificate of Birth Abroad issued by the department of state or a Consular Report of Birth Abroad.**
- **A U.S. Certificate of Naturalization or Certificate of Citizenship**
- **A current U.S. Passport**
- **A current Military ID (only valid for military personnel, not their dependents) (MUST BE PRESENTED IN PERSON)**
- **A current Permanent Resident Alien Card**

The Office of Student Affairs of the University System of Georgia has developed a web page to provide students, parents, and high school counselors with information about the lawful presence requirement. This page can be accessed by going to www.usg.edu/student_affairs/verification_of_lawful_presence (http://www.usg.edu/student_affairs/%20students/verification_of_lawful_presence).

### Petition for Classification of Students for Tuition Purposes

1. **If a person is 18 years of age or older, he or she may register as an in-state student only upon showing that he or she has been a legal resident of Georgia for a period of at least 12 months immediately preceding the date of registration.**

   **Exceptions:**
   - A student who previously held residency status in the state of Georgia but moved from the state then returned to the state in 12 or fewer months.

2. **A student must independently make an income of $11,600+ to be considered for in-state residency approval** (For more details about this rule set by the BOR, visit this website (aspe.hhs.gov/poverty-guidelines (https://aspe.hhs.gov/poverty-guidelines)). If the student is baring his/her petition on his/her parent, guardian or spouse, the income rule would apply to the person supporting the dependent student.

3. No emancipated minor or other person 18 years of age or older shall be deemed to have gained or acquired in-state status for tuition purposes while attending any educational institution in this state, in the absence of a clear demonstration that he or she has in fact established legal residence in this state.

4. **If a parent or legal guardian of a student changes his or her legal residence to another state following a period of legal residence in Georgia, the student may retain his or her classification as an in-state student as long as he or she remains continuously enrolled in the program.**
University System of Georgia, regardless of the status of his or her parent or legal guardian.

5. In the event that a legal resident of Georgia is appointed by a court as guardian of a nonresident minor, such minor will be considered as an in-state student providing the guardian can provide proof that he or she has been a resident of Georgia for the period of 12 months immediately preceding the date of the court appointment.

6. Aliens shall be classified as non-resident students, provided, however, that an alien who is living in this country under an immigration document permitting indefinite or permanent residence shall have the same privilege of qualifying for in-state tuition as a citizen of the United States upon proving 12-month residency period in Georgia.

Due to the requirement that a person prove his/her intent to become a legal resident of the state of Georgia, his/her petition may not be approved. The burden of proof is always on the student, and documentation is absolutely necessary to prove any claims. If his/her petition for legal residency for tuition purposes is denied, the student may appeal the decision to the Tuition Classification Committee.

SEMMTER DEADLINES for submitting a Petition for Classification of Students for Tuition Purposes:
- Fall Semester - August 1st
- Spring Semester - November 1st
- Summer Semester - April 1st

Student Responsibilities

1. Student Responsibility to Register under Proper Classification
- The responsibility of being classified under the proper tuition classification belongs to the student. If there is any question of Tuition Classification or their right to in-state tuition status, it is their obligation, within the deadlines set on the residency website, to raise the question with the administrative officials of the institution in which they are registering and have it officially determined. The burden always rests with the student to submit information and documents necessary to support their contention that they qualify for a particular tuition classification under Regents’ regulations.

2. Official Change of Tuition Status
- Every student classified as a nonresident shall retain that status until they petition for reclassification in the form prescribed by the institution and shall be officially reclassified in writing as an in-state student by the proper administrative officers. No more than one application may be filed for a given semester.

3. Reclassification
- Every student who has been granted in-state tuition as a legal resident of Georgia shall be reclassified as an out-of-state student whenever they report, or there have been found to exist, circumstances indicating a change in legal residence to another state.

Out-of-State Tuition Waivers

An institution may waive out-of-state tuition and assess in-state tuition for:

1. Academic Common Market. Students selected to participate in a program offered through the Academic Common Market (www.usg.edu/divisions/academic_common_market/ (https://www.usg.edu/divisions/academic_common_market/)).

2. Presidential. Presidential waivers are divided into three categories: (1) academic, (2) international, and (3) athletic. Students selected by the institutional president or an authorized representative, provided that the number of such waivers in effect does not exceed two percent of the equivalent full-time students enrolled at the institution in the fall term immediately preceding the term for which the out-of-state tuition is to be waived. Out-of-state students may apply by completing the MyScholarships application found at admissions.georgiasouthern.edu/scholarships/. International students may apply on the International Admissions page at the following address: admissions.georgiasouthern.edu/requirements/international. Student athletes should speak with their recruiting coach.

3. University System Employees and Dependents. For full-time employees of the University System, their spouses, and their dependent children.

4. Full-Time Public School Employees. For full-time employees in the public schools of Georgia or of the Technical College System of Georgia, their spouses, and their dependent children.

5. Career Consular Officials. Career consular officers, their spouses, and their dependent children who are citizens of the foreign nation that their consular office represents and who are stationed and living in Georgia under orders of their respective governments.

6. Military Personnel. Active duty military personnel, their spouses, and their dependent children who meet one of the following criteria:
   a. The military sponsor is currently stationed in or assigned to Georgia;
   b. The military sponsor previously stationed in or assigned to Georgia is reassigned outside of Georgia, and the student or students remain continuously enrolled in a Georgia high school, TCSG institution, or a USG institution;
   c. The military sponsor is reassigned outside of Georgia and the spouse and dependent children remain in Georgia;
   d. The military sponsor is stationed in a state contiguous to the Georgia border and resides in Georgia;
   e. Dependent children of a military sponsor previously stationed in or assigned to Georgia within the previous five years;
   f. Dependent children of a military sponsor if the child completed at least one year of high school in Georgia; or,
   g. Any student utilizing VA educational benefits transferred from a currently serving military member, even if the student is no longer a dependent of the transferor.

7. Georgia National Guard and U.S. Military Reservists. For active members of the Georgia National Guard, stationed or assigned to Georgia or active members of a unit of the U.S. Military Reserves based in Georgia, and their spouses and their dependent children.

8. International and Domestic Exchange Program. For any student who enrolls in a University System institution as a participant in an international or domestic direct exchange program that provides reciprocal benefits to University System students.

9. Economic Advantage. As of the first day of classes for the term, an Economic Advantage waiver may be granted under the following conditions:
   a. U.S. Citizens, Permanent Residents, and Other Eligible Non-Citizens
      i. Dependent students providing clear and convincing evidence that the student’s parent or U.S. court-appointed legal guardian relocated to the State of Georgia to accept full-time, self-sustaining employment. The relocation must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment upon which the relocation was based must be held at the time the waiver is awarded.
      ii. Independent students providing clear and convincing evidence that they, or their spouse, relocated to the State of Georgia to accept full-time, self-sustaining employment. The relocation to the state must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment upon which the relocation was based must be held at the time the waiver is awarded.
      iii. U.S. refugees, asylees, and other eligible non-citizens as defined by the federal Title IV regulations may be extended the same consideration for the Economic Advantage waiver as citizens and lawful permanent residents of the United States.
Waiver eligibility for the above qualifying students expires twelve (12) months from the date the waiver is awarded.

b. Non-Citizens
i. Non-citizen dependent students providing clear and convincing evidence that the student’s parent or U.S. court-appointed legal guardian relocated to the State of Georgia to accept full-time, self-sustaining employment and entered the state in a valid, employment-authorized status. The relocation must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment upon which the relocation was based must be held at the time the waiver is awarded. Additionally, the non-citizen dependent student must provide clear and convincing evidence that the parent, or U.S. court-appointed legal guardian, is taking legally permissible steps to obtain lawful permanent resident status in the United States.

ii. Non-citizen independent students must provide clear and convincing evidence that they, or their spouse, relocated to the state of Georgia to accept full-time, self-sustaining employment and entered the state in a valid, employment-authorized status. The relocation must be for reasons other than enrolling in an institution of higher education and appropriate steps to establish domicile in the state must be taken. The employment upon which the relocation was based must be held at the time the waiver is awarded. Additionally, non-citizen independent students must provide clear evidence that they, or their spouse, are taking legally permissible steps to obtain lawful permanent resident status in the United States.

Waiver eligibility for the above qualifying students may continue provided full-time, self-sustaining employment in Georgia and the employment-authorized status are maintained. Furthermore, there must be continued evidence of Georgia domicile and efforts to pursue an adjustment to United States lawful permanent resident status.

10. Recently Separated Military Service Personnel. For members of a uniformed military service of the United States who, within 3 years/36 months of separation from such service, enroll in an academic program and demonstrate an intent to become a permanent resident of Georgia. This waiver may also be granted to their spouses and dependent children. There is no limit to the number of terms a student may be awarded the Recently Separated Military Personnel waiver provided the student remains continuously enrolled.

11. Non-resident Student. As of the first day of classes for the term, a non-resident student can be considered for this waiver under the following conditions:

a. Student under 24
   If the parent, or U.S. court-appointed legal guardian has maintained domicile in Georgia for at least 12 consecutive months and the student can provide clear and legal evidence showing the relationship to the parent or U.S. court-appointed legal guardian has existed for at least 12 consecutive months immediately preceding the first day of classes for the term. Under Georgia code legal guardianship must be established prior to the student’s 18th birthday.

b. Student 24 or Older
   If the student can provide clear and legal evidence showing relations to the spouse and the spouse has maintained domicile in Georgia for at least 12 consecutive months immediately preceding the first day of classes for the term. This waiver can remain in effect as long as the student remains continuously enrolled.

   If the parent, spouse, or U.S. court-appointed legal guardian of a continuously enrolled non-resident student establishes domicile in another state after having maintained domicile in the State of Georgia for the required period, the non-resident student may continue to receive this waiver as long as the student remains continuously enrolled in a public postsecondary educational institution in the state, regardless of the domicile of the parent, spouse or U.S. court-appointed legal guardian.

12. Vocational Rehabilitation Waiver. For students enrolled in a University System of Georgia institution based on a referral by the Vocational Rehabilitation Program of the Georgia Department of Labor.

14. Border State Residents Waiver. Undergraduate student residents of Florida, South Carolina, North Carolina, Tennessee, and Alabama who have a primary campus of Armstrong or Liberty may receive the Border State Residents Waiver. Continuous enrollment on the Armstrong or Liberty campuses are required to maintain the waiver.

15. Border County Resident Waiver. Undergraduate student residents of Jasper and Beaufort counties in South Carolina who have a primary campus of Armstrong or Liberty may receive the Border County Resident Waiver.

Special Institutional Fee Waiver

Special Institutional Fee Waiver for Active Duty U.S. Military Students

This fee waiver eliminates the Special Institutional Fee charged by University System of Georgia institutions. If approved to receive the waiver, the active duty military member will be awarded the waiver for three consecutive terms (one academic year).

Eligibility:
- Members of the United States Reserve Components serving on active duty or full-time training duty.
- Members of the Georgia National Guard who are employed full-time by the Georgia National Guard.
- Members of the Georgia National Guard who have been called into active service by the Governor of the State of Georgia.

Waiver of Mandatory Fees

Waiver of Mandatory Fees for U.S. Military Reserve and Georgia National Guard Combat Veterans

1. Eligibility. Eligible participants must be Georgia residents who are active members of the U.S. Military Reserve and/or the Georgia National Guard and were deployed overseas for active service in a location or locations designated by the U.S. Department of Defense as combat zones on or after September 11, 2001 and served for a consecutive period of 181 days, or who received full disability as a result of injuries received in such combat zone, or were evacuated from such combat zone due to severe injuries during any period of time while on active service. Additionally, eligible participants must meet the admissions requirements of the applicable USG institution and be accepted for admission.

2. Benefits. Eligible participants shall receive a waiver of all mandatory fees charged by USG institutions including, but not limited to, intercollegiate athletic fees, student health services fees, parking and transportation (where such fees are mandated for all students), technology fees, student activity fees, fees designated to support leases on facilities such as recreation centers, parking decks, student centers and similar facilities, and any other such mandatory fees for
which all students are required to make payment. Students receiving this waiver shall be eligible to use the services and facilities these fees are used to provide. This benefit shall not apply to housing, food service, any other elective fees, special fees or other user fees and charges (e.g., application fees).

An institution may waive mandatory fees, excluding technology fees, for:

1. Students who reside or study at another institution.
2. Students enrolled in practicum experiences (e.g., student teachers) or internships located at least 50 miles from the institution.
3. Students enrolled in distance learning courses or programs who are not also enrolled in on-campus courses nor residing on campus. If a student is enrolled in courses from more than one institution during the same term, only the home institution will charge the approved technology fee to the student. Students who participate in distance education offerings as transient students will not be charged a technology fee by the transient institution. No separate technology fee shall be established for collaborative distance learning courses or programs.
4. Students enrolled at off-campus centers, except that the institution shall be authorized to charge select fees to these students for special services subject to approval by the Board of Regents.
Student Life

Georgia Southern University campuses are full of life — places where memories are made every day. They are comfortable sites of activity and interaction for both educational and personal growth offering a wide variety of facilities, services and organizations to the 27,000-plus students interested in exercising, maintaining their health, enjoying the outdoors, making new friends, building knowledge and sharing ideas.

Armstrong Bookstore

The Armstrong Bookstore is your one-stop shop for all things Georgia Southern on the Armstrong and Liberty campuses whether it be products and services that support academic success or spirit merchandise! We sell licensed apparel, supplies, and gift items in addition to technology, Apple products, trade books, textbooks and academic supplies. As the official campus store, we have everything you need to study, play and live in blue and white.

Giving Back To Georgia Southern

Because the Armstrong Bookstore is managed by Follett Higher Education Group, a commission percentage of every dollar spent is reinvested into the campus, providing financial support for facilities and programs. Each semester, the store donates product to University organizations and departments supporting programs and events that directly benefit students, faculty and staff. Follett also provides textbook scholarships and a $20,000 yearly donation directly to the advancement scholarship fund to help future Eagles who are in financial need.

Textbooks | Textbook Rentals | Digital books

We take pride in our products and competitive pricing and in our unsurpassed customer service.

The Armstrong Bookstore offers all required and recommended textbooks and is a trusted campus resource for course materials and technology. Georgia Southern University faculty and staff work with the Armstrong Bookstore to ensure a complete selection of required class materials. Unlike online and off-campus stores, the Armstrong Bookstore only sells the correct and complete editions of textbooks and course materials.

We offer multiple purchasing options by selling new, used, rental, and digital books. Book rentals can save students up to 80% off of new book costs. Follett has the largest in-store and online assortment of rental titles in the country and Georgia Southern students get to take advantage of that at the Armstrong Bookstore.

The Armstrong Bookstore partners with Georgia Southern’s Office of Financial Aid and accepts all forms of financial aid awarded through the office without requiring credit card or personal check held for collateral. For your convenience, new, used, rental, and digital books, other course materials and all your supplies can be bought via your WINGS account or directly at armstrong-shop.com. The financial aid bookstore credit can be used to pay for all your course materials and supplies; all you need is your valid Eagle Card. You can also use your bookstore credit online using your Eagle ID. The maximum amount for financial aid textbook credit is $600 per fall, spring, and summer semester.

For your convenience, new, used, and rental books and other course materials can be bought via your WINGS account or directly at armstrong-shop.com. Online orders may be picked up in the store for free or shipped via FedEx to an address of your choice. Additionally, we also offer free pickup at the Liberty Center or on the Statesboro campus.

As a Follett Higher Education Group-managed store, we buy back books every day of the year, but our best prices are often right before finals week.

For more information, visit armstrong-shop.com or call to speak with a team member.

Buyback

When buying either a new or used book, you have the freedom to write and highlight in the book. Books can be saved for future semesters; however, if you feel you will not use a book in the future, you can sell it back to the Armstrong Bookstore for up to 50% of the new book cost. If the book is not adopted by a professor for a future term, we will see if we can buy it for the national wholesale price. This is the pricing Follett will buy anywhere in the country and can even include books not used at Georgia Southern, so feel free to bring in any book, or check online at armstrong-shop.com using the ISBN. The pricing on the website is only the national wholesale value and could be higher in-store.

Rental

Renting provides the best value by allowing you usage of the course material for the length of the course. Why rent? When you rent your books, you'll pay, on average, less than half the new textbook price. Follett has the largest in-store and online rental program in the country. Normal highlighting and note-taking are acceptable in rented books. You get Free return shipping if you rent online as a registered user. Multiple forms of payment including bookstore credit can be used online to rent. Check armstrong-shop.com for details.

Supplies

We sell basic school supplies like bookbags, binders, pens and pencils, scantrons, etc. as well as class and major-specific supplies and items such as nursing supplies and lab goggles, sketch paper, ceramic clay, and film. The financial aid bookstore credit may be used to purchase any of the supply items that we sell both in-store and online during the beginning of each term.

Technology

Armstrong Bookstore is your on-campus technology retailer selling the latest in electronics, accessories and much more all at competitive prices. With name brands like Apple, Dell, JBL, SkullCandy, and HP you’re sure to find the technology and accessories you need for a successful college career.

Apple Authorized Retailer

As an Apple Authorized Retailer, Armstrong Bookstore offers a wide selection of Apple accessories in-store and computers and tablets online.

Special Ordering

If we don’t have the product you are looking for in-store, our website armstrong-shop.com provides a huge selection of additional products you can have delivered to the bookstore (or other campuses) for free pick-up. We can also order most anything else you need as long as one of our vendors can supply it. Just ask a team member for assistance!

Textbook Tips & FAQs

Rent or buy your textbooks early. Before the first week of school, review your syllabi and determine which books will be needed. This will allow you to find your books in time while used book options are in stock. If you ultimately need to drop a course or realize the book will not be used, the Armstrong Bookstore allows students to return their unopened textbooks during the first week of classes and then 2 days after purchase thereafter.
Campus Recreation and Intramurals

Campus Recreation & Intramurals, an integral and active service of the diverse University community, supports and strengthens the mission of Georgia Southern University and the Division of Student Affairs by fostering a culture of engagement that is dedicated to nurturing the whole student through wellness. As a department, our purpose is to inspire self-discovery through sport, fitness, wellness and adventure. Through the provision of high-quality, safe and enriching programs and facilities in Fitness, Aquatics, Southern Adventures, Intramural Sports, Club Sports, Golf, Shooting Sports Education and Wellness, we strive to promote and develop healthy life-style choices that will contribute positively to the overall well-being of the students, faculty and staff at Georgia Southern.

Statesboro Campus

Anderson Recreational Park
2687 Bunny Akins Boulevard, Statesboro, GA 30458
Recreation Activity Center (RAC):
• Free Weight, Machine Weight, Cardio, Group Exercise, Mind/Body and Spinning rooms
• Wellness Center including a fitness assessment lab
• 8 Multiuse courts (basketball, volleyball, indoor soccer)
• 3 Racquetball courts
• 3 Multipurpose rooms for dance and martial arts
• Southern Adventures Center
• 45-foot climbing wall and bouldering cave
• Aquatics Center complete with 25yd x 25m lap pool, whirlpool, sauna, 1m and 3m diving boards and locker room facilities

Outdoor venues:
• Outside leisure pool and whirlpool
• Sand volleyball courts
• Band shell
• Multiplex and Club Sports fields (softball, soccer, flag football, lacrosse and rugby)
• Pavilion that can accommodate a variety of events
• Challenge Course featuring low, high and static elements

Georgia Southern University Golf Course at University Park
1031 Golf Club Road, Statesboro, GA 30458
• 18-hole golf course on 167 acres
• 30-station driving range
• Practice greens for chipping and putting
• 8,000 square foot clubhouse

Shooting Sports Education Center
3271 Old Register Road, Statesboro, GA 30458
• 30,000 square foot indoor archery center and firing range
• 16 lane, 25 meter firing range
• 16 lane, 25 meter archery center
• Storage facility for firearms and bows

Armstrong Campus

Student Recreation Center
11935 Abercorn Street, Savannah, GA 31419
• 3,200 square foot multipurpose room for fitness classes and special events
• 2 athletic courts for basketball, volleyball and indoor soccer, as well as a cross-conditioning space
• 6,000 square foot fitness center, which includes: Woodway treadmills, elliptical machines, stationary bikes, recumbent bikes, motion trainers, rowing machines, heavy lifting power racks, a full complement of free weights and more

Recreation Fields
• 2 flag football fields
• Soccer fields

Tennis Complex
• 12 lighted tennis courts

The Aquatics Center provides the campus and surrounding community with a variety of recreational and educational programs designed to promote fun and safety on the water. We offer open swimming, diving, aqua aerobics, swim lessons, and lifesaving classes certified through the American Red Cross. Our facilities include an indoor pool that is handicap accessible, 1m and 3m diving boards, an outdoor leisure pool with basketball goals and a volleyball net, two whirlpools, a dry sauna and a locker room with showers.

Club Sports are unique student organizations in which the overall functions of the organization are student operated. Club Sports offer a way of finding others who share similar recreational interests, and may be organized for instructional, recreational and/or competitive purposes. We have clubs such as archery, baseball, disc golf, equestrian, firearms, fishing, lacrosse, tennis, track and field, ultimate frisbee and more. For a full listing, visit our Club Sport website (recreation.georgiasouthern.edu/club-sports)

The Fitness programs promote health and wellness in many ways. Group fitness includes Yoga, Pilates, resistance training and traditional aerobic classes that help participants improve their cardiorespiratory fitness while also building strength and endurance. Personal training and fitness assessments are available to assist in evaluating fitness levels and providing guidance to reach or maintain fitness and wellness goals, while lifestyle and weight management workshops provide education and support for creating a personal health strategy.

The Georgia Southern University Golf Course at University Park provides an 18-hole championship golf course and comprehensive practice facility that is open to students, faculty, staff and the community. Programs and clinics are scheduled throughout the year to help introduce the fundamentals and build the skills necessary to enjoy a lifetime of golf. For those seeking to take their game to the next level, personal instruction with one of our PGA professionals is available. Visit our pro
shop in the clubhouse for unique attire, golf equipment, golf club repair/regripping, club sizing and more. To learn more or schedule a tee time, visit GSOGolfCourse.com or call 912-GSU-GOLF.

Informal Recreation allows participants to engage in a variety of unstructured recreation activities such as basketball, volleyball, racquetball, walking or jogging. To support this mission, CRI also offers an equipment-lending program at no additional charge. Items available for checkout include: hand wraps, boxing gloves, racquetballs, racquets and basketballs.

Intramural Sports provide students, faculty, and staff the opportunity for competition and fun in a variety of team and individual sports activities. Divisions are available for men, women, and co-rec teams in a range of skill and competition levels. Participants can compete in flag football, dodge ball, basketball, indoor/outdoor soccer, softball, golf, tennis, ultimate frisbee, bowling, volleyball and sand volleyball.

Southern Adventures is the university community’s resource for adventure programming. Southern Adventures provides guided backpacking, sea kayaking, canoeing and climbing trips that range from day trips to week long outings around the southeast. Their equipment rental center also provides all the gear necessary for embarking on your own adventures. The challenge course is designed to provide exciting, experiential opportunities that focus on leadership, communication, self-awareness and interpersonal skills. A 45-foot climbing wall and bouldering cave allow participants to experience the thrill of rock climbing indoors. Instructional clinics are offered throughout the year to learn kayaking, belaying, navigating and other hard skills necessary to confidently and safely enjoy outdoor recreation.

The Shooting Sports Education Center seeks to assist students, faculty, staff and the general public in developing the knowledge, skills and appreciation necessary to be a responsible hunter, archer or shooting sports enthusiast. Trained and certified staff provides instruction in the classroom and on the range to promote both competency and safe archery and firearms handling. The 30,000 square foot facility is open to the public and equipped to serve a variety of shooting sports interests through the 16 lane, 25 meter firing range, 16 lane, 25 meter archery center and two training/seminar rooms.

The University Wellness Program is focused upon enhancing staff, faculty and student wellness. It is a combination of existing, new and collaborative programming that addresses the seven dimensions of wellness: emotional, environmental, intellectual, occupational, physical, social and spiritual. Numerous wellness opportunities are offered throughout the year, with Wellness Week being the major event.

Participation in CRI programs is completely voluntary. It is strongly recommended that all participants consult a physician and/or have a physical exam prior to participation. Participants are also urged to secure adequate personal medical coverage. Additional CRI program information can be found on our website at GeorgiaSouthern.edu/cri (http://recreation.georgiasouthern.edu).
Counseling Center

The Counseling Center at Georgia Southern University is a place where students can go to receive services and participate in programs that are designed to help them handle day-to-day challenges and encourage their personal growth and development. The Counseling Center complements and facilitates the mission of the University by providing services ranging from individual, group, and relationship counseling to outreach programming, crisis intervention, and academic assistance. Students get the personal support they need in a welcoming and comfortable atmosphere. The Center’s staff includes professionally trained psychologists and counselors who are committed to helping students meet their personal and educational goals.

The Center offers individual counseling in areas such as self-esteem, anxiety, depression, sexual identity, relationship conflicts, eating disorders, trauma and abuse issues, and family of origin concerns. Group counseling offers students the opportunity to interact with others who have similar concerns while developing more satisfying relationships. Relationship counseling offers students an opportunity to build communication skills and conflict resolution in romantic relationships.

Case management connects students with referral resources to meet their individual needs.

The Center’s staff offers drop-in workshops designed to provide students with additional opportunities for personal growth; including increasing emotional wisdom, improving sleep hygiene, and practicing mindful yoga. Online workshops and self-help resources are available on the Counseling Center website on a variety of topics for those who are interested in accessing skill building independently.

Staff also provides outreach presentations to academic classes and student organizations on various mental health topics, such as stress management, dating violence, acquaintance rape, interpersonal relationships, and communication skills. Please see the online outreach request form. In addition, the Counseling Center houses the Sexual Assault Response Team, the SAFE SPACE program, and QPR Gatekeeper Training.

Counselors are also available to assist faculty who desire consultation about a student. The number to call during regular business hours Monday-Friday, 8AM to 5PM, is (912) 478-5541 (Statesboro) or (912) 344-2529 (Armstrong), or after hours, 912-478-5234 (Statesboro) or 912-344-3333 (Armstrong).
## Dining Plans

<table>
<thead>
<tr>
<th>Plan</th>

</tr>
<tr>
<td>Eagle Gold</td>
<td>7-day all access to the Dining Commons (Lakeside DC or The Galley DC)</td>
<td>$300 Dining Dollars</td>
<td>(8) Guest Passes</td>
<td>$1875.00/semester $\dagger$</td>
</tr>
</tbody>
</table>

$\dagger$ Dining Dollars and Guest Passes expire at the end of the semester. The Rates quoted above are for Fall 2019 - Spring 2020. Please visit the Eagle Dining Services website for current Dining Plan pricing: [auxiliary.georgiasouthern.edu/eagledining](http://auxiliary.georgiasouthern.edu/eagledining).

**Freshmen living on campus are required to have a Dining Plan**, and information about this requirement is included on the University Housing contract. Please read and understand this information before signing your housing contract. Freshmen may choose either of the Dining Plans for the duration of their first two semesters on campus. Dining Dollars are accepted at all dining locations on campus, GUS Mart locations and concessions. Guest Passes may only be used at Residential Dining locations.

Beginning each semester, the Eagle Card Center offers students the ability to add EagleXpress Packages to their invoices prior to the first financial aid disbursement. Descriptions of the EagleXpress Packages are listed below. Students may register for one of the EagleXpress Packages by stopping by the Eagle Card Center, through the EagleXpress web portal at eaglecard.georgiasouthern.edu, or their my.georgiasouthern.edu account.

Enrollment Management

The Division of Enrollment Management is responsible for the strategic planning and implementation of University-wide enrollment management services and programs which include recruitment, enrollment, and graduation. Consisting of Undergraduate Admissions, Financial Aid, the Registrar’s Office, and Institutional Research, the departments within the division provide support services to promote student success from application to graduation.
Health Services

Georgia Southern University Health Services is a department of Auxiliary Services and the Division of Student Affairs.

The Mission of Health Services is to provide high quality, compassionate healthcare, education and health promotion in support of student retention, graduation and positive long-term wellness.

Health Services is available to all Georgia Southern students with locations on the Statesboro and Armstrong campuses for consultation, examination, diagnosis, and treatment of illnesses and injuries. Services in both locations include primary care, women’s health care, immunizations, laboratory testing, travel medicine and health promotion programming. Additional services at the Statesboro location include allergy injections, physical therapy, radiology services, retail pharmacy and vision care. Students may access services at either location.

Appointments on the Statesboro campus are self-scheduled using the Online Student Health (OSH) Patient Portal after logging into your WINGS or mygeorgiasouthern page (https://my.georgiasouthern.edu). For appointments at the Armstrong campus clinic, call 912-961-5726. Same day appointments are available on a limited basis at both locations.

Health Services in Statesboro is located at 984 Plant Drive. Operating hours are 8:00a.m. to 5:00 p.m., Monday through Thursday, 9:00 a.m. – 5 p.m. on Friday. The Armstrong clinic is located at Compass point, 7000 Building. Operating hours are Monday through Friday, 9:00a.m. – 5 p.m. An after hour and weekend Nurse Response Call Service is available for students by calling 1-855-779-7185. This service is staffed by experienced registered nurses who can assist with general health questions or, as well as referrals to area service providers as needed. Refer to our website for further information on community resources for emergencies and after hour care. All expenses related to emergency and after hours care are the responsibility of the student.

All Georgia Southern University students are eligible for Health Services. Students enrolled in four (4) or more credit hours prepay the health fee at the beginning of each semester when tuition and student fees are paid. This entitles those students to receive services throughout the semester for examination and treatment. Students taking less than four (4) credit hours or taking on-line courses may choose to pay the semester health fee at the Health Center to receive services. Refer to our website for a list of services that are covered by the semester health fee.

Additional discounted fees are charged for provider visits, medications, laboratory services, physical therapy, x-rays, vision care, allergy injections, immunizations and medical equipment. Some students may have medical conditions that require referral to other healthcare providers or specialists for consultation and/or treatment. All expenses related to these services are the responsibility of the student. Health Services will file claims to your insurance plan as requested for services received at the Statesboro clinic only. A self-pay rate is available at both clinics.

A valid Georgia Southern University identification card is required to access services at Health Services. Insured students should also present a current insurance card for services received at the Statesboro clinic if they want to file a claim to their plan.

Students are encouraged to maintain health insurance coverage in case of hospitalization. For those who are no longer covered by their parents’ insurance plan, or who may elect to purchase additional insurance coverage, a student health insurance plan is available. For more information about this plan, visit our web site for the link to the insurance company and their enrollment application form.

Health Services is proud to be among the outstanding student services offered by Georgia Southern University. Please feel free to contact us with your questions, comments, or suggestions at any time. Thank you for your interest in Health Services. We look forward to serving you.

For more information about the department, including public health updates by our medical director, visit our site at auxiliary.georgiasouthern.edu/healthservices.

Immunization Requirements

The Board of Regents (BOR) of the University System of Georgia has established immunization requirements for all students.

All students are required to submit their immunization records, TB Screening Questionnaire and Medical history forms. These forms and directions for submittal of records can be accessed at our website, auxiliary.georgiasouthern.edu/healthservices/immunization.

Students with religious objections or documented medical conditions that prohibit an immunization can receive an exemption from the immunization requirements. Students who have an approved exemption could be restricted from campus in the case of an outbreak of vaccine-preventable diseases, such as measles, mumps, rubella, or varicella.

Leadership & Community Engagement

Come visit the Office of Leadership & Community Engagement on the Statesboro Campus in Russell Union Suite 1056 or call us at (912) 478-1435. Students can find us on the Armstrong Campus in the Memorial College Center Room 207 or call us at (912) 344-2652. You can also visit our website at http://www.georgiasouthern.edu/LeadServe, or contact us via email at leader@georgiasouthern.edu.

The Office of Leadership & Community Engagement serves to advance the leadership potential and community engagement of Georgia Southern students. We utilize an integrated theoretical approach to learning, service, and leadership that empowers students to become active, global citizens who lead positive change. The Office also provides students with information and resources about the many opportunities available to invest their lives in the community. Volunteering is a powerful way for students to gain hands-on professional level experience while addressing existing social issues and community needs.

Some of the opportunities provided by the Office include:

- **Southern Leaders Program** - A nationally award winning, comprehensive leadership development and community engagement program focused on personal leadership development, team building, and creating positive change. Southern Leaders learn how to make a difference in their community through interactive leadership lessons, community service, challenging team projects, and unique leadership experiences. Upon completion of all program requirements, participants receive the prestigious Southern Leaders Graduate medallion and seal.

- **Serve912** - Our local service initiative where students engage with communities in the 912 area code year-round through regularly scheduled volunteer trips, ongoing community service activities, and meeting local needs as part of the Director’s Immediate Response Team (DIRT).

- **Community Liaisons** - A community engagement program in which student leaders are placed in community agencies to help recruit and manage university volunteers and to assist with other needs of the agencies. Community Liaisons serve to strengthen partnerships between Georgia Southern and the local community.

- **Service-Learning Student Facilitators** - Students in this program learn the theory and practical skills of service-learning to work as peer educators with faculty to create and manage service-learning experiences within academic courses.

- **Southern Collegiate Leadership Conference** - This annual leadership conference hosts students from across the southeast who seek to advance their leadership skills. Students in leadership positions as well as those looking for opportunities to further develop their leadership practice are encouraged to attend.

- **Alternative Breaks** - Offered in December, March, May, and on select weekends, these low-cost trips offer students the opportunity to spend their breaks investing their lives in service to others.

- **Nick Mamalakis Emerging Leaders Program** - An interactive one-year leadership development and community engagement program for Armstrong campus students. This highly interactive program gives students an opportunity to be leaders on-campus while also engaging with the local Savannah community. Upon completion, students can continue on in the Southern Leaders Program.

- **LEAD Courses** - These free, non-credit bearing courses teach the practical application of leadership and service through interactive activities and reflection in the classroom environment.
Minority Advisement Program

The Minority Advisement Program (MAP) was established in 1986 to enhance the academic welfare of minority students in the University System of Georgia. The Minority Advisement Program is a peer mentor program designed to assist minority freshmen with their transition from high school to college and to facilitate a successful adjustment to Georgia Southern University. MAP is centered on minority first year students, but is open to any student seeking its services. With the assistance of peer leaders (MAP Sponsors), MAP tries to provide minority students with a wide variety of programs that assist them with the successful adjustment to Georgia Southern University academically and socially. Services include personal assistance to obtain resources available in areas such as academic advisement, financial aid, career counseling, tutoring, and campus orientation.

For more information about programs and services offered through the Minority Advisement Program, visit student-life/minority-advisement-program/ (https://students.georgiasouthern.edu/multicultural) or visit the Office of Multicultural Affairs on the 2nd floor of the Russell Union Room #2070. You may also contact us at (912) 478-5409 or by email at oma@georgiasouthern.edu.
Office of Multicultural Affairs

The mission of the Office of Multicultural Affairs (OMA) supports Georgia Southern University’s greater mission to support cultural diversity. The department is designed to educate and celebrate the cultural and ethnic diversity of students, staff and the Georgia Southern community. This is accomplished by cultivating leaders who value civility, problem solving and heritage. The Office of Multicultural Affairs also promotes a fulfilling and comprehensive college experience which encourages social responsibility and personal well-being obtained through cultural opportunities both inside and outside the classroom. These include a series of support services, programs and activities that foster inclusion and pluralism.

In addition to facilitating diversity workshops in the classroom and for student organizations, the Office of Multicultural Affairs also organizes and promotes campus-wide diversity events which includes but is not limited to: lectures, conferences, trips and leadership workshops. The Office of Multicultural Affairs also collaborates with student organizations and faculty on cultural heritage month celebrations which include but are not limited to: Hispanic Heritage; Lesbian, Gay, Bisexual, Transgender & Questioning (LGBTQ) Awareness; Women’s History Month; Black History Month; Religious Awareness; and much more.

For more information about programs and services offered through the Office of Multicultural Affairs visit students.georgiasouthern.edu/multicultural/ or the office located on the 2nd floor of the Russell Union Room 2070. You may also contact us at (912) 478-5409 or by email at oma@georgiasouthern.edu.
Office of Student Conduct

Georgia Southern University exists to provide an environment in which intellectual achievement, scholarship, and character development can flourish. The Georgia Southern community (Students, Faculty, and Staff) willingly shares the responsibility for sustaining a creative and productive atmosphere through adherence to the highest standards of personal and professional conduct. All who are privileged to be a part of Georgia Southern campus life must remain aware they are representatives of Georgia Southern University, whether they are on campus or elsewhere, and are therefore expected to avoid behavior that brings discredit or dishonor upon themselves or the University as an institution. Recognizing trust is the cornerstone of all human relations, Students will work to build and sustain the trust of their peers, the faculty, and staff by following both the letter and the spirit of the Code of Student Conduct. A Student-centered University embraces a campus climate in which civility and respect among members of the campus community is viewed vital to the overall ethical development of its Students.

The University is dedicated not only to learning and the advancement of knowledge, but also to the development of ethically sensitive and responsible persons. It seeks to achieve these goals through sound educational programs and policies governing student conduct that encourage independence and maturity.

The student conduct process is not a court of law, and therefore does not follow prescribed legal or evidentiary standards. The student conduct process is also completely separate from any criminal proceeding and one will have no bearing on the other. Should a Student have a pending legal case, the University will move forward with the student conduct process.

The University may apply sanctions or take other appropriate action when the conduct of a Student interferes with the University’s (a) responsibility of ensuring the opportunity for attainment of educational objectives; or (b) responsibility of protecting property, keeping records, providing services, and sponsoring non-classroom activities such as lectures, concerts, athletic events, and social functions. Georgia Southern University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus community.

The Office of Student Conduct utilizes Georgia Southern University email as its primary means of communication with Students. It is necessary for Students to check their University email daily and to promptly respond to any requests from the Office of Student Conduct or designee.
Southern's Orientation, Advisement, and Registration (SOAR)

Once accepted for admission, all degree-seeking undergraduate students must attend Southern's Orientation, Advisement, and Registration (SOAR). SOAR is a mandatory orientation program for new incoming students (freshmen and transfers) to assist with their transition to University life. At SOAR, students will receive information about how to succeed both in and outside of the classroom through sessions with faculty, staff, and current students. Family members are encouraged to attend SOAR. There is a fee for both students and guests to attend. Accepted students may complete an online reservation, linked from the SOAR website, GeorgiaSouthern.edu/orientation (http://admissions.georgiasouthern.edu/orientation).

For fall semester enrollment, freshmen and transfers will select a SOAR session to attend during the months of June, July, and August. For more information about SOAR, contact New Student & Family Programs at (912) 478-SOAR, orientation@georgiasouthern.edu, or visit the website at GeorgiaSouthern.edu/orientation (http://admissions.georgiasouthern.edu/orientation).
Student Affairs

Dean of Students Office

Our team finds pleasure in interacting with students on campus, and we are enthusiastic about assisting the University in providing an environment that is conducive to learning and personal development. As a unit of the Division of Student Affairs, the Dean of Students Office upholds the values of the division by applying a student centered approach. We pride ourselves on service to students, and are committed to fostering the type of environment that is characterized by collegiality, civility, safety, free-expression, and respect, regardless of differences. The Dean of Students Office works collaboratively with other offices on campus to enhance the quality of student life.

Through one-on-one appointments and electronic communication, the Dean of Students Office connects with students to discuss and identify concerns so that the University may serve students more efficiently and effectively. We assist individual students with navigating various challenges they may encounter while attending the institution. The Dean of Students Office is here to serve and support the success of all students, for more information, please visit our website at students.georgiasouthern.edu/dean/.
Student Media

Students have the first and last word on news coverage and content of all George-Anne Media Group outlets.

On the Statesboro campus, we engage students through:

- The George-Anne Statesboro edition in print every Thursday during the fall and spring semesters.
- The George-Anne Daily email newsletter five days a week.
- Every Monday through Thursday evening, The George-Anne Studio video staff engages with students at the RAC, including live feeds via social media.
- Every Thursday around lunchtime, The George-Anne Studio video staff produces “What’s Good, GSU” segments in the Russell Union atrium.
- The Reflector feature magazine once per semester.
- The Our House guide for new students every fall.
- On-campus events. These have included programming about sexual assault, spring break and various lifestyle topics.
Student Organizations

Part of each student’s education is the development of his or her talents outside of the classroom. Through offering a wide variety of activities with over 300 student organizations, Georgia Southern University promotes this growth. Current student organization classifications include academic, creative and performing arts, cultural, honorary, professional, service, social action/political, social fraternities & sororities, special interest, spiritual, and sports. Students are encouraged to log on to MyInvolvement via my.georgiasouthern.edu to gain more information about student organizations at Georgia Southern University or visit the Office of Student Activities (http://students.georgiasouthern.edu/student-activities) website. You may also join the Office of Student Activities’ page (on MyInvolvement) to receive our weekly newsletter, detailing various student engagement opportunities on campus and in the community!

The supervision and coordination of student activities and organizations, including the University Programming Board are the responsibility of the Office of Student Activities. At Georgia Southern University, student activities and organizations are regarded as an integral part of the total educational program. To be recognized on campus, organizations must contribute to the academic, recreational or cultural climate of the University. Therefore, the University reserves the right to officially recognize each student organization and requires that it function in accordance with its constitution and/or purpose. Procedures for establishing new organizations can be found in the Guide to Chartering a Student Organization (https://students.georgiasouthern.edu/student-activities/start), available at the Office of Student Activities website. Practices of the various student organizations shall not be contrary to stated policies of the University. All students and student organizations are responsible for their conduct and for familiarizing themselves with the standards and regulations of the University. For more information on student organizations contact the Office of Student Activities, Statesboro campus: (912) 478-7270 | Williams Center-Room 2065 or Armstrong campus: (912) 344-2504 | Memorial College Center-Room 201.

Student Government Association

The Student Government Association is the central student government organization on campus. There are executive officers on each of the three campuses, all of whom fall under the leadership of the SGA President. Each officer is elected each Spring Semester by the student body.

Student Government represents the student body in all phases of student life at Georgia Southern University and facilitates communication among the administration, the faculty, and the student body. Individuals or organizations desiring input into the total life of the campus should enlist the services of the officers and senators. For additional information, call the Student Government Association at (912) 478-0655 on the Statesboro Campus or (912) 344-3534 or access their website at students.georgiasouthern.edu/SGA.

Office of Fraternity and Sorority Life

The Office of Fraternity and Sorority Life is an active part of student life on campus. Approximately 17 percent of full time undergraduate students are members of 30 fraternities and 20 sororities on both the Armstrong and Statesboro campuses. These organizations provide opportunities for members to develop and refine personal leadership skills, make new friends, participate in campus activities and athletics, contribute to local and national philanthropies, and improve their scholarship aptitude. For additional information, call the Office of Fraternity and Sorority Life at (912) 478-5185 or access their website at www.georgiasouthern.edu/fsl.

Student Media

The Office of Student Media oversees student-run news outlets based on both the Statesboro and Armstrong campuses. We engage Georgia Southern students every day to provide information and promote reflection, conversation and action. We do this in print, in person and online with words, photography, video and advertising and marketing services. Students who participate in our program learn communication skills, critical thinking in a business environment, teamwork and leadership. They often go on to media careers, but the program is open to all majors and all career interests. For more information and to apply to join, go to students.georgiasouthern.edu/student-media/.

University Programming Board

University Programming Board is Georgia Southern University’s student-led programming board that consists of Executive Officers and 60+ general members. This student organization provides programming that allows students to maintain a healthy balance between academic pursuits and social activities. The University Programming Board offers a diverse selection of popular entertainment, spirited events, and campus traditions throughout the year and supports the academic mission of Georgia Southern University by collaborating with various academic departments, organizations, and offices to provide programming based on a variety of topics and interests.

Major events produced by the University Programming Board during the fall semester include Beach Bash, a Fall Family Weekend Block Party and Homecoming. The Miss Georgia Southern University Scholarship Pageant, outdoor movies, and special performances are among the many programs coordinated during the spring semester. All events are open to Georgia Southern University students, faculty, and staff with their Eagle ID.

For more information about what programs are coming to campus, information about how to get involved, or a schedule of events, please visit our website at: students.georgiasouthern.edu/student-activities/ or contact the:

The University Store

You’ll find the textbooks and academic supplies you need for class plus gameday apparel and spirit merchandise all in one place at the University Store on the Statesboro Campus. Because the store is owned and operated by Georgia Southern University, store profits are reinvested into the campus community, so you’re supporting your University every time you shop.

Textbooks | Textbook Rentals | Ebooks

University Store offers all required textbooks for the Statesboro Campus and all Georgia Southern online courses. Unlike other bookstores, they work with campus faculty to ensure that they sell only the correct and complete editions of textbooks and course materials. The store offers multiple purchasing options by selling both new and used books and eBooks. They also offer book rentals that can save students up to 75% off of new book costs. For your convenience, books can be purchased via your WINGS account or via the store’s website at GSUstore.com. Books and course materials may be purchased with available financial aid bookstore credit - all you need is your Eagle Card!

During Buyback at the end of each semester, University Store will buy your new or used textbook as needed if it will be used by faculty in the upcoming semesters.

Supplies

University Store sells basic school supplies like bookbags, binders, pens and pencils, scantrons, etc. as well as class and major-specific supplies and items such as lab coats and glasses, sketch paper and portfolio holders. Your financial aid bookstore credit may be used to purchase any of the supply items that are sold at the store during the beginning of each term.

Apparel and Merchandise

Offering the best and largest selection of men’s, women’s and children’s official Georgia Southern University gear and apparel, you’re sure to find something for every Eagle fan at the University Store! Shop the latest styles in store or online at GSUstore.com. You can even make a wishlist of your favorite items on the website to share with your friends and family. Make sure to sign up for our U-Count rewards program, and you’ll earn reward points every time you shop!
