Military Science Non-Degree

Non-Degree Requirements: 15-32 Credit Hours

U. S. Army Reserve Officer Training Program Overview

The Department of Military Science is a Senior Division Reserve Officer Training Corps (ROTC) Instructor Group staffed by Army personnel. The department provides a curriculum that qualifies the college graduate for a commission as an officer in the U. S. Army, U. S. Army Reserve or the Army National Guard. Enrollment is open to all students. The ROTC program is designed to provide students with the knowledge and practical experience in leadership and management that will be useful in any facet of society. Additionally, each student is provided a working knowledge of the organization and function of the Department of Defense and the role of the U. S. Army in national security and world affairs. The ROTC program is divided into two main phases: the Basic Course, which is normally pursued during the freshman and sophomore years, and the Advanced Course, which is taken during the junior, senior or graduate years.

Basic Course Description

The Military Science Basic Course teaches the organization and roles of the U. S. Army and introduces essential background knowledge of customs and traditions, leadership, map reading, small unit organization, and marksmanship. These courses have the objective of developing the student's leadership, confidence, self-discipline, integrity, and sense of responsibility. There is no obligation to continue in ROTC as a result of attending this camp. All students entering the GSU Military Science courses must have a GPA of 2.0 or better, be a U.S. citizen, have no moral obligations or commitments with an approved Military History course. Students must meet eligibility requirements and sign a contract for commissioning with the U.S. Army. The general objective of these courses is to produce junior officers who will be the future officer leadership of the U.S. Army, U.S. Army Reserve, or the Army National Guard. Contracted Advanced Course students are required to attend the Advanced Camp, normally between their junior and senior academic years. This course is mandatory for all students seeking a commission in the U.S. Army but registration for university credit hour is optional. Students attending this camp are paid and given travel allowance from their home to camp and back. Students may earn three credit hours for attending this course through registration at the Registrar’s office upon completion of the course and coordination through the Military Science Department.

Advanced Course Description

The Military Science Advanced Course is taken during the junior/senior or graduate years. Students learn land navigation, communications, small unit tactics, patrolling, military management, staff operations, logistics, army administration, military law, ethics, and the Army system and culture. Additionally, students must satisfy Professional Military Education (PME) requirements with an approved Military History course. Students must meet eligibility requirements and sign a contract for commissioning with the U.S. Army. The general objective of these courses is to produce junior officers who will be the future officer leadership of the U.S. Army, U.S. Army Reserve, or the Army National Guard. Contracted Advanced Course students are required to attend the Advanced Camp, normally between their junior and senior academic years. This course is mandatory for all students seeking a commission in the U.S. Army but registration for university credit hour is optional. Students attending this camp are paid and given travel allowance from their home to camp and back.

Program Admission Criteria

All students entering the GSU Military Science courses must have a statement from a physician attesting that the student is capable of participating in physical activities. This statement must be no more than one-year old from time of entry. Students in the Basic Course can obtain this medical statement from Health Services on campus. Students interested in earning a commission in the U.S. Army and enrolling in the Advanced Course require a Department of Defense Medical Evaluation Review Board physical, must be an academic junior or higher, have a GPA of 2.0 or better, be a U.S. citizen, have no moral obligations or commitments with an approved Military History course. Students must meet eligibility requirements and sign a contract for commissioning with the U.S. Army. The general objective of these courses is to produce junior officers who will be the future officer leadership of the U.S. Army, U.S. Army Reserve, or the Army National Guard. Contracted Advanced Course students are required to attend the Advanced Camp, normally between their junior and senior academic years. This course is mandatory for all students seeking a commission in the U.S. Army but registration for university credit hour is optional. Students attending this camp are paid and given travel allowance from their home to camp and back.
personal conviction preventing service, satisfactorily explain any record of arrest and/or civil conviction; be a high school graduate or possess an equivalent certificate, pass the Army Physical Fitness Test and must demonstrate a potential for further leadership development. Additionally, Veterans, JROTC graduates (with at least four years of high school JROTC), and students who have completed military science courses in the military preparatory schools and junior colleges are eligible for advanced placement and are not required to participate in the Basic Course.

Other Program Requirements

(9 credit hours)

Professional Military Education (PME) requires students seeking a commission in the U.S. Army to complete 3 credit hours in military history coursework, with a preference in American Military History (HIST 3230) for a Minor.

Program Options, Obligation, Financial Assistance, Scholarships and Books, Uniforms and Supplies

Two Year Program Versus The Four Year Program

The ROTC program is designed as a 4-year course of study. However, students who are not eligible for advanced placement and who have not completed the Basic Course program may still become qualified for the advanced program. They must satisfactorily complete Basic Camp, four weeks duration, during the summer between their sophomore and junior years. Students attending this Basic Camp at a regular army post are paid and given a travel allowance from their home to camp and return.

Basic Camp Course can count for 3 general credit hours. Students who have participated in four years of JROTC or are an Eagle Scout meet the requirements of the Basic Course.

Obligation: Once a student is contracted, he or she will incur an eight year Military Service Obligation (MSO). The Cadet may elect to serve his/her MSO either on Active Duty, the National Guard or the Army Reserves. Active duty requires a minimum of four years active duty and four years Inactive Ready Reserve (IRR). The National Guard and Reserves requires eight years drill status (one weekend a month/two weeks a year) for the entire MSO. All Cadets will incur an eight-year military service obligation whether they elect to go active duty, Reserve duty or National Guard.

Financial Assistance: All contracted Cadets are paid a subsistence allowance (Stipend) of $300- $500 per month based on college standing for up to 10 months per year. This is subject to change yearly.

Scholarship Program: Each year the U.S. Army awards two, three, and four year scholarships to outstanding young men and women contracted in the ROTC program. In most cases, the Army pays either Room & Board or Tuition & Fees. Those students electing Room & Board will receive $5,000 per semester paid directly to the student, while those electing Tuition & Fees will have their money paid directly to the University. Scholarship winners also receive an allowance for books of $1200 per year. Individuals desiring to compete for two and three year scholarships should apply to the Military Science Department (Army ROTC) at Georgia Southern University. Some students who are enrolled in highly technical academic discipline programs and who qualify for Reserve Officers Training Corps scholarship benefits may be required to take an academic course load that will necessitate more than four academic years of study prior to graduation. It is possible to extend the Army Scholarships benefit to cover this additional period. Contact the Georgia Southern University Department of Military Science at (912) 478-0040 for further information.

Uniforms and Supplies: Students enrolling in the Army ROTC program will be issued U.S. Army uniforms, most ROTC required books, and supplies by the Military Science Department. Uniforms and equipment must be returned before commissioning or upon disenrollment from the Reserve Officers Training Corps program.

Advisement

Department of Military Science, Military Science Building, (912) 478-5320. Students will complete a CC 104R that will map out their college courses until graduation.
